(i) *Health care provider* shall mean a New York State licensed physician, physician's assistant, nurse practitioner or registered nurse, as defined in the State Education Law.

(j) *Infant* means a child younger than 12 months of age.

(k) *Infant/toddler care service* shall mean a program of child care that, during all or part of the day or night, provides care to children younger than 24 months of age.

(l) *Infant-toddler teacher* shall mean a person who, under the supervision of an educational director or group teacher, is responsible for a group of children younger than 24 months or a group of children receiving night care.

(m) *Imminent health hazard* shall mean any violation, combination of violations, conditions or combination of conditions occurring in a child care service making it probable that illness, physical injury or death could occur or the continued operation of the child care service could result in injury or be otherwise detrimental to the health and safety of a child. Any of the following shall be imminent health hazards which require the Commissioner or designee to order its immediate correction or to order the child care service to cease operations immediately and institute such corrective action as may be required by the Department or provided by this Code. Imminent health hazards shall include, but not be limited to:

(1)Supervision of children that is not in accordance with the supervisory ratios or staff qualifications required by this Article;

(2) Use of corporal punishments or of frightening or humiliating methods of discipline;

(3) Failure to report instances of alleged child abuse or maltreatment to the Department and the Statewide Central Register of Child Abuse and Maltreatment and to take appropriate corrective action to protect children when allegations of such abuse or maltreatment have been reported to or observed by the permittee;

(4) Refusal or failure to provide access to the child care facility to an authorized employee or agent of the Department;

(5) Uncontained sewage in any part of the child care facility;

(6) Transporting children in the bed of a truck or trailer or in any other part of any motor vehicle that is not designed for passenger occupancy; or transporting children without adequate supervision; or failing to use appropriate child restraints in vehicles;

(7) Failure to provide two approved means of egress or obstructing any means of egress or a required fire exit;

(8) Failure to properly store flammable liquids or other toxic substances;

(9) Failure to maintain firefighting or fire detection equipment in working order;

(10) Allowing pillows to be used for children;

(11) Contamination of the potable water supply by cross connection or other faults in the water distribution or plumbing systems;

(12) Serving food to children from an unknown or unapproved source; serving food that is adulterated, contaminated or otherwise unfit for human consumption, or re-serving food that was previously served;

(13) Holding potentially hazardous foods for periods longer than that necessary for preparation or service at temperatures greater than 41°F or less than 140°F;

(14) Failing to restrict access to the service by a person with a communicable disease or infection that can be transmitted to children;

(15) Failure to implement the child care service's written safety plan resulting in a child not being protected from any unreasonable risk to his or her safety;

(16) Conducting construction, demolition, painting, scraping, or any repairs other than emergency repairs while children are present in the child care service; failing to remove children from areas and rooms while such activities are in progress;

(17) Failure to screen any person who has, or will have the potential for, unsupervised contact with children in accordance with §47.19 of this Article; or

(18) Any other condition(s), violations, or combination of conditions or violations, deemed to be an imminent health hazard by the Commissioner or his or her designee.

(n) *Night care* service shall mean any child care service, as defined in this section, that accepts children for care starting at 5 P.M., provides child care between the hours of 5 PM and 8 AM, and operates more than one (1) night per week, for more than 30 days in a 12 month period.

(o) *Permittee* shall mean a person, organization or other entity that has been issued a permit to operate a child care service pursuant to this Code.

(p) *Parent* shall mean a natural or adoptive parent, guardian or other person lawfully charged with a minor child's care or custody.

(q) *Semester hour* shall mean a credit, point, or other unit granted for the satisfactory completion of a college or university course which requires at least 15 clock hours (of 50 minutes each) of instruction and at least 30 hours of supplementary assignments, as defined in 8 NYCRR §50.1.This basic measure shall be adjusted proportionately to translate the value of other academic calendars and formats of study in relation to the credits granted for study during the two semesters that comprise an academic year.

(r) *Serious injury* shall mean a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

(s) *Staff/child ratio* shall mean the maximum number of children in a group authorized pursuant to this Article to be supervised by individual group and assistant teachers and teacher aides.

(t) *Supervision* shall mean the presence of qualified teaching staff, within line of sight and hearing of children at all times so that such staff can act to protect the health and safety of such children. Supervision shall not mean mechanical audio or video devices.

(u) *Toddler* shall mean a child between 12 and 24 months of age.

§47.03 **Permit required.**
(a) *Permit required.* No person shall operate a child care service as defined in this Article without a permit issued by the Commissioner.
(b) *Term of permit.* The term of a permit shall be determined by the Department, but in no case shall exceed two (2) years.
(c) *Permits not transferable.* A permit shall be issued to a person, as defined in §1.03 (h) of this Code, to conduct a child care service at a specific facility and location. Permits shall specify the number of children that may be cared for in each service operated at the facility by the permittee. Permits shall not be transferable or assignable by a permittee to any other person or entity; and shall not be applicable to any other facility or location. Separate permits shall be required for services providing infant/toddler care, services providing care for children aged two through five, and night care services. Any change in building address or location, capacity or permittee not authorized or approved by the Department shall void a permit, and may result in the closure of the service.
(d) *Former "no permit required" child care services.* A religious organization operating a child care service on the effective date of this Article, that was not previously required to hold a permit pursuant to this Article because such child care service was located within an elementary school, shall file an application for a new permit, shall comply with all requirements of this Code for staff criminal justice screening and inquiries to the State Registry of Child Abuse and Maltreatment within six months of the effective date of this Article, and shall comply with all other applicable provisions of this Code within two years of the effective date of this Article.

§47.05 **Permit capacity.**
(a) *Maximum number of children on premises.* Each permit shall specify the maximum number of children to be allowed in each specific type of child care service at any time. The Department shall determine the maximum number of children allowed based upon the number of children for which adequate facilities and teachers are provided, in accordance with the supervision and space requirements of this Code. The total number of children under six (6) years of age receiving care pursuant to each permit shall be counted for all purposes, including calculating qualified staff to child ratios, and shall include children or foster children of the permittee, other staff or volunteers.
(b) *Permit capacity not to be exceeded.* A service shall not have children in attendance in excess of the number(s) prescribed in each permit issued for each type of child care service provided.

§47.07 **Permit; required approvals and clearances.** No permit shall be issued unless the permit applicant has obtained and submitted to the Department:
(a) *Certificate of Occupancy.* A Certificate of Occupancy, or a statement of approval from the Department of Buildings that the premises comply with all applicable building laws and codes and may be used as a child care facility. Where a Certificate of Occupancy is not required by law, the permit applicant shall submit a current inspection report from the Department of Buildings showing that there are no outstanding uncorrected violations of the City's Building Code.
(b) *Fire safety statement.* A statement or report from the Fire Department that the premises have been inspected and currently comply with all applicable laws and regulations pertaining to fire control and prevention. A permit shall not be issued or renewed unless a statement or report is submitted demonstrating compliance with such laws, based upon the Fire Department's determination on an inspection made within 12 months of the date of submitting the permit renewal application.
(c) *Criminal justice screening.* Documentation satisfactory to the Department that the permit applicant has submitted all necessary forms and requests for all persons requiring criminal justice and State Registry of Child Abuse and Maltreatment screening in accordance with §47.19 of this Code.

§47.09 **Applications for permits.** A person or entity that has never held a permit issued by the Commissioner to operate a child care service, including, but not limited to, a religious organization that provides child care services as part of an elementary school, and that proposes to operate a child care service subject to such permit, shall attend a pre-permit orientation session held by the Department and shall thereafter submit an application for a permit to the Department.
(a) *New application.* An application for a new permit shall be submitted on forms approved or provided by the Department and shall include:
(1) Facility pre-permit technical plan. Each plan, consisting of blueprints, architectural or engineering drawings, shall be drawn to scale, and labeled to show floor layout, all indoor rooms and outdoor areas to be occupied or used by the child care service, dimensions of such rooms and areas, and intended use of each area; outdoor spaces location in relation to actual distance and location from indoor spaces; and all toilets, sinks and kitchen(s) to be used by children and staff.
(2) A copy of a current certificate of occupancy issued by the Department of Buildings, or if no certificate of occupancy is required by applicable law, a statement from the Department of Buildings that the premises and facility to be used for child care comply with all applicable building laws and codes.
(3) A report of an inspection or a statement issued by the Fire Department finding that the premises comply with all laws and regulations pertaining to fire prevention and control in a child care service.
(4) A certified financial statement or report, by an independent auditor, or other proof satisfactory to the Department, demonstrating that the permittee will have the financial ability to comply with provisions of this Code, and other applicable rules or regulations.
(5) Written safety plan required by this Code.
(6) Certifications and other documentation required by this Code for teaching staff health training; qualifications, health examinations.
(7) Permit fee set forth in Article 5 of this Code.
(8) Proof of workers' compensation and disability benefits insurance covering all employees.

(b) *Notifications of deaths, serious injuries and civil and criminal actions.* Permittees and applicants for new permits shall submit, on forms provided by the Department, such information as may be required by the Department concerning all staff misdemeanor or felony arrests, deaths or serious injuries of children that have occurred, or are alleged to have occurred while such children were in the care of the applicant or permittee, or in the care of any owner, director, employee, or volunteer of the applicant or permittee, or while in the care of any agent of the permittee or applicant; and shall identify, in such detail as may be required by the Department, any related civil or criminal action already adjudicated or currently pending in any jurisdiction related to such serious injuries, deaths, or felony or misdemeanor arrests.
(c) *Renewal application.* An application for renewal of a permit shall be submitted on forms provided by the Department no later than 90 days before the expiration date of the current permit, and shall include the permit fee, and a full description of any changes in teaching staff, written safety plan, written health plan, physical facilities, required staff training or program which occurred after submission of the previous permit application.
(d) *Pre-renewal inspection.* A renewal permit shall not be issued unless the Department has conducted an inspection of the service while it is in operation and has found the service to be in substantial compliance with this Code and other applicable law.
(e) *Renovations and modifications.* A permittee shall submit an application for a new permit and obtain approval by the Department prior to undertaking renovations affecting the size, configuration, or location of rooms or areas used by children.
(f) *Applications to be complete.* No permit shall be issued until the Department has received and has approved all documentation, records, reports, or other information required by this Code.

§47.11 **Written safety plan.**
(a) *Safety plan required.* Every current permittee and every applicant for a new permit shall develop, review annually and update, in accordance with changed circumstances, conditions or activities, or as required by the Department, a written safety plan, which shall be submitted for review and approval by the Department. The written safety plan shall be approved if it includes all the information required in this Article. Upon permit renewal, if no changed circumstances require changes to a previously approved written safety plan, the permittee shall state in writing that no changes were needed or made to the plan. The safety plan shall be implemented by the permittee, used in training staff and volunteers, provided to parents on request, kept in an accessible location at the child care service where it may be used by staff for reference and be available for Department inspection.
(b) *Scope and content.* The written safety plan shall establish policies and procedures for safe operation, including teaching and other staff qualifications and duties, facility operation and maintenance, fire safety, general and activity-specific safety, emergency management, staff and child health and medical requirements, staff training and parent/child orientation. The written safety plan shall consist of, at a minimum, a table of contents and the following components:
(1) *Staff:* organization chart, job descriptions, responsibilities and supervisory responsibilities; procedures for verification of staff qualifications.
(2) *Facility operation and maintenance:* including, but not limited to, water supply; equipment and facility risk assessment; transportation; grounds; and food protection
(3) *Fire safety:* evacuation of buildings and property, assembly, supervision, and accounting for children and staff; fire prevention; coordination with local fire officials; fire alarm and detection systems and their operation, maintenance, and routine testing; type, location and maintenance of fire extinguishers; inspection and maintenance of exits; required fire drills and log; electrical safety; and reporting to the Department within 24 hours fires which destroy or damage any facilities, or which result in notification of the fire department, or are life or health threatening.
(4) *Health care plan:* statement of policies and procedures to show how the health and medical requirements of this Code shall be implemented for maintaining children's medical histories; addressing individual children's restrictions on activities, policies for medication administration and special needs, if any; initial health screening for children and staff; daily health surveillance of children; procedures for providing basic first aid, handling and reporting medical emergencies and outbreaks; procedures for response to allegations of child abuse; identification of and provisions for medical, nursing and emergency medical services addressing special individual needs; names, qualifications and duties of staff certified in first aid and CPR; description of isolation facilities, supervision and other procedures for ill children to be provided by the child care service until parent arrives; storage of medications; location and use of first aid and CPR supplies; maintenance of a medical log; description of universal precautions for blood borne pathogens; reporting of child and staff illness and injuries; and sanitary practices. When the permittee has a medication administration policy, the permittee shall immediately notify the Department of any changes in designated exempt or certified staff.
(5) *Corrective action plans:* actions to be taken to protect children on receipt of reports of alleged and confirmed teaching and other staff criminal justice or child abuse histories.
(6) *General and activity specific safety:* description of child supervision and staff schedules, including arrangements for general supervision; supervision during and between on-site activities; recreational and trip supervision for specific outdoor and off-site activities; supervision during sleeping and rest hours; transportation; and in emergencies.
(7) *Staff training:* new employee orientation; training curricula; procedures for child supervision and discipline; child abuse recognition and reporting; provision of first aid and emergency medical assistance; reporting of child injury and illness; fire safety and fire drills; child and staff evacuation procedures; activity specific training for assigned activities; and process to document attendance at staff training.
(8) *Emergency evacuation:* age-specific plans for removal of children from the premises for each shift and program where care is provided. Primary emphasis shall be placed on the immediate evacuation of children in premises which are not fireproof. Emergency evacuation procedures, implementing Fire Department recommendations, shall be posted in conspicuous places throughout the facility. The emergency evacuation plan shall include the following:
(A) how children and staff will be made aware of the emergency;
(B) primary and secondary routes of egress;
(C) methods of evacuation, including where children and staff will meet after evacuating the building, and how attendance will be taken;
(D) roles of the staff and chain of command;
(E) notification of authorities and the children's parents.
(9) *Parent/child orientation:* orientation curriculum outline; tour of premises; reporting and management of illnesses, injuries and other incidents; evacuation plan; lost child plan; lightning plan; fire safety and fire drills; evacuation procedures; activity specific training for assigned activities; trips (if provided).

§47.13 **Teaching staff qualifications in child care services for children ages two to six.**
(a) *Accreditation.* In determining teacher and educational director qualifications, the Department may accept documentation from schools, colleges and universities approved by the State Education Department or other teacher accreditation organizations acceptable to the Department certifying that such persons have met the specific Code requirements.
(b) *Pending certifications.* A permittee may temporarily employ an educational director or individual group teachers pending certification by the State Education Department or other accreditation organization or while a teacher's study plan for obtaining certification is pending approval by the Department, provided that the permittee has complied with criminal justice and State Registry of Child Abuse and Maltreatment screening requirements for staff set forth in this Article.
(c) *Educational director.* Every child care service shall designate a qualified teacher as the educational director who shall be in charge of staff training, educational and child development programs and shall supervise all teaching staff at each permitted child care service.
(1) *Coverage for educational director.* When an educational director is not present to supervise a child care service, the permittee shall designate a group teacher to act as educational director.
(2) *Teaching duties.* The educational director shall have no teaching duties when more than 40 children are enrolled in the child care service. If the child care service is part of an elementary school offering classes from grades one through six, and such school also has a principal with no teaching duties, the educational director shall not have any teaching duties when more than 60 children are enrolled in the child care service.
(3) *Qualifications.* The education director shall have:
(A) A baccalaureate degree in early childhood education or related field of study and State Education Department teacher certification in early childhood education or equivalent certification pursuant to paragraph (2) of subdivision (d) of this section, and
(B) At least two years of experience as a group teacher in a program for children under six years of age.
(d) *Group teacher.* No person shall be placed in charge of a group of children in a child care service unless s/he is certified or qualified pursuant to paragraph (1), (2) or (3) of this subdivision.
(1) *Education/State certification.* A baccalaureate degree in early childhood education or related field of study and a current valid certification issued by the State Education Department pursuant to 8 NYCRR §80 or successor rule or equivalent certification from another jurisdiction, as a teacher in the field of early childhood education.
(2) *Equivalent certification.* Certification from a public or private certifying or teacher accrediting organization or agency approved by the Department.
(3) *Study plan eligible.* The person has proposed a plan for meeting the requirements of paragraph (1) or (2) of this subdivision within seven years, and has obtained approval of this plan by an accredited college. A person who is study plan eligible shall submit documentation to the Department indicating proof of enrollment in such college and specifying the time required for completion of training. To be study plan eligible, an person shall have:
(A) Associate's (AA or AS) degree in early children education, practicum included; or
(B) Ninety or more undergraduate college credits and one year paid classroom experience teaching children in pre-kindergarten, kindergarten or grades 1-2; or
(C) Baccalaureate or master's degree in any other academic subject and one year paid classroom experience teaching children up to third grade.
(e) *Group teacher for children with special needs.* A group teacher for special needs children shall be certified in special education, or early childhood education, with additional appropriate training in working with special needs children, in accordance with applicable law.
(f) *Assistant teacher.* An assistant teacher shall be at least 18 years of age and have a high school diploma or equivalent (GED).

(g) *Former no permit required child care services.* Teachers in child care services that were previously not required to hold a permit issued by the Department because they were located in an elementary school operated by a religious organization shall be qualified

(1) In accordance with this section; or

(2) In accordance with 18 NYCRR §418-1 or §418-2, or successor rules, including mandated training; or

(3) By teacher certification, accreditation, or equivalent agencies or organizations acceptable to the Department.

§47.15. Teaching staff qualifications for infant-toddler child care services. A child care service authorized to provide care for children under 24 months of age may employ staff with either the qualifications listed in §47.13 of this Code for each title or the following alternative qualifications:

(a) *Educational director.* Every infant-toddler child care service shall have an educational director who shall be in charge of staff training, educational and child development programs and shall supervise all teaching staff at each permitted infant-toddler child care service.

(1) Baccalaureate degree in early childhood education or related field of study, and

(2) At least one year of experience as a group teacher or child care provider in a child care service for children under 24 months of age.

or

(3) Six college credits in infant-toddler coursework

or

(4) A study plan leading to six college credits in infant-toddler coursework

Infant/Toddler teacher. A teacher for an infant-toddler program shall be at least 21 years of age and have the following qualifications:

(1) Associate's (AA or AS) degree in early childhood education; or

(2) Child Development Associate (CDA) certification and a study plan leading to an associate's degree in early childhood education; or

(3) High school diploma or equivalent (GED); nine college credits in early childhood education or child development; two years experience caring for children, and a study plan leading to an associate's degree in early childhood education within seven years; or

(4) High school diploma or equivalent (GED) and five years of supervised experience in an infant-toddler classroom if currently employed in a permitted child care service; or

(5) High school diploma or equivalent (GED); and a study plan that is acceptable to the Department leading to nine credits in early childhood education or childhood development within two years; and a study plan leading to an associate's degree in early childhood education within seven years of employment, if currently employed in a permitted child care service.

§47.17 Teaching staff qualifications for night child care services.

(a) Permittees offering night care services shall comply with all requirements of this Article except when inconsistent with the requirements of this section, in which case the requirements of this section shall control.

(b) *Educational director.* The educational director shall be qualified in accordance with §47.13 of this Code; or hold a baccalaureate degree, including 12 college credits in early childhood education, and have two years experience in a licensed program with children younger than six years of age. When the educational director is not present to supervise the teachers in a night care service, the permittee shall designate a group teacher qualified pursuant to §47.13 (d) of this Article to act as educational director.

(c) *Assistant teacher.* An assistant teacher in a night care service shall be at least 18 years of age and have the following qualifications:

(1) High school diploma or equivalent (GED); nine college credits in early childhood education or child development; and two years experience caring for children; or

(4) High school diploma or equivalent (GED) and five years of supervised experience in a permitted child care service; or

(5) High school diploma or equivalent (GED); and a study plan that is acceptable to the Department leading to completion of nine credits in early childhood education or childhood development within two years.

