NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful~~, or, in Community District 1, Borough of Brooklyn, if the #floor area# of the #standard units# comprising the #lower income housing# constitutes less than half of the total #residential floor area#, or #community facility floor area used# as a not for profit institution with sleeping accommodations in the #building#~~. However, in Community Districts 1 and 7, Borough of Brooklyn, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

~~In addition, the following rules shall apply:~~

~~(a)~~(b) Height and setback

~~The compensated #building# must be #developed# or #enlarged# pursuant to the Quality Housing Program or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, and~~

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 (Street wall location and height and setback regulations in certain districts) or Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the residence district designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

~~(b)~~(c) Lower income housing requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet ~~from the southern #street line# of North 7th Street~~ measured from the #shore public walkway#. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2:1. The requirements for a waterfront plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, ~~the planting requirements for Waterfront Plaza shall apply, except that~~ one shade tree shall be required for each 1,000 square feet of #supplemental public access area#, but in no event shall more than four shade trees be required. SPECIAL DISCLOSURE COUNSEL – Negotiated Acquisition – PIN# 02506X100033 – DUE 01-09-06 AT 5:00 P.M. – The City of New York ("City"), acting by and through the City of New York Law Department ("Department"), intends to enter into negotiations with one or more qualified law firms in order to award a contract for the provision of Special Disclosure Counsel Services to the City of New York. The retained law firm will be called upon to render customary disclosure counsel services in connection with all sales of City notes and bonds during the period of the contract.

Contract award will be by the Negotiated Acquisition method of source selection, pursuant to City of New York Procurement Policy Board Rules ("PPB Rules") SECTION 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D) and 3-04(b)(6).

It is currently anticipated that the contract to be awarded through this Negotiated Acquisition will have a term commencing as of February 1, 2006 and continuing through January 31, 2008, with the possibility of two one-year options to renew the contract with substantially unchanged terms and conditions. However, it is also possible that the City may determine to enter into a contract of shorter duration.

Qualified firms wishing to express interest in being considered for award of this contract, or having any questions concerning this procurement, should contact Anita Fajans, Deputy Agency Chief Contracting Officer, New York City Law Department by e-mail at afajans@law.nyc.gov or by phone at 212-788-0970. Firms expressing interest will be forwarded a copy of the Department's solicitation document, which sets out the qualifications and submissions requirements for firms interested in competing for the contract. Proposals are due no later than 5:00 P.M. on January 9, 2006, and should be delivered to the following location at the Law Department: Service of Legal Process Window, Room 4-313, 4th Floor, New York City Law Department, 100 Church Street, New York, NY 10007.

The Corporation Counsel has determined that it is not practicable or not advantageous to use Competitive Sealed Proposals as the method of source selection for the award of this contract, which is for Legal Services.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful~~, or, in Community District 1, Borough of Brooklyn, if the #floor area# of the #standard units# comprising the #lower income housing# constitutes less than half of the total #residential floor area# or #community facility floor area used# as a not for profit institution with sleeping accommodations in the #building#~~. However, in Community Districts 1 and 7, Borough of Brooklyn, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

23-942
In Community Districts 1 and 7, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum floor area ratio

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the table below, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table in this Section. However, ~~in Community District 7, Borough of Brooklyn,~~ the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#.

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

~~In addition, the following rules shall apply:~~

~~(a)~~(b) Height and setback

~~The compensated #building# must be #developed# or #enlarged# pursuant to the Quality Housing Program or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, and~~

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 (Street wall location and height and setback regulations in certain districts) or Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the residence district designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

~~(b)~~(c) Lower income housing requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

~~In Community District 1, Borough of Brooklyn, the requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.~~

In Community Districts 1 and 7, Borough of Brooklyn, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

62-341
Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and setback provisions of this Section. However, when the seaward view from all points along the shoreline of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. Any other #visual corridor# or #upland connection# shall be considered a #narrow street#.

Inclusionary Housing

* * *

(b) Floor area increase

(1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5, provided that:

(i) at least 20% of the total #residential floor area# on the #zoning lot# is occupied by lower income households#, or

(ii) at least 10% of the total #residential floor area# on the #zoning lot# is occupied by

#lower income households# and at least 15% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

(2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75 provided that:

(i) at least 7.5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households#, or

(ii) at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

Where #lower# or #moderate income housing# is provided on a #zoning lot# other than the #zoning lot# occupied by the compensated #development#, the percentage of #residential floor area# required to be occupied by such households pursuant to this Section shall be determined as a percentage of the #residential floor area# on the #zoning lot# of such compensated #development#, inclusive of #floor area# bonused pursuant to this Section.

For the purposes of determining the amount of #lower income housing# required to increase the maximum permitted #floor area# pursuant to this paragraph (b), community facility #floor area# used as a philanthropic or not-for-profit institution with sleeping accommodations shall be considered #residential floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

* * *

(d) Permits and certificate of occupancy

The requirements of paragraph (f) of Section 23-94 shall not apply. In lieu thereof, the provisions of this paragraph (d) shall apply.

No building permit for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations) shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a temporary certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing. No permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# which utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a permanent certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing.

RE: ULURP APPLICATION # 060235 ZMQ
UNION - UTOPIA REZONING

The Department of City Planning proposes to rezone seventy-six (76) full blocks and seven (7) partial blocks in the central Queens neighborhood of Fresh Meadows, Utopia Estates and West Cunningham Park in Community District 8.

The rezoning area is generally bounded by 64th Avenue to the north, 196th Place to the east, Union Turnpike and Avon Road to the south, and Utopia Parkway to the west. This area is presently zoned R2, with C1-2 commerical overlays on 15 block faces along Union Turnpike. This area is adjacent to the Fresh Meadows Planned Community Special District, and is surrounded by R3-2 and R4 general residence districts and R2 and R1-2 single family detached residential districts.

All seventy-six (76) full blocks and seven (7) partial blocks are proposed to be rezoned from an R2 district to an R2A district. The proposed action would limit new development to building envelopes and bulk that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

Civic Associations are responsible for notifying their membership. To reserve speaking time, please call Community Boards at (718) 264-7895.

Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and setback provisions of this Section. However, when the seaward view from all points along the shoreline of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. (b) Floor area increase

(1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5, provided that:

(i) at least 20% of the total #residential floor area# on the #zoning lot# is occupied by lower income households#, or

(ii) at least 10% of the total #residential floor area# on the

#zoning lot# is occupied by #lower income households# and at least 15% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

(2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75 provided that:

(i) at least 7.5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households#, or

(ii) at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

Where #lower# or #moderate income housing# is provided on a #zoning lot# other than the #zoning lot# occupied by the compensated #development#, the percentage of #residential floor area# required to be occupied by such households pursuant to this Section shall be determined as a percentage of the #residential floor area# on the #zoning lot# of such compensated #development#, inclusive of #floor area# bonused pursuant to this Section.

For the purposes of determining the amount of #lower income housing# required to increase the maximum permitted #floor area# pursuant to this paragraph (b), community facility #floor area# used as a philanthropic or not-for-profit institution with sleeping accommodations shall be considered #residential floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

(d) Permits and certificate of occupancy

The requirements of paragraph (f) of Section 23-94 shall not apply. In lieu thereof, the provisions of this paragraph (d) shall apply.

No building permit for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations) shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a temporary certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing. No permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# which utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a permanent certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet ~~from the southern #street line# of North 7th Street~~ measured from the #shore public walkway#. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2:1. The requirements for a waterfront plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, ~~the planting requirements for Waterfront Plaza shall apply, except that~~ one shade tree shall be required for each 1,000 square feet of #supplemental public access area#, but in no event shall more than four shade trees be required. RE: ULURP APPLICATION # 060235 ZMQ
UNION - UTOPIA REZONING

The Department of City Planning proposes to rezone seventy-six (76) full blocks and seven (7) partial blocks in the central Queens neighborhood of Fresh Meadows, Utopia Estates and West Cunningham Park in Community District 8.

The rezoning area is generally bounded by 64th Avenue to the north, 196th Place to the east, Union Turnpike and Avon Road to the south, and Utopia Parkway to the west. This area is presently zoned R2, with C1-2 commerical overlays on 15 block faces along Union Turnpike. This area is adjacent to the Fresh Meadows Planned Community Special District, and is surrounded by R3-2 and R4 general residence districts and R2 and R1-2 single family detached residential districts.

All seventy-six (76) full blocks and seven (7) partial blocks are proposed to be rezoned from an R2 district to an R2A district. The proposed action would limit new development to building envelopes and bulk that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

Civic Associations are responsible for notifying their membership. To reserve speaking time, please call Community Boards at (718) 264-7895.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

~~In Community District 1, Borough of Brooklyn, the requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.~~

In Community Districts 1 and 7, Borough of Brooklyn, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

62-341
Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and setback provisions of this Section. However, when the seaward view from all points along the shoreline of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. Any other #visual corridor# or #upland connection# shall be considered a #narrow street#.

(b) Floor area increase

(1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5, provided that:

(i) at least 20% of the total #residential floor area# on the #zoning lot# is occupied by lower income households#, or

(ii) at least 10% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

(2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75 provided that:

(i) at least 7.5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households#, or

(ii) at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

Where #lower# or #moderate income housing# is provided on a #zoning lot# other than the #zoning lot# occupied by the compensated #development#, the percentage of #residential floor area# required to be occupied by such households pursuant to this Section shall be determined as a percentage of the #residential floor area# on the #zoning lot# of such compensated #development#, inclusive of #floor area# bonused pursuant to this Section.

For the purposes of determining the amount of #lower income housing# required to increase the maximum permitted #floor area# pursuant to this paragraph (b), community facility #floor area# used as a philanthropic or not-for-profit institution with sleeping accommodations shall be considered #residential floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

* * *

(d) Permits and certificate of occupancy

The requirements of paragraph (f) of Section 23-94 shall not apply. In lieu thereof, the provisions of this paragraph (d) shall apply.

No building permit for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations) shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a temporary certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing. No permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# which utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a permanent certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet ~~from the southern #street line# of North 7th Street~~ measured from the #shore public walkway#. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2:1. The requirements for a waterfront plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, ~~the planting requirements for Waterfront Plaza shall apply, except that~~ one shade tree shall be required for each 1,000 square feet of #supplemental public access area#, but in no event shall more than four shade trees be required. RE: ULURP APPLICATION # 060235 ZMQ
UNION - UTOPIA REZONING

The Department of City Planning proposes to rezone seventy-six (76) full blocks and seven (7) partial blocks in the central Queens neighborhood of Fresh Meadows, Utopia Estates and West Cunningham Park in Community District 8.

The rezoning area is generally bounded by 64th Avenue to the north, 196th Place to the east, Union Turnpike and Avon Road to the south, and Utopia Parkway to the west. This area is presently zoned R2, with C1-2 commerical overlays on 15 block faces along Union Turnpike. This area is adjacent to the Fresh Meadows Planned Community Special District, and is surrounded by R3-2 and R4 general residence districts and R2 and R1-2 single family detached residential districts.

All seventy-six (76) full blocks and seven (7) partial blocks are proposed to be rezoned from an R2 district to an R2A district. The proposed action would limit new development to building envelopes and bulk that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

Civic Associations are responsible for notifying their membership. To reserve speaking time, please call Community Boards at (718) 264-7895.

In the Matter of the Application of THE CITY OF NEW YORK relative to acquiring title in fee simple where not heretofore acquired for the same purpose for portions of **HODA PLACE** located in the area from Tenafly Place to Annadale Road in the County of Richmond, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Richmond, IA Part 74 (Hon. Abraham G. Gerges, J.S.C.), duly entered in the office of the Clerk of the County of Richmond on December 14, 2005, the application of the City of New York to acquire certain real property, for HODA PLACE, was granted and the City was thereby authorized to file an acquisition map with the Office of the Clerk of Richmond County. Said map, showing the property acquired by the City, was filed with the Clerk of Richmond County on December 14, 2005. Title to the real property vested in the City of New York on December 14, 2005.

PLEASE TAKE FURTHER NOTICE, that the City has acquired the following parcels of real property:

Damage Parcel	Block	Lot
2	6249	part of 200

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before December 14, 2006 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before December 14, 2007 (which is two (2) calendar years from the title vesting date).

WMD AND COASTAL STORM FIELD EXERCISES – Negotiated Acquisition – PIN# 017OEM06002 – DUE 01-23-06 AT 5:00 P.M. – Due to the short timeframe in which these services must be conducted, we have determined there is insufficient time to conduct an open, competitive solicitation, and it is in the best interest of the City to extend the contract with the current provider for an additional 12 months. Additionally, it would be impracticable for a vendor who does not have experience with the specific operations of NYC to be able to design and implement this exercise in the timeframe needed.

WMD AND COASTAL STORM FIELD EXERCISES – Negotiated Acquisition – PIN# 017OEM06002 – DUE 01-23-06 AT 5:00 P.M. – Due to the short timeframe in which these services must be conducted, we have determined there is insufficient time to conduct an open, competitive solicitation, and it is in the best interest of the City to extend the contract with the current provider for an additional 12 months. Additionally, it would be impracticable for a vendor who does not have experience with the specific operations of NYC to be able to design and implement this exercise in the timeframe needed.

Manhattan	10031	Hamilton Heights
Manhattan	10032	South Washington Heights
Manhattan	10033	Middle Washington Heights
Queens	11102	Old Astoria
Queens	11385	Ridgewood-Glendale

Non-targeted Area. "Non-targeted Area" means a geographic area in the city of New York that is not located in a Targeted Area.

§ 2. Subdivision (b) of section 5-05 of chapter 5 of title 28 of the Rules of the City of New York is amended to read as follows:

(b) Preliminary application. All applicants who intend to apply for tax exemption and tax abatement when they complete conversion, alteration or improvements must file a notice of intent form (form J-11) with the Department of Finance which describes the work for which tax benefits will be claimed, estimates the cost of the work for which tax benefits will be claimed and estimates the cost of the work which will be eligible for tax benefits. Such form must be filed not less than 45 days prior to the commencement of construction. If the scope of the work or the estimated cost changes materially, applicants must file a revised form with the Department of Finance. Applicants who fail to comply with the provisions of this subdivision (b) must pay a penalty at the time of issuance of a Certificate of Eligibility and Reasonable Cost of five hundred dollars ($500) plus an amount equal to one percent (1%) of the amount stated on the Certificate of Eligibility and Reasonable Cost in excess of ten thousand dollars ($10,000), provided that HPD may waive the penalty for projects receiving substantial governmental assistance. The penalty prescribed by this §5-05(b) is in addition to the normal filing fees prescribed in §5-05(f). Notwithstanding the foregoing, an applicant who performs an abatement of lead-based paint hazards shall not be required to file a notice of intent form (form J-11) with the Department of Finance prior to commencement of work, and no additional fee or penalty shall be due and owing HPD at the time of issuance of a certificate of eligibility and reasonable cost for failure to file such notice of intent.

§ 3. Items 13a and 13b of the Itemized Cost Breakdown Schedule contained in section 5-08 of chapter 5 of title 28 of the Rules of the City of New York, and accompanying footnote 5a, are hereby deleted, and Item 13 of such Itemized Cost Breakdown Schedule, and accompanying footnote 5, are hereby amended to read as follows:

Item	Units	Allowance
*(13) Abatement of lead-based paint hazards 5		[Applicable Allowance plus 10%] See Itemized Cost Breakdown Schedule for Abatement of Lead-Based Paint Hazards in (h) below
[*(13a) Inspection for Lead-Based Paint Hazards	dwelling units	400.
*(13b) Risk Assessment of Lead-Based Paint Hazards 5a	dwelling units	250.]

5. For construction commenced on or after August 2, 2004, requires (a) "an abatement" of lead-based paint hazards, as defined in 40 Code of Federal Regulations part 745 or any successor regulations, in any existing dwelling, including any vacant or occupied dwelling unit or any common area, and (b) proof of lead-based paint hazards pursuant to an "inspection" and/or "risk assessment", as defined in 40 Code of Federal Regulations part 745 or any successor regulations[, and (c) proof that the dwelling unit in which such abatement occurred is occupied by a child of applicable age, as established in accordance with §27-2056.18 of the Administrative Code]. Notwithstanding the foregoing, no such benefit shall be given for (a) any abatement performed to comply with a notice of violation issued for a violation of article fourteen of subchapter two of chapter two of title 27 of the Administrative Code, or (b) any abatement performed in a dwelling unit or in the common areas in such dwelling unless all of the lead-based paint hazards identified in such dwelling unit or in all of the common areas in such dwelling have been abated.

Furthermore, the deleading of lead-based paint hazards pursuant to a NYC Dept. of Health and Mental Hygiene order that is commenced prior to August 2, 2004 will continue to be eligible for J-51 benefits provided that there is an approved contract and sign-off. The allowance for such deleading of lead-based paint hazards will be per contract.

[5a. In order to qualify for benefits pursuant to 13a or 13b above, (a) must be "inspection" or "risk assessment" as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, (b) inspection or risk assessment must have determined that lead-based paint hazards exist in such dwelling unit, (c) dwelling unit in which such inspection or risk assessment occurred must be occupied by a child of applicable age, as established in accordance with §27-2056.18 of the Administrative Code, and (d) must also have performed an "abatement" of lead-based paint hazards, as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, in response to such inspection or risk assessment determination. Notwithstanding the foregoing, no such benefit shall be given for any abatement performed to comply with a notice of violation issued for a violation of article fourteen of subchapter two of chapter two of title 27 of the Administrative Code. Furthermore, such benefits for inspection or risk assessment of lead-based paint hazards shall only be given for such inspections or risk assessments commenced on or after August 2, 2004.]

§ 4. The Itemized Cost Breakdown Schedule contained in section 5-08 of chapter 5 of title 28 of the Rules of the City of New York is amended by adding the following Itemized Cost Breakdown Schedule for Abatement of Lead-Based Paint Hazards to the end thereof to read as follows:

*(25)	Remove and install closet shelf and pole	set	55.	75.

20. In order to qualify for benefits for Inspection for Lead-Based Paint Hazards or Risk Assessment of Lead-Based Paint Hazards, (a) the inspection or risk assessment must be an "inspection" or "risk assessment" as defined in 40 Code of Federal Regulations part 745 or any successor regulations, (b) the inspection or risk assessment must have determined that lead-based paint hazards exist in such dwelling, including any vacant or occupied dwelling unit or any common area, and (c) an "abatement" of lead-based paint hazards, as defined in 40 Code of Federal Regulations part 745 or any successor regulations, must have been performed in response to such inspection or risk assessment determination. Notwithstanding the foregoing, no such benefit shall be given for the inspection or risk assessment of a dwelling unit or common area if (a) any abatement performed in a dwelling unit or common area in response to such inspection or risk assessment determination was also performed to comply with a notice of violation issued for a violation of article fourteen of subchapter two of chapter two of title 27 of the Administrative Code, or (b) all of the lead-based paint hazards identified in such dwelling unit or in all of the common areas in such dwelling by such inspection or risk assessment have not been abated. Furthermore, such benefits for inspection or risk assessment of lead-based paint hazards shall only be given for such inspections or risk assessments commenced on or after August 2, 2004.

21. For dwellings with no more than three stories, the allowance for both non-targeted areas and targeted areas for inspection of all of the common areas in such dwelling is $400. For dwellings with four to six stories, the allowance for both non-targeted areas and targeted areas for inspection of all of the common areas in such dwelling is $800. For dwellings with at least seven stories, the allowance for both non-targeted areas and targeted areas for inspection of all of the common areas in such dwelling is $1200.

22. For dwellings with no more than three stories, the allowance for both non-targeted areas and targeted areas for risk assessment of all of the common areas in such dwelling is $250. For dwellings with four to six stories, the allowance for both non-targeted areas and targeted areas for risk assessment of all of the common areas in such dwelling is $300. For dwellings with at least seven stories, the allowance for both non-targeted areas and targeted areas for risk assessment of all of the common areas in such dwelling is $400.

23. Maximum of one per apartment unless the apartment has two or more bathrooms.

Statement of Basis and Purpose: The proposed rule amendments implement local law number 74 for the year 2005. Local Law No. 74 amended Section 11-243 of the New York City Administrative Code (the "J-51 Law") by extending J-51 tax benefits for the abatement of lead-based paint hazards in common areas as well as in an existing dwelling unit even if such unit is vacant, thereby also eliminating the requirement that the eligible unit be occupied by a child under the age of seven. The local law also requires HPD to establish two schedules of certified reasonable costs for items that are included in an abatement of lead-based paint hazards, one for targeted areas and one for non-targeted areas. Such schedules must be promulgated within 180 days of the effective date of Local Law 74, shall be used for any such abatements that are commenced on or after August 2, 2004, and must be reviewed biennially. Finally, Local Law 74 eliminates the notice of intent requirement for the commencement of lead-based paint abatement work as well as the additional fee or penalty imposed for failure to file such notice with the Department of Finance at least 45 days prior to the commencement of such work.

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules Relating to Drug Testing Requirements

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") intends to adopt as a permanent rule the expedited rule adopted pursuant to Charter section 1043(h)(1), effective November 17, 2005, relating to the establishment of license suspension and expiration procedures for failure of a licensee to submit required annual drug testing.

This rule was not included in the TLC's regulatory agenda for Fiscal Year 2006 because the need for the rule changes was not anticipated at the time the agenda was submitted.

A public hearing on these proposed rules will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on February 9, 2006, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation for a disability at the hearing must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than February 2, 2006.

Written comments in connection with these proposed rules should be submitted to the Office of Legal Affairs and must be received no later than February 6, 2006 to:

Charles R. Fraser
Deputy Commissioner for Legal Affairs/General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor, New York, New York 10006
Telephone: 212-676-1117 Fax: 212-676-1102
TTY/TDD: 212-341-9596

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

An extension of this rule promulgated on an expedited basis pursuant to Charter section 1043(h)(1) is necessary for an additional sixty (60) days to afford an opportunity for notice and comment and to adopt a final rule as required by section 1043 of the New York City Charter.

New material is underlined. Deletions are indicated by brackets.

Section 1. Section 2-19 of chapter 2 of title 35 of the Rules of the City of New York is amended to read as follows:

§ 2-19 Drug Testing of Licensed Taxicab Drivers.

(a) If the Commission has reasonable suspicion to believe that a driver has a drug or controlled substance impairment that renders him or her unfit for the safe operation of a taxicab, it may direct that the driver be tested or examined for such impairment, at the driver's expense, by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. If the results of said test(s) or examination(s) are positive, the driver's license may be revoked after a hearing. Failure of a driver to be tested or examined as directed may lead to suspension or revocation of such driver's license in accordance with [§2-85] §8-16 of this title.

(b)(1) Notwithstanding the foregoing, each licensee, other than a licensee who is a City of New York Police Officer, also shall be tested annually, at the licensee's expense, for drugs or controlled substances, as set forth in § 3306 of the Public Health Law [annually, within]. For licensees in the first year of a two-year license, such testing must occur no sooner than thirty (30) days [of the anniversary of the issuance of either a new or renewal] prior to, and in any event no later than, the date one year prior to the expiration date of such license. For licensees in the second year of a two-year license, such testing must occur no sooner than thirty (30) days prior to, and in any event no later than the expiration date of such license. Such testing shall be performed by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. [The licensee shall be afforded an opportunity of a hearing as to the licensee's fitness where a positive test result has been reported to the Commission.]

(2) If the results of said test are positive, the driver's license may be revoked after a hearing in accordance with §8-15 of this title.

(3) Failure of a licensee in the first year of a two-year license to be tested no sooner than thirty (30) days prior to, and in any event no later than, the date one year prior to the expiration date of such license shall result in suspension of the driver's license in accordance with §8-17 of this title. If such licensee undergoes the required testing within thirty (30) days after the date one year prior to the expiration date of the current license, the suspension of the driver's license shall be lifted. If such licensee undergoes the required testing more than thirty (30) days after the date one year prior to the expiration date of the current license, such licensee shall also be required to pay a penalty of $200 to have the suspension of the driver's license lifted.

(4) Failure of a licensee in the second year of a two-year license to be tested by the expiration date of such license shall result in denial of a license renewal application, if any, and expiration of the license.

§ 2. Section 2-86 of chapter 2 of title 35 of the Rules of the City of New York is amended by adding a new penalty labeled §2-19(b)(3) between §2-17(a) and § 2-20(a) to read as follows:

Rule No.	Penalty	Personal Appearance Required
§ 2-17(a)	$25-350 and / or suspension up to 30 days	Yes
§2-19(b)(3)	Suspension until compliance (If compliance after 30 days, $200 penalty for reinstatement)	N/A**
§2-20(a)	Revocation	Yes

§ 3. Subdivision (s) of section 6-16 of chapter 6 of title 35 of the Rules of the City of New York is amended to read as follows:

(s) If the Commission has reasonable suspicion to believe that a driver has a drug or controlled substance impairment that renders him or her unfit for the safe operation of a for-hire vehicle, it may direct that the driver be tested or examined for such impairment, at the driver's expense, by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. If the results of said test(s) or examination(s) are positive, the driver's license may be revoked after a hearing. Failure of a driver to be tested or examined as directed may lead to suspension or revocation of such driver's license in accordance with [§6-21] §8-16 of this title.

§ 4. Subdivision (v) of section 6-16 of chapter 6 of title 35 of the Rules of the City of New York is amended to read as follows:

(v)(1) Notwithstanding the foregoing, each licensee, other than a licensee who is a City of New York Police Officer, also shall be tested annually, at the licensee's expense, for drugs or controlled substances, as set forth in §3306 of the Public Health Law [annually, within]. For licensees in the first year of a two-year license, such testing must occur no sooner than thirty (30) days [of the anniversary of the issuance of either a new or renewal] prior to, and in any event no later than, the date one year prior to the expiration date of such license. For licensees in the second year of a two-year license, such testing must occur no sooner than thirty (30) days prior to, and in any event no later than the expiration date of such license. Such testing shall be performed by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. [The licensee shall be afforded an opportunity of a hearing as to the licensee's fitness where a positive test result has been reported to the Commission.]

(2) If the results of said test are positive, the driver's license may be revoked after a hearing in accordance with §8-15 of this title.

(3) Failure of a licensee in the first year of a two-year license to be tested no sooner than thirty (30) days prior to, and in any event no later than, the date one year prior to the expiration date of such license shall result in suspension of the driver's license in accordance with §8-17 of this title. If such licensee undergoes the required testing within thirty (30) days after the date one year prior to the expiration date of the current license, the suspension of the driver's license shall be lifted. If such licensee undergoes the required testing more than thirty (30) days after the date one year prior to the expiration date of the current license, such licensee shall also be required to pay a penalty of $200 to have the suspension of the driver's license lifted.

(4) Failure of a licensee in the second year of a two-year license to be tested by the expiration date of such license shall result in denial of a license renewal application, if any, and expiration of the license.

§ 5. Section 6-22 of chapter 6 of title 35 of the Rules of the City of New York is amended by adding a new penalty labeled §6-16(v)(3) between §6-16(u) and § 6-18(a) and a new endnote to read as follows:

Rule No.	Penalty	Personal Appearance Required
§ 6-16(u)	$200	No
§6-16(v)(3)	Suspension until compliance (If compliance after 30 days, $200 penalty for reinstatement)	N/A**
§6-18(a)	Revocation and $10,000	Yes

**Not Applicable

§ 6. Subdivision (i) of section 2-02 of chapter 2 of title 35 of the Rules of the City of New York is amended to read as follows

(i) An applicant for a taxicab driver's license, other than an applicant who is a City of New York Police Officer, shall be tested, at the applicant's expense, for drugs or controlled substances, as set forth in §3306 of the Public Health Law. Such testing shall be performed by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. A positive test shall result in the denial of a new application. Said determination shall be a final agency decision. A renewal applicant must be tested for drugs in accordance with §2-19(b) of this chapter.

§ 7. Paragraph (3) of subdivision (a) of section 6-15of chapter 6 of title 35 of the Rules of the City of New York is amended to read as follows:

(a)(3) An applicant for a for-hire vehicle driver's license, other than an applicant who is a City of New York Police Officer, shall be tested, at the applicant's expense, for drugs or controlled substances, as set forth in §3306 of the Public Health Law. Such testing shall be performed by an individual or entity designated by the Commission and possessing a requisite permit issued by the New York State Department of Health. A positive test shall result in the denial of a new application. Said determination shall be a final agency decision. A renewal applicant must be tested for drugs in accordance with §6-16(v) of this chapter.

§ 8. Chapter 8 of title 35 of the Rules of the City of New York is amended by adding a new section 8-17 to read as follows:

§8-17 Summary Suspension Pending Compliance with Commission Rules.

(a)(i) If the Chairperson or his or her designee determines that the licensee is not in compliance with the requirements of §2-19(b)(3) or of §6-16(v)(3) of this title, such licensee's driver's license shall be summarily suspended pending an opportunity to be heard.

(ii) Upon a determination made pursuant to paragraph (a)(i) of this section that a driver's license shall be summarily suspended, the Commission shall notify the licensee either by personal service or by first class mail to the last mailing address filed with the Commission that the licensee's driver's license shall be suspended either immediately upon service of such notice if made by personal service, or five (5) days after the date of the mailing of such notice if mailed. Such notice shall contain, at a minimum the following information:

(1) a notice that the licensee's driver's license is being suspended for a violation of the Commission's rules or applicable Administrative Code section;

(2) a description of the nature of the violation;

(3) the rule or Administrative Code section alleged to have been violated; provided, however, that if there is a conflict between the rule or Administrative Code section cited and the description of the violation, the description shall be dispositive; and

(4) a notice that if the licensee wishes to be heard concerning the suspension, he or she may provide the Commission with a single submission of written documentation refuting the suspension of his or her license within ten (10) calendar days of the receipt of the notice if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed.

(iii) The documentation submitted by a licensee refuting the suspension shall be reviewed by an ALJ. Suspension of the driver's license shall continue while documentation is under review by the ALJ. After review of the documentary evidence, the ALJ shall issue a decision which shall include findings of fact and conclusions of law. If the ALJ finds that a violation has been committed, the appropriate penalties shall be imposed, which shall include continued suspension of the driver's license until compliance and may also include a fine. If the ALJ finds that no violation has been committed, the suspension shall be vacated. The decision of the ALJ shall be final, and a licensee may appeal such decision pursuant to § 8-13 of this chapter.

(iv) In the event that no decision is rendered by the ALJ within sixty (60) calendar days of the receipt of written documentation provided by the licensee, the suspension shall be thereafter stayed until such decision is rendered.

(b) In the event that a licensee does not provide the Commission with written documentation refuting the suspension within ten (10) calendar days of the receipt of the notice if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed, it shall be deemed that the opportunity to be heard has been waived and a violation has been committed, and the appropriate penalties shall be imposed, which shall include continued suspension of the driver's license until compliance and may also include a fine.

(c) Suspension of drivers' licenses pursuant to this section shall continue until the fines assessed pursuant to paragraph (a)(iii) of this section have been paid and until compliance with the underlying Commission rule or Administrative Code section has been shown to the satisfaction of the Chairperson or his or her designee.

(d) At any time after a licensee has been notified of suspension, a licensee may pay any applicable fine, comply with the underlying Commission rule or Administrative Code section and furnish proof of such compliance to the satisfaction of the Chairperson or his or her designee. Upon such payment and submission of proof of compliance, the suspension of the driver's license shall be lifted. If the licensee pays any applicable fine and furnishes proof of compliance either in lieu of submitting documentation or after documentation has been submitted but before a decision has been rendered, the suspension shall be lifted and the opportunity to be heard shall be deemed to have been waived.

STATEMENT OF BASIS AND PURPOSE

This rulemaking makes permanent the expedited rules promulgated pursuant to section 1043(h)(1) of the New York City Charter on November 17, 2005. The rules empower the Taxi and Limousine Commission ("Commission") to impose fines on taxicab and for-hire vehicle drivers (collectively "licensees") for failure to take an annual drug test as required under the Commission's Rules. This rulemaking also establishes the procedure for suspension of licensees' driver's licenses following failure to comply with the annual drug test requirement. In addition, the rules clarify for the requirement that renewal applicants take a drug test no later than the expiration date of their driver's licenses, and the procedures that result from a failure to do so.

The rule provides that licensees in the first year of a two-year license who fail to undergo annual drug testing shall have their driver's licenses suspended. Upon failure to be tested by the date one year prior to the expiration date of the current license, a licensee is not allowed to operate a taxicab or a for-hire vehicle until he or she complies with the annual requirement and undergoes a drug test. This rule further clarifies that if the drug test result is positive, the licensee will undergo a fitness hearing to determine whether the license should be revoked.

The rule establishes that if a licensee in the first year of a two-year license fails to timely take a drug test, the driver's license shall be summarily suspended. The Commission is required to notify the licensee either by personal service or by first class mail to the last mailing address filed with the Commission that the licensee's driver's license shall be suspended either immediately upon service of such notice if made by personal service, or five (5) days after the date of the mailing of such notice if mailed. The licensee is then given the opportunity to refute that suspension within ten (10) calendar days of such notice if such notice is given by personal service, or within fifteen (15) calendar days of the date of mailing of the notice if such notice is sent by mail. Alternatively, instead of submitting documentation, a licensee may submit a guilty plea to the Commission, pay any applicable fine, comply with the underlying Rule or Administrative Code Section, and furnish proof of such compliance to the satisfaction of the Chairperson or his or her designee. If the licensee chooses to plead guilty, his or her opportunity to be heard shall be waived, and his or her suspension will be lifted upon the furnishing of the proof of compliance and the payment of a fine if applicable.

If an ALJ determines that the licensee committed a violation by failing to take the drug test, or if the licensee waives the opportunity to be heard by failing to respond within ten (10) calendar days of personal service or fifteen (15) calendar days of the date of mailing if service is by mail, the penalty will be imposed and the suspension shall remain until the licensee complies with the requirement. An ALJ's determination is final, and the licensee may appeal the decision pursuant to §8-13 of the Commission Rules.

To encourage prompt compliance with the drug test requirements, the rule provides that if a licensee who has failed to take his or her annual drug test one year prior to the expiration date of the current license subsequently submits to such test within thirty (30) days of such anniversary, the suspension will be lifted, though a conviction will remain on the licensee's record. If a licensee waits to take the drug test until more than thirty (30) days after the anniversary of the issuance of the current license, the suspension will be lifted only after the licensee also pays a penalty of $200.

Finally, the rule provides that failure of a licensee in the second year of a two-year license to be tested by the expiration date of such license shall result in denial of any license renewal application and expiration of the license.

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") proposes rules to establish a procedure for pilot programs to test innovative or experimental types and designs of equipment, modes of service, and manners of operation in the industries regulated by the TLC.

These rules are proposed pursuant to sections 1043 and 2303(b)(9) and (11) of the Charter and section 19-503 of the Administrative Code of the City of New York. These proposed rules were included in the TLC's regulatory agenda for Fiscal Year 2006.

A public hearing on these proposed rules will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on February 9, 2005, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation for a disability at the hearing must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than February 2, 2005.

Written comments in connection with these proposed rules should be submitted to the Office of Legal Affairs and must be received no later than February 6, 2005 to:

Charles R. Fraser
Deputy Commissioner for Legal Affairs/General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor, New York, New York 10006
Telephone: 212-676-1117 Fax: 212-676-1102
TTY/TDD: 212-341-9596

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

Statement of Basis and Purpose of Proposed Rules

The proposed rules are intended to encourage innovation and experimentation in the industries regulated by the Taxi and Limousine Commission ("TLC"), pursuant to section 2303(b)(9) of the Charter of the City of New York ("Charter"). The TLC has entered into various pilot programs in the past, and has previously promulgated rules governing innovation and pilot programs in specific areas such as taxicab vehicle models (35 RCNY § 3-03(d)) and taxicab group rides (35 RCNY § 1-71(c)). The proposed rules reflect the TLC's view that all of the industries it regulates should be encouraged to engage in innovation and experimentation in all aspects of their equipment, service and operations, and that such innovation and experimentation will benefit from a regularized and transparent process for proposal, review, approval, implementation and evaluation of pilot programs.

Section 1. It is hereby proposed that Chapter 14, Pilot Programs, be added to Title 35 of the Rules of the City of New York, to read as follows:

New material is underscored.

§14-01 Definitions.

For purposes of this chapter:

(a) "Commission" shall mean the Taxi and Limousine Commission as defined in section 2301 of the New York City Charter.

(b) "Chairperson" shall mean the Chairperson of the Taxi and Limousine Commission, as defined in section 2301(c) of the New York City Charter, or his or her designee.

§14-02 Purpose.

The Commission recognizes that its regulatory framework should encourage the industries it regulates to adopt technological and other advances. This chapter is intended to provide a regularized and transparent process for proposal, review, approval, implementation, and evaluation of pilot programs, in furtherance of the Commission's mandate, expressed in section 2303(b)(9) of the City Charter, to encourage innovation and experimentation in relation to type and design of equipment, modes of service and manner of operation.

§14-03 Submission of pilot program proposals.

Any person or entity may propose a pilot program in writing to the Chairperson for purposes of testing and evaluating a proposed innovation. The proposal shall include:

(a) A statement of the purpose or value of the proposed innovation;

(b) A detailed description of the proposed innovation, including, as appropriate, diagrams, blueprints or images;

(c) Information regarding the use of the proposed innovation in other jurisdictions;

(d) Estimates of any cost and revenue impact of the proposed innovation on affected licensee groups such as drivers and vehicle owners, on the Commission and the City, and on the public;

(e) Specification of each respect in which the proposed innovation would depart from otherwise applicable requirements, including the rules of this title;

(f) Description of any affect the pilot program would have on the safety of operations involved in the pilot program;

(g) The proposed duration of the pilot program;

(h) The number of pilot program participants necessary to achieve the purpose of the proposed pilot program; and

(i) Criteria by which the value of the innovation can be measured after implementation of the pilot program, such as cost, customer satisfaction, licensee satisfaction, environmental impacts, and safety.

§ 14-04 Review and approval of pilot program proposals.

(a) The Chairperson shall conduct or oversee the review of pilot program proposals. The Chairperson shall be authorized to assemble any information, from any source, that he or she determines to be useful in reviewing the proposal. Without limitation of the foregoing, the Chairperson may request modification or resubmission of the proposal, including additional information, evaluations, inspection of prototypes, tests or other processes of any kind that may assist in the review of the proposal. Such request may be made to the person or entity proposing the pilot program, or to any other person or entity.

(b) The Chairperson shall approve or reject a proposed pilot program within 60 days of receipt of a completed proposal, except that the Chairperson may within such 60-day period extend the time for approval or rejection of the proposed pilot program. Grounds for rejection shall include, but shall not be limited to, the merits of the proposal and the administrative ability of the Commission or its staff to implement, monitor, or evaluate the proposed pilot program. A rejection shall include a statement of the reasons that the proposal was rejected.

(c) In the event that the Chairperson approves the proposed pilot program, he or she shall cause the proposal to be presented to the Commission, with a recommendation that the proposal be approved. The Commission shall consider the proposal and shall approve or reject the proposed pilot program.

(d) The Chairperson's recommendation for approval, and the Commission's resolution of approval, of any proposed pilot program shall each set forth terms governing the implementation, monitoring and evaluation of the proposed pilot program, including but not limited to the following:

(i) The duration of the pilot program;

(ii) A schedule for implementation and evaluation of the pilot program, including a deadline for a final report from the Chairperson to the Commission, and a deadline for initiation of rulemaking action to implement changes in the Commission's rules based on the outcome of the pilot program so that the proposed innovation may continue without interruption in the event that the Commission determines that such continuation is warranted;

(iii) Statement of any minimum and maximum number of pilot program participants;

(iv) Description of the means by which public notice will be given of the proposed pilot program;

(v) Description of the process for selection of participants in the pilot program;

(vi) Statement whether a safety evaluation of the proposed pilot program shall be required before or during implementation of the pilot program, and, if so, statement of how and by whom such safety evaluation shall be conducted;

(vii) Statement that the pilot program participants shall enter into binding agreements with the Chairperson on behalf of the Commission;

(viii) Enumeration of the criteria to be used in evaluating the proposed innovation during and after implementation of the pilot program; and

(ix) Description of any reporting requirements during and after the completion of the pilot program, including reports from the pilot program participants to the Chairperson and from the Chairperson to the Commission.

§ 14-05 Agreements between the Commission and the pilot program participants.

(a) Participation by a person or entity in any pilot program approved by the Commission shall be subject to that person or entity entering into an agreement with the Chairperson on behalf of the Commission, governing the preparation, implementation and evaluation of the pilot program. Such agreement shall include provisions consistent with the terms of the Commission's resolution of approval of the pilot program.

(b) Where a pilot program involves more than one participant, the Chairperson shall determine whether the participants shall enter into identical or differing agreements.

(c) Agreements made pursuant to this section shall be subject to approval as to form by the Corporation Counsel pursuant to section 394(b) of the New York City Charter.

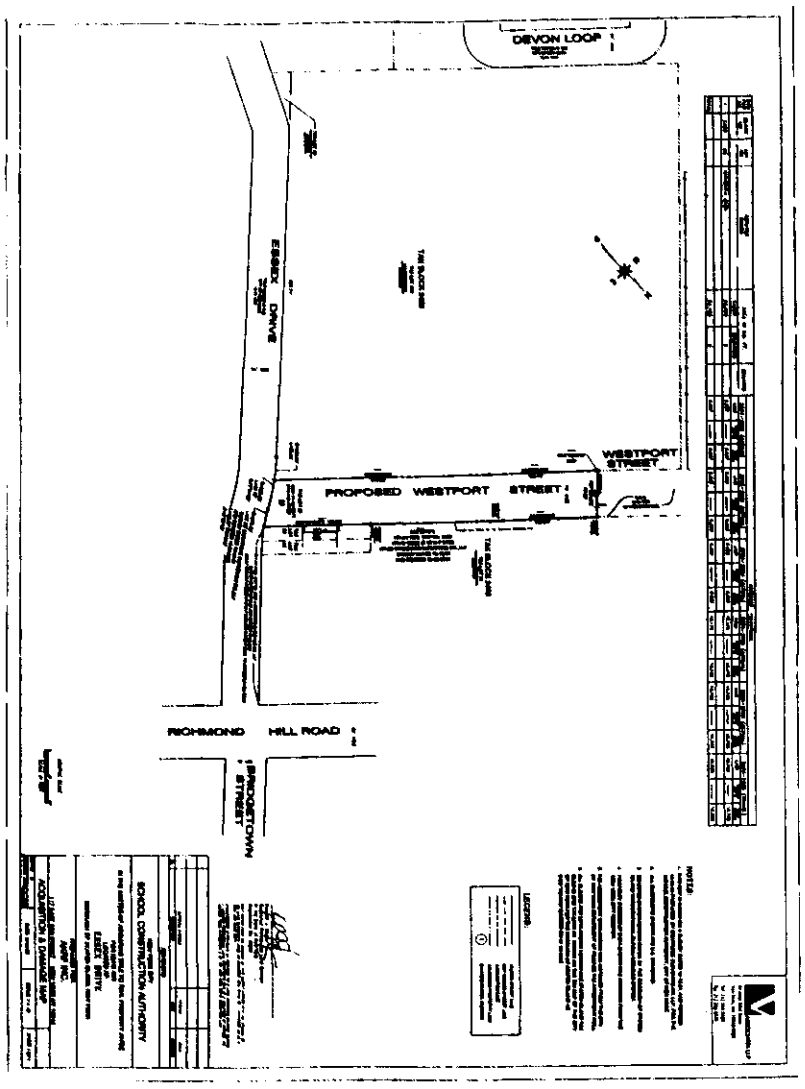
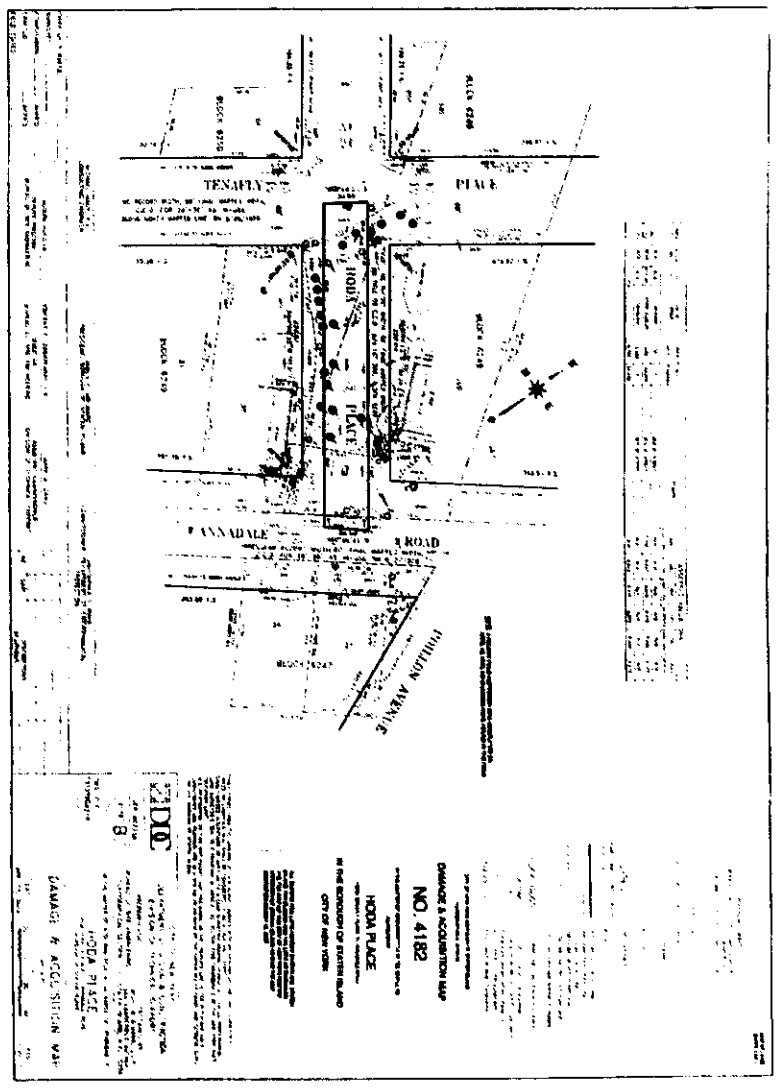
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY



COURT NOTICE MAP FOR HODA PLACE



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful~~, or, in Community District 1, Borough of Brooklyn, if the #floor area# of the #standard units# comprising the #lower income housing# constitutes less than half of the total #residential floor area# or #community facility floor area used# as a not for profit institution with sleeping accommodations in the #building#~~. However, in Community Districts 1 and 7, Borough of Brooklyn, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

23-942
In Community Districts 1 and 7, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum floor area ratio

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the table below, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table in this Section. However, ~~in Community District 7, Borough of Brooklyn,~~ the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#.

District	Base #floor area ratio#	Maximum #floor area ratio#
R6B	2.0	2.2
R6*	2.2	2.42
R6A	2.7	3.6
R6**	2.7	3.6
R7A	3.45	4.6
R8A	5.4	7.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

~~In addition, the following rules shall apply:~~

~~(a)~~(b) Height and setback

~~The compensated #building# must be #developed# or #enlarged# pursuant to the Quality Housing Program or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, and~~

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 (Street wall location and height and setback regulations in certain districts) or Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the residence district designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

~~(b)~~(c) Lower income housing requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

~~In Community District 1, Borough of Brooklyn, the requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.~~

In Community Districts 1 and 7, Borough of Brooklyn, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

62-341
Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and setback provisions of this Section. However, when the seaward view from all points along the shoreline of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. Any other #visual corridor# or #upland connection# shall be considered a #narrow street#.

(b) Floor area increase

(1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5, provided that:

(i) at least 20% of the total #residential floor area# on the #zoning lot# is occupied by lower income households#, or

(ii) at least 10% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

(2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75 provided that:

(i) at least 7.5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households#, or

(ii) at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

Where #lower# or #moderate income housing# is provided on a #zoning lot# other than the #zoning lot# occupied by the compensated #development#, the percentage of #residential floor area# required to be occupied by such households pursuant to this Section shall be determined as a percentage of the #residential floor area# on the #zoning lot# of such compensated #development#, inclusive of #floor area# bonused pursuant to this Section.

For the purposes of determining the amount of #lower income housing# required to increase the maximum permitted #floor area# pursuant to this paragraph (b), community facility #floor area# used as a philanthropic or not-for-profit institution with sleeping accommodations shall be considered #residential floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

* * *

(d) Permits and certificate of occupancy

The requirements of paragraph (f) of Section 23-94 shall not apply. In lieu thereof, the provisions of this paragraph (d) shall apply.

No building permit for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations) shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a temporary certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing. No permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# which utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a permanent certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing.

62-354
Special Height and Setback Regulations

* * *

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the outermost walls of each #story# located entirely above a height of 85 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to Kent Avenue, West Street or Commercial Street, whichever is closest, shall not exceed 110 feet. The maximum length of any other side of such rectangle shall not exceed 170 feet, except that for #buildings# where at least 20 percent of the total #floor area# is comprised of #lower income housing# pursuant to Section 62-352, such maximum length of 170 feet shall apply above a height of 100 feet.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet ~~from the southern #street line# of North 7th Street~~ measured from the #shore public walkway#. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2:1. The requirements for a waterfront plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, ~~the planting requirements for Waterfront Plaza shall apply, except that~~ one shade tree shall be required for each 1,000 square feet of #supplemental public access area#, but in no event shall more than four shade trees be required. A shading element may be substituted for the required shade trees ~~may be substituted by a shading element~~ at a rate of 450 sq. ft. of shade element per tree.

RE: ULURP APPLICATION # 060235 ZMQ
UNION - UTOPIA REZONING

The Department of City Planning proposes to rezone seventy-six (76) full blocks and seven (7) partial blocks in the central Queens neighborhood of Fresh Meadows, Utopia Estates and West Cunningham Park in Community District 8.

The rezoning area is generally bounded by 64th Avenue to the north, 196th Place to the east, Union Turnpike and Avon Road to the south, and Utopia Parkway to the west. This area is presently zoned R2, with C1-2 commerical overlays on 15 block faces along Union Turnpike. This area is adjacent to the Fresh Meadows Planned Community Special District, and is surrounded by R3-2 and R4 general residence districts and R2 and R1-2 single family detached residential districts.

All seventy-six (76) full blocks and seven (7) partial blocks are proposed to be rezoned from an R2 district to an R2A district. The proposed action would limit new development to building envelopes and bulk that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

Civic Associations are responsible for notifying their membership. To reserve speaking time, please call Community Boards at (718) 264-7895.

WMD AND COASTAL STORM FIELD EXERCISES – Negotiated Acquisition – PIN# 017OEM06002 – DUE 01-23-06 AT 5:00 P.M. – Due to the short timeframe in which these services must be conducted, we have determined there is insufficient time to conduct an open, competitive solicitation, and it is in the best interest of the City to extend the contract with the current provider for an additional 12 months. Additionally, it would be impracticable for a vendor who does not have experience with the specific operations of NYC to be able to design and implement this exercise in the timeframe needed.

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: January 6, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address – Application # – Inquiry Period

306 West 48th Street, Manhattan – C15/05 – September 5, 1973 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE

On Wednesday, January 11, 2006, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the New York City Department of Parks and Recreation in conjunction with the above ULURP hearings to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the disposition of City-owned property; acquisition of private property by the City; the mapping of new parks and demapping portions of East 161st Street, Macomb's Dam Bridge Approach, and Jerome Avenue; approval of a major concession to operate tennis courts; and a special permit for a public parking garage and to allow modification of rear yard requirements for that garage. The proposed project would facilitate the construction of a new Yankee Stadium one block north of its existing location at East 161st Street and River Avenue in The Bronx, Community District 4; construction of four new parking garages in the vicinity of the proposed stadium; and development of new parkland. The major concession set forth in ULURP Application No. C 060148(A) MCX will be included as an alternative to the Proposed Action in the Final Environmental Impact Statement.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 05DPR006X.

Harassment

Within the Greenpoint-Williamsburg anti-harassment area in Community District 1, Borough of Brooklyn, as shown on Map 1 in this Section, the provisions of paragraphs (a) through (d), inclusive, of Section 93-90 (Harassment) shall apply as modified in this Section.

For the purposes of this Section, the following definitions in Section 93-90(a) shall be modified:

Anti-Harassment Area
"Anti Harassment Area" shall mean the Greenpoint-Williamsburg anti-harassment area as shown on Map 1 in this section.

Referral date
"Referral date" shall mean October 4, 2004.

In addition, Section 93-90(d)(3) is modified as follows:

No portion of the #low income housing# required under this Section shall qualify to:

(i) increase the #floor area ratio# pursuant to the provisions of Section 23-90 or Section 62-352 (Inclusionary Housing), or

(ii) increase the maximum height of a #building# or the height above which the gross area per #residential story# of a #building# is limited pursuant to the provisions of Section 62-354 (Special height and setback regulations), paragraphs (b)(2) and (d), or

(iii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful~~, or, in Community District 1, Borough of Brooklyn, if the #floor area# of the #standard units# comprising the #lower income housing# constitutes less than half of the total #residential floor area# or #community facility floor area used# as a not-for-profit institution with sleeping accommodations in the #building#~~. However, in Community Districts 1 and 7, Borough of Brooklyn, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

23-942
In Community Districts 1 and 7, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum floor area ratio

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the table below, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table in this Section. However, ~~in Community District 7, Borough of Brooklyn,~~ the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#.