§47.19. Criminal justice and child abuse screening of current and prospective personnel

(a) *Applicability.* These requirements for child abuse and criminal justice screening shall apply to any person who has, will have, or has the potential for unsupervised contact with children in a child care service, and shall include, but not be limited to: individual owners, permittees, partners, members and shareholders of small or membership corporations who are the owners or operators of the service; educational, administrative and maintenance employees; school bus drivers; volunteers, including parent volunteers and student teachers, trainees or observers; and consultants and other persons employed by persons, corporations, partnerships, associations or other entities providing services to the child care service. Employees of independent contractors providing maintenance, construction, food or other services to a child care service shall be screened in accordance with this section, or shall be prohibited from working in any area or facility occupied by the child care service unless such person is working under the direct supervision and within the line of sight of a screened employee of the day care service.

(b) *Pre-employment verification.* A permittee shall obtain and verify credentials, including certificates and educational transcripts, as applicable, and references prior to employment of all persons listed in subdivision (a) of this section.

(c) *Screening.* A permittee shall arrange for (1) fingerprinting, (2) review of records of criminal convictions and pending criminal actions, and (3) inquiry of the Statewide Central Register of Child Abuse and Maltreatment (hereinafter "SCR") for all prospective employees, and other persons listed in subdivision (a), and for current employees shall repeat the inquiry to the SCR every two years.

(d) *Individual consent.* A permittee shall obtain written consent from each such person for fingerprinting and criminal record review, and shall provide written notice to such persons that there will be an inquiry submitted to the SCR, pursuant to Social Services Law §424-a (1), or successor law, and that copies of the reports received by the permittee as a result of such review and screening shall be provided to the Department.

(e) *Refusal to consent.* A permittee shall not hire or retain as an employee, or otherwise allow on its premises any person who is required to have, but refuses to consent to, fingerprinting and criminal record review. The permittee shall not hire or retain any person who has a criminal conviction record, subject to and consistent with Article 23-A of the New York State Correction Law, except as provided in this section.

(f) *Employee to notify permittee.* Employees required to have criminal justice and child abuse screening shall notify the permittee within 24 hours when such employees are arrested, or when such employees receive a notice that an allegation of child abuse or maltreatment has been filed concerning such employees.

(g) *Reports to the Department.* Permittees shall notify the Department within 24 hours when they have received an indicated report from the SCR, an employee report that an allegation has been filed against the employee, a record of criminal conviction(s), pending criminal action, or arrest or criminal charge for any misdemeanor or felony for any person required to have a criminal record review or SCR screening.

(h) *Actions required.* Consistent with Article 23-A of the New York State Correction Law,

(1) A permittee shall not hire, retain, utilize or contract for the services of a person who is:

(A) The subject of an indicated child abuse and maltreatment report; or

(B) Has any history of criminal convictions; or

(C) Has been arrested and where there has been no disposition of the criminal matter,

unless the permittee submits and obtains Department approval of a corrective action plan in accordance with §47.21 of this Code.

(2) A permittee shall not dismiss or permanently deny employment to current and prospective staff solely because they are defendants in pending criminal actions, but may suspend current employees or defer employment decisions on prospective employees until disposition of the pending criminal action.

(3) A permittee shall prohibit unsupervised contact with children by any person who has not received screening clearance for criminal convictions or by the SCR, or is listed in paragraph (1) of this subdivision.

(i) *References.* For all prospective staff, the permittee shall make a written inquiry to an applicant's three most recent employers and shall obtain three references prior to hiring. If prospective staff have not had three prior employers, references may be accepted from persons who are not family members and who state, in writing, that the applicant is well-known to them as a student, volunteer, or other stated capacity, and that the applicant is suited by character, fitness, and ability to work with children.

§ 47.21. Corrective action plan.

(a) *Approved corrective action plan required.* A corrective action plan shall be submitted by the permittee and approved by the Department

(1) Prior to the permittee hiring, retaining or utilizing the services of persons listed in subdivision (a) of §47.19 of this Code when such persons are reported as having:

(A) A history of criminal convictions; or

(B) Pending criminal charges; or

(C) SCR reported incidents of child abuse or maltreatment which have been indicated or which are under investigation.

(2) When a death or serious injury of a child has occurred while in the care of an applicant for a permit or permittee, or in the care of any owner, director, employee, or volunteer of the applicant or permittee or while in the care of any agent of the permittee, or if a related criminal or civil action has already been adjudicated or adjudication is pending in any jurisdiction with respect to such death or serious injury.

(3) When required by the Department, after the permittee has been cited for violations or conditions deemed imminent health hazards, to demonstrate the permittee's willingness and ability to continue in operation in accordance with applicable law.

(b) *Contents of corrective action plan.* A corrective action plan shall assess the risk to children in the child care service, and shall clearly and convincingly demonstrate that such person presents no danger to any child, or other persons. The plan shall include, but not be limited to, consideration of the following factors:

(1) Seriousness of the incident(s) or crimes cited in the report(s);

(2) Seriousness and extent of injuries, if any, sustained by the child(ren) named or referred to in the indicated report(s) or disclosed upon investigation of the criminal charge;

(3) Any detrimental or harmful effect on child(ren) as a result of the person's actions or inactions and relevant events and circumstances surrounding these actions and inactions as these relate to any report(s);

(4) The age of the person and child at the time of the incident(s);

(5) Time elapsed since the most recent incident(s);

(6) Number of indicated incident(s) or crimes; where more than one incident or crime, an evaluation of each separately, and an assessment of the total effect of all indicated incidents on risks to children currently under care;

(7) Duties of the person under consideration; degree of supervision, interaction, opportunity to be with children on regular, substantial basis and if position may involve being alone with children or will always involve presence of other adults;

(8) Information provided by person, re: rehabilitation, i.e., showing positive, successful efforts to correct the problems resulting in the indicated child abuse or criminal report so that children in care will not be in danger, demonstrated by no repeated incidents or showing that the person has undergone successful professional treatment;

(9) Employment or practice in a child care field without incident involving injuries to children;

(10) Extra weight and scrutiny shall be accorded child abuse and maltreatment reports involving fatality, sexual abuse, subdural hematoma, internal injuries, extensive lacerations, bruises, welts, burns, scalding, malnutrition or failure to thrive; and crimes involving homicides, sexual offenses (misconduct, rape, sodomy, abuse); kidnapping; felony possession or sale of a controlled substance; felony promotion of prostitution; obscenity offenses; disseminating indecent material involving, or to, minors; incest; abandonment of a child; endangering welfare of a child; promoting sexual performance by a child; felony weapon possession; assault; reckless endangerment; coercion; burglary; arson and robbery; driving while intoxicated or under the influence of alcohol if the person will have responsibilities for unsupervised contact or driving motor vehicles at the child care service.

(c) *Implementing the plan.* If the Department determines that such plan adequately safeguards the health and safety of children, the permittee shall be responsible for implementation of the plan, subject to periodic monitoring by the Department.

(d) *Rejection of plan.* If the Department determines that such plan fails to provide adequate safeguards, the permittee shall not hire, retain or otherwise utilize the services of such person.

(e) *Remedies.* Any person aggrieved by the action of the Department may request that the Department provide him or her with an opportunity to be heard, in accordance with §7-02 (a)(1) of the Rules of the Department (24 RCNY Chapter 7). The decision of the Department after such opportunity to be heard shall be a final agency determination.

§47.23 Supervision; staff to child ratios and group size.

(a) *Constant supervision required.* Children shall be supervised by qualified staff at all times in each type of child care service for which a permit is issued.

(1) When any child care service is in operation, the number of qualified staff required by this Code shall be assigned and on duty to protect the health and safety of the children in care.

(2) No child or group of children shall be unsupervised at any time.

(b) *Group teacher.* Except in night care, a group teacher shall be in charge of each group of children ages two to six years.

(c) *Infant/toddler service supervision.* An educational director or a group teacher with equivalent qualifications shall be present at all times of operation to supervise an infant/toddler service.

(c) *Assistant teacher.* An assistant teacher, under the supervision of the educational director, may be in charge of individual groups of infant/toddlers, or children in night care.

(d) *CPR and first aid certifications.* At least one staff member certified in cardiopulmonary resuscitation and first aid shall be on the premises of a child care service during all hours when children are present.

(e) *Minimum staff to children ratios.* The minimum ratios of staff to children shall be as follows:

Minimum Staff/Child Ratios Based on Group Size

AGE OF CHILDREN	STAFF/CHILD RATIO	MAXIMUM GROUP SIZE
under 12 months	1:3	9 per room/area
12 to 24 months	1:5	10
years to under 3	1:5	10
years to under 4	1:10	15
years to under 5	1:12	20
years to under 6	1:15	25

(f) *Mixed groups.* Infants and toddlers shall not be placed in older age groups.

(g) *Night care services supervision.*

(1) Staff included in the staff/child ratios set forth below shall be awake at all times, and shall maintain direct line of sight, visual supervision of children.

(2) An educational director or a staff teacher with equivalent qualifications shall be present at all times to supervise the night care service and may not have a specific classroom assignment if more than 40 children are receiving night care.

(3) The minimum ratios of staff to children in a night care service shall be as follows

Minimum Staff/Child Night Care Ratios Based on Group Size

AGE OF CHILDREN	STAFF/CHILD RATIO	MAXIMUM GROUP SIZE
Under 18 months	1:3	9 per room/area
18 months to under 36 months	1:3	9
months to under 6 years	1:6	18

§47.25 Health; child admission criteria.

(a) *Admission requirements.*

(1) *Physical examinations and screening.* All children shall receive a complete age appropriate medical examination, including but not limited to a history, physical examination, developmental assessment, nutritional evaluation, lead poisoning screening, and (as appropriate) screening tests for dental health, tuberculosis, hearing, vision, and anemia. This examination shall be completed in accordance with the American Academy of Pediatrics, Committee on Practice and Ambulatory Medicine, *Recommendations for Preventive Pediatric Health Care (RE9939)*; 2000, or successor recommendations.

(2) *Immunizations.* All children shall be immunized against diphtheria, tetanus, pertussis, poliomyelitis, measles, mumps, rubella, varicella, hepatitis B and haemophilus influenzae type b (Hib), in accordance with New York Public Health Law §2164, or successor law, and shall have such additional immunizations as the Department may require. Exemption from specific immunizations may be permitted for medical contraindications or on religious grounds, in accordance with Public Health Law §2164.

(b) *Form with results of examination.* Health care providers

examining children pursuant to this section shall furnish permittees with a signed statement, in a form provided or approved by the Department, containing a summary of the results of examination, past medical history, and, if a disease or condition which affects the child's ability to participate in program activities is found, a summary of the evaluation and findings associated with that condition. The examination form shall include the health care provider's recommendations for exclusion or treatment of the child, modifications of activities, and plans for any necessary health supervision.

(c) *Periodic examinations.* Each child shall have periodic medical examinations at 2, 4, 6, 9, 12, 15, 18, and 24 months of age, and 3, 4, 5, and 6 years of age.

(d) *Medical records to be maintained.* A permittee shall maintain an individual medical record file for each child. This file shall include:

(1) A cumulative record consisting of a form provided or approved by the department, including: child's name, address, date of admission and date of birth; parents' names, home and business addresses and telephone numbers; names and telephone contact information of person(s) to contact in case of emergency, including name, address and telephone number of the child's primary health care provider; pertinent family medical history, and child's history of allergies, medical illnesses, special health problems and medications; and parental consent for emergency treatment.

(2) Copies of all individual health records required by this Code, including new admission and periodic medical examination forms, parents' and health care provider notes regarding episodic illnesses, and a history of all illnesses, accidents, and other health data.

(e) *Records to be confidential.* All records required by this section shall be maintained as confidential records and shall not be made available for inspection or copying by any persons other than parents, other persons who present a written authorization from a parent, or authorized staff of the Department.

§47.27. Health; daily requirements; communicable diseases.

(a) *Daily attendance record.* A daily attendance record shall be kept in a form provided or approved by the Department.

(b) *Daily health inspections.* A health inspection of each child shall be made daily by the educational director or designated teachers who are familiar with such child and trained to recognize signs or symptoms of illnesses in accordance with guidelines or training provided or approved by the Department.

(c) *Management of ill children and reporting.*

(1) An area shall be provided for separating ill children under direct adult supervision until parents remove children from the child care service.

(2) All health care provider diagnoses pursuant to §11.03 of this Code shall be reported to the Department by the permittee.

(3) The Department shall be notified by the permittee within 24 hours of the occurrence of a death or serious injury to a child while in the care of the child care service.

(4) When any child is unexpectedly absent from the child care service for three consecutive days, the permittee shall telephone the child's parent to determine the cause of absence and shall maintain a record of the telephone call and the information obtained in the log required by §47.29 (d) of this Code.

(d) *Parent reports of absences.* Parents shall report to the permittee within 24 hours any absence for: chicken pox, conjunctivitis, diarrhea, diphtheria, food poisoning, hepatitis, haemophilus influenza type b infection, impetigo, measles, meningitis (all types), meningococcal disease, mumps, pertussis (whooping cough), pneumococcal pneumonia, poliomyelitis, rubella (German measles), salmonella, scarlet fever, tetanus, tuberculosis, or any other disease or condition which may be a danger to the health of other children. Such disease or condition shall not include acquired immune deficiency syndrome (AIDS) or human immunodeficiency virus (HIV) infection.

(e) *Reports of vaccine preventable illnesses.* The permittee shall report to the Department by telephone, within 24 hours, any child who has any vaccine preventable illness, or meningitis or tuberculosis, or if there is any outbreak or unusual occurrence of any disease or condition at the facility.

(f) *Exclusions pursuant to Article 11 of this Code.* The permittee shall exclude a child who is a case, contact, or carrier of a communicable disease if the child is required to be isolated or excluded by Article 11 of this Code. Such child shall not be permitted to return to the child care service without a written statement of recovery from a health care provider if the child was a case of measles, mumps, rubella, pertussis, scarlet fever, meningitis, pneumococcal pneumonia or poliomyelitis, or if the child was a case or carrier of any other communicable disease reportable pursuant to §11.03. The statement shall indicate that the child is free from such disease in communicable form and that the period of isolation or exclusion required by Article 11 of this Code has ended.

§47.29. Health; emergencies.

(a) *Emergency procedures and notices.* Written policies and procedures for managing health and other emergencies shall be included in the written health and safety plans and approved by the Department prior to the issuance of a permit. Permittees shall provide notice of the location and contact telephone numbers of the child care service to local hospitals, police precincts, fire houses and emergency transport services and information about emergency policies and procedures shall be provided to parents. Emergency procedures and emergency telephone contact numbers (for Police, Fire Department, Poison Control Center, Child Abuse Hotline, and the Department of Health and Mental Hygiene) shall be conspicuously posted in each classroom or area used by children.

(b) *Necessary emergency medical care.* When a child is injured, or becomes ill under such circumstances that immediate care is needed, the permittee or designee shall obtain necessary medical care and immediately notify the child's parent.

(c) *First aid supplies.* A first aid kit, completely stocked for emergency treatment of cuts and burns, shall be provided by the permittee and shall be easily accessible for use. The first aid kit shall be kept out of reach of children and inspected periodically.

(d) *Log of children's illnesses and accidents.* The permittee shall maintain a log of illnesses, accidents, and injuries sustained by children in the service, in a form provided or approved by the Department. The permittee shall provide a child's parent with information concerning such incidents pertaining to the child, and shall report serious injuries to the Department. Logged entries shall include the name and date of birth of the child, the place, date and time of the accident or injury, names and positions of staff and other adults present, a brief statement as to how the accident or injury occurred, emergency treatment obtained, if any, and parental notification made or attempted.

§ 47.31. Health; medication administration

(a) *Medication policy required.* Each permittee shall establish a policy as to whether the permittee will or will not administer medication, and incorporate such policy in the service's health care plan.

(b) *Exempt staff.* A service that employs staff that are also currently State licensed physicians, physicians assistants, registered nurses, nurse practitioners, licensed practical nurses, or emergency medical technicians may administer medications without such staff obtaining additional qualifications or certification.

(c) *Health care consultant and duties.* All permittees who choose to administer medications to children shall designate a health care consultant of record, who shall be a health care provider as defined in this Article. The permittee shall confer with the health care consultant and shall obtain approval of the consultant for the portion of the health care plan regarding policies and procedures related to the administration of medications. The consultant shall review documentation of all staff authorized to administer medications and determine if staff have required professional licenses or certificates of completion of required training. A health care plan shall be valid for two years and shall be updated when designated staff has changed. The health care consultant shall visit the child care service at least once every two years and shall review the permittee's health care policies, procedures, documentation, practice and compliance with its health care plan for administering medications. If the consultant determines that the approved health care plan is not being reasonably followed by the permittee, the consultant may revoke his or her approval of the plan. If the consultant revokes his or her approval of the health care plan, the health care consultant shall immediately notify the permittee and the Department.

(d) *Staff members certified to administer medications.* Only a trained, designated staff person may administer medications to children, except where the only administration of medications will be over-the-counter topical ointments, including sunscreen lotion and topically applied insect repellant. The staff person administering medications to children shall be at least 18 years of age, possess current certifications in first aid, cardio-pulmonary resuscitation (CPR), and medication administration training (MAT) in a course approved or administered by the Department or the State Office of Children and Family Services. MAT certificates shall be made available for inspection by the Department on request.

MAT certifications shall be effective for a period of three years from the date of issuance. Recertification training shall extend certification for additional three-year periods. If a designated staff person ceases to work in a child care service for a continuous period of one year, certification shall automatically lapse. Where certification lapses, the person may be recertified after repeating initial MAT or recertification training, as required by the Department. Where a permittee has failed to comply with requirements for the administration of medications set forth in this section, the Department may require retraining or may prohibit the permittee from administering medications.

(e) *Medication administration procedures.* Permittees and designated staff may administer prescription and nonprescription (over-the-counter) medications for eyes or ears, oral medications, topical ointments and medications, and inhaled medications in accordance with the provisions of this section.

(1) A copy of written policies regarding the administration of medications shall be reviewed and explained to parents at the time of enrollment, and provided to parents.

(2) The permittee shall obtain from a child's parent and health care provider a statement in writing that indicates medicine to be administered and schedule of administration.

(3) A parent, or other adult authorized in writing by the parent may administer medications to a child while the child is attending a child care service at any time.

(4) The permittee shall maintain a medication administration log to document name of child, date, time and name of staff, parent, or other adult authorized by a parent to administer medications.

(5) Permittees and designated staff may not administer medications by injection, except for epinephrine auto- injector devices when necessary to prevent anaphylaxis for an individual child when the parent and the child's healthcare provider have indicated such treatment is appropriate.

(6) Medications shall not be administered vaginally or rectally except where such permittee or staff has a valid New York State license as a physician, physician's assistant, registered nurse, nurse practitioner, licensed practical nurse, or advanced emergency medical technician.

(7) Permittees who agree to administer medications shall do so, unless they observe circumstances specified by a child's health care provider, if any, under which medication shall not be administered. In such instances, the permittee shall contact the parent immediately.

(8) Medication may only be administered with written consent of the parent in accordance with written instructions from the child's health care provider including, but not limited to circumstances, if any, under which the medication or prescription shall not be administered. Medication shall be returned to the parent when no longer required by the child.

(9) When the permittee has written parental consent and written instructions from a health care provider authorizing administration of a specified medication if the permittee observes a specific condition or change of condition in the child while the child is in care, the permittee may administer the medication without obtaining additional authorization from the child's parent or health care provider.

(10) To the extent that such information is not included on the medication label, written instructions by the health care provider shall include:

(A) child's name;
(B) health care provider's name, telephone number, and signature;
(C) date authorized;
(D) name of medication and dosage;
(E) frequency the medication is to be administered;
(F) method of administration;
(G) date the medication shall be discontinued or length of time, in days, the medication is to be given;
(H) reason for medication (unless this information shall remain confidential pursuant to law);
(I) most common side effects or reactions; and
(J) special instructions or considerations, including but not limited to possible interactions with other medications the child is receiving or concerns regarding the use of the medication as it relates to a child's age, allergies, or any pre-existing conditions.

(11) Medications shall be kept in the original labeled bottle or container. Over-the-counter medication shall be kept in the originally labeled container and shall be labeled with the child's first and last name. Prescription medications shall contain the original pharmacy label.