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#
~~In addition, the following rules shall apply:~~

~~(a)~~(b) Height and setback

~~The compensated #building# must be #developed# or #enlarged# pursuant to the Quality Housing Program or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, and~~

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 (Street wall location and height and setback regulations in certain districts) or Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the residence district designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

~~(b)~~(c) Lower income housing requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in Community Districts 1 and 7, Borough of Brooklyn, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

~~In Community District 1, Borough of Brooklyn, the requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.~~

In Community Districts 1 and 7, Borough of Brooklyn, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

62-341
Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and setback provisions of this Section. However, when the seaward view from all points along the shoreline of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. Any other #visual corridor# or #upland connection# shall be considered a #narrow street#.

(b) Floor area increase

(1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5, provided that:

(i) at least 20% of the total #residential floor area# on the #zoning lot# is occupied by lower income households#, or

(ii) at least 10% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

(2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75 provided that:

(i) at least 7.5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households#, or

(ii) at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #lower income households# and at least 5% of the total #residential floor area# on the #zoning lot# is occupied by #moderate income households#.

Where #lower# or #moderate income housing# is provided on a #zoning lot# other than the #zoning lot# occupied by the compensated #development#, the percentage of #residential floor area# required to be occupied by such households pursuant to this Section shall be determined as a percentage of the #residential floor area# on the #zoning lot# of such compensated #development#, inclusive of #floor area# bonused pursuant to this Section.

For the purposes of determining the amount of #lower income housing# required to increase the maximum permitted #floor area# pursuant to this paragraph (b), community facility #floor area# used as a philanthropic or not-for-profit institution with sleeping accommodations shall be considered #residential floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

* * *

(d) Permits and certificate of occupancy

The requirements of paragraph (f) of Section 23-94 shall not apply. In lieu thereof, the provisions of this paragraph (d) shall apply.

No building permit for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations) shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a temporary certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing. No permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area# bonused pursuant to paragraph (b) of this Section, or is located on any #story# which utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special Height and Setback Regulations), until a permanent certificate of occupancy for each unit of #lower income housing# that is the subject of the #lower income housing plan# accepted by the Commissioner of Housing Preservation and Development has been issued or, if the building has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the lower income housing.

BOROUGH OF QUEENS

COMMUNITY BOARD NO. 8 - Tuesday, January 10, 2006, 7:30 P.M., 64-20 175th Street, Flushing, NY

RE: ULURP APPLICATION # 060235 ZMQ
UNION - UTOPIA REZONING

The Department of City Planning proposes to rezone seventy-six (76) full blocks and seven (7) partial blocks in the central Queens neighborhood of Fresh Meadows, Utopia Estates and West Cunningham Park in Community District 8.

The rezoning area is generally bounded by 64th Avenue to the north, 196th Place to the east, Union Turnpike and Avon Road to the south, and Utopia Parkway to the west. This area is presently zoned R2, with C1-2 commerical overlays on 15 block faces along Union Turnpike. This area is adjacent to the Fresh Meadows Planned Community Special District, and is surrounded by R3-2 and R4 general residence districts and R2 and R1-2 single family detached residential districts.

All seventy-six (76) full blocks and seven (7) partial blocks are proposed to be rezoned from an R2 district to an R2A district. The proposed action would limit new development to building envelopes and bulk that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

Civic Associations are responsible for notifying their membership. To reserve speaking time, please call Community Boards at (718) 264-7895.

WMD AND COASTAL STORM FIELD EXERCISES – Negotiated Acquisition – PIN# 017OEM06002 – DUE 01-23-06 AT 5:00 P.M. – Due to the short timeframe in which these services must be conducted, we have determined there is insufficient time to conduct an open, competitive solicitation, and it is in the best interest of the City to extend the contract with the current provider for an additional 12 months. Additionally, it would be impracticable for a vendor who does not have experience with the specific operations of NYC to be able to design and implement this exercise in the timeframe needed.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Name, Description and Location of Proposal:

22-36 Caton Place

The proposal involves an application by First American Equities, LLC for an amendment to the zoning map to change an R6 zoning district to an R7A district. The area to be rezoned is approximately 31,109 square feet. The affected premises are located at 22-36 Caton Place (Block 5320, Lot 55 and part of lot 46) in the Windsor Terrace neighborhood section of Brooklyn Community District 7, within the Special Ocean Parkway District. The part of Lot 46 not affected by this application is currently located in an R7A zone.

The area to be rezoned is developed with a 1-story vacant building (Lot 55) and a six-story residential building (Lot 46). The vacant building (Lot 55) would be demolished to facilitate the construction of an 8-story Quality Housing residential building with 68 dwelling units and 40 accessory parking spaces. The existing six-story residential building (Lot 46) would not be affected. The new building is expected to be constructed in 2006.

Statement of No Significant Effect on Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated September 22, 2005, prepared in connection with the ULURP Application No. 050203 ZMK. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once modified as follows:

1.The applicant agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) and a limited Phase II ESA, available in the proposal's CEQR file, was prepared in September 16 and October 7, 2003 for the project site. The Phase I ESA and limited Phase II ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended, as stated in a memo by DEP, on June 8, 2005, due to the potential presence of hazardous materials on the site as a result of past and present on-site land uses. The declaration requires that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: January 6, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address – Application # – Inquiry Period

306 West 48th Street, Manhattan – C15/05 – September 5, 1973 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. COURT NOTICE MAPS FOR 182 ND STREET

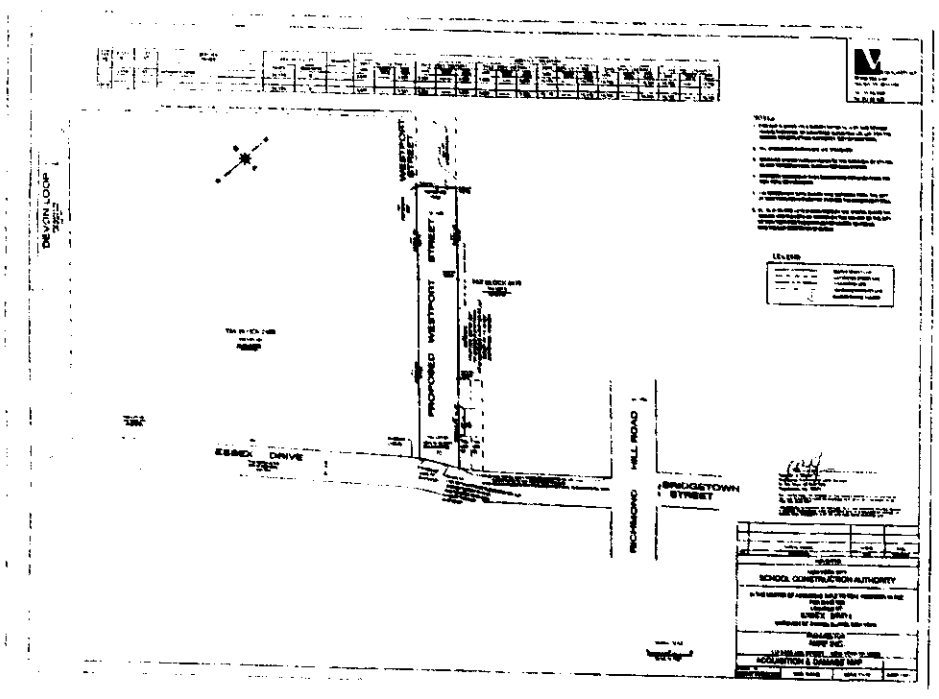
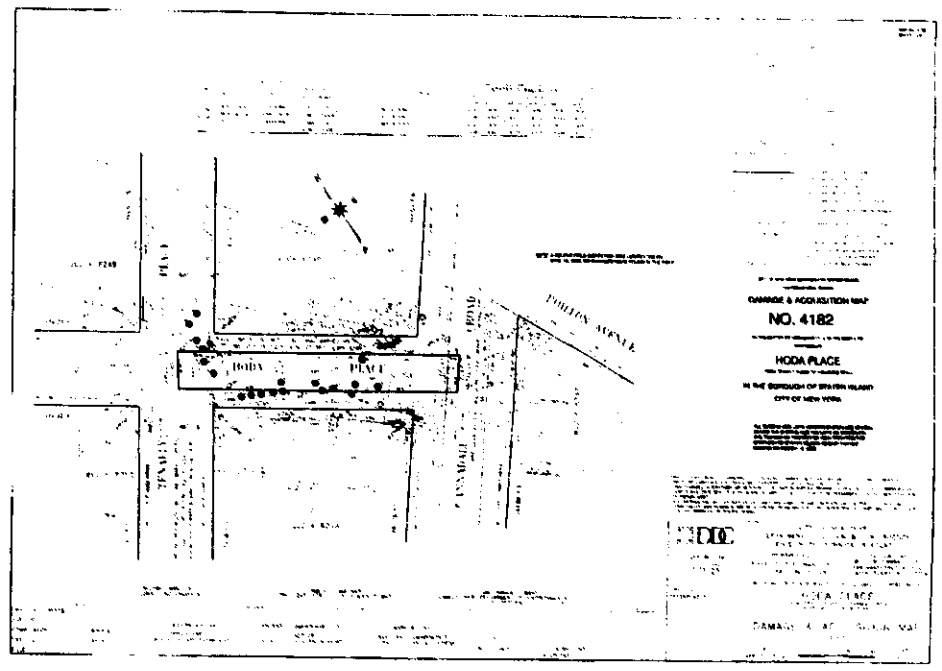
COURT NOTICE MAPS FOR SCHOOL CONSTRUCTION AUTHORITY



COURT NOTICE MAP FOR HODA PLACE



READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Rabbi Abraham Aizelman, Ozone Park Jewish Center, Ozone Park, Queens.

It is definitely a privilege to be with you today.
Now we come and ask for your Blessing on the Council.

I will read Psalm of David. Please let us join in Prayer.

Hear my cry, O God
Listen to my prayer
From the ends of the Earth I call to you.
I call as my Heart grows faint:
Lead me to the Rock that is higher than I
For you have been my refuge,
A strong tower against the Foe
I long to dwell in your tent forever
And take refuge in the Shelter of Your wings
And Let us all say Amen.

Council Member Addabbo moved to spread the Invocation in full upon the Record.

ADOPTION OF MINUTES

Council Member Gioia moved that the Minutes of the Stated Meeting of October 11, 2005 be adopted as printed.

MESSAGES & PAPERS FROM THE MAYOR

M 687

Communication for the Mayor - Mayor's veto and disapproval message of Introductory Number 420-A, in relation to the suspension of alternate side of the street parking rules on the Hindu festival of Diwali.

October 28, 2005

Honorable Victor L. Robles

City Clerk and Clerk of the Council
Municipal Building, 2nd Floor
New York, NY 10007

Dear Mr. Robles:

Transmitted herewith is the bill disapproved by the Mayor. The bill is as follows:

Introductory Number 420-A

A local law to amend the administrative code of the city New York, in relation to the suspension of alternate side of the street parking rules on the Hindu festival of Diwali.

Sincerely,

Karen E. Meara

(The following is the Mayor's Veto Na Disapproval Message for Int. No. 420-A:)

October 28, 2005

Hon. Victor Robles
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Robles:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 420-A which would suspend alternate side of the street parking regulations during the Hindu festival of Diwali on the day that Lakshmi Puja is observed.

Litter control and street cleanliness are important quality-of-life concerns for all residents of New York City. Alternate side of the street parking regulations allow the City to keep the streets clean by clearing cars from one side of the street so that Department of Sanitation workers can operate mechanical brooms, which are the most cost effective method of street cleaning. Eliminating additional days from the Department's street cleaning schedule would negatively impact community cleanliness. In many neighborhoods, street cleaning is only scheduled one time per week. The suspension of alternate side of the street parking rules greatly reduces the cleanliness of those neighborhoods.

In the past, alternate side of the street parking regulations were suspended out of respect for important religious precepts that prohibit labor, such as the driving of cars, on certain religious holidays. Over the past several years, however, the City Council has expanded the suspension of alternate side of the street parking regulations to holidays for which observers are not prevented from driving, including Diwali. As the celebration of Diwali does not involve a prohibition on labor or on driving, I cannot support this legislation.

For the foregoing reasons, I hereby disapprove Introductory Number 420-A.

Sincerely,

Michael R. Bloomberg

Referred to the Committee on Transportation.

COMMUNICATION FROM CITY, COUNTY & BOROUGH OFFICES

M 688

Communication from the Bronx Borough President - Submitting the name of Kenneth J. Knuckles to the Council for its advice and consent regarding his reappointment to the City Planning Commission, pursuant to Section 192(a) of the New York City Charter.

October 31, 2005

Honorable Gifford Miller
Speaker and Maiority Leader
The New York City Council
City Hall
New York, N.Y. 10007

Dear Speaker Miller,

Pursuant to New York City Charter Section 192.a, I hereby appoint Mr. Kenneth J. Knuckles. to the remainder of a five year term, commencing July 1, 2005, as a member of the City Planning Commission, subject to the advice and consent of the Council.

Ken was appointed to the Commission in September, 2000, as the Bronx representative, by my predecessor Fernando Ferrer. Over the past five years, he has served with distinction and on February 19, 2002, was appointed by Mayor Bloomberg as Vice Chair of the Commission. Ken currently serves as President and Chief Executive Officer of the Upper Manhattan Empowerment Zone Development Corporation, and has an extensive history in public service, including having served as Deputy Bronx Borough President. He is an attorney, with a bachelor's degree in architecture from the University of Michigan and a law degree from Howard University's School of Law.

I am certain that Ken Knuckles will continue to represent the Borough of the Bronx and the City of New York with the highest of standards, in order to provide a better city for all New Yorkers.

I have enclosed Ken's resume for your review. Please consider his appointment at the Council's earliest convenience.

Very truly yours,

Adolfo Carrion
Bronx Borough President

Referred to the Committee on Rules, Privileges & Elections.

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Finance

Report for Int. No. 691

Report of the Committee on Finance in favor of approving and adopting, as amended a Local Law to amend the administrative code of the city of New York, in relation to the establishment of the DUMBO business improvement district.

The Committee on Finance to which was referred on July 27, 2005 (Minutes, page 3987) the annexed proposed local law respectfully

REPORTS:

ANALYSIS:

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation that would establish individual business improvement districts.

Business Improvement Districts (BIDs) are specifically defined areas of designated properties. They use the City's real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those that the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID's additional services would be in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by Chapter 4 of Title 25 of the Administrative Code, the City Council adopted Resolution 1125, which set the first hearing date for

the DUMBO BID Plan (the "Plan") and its enacting legislation for Thursday, September 15, 2005.

Prior to the Council's action, the Community Board for the district in which the proposed BID is located, Brooklyn Community Board Number 2, voted to approve the Plan on April 13, 2005. The City Planning Commission ("CPC") reviewed the Plan and held a public hearing on the Plan on April 27, 2005. The CPC approved a resolution on May 25, 2005 (Calendar No. 18), which certified the CPC's unqualified approval of the Plan.

Resolution 1125, approved by the Finance Committee and adopted by the Council on August 17, 2005, set the date for the first hearing and directed that all notice provisions contained in the law be complied with. Therefore, the New York City Department of Small Business Services ("SBS") was directed to publish the Resolution or its summary in the City Record not less than ten nor more than thirty days before this Public Hearing and the DUMBO Business Improvement District Steering Committee was directed to mail the Resolution or a summary thereof to each owner of real property within the proposed BID, to such other persons as are registered with the City to receive tax bills for property within the BID and to occupants of each building within the proposed BID, also not less than ten nor more than thirty days before this Public Hearing.

It is estimated that the annualized budget of proposed expenditures to be made during the first year shall be as follows:

Services	Total Funds
Sanitation	$ 60,600
Security	52,080
Marketing and Promotions	30,000
Administration	140,000
DTPS	18,000
Contingency Plan	39,000
Capital Improvements	60,320
Total	$400,000

The Public Hearing to consider both the plan itself and the enacting legislation, according to the provisions of the law, is to be closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after this Public Hearing serves as an objection period. Any property owner may, during this time period, formally object to the Plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed valuation of all the benefited real property within the district object to the plan, then the City Council is prohibited, by law, from approving such plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;
2. Does all the real property within the district's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;
3. Is all real property benefited by the district included within the district?; and
4. Is the establishment of the district in the best interests of the public? If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of such district are not filed, then the legislation can be adopted.

This local law takes effect after all requirements contained in chapter four of title 25 are complied with.

UPDATE

The hearing on Int. No. 691 was held on September 15, 2005, at which time testimony was heard concerning the establishment of the BID. The legislation was laid over by the Committee, pending the completion of the 30-day objection period which ended at 5:00 p.m. on Friday, October 14, 2005. According to SBS, which receives objections from the Office of the City Clerk and reviews them for validity, no objections were filed by the end of the objection period. According to SBS, there are a total of 366 properties within the proposed boundaries of the district, owned by 283 property owners with an approximate total assessed valuation of $92,816,106.

RESOLUTION AMENDING AND RESTATING THE RESOLUTION COMPUTING AND CERTIFYING BASE PERCENTAGE, CURRENT PERCENTAGE AND CURRENT BASE PROPORTION OF EACH CLASS OF REAL PROPERTY FOR FISCAL 2006 TO THE STATE BOARD OF REAL PROPERTY SERVICES PURSUANT TO SECTION 1803-a, REAL PROPERTY TAX LAW

Introduction Section 1803-a, a Real Property Tax Law, requires the City Council to certify to the State Board of Real Property Services (the "SBRPS") certain calculations used in the process of updating the class shares from the previous year. These calculations are made every year by the Council to reflect the following changes in each class of real property:

a. Changes in the market value of taxable real property (as determined by SBRPS sample studies),

b. Physical changes as a result of new construction or demolitions,

c. Changes in taxable status, and

d. Transfers of real property among the four classes of real property as a result of changes in use or for other reasons.

Under SBRPS regulations, the Council must update the class shares by making two separate certifications. The action to be taken in the above-referenced resolution constitutes the first step of establishing the class shares of the four classes of taxable real property in the City to which the tax levy for the Fiscal 2006 budget will be applied. The purpose of this step is to give effect to the latest class equalization rates required by Article 18, Real Property Tax Law. Using these rates, new estimates of market values for each class are calculated.

The second step, certifying the "adjusted base proportions", is the subject of a separate resolution that takes account of all the changes that are included in the final assessment roll, after Tax Commission review of taxpayer protests. Attached hereto, as Exhibit A, are definitions of terms that are used in the analysis below.

Analysis. The class equalization rates described above produce prospective current base proportions that show a substantial increase in Class 1 above the Fiscal 2005 adjusted base proportions, or "class shares" (as shown in column R of SBRPS Form RP-6700 attached to the above-captioned resolution), an increase of more than 5 percent in the class share of Class 2, and substantial decreases for Classes 3 and 4. However, under the amendment to state law recently enacted, if the increase in any class exceeds 2 percent, the Council is directed to shift the excess (and only the excess) to any other class or classes as long as the shift does not cause the current base proportion of any other class to increase by more than the 2 percent limit. In the above-captioned resolution, the excess above 2 percent from Classes 1 and 2 would be shifted to Classes 3 and 4.

As shown below, the shift of the excess from Classes 1 and 2 to Classes 3 and 4 will still result in the current base proportions of Classes 3 and 4 to decrease from their adjusted base proportions in Fiscal 2005. The class share of Class 3 will be more than three percent below the class share of the prior year while Class 4's share will be 1.75 percent below last year's share.

Class	Percent Change Before Shifting Excess to Classes 3 & 4	Percent Change After Shifting Excess to Classes 3 & 4
1	+26.93	+2.00
2	+5.02	+2.00
3	-14.73	-3.25
4	- 10.73	-1.75

However, these "current base proportions" must still be adjusted for the physical changes and transfers among classes which are contained in the final assessment roll. These adjustments will be made in a separately amended and restated resolution constituting the Council's second step. The "adjusted base proportions" thus derived will be the class shares used for allocating the real property tax levy for Fiscal 2006.

EXHIBIT A

"Class equalization rate" represents the percentage that the total assessed value of each class is of the market value of the class, as shown in SBRPS sample studies.

"Base percentage" represents the percentage of total market value that each class constitutes in the 1989 base tax roll. The 1989 base tax roll is the one that was used in setting the tax levy for Fiscal 1990.

"Current percentage" is similar to the base percentage, but applies to the most recent year for which the SBRPS has established class equalization rates (in this case, the 2004 tax roll).

"Local base proportions" are the class tax shares used to fix the tax rates for Fiscal 1991.

"Current base proportions" are the local base proportions modified to take into account the market value changes revealed by the latest class equalization rates.

RESOLUTION AMENDING AND RESTATING THE RESOLUTION COMPUTING AND CERTIFYING ADJUSTED BASE PROPORTION OF EACH CLASS OF REAL PROPERTY FOR FISCAL 2006 TO THE STATE BOARD OF REAL PROPERTY SERVICES PURSUANT TO SECTION 1803-a, REAL PROPERTY TAX LAW

Introduction. The above-captioned resolution completes the certification procedure required t Section 1803-a, Real Property Tax Law, to establish the class shares used in levying the real property tax for the adopted Fiscal 2006 budget.

On June 30, 2005, the Council adopted a resolution computing and certifying the current ba proportions for Fiscal 2006 (the "CBP Resolution"). After the adoption of the CBP Resolution, Secti 1803-a, Real Property Tax Law, was amended to lower the percent of increase in the current ba proportion as compared with the previous year's adjusted base proportion from 5.0 percent to 2.0 percer which altered the calculations contained in the CBP Resolution. Pursuant to this amendment to state la the Council adopted a resolution on November 16, 2005 restating the CBP Resolution. On June 30, 200 the Council also adopted a resolution computing and certifying the adjusted base proportion of each class real property for Fiscal 2006 (the "ABP Resolution"). The above-captioned resolution amends and restat the ABP Resolution to reflect the changes in the November 16, 2005 CBP Resolution.

The current base proportion for each class of real property takes into account the market val changes in the class occurring between the assessment roll for the base period, 1989, and the latest roll f which the State Board of Real Property Services ("SBRPS") has established class equalization rates, 200 The CBP Resolution modified the class shares for the Fiscal 2006 property tax levy accordingly T remaining step, to be taken in the above-captioned resolution, adjusts these current base proportions to ta account of the various physical changes (such as demolitions, new construction, changes in exempt stat and transfers among classes) that are reflected in the new final assessment roll. The computations call for in the SBRPS procedure are designed to separate the effects of these physical changes from equalizati changes made by local assessors.

Analysis. The calculations shown on the SBRPS Form RP-6702 attached to the above-caption resolution modify the share for each class to reflect physical changes. For Fiscal 2006, all classes sh modest physical increases, resulting in the following changes. The Fiscal 2006 adjusted base proporti for Classes 1, 2 and 4 show slight decreases from the Fiscal 2006 current base proportions, while t change for Class 3 shows an increase of 7.1 percent from the current base proportion. However, t changes from the adjusted base proportions from Fiscal 2005 to Fiscal 2006, as reported in the table belo show increases of nearly two percent for Classes 1 and 2, and 3.6 percent for Class 3, but a decrease more than 2.5 percent for Class 4. (Last year's increase in class shares was capped at 5.0 percent.)

Comparison of Class Shares for Fiscal 2005 and Fiscal 2006

Class	Fiscal 2005	Fiscal 2006	Percent Change
1	14.6854	14.9461	+1.78
2	34.8724	35.4295	+1.60
3	7.3902	7.6566	+3.60
4	43.0520	41.9678	-2.52
Total	100.0000	100.0000	

The tax rates resulting from the use of class shares shown above for Fiscal 2006 are compared the Fiscal 2005 tax rates in the following table:

Comparison of Tax Rates for Fiscal 2005 and Fiscal 2006
(Per $100 Assessed Value)

Class	Fiscal 2005	Fiscal 2006	$ Difference
1	15.094	15.746	+0.652

3	12.553	12.309	-0.244
4	11.558	11.306	-0.252

Accordingly, Your Committee recommends its adoption.

Report for Res. No. 1245

Report of the Committee on Finance in favor of approving a Resolution amending and Restating the Resolution to Provide the Amounts Necessary for the Support of the Government of the City of New York and the Counties Therein and for the Payment of Indebtedness Thereof, for the Fiscal Year Beginning on July 1, 2005 and Ending on June 30, 2006, by the Levy of Taxes on the Real Property in the City of New York in Accordance with the Provisions of the Constitution of the State of New York, the Real Property Tax Law and the Charter of the City of New York.

The Committee on Finance to which was referred on November 16, 2005 the annexed resolution respectfully

REPORTS:

Introduction. On May 5, 2005, the Mayor submitted the executive budget for Fiscal 2006 to the Council pursuant to Section 249 of the Charter. On the date hereof, the Council adopted the budget for Fiscal 2006 pursuant to Section 254 of the Charter (the "Fiscal 2006 Budget"). Pursuant to Section 1516 of the Charter, the Council must fix the annual real property tax rates immediately upon such approval of the Fiscal 2006 Budget. In the resolution, captioned above, fixing the real property tax rates for Fiscal 2006 (the "Tax Fixing Resolution"), the Council fixes the annual real property tax rates, as described in greater detail below, and authorizes the levy of real property taxes for Fiscal 2006.

After the final adoption of the Fiscal 2006 Budget, the Governor signed into law Chapter 178, Laws of New York, 2005 ("Chapter 178"). Chapter 178 adds a new paragraph (o) to subdivision 1 of section 1803-a, Real Property Tax Law, which provides that, in any special assessing unit which is a city (a "special assessing city"), for current base proportions to be determined in such special assessing city's fiscal year 2006, the current base proportion of any class shall not exceed the adjusted base proportion of the immediately preceding year by more than 2.0 percent.

In order to effect the provisions of Chapter 178, it is necessary to amend and restate the provisions of this resolution. In the amended and restated resolution, captioned above, fixing the real property tax rates for Fiscal 2006 (the "Tax Fixing Resolution"), the Council amends and restates the annual real property tax rates, as described in greater detail below, and authorizes the levy of real property taxes for Fiscal 2006.

Determining the Amount of the Real Property Tax Levy. In the Tax Fixing Resolution, the Council determines the amount of the real property tax levy for Fiscal 2006, pursuant to the provisions of Section 1516 of the Charter, in the following manner. (1) First, the Council acknowledges the amount of the Fiscal 2006 Budget to be $50,187,618,768, as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2006 Budget Amount"). (2) The Council then acknowledges the estimate of the probable amount of all non-property tax revenues to be $37,735,714,768, as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2006 Revenue Estimate"). Attached hereto as Exhibit A is a description of the Fiscal 2006 Revenue Estimate, detailing all sources of revenues exclusive of real property taxes.) (3) Pursuant to Section 1516 of the Charter, the Council finally determines the net amount required to be raised by tax on real property to be $12,451,904,000, by subtracting the amount of the Fiscal 2006 Revenue Estimate from the Fiscal 2006 Budget Amount.

In order to achieve a real property tax yield of $12,451,904,000, however, due to provision for uncollectible taxes and refunds and collection of levies from prior years equal in the aggregate to $1,216,217,226, the Council determines that a real property tax levy of $13,668,121,226 is required. Such amount, levied at rates on the classes of real property as further described below, will produce a balanced budget within generally accepted accounting principles for municipalities.

The Council also provides for the application of the real property tax levy (net of provision for uncollectible taxes and refunds and collection of levies from prior years) to (1) debt service not subject to the constitutional operating limit, (2) debt service subject to the constitutional operating limit and (3) the Fiscal 2006 Budget in excess of the amount of the Fiscal 2006 Revenue Estimate.

Authorizing and Fixing the Real Property Tax Rates. After having determined the amount of the real property tax levy, the Council authorizes and fixes the real property tax rates. On June 6, 2005, the Commissioner of the Department of Finance (the "Commissioner") delivered the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2006 to the Council, pursuant to Section 1514 of the Charter (the "Fiscal 2006 Assessment Rolls").[1] On November 16, 2005, the Council amended and restated a resolution in which the Council computed and certified the current base proportion, the current percentage and the base percentage of each class of real property in the City for Fiscal 2006 pursuant to Section 1803-a (1), Real Property Tax Law (the "Current Base Proportion Resolution"). On November 16, 2005, pursuant to Section 1803-a, Real Property Tax Law, the Council amended and restated a resolution in which the Council adjusted the current base proportions of each class of real property in the City for Fiscal 2006, to reflect the additions to, and full or partial removal from, the Fiscal 2006 Assessment Rolls (the "Adjusted Base Proportion Resolution").

The following sections describe the determinations the Council must make before it fixes the real property tax rates and the process by which the Council fixes the real property tax rates.

Assessed Valuation Calculations. In the Tax Fixing Resolution, the Council sets out the assessed valuation calculations of taxable real property in the City by class within each borough of the City. Next, the Council sets out the assessed valuation (1) by class of real property for the purpose of taxation (exclusive of the assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes) in each borough of the City and (2) by class of veterans' real property subject to tax for school purposes in each borough of the City.

Compliance with Constitutional Operating Limit Provisions. In the Tax Fixing Resolution, the Council also provides evidence of compliance with constitutional operating limit provisions. The Council determines that the amount to be raised by tax on real property for the Fiscal 2006 Budget does not exceed the limit imposed by Section 10, Article VIII of the Constitution of the State of New York, as amended, and Article 12-A, Real Property Tax Law (the "Operating Limit Provisions"). The Operating Limit Provisions require that the City not levy taxes on real property in any fiscal year in excess of an amount equal to a combined total of two and one-half percent (2 ½%) of the average full valuation of taxable real property, determined by taking the assessed valuations of taxable real property on the last completed assessment roll and the four (4) preceding assessment rolls of the City and applying thereto the special equalization ratio which such assessed valuations of each such roll bear to the full valuations as fixed and determined by the State Office of Real Property Services ("ORPS"), minus (i) the amount to be raised by tax on real property in such year for the payment of the interest on and the redemption of certificates or other evidence of indebtedness described in the Constitution and (ii) the aggregate amount of business improvement district charges exclusive of debt service.

Adjusted Base Proportions. The Tax Fixing Resolution sets forth the adjusted base proportions for Fiscal 2006, pursuant to the amended and restated Adjusted Base Proportion Resolution, to be used in determining the amended and restated Fiscal 2006 tax rates for the four classes of properties.

Tax Rates on Adjusted Base Proportions. Finally, in the Tax Fixing Resolution, the Council authorizes and fixes, pursuant to Section 1516 of the Charter, the rates of tax for Fiscal 2006 by class (1) upon each dollar of assessed valuation of real property subject to taxation for all purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property	0.15746

for the Lower Ma———————————

[1] The Commissioner of the Department of Finance initially released the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2006 on May 25, 2005. On June 6, 2005, the Commissioner of the Department of Finance released the revised certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2006, herein referred to as the "Fiscal 2006 Assessment Rolls".

All Other Residential Real Property	0.12396
Utility Real Property	0.12309
All Other Real Property	0.11306

and (2) upon each dollar of assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property	.0.08693
All Other Residential Real Property	0.06872
Utility Real Property	0.00000
All Other Real Property	0.06276

Authorization of the Levy of Property Taxes for Fiscal 2006. The Council authorizes and directs the Commissioner, pursuant to Section 1517 of the Charter, to set down in the Fiscal 2006 Assessment Rolls, opposite to the several sums set down as the valuation of real property, the respective sums to be paid as a tax thereon and add and set down the aggregate valuations of real property in the boroughs of the City and send a certificate of such aggregate valuation in each such borough to the State Comptroller. The Tax Fixing Resolution then requires the City Clerk to procure the proper warrants, in the form attached thereto, such warrants to be signed by the Public Advocate and counter-signed by the City Clerk.

The amended and restated Tax Fixing Resolution would take effect as of the date of adoption.

Accordingly, the Committee on Finance recommends adoption of the amended and restated Tax Fixing motion.

FOOTNOTES

(1) In accordance with Accounting Systems Directive No. 7 of the State Comptroller, Fiscal 2006 expenditures of the Municipal Assistance Corporation of The City of New York (MAC) have been treated only for accounting purposes as the City as if they were City expenditures. Consequently, these estimates of General Fund receipts for Fiscal 2006 do not reflect anticipated reductions in amounts to be received by the City from the four percent sales tax levied in the City by the State, from the stock transfer tax and from per capita State aid. In fact, the expenditures of MAC are to be appropriated by the State from the sales tax levied in the City by the State, from the stock transfer tax and from per capita State aid otherwise payable to the City; any remaining funds from these sources are to be appropriated by the State to the City. Thus, the expenditures of MAC reduce the funds which may be appropriated and paid to the City from these sources. The presentation of MAC expenditures, instead of showing MAC expenditures as reductions in anticipated City revenues, is made solely to comply with Accounting Systems Directive No. 7 and has no bearing on the statutory relationship between the City and MAC, see Section 3016 of the Public Authorities Law.

Accordingly, Your Committee recommends its adoption.

Report of the Committee on Finance in favor of approving Gates Patchett Houses, 940 – 950 Gates Avenue, Block 1638, Lot 6, Brooklyn, Community District 3, Council district no. 41.

The Committee on Finance to which was referred on November 16, 2005 the annexed Land Use resolution respectfully

REPORTS:

(The following is a Memo to the Finance Committee from the Finance Division of the New York City Council)

November 15, 2005

TO: Hon. David Weprin
Chair, Finance Committee

Members of the Finance Committee

FROM: David Pechefsky, Finance Division

RE: Finance Committee Agenda of November 16, 2005 – Resolution Approving a tax exemption for one Preconsidered Land Use Item (Council District 41).

HPD has submitted a request to the Council to approve a property tax exemption for the Gates Patchen Apartments in Council Member Boyland's District.

Gates Patchen is a 104-unit project based Section 8 complex that was foreclosed on by HUD and transferred to the non-profit organization UHAB. The property will be rehabilitated and then converted to a tenant owned limited equity (HDFC) cooperative. The building will enter into a regulatory agreement with HPD to ensure long-term affordability. The value of the tax exemption is projected at approximately $219,200 in the first year of the exemption and $16.5 million over the 40-year length of the exemption.

This item has the approval of Council Member Boyland.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 1247

Resolution approving an exemption from real property taxes fro property located at 940-950 Gates Avenue (Block 1638, Lot 6), Brooklyn, pursuant to Section 577 of the Private Housing Finance Law (Preconsidered L.U. No. 623).

By Council Member Weprin.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") has requested that the Council take the following action regarding a property located at 94 - 950 Gates Avenue (Block 1638, Lot 6), the Borough of Brooklyn (the "Exemption Area");

Approve an exemption of the property from real property taxes pursuant to Section 577 of the Private Housing Finance Law (the "Tax Exemption");

WHEREAS, GP-UHAB Housing Development Fund Corporation ("Sponsor") acquired the Exemption Area on July 14, 2005 as a result of a mortgage foreclosure by the United States Department of Housing and Urban Development ("HUD");

WHEREAS, the Sponsor will rehabilitate the multiple dwelling on the Exemption Area with financing from HPD, HUD, and the Community Preservation Corporation;

WHEREAS, when the rehabilitation is completed, the project will convert to a tenant owned limited equity cooperative providing 103 units of rental housing for low-income families, plus one unit for a superintendent;

WHEREAS, the Council held a hearing on the Tax Exemption on November 16, 2005;

WHEREAS, the Council has considered the financial, policy, and community impacts relating to the Tax Exemption.

RESOLVED:

The Council hereby grants an exemption from real property taxes, pursuant to Section 577 of the Private Housing Finance Law, as follows:

1. In consideration of the tax exemption provided hereunder. Sponsor shall enter into a regulatory agreement with or approved by HPD ("Regulatory Agreement") requiring Sponsor to maintain the Exemption Area as affordable housing in accordance with the Use Restrictions enumerated in Riders 2, 3 and 4 (collectively, "Low Income Obligation") of the Quitclaim Deed, dated July 14, 2005, conveying title to the Exemption Area from the New York City Housing Authority to Sponsor ("Deed"). The Regulatory Agreement shall require that, notwithstanding any provision to the contrary in the Deed, the Low Income Obligation shall remain in effect until July 14, 2045.

2. All of the value of the property in the Exemption Area, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, commencing upon July 14, 2005 ("Effective Date") and terminating upon the earlier to occur of (i) the expiration or termination of the Regulatory Agreement, (ii) the fortieth anniversary of the Effective Date, or (iii) the date of reconveyance of the Exemption Area to an owner which is not a housing development fund company or an entity wholly controlled by a housing development fund company ("Expiration Date").

3. Notwithstanding any provision hereof to the contrary, (i) the tax exemption provided hereunder shall not become effective until Sponsor enters into the Regulatory Agreement, and (ii) the tax exemption provided hereunder shall terminate if HPD determines, subject to any cure provisions in the Regulatory Agreement, that Sponsor has violated the Low Income Obligation.

4. In consideration of such tax exemption, the owner of the Exemption Area shall, for so long as the tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

Reports of the Committee on Governmental Operations

Report for Int. No. 564-A

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended a Local Law to amend the administrative code of the city of New York, in relation to the definition of campaign contribution under the Campaign Finance Law.

The Committee on Governmental Operations to which was referred on February 16, 2005 (Minutes, page 979) the annexed amended proposed local law respectfully

REPORTS:

I. Campaign Finance Board Rulemaking Regarding Labor Organizations

On March 20, 2005, the Campaign Finance Board ("CFB") issued notice of final rules with respect to campaign contributions from labor organizations.[1] In short, the CFB created a rebuttable presumption that contributions received from affiliated labor organizations, that is from any labor organization and its subordinates, will be considered to have been received from a single source for the purposes of compliance with the contribution limits.[2] Ultimately, the purpose of the rule is to ensure that single sources do not make contributions over the limit.[3] Under the rule, candidates would bear the burden of demonstrating that contributions received from affiliated unions do not in fact originate from a single source.[4]

[1] *See* CFB Rule 1-04(h).

The main concern with regard to Rule 1-04(h)(2) is that it may be unduly burdensome on candidates. Pursuant to the Rule, in order for campaigns to establish that contributions received from affiliated unions did not originate from a single source, campaigns would have to determine many aspects regarding these unions. For example, factors that campaigns must consider include, but are not limited to, whether any of the given labor organizations make decisions or establish policy for any of the others; whether any of the labor organizations has the authority to hire, appoint, discipline, demote, remove or influence persons who make decisions or establish policy for another labor organization; whether contributions by one labor

organization reflect a "similar pattern" as contributions from another labor organization; and whether a labor organization "knows of and has acquiesced in public representations by [another labor organization] that it is acting on its behalf or under its direction."[5] This requirement may greatly increase the amount of due diligence to be performed by campaigns, and could have a potentially chilling effect on the willingness of candidates to accept contributions from unions. Campaign contributions have been found to be a matter of "political speech" covered by the First Amendment,[6] and concerns have been raised that Rule 1-04(h)(2) may inhibit this speech by labor organizations.

II. Prop. Int. No. 564-A

Prop. Int. No. 564-A inserts a definition of the term "labor organization" to section 3-702 of the New York City administrative code. The bill includes a union's political committee(s) within the definition of the term of labor organization.

Second, the bill amends paragraph f of subdivision 1 of section 3-703 of the New York City administrative code by inserting language that requires that contributions made by different labor organizations "shall not be aggregated or treated as contributions from a single contributor for purposes of the contribution limit" if those labor organizations: 1) make contributions from different accounts; 2) maintain separate accounts with different signatories; 3) do not share a majority of members of their governing boards; and 4) do not share a majority of the officers of their governing boards.

This local law shall govern all proceedings before the board and be effective upon enactment.

A Local Law to amend the administrative code of the city of New York, in relation to the definition of campaign contribution under the Campaign Finance Law.

Be it enacted by the Council as follows:

Section 1. Section 3-702 of the administrative code of the city of New York, as amended by local laws 58, 59 and 60 of 2004, is amended by adding a new subdivision 15, to read as follows:

15. The term "labor organization" shall mean any organization including any local, state, district council joint council or national organization which exists and is constituted for the purpose, in whole or in part, of collective bargaining, or of dealing with employers concerning grievances, terms or conditions of employment, or of other mutual aid or protection. For purposes of this section a labor organization shall also include any political committee it has established pursuant to state or federal law.

§2. Paragraph f of subdivision 1 of section 3-703 of the administrative code of the city of New York, as amended by local laws 58 and 60 of 2004, is amended to read as follows:

(f) not accept and his or her principal committee or authorized committees must not accept, either directly or by transfer, any contribution or contributions from any one individual, partnership, political committee, [employee] labor organization or other entity for all covered elections held in the same calendar year in which he or she is a participating candidate or a non-participating candidate which in the aggregate: (i) for the office of mayor, public advocate or comptroller shall exceed four thousand five hundred dollars, or (ii) for borough president, shall exceed three thousand five hundred dollars, or (iii) for member of the city council, shall exceed two thousand five hundred dollars; provided that a participating candidate and his or her principal committee or a non-participating candidate and his or her authorized committees may accept additional contributions which do not exceed one half the amount of the applicable limitation for any run-off primary election, additional day for voting held pursuant to section 3-108 of the New York state election law, special election to fill a vacancy, run-off special election to fill a vacancy, delayed or otherwise postponed election, or election held pursuant to court order which is a covered election and in which the candidate seeks nomination for election or election; *and provided further that for the purposes of this paragraph, contributions made by different labor organizations shall not be aggregated or treated as contributions from a single contributor for purposes of the contribution limit that is set forth in this paragraph if those labor organizations make contributions from different accounts, maintain separate accounts with different signatories, do not share a majority of members of their governing boards, and do not share a majority of the officers of their governing boards;* and provided further that if state law prescribes a contribution limitation of a lesser amount, this paragraph shall not be deemed to authorize acceptance of a contribution in excess of such lesser amount. The maximum contributions set forth in this paragraph shall be adjusted in accordance with subdivision seven of this section;

§3. Section 2 of this local law shall not have any effect on any adjustments made prior to the effective date of this law pursuant to subdivision 7 of section 3-703 of the administrative code.

§4. The provisions of this section shall govern all proceedings before the board and be effective upon enactment.

Report of the Committee on Housing and Buildings

Report for Int. No. 478-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to enacting the New York city plumbing code based on the 2003 edition of the International Plumbing Code published by the International Code Council and enacting administrative provisions applicable to such New York city plumbing code and to such other codes as may hereafter be enacted by the city based on the 2003 editions of the

International Building Code, the International Fuel Gas Code, the International Mechanical Code, and the International Residential Code.

The Committee on Housing and Buildings to which was referred on October 13, 2004 (Minutes, page 4639) the annexed proposed amended local law respectfully

REPORTS:

BACKGROUND AND INTENT:

The Council is expected to vote on Int. No. 478-A.

On November 16, 2005, the Committee on Housing and Buildings, chaired by Council Member Madeline Provenzano, convened to conduct a hearing on Proposed Int. No. 478-A, dated at the end of document as November 7, 2005, 7:20 pm. This was the fifth Committee hearing on this or an earlier version of this legislation. Proposed Int. No. 478-A would create a new Plumbing Code for New York City and adopt certain administrative provisions of the Building Code that relate to operations at the Department of Buildings for permitting, licensing, and the payment of various fees. Proposed Int. No. 478-A would also set in motion a process for the adoption of the 2003 editions of the International Building Code, the International Fuel Gas Code, the International Mechanical Code and the International Residential Code, with modifications for the City of New York, where appropriate, as the basis of a new Building Code applicable within the City. The bill would require the Department of Buildings to submit modifications to these International Codes before the new Building Code would take effect. Proposed Int. No. 478-A would permit the new Code to be revised every three years to insure that New York City remains in synchronization with the latest national codes and standards.

The current efforts of the Administration to revised and update the City's Building Code is known as the Model Code Program. Building Codes provide for minimum standards for the construction of buildings in order to protect the health, safety and welfare of the public. The Model Code Program is organized and managed by the Department of Buildings (the "Department" or "DOB") and is comprised of over 400 volunteers who serve on various Building and Electrical Code committees. The process to update and revise the Building Code parallels the process used to update the City's Electrical Code.

The Model Code Program presently has 13 Technical Committees involved in drafting the new Code, and 8 Advisory Committees to offer policy advice in areas impacted by the Building Code. The Technical Committees consist of the following: Accessibility, Administration/Enforcement, Construction Requirements, Construction Safety & Demolition, Egress, Elevators/Conveyors, Existing Buildings, Fire Protection, Materials, Mechanical/HVAC/Boilers, Plumbing, Residential, and Structural/Foundation. The Advisory Committees, as of this date, consist of: Affordable Housing, Banking/Insurance, City Council, Economic Development, Labor, Risk and Security and Sustainability.[2] With regards to the Building Code, Technical Committees are involved in the assessment and drafting of the technical code language and the Advisory Committees function to provide recommendations in key public policy areas that would be impacted by the Building Code revisions. The Managing Committee and key staff at the Department of Buildings shepherd the efforts to amend the Building Code, and make recommendations to the Commissioner. DOB will eventually be responsible for review, assessment, compilation, implementation, and training relating to the Building Code and Electrical Code.

The original version of Int. No. 478 would have provided for the adoption of the International Building Code and certain companion codes that were developed by the International Code Council to replace the current Building Code of the City of New York. The Committee previously considered Int. No. 478 on November 30, 2004 and heard testimony concerning the issue of whether a Model Building Code is right for New York City. The "A-version" before this Committee was derived as a result of a collaborative effort to derive the best Building Code for our City. It is anticipated that the new Building Code, when adopted in its entirety, will represent the best of the current New York City Building Code, the International Building Code, and the national reference standards, including the NFPA.

The Committee on Housing and Buildings has heard testimony from Patricia Lancaster, Commissioner of Buildings, and representatives of model code organizations, architects, engineers, fire safety professionals, labor, and the real estate industry, and other persons interested in this issue. The Committee wishes to thank all those individuals and organizations that have participated in the legislative process by offering their comments, criticisms, suggestions and testimony which have been relevant to the creation and drafting of this legislation. The Committee hopes that this process will result in the adoption of a comprehensive and improved Building Code for New York City.

OVERVIEW:

New York City's Building Code

In 1850, New York City was the first city in the United States to adopt a comprehensive Building Code.[3] However history reveals that rules for the types and locations of houses in New Amsterdam,[4] now known as New York City, were first established in 1625 by the Dutch West India Company and applied to the colonists.[5] The current version of the Building Code was first enacted as Local Law 76 of 1968 and has been the subject of numerous amendments. That Building Code became effective on December 6, 1968 and superseded the Building Code enacted in 1938.[6] The current Building Code applies to the construction, alteration, repair, demolition, removal, maintenance, occupancy and use of both new and existing buildings in the City.[7] The purpose of the Building Code is:

to provide reasonable minimum requirements and standards, based upon current scientific and engineering knowledge, experience and techniques, and the utilization of modern machinery, equipment, materials, and forms and methods of construction, for the regulation of building construction in the city of New York in the interest of public safety, health and welfare, and with due regard for building construction and maintenance costs.[8]

Although the Building Code was based largely upon nationally accepted performance standards and specifications for materials and construction assemblies, there have been many modern advances and changes due, in part, to the advent of new technologies that have not been incorporated into the Building Code. In November of 2002, Mayor Michael R. Bloomberg, in cooperation with Patricia Lancaster, the Commissioner of Buildings and Madeline Provenzano, the Chair of this Committee announced the formation of a Commission to formulate recommendations for the adoption of a model Building Code by the City to supplant the current antiquated Building Code.[9] The Commission reviewed the two national model building codes, the International Code Council's *International Building Code*® and the NFPA 5000: Building Construction and Safety Code™, 2003 edition and compared them with the current New York City Building Code.

Model Codes

A model code is a document that a State or municipality could adopt in its entirety, or adopt with such modifications as it deems to be suitable. Model codes are often viewed as being advantageous to jurisdictions as they offer legislative bodies contemporary and technical information from a reputable source and are kept current through review by the nationally recognized model code organization that issued the particular code. Most model codes are updated on a regular basis by the code organization that issued the respective code and is usually developed through a review process that encourages sound practices and use of acceptable state-of-the-art technology. Even when a model code has not been adopted in a jurisdiction, architects and engineers often utilize model code parameters in their building designs, so long as they do not conflict with the applicable local code.

Prior to 2002, the model code organizations in the United States were the Building Officials and Code Administrators (BOCA) International, Inc., which produced the BOCA National Building Code, the International Conference of Building Officials (ICBO), which produced the Uniform Building Code, and the Southern Building Code Conference International, Inc. (SBCCI), which produced the Standard Building Code. The International Code Council (ICC) is an umbrella organization that was established as a nonprofit organization in 1994 by the aforementioned model code organizations and is dedicated to developing a single set of comprehensive and coordinated national model construction codes.[10] The International Code Council produces the International Building Code, first released as the 2000 edition and then updated by the 2003 edition. In 2002, the National Fire Protection Association (NFPA) released the final publication of its own new model building code entitled the NFPA 5000: Building Construction and Safety Code™, 2003 edition.[11]

In 2002, the State of New York significantly reformed the State's Building Code by adopting several International Codes, which are model codes produced by the International Code Council, with amendments, as the new State Building Code.[12] The new State Building Code replaced New York State's Uniform Fire Prevention and Building Codes that had been in effect since 1984.[13] The application of these

coordinated model codes with amendments, with the exception of the State's Energy Code, do not apply within the jurisdiction of New York City as the City has historically been deemed exempt from the application of the State's Building Code due to the more stringent nature of the City's Building Code.[14]

International Code Council (ICC)

The International Code Council (ICC) was formed to produce a single set of building codes so that code enforcement officials, architects, engineers, designers and contractors can work with a more consistent set of requirements throughout the United States. The ICC's website states that "The mission of the International Code Council is to provide the highest quality codes, standards, products, and services for all concerned with the safety and performance of the built environment."[15] The ICC has developed an inventory of International Codes that includes the following:[16]

International Building Code®
International Energy Conservation Code®
ICC *Electrical Code®*
International Existing Building Code®
International Fire Code®
International Fuel Gas Code®
International Mechanical Code®
ICC Performance Code™
International Plumbing Code®
International Private Sewage Disposal Code®
International Property Maintenance Code®
International Residential Code®
International Urban-Wildland Interface Code™
International Zoning Code®

The International Code Council offers technical, educational and informational products and services to the International Codes that it produces.

The provisions of Proposed Int. No. 478-A are based on the ICC family of codes and incorporate provisions of the existing Building Code along with provisions from reference standards including those produced by the NFPA.

National Fire Protection Association (NFPA)

The mission of the NFPA is "to reduce the worldwide burden of fire and other hazards on the quality of life by developing and advocating scientifically based consensus codes and standards, research, training, and education."[17] The NFPA was founded in 1896 as the National Fire Protection Association. However, the NFPA is now an international nonprofit membership organization with over 75,000 members representing nearly 100 nations and 320 employees around the world. The NFPA advocates for fire prevention and public safety and from this standpoint, develops, publishes, and disseminates more than 300 consensus codes and standards intended to minimize the possibility and effects of fire and other risks.[18] According to the NFPA, their code development process encourages the broadest possible participation whereby interested parties are encouraged to provide NFPA technical committees with input.[19] All NFPA members have the opportunity to vote on proposed and revised codes and standards.

The provisions of Proposed Int. No. 478-A are based on the ICC family of codes and incorporate provisions of the existing Building Code along with provisions from reference standards including those produced by the NFPA.

Int. No. 478

In April of 2003, the Mayor's Advisory Commission on the Adoption of the International Building Code (the Code Commission),[20] recommended that the City of New York should adopt a new building code based on the 2003 editions of the International Code Council's national model codes.[21] Int. No. 478 was originally developed based on the Code Commission's recommendations that the adoption of such new building code should be accomplished by enacting the text of the International Code Council's national model codes as a part of Title 27 of the Administrative Code, with appropriate modifications reflecting the unique character of the city. In addition, the Code Commission recommended that the proposed new building code should incorporate the standards for safety and fire protection set forth in Local Laws 7 and 26 for the Year 2004. After enactment, the new code should be periodically updated and amended by local law to reflect changes in the national model codes in so far as such changes are beneficial to the city.

The bill also provides that the repeal of the existing building code and the enactment of a new building code or codes not take effect unless the Council enacts a subsequent local law to incorporate the balance of any city modifications deemed necessary to reflect the unique character of the city.

Significant Provisions of Proposed Int. No. 478-A

- International Codes and the 3-year cycle for revision

In brief, Proposed Int. No. 478-A creates a new Title 28 of the Administrative Code of the City of New York to be known as the "NEW YORK CITY CONSTRUCTION CODES" that would consist of:

The New York City Plumbing Code.
The New York City Building Code.
The New York City Mechanical Code.
The New York City Fuel Gas Code.
The New York City Residential Code.

According to section 28-101.2, the "purpose of this code is to provide reasonable minimum requirements and standards, based upon current scientific and engineering knowledge, experience and techniques, and the utilization of modern machinery, equipment, materials, and forms and methods of construction, for the regulation of building construction in the city of New York in the interest of public safety, health and welfare, and with due regard for building construction and maintenance costs."

Similar to the original bill, Proposed. Int. No. 478-A provides for regular updating of the applicable referenced code, which would initially be based on the 2003 edition of the applicable referenced code published by the International Code Council, every third year after its enactment, to coincide with the latest edition of the applicable model code and to otherwise modify the provisions thereof. In addition, prior to the submission of such proposal to the City Council, such proposal shall be submitted to an Advisory Committee established by the Commissioner pursuant to this title for review and comment.[22] Furthermore, if a local law enacting the new "New York City Construction Codes" and repealing the existing Chapter 1 of Title 26 and Chapter 1 of Title 27 of the Administrative Code is not enacted prior to July 1, 2007, then this local law would not take effect and its provisions would be of no further force and effect on and after such date.[23]

- Materials and Acceptance

New materials, equipment and devices that have been accepted and approved by a nationally recognized testing or evaluation service or laboratory may be used in the City without the need for a separate approval from the Commissioner of Buildings. However, the Commissioner of Buildings retains the power to alter, amend or repeal the approval or acceptance of any material for use within the City.[24]

- Permit provisions

Work permits may be issued for up to two (2) years with the exception that sidewalk shed permits would still be limited to a maximum period of one (1) year before the permit must be renewed under the rules of the Department.[25] In addition, "ordinary plumbing work," as defined in the bill, may now be performed by a licensed plumber without the filing of plans or the need for a permit, provided that a monthly log is submitted to the Department along with the payment of any required fees.[26]

- Fees

All fees required by the Department, except the fees required for a license, are organized and consolidated.[27] Most fees remain the same.