(12) If medication is to be given on an ongoing, long-term basis, the parent's consent and health care provider's written instructions shall be renewed in writing at least once every six months. Any changes in the original medication shall require a permittee to obtain new written instructions from the health care provider.

(13) A permittee may administer over-the-counter topical ointments, including sunscreen lotion and topically applied insect repellant, upon the written instructions of the parent. Such administration shall be consistent with any directions for use noted on the original container, including but not limited to precautions related to age and special health conditions, and no additional certifications are required by the permittee or designated staff.

(14) For all children for whom the permittee administers over-the-counter medications pursuant to this paragraph, copies of parental written consent and instructions shall be maintained in the child's medical record file.

(15) Medications shall be kept in a clean area that is inaccessible to children. If refrigeration is required, medications shall be stored in either a separate refrigerator or a leak-proof container in a designated area of a food storage refrigerator, separated from food and inaccessible to children. Permittees shall comply with all applicable law for secure storage of all medications.

(16) Staff shall document dosages and times that medications are given, observable side effects, reasons for not giving medication and medication administration errors, and shall report to the parent and to the child's health care provider, in accordance with the provider's written instructions; medication errors shall be immediately reported to the Department.

(17) No children shall independently self administer medications or assist in the administration of their own medications except under direct supervision of designated staff.

(f) *When medication is not administered by the permittee.* The permittee who elects not to administer medications, shall include such policy in the health plan portion of the written safety plan required by §47.11 of this Code, notify parents of such policy and inform parents that they or an adult they designate in writing may administer medication to their child while he/she is in care.

(1)The permittee is not required to obtain approval or schedule visits of a health care consultant when no medications are administered.

(2) Topical non-prescription (over-the-counter) ointments, sunscreens and insect repellants are the only items allowed to be administered by a permittee who is not certified in accordance with this section.

(3) Written consent shall be obtained from the parent for use of all topical ointments.

(4) The permittee shall record in the medication log applications of ointments, sunscreens and insect repellants, with name of child, date, time and staff signature.

§47.33. Health; staff.

(a) *Staff to be excluded.* The permittee shall exclude any employee from work in accordance with Article 11 of this Code, if such employee reports having an illness or symptoms of a communicable disease reportable pursuant to §11.03 of this Code. After having such a communicable disease, no staff person shall return to work until:

(1) The staff person presents a written statement of recovery issued by a physician, indicating that such person is free from disease in communicable form and that the period of isolation or exclusion required by Article 11 has ended; or

(2) After the period of isolation, if the person was a case of measles, mumps, German measles, chicken pox, whooping cough, scarlet fever, meningitis or poliomyelitis.

(b) *Physical examination certificates.* No educational director, teacher, substitute, volunteer worker, office worker, kitchen worker, maintenance worker or other staff member who regularly associates with children shall be permitted to work in a service unless such person is healthy and capable of carrying out the responsibilities of the job. Prior to commencing work, all such staff and volunteers shall present a certificate from a licensed health care provider certifying that, on the basis of medical history and physical examination, such staff member or volunteer is physically and mentally able to perform assigned duties. Such certificate shall be submitted annually thereafter as a condition of employment. Certificates of required physical

examinations and other medical or personal health information about staff shall be kept on file at the place of employment, shall be confidential, and shall be kept separate from all other personnel or employment records.
(c) *Staff immunizations.* Health care providers shall certify that each staff or volunteer has been immunized against measles, mumps, rubella, diphtheria and tetanus. Persons born on or before December 31, 1956 who have a history of measles or mumps disease shall not require such vaccines. A history of having rubella disease shall not be substituted for the rubella vaccine. Only a laboratory test demonstrating detectable rubella antibodies shall be accepted in lieu of rubella vaccine. An employee may be exempted from this immunization requirement for medical contraindications upon submission of appropriate documentation from a licensed physician.
(d) *Test for tuberculosis infection for new hires.* Prior to commencing work at a child care service, all persons newly hired as an employee or accepted as a volunteer to work in a child care service shall provide a written statement to the permittee from a physician indicating that a test for tuberculosis infection has been performed and, if necessary, an X-ray examination, in a manner consistent with the Department's medical and epidemiologic recommendations. Persons with a history of BCG vaccination shall not be exempt from testing.

(1) Either a tuberculin skin test administered by the Mantoux method or a U.S. Food and Drug Administration approved blood-based tuberculosis diagnostic test may be performed. A documented positive test result may be submitted regardless of the date the test was performed. A documented negative test result may be submitted only if such test was performed within one year prior to commencing work in the child care service.

(2) Persons who have tested positive for tuberculosis infection shall be reported to the Department by the permittee, on forms provided by the Department. Such reports shall contain all information required by the Department, including whether such persons have been or are being treated for latent tuberculosis infection, and, if treated, whether they have completed such treatment, and shall be maintained as confidential in accordance with §11.07 of this Code.

(3) The Department may require further testing for tuberculosis at any time of any persons working in or attending a child care service when such testing is deemed necessary for epidemiological investigation.

§47.35 Personal hygiene practices; staff and child.
(a) *Hand washing.* Staff and children shall wash hands before and after toileting or diaper changes, after contact with a child in ill health, and prior to handling or preparing any food and after playing outdoors.
(b) *Signs.* Hand washing signs provided by or approved by the Department shall be prominently posted in each lavatory and by each sink.
(c) *Individual personal care.* Hair brushes or cloth towels shall not be provided for use. If toothbrushes, combs, or washcloths are provided, each child shall have items for his/her exclusive use and they shall be stored in an individually labeled container.
(d) *Changes of clothing.* At least one change of weather-appropriate clothing shall be available so that any child who soils clothing may receive a change. Soiled clothing and cloth diapers shall not be cleaned at the child care service, but are to be sealed in plastic bags and sent home.
(e) *Bathing.* Children shall not be regularly bathed on premises; but shall be washed in case of accidents.
(f) *Self-care/hygiene routines for night care services.* Permittees shall establish procedures and policies that require children to brush teeth at bedtime and after meals; comb hair upon awakening, and follow a routine for toileting, dressing and undressing.
(g) *Safety precautions relating to blood.* Permittees shall implement the following safety precautions for all staff having any exposure to, or contact with blood:
(1) Disposable gloves shall be immediately available and worn whenever there is a possibility for contact with blood, including but not limited to:
(A) Changing diapers where there is blood in the stool;
(B) Touching blood or blood-contaminated body fluids;
(C) Treating cuts that bleed; and
(D) Wiping surfaces stained with blood.
(2) In an emergency, a child's safety and well-being shall take priority. A bleeding child shall not be denied care because gloves are not immediately available.
(3) Disposable gloves shall be discarded after each use.
(4) If blood is touched accidentally, exposed skin shall be thoroughly washed with soap and running water.
(5) Clothes contaminated with blood shall be placed in a securely tied plastic bag and returned to the parent at the end of the day.
(6) Surfaces that have been blood stained shall be cleaned and disinfected with a germicidal solution.
(h) *Smoking prohibited.* There shall be no smoking of tobacco or other substances in any indoor or outdoor area in any premises used by a child care service.

§47.37 Training.
(a) *Educational director's duties.* The educational director shall arrange for and verify continuing in-service training of all employees, teaching staff and others, as required by this Article. The educational director may be certified to conduct such training or may designate other teaching staff to obtain such certification and conduct such training.
(b) *Mandatory child abuse identification and prevention training.* All employees, and any volunteers, or other persons who have, will have, or have the potential for, unsupervised contact with children in a child care service, shall receive training in child abuse and maltreatment identification, reporting, prevention and applicable statutes and regulations. Such training shall be provided by a New York State Office of Children and Family Services certified trainer. New employees shall receive such training within six (6) months of hire. All employees shall receive such training every 24 months. The educational director shall maintain copies of certificates verifying completion of such training.
(c) *Courses to be offered or approved by the Department.* The Department may provide such training or any part thereof or approve courses conducted by others. Persons who enroll in courses conducted by the Department may be charged a reasonable fee to defray all or part of the costs incurred by the Department for course registrations, materials, training, testing and certificate issuance. Training shall be provided by trainers who have been certified or approved by the Department.
(d) *Training course requirements and content.* Teaching staff shall complete at least 30 clock hours of training every 24 months. The 30 clock hours of training shall include the child abuse training required by subdivision (b) of this section, and training in the following areas:

(1) Preventing, recognizing signs of, and reporting injuries, infectious diseases, other illnesses and medical conditions; first aid; providing emergency medical assistance.
(2) Lead poisoning prevention.
(3) Early Intervention.
(4) Nutrition.
(5) Physical activities, including scheduling and conducting guided and structured physical activity.
(6) Immunizations.
(7) Asthma prevention and management.
(8) Setting up and maintaining staff and child health records and systems.
(9) Attention-deficit hyperactivity disorder.
(10) Educational skills, including, but not limited to, reading, art, and activities to develop children's large and fine motor skills.
(11) Principles of childhood development; appropriate supervision of children; meeting the needs of children with physical or emotional challenges; behavior management; and discipline.
(12) Safety and security procedures for fire safety, fire drills, other evacuation procedures; trips; transportation.
(13) Parent staff communication and orientation.
(14) Infant/toddler and night care services staff shall also complete sudden infant death (SIDS) and "shaken baby" training.

§47.39 Space allowance; reservation for children's use
(a) *Space for children's exclusive use.* Rooms, areas and other spaces utilized by children in a child care service shall be reserved for their exclusive use and shall not be shared with other children or adults while the service is in operation.
(b) *Minimum square footage/child.* The minimum allowance of space for each child in a classroom shall be 30 square feet of wall to wall space.

§47.41 Indoor physical facilities
(a) *Egress.* All child care services receiving a first permit after January 1, 1989 shall have two means of egress. Fire escapes shall not be counted as a second means of egress.
(b) *No child care provided above third floor.* Except as set forth herein, all child care services receiving a first permit after January 1, 1989 shall not allow children to utilize any rooms, areas or other spaces above the third floor of a building. The Department may allow child care services to occupy spaces above the third floor provided that the Department of Buildings and Fire Department have approved such use and upon approval of the applicant or permittee's evacuation plan by the department.
(c) *Infant/toddlers limited to first floor.* Except as set forth herein, infant/toddler services receiving a first permit on or after July 2007 shall not provide child care services in any room, area or other space above the first floor or below the ground level floor of a building. The Department may allow infant/toddler child care services to occupy spaces above the first floor or one level below the ground level floor of a building, provided that the Department of Buildings and Fire Department have approved such use and upon approval of the applicant or permittee's evacuation plan by the department.
(d) *Basements.* All child care services receiving a first permit on or after July 1, 2007 shall not allow children to utilize any rooms, areas or other spaces lower than one level below the ground level floor of a building.
(e) *Window guards.* Windows guards shall be installed in accordance with specifications provided or approved by the Department on all windows in all rooms, hallways, and stairwells, except windows giving access to fire escapes.
(f) *Passageways free of obstruction.* All corridors, doorways, stairs, and exits shall be kept unobstructed at all times.
(g) *Protective barriers in stairways.* Protective barriers shall be required in all stairways used by children. Stairways shall be equipped with low banisters (low handrails) for the use of the children. Protective barriers providing visual access shall be installed in lofts used by children.
(h) *Shielding required.* Columns, radiators, pipes, poles, and any other free-standing or attached structures in classrooms and play areas shall have protective guards.
(i) *Door locks.* No door to a bathroom, closet or other enclosed space shall have a lock on it so as to be locked from the inside, although devices may be used to secure privacy if they can be overridden from the outside in cases of emergency.
(j) *Finishes and maintenance.* Walls, ceilings and floors shall be finished with non-toxic finishes, constructed of materials enabling thorough cleaning, and shall be maintained in good repair, with no holes, missing tiles, peeling plaster, or other defects.

§47.43 Plumbing; toilets, hand wash, and diaper changing facilities.
(a) *Plumbing installation.* Plumbing shall be installed only by a licensed plumber and shall be free of cross-connections and other hazards to health. Drinking water from faucets and fountains shall be tested for lead content and the permittee shall investigate and take remedial action if lead levels at or above 15 parts per billion (ppb) are detected.
(b) *Adequate toilets and sinks to be provided.* One toilet and one hand wash sink shall be provided for every fifteen children ages 24 months and older, or fraction thereof, based on permit capacity. When an extended hand wash facility is equipped with several faucets supplying tempered water, each faucet shall be considered the equivalent of one hand wash sink.
(c) *Located near children's rooms.* Toilets and hand wash sinks shall be located adjacent to children's playrooms and classrooms for children under three years of age, and as close as practicable for older children.
(d) *Staff toilets.* Separate adult toilets shall be provided for staff.
(e) *Sink water supply.* Hand wash sinks with an adequate supply of hot and cold running water shall be provided in or adjacent to toilets. Water temperature in hand wash sinks used by children shall not exceed 115 degrees Fahrenheit.
(f) *Accessibility to children.* Toilets and hand wash sinks shall be installed at a height that allows unassisted use by children. If adult-size toilets or hand wash sinks are in place, platforms with easily cleaned surfaces shall be provided for use by children. Such platforms shall be free of hazards.
(g) *Soaps and drying devices.* All sinks shall be equipped with liquid soap dispensers, individual paper towels or sanitary driers, located within easy reach of the children.
(h) *Diaper changing.*

(1) A firm, non-absorbent, easily cleanable, counter height surface directly adjacent to a sink with running hot and cold water shall be provided in or adjacent to the classroom for diaper changing when needed.

(2) A disposable covering shall be provided on diaper changing counters and shall be changed after each use. The counter surface shall be disinfected after each use.

(3) A readily accessible receptacle with secure lid and removable plastic liner shall be provided for the disposal of diapers; separate equipment shall be provided for cloth diapers, if used. A properly labeled spray bottle of approved disinfectant shall be provided.

(4) Staff changing diapers shall wear disposable rubber or other barrier gloves.

(5) Potties shall be used only in bathroom or toilet facilities, and shall be washed and disinfected after each use in a designated utility sink that is not used by staff or children as a hand wash sink.

§47.45 Ventilation and lighting
(a) *Ventilation.* Ventilation, by natural or artificial means, shall be provided in each room used by children. Internal temperature and humidity shall be regulated so the facility is free of nuisance conditions, including, but not limited to excessive heat, dust, fumes, vapors, gases, odors or condensate. The windows, inlets, outlets and artificial ventilation shall be located and the rate of air flow shall be controlled so as not to subject the children to drafts.
(b) *Lighting.* All parts of a building used for the care of children shall be adequately lighted by natural or artificial means. All lighting shall be evenly distributed and diffused, free from glare, flickering or shadows. The following lighting levels shall be provided and maintained at children's activity level:

(1) Fifty footcandles of light in all classrooms used for partially sighted children;
(2) Thirty footcandles of light in all other classrooms, study halls or libraries;
(3) Twenty footcandles of light in recreation rooms;
(4) Ten footcandles of light in auditoriums, cafeterias, locker rooms, washrooms, corridors containing lockers;
(5) Five footcandles of light in open corridors and store rooms; and
(6) Five footcandles of light shall be provided during sleeping hours in bathrooms, sleeping areas and exit paths.

§47.47 Outdoor play areas
(a) Adequate, easily accessible outdoor play areas shall be provided, shall be kept clean and safe, and shall be suitable for children's use. A shady area shall be available in outdoor play areas used during the summer months.
(b) Outdoor play areas shall be enclosed by climb-proof fencing that is a minimum of five (5) feet in height. No razor or barbed wire shall be used at the top of a fence, unless the fence is more than six and one half (6½) feet in height.
(c) Rooftop play areas may be provided in fireproof buildings, when such use is approved by the Department, the Department of Buildings and the Fire Department. Rooftop play areas shall be enclosed by a climb-proof fence, at least 10 feet in height with a 45° inwardly angled panel.
(d) Outdoor equipment, including, but not limited to, swings, slides, and climbing apparatus, shall be age and developmentally appropriate, shall be installed, maintained and used in accordance with manufacturers' specifications and instructions, approved by the US Consumer Product Safety Commission, and maintained in good repair.
(e) Outdoor play areas shall be maintained free of broken glass or other debris, poison ivy or other poisonous vegetation, pest harborages, or other hazards.
(f) Resilient surfaces, approved by the US Consumer Product Safety Commission, that do not contain asphalt or cement, shall be provided under and surrounding climbing and other elevated equipment.
(g) Play equipment shall be in good repair, and free from hazards such as sharp edges or pointed parts, or toxic or poisonous finishes or materials, including but not limited to, lead and arsenic.

§47.49 General sanitation and maintenance.
(a) *Maintenance.* Indoor and outdoor rooms, play areas, and other spaces, including cellars, basements, and adjoining yards and courts, and all furnishings and equipment shall be kept clean of food and debris and maintained in good condition. Interior rooms used by children shall not be cleaned by dry sweeping.
(b) *Trash and garbage.* Trash and garbage shall be stored in rodent proof containers with tightly fitted lids. Trash, garbage, and combustible materials shall not be stored in the furnace or boiler rooms or in rooms or outdoor areas adjacent to the facility that are ordinary occupied by or accessible to children.
(c) *Toxic and poisonous materials to be contained.* All matches, lighters, medicines, drugs, cleaning materials, detergents, aerosol cans and other poisonous or toxic

materials shall be stored in their original containers. Such materials shall be used in such a way that they will not contaminate play surfaces, equipment, food or food preparation areas or constitute a hazard to children. Such materials shall be kept in places that are inaccessible to children, and that can be securely locked.
(d) *Environmentally sensitive cleaning products.* Child care services located in elementary and secondary schools shall utilize environmentally sensitive cleaning products, as defined in State Education Law §409-i, or successor statute.

§47.51 Rodents, insects and other pests prohibited; pesticide application notice.
(a) *Pest free premises.* Premises shall be kept free of rodents, insects and other pests and free of any condition conducive to rodent, insect and other pest life.
(b)*Pest control.* Pest control methods shall emphasize prevention of pest infestation by preventing the free movement of pests into, and within the premises and by eliminating the conditions conducive to pests such as clutter and the availability of food and water. Such methods shall include, but not be limited to: closing and filling holes, cracks, and gaps at baseboards, where plumbing, radiator and other pipes and conduits enter the premises, where food storage cabinets join walls, and where shelves meet food storage cabinet interiors, using plaster, spackle, caulk or other appropriate sealants; storing all food products in sealed insect and rodent proof containers; installing door sweeps to prevent pest movement between rooms and areas. When necessary to control pests, permittees shall utilize pest control services provided by exterminators certified to apply pesticides by the New York State Department of Environmental Conservation (NYSDEC). Extermination logs shall be maintained for inspection by the NYSDEC. Permittees shall request that exterminators utilize the least toxic methods and substances to control infestations, including but not limited to the use of: boric acid, diatomaceous earth, silica gel, insecticidal baits and gels for cockroaches; and shall utilize glue traps and rodenticidal bait only if inserted in tamper-resistant containers and placed in locations inaccessible to children. Routine extermination shall not include the use of insecticidal aerosol sprays or foggers. Exterminators' logs of pesticide applications equivalent in content to NYSDEC Form 44-15-26 (Applicator/Technician Pesticide Report) shall be maintained for inspection by the Department for three years.
(c) *Notice of pesticide applications.* Notice of pesticide applications shall be provided to parents not less than 48 hours before such application and shall include: (1) location and specific dates of applications; (2) pesticide product name and U.S. EPA registration number; (3) the name and telephone number of a child care service staff person to contact for more information; and (4) the following statement: "This notice is to inform you of a pending pesticide application at this child care service. You may wish to discuss with a representative of the child care service what precautions are being taken to protect your child from exposure to these pesticides. Further information about the product or products being applied, including any warnings that appear on the label of the pesticide or pesticides that are pertinent to the protection of humans, animals, or the environment, can be obtained by calling the National Pesticide Telecommunication Network Information line at 1-800-858-7378 or the NYS Department of Health Center for Environmental Health Info Line at 1-800-458-1158."