- Recent Local Laws

This legislation is being considered with the understanding that the technical provisions of Local Laws that were adopted within the last two legislative sessions that address the Building Code will be retained in the provisions of the codes that are adopted pursuant to this legislation for the first cycle.

- Licensing and Registration

Matters pertaining to the licensing and registration of businesses, trades and occupations engaged in building work have been consolidated into one Chapter within Title 28.[28] The legislation provides for two new categories of "Journeyman Registration" in the areas of plumbing[29] and fire suppression.[30] Journeyman registration is expected to enhance the quality of individuals seeking to be licensed in either trade. For those individuals seeking to obtain a plumbing license or a fire suppression license based on work experience, as opposed to educational criteria, then two years of registration as a journeyman in the appropriate trade will be required in addition to other work experience.

Examples of NFPA-developed codes include the following:
NFPA 1, Fire Prevention Code™
Provides the requirements necessary to establish a reasonable level of fire safety and property protection in new and existing buildings.
NFPA 54, National Fuel Gas Code
The safety benchmark for fuel gas installations.
NFPA 70, National Electrical Code®
The world's most widely used and accepted code for electrical installations.
NFPA 101®, Life Safety Code®
Establishes minimum requirements for new and existing buildings to protect building occupants from fire, smoke, and toxic fumes.
NFPA 5000®, Building Construction and Safety Code®
The first building code developed through an open, consensus-based process that is accredited by ANSI. NFPA 5000 is a cornerstone of the Comprehensive Consensus Codes™ (C3) set.

The legislation contains the completed provisions of what would become the new Plumbing Code for the City.[31] The legislation permits the use of plastic pipes in drain, waste and venting systems up to a maximum height of five stories in residential buildings.[32] The existing code only authorizes such usage up to three stories in height in residential buildings.

Significant Amendments to Proposed Int. No. 478-A

The title of the bill has been amended to reflect the specific codes that are to be adopted, with modifications, for use in New York City. Pursuant to this legislation, all such codes are based on the cycle and promulgation of the International Codes developed by the International Code Council. The reference to the International Existing Building Code has been eliminated from the bill's title and from the legislation.[33] In addition, many of the Tables contained in the bill have been updated and amended. Any references within the bill that attempted to impose a specific timetable for the City Council to act upon a legislative proposal submitted by the Department of Buildings in the context of the potential adoption of this and future updates to the Building Code based on this legislation have been eliminated. The effective date of the new codes based on this legislation will be July 1, 2007 with a one-year phase in period as opposed to the previous date of July 1, 2006.

Additional Significant Amendments to Proposed Int. No. 478-A post the hearing on 10/31/05

Section 28-135.1 was amended to eliminate the language that would have imposed new requirements concerning public nuisances and the padlocking of certain establishments in C-1 or C-2 commercial districts.

Update

On Tuesday, November 15, 2005, the Committee on Housing and Buildings considered Res. No. 1223, determining that Proposed Int. No. 478-A, a Local Law to amend the administrative code of the city of New York, in relation to enacting the New York city plumbing code based on the 2003 edition of the International Plumbing Code published by the International Code Council and enacting administrative provisions applicable to such New York city plumbing code and to such other codes as may hereafter be enacted by the city based on the 2003 editions of the International Building Code, the International Fuel Gas Code, the International Mechanical Code and the International Residential Code, will not have a significant adverse impact on the environment. The Committee adopted Res. No. 1223 by a vote of 9 in the affirmative, zero in the negative and no abstentions.

On November 16, 2005 the Committee voted upon Proposed Int. No. 478-A, dated at the end of document as November 7, 2005, 7:20 pm. On Wednesday, November 16, 2005, the Committee then passed this version of Proposed Int. No. 478-A by a vote of 11 in the affirmative, zero in the negative, with no abstentions.

(The following is the Fiscal Impact Statement for Int. No. 139-A:)

FISCAL IMPACT STATEMENT:

	Effective FY 08	FY Succeeding Effective FY 09	Full Fiscal Impact FY 08
Revenues (+)	$0	$0	$0
Expenditures (-)	$0	$0	$0
Net	$0	$0	$0

IMPACT ON REVENUES: This legislation makes a number of changes with regards to fees for permits, inspections, and licenses. Permit fees are increased from 11.63 cents per square foot to 12 cents per square foot for new construction of 1-3 family dwellings and from 25.53 cents to 26 cents per square foot for all other new construction. The Department of Buildings (DOB) is given the authority to establish by rule fee rebates for energy and water conservation and other environmental conservation measures. The legislation also provides that fees for expedited plan reviews, inspections, and Certificate of Occupancy issuance can be set by DOB by rule. The fee increases for new construction are not expected to generate new revenue in excess of $500,000 and any such increase could be offset by rebates granted by DOB depending on the extent to which conservation measures are undertaken by the building industry. Fees for expedited services are likely to generate additional revenue, however the amount of such revenue cannot be determined until the fees are established by rule and will depend on the participation rate of the building industry. Any such revenue will be offset by the expenses necessary to provide the expedited services. Department issued licenses, currently renewed annually, will be issued and renewed for three-year periods and the initial fee, renewal fee, and late renewal fee are increased for most licenses; these changes will alter the cycle of revenue generated from licenses but will not result in a significant change in revenue over a three-year period.

IMPACT ON EXPENDITURES: The Department of Building's Cost Impact Assessment Project concluded that the code changes included in Intro. 478-A will not significantly impact overall construction costs. . Given these findings it is not anticipated that this legislation will result in increased city capital expenditures. Consequently, no increase in debt service costs attributable to this legislation is expected. According to the Department of Buildings, additional costs for the administration and implementation of the revised building code will be associated primarily with the second phase of the code revisions. As mentioned above, additional costs are likely to be incurred for the provision of expedited plan reviews, inspections, and Certificate of Occupancy issuances; however, these costs will be offset by increased fee revenue resulting in a net zero cost.

Int. No. 478-A

By Council Members Provenzano, Lopez, Oddo, Comrie, Sanders Jr., Katz, Rivera, Lanza, Weprin, Vallone Jr., Felder, Sears, Gallagher, Jennings, Reed, Stewart, Avella, Foster, Brewer and Seabrook (by request of the Mayor).

To amend the administrative code of the city of New York, in relation to enacting the New York city plumbing code based on the 2003 edition of the International Plumbing Code published by the International Code Council and enacting administrative provisions applicable to such New York city plumbing code and to such other codes as may hereafter be enacted by the city based on the 2003 editions of the International Building Code, the International Fuel Gas Code, the International Mechanical Code, and the International Residential Code.

Be it enacted by the Council as follows:

Section 1. The administrative code of the city of New York is amended by adding a new title 28 to read as follows:

TITLE 28
NEW YORK CITY CONSTRUCTION CODES

CHAPTER 1
ADMINISTRATION AND ENFORCEMENT

SECTION 101
GENERAL

§28-101.1 Title. The provisions of this chapter shall apply to the administration and enforcement of the codes to be enacted and set forth in this title. The codes to be enacted and set forth in this title shall be known and may be cited as the "New York city construction codes" and shall consist of:

The New York city plumbing code.
The New York city building code.
The New York city mechanical code.

for the Lower Ma———————————

[31] Title 28 Chapter 4.
[32] Plumbing Code (PC) 701.10.
[33] The earlier A-version of the legislation that was before the Housing and Buildings Committee on June 24, 2005 would have created a Chapter 9 within new Title 28 for the Enactment and Update of the New York City Existing Building Code.

The New York city fuel gas code.

The New York city residential code.

§28-101.2 Intent. The purpose of this code is to provide reasonable minimum requirements and standards, based upon current scientific and engineering knowledge, experience and techniques, and the utilization of modern machinery, equipment, materials, and forms and methods of construction, for the regulation of building construction in the city of New York in the interest of public safety, health and welfare, and with due regard for building construction and maintenance costs.

§28-101.3 Codes. Any reference in this chapter to "this code" or "the code" shall be deemed to be a reference to this title and all of the codes comprising the New York city construction codes unless the context or subject matter requires otherwise.

§28-101.4 Effective date. Except as otherwise provided in this section, on and after the effective date of this code, all work shall be performed in accordance with its provisions. Any work for which an application for a permit was submitted to the department prior to the effective date of this code, or for which an application for a permit is submitted to the department within a period of 12 months after such date may, at the option of the owner, be performed in its entirety in accordance with the requirements of this code, or in accordance with the requirements of the building laws and regulations previously in force in the city of New York, provided that such work is commenced within 12 months after the date of issuance of a permit for such work and is diligently carried on to completion. The commissioner shall be authorized to grant time extensions beyond the 12 months period when strict compliance with the provisions of this section is not feasible.

§28-101.5 Definitions. As used in this chapter and elsewhere in this title, the following terms shall have the following meanings unless the context or subject matter requires otherwise:

ADDITION. An extension or increase in floor area or height of a building or structure. The term addition shall include enlargement.

ALTERATION. Any construction, addition, enlargement or renovation to an existing structure other than repair.

APPROVED FABRICATOR. An established and qualified person, firm or corporation approved by the commissioner pursuant to this code to fabricate materials.

ARCHITECT. A person licensed and registered to practice the profession of architecture under the education law of the state of New York.

BUILDING. Any structure used or intended for supporting or sheltering any use or occupancy. The term shall be construed as if followed by the phrase "structure, premises, or part thereof" unless otherwise indicated by the text.

CITY. The city of New York.

COMMISSIONER. The commissioner of buildings of the city of New York, or his or her duly authorized representative.

CONSTRUCTION DOCUMENTS. Completed application forms submitted with any other required written, graphic and pictorial documents, prepared or assembled for describing the design, location and physical characteristics of the elements of a project, including special inspection and other data, that demonstrate compliance with the code or other applicable laws and rules. Where required by this code or by the department, construction documents also shall include certifications or approvals from other governmental agencies.

DEPARTMENT. The department of buildings of the city of New York.

ENGINEER. A person licensed and registered to practice the profession of engineering under the education law of the state of New York.

ENLARGEMENT. As defined in section 12-10 of the zoning resolution.

FIRE DISTRICTS. The geographical territories established under this code for the regulation of occupancy groups and construction classes within such districts.

HEREAFTER. On or after the effective date of this code or an applicable amendment thereof.

HERETOFORE. Before the effective date of this code or an applicable amendment thereof.

LISTED. Refers to materials, equipment, appliances, or devices shown in a list published by an approved testing agency qualified and equipped for experimental testing and maintaining an adequate periodic inspection of current productions and whose listing states that the material, equipment, appliance, or device complies with nationally recognized standards when installed in accordance with the manufacturer's installation instructions.

OCCUPANCY. The purpose or activity for which a building or space is used or is designed or intended to be used.

OWNER. Any person, agent, firm or corporation having a legal or equitable interest in, or control of the premises.

PERMIT. An official document or certificate issued by commissioner which authorizes performance of a specified activity.

PERSON. An individual, partnership, corporation, or other legal entity.

PREMISES. Land, improvements thereon, or any part thereof.

REQUIRED. Shall mean required by the provisions of this code.

STRUCTURE. That which is built or constructed, including among others: buildings, stadia, tents, reviewing stands, platforms, stagings, observation towers, radio towers, tanks, trestles, open sheds, shelters, fences, and display signs.

USE (USED). The purpose for which a building, structure, or space is occupied or utilized, unless otherwise indicated by the text. Use (used) shall be construed as if followed by the words "or is intended, arranged, or designed to be used."

UTILITY COMPANY OR PUBLIC UTILITY COMPANY. The term shall be construed to have the same meaning as that contained in section two of the New York state public service law.

UTILITY CORPORATION OR PUBLIC UTILITY CORPORATION. The term shall be construed to have the same meaning as that contained in section two of the New York state public service law.

WRITING (WRITTEN). The term shall be construed to include handwriting, typewriting, printing, photo-offset, or any other form of reproduction in legible symbols or characters, including, in the discretion of the commissioner, electronic media.

WRITTEN NOTICE. A notification in writing delivered by hand to the person or parties intended, or delivered at or sent by mail to the last address known to the party giving such notice.

ZONING RESOLUTION. The zoning resolution of the city of New York, adopted December fifteenth, nineteen hundred sixty-one, including all amendments thereto.

SECTION 102
APPLICABILITY

§28-102.1 General. Where, in any specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable.

§28-102.2 Other laws. The provisions of this code do not presumptively provide for matters that are contained in the charter, the labor law, the multiple dwelling law, the zoning resolution, or the general city law. Where there is conflict or inconsistency between the requirements of this code and other applicable laws and rules, unless otherwise required, such conflict shall be resolved in favor of the more restrictive requirement.

§28-102.3 Application of references. References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

§28-102.4 Separability. If any clause, sentence, paragraph, section or part of this code shall be adjudged to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§28-102.5 Existing structures. The lawful use or occupancy of any building or structure, including the use of any service equipment therein, existing on the effective date of this code or any amendment of this code or thereafter constructed or installed in accordance with prior code requirements, as provided in section 28-101.4 of this code, may be continued unless a retroactive change is specifically required by the provisions of this code, or other applicable laws or rules. The continuation of the unlawful use or occupancy of a building or structure after the effective date of this code contrary to the provisions of this code shall be deemed a violation of this code.

§28-102.5.1 Change in use or occupancy. Changes in the use or occupancy of any building or structure made after the effective date of this code shall comply with the provisions of this code. Any changes made in the use or occupancy of a building or structure not in compliance with this code shall be prohibited and shall be deemed a violation of this code.

§28-102.5.2 Alteration of existing buildings. Existing buildings altered after the effective date of this code shall comply with the provisions of this code relating to existing buildings. In accordance with subdivision eleven of section three of the multiple dwelling law, buildings erected prior to December 6, 1969 may, at the option of the owner, be altered or converted to a multiple dwelling in accordance with the provisions of this code or in accordance with applicable provisions of the multiple dwelling law covering the same subject matter, provided the general safety and public welfare are not thereby endangered.

SECTION 103
DUTIES AND POWERS OF COMMISSIONER OF BUILDINGS

§28-103.1 Jurisdiction. This code shall be enforced by the commissioner of buildings, pursuant to the provisions of section six hundred forty-three of the New York city charter, as amended, except that the commissioner of small business services may also enforce all of the provisions of this code with respect to buildings under the jurisdiction of the department of small business services and the fire commissioner may also enforce all the provisions of this code relating to:

1. The approved number of persons in places of public assembly (overcrowding);

2. Obstruction of aisles, corridors, and exits;

3. The posting and availability for inspection of certificates of occupancy or other authorization of lawful occupancy, certificates of compliance and places of assembly certificates of operation;

4. The maintenance of fire, smoke and carbon monoxide detection and alarm systems, fire extinguishing systems, refrigerating systems, storage tanks and auxiliary storage tanks for oil burning equipment, exit and directional signs, and any fire or life safety system, equipment or device intended for use by fire fighting personnel or whose use or operation is subject to the New York city fire prevention code or other law or rule enforced by the New York city fire department, and any related installation and signage;

5. The installation and testing of fire alarm systems, smoke-detecting and carbon monoxide detecting devices that are interconnected with a fire alarm system or monitored by a central station.

§28-103.1.1 Where the installation of exit and directional signs, emergency lighting and sprinkler and fire alarm protection is required by the fire prevention code, the fire commissioner shall require such installations to be in accordance with the provisions of this code.

§28-103.2 Interpretation. This code shall be liberally interpreted to secure the beneficial purposes thereof.

§28-103.3 Variations. The requirements and standards prescribed in this code shall be subject to variation in specific cases by the commissioner, or by the board of standards and appeals, under and pursuant to the provisions of paragraph two of

subdivision (b) of section six hundred forty-five and section six hundred sixty-six of the New York city charter, as amended.

§28-103.4 Appeals. An appeal from any decision or interpretation of the commissioner may be taken to the board of standards and appeals pursuant to the procedures of the board, except as provided in section 25-205 of the administrative code.

§28-103.5 Seal; judicial notice. The commissioner may design and adopt a seal for the department, and cause the same to be used in the authentication of the orders and proceedings of the department, and for such other purposes as he or she may prescribe. The courts shall take judicial notice of such seal, and of the signature of the commissioner, the deputy commissioners, and the borough superintendents of the department.

§28-103.6 Proofs, affidavits and oaths. Proofs, affidavits and examinations as to any matter arising in connection with the performance of any of the duties of the department may be taken by or before the commissioner, or a deputy commissioner, or such other person as the commissioner may designate; and such commissioner, deputy or other person may administer oaths in connection therewith.

§28-103.7 Cooperation of other departments. Upon request of the commissioner, it shall be the duty of all departments to cooperate with the department of buildings at all times, and to furnish to such department such information, reports and assistance as the commissioner may require.

§28-103.8 Matters not provided for. Any matter or requirement essential for the fire or structural safety of a new or existing building or essential for the safety or health of the occupants or users thereof or the public, and which is not covered by the provisions of this code or other applicable laws and rules, shall be subject to determination and requirements by the commissioner in specific cases.

§28-103.9 Additional tests. Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method of construction does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the commissioner shall have the authority to require tests as evidence of compliance to be made at no expense to the city. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the commissioner shall approve the testing procedures. Tests shall be performed as directed by the commissioner. Reports of such tests shall be retained by the commissioner for the period required for retention of public records.

§28-103.10 Applications and permits. The department shall receive and review applications and plans, and issue permits, in accordance with the provisions of this code.

§28-103.11 Identification. Department personnel shall carry metal badges with suitable inscriptions thereon or other proper identification when inspecting structures or premises or otherwise in the performance of their duties under this code.

§28-103.12 Right of Entry. The commissioner or his or her authorized representatives, in the discharge of their duties, shall have the right to enter upon and inspect, at all reasonable times, any buildings, enclosure, premises, or any part thereof, or any signs or service equipment contained therein or attached thereto for the purpose of determining compliance with the provisions of this code and other applicable building laws and rules. Officers and employees of the department shall identify themselves by exhibiting the official badge of the department; and other authorized representatives of the commissioner shall identify themselves by producing and exhibiting their authority in writing signed by the commissioner. If access is not obtained, the commissioner shall have recourse to remedies provided by law to secure entry.

§28-103.13 Department records. The department shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records shall be retained in the official records for the period required for retention of public records.

§28-103.13.1 Complaint records. The department shall keep records of complaints made by any person in reference to any building or other matter under the jurisdiction of the department. Recorded complaints shall include the name and residence of the complainant, the name of the person complained of, the date of the entry of the complaint and any suggested remedies. Except for entries of names and residences of the complainants, such records shall be made available for public examination.

§28-103.13.2 LIST OF PERMITS FOR CELLULAR ANTENNA. THE COMMISSIONER SHALL MAINTAIN A SEPARATE LIST OF ALTERATION PERMITS ISSUED FOR THE ERECTION OR PLACEMENT OF ANTENNAE USED TO PROVIDE CELLULAR TELEPHONE OR SIMILAR SERVICE OR ANY STRUCTURE RELATED TO SUCH SERVICE WHICH SHALL, AT A MINIMUM, SET FORTH THE NAME, BUSINESS ADDRESS AND BUSINESS TELEPHONE NUMBER OF THE APPLICANT, THE DATE OF THE APPLICATION, THE DATE THE PERMIT WAS ISSUED, THE LOCATION FOR WHICH THE PERMIT WAS ISSUED, INCLUDING THE PREMISES ADDRESS AND THE ZONING DISTRICT, WHETHER RESIDENTIAL, COMMERCIAL, OR MANUFACTURING, AND THE NUMBER OF PERMITS ISSUED FOR SUCH PURPOSE AT THE SAME LOCATION. SUCH LIST SHALL BE MADE AVAILABLE TO THE PUBLIC UPON REQUEST BETWEEN REGULAR BUSINESS HOURS AND SHALL BE AVAILABLE TO THE PUBLIC IN ELECTRONIC FORMAT ON A 24-HOUR BASIS ON THE DEPARTMENT'S WEBSITE.

§28-103.14 Certain outside work, employment and financial interests of department employees prohibited. It shall be unlawful for any officer or employee of the department to be engaged in conducting or carrying on business as an architect, engineer, carpenter, plumber, iron worker, mason or builder, or any other profession or business concerned with the construction, alteration, sale, rental, development, or equipment of buildings. It shall also be unlawful for such employees to be engaged in the manufacture or sale of automatic sprinklers, fire extinguishing apparatus, fire protection devices, fire prevention devices, devices relating to the means or adequacy of exit from buildings, or articles entering into the construction or alteration of buildings, or to act as agent for any person engaged in the manufacture or sale of such articles, or own stock in any corporation engaged in the manufacture or sale of such articles.

SECTION 104
MATERIALS, EQUIPMENT AND DEVICES

§28-104.1 Approval or acceptance required. Materials, assemblies, equipment and devices (hereinafter collectively referred to as "material" or "materials") that in their use, are required by this code to be approved or accepted shall be subject to the requirements for approval or acceptance set forth in this section and as specified elsewhere in this code. Materials approved or accepted shall be constructed and installed in accordance with such approval or acceptance.

§28-104.1.1 Reused materials. The use of reused materials, which meet the requirements of this code for new materials, is permitted. Reused equipment and devices shall not be utilized unless approved by the commissioner.

§28-104.2 Methods of approval or acceptance. No material of any manufacturer or producer shall be acceptable for the use intended unless and until such material shall have been approved or accepted for such use in accordance with this section or as otherwise provided in this code.

§28-104.2.1 Approval by the commissioner. The review and evaluation of material may be performed by the department and the testing (i) witnessed by a commissioner's representative, or (ii) conducted under the direction of an architect or engineer, or (iii) certified by a nationally recognized testing or evaluation service or laboratory acceptable to the commissioner. The test report showing compliance with code requirements and bearing the signature of the architect or engineer, or the signature of an officer of the testing service or laboratory, as the case may be, shall be filed with the department. The commissioner may require a certificate of the manufacturer or producer, certifying that the material tested was and is equivalent to material of the same kind and quality regularly being manufactured by such manufacturer or producer. Upon the filing of the test report, as provided above, the material may be approved by the commissioner as acceptable for the use intended.

§28-104.2.2 Acceptance of materials approved by nationally recognized testing or evaluation service. Except as otherwise provided by this code or by rule, the review and evaluation of material may be performed by a nationally recognized testing or evaluation service acceptable to the commissioner. A certification signed by an officer of such testing or evaluation service attesting to the full compliance of the material with this code shall be submitted to the department along with an acceptable report of the evaluation. Upon submission of these documents, the materials shall be accepted by the commissioner for the use intended. Such evaluation services may be specifically referenced in this code and/or a list of such evaluation services acceptable to the commissioner may be published by the department.

§28-104.2.3 Other forms of acceptance. The commissioner may set forth in department rules certain materials or categories of materials that are acceptable for the use intended provided that such material (i) is certified to the department by an architect or engineer as complying with this code, (ii) is produced by an approved fabricator, or (iii) is listed as complying with this code by a nationally recognized testing service or laboratory acceptable to the commissioner.

§28-104.2.4 Previously issued approvals. Materials that were previously approved by the board of standards and appeals or by the department before the effective date of this code shall continue to be acceptable for the intended use unless specifically amended or repealed by the commissioner.

§28-104.2.5 Code test method. Whenever the code prescribes a method for testing any material, the material shall be tested in accordance with such test method.

§28-104.3 List of acceptable laboratories, testing and evaluation services and materials. A current list of all nationally recognized testing or evaluation services and laboratories acceptable to the commissioner for the purpose of testing materials and a current list of all acceptable materials shall be maintained by the department and made available for public inspection.

§28-104.4 Shipment and delivery certification. All shipments and deliveries of materials shall be accompanied by a certificate or label certifying that the material shipped or delivered is equivalent to the materials tested and acceptable for use, as provided in this section. Such certificate or label is to be provided (1) by the manufacturer or producer of the material, or (2) by a nationally recognized testing or evaluation service or laboratory acceptable to the commissioner and regularly engaged by the manufacturer or producer to make periodic inspections and/or tests

of the material in the course of manufacture or production. In the case of materials previously approved by the board of standards and appeals, the shipment or delivery of the material shall also be accompanied by a tag or label stating that the material has been approved for use by the board, and containing the calendar number under which the material received board approval.

§28-104.5 Retesting of materials. All materials tested and acceptable for use, shall be subject to periodic retesting as determined by the commissioner; and any material which, upon retesting is found not to comply with the code requirements or the requirements set forth in the approval or acceptance of such material shall cease to be acceptable for the use intended. During the period for such retesting, the commissioner may require the use of such material to be restricted or discontinued if necessary to secure safety.

§28-104.6 Conflicting test results. Whenever there is evidence of conflicting results in the test of any material, the commissioner shall determine the acceptability of the material and/or the acceptable rating for such material.

§28-104.7 Amendment and repeal. The commissioner shall have the power to amend or repeal the approval or acceptance of any material.

SECTION 105
ALTERNATIVE MATERIALS, DESIGN, METHODS OF CONSTRUCTION AND EQUIPMENT

§28-105.1 Approval of alternative materials, design and methods of construction and equipment. Except as otherwise specifically limited by this code, the provisions of this code are not intended to prevent the installation of any material or to prohibit any alternative engineered design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved by the commissioner. An alternative material, design, method of construction or equipment shall be approved where the commissioner finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety. The commissioner may promulgate rules governing approvals issued pursuant to this section.

§28-105.2 Research reports. Supporting data, where necessary to assist in the approval of materials not specifically provided for in this code, shall consist of valid research reports from approved sources.

SECTION 106
PERMITS

§28-106.1 Permits required. It shall be unlawful to construct, enlarge, alter, repair, move, demolish, remove or change the use or occupancy of any building or structure in the city, or to erect, install, alter, repair, or use or operate any sign or service equipment in or in connection therewith, or to erect, install, alter, repair, remove, convert or replace any gas, mechanical or plumbing system in or in connection therewith or to cause any such work to be done unless and until a written permit therefore shall have been issued by the commissioner in accordance with the requirements of this code, subject to such exceptions and exemptions as may be provided in 28-106.2.

§28-106.1.1 Classification of work permits. For the purposes of this code, work permits shall be classified as follows:

1. New building permits: for the construction of new buildings.

2. Alteration permits: for the alteration of existing buildings, including removal of existing work.

3. Foundation and earthwork permits: for the construction or alteration of foundations, including earthwork, excavation, and fill.

4. Demolition permits: for the demolition or removal of existing buildings or structures.

5. Plumbing permits: for the installation or alteration of plumbing and plumbing systems, including gas piping. Such permits shall include permits for limited plumbing alterations.

6. Sign permits: for the erection or alteration of signs and sign installations.

7. Equipment work permits: for the installation or alteration of service equipment, including but not limited to air conditioning and ventilating systems, boilers, elevators, escalators, moving walkways, dumbwaiters.

8. Construction equipment permits: for the erection or installation of construction equipment, including but not limited to temporary fences, railings, catch platforms, over-the-sidewalk chutes, footbridges, sheds, and scaffolds.

9. Fire suppression system permits: for the installation and alteration of fire suppression systems, including but not limited to sprinkler systems, standpipe systems, and dry chemical systems. Such permits shall include permits for limited sprinkler alterations and limited standpipe alterations.

§28-106.1.2 Separate permits required. Separate work permits shall be required, as provided above, except that separate permits for foundations and earthwork, or for the installation or alteration of air conditioning systems, ventilation systems, and heating systems shall not be required whenever such work is included in and forms a part of the construction documents filed for the construction of a new building or the alteration of an existing building.

§28-106.2 Work exempt from permit. Exemptions from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code, the zoning resolution or any other law or rules enforced by the department. Such exemptions shall not relieve any owner of the obligation to comply with the requirements of or file with other city agencies. Unless otherwise indicated, permits shall not be required for the following:

1. Emergency repairs, as set forth in section 28-106.2.1;

2. Minor alterations and ordinary repairs, as set forth in section 28-106.2.2;

3. Certain work performed by a public utility company or public utility corporation, as set forth in section 28-106.2.3;

4. Ordinary plumbing work, as set forth in section 28-106.2.4;

5. Permits for the installation of signs, as set forth in section 28-106.2.5;

6. Except as specified in section 106.2.2 (definition of "work not constituting minor alterations or ordinary repairs"), categories of work established by the commissioner pursuant to rules.

§28-106.2.1 Emergency repairs. Work that would otherwise require a permit may be performed without a permit to the extent necessary to relieve an emergency condition. An application for a permit shall be submitted within two business days after the commencement of the emergency work. Emergency work may include but shall not be limited to:

1. Erection of sidewalk sheds, fences, or other similar structures to protect the public from an unsafe condition.

2. Stabilization of unsafe structural conditions.

3. Repair of gas leaks.

4. Repair or replacement of heating or hot water equipment servicing residential occupancies during the heating season as established by the New York city housing maintenance code.

5. Replacement of parts required for the operation of a combined standpipe or sprinkler system.

§28-106.2.2 Minor alterations and ordinary repairs. A permit shall not be required for minor alterations and ordinary repairs.

§28-106.2.2.1 Definitions. The following words and terms shall, for the purposes of this section and as used elsewhere in this code, have the meanings shown herein.

MINOR ALTERATIONS. Minor changes or modifications in a building or any part thereof, excluding additions thereto, that do not in any way affect health or the fire or structural safety of the building or the safe use and operation of the service equipment therein. Minor alterations shall not include any of the work described as "work not constituting minor alterations or ordinary repairs."

ORDINARY REPAIRS. Replacements or renewals of existing work in a building, or of parts of the service equipment therein, with the same or equivalent materials or equipment parts, that are made in the ordinary course of maintenance and that do not in any way affect health or the fire or structural safety of the building or the safe use and operation of the service equipment therein. Ordinary repairs shall include the repair or replacement of any plumbing fixture, piping or faucets from any exposed stop valve to the inlet side of a trap. Ordinary repairs shall not include any of the work described as "work not constituting minor alterations or ordinary repairs."

WORK NOT CONSTITUTING MINOR ALTERATIONS OR ORDINARY REPAIRS. Minor alterations or ordinary repairs shall not include:

1. The cutting away of any load bearing or required fire rated wall, floor, or roof construction, or any portion thereof;

2. The removal, cutting, or modification of any beams or structural supports;

3. The removal, change, or closing of any required means of egress;

4. The rearrangement or relocation of any parts of the building affecting loading or exit requirements, or light, heat, ventilation, or elevator requirements;

5. Additions to, alterations of, or rearrangement, relocation, replacement, repair or removal of any portion of a standpipe or sprinkler system, water distribution system, house sewer, private sewer, or drainage system, including leaders, or any soil, waste or vent pipe, or any gas distribution system;

6. Any plumbing work other than the repair or replacement of plumbing fixtures, piping or faucets from the exposed stop valve to the inlet side of a trap;

7. The alteration or repair of a sign for which a permit is required; or

8. Any other work affecting health or the fire or structural safety of the building or the safe use and operation of the service equipment therein.

§28-106.2.3 Public utility company or public utility corporation. A permit shall not be required for:

1. The installation, alteration or repair of generation, transmission, distribution or metering or other related equipment of a public utility company or a public utility corporation subject to the jurisdiction of the public service commission, when such work is performed and serviced and maintained by such public utility company or corporation; or

2. Emergency repair of gas distribution piping when such work is performed by public utility company or public utility corporation subject to the jurisdiction of the public service commission, provided that a written report describing the details of such repairs shall be filed with the commissioner upon completion of the work.

§28-106.2.4 Ordinary plumbing work. The following ordinary plumbing work may be performed without a permit, provided that the licensed plumber

performing such work: (i) provides a monthly notification to the department listing all such work performed during the preceding month, including the block, lot and address of each job, a description of the work performed at each address, and the location in each building where the work was performed; (ii) pays the fees for such work in accordance with this code; and (iii) submits to the department a certification that the work was performed in accordance with this code and all applicable laws and rules. Ordinary plumbing work shall include:

1. The removal of a domestic plumbing system not connected to a fire suppression system, or the removal of a portion of such system;

2. The relocation of up to two plumbing fixtures within the same room to a maximum of 10 feet (3048 mm) distant from the original location, except in health care facilities;

3. The installation, replacement or repair of a food waste grinder (food waste disposal) or back flow preventer and the replacement or repair of a sump pump;

4. The replacement of closet bends;

5. In residential buildings occupied by fewer than six families, the replacement of a gas water heater or a gas fired boiler with a capacity of 350,000 BTU or less where the existing appliance gas cock is not moved, provided that the plumber has inspected the chimney and found it to be in good operational condition;

6. The repair or replacement of any non-gas, non-fire suppression piping not longer than 10 feet (3048 mm) inside a building, or connected piping previously repaired or replaced under this provision; and

7. The repair or replacement of branch piping after the riser shutoff valve, including the replacement of fixtures, limited to two bathrooms and one kitchen per building per monthly reporting period.

§28-106.2.5 Sign permits: A sign permit shall not be required where the sign is:

1. Painted directly on the exterior wall surface of a building or on the surface of a fence.

2. A wall sign of not more than six square feet in area.

3. Erected by employees of a city agency, including traffic and other similar signs.

4. A ground sign advertising the sale or rental of the premises on which it is erected, provided the sign does not exceed twelve square feet in area.

5. Temporary and erected during construction work and related thereto.

6. Temporary for special decorative display use for holidays, public demonstrations, or the promotion of civic, welfare or charitable purposes, except that signs that utilize streets or cross streets shall be subject to the requirements of the department of transportation.

§28-106.3 Application for permit. All applications for permits shall be submitted on forms furnished by the department and shall include applicable construction documents required by this code, other applicable law or the rules of the department.

§28-106.3.1 Special provisions for foundation and earthwork permits. Applications for foundation and earthwork shall include:

1. Proof that at least five days prior written notice of the permit application has been given by the applicant to the owners of all adjoining lots, buildings and service facilities that may be affected by the proposed foundation work or earthwork operations;

2. Satisfactory evidence that the property is free from any lien for unpaid city taxes, assessments, water rates, bail bonds, or judgments obtained by the city, together with consent in writing of the mortgagee, if there is a mortgagee upon the property, and the consent in writing of the surrogate's court or supreme court, if the owner of the property is a minor or incompetent.

3. Notice to the department, 48 hours prior to the commencement of foundation or earthwork.

§28-106.3.2 Special provisions for demolition permits. Applications for demolition permits shall include:

1. Utility certifications. Certifications by the respective utility companies or governmental agencies having jurisdiction that all gas, electric, water, steam and other service lines to the building have been disconnected as provided for in the New York city building code.

2. Notice to adjoining owners. Proof that at least fifteen days and no more than ninety days prior written notice of the permit application has been given by the applicant to the owners of all adjoining lots, buildings and service facilities that may be affected by the proposed demolition work.

3. Certification of rodent extermination. Certification in accordance with department rules that the building has been treated effectively for rodent extermination.

4. Notice to department. The permit holder shall provide the department with 48 hours notice prior to the commencement of demolition work.

§28-106.3.3 SPECIAL PROVISIONS FOR SIGNS. SIGN PERMITS SHALL BE SUBJECT TO THE FOLLOWING SPECIAL PROVISIONS:

1. EVERY SIGN PERMIT SHALL HAVE AN IDENTIFICATION NUMBER.

2. THE CHANGING OF COPY ON A SIGN NOT PERMITTED FOR CHANGEABLE COPY OR ANY STRUCTURAL CHANGE OF THE SIGN OR SIGN STRUCTURE SHALL REQUIRE A NEW PERMIT PURSUANT TO THIS CODE. NO PERMIT FOR THE ERECTION, ALTERATION OR INSTALLATION OF A SIGN OR SIGN STRUCTURE ISSUED PURSUANT TO THIS CODE SHALL BE DEEMED TO CONSTITUTE PERMISSION OR AUTHORIZATION TO MAINTAIN A SIGN THAT WOULD OTHERWISE BE ILLEGAL WITHOUT A MAINTENANCE PERMIT FOR AN OUTDOOR SIGN AS REQUIRED PURSUANT TO THIS CODE OR THAT IS OTHERWISE ILLEGAL PURSUANT TO ANY OTHER PROVISION OF LAW NOR SHALL ANY PERMIT ISSUED HEREUNDER CONSTITUTE A DEFENSE IN AN ACTION OR PROCEEDING WITH RESPECT TO SUCH AN UNLAWFUL SIGN.

3. The application shall be accompanied by the name and business address of the licensed sign hanger who is to perform or supervise the proposed work.

4. If the sign or sign location is under the control of an outdoor advertising company, as defined in this code, the application shall be accompanied by the name and, where provided by rule, the registration number of such outdoor advertising company.

§28-106.3.4 Special provisions for construction equipment permits. Construction equipment permits shall be subject to the following special provisions:

1. Each applicant for a permit shall state the particular reason that the particular equipment is needed.

2. The term of such permit shall be one year, or the expiration of the contractor's insurance, if such time period is less than one year and shall be renewable.

3. WHERE A PERMIT AUTHORIZES THE ERECTION OF A SIDEWALK SHED IN CONNECTION WITH THE ALTERATION OF A BUILDING, SUCH PERMIT SHALL BE RENEWABLE ONLY UPON THE SUBMISSION OF A REPORT, ACCEPTABLE TO THE COMMISSIONER, OF AN ARCHITECT OR ENGINEER WHO HAS CONDUCTED A THOROUGH EXAMINATION OF THAT PART OF THE PREMISES ON WHICH THE APPLICABLE WORK IS BEING CONDUCTED. SUCH REPORT SHALL CLEARLY DOCUMENT THE CONDITION OF THE APPLICABLE PART OF THE PREMISES AND THE SCOPE OF WORK THAT HAS BEEN PERFORMED THEREON SINCE THE ISSUANCE OF THE PERMIT AND SHALL PROVIDE AN ESTIMATE OF THE ADDITIONAL TIME NEEDED TO COMPLETE THE WORK. PERMIT RENEWAL APPLICATIONS FOR SIDEWALK SHEDS SHALL INCLUDE THE NAME AND ADDRESS OF THE OWNER OF THE PREMISES.

§28-106.3.5 Special provisions for permits involving mandatory sewer and catch basin work. Applications for mandatory sewer or catch basin work shall comply with the following:

1. Certification. An applicant for a permit who is required pursuant to section 24-526 of the administrative code to construct or repair defects in sewers or catch basins that lie outside the property shall submit certification from the department of environmental protection that the applicant or owner has provided the department of environmental protection with:

1.1. A performance bond or other security satisfactory to the department of environmental protection and approved as to form by the law department of the city for the full cost, as estimated by such department, of constructing the part of the storm water drainage system for such property which shall lie outside the property and repairing defects in such construction, if and as required by section 24-526 of the administrative code;

1.2. A license or other written instrument that the department of environmental protection or the law department of the city may reasonably request that gives the department of environmental protection, its agents and contractors the surety for a performance bond described in 1.1 above the legal right to enter private property to perform the work described in 1.1 above, pursuant to the terms of the performance bond or in accordance with the conditions of acceptance of other security described

in 1.1 above, and the legal right to connect to, to extend or to discharge storm water into any private sewer authorized as a point of disposal pursuant to section 24-526 of the administrative code, in the event that the owner of property fails to do so, if and as required pursuant to section 24-526 of the administrative code;

1.3. Insurance of a kind and in an amount that the department of environmental protection and the law department of the city deem satisfactory to insure the city fully for all risks of loss, damage to property or injury to or death of persons to whomever occurring, arising out of or in connection with the performance of all work described in this section.

2. City obligations. The provisions of this section shall not be construed to abrogate or contravene any contractual obligation of the city to construct storm water drainage systems or parts thereof. The requirements of this section shall be inapplicable to an application for a new building insofar as they relate to any construction work required to be performed by the city pursuant to such a contractual obligation.

§28-106.3.6 Insurance. Where required by this code or by the department, applications shall include proof of insurance, including workers compensation, employee disability, and liability.

§28-106.3.7 Site safety plan. Where required by this code or by the department, applications shall include a site safety plan.

§28-106.4 Fees. Applications for permits shall be accompanied by the payment of appropriate fees as provided for in section 28-126.

§28-106.5 Time limitation of applications. An application for a permit shall be deemed to have been abandoned twelve months after the date of its submission, unless such application has been diligently prosecuted after rejection in whole or in part, or a permit shall have been issued except that the commissioner may, for reasonable cause, and upon payment of all reinstatement fees as provided for in this code, grant extensions of time for additional twelve month periods.

§28-106.6 Validity of Permit. The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code or of any other law. Permits presuming to give authority to violate or cancel the provisions of this code or other law shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the commissioner from requiring the correction of errors in the construction documents and other data. The commissioner is also authorized to prevent occupancy or use of a structure where in violation of this code or of any other laws or rules enforced by the department.

§28-106.6.1 Duration of Permit. Permits may be issued for a period of up to two years unless otherwise limited by law.

28-106.6.2 Signature of commissioner on permit. Every permit issued by the commissioner shall have his or her signature affixed thereto; but the commissioner may authorize any subordinate to affix such signature.

§28-106.7 EXPIRATION. ALL PERMITS ISSUED BY THE COMMISSIONER SHALL EXPIRE BY LIMITATION AND BECOME INVALID IF THE PERMITTED WORK OR USE IS NOT COMMENCED WITHIN TWELVE MONTHS FROM THE DATE OF ISSUANCE OF THE PERMIT OR, IF COMMENCED, IS SUSPENDED OR ABANDONED FOR A PERIOD OF TWELVE MONTHS THEREAFTER. ALL PERMITS FOR WORK IN A SPECIAL FLOOD HAZARD AREA PURSUANT TO THE NEW YORK CITY BUILDING CODE SHALL EXPIRE IF THE ACTUAL START OF PERMANENT CONSTRUCTION HAS NOT OCCURRED WITHIN ONE HUNDRED EIGHTY-EIGHT DAYS FROM THE DATE ON WHICH SUCH PERMIT IS ISSUED. THE COMMISSIONER MAY, HOWEVER, UPON GOOD CAUSE SHOWN, REINSTATE A WORK PERMIT AT ANY TIME WITHIN A PERIOD OF TWO YEARS FROM THE DATE OF ISSUANCE OF THE ORIGINAL PERMIT, PROVIDED THAT THE WORK SHALL COMPLY WITH ALL THE REQUIREMENTS OF THIS CODE AND OTHER APPLICABLE LAWS AND RULES IN EFFECT AT THE TIME APPLICATION FOR REINSTATEMENT IS MADE, AND PROVIDED FURTHER THAT THE APPLICANT SHALL PAY ALL REINSTATEMENT FEES AS REQUIRED BY SECTION 28-126.

§28-106.8 Suspension or revocation of permit. The commissioner is authorized to suspend or revoke a permit issued under the provisions of this code as follows:

§28-106.8.1 Notice of proposed revocation. The commissioner may, on written notice to the permit holder, revoke any permit for failure to comply with the provisions of this code or other applicable laws or rules; or whenever there has been any false statement or any misrepresentation as to a material fact in the application for permit approval upon the basis of which such approval was issued; or whenever a permit has been issued in error and conditions are such that the permit should not have been issued. Such notice shall inform the permit holder of the reasons for the proposed revocation and that he or she has the right to present to the commissioner or his or her representative within 10 business days of delivery of the notice by hand or 15 calendar days of the posting of notice by mail, information as to why the permit should not be revoked.

§28-106.8.2 Immediate suspension in cases of imminent peril. The commissioner may immediately suspend any permit without prior notice to the permit holder when the commissioner has determined that an imminent peril to life or property exists. The commissioner shall forthwith notify the permit holder that the permit has been suspended and the reasons therefore, that it is proposed to be revoked, and that the permit holder has the right to present to the commissioner or his or her representative within 10 business days of delivery of the notice by hand or 15 calendar days of the posting of notice by mail information as to why the permit should not be revoked.

§28-106.9 Posting of permit. The building permit or copy shall be posted in a conspicuous place at the work site, open to public inspection during the entire time of the prosecution of the work or the use and operation of the equipment, or until the expiration of the permit. No such permit shall be posted or displayed at any location other than the location of the premises or equipment for which the permit was issued.

§28-106.10 Conditions of permit. Permits shall be subject to the following conditions:

§28-106.10.1 Compliance with code. Permits shall be deemed to incorporate the provisions that the applicant, the owner, their agents, employees, and contractors shall carry out the permitted work or use in accordance with the provisions of this code and other applicable laws or rules, whether specified or not, except as variations have been legally permitted or authorized.

§28-106.10.2 Compliance with construction documents. All work shall conform to the approved plans and documents, and any approved amendments thereto. Changes and revisions during the course of construction shall conform to the amendment requirements of this code.

§28-106.10.3 ADHERENCE TO LOT DIAGRAM. ALL WORK SHALL BE STRICTLY LOCATED IN ACCORDANCE WITH THE LOT DIAGRAM APPROVED IN ACCORDANCE WITH THIS CODE AND NO LOT OR PLOT SHALL BE CHANGED, INCREASED OR DIMINISHED IN AREA FROM THAT SHOWN ON THE APPROVED LOT DIAGRAM, UNLESS AND UNTIL A REVISED DIAGRAM SHOWING SUCH CHANGES, ACCOMPANIED BY THE NECESSARY STATEMENT OF THE OWNER OR APPLICANT, SHALL HAVE BEEN SUBMITTED TO AND APPROVED BY THE COMMISSIONER.

§28-106.10.4 COMPLIANCE WITH SAFETY REQUIREMENTS. ALL WORK SHALL BE CONDUCTED IN ACCORDANCE WITH AND SUBJECT TO THE SAFETY REQUIREMENTS OF THIS CODE AND OTHER APPLICABLE LAWS OR RULES, INCLUDING ANY ORDER OR REQUIREMENT OF THE COMMISSIONER THAT THE BUILDING OR STRUCTURE UNDER CONSTRUCTION OR ALTERATION BE VACATED, IN WHOLE OR IN PART, DURING THE PROGRESS OF THE WORK AND UNTIL THE ISSUANCE OF A CERTIFICATE OF OCCUPANCY. ADJOINING LOTS AND PROPERTIES SHALL BE PROTECTED IN ACCORDANCE WITH THE NEW YORK CITY BUILDING CODE.

§28-106.10.5 HOURS OF CONSTRUCTION OPERATIONS. ALL WORK SHALL BE PERFORMED IN COMPLIANCE WITH THE PROVISIONS OF SECTION 24-224 OF THE ADMINISTRATIVE CODE. FAILURE TO COMPLY WITH SUCH PROVISIONS SHALL BE A VIOLATION OF THIS CODE.

SECTION 107
CONSTRUCTION DOCUMENTS

§28-107.1 General. The department shall not issue a permit pursuant to this code, or a place of assembly operation certificate pursuant to this code unless and until it approves or accepts all required construction documents for such work. The department shall not issue an electrical work permit pursuant to the New York city electrical code for fire and emergency alarm systems unless and until it approves or accepts all required construction documents for such work. Such construction

documents shall be prepared by or under the supervision of an architect or engineer as required by this code.

§28-107.2 Definitions. The following words and terms shall, for the purposes of this section and elsewhere in the code, have the meanings shown herein.

CONSTRUCTION DOCUMENTS. Completed application forms submitted with any other required written, graphic and pictorial documents, prepared or assembled for describing the design, location and physical characteristics of the elements of a project, including special inspection and other data, that demonstrate compliance with the code or other applicable laws and rules. Where required by this code or by the department, construction documents shall also include certifications or approvals from other governmental agencies.

CONSTRUCTION DOCUMENT ACCEPTANCE. The acceptance by the department of submitted construction documents certified by an architect or engineer as complying with this code and other applicable laws and rules.

CONSTRUCTION DOCUMENT APPROVAL. The determination by the department that submitted construction documents comply with this code and other applicable laws and rules.

FIRE PROTECTION PLAN. A report containing a narrative description of the life and fire safety systems and evacuation system for a structure, in accordance with this code.

LIMITED PLUMBING ALTERATIONS. An alteration to a plumbing system where the total cost of the proposed work in the building does not exceed $25,000 in any 12 month period and the proposed work comprises any of the following:

1. The installation of new plumbing or gas piping, or the rerouting of existing plumbing or gas piping;

2. The addition of not more than two plumbing fixtures or fixture connections;

3. The mounting of new plumbing fixtures on existing roughings, other than the mere replacement of existing fixtures constituting a minor alteration or ordinary repair under this code;

4. The installation or replacement of backflow preventers.

LIMITED SPRINKLER ALTERATIONS. An alteration to an existing sprinkler system where the total cost of the proposed work in the building does not exceed $25,000 in any 12 month period and the proposed work comprises any of the following:

1. Replacement of parts required for the operation of a sprinkler system;

2. Replacement of sprinkler heads, provided that orifice sizes, type and deflector positions remain the same;

3. Changes that do not alter the type of sprinkler system;

4. Relocation of piping that does not affect the operation of the sprinkler system;

5. Rearrangement of not more than 20 sprinkler heads in areas presently sprinklered in light hazard occupancy, as such term is defined in reference standards, which will remain in such occupancy, provided that the addition of sprinkler heads in existing systems shall be limited to light hazard occupancies in rooms or spaces not exceeding 800 sq. ft (74.3 m2) requiring only one head with the maximum spacing allowed by the code, and provided that the number of new heads does not exceed a total of five.

LIMITED STANDPIPE ALTERATIONS. An alteration to an existing standpipe system where the total cost of the proposed work in the building does not exceed $25,000 in any 12 month period and the proposed work comprises any of the following:

1. Replacement of parts required for the operation of a combined standpipe system;

2. Relocation of combined standpipe auxiliary hose sources and cabinets within 10 ft (3 m) of their original location, provided that the existing covered area is not affected and provided that such relocation complies with this code for a new installation.

§28-107.3 Examination of documents. All construction documents and any amendments thereto filed with the department shall be numbered, docketed and examined promptly after their submission. The examination shall be made under the direction of the commissioner for compliance with the provisions of this code and other applicable laws and rules. The commissioner may, at his or her discretion, when the applicant is an architect or engineer, accept the construction documents without examination or with such limited supervisory check by the department as the commissioner finds necessary. The personnel employed for examination of plans shall be qualified engineers or architects experienced in building construction and design.

§28-107.3.1 Approval and acceptance of construction documents. All construction documents, when approved or accepted, shall be stamped or endorsed approved or accepted under the official method of the department, followed by a notation of the date of construction document approval or acceptance. One set of such plans shall be retained by the department.

§28-107.3.2 Time limitation of application. An application shall be deemed to have been abandoned twelve months after date of submission, unless such application has been diligently prosecuted after rejection in whole or in part, or unless a permit shall have been issued pursuant to this code, except that the commissioner may upon application, for reasonable cause, grant extensions of time for additional twelve month periods.

§28-107.3.3 Conditions of approval. All construction documents approved or accepted by the commissioner shall be subject to compliance with the requirements of this code and other applicable laws and rules in effect at the time of issuance of the associated work permit code or public assembly operation certificate.

§28-107.3.4 Phased or partial approval. In the case of plans for the construction of new buildings or alteration of existing buildings, the commissioner may grant partial approval or acceptance for the issuance of foundation and earthwork permits before the construction documents for the entire building or structure have been submitted. The approval or acceptance of such partial applications will be subject to the submittal, and approval or acceptance, of construction documents, filed together or separately, comprising:

1. The lot diagram and calculations showing compliance with the zoning resolution, as provided for in this code.

2. The foundation plans, as provided for in this code.

3. The floor and roof plans showing compliance with exit requirements, as provided for in this code. The owner and the holder of such permit for the foundation or other partial work shall proceed at their own risk with the construction operation and without assurance that a permit for the entire structure will be granted.

§28-107.3.5 Deferred submittals. For the purposes of section 28-107, deferred submittals are defined as those portions of the design or construction documents that are not submitted at the time of the application and that are to be submitted to the department within a specified period. Deferral of any submittal items shall have the prior approval of the commissioner. The applicant shall list the deferred submittals on the construction documents for review by the commissioner. The deferred submittal items shall not be installed until the design and submittal documents have been approved or accepted by the department.

§28-107.3.6 Time period for review. Completed construction documents complying with the provisions of this code and other applicable laws and rules shall be approved or accepted by the commissioner and written notice of approval or acceptance shall be given the applicant promptly and no later than forty calendar days after the submission thereof.

Exceptions:

1. On or before the fortieth day, the commissioner may for good cause shown, and upon notification to the applicant, extend such times for an additional twenty calendar days.

2. Such time period for review shall commence in accordance with section 28-120 for single room occupancy multiple dwellings.

§28-107.3.7 Notification of rejection. Applications failing to comply with the provisions of this code and other applicable laws and rules shall be rejected and written notice of rejection, stating the grounds of rejection, shall be given the applicant promptly and not later than the date required in section 28-107.3.6.

§28-107.3.8 Resubmission. Whenever an application has been rejected and is thereafter revised and resubmitted to meet stated grounds of rejection, the revised application and plans shall be approved or accepted if they meet the stated grounds of rejection, or shall be rejected if they fail to meet the stated grounds of rejection; and written notice of approval or acceptance or written notice of rejection, stating the grounds of rejection, shall be given the applicant promptly and not later than twenty calendar days after the resubmission thereof.

§28-107.3.9 Notice of proposed revocation of approval or acceptance. The commissioner may, on notice to the applicant, revoke any approval or acceptance for failure to comply with the provisions of this code or other applicable laws or rules; or whenever there has been any false statement or any misrepresentation as to a material fact in the application for approval or acceptance upon the basis of which such approval or acceptance was issued; or whenever an approval or acceptance has been issued in error and conditions are such that approval or acceptance should not have been issued. Such notice shall inform the applicant of the reasons for the proposed revocation and that he or she has the right to present to the commissioner or his or her representative within 10 business days of personal service or 15 calendar days of the posting of service by mail, information as to why the approval or acceptance should not be revoked.

§28-107.3.9.1 IMMEDIATE SUSPENSION IN CASES OF IMMINENT PERIL. THE COMMISSIONER MAY IMMEDIATELY SUSPEND ANY APPROVAL OR ACCEPTANCE WITHOUT PRIOR NOTICE TO THE APPLICANT WHEN THE COMMISSIONER HAS DETERMINED THAT AN IMMINENT PERIL TO LIFE OR PROPERTY EXISTS. THE COMMISSIONER SHALL FORTHWITH NOTIFY THE APPLICANT THAT THE APPROVAL OR ACCEPTANCE IS PROPOSED TO BE REVOKED AND THE REASONS THEREFORE AND THAT THE APPLICANT HAS THE RIGHT TO PRESENT TO THE COMMISSIONER OR HIS OR HER REPRESENTATIVE WITHIN 10 BUSINESS DAYS OF PERSONAL SERVICE OR 15 CALENDAR DAYS OF THE POSTING OF SERVICE BY MAIL INFORMATION AS TO WHY THE APPROVAL OR ACCEPTANCE SHOULD NOT BE REVOKED.

§28-107.3.9.2 Effect on work permit. The effect of revocation of approval or acceptance is the automatic revocation of all work permits thereunder.

§28-107.4 Amended construction documents. Subject to the time limitations set forth in this code, amendments to applications shall be submitted, reviewed and approved or accepted before the final inspection of the work or equipment is completed; and such amendments shall be deemed part of the original application. Minor changes and revisions may be submitted after the completion of work; all other changes shall be filed as amendments in a timely manner prior to or during the course of construction.

§28-107.5 Place of filing. Except as otherwise provided by rule, applications shall be filed in the department office in the borough in which the work or equipment is located or at the discretion of the commissioner may be submitted electronically.

§28-107.6 Fees. Filing fees shall be paid as required by section 28-126.

§28-107.7 Applicant. The applicant shall be the architect or engineer who prepared or supervised the preparation of the construction documents on behalf of the owner.

Exception: The applicant may be other than an architect or engineer for:

1. Limited plumbing alterations, limited sprinkler alterations, and limited standpipe alterations, where the applicant is licensed to perform such work pursuant to this code;

2. Demolition applications, where the applicant is the demolition contractor performing such demolition;

3. Other categories of work consistent with rules promulgated by the commissioner.

§28-107.7.1 Filing representative. Only persons authorized pursuant to this code may, on behalf of the owner or the applicant, present, submit, furnish or seek approval of applications or remove any documents from the possession of the department.

SECTION 108
SUBMITTAL OF CONSTRUCTION DOCUMENTS

§28-108.1 Submittal of construction documents. All construction documents submitted to the department as part of an application for a permit shall contain such information and shall be in such form as shall be set forth in this section.

1. Forms. Construction documents shall be submitted on or be accompanied by forms provided by the department.

2. Media. Construction documents shall be printed upon suitable material, or presented as electronic media documents in accordance with rules promulgated by the commissioner.

3. Quantities. The applicant shall submit the number of copies of construction documents as the commissioner shall require.

4. Scope. Construction documents including plans shall be complete and of sufficient clarity to indicate the location and entire nature and extent of the work proposed, and shall show in detail that they conform to the provisions of this code and other applicable laws and rules; if there exist practical difficulties in the way of carrying out the strict letter of the code, laws or rules, the applicant shall set forth the nature of such difficulties.

City Datum. All elevations noted in the construction documents shall be referred to and clearly identified as the United States coast and geodetic survey mean sea level datum of 1929 (national geodetic vertical datum, "NGVD"), which is hereby established as the city datum. By way of examples, tables 108.8.5.1 through 108.8.5.5 shall be used to convert borough elevations to their corresponding equivalent NGVD elevations.

6. Additional information. In addition to the data and information specified in this code and under the rules of the department, the commissioner is authorized to require the submission of additional plans, surveys, computations, test reports, photographs, and such other data and information as may be necessary to comply with the code and other applicable laws and rules.

7. Waiver of certain documents. The commissioner is authorized to waive the submission of any of the required construction documents if review of such documents is not necessary to obtain compliance with this code.

§28-108.2 Applications. All applications shall contain a general description of the proposed work and other pertinent information as the commissioner may require.

§28-108.2.1 Applicant statements. The application shall contain signed statements by the applicant:

1. Stating that the applicant is authorized by the owner to make the application and certifying that, to the best of the applicant's knowledge and belief, the construction documents comply with the provisions of this code and other applicable laws and rules; if there exist practical difficulties in the way of carrying out the strict letter of the code, laws or rules, the applicant shall set forth the nature of such difficulties in such signed statement; and

2. Certifying (i) that the site of the building to be altered or demolished, or the site of the new building to be constructed, contains no occupied housing accommodations subject to rent control or rent stabilization under chapters 3 and 4 of title 26 of the administrative code, or (ii) that the owner has notified the New York state division of housing and community renewal of the owner's intention to file such plans and has complied with all requirements imposed by the regulations of such agency as preconditions for such filing; or (iii) that the owner has not notified such agency of the owner's intention to file because the nature and scope of the work proposed, pursuant to such regulations, does not trigger a requirement for notification.

§28-108.2.2 Owner statement. The application shall contain a signed statement by the owner, cooperative owners' corporation, or condominium owners' association stating that the applicant is authorized to make the application. Such statement shall list the owner's full name and address, as well as the names of the principal officers, partners or other principals if a corporation, partnership or other entity, where the principal officers of a corporation include the president, vice presidents, secretary and treasurer.

§28-108.2.3 Information of applicant, filing representative, and owner. The application shall set forth the full names, addresses, telephone numbers, and where available, e-mail addresses of the following persons and where any of such persons are corporations, partnerships or other business entities, the names and addresses of the principal officers, partners or other principals of such entity:

1. The applicant,

2. The filing representative,

3. The owner, cooperative owners' corporation, or condominium owners' association, and

4. Where a person other than the owner has engaged the applicant, such cooperative unit shareholder, condominium unit owner, lessee, or mortgagee.

§28-108.2.4 Identification of materials, equipment, assemblies and devices. All materials, equipment, assemblies and devices required to be approved or accepted shall be described and identified in the application by their make, model number, and approval number or other identifying information.

§28-108.2.5 Energy conservation code. The application shall contain information required to demonstrate compliance with the energy conservation construction code of New York state.

SECTION 109
NEW BUILDING APPLICATIONS

§28-109.1 Plans for new buildings. In addition to the requirements otherwise prescribed, all applications for new buildings shall include architectural, structural, and mechanical plans complying with this section.

§28-109.2 General plan requirements. The following provisions shall apply to plans for new buildings:

1. Scope. Plans submitted shall be complete and of sufficient clarity to indicate the location and entire nature and extent of the work proposed and show in detail that such plans will conform to the provisions of this code and other

applicable laws and rules.

2. Composite plans. Composite plans showing architectural, structural, and mechanical parts of a building may be submitted provided that a clear understanding of each part is not impaired.
3. Multiple building developments. The same set of plans may be used for several buildings of the same construction, if such buildings are located on adjoining lots under the same ownership, and if construction document approval applications therefore are filed simultaneously.
4. Format. All such plans shall be drawn to suitable scale and shall be reproduced upon media as the commissioner may require.
5. Preparer. Each plan or drawing shall contain the registration number, seal, signature (or equivalent as approved by the commissioner) and address of the architect or engineer who prepared or supervised the preparation of the plans.
6. Identification of special inspections. Whenever equipment, materials, assemblies, forms, or methods of construction are subject to special inspection, as provided in this code, all such equipment, materials, assemblies, forms, or methods of construction shall be listed on the title sheet of the plans, or the sheet immediately following, as subject to special inspection.
7. Citations to code sections required. In no case shall terms such as "code compliant," "approved," "legal" or similar terms be used in the construction documents as a substitute for specific reference to a particular code section, approval, or standard in order to show compliance with code requirements or other applicable laws and rules.

§28-109.3 Architectural plans for new buildings. Architectural plans for new buildings shall include the following data and information:

1. Lot diagram. A diagram showing compliance with the New York city zoning resolution, indicating: the size, height, and location of the proposed construction including parking and curb cuts; all existing structures on the zoning lot and their distances from lot and street lines; the established grade and existing curb elevations; and the final grade elevations of the site shown by contours or spot grades at reasonable intervals. The lot diagram shall be drawn in accordance with an accurate boundary survey, made by a licensed surveyor, which shall be attached to and form part of the application. Zoning calculations shall accompany the lot diagram with citation to the relevant sections of the New York city zoning resolution.
2. Building classification. A statement or notation as to the occupancy group or groups that apply to the building and all parts thereof, the construction class of the building, the height of the building, whether the building is inside or outside of the fire districts, and, for multiple dwellings, the multiple dwelling classification as established by the New York state multiple dwelling law.
3. Egress plans. Floor and roof plans showing compliance with exit requirements, with sufficient notations indicating egress features and complete egress analysis as required by this code.
4. Detailed drawings. Detailed drawings of all architectural elements of the building necessary to show compliance with the code, including but not limited to those door, window and interior finish schedules, and other details necessary to substantiate all required fire-protection characteristics, and other details demonstrating compliance with the accessibility requirements of this code. Site safety features shall be shown where applicable.

   Exception: Where a curtain wall system is to be employed containing elements that are normally detailed on shop or working drawings, approval or acceptance of construction documents shall be conditioned upon future submission of such shop or working drawings showing the approval of an architect or engineer with regard to such elements, or of a signed statement by an architect or engineer to the effect that such drawings were prepared to his or her satisfaction. In such cases, the construction document requirement for the New York state energy conservation construction code related to such curtain wall may be submitted with such future submission.

§28-109.4 Structural plans for new buildings. Structural plans for new buildings shall include the data and information described in sections 28-109.4.1 through 28-109.4.8.

Exceptions:

1. Where structural elements addressed by sections 28-109.4.1 through 28-109.4.8 are normally detailed on shop or working drawings, approval or acceptance of construction documents shall be conditioned upon future submission of such shop or working drawings showing the approval of an architect or engineer with regard to such elements, or of a signed statement by an architect or engineer to the effect that such drawings were prepared to his or her satisfaction.
2. In cases where the detailing of structural elements addressed by sections 28-109.4.1 through 28-109.4.8 has been made on the basis of fire-resistance ratings, load tables, or similar data as given in manufacturer's catalogues, approval or acceptance of construction documents shall be conditional upon submission of a statement by the manufacturer, or of other supporting documentary evidence of accreditation furnished by the manufacturer, attesting to the accuracy of the data and stating that such data were derived in conformance with the provisions of this code. Where the detailing of structural elements has been made on the basis of data published in technical documents of recognized authority issued by, or accredited by, the agency or association promulgating the applicable reference standard cited in this code, such statements will not be required.

§28-109.4.1 Foundation plans. Foundation plans shall show compliance with the requirements of this code regarding foundation design and shall show the plan locations, design elevations of the bottoms, and details as to sizes, reinforcements, and construction of all footings, piers, foundation walls, pile groups, and pile caps. The levels of footings of adjacent structures shall be indicated or, if the adjacent structures are pile supported, this shall be so stated. Where applicable, the plans shall include underpinning details. In addition, there shall be a statement indicating the character and minimum class of the soil strata required for the support of the foundation; the allowable soil pressure used for the design of footings; and the character, class, and presumptive bearing capacity of the bearing stratum to which piling is required to penetrate. The types and design capacities of piling and the records of required borings or test pits shall also be shown.

§28-109.4.2 Floor plans. Floor plans and sections showing all structural requirements shall be provided for all levels.

§28-109.4.3 Detailed drawings. Drawings showing sizes, sections, and locations of members, and such other information as may be required to indicate clearly all structural elements and special structural engineering features.

§28-109.4.4 Calculations. A tabulation of the vertical live loads, both uniform and concentrated (including allowances of partition loads), used in the design of the several areas and levels of the building. The locations and loads of each piece of machinery and equipment having a weight in excess of one thousand pounds shall be noted.

§28-109.4.5 Column schedules. Schedules showing the design load contributed by the framing at any level and the total accumulated design load at each level.

§28-109.4.6 Truss forces. Where trusses are employed, a diagram or table indicating the loads or moments in the various members under the design loading conditions. The requirement for a diagram or table will be waived when the trusses consist of elements selected from load tables or similar data, subject to the requirements for verification described in this code.

§28-109.4.7 Prestressing forces. Where prestressed members are employed, a schedule or table showing the total prestressing forces and the method and sequence of application.

§28-109.4.8 Seismic design features. Details and analysis demonstrating compliance with seismic forces shall be shown on plans.

§28-109.5 Mechanical plans for new buildings. Mechanical plans for new buildings shall include the following:

1. Scope. The plans shall indicate the plumbing, heating, ventilating, refrigeration, and other mechanical work to be performed, so drawn as to conform to the architectural and structural aspects of the building and to show in detail compliance with the New York city plumbing code, fuel gas code, and mechanical code. If desired, plans may be composite plans showing one or more types of systems on each plan, provided that a clear understanding of each system shown is not thereby impaired.

2. Detailed plans and data. Details for each type of work to be performed, and for each type of equipment to be installed shall be shown, as provided in the section 28-113 (plumbing applications), section 28-115 (service equipment applications), section 28-116 (fire suppression piping system applications), and section 28-117 (fire and emergency alarm system applications).

3. Public sewer. In the event that a public sewer system is not available, alternate provisions for disposal of storm water and sanitary sewage shall be shown. If private sewers are to be constructed pursuant to subdivision b of section 1403 of the New York city charter, a copy of the sewer plan shall be included. If a private sewage treatment plant is to be constructed, a copy of plans of the plant approved by the New York city department of health and mental hygiene and the New York city department of environmental protection shall be included. If an individual on-site private sewage disposal system is to be installed, a site and subsoil evaluation indicating that the site and subsoil conditions comply with the applicable law and rules shall be included.

SECTION 110
ALTERATIONS

§28-110.1 Plans for alteration work. In addition to the requirements otherwise prescribed, alteration applications shall include such architectural, structural, and mechanical plans as may be necessary to indicate completely and with sufficient clarity the location and entire nature and extent of the work proposed and show in detail that it will conform to the provisions of this code and other applicable laws and rules. To the extent necessary, all plans for the alteration of a building shall be subject to and shall comply with the plan requirements of section 28-109.

§28-110.1.1 Enlargements. Applications for enlargements shall demonstrate:

1. Sewers. Whenever an alteration increases impervious surfaces on the lot by greater than 20%, the applicant shall submit information as to the availability of a public sewer system, as well as the adequacy of any existing system for the disposal of storm water by any means other than storm or combined sewers.

   Exception: Where the total area of impervious surfaces after the alteration is less than or equal to 1000 square feet (93m^2).
2. Survey. Where an alteration will result in an increase in floor area or increase in foundations, an existing conditions survey complying with this code shall be provided.

§28-110.2 Alteration of buildings containing occupied dwelling units. Construction

documents for alterations of buildings in which any dwelling unit will be occupied during construction shall include a "Tenant Protection Plan." Such plan shall indicate in sufficient detail the means and methods to be employed to safeguard the safety and health of the occupants, including, where applicable, details such as temporary fire-rated assemblies, opening protectives, or dust containment procedures. The elements of the tenant protection plan may vary depending on the nature and scope of the work but at a minimum shall make provisions for:

1. Egress. At all times in the course of construction provision shall be made for adequate egress as required by this code. Required egress shall not be obstructed at any time except where approved by the commissioner.
2. Fire safety. All necessary laws and controls as well as additional safety measures necessitated by the construction shall be strictly observed.
3. Health requirements. Indication of methods to be used for control of dust, disposal of construction debris, pest control and maintenance of sanitary facilities, and limitation of noise to acceptable levels shall be included.
   3.1 Indication of compliance with applicable provisions of law relating to lead and asbestos.
4. Services. Continuation of essential services as required by this code, the New York city housing maintenance code, and, where applicable, the New York state multiple dwelling law shall be included.
5. Structural safety. No work shall be done which may endanger the occupants due to structural work.
6. Noise restrictions. Where hours of the day or the days of the week in which construction work may be undertaken are limited pursuant to requirements of the department of environmental protection, such limitations shall be stated.

SECTION 111
FOUNDATION AND EARTHWORK APPLICATIONS

§28-111.1 Additional requirements for foundation and earthwork applications. In addition to the requirements otherwise prescribed, applications for foundation and earthwork shall be accompanied by the following:

1. A lot diagram;
2. Foundation plans, except that when the permit sought is solely for earthwork excavation or fill operations, the applicant shall submit, in lieu of foundation plans, plans showing the exact location, extent, and depth or height of the proposed excavation or fill operation and showing any protective railings or equipment required by this code.

SECTION 112
DEMOLITION WORK APPLICATIONS

§28-112.1 Demolition applications. In addition to the requirements otherwise prescribed, applications for demolition work shall comply with the following and shall be subject to applicable requirements of section 28-119 (asbestos investigation) and section 28-120 (single room occupancy multiple dwellings):

1. Archival photographs. Archival photographs shall be required in accordance with the following provisions:
   1.1. Number required. Applications shall contain two sets of photographs of the building or buildings to be demolished or removed. Both sets shall be received by the department on behalf of the New York city landmarks preservation commission and the New York city municipal archives division of the department of records and information services.
   1.2. Format. The photographs shall conform to the standards and specifications established by rules promulgated by the commissioner upon the advice of the commissioner of the New York city department of records and information services and the chairperson of the New York city landmarks preservation commission.
   Exceptions: Applications made on behalf of the New York city department of housing preservation and development or made pursuant to section 28-140 are exempt from the requirements of this section.

SECTION 113
PLUMBING WORK APPLICATIONS

§28-113.1 Plumbing applications. In addition to the requirements otherwise prescribed, applications for plumbing work shall contain plans that include the following data and information. Such plans shall not be required for limited plumbing alterations.

1. Diagrammatic plans. Single line or diagrammatic plans showing the location, layout, and spacing of all plumbing fixtures, the summation of plumbing loads, the size, location, and material for all building sewers and drains, and the soil, waste, vent, water, and gas distribution piping.
2. Floor plans. One floor plan for floors with typical layouts; and stack details shown on one drawing, provided that such details are clearly identified as to location and stack number.
3. Riser diagram. The riser diagram shall show story heights, all plumbing fixtures with diagrammatic arrangement of their connections to soil, waste, and vent piping, all soil, waste, and vent stacks from the point of connection with the building drain to their termination above the roof, all leader and storm water piping from the point of connection with the building drain to the roof drain, and all water and gas risers.
4. New plumbing systems. In the case of plans for new plumbing systems, and alterations of existing plumbing systems, plans shall indicate:
   4.1. The relative elevation of the lowest fixture referred to the city datum provided in section §28-106.8.5 and the approximate inside top of the public sewers;
   4.2. The number, size, and location of all proposed sewer connections and relative location and size of all water mains, leaders, and risers; and
   4.3. A statement from the New York city department of environmental protection, giving the minimum water pressure in the main serving the building.
5. Plans shall clearly indicate all appurtenant equipment, including, but not limited to, pumps, ejectors, water tanks, and piping.

SECTION 114
SIGN APPLICATIONS

§28-114.1 Sign applications. In addition to the requirements otherwise prescribed, applications for signs shall include the following data and information:

1. A sketch or drawing showing the size and location of the sign or sign installations in relation to the building or premises upon which the sign is or will be erected and showing compliance with the applicable sections of the zoning resolution and showing the copy, lettering and logos;
2. Detail drawings showing the dimensions, materials, and construction of the sign, its supporting members, and the foundation or anchorage thereof;
3. A tabulation or diagram of all loads and stresses;
4. For illuminated signs projecting beyond the street line, a statement from the department indicating that such department has received an application from a licensed electrician for the electrical work in connection with the installation of such signs;

SECTION 115
SERVICE EQUIPMENT APPLICATIONS

§28-115.1 Service equipment applications. In addition to the requirements otherwise prescribed, construction documents for service equipment applications shall comply with the following:

1. Air conditioning and ventilating systems. Applications for air conditioning and ventilating systems shall contain plans that include the following data and information:
   1.1. The location and sizes of all ducts; the location of all fire dampers, motors, fans, and filters; the type, air capacity, and size of all equipment; and where not shown on accompanying structural plans, the operating weight and manner of support of equipment.
   1.2. The locations of smoke detecting devices.
   1.3. The location and size of the fresh air intake, the design population, and the required ventilation for each room or space.
   1.4. The amount of air to be exhausted or supplied from each outlet for each room or space.
   1.5. In the case of ventilating or exhaust systems for ranges, fryers, ovens, and other similar types of restaurant or bakery equipment, for which a hood is required, the plans shall also show the type of extinguishing system, the location of heat detection devices, nozzles, piping, gas controls, manual and automatic control valves, method of joining ducts, method and location of discharging exhaust from building, the location of break-glass controls, and the quantity in cfm designed for each hood.
2. Elevators. Applications for elevator, escalator, moving walkway and stairway, dumbwaiter, and similar equipment shall contain plans that include the following data and information:
   2.1. The location of all machinery, switchboards, junction boxes, and reaction points, with loads indicated;
   2.2. The details of all hoistway conditions including bracket spacing;
   2.3. The estimated maximum vertical forces on the guide rails on application of the safety device;
   2.4. In the case of freight elevators for class B or C loading, the horizontal forces on the guide-rail faces during loading and unloading; and the estimated maximum horizontal forces in a postwise direction on the guide-rail faces on application of the safety device;
   2.5. The size and weight per foot of any rail reinforcements where provided; and
   2.6. Compliance with the accessibility features of this code.
3. Fuel-burning and fuel oil storage equipment. Applications for fuel-burning equipment, fuel-oil storage equipment, and fuel oil distribution piping shall contain plans that include the following data and information:
   3.1. The kind or grade of fuel to be used;
   3.2. The location, arrangement, size, load, and maximum capacity of the burning, storage and fuel-pumping equipment;
   3.3. The method or means of providing air to the equipment space, showing duct and opening sizes;
   3.4. The location, size, and materials for all breechings; the height and size of all chimneys and gas vents; the thickness and type of all insulation materials; and the clearances from combustible walls, partitions, and ceilings; the fire resistive rating of rooms or spaces containing the equipment; and
   3.5. Diagrams of all distribution piping, including vent and fill piping for oil systems, and all safety cut-off and relief devices and valves in piping; indications of the sizes of distribution piping to be used and the fire resistive ratings of the shafts or spaces containing distribution piping where required to be fire rated.
4. Refrigerating systems. Applications for refrigerating systems shall contain plans that include the following data and information:

4.1. The location of all machinery; the horsepower of compressors; the type and number of pounds of refrigerant to be used; and the air quantities for, and means of, ventilating the machinery space.
4.2. The location of emergency switches for compressors and for ventilation in the machinery rooms.
4.3. The location of pressure relief piping and any city water connections and water-saving devices.
4.4. The tonnage capacity of the machine and the suction and discharge pressures at which the machine is rated; and
4.5. The operating weight of the equipment.

5. Heating systems. Applications for heating systems shall contain plans that include the following data and information:
5.1. The temperature to be maintained in every room.
5.2. The amount of heat in BTU per hour to be provided in every room, and the output capacity in BTU per hour of the central heat sources.

6. Boilers. Applications for boiler installations and boiler alterations shall contain plans that include the following data and information:
6.1. The BTU per hour output capacity and operating weight of each boiler; and the pressure setting of the relief valves; and
6.2. Such other data and information as are required to be contained on plans for fuel-burning equipment, as provided for in this code.

SECTION 116
FIRE SUPPRESSION PIPING SYSTEMS

§28-116.1 Fire suppression piping system applications. In addition to the requirements otherwise prescribed, applications for fire suppression piping systems shall include a plot plan to scale indicating the location of the system in relation to the rest of the building and shall comply with the following. Such plans shall not be required in connection with applications for limited standpipe alterations and limited sprinkler alterations.

1. Standpipe systems. Applications for standpipe systems shall contain plans that include the following data and information:
1.1. The locations and sizes of all risers, cross-connections, hose racks, valves, siamese connections, sources of water supply, piping, and other essential features of the system;
1.2. A floor plan for each group of floors that have typical riser locations and no special features within such group of floor levels, with the indication in title block of such plan indicating clearly the floors to which the arrangement is applicable;
1.3. A riser diagram showing the essential features of the system, including the risers, cross-connections, valves, siamese connections, tanks, pumps, sources of water supply, pipe sizes, capacities, floor heights, zone pressures, and other essential data and features of the system; and
1.4. The available water pressure at the top and bottom floors of each zone, and at each floor where the weight pipe fittings change, shall be shown on the riser diagram. For street pressure-fed systems and fire pumps, a statement from the New York city department of environmental protection, giving the minimum water pressure in the main serving the building, shall be supplied.

2. Sprinkler systems. Applications for sprinkler systems, whether automatic or non-automatic, shall contain plans that include the following data and information:
2.1. The location and size of water supplies and the location, spacing, number, and type of sprinkler heads to be used, with approximate location and size of all feed mains, risers, valves, siamese connections and other essential features of the system.
2.2. A diagram showing the proposed sprinkler system in relation to principal construction features of the building, such as its size, walls, columns, and partitions; and such other information as may be necessary for the evaluation of the system.
2.3. The location, number, and type of any electrical or automatic devices or alarms to be used in the system.
2.4. The available water pressure at the top and bottom floors of each zone shall be shown on the riser diagram. For street pressure-fed systems and fire pumps, a statement from the department of environmental protection, giving the minimum water pressure in the main serving the building, shall be supplied.

3. Chemical or gaseous fire suppression piping systems. Applications for chemical or gaseous fire suppression piping system applications shall contain plans that include the following information data and information:
3.1. Location of all surface, plenum and duct nozzles; surface dimensions and location of all cooking appliances; the location of automatic fuel shut-off and statement as to type (gas or electric); location and distance of the remote control or manual pull station;
3.2. Identification of the grease filters to be used in any kitchen hood; the dimensions of all hoods and all related ducts, including termination of duct at the exterior of the building;
3.3. Identification of: the fire suppression piping system; the type of extinguishing agent and number and size of agent containers; size, length, and type of all piping that will be used; the number and location of all fusible links or detectors and the temperature setting; any surface, plenum and duct nozzles; and
3.4. For halon systems, the plan should also include type and concentration of the halon, the method of providing power supply to smoke or heat detectors, if a reserve supply is being provided, fire rating of partitions and if the area involved is sprinklered, location of all audible/visible alarms within and outside the location involved and the details of construction of the room to contain the halon.
3.5. For all such systems, plans shall include the approval of the New York city fire department.

Exception: For that portion of a fire suppression piping system within an approved pre-engineered system, a schematic isometric diagram shall be acceptable.

SECTION 117
FIRE AND EMERGENCY ALARM SYSTEMS

§28-117.1 Fire and emergency alarm system applications. In addition to the requirements otherwise prescribed, applications for fire and emergency alarm systems shall contain plans for fire alarm, carbon monoxide alarm and other emergency alarm or communication systems showing compliance with this code. Where plans require the approval of the New York city fire department approved plans shall be submitted.

SECTION 118
PLACE OF ASSEMBLY OPERATION CERTIFICATE

§28-118.1 Applications for place of assembly operation certificates. In addition to the requirements otherwise prescribed, applications for place of assembly operation certificates shall contain plans showing compliance with this code.

SECTION 119
ASBESTOS INVESTIGATION

§28-119.1 Asbestos investigation. In addition to the requirements otherwise prescribed, all applications for work on buildings constructed on or before April 1, 1987 shall include asbestos certifications, reports or removal plans as may be required by this section.

Exception: The commissioner may exempt categories of applications from the requirements of this section pursuant to rules promulgated by the commissioner in consultation with the commissioner of environmental protection.

§28-119.2 Demolition and alteration of buildings constructed on or before April 1, 1987. The commissioner shall not approve or accept an application for the demolition or alteration of a building constructed on or before April 1, 1987, unless the applicant submits (i) a certification from an asbestos investigator that the work to be performed will not constitute an asbestos project, (ii) an asbestos inspection report completed in accordance with the provisions of section 24-146.1 of the administrative code, or (iii) proof that an asbestos removal plan has been approved by the commissioner of the New York city department of environmental protection in accordance with section 24-146.1 of the administrative code.

§28-119.3 Asbestos project. The commissioner shall not approve or accept a work permit application for work that constitutes an asbestos project and for which an asbestos inspection report is required unless the applicant at the time of application and prior to approval or acceptance of the application certifies on forms prescribed by the commissioner of environmental protection that the applicant is familiar with federal, state and local laws and regulations applicable to asbestos related work.

§28-119.4 Definitions. For the purposes of this section, the terms "asbestos," "asbestos inspection report," "asbestos investigator," "asbestos project" and "asbestos removal plan" shall have the meanings as are ascribed in section 24-146.1 of the administrative code.

SECTION 120
ALTERATION OR DEMOLITION OF SINGLE ROOM OCCUPANCY MULTIPLE DWELLINGS

§28-120.1 Alteration or demolition of single room occupancy multiple dwellings. The commissioner shall not approve or accept a work permit application for the alteration or demolition of a single room occupancy multiple dwelling except as set forth in this section.

§28-120.2 Definitions. The following words and terms shall, for the purposes of this section and elsewhere in the code, have the meanings shown herein.
CLASS A, CLASS A MULTIPLE DWELLING, CLASS B, CLASS B MULTIPLE DWELLING, FURNISHED ROOM HOUSE, ROOMING UNIT, SINGLE ROOM OCCUPANCY. As such terms are defined in section 27-2004 of the New York city housing maintenance code.
SINGLE ROOM OCCUPANCY MULTIPLE DWELLING. A single room occupancy multiple dwelling means:

1. A "class A multiple dwelling" used in whole or part as a "rooming house" or "furnished room house," or for "single room occupancy" pursuant to section 248 of the New York state multiple dwelling law;
2. A "class A multiple dwelling" containing "rooming units"; or
3. A "class B multiple dwelling."

Exceptions. Notwithstanding the foregoing, a single room occupancy multiple dwelling shall not include:
1. College or school dormitories;
2. Clubhouses;
3. Luxury hotels, as such term is defined by the commissioner of housing preservation and development;
4. Residences whose occupancy is restricted to an institutional use such as housing intended for use primarily or exclusively by the employees of a single company or institution;
5. City-owned multiple dwellings;
6. Any "class A multiple dwelling" containing fewer than nine "class

B" dwelling units; used for single room occupancy unless the total number of such units is more than fifty percent of the total number of dwelling units in such multiple dwelling;

7. Any "class A" or "class B multiple dwelling" which is:

7.1. The subject of a program approved by the commissioner of housing preservation and development and related to the rehabilitation of a single room occupancy multiple dwelling other than a program of tax abatement or tax exemption authorized by subchapter 2 of chapter 2 of title 11 of the administrative code or section 421-a of the New York state real property tax law; and

7.2. Exempted from the provisions of this section by the commissioner of housing preservation and development.

§28-120.3 Restricted categories of work. The following categories of work are restricted by this section:

1. Demolition of a single room occupancy multiple dwelling;

2. Alteration of a single room occupancy multiple dwelling to a class A multiple dwelling to be used in whole or in part for other than single room occupancy purposes;

3. Alteration of single room occupancy multiple dwelling resulting in the removal or addition of kitchen or bathroom facilities; and

4. Such other types of alteration work to a single room occupancy multiple dwelling as shall be prescribed by rule of the commissioner of housing preservation and development, in consultation with the commissioner.

§28-120.4 Required construction documents. The commissioner shall not approve a work permit application for a single room occupancy multiple dwelling for the categories of work described as restricted unless the applicant provides:

1. A SWORN AFFIDAVIT BY OR ON BEHALF OF ALL THE OWNERS, AS SUCH TERM IS DEFINED IN SECTION 27-2004 OF THE NEW YORK CITY HOUSING MAINTENANCE CODE, OF SUCH MULTIPLE DWELLING THAT THERE WILL BE NO HARASSMENT OF THE LAWFUL OCCUPANTS OF SUCH MULTIPLE DWELLING BY OR ON BEHALF OF SUCH OWNERS DURING THE CONSTRUCTION PERIOD; AND

2. A TENANT PROTECTION PLAN AS PROVIDED FOR IN THIS CODE; AND

3. ONE OF THE FOLLOWING DOCUMENTS FROM THE COMMISSIONER OF HOUSING PRESERVATION AND DEVELOPMENT:

3.1. A CERTIFICATION THAT THERE HAS BEEN NO HARASSMENT OF THE LAWFUL OCCUPANTS OF SUCH MULTIPLE DWELLING WITHIN THE 36 MONTH PERIOD PRIOR TO THE INITIAL FILING DATE OF THE SUBJECT APPLICATION FOR CONSTRUCTION DOCUMENT APPROVAL, PROVIDED, HOWEVER, THAT SUCH CERTIFICATION SHALL EXCEPT ANY PORTION OF SUCH 36 MONTH PERIOD DURING WHICH TITLE WAS VESTED IN THE CITY; OR

3.2. A WAIVER OF SUCH CERTIFICATION.

§28-120.5 Filing process. After submitting an application for a work permit to the commissioner and obtaining the identifying job number for the same, the applicant shall forward a copy of such application to the commissioner of housing preservation and development, together with an application for a certificate of no harassment pursuant to section 27-2093 of the New York city housing maintenance code.

§28-120.6 Time period for acceptance or rejection. The time period in which the commissioner is required to approve or reject an application for a work permit pursuant to this code shall commence from the date that the commissioner receives either the certification, waiver, or determination of work exemption pursuant to this section.

§28-120.7 Denial of certification. Where the commissioner of housing preservation and development denies the certification required by this section, the commissioner shall reject the application for work permit approval.

§28-120.8 Request for stop-work or rescission. The commissioner shall be empowered to issue a stop-work notice or order with respect to an alteration or demolition permit and/or to rescind an application approval or acceptance at the request of the commissioner of housing preservation and development pursuant to section 27-2093 of the New York city housing maintenance code.

§28-120.9 Effect of denial or rescission. Where the commissioner rejects or rescinds an application for such work permit approval or construction document approval or acceptance pursuant to the provisions of this code, no further application for work permit approval for the categories of work listed as restricted shall be considered by the commissioner for a period of 36 months following the date of the denial of the certification of no harassment by the commissioner of housing preservation and development or the date of the rescission of such certification of no harassment by such commissioner.

SECTION 121
PAVEMENT PLAN

§28-121.1 General. The commissioner shall not issue a permit for the erection of a new building or for alterations that will require the issuance of a new or amended certificate of occupancy, without a statement by the applicant that no certificate of occupancy shall be issued unless the sidewalk in front of or abutting such building, including but not limited to the intersection quadrants for corner properties, shall have been paved or repaired by the owner, at his or her own cost, in the manner, of the materials, and in accordance with the standard specifications prescribed by the New York city department of transportation pursuant to sections 19-113 and 19-115 of the administrative code.

Exceptions:

1. Application for the erection of an accessory building appurtenant to an existing one- or two-family dwelling;

2. Where the commissioner determines that a sidewalk is not required, provided that such determination shall not affect the obligations of the owner under subdivision a of section 19-152 of the administrative code, nor relieve the owner of any such obligations, nor impair or diminish the rights of the city or its agencies to enforce such obligations;

3. Where the extent of the change in use or occupancy or the cost of the alteration does not exceed a threshold established pursuant to rule of the commissioner.

§28-121.2 Pavement plan required. Construction documents shall include a pavement plan processed and approved under guidelines established by the department. The pavement plan shall include documentation sufficient to show compliance with the standards and specifications of the New York city department of transportation pursuant to sections 19-113 and 19-115 of the administrative code.

Exception: No pavement plan shall be required with respect to an alteration application for a building where the applicant certifies that there is a sidewalk in existence in front of or abutting such building, including but not limited to the intersection quadrants for corner properties, complying with the specifications of the New York city department of transportation, and that the nature of such alteration work will neither remove such existing sidewalk nor cause damage to such existing sidewalk such that the damage could not be corrected as minor repairs prior to issuance of the certificate of occupancy.

§28-121.3 Improvement of streets. The commissioner shall insure that streets are suitably improved in accordance with the standards and specifications of the department of transportation as required by subdivision two of section thirty-six of the general city law and shall otherwise carry out the provisions of such subdivision.

SECTION 122
FIRE PROTECTION PLAN

§28-122.1 Fire protection plan required for covered buildings. New building and alteration applications for covered buildings as set forth in section 28-122.2 shall include a fire protection plan prepared by or under the supervision of an architect or engineer who shall seal and sign such plan.

Exception: No fire protection plan shall be required for an alteration that meets all three of the following requirements:

1. The alteration does not involve a change of use; and

2. The alteration does not exceed three million dollars; and

3. The alteration does not create an inconsistency with a previously approved fire protection plan.

§28-122.2 Covered buildings. Covered buildings include:

1. High rise buildings or building sections exceeding 75 feet (22,860 mm) in height.

2. Buildings or building sections classified in occupancy group A, B, C, D, E or G that are two or more stories in height with over 20,000 gross square feet per floor or are two or more stories in height with a total building floor area exceeding 50,000 gross square feet.

3. Any building containing an assembly occupancy having an occupant load of 300 or more persons.

4. Buildings or building sections classified in occupancy group H or J-1 that are two or more stories in height and contain sleeping accommodations for 30 or more persons.

5. Buildings or building sections classified in occupancy group J-2 that contain 30 or more dwelling units and over 10,000 gross square feet of floor area used for mercantile, assembly, educational or institutional purposes.

§28-122.3 Scope. The plan shall include the following information, where applicable:

1. A description of the building including: address; block and lot numbers; number of stories; height in feet; occupancy group; construction classification; occupancy load and department of buildings application

number.

2. All floors, exits, doors, corridors, and partitions serving as fire barriers, fire partitions, fire walls; locations and ratings of required enclosures and fire areas; stairs with pressurization; roof access; exit discharges; and locations of any required frontage space.
3. In narrative form, a description of safety systems and features, including:
   - **3.1. Communications systems;**
   - **3.2. Alarm systems;**
   - **3.3. Smoke detection equipment;**
   - **3.4. Location of fire command station;**
   - **3.5. Elevator recall;**
   - **3.6. Emergency lighting and power;**
   - **3.7. Standpipes;**
   - **3.8. Sprinklers;**
   - **3.9. Compartmentation;**
   - **3.10. Mechanical ventilation and air conditioning;**
   - **3.11. Smoke control systems and equipment;**
   - **3.12. Furnishings types and materials;**
   - **3.13. Places of assembly;**
   - **3.14. Fire department access;**
   - **3.15. Photoluminescent pathway marking systems; and**
   - **3.16. Other systems, required and voluntary, to be installed.**

SECTION 123
SPECIAL FLOOD HAZARD AREAS

§28-123.1 Special flood hazard areas. Applications for work in special flood hazard areas shall comply with the specific provisions of this code relating to work in such areas.

SECTION 124
SITE SAFETY PLAN

§28-124.1 Site safety plan. Where site safety plans are required by this code, such plans shall include the following:

1. Location of all construction fences around the work site;
2. Location of all gates in construction fences;
3. Location of all guard rails around the excavation, when required;
4. Location of all sidewalk sheds;
5. Location of all temporary walkways;
6. Location of all foot bridges and motor vehicle ramps;
7. Protection of side of excavation;
8. Location of all street and sidewalk closing(s);
9. Approximate location of all material and personnel hoist(s) and loading areas;
10. Approximate location of all crane and derrick loading areas;
11. Location of surrounding all buildings, indicating occupancy, height and type of roof protection, when required;
12. Location of all standpipe system and siamese hose connections;
13. Location of all temporary elevators for Fire Department use when building is above 75 feet (22,860 mm) in height;
14. Location of all exterior contractors sheds;
15. All safety netting and scaffolding when required; and
16. Widths of all sidewalks and roadways and all traffic information and all exits from the work site.

SECTION 125
TEMPORARY STRUCTURES AND USES

§28-125.1 General. The commissioner is authorized to issue a permit for temporary structures and temporary uses. Such permits shall be limited as to time of service, but shall not be permitted for more than 30 days. The commissioner may grant extensions for demonstrated cause. The Fire Department shall be notified when such permits are issued to temporary places of public assembly.
§28-125.2 Conformance. Temporary structures and uses shall conform to the structural strength, fire safety, means of egress, accessibility, light, ventilation and sanitary requirements of this code as necessary to ensure the public health, safety and general welfare.
§28-125.3 Termination of approval. The commissioner is authorized to terminate such permit for a temporary structure or use and to order the temporary structure or use to be discontinued.
§28-125.4 Application processing. Application for such structures and uses shall be submitted to the department no later than fifteen business days prior to the construction of the temporary structure or the commencement of the temporary use.
§28-125.5 Fees. Applications for such permits shall be accompanied by the applicable fees in accordance with section 28-126. Fees for subsequent requests for renewals shall be paid upon approval of such requests.

SECTION 126
FEES

§28-126.1 Payment of fees. A permit, inspection, or other service or privilege as regulated in this code shall not be valid until the fees prescribed herein or in rules have been paid, nor shall a renewal of a permit or other service or privilege or an amendment to a permit be released until the fee has been paid. In addition, an approval required to be reissued due to a change in product name, company name and/or address, contact information or principals, shall not be reissued until a reissuance fee, if any, has been paid. The department shall adopt such rules and shall prescribe such forms as may be necessary to carry out the provisions of this section.

Exception: A permit, inspection or other service or privilege as regulated in this code shall not be subject to this provision if the owner of the building or property affected is a corporation or association organized and operated exclusively for religious, charitable or educational purposes, or for one or more such purposes, no part of the earnings of which inures to the benefit of any private shareholder or individual, and provided that the property affected is to be used exclusively by such corporation or association for one or more of such purposes.

§28-126.2 Schedule of permit fees. On buildings, structures, gas, mechanical, and plumbing systems or alterations requiring a permit, a fee for each permit shall be paid in accordance with the schedule at the end of this subsection. Such fee is for the filing and processing of applications for the approval of plans or other statement describing building work, the filing and processing of permit applications, the issuance or renewal of work permits, the inspection of building work and the issuance of certificates of occupancy. Fifty percent of the total fee for the work permit, but not less than one hundred dollars, or the total fee for the work permit where such fee is less than one hundred dollars, shall be paid by or on behalf of the owner or lessee of the building premises or property affected and shall accompany the first application for the approval of plans or other statement describing the building work when submitted prior to submission of the permit application; and the whole or remainder of the total fee shall be paid before the work permit may be issued. In addition the commissioner shall, when deemed necessary by him or her, require reasonable substantiation of any statement or other form that may be required by the department.

Based upon the full fee at the rate in effect on the date of reinstatement, the percentage of the fee equal to the percentage of work remaining as determined by the department inspector, plus the renewal fee.		

§28-126.3 Building permit valuations. Where applicable, the applicant for a permit shall provide an estimated job construction cost at time of application. Cost estimates shall include total value of work, including materials and labor, for which the permit is being issued, such as gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the department, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the department. Final building permit valuation shall be set by the department.

§28-126.4 Work commencing before permit issuance. Any person who commences any work on a building, structure, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to a penalty as specified in this code that shall be in addition to the required permit fees.

§28-126.5 Related fees. The payment of the fee for the construction, alteration, removal or demolition for work done in connection or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

§28-126.6 Refunds and rebates. Upon application to the comptroller of the city of New York, and upon verification of claim by the commissioner, refunds or rebates of partial or full fees shall be provided according to the following:

§28-126.6.1 Withdrawal of work permit applications. In the event that an owner withdraws an application for a permit, the owner may obtain a refund of all or a portion of the fee paid as follows:

1. *If application is withdrawn prior to the commencement of examination of the application, all but $40 of the fee paid shall be refunded.*
2. *If the application is withdrawn during the progress of examination of the application, the comptroller shall retain a percentage of the deposit fee paid, which the department shall certify is the equivalent percentage of the examination completed, but not less than $100. The remainder of the fee shall be refunded to the owner.*
3. *If the application is withdrawn after examination of plans and/or plan approval and before issuance of permit, there shall be refunded by the comptroller fifty percent of the total computed fee, except that not less than $100 shall be retained by the comptroller.*

§28-126.6.2 Withdrawal of cranes and derricks applications. If the applicant withdraws his or her application for a certificate of approval for a power-operated crane, derrick or cableway, such applicant may obtain a refund of a portion of the fees as follows:

1. *If the application is withdrawn prior to the commencement of examination by the department, the entire fee shall be refunded except $100.*
2. *If the application is withdrawn after the examination has commenced, the comptroller shall retain a percentage of the fee paid, which the department shall certify is the equivalent percentage of the examination performed, but not less than $100. The remainder of the fee shall be refunded to the applicant.*
3. *If the application is withdrawn after the department has performed its examination, whether or not the application has been approved, or after plan approval by the applicant, no part of the fee shall be returned to the applicant.*

§28-126.6.3 Incentive rebates. With respect to the rebates under this section, the commissioner may, at his or her discretion, issue a rebate of application fees as follows and as established by rule.

§28-126.6.3.1 Renewable energy rebates. Owners who demonstrate the production on a zoning lot of five percent or more of the annual energy consumption on the zoning lot through renewable energy sources may receive a fee rebate as established by rule.

§28-126.6.3.2 Rebate for energy use reduction. Owners who demonstrate a reduction in energy use from that allowed at the time of permit by the New York state energy conservation construction code (NYSECCC) as a result of the permitted work receive a fee rebate as established by rule

§28-126.6.3.3 Rebate for water conservation systems. Owners who demonstrate conservation of water taken from the city supply by providing evidence of achieving the water recycling discount authorized by the New York city water board may receive a fee rebate as established by rule

§28-126.6.3.4 Rebate for redevelopment, remediation and reuse of contaminated properties known as brownfields. Owners who demonstrate that their site was contaminated and has been certified as remediated by the United States environmental protection agency or the New York state department of environmental conservation, or has received a notice of satisfaction from the New York city department of environmental protection, may receive a fee rebate as established by rule

§28-126.6.3.5 Rebate for recycling construction and demolition waste. Owners who demonstrate the recycling of construction and demolition waste may receive a fee rebate as established by rule

§28-126.6.3.6 Rebate for bicycle storage facilities. Except for J-3 occupancy, owners who demonstrate that they have provided secured indoor bicycling facilities accessible to all building occupants may be rebated their fees as set out in rule. Such facilities shall be identified on approved plans and shall be noted on the certificate of occupancy with a statement that the bicycling accommodations dedicated to such facilities were provided in accordance with this subsection.

§28-126.6.3.7 Rebate for LEED certification. Owners who demonstrate certification of their project, which was signed off following the effective date of this code, by the United States Green Building Council based upon the Council's Leadership in Energy and Environmental Design (LEED) rating system, may be rebated their fees as set out in rule.

§28-126.6.3.8 Other rebates. The commissioner is authorized to promulgate rules to rebate fees following certificate of occupancy or sign-off based upon the installation of energy-conserving systems.

§28-126.7 Inspection fees. Aside from the inspection fees covered under permit fees above, the following inspection fees shall be paid according to requirements of this code and as promulgated in rules.

§28-126.7.1 Fees for the testing, approval, inspection and use of power-operated cranes, derricks and cableways. Note: The owner of any crane or derrick shall renew the certificate of operation each year.

SECTION 127
INSPECTIONS AND SIGN-OFF OF COMPLETED WORK

§28-127.1 General. Construction or work for which a permit is required shall be subject to inspection by the commissioner and such construction or work shall remain accessible and exposed as required for inspection purposes until approved. Inspections presuming to give authority to violate or cancel the provisions of this code or of other laws or rules shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes as required. Neither the commissioner nor the city shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

§28-127.2 Preliminary inspection. Before issuing a permit, the commissioner is authorized to examine or cause to be examined structures or premises for which an application has been filed.

§28-127.3 Compliance inspections. In addition to the inspections specified in this code, the commissioner is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the department.

§28-127.4 Inspections during progress of work. After the issuance of a work permit, inspections shall be made during the progress of the work at such times or at such stages of the work and in such manner as the commissioner shall direct; and such inspections shall include inspection of machinery and equipment used for hoisting purposes, cableways and rigging purposes. The commissioner may accept signed statements by architects, engineers, and approved agencies and supporting inspection and test reports covering work subject to special inspections as permitted by this code. Such work may, unless otherwise specifically provided by code provisions or directed by the commissioner, proceed without any verifying inspections or test by the department, provided that the names and business addresses of such architects, or engineers, or approved agencies shall have been set forth in the work permit application or filed in writing with the department not later than ten calendar days prior to issuance of a permit.

§28-127.5 Inspection of service equipment. Inspection shall be made for the following types of service equipment to determine that the installation conforms substantially to the approved plans and to the provisions of this code and other applicable laws and rules:

1. Air conditioning and ventilation systems.
2. Elevators, escalators, moving walks and stairways, dumbwaiters.
3. Fuel burning and fuel oil storage equipment.
4. Refrigeration systems.
5. Heating systems.
6. Boilers.

§28-127.5.1 Certificate of compliance. A certificate of compliance shall be issued by the department for each equipment, device or system listed in section 28-127.5 upon satisfactory inspection and testing to determine proper functioning and compliance with this code. Such certificate shall contain the permit number, location of premises and equipment, a description of the equipment including but not limited to make, model #, and capacity, and any other information as the commissioner may determine. Certificates of compliance shall be laminated and posted in a conspicuous place in close proximity to the equipment for which the certificate is issued and be ready for public inspection during the entire time of the use and operation of the equipment. Such equipment shall not be used until a certificate of compliance is issued.

Exception: A service equipment certificate of compliance shall not be required in any of the following cases:

1. Air-conditioning and ventilating systems. Where the system is a voluntary system serving only one floor of a building and:
1.1. Does not use lot line windows for the intake or exhaust of air or the mounting of equipment.
1.2. Is not installed in any public hallway, passageway, or stairway.
1.3. Does not in any way reduce the ventilation of any room or space below that required by code provisions.
1.4. Does not penetrate any fire division, roof, floor, or wall (except that a packaged air-conditioning unit not exceeding three tons rated capacity may be used in windows or in sleeves under windows, provided that health, fire and/or structural safety is not thereby impaired).
2. Elevators, escalators, moving walks and stairways, dumbwaiters. Where the equipment consists of a portable elevating device used only for handling materials and located and operated entirely within one story.
3. Fuel-burning and fuel-oil storage equipment.-Where the equipment consists of any of the following:
3.1. Portable fuel-burning equipment that does not require a chimney or vent connection.
3.2. Portable heaters used in construction work.
3.3. Oil-fired heaters having a fuel-storage capacity of 6 gallons or less (except that internal combustion engines of any size shall require a permit).
4. Refrigerating systems.-Where the system:
4.1. Has a capacity of twenty-five tons or less and uses a Group A1 refrigerant.
4.2. Is to be installed in a vehicle, railroad car, or vessel.
4.3. Uses water or air as the refrigerant.
5. Hot water boilers and steam boilers operating at a gauge pressure of not more than fifteen pounds per square inch located in dwellings occupied by less than six families.
6. Exhaust systems with a capacity of 2,000 cfm or less including fans.

§28-127.5.2 Temporary certificate of compliance. The commissioner may, upon request, issue a temporary certificate of compliance authorizing partial use and operation of the equipment prior to completion of the installation or alteration work, provided that such partial use and operation may be made safely and without endangering public health, safety and welfare, and further provided that such temporary certificate shall not be issued for a period of more than thirty calendar days, subject to renewal for additional thirty-day periods at the discretion of the commissioner. All temporary certificates shall be required to be posted in a conspicuous location in or near the equipment covered by the permit, and shall state the nature and extent of the partial use and operation permitted and indicate clearly that full use and operation of the equipment is not permitted.

§28-127.5.3 Duration and renewal of certificates of compliance for service equipment. Certificates of compliance for service equipment shall be of indefinite duration, except that certificates issued for the use and operation of elevators and similar equipment and boilers shall be limited to a term of one year from the date of issuance, subject to annual renewal upon application and proof of compliance with the requirements for periodic inspections as prescribed in this code. Applications for renewal of such certificates shall be submitted on forms furnished by the department, not later than thirty calendar days prior to the expiration date of the certificate, accompanied by the required fee as per section 28-126 of this code.

§28-127.6 Place of Assembly. Inspection shall be made of every place of assembly space to determine that it conforms substantially to the approved plans and to the provisions of this code.

§28-127.6.1 Place of assembly certificate of operation. It shall be unlawful to operate a place of assembly without a certificate of operation. Such certificate shall be issued for every place of assembly space upon satisfactory inspection and issuance of a certificate of occupancy

authorizing such use. Such certificate shall contain the place of assembly application number, the number of persons who may legally occupy the space and any other information that the commissioner may determine. Such certificate of operation shall be framed and mounted in a location that is conspicuously visible to a person entering the space. For the purposes of this section a place of assembly permit issued prior to the effective date of this code shall be valid until its expiration.

§28-127.6.2 Temporary place of assembly certificate of operation. At the commissioner's discretion, a temporary certificate of operation may be issued for a place of assembly space upon request by the applicant in accordance with this code.