§47.53 Pet animals. No reptiles, dogs or cats shall be kept or harbored in a child care service. In addition, any pets which are prohibited by §161.01 of this Code, or successor rule, shall not be harbored in a child care service. Any animals that are harbored in a child care service shall be in good health, show no evidence of carrying any disease, and shall pose no threat to children. Pets shall be kept in cages, and waste material within cages shall be cleaned daily or more often, if needed.

§47.55 Equipment and furnishings.
(a) *Furnishings.* Tables and chairs and other equipment shall be appropriate for the size and the needs of the children who use them, shall be easily cleanable, and sanitized as needed.
(b) *Naps.*
(1)A separate, firm, sanitary cot, crib, mat, playpen or other sleeping arrangement specifically approved by the Department, shall be provided for each child who spends more than four hours a day in the service.
(2) Stackable cribs shall be prohibited.
(3) Cots or other sleep equipment shall be placed at least two feet apart unless separated by a screen or partition.
(4) Pillows shall not be used. A clean sheet shall be provided for the exclusive use of each child. Blankets that are sufficient to maintain adequate warmth shall be available for use by each child and shall be used when necessary. Sheets and blankets shall be stored separately for each child in order to avoid cross-contamination, and shall be washed at least weekly.
(c) *Space for clothing.* Space shall be provided and so arranged that each child's outer garments may be hung separately and within his/her reach, in a safe manner.

§47.57 Safety; general requirements.
(a) *Telephone service.* The permittee shall provide and maintain at least one dedicated land line listed telephone for emergency use, and shall conspicuously post adjacent to the telephone current telephone numbers and instructions for obtaining fire, police and emergency medical assistance, contacting the Department's poison control hotline and Bureau of Day Care, or successor program, and the SCR child abuse hotline.
(b) *Eliminate safety hazards.* Precautions shall be taken to eliminate all conditions in areas accessible to children that pose a safety or health hazard.
(c) *Choking hazards.* Handbags, backpacks, briefcases, or other personal items belonging to adults or children, plastic bags, toys and objects small enough for children to swallow shall be stored in manner that they are not accessible to children.
(d) *Cold weather.* When outdoor temperatures are below 55°F, and children are on premises, permittees shall maintain indoor air temperatures between 68°F and 72°F in all rooms, areas and other spaces used by children.
(e) *Heat advisories.* On designated heat or ozone advisory days, the permittee shall maintain physical comfort levels of children and staff by providing adequate facility ventilation and air conditioning. The permittee shall implement policies to increase children's fluid intake and facilitate adequate hydration. Activities shall be modified to protect children from heat associated disorders and conditions, including but not limited to heat stress and heat strain.
(f) *Approved areas to be used.* Children shall not be kept for any period of time in any area not previously approved by the Department and the New York City Fire Department and Department of Buildings. Such approval shall not be granted unless the premises and the area surrounding the premises are free from fire, traffic and other safety or health hazards.
(g) *Environmental hazards.* Child care services obtaining a first permit after July 1, 2007 shall not be co-located in any building or other premises unless such building or premises are free of environmental hazards, including, but not limited to those associated with dry cleaners, gas stations and petrochemical storage and distributors, automotive dealerships/maintenance or repair facilities, commercial printing industrial/manufacturing plants and machine/equipment servicing, nuclear laboratories or power plants, federal or state superfund or other cleanup site, or any property with known contaminated ground or water supplies.
(h) *Adults restricted.* Adults allowed on the premises occupied by a child care service shall be limited to staff, parents and other authorized volunteers, student teacher trainees or observers, credentialed Department and other public inspectors, and persons providing services to the center.
(i) *Swimming and aquatic activities.* Swimming and aquatic activities are prohibited.

§47.59 Fire Safety
(a) All exits shall have clear and legible exit signs when required by Department of Buildings.
(b) Services shall have approved fire extinguishers in good working order and have them inspected as required by the Fire Department.
(c) If a service is permitted for more than 30 children, an approved interior fire alarm system shall be provided.
(d) Fire drills shall be conducted monthly and logged for Fire Department inspection.
(e) Heating apparatus shall be equipped with adequate protective guards. Space heaters shall not be used.
(f) Premises shall be free of electrical, chemical, mechanical and all other types of hazards.
(g) Smoke and carbon monoxide detectors with audible alarms shall be provided in accordance with applicable law or as required by the Department or the Fire Department.

§47.61 Food and food safety.
(a)Food shall be stored, served to, and prepared for children in accordance with Article 81 of this Code.
(1) The permittee shall designate as a supervisor of food service operations a person who has a certificate in food protection issued pursuant to §81.15 (a)(1) or (2) of this Code, or successor rule.
(b) Food supplied to children by the permittee shall be wholesome, of good quality, properly prepared in accordance with nutritional guidelines provided or approved by the Department, age-appropriate in portion size and variety, and served at regular hours at appropriate intervals.
(1) Beverages with added sweeteners, whether artificial or natural, shall not be provided to children.
(2) Juice shall only be provided to children over eight (8) months of age, and only 100% juice shall be permitted. Children shall receive no more than six (6) ounces of 100% juice per day.
(3) When milk is provided, children ages two and older shall only be served milk with 1% or less milk-fat unless milk with a higher fat content is medically required for an individual child, as documented by the child's medical provider.
(4) Water shall be made available and shall be easily accessible to children throughout the day, including at meals. Potable drinking water supplies shall be located in or near classrooms and playrooms. Except when bubbler fountains are used, individual disposable drinking cups shall be provided within reach of children. If bubbler fountains are used, they shall be of the angle jet type with suitable guards and shall have water pressure sufficient to raise the water high enough above the spout to avoid contamination.
(5) Any special diet shall be provided only in accordance with a note from a physician.
(6) The provisions of this subdivision shall not apply to child care services operated by a religious organization in instances where religious dietary requirements would be inconsistent with such provisions.
(c)When parents or other responsible persons provide meals, such foods shall be properly refrigerated and the operator shall provide such persons with age-appropriate nutritional guidelines approved or provided by the Department.
(d) Milk shall be stored at a temperature below 41 degrees Fahrenheit, may not be kept beyond its expiration date, and may not be dispensed or served by children except under adequate supervision.
(e) Dry food shall be stored in insect and rodent-proof containers.
(f) All utensils, dishes and other materials used in association with food shall be properly cleaned and sanitized as required by the Department or disposed of after each use.
(g) Feeding bottles shall be marked with the child's full name and date of preparation.
(h) Unused portions of formula milk and/or baby food shall be discarded after each feeding or meal.
(i) Bottles shall not be propped or kept by children while sleeping. No styrofoam cups shall be used by children two years or younger.
(j) The food service at a night care program shall be provided as follows:
(1) Evening meals shall be served at the same time daily.
(2) Breakfast shall be provided for all children who have been at the facility through the night and are present between 6 a.m. and 8 a.m.

§47.63 Lead-based paint restricted.
(a) *Peeling lead-based paint prohibited.*
(1) There shall be no peeling lead-based paint or peeling paint of unknown lead content on any surface in a child care service.
(2) Peeling lead-based paint and peeling paint of unknown lead content shall be immediately abated or remediated upon discovery by the child care service permittee or the owner of a building in which a child care service is located, regardless of whether there has been an inspection or order issued by the Department, in accordance with §173.14 of this Code.
(3) When there has been an order to abate or remediate lead-based paint hazards issued by the Department, the permittee or the owner of the building in which the service is located shall use only the methods specified in such order.
(4) When the Department finds a lead-based paint hazard as defined in §173.14(b) of this Code or a lead dust hazard as defined in EPA 40 CFR 745.227 (h) (3) (i), on the interior of the child care service, or concentrations of lead in the paint of the exterior surfaces of the child care facility, that may be creating a danger to health, it may in such cases as it deems essential, order the abatement or remediation of any such condition in a manner and under such safety conditions as it may specify. The Department may also order the removal or covering of soil appurtenant to any child care service when it determines that there are concentrations of lead in such soil which exceed allowable limits of the U.S. Environmental Protection Agency published in 40 C.F.R. Part 745 or successor regulations and further determines that such concentrations may be dangerous to health.
(5) The work practices of §173.14 of this Code shall not apply to repair and maintenance work in a child care service which disturbs surfaces of less than two (2) square feet of peeling lead-based paint per room or ten (10) percent of the total surface area of peeling paint on a type of component with a small surface area, such as a window sill or door frame.
(6) Maintenance staff workers in child care service facilities that contain lead based paint or paint of unknown lead content, and who regularly do repair work that may disturb such paint, shall attend a HUD/EPA approved 8-hour course on lead safe work practices in accordance with §173.14 (2)(b) of this Code.
(7) Children shall not be present and shall not have access to any room undergoing abatement, remediation or other work which disturbs lead-based paint or paint of unknown lead content until after completion of final clean-up and clearance dust testing.
(8) The permittee or the owner of a building in which a child care service is located, in which paint has not been tested by X-ray fluorescent (XRF) analysis by or on behalf of the Department for lead content, may object to an order issued to remediate peeling lead-based paint or peeling paint of unknown lead content, by submitting evidence satisfactory to the Department that the surface of any component cited in the order as requiring remediation does not contain lead-based paint, as follows:
(A) Such evidence shall consist of a sworn written statement by the person who performed the testing on behalf of the permittee or building owner supported by: lead-based paint testing or sampling results, including a description of the testing methodology and manufacturer and model of instrument used to perform such testing or sampling; a copy of the certificate of training of the certified lead-based paint inspector or risk assessor; a copy of the inspection report of the inspector or risk assessor, including a description of the surfaces in each room where such testing or sampling was performed; and a copy of the results of XRF testing and/or such laboratory tests of paint chip samples performed by an independent laboratory certified by the state of New York where such testing has been performed.
(B) Such written statement and all supporting documentation shall be submitted to the department not later than thirty (30) days before the date set for compliance with an order to remediate, and shall only be submitted where the Department has not performed an XRF test prior to issuing such order. Receipt by the Department of a complete application in accordance with this paragraph including such written statement and such supporting documentation shall toll the time period to comply with the order. Receipt of an incomplete application shall not toll the time period for compliance with the order.
(C) The Department shall notify the applicant of its determination in writing, and, if the Department rejects the application, such notice shall set a date for compliance.
(D) The performance of lead-based paint testing shall be in accordance with the definition of lead-based paint established in §173.14 of the Code. Laboratory analysis of paint chip samples shall be permitted only where XRF tests fall within the inconclusive zone for the particular XRF machine or where the configuration of the surface or component to be tested is such that an XRF machine cannot accurately measure the lead content of such surface or component. Laboratory tests of paint chip samples, where performed, shall be reported in mg/cm^2, unless the surface area of a paint chip sample cannot be accurately measured, or if an accurately measured paint chip sample cannot be removed, in which circumstance the laboratory test may be reported in percent by weight. Where paint chip sampling has been performed, the sworn written statement by the person who performed the testing shall include a statement that such sampling was done in accordance with 40 CFR §745.227 or successor provision.
(E) Testing for lead-based paint may only be conducted by a person who has been certified as a lead-based paint inspector or risk assessor in accordance with subparts L and Q of 40 CFR part 745 or successor provisions and such testing shall be performed in accordance with 40 CFR §745.227(a) and (b) or successor provisions.
(b) *Child care services in operation prior to May 1, 1997.* No child care service permit shall be issued or renewed, unless all interior window sills and window wells accessible to children, chewable surfaces, deteriorated subsurfaces, friction surfaces, or impact surfaces, and such other surfaces

in such child care service as may be determined by the Department, containing or covered with lead-based paint or paint of unknown lead content shall have been abated or remediated in accordance with §173.14 of this Code or as otherwise directed by the Department.
(c) *Child care services commencing operation on or after May 1, 1997.* No child care service which received its first permit or which, if no permit was previously required, commenced operation after May 1, 1997, shall be issued a permit where there is lead-based paint on any interior surface in such child care service.
(d) *All painted furniture and equipment shall be painted with lead-free paint.*
(e) *Annual survey.* Each year the permittee operating a child care service in which any surfaces are covered with lead-based paint or paint of unknown origin shall conduct a survey of the condition of all such surfaces, note the results of the survey on a form provided by or satisfactory to the Department, and shall provide to the Department a copy of the results of such survey. Submission of such survey shall be on or before the permit issuance date, or the anniversary thereof. Copies of such survey results may be submitted by mail, fax or electronically.
(f) *Declaration pursuant to Administrative Code §17-145.* The existence of a lead-based paint hazard in a child care service, or failure to comply with this section or §173.14 of this Code in correcting such hazard, is hereby declared to constitute a public nuisance and a condition dangerous to life and health, pursuant to §17-145 of the Administrative Code. Every person obligated to comply with the provisions of this section of this Code is hereby ordered to abate or remediate such nuisance by complying with any order or direction issued by the Department.
(g) *Failure to comply with Department orders.* In the event that the Department determines that a child care service permittee or the owner of a building in which a child care service is located has failed to substantially comply with an order issued pursuant to this section within forty-five (45) days after service thereof, the Department shall, in accordance with §17-911(d) of the Administrative Code, request an agency of the City to execute such order pursuant to the provisions of §17-147 of the Administrative Code.
(h) *Definitions.* Except as otherwise provided, all terms used in this section shall have the same meanings as the terms defined in §173.14 of this Code.

§47.65 Transportation.
(a) A service using or contracting for the use of a motor vehicle or omnibus for the purpose of transporting children to or from the service shall prominently display on the motor vehicle or omnibus an unexpired certificate of inspection issued by the State Department of Transportation.
(b) A service that provides transportation facilities shall supervise the transportation so as to preserve the health, safety and comfort of the children.
(c) All children shall be secured in safety seats or by safety belts as appropriate for the age of the child in accordance with the requirements of the Vehicle and Traffic Law before any child may be transported in a motor vehicle where such transportation is provided for or arranged for the operator.
(d) When transportation is provided by the child care service, the driver of the vehicle may not be included in the staff/child ratios except when the only children being transported are enrolled in kindergarten or a higher grade in elementary school.
(e) A transportation schedule shall be arranged so that no child will regularly travel more than one hour between his or her home and the place where the service is operated.
(f) The operator shall obtain written consent from the parent for any transportation of the children in care at the service provided or arranged for by the operator.

§47.67 Child development policies, program, rest periods and clothing.
(a) *Program.*. The program shall be varied in order to promote the physical, intellectual, and emotional well-being of the children. Corporal punishment and humiliating or frightening methods of control and discipline shall be prohibited. Food, rest or isolation shall not be used as a means of punishment. Punitive methods of toilet training are prohibited.
(b) *Schedules.* A written daily schedule of program activities and routines which offer reasonable regularity, including snack and meal periods, nap and rest periods, indoor and outdoor activities, and activities which provide children with opportunities for learning and self-expression in small and large groups is required. When night care is provided, this schedule shall include routine personal hygiene, including changing into night clothes, brushing teeth, and washing before bed in the manner to be agreed between the parent and the operator.
(c) *Disciplinary policies.* A written statement on the philosophy of disciplining children shall be distributed to every staff member, posted in a prominent location within the child care service and made available to parents upon request.
(d) *Parents.* Parents shall have unrestricted access to their children at all times.

(1) The parents of all children receiving care in a child care service equipped with video surveillance cameras installed for the purpose of allowing parents to view their children in the child care setting by means of the internet shall be informed in writing that cameras will be used for this purpose. All staff of the child care service also shall be informed in writing if video surveillance cameras will be used for this purpose. The child care service shall make available copies of such notices to the Department upon request.

(2) All parents of children enrolled in the child care service and all staff of the child care service shall be made aware of the locations of all video surveillance cameras used at the child care service.

(3) Child care services opting to install and use video surveillance equipment shall comply with all law applicable to the use of such equipment.

(4) Video surveillance cameras may not be used as a substitute for competent direct supervision of children.

(5) Child care services opting to allow parents to view their children in the child care setting by means of the internet shall use and maintain adequate internet security measures at all times. Such measures include but are not limited to: passwords that are frequently changed that enable parent to access the internet site for viewing children; filtering measures that prohibit public access to or viewing of child care activities via the internet; and immediate corrective action in response to any report of abuse of the system or inappropriate access. Such services shall also advise the parents having access to views of the child care service through the internet of the importance of security in regard to such viewing and of the importance of the privacy rights of other children who may be viewed.

(6) Video surveillance cameras shall be used only to transmit images of children in common rooms, hallways and play areas. Bathrooms and changing areas shall remain private and free of all video surveillance equipment.

(7) Child care services that use video surveillance equipment shall allow inspectors and other representatives of the Department to have access to such equipment and to have viewing privileges as required by the Department.
(e) Children shall be comforted when distressed.
(f) Each child in full time child care shall have a quiet, relaxed period of approximately one hour a day. Shorter, comparable periods of quiet and relaxation shall be provided for each child who spends less time in the service.

§47.69 Night care.
(a) *Information required* A night care service shall include in each child's record the arrangements provided for care when the child is not in night care as well as information regarding family bedtime routines and other information which would assist staff in providing a smooth transition for the child.
(b) *Time in night care limited.* No child shall spend more than 12 hours in a night care setting in any 24 hour period.
(c) *Program.* A night care service shall have a program that incorporates the following elements:
(1) When possible, children shall be left for care before and picked up after their normal sleeping period so that there are minimal disturbances of the child during sleep.
(2) The program of the night care service shall facilitate a relaxed atmosphere characterized by informal quiet activities.
(3) Scheduling shall reflect the need for regularity in meeting basic needs such as relaxation, meals, self-care/hygiene and sleep.

§47.71 Physical activity and limits on television viewing.
(a) *Physical activity.* Each child care service shall provide a program of age and developmentally appropriate physical activity.
(1) Children ages 12 months or older attending a full-day program shall be scheduled to participate in at least 60 minutes of physical activity per day. Children attending less than a full day program shall be scheduled to participate in a proportionate amount of such activities. For children ages three (3) and older, at least 30 of the 60 minutes shall be structured and guided physical activity. The remainder of the physical activity may be concurrent with other active play, learning and movement activities.
(2)Structured and guided physical activity shall be facilitated by teachers and/or caregivers and shall promote basic movement, creative movement, motor skills development, and general coordination.
(3)Permittees shall document structured and guided physical activities and make such documentation available to the Department upon request. This documentation shall be included in the program daily schedule and program lesson/activity plans.

(4)Children shall not be allowed to remain sedentary or to sit passively for more than 60 minutes continuously, except during scheduled rest or naptime.
(b) *Play equipment.* In the indoor and outdoor play areas, the permittee shall make available sufficient equipment, appropriate to the stage of development of the children, and designed to foster physical and motor development, and that shall enable all children to engage in structured and guided physical activities.
(c) *Outdoor play.*
(1) Adequate periods of outdoor play shall be provided daily for all children, except during inclement weather.
(2) During outdoor play, children shall be dressed appropriately for weather and temperature. In inclement weather, active play shall be encouraged and supported in safe indoor play areas.
(b) *Television viewing.*
(1)Television, video and other visual recordings shall not be used with children under two years of age.
(2) For children ages two (2) and older, viewing of television, videos, and other visual recordings shall be limited to no more than 60 minutes per day of educational programs or programs that actively engage child movement.
(3)Children attending less than a full day program shall be limited to a proportionate amount of such viewing.

§47.73 Required postings.
(a) The permittee shall maintain an updated copy of this Code and make it available to all staff.
(b) The permittee shall display the following in a conspicuous place near its public entrance where staff, parents and others may review them:
(1) The current permit, and
(2) A sign provided or approved by the Department stating that the Department's most recent summary inspection report for the child care service may be obtained from the Department's website, or by calling 311, and that complaints about the child care service may be made to, and more information about requirements for operation of child care services may be obtained by calling 311.

§47.75 Modification of provisions.
(a) *Modification of provisions.* When the strict application of any provision of this article presents practical difficulties, or unusual or unreasonable hardships, the Commissioner in a specific instance may modify the application of such provision consistent with the general purpose and intent of this Code and upon such conditions as in his/her opinion are necessary to protect the health of the children.
(b) *Fee waiver.* Upon the submission of proof satisfactory to the Commissioner that an applicant for a permit is a child care service which is fully funded by the Agency for Children's Services (ACS) or the New York City Human Resources Administration, or a successor agency, as an ACS Group Child Care Center, Head Start or other child care service program, the permit fee required by Article 5 of this Code shall be waived. Such waiver shall continue in effect provided the applicant child care service remains fully funded.

§47.77 Closing and enforcement.
(a) *Imminent health hazards.* When the Department determines that a child care service is being operated in a manner, or maintaining one or more conditions that constitute an imminent health hazard, or that its operation otherwise presents a risk of endangering the health or safety of children or other persons, the Commissioner may order such child care service to close and to discontinue operations, suspending its permit, without further proceedings, by service of an order upon the permittee or other person(s) managing or in control of such child care service. An order issued pursuant to this section shall provide the permittee, or other person(s) in control, an opportunity to be heard and to show cause why such child care service should not remain closed until there are changed circumstances, or the correction, removal or abatement of the dangerous or detrimental condition(s).
(b) *Operating without a permit.* Operating any child care service without a currently valid permit shall be deemed to present an imminent health hazard to children in attendance, for which such service shall be ordered closed without further proceedings.
(c) *Additional operating terms and conditions authorized.* If the Department determines that the reopening of a child care service that has been ordered closed and its continuing operation will not present any risk to any person, the Department may authorize such reopening and may impose such additional conditions upon continuing operation that it deems necessary.
(d) *Service of orders.* Service of any order issued pursuant to this Article may be made upon any person to whom the order is addressed, to a permittee, to a person required to hold a permit or upon any other person of suitable age and discretion who is asserting ownership, management or control of such child care service. Service of any order may be made in any manner provided in §3.07 of this Code, or successor provision, and may be delivered to the home or business address of the permittee listed in the permit issued by the Commissioner, or in the permit application, or where the child care service is being operated.
(e) *Posting orders to close; notifying parents.* Upon issuing an order to close a child care service for any reason, the Department shall post a copy of the order at the entrance to the premises subject to such order, and shall notify and provide a copy of the closing order to the parents or other persons who arrive at the child care service to pick up children attending the child care service.
(f) *Padlocking.* Upon finding that any order issued pursuant to this section is not complied with, the Department shall, without further notice, seal or padlock the premises where such child care service is conducted and take any other measures deemed necessary to obtain compliance with the order.
(g) *Operation in violation of order prohibited.* No person shall remove a padlock, seal or an order posted pursuant to this section, or open to the public or operate a child care service in violation of an order issued pursuant to this section.
(h) *Department authority not limited by this section.* Nothing herein shall be construed to limit the authority of the Department to issue notices of violation pursuant to Article 7 of this Code or commence any other proceeding or action provided for by this Code or other applicable law, including actions to deny, suspend or revoke permits.

§47.79 Construction and severability. This Article shall be liberally construed for the protection of the health of children attending child care services regulated by this Article. If any provision of this Article is adjudged invalid by any court of competent jurisdiction, such judgment shall not affect or impair the validity of the remainder of this Article.

STATUTORY AUTHORITY

These amendments to the Health Code are promulgated pursuant to §§558 and 1043 of the Charter. Sections 558(b) and (c) of the Charter empower the Board of Health to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 1043 grants the Department rule-making authority.

STATEMENT OF BASIS AND PURPOSE

The Commissioner has received a petition from a permittee, Infant Formula Laboratory Services, Inc., to commence rule making under Article 9 of the New York City Health Code (Health Code) to amend Article 115 ("Formula Milk for Infants") of the Health Code. Richard Miller, President of the Infant Formula Laboratory Services, Inc., has requested amendment of Article 115 to allow for an exception in §115.27 ("Operations; sterilization of formula milk") that would allow a physician to ask that a specific formula be prepared under aseptic conditions and not be sterilized after preparation.

The Commissioner has granted the petition for commencement of rulemaking, and the Department is proposing that Article 115 be repealed and reenacted, to update all of its provisions, not just those pertaining to sterilization of prepared infant formula. As reenacted, Article 115 will reflect and be consistent with current practices, and will apply to other child and adult formula preparations. See, e.g., *Infant Feedings: Guidelines for Preparation of Formula and Breast Milk in Health Care Facilities*, Pediatric Nutrition Practice Group, American Dietetic Association, 2004.

In addition, the Department is proposing that the Board of Health repeal in its entirety Article 116 ("Infant Formula in Hermetically Sealed Containers") as its provisions are outdated, and because production of infant food formula, including nutritional standards, labeling requirements and good manufacturing practices, are comprehensively regulated by the Federal Food and Drug Administration (FDA).

Background

There is only one formula preparation facility in the New York Metropolitan area. The Infant Formula Lab Service is a private family owned and operated business which prepares customized infant, toddler, child, and adult nutritional formulas and delivers the prepared formulas to medical facilities. These formulas are prepared from commercially manufactured formula preparations, that are amended, reconstituted and/or re-formulated upon the order of a physician or registered dietitian to meet individual nutrition needs of newborn, pediatric and adult hospitalized patients. Many hospitals, including those operated by the City's Health and Hospital Corporation, use the services of Infant Formula Lab Services because they no longer operate formula rooms in their own facilities. As an infant formula permittee in New York City, Infant Formula Lab service is required to comply with Articles 115 and 81 ("Food Preparation and Food Establishment"), and other provisions of the Health Code, and under current rules must sterilize all infant milk products they prepare. However, some formulas, whether powdered or liquid, or made with milk or other protein-based food products may specify on their labels that no further sterilization or heat treatment be used following preparation, as sterilization reportedly destroys nutrients. The American Dietetic Association in its *Guidelines for Preparation of Formula and Breastmilk in Health Care Facilities* endorses the use of sterile water, hand antisepsis techniques, sanitization of equipment and utensil, and aseptic (clean or no–touch) technique. They recommend when powdered infant formula is used that only chilled, commercially sterile ingredient water is used in the preparation, mixing, and dilution. Thermal heating is not recommended as a routine method for preparation of infant formula.

The most recent 2004 guidelines of the American Dietetic Association (ADA) for institutional infant feeding preparation do not recommend terminal heating in all cases:

> Terminal heating (pasteurization) is not recommended as a routine method for preparation of formulas for infants in health care facilities, because of potential alteration of the nutritive and physical characteristic of the prepared formula. Terminal heating is a method of heat processing formula used to kill vegetative forms of microorganisms where the formula is heated to a temperature of 180 degrees Fahrenheit (82 degrees Celsius) and then is rapidly cooled to a safe temperature. Most facilities are not able to pasteurize milk. Some formulas for infants, such as those containing free amino acids or small peptides, will be nutritionally compromised by terminal heating. Unless oxygen is eliminated from the head space of the bottles, the degradation of Vitamin C will slowly continue, even though the formula is refrigerated. Other potential problems include changes in the physical elegance of the product and other nutrient degradation with extreme and prolonged heating (greater than 212 degrees Fahrenheit)....Some health care facilities have used autoclaves (steam under pressure) for terminal heating of infant formulas. This method frequently exposed the product to excessive heat, which may result in the carmelization of sugars, physical changes, chemical changes and nutrient loss. Manufacturers of formulas for infants recommend that autoclaves not be used to prepare formula in health care facilities. Autoclaves may be appropriately used only to sanitize empty bottles or equipment1.

Article 115 is derived from §174 of the City Sanitary Code and Regulations. The original Sanitary Code provision was adopted in 1947, and revised without substantive change in 1959 when it was included in the first publication of the Health Code. It has been amended only twice since then, in 1971 and 2005. Article 115 is now substantially outdated, fails to recognize that infant formula is prepared with other than milk-based food products, and is not applicable, for example, to the following non-milk based preparations.

- Soy-based formulas, suitable for infants who cannot tolerate lactose in most milk-based formulas or who are allergic to the whole protein in cow milk and milk-based formulas. The soy protein is a specific protein isolate fortified with L-methionine, combinations of corn maltodextrin, sucrose, or corn syrup solids provide carbohydrate; and vegetable blends to provide fat. These formulas are marketed in powdered, liquid concentrate, and liquid ready-to-eat forms.

- Protein hydrolysate-based formulas, for infants with milk allergy or intolerance to intact protein. These formulas are marketed in powdered, liquid concentrate, and liquid ready-to-eat feed forms. Enzymatically hydrolyzed casein, fortified with selected amino acids, provides nitrogen; combinations of corn syrup solids, maltodextrin, or sucrose provide carbohydrate; and vegetable oil blends provide fat. One protein hydrolysate-based product also includes medium chain triglyceride (MCT) oils as a fat source.

- Amino acid-based formula, for infants who do not tolerate formulas based on cow milk proteins, soy protein isolate, or casein hydolysate. At least one amino acid-based formula currently marketed in the United States contains corn syrup solids, free amino acids, and a vegetable oil blend as sources of macronutrients. This amino acid-based formula is available only in powdered form, and loses nutrients if sterilized after being reconstituted.

Proposed Provisions of Article 115

In addition to substituting the term "prescription formula" for the term "formula milk" throughout the article, Article 115 includes the following changes:

The title has been changed from "Formula Milk for Infants" to "Prescription Formula Preparation Facilities" to reflect the new scope and applicability of the article. The listing of section headings has been amended accordingly to reflect the changes in the article.

§115.01 Scope. Reflects the change in applicability from formula milk for infants to all kinds of prescription formulas; indicates that facilities regulated by the article are considered "non-retail food processing establishments" and thereby subject to all applicable provisions of Article 81 of the Code.

§115.03 Definition. The new definition of prescription formula includes not only milk-based formulas but other protein-based formula products such as soy protein–based formulas, protein hydrolysate-based formulas, and amino acid-based formulas. It includes powdered or liquid foods with a basic ingredient of milk, milk constituent, or other liquid or powdered protein–based food which is prepared for an individual infant, child, or adult in accordance with a prescription by a physician or dietitian.

§115.05 Permit. This section has been changed to eliminate permission to operate before a permit has been issued.

§115.07 Compliance with Code. This section has been changed to eliminate reference to specific articles of the Code, and to require compliance with all applicable provisions of the Code.

§115.09 Preparation and sale on physician's or dietitian's order. This section has been amended to reflect that many orders for modifications of manufactured formula come from hospital dietitians. It has also eliminated requests for such formula from nurses, or parents.

§115.11 Standards; ingredients. This section has been amended to eliminate references to milk produced pursuant to Article 111 ("Milk and Milk Products") of the Code. Except for milk dating, Article 111 is also considerably out of date and milk production standards are established and enforced by federal and state authorities.

§115.13 Standards; sterilization and purity of prescription formula preparations. This section has been amended to eliminate the requirement that all prescription formula preparations be sterilized, but continues to require that production facilities and equipment be maintained in sanitary, aseptic conditions, and that samples be periodically analyzed for microbiological contamination pursuant to a schedule approved by the Department. Products which fail such analysis are to be embargoed in accordance with applicable provisions of the Health Code.

§115.15 Time of delivery. Previously titled "Standards; time" this section now requires, instead of delivery on the day of the order, delivery of prepared prescription formula to the person ordering the formula within 24 hours of preparation, to preserve the safety and nutritional quality of the formula.

§115.17 Labeling of containers. Previously titled "Standards; labeling" this section now requires labeling of the individual containers of prescription formula, rather than the cartons in which the containers are delivered, and requires labels to include information recommended by the ADA and U.S. Centers for Disease Control and Prevention. Reconstituted powdered infant formula must be labeled with a 24 hour discard time, and be clearly marked as reconstituted from "powdered" formula.

§115.19 Physical facilities, equipment and processing deletes provisions that are duplicative of those in Article 81 relating to sanitary conditions required for a non-retail food processing establishment, but retains those that are unique to a facility required to maintain aseptic conditions and to separate preparation and utility functions. A prescription formula preparation facility, as a non-retail food processing establishment, is required to have all food preparation activities supervised by a holder of an approved food protection certificate, in accordance with §81.15 of this Code. Separate rooms are to be used for the preparation adult and children's formula. Preparation rooms must be organized to prevent unsanitary contamination of product and equipment, and to avoid possible allergic reactions and other adverse health effects that may be caused by cross-contamination from different kinds of formula bases.

§115.21 Packaging and sterilization. Lowers holding temperatures of prepared prescription formulas from the current 41° F to 40° F in accordance with ADA Guidelines for Preparation of Formula and Breast Milk in Health Care Facilities for control growth of *E. sakazakii* in manufactured powered infant formula. Subdivision (d) of §115.21 requires that reconstituted powdered formula be cooled to 37° F (2°C to 4°C) within one hour of preparation. Subdivision (d) of §115.21 is derived from ADA Guidelines for Preparation of Formula and Breast Milk in Health Care Facilities and the Food and Agriculture Organization of the United Nations and the World Health Organization's report on Enterobacter sakazakii and Other Microorganisms in Powdered Infant Formula recommended temperatures for cooling and maintaining reconstituted powdered infant formula to prevent infection with certain microorganisms, including, but not limited to, *E. sakazakii.* Prepared prescription formula must be packaged in individual single service food grade containers, and closed with a cover or cap that effectively seals and protects the mouth of the container. Containers may be closed with suitable, incised nipples protected with fitted outer caps. Containers of prescription formula shall be sterilized unless other processing is required by the physician or dietitian's order, or the manufacturer's label on the package for a specific formula.

§115.23 Records. This provision retains certain record keeping requirements of current §115.29 that are relevant to modern operations of the prescription formula preparation facility, but eliminates those that are no longer applicable.

Finally, Article 116 ("Infant Formula in Hermetically Sealed Containers") should be repealed in its entirety since the FDA now regulates manufacturing of all such formulas. See, 21 CFR Parts 106, 107.

Statement Pursuant to Charter § 1043

This proposal was not included in the Department's regulatory agenda because it is the result of a petition to amend the Health Code submitted in accordance with Article 9 of the Health Code, received after publication of the regulatory agenda.

The amendment is as follows:
Matter underlined is new
Matter to be deleted is indicated by [brackets].

RESOLVED, that Article 115 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, adopted by resolution in October, nineteen hundred fifty-nine, be, and the same hereby is, repealed and reenacted, to printed together with explanatory notes, to read as follows:

Article 115
Prescription Formula Preparation Facilities

§115.01 Scope
§115.03 Definition
§115.05 Permit
§115.07 Compliance with Code
§115.09 Preparation and sale on physician's or dietitian's order
§115.11 Standards; ingredients

§115.13 Standards; sterilization and purity of prescription formula preparations
§115.15 Time of delivery
§115.17 Labeling of containers
§115.19 Physical facilities, equipment and processing
§115.21 Packaging and sterilization
§115.23 Records

Introductory Notes: Article 115 was repealed and reenacted by resolution on XXX to modernize its provisions and eliminate requirements that are no longer applicable.

§115.01 Scope. This Article applies to the individual preparation of formula in accordance with a physician's or dietitian's prescription in a non-retail food processing establishment, as defined in Article 81 of this Code. It shall not apply to preparation of such formula in (1) a maternity and newborn service operating pursuant to Article 28 of the Public Health Law, (2) any other institution giving care to children, or (3) a dwelling unit for the use of a person residing within the unit.

§115.03 Definition. When used in this Article, "prescription formula" means a food that is prepared for an individual, in accordance with the prescription of a physician or dietitian, using a commercially manufactured powder or liquid food with a basic ingredient of milk, milk constituent, soy, or other liquid or powdered protein. This definition shall not limit the ingredients which may be added to any formula prepared pursuant to this Article.

§115.05 Permit. No person shall prepare prescription formula for sale or distribution or offer for sale, sell, give away or distribute prescription formula in or from a prescription formula preparation facility without a permit issued by the Commissioner.

§115.07 Compliance with Code. A prescription formula preparation facility shall be operated, constructed and maintained in the manner specified for non-retail food processing establishments by Article 81 and for buildings generally pursuant to applicable provisions of this Code.

§115.09 Preparation and sale on physician's or dietitian's order. No prescription formula preparation facility permittee shall prepare, offer for sale, sell, give away or distribute prescription formula except on the order of a physician or registered dietitian. The order may be transmitted to the permittee orally or in writing.

§115.11 Standards; ingredients. Food products used in the preparation of prescription formula shall be wholesome and obtained from sources approved in accordance with applicable federal and state law.

§115.13 Standards; sterilization and purity of prescription formula preparations.
(a)Prescription formula preparations shall be safe for human consumption and produced under sanitary conditions using aseptic technique.
(b) Samples of prepared prescription formula shall be submitted to a certified laboratory for bacteriological and other microbiological analysis in accordance with a schedule established by the permittee and approved by the Department.
(c)When bacteriological sampling or other investigation reveals that the prescription formula preparation fails to meet the requirements of this Code, the Department may embargo and exclude such prescription formula from sale or distribution in accordance with Articles 3 and 71 of this Code.

§115.15 Time of delivery. Prescription formula preparations shall be delivered to persons ordering such prescription formula within 24 hours of preparation.

§115.17 Labeling of containers. Each container of prepared prescription formula for an individual shall bear a label containing the following information:
(a) The name and telephone number of the prescription formula preparation facility;
(b) The words "INFANT FORMULA"; "CHILD FORMULA" OR "ADULT FORMULA" as applicable;
(c) The patient's name, medical record number or other institutional identification, and name of medical facility;
(d) If the prescription formula is prepared using commercially available infant formula, the infant formula brand name and additives, if any;
(e) Caloric density/volume;
(f) Expiration date and time;
(g) A statement that the prescription formula shall be kept under refrigeration at or below 40 degrees Fahrenheit (4.4 degrees Celsius), except that prescription formula for infants prepared with a powdered food base shall be maintained at temperatures below 37 degrees Fahrenheit (2.8 degrees Celsius);
(h) Prescription formulas for infants made with a powdered food base shall be labeled to identify powder content, and shall include a statement that such prescription formulas shall be discarded 24 hours after preparation.

§115.19 Physical facilities, equipment and processing.
(a) Rooms and equipment used to prepare prescription formula shall be organized, cleaned and sanitized so as to prevent contamination, including cross-contamination by food substances, such as allergens, that the ordering physician or dietitian has indicated may compromise an patient's health and safety.
(b) Facilities shall consist of separate rooms for preparation of infant and adult prescription formula and a separate room or rooms for washing and sanitizing containers and utensils. Such rooms shall not be used for any other purpose.
(c) During prescription formula preparation no other activities shall take place in the preparation room, doors leading to prescription formula preparation rooms shall be kept securely closed during preparation and only authorized personnel shall be allowed access to the prescription formula preparation room(s).
(d) Rooms shall be of such size as to prevent contamination of equipment and utensils.
(e) A preparation room shall have no exposed overhead water, steam or sewage piping and shall have an adequate number of conveniently located hand wash sinks operated by foot, knee or elbow controls.
(f) Floor drains of a washing room shall be separate from the drains of preparation rooms. A washing room shall have facilities and equipment and a supply of hot and cold running water adequate to enable proper cleaning and sterilization of containers and utensils. Racks shall be provided for the storing of containers and utensils.
(g) Equipment and apparatus used for preparation of prescription formula shall be of such sanitary design and construction that they may be taken apart for thorough cleaning and sanitizing. Equipment and apparatus shall be made of stainless steel or other impervious materials which will not rust, corrode or result in contamination. Sterilization equipment shall be equipped with recording and indicating thermometers.

§115.21 Packaging and sterilization.
(a) Prescription formula shall be packaged in individual single service food grade containers.
(b)Immediately after filling, a container shall be closed with a cover or cap which effectively seals and protects the mouth of the container. Containers with prepared infant prescription formula shall be closed with new, unused, incised nipples which shall be protected with suitable outside fitted caps.
(c) Only sterile water shall be used in infant prescription formula preparation.
(d) Containers of prescription formula shall be sterilized in an autoclave unless the physician or dietitian's order states that such formula shall not be sterilized, or if the label on a container of a commercially manufactured infant formula base advises that such formula should not be sterilized after preparation.
(e) Prepared infant prescription formula shall be properly cooled to and maintained at 40 degrees Fahrenheit (4.4 degrees Celsius) within one hour of preparation, except that prescription infant formula prepared from a powdered food base shall be cooled to 37 degrees Fahrenheit (2.8 degrees Celsius) within one hour of preparation, and maintained at 37 degrees Fahrenheit (2.8 degrees Celsius).
(f) Formula intended for persons other than infants shall be cooled to and maintained at temperatures recommended by the manufacturer of the formula base product, or Article 81, whichever temperature is lower.
(g) All prepared formula shall be used or discarded within 24 hours of preparation.