§28-127.6.3 Duration and renewal of certificate. Place of assembly certificate of operation shall be renewed annually upon payment of proper fees and proof of satisfactory inspection by the fire department.

§28-127.7 Final inspection. The final inspection shall be made after all work required by the building permit is completed and before the issuance of any certificate of occupancy, letter of completion or service equipment certificate of compliance. Final inspection of the work shall be made in the presence of the architect, engineer, or other person who supervised or superintended the construction, installation or alteration work. All failures to comply with the provisions of this code or approved construction documents shall be noted and the owner or lessee promptly notified thereof in writing. Final inspections may be made on behalf of the commissioner by the department or any other entity as prescribed in this code. However, final inspections made in connection with the issuance of certificates of occupancy shall be made by the department.

§28-127.8 Inspections of completed buildings, structures, signs and service equipment. In addition to other required inspections, the commissioner is authorized to make or require inspections of completed buildings, structures, signs or service equipment installations to ascertain compliance with the provisions of this code and other laws that are enforced by the department.

§28-127.9 Inspection agencies and other authorized inspection entities. All inspections of building work shall be made and conducted under the direction of the commissioner or his or her designee and in accordance with and subject to the provisions of this code. The commissioner may accept inspection and test reports from officers and employees of the department and other city departments and governmental agencies; and he or she may also accept inspection and test reports submitted by architects and engineers, or by other persons or services when the commissioner is satisfied as to their qualifications and reliability. The commissioner is further authorized to accept reports submitted by approved inspection agencies in accordance with this code.

§28-127.10 Inspection requests. It shall be the duty of the holder of the building permit or the holder's duly authorized agent to notify the department when work requiring department inspection is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspection of such work for any inspections that are required by this code.

§28-127.11 Sign-off of completed work. All defects noted in a final inspection report shall be corrected. An architect, engineer or approved inspection agency responsible for the final inspection shall submit a report, in a form prescribed by the department, certifying that all defects have been corrected and that the work is in substantial compliance with this code and the approved construction documents. Upon submission of such report, the department shall sign off and issue a letter of completion for the work. Where the department is responsible for the final inspection, such report shall be prepared and filed by the department employee performing the inspection and the department shall sign off and issue a certificate of occupancy or a letter of completion for the work.

§28-127.12 Payment of outstanding penalties. The department may refuse to issue a letter of completion for a building pending payment of all outstanding penalties.

§28-127.13 Inspection reports. All inspection reports shall be in writing and signed by the inspector, or the responsible individual, or an officer of the inspection service. A record of all inspections shall be kept by the department.

SECTION 128
CERTIFICATES OF OCCUPANCY

§28-128.1 General Provisions. No building or open lot shall be used or occupied without a certificate of occupancy issued by the commissioner. The provisions of the New York city charter, this code and other applicable laws and rules shall be complied with prior to the issuance of a final certificate of occupancy. Issuance of a certificate of occupancy shall not be construed as an approval of a violation of the provisions of this code or of other applicable laws and rules.

§28-128.2 Change of occupancy or use.

1. *No change in the existing use or occupancy classification of a building or open lot shall be made until the commissioner has issued a certificate of occupancy certifying that such building or open lot conforms to all of the applicable provisions of this code and all other applicable laws and rules for the proposed new occupancy or use.*
2. *No change shall be made to a building inconsistent with the last issued certificate of occupancy for such building, or which would bring it under some special provision of this code or other applicable laws or rules, unless a new certificate of occupancy is issued by the commissioner.*
3. *A building, structure or open lot used or occupied prior to the requirement for issuance of a certificate of occupancy may continue to be used or occupied without a certificate of occupancy pursuant to the requirements of section six hundred forty five of the New York city charter, this code and other applicable laws and rules provided there is no change in the existing use or occupancy classification of the building, structure, or portion thereof.*

§28-128.3 New Buildings. Except as permitted under the provisions of 28-128.15, no building hereafter constructed shall be occupied or used, in whole or in part, unless and until a certificate of occupancy shall have been issued certifying that such building conforms substantially to the approved plans and the provisions of this code and other applicable laws and rules.

§28-128.4 Altered buildings. Except as permitted under the provisions of section 28-128.15, no building hereafter altered so as to change from one occupancy group to another or from one zoning use group to another, either in whole or in part, or so as to cause a major alteration to existing means of egress, and no building hereafter altered for which a certificate of occupancy has not theretofore been issued, shall be occupied or used unless and until a certificate of occupancy shall have been issued certifying that the alteration work for which the permit was issued has been completed substantially in accordance with the approved plans and the provisions of this code and other applicable laws and rules.

§28-128.4.1 Existing buildings. Upon application by the owner of an existing building, and subject to the provisions of section 28-102.5.1, the commissioner shall issue a certificate of occupancy for such building, provided that at the time of issuing such certificate, no notices of violation or other notices or orders affecting the building as they relate to the provisions of this code are pending before the department, and provided further that it is established to the satisfaction of the commissioner, after inspection and investigation, that the alleged use of the building has heretofore legally existed. The issuance of a certificate of occupancy for any existing building on waterfront property not used in conjunction with and in furtherance of waterfront commerce and/or navigation shall be conditioned upon compliance with the provisions of this code regulating means of egress, and upon the issuance of a certificate of completion by the department of small business services, and shall be limited to the uses and purposes certified to therein.

§28-128. 5 Applications for certificates of occupancy. All applications for certificates of occupancy shall be submitted on forms furnished by the department. Applications for new buildings or enlargements shall be accompanied by an accurate and complete lot survey made by a licensed surveyor showing such information as prescribed by the commissioner. The commissioner may waive the requirement of such survey in the case of small sheds, stands, signs, and similar small structures.

§28-128.5.1 Applicant. The application for a certificate of occupancy shall be made by or on behalf of the owner of the building or premises; and if made by a person other than the owner, the application shall be accompanied by a signed statement of the applicant stating that he or she is authorized by the owner to make the application. The full names and addresses of the owner, and applicant, and of the principal officers thereof, if a corporation, shall be stated in the application.

§28-128.5.2 Statement of compliance. When a certificate of occupancy for a new or altered building is applied for, the application shall be accompanied by a signed statement of the architect, engineer or other person who supervised or superintended the construction or alteration work, stating that he or she has examined the approved plans and specifications of the building for which the certificate of occupancy is sought, and that, to the best of his or her knowledge and belief, the building has been erected or altered in accordance with the approved plans and specifications and, as erected or altered, complies with the provisions of this code and all other applicable laws and rules, except insofar as variations or variances therefrom have been legally permitted or authorized, specifying such variations or variances in such required statement.

§28-128.6 Review of applications for certificates of occupancy. All applications for certificates of occupancy and accompanying papers shall be examined promptly after their submission. If the building is entitled to the certificate of occupancy applied for, the application shall be approved and the certificate of occupancy issued by the commissioner within ten calendar days after submission of the application. Otherwise, the application shall be rejected and written notice of rejection, stating the grounds of rejection, shall be given to the applicant within ten calendar days of the submission of the application. Wherever an application has been rejected and proof is thereafter submitted establishing that the grounds of rejection have been met and that the building is entitled to the certificate of occupancy applied for, the application shall be approved and the certificate of occupancy issued within ten calendar days after submission of such proof.

§28-128.7 Certificate of occupancy issued. After the commissioner inspects the building or structure and determines that the building or structure conforms substantially to the approved plans and to the provisions of this code and other applicable laws and rules, the commissioner shall issue a certificate of occupancy that shall contain information including, but not limited to:

1. *The building permit number.*
2. *The address of the structure.*
3. *Block and lot numbers pertaining to the zoning lot as defined in section 12-10 of the New York city zoning resolution.*
4. *The description of the structure for which the certificate is issued.*
5. *A statement that the described portion of the structure has been inspected for compliance with the requirements of this code.*
6. *The name and signature of the commissioner.*
7. *The code under which the permit was issued.*
8. *The use and occupancy, in accordance with this code and the zoning resolution.*
9. *The type of construction as defined in this code.*
10. *The design occupant load of floors and spaces.*
11. *Types of major fire suppression or alarm systems.*
12. *Any special stipulations and conditions of the building permit.*

13. The maximum permissible live loads on the several floors of the building

§28-128.8 Pavement plan. No certificate of occupancy shall be issued for any building requiring a pavement plan pursuant to section 28-121 unless and until an inspection has been made to show that all work necessary for compliance with the pavement plan has been completed.

§28-128.8.1 Certification. No certificate of occupancy shall be issued for any building requiring a certification pursuant to section 28-121 unless and until the applicant, after completion of construction work, inspects the sidewalk and certifies that the sidewalk is free from defects.

Exception: The commissioner may issue a certificate of occupancy without compliance with this section provided the owner furnishes to the department prior to the issuance of the certificate of occupancy security satisfactory to the department that the sidewalk will be installed and paved or repaired within the time specified by the department.

§28-128.9 Storm water drainage. No certificate of occupancy shall be issued until the department confirms by inspection that all work relating to the installation of the part of the storm water drainage system which lies outside of such property, if and as required by section 24-526 of the administrative code, has been satisfactorily completed.

§28-128.10 Fire protection plan. No certificate of occupancy or temporary certificate of occupancy shall be issued until a fire protection plan, if required under the provisions of this code has been filed and accepted.

§28-128.11 Electrical work. No certificate of occupancy shall be issued unless compliance with the New York city electrical code is certified by the commissioner.

§28-128.12 Certificates of compliance. No certificate of occupancy shall be issued until certificates of compliance are issued for the following types of service equipment:

1. Air conditioning and ventilation systems.
2. Elevators, escalators, moving walks and stairways, dumbwaiters.
3. Fuel burning and fuel oil storage equipment.
4. Refrigeration systems.
5. Heating systems.
6. Boilers.

§28-128.13 Place of assembly certificate of operation. The issuance of a certificate of occupancy shall not authorize the use of any space as a place of assembly unless and until a place of assembly certificate of operation has been issued for such space.

§28-128.14 Payment of outstanding penalties. The department may refuse to issue a final certificate of occupancy for a building pending payment of all outstanding penalties.

§28-128.15 Temporary certificates of occupancy. The commissioner is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that the subject portion or portions of the building or structure requiring the temporary certificate of occupancy may be occupied in a manner that will not endanger public safety, health, or welfare. The commissioner shall set a time period during which the temporary certificate of occupancy is valid.

§28-128.16 Amended certificate of occupancy. Where a building exceeds three stories in height and the change does not exceed twenty per cent of the total floor area, an amendment to the existing certificate of occupancy for such new use shall be issued by the commissioner certifying that the proposed new occupancy and use conforms to the provisions of the laws governing building construction and that the proposed use will not be in conflict with any provisions of the labor law, multiple dwelling law or the zoning resolution.

§28-128.17 Partial certificate of occupancy. A partial certificate of occupancy may be issued to a specific floor or floors of an existing building erected prior to January 1, 1938 subject to the following conditions:

1. The building does not have an existing certificate of occupancy.
2. The floor or floors for which a certificate of occupancy is issued may not constitute more than 50% of the gross floor area of the building.
3. The building is of fire-proofed construction and protected with a wet sprinkler system.
4. Adequate means of egress are provided from all floors.
5. Upon inspection, the building is deemed safe for occupancy.

§28-128.18 Revocation of certificates of occupancy. The commissioner is authorized to request, in writing, pursuant to section six hundred forty five of the New York city charter that the board of standards and appeals or a court of competent jurisdiction revoke, vacate, or modify a certificate of occupancy issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information provided to the department.

§28-128.19 Record of certificates. A record of all certificates of occupancy shall be kept by the department; and copies thereof shall be furnished by the department upon request, and on the payment of the fee prescribed in section 28-126 of this chapter. The certificate of occupancy or a copy thereof shall be available for inspection at the building at all reasonable times.

§28-128.20 Posting of certificates of occupancy. All buildings shall be posted by the owner with a copy of the building's certificate of occupancy except buildings classified in occupancy group J3. Buildings that are not required to have a certificate of occupancy shall be posted by the owner with a sign or placard in a form prescribed by the commissioner. The certificate of occupancy or sign, as applicable, shall be permanently affixed to the structure in a conspicuous location in a public hall, corridor, management office of the building or as otherwise prescribed by the commissioner, and shall state the live loads and the occupant loads in the building and all parts thereof, as provided in this code.

§28-128.20.1 Replacement of posted certificates of occupancy and signs. All posted certificates of occupancy or signs, as applicable, shall be furnished by the owner, shall not be removed or defaced and, if lost, removed or defaced, shall be immediately replaced. The commissioner may inspect or cause to be inspected periodically all buildings for compliance with the provisions of this code in regard to posting; and the inspection reports shall specify any violation thereof.

SECTION 129
SERVICE UTILITIES

§28-129.1 Connection of service utilities. It shall be unlawful for any utility company to supply gas to a building, place or premises in which new meters other than replacement are required until a certificate of approval of gas installation from the department of buildings is filed with such utility company. When new gas service piping has been installed it shall be locked-off by the utility company either by locking the gas service line valve or by installing a locking device on the outside gas service line valve. The lock shall not be removed until the gas meter piping (other than utility owned) and gas distribution piping has been inspected and certified as required by the department of buildings as being ready for service.

§28-129.1.1 Exemptions from permit requirement. Plumbing permits shall not be required for the installation or alteration of gas service piping or gas meter piping including meters, valves, regulators, and related equipment, when such work is to be performed and serviced and maintained by utility corporations subject to the jurisdiction of the public service commission; nor shall plumbing permits be required for the emergency repair of gas distribution piping when such work is performed by licensed master plumbers or by utility corporations subject to the jurisdiction of the public service commission, in order to alleviate hazardous conditions, provided that a written report describing the details of such repairs shall be filed with the commissioner upon completion of the work.

§28-129.1.2 Alterations to gas piping systems. When alterations, extensions or repairs to existing gas meter piping or gas distribution piping requires the shut-off of gas flow to a building, the utility company shall be notified by the owner or his or her authorized representative.

§28-129.2 Temporary connection. The commissioner shall have the authority to authorize the temporary connection of the building or system to the gas service utility.

§28-129.3 Authority to disconnect utility service. The commissioner may authorize disconnection of gas service to the building, structure or system regulated by this code and the codes referenced in case of emergency where necessary to eliminate an immediate hazard to life or property. The department shall notify the local gas utility company, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action.

SECTION 130
ENFORCEMENT

§28-130.1 Unlawful acts. It shall be unlawful for any person to erect, construct, alter, extend, repair, fail to maintain, move, remove, demolish, occupy, use or operate any building, structure, premises, or equipment, or to conduct any subject matter regulated by this code or by the zoning resolution, or cause same to be done, in conflict with or in violation of any of the provisions of this code, the zoning resolution, or the rules of the department or any other law or rule enforced by the department.

§28-130.2 Notices and orders. The commissioner, or his or her designee, is authorized to issue notices and orders to the persons responsible for the unlawful use or condition cited in section 28-130.1. Each such notice or order shall have the commissioner's signature affixed thereto; but the commissioner may authorize any subordinate to affix such signature.

§28-130.2.1 Contents of notices and orders. All notices and orders issued by the commissioner shall contain a description of the building, structure, premises, equipment or subject matter affected, and shall be addressed to the owner, lessee, person in charge, or occupant of the building, structure, premises, equipment or to any person responsible for the unlawful use or condition. The premises shall be designated by address, where applicable.

§28-130.2.2 Service of notices and orders. Except as otherwise provided in this code, service of notices and orders issued by the commissioner may be made:

With respect to notices and orders returnable before administrative tribunals, as provided in any law or rule of the city or state of New York;

2. With respect to other notices and orders, by regular mail.
3. Such notices and orders may be served by any officer or employee of the department, or by any person authorized by the commissioner.

§28-130.3 Civil judicial enforcement. The owner, lessee, person in charge, or occupant of any building, structure, premises, equipment or part thereof, where a violation of this code, the zoning resolution or any other provision of law or rule enforceable by the department or any order issued by the commissioner shall exist or the agent, architect, builder, contractor, engineer, or any other person who commits or assists in any such violation or who maintains any building, structure, premises, equipment or part thereof where any such violation shall exist shall be subject to an action or proceeding to restrain, correct or abate such violation, or to compel compliance with such order. Upon request of the commissioner, the corporation counsel may institute judicial actions or proceedings seeking such relief. Any person responsible for the violation shall be subject to the payment of a civil penalty of not more than ten thousand dollars for each such violation.

§28-130.3.1 Corporation counsel. Such actions and proceedings may be instituted by the corporation counsel in the name of the city in any court of

competent jurisdiction in the city and shall be given preference over pending causes therein. In such actions or proceedings, the city may apply for restraining orders, preliminary injunctions or other provisional remedies, with or without notice; and no undertakings shall be required as a condition to the granting or issuing of any such order, injunction or remedy, or by reason thereof. No court shall lose jurisdiction of any action or proceeding hereunder by reason of a plea that the title to real estate is involved if the object of the action is to recover a fine for the violation of any of the provisions of this code.

§28-130.3.2 Presumptive evidence. In any action or proceeding founded upon a claim by the commissioner that any law or rule enforceable by the department has been violated, or that a lawful order issued by him or her has not been complied with, a certificate in writing by the commissioner, or his or her authorized representative shall be presumptive evidence of any matter stated therein.

§28-130.3.3 Costs. In no case shall the department, or any officer or employee thereof, be liable for costs in any such action or proceeding; and officers and employees of the department, acting in good faith and without malice, shall be free from liability for acts done in any such action or proceeding.

§28-130.3.4 Lien. Any judgment rendered in any such action or proceeding shall be and become a lien upon the premises named in the complaint in such action or proceeding, if any, the lien to date from the time of filing a notice of pendency in the office of the clerk of the county in which the premises is located, and to have priority before any mortgage or other lien existing prior to such filing, except tax and assessment liens.

§28-130.3.5 Notice of pendency. The notice of pendency referred to in this section shall consist of a copy of the notice issued by the commissioner, requiring the removal of the violation, and a notice of the action or proceeding instituted, or to be instituted thereon. Such notice of pendency may be filed at any time after the service of the notice issued by the commissioner as aforesaid; provided he or she may deem such action to be necessary. Any notice of pendency filed pursuant to the provisions of this code may be vacated and cancelled of record upon an order of a justice of the court in which such action or proceeding was instituted or is pending, or upon the consent in writing of the corporation counsel. The clerk of the county where the notice is filed is hereby directed and required to mark any such notice of pendency, and any record or docket thereof, as vacated and cancelled of record upon the presentation and filing of a certified copy of such order or consent.

§28-130.4 Criminal judicial enforcement. The owner, lessee, person in charge, or occupant of any building, structure, premises, equipment or part thereof, where a violation of this code, the zoning resolution or any other provision of law or rule enforceable by the department or any order issued by the commissioner shall exist or the agent, architect, builder, contractor, engineer, or any other person who commits or knowingly assists in any such violation or who maintains any building, structure, premises, equipment or part thereof where any such violation shall exist shall be guilty of a criminal offense punishable by a fine or imprisonment or both a fine and imprisonment in accordance with a schedule to be enacted by local law. Such local law shall classify offenses as violations or misdemeanors based on the repetition and/or the seriousness of the offenses.

§28-130.4.1 Other penalties. The criminal penalties provided by this code shall be in addition to or alternative to any civil sanctions authorized to be imposed for an unlawful use or condition cited in this code.

SECTION 131
ILLEGAL CONVERSIONS

§28-131.1 Illegal conversions. No person, except in accordance with all requirements of this code, shall convert, knowingly take part or assist in the conversion or permit the maintenance of the conversion of a residence that is legally approved for occupancy as a dwelling for one or more families to a residence for occupancy as a dwelling for more than the legally approved number of families. Any person who shall violate or fail to comply with the provisions of this section shall be punished as provided herein. Upon the finding of such violation and the imposition of such punishment the department or if applicable the environmental control board shall forward to the internal revenue service the New York state department of taxation and finance and the New York city department of finance the name and address of the respondent or defendant, the address of the building or structure with respect to which the violation occurred and the time period during which the violation was found to have existed.

§28-131.1.1 Criminal penalties for illegal conversions. Any person who shall convert, or knowingly take part or assist in the conversion or permit the maintenance of the conversion of a building that is legally approved for occupancy as a one-family or two-family dwelling, to a dwelling for occupancy by four or more families, shall be guilty of a misdemeanor and upon conviction thereof shall be subject to imprisonment for a period not to exceed one year and by a fine for each dwelling unit added of not less than one thousand dollars nor more than five thousand dollars for the first offense, not less than two thousand five hundred dollars nor more than fifteen thousand dollars for a second offense and not less ten thousand dollars nor more than twenty thousand dollars for a third or subsequent offense. Any person who shall convert, or knowingly take part or assist in the conversion or permit the maintenance of the conversion of a building that is legally approved for occupancy as a one-family dwelling, to a dwelling for occupancy by two or three families, or a residence that is legally approved for occupancy as a two-family dwelling, to a dwelling for occupancy by three families shall be guilty of an offense punishable by a fine of not more than five hundred dollars or imprisonment for not more than sixty days or both.

§28-131.1.2 Civil penalties for illegal conversions. Illegal conversions shall be subject to the following civil penalties:

1. *Except as otherwise provided below, any person who shall convert, knowingly take part or assist in the conversion or permit the maintenance of the conversion of a residence that is legally approved for occupancy as a dwelling for one or more families to a residence for occupancy as a dwelling for more than the legally approved number of families shall, in addition to any other punishment, also be liable for the payment of a civil penalty of (i) not less than fifty dollars nor more than one hundred dollars per day, for each dwelling unit in excess of the lawful number, commencing on the date a notice of violation is issued and terminating on the date of the filing of a valid certification that the condition constituting the violation has been corrected or the date of final adjudication of the violation, whichever occurs first, or (ii) for a third or subsequent violation by the same respondent at the same premises within an eighteen month period, a civil penalty of not less than five thousand dollars nor more than fifteen thousand dollars. Such civil penalties may be recovered in a civil action brought in the name of the city in any court of record in the city or before the environmental control board.*
2. *Any person who shall convert, or knowingly take part or assist in the conversion or permit the maintenance of the conversion of a building that is legally approved for occupancy as a one-family or two-family dwelling, to a dwelling for occupancy by four or more families, shall, in addition to any other punishment, also be liable for the payment of a civil penalty of one thousand dollars per day for each dwelling unit in excess of the lawful number, commencing on the date a notice of violation is issued and terminating on the date of the filing of a valid certification that the condition constituting the violation has been corrected or the date of final adjudication of the violation, whichever occurs first, to be recovered in a civil action brought in the name of the city in any court of record in the city or before the environmental control board.*
3. *There shall be a rebuttable presumption that the violation continued to exist from the date of the issuance of a notice of violation until the date of adjudication or proof of correction to the satisfaction of the commissioner.*

SECTION 132
FALSE STATEMENTS

§28-132.1 False statements in certificates, forms, written statements, applications, reports or certificates of correction. Any person who shall knowingly make a false statement or who shall knowingly falsify or allow to be falsified any certificate, form, signed statement, application, report or certification of the correction of a violation required under the provisions of this code or any rule of any agency promulgated thereunder, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than five thousand dollars nor more than ten thousand dollars, or by imprisonment not to exceed six months, or both. Such person shall also be liable for a civil penalty of not less than five thousand dollars nor more than ten thousand dollars, which may be recovered in a proceeding before the environmental control board. In any such proceeding that relates to a false statement in a certification filed pursuant to this section, if an inspection made within six months after the filing of the certification finds a condition constituting a violation that is the same as the condition described in the notice of violation with respect to which such certification was filed, there shall be a rebuttable presumption that the condition described in such notice of violation continued and is the same condition found in the inspection.

§28-132.2 Falsely impersonating an officer. Any person who falsely represents himself or herself as an officer, inspector or employee of the department, or as acting under the authority of the department, or who without authority uses, wears or displays a shield or other insignia or emblem such as is worn by such officer, inspector or employee, shall be guilty of a misdemeanor.

SECTION 133
FAILURE TO FILE REQUIRED REPORTS

§28-133.1 Civil penalty for failure to file required reports. The owner, lessee, person in charge, or occupant of any building, structure, premises, equipment or part thereof who fails to file any report required pursuant to the provisions of this code shall be liable for a civil penalty in accordance with a schedule to be enacted by local law. Such local law shall provide for daily, weekly or monthly penalties for failure to file periodic reports in such amounts as shall be necessary to enforce compliance with specified filing requirements. A waiver or reduction of the penalties provided in this section shall be available to a subsequent bona fide purchaser of the premises pursuant to department rule.

SECTION 134
ENVIRONMENTAL CONTROL BOARD

§28-134.1 Environmental control board. In addition to or as an alternative to any of the remedies and penalties provided in this code, any person who shall violate or fail to comply with any of the provisions of this code, the zoning resolution or rules of the department shall, except as otherwise specifically provided by local law, be liable for a civil penalty, which may be recovered in a proceeding before the environmental control board. Such proceeding shall be commenced by the service of a notice of violation returnable before the board and the other provisions of this code relating to notification prior to the commencement of judicial proceedings shall not apply to the recovery of civil penalties in proceedings before the environmental control board. Except as otherwise specifically provided, such civil penalty shall be determined in accordance with a schedule of civil penalties to be enacted by local

law. Such local law shall classify violations based on the repetition and/or the seriousness of the violations.

§28-134.2 Lessees. Notwithstanding any other provision of this section, for the purpose of any multiple offense schedule adopted by local law in accordance with this section, if the respondent is the owner or agent of the building or structure with respect to which a violation occurred or a lessee of the entire building or structure, a prior violation by the same respondent shall not serve as a predicate for purposes of such multiple offense schedule if the prior violation or the violation for which penalties are to be imposed occurred within an area of the building or structure which, at the time of the violation, was leased to and under the control of a person other than the respondent, except that this provision shall not apply if both the prior violation and the violation for which penalties are to be imposed occurred within areas leased to and under the control of the same lessee. In any proceeding before the board, the burden of proof with respect to this exception shall be upon the respondent.

§28-134.3 Order to certify correction. Except as otherwise provided in this section whenever the commissioner serves a notice of violation returnable before the environmental control board, the commissioner shall also issue and serve with such notice an order requiring the respondent to correct the condition constituting the violation and to file a certification with the department that the condition has been corrected. Such order shall require that the condition be corrected within thirty days from the date that the order is issued or in the case of a hazardous violation within such time as shall be set forth in the order and that certification of the correction of the condition shall be filed with the department in a manner and form and within such further period of time as shall be established by rule of the department.

§28-134.4 Postponement. If the board finds, upon good cause shown, that the respondent cannot correct the violation within the period specified in this section it may, with the concurrence of the commissioner, postpone the period for compliance with such order upon such terms and conditions and for such period of time as shall be appropriate under the circumstances.

§28-134.5 First violation. The board shall not impose any civil penalty for a first violation if the respondent complies with the order issued pursuant to this section to correct and to certify correction of the violation within the time set forth in the order but such violation shall serve as a predicate for purposes of any multiple offense schedule adopted by local law pursuant to this section.

§28-134.6 Failure of proof. In any proceeding before the environmental control board, if the board finds that the commissioner has failed to prove the violation charged, if shall notify the commissioner and the order requiring the respondent to correct the condition constituting the violation shall be deemed to be revoked.

§28-134.7 Civil penalty for failure to certify the correction of a violation. Any person who shall fail to comply with an order of the commissioner issued pursuant to this section to correct and to certify correction of a violation within the time specified in such order or within such further period of time as may be provided by the environmental control board pursuant to this section, in addition to the penalties that may be or have been imposed for the violation referred to in the order, shall be liable for a civil penalty of not more than five thousand dollars for each violation for which there has been a failure to comply with such order. Such civil penalty may be recovered in a proceeding before the environmental control board.

§28-134.8 False statements in certification of correction. For the purposes of this section, if the environmental control board finds that a respondent has knowingly made false statements relating to the correction of a violation in a certification filed pursuant to this section such certification as to correction shall be null and void and the penalties set forth in this section may be imposed as if such false certification had not been filed with and accepted by the department.

§28-134.9 Enforcement of environmental control board judgments against owners for certain building code violations. Notwithstanding any provision of law to the contrary, an environmental control board judgment against an owner for a building code violation with respect to a private dwelling, a wooden-framed single room occupancy multiple dwelling, or a dwelling with a legal occupancy of three or fewer dwelling units shall constitute a tax lien on the property named in the violation with respect to which such judgment was rendered, as hereinafter provided. Such liens shall be entered and enforced as provided in this section. The procedures provided in this section for the enforcement of environmental control board judgments against owners shall be in addition to any other methods provided under any other provision of law for the enforcement of such judgments.

§28-134.10 Record of unpaid judgments. There shall be filed in the office of the department a record of all such unpaid judgments. Such records shall be kept by tax lot and block number and shall be accessible to the public during business hours. An entry of a judgment on the records of the department shall constitute notice to all parties.

§28-134.11 Lien. All such unpaid judgments shall constitute a lien upon the property named in the violation with respect to which such judgment was rendered when the amount thereof shall have been definitely computed as a statement of account by the department, and the department shall cause to be filed in the office of the city collector an entry of the account stated in the book in which such charges against the property are to be entered. Such lien shall have a priority over all other liens and encumbrances except for the lien of taxes and assessments. However, no lien created pursuant to this section shall be enforced against a subsequent purchaser in good faith or mortgagee in good faith unless the requirements of this section are satisfied.

§28-134.11.1 Notice. A notice thereof, stating the amount due and the nature of the charge, shall be mailed by the city collector within five days after such entry to the last known address of the person whose name appears on the records in the office of the city collector as being the owner or agent of the property or as the person designated by the owner to receive tax bills or , where no name appears, to the property , addressed to either the "owner" or the "agent."

§28-134.11.2 Mailing. Such notice mailed by the city collector pursuant to this section shall have stamped or printed thereon a reference to this section.

§28-134.11.3 Failure to pay charge. If such charge is not paid within thirty days from the date of entry, it shall be the duty of the city collector to receive interest thereon at the same rate as unpaid real property taxes, to be calculated to the date of payment from the date of entry.

§28-134.11.4 Enforcement of lien. Such charge and the interest thereon shall continue to be, until paid, a lien on the property. Any remedy or procedure available for the enforcement of tax liens against such property, including, but not limited to, any sale of a tax lien or any foreclosure of a tax lien, shall be available with respect to such tax lien. In addition, such tax lien may be satisfied in accordance with the provisions of section 354 of the real property actions and proceedings law.

§28-134.11.5 Validity of lien. In any proceeding to enforce or discharge a lien created pursuant to this section, the validity of the lien shall not be subject to challenge based on the lawfulness of the judgment, except as provided in this section.

§28-134.11.6 Challenge. No such challenge may be made except by the owner of the property or a mortgagee or lienor whose mortgage or lien would, but for the provisions of this section, have priority over the department's lien.

§28-134.11.7 Notice to mortgagees and lienors. Notwithstanding the foregoing provisions, no such judgment shall be entered and enforced as a tax lien against any property unless at the time of the issuance of the notice of violation a copy of such notice was also served on all mortgagees and lienors of record of such property by mail addressed to the recorded addresses of such mortgagees and lienors.

SECTION 135
ABATEMENT OF PUBLIC NUISANCE CAUSED BY CERTAIN ILLEGAL OCCUPANCIES

§28-135.1 Abatement of public nuisances caused by illegal commercial or manufacturing occupancy in certain zoning districts. Any building or part thereof that is located in a residence district and that is occupied for a use not permitted in such district in violation of the zoning resolution, without a valid certificate of occupancy, is hereby declared to be a public nuisance.

§28-135.2 Order of closure. If a building or part thereof in which such a nuisance occurs is not occupied primarily as a residence, the commissioner may, in addition to or as an alternative to any other remedy under any other provision of law, after notice and the opportunity for a hearing in accordance with this section, order the closing of such building or part thereof to the extent necessary to abate the nuisance.

§28-135.3 Notice of hearing. A notice of hearing with respect to an order of closure shall be served on the owner and mortgagee of record of such building or part thereof and on any person alleged to be occupying such building or part thereof at which the nuisance is located in the following manner.

§28-135.4 Service of notice of hearing. Service may be made on the owner by delivering such notice to the owner or to an agent of the owner or to a person of suitable age and discretion at the residence or place of business of the owner or, if upon reasonable application such delivery cannot be completed, by affixing such notice in a conspicuous place at the owner's place of business or residence or by placing it under the entrance door at either of such locations or by delivering such notice to a person employed by the owner to work at or to manage or maintain the premises at which the nuisance is located and, in all instances except personal delivery upon such owner by mailing the notice of hearing as follows.

§28-135.4.1 Mailing to owner's registered address. To the person registered with the department of housing preservation and development as the owner or agent of the premises, at the address filed with such department in compliance with article two of subchapter four of chapter two of title twenty-seven of the administrative code; or

§28-135.4.2 Mailing to billing address. To the person designated as owner of the building or designated to receive real property tax or water bills for the building at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property; or

§28-135.4.3 Mailing to recorded address. To the person in whose name the real estate affected by the order of the commissioner is recorded in the office of the city register or the county clerk as the case may be at the address set forth on the recorded instrument.

§28-135.4.4 Service on corporate owner. Service may be made on an owner that is a corporation pursuant to section 306 of the business corporation law; however, service upon a corporation shall be deemed to have been completed forty-five days following service upon the secretary of state;

§28-135.4.5 Service on mortgagees. Service may be made upon mortgagees of record by mailing such notice to the mortgagees at the address set forth on the recorded instrument.

§28-135.4.6 Service on occupants. Service may be made upon an occupant by delivering such notice to the occupant or to a person employed by the occupant to work at or to manage or maintain the premises at which the nuisance is located; or by affixing such notice to the premises at which the nuisance is located in a conspicuous place or by placing a copy under the

entrance door of such premises and mailing a copy of such notice to the occupant at such premises; and in all instances except personal delivery upon such occupant, by mailing the notice of hearing to the occupant at the premises at which the nuisance is located.

§28-135.4.7 Proof of service. Proof of service shall be filed with the commissioner.

§28-135.5 Conduct of hearing by office of administrative trials and hearings. The hearing shall be conducted by the office of administrative trials and hearings. The administrative law judge assigned to hear the matter shall submit his or her proposed findings of fact and recommended decision to the commissioner. If based on such recommended decision, proposed findings of fact, and the record of the hearing the commissioner determines that the building or part thereof is a public nuisance, pursuant to this section, he or she may issue an order of closure. Such order shall not bar legally required ingress or egress for residential occupancy of parts of the building that are not subject to the order of closure.

§28-135.6 Lack of knowledge not a defense. At such hearing it shall not be a defense that the owner, occupant, lessor, lessee, mortgagee, or other person having an interest in the property lacked knowledge of or did not acquiesce or participate in the creation or continuation of the public nuisance.

§28-135.7 Closure not an act of possession. A closure ordered by the commissioner pursuant to this section shall not constitute an act of possession, ownership, or control by the city over the closed premises.

§28-135.8 Posting of order of closure. An order of closure shall be posted at the building or part thereof that is the subject of such order, and shall be mailed to the record owner of such premises, and any record mortgagee at the address for such person set forth in the recorded instrument, and to the person designated as owner or agent of the building or designated to receive real property tax or water bills for the building at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property. A copy shall also be filed with county clerk or register of the county in which such premises are located. Such filing shall be notice of the order to any subsequent owner and such owner shall be subject to such order.

§28-135.9 Enforcement of order of closure. On the tenth business day after the posting of such order and upon the written directive of the commissioner, police officers and authorized employees of the department shall act upon and enforce such order by sealing, padlocking, or otherwise preventing access to the premises in a manner that will not bar legally required ingress or egress for residential occupancy of parts of the building that are not subject to the closure order.

§28-135.10 Rescission of order of closure. If at any time after the issuance of such order, the owner, mortgagee, or other person having an interest in the property provides assurance, in a form satisfactory to the commissioner, that the use of the premises upon which the public nuisance determination was based has been discontinued and will not reoccur, or such owner, mortgagee, or other person establishes that the premises may be lawfully occupied for such use, the commissioner shall rescind the closure order. If such order is rescinded, the commissioner shall, upon request of such owner, mortgagee, or other person, provide a copy of such rescission, which may be filed with the county clerk or register of the county in which such premises are located.

§28-135.11 Violation of closure order. It shall be a misdemeanor for any person to use or occupy or to permit any other person to use or occupy any building or part thereof that has been sealed, padlocked, or otherwise closed pursuant to an order of the commissioner. Mutilation or removal of a posted order of the commissioner shall be punishable by a fine of not more than two hundred fifty dollars or by imprisonment not exceeding fifteen days, or both, provided such order contains therein a notice of penalty. Intentional disobedience or resistance to any provision of an order issued by the commissioner pursuant to this section, in addition to any other punishment prescribed by law, shall be punished by a fine of not more than one thousand dollars, or by imprisonment not exceeding six months, or both.

§28-135.12 Review of order of closure. Notwithstanding paragraph (a) of subdivision six of section six hundred sixty-six of the New York city charter, the board of standards and appeals shall not hear and decide appeals from or review any order, requirement, decision or determination of the commissioner or designee of the commissioner that is issued pursuant to this section.

SECTION 136
PENALTY FOR WORK WITHOUT A PERMIT

§28-136.1 Department penalty for work without a permit. Whenever any work for which a permit is required pursuant to this code has been performed without a permit, a penalty shall be imposed by the department as provided in this section.

§28-136.1.1 Penalty for work without permit on one or two-family dwelling. Where work has been performed without a permit on a one-family or two-family dwelling the penalty shall equal two times the amount of the fee payable for the permit. Where only part of the work has been performed without a permit, the penalty shall be reduced proportionately according to the amount of work still to be performed at the time a permit is issued. Notwithstanding the foregoing, no such penalty shall be less than one hundred dollars.

§28-136.1.2 Penalty for work without permit on other than one or two-family dwelling. The penalty for work without a permit on buildings other than one or two-family dwellings shall be ten times the amount of the fee payable for such permit. Where only part of the work has been performed without a permit, the penalty shall be reduced proportionately according to the amount of work still to be performed at the time a permit is issued. Notwithstanding the foregoing, no such penalty shall be less than five hundred dollars.

§28-136.3 Waiver. Such penalty and the permit fee shall be payable by the owner of the building on which the unpermitted work was performed. A waiver or reduction of such penalty shall be available to a subsequent bona fide purchaser of the premises pursuant to department rules.

§28-136.4 Payment of penalty required before issuance of permit. No permit shall be issued for work in violation of this section until the penalty assessed by the department pursuant to this section has been paid.

§28-136.5 Procedure. The department shall adopt a rule setting forth a procedure for assessment of penalties pursuant to this section.

SECTION 137
PEREMPTORY ORDERS

§28-137.1 Stop work orders. Whenever the commissioner finds that any building work is being executed in violation of the provisions of this code or any law or rule enforceable by the department, or in a dangerous or unsafe manner, the commissioner or his or her authorized representative may issue a stop work order.

§28-137.1.1 Issuance. Upon issuance of a stop work order by the commissioner, all work shall immediately stop unless otherwise specified. Such order may require all persons to forthwith vacate the premises and also require such work to be done as, in the opinion of the commissioner, may be necessary to remove any danger therefrom. The police department shall, upon the request of the commissioner, assist the department in the enforcement of this section. The stop work order may be given verbally or in writing to the owner, lessee or occupant of the property involved, or to the agent of any of them, or to the person or persons executing the work. A verbal order shall be followed within a reasonable time by a written order and shall include the reason for the issuance of the stop work order.

§28-137.1.2 Unlawful continuance. No person shall with knowledge or notice of a stop work order allow, authorize, promote, continue or cause to be continued any work covered by the stop work order, except such work that may be required under sections 28-140.2 or 28-140.3.

§28-137.1.3 Penalties for failure to comply with stop work order. Any person who fails to comply with a stop work order shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than five thousand dollars or by imprisonment for not more than ninety days, or by both such fine and imprisonment. Such person shall also be liable for a civil penalty of not less than five hundred dollars nor more than five thousand dollars for each day there is non-compliance with such order. Such civil penalties may be recovered in a civil action brought in the name of the commissioner or in an administrative proceeding before the environmental control board. It shall be an affirmative defense that the work was performed to remedy an unsafe or hazardous condition.

§28-137.2 Public nuisance. Whenever any building, structure, place or premises is perilous to life or property by reason of the nature or condition of its contents, its use, the overcrowding of persons therein, defects in its construction, or deficiencies in fire alarm, fire extinguishing equipment or fire escape equipment, or by reason of any condition in violation of law or order of the commissioner, the commissioner may declare that the same, to the extent that he or she may specify, is a public nuisance and may order the same to be removed, sealed, abated, repaired, altered or otherwise improved.

§28-137.3 Vacate order. In case any order to remedy a condition imminently perilous, dangerous or detrimental to life, public safety or property, issued by the commissioner is not complied with, or the commissioner determines that an emergency exists requiring such action, he or she may order and immediately cause any building, structure, place or premises to be vacated.

§28-137.3.1 Basis for vacate. The commissioner may order the vacate of any building, structure, place or premises based on one or more of the following conditions:

1. Danger of structural failure, creating a hazard to life, public safety or property;

2. Danger of façade failure that may compromise one or more exits or entrances, creating a hazard to life, public safety or property;

3. Inadequate fire protection, detection, or suppression, creating a hazard to life, public safety or property;

4. Inadequate egress, creating a hazard to life, public safety or property;

5. Improper storage of hazardous materials, combustible or toxic, creating a hazard to life, public safety or property;

6. Other conditions that may, in the judgment of the commissioner, pose a threat to life, public safety or property.

§28-137.3.2 Enforcement of vacate order. All orders issued pursuant to this section shall be posted upon the premises. Immediately upon the posting of an order upon the premises, officers and employees of the police department, the department, and other authorized officers and employees of the city shall immediately act upon and enforce such order. The police department shall provide all reasonable assistance to the department and other authorized officers and employees necessary to carry out the provisions of this section.

SECTION 138
ORDER TO SEAL, SECURE AND CLOSE

§28-138.1 Order to seal, secure and close. If the commissioner determines such action is necessary to the preservation of life and safety the commissioner may order a building subject to a vacate order to be sealed, secured and closed except that the commissioner shall not order sealed secured and closed any dwelling unit or other space lawfully used for residential purposes unless such dwelling unit or other space

is sealed pursuant to article eight of subchapter three of chapter one of title twenty-six of the administrative code.

§28-138.1.1 Definition. For the purpose of this section, "sealed" and "sealed, secured and closed" shall mean the use of any means available to render the building, structure or part thereof inaccessible, including but not limited to the use of a padlock or cinder blocks.

§28-138.1.2 Hearing. Such order to seal, secure and close shall contain notice of the opportunity for a hearing with respect to such order to determine if the order was properly issued in accordance with the provisions of this section. Such hearing shall be conducted by the commissioner, or in the commissioner's discretion, by the office of administrative trials and hearings or the environmental control board. If the matter is referred to such office or board, the hearing officer shall submit his or her findings of fact and a recommended decision to the commissioner. The hearing shall be held within three business days after the receipt of the written request of an owner, lessor, lessee, or mortgagee for such hearing. The commissioner shall render a decision within three business days after such hearing is concluded or findings of fact and a recommendation are submitted.

§28-138.1.3 Service of seal, secure and close order. Such order issued pursuant to this section shall be served as follows: It shall be mailed to the record owner of such premises; any record mortgagee of such premises at the address for such person as set forth in the recorded instrument; and if reasonably ascertainable, the person designated as owner's agent of the building or designated to receive real property tax or water bills for the building at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property. A copy shall also be filed with the county clerk of the county in which such premises are located. Such filing shall be notice of the order to any subsequent owner and such owner shall be subject to such order.

§28-138.1.4 Rescission of seal, secure and close order. An order issued pursuant to this section shall not be rescinded unless the owner, lessor, lessee or mortgagee seeking such rescission provides assurance, in a form satisfactory to the commissioner, that the conditions which caused the issuance of such order have been corrected and will not reoccur. If such order is rescinded, upon the request of the owner, lessor, lessee or mortgagee, the commissioner shall provide a certified copy of such rescission, which may be filed with the county clerk of the county in which such premises are located.

§28-138.1.5 Expenses of enforcing seal, secure and close orders. The expenses attending the execution of any and all orders duly made by the department shall respectively be a several and joint personal charge against each of the owners or part owners, and each of the lessees and occupants of the building, structure, enclosure, place or premises to which such order relates, and in respect to which such expenses were incurred; and also against every person or body who was by law or contract bound to do that in regard to such building, structure, enclosure, place or premises which such order requires. Such expenses shall also be a lien on all rent and compensation due, or to become due, for the use of any building, structure, place or premises, or any part thereof, to which such order relates, and in respect to which such expenses were incurred.

§28-138.1.6 Notice of seal, secure and close order to community. The commissioner shall give written notice of the closing of any building, structure, enclosure, place or premises pursuant to this section, and any subsequent actions taken with respect thereto, as soon as practicable, to the borough president of the borough within which the closing has occurred; the council member representing the district within which the closing has occurred; and the local community board. On January first of each year, the commissioner shall submit a report to the council, setting forth the number of closings made in the previous year, the locations of such closings, and the nature and use of the premises closed. The commissioner shall, in addition, as soon as practicable after a building, structure, enclosure, place or premises has been closed, make and publish a report of said closing in a manner calculated to quickly notify the local community in which such closing occurred. The commissioner shall also make and publish a report of any premises reopened pursuant to his or her permission under this section. Failure to comply with this subdivision shall not invalidate any action taken by the commissioner pursuant to this section.

SECTION 139
PENALTIES FOR VIOLATION OF VACATE ORDERS

§28-139.1 Penalties and punishment for violation of order to vacate and order to seal, secure and close. Any person who violates the provisions of a vacate order or order to seal, secure and close issued pursuant to this section shall be liable for a civil penalty of not more than twenty-five thousand dollars and an additional civil penalty of not more than one thousand dollars for each day the violation continues.

§28-139.1.1 Penalties and punishment for removal of seal. Except as authorized by the commissioner, any person who removes or causes to be removed the seal from any premises sealed in accordance with an order of the commissioner or his or her designee shall be guilty of a misdemeanor punishable by imprisonment for no more than one year or a fine not to exceed fifty thousand dollars, or both such fine and imprisonment. Such person shall also be subject to a civil penalty not to exceed fifty thousand dollars.

§28-139.2 Access to vacated premises. The commissioner shall allow access to the premises vacated pursuant to this section to an owner, or a lessor, lessee or mortgagee upon the following conditions:

1. The submission of a written affirmation, satisfactory to the commissioner, that such person or persons will commence or cause to be commenced without delay all work necessary to correct the conditions stated in the vacate order or otherwise to make the premises meet all applicable laws and rules and will complete such work within a period of time and in a manner to be approved by the commissioner;

2. The submission of a written affirmation or other proof satisfactory to the commissioner describing the steps that have been taken and will be taken in the future to ensure that the premises will be used or operated in a lawful manner and specifying such lawful use;

3. If a license, permit or certificate of occupancy is necessary for such lawful use, the submission of a written affirmation or other proof, satisfactory to the commissioner, describing the steps that have been taken and will be taken in the future to ensure that such premises will be used or operated in compliance with any law requiring such license, permit or certificate of occupancy; and

4. If the premises are leased and the person making the affirmations described above in items 1, 2 and 3 is not such lessee, the commissioner may also require any authorized person seeking access pursuant to this subdivision to submit a written affirmation or other proof that proceedings to enable such person to take actions necessary to ensure compliance with the affirmations submitted by such authorized person pursuant to items 1, 2 and 3 have been commenced.

§28-139.3 Civil penalty for false statement. Any person who makes a material false statement in any document submitted to the department which statement he or she knows or has reason to know will be relied upon by the commissioner in determining whether he or she will allow access to the premises shall be liable for a civil penalty of not more than fifty thousand dollars.

§28-139.4 Additional penalties for harm or injury from violation of vacate order or order to seal, secure and close. Notwithstanding any other law, rule, or regulation, any person, corporation, partnership, association or any other legal entity who permits a building, structure, enclosure, place or premises, or any part thereof, to be unlawfully occupied or used in contravention of an order of the commissioner pursuant to section 28-137.3 or section 28-138.1 of this code, or who negligently fails to prevent or prohibit such unlawful occupancy or use, shall be liable for a civil penalty of not more than one million dollars, if any other person suffers serious physical injury, as defined in section ten of the penal law, or death in the building, structure, place or premises or any part thereof subject to such order as a result of such unlawful occupancy or use. If more than one person suffers serious physical injury or death, such penalty shall be recoverable for each person suffering serious physical injury or death. Such penalty shall be recovered in a civil action brought by the corporation counsel in the name of the city in any court of competent jurisdiction. In determining the amount of the civil penalty to be imposed the court shall consider:

1. The extent and severity of injury to persons and property caused by the violation;

2. The history of violations by the defendant at such premises, or any other premises, of laws or rules enforced by the department;

3. The degree of willfulness, recklessness, or negligence displayed by the defendant in committing the subject violation;

4. The defendant's financial resources; and

5. The defendant's good faith efforts to cure the subject violation, including efforts to obtain entry to or possession of the premises in order to do so.

§28-139.4.1 In the event that the family of any person seriously injured or who has died as the result of any unlawful occupancy or use described in this section is unable to collect a judgment recovered in a civil action for personal injury or wrongful death against a defendant who has violated this section because of the insolvency of such defendant, the city may, in its discretion, pay to such injured person or the family of such deceased person an amount, as hereinafter provided, collected from such defendant in an action relating to the same injury or death commenced by the corporation counsel against such defendant pursuant to this section.

§28-139.4.2 Payments pursuant to this section shall be made as a matter of grace and shall be in such amounts and in accordance with such standards and procedures as shall be established by the mayor, provided, however, that any payment made pursuant to this section shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services necessary as a result of the injury upon which such action is based; loss of earnings or support resulting from such injury; burial expenses not exceeding two thousand five hundred dollars of a person who died as a result of such unlawful occupancy or use described in this section; and the unreimbursed cost of repair or replacement of articles of essential personal property lost, damaged or destroyed as a direct result of such unlawful occupancy or use. In no event shall the payment made to any person exceed the amount of such person's uncollected judgment for personal injury or wrongful death and in no event shall the total amount paid to any number of persons with such uncollected judgments against a single defendant exceed the actual amount collected by the city from such defendant in an action under this subdivision.

SECTION 140
EMERGENCY POWERS OF THE COMMISSIONER

§28-140.1 Temporary safeguards for dangerous structures. In case there shall be, in the opinion of the commissioner, actual and immediate danger that any structure or part thereof will fall, so as to endanger life or property, he or she may cause the necessary work to be done to render such structure temporarily safe. The

commissioner may request the commissioner of citywide administrative services, the commissioner of housing preservation and development, or other city agencies to perform or cause the necessary work to be done to render such structure or part thereof temporarily safe.

§28-140.2 Emergency demolition or other work. Notwithstanding any other provisions of law, if the commissioner determines that a structure or any part thereof is in imminent danger of collapse and the exigency of the situation is such that any delay may cause further danger to the public safety, then the commissioner may direct the commissioner of housing preservation and development or the department of citywide administrative services, or other authorized agency to perform or arrange the performance of the emergency demolition of such structure or part thereof or such other work as deemed by the commissioner to make it safe.

§28-140.3 Emergency measures. The commissioner shall have the following additional powers in an emergency:

§28-140.3.1 Vacating structures. Notwithstanding any other provisions of law, where in the opinion of the commissioner, there shall be actual and immediate danger that any structure or part thereof will fall so as to endanger life or property, or where any structure or part thereof has fallen and life is endangered by the occupation thereof, the commissioner is hereby authorized and empowered to order and require the occupants of such structure or part thereof to vacate the structure forthwith.

§28-140.3.2 Stopping work and securing structures. Where in the opinion of the commissioner, any defective or illegal work in violation of or not in compliance with any of the provisions or requirements of this code, shall endanger life or property, the commissioner shall have the right and is hereby authorized and empowered to: order all further work to be stopped in and about such structure or premises; to require all persons in and about such structure or premises forthwith to vacate it; and to cause such work to be done in and about the structure as in his or her judgment may be necessary to remove any danger therefrom.

§28-140.3.2.1 Notice. A verbal notice or order shall be followed within a reasonable time by written notice or order and shall include the reason for the issuance of such order.

§28-140.3.2.2 Police. The police commissioner shall enforce such orders or requirements when so requested by the commissioner or designee.

§28-140.3.3 Violations of protective measures during construction or demolition. During the construction or demolition of a structure, the commissioner shall notify the owner of the structure affected of any failure to comply with any of the provisions of this code that concern the protection of the public and workers during construction or demolition. Unless the owner so notified proceeds within twenty-four hours to comply with the orders of the commissioner, the commissioner shall have full power to correct the violation. All expenses incurred therefore shall become a lien on the property.

§28-140.3.4 Closing streets temporarily. The commissioner may, when necessary for the public safety, temporarily close the sidewalks, streets, structures or places adjacent to a structure or part thereof, and the police commissioner, or any of his or her subordinates shall enforce all orders or requirements made by the commissioner, when so requested by the commissioner.

§28-140.4 Report and inspection of unsafe buildings and property. Whenever persons engaged in building operations have reason to believe in the course of such operations that any building or property is dangerous or unsafe, such person shall forthwith report his or her belief in writing to the commissioner of buildings, who shall thereupon cause an inspection to be made of such building or property; and if such building or property is found to be dangerous or unsafe, the commissioner shall cause such action to be taken as he or she may deem necessary.

§28-140.5 Lien for emergency demolition. The expenses of the city in performing an emergency demolition of any structure or part of such structure or other work pursuant to this section shall constitute a debt recoverable from the owner and a lien upon the land and any part of such structure that was not demolished. Every such lien shall have priority over all other liens and encumbrances on the premises except for the lien of taxes and assessments. Except as otherwise provided by rule of the affected agency, the agency incurring such expense shall be governed by the procedures set forth in article eight of subchapter five of the housing maintenance code with respect to the enforcement of such debt and lien.

§28-140.6 Recovery of bodies from wrecked structures. Where any persons are known or believed to be buried under the ruins of any fallen structure or part thereof in the city, the commissioner shall cause an examination of the premises to be made for the recovery of the injured and bodies of the dead. Whenever, in making such examination, it shall be necessary to remove any debris from the premises, other city agencies shall cooperate with the commissioner in carrying out the purposes of this section, and shall provide suitable and convenient places for the deposit of such debris.

SECTION 141
UNSAFE BUILDINGS

§28-141.1 Conditions. Any structure or premises or part of a structure or premises that from any cause may at any time become dangerous or unsafe, structurally or as a fire hazard, or dangerous or detrimental to human life, health or safety, shall be demolished and removed or made safe and secure.

§28-141.1.1 Vacant buildings. Any vacant building not continuously guarded or not sealed and kept secure against unauthorized entry as herein before provided shall be deemed dangerous and unsafe as a fire hazard and dangerous and detrimental to human life, health and safety within the meaning of this section. A vacant building that is not continuously guarded shall have all openings sealed in a manner approved by the commissioner, and it shall be the duty of the owner thereof promptly to make any repairs that may be necessary for the purpose of keeping such building sealed and secure.

§28-141.1.2 Unsafe building. Any building, structure or part thereof described in this section shall be deemed an unsafe building, structure or premises.

§28-141.2 Record and notice of unsafe building, structure or premises. The department official or employee shall cause a report to be filed on an unsafe building, structure or premises. The report shall state the occupancy of the structure and the nature of the unsafe condition and be made a record of the department.

§28-141.3 Notice and order. The owner(s), executor(s), administrator(s), mortgagee(s), lessee(s) or any other person who may have a recorded vested or recorded contingent interest in the unsafe building, structure or premises, shall be served with a notice containing a description of the unsafe building, structure or premises and an order requiring such building be vacated, if necessary, and sealed, secured, repaired, shored, or demolished and removed as may be deemed necessary by the department.

§28-141.3.1 Content. Such notice shall require the person thus served immediately to certify to the department his or her acceptance or rejection of the order. The notice shall further notify said person(s) that upon his or her refusal or neglect to comply with any of the requirements of this provision, a survey of the building or premises named in such notice will be made at a time and place therein named. The notice shall also state that if, pursuant to the survey, it is found that the building, structure, or premises referred to therein is unsafe or dangerous by the surveyors, their report of survey will be placed before the supreme court for trial at a time and place named in such notice.

§28-141.4 Method of service. The notice and order shall be served in accordance with the civil practice law and rules of the state of New York.

§28-141.5 Owner abatement of unsafe or dangerous conditions. If the person served with a notice and order pursuant to this section shall immediately certify his or her assent to the securing or removal of such unsafe building, structure or premises condition, he or she shall be allowed a period of time as determined by the commissioner, or his or her designee, within which to commence and complete the abatement of the unsafe or dangerous condition. Such person shall employ sufficient labor and assistance to secure or remove such conditions as expeditiously as possible.

§28-141.6 Survey. A survey of the building or premises shall be conducted as follows:

§28-141.6.1 Identity of surveyors. The survey shall be made by three competent persons, of whom one shall be the commissioner or his or her designee; another shall be an architect licensed to practice in the State of New York appointed by a recognized professional organization or a professional engineer licensed to practice in the State of New York appointed by a recognized professional organization; and the third shall be an architect or engineer appointed by the person served with a notice pursuant to subsection 28-141.3 of this section. If the person served with such notice shall neglect or refuse to appoint such surveyor, the other two surveyors shall make the survey. In case they disagree, they shall appoint a third person to take part in such survey, who shall be an architect or engineer of at least ten years' practice, whose decision shall be final.

§28-141.6.2 Posting report of survey. A copy of the report of the survey shall be posted on the structure that is the subject thereof by the persons holding the survey, immediately on their issuing such report.

§28-141.6.3 Compensation of surveyors. The architect or engineer appointed by the respective professional organization, as hereinbefore provided, who may act on any survey called in accordance with the provisions of this section, and the third surveyor who may have been called in the case of disagreement provided for in this section, shall each be paid a sum to be determined by rule to be promulgated by the department.

§28-141.6.4 Cost of survey. Any costs incurred by the city in connection with the survey shall become money due and owing to the city as part of the return of precept and judgment provided for in section 28-141.9 and section 28-141.10 of this code or pursuant to lien provided for in section 28-141.11 of this code

§28-141.7 Court Proceeding. Whenever the report of survey shall recite that the building, structure or premises surveyed is unsafe or dangerous, the corporation counsel or his or her designee shall, at the time specified in the notice, place such notice and report before a justice of the court named in the notice. The report of survey shall be in writing and constitute the issues to be placed before the court for trial. The purpose of the trial shall be to determine whether the unsafe building, structure, or premises shall be vacated and sealed, secured, shored, or demolished and removed.

§28-141.7.1 Precedence of proceeding. The unsafe building proceeding shall have precedence over every other business of such supreme court. The trial on the issues in the unsafe building proceeding shall be held without delay, at the time specified in the notice, and shall be held by a justice of the court or by a referee, whose decision or report in the matter shall be final.

§28-141.7.2 Precept to abate. If the justice or referee determines the building, structure or premises that is the subject of the report of survey is unsafe or dangerous, such justice or referee trying the case shall immediately issue a precept directed to the commissioner authorizing him or her forthwith to vacate, if necessary, seal, secure, shore, or demolish and remove said unsafe building, structure or premises that shall have been named in such report. The precept shall be effective for a period of three years from the date of issuance.

§28-141.7.3 Notice of pendency. A notice of pendency shall be filed in

accordance with the following procedures:

1. The notice of pendency shall consist of a copy of the notice described in 28-141.3 and shall be filed in the office of the clerk of the county where the property affected by such action, suit or proceeding is located. Such notice of pendency may be filed at any time after the service of the notice described in 28-141.3.

2. Any notice of pendency filed pursuant to the provisions of this section that has not expired may be vacated and cancelled of record upon an order of a justice of the court in which such suit or proceeding was instituted or is pending, or upon the consent in writing of the corporation counsel. The clerk of the county where the notice is filed is hereby directed and required to mark any such notice of pendency, and any record or docket thereof, as vacated and cancelled of record upon the presentation and filing of a certified copy of such order or consent.

§28-141.8 Execution of precept. A precept issued pursuant to section 28-141.7.2 shall be executed in accordance with the following procedures:

§28-141.8.1 Work by the department. Upon receiving a precept under the provisions of section 28-141.7, the commissioner shall execute such precept, as therein directed, and may employ such labor and assistance and furnish such materials as may be necessary for that purpose. The commissioner or his or her designee shall direct the commissioner of citywide administrative services or the department of housing preservation and development or other authorized agency to perform work in accordance with the precept. Such work shall be performed by or under the direction of citywide administrative services in accordance with the provisions of section 4-204 of the administrative code, or the department of housing preservation and development, or such other authorized agency.

§28-141.8.2 Owner Application to perform work. The owner of such unsafe building, structure, or premises, or any party interested therein, if he or she applies to the commissioner immediately upon the issuing of such precept, shall be allowed to perform the requirements of such precept at his or her own cost and expense, if the performance shall be done immediately and in accordance with the requirements of such precept and other applicable laws and rules and such other requirements as the commissioner shall impose.

§28-141.8.3 Modification of precept. The commissioner or his or her designee shall have authority to modify the requirements of any precept when such commissioner or designee shall be satisfied that such change will secure the safety of such structure or premises equally well.

§28-141.8.3.1 Upon application. The commissioner or his or her designee shall also have authority to modify the requirements of any precept upon application to him or her in writing by the owner of the unsafe building, structure, or premises, or his or her authorized representative. In addition, upon application to modify the requirements of any precept to seal or shore the structure by the commissioner of housing preservation and development, citywide administrative services or such other authorized agency, the commissioner or designee shall have authority to modify such precept accordingly when he or she shall be satisfied that such change will secure the safety of such structure or premises equally well.

§28-141.8.3.2 Notice. After a determination to modify the precept is made by the commissioner, written notice of such determination shall be sent by regular mail to the owner and applicant for the modification if other than the owner, at his or her last known address.

§28-141.8.3.3 Failure of owner to perform work. If no action in accordance with the modified precept is undertaken by the owner or applicant for modification within the time period provided in the modification following the granting of such application, the commissioner may direct the department of housing preservation and development or the department of citywide administrative services or such other authorized agency to execute the original precept, provided however that prior to such execution, notice shall be provided by regular mail to the owner of the unsafe building, structure or premises and applicant for the modification if other than the owner, at his or her last known address. The owner shall continue to have the right to request the commissioner to modify the requirements of the precept prior to the execution thereof.

§28-141.8.4 Interference prohibited. It shall be unlawful for any person to interfere, obstruct or hinder the commissioner or the commissioner of citywide administrative services, housing preservation and development, or other authorized agency, or any person who, acting under the authority conferred on him or her by such commissioner, in performing the work authorized by a precept issued out of any court or modified in accordance with this section, or the work ordered by the commissioner in accordance with such precept under the provisions of this section.

§28-141.8.5 Enforcement. The police commissioner shall enforce such orders or requirements when requested by the commissioner and shall likewise enforce same at the request of the commissioner of citywide administrative services, housing preservation and development, or other authorized agency, with respect to work performed by or under the direction of such commissioner pursuant to the provisions of this section.

§28-141.8.6 Demolition. If the original precept authorized demolition, the time for such demolition shall not extend beyond three years from the date of issuance from the original precept without further application to the court.

§28-141.9 Return of Precept; reimbursement of city. Upon compliance with any precept issued to him or her in a proceeding under this section, the commissioner may make return thereof, with an endorsement of the action thereunder and the costs and expenses thereby incurred, to the justice of the court from which such precept issued. Such justice shall then tax and adjust the amount endorsed upon such precept, and shall adjust and allow the disbursements of the proceeding, including but not limited to the preliminary expenses of searches, service of the notice of survey and summons on interested parties, surveys thereof, and costs of executing the precept, which shall be inserted in the judgment in such proceeding. Such justice shall then render judgment for such amount and for the sale of the premises named in such notice, together with all the right, title and interest that the person named in such notice had in the lot, ground or land upon which such structure was placed, at the time of the filing of a notice of pendency in such proceedings, or at the time of the entry of judgment therein, to satisfy such judgment in foreclosure of mortgages. Nothing in this section shall preclude the city from recovering such costs and expenses in any other lawful manner, including pursuant to section 141.11 of this code.

§28-141.10 Judgment lien. Any judgment rendered in an action or proceeding instituted under this section shall be and become a lien upon the premises named in such action or proceeding, such lien to date from the time of filing a notice of pendency in the office of the clerk of the county wherein the property affected by such action or proceeding, is located. Every such lien shall have priority before any mortgage or other lien as may exist prior to such filing except tax and assessment liens.

§28-141.11 Tax lien. Any costs and expenses incurred by any agency of the city pursuant to this section, including but not limited to the preliminary expenses of searches, service of the notice of survey and summons on interested parties, surveys thereof, and costs of executing the precept, shall be a debt recoverable from the owner of the premises and a lien upon the land and buildings upon or in respect to which such costs and expenses were incurred. Every such lien shall have priority over all other liens and encumbrances on the premises except for the lien of taxes and assessments. Except as otherwise provided by rule of the affected agency, the agency incurring such expense shall be governed by the procedures set forth in article eight of subchapter five of the housing maintenance code with respect to the enforcement of such debt and lien.

SECTION 142
MAINTENANCE OF BUILDINGS AND OWNER'S RESPONSIBILITIES

§28-142.1 Maintenance requirements. All buildings and all parts thereof and all other structures regulated by this code shall be maintained in a safe condition. All service equipment, means of egress, devices, and safeguards that are required in a building by the provisions of this code or other applicable laws or rules, or that were required by law when the building was erected, altered, or repaired, shall be maintained in good working condition. Whenever persons engaged in building operations have reason to believe in the course of such operations that any building or other structure is dangerous or unsafe, such person shall forthwith report his or her belief in writing to the commissioner, who shall thereupon cause an inspection to be made of such building or other structure; and if such building or other structure is found to be dangerous or unsafe, the commissioner shall cause such action to be taken as he or she may deem necessary.

§28-142.2 Owner responsibility. The owner shall be responsible at all times for the safe maintenance of the building and its facilities and all other structures regulated by this code.

§28-142.3 Exterior walls and appurtenances thereof. In order to maintain a building's exterior walls and appurtenances thereof in a safe condition, the following additional requirements shall apply to all existing buildings or buildings hereafter erected that are greater than six stories in height:

Exception: The requirements imposed by this section shall not be applied to any part of an exterior wall that is less than twelve inches (305 mm) from the exterior wall of an adjacent building.

§28-142.3.1 Inspection requirements. A critical examination of a building's exterior walls and appurtenances thereof shall be conducted at periodic intervals as set forth by rule of the commissioner, but such examination shall be conducted at least once every five years. The initial examination for any building hereafter constructed shall be conducted in the fifth year following the erection or installation of any exterior wall and/or appurtenances.

1. Such examination shall be conducted by, or witnessed by and under the direct supervision of, an architect or engineer on behalf of the building owner.

2. Such examination shall include a complete review of the most recently prepared report and an inspection.

3. Such examination shall be conducted in accordance with rules promulgated by the commissioner.

§28-142.3.2 Immediate notice of unsafe condition. Whenever an architect or engineer learns of an unsafe condition through a critical examination of a building's exterior walls and appurtenances thereof, he or she shall notify the owner and the department immediately in writing of such condition.

§28-142.3.3 Report of critical examination. Such architect or engineer shall submit a written report to the commissioner within sixty days of completing the critical examination, but not more than five years following submission of the preceding report of critical examination, certifying the results of such critical examination as either safe, unsafe or safe with a repair and maintenance program. The report shall clearly document the condition of the exterior walls and appurtenances thereof and shall include a record of all significant deterioration, unsafe conditions and movement observed as well as a statement concerning the watertightness of the exterior surfaces. Such report must be signed by and bear the professional seal of such architect or engineer.

§28-142.3.4 Repair of exterior walls, unsafe condition. Upon the notification to the department of an unsafe condition, the owner, his or her agent or the person in charge shall immediately commence such repairs, reinforcements or other measures as may be required to secure public safety

and to make the building's exterior walls or appurtenances thereof conform to the provisions of this code.

1. All unsafe conditions shall be corrected within thirty days of filing the critical examination report.

2. The architect or engineer shall reinspect the premises and file an amended report within two weeks after the repairs have been completed certifying that the unsafe conditions of the building have been corrected.

3. The commissioner may grant an extension of time of up to ninety days to complete the repairs required to correct an unsafe condition upon receipt and review of an initial extension application submitted by the architect or engineer together with such additional documentation as may be prescribed by rule.

4. The commissioner may grant further extensions of time to complete the repairs required to remove an unsafe condition upon receipt and review of an application for a further extension submitted by the architect or engineer together with such further documentation as may be prescribed by rule.

§28-142.3.5 Safe condition with a repair and maintenance program. An architect or engineer shall not file a report of a safe condition with a repair and maintenance program for the same building for two consecutive filing periods unless the second such report is accompanied by his or her certification attesting to the correction of all conditions identified in the prior report as requiring repair.

§28-142.4 Periodic boiler inspections. Periodic boiler inspections shall be required to be performed in accordance with the following schedule:

1. Except as provided below, all boilers as defined in section 204 of the New York state labor law, excepting those boilers listed in subdivision five of such section of such labor law, shall be inspected at least once a year by a qualified boiler inspector in the employ of a duly authorized insurance company or other qualified inspectors as defined by the New York state department of labor, and as set forth herein and in the rules promulgated by the commissioner of labor. Such inspections shall also include the chimney connectors. All boiler inspectors who perform periodic inspections pursuant to this section shall be qualified under section 204 of the New York state labor law and the rules promulgated by the commissioner of labor or the commissioner of the department.

2. When the construction of the boiler allows, an internal inspection shall also be performed.

3. Each owner of a high-pressure boiler, as defined in this code, may choose to have the annual boiler inspection conducted by the department or by a qualified boiler inspector in the employ of a duly authorized insurance company.

§28-142.4.1 Owner's annual statement. The owner of each boiler that is subject to periodic inspection shall file an annual written statement with the commissioner, specifying:

1. The location of each boiler.

2. Whether the owner, agent, or lessee has had the boiler inspected by a qualified boiler inspector in the employ of a duly authorized insurance company or other qualified inspector in accordance with the requirements of this section, setting forth the name and address of the insurance company or other qualified inspector, the date of inspection, and the policy number covering the boiler.

3. A signed copy of the report of each boiler inspection, on such forms and in such manner as required by the commissioner.

4. The statement shall be filed within thirty days after installation of a boiler. Thereafter, it shall be filed as set forth in this section and in rules.

§28-142.4.2 Removal or discontinuance notice. The owner of a boiler that is removed or discontinued from use shall file a written notice of such removal or discontinuance with the commissioner within thirty days of the date of removal or discontinuance.

§28-142.4.3 Additional inspections. In addition to the inspections required by this section, the commissioner may make such additional inspections as required to enforce the provisions of this code. No fee shall be charged for such additional inspections.

§28-142.4.4 Fees. Every owner of a boiler in use and inspected by a qualified boiler inspector in the employ of a duly authorized insurance company shall pay to the department an annual fee for each boiler in the amount prescribed by this code to cover the city's administrative and supervisory costs. The fee shall be payable at the time of the filing of the owner's annual statement.

§28-142.5 Periodic inspection and test of elevators and conveying systems. Every new and existing device regulated by this code shall be inspected and tested according to the requirements of this code.

Exception: Elevators located (i) in owner-occupied one-family, two-family or multiple-family dwellings, provided that the elevator services only the owner-occupied dwelling unit and that such dwelling unit is not occupied by boarders, roomers or lodgers, or (ii) within convents or rectories that are not open to non-occupants on a regular basis, are not subject to the provisions of this subsection.

§28-142.5.1 Periodic inspection and test schedule. Every new and existing device shall be inspected and tested according to the following schedule:

§28-142.5.1.1 Elevators, escalators, moving walks and dumbwaiters. Elevators, escalators, moving walks and dumbwaiters shall be inspected at intervals not exceeding six months, with one inspection annually combined with testing, or as otherwise provided by the commissioner.

§28-142.5.1.2 Chair lifts and stairway chair lifts. Chair lifts and stairway chair lifts shall be inspected and tested at intervals not exceeding one year.

Exceptions:

1. Car safeties and counterweight safeties, where provided, shall be inspected and tested at intervals not exceeding one year.

2. Oil buffers and governors shall be periodically inspected and shall be tested at intervals not exceeding one year.

3. Hydraulic elevator pressure tanks and the piston rods of roped hydraulic elevators shall be inspected and tested at intervals not exceeding three years.

§28-142.5.1.3 Amusement devices. Shall be inspected and tested at intervals not exceeding six months except that for seasonal amusement devices, the commissioner may extend the periodic inspection and test for an additional two months.

§28-142.5.1.4 Personnel hoists. Shall be inspected and tested after installation and at intervals not exceeding ninety days thereafter, and immediately following each increase in travel height. The department shall be notified at least 72 hours before the required inspection and test.

§28-142.5.1.5 All other devices. All other devices including but not limited to industrial lifts and loading ramps, mechanical parking garage equipment, console or stage lifts, power-operated scaffolds and special hoisting and conveying equipment, at such intervals as the commissioner may require.

§28-142.5.1.6 Building inspection and test cycle. Each building containing devices regulated by this code shall have an inspection and test cycle approved by the department. A request to change the cycle shall be submitted in writing to the department and is subject to department approval.

§28-142.5.2 Inspection and testing process. All devices shall be tested in accordance with the following procedures:

§28-142.5.2.1 Inspection and testing entities. The required periodic inspections shall be made by the department except that one inspection and test each year for elevators and escalators shall be made on behalf of the owner by an insurance company or other private elevator inspection agency certified by the department in accordance with this code and in rules promulgated by the commissioner. Required inspections and tests performed on behalf of the owner shall be witnessed by an elevator inspector from the department.

§28-142.5.2.2 Inspection and test reports submission. Inspection and test reports shall be submitted on such forms and in such manner as required by the commissioner. Copies of each report, each copy originally signed by the inspector, listing all violations of any of the provisions of this code for each device inspected and/or tested, shall be delivered to the owner and filed with the department within five days of the inspection or test.

§28-142.5.2.3 Repair. All defects as found and reported in such inspection and test reports shall be corrected within two weeks of the filing of the report.

§28-142.5.3 Maintenance contracts. In multiple dwellings (either J-1 or J-2 occupancy groups), the owner shall be required to have a contract with an elevator repair person or company authorizing the performance of emergency elevator repair work. Such repair person or company shall be acceptable to the commissioner. The name, address and telephone number of such elevator repair person or company shall be maintained on each premises, in a location readily accessible to employees of this department, and maintenance or custodial staff at the premises.

§28-142.5.4 Fees. Every owner of elevators and other devices shall pay to the department an inspection fee and a report filing fee for each elevator or device in the amount prescribed by section 28-126 of this chapter.

§28-142.5.5 Additional inspections. The commissioner may make such additional inspections as required to enforce the provisions of this code. No fee shall be charged for such additional inspections.

§28-142.6 Existing retaining walls, partition fences and other site structures. Unless otherwise provided by special agreement between owners of adjacent properties, the responsibility for maintaining and repairing existing retaining walls, partition fences and other site structures shall be as follows:

§28-142.6.1 Located on the lot line, partially on both properties. The owners of such adjacent properties shall be responsible jointly for the proper maintenance and repair of retaining walls, partition fences and other site structures, or portions thereof, that are located along the common lot line and on both their properties; and each such owner shall be responsible for one-half of the costs of maintaining and repairing such fences, retaining walls and other site structures, or such portions thereof. Where an owner elects to remove temporarily a retaining wall or partition fence that is required to support a grade differential between the two properties, or for any other reason is required by this code, such owner shall protect the adjacent property and replace the retaining wall or partition fence at his or her own cost.

§28-142.6.2 Located wholly on one property. Where such retaining walls, partition fences or other site structures, or portions thereof, are located entirely on one property, the owner of such property shall be wholly responsible for the proper maintenance and repair of the retaining wall, partition fence or other

site structure. If, however, the proper maintenance and/or repair of such retaining wall, partition fence or other site structures requires access to the adjoining property, the owner of such adjoining property shall allow such access.

§28-142.7 New retaining walls. Where an owner elects to set his or her grade either higher or lower than the grade of an adjoining property at the property line, such owner shall erect, maintain and repair a retaining wall of sufficient height, structure and foundation to support such grade differential, and with proper drainage, in accordance with this code, such that the adjacent property is not impacted, and shall do so at the sole expense of such owner and entirely on the property of such owner without access to the adjoining property unless otherwise provided by special agreement between such owner and the owner of the adjoining property.

§28-142.8 Party walls. Repair and maintenance of the construction, design and fire-resistance rating of party walls shall be the joint responsibility of the owners of the adjoining properties, and any change by either owner must maintain the weather protection, structural, vertical fire division and other requirements of this code for party walls.

CHAPTER 2
LICENSING AND REGISTRATION OF BUSINESSES, TRADES AND OCCUPATIONS ENGAGED IN BUILDING WORK

SECTION 201
GENERAL

§28-201.1 Application. This chapter shall apply to the licensing and registration of businesses, trades and occupations engaged in building work regulated by this code.

§28-201.2 General requirements for all licenses. The provisions of this section shall apply to all licenses issued by the department pursuant to this chapter. All applicants and licensees shall comply with the provisions of this section as well as the specific requirements applicable to the particular license as set forth in other sections of this chapter.

§28-201.3 Definitions. As used in this chapter the following terms shall have the following meanings unless the context or subject matter requires otherwise.

CERTIFICATE OF COMPETENCE. A certificate issued by the department to an individual representing that such individual has completed all requirements for the master plumber or master fire suppression piping contractor license but has not obtained a seal or plate; and that such certificate of competence has been renewed as required and is currently in effect. The certificate of competence shall bear the name of the holder and the certificate number. The holder of a certificate of competence is not a licensed master plumber or licensed master fire suppression piping contractor and may practice the trade for which the certificate is issued only under the direct and continuing supervision of a licensed master plumber or licensed master fire suppression piping contractor or, with respect to a city employee under the direct and continuing supervision of a supervising licensed master plumber or licensed master fire suppression piping contractor.

CITY AGENCY. A city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid, in whole or in part, from the city treasury.

COMBINED STANDPIPE SYSTEM. A standpipe to which a sprinkler system is connected or is being connected.

DIRECT AND CONTINUING SUPERVISION. Responsible control exercised by a licensed individual, either personally or through one or more, but no more than three, levels of competent supervision over individuals (i) in the direct employ of the licensee, or (ii) in the direct employ of the city agency employing the licensee or (iii) in the direct employ of the business performing the actual work of the licensee's trade or the actual work permitted by the class of license held by the licensee, for which work such licensee assumes full responsibility. Such control shall be evidenced by such licensee's signature, and seal where applicable, upon any required statements, applications and/or permits and by demonstrating involvement of the licensee in the operations of the business, including hiring of employees, responsibility for financial matters, and oversight of work performance. Direct and continuing supervision includes field inspection, supervision of job sites, and the maintenance of records of such supervision and such other requirements as the commissioner may prescribe by rule for a particular license type.

DIRECT EMPLOY. An individual is in the direct employ of a licensee or business or a city agency when he or she is on the payroll of such licensee or business or city agency and under the usual common law rules applicable in determining the employer-employee relationship has the status of an employee. The work performed by such employee shall not exceed the class of license held by the licensee. Direct employment shall be evidenced by payroll records, such as social security payments, income tax withholding or the disbursement of other funds as required by law for the benefit of such employee, timekeeping records, such as time cards and sign-in sheets, work orders, and assignment or route logs.

FIRE SUPPRESSION PIPING WORK. The installation, maintenance, repair, modification, extension, or alteration or testing of a fire suppression piping system in any building in the city of New York.

FIRE SUPPRESSION PIPING SYSTEM. Any system including any and all equipment and materials in connection therewith, with the exception of any electrical components that must be installed by a licensed electrician pursuant to the New York city electrical code, the purpose of which is to control, contain, suppress or extinguish fire and shall include:

1. The systems, materials and equipment described or referred to in this code (with the exception of any electrical components that must be installed by a licensed electrician pursuant to the New York city electrical code) which systems, materials or equipment shall include any standpipe system to which a sprinkler system is or is now being connected; provided, however, that such systems, materials or equipment shall not include any systems, materials or equipment constituting plumbing work, with the exception of up to thirty sprinkler heads off the domestic water in any one building; or

2. Any dry, liquid or gaseous chemical fire containment, suppression, control or extinguishing system or any other device or means of control, suppression, containment or extinguishing of fire (with the exception of any electrical components that must be installed by a licensed electrician pursuant to the New York city electrical code) but not including portable fire extinguishers.

HIGH-PRESSURE BOILER. A boiler that carries a pressure of more than fifteen pounds of steam per square inch and is rated in excess of ten horsepower, or that produces hot water at a pressure of one hundred sixty pounds per square inch or at a temperature over 250°F (121°C).

LICENSE. A license, registration, certification or other evidence, issued by the department pursuant to this chapter, representing that an individual, a sole proprietorship, partnership, corporation, business association or other person meets the qualifications and requirements as set out in this chapter and in the rules of the department and is authorized to engage in the particular trade, occupation or business as indicated on the license and representing that such license, with associated plate and/or seal, where applicable, has been renewed as required and is currently in effect. The license shall bear the holder's full name, the type of license, the license class, where applicable, the license number and any restrictions relating to the use of such license. Such term shall not include a certificate of competence.

LICENSE BOARD OR BOARD. A panel of trade practitioners and others appointed by the commissioner as provided herein and in rules promulgated by the commissioner with the purpose of advising the commissioner regarding the character and fitness of applicants for a license or certificate of competence, allegations of illegal practices by persons licensed, or other matters as the commissioner may see fit.

LICENSED MASTER FIRE SUPPRESSION PIPING CONTRACTOR, MASTER FIRE SUPPRESSION PIPING CONTRACTOR. An individual who has satisfied the requirements of this chapter for the master fire suppression piping contractor license, who has been issued a license, plate and/or seal, and who is authorized under the provisions of this chapter to perform fire suppression piping work in the city of New York, according to the classification of license held. A master fire suppression piping contractor licensee shall practice his or her trade in association with a master fire suppression piping contractor business or as an employee of a city agency.

LICENSED MASTER PLUMBER, MASTER PLUMBER. An individual who has satisfied the requirements of this chapter for the master plumber license, who has been issued a license, plate and/or seal, and who is authorized under the provisions of this chapter to perform plumbing work in the city of New York. A master plumber licensee shall practice his or her trade in association with a master plumber business or as an employee of a city agency.

PLATE. A plaque issued by the department to a master plumber or a master fire suppression piping contractor setting forth the licensee's name and number, the class of license and the master plumber business or master fire suppression piping contractor business operating pursuant to the plate, and displayed prominently and conspicuously on view to the public at the place of business registered with the department. The plate is the property of the department and is not transferable by the licensee.

PLUMBING WORK. The installation, maintenance, repair, modification, extension or alteration of plumbing, standpipe where a sprinkler is not connected or is not now being connected, domestic water, connections to the domestic water, combination domestic water and reserve standpipe supply tank up to and including the roof tank check valve, gas piping or any piping system referred to in the New York city plumbing code, and/or up to thirty sprinkler heads off the domestic water in any building in the city of New York.

PRIVATE ELEVATOR INSPECTION AGENCY. A person or business authorized by the commissioner to operate as an independent contractor for the purpose of inspecting and testing elevators, escalators and other equipment regulated by this code and shall include but shall not be limited to an insurance company, elevator maintenance company, elevator manufacturer or elevator inspection company.

SEAL. Emblem issued by the department to an applicant for some license types, that allows the licensee to stamp documents required by this code to be signed and sealed. The seal shall bear the full name of the licensee, the license type, the license class, where applicable, and the license number. The seal is the property of the department and is not transferable by the licensee.

SIGN. A sign as defined in section 12-10 of the zoning resolution.

SINGLE CONTROL STATION. A crane that is driven and operated from one seat in its cab.

TOTAL BOOM. A boom including jibs and other extensions.

§28-201.4 Requirement of license. It shall be unlawful for any person to engage in or carry on in the city any business, trade or occupation regulated by this chapter, without having first obtained a license from the commissioner in accordance with and subject to the provisions of this chapter and the rules of the department. A license issued by the department for any such business, trade or occupation prior to the effective date of this code, shall remain in full force and effect until the expiration or termination thereof in accordance with the terms thereof, unless sooner

revoked or suspended for cause as hereinafter provided. Any renewal of such license shall be in accordance with the provisions of this code.

§28-201.5 Application and conditions. Every application for a license or certificate of competence shall be made in such form and shall be accompanied by such information as the commissioner may prescribe, and by the required fee. It is a condition of the license or certificate of competence that information in the application be kept correct and current. Any change in required information shall be reported to the department within fourteen days after any change prior to issuance of the license or certificate of competence or within thirty days after any change following issuance.

§28-201.6 Qualifications of applicant. All applicants for a license or certificate of competence shall be at least eighteen years of age, shall be able to read and write the English language, shall be of good moral character, and shall meet additional qualifications that may be prescribed for the particular license or certificate of competence.

§28-201.7 Examination of applicant. Except as otherwise specified for the particular license type, applicants for a license shall be required to take an examination in accordance with the rules of the department.

§28-201.8 Investigation of applicant. Every applicant for a license or certificate of competence, shall submit to investigation by a governmental entity in order to determine the applicant's character and fitness. Failure to provide all requested and completed documents in a timely fashion will constitute an incomplete application and will result in a denial of the license or certificate of competence.

§28-201.9 Insurance. Except as noted otherwise for a particular license, or exempted by the commissioner pursuant to rule, prior to the issuance of a license, or during the renewal thereof, the applicant shall file with the department (i) satisfactory evidence of a general liability insurance policy in the amount of one million dollars, listing the New York city department of buildings as the certificate holder; and (ii) satisfactory evidence of an insurance policy for property damage in an amount set forth in rules and conditioned upon the observance of all applicable laws and rules governing the licensed activities and upon the payment of any applicable judgment awarded for damage to or destruction of property occurring in the performance of any regulated work by or under the supervision of the license holder. Each policy of insurance shall contain a provision for continuing liability notwithstanding any recovery under such policy. In addition, prior to the issuance of any license or seal and plate, if applicable, or during any renewal thereof, the applicant shall file with the department satisfactory evidence of compliance with the workers' compensation law and the disability benefits law.

§28-201.10 Issuance of license, plate and/or seal, where applicable, or certificate of competence. The commissioner shall issue a license or certificate of competence to each applicant who shall have submitted satisfactory evidence of his or her qualifications, and shall have satisfactorily passed all required examinations and investigations, provided that no license or certificate of competence shall be issued unless and until the applicant shall have paid the required fee and complied with such other and further requirements for the particular license or certificate of competence as may be set forth in this chapter and in rules promulgated by the department. All licenses or certificates of competence issued by the commissioner shall have his or her signature affixed thereto; but the commissioner may authorize any subordinate to affix such signature. For licenses that require a plate and/or the application of a seal, the plate and/or seal shall be issued with the license except as provided otherwise in this chapter. The license, plate and seal are the property of the department and are not transferable by the licensee. No licensee shall make or cause to be made duplicates of a department-issued license, plate or seal. The loss or theft of a license, plate or seal must be reported to the department within five calendar days.

§28-201.11 Term of license or certificate of competence. All licenses and certificates of competence issued by the commissioner for which an examination is required under the provisions of this section shall expire three years from the date of issuance thereof, and may be renewed every three years thereafter without examination. All licenses not requiring examination shall expire one year from the date of issuance thereof, and may be renewed each year thereafter except as otherwise noted for a specific license.

§28-201.12 Renewal of license or certificate of competence. Applications for renewal of a license or certificate of competence shall be accompanied by the renewal fee and such additional information as the commissioner may require, and shall be made at least thirty calendar days but not more than sixty calendar days prior to the expiration date of same. The failure of an individual to renew his or her license or certificate of competence shall have the effect of cancellation of the license or certificate of competence upon expiration, and the holder of a plate and/or seal issued by the department shall immediately surrender such plate and/or seal to the department.

§28-201.13 Reinstatement. If a license or certificate of competence is cancelled, the individual may apply for reinstatement of the license or certificate of competence, within one year of the date of its expiration without examination but subject to applicable late and reinstatement fees. Thereafter, and up to five years after the date of expiration, the commissioner may reinstate the license or certificate of competence without examination upon the applicant's demonstration to the commissioner's satisfaction of continued competence in the respective trade. A license or certificate of competence shall not be reinstated after five years from date of expiration except that a registration shall not be reinstated after one year from date of expiration.

§28-201.14 Continuing education. The commissioner may promulgate rules to require applicants for the renewal of licenses or certificates of competence to complete a prescribed number of hours of continuing education courses approved by the department within the term preceding the application for renewal and to provide proof of same in a form acceptable to the department. Such proof, when required, shall be submitted with the application for renewal.

§28-201.16 Restrictions on use of license. No holder of a license issued under this chapter shall authorize, consent to or permit the use of his or her license by or on behalf of any other person, and no person who has not qualified and obtained or renewed a license under this chapter shall hold himself or herself out to the public as licensed, certified, registered or as the holder of a license issued under this section, either directly or indirectly, by means of signs, sign cards, plates, stationery, or in any other manner whatsoever.

§28-201.17 Use on behalf of a business. Except for such additional requirements as may be set forth for a particular license, nothing in this chapter shall be construed to prohibit the use of a license by the holder thereof for or on behalf of a partnership, corporation or other business association, provided that:

1. At least one member of the partnership or at least one officer of the corporation is licensed for the same business, trade or occupation, and that all work performed by such partnership or corporation is performed by or under the direct and continuing supervision of such license holder or holders; or
2. Such partnership, corporation or other business association is itself authorized to engage in such business as prescribed herein.

§28-201.17.1 Use on behalf of a city agency. Nothing in this chapter shall be construed to prohibit the holder of a license who is an employee of a city agency from using such license to practice the trade for which such license is issued for or on behalf of such city agency in the course of such employment except as otherwise limited pursuant to sections 209 and 211 of this chapter for licensed master plumber and licensed master fire suppression piping contractor licensees.

§28-201.18 New York city location required. Except as otherwise noted for a particular license, the holder of a license, other than an employee of a city agency, shall have or be employed by a business entity that has an established place of business with an address within the city of New York at which such person can be contacted by the public and the department by mail, telephone or other modes of communication. A post office box is not an acceptable address.

§28-201.19 Suspension or revocation of license or certificate of competence. The commissioner shall have the power to suspend or revoke a license or certificate of competence and/or to impose a fine not to exceed twenty-five thousand dollars for each finding of violation, and/or to order any holder thereof to repair damage resulting from any act or omission as set forth in this chapter or in rules, for any of the following, provided that the commissioner shall not revoke or suspend any license or certificate of competence for any cause unless and until the holder shall have been given at least five calendar days prior written notice and an opportunity to be heard:

1. Fraud or deceit in obtaining a license, plate and/or seal, certificate of competence, certification, registration , or permit; or
2. Gross negligence, incompetence or misconduct relating to the holder's business; or
3. Fraudulent dealings; or
4. Failure to comply with the code or any order, rule, regulation or requirement lawfully made by the commissioner including failure to cooperate with investigations conducted by the commissioner; or
5. Failure to comply with any order, rule, regulation or requirement lawfully made by the commissioner of environmental protection or commissioner of transportation pertaining to water services, house connections or street openings which relate to requirements of this section; or
6. A practice or pattern of failing timely to perform or complete contracts relating to home improvements as defined by section 20-386 of the administrative code or a practice of abandoning contracts on residential buildings containing four dwelling units or less; or
7. Failure to provide documents, including payroll records, workers compensation or other insurance documents, employee timekeeping records and corporate tax returns, required by the commissioner; or
8. Poor moral character that adversely reflects on his or her fitness to conduct work regulated by this code.

However, notwithstanding the foregoing, when the public safety may be imminently jeopardized the commissioner shall have the power, pending a hearing and determination of charges, to forthwith suspend any license for a period not exceeding five working days.

§28-201.19.1 Surrender of plate and/or seal. Upon surrender, suspension or revocation of a license for which the department has also issued a plate and/or seal, the license and such plate and/or seal shall be immediately surrendered to the department.

§28-201.19.2 Reinstatement fees. The fees required for the reinstatement of a certificate of competence or license, plate and/or seal after suspension shall be the same as those required to obtain an original document. If reinstatement of the certificate of competence, license, plate and/or seal is not requested within thirty days of the lifting of the suspension, then late fees shall be imposed in accordance with section 28-126 of chapter 1 of this title.

§28-201.20 Cooperation required. Any person, including any corporation, partnership, business or other entity, issued a license or certificate of competence by the department shall, pursuant to a request or order of the commissioner or any other city agency or office, cooperate fully and completely with respect to any department or city agency or office investigation. Evidence of cooperation shall include, but is not limited to, appearing before the department or other city agency or office, answering questions completely and accurately, and providing any and all requested documents. Failure to comply with such request or order may subject such person to disciplinary measures authorized by law, including but not limited to suspension or revocation of the license or certificate of competence.

§28-201.20.1 Service of request or order. Such request or order by the commissioner or other city agency or office shall be mailed by regular mail to the person named therein to his or her last known business or home address at least ten days before such appearance and shall contain the name of the person, date, time and place of such appearance and, if known or applicable, a description of any requested documents. If the appearance or information is required immediately, the request or order may be transmitted via facsimile or delivered to the person's last known business or home address prior to the date and time specified therein.

SECTION 203
RIGGER LICENSE

§28-203.1 Rigger license required. It shall be unlawful to hoist or lower any article on the outside of any building in the city unless such work is performed by or under the direct and continuing supervision of a person licensed as a rigger under the provisions of this section. The provisions of this section shall apply to the erection or dismantling of a tower crane or a climber crane on a building and to the use of a derrick in their removal, except that such erection or dismantling may be performed by or under the direct and continuing supervision of a licensed climber or tower crane rigger in accordance with rules promulgated by the department.

Exception: The provisions of this section shall not apply to the hoisting or lowering of signs if the person so doing possesses a license as a sign hanger, as provided in this section, or to the hoisting or lowering of any building materials or equipment, other than boilers and tanks, in the course of the construction or alteration of any building or structure.

§28-203.2 Classification. Such licenses shall be classified as follows:

1. Master rigger license. Authorizes the holder thereof to hoist or lower any article, irrespective of weight, on the outside of any building.
2. Special rigger license. Authorizes the holder thereof to hoist or lower any article not exceeding one thousand two hundred pounds in weight on the outside of any building.
3. Climber or tower crane rigger license. Authorizes the holder thereof to erect or dismantle a tower crane or a climber crane on a building and to use a derrick in their removal.

§28-203.3 Additional qualifications. Applicants for a rigger license shall have the following additional qualifications: §28-203.3.1 Master rigger qualifications. All applicants for a master rigger license shall submit satisfactory proof establishing that the applicant:

1. Has had at least five years of practical experience in the hoisting and rigging business within the seven years prior to application; and
2. Has knowledge of and is able to explain the risks incident to such business and precautions to be taken in connection therewith, safe loads and computation thereof, types of rigging, size and strength of ropes, cables, blocks, poles, derricks, sheerlegs and other tools used in connection with such business.

§28-203.3.2 Special rigger qualifications. All applicants for a special rigger license shall submit satisfactory proof establishing that the applicant:

1. Has had at least one year of practical experience in the hoisting and rigging business within the three years prior to application; and
2. Has knowledge of and is able to explain the risks incident to such business and precautions to be taken in connection therewith.

§28-203.3.3 Climber or tower crane rigger qualifications. All applicants for a climber or tower crane rigger license shall submit satisfactory proof establishing that the applicant:

1. Has had at least five years of practical experience in the climber or tower crane rigging business within the seven years prior to application; and
2. Has knowledge of and is able to explain the risks incident to such business and precautions to be taken in connection therewith, including connecting pins, cables, anchorage, platform or pad, plumb of mast, torque of bolts, supervision of rigging and hoisting of loads, placement of components, and coordination of sequencing.

§28-203.4 Additional requirements. The following additional requirements shall apply to riggers:

§28-203.4.1 Danger warning. Every licensed master or special rigger shall, while rigging operations are in progress at a job site, place, conspicuously, at such job site two plates or signs not less than 18 inches (457 mm) by 24 inches (610 mm) in size (i) displaying the word "danger" in letters not less than 6 inches (152 mm) high, and (ii) disclosing the rigger's name, business address, type of rigger license and license number.

§28-203.4.2 Master rigger place of business. Every licensed master rigger shall have a place of business within the city and shall display prominently at such place of business a plate or sign marked with the words "master rigger" and his or her license number immediately thereunder.

§28-203.4.3. Fitness to perform work. As a condition of license renewal, a licensed master or special rigger shall provide evidence satisfactory to the department that he or she is fit to perform the work.

SECTION 204
HOISTING MACHINE OPERATOR LICENSE

§28-204.1 Hoisting machine operator license required. It shall be unlawful for any persons to take charge of or operate any power-operated hoisting machine used for hoisting purposes or cableways under the jurisdiction of the department, except power-operated scaffolds and window-washing machines, unless such person is licensed under the provisions of this section or is a holder of a certificate of qualification as a hoisting machine operator issued prior to December 6, 1968 and not allowed to lapse. The commissioner may, by rule, exempt operators of mobile cranes of limited size and capacity from the requirements of this section.

§28-204.2 Classification. Hoisting machine operator licenses shall be classified as follows:

1. *Class A license: Basic license to operate cranes with total boom less that 200 feet (60,960 mm) in length, derricks and cableways, excluding truck-mounted tower cranes that exceed 200 feet (60,960 mm) in height..*
2. *Class B license: Endorsement on basic license to include the operation of hoisting machinery without limitation or restriction.*
3. *Class C license: Special hoisting machine operator license to operate a specified class of hoisting machine of limited size and capacity as follows:*
   Class C1: License to operate wheel mounted cranes (single control station) with telescoping, hydraulic or folding booms, including jibs and any other extensions to the boom, not exceeding 200 feet in length (60,960 mm) with a manufacturer's rated capacity of 50 tons or less;
   Class C2: License to operate boom trucks with telescoping, hydraulic or folding booms, including jibs and any other extensions to the boom, not exceeding 200 feet (60,960 mm) in length with a manufacturer's rated capacity of 50 tons or less;
   Class C3: License to operate boom trucks with telescoping, hydraulic or folding booms, including jibs and any other extensions to the boom, not exceeding 135 feet (41,148 mm) in length with a manufacturer's rated capacity of three tons or less, used exclusively for the erection, maintenance or removal of signs.

§28-204.3 Additional qualifications. Applicants for a hoisting machine operator license shall have the following additional qualifications.

§28-204.3.1 Class A license. All applicants for a class A basic hoisting machine operator license shall have had at least three years experience within the five years prior to application under the direct and continuing supervision of a licensed hoisting machine operator.

§28-204.3.2 Class B license. All applicants for a class B hoisting machine operator license shall hold a class A basic hoisting machine operator license, and shall have had at least two years experience prior to application under the direct and continuing supervision of a Class B licensed hoisting machine operator operating the equipment for which they are applying for endorsement and shall satisfactorily demonstrate by operation that they are competent to operate a crane with a boom, including jibs and other extensions, exceeding 200 feet (60,960 mm) in length or truck-mounted tower crane exceeding 200 feet (60,960 mm) in height, or as otherwise provided in rules of the department.

§28-204.3.3 Class C license. All applicants for a class C special hoisting machine operator license shall have had at least two years experience within the three years prior to application under the direct and continuing supervision of a licensed hoisting machine operator and have satisfactorily passed a practical examination in the operation of equipment for which such license is to be issued.

§28-204.4 Fitness to perform work. As a condition of license renewal, a licensed hoisting machine operator shall provide evidence satisfactory to the department that he or she is fit to perform the work.

§28-204.5 Insurance exemption: Unless otherwise required by rule, licensed hoisting machine operators are exempt from the insurance requirements of section 28-201.9.

SECTION 205
CONCRETE TESTING LABORATORY LICENSE

§28-205.1 Concrete testing laboratory license required. Testing of concrete required by this code or other applicable laws or rules shall be conducted by a concrete testing laboratory licensed in accordance with this section.

§28-205.2 Qualifications. All applicants for a concrete testing laboratory license shall maintain a laboratory within fifty miles of the city and shall submit satisfactory proof establishing that the business is conducted by qualified personnel in accordance with procedures, safety requirements and professional standards as set forth in rules of the department. The department shall inspect an applicant's place of business and equipment and conduct an investigation of applicant's personnel in a manner to be set forth in department rules prior to the issuance or renewal of a license.

§28-205.3 Additional requirements. The following additional requirements shall apply to concrete testing laboratories:

§28-205.3.1 Director. Each laboratory shall have in responsible charge a director who shall be an architect or engineer and who shall personally supervise all technical functions of the laboratory relating to testing of concrete and concrete materials as required in this code and in rules of the department.

§28-205.3.2 Certification of reports by director. The director shall certify the truth and accuracy of all reports filed by the laboratory under the provisions of this code or other applicable laws and rules.

§28-205.4 No examination required. An examination shall not be required for a concrete testing laboratory license.

SECTION 206
WELDER LICENSE

§28-206.1 Welder license required. It shall be unlawful to perform manual welding work on any structural member of any building in the city unless such work is performed by a person licensed as a welder under the provisions of this section.

§28-206.2 Qualifications. All applicants for a welder license shall submit satisfactory proof of the applicant's fitness to make structural welds, including his or her ability to pass operator qualification tests as determined by the commissioner.

§28-206.3 Fitness to perform work. As a condition of license renewal, a licensed welder shall provide evidence satisfactory to the department that he or she is fit to perform the work.

§28-206.4 Insurance exemption. Unless otherwise required by rule, licensed welders are exempt from the insurance requirements of section 28-201.9.

SECTION 207
PRIVATE ELEVATOR INSPECTOR CERTIFICATION

§28-207.1 Private elevator inspector certification required. It shall be unlawful for any individual to inspect or test elevators in order to satisfy requirements set forth in this code without having obtained certification from the department as a private elevator inspector. Such inspector shall be employed and supervised by a certified private elevator inspection agency.

§28-207.2 Qualifications. Applicants for private elevator inspector certification shall:

1. *Submit satisfactory proof that the applicant has had a minimum of five years of satisfactory experience within the seven years preceding the date of application in the assembly, installation, repair, design, or inspection of elevators, or as an elevator mechanic; and*
2. *Demonstrate to the commissioner's satisfaction that the applicant is sufficiently familiar with the construction and maintenance of elevators, escalators and related equipment regulated by the provisions of this code; and*

§28-207.3 Issuance; separate certification for each agency required. Upon satisfaction of the requirements for certification and employment by a private elevator inspection agency, the department shall issue to the applicant a certificate as a private elevator inspector in the city. Private elevator inspectors who are employed by more than one private elevator inspection agency shall apply for a certification for each agency by which they are employed.

SECTION 208
PRIVATE ELEVATOR INSPECTION AGENCY CERTIFICATION

§28-208.1 Private elevator inspection agency certification required. It shall be unlawful for any business to perform the required inspections or tests of elevators as set forth in this code without first having been certified as a private elevator inspection agency by the commissioner.

§28-208.2 Directors. A private elevator inspection agency shall have one or more directors, (herinafter "agency director"), who shall supervise the field and office operations of the agency and shall act as the responsible representative for the agency. Each individual agency director shall have been approved by the department in accordance with the provisions of this code.

§28-208.2.1 Qualifications. Applicants for agency director approval shall have the following qualifications:

1. *Have had a minimum of ten years experience supervising the assembly, installation, maintenance, repair, design and/or inspection of elevators within the fifteen years preceding the date of the application, or, if the applicant is an architect or engineer, a minimum of five years of applicable experience within the seven years preceding the date of the application;*
2. *Demonstrate to the commissioner's satisfaction that the agency director applicant is familiar with the construction and maintenance of elevators, escalators and related equipment regulaied by the provisions of this code; and*

§28-208.2.2 Conditions of agency certification. Certification of the private elevator inspection agency is conditioned upon approval of the agency director or directors as provided herein section 28-208. The private elevator inspection agency shall notify the department of any change in its directors at least thirty days prior to such change, and the department shall make a determination regarding the agency's certification status based on the qualifications of the remaining directors. Failure to notify the department accordingly shall render the agency certification void. Should the agency director leave the private elevator inspection agency, his or her agency director approval shall be deemed to be revoked.

§28-208.2.3 Limitations. Each agency director shall supervise the operations of only one private elevator inspection agency.

§28-208.2.4 Expiration of agency director approval. An agency director approval shall expire in three years and shall be renewable in three-year intervals.

SECTION 209
MASTER PLUMBER LICENSE

§28-209.1 Master plumber license required. It shall be unlawful for any person:

1. *To perform plumbing work unless such person is a licensed master plumber or working under the direct and continuing supervision of a licensed master plumber except that a city employee who holds a master plumber license may only perform replacement, maintenance and repair plumbing work on existing buildings in the course of his or her employment.*

2. To use the title licensed master plumber, master plumber or any other title in such manner as to convey the impression that such person is a licensed master plumber unless such person is licensed as such in accordance with the provisions of section 28-209.

§28-209.2 Seal. All documents that are required to be filed with any department or agency of the city of New York shall bear the stamp of the seal as well as the signature of the licensee. The licensed master plumber performing the work and services shall personally sign and seal all applications and other documents required to be filed pursuant to the code.

§28-209.3 Additional qualifications. Applicants for a master plumber license shall have the following additional qualifications:

§28-209.3.1 Experience. All applicants for a master plumber license shall submit satisfactory proof establishing that the applicant:

1. Has had at least seven years total experience within the ten years prior to application in the design and installation of plumbing systems under the direct and continuing supervision of a licensed master plumber in the United States, with at least two years of such experience as a registered journeyman plumber in accordance with the provisions of section 28-210, except that during the three years immediately following the effective date of this code there shall be no requirement for such registered journeyman plumber experience; or
2. Has received a bachelor's degree in engineering or appropriate engineering technology from an accredited college or university and has had at least five years total experience within the seven years prior to application in the design and installation of plumbing systems in the United States, where at least two years of such experience were in New York city; or
3. Is an architect or engineer with at least three years of experience within the five years prior to application in the design and installation of plumbing systems in the United States, where at least one year of such experience was in New York city; or
4. Has had at least seven years total experience within the ten years prior to application, with at least two years of such experience working in the design and installation of plumbing systems under the direct and continuing supervision of a licensed master plumber in the United States. The balance of such required experience may be obtained by performing maintenance, replacement and repair plumbing work on existing buildings while in the employ of a city agency under the direct and continuing supervision of a licensed master plumber supervisor employed by the city agency. Three years after the effective date of this code the two years experience in the design and installation of plumbing systems set forth above may only be satisfied by working as a registered journeyman plumber.

§28-209.3.2 Armed services. Applicants who were engaged in plumbing work as above provided prior to entering the armed services of the United States shall be permitted to credit their time in the service as experience in the plumbing business, as above provided; but such service credit shall not exceed one-third of the time required for experience.