§115.23 Records. The following records, in a form provided or approved by the Department, shall be retained for at least three months:
(a) Orders received and prescription formulas prepared in accordance with such orders.
(b) For each sterilization procedure, equipment calibration readings, processing time and temperatures maintained during sterilization.
(c) Reports of bacteriological or other microbiological laboratory analyses conducted by or on behalf of the permittee.

Notes: Article 115, formerly titled "Formula Milk for Infants," was repealed and reenacted by resolution adopted on XXXX, to modernize its provisions, to clarify its scope, and to extend its applicability to formulas prepared for infants and others, and to formula products based on foods other than milk.

RESOLVED, that Article 116 ("Infant Formula in Hermetically Sealed Containers") of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, adopted by resolution on the second of July, nineteen hundred sixty-four, be and the same hereby is, repealed.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs of the City of New York. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

MONITOR FILL IMPORTATION, METHANE GAS MONITORING AND SETTLEMENT MONITORING – Negotiated Acquisition – Other (Describe below in Other Legally Mandated Information) - PIN# 84607C000C07 – DUE 03-26-07 AT 4:00 P.M. – In accordance with Section 3-04 (b)(2)(i)(D) of the Procurement Policy Board Rules, Department of Parks and Recreation intends to enter into a Negotiated Acquisition with Gannet Fleming Engineers PC. Parks is a co-permitee with Ferry Point Partners ("FPP") on the DEC part 360 permit. This permit requires the vendor to monitor fill importation, methane gas and settlement at the Ferry Point Park site. Reports are to be submitted in accordance with the DEC permit. Before we can terminate the concession license with FPP, DPR needs to have the ability to seamlessly meet the requirements of the DEC permit, which is best achieved by contracting with Gannet Fleming Engineers PC, the vendor currently providing services as a subcontractor under the FPP contract. DPR has determined that competitively soliciting for these services is not practicable because any delay in performing and continuing the required monitoring and testing at the site will place the City at risk for substantial fines from DEC and could also potentially impact the surrounding communities. Also, the above vendor has already been approved by the NYS DEC to perform services under the 360 Permit, which would be a substantial delay if another vendor were brought in to perform services. Any firm which believes it can also provide this category of service and would like to be considered, is invited to contact the NYC Parks and Recreation.

SMALL BUSINESS SERVICES

■ SOLICITATIONS

Services (Other Than Human Services)

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. AGENCY RULES

CAMPAIGN FINANCE BOARD

■ NOTICE

Notice of Opportunity to Comment on Proposed Amendments to Campaign Finance Board Rules

IN COMPLIANCE WITH SECTION 1043 OF THE NEW YORK CITY CHARTER, and exercising authority vested in the Campaign Finance Board (the "Board") under Chapter 46 of the New York City Charter (including, but not limited to, Sections 1052(a)(8) and1052(a)(12) thereof) and under the New York City Campaign Finance Act (the "Act") (including, but not limited to, Section 3-708(8) of the New York City Administrative Code), the Board hereby proposes amendments to the Campaign Finance Board Rules. Underscoring denotes proposed additions; ~~strikeout~~ denotes proposed deletions.

I. Explanation, Basis, and Purpose

The Campaign Finance Board Rules are codified in Chapter 52 of the Rules Compilation of the City of New York. The subject matter of this rulemaking was described in the Board's regulatory agenda for fiscal year 2007, published in The City Record on April 13, 2006.

The proposed amendments would effect the following specific changes, and if adopted following the opportunity for public comment, would take effect thirty days after final publication in The City Record.

Penalty Procedures (Rule 7-02)

The proposed amendments would clarify and codify the Board's existing procedures for providing notice and opportunity to appear before the Board concerning complaints and other allegations of violations. In addition, the amendments would clarify when the Board would find conciliation procedures to be appropriate.

II. Opportunity to Comment

Written comments regarding the proposed rules must be submitted to the General Counsel of the Campaign Finance Board, 40 Rector Street, 7th Floor, New York, on or before April 17, 2007. A public hearing will be held on April 17, 2007 at the offices of the Board beginning at 10:00 a.m. Persons wishing to testify are requested to notify the General Counsel of the Board at the foregoing address. Written comments and a transcript of the hearing will be posted on the CFB's website after the hearing. These documents will also be made available for public inspection, within a reasonable time after receipt, at the offices of the Board on weekdays between the hours of 9:00 a.m. and 5:00 p.m.

III. Proposed Amendments

Board Determinations (Rule 7-02)

Campaign Finance Board Rule 7-02 (c) and (d) would be amended as follows:

(c) Notice and opportunity to contest. If the Board has reason to believe that a violation of ~~candidate has violated~~ a law or rule over which the Board has jurisdiction has occurred, the Board shall notify the candidate and treasurer in writing, whether via the postal system, electronic mail, or facsimile, of the alleged violation and proposed civil penalty. ~~The candidate will be entitled to submit additional information he or she considers relevant to the Board's finding within a time period to be determined by the Board. Prior to a final finding of violation or determination of civil penalty, the candidate shall be notified of an opportunity~~ Such notice shall set forth in detail the legal basis for the Board's reason to believe there is a violation of a law or rule over which the Board has jurisdiction, and shall notify the candidate and treasurer of the opportunity to submit information and documentation for the Board's consideration within a time period to be determined by the Board, and to appear before the Board or its designee to contest the alleged ~~finding of~~ violation and proposed civil ~~and~~ penalty ~~before the Board or its designee~~. Following this opportunity to submit ~~additional~~ information and documentation, ~~and~~ consideration of any ~~additional~~ information and documentation submitted, and consideration of any appearance before the Board or its designee, the Board may determine the amount of civil penalties for any violations it determines to have occurred and shall provide notice setting forth in detail the legal basis of the Board's determination. If these amounts, as determined by the Board, are not paid by the payment deadline set forth in the notice, they may be sought through appropriate enforcement action or by deduction from any public funds otherwise due for any election.

(d) Conciliation.

(1) Upon review of respondent's submission, at any stage of a proceeding, or if the Board otherwise has reason to believe that ~~a candidate has violated~~ a violation of a law or rule over which the Board has jurisdiction has occurred, the Board may initiate conciliation procedures. For this purpose the Board may conduct a conciliation conference. Notice of the conference shall be served on those parties whose attendance the Board considers necessary.

(2) If terms of conciliation which are satisfactory to the parties are reached, a conciliation agreement shall be signed by the parties subject to its terms and by the Board's Executive Director, on the Board's behalf. This agreement may require payment of appropriate civil penalties for violations as determined by the Board. If the amounts to be paid as provided for in the agreement are not paid, they may be sought through appropriate enforcement action or by deduction from any public funds otherwise due for any election. Upon execution of such an agreement, the Board shall administratively close the case. Conciliation agreements shall be binding on all parties. In the event the Board has reason to believe that terms and conditions of the agreement have not been complied with, or if new facts are brought to the Board's attention, the Board may, in its discretion, re-open the case and/or bring an appropriate enforcement proceeding.

(3) Conciliation procedures are not part of the Board's standard practices, but may be appropriate to address novel or unusual issues and are conducted solely at the discretion of the Board.

ARTICLE XV - SAVINGS CLAUSE

SANITATION OFFICERS ASSOCIATION

AGREEMENT entered into this 26th day of February 2007, by and between the City of New York (hereinafter referred to as the "Employer"), and the Sanitation Officers Association, Local 444, Service Employees International Union AFL-CIO, (hereinafter referred to as the "Union"), for the period from May 1, 2003 to November 12, 2007.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The Employer recognizes the Union as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the Employer, wherever employed, in the below listed titles, and in any successor title(s) that may be certified by the Board of Certification of the Office of Collective Bargaining to be part of the unit herein for which the Union is the exclusive collective bargaining representative:

Supervisor (Sanitation)
General Superintendent (Sanitation) (Level I)

Section 2.

Except as otherwise provided herein, for purpose of this Agreement, the terms "employees" and "officers" as used in this agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

(a) The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Regulations Governing Procedures for Orderly Payroll Checkoff of Union Dues."

(b) An employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - COMPUTATION OF BENEFITS

Since the basic forty-hour week has not been changed by this Agreement, any modification of standard charts and use of other tours shall not affect current standard practice for the computation of compensation for holidays, vacation days, annuity fund contributions and other relevant benefits, which shall remain on the basis of an eight-hour work day calculation.

ARTICLE IV - SALARIES

Section 1.

During the term of this Agreement, the following basic annual salary rates shall prevail for employees.

(a) For employees in the title Supervisor (Sanitation):

	Effective 5/1/03	Effective 5/1/04	Effective 11/13/05	Effective 11/13/06
Appointment	$57,197	$60,057	$61,859	$63,808
After 1 year	$57,768	$60,656	$62,476	$64,444
After 2 years	$58,345	$61,262	$63,100	$65,088
After 3 years	$58,929	$61,875	$63,731	$65,739
After 4 years	$59,518	$62,494	$64,369	$66,397
After 5 years	$60,113	$63,119	$65,013	$67,061
After 6 years	$69,101	$72,556	$74,733	$77,087

(b) For employees in the title General Superintendent (Sanitation) (Level I):

	Effective 5/1/03	Effective 5/1/04	Effective 11/13/05	Effective 11/13/06
Appointment	$71,896	$75,491	$77,756	$80,205
After 1 year	$72,188	$75,797	$78,071	$80,530
After 2 years	$72,550	$76,178	$78,463	$80,935
After 3 years	$72,914	$76,560	$78,857	$81,341
After 4 years	$83,998	$88,198	$90,844	$93,706

Each employee shall progress one increment step in his rank annually on the anniversary date of his appointment to the class of position occupied.

Section 2. Uniform Allowance

A per annum Uniform Allowance shall be provided in accordance with existing standard procedures as follows:

Fiscal Year	Amount
2002-2003	$830
2003-2004	$830
2004-2005	$830
2005-2006	$830
2006-2007	$830
2007-2008	$830

Section 3. Longevity Adjustment

The following annual longevity adjustments shall be paid to employees upon the completion of the specified number of years' service in the Sanitation Service of the Classified Service of the City:

Title
Supervisor (Sanitation)
General Superintendent (Sanitation)(Level I)

Years of Service Completed	Effective 5/1/03
After 5 years	$1,288
After 10 years	$1,882
After 15 years	$2,330
After 20 years	$3,480

The adjustment after the 10th year shall not be computed as salary for pension purposes until after completing 20 years of service. The adjustment after the 20th year shall not be computed as salary for pension purposes until after the completion of 25 years of service.

In the event this provision is declared invalid under the law, the parties shall reopen negotiations to resolve the issue of the increase cost of changing the effective date of the pensionability of the above adjustments. Such negotiations will be commenced forthwith. If no agreement is reached, an impasse may be declared and subsequent mediation and the impasse proceeding, if any, shall in all respects be conducted on an expedited basis.

Section 4.

(a) Paid Holidays - Each employee shall receive eleven (11) paid holidays annually, payment for which shall be made in accordance with existing procedures.

(b) Sunday Work -An employee who works on a Sunday will receive two times his respective pro-rated hourly rate of pay for the hours actually worked.

(c) Night Shift Differential - Employees shall receive a differential of ten percent of their daily rate of pay for work performed on a night shift. For the purposes of this Section, a night shift shall be any shift in which four (4) or more hours of the shift fall after 3:00 P.M. or before 7:00 A.M., except that any work performed for which any additional compensation is provided shall be excluded from this provision.

Section 5. General Wage Increase

(a) (i) Effective May 1, 2003, Employees shall receive a rate increase of 5%.

(ii) Effective May 1, 2004, Employees shall receive an additional rate increase of 5%.

(iii) Effective November 13, 2005, Employees shall receive an additional rate increase of 3%.

(iv) Effective November 13, 2006, Employees shall receive an additional rate increase of 3.15%.

(b) The increase provided for in this Section 5 shall be calculated as follows:

(i) The increase in Section 5(a)(i) shall be based upon the base rates (which shall include salary or incremental schedules) of the applicable title in effect on April 30, 2003; and

(ii) The increase in Section 5(a)(ii) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable title in effect on April 30, 2004.

(iii) The increase in Section 5(a)(iii) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable title in effect on November 12, 2005.

(iv) The increase in Section 5(a)(iv) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable title in effect on November 12, 2006.

(c) The general increase provided in this Section 5 shall be applied to the base rates and salary grades fixed for the applicable titles.

ARTICLE V - HEALTH AND WELFARE BENEFITS

Section 1.

a. Security Benefit Fund - Effective May 1, 2003, the Employer further agrees to continue to provide the annual amount of $1,565 for each incumbent active employee, or the pro-rata share thereof for each employee employed during the term of this Agreement for a period less than the full term of this Agreement, for the purpose of furnishing certain supplementary benefits for the period of employment of such employee by the Employer during the term of this Agreement, all as provided for in a supplemental Agreement to be approved as to form by the Corporation Counsel.

The payments as above indicated shall be remitted by the Employer to the Sanitation Officers Security Benefit Fund subject to the said supplemental agreement to be entered into between the Employer and the Union for the benefit of each employee and further subject to periodic audit by the Comptroller of the City of New York.

b. Effective May 1, 2003, employees who have been separated from service subsequent to December 31, 1970, and who were covered by the Sanitation Officers Security Benefit Fund at the time of such separation pursuant to a separate agreement between the Employer and the Union shall continue to be so covered, subject to the provisions of Section 1(a) hereof, except that the respective annual amount provided in Section 1a. above shall not apply to retirees. Effective May 1, 2003, the pro-rata annual amount shall continue to be $1,325 for each retiree. Contributions shall be made only for such time as said individuals are eligible to be primary beneficiaries of the New York City Health Insurance Program and are entitled to benefits paid for by the Employer through such Program.

c. The Union agrees to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 2. Annuity Fund

a. Effective May 1, 2003, the City shall continue to contribute for each employee, on a twenty eight (28) day cycle basis, a pro-rata daily contribution for each working day for which such employee is paid by the City which amount shall not exceed $2,568.24 per annum for each General Superintendent (Sanitation)(Level I) and $2,476.89 per annum for each Supervisor (Sanitation) in full pay status in the prescribed twelve (12) month period. Contributions hereunder shall be remitted by the City each twenty-eight (28) days to a mutually agreed upon Compensation Accrual Fund pursuant to the terms of a supplemental agreement to be reached by the parties subject to the approval of the Corporation Counsel.

b. The City shall contribute for each employee who is newly promoted on or after January 1, 2007 to Supervisor (Sanitation) during the first six (6) years of service on a twenty eight (28) day cycle basis, a pro-rata daily contribution for each working day for which such employee is paid by the City which amount shall not exceed $910.89 per annum for each Supervisor (Sanitation) in full pay status in the prescribed twelve (12) month period. Upon completion of six (6) years of service, the contribution shall be made prospectively in the amount and manner prescribed in section (a), above. Contributions hereunder shall be remitted by the City each twenty-eight (28) days to a mutually agreed upon Compensation Accrual Fund pursuant to the terms of a supplemental agreement to be reached by the parties subject to the approval of the Corporation Counsel.

Section 3. Health and Hospitalization Benefits

(a) The Employer shall continue to provide a fully paid choice of health and hospitalization insurance plans for each employee, not to exceed 100% of the full cost of HIP-HMO on a category basis. There will be an annual reopening period during the term of this Agreement for active employees to exercise their choice among medical plans.

(b) Retirees shall continue to have the option of changing their previous choice of Health plans. This option shall be:

(i) a one time choice;

(ii) shall be exercised only after one year of retirement; and

(iii) can be exercised at any time without regard to contract periods.

The effective date of change to a new plan shall be the first day of the month three (3) months after the month in which the application has been received by the New York City Health Insurance Program.

Effective with the reopener period for Health Insurance subsequent to January 1, 1980 and every two years thereafter, retirees shall have the option of changing their previous choice of health plans. The option shall be exercised in accordance with procedures established by the Employer. The Union will assume the responsibility of informing retirees of this option.

(c) (i) Effective July 1, 1983 and thereafter, the Employer's cost for each employee and each retiree under age 65 shall be equalized at the community rated basic HIP/HMO plan payment rate as approved by the State Department of Insurance on a category basis of individual or family, e.g. the Blue Cross/GHI-CBP (21 day plan) payment for family coverage shall be equal to the HIP/HMO payment for family coverage.

(ii) If a replacement plan is offered to employees and retirees under age 65 which exceeds the cost of the HIP/HMO equalization provided in Section 3(c)(i), the Employer shall not bear the additional costs.

(iii) The City shall continue to contribute on a City employee benefits program-wide basis the additional annual amount of $30 million to maintain the health insurance stabilization reserve fund which shall be used to continue equalization and protect the integrity of health insurance benefits.

The health insurance stabilization reserve fund shall be used: to provide a sufficient reserve; to maintain to the extent possible the current level of health insurance benefits provided under the Blue Cross/GHI-CBP plan; and, if sufficient funds are available, to fund new benefits.

The health insurance stabilization reserve fund shall be credited with the dividends or reduced by the losses attributable to the Blue Cross/GHICBP plan.

Pursuant to paragraph 7 of MLC Health Benefits Agreement, notwithstanding the above, in each of the fiscal years 2001 and 2002, the City shall not make the annual $35 million contributions to the health insurance stabilization fund.

(d) In the event that there is a Citywide or program-wide health insurance package which exceeds the cost of the equalization and stabilization fund described above, the parties may negotiate reconfiguration of this package which in no event will provide for costs in excess of the total costs of this Agreement as set forth herein. However, it is understood that the SOA will not be treated any better or any worse than any other Union participating in the Citywide or Program-wide Health Program with regard to increased health insurance costs.

Section 4. Health Care Flexible Spending Account

a. A flexible health care spending account shall be established after July 1993 pursuant to Section 125 of the IRS Code. Those employees eligible for New York City health plan coverage as defined on page 32, section 4(B) of the 1992 New York City Health Summary Program Description shall be eligible to participate in the account. Participating employees shall contribute at least $260 per year up to a maximum of $5,000 per year. Said contribution minimum and maximum levels may be modified by the MLC Health Advisory Committee based on experience of the plan. Any unfunded balance may be deducted from final salary payments due an employee.

b. Expenses of the account shall include but not be limited to deductibles, co-insurance, co-payments, excess expenses beyond plan limits, physical exams and health related transportation costs for vision, dental, medical and prescription drug plans where the employee and dependents are covered. In no case will any of the above expenses include those non-deductible expenses defined as non-deductible in IRS Publication 502.

c. An administrative fee of $1.00 per week for the first year shall be charged for participation in the program. An employee's participation in the account is irrevocable during a plan year. At the close of the plan year any excess balance in an employee's account will not be refunded.

ARTICLE VI - TIME AND LEAVE, DEATH BENEFITS

Section 1. Sick Leave

Employees shall receive sick leave in accord with Chapter 551 of the Laws of 1962.

Section 2. Annual Leave

Each employee promoted to the title "Supervisor (Sanitation)" prior to November 1, 1992, and each employee in the title "General Superintendent (Sanitation)(Level I)" shall receive annual leave of twenty-seven (27) work days. Each employee promoted to the title "Supervisor (Sanitation)" on or after November 1, 1992, shall receive annual leave of twenty-five (25) work days for each of their first seven (7) years in said title, and after seven (7) years shall receive annual leave of twenty-seven (27) work days.

Section 3. Death-in-the Family Leave

Employees shall be entitled to four (4) working days off with pay in the event of a death in the immediate family. The family shall be defined for this purpose as spouse; natural, foster, or stepparent; child, brother or sister; father-in-law or mother-in-law; grandchildren; or any relative residing in the household.

Section 4. Special Excusals

Excused time accorded to other personnel employed by the Employer under circumstances such as excusals for the Dr. Martin Luther King, Jr. and the Senator Robert F. Kennedy funerals and the Moon Landing Observation Day shall be granted equally to employees covered by this Agreement. All compensating days off shall be subject to exigencies of the Employer.