§28-209.4 Certificate of competence and license, plate and/or seal. The commissioner shall issue a certificate of competence, license, plate, and/or seal, in accordance with the following:

§28-209.4.1 Certificate of competence. A certificate of competence shall be issued by the commissioner to an applicant who satisfactorily complies with the experience and examination requirements of this chapter for a license, upon payment of the fee. Such certificate shall contain the full name of the individual and a certificate number, the date of issuance, and shall be signed by the commissioner.

§28-209.4.2 Effect of issuance. The issuance of a certificate of competence shall constitute evidence that the person named therein is qualified upon payment of applicable fees to obtain a plate and seal while the certificate is valid except that a city employee while in the employ of the city shall only be entitled to obtain a seal.

§28-209.4.3 Plate and/or seal required. The holder of a certificate shall not be entitled to perform work or hold himself or herself out to perform work as a licensed master plumber until such plate and/or seal have been obtained. Further, no holder of a certificate of competence shall enter into any contractual agreement to install or alter any plumbing, gas piping, or any piping system, other than an employment agreement with a master plumber business or a city agency.

§28-209.4.4 Effect of failure to obtain plate and/or seal. If a holder of a certificate of competence has held the certificate for five years without a plate and/or seal, then the commissioner may require said person to submit an affidavit and supporting documentation satisfactory to the department stating that over the five-year period the individual has been engaged in the design and installation of plumbing systems in the United States under the direct and continuing supervision of a licensed master plumber. If the holder's qualifications are not satisfactory to the commissioner, the commissioner may require such person to submit to reexamination or to provide evidence of retained proficiency. In addition, additional fees will be due as set forth in this chapter.

§28-209.4.5 Requirement for obtaining plate and /or seal. A holder of a certificate of competence shall obtain:

1. A license, plate and seal upon establishing a master plumbing business conforming to the requirements of this section and rules promulgated by the department; or
2. A license and seal upon demonstrating employment with a city agency. The license shall clearly state: "The bearer of this master plumber license is a government employee and as such is not authorized to engage in plumbing contract work outside of his/her government employment and within such government employment shall only engage in maintenance, replacement and repair plumbing work on existing buildings." No plate shall be issued to a licensed master plumber employed by a city agency.

§28-209.4.6 Issuance. A certificate of competence or a license, plate, and/or seal as a master plumber shall be issued only to an individual.

§28-209.4.7 Duplication prohibited. Not more than one license, plate and/or seal shall be issued to an individual and no individual shall make or cause to be made a duplicate of such license, plate or seal.

§28-209.5 Surrender of license, plate or seal. Upon the death or the retirement of a licensed master plumber, or upon the surrender, revocation or suspension of his or her license, his or her license, plate and/or seal shall immediately be surrendered to the commissioner. Nothing contained herein shall be construed to prevent the legal representative of a deceased licensee, with the consent of the commissioner, from retaining such plate and seal for the purpose of completing all unfinished work of the deceased licensee for which plans have been approved and a permit issued, provided such work is performed by or under the direct and continuing supervision of a licensed master plumber and is completed within one year from the date of the death of the original licensee.

§28-209.6 Master plumber business. No individual, corporation, partnership or other business association shall conduct a plumbing contracting business in the city of New York, or employ the name "plumber" or "plumbing" in its business name unless such business is a master plumber business as follows:

1. No less than fifty-one percent of the control or voting capital stock of such entity is owned by one or more individuals who are licensed master plumbers, except as otherwise provided; and
2. All plumbing or gas piping work performed by such entity is performed by or under the direct and continuing supervision of such licensed master plumber; and
3. The person in charge of such work is such licensed master plumber; and
4. The persons actually performing such work are in the direct employ of such master plumber business as authorized by the code.

Exception: A company, corporation, partnership or other business association or its predecessor that was engaged in plumbing work prior to January 25, 1990 may continue to do so in any one or more of such business forms without complying with the foregoing, if (i) application was made to the department prior to July 25, 1990, and (ii) necessary evidence was furnished on or prior to January 25, 1991, that such company, corporation, partnership or other business association or its predecessor had employed an average of ten or more journeymen plumbers doing plumbing work for at least five days a week for a period of ten years or more out of the twenty years preceding July 25, 1990, provided, that such plumbing business continues to have all plumbing work conducted under the management and direct and continuing supervision of a licensed master plumber in the direct employ of such plumbing business and that such licensed master plumber is not otherwise interested in, associated with or employed by any other plumbing business operating in this city except as a joint venture in which such master plumber's employer is one of the joint venturers.

§28-209.6.2 Use. Nothing herein contained shall be construed to prohibit the use of a master plumber license by the holder thereof for or on behalf of a partnership, corporation or other business association provided that such partnership, corporation or other business is a master plumber business.

§28-209.6.3 Identification. All business vehicles, advertising, websites and stationery used in connection with a master plumber business shall display prominently the full name of the licensee, the words "N.Y.C. licensed plumber," the licensee's number and the licensee's business address. If the business is conducted under a trade name, or by a partnership or corporation, the trade name, partnership or corporate name shall be placed immediately above the full name or names of the licensed master plumber or licensed master plumbers to whom the plates were issued.

§28-209.6.4 Withdrawal of license. If a licensed master plumber withdraws from a master plumbing business operating pursuant to such individual's license, the right of the business to perform plumbing work shall lapse if the provisions of this section are no longer satisfied. If a licensed master plumber's license is revoked or suspended, he or she will be deemed withdrawn from such business.

§28-209.6.5 Ownership limitations. An individual who is a licensed master plumber whose interest or ownership in a master plumber business constitutes any portion of the fifty-one per cent interest or control required by this section shall be prohibited from possessing an interest or ownership in more than one other master plumber business at his or her established place of business, where such interest or ownership would constitute any portion of the fifty-one per cent interest or control required by this section. Both master plumber businesses in which the individual who is a licensed master plumber has an interest shall be located at the same place of business. For the purposes of this section, where two or more individuals who are licensed master plumbers possess an interest or ownership in any master plumber business which together represents more than fifty-one per cent of the interest or control of such entity, all of such licensees shall be deemed to possess a portion of the fifty-one percent interest or control required by this section 28-209.6..

§28-209.6.6 Joint ventures. Nothing contained in this section shall be construed to prevent a master plumber business from entering into a joint venture of limited duration for a particular project with another master plumber business.

The terms of a joint venture must be in writing, and documentation of the joint venture must be submitted to the department for approval prior to the initiation of work under such venture.

§28-209.6.7 Supervision. The master plumber shall conduct his or her business to provide direct and continuing supervision in accordance with the provisions of section 28-209.

Exception: The provisions of this section shall not apply to minor alterations or ordinary repairs, as defined in this code, or to the installation or alteration of gas service piping and gas meter piping, including meters, valves, regulators or related equipment, when such work is to be performed, serviced and maintained by utility corporations subject to the jurisdiction of the public service commission.

SECTION 210
JOURNEYMAN PLUMBER REGISTRATION

§28-210.1 Journeyman plumber registration; additional qualifications. Upon satisfactory completion of a New York State-recognized training program or affirmation of his or her qualifications by an employer licensed master plumber or, in the case of a city agency, a supervising licensed master plumber and upon written stipulation of same by the applicant, the commissioner shall register an applicant as journeyman plumber. Such qualifications shall reflect a progressive understanding, proficiency and competence in the plumbing trade, including:

1. *A working familiarity with the plumbing code and technical standards and the ability to apply the code requirements correctly;*
2. *The application of basic plumbing theory and the utilization of trade skills on the job site;*
3. *A working knowledge of the tools of the trade and the ability to utilize them properly; and*
4. *An ability to draft simple diagrams and interpret from drawings for the purpose of the plumbing work in which he or she is engaged.*

§28-210.2 Experience. The applicant for journeyman plumber registration shall have a minimum of five years of full-time experience in the performance of plumbing work under the direct and continuing supervision of a licensed master plumber or equivalent, where at least one year of such experience shall have been in New York city.

§28-210.3 Registration need not be renewed. The registration for journeyman plumber shall have no expiration and shall not require renewal or re-issuance.

§28-210.4 Registration card. The registration card shall clearly state: "This registration is NOT A LICENSE, and the holder is NOT AUTHORIZED TO PERFORM PLUMBING WORK in New York city except under the direct and continuing supervision of a licensed master plumber."

SECTION 211
MASTER FIRE SUPPRESSION PIPING CONTRACTOR LICENSE

§28-211.1 Master fire suppression piping contractor license required. It shall be unlawful for any person:

1. *To perform fire suppression piping work unless such person is a licensed master fire suppression piping contractor or working under the direct and continuing supervision of a licensed master fire suppression piping contractor except that a city employee who holds a license may only perform replacement, maintenance and repair fire suppression piping work on existing buildings in the course of his or her employment.*
2. *To use the title licensed master fire suppression piping contractor, master fire suppression piping contractor or any other title in such manner as to convey the impression that such person is a licensed master fire suppression piping contractor unless such person is licensed as such in accordance with the provisions of this section 211.*

§28-211.2 Seal. All documents that are required to be filed with any department or agency of the city of New York shall bear the stamp of the seal as well as the signature of the licensee. The licensed master fire suppression piping contractor performing the work and services shall personally sign and seal all applications and other documents required to be filed pursuant to the code.

§28-211.3 Classification. There shall be three classes of licenses for master fire suppression piping contractor:

1. *Class A. The holder of a class A master fire suppression piping contractor license is authorized to perform any work in connection with any and all fire suppression piping systems as set forth in paragraphs 1 and 2 of the definition of fire suppression piping system in section 28-201.3*
2. *Class B. The holder of a class B master fire suppression piping contractor license is authorized to perform any work in connection with any and all fire suppression piping systems as set forth in paragraph 1 of the definition of fire suppression piping system in section 28-201.3*
3. *Class C. The holder of a class C master fire suppression piping contractor license is authorized to perform any work in connection with any and all fire suppression piping systems as set forth in paragraph 2 of the definition of fire suppression piping system in section 28-201.3*

§28-211.4 Additional qualifications. Applicants for a master fire suppression piping contractor license shall have the following additional qualifications:

§28-211.4.1 Experience. All applicants for a master fire suppression piping contractor license shall submit satisfactory proof establishing that the applicant:

1. *Has had at least seven years total experience within the ten years prior to application in the design and installation of fire suppression piping systems under the direct and continuing supervision of a licensed master fire suppression piping contractor in the United States with the class of license for which application is made, with at least two years of such experience as a registered journeyman fire suppression piping installer in accordance with the provisions of section 212, except that during the three years immediately following the effective date of this code there shall be no requirement for such registered journeyman fire suppression piping installer experience; or*
2. *Has received a bachelor's degree in engineering or appropriate engineering technology from an accredited college or university and has had at least five years total experience within the seven years prior to application in the design and installation of fire suppression piping systems in the United States for the class of license for which application is made, at least two of which were in New York city; or*
3. *Is an architect or engineer with at least three years of experience within the five years prior to application in the design and installation of fire suppression piping systems in the United States for the class of license for which application is made, where at least one year of such experience was in New York city; or*
4. *Has had at least seven years total experience within the ten years prior to application, with at least two years of such experience working in the design and installation of fire suppression piping systems under the direct and continuing supervision of a licensed master fire suppression piping contractor in the United States with the class of license for which application is made. The balance of such required experience may be obtained by performing maintenance, replacement and repair fire suppression piping work on existing buildings while in the employ of a city agency under the direct and continuing supervision of a licensed master fire suppression piping contractor supervisor employed by the city agency with the class of license for which application is made. Three years after the effective date of this section the two years of experience in the design and installation of fire suppression piping systems set forth above may only be satisfied by working as a registered journeyman fire suppression piping installer.*

§28-211.4.2 Armed services. Applicants who were engaged in fire suppression piping work prior to entering the armed services of the United States shall be permitted to credit their time in the service as experience in the fire suppression piping business, as above provided; but such service credit shall not exceed one-third of the time required for experience.

§28-211.5 Certificate of competence and license, plate and/or seal. The commissioner shall issue a certificate of competence, license, plate and/or seal in accordance with the following:

§28-211.5.1 Certificate of competence. A certificate of competence shall be issued by the commissioner to an applicant who satisfactorily complies with the experience and examination requirements of this section for a license, upon payment of the fee. Such certificate shall contain the full name of the individual and a certificate number, and shall be signed by the commissioner.

§28-211.5.2 Effect of issuance. The issuance of a certificate of competence shall constitute evidence that the person named therein is qualified upon payment of applicable fees to obtain a plate and seal while the certificate is valid except that a city employee while in the employ of the city shall only be entitled to obtain a seal.

§28-211.5.3 Plate and /or seal required. The holder of a certificate of competence shall not be entitled to perform work or hold himself or herself out to perform work as a licensed master fire suppression piping contractor until such plate and/or seal have been obtained. Further, no holder of a certificate of competence shall enter into any contractual agreement to install or alter any fire suppression piping system other than an employment agreement with a master fire suppression piping business or a city agency.

§28-211.5.4 Failure to obtain plate and/or seal. If a holder of a certificate of competence has held the certificate for five years without a plate and/or seal, then the commissioner may require said person to submit an affidavit and supporting documentation satisfactory to the department stating that over the five-year period the individual has been engaged in the design and installation of fire suppression piping systems in the United States under the direct and continuing supervision of a licensed master fire suppression piping contractor. If the holder's qualifications are not satisfactory to the commissioner, the commissioner may require such person to submit to reexamination or to provide evidence of retained proficiency. In addition, additional fees will be due as set forth in this chapter.

§28-211.5.5 License plate and/or seal. A holder of a certificate of competence or an applicant who has satisfied all requirements for a master fire suppression piping contractor license shall obtain:

1. *A license, plate and seal upon establishing a fire suppression piping contracting business conforming to the requirements of this section and any rules promulgated by the department; or*
2. *A license and seal upon demonstrating employment with a city agency. The license shall clearly state: "The bearer of this master fire suppression piping contractor license is a government employee and as such is not authorized to engage in fire suppression piping contract work outside of his/her government employment and within such government employment shall only engage in maintenance, replacement and repair fire suppression piping work on existing buildings." No plate shall be issued to a licensed master fire suppression piping contractor employed by a city agency.*

§28-211.5.6 Issuance. A certificate of competence or a license, plate and/or seal as a master fire suppression piping contractor shall be issued only to an individual.

§28-211.5.7 Duplication prohibited. Not more than one license, plate and/or seal shall be issued to an individual, and no individual shall make or cause to be made a duplicate of such license, plate or seal.

§28-211.6 Waiver of examinations. Any license issued without examination pursuant to an application filed prior to July 25, 1990 pursuant to the provisions of law in effect prior to the effective date of this code that has not lapsed as of the effective date of this code, shall be renewable pursuant to the provisions of this code.

§28-211.7 Surrender of license, plate and/or seal. Upon the death or the retirement of a licensed master fire suppression piping contractor, or upon the surrender, revocation or suspension of his or her license, his or her license, plate and seal shall immediately be surrendered to the commissioner. Nothing contained herein shall be construed to prevent the legal representative of a deceased licensee, with the consent of the commissioner, from retaining such plate and seal for the purpose of completing all unfinished work of such deceased licensee for which plans have been approved and a permit issued, provided such work is performed by or under the direct and continuing supervision of a licensed master fire suppression piping contractor and is completed within one year from the date of the death of the original licensee.

§28-211.8 Master fire suppression piping contractor business required. No individual, corporation, partnership or other business association shall conduct a fire suppression piping contracting business in the city of New York, or employ the name "fire suppression piping" in its business name, unless the business is a master fire suppression business as follows:

1. *No less than fifty-one percent of the control or voting capital stock of such entity is owned by one or more individuals who are licensed master fire suppression piping contractors, except as otherwise provided; and*
2. *All fire suppression piping work performed by such entity is performed by or under the direct and continuing supervision of such licensed master fire suppression piping contractor; and*
3. *The person in charge of such work is such licensed master fire suppression piping contractor; and*
4. *The persons actually performing such work are in the direct employ of such master fire suppression piping contractor business as authorized by the code.*

Exception: A company, corporation, partnership or other business association or its predecessor that was engaged in fire suppression piping contractor work prior to January 25, 1990 may continue to do so in any one or more of such business forms without complying with the foregoing, if (i) application was made to the department prior to July 25, 1990, and (ii) necessary evidence was furnished on or prior to January 25, 1991, that such company, corporation, partnership or other business association or its predecessor had employed an average of ten or more journeymen doing fire suppression piping contractor work for at least five days a week for a period of ten years or more out of the twenty years preceding July 25, 1990, provided, that such business continues to have all fire suppression piping contractor work conducted under the management and direct and continuing supervision of a licensed master fire suppression contractor in the direct employ of such business and that such licensed master fire suppression contractor is not otherwise interested in, associated with or employed by any other licensed master fire suppression contracting business operating in this city except as a joint venture in which such licensed master fire suppression contractor's employer is one of the joint venturers.

§28-211.8.2 Use. Nothing herein contained shall be construed to prohibit the use of a master fire suppression piping contractor license by the holder thereof for or on behalf of a partnership, corporation or other business association provided that such partnership, corporation or other business is a master fire suppression piping contractor business.

§28-211.8.3 Identification. All business vehicles, advertising, websites and stationery used in connection with a master fire suppression piping contractor business shall display prominently the full name of the licensee, the words "N.Y.C. licensed fire suppression piping contractor – class A, B or C," the licensee's number and the licensee's business address. If the business is conducted under a trade name, or by a partnership or corporation, the trade name, partnership or corporate name shall be placed immediately above the full name or names of the licensed master fire suppression piping contractor or licensed master fire suppression piping contractors to whom the plates were issued.

§28-211.8.4 Withdrawal of licensee. If a licensed master fire suppression piping contractor withdraws from a master fire suppression piping contractor business operating pursuant to such individual's license, the right of the business to perform fire suppression piping work shall lapse if the provisions of this section are no longer satisfied. If a licensed master fire suppression piping contractor's license is revoked or suspended, he or she will be deemed withdrawn from such business.

§28-211.8.5 Ownership limitations. An individual who is a licensed master fire suppression piping contractor whose interest or ownership in a master fire suppression piping contractor business constitutes any portion of the fifty-one percent interest or control required by this section shall be prohibited from possessing an interest or ownership in more that one other fire suppression piping contractor business at his or her established place of business where such interest or ownership would constitute any portion of the fifty-one per cent interest or control required by this section. Both fire suppression piping contractor businesses in which the individual who is a licensed master fire suppression piping contractor has an interest shall be located at the same place of business. For the purposes of this section, where two or more individuals who are licensed master fire suppression piping contractors possess an interest or ownership in any master fire suppression piping contractor business which together represents more than fifty-one percent of the interest or control of such entity, all of such licensees shall be deemed to possess a portion of the fifty-one percent interest or control required by this section 28-211.8..

§28-211.8.6 Joint ventures. Nothing contained in this section shall be construed to prevent a master fire suppression piping contractor business from entering into a joint venture of limited duration for a particular project with another master fire suppression piping contractor business. The terms of a joint venture must be in writing, and documentation of the joint venture must be submitted to the department for approval prior to the initiation of work under such venture.

§28-211.8.7 Supervision. The master fire suppression piping contractor shall conduct his or her business to provide direct and continuing supervision in accordance with the provisions of this section 28-211.

Exception: The provisions of this section shall not apply to minor alterations or ordinary repairs, as defined in this code, and/or to maintenance of a fire suppression piping system.

SECTION 212

§28-212.1 Journeyman fire suppression piping installer registration; additional qualifications. Upon satisfactory completion of a New York State-recognized training program or affirmation of his or her qualifications by an employer licensed master fire suppression piping contractor or, in the case of a city agency, a supervising licensed master fire suppression piping contractor and upon written stipulation of same by the applicant, the commissioner shall register an applicant as journeyman fire suppression piping installer. Such qualifications shall reflect a progressive understanding, proficiency and competence in the fire suppression piping trade, including:

1. *A working familiarity with the code and technical standards with regard to fire suppression piping, and the ability to apply the code requirements correctly;*
2. *The application of basic fire suppression theory and the utilization of trade skills on the job site;*
3. *A working knowledge of the tools of the trade and the ability to utilize them properly; and*
4. *An ability to draft simple diagrams and interpret from drawings for the purpose of the fire suppression piping work in which he or she is engaged.*

§28-212.2 Experience. The applicant for journeyman fire suppression piping installer registration shall have a minimum of five years of full-time experience in the performance of fire suppression piping work under the direct and continuing supervision of a licensed master fire suppression piping contractor or equivalent, where at least one year of such experience shall have been in New York city.

§28-212.3 The registration for journeyman fire suppression piping installer shall have no expiration and shall not require renewal or reissuance.

§28-212.4 The registration shall clearly state: "This registration is NOT A LICENSE, and the holder is NOT AUTHORIZED TO PERFORM FIRE SUPPRESSION PIPING WORK in New York City except under the direct and continuing supervision of a Licensed Master Fire Suppression Piping Contractor."

SECTION 213
OIL-BURING EQUIPMENT INSTALLER LICENSE

§28-213.1 Oil-burning equipment installer license required. It shall be unlawful to install oil-burning equipment in the city unless such work is performed by or under the direct and continuing supervision of a person licensed as an oil-burning equipment installer under the provisions of this section.

§28-213.2 Classifications. Oil-burning equipment installer licenses shall be classified as follows:

1. *Class A oil-burning equipment installer license. Licenses the holder thereof to install any type of oil-burning equipment, as an independent contractor with full responsibility for the manner in which the work is done, and for the material and equipment used, and for the control and direct and continuing supervision of the persons employed on the work. Such equipment shall include but not be limited to burners, boilers and generators.*
2. *Class B oil-burning equipment installer license. Licenses the holder thereof to install oil-burning equipment for the use of domestic fuel oils from number one fuel oil to and including number four fuel oil, as an independent contractor with full responsibility for the manner in which the work is done, for the materials and equipment used, and for the control and direct and continuing supervision of the persons employed on the work.*

§28-213.3 Qualifications. Applicants for an oil-burning equipment installer license shall have the following qualifications:

§28-213.3.1 Experience for Class A license. All applicants for a class A oil-burning equipment installer license shall submit satisfactory proof establishing that the applicant has had at least four years practicel experience within the seven years prior to application in the installation of oil-burning equipment under the direct and continuing supervision of a Class A-licensed oil-burning equipment installer in the city, including at least one year experience in the installation of oil-burning equipment for the use of number five and number six fuel oils.

§28-213.3.2 Experience for class B license. All applicants for a class B oil-burning equipment installer license shall submit satisfactory proof establishing that the applicant has had at least three years practical experience within the five years prior to application in the installation of oil-burning equipment under the direct and continuing supervision of a licensed oil-burning equipment installer in the city.

§28-213.4 Fitness to perform work. As a condition of license renewal, a licensed oil burning equipment installer shall provide evidence satisfactory to the department that he or she is fit to perform the work.

SECTION 214

§28-214.1 High-pressure boiler operating engineer license required. It shall be unlawful to operate any high-pressure steam boiler for any purpose whatsoever, in the city of New York or in connection with any vessel on the waters in and around the city not subject to the jurisdiction of the United States, unless such boiler is operated by or under the direct and continuing supervision and in the presence of a person having a high-pressure boiler operating engineer license under the provisions of this section 28-214.

§28-214.2 Qualifications. Applicants for a high-pressure boiler operating engineer license shall present satisfactory proof that:

1. *Applicant was employed as a fireman, oiler, general assistant, journeyman, boiler-maker or machinist under the direct and continuing supervision of a licensed high-pressure boiler operating engineer in the city for a period of not less than five years within the seven year period preceding the date of his or her application; however, in lieu of the experience requirement contained in this paragraph, an applicant for a high-pressure boiler operating engineer license who is employed in a fossil fuel production plant located in the Rockaway Peninsula area of Queens county may submit satisfactory proof establishing that he or she has obtained at least five years experience within the seven years preceding the date of his or her application which shall include at least two years of experience obtained during employment under the direct and continuing supervision of a licensed high-pressure boiler operating engineer in a steam generating plant located outside of the city of New York but within the state of New York that is owned and operated by a licensed public utility company, and shall also include a separate period of at least three years of experience obtained during employment as a fireman, oiler, general assistant, journeyman, boiler-maker or any comparable position as approved by the commissioner, in such steam generating plant; or*
2. *Applicant received a degree in mechanical engineering from an accredited school or college and had one year experience in the operation and maintenance of high-pressure boilers under the direct and continuing supervision of a licensed high-pressure boiler operating engineer in the city within the two year period preceding the date of his or her application; or*
3. *Applicant has held, for a minimum of four years, a certificate as an engineer issued by a board of examining engineers duly established and qualified pursuant to the laws of the United States or any state or territory thereof, or a certificate as a marine engineer issued by the United States Coast Guard, and a minimum of one year experience in the city in the operation and maintenance of stationary high-pressure boiler plants under the direct and continuing supervision of a licensed high-pressure boiler operating engineer within the seven years preceding the date of his or her application, provided that the applicant shall have filed with his or her application his or her own signed statement that he or she is the person named in said certificate together with the supporting signed statements by three licensed high-pressure boiler operating engineers employed in the city of New York at the time of making of such signed statements; or*
4. *Applicant exercised direct and continuing supervision, care, operation and maintenance over a steam generating plant of a governmental building, having boilers of 150 or more horsepower, for a minimum of five years and had a minimum of one year of experience on high-pressure boilers under the direct and continuing supervision of a licensed high-pressure boiler operating engineer in the city within the seven year period preceding the date of his or her application; or*
5. *Applicant successfully completed a New York state approved apprenticeship training program of at least two years and had at least three years experience within the seven years preceding the date of his or her application in the operation and maintenance of high-pressure boilers in the city under the direct and continuing supervision of a licensed high-pressure boiler operating engineer.*

§28-214.3 Fitness to perform work. As a condition of license renewal, a licensed high-pressure boiler operating engineer shall provide evidence satisfactory to the department that he or she is fit to perform the work.

SECTION 215
PORTABLE HIGH-PRESSURE BOILER OPERATING ENGINEER LICENSE

§28-215.1 Portable high-pressure boiler operating engineer license required. It shall be unlawful to operate a portable high-pressure steam boiler for any purpose whatsoever in the city of New York unless such boiler is operated by or under the direct and continuing supervision and in the presence of a person licensed as a portable high-pressure boiler operating engineer.

§28-215.2 Qualifications. Applicants for a portable high-pressure boiler operating engineer license shall present satisfactory proof that applicant held a basic license as a hoisting machine operator as provided in this chapter for a minimum of three years within the five year period preceding the date of his or her application; and served as a fireman, oiler, assistant engineer or engineer on portable high-pressure boilers for a minimum of three years within the seven year period preceding the date of his or her application at least one year on portable high pressure boilers within the city under the direct and continuing supervision of a licensed portable high-pressure boiler operating engineer.

§28-215.3 Fitness to perform work. As a condition of license renewal, a licensed portable high-pressure boiler operating engineer shall provide evidence satisfactory to the department that he or she is fit to perform the work.

SECTION 216
SIGN HANGER LICENSE

§28-216.1 Sign hanger license required. It shall be unlawful to hoist or lower or to hang or attach any sign upon or on the outside of any building in the city unless such work is performed by or under the direct and continuing supervision of a person licensed as a sign hanger under the provisions of this section.

§28-216.2 Exemptions. The provisions of this section shall not apply to the following:

1. *Signs not exceeding seventy-five square feet in area, measured on one face only, nor exceeding twenty-five pounds in weight; or*
2. *Signs supported directly on the ground; or*
3. *Directional signs; or*
4. *Temporary signs erected during the construction or alteration of a building and related to such work; or*
5. *The erection or placing of any signs by employees of the city, any city department or other city agency.*

§28-216.3 Classification. Such licenses shall be classified as follows:

1. *Master sign hanger license. Authorizes the holder thereof to hoist or lower or to hang or attach any sign, irrespective of weight, upon or on the outside of any building.*
2. *Special sign hanger license. Authorizes the holder thereof to hoist or lower or to hang or attach any sign not exceeding one hundred fifty square feet in area, measured on one face only, nor exceeding one thousand two hundred pounds in weight, upon or on the outside of any building.*

§28-216.4 Additional qualifications. Applicants for a sign hanger license shall have the following additional qualifications:

§28-216.4.1 Master sign hanger qualifications. All applicants for a master sign hanger license shall submit satisfactory proof establishing that the applicant has had at least five years practical experience in sign hanging within the seven years preceding the date of his or her license application under the direct and continuing supervision of a licensed master sign hanger; and the applicant shall also have a knowledge of and ability to read plans and specifications relating to sign construction and erection, including supporting framework and other supports, and a knowledge of the problems and practices of sign construction and hanging and be familiar with the equipment and tools used in sign hanging.

§28-216.4.2 Special sign hanger qualifications. All applicants for a special sign hanger license shall submit satisfactory proof establishing that the applicant has had at least three years practical experience in sign hanging within the five years preceding the date of the license application under the direct and continuing supervision of a licensed sign hanger; and the applicant shall also have a knowledge and ability to read plans and specifications relating to sign construction and erection, including supporting framework and other supports, and a knowledge of the problems and practices of sign construction and hanging and be familiar with the equipment and tools used in sign hanging.

§28-216.5 Additional requirements. The following additional requirements shall apply to sign hangers:

§28-216.5.1 Danger warning. Every licensed sign hanger shall, while sign hanging operations are in progress at a job site, place, conspicuously, at such job site two plates or signs not less than 18 inches (457 mm) by 24 inches (610 mm) in size (i) displaying the word "danger" in letters not less than 6 inches (152 mm) high, and (ii) disclosing the sign hanger's name, business address, type of license and license number.

§28-216.5.2 Sign hanger place of business. Every licensed sign hanger shall have a place of business within the city and shall display prominently at such place of business a plate or sign marked with the words "sign hanger" and his or her license number immediately thereunder.

§28-216.6 Fitness to perform work. As a condition of license renewal, a licensed sign hanger shall provide evidence satisfactory to the department that he or she is fit to perform the work.

SECTION 217
FILING REPRESENTATIVE REGISTRATION

§28-217.1 Filing representative registration required. No person shall use the term "registered filing representative" or "filing representative" or any similar representation in such manner as to convey the impression that such person is a registered filing representative in accordance with the provisions of this section; nor shall any person present, submit, furnish or seek approval of applications or construction documents, or remove any documents from the possession of the department, without first having registered with the department his or her name, address and company affiliation on a form to be furnished by the department.

§28-217.2 Exemptions. The following persons are exempt from the provisions of this section:

1. *The owners of the premises for which the building applications are filed including, in the case of partnerships or corporations, the general partners or the principal officers of the corporation, where the principal officers of a corporation shall include the president, vice presidents, secretary and treasurer;*
2. *The lessees of such premises authorized by the owner to file building applications;*
3. *Condominium unit owners authorized by the condominium board of managers to file building applications;*
4. *Cooperative shareholders authorized by the cooperative board of directors*

to file building applications;
5. Architects;
6. Engineers;
7. Attorneys admitted to practice in New York state;
8. Master plumbers licensed pursuant to this chapter;
9. Master fire suppression piping contractors licensed pursuant to this chapter; and
10. Master electricians licensed pursuant to subchapter one of chapter three of title twenty-seven of the administrative code.

§28-217.3 Rules. The commissioner shall promulgate rules for the proper and efficient administration and enforcement of this section. Unless required by rule, a registered filing representative shall not be required to take an examination or to complete continuing education courses as a condition for renewal of the registration.

SECTION 218
BOARDS

§28-218.1 Plumbing and fire suppression piping contractor license board. The commissioner shall appoint annually and may remove in his or her discretion each member of a plumbing and fire suppression piping contractor license board that shall have as its purpose the following:

1. To advise the commissioner regarding the character and fitness of applicants for certificates of competence and licenses who have passed the required examination.
2. To advise the commissioner regarding allegations of illegal practices on the part of licensed master plumbers, licensed master fire suppression piping contractors, master plumber businesses or master fire suppression piping businesses.
3. To advise the commissioner regarding plumbing and fire suppression piping practices, code applications, regulations and legislation;
4. To perform such other responsibilities as may be requested by the commissioner and as set forth in rules promulgated by the department.

§28-218.1.1 Removal. The commissioner may remove any member of the license board and shall fill any vacancy therein.

§28-218.1.2 Membership. Membership of the board shall consist of :

1. Two officers or employees of the department;
2. Five licensed master plumbers, three of whom shall be selected from nominees of the New York City contracting plumbing association whose members perform the largest dollar value of work within the city and one of whom shall be the holder of a class A or class B master fire suppression piping contractor license. The two remaining licensed master plumber board member positions should be from the next largest plumbing association in the City of New York.
3. Two licensed master fire suppression piping contractors, both of whom shall hold a class A license;
4. A registered journeyman plumber from the organization representing the largest number of registered journeyman plumbers;
5. A registered journeyman fire suppression piping installer from the organization representing the largest number of registered journeyman fire suppression piping installers;
6. An engineer having at least five years experience in the design of plumbing systems;
7. An architect;
8. An engineer who is a full member of the society of fire protection engineers;
9. Two officers or employees of the fire department representing the fire commissioner; and
10. A real estate owner or manager or representative thereof.

§28-218.1.3 Organization of the board. A member of the board who is an officer or employee of the department representing the commissioner shall serve as chairperson and all members shall serve without compensation. Nine members including the chairperson, who shall be entitled to vote, shall constitute a quorum of the board for the transaction of business. All actions shall be conducted by majority vote except as otherwise provided, and the board shall keep minutes of its proceedings and records of its investigations. The board shall meet at least once a month except during the months of July and August, and at such other times upon call of the chairperson.

§28-218.1.4 Advisory and support personnel. The board may request the commissioner to appoint duly authorized representatives to conduct investigations and other activities incidental to the functions of the license board. Such appointees shall be non-voting members of the committee to which they are appointed, and may include personnel who are not department employees who shall serve without compensation. In addition the commissioner may designate such employees of the department as he or she deems necessary to the service and support of the license board.

SECTION 219
PENALTIES

§28-219.1 Penalties for unlicensed work. Any person who engages in or carries on in the city any business, trade or occupation regulated by this chapter or holds himself or herself out as licensed pursuant to this chapter, without having first obtained a license from the commissioner in accordance with and subject to the provisions of this chapter and the rules of the department or who permits such unlicensed work to be performed shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than ten thousand dollars or by imprisonment not exceeding six months or by both such fine and imprisonment for each such violation. Such person shall also be liable for a civil penalty of not more than ten thousand dollars for each violation which may be recovered in a proceeding before a court of competent jurisdiction or in a proceeding before the environmental control board.

§28-219.2 Other penalties. Except as otherwise provided in section 28-219.1 a person who shall violate any of the provisions of this chapter shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than five thousand dollars or by imprisonment not exceeding three months or by both such fine and imprisonment for each such violation. Such person shall also be liable for a civil penalty of not more than five thousand dollars for each violation which may be recovered in a proceeding before a court of competent jurisdiction or in a proceeding before the environmental control board.

CHAPTER 3
SPECIAL PROVISIONS RELATING TO REGULATION OF OUTDOOR SIGNS

SECTION 301
MAINTENANCE PERMIT FOR OUTDOOR SIGNS

§28-301.1 Permit required. The commissioner may, in his or her discretion, when necessary in the public interest, establish a permit requirement for signs maintained in the areas described in this section in accordance with the provisions of this chapter and the rules of the department. On and after a date to be provided by the rules establishing such a permit requirement, and subject to the provisions of section 28-301.6 of this code, it shall be unlawful to place or maintain a sign, as defined in section 12-10 of the zoning resolution, on any building or premises unless a permit for the maintenance of such sign has been issued by the department pursuant to this article if such sign is within a distance of nine hundred linear feet from and within view of an arterial highway or within a distance of two hundred linear feet from and within view of a public park with an area of one half acre or more.

§28-301.1.1 Other permits irrelevant. Where a sign maintenance permit has been established by the commissioner pursuant to section 28-301.1 such permit shall be required for all signs maintained in the areas described in such section and not otherwise excluded under section 28-301.6, whether or not a permit is required and/or has been issued for the installation, alteration or erection of such sign pursuant to this code.

§28-301.1.2 Arterial highway. For the purposes of this section the term arterial highway shall include all highways that are shown on the master plan of arterial highways and major streets as principal routes parkways or toll crossings and that have been designated by the city planning commission as arterial highways to which the provisions of sections 42-55 and 32-66 of the zoning resolution shall apply as shown in appendix C of the zoning resolution.

§28-301.2 Application. Application for a permit or for the renewal of a permit shall be made on forms to be furnished by the department and shall contain such information as the department shall prescribe. Except as otherwise provided in section 28-301.3, a permit shall remain in effect for a period to be determined by rule and may be renewed. The fee for a permit or for its renewal shall be established by rule. The identification number of the permit shall be displayed on the sign or on the building or premises on which the sign is located or both, in a manner to be provided by rule.

§28-301.3 Permit expiration. A permit issued pursuant to section 28-301.1 of this code shall expire and be of no further force or effect where:

1. In the case of a sign which is accessory to a principal use within the meaning of section 12-10 of the zoning resolution, there has been a discontinuance of the operation of the principal use to which such sign is accessory, or in the event the sign is no longer in the same ownership as such principal use or is no longer operated and maintained substantially for the benefit or convenience of the owners, occupants, employees, customers or visitors of the principal use;
2. In the case of any sign for which a permit has been issued pursuant to section 28-301.1 of this code, whether or not accessory to a principal use within the meaning of section 12-10 of the zoning resolution, there has been a change in copy which the commissioner has determined renders such sign no longer in compliance with the zoning resolution. The commissioner shall prescribe by rule procedures for the notification to the department concerning changes in copy which have been made on signs for which permits have been issued under section 28-301.1 of this code. Nothing herein shall be construed as limiting the ability of any person to apply for a new permit pursuant to this code.

§28-301.4 Civil penalties. Any person who places or maintains a sign on a building or premises without an appropriate permit in violation of section 28-301.1 of this code shall be liable for a civil penalty of, for a first violation, not more than fifteen thousand dollars and, for a second or subsequent violation, not more than twenty-five thousand dollars. Each day's continuance shall be a separate and distinct violation. Such civil penalties may be recovered in an action in any court of appropriate jurisdiction or in a proceeding before the environmental control board. Such board shall have the power to impose the civil penalties provided for in this section. Notwithstanding the provisions of section six hundred sixty-six of the charter, a notice of violation issued by the department pursuant to this section shall not be subject to review by the board of standards and appeals.

§28-301.5 Construction. This chapter shall not be construed to grant the right to place or maintain a sign on any building or premises where the placement or maintenance of such sign would otherwise be prohibited pursuant to the zoning resolution, the administrative code or any other provision of law. No permit for a sign issued hereunder shall be deemed to constitute permission or authorization to maintain a sign which is unlawful pursuant to any other provisions of law nor shall

any permit issued hereunder constitute a defense in an action or proceeding with respect to such an unlawful sign.

§28-301.6 Exemption. The provisions of section 28-301.1 shall not apply to:

1. *Signs with a surface area of 200 square feet or less that are located no higher than 3 feet (914 mm) above the floor of the second story of the building on which the sign is located; and*
2. *Signs under the control of an outdoor advertising company and included on a certified list of signs, sign structures, and sign locations under the control of such company required to be filed with the department pursuant to this chapter.*

SECTION 302
OUTDOOR ADVERTISING COMPANIES

§28-302.1 Definitions. As used in this chapter, the following terms shall have the following meanings:

AFFILIATE. An outdoor advertising company having a controlling interest in another outdoor advertising company or in which such other outdoor advertising company has a controlling interest. In addition, where a person or entity has controlling interests in two or more outdoor advertising companies, such outdoor advertising companies shall be considered affiliates of each other. A "controlling interest" means actual working control, in whatever manner exercised, including without limitation, control through ownership, management, debt instruments or negative control, as the case may be, as defined in rules of the department.

OUTDOOR ADVERTISING COMPANY. A person, corporation, partnership or other business entity that as a part of the regular conduct of its business engages in or, by way of advertising, promotions or other methods, holds itself out as engaging in the outdoor advertising business..

OUTDOOR ADVERTISING BUSINESS. The business of selling, leasing, marketing, managing, or otherwise either directly or indirectly making space on signs situated on buildings and premises within the city of New York available to others for advertising purposes, whether such advertising directs attention to a business, profession, commodity, service or entertainment conducted, sold, or offered on the same or a different zoning lot and whether such sign is classified as an advertising sign pursuant to section 12-10 of the zoning resolution.

SIGN. A sign as defined in section 12-10 of the zoning resolution except that such term shall not include any sign subject to regulation by the department of transportation.

SIGN LOCATION. A building or premises on which an outdoor advertising company is entitled to sell, lease, market, manage or otherwise either directly or indirectly make space on signs available to customers, irrespective of whether a sign exists on such building or premises.

UNDER THE CONTROL OF AN OUTDOOR ADVERTISING COMPANY in reference to a sign, sign structure, or sign location. That space on such sign, sign structure, or at such sign location that is sold, leased, marketed, managed or otherwise either directly or indirectly made available to others for any purposes by such outdoor advertising company.

§28-302.2 Registration of outdoor advertising companies. On and after a date to be provided by rule, it shall be unlawful for an outdoor advertising company to engage in the outdoor advertising business or, by way of advertising, promotions or other methods, hold itself out as engaging in the outdoor advertising business unless such company is registered in accordance with this code and the rules of the department. Such rules shall establish a procedure pursuant to which the department may require the single registration of an outdoor advertising company and its affiliates. An outdoor advertising company and its affiliates made subject to single registration shall be considered a single outdoor advertising company for purposes of this code.

§28-302.2.1 Application. Application for registration or the renewal of registration shall be made on forms to be furnished by the department, may be made through electronic means, and shall contain such information as the department shall prescribe. Registration shall remain in force for two years and may be renewed. The fee for such registration and for the renewal of such registration shall be established by rule and may be based on the number of signs in the registered inventory.

§28-302.2.2 Security. Each outdoor advertising company shall post a bond or provide another form of security to the city in an amount to be determined by the department by rule to cover:

1. *All costs incurred by the city pursuant to this code for painting over, covering, rendering ineffective or for the removal and storage of an illegal sign or sign structure under the control of such outdoor advertising company; and*
2. *All fines or civil penalties imposed against such company pursuant to this chapter.*

§28-302.2.3 Revocation or suspension or registration. The department may revoke, suspend or refuse to renew the registration of an outdoor advertising company or impose fines or other penalties where it is determined by the commissioner, after notice and the opportunity to be heard, that (i) such company has made statements that it knew or should have known are false in any application or certification filed with the department, (ii) such company has failed to comply with section 28-302.3 of this code or the rules adopted pursuant to its provisions by failing to file a listing of signs, sign structures and sign locations under its control as specified in such section within the time and in the manner required by department rules or by filing an incomplete listing of signs, sign structures and sign locations under its control as specified in such section, (iii) such company has been found liable for or has admitted to violations of the zoning resolution under section 28-302.5 of this code committed on three or more occasions within a thirty-six month period, where such violations relate to the erection, maintenance, attachment, affixing, painting or representation in any other manner on a building or premises of advertising signs, as defined in section 12-10 of the zoning resolution, at locations where the display of such advertising signs is not permitted under the zoning resolution or at locations where the display of such advertising signs violates the size, height, or illumination provisions of the zoning resolution, and such signs are located within a distance of nine hundred linear feet from and within view of an arterial highway or within two hundred linear feet from and within view of a public park with an area of one half acre or more, (iv) such company has failed to pay any civil penalties imposed or amounts owed to the city pursuant to section 28-302.5 of this code or, (v) such company has violated the department's rules pertaining to outdoor advertising companies. No application for registration by an outdoor advertising company or any affiliate thereof shall be accepted for filing by the department for a period of five years after revocation of or the refusal to renew the registration of such outdoor advertising company pursuant to this code. The department shall not accept or process any applications for permits to install, erect or alter signs pursuant to this code or for the maintenance of signs pursuant to section 28-301.1 of this code where such applications are filed by or where such signs are under the control of an outdoor advertising company or any affiliate thereof after the registration of such outdoor advertising company has been revoked or not renewed or during the term of any period of suspension of such registration. The commissioner may settle any proceeding in which the revocation, suspension or renewal of an outdoor advertising company's registration is at issue upon such terms and conditions as he or she may deem appropriate including but not limited to the agreement of an outdoor advertising company to remove signs along with supporting sign structures as a condition for the dismissal of such proceeding.

§28-302.3 Location of signs. An outdoor advertising company shall provide the department with a listing with the location of signs, sign structures dnd sign locations under the control of such outdoor advertising company in accordance with the following provisions:

§28-302.3.1 Listing. The listing shall include all signs, sign structures and sign locations located (i) within a distance of nine hundred linear feet from and within view of an arterial highway; or (ii) within a distance of two hundred linear feet from and within view of a public park with an area of one half acre or more.

§28-302.3.2 Rulemaking. In addition to the signs, sign structures and sign locations required to be reported pursuant to section 28-302.3.1, the commissioner may, by rule, expand the scope of such listing to include the reporting of other signs, sign structures and sign locations, as specified in such rule.

§28-302.3.3 Form of listing. The listing shall be in such form, containing such information and filed at such periodic intervals or upon such other conditions, as the department shall prescribe by rule.

§28-302.3.4 Other information. Such listing shall also indicate the permit identification numbers for the erection, alteration or installation of such signs pursuant to this code and for the maintenance of such signs pursuant to section 28-301.1, unless a permit is not required pursuant to such provisions, as well as the name and license number of the master or special sign hanger who hung or erected each such sign.

§28-302.3.5 Certification. Such listing shall be accompanied by (i) a certification by an architect or engineer, co-signed by a responsible officer of the outdoor advertising company, that all signs reported on such listing are in compliance with the zoning resolution; (ii) copies of proof that the sign complies with the zoning resolution and a certification by the sign's owner that to the best of the certifier's knowledge and belief the information provided is accurate, or (iii) a written opinion by the department, stating that the sign to which the opinion refers complies with the zoning resolution. Notwithstanding any inconsistent provision of this code, where, in accordance with the department's rules, the department renders an opinion, determination or decision relating to whether a sign is non-conforming or whether it is located in proximity to an arterial highway as defined by the zoning resolution, such decision, determination or opinion will be appealable to the board of standards and appeals in accordance with applicable law. If a timely appeal to such board is taken, the department shall not issue a notice of violation with respect to such sign pending a determination of such appeal by such board.

§28-302.3.6 Public information. The commissioner shall make all listings filed pursuant to this subdivision accessible to the public.

§28-302.4 Display of name and registration number of outdoor advertising company. On and after a date to be prescribed by rule, the commissioner shall require that each outdoor advertising company display, in a manner to be provided by rule, on each sign under its control or on the building or premises where each sign under its control is located or both, (i) the name and registration number of such company and, (ii) unless a permit is not required, the permit identification number for the installation, alteration or erection of the sign pursuant to this code and, if applicable, for the maintenance of the sign pursuant to section 28-301.1.

§28-302.5 Criminal and civil penalties for violations by outdoor advertising companies; other enforcement. Outdoor advertising companies that violate the zoning resolution, administrative code or rules of the department shall be subject to the following provisions:

§28-302.5.1 General. Notwithstanding any other provision of law, an outdoor advertising company shall be liable for a civil penalty if a sign under its control has been erected, maintained, attached, affixed, painted on, or in any other manner represented on a building or premises in violation of any provision of the zoning resolution, administrative code or rules adopted pursuant thereto relating to signs.

§28-302.5.2 Making space available. It shall be unlawful for an outdoor advertising company to sell, lease, market, manage or otherwise make available to others for advertising purposes space on a sign that has been erected, maintained, attached, affixed, painted on or in any other manner represented on a building or premises in violation of any provision of the zoning resolution, administrative code or rules adopted pursuant thereto or to enter into any agreement for such purpose.

§28-302.5.3 Transfer of control. On and after a date to be provided by rule, it shall be unlawful for an outdoor advertising company to sell or otherwise transfer control of a sign or sign location or of any right of such company to sell, lease, market, manage or otherwise make space on a sign or at a sign location available to others for advertising purposes to an outdoor advertising company that is not registered in accordance with this article and the rules of the department.

§28-302.5.4 Civil penalty. An outdoor advertising company that violates any of the provisions of this section shall be subject to a civil penalty of, for a first violation, not more than fifteen thousand dollars and, for a second or subsequent violation, not more than twenty-five thousand dollars. Each day's continuance shall be a separate and distinct violation.

§28-302.5.5 Criminal penalty. Notwithstanding any inconsistent provision of law, an outdoor advertising company shall, upon being found guilty, be subject to fines or imprisonment or both pursuant to this code if a sign under its control has been erected, maintained, attached, affixed, painted on, or in any other manner represented on a building or premises in violation of any provision of the zoning resolution, administrative code or rules adopted pursuant thereto relating to signs.

§28-302.5.6 Activity by unregistered company. On and after a date to be provided by rule, an outdoor advertising company that engages in the outdoor advertising business or, by way of advertisement, promotion or other methods holds itself out as engaging in the outdoor advertising business without registering with the department pursuant to this chapter, or, after such registration has been revoked or not renewed pursuant to this code continues to engage in such business beyond a date specified by the commissioner in his or her determination to revoke or not renew, shall be guilty of a misdemeanor subject to a fine not to exceed five thousand dollars or a sentence of imprisonment of not more than one year or both such fine and imprisonment for each offense. In the case of a continuing violation each day's continuance shall be a separate and distinct violation. Such company shall also be liable for a civil penalty of, for a first violation, not more than fifteen thousand dollars and, for a second or subsequent violation, not more than twenty-five thousand dollars. Each day's continuance shall be a separate and distinct violation.

§28-302.5.7 Venue. Civil penalties may be recovered in an action in any court of appropriate jurisdiction or in a proceeding before the environmental control board. Such board shall have the power to impose the civil penalties provided for in this section. Notwithstanding the provisions of section six hundred sixty-six of the charter, a notice of violation issued by the department pursuant to this article shall not be subject to review by the board of standards and appeals.

§28-302.5.8 Nuisance abatement for signs under control of unregistered company. On and after a date to be provided by rule, it shall be unlawful to erect, maintain, attach, affix, paint on, or in any other manner represent on a building or premises any sign that is under the control of an unregistered outdoor advertising company. In addition to or as an alternative to any other remedies or penalties provided under any other provision of law, the commissioner may commence a proceeding for the removal of such sign or its sign structure or both in accordance with the procedures set forth in this code for the abatement of a nuisance and any such sign and its sign structure is hereby declared to be a public nuisance pursuant thereto. All of the provisions of section 28-302.5.9 shall apply to the removal of a sign pursuant to this section except that a sign under the control of an unregistered outdoor advertising company may be removed whether or not it is in compliance with the zoning resolution, the administrative code or rules adopted pursuant thereto, and irrespective of whether it has a surface area greater than two hundred square feet.

§28-302.5.9 Nuisance abatement for other illegal signs; procedure. A sign with a surface area greater than two hundred square feet that is erected, maintained, attached, affixed, painted on, or in any other manner represented on a building or premises in violation of the zoning resolution, the administrative code or rules adopted pursuant thereto is hereby declared to be a public nuisance. The commissioner may, after notice and hearing, order the removal of such illegal sign or its sign structure or both, as hereinafter provided.

§28-302.5.9.1 Notice. The commissioner shall serve a notice of hearing with regard to the proposed nuisance abatement on the owner and mortgagee of record of the building or premises and other persons having a recorded interest in the property in the manner provided in section 28-113 of this code for the service of an order of closure. If the sign is under the control of an outdoor advertising company, as defined in section 28-302.1 of the code, and an address for such company is reasonably ascertainable, the notice shall also be served on such outdoor advertising company by mail to the last known address for such company or, if such company is registered in accordance with section 28-302.2 of the code, at the address provided to the department by the registrant.

§28-302.5.9.2 Hearing. The office of administrative trials and hearings shall conduct the hearing. The administrative law judge assigned to hear the matter shall submit his or her proposed findings of fact and recommended disposition to the commissioner. If based on such recommended disposition, proposed findings of fact and the record of the hearing the commissioner determines (i) that the sign has a surface area greater than two hundred square feet and, (ii) that the sign has been erected, maintained, attached, affixed, painted on, or in any other manner represented on the building or premises in violation of the zoning resolution, the administrative code or rules adopted pursuant thereto, he or she may order the removal of the illegal sign or its sign structure or both.

§28-302.5.9.3 Lack of knowledge no defense. At such hearing it shall not be a defense that an owner or other person having an interest in the property lacked knowledge of or did not participate in the erection or maintenance of the illegal sign.

§28-302.5.9.4 Posting of order. The commissioner's order of removal shall be posted, mailed and filed in the manner provided in this code for an order of closure.

§28-302.5.9.5 Enforcement of order. On or after the tenth business day after the posting of such order and upon the written directive of the commissioner, police officers and authorized representatives of the department shall act upon and enforce such order by removing, covering, painting over or otherwise rendering ineffective the illegal sign or its sign structure or both. Such work shall at all times be performed by a licensed sign hanger where required by law. Nothing in this section shall be construed to prohibit an owner or other person having an interest in the property from removing or causing the removal of an illegal sign or its sign structure prior to the arrival of such enforcement officers. On and after the posting of such removal order, no further permits for signs shall be issued for such building or premises pursuant to this code and, if the sign structure is not removed, no further display shall be exhibited on such sign structure unless and until the commissioner rescinds such order. The commissioner may rescind the order if the owner or other person having an interest in the building or premises provides assurance in a form satisfactory to the commissioner that all signs erected or maintained at such building or premises will be in compliance with the zoning resolution, the administrative code or rules adopted pursuant to such provisions. If such order is rescinded, the commissioner shall, upon request of such owner, mortgagee or other person, provide a certified copy of such rescission which may be filed with the county clerk or register of the county in which such building or premises is located.

§28-302.5.9.6 Costs. The costs and expenses for painting over, covering, rendering ineffective or for the removal and storage of such sign and its sign structure may be recovered from the owner of the premises or, if the illegal sign is under the control of an outdoor advertising company and notice was served on such company in accordance with this section, from such outdoor advertising company. Such amounts may be recovered by the city in an action or proceeding in any court of appropriate jurisdiction and, with respect to amounts owed by an outdoor advertising company, by drawing upon any bond posted or other security provided by such company pursuant to section 28-302.2 of this code. Nothing in this section shall be construed to limit the ability of an owner to seek recovery of such costs and expenses from any other party.

§28-302.5.9.7 Lien. In addition, such costs and expenses shall constitute a lien on the land and building on which the sign was located which may be entered and enforced pursuant to the provisions of this code in the same manner as an unpaid fee.

§28-302.5.9.8 Storage and disposal. The commissioner shall adopt rules to provide for the storage and disposal of any sign or sign structure removed pursuant to this section. If the identity and address of the owner of such property is reasonably ascertainable, notice of the removal shall be sent to the owner within a reasonable period of time after the removal. If such property is not claimed within thirty days after its removal, it shall be deemed to be abandoned and may be sold at a public auction after having been advertised in the City Record and the proceeds paid into the general fund or if the commissioner determines that the property is not saleable, he or she may turn over such property to the department of sanitation for disposal. Property removed pursuant to this section shall be released to the owner or other person lawfully entitled to possession upon payment of the costs of removal and storage as set forth in the rules of the department and any fines or civil penalties imposed for the violation or, if an action or proceeding for the violation is pending in court or before the environmental control board, upon the posting of a bond or other form of security acceptable to the department in an amount which will secure the payment of such costs and any fines or civil penalties which may be imposed for the violation.

§28-302.5.9.9 Definitions. For the purposes of this section the terms "sign" and "surface area," in reference to a sign, shall be as defined under section 12-10 of the zoning resolution.

§28-302.5.9.10 Review of order. An order of the commissioner issued pursuant to this section shall be a final determination of the commissioner for purposes of review pursuant to article seventy-eight of the civil practice law and rules. Notwithstanding any inconsistent provision of paragraph (a) of subdivision six of section six hundred sixty-six of the New York city charter, such order shall not be subject to review by the board of standards and appeals.

§28-302.5.11 Franchise or concession disqualification. Notwithstanding any other provision of law to the contrary, an outdoor advertising company, or any affiliate thereof, that has been found guilty of a misdemeanor or liable for a civil penalty pursuant to this section or whose registration has been revoked pursuant to this code shall be considered ineligible for the award of any city franchise or concession, and shall be prohibited from administering any advertising program on behalf of a city franchisee or concessionaire, for a period of five years following judgment or decision.

§28-302.6 Investigations. The department may investigate any matter within the jurisdiction conferred by this chapter and shall have full power to compel the attendance, examine and take testimony under oath of such persons as it may deem necessary in relation to such investigation, and to require the production of books, accounts, papers and other evidence relevant to such investigation. The department of investigation may, at the request of the commissioner, assist the department in any investigation conducted pursuant to this section.

CHAPTER 4
THE NEW YORK CITY PLUMBING CODE

SECTION 401
ENACTMENT AND UPDATE OF THE NEW YORK CITY PLUMBING CODE

§28-401.1 Update. No later than the third year after the effective date of this section and every third year thereafter, the commissioner shall submit to the city council proposed amendments that he or she determines should be made to this code to bring it up to date with the latest edition of the International Plumbing Code or otherwise modify the provisions thereof. In addition, prior to the submission of such proposal to the city council, such proposal shall be submitted to an advisory committee established by the commissioner pursuant to this title for review and comment.

§28-401.2 Enactment of the New York city plumbing code. The New York city plumbing code based on the 2003 edition of the International Plumbing Code published by the International Code Council, with changes that reflect the unique character of the city, is hereby adopted to read as follows:

THE NEW YORK CITY PLUMBING CODE

CHAPTER 1
ADMINISTRATION

SECTION PC 101
GENERAL

101.1 Title. *This code shall be known and may be cited as the "New York city plumbing code," "NYCPC" or "PC". All section numbers in this code shall be deemed to be preceded by the designation "PC".*

101.2 Scope. *The provisions of this code shall apply to the erection, installation, alteration, repair, relocation, replacement, addition to, use or maintenance of plumbing systems. This code shall also regulate nonflammable medical gas, inhalation anesthetic, vacuum piping, nonmedical oxygen systems and sanitary and condensate vacuum collection systems. The installation of fuel gas distribution piping and equipment, fuel gas-fired water heaters, and water heater venting systems shall be regulated by the New York city fuel gas code.*

Exceptions:

1. *Detached one- and two-family dwellings and multiple single family dwellings (townhouses) not more than three stories high with separate means of egress and their accessory structures shall comply with the New York city residential code.*
2. *Plumbing systems in existing buildings undergoing repair, alteration, or additions, and change of occupancy shall be permitted to comply with the existing building provisions of the New York city building code.*
3. *Structures on waterfront property used in conjunction with and in furtherance of waterfront commerce and/or navigation.*
4. *Bridges, tunnels or subways or structures appurtenant thereto.*

101.3 Intent. *The purpose of this code is to provide minimum standards to safeguard life or limb, health, property and public welfare by regulating and controlling the design, construction, installation, quality of materials, location, operation and maintenance or use of plumbing equipment or systems.*

101.4 Severability. *If any section, subsection, sentence, clause or phrase of this code is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this code.*

SECTION PC 102
APPLICABILITY

102.1 General. *The provisions of this code shall apply to all matters affecting or relating to structures, as set forth in Section PC 101. Where, in any specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern.*

102.2 Existing installations. *Plumbing systems lawfully in existence at the time of the adoption of this code shall be permitted to have their use and maintenance continued if the use, maintenance or repair is in accordance with the original design and no hazard to life, health or property is created by such plumbing system.*

102.3 Maintenance. *All plumbing systems, materials and appurtenances, both existing and new, and all parts thereof, shall be maintained in proper operating condition in accordance with the original design in a safe and sanitary condition. All devices or safeguards required by this code shall be maintained in compliance with this code. The owner or the owner's designated agent shall be responsible for maintenance of plumbing systems. To determine compliance with this provision, the commissioner shall have the authority to require any plumbing system to be inspected.*

102.4 through 102.7 Reserved.

102.8 Referenced standards. *The standards referenced in this code shall be those that are listed in Chapter 13 and such standards shall be considered as part of the requirements of this code to the prescribed extent of each such reference. Where differences occur between the provisions of this code and the referenced standards, the provisions of this code shall be the minimum requirements.*

102.9 Requirements not covered by code. *Any requirements necessary for the strength, stability or proper operation of an existing or proposed plumbing system, or for the public safety, health and general welfare, not specifically covered by this code shall be determined by the commissioner.*

SECTION PC 107
INSPECTIONS AND TESTING

107.1 Required inspections and testing. *In addition to the requirements of Section 28-127, the holder of the permit shall be responsible for the scheduling of the following inspections:*

1. *Underground inspection shall be made after trenches or ditches are excavated and bedded, piping installed, and before any backfill is put in place.*
2. *Rough-in inspection shall be made after the roof, framing, fireblocking, firestopping, draftstopping and bracing is in place and all sanitary, storm and water distribution piping is roughed-in, and prior to the installation of wall or ceiling membranes.*
3. *Final inspection shall be made after the building is complete, all plumbing fixtures are in place and properly connected, and the structure is ready for occupancy.*

107.1.1 through 107.1.2 Reserved.

107.2 Special inspections. *Special inspections of alternative engineered design plumbing systems shall be conducted in accordance with Sections 107.2.1 and 107.2.2.*

107.2.1 Periodic inspection. *The registered design professional or designated inspector shall periodically inspect and observe the alternative engineered design to determine that the installation is in accordance with the approved construction documents. All discrepancies shall be brought to the immediate attention of the plumbing contractor for correction. Records shall be kept of all inspections.*

107.2.2 Written report. *The registered design professional shall submit a final report in writing to the commissioner upon completion of the installation, certifying that the alternative engineered design conforms to the approved or accepted construction documents.*

107.3 Testing. *Plumbing work and systems shall be tested as required in Section PC 312 and in accordance with Sections 107.3.1 through 107.3.3. Tests shall be made by the permit holder and observed by the commissioner.*

107.3.1 New, altered, extended or repaired systems. *New plumbing systems and parts of existing systems that have been altered, extended or repaired shall be tested as prescribed herein to disclose leaks and defects, except that testing is not required in the following cases:*

1. *In any case that does not include addition to, replacement, alteration or relocation of any water supply, drainage or vent piping.*
2. *In any case where plumbing equipment is set up temporarily for exhibition purposes.*

107.3.2 Equipment, material and labor for tests. *All equipment, material and labor required for testing a plumbing system or part thereof shall be furnished by the permit holder.*

107.3.3 Reinspection and testing. *Where any work or installation does not pass any initial test or inspection, the necessary corrections shall be made to comply with this code. The work or installation shall then be resubmitted to the commissioner for inspection and testing.*

107.4 Reserved.

107.5 Temporary connection. *The commissioner shall have the authority to authorize the temporary connection of the building or system to the utility source for the purpose of testing plumbing systems or for use under a temporary certificate of occupancy.*

CHAPTER 2
DEFINITIONS

SECTION PC 201
GENERAL

201.1 Scope. *Unless otherwise expressly stated, the following words and terms shall, for the purposes of this code, have the meanings shown in this chapter.*

201.2 Interchangeability. *Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular.*

201.3 Terms defined in other codes. *Where terms are not defined in this code and are defined in the New York city building code, New York city fire code, New York city electrical code, New York city fuel gas code or the New York city mechanical code, such terms shall have the meanings ascribed to them as in those codes.*

201.4 Terms not defined. *Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies.*

SECTION PC 202
GENERAL DEFINITIONS

ACCEPTED ENGINEERING PRACTICE. *That which conforms to accepted principles, tests or standards of nationally recognized technical or scientific authorities.*

ACCESS (TO). *That which enables a fixture, appliance or equipment to be reached by ready access or by a means that first requires the removal or movement of a panel, door or similar obstruction (see "Ready access").*

ACCESS COVER. *A removable plate, usually secured by bolts or screws, to permit access to a pipe or pipe fitting for the purposes of inspection, repair or cleaning.*

ADAPTER FITTING. *An approved connecting device that suitably and properly joins or adjusts pipes and fittings which do not otherwise fit together.*

AIR BREAK (Drainage System). *A piping arrangement in which a drain from a fixture, appliance or device discharges indirectly into another fixture, receptacle or interceptor at a point below the flood level rim and above the trap seal.*

AIR GAP (Drainage System). *The unobstructed vertical distance through the free atmosphere between the outlet of the waste pipe and the flood level rim of the receptacle into which the waste pipe is discharging.*

AIR GAP (Water Distribution System). *The unobstructed vertical distance through the free atmosphere between the lowest opening from any pipe or faucet supplying water to a tank, plumbing fixture or other device and the flood level rim of the receptacle.*

ALTERNATIVE ENGINEERED DESIGN. *A plumbing system that performs in accordance with the intent of Chapters 3 through 12 and provides an equivalent level of performance for the protection of public health, safety and welfare. The system design is not specifically regulated by Chapters 3 through 12.*

ANCHORS. See "Supports."

ANTISIPHON. *A term applied to valves or mechanical devices that eliminate siphonage.*

APPROVED. *Accepted or approved in accordance with a method prescribed in Section 28-104 of this title, except as otherwise indicated in the text.*

APPROVED AGENCY. *An established and recognized agency approved by the commissioner and that is regularly engaged in conducting tests or furnishing inspection services.*

AREA DRAIN. *A receptacle designed to collect surface or storm water from an open area.*

ASPIRATOR. *A fitting or device supplied with water or other fluid under positive pressure that passes through an integral orifice or constriction, causing a vacuum. Aspirators are also referred to as suction apparatus, and are similar in operation to an ejector.*

BACKFLOW. *The undesirable reversal of flow of water or mixtures of water and other liquids, gases or other substances into the distribution pipes of the potable supply of water from any source or sources.*

- ***Backpressure, low head.*** *A pressure less than or equal to 4.33 psi (29.88 kPa) or the pressure exerted by a 10-foot (3048 mm) column of water.*
- ***Backsiphonage.*** *The backflow of potentially contaminated water into the potable water system as a result of the pressure in the potable water system falling below atmospheric pressure of the plumbing fixtures, pools, tanks or vats connected to the potable water distribution piping.*
- ***Backwater valve.*** *A device or valve installed in the building drain or sewer pipe where a sewer is subject to backflow, and which prevents drainage or waste from backing up into a low level or fixtures and causing a flooding condition.*
- ***Drainage.*** *A reversal of flow in the drainage system.*
- ***Water supply system.*** *The flow of water or other liquids, mixtures or substances into the distribution pipes of a potable water supply from any source except the intended source.*

BACKFLOW CONNECTION. *Any arrangement whereby backflow is possible.*

BACKFLOW PREVENTER. *A device or means to prevent backflow.*

BALL COCK. *See "Fill Valve."*

BASE FLOOD ELEVATION. *A reference point, determined in accordance with the building code, based on the depth or peak elevation of flooding, including wave height, which has a 1 percent (100-year flood) or greater chance of occurring in any given year.*

BATHROOM GROUP. *A group of fixtures consisting of a water closet, lavatory, bathtub or shower, including or excluding a bidet, an emergency floor drain or both. Such fixtures are located together in the same room.*

BEDPAN STEAMER OR BOILER. *A fixture utilized for scalding bedpans or urinals by direct application of steam or boiling water.*

BEDPAN WASHER AND STERILIZER. *A fixture designed to wash bedpans and to flush the contents into the sanitary drainage system. Included are fixtures of this type that provide for disinfecting utensils by scalding with steam or hot water.*

BEDPANWASHER HOSE. *A device supplied with hot and cold water and located adjacent to a water closet or clinical sink to be utilized for cleansing bedpans.*

BRANCH. *Any part of the piping system that extends to fixtures on two or less consecutive floors except a riser, main or stack.*

BRANCH INTERVAL. *A distance along a soil or waste stack corresponding in general to a story height, but not less than 8 feet (2438 mm), within which the horizontal branches from one floor or story of a structure are connected to the stack.*

BRANCH VENT. *A vent connecting one or more individual vents with a vent stack or stack vent.*

BUILDING. *Any structure occupied or intended for supporting or sheltering any occupancy.*

BUILDING DRAIN. *That part of the lowest piping of a drainage system that receives the discharge from soil, waste and other drainage pipes inside and that extends 5 feet (1524 mm) in developed length of pipe beyond the exterior walls of the building and conveys the drainage to the building sewer.*

- ***Combined.*** *A building drain that conveys both sewage and storm water or other drainage.*
- ***Sanitary.*** *A building drain that conveys sewage only.*
- ***Storm.*** *A building drain that conveys storm water or other drainage, but not sewage.*

BUILDING SEWER. *That part of the drainage system that extends from the end of the building drain and conveys the discharge to a public sewer, private sewer, individual sewage disposal system or other point of disposal.*

- ***Combined.*** *A building sewer that conveys both sewage and storm water or other drainage.*
- ***Sanitary.*** *A building sewer that conveys sewage only.*
- ***Storm.*** *A building sewer that conveys storm water or other drainage, but not sewage.*

BUILDING SUBDRAIN. *That portion of a drainage system that does not drain by gravity into the building sewer.*

BUILDING TRAP. *A device or fitting, without joints within the water seal, installed in the building drain to prevent circulation of air between the drainage system of the building and the building sewer.*

CIRCUIT VENT. *A vent that connects to a horizontal drainage branch and vents two traps to a maximum of eight traps or trapped fixtures connected into a battery.*

CISTERN. *A covered tank for storing rainwater to be utilized for purposes other than in the potable water supply.*

CLEANOUT. *An access opening in the drainage system utilized for the removal of obstructions. Types of cleanouts include a removable plug or cap, and a removable fixture or fixture trap.*

CODE. *The New York city plumbing code, subsequent amendments thereto, or any rules of the commissioner adopted pursuant thereto.*

COMMISSIONER. *The commissioner of buildings of the city of New York, or his or her duly authorized representative.*

COMBINATION FIXTURE. *A fixture combining one sink and laundry tray or a two- or three-compartment sink or laundry tray in one unit.*

COMBINATION WASTE AND VENT SYSTEM. *A specially designed system of waste piping embodying the horizontal wet venting of one or more sinks or floor drains by means of a common waste and vent pipe adequately sized to provide free movement of air above the flow line of the drain.*

COMBINED BUILDING DRAIN. *See "Building drain, combined."*

COMBINED BUILDING SEWER. *See "Building sewer, combined."*

COMMON VENT. *A vent connecting at the junction of two fixture drains or to a fixture branch and serving as a vent for both fixtures.*

CONCEALED FOULING SURFACE. *Any surface of a plumbing fixture which is not readily visible and is not scoured or cleansed with each fixture operation.*

CONDUCTOR. *A pipe inside the building that conveys storm water from the roof to a storm or combined building drain.*

CONSTRUCTION DOCUMENTS. *All of the written, graphic and pictorial documents prepared or assembled for describing the design, location and physical characteristics of the elements of the project necessary for obtaining a building permit. The construction drawings shall be drawn to an appropriate scale.*

CONTAMINATION. *An impairment of the quality of the potable water that creates an actual hazard to the public health through poisoning or through the spread of disease by sewage, industrial fluids or waste.*

CRITICAL LEVEL (C-L). *An elevation (height) reference point that determines the minimum height at which a backflow preventer or vacuum breaker is installed above the flood level rim of the fixture or receptor served by the device. The critical level is the elevation level below which there is a potential for backflow to occur. If the critical level marking is not indicated on the device, the bottom of the device shall constitute the critical level.*

CROSS CONNECTION. *Any physical connection or arrangement between two otherwise separate piping systems, one of which contains potable water and the other either water of unknown or questionable safety or steam, gas or chemical, whereby there exists the possibility for flow from one system to the other, with the direction of flow depending on the pressure differential between the two systems (see "Backflow").*

DEAD END. *A branch leading from a soil, waste or vent pipe; a building drain; or a building sewer, and terminating at a developed length of 2 feet (610 mm) or more by means of a plug, cap or other closed fitting.*

DEPTH OF WATER SEAL. *The depth of water that would have to be removed from a full trap before air could pass through the trap.*

DESIGN FLOOD ELEVATION. *The elevation of the "design flood," including wave height, relative to the datum specified on the City's legally designated flood hazard map.*

DEVELOPED LENGTH. *The length of a pipeline measured along the centerline of the pipe and fittings.*

DISCHARGE PIPE. *A pipe that conveys the discharges from plumbing fixtures or appliances.*

DRAIN. *Any pipe that carries wastewater or water-borne wastes in a building drainage system.*

DRAINAGE FITTINGS. *Type of fitting or fittings utilized in the drainage system.*

DRAINAGE FIXTURE UNIT

Drainage (dfu). *A measure of the probable discharge into the drainage system by various types of plumbing fixtures. The drainage fixture-unit value for a particular fixture depends on its volume rate of drainage discharge, on the time duration of a single drainage operation and on the average time between successive operations.*

DRAINAGE SYSTEM. *Piping within a public or private premise that conveys sewage, rainwater or other liquid wastes to a point of disposal. A drainage system does not include the mains of a public sewer system or a private or public sewage treatment or disposal plant.*

Building gravity. *A drainage system that drains by gravity into the building sewer.*

Sanitary. *A drainage system that carries sewage and excludes storm, surface and ground water.*

Storm. *A drainage system that carries rainwater, surface water, subsurface water and similar liquid wastes.*

EFFECTIVE OPENING. *The minimum cross-sectional area at the point of water supply discharge, measured or expressed in terms of the diameter of a circle or, if the opening is not circular, the diameter of a circle of equivalent cross-sectional area. For faucets and similar fittings, the effective opening shall be measured at the smallest orifice in the fitting body or in the supply piping to the fitting.*

EMERGENCY FLOOR DRAIN. *A floor drain that does not receive the discharge of any drain or indirect waste pipe, and that protects against damage from accidental spills, fixture overflows and leakage.*

ESSENTIALLY NONTOXIC TRANSFER FLUIDS. *Fluids having a Gosselin rating of 1, including propylene glycol; mineral oil; polydimethylsiloxane; hydrochlorofluorocarbon, chlorofluorocarbon and carbon refrigerants; and FDA-approved boiler water additives for steam boilers.*

ESSENTIALLY TOXIC TRANSFER FLUIDS. *Soil, waste or gray water and fluids having a Gosselin rating of 2 or more including ethylene glycol, hydrocarbon oils, ammonia refrigerants and hydrazine.*

EXISTING INSTALLATIONS. *Any plumbing system regulated by this code that was legally installed prior to the effective date of this code, or for which a permit to install has been issued.*

FAUCET. *A valve end of a water pipe through which water is drawn from or held within the pipe.*

FILL VALVE. *A water supply valve, opened or closed by means of a float or similar device, utilized to supply water to a tank. An antisiphon fill valve contains an antisiphon device in the form of an approved air gap or vacuum breaker that is an integral part of the fill valve unit and that is positioned on the discharge side of the water supply control valve.*

FIXTURE. *See "Plumbing fixture."*

FIXTURE BRANCH. *A drain serving two or more fixtures that discharges to another drain or to a stack.*

FIXTURE DRAIN. *The drain from the trap of a fixture to a junction with any other drain pipe.*

FIXTURE FITTING

Supply fitting. *A fitting that controls the volume and/or directional flow of water and is either attached to or accessible from a fixture, or is used with an open or atmospheric discharge.*

Waste fitting. *A combination of components that conveys the sanitary waste from the outlet of a fixture to the connection to the sanitary drainage system.*

FIXTURE SUPPLY. *The water supply pipe connecting a fixture to a branch water supply pipe or directly to a main water supply pipe.*

FLOOD LEVEL RIM. *The edge of the receptacle from which water overflows.*

FLOOD HAZARD AREA. *The greater of the following two areas:*

1. *The area within a flood plain subject to a 1-percent or greater chance of flooding in any given year.*
2. *The area designated as a flood hazard area on a community's flood hazard map or as otherwise legally designated.*

FLOW PRESSURE. *The pressure in the water supply pipe near the faucet or water outlet while the faucet or water outlet is wide open and flowing.*

FLUSH TANK. *A tank designed with a ball cock and flush valve to flush the contents of the bowl or usable portion of the fixture.*

FLUSHOMETER TANK. *A device integrated within an air accumulator vessel that is designed to discharge a predetermined quantity of water to fixtures for flushing purposes.*

FLUSHOMETER VALVE. *A valve attached to a pressurized water supply pipe and so designed that when activated it opens the line for direct flow into the fixture at a rate and quantity to operate the fixture properly, and then gradually closes to reseal fixture traps and minimize water hammer.*

GREASE INTERCEPTOR. *A passive interceptor whose rated flow exceeds 50 gpm (189 L/m).*

GREASE-LADEN WASTE. *Effluent discharge that is produced from food processing, food preparation or other sources where grease, fats and oils enter automatic dishwater prerinse stations, sinks or other appurtenances.*

GREASE TRAP. *A passive interceptor whose rated flow is 50 gpm (189 L/m) or less.*

HANGERS. *See "Supports."*

HORIZONTAL BRANCH DRAIN. *A drainage branch pipe extending laterally from a soil or waste stack or building drain, with or without vertical sections or branches, that receives the discharge from two or more fixture drains or branches and conducts the discharge to the soil or waste stack or to the building drain.*

HORIZONTAL PIPE. *Any pipe or fitting that makes an angle of less than 45 degrees (0.79 rad) with the horizontal.*

HOT WATER. *Water at a temperature greater than 110°F (43°C).*

HOUSE TRAP. *See "Building trap."*

INDIRECT WASTE PIPE. *A waste pipe that does not connect directly with the drainage system, but that discharges into the drainage system through an air break or air gap into a trap, fixture, receptor or interceptor.*

INDIVIDUAL SEWAGE DISPOSAL SYSTEM. *A system for disposal of domestic sewage by means of a septic tank, or mechanical treatment, designed for utilization apart from a public sewer to serve a single establishment or building.*

INDIVIDUAL VENT. *A pipe installed to vent a fixture trap and connects with the vent system above the fixture served or terminates in the open air.*

INDIVIDUALWATER SUPPLY. *A water supply that serves one or more families, and that is not an approved public water supply.*

INTERCEPTOR. *A device designed and installed to separate and retain for removal, by automatic or manual means, deleterious, hazardous or undesirable matter from normal wastes, while permitting normal sewage or wastes to discharge into the drainage system by gravity.*

JOINT

Expansion. *A loop, return bend, return offset or manufactured device that provides for the expansion and contraction in a piping system.*

Flexible. *Any joint between two pipes that permits one pipe to be deflected or moved without movement or deflection of the other pipe.*

Mechanical. *See "Mechanical joint."*

Slip. *A type of joint made by means of a washer or a special type of packing compound in which one pipe is slipped into the end of an adjacent pipe.*

LEAD-FREE PIPE AND FITTINGS. *Containing not more than 3.0-percent lead.*

LEAD-FREE SOLDER AND FLUX. *Containing not more than 0.2-percent lead.*

LEADER. *A drainage pipe for conveying storm water from roof or gutter drains to an approved means of disposal.*

LOCAL VENT STACK. *A vertical pipe to which connections are made from the fixture side of traps and through which vapor or foul air is removed from the fixture or device utilized on bedpan washers.*

MACERATING TOILET SYSTEMS. *An assembly consisting of a water closet and sump with a macerating pump that is designed to collect, grind and pump wastes from the water closet and up to two other fixtures connected to the sump.*

MAIN. *The principal pipe artery to which branches are connected.*

MANIFOLD. *See "Plumbing appurtenance."*

MECHANICAL JOINT. *A connection between pipes, fittings, or pipes and fittings that is not screwed, caulked, threaded, soldered, solvent cemented, brazed or welded. A joint in which compression is applied along the centerline of the pieces being joined. In some applications, the joint is part of a coupling, fitting or adapter.*

MEDICAL GAS SYSTEM. *The complete system to convey medical gases for direct patient application from central supply systems (bulk tanks, manifolds and medical air compressors), with pressure and operating controls, alarm warning systems, related components and piping networks extending to station outlet valves at patient use points.*

MEDICAL VACUUM SYSTEMS. *A system consisting of central-vacuum-producing equipment with pressure and operating controls, shutoff valves, alarm-warning systems, gauges and a network of piping extending to and terminating with suitable station inlets at locations where patient suction may be required.*

NONPOTABLE WATER. *Water not safe for drinking, personal or culinary utilization.*

OCCUPANCY. *The purpose for which a building or portion thereof is utilized or occupied.*

OFFSET. *A combination of approved bends that makes two changes in direction bringing one section of the pipe out of line but into a line parallel with the other section.*

OPEN AIR. *Outside the structure.*

PLUMBING. *The practice, materials and fixtures utilized in the installation, maintenance, extension and alteration of all piping, fixtures, plumbing appliances, plumbing appurtenances, gas piping and limited fire protection as defined in Section 28-201.3, within or adjacent to any structure, in connection with sanitary drainage or storm drainage facilities; venting systems; and public or private water supply systems.*

PLUMBING APPLIANCE. *Any one of a special class of plumbing fixtures intended to perform a special function. Included are fixtures having the operation or control dependent on one or more energized components, such as motors, controls, heating elements, or pressure- or temperature-sensing elements. Such fixtures are manually adjusted or controlled by the owner or operator, or are operated automatically through one or more of the following actions: a time cycle, a temperature range, a pressure range, a measured volume or weight.*

PLUMBING APPURTENANCE. *A manufactured device, prefabricated assembly or an on-the-job assembly of component parts that is an adjunct to the basic piping system and plumbing fixtures. An appurtenance demands no additional water supply and does not add any discharge load to a fixture or to the drainage system.*

PLUMBING FIXTURE. *A receptacle or device that is either permanently or temporarily connected to the water distribution system of the premises and demands a supply of water therefrom; discharges wastewater, liquid-borne waste materials or sewage either directly or indirectly to the drainage system of the premises; or requires both a water supply connection and a discharge to the drainage system of the premises.*

PLUMBING SYSTEM. *Includes the water supply and distribution pipes; plumbing fixtures and traps; water-treating or water-using equipment; soil, waste and vent*

pipes; and sanitary and storm sewers and building drains; in addition to their respective connections, devices and appurtenances within a structure or premises.

POTABLE WATER. *Water free from impurities present in amounts sufficient to cause disease or harmful physiological effects and conforming to the bacteriological and chemical quality requirements of the Public Health Service Drinking Water Standards or the regulations of the public health authority having jurisdiction.*

PRIVATE. *In the classification of plumbing fixtures, "private" applies to fixtures in residences and apartments, and to fixtures in nonpublic toilet rooms of hotels and motels and similar installations in buildings where the plumbing fixtures are intended for utilization by a family or an individual.*

PUBLIC OR PUBLIC UTILIZATION. *In the classification of plumbing fixtures, "public" applies to fixtures in general toilet rooms of schools, gymnasiums, hotels, airports, bus and railroad stations, public buildings, bars, public comfort stations, office buildings, stadiums, stores, restaurants and other installations where a number of fixtures are installed so that their utilization is similarly unrestricted.*

PUBLIC WATER MAIN. *A water supply pipe for public utilization controlled by public authority.*

QUICK-CLOSING VALVE. *A valve or faucet that closes automatically when released manually or that is controlled by a mechanical means for fast-action closing.*

READY ACCESS. *That which enables a fixture, appliance or equipment to be directly reached without requiring the removal or movement of any panel, door or similar obstruction and without the use of a portable ladder, step stool or similar device.*

REDUCED PRESSURE PRINCIPLE BACKFLOW PREVENTER. *A backflow prevention device consisting of two independently acting check valves, internally force-loaded to a normally closed position and separated by an intermediate chamber (or zone) in which there is an automatic relief means of venting to the atmosphere, internally loaded to a normally open position between two tightly closing shutoff valves and with a means for testing for tightness of the checks and opening of the relief means.*

REGISTERED DESIGN PROFESSIONAL. *An architect or engineer as defined in Section 28-101.5 of this code.*

RELIEF VALVE

Pressure relief valve. *A pressure-actuated valve held closed by a spring or other means and designed to relieve pressure automatically at the pressure at which such valve is set.*

Temperature and pressure relief (T&P) valve. *A combination relief valve designed to function as both a temperature relief and a pressure relief valve.*

Temperature relief valve. *A temperature-actuated valve designed to discharge automatically at the temperature at which such valve is set.*

RELIEF VENT. *A vent whose primary function is to provide circulation of air between drainage and vent systems.*

RIM. *An unobstructed open edge of a fixture.*

RISER. *A water supply pipe that extends one full story or more to convey water to branches or to a group of fixtures.*

ROOF DRAIN. *A drain installed to receive water collecting on the surface of a roof and to discharge such water into a leader or a conductor.*

ROUGH-IN. *Parts of the plumbing system that are installed prior to the installation of fixtures. This includes drainage, water supply, vent piping and the necessary fixture supports and any fixtures that are built into the structure.*

SELF-CLOSING FAUCET. *A faucet containing a valve that automatically closes upon deactivation of the opening means.*

SEPARATOR. *See "Interceptor."*

SEWAGE. *Any liquid waste containing animal or vegetable matter in suspension or solution, including liquids containing chemicals in solution.*

SEWAGE EJECTORS. *Mechanical devices used to pump or eject sewage.*

SEWER

Building sewer. *See "Building sewer."*

Public sewer. *A common sewer directly controlled by public authority.*

Sanitary sewer. *A sewer that carries sewage and excludes storm, surface and ground water.*

Storm sewer. *A sewer that conveys rainwater, surface water, subsurface water and similar liquid wastes.*

SLOPE. *The fall (pitch) of a line of pipe in reference to a horizontal plane. In drainage, the slope is expressed as the fall in units vertical per units horizontal (percent) for a length of pipe.*

SOIL PIPE. *A pipe that conveys sewage containing fecal matter to the building drain or building sewer.*

STACK. *A general term for any vertical line of soil, waste, vent or inside conductor piping that extends through at least one story with or without offsets.*

STACK VENT. *The extension of a soil or waste stack above the highest horizontal drain connected to the stack.*

STACK VENTING. *A method of venting a fixture or fixtures through the soil or waste stack.*

STERILIZER

Boiling type. *A boiling-type sterilizer is a fixture of a nonpressure type utilized for boiling instruments, utensils or other equipment for disinfection. These devices are portable or are connected to the plumbing system.*

Instrument. *A device for the sterilization of various instruments.*

Pressure (autoclave). *A pressure vessel fixture designed to utilize steam under pressure for sterilizing.*

Pressure instrument washer sterilizer. *A pressure instrument washer sterilizer is a pressure vessel fixture designed to both wash and sterilize instruments during the operating cycle of the fixture.*

Utensil. *A device for the sterilization of utensils as utilized in health care services.*

Water. *A water sterilizer is a device for sterilizing water and storing sterile water.*

STERILIZER VENT. *A separate pipe or stack, indirectly connected to the building drainage system at the lower terminal, that receives the vapors from nonpressure sterilizers, or the exhaust vapors from pressure sterilizers, and conducts the vapors directly to the open air. Also called vapor, steam, atmospheric or exhaust vent.*

STORM DRAIN. *See "Drainage system, storm."*

STRUCTURE. *That which is built or constructed or a portion thereof.*

SUBSOIL DRAIN. *A drain that collects subsurface water or seepage water and conveys such water to a place of disposal.*

SUMP. *A tank or pit that receives clear liquid waste, located below the normal grade of the gravity system and that must be emptied by mechanical means.*

SUMP PUMP. *An automatic water pump for the removal of drainage, except sewage, from a sump, pit or low point.*

SUMP VENT. *A vent from pneumatic sewage ejectors, or similar equipment, that terminates separately to the open air.*

SUPPORTS. *Devices for supporting and securing pipe, fixtures and equipment.*

SWIMMING POOL. *Any structure, basin, chamber or tank containing an artificial body of water for swimming, diving or recreational bathing having a depth of 2 feet (610 mm) or more at any point.*

TEMPERED WATER. *Water having a temperature range between 85°F (29°C) and 110°F (43°C).*

THIRD-PARTY CERTIFICATION AGENCY. *An approved agency operating a product or material certification system that incorporates initial product testing, assessment and surveillance of a manufacturer's quality control system.*

THIRD-PARTY CERTIFIED. *Certification obtained by the manufacturer indicating that the function and performance characteristics of a product or material have been determined by testing and ongoing surveillance by an approved third-party certification agency. Assertion of certification is in the form of identification in accordance with the requirements of the third-party certification agency.*

THIRD-PARTY TESTED. *Procedure by which an approved testing laboratory provides documentation that a product, material or system conforms to specified requirements.*

TRAP. *A fitting or device that provides a liquid seal to prevent the emission of sewer gases without materially affecting the flow of sewage or wastewater through the trap.*

TRAP SEAL. *The vertical distance between the weir and the top of the dip of the trap.*

UNSTABLE GROUND. *Earth that does not provide a uniform bearing for the barrel of the sewer pipe between the joints at the bottom of the pipe trench.*

VACUUM. *Any pressure less than that exerted by the atmosphere.*

VACUUM BREAKER. *A type of backflow preventer installed on openings subject to normal atmospheric pressure that prevents backflow by admitting atmospheric pressure through ports to the discharge side of the device.*

VENT PIPE. *See "Vent system."*

VENT STACK. *A vertical vent pipe installed primarily for the purpose of providing circulation of air to and from any part of the drainage system.*

VENT SYSTEM. *A pipe or pipes installed to provide a flow of air to or from a drainage system, or to provide a circulation of air within such system to protect trap seals from siphonage and backpressure.*

VERTICAL PIPE. *Any pipe or fitting that makes an angle of 45 degrees (0.79 rad) or more with the horizontal.*

WASTE. *The discharge from any fixture, appliance, area or appurtenance that does not contain fecal matter.*

WASTE PIPE. *A pipe that conveys only waste.*

WATER-HAMMER ARRESTOR. *A device utilized to absorb the pressure surge (water hammer) that occurs when water flow is suddenly stopped in a water supply system.*

WATER HEATER. *Any heating appliance or equipment that heats potable water and supplies such water to the potable hot water distribution system.*

WATER MAIN. *A water supply pipe or system of pipes, installed and maintained by a city, township, county, public utility company or other public entity, on public property, in the street or in an approved dedicated easement of public or community use.*

WATER OUTLET. *A discharge opening through which water is supplied to a fixture, into the atmosphere (except into an open tank that is part of the water supply system), to a boiler or heating system, or to any devices or equipment requiring water to operate but which are not part of the plumbing system.*

WATER PIPE

Water distribution pipe. *A pipe within the structure or on the premises that conveys water from the water service pipe, or from the meter when the meter is at the structure, to the points of utilization.*

Water service pipe. *The pipe from the water main or other source of potable water supply, or from the meter when the meter is at the public right of way, to the water distribution system of the building served.*

WATER SUPPLY SYSTEM. *The water service pipe, water distribution pipes, and the necessary connecting pipes, fittings, control valves and all appurtenances in or adjacent to the structure or premises.*

WELL.

Bored. *A well constructed by boring a hole in the ground with an auger and installing a casing.*

Drilled. *A well constructed by making a hole in the ground with a drilling machine of any type and installing casing and screen.*

Driven. *A well constructed by driving a pipe in the ground. The drive pipe is usually fitted with a well point and screen.*

Dug. *A well constructed by excavating a large-diameter shaft and installing a casing.*

WHIRLPOOL BATHTUB. *A plumbing appliance consisting of a bathtub fixture that is equipped and fitted with a circulating piping system designed to accept, circulate and discharge bathtub water upon each use.*

YOKE VENT. *A pipe connecting upward from a soil or waste stack to a vent stack for the purpose of preventing pressure changes in the stacks.*

CHAPTER 3
GENERAL REGULATIONS

SECTION PC 301
GENERAL

301.1 Scope. *The provisions of this chapter shall govern the general regulations regarding the installation of plumbing not specific to other chapters.*

301.2 System installation. *Plumbing shall be installed with due regard to preservation of the strength of structural members and prevention of damage to walls and other surfaces through fixture usage.*

301.3 Connections to the sanitary drainage system. *All plumbing fixtures, drains, appurtenances and appliances used to receive or discharge liquid wastes or sewage shall be directly connected to the sanitary drainage system of the building or premises, in accordance with the requirements of this code. This section shall not be construed to prevent the indirect waste systems required by Chapter 8.*

Exception: *For water conservation systems in accordance with Appendix C herein.*

301.4 Connections to water supply. *Every plumbing fixture, device or appliance requiring or using water for its proper operation shall be directly or indirectly connected to the water supply system in accordance with the provisions of this code.*

301.5 Pipe, tube and fitting sizes. *Unless otherwise specified, the pipe, tube and fitting sizes specified in this code are expressed in nominal or standard sizes as designated in the referenced material standards.*

301.6 Prohibited locations. *Plumbing systems shall not be located in an elevator shaft or in an elevator equipment room.*

Exception: *Sump pumps and floor drains indirectly connected to the plumbing system shall be permitted at the base of the shaft.*

301.7 Conflicts. *Where conflicts between this code and the conditions of the listing or the manufacturer's installation instructions occur, the provisions of this code apply.*

Exception: *Where a code provision is less restrictive than the conditions of the listing of the equipment or appliance or the manufacturer's installation instructions, the conditions of the listing and manufacturer's installation instructions shall apply.*

SECTION PC 302
EXCLUSION OF MATERIALS DETRIMENTAL TO THE SEWER SYSTEM

302.1 Detrimental or dangerous materials. *Ashes, cinders or rags; flammable, poisonous or explosive liquids or gases; oil, grease or any other insoluble material capable of obstructing, damaging or overloading the building drainage or sewer system, or capable of interfering with the normal operation of the sewage treatment processes, shall not be deposited, by any means, into such systems.*

302.2 Industrial wastes. *Waste products from manufacturing or industrial operations shall not be introduced into the public sewer until it has been determined by the city department of environmental protection that the introduction thereof will not damage the public sewer system or interfere with the functioning of the sewage treatment plant.*

SECTION PC 303
MATERIALS

303.1 Identification. *Each length of pipe and each pipe fitting, trap, fixture, material and device utilized in a plumbing system shall bear the identification of the manufacturer.*

303.2 Installation of materials. *All materials used shall be installed in strict accordance with the standards under which the materials are accepted and approved. In the absence of such installation procedures, the manufacturer's installation instructions shall be followed. Where the requirements of referenced standards or manufacturer's installation instructions do not conform to minimum provisions of this code, the provisions of this code shall apply.*

303.3 Plastic pipe, fittings and components. *Where permitted by this code, plastic pipe, fittings and components shall be third-party certified as conforming to NSF 14.*

303.4 Third-party testing and certification. *All plumbing products and materials shall comply with the referenced standards, specifications and performance criteria of this code and shall be identified in accordance with Section 303.1. When required by Table 303.4, plumbing products and materials shall either be tested by an approved third-party testing agency or certified by an approved third-party certification agency.*

SECTION PC 304
RODENT PROOFING

304.1 General. *Plumbing systems shall be designed and installed in accordance with Sections 304.2 and 304.4 to prevent rodents from entering structures.*

304.2 Strainer plates. *All strainer plates on drain inlets shall be designed and installed so that all openings are not greater than 0.5 inch (12.7 mm) in least dimension.*

304.3 Reserved.

304.4 Openings for pipes. *In or on structures where openings have been made in walls, floors or ceilings for the passage of pipes, such openings shall be closed and protected in an approved manner.*

SECTION PC 305
PROTECTION OF PIPES AND PLUMBING SYSTEM COMPONENTS

305.1 Corrosion. *Pipes passing through concrete or cinder walls and floors or other corrosive material shall be protected against external corrosion by a protective sheathing or wrapping or other means that will withstand any reaction from the lime and acid of concrete, cinder or other corrosive material. Sheathing or wrapping shall allow for expansion and contraction of piping to prevent any rubbing action. Minimum thickness of sheathing or wrapping material shall be 0.025 inch (0.64 mm).*

305.2 Breakage. *Pipes passing through or under walls shall be protected from breakage.*

305.3 Stress and strain. *Piping in a plumbing system shall be installed so as to prevent strains and stresses that exceed the structural strength of the pipe. Where necessary, provisions shall be made to protect piping from damage resulting from expansion, contraction and structural settlement.*

305.4 Sleeves. *Annular spaces between sleeves and pipes shall be filled or tightly caulked in an approved manner. Annular spaces between sleeves and pipes in fire-resistance-rated assemblies shall be filled or tightly caulked in accordance with the New York city building code.*

305.5 Pipes through or under footings or foundation walls. *Any pipe that passes under a footing or through a foundation wall shall be provided with a relieving arch, or a pipe sleeve pipe shall be built into the foundation wall. The sleeve shall be two pipe sizes greater than the pipe passing through the wall.*

305.6 Freezing. *Water, soil and waste pipes shall not be installed outside of a building, in attics or crawl spaces, concealed in outside walls, or in any other place subjected to freezing temperature unless adequate provision is made to protect such pipes from freezing by insulation or heat or both. Exterior water supply system piping shall be installed not less than 48 inches (1219 mm) below grade.*

305.6.1 Sewer depth. *Building sewers that connect to private sewage disposal systems shall be a minimum of 36 inches (914 mm) below finished grade at the point of septic tank connection. Building sewers shall be a minimum of 36 inches (914 mm) below grade.*

305.7 Waterproofing of openings. *Joints at the roof and around vent pipes, shall be made water tight by the use of lead, copper, galvanized steel, aluminum, plastic or other approved flashings or flashing material. Exterior wall openings shall be made water tight.*

305.8 Protection against physical damage. *In concealed locations where piping, other than cast-iron or galvanized steel, is installed through holes or notches in studs, joists, rafters or similar members less than 1.5 inches (38 mm) from the nearest edge of the member, the pipe shall be protected by shield plates. Protective shield plates shall be a minimum of 0.062-inch-thick (1.6 mm) steel, shall cover the area of the pipe where the member is notched or bored, and shall extend a minimum of 2 inches (51 mm) above sole plates and below top plates.*

305.9 Protection of components of plumbing system. *Components of a plumbing system installed along alleyways, driveways, parking garages or other locations exposed to damage shall be recessed into the wall or otherwise protected in an approved manner.*

SECTION PC 306
TRENCHING, EXCAVATION AND BACKFILL

306.1 Support of piping. *Buried piping shall be supported throughout its entire length.*

306.2 Trenching and bedding. *Where trenches are excavated such that the bottom of the trench forms the bed for the pipe, solid and continuous load-bearing support shall be provided between joints. Bell holes, hub holes and coupling holes shall be provided at points where the pipe is joined. Such pipe shall not be supported on blocks to grade. In instances where the materials manufacturer's installation instructions are more restrictive than those prescribed by the code, the material shall be installed in accordance with the more restrictive requirement.*

306.2.1 Overexcavation. *Where trenches are excavated below the installation level of the pipe such that the bottom of the trench does not form the bed for the pipe, the trench shall be backfilled to the installation level of the bottom of the pipe with sand or fine gravel placed in layers of 6 inches (152 mm) maximum*

depth and such backfill shall be compacted after each placement.

306.2.2 Rock removal. Where rock is encountered in trenching, the rock shall be removed to a minimum of 3 inches (76 mm) below the installation level of the bottom of the pipe, and the trench shall be backfilled to the installation level of the bottom of the pipe with sand tamped in place so as to provide uniform load-bearing support for the pipe between joints. The pipe, including the joints, shall not rest on rock at any point.

306.2.3 Soft load-bearing materials. If soft materials of poor load-bearing quality are found at the bottom of the trench, pipe shall be hung from slab above.

306.3 Backfilling. Backfill shall be free from discarded construction material and debris. Loose earth free from rocks, broken concrete and frozen chunks shall be placed in the trench in 6 inch (152 mm) layers and tamped in place until the crown of the pipe is covered by 12 inches (305 mm) of tamped earth. The backfill under and beside the pipe shall be compacted for pipe support. Backfill shall be brought up evenly on both sides of the pipe so that the pipe remains aligned. In instances where the manufacturer's installation instructions for materials are more restrictive than those prescribed by the code, the material shall be installed in accordance with the more restrictive requirement.

306.4 Tunneling. Where pipe is to be installed by tunneling, jacking or a combination of both, the pipe shall be protected from damage during installation and from subsequent uneven loading. Where earth tunnels are used, adequate supporting structures shall be provided to prevent future settling or caving.

SECTION PC 307
STRUCTURAL SAFETY

307.1 General. In the process of installing or repairing any part of a plumbing and drainage installation, the finished floors, walls, ceilings, tile work or any other part of the building or premises that must be changed or replaced shall be left in a safe structural condition in accordance with the requirements of the New York city building code.

307.2 Cutting, notching or bored holes. A framing member shall not be cut, notched or bored in excess of limitations specified in the New York city building code.

307.3 Penetrations of floor/ceiling assemblies and fire-resistance-rated assemblies. Penetrations of floor/ceiling assemblies and assemblies required to have a fire-resistance rating shall be protected in accordance with the New York city building code.

307.4 Alterations to trusses. Truss members and components shall not be cut, drilled, notched, spliced or otherwise altered in any way without written concurrence and approval of a registered design professional. Alterations resulting in the addition of loads to any member (e.g., HVAC equipment, water heater) shall not be permitted without verification that the truss is capable of supporting such additional loading.

307.5 Trench location. Trenches installed parallel to footings shall not extend below the 45-degree (0.79 rad) bearing plane of the footing or wall.

307.6 Piping materials exposed within plenums. All piping materials exposed within plenums shall comply with the provisions of the New York city mechanical code.

SECTION PC 308
PIPING SUPPORT

308.1 General. All plumbing piping shall be supported in accordance with this section.

308.2 Piping seismic supports. Where earthquake loads are applicable in accordance with the building code, plumbing piping supports shall be designed and installed for the seismic forces in accordance with the New York city building code.

308.3 Materials. Hangers, anchors and supports shall support the piping and the contents of the piping. Hangers and strapping material shall be of approved material that will not promote galvanic action.

308.4 Structural attachment. Hangers and anchors shall be attached to the building construction in an approved manner.

308.5 Interval of support. Pipe shall be supported in accordance with Table 308.5.

Exception: The interval of support for piping systems designed to provide for expansion/contraction shall conform to the engineered design in accordance with Section 28-105.

TABLE 308.5
HANGER SPACING

PIPING	MAXIMUM HORIZONTAL	MAXIMUM VERTICAL SPACING
ABS pipe	4	10[b]
Brass pipe	10	10
Cast-iron pipe	5	At base and at each story height no
Copper or copper-	12	At each story height no greater than 12
Copper or copper-allow tubing,	6	At each story height no greater than 10
Copper or copper-alloy tubing,	10	At each story height no greater than 10
Steel pipe	12	At every story height
PVC pipe	4	10[b]
Stainless steel	10	10[b]

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

The maximum horizontal spacing of cast-iron pipe hangers shall be increased to 10 feet where 10-foot lengths of pipe are installed.

Midstory guide for sizes 2 inches and smaller.

308.6 Sway bracing. Rigid support sway bracing shall be provided at changes in direction greater than 45 degrees (0.79 rad) for pipe sizes 4 inches (102 mm) and larger.

308.7 Anchorage. Anchorage shall be provided to restrain drainage piping from axial movement.

308.7.1 Location. For pipe sizes greater than 4 inches (102 mm), restraints shall be provided for drain pipes at all changes in direction and at all changes in diameter greater than two pipe sizes. Braces, blocks, rodding and other suitable methods as specified by the coupling manufacturer shall be utilized.

308.8 Expansion joint fittings. Expansion joint fittings shall be used only where necessary to provide for expansion and contraction of the pipes. Expansion joint fittings shall be of the typical material suitable for use with the type of piping in which such fittings are installed.

308.9 Stacks. Bases of stacks shall be supported by concrete, brick laid in cement mortar or metal brackets attached to the building or by other approved methods.

308.10 Parallel water distribution systems. Piping bundles for manifold systems shall be supported in accordance with Table 308.5. Support at changes in direction shall be in accordance with the manufacturer's installation instructions. Hot and cold water piping shall not be grouped in the same bundle.

SECTION PC 309
FLOOD HAZARD RESISTANCE

309.1 General. Plumbing systems and equipment in structures erected in flood hazard areas shall be constructed in accordance with the requirements of this section and the New York city building code.

309.2 Flood hazard. For structures located in flood hazard areas, the following systems and equipment shall be located at or above the design flood elevation:

Exception: The following systems are permitted to be located below the design flood elevation provided that the systems are designed and installed to prevent water from entering or accumulating within their components and the systems are constructed to resist hydrostatic and hydrodynamic loads and stresses, including the effects of buoyancy, during the occurrence of flooding to the design flood elevation.

1. All water service pipes.
2. Pump seals in individual water supply systems where the pump is located below the design flood elevation.
3. Covers on potable water wells shall be sealed, except where the top of the casing well or pipe sleeve is elevated to at least 1 foot (304.8 mm) above the design flood elevation.
4. All sanitary drainage piping.
5. All storm drainage piping.
6. Manhole covers shall be sealed, except where elevated to or above the design flood elevation.
7. All other plumbing fixtures, faucets, fixture fittings, piping systems and equipment.
8. Water heaters.
9. Vents and vent systems.

309.3 Flood hazard areas subject to high-velocity wave action. Structures located in flood hazard areas subject to high-velocity wave action shall meet the requirements of Section 309.2. The plumbing systems, pipes and fixtures shall not be mounted on or penetrate through walls intended to break away under flood loads.

SECTION PC 310
WASHROOM AND TOILET ROOM REQUIREMENTS

310.1 Light and ventilation. Washrooms and toilet rooms shall be illuminated and ventilated in accordance with the New York city building code and New York city mechanical code.

310.2 Location of fixtures and piping. Piping, fixtures or equipment shall not be located in such a manner as to interfere with the normal operation of windows, doors or other means of egress openings.

310.3 Interior finish. Interior finish surfaces of toilet rooms shall comply with the New York city building code.

310.4 Water closet compartment. Each water closet utilized by the public or employees shall occupy a separate compartment with walls or partitions and a door enclosing the fixtures to ensure privacy.

Exceptions:

1. Water closet compartments shall not be required in a single-occupant toilet room with a lockable door.
2. Toilet rooms located in day care and child-care facilities and containing two or more water closets shall be permitted to have one water closet without an enclosing compartment.

SECTION PC 311
TOILET FACILITIES FOR WORKERS

311.1 General. *Toilet facilities shall be provided for construction workers and such facilities shall be maintained in a sanitary condition. Construction worker toilet facilities of the nonsewer type shall conform to ANSI Z4.3.*

SECTION PC 312
TESTS AND INSPECTIONS

312.1 Required tests. The licensed master plumber shall make the applicable tests prescribed in sections 312.2 through 312.9 to determine compliance with the provisions of this code. The licensed master plumber shall give two days notice to the commissioner when the plumbing work is ready for tests. The equipment, material, power and labor necessary for the inspection and test shall be furnished by the licensed master plumber and the licensed master plumber shall be responsible for determining that the work will withstand the test pressure prescribed in the following tests. All plumbing system piping shall be tested with either water or, for piping systems other than plastic, by air. After the plumbing fixtures have been set and their traps filled with water, the entire drainage system shall be submitted to final tests. The commissioner shall require the removal of any cleanouts if necessary to ascertain whether the pressure has reached all parts of the system.