Section 5. Line-of-Duty Death Benefit

In the event an employee dies because of a line-of-duty injury received during the actual and proper performance of sanitation service and directly resulting from a characteristic hazard of such service, through no fault of his own, a payment of $25,000 shall be made from funds other than those of the Retirement System in addition to any other payment which will be made as a result of such death. Such payment shall be made to the beneficiary designated under the Retirement System or, if no beneficiary is so designated, to the estate of the deceased.

Section 6. Death Payment of Accrued Time

If an employee dies while employed by the Employer, his beneficiary designated under the Retirement System or, if no beneficiary is so designated, the deceased's estate shall receive payment in cash for the following as a death benefit:

(i) All unused accrued leave up to a maximum of 54 days' credit.

(ii) All unused accrued compensatory time earned subsequent to January 1, 1971 which is verifiable by official Department records up to a maximum of two hundred (200) hours.

ARTICLE VII - PERSONNEL AND PAY PRACTICES

Section 1. Hours.

(a) Effective July 1, 1989 every employee shall be scheduled to work 8 hour and 15 minutes shifts for a total of 41 hours and 15 minutes per work week. The additional 15 minutes shall be exclusive of Sundays and shall be scheduled for the beginning of the tour.

(b) The following shall be the normal shifts for all employees covered by this Agreement.

Garage Shifts 8 to 4, 4 to 12, 12 to 8
Waste Disposal 8 to 4, 4 to 12, 12 to 8
Normal Field Operations 7 to 3, 4 to 12 shift
Night Plow Operations 12 Midnight to 8:00A.M.

(c) The above shift hours may be modified during an emergency by order of the Commissioner of the Department.

(d) The Employer reserves the right to reduce, add to or modify the above shifts when such changes shall be in the interest of providing more efficient service. The Union shall receive notice prior to such changes.

(e) The work week shall consist of 40 hours, consisting of five (5) eight (8) hour days, exclusive of Sundays.

Section 2. Sunday Work

(a) Assignment of Shifts

(i) All regularly assigned night officers will retain their shift, except by mutual agreement.

(ii) The highest ranking officer assigned to work on a Sunday shall work the day shift. If there is more than one officer in the highest ranking title so assigned, then, the most senior officer in that title shall work the day shift. This provision shall not apply if it requires an officer to work a double shift.

(b) Supervisor and General Superintendent (Level I) Roster - Sunday work shall be offered to every Supervisor and General Superintendent (Level I), on a rotation basis, according to previous Sundays worked, on a standardized Sunday Borough Roster. The Department shall have the right to select from District rosters in the order of standing thereon in making assignment on Sundays after holidays. In making such assignments, the Department shall rotate among districts within a zone.

(c) Transfers or Promotees - Officers transferred or promoted from one location to another, shall be slotted on the Sunday Borough Roster in accordance with the last Sunday they worked in their old location.

(d) New Officers - Newly appointed officers shall be slotted on the Sunday Borough Roster in accordance with their date of appointment. They will be slotted to work after all officers assigned to said location have worked on a Sunday which follows this officer's appointment date.

(e) Declination

(i) With the exception of those officers on sick leave, military duty, LODI, or excused because of a death in the family, any officer requesting not to work on an assigned Sunday shall be charged with said Sunday and not be reassigned to work again until his name is reached in orderly sequence. Officers on vacation, long weekend or jury duty shall have the option to work or refuse to work on Sundays. If they work, they will be charged for said Sunday; if they refuse, they will not be charged with a refusal but will work when they return to duty. Officers on vacation, long weekend or jury duty shall not have the option to work on Sundays if such assignment is related to a special event.

(ii) Officers on sick leave, military duty or LODI, or excused because of a death in the family, do not have the option to work on the said Sunday.

(iii) If for any reason an officer is notified on Friday or thereafter to work a regular

Sunday, he has the option to refuse without being charged, provided, that if all officers refuse, the original officer must work. However, if he accepts the assignment, he shall be charged and must take the shift that is available.

(iv) An officer due to work a Sunday who is out sick must work if he returns by Thursday. If he resumes Friday or Saturday, he will be scheduled to work the following Sunday, unless he notifies his location prior to Thursday of said resumption. If he resumes work after the Sunday he was due to work, he shall be charged with the Sunday.

(f) Emergency

(i) Any officer whose name does not appear on the Special Emergency list and is required to work on a Sunday due to an emergency, shall be called from his respective district list and shall be charged accordingly. All officers, except the District Superintendent, Garage Supervisor and Acting Night District Superintendent shall be called in regular rotation.

(ii) An officer cannot refuse to work in an emergency. A refusal will be subject to appropriate action according to the Code of Conduct.

(g) NonEmergency - If officers are required to work on Sundays in none-mergency situations, they shall be called from their respective Borough lists and charged accordingly.

(h) Posting - In the Bureau of Cleaning and Collection a Sunday Borough Roster shall be posted at each District Location. In the Bureau of Waste Disposal a Sunday Roster shall be posted at each location. Sunday assignments shall be posted on the bulletin board at these locations on the Monday preceding the said Sunday.

(i) Mutuals - No officer will be permitted to exchange Sundays for any reason at any time.

(j) There shall be a special emergency list established in each Sanitation District. Such list shall be used on a priority basis for employees called in during an emergency. There shall be no less than 30% of the employees so assigned. Assignment to such a "Special Emergency List" shall be made annually during the month of November, in accordance with this Subsection (j). Such work shall not affect an employee's position on the regular Sunday and Holiday work rotation list. The employee who signs for such "Special Emergency List" must call his work location during any snow alert. If the employee is not at home during a snow alert and the employer calls his home, whoever answers the call must contact the employee. The employee will not have the right to refuse to report to work. The provisions of this Subsection (j) shall apply only to those districts having a list of 30% or more employees so assigned. If this number is not obtained, no list shall be posted. The location will then use the regular established Sunday and Holiday list for personnel for emergencies. However, the provisions of this Subsection (j) which pertain to reporting when contacted during emergencies shall apply to the regular list during such emergencies.

Section 3. Vacations

(a) Vacations shall be taken in accordance with the Department's vacation order promulgated each year. Changes in such order that affect employees herein shall be mutually agreed upon by the Union and the Department prior to the promulgation of such order.

(b) In the event that an officer is hospitalized due to illness or injury on vacation, the Chief Medical Officer shall terminate the officer's vacation and place him on sick leave.

(c) When on vacation, an officer shall have the option to work as many charts that come due him during his vacation period. If he works, he will be charged, if he refuses, he will not be charged with a refusal but will make up charts missed when he returns to duty. An officer on vacation does not have the option to work his chart if his assignment is related to a Special Event.

Section 4. Holiday Work

(a) Assignments of Shifts

(i) All regular assigned night officers will retain their shift, except by mutual agreement.

(ii) The highest ranking officer assigned to work a holiday shall work the day shift. If there is more than one officer in the highest ranking title so assigned, then, the most senior officer in that title shall work the day shift. This provision shall not apply if it requires an officer to work a double shift.

(b) Supervisor and General Superintendent (Level I) Roster - Holiday work shall be assigned to Supervisors and General Superintendents (Level I) initially according to previous holiday work on a rotating basis on a Standard Borough Roster.

(c) Transfers or Promotees - Officers transferred or promoted from one location to another shall be slotted on the Holiday Borough Roster in accordance with the last holiday worked in their old location.

(d) New Officers - Newly appointed officers shall be slotted on the Holiday Borough Roster in accordance with their date of appointment. They will be allotted to work after all officers assigned to said location have worked a holiday following this officer's appointment date.

(e) Declination - No officer can decline to work a holiday when he is so scheduled. This includes Chart Day but does not include Sick, LODI, Vacation or DIF.

(f) Emergency

(i) Any officer working a holiday for any reason, and paid for same, shall not get credit for a holiday worked on the regular list and shall work the next regular holiday.

(ii) In the event that this holiday is Christmas Day, he shall work on the next regular holiday after New Years Day.

NOTE: The only exception would be if all officers worked on Christmas Day. In this case an officer would work both Christmas and New Year's Day.

(g) Christmas or New Years Day Falling on a Sunday - Any officer who works a Christmas Day, which falls on a Sunday, or a New Years Day, which falls on a Sunday, shall be charged for Sunday work on the Sunday Borough Roster and credited with working a Christmas or New Year's Day on the Holiday Borough Roster (in the remarks column) but shall not be charged with working a holiday. Any officer who previously worked on a Christmas Day or a New Years Day may refuse to work on a Christmas Day or a New Years Day which falls on a Sunday and shall not be charged for refusal to work on said Sunday. However, if all officers refuse to work on a Christmas Day, which falls on a Sunday, the assignment shall go to the next officer on the Sunday Borough Roster who had not previously worked on a Christmas Day. The same procedure shall apply to New Years Day falling on a Sunday.

On a Monday following a Christmas or New Years Day falling on a Sunday, the Holiday Borough Roster shall be used in making assignments. However, if an officer has worked on a Christmas Day falling on a Sunday and is due to work on the following Monday, he shall be excused and instead work on the Monday following New Years Day. If an officer has worked on a New Years Day falling on a Sunday and is due to work on the following Monday, he shall be excused and instead work on the next holiday.

This option, permitting an officer who works on a Christmas Day or New Year's Day falling on a Sunday to be excused from working on the following Monday, shall not apply to an officer who has worked a Christmas Day or New Years Day in a previous year.

(h) Posting - In the Bureau of Cleaning and Collection a Holiday Borough Roster shall be posted at all District Locations. In the Bureau of Waste Disposal a Holiday Roster shall be posted at all locations. Specific holiday assignments shall be posted on the bulletin boards at these locations one week in advance of said holiday.

(i) Mutuals - No officer will be permitted to exchange Holidays for any reason at any time.

(j) Christmas Day - No officer shall be required to work Christmas Day more than once until each officer on the Borough Roster has worked on that particular holiday. This holds true whether the holiday is a paid holiday or a regular holiday.

(k) New Years Day - No officer shall be required to work New Years Day more than once until each officer on the Borough Roster has worked on that particular holiday. This holds true whether the holiday is a paid holiday or a regular holiday.

(l) Except in an emergency, an officer whose scheduled chart day falls on a holiday he is scheduled to work, may be given the option of having a different chart day or receiving compensatory time off on an hour for hour basis. The alternative chart day shall be designated solely by the Borough Superintendent or his alternative.

Section 5. Lunch Periods

The daily lunch period shall consist of thirty minutes.

Section 6. Transfers

(a) Seniority

(i) Full seniority in title will prevail on all voluntary transfers in the Bureau of Cleaning and Collection in the following titles:

Supervisor General Superintendent (Level I)

(ii) Transfer requests from General Superintendents (Level I) shall be for Borough Command only. General Superintendents (Level I) requesting transfers shall submit them in the following manner, specifying from 1 to 3 choices:

A. Borough Command
B. Night Borough Superintendent
C. Waste Disposal (be specific).

The Borough Superintendent with the approval of the First Deputy Commissioner can assign a General Superintendent (Level I) to any appropriate duties within the bounds of the Borough Command with the following exception:

Night Borough Superintendent shall be assigned in accordance with seniority, subject to a six month trial period during or at the end of which that Night Borough Superintendent may be transferred to another position within the Department if in the sole judgment of the employer, he is unqualified.

Supervisors will be required to submit transfer requests in the following manner, specifying from 1 to 3 choices:

A. District Command (any section or R.O. assignment except Garage Supervisor).
B. Section (indicate specific section number).
C. Garage assignment (indicate specific shift).
D. N.D.S. (indicate specific district)
E. Waste Disposal (indicate specific location).

(iii) Request for transfer to the Bureau of Waste Disposal in the Fresh Kills Marine Unloading Facility shall be honored in the following manner:

A. Employees assigned to the Bureau of Waste Disposal may be given first priority on submitted transfers.

B. Bureau of Waste Disposal employees may be given first priority upon promotion to existing vacancies.

C. Full seniority will prevail on all other voluntary transfers to the Bureau of Waste Disposal in the following manner:

1. General Superintendents (Level I) may submit transfers only to the Divisions in Waste Disposal (Marine Unloading, Marine Transfer Stations, Land Fills).

2. Supervisors may submit transfers to specific locations within the Bureau of Waste Disposal.

3. Seniority shall not be a criterion for transfer to dispatcher or other specialized position.

4. All transfers made to Marine Unloading in accordance with Subsection (a)(iii) of this Section shall be subject to a six month trial period during or at the end of which the transferred officer may be transferred to another position within the Department if, in the sole judgment of the Employer, he is unqualified.

(b) Application - The following procedure shall be followed when submitting transfer applications:

1. The officer requesting a transfer shall submit his request in writing on the appropriate form provided by the Employer to the First Deputy Commissioner or his designee.

2. The Employer shall furnish the employee requesting a transfer a dated receipt which shall be his record of the transfer request.

(c) Involuntary Transfers - Supervisor

When in the interest of the Employer involuntary transfers of officers in the above title are to be made, the Employer shall notify and consult with the Union one week prior to the physical implementation of such transfers.

(d) Officially Submitted - Transfer must be officially submitted at least two (2) weeks prior to the original official date of promotion, or in the absence of promotions, two (2) weeks prior to date of transfers, or they will not be honored until the next transfer.

NOTE: To be officially submitted, the officer must receive a receipt. The date on said receipt shall be the guide as to the two (2) week gap.

(e) Rotating Superintendents - Involuntary Transfer

Rotating Superintendents who have continuously served as Rotating Officer 12 or more consecutive months in the same Borough Command may be transferred involuntarily to any location in the City where a vacancy exists for which there is no request for a transfer pending. This provision shall not apply to a Rotating General Superintendent who has requested a command.

(f) Supervisor Assignment to OAU, Operations Assistance Unit:

OAU staffing will be filled as follows: 50% by management and 50% by transfer. Odd number staffing will be filled by Management with the next assignment to be filled by transfer. Assignments thereafter will continue in this fashion. Transferees must have had at least an overall Satisfactory Evaluation Rating for the last annual rating period. An employee wishing to transfer to OAU whose last annual evaluation was less than "Satisfactory" will be afforded a review of his/her application by the Commissioner and the Union President. The Commissioner's decision shall be final and not reviewable.

Current Supervisors assigned to OAU (as of the date of this Agreement) will not be affected by the "50% management/ h50% transfer" (odd to management) agreement stated above. Until the 50% balance is achieved, all new vacancies will be assigned to achieve the 50% balance. If all assigned slots are currently filled via transfers, until such time as there is a "50/50" balance, all the vacancies will be filled by management selection.

Any non-transferable officer cannot receive a "transfer" assignment to OAU until they have completed one year out of the unit.

District Superintendent assignment will remain non-transferable.

Section 7. Job Assignment

(a) (i) In those districts that have a 12 midnight to 8:00 A.M. yearly operation, the Department will offer these positions to employees for voluntary transfers. Seniority will prevail on all such transfers. The Department will assign the current 12 - 8 field officer to this position should an officer (supervisor) be presently assigned. All further assignments will be made by voluntary transfer. However, should the Department discontinue staffing the 12:00 midnight to 8:00 A.M. shift, the officer will be reassigned as rotating officer in assigned district. Nothing in this subsection will impair the Department's right to create, maintain, or abolish shifts as it, in its sole discretion, may determine to be necessary.

(ii) Shifts Normally the following assignments will be in effect:

4 to 12 ANDS - Supervisor
4 to 12 Garage - Supervisor
12 to 8 Garage - Supervisor
8 to 4 Garage - Supervisor
Day Section - Supervisor

(iii) In those districts that may require special cleaning for events (i.e. the Democratic National Convention etc.) a special cleaning officer may be assigned. The

assignment will be offered on a seniority basis among the district's rotating officers. In the absence of volunteers, the junior rotating officer shall be assigned. The rotating officer assigned as the special cleaning officer shall, for the purpose of this agreement, become the most senior rotating officer. Should insufficient district rotating officers be available, the cleaning assignment will be offered first to rotating officers within the respective borough, then on a citywide basis. The District Superintendent, after one week, shall have the right to reassign the special cleaning officer if in his judgement, subject to the following review, said officer is unable to perform to his satisfaction. The District Superintendent will notify the union forty-eight (48) hours prior to any such reassignment, except when ordered by the First Deputy Commissioner or his designee. The Borough Commissioner, or his designee, shall make himself available within said forty-eight (48) hours to mediate such reassignments if challenged.

(b) Time Between Shifts

(i) A minimum of eight (8) hours must be given between any shift change, except that short shifts shall be permitted when employee swings from Sunday P.M. to Monday A.M.

(ii) Under no circumstances shall any officer work a double shift. Should this situation arise, then the next low seniority officer will relieve the vacated shift. (Except on a voluntary basis.)

(iii) Under no circumstances shall the eight (8) hour rule be applied to the same officer twice consecutively.

Example: 4 to 12 on Monday - 8 - 4 on Tuesday
12 to 8 on Wednesday.

(c) Span of Control/Functional Operations

(i) When any equipment is assigned to functional operations, an officer must be assigned for supervision.

- For purposes of this Section (Section 7, (c) (i), (ii)), equipment assigned to a functional operation means: On the Day Shift, equipment assigned to a District Section. On the Night Shift, during Night Plow Season as established by Department Order, equipment assigned to a District and On the Night Shift, during the Non-Night Plow Season, equipment assigned as stated in subsections (ii) and (iv).

  For purposes of this Section, Collection or Other Functional Equipment means all residential household refuse and recycling collection equipment as well as all mechanized equipment assigned to street cleaning functions. E-Z Pack and Roll On–Roll Off equipment, Wreckers and Flat-beds, etc. shall not be included as Collection or Other Functional Equipment.

- Multiple District Coverage, as stated in subsection (iv), falls within the respective boundaries of the current (7) seven Operational Borough Commands.

- On Sundays and Holidays, assignment of an officer will be as currently assigned. Equipment assigned to Street Fair clean-up will be supervised in accordance with Section 7 (c).

- Snow operations will continue to be staffed in accordance with current practices.

- Subject to provisions of the effective collective bargaining agreement including but not limited to Article VIII, management recognizes that the level and manner of supervision for assignments crossing district boundaries is not the same as for assignments remaining within the boundary of one district. Prior to initiating disciplinary action for violations relating to inadequate supervision of equipment while supervising equipment crossing district boundaries, a meeting will be held within three (3) working days of notification to employee and the Union of such violation. The meeting will be held with the Unit head, the Union representative, the employee's supervisor and the employee subject to the proposed discipline. This provision will not serve to prevent the Department from taking immediate action in egregious circumstances warranting such action.

(ii) One (1) officer for seven (7) collection trucks shall be assigned on both the day and night shifts.

- For the purpose of this Section (Section 7, (c) (ii)), one (1) officer shall be assigned on the Day Shift for seven (7) collection trucks or less plus any other functional piece(s) of equipment. If there is only one piece of equipment as defined in Section (i), above, in a Section, a Supervisor will be assigned. On the Night Shifts, one (1) supervisor shall be assigned for any combination of 7 or less pieces of equipment. No additional field supervisor will be assigned on the night shifts if there are seven (7) or less pieces of any equipment assigned within the District during any season (Night Plow or Non-Night Plow). Assignment of a supervisor(s) to a district or multiple districts during the Non-Night Plow Season will be as stated in subsection (iv).

  Span of control: The ratio of one (1) supervisor for the maximum of seven (7) collection trucks or pieces of equipment as described in this subsection (ii) (i.e., on the assignment of the 8th collection truck or piece of equipment, one (1) additional officer will be assigned, on the assignment of the 15th collection truck or piece of equipment a second additional officer will be assigned, etc.)

(iii) Notwithstanding the provisions set forth in Subsection (ii) above, the Commissioner of the Department of Sanitation or his designee shall have the absolute right to change the ratio of officers to collection trucks as set forth in Subsection (ii).

(iv) No additional officers will be assigned on nights if there are seven (7) or less pieces of equipment assigned within the district.

- During the Non-Night Plow Season, the assignment of a supervisor(s) to a Section on the Day Shift and a District on the Night Shifts will be determined as follows: On the Day Shift, subject to Subsection (iii), above, seven (7) or less trucks assigned to collection, plus any other functional piece(s) of equipment. On the Night shifts, any combination of 7 or less pieces of equipment.

- It is to be clearly understood that the assignments on the night shifts are based on the total pieces of equipment, not just collection trucks, and that this language can not be used to change the ratio on the day shift assignment of a section officer, regardless of the season (Night Plow or Non-Night Plow).

- On the Night Shifts during the Non-Night Plow Season when there are two (2) adjoining districts with five (5) or less pieces of equipment (collection and any other functional piece(s) of equipment) assigned to a functional operation, one (1) supervisor will be assigned. This includes equipment that may be assigned for less than a full shift.

  Span of control: The ratio of one (1) supervisor for the maximum of five (5) pieces of equipment as described in this subsection (iv) (i.e.: on the assignment of the 6th piece of equipment, one (1) additional officer will be assigned, on the assignment of the 11th piece of equipment a second additional officer will be assigned, etc.)

- On the Night Shifts during the Non-Night Plow Season when there are three (3) adjoining districts with four (4) or less pieces of equipment (collection and any other functional piece(s) of equipment) assigned to a functional operation, one (1) supervisor will be assigned. This includes equipment that may be assigned for less than a full shift. Full scheduled collection routes not to exceed 2 districts. This shall not preclude partial collection in the third district.

  Span of control: The ratio of one (1) supervisor for the maximum of four (4) pieces of equipment as described in this subsection (iv) (i.e.: on the assignment of the 5th piece of equipment, one (1) additional officer will be assigned, on the assignment of the 9th piece of equipment a second additional officer will be assigned, etc.)

- On the Night Shifts during the Non-Night Plow Season when only one piece of equipment is assigned to a district, there is no restriction on the number of districts the assigned supervisor can cover. The assignment will go to the district dispatching equipment.

- For the purpose of clarification, "Adjoining" means: Two (2) districts that have a boundary part of which is common to both districts. Three (3) districts whereby one of the three (3) districts has a boundary part of which is common to each of the other two districts.

- For multiple district coverage as stated in this subsection (iv), Seniority will prevail amongst the officers in the affected districts dispatching equipment with preference going to transferred officers. The said district will be obligated for the season. In the event there are no volunteers, inverse seniority will be used amongst the affected officers.

(v) When overtime is ordered, all provisions of this section will remain in effect.

(d) Out of District

(i) In the absence of volunteers, out of district assignments shall be given to the Junior Rotating Supervisor assigned on days. Junior Rotating Supervisor with prior night shift relief assignment that day shall be excluded.

(ii) When a Supervisor is to be detached, the Rotating Supervisor shall take the assignment. If there is more than one Rotating Supervisor, the Junior Rotating Supervisor will take the assignment. If no rotating Supervisor is available, the Junior Section Supervisor assigned for day work will be assigned.

(iii) Under no circumstances shall the regularly assigned Garage Supervisor be detached.

(iv) Under no circumstances shall a Supervisor who is detached (on a daily basis) be assigned to night work, unless said location has no Supervisor working on the day line. This rule does not include the assigned Garage Supervisor.

(v) A newly promoted officer assigned to a district or any other location, shall not be assigned out of his location for a period of four (4) weeks from the date of his physical assignment.

(vi) If an officer is to be detached for more than one (1) week or for an indefinite period, he shall work night reliefs, or any other assignments in accordance with his seniority at detached locations.

(vii) If any officer is detached for sixty (60) days or more he should be placed on the Sunday and Holiday Roster at the detached location in accordance with the last Sunday or Holiday he worked.

(viii) If the least senior day officer is required to work a night shift in another district, he cannot bump the regularly assigned relief officer working in his district, that night.

(ix) Officers assigned to work out of zone will have four (4) hours of compensatory time added to the book on the first day that such work is performed in each zone.

(x) In the absence of volunteers from among Rotating Supervisors, when two or more Rotating Supervisors are temporarily assigned at the same time to new locations, seniority as among themselves shall prevail as to assignment location and shift. When Rotating Officers are not available, this provision shall also apply to Section Supervisor.

(e) Night Relief

(i) In the absence of volunteers from among Rotating Supervisors, night reliefs shall be handled by the three Junior Rotating Supervisors in each payroll location (see xii of this Subsection.)

(ii) This is readjusted when Night Plow begins and when Night Plow is over.

(iii) In the event of transfers, promotions or similar personnel changes, the designation of the three Junior Rotating Supervisors will be reevaluated.

(iv) After establishing the three Junior Rotating Supervisors, they will pick the relief of their choice by seniority.

A. This applies only to the basic relief and does not apply to any additional reliefs which might come up.

NOTE: Basic reliefs are 4/12 G 12/8 G 12/8 Field and NDS.

B. In the event that the fourth man must make a relief, he does not have any choice of shift.

(v) District night reliefs shall be filled by a Rotating Supervisor. When no Rotating Supervisor is available, the section supervisor with the least seniority shall be assigned to night relief. When more than one section supervisor is available, the section supervisor with the least seniority shall make no more than two reliefs. Reliefs, thereafter, also limited to two reliefs per section supervisor, shall be made in the inverse order of seniority.

(vi) Each of these three (3) must make a minimum of two (2) reliefs within a one week period, before the number four (4) man is used for relief.

(vii) If the number four (4) man is used, he must make two (2) reliefs before the fifth man is used, etc.

(viii) If regular night shift Supervisor goes Sick, Vacation, etc., he will be replaced by the Junior Rotating Supervisor, unless a senior Rotating Supervisor volunteers for said assignment. If no Rotating Supervisor is available, he will be replaced by the Junior Section Supervisor.

(ix) The Assistant to the NDS is assigned to Junior Rotating Supervisor, regardless of the number of nights he works at this assignment.

(x) Once a Rotating Supervisor works as Assistant to the NDS for two (2) nights or more, he will not make any other regular reliefs, except when there are no other Rotating Supervisor available.

(xi) When the NDS is absent more than one day in any week, exclusive of chart day, he shall be replaced by the Junior RO Supervisor. If no RO Supervisor is available, he shall then be replaced by the Junior Day Supervisor.

(xii) The regular Day Garage Supervisor shall not be used to replace the NDS at any time regardless of seniority.

(xiii) A newly appointed Rotating Supervisor shall not be assigned on nights for a period of two (2) weeks from the date of his physical assignment to his specific location.

(xiv) If an officer works on the same shift for four (4) or more nights per week he shall be treated as if he had a steady shift.

(xv) A Rotating Supervisor who volunteers for any shift during snow plow season cannot voluntarily change that shift. A Rotating Supervisor who is involuntarily assigned a shift during snow plow season, may change his shift if a less senior Rotating Supervisor is assigned to the district.

(xvi) Where mechanical broom depots are assigned to a district, rotating Supervisors in such district shall be assigned reliefs in such depots. When rotating supervisors are not available, reliefs will be assigned to low section Supervisors. Where mechanical broom depots are assigned to a Borough, rotating Supervisors in such Borough shall be assigned reliefs in such depots.

(xvii) Where an officer is assigned to the 12 midnight to 8 a.m. shift in a Borough and must be relieved, rotating officers in that Borough will make the relief.

(xviii) If a rotating Supervisors or section Supervisor replaces a regular night shift officer while on vacation, sick, etc. and the assignment includes part of a week, these nights will be considered a relief.

(f) Officer Replacement

(i) Garages/Sections/Cleaning/Household Bulk - Where vacancies are expected in garage, section, cleaning or household bulk officer assignments that are in excess of one week, due to illness, vacation, terminal leave etc., the vacancy shall be filled by seniority from among the Rotating Supervisors in the district. The Rotating Supervisor so assigned shall be locked into the vacant position until the incumbent returns or transfers are made. However, once each calendar year, on a date set by the Department of Sanitation, locked-in Rotating Supervisor assignments shall be adjusted, within each district, on the basis of seniority, among the Rotating Supervisors in that district.

When no Rotating Supervisor is available to fill a different assignment (i.e. nights, out-of-town etc.), the locked in Rotating Supervisor will be given such assignment before an assigned Section Supervisor, regardless of seniority. In the event there is more than one locked in Rotating Supervisor in said district, seniority among affected supervisors shall prevail.

Locked in Rotating Supervisors assigned

to a garage position will have the same assignment privileges as an assigned Garage Supervisor.

(ii) Marine Transfer Station - When an 8 to 4 Marine Transfer Station Supervisor vacancy occurs, and the Department decides to fill such vacancy with an officer as defined herein, it shall be filled by seniority with preference given to the Officers assigned to Marine Transfer Stations.

(g) Notification

(i) Officers assigned shifts will be posted at the beginning of each week for the period of Monday to Saturday inclusive.

(ii) These assignments shall be changed only in the event of an emergency such as unexpected Sick, etc. When such changes are made, officers will be given twenty-four (24) hours notice where possible.

(h) Replacing General Superintendent (Level I)

(i) General Superintendent (Level I) shall be replaced by Rotating Superintendent in the Borough. When no Rotating Superintendent is available, a Supervisor of the district involved will be given the assignment.

(ii) Night Borough Superintendent shall be replaced with Rotating Superintendent in the Borough. Should the NBS and the Day District Superintendent be absent on the same day, priority shall be given to replace the Night Borough Superintendent.

(iii) Chart days shall be rotated for Night Borough Superintendents.

(iv) If a Night District Superintendent is used to replace the Night Borough Superintendent, on his chart day, the Borough Superintendent shall, subject to individual determinations, make every effort to rotate his assignment between all the Districts in his command.

Section 8. Working Conditions

(a) The employer shall make reasonable efforts to provide employees with sanitary washing and toilet facilities including hot and cold running water, toilet paper, paper towels, proper lighting, ventilation, and adequate locker space.

(b) An ample supply of potable drinking water shall be available to all employees in their respective work locations.

Section 9. Parking

The Department shall make reasonable efforts, without liability to the city, at locations where parking is provided on Department property for Sanitation employees and sufficient space is available for all employees, to provide an adequate area for supervisors parking. Should insufficient space be available for all employees, parking will be proportionately distributed. This expressed intent of the Department does not imply or express any obligation or commitment on the part of the City and/or Department to make available any such locations or parking facilities. Where such property is provided and so designated for this purpose, the City shall not be obligated to maintain it for parking. The Department and/or the City need not continue to provide such property for parking when the Department and/or the City, in their discretion, decides to make different use of such property. This provision shall not be subject to the grievance/ arbitration procedure.

Section 10. Transportation

(a) Any field officer who requires transportation in order to carry out his assignment shall be furnished such transportation by the Employer. Except in an emergency, officers, when engaged in routine supervisory assignments, will not be transported in a vehicle not designed primarily for transportation.

(b) All vehicles so assigned must conform with all Employer safety regulations.

(c) In the event no vehicle is available and transportation is required, the officer shall be reimbursed by the Employer for any money spent on public transportation. No officer shall use a private vehicle for official transportation during working hours, under any circumstances.

Section 11. Rights of Officers

(a) Whenever an officer is called by any other agency of government for interrogation, he shall be notified of his right to counsel and of Union representation. The officer shall be called whenever possible during his regular shift assignment. In the event the proceedings go beyond his normal working hours, the officer shall be compensated in accordance with the overtime provisions negotiated with the City of New York.

(b) When the presence of an officer who is assigned to a night shift is required to appear as a complainant at a Department proceeding, every effort will be made to schedule such proceeding during said officer's normal shift assignment hours. In any event, there shall be no diminution of said officer's income by reason of such required appearance.

Section 12. Summonses

(a) No officer shall be required to act as or perform the duties of a peace officer except in connection with the enforcement of Health Code, Administrative Code and Alternate-Side-of-the-Street Parking regulations which the Department is, by law, required or authorized to enforce.

(b) The Employer shall not maintain a quota system whereby an officer is required to issue a specific number of summonses for violations of Health Code, Administrative Code or Alternate-Side-of-th Street Parking regulations.

Section 13. Grievance Arbitration Hearings

Individual employee grievants shall be granted leave with pay for such time as is necessary to testify at arbitration hearings.

Leave with pay shall be granted to three (3) employees who are named grievants in a group arbitration proceeding, for such time as is necessary for them to testify at their group arbitration hearings.

Leave with pay for such time as is necessary to testify at their hearings shall be granted to employees who, after final adjudication of proceedings under Section 210 paragraph 2h of the Civil Service Law are determined not to have been in violation of Section 210.

Section 14. Interest

(a) Interest on wage increases shall accrue at the rate of three (3%) per annum from one hundred-twenty (120) days after execution of the applicable contract or one hundred-twenty (120) days after the effective date of the increase, whichever is later, to the date of actual payment.

(b) Interest on shift differentials, holiday and overtime pay, shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days following their earning or one hundred-twenty (120) days after the execution of this Contract, whichever is later, to the date of actual payment.

(c) Interest accrued under (a) or (b) above shall be payable only if the amount due to an individual employee exceeds five dollars ($5).

Section 15. Return to ServiceLaid Off Employees.

A laid off employee who is returned to service in the employee's former title or in a comparable title from a preferred list, shall receive the basic salary rate that would have been received by the employee had the employee never been laid off, up to a maximum of two (2) years of general salary increases.

Section 16. Lump Sum Payments for Leave Entitlement

Where an employee has an entitlement to accrued annual leave and/or compensatory time, and the City's fiscal condition requires employees who are terminated, laid off or who choose to retire in lieu of layoff be removed from the payroll on or before a specific date, or where an employee reaches the mandatory retirement age, the employer shall provide a monetary value of accumulated and unused annual leave and/or compensatory time allowances standing to this credit in a lump sum. Such payment shall be in accordance with the provisions of Executive Order 30, dated June 24, 1975.

Where an employee has an entitlement to terminal leave and the City's fiscal situation requires that employees who are terminated, laid off or retire be removed from the payroll on or before a specific date, or where an employee reaches the mandatory retirement age, the employer shall provide a monetary lump sum payment for terminal leave in accordance with the provisions of Executive Order 31, dated June 24, 1975.

Section 17. Terminal Leave, Commencement of

Effective July 1, 1977, any employee applying for either ordinary or line-of-duty disability retirement, shall begin to receive all of his accrued time, including accrued vacation, compensatory time, terminal leave and any other accrued leave, as of the date he submits a disability retirement application.

Section 18. Performance Compensation

The City acknowledges that each of the uniformed forces performs an important service that reflects the diverse missions of the City's uniformed agencies. In order to reward service of an outstanding, exceptional nature, each of the uniformed agencies will establish a performance compensation program to recognize and reward such service, tailored to the unique missions of the individual uniformed agency.

The parties agree that additional compensation may be paid to employees performing outstanding, exemplary, difficult and/or unique assignments. The City will notify and discuss with each affected union of its intent to pay such additional compensation and the individuals to be compensated.

The criteria for the granting of performance-based compensation shall be based upon outstanding performance in the work assigned, and/or performance of unique and difficult work.

The performance-based compensation payments provided for in this section shall be one-time, non-recurring cash payments subject to applicable pension law. An employee can receive no more than one payment annually.

This provision shall not affect any existing productivity programs covered in any existing collective bargaining agreements. Nor shall this provision be construed to waive any obligation of the City to negotiate over future productivity programs as required by applicable law.

ARTICLE VIII - PRODUCTIVITY AND PERFORMANCE

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the City and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness the parties hereby agree to the following terms:

Section 1. Performance Levels

(a) The Union recognizes the Department of Sanitation's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, prepare work schedules and to measure the performance of each employee or group of employees. For the purpose of this Section the Union may, under Section 1173-4.3b of the New York City Collective Bargaining Law, assert to the Department of Sanitation and/or the Board of Collective Bargaining during the term of this agreement that the Department of Sanitation's decisions on the foregoing matters have a practical impact on employees, within the meaning of the Board of Collective Bargaining's Decision No. B-968. The Department of Sanitation will give the Union prior notice of establishment and/or revision of performance standards or norms hereunder.

(b) Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. Supervisory Responsibility

The Union recognizes the Department of Sanitation's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions. For the purposes of this Section, the Union may, under Section 11734.3b of the New York City Collective Bargaining Law, assert to the Department of Sanitation and/or the Board of Collective Bargaining during the term of this agreement that the Department of Sanitation's decisions on the foregoing matters have a practical impact on employees, within the meaning of the Board of Collective Bargaining Decision No. B968. The Department of Sanitation will give the Union prior notice of establishment and/or revision of standards of supervisory responsibility hereunder. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

ARTICLE IX - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee.

Section 2.

The labor-management committee shall consider and recommend to the agency head changes in working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

The labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. The Committee shall select a chairman from among its members at each meeting. The chairmanship of the committee shall alternate between the members designated by the agency head and the members designated by the Union. The committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of a committee.

ARTICLE X - GRIEVANCES

Section 1. Grievance Representation

(a) There shall be one shop steward designated by the Union for each of the eleven zones in the Department plus one shop steward for waste disposal.

(b) There shall be one shop steward designated by the Union for each district and he shall have the right to present grievances to the supervisor in charge of the location to which he is assigned.

(c) District Shop Stewards will not be assigned to night work on the nights when Union meetings are scheduled.

Section 2. Grievance Procedure

(a) Definition: The term "grievance" shall mean:

(A) A dispute concerning the application or interpretation of the terms of this collective bargaining agreement;

(B) A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting the terms and conditions of employment; provided, disputes involving the Rules and Regulations of the City Personnel Director shall not be subject to the Grievance Procedure or arbitration;

(C) A claimed assignment of employees to duties substantially different from those stated in their job specifications; and

(D) A claimed improper holding of an open competitive rather than a promotional examination.

(b) The Grievance Procedure, except for paragraph (D) of Subsection (a), shall be as follows:

Step 1. The employee and/or the Union shall present the grievance verbally or in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third work day following the date of submission.

Step 2. An appeal from an unsatisfactory determination at Step 1 shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) working days of the receipt of the Step 1 determination. A

copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing to the employee and/or the Union by the end of the tenth work day following the date on which the appeal was filed.

Step 3. An appeal from an unsatisfactory determination at Step 2, shall be presented in writing to the agency head or his designated representative. The appeal must be made within five (5) working days of the receipt of the Step 2 determination. The agency head or his designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following date on which the appeal is received.

Step 4. An appeal from an unsatisfactory determination at Step 3 shall be presented by the employee and/or the Union to the Commissioner of Labor Relations, in writing, within ten (10) working days of the receipt of the Step 3 determination. Copies of such appeal shall be sent to the agency. The Commissioner of Labor Relations or his designee shall review all appeals from Step 3 determinations and shall answer such appeals within ten (10) working days following the date on which the appeal was filed.

Step 5. An appeal from an unsatisfactory determination at Step 4 may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step 4 determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefore to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with Title 61 of the Rules of the City of New York. The costs and fees of such arbitration shall be borne equally by the Union and the Employer. The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Subsection (a) of this Section.

(c) As a condition to the right of the Union to invoke impartial arbitration set forth in this Section, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

(d) Any grievance of a general nature affecting a large group of employees and which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this agreement shall be filed at the option of the Union at Step 3 of the Grievance Procedure, without resort to previous steps.

(e) If grievances covering the same issue are filed by two or more employees without the aid or assistance of the Union, the determination of the first two of such grievances shall be dispositive of the remainder of such grievance.

(f) If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at Step 3 of the Grievance Procedure; or if a satisfactory Step 3 determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at Step 4 of the Grievance Procedure.

(g) If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except, however, that only the Union may invoke impartial arbitration under Step 5.

(h) The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

(i) Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

(j) All grievances as defined in Section 2(a)(C) shall be submitted only in writing. In no event shall any monetary award cover any period prior to the date of filing of the Step 1 grievance.

(k) (i) Any grievance relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open competitive examination, or copy of the appointing officer's request for such open--competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

(ii) A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Subsections (b) and (c) above. Such a grievance shall be presented by the Union, in writing or arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to him. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

(l) The grievance and the arbitration procedure contained in this agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law. This section shall not be construed in any manner to limit the statutory rights and obligations of the Employer. The sole remedy for alleged violations of this Collective Bargaining Agreement shall be a grievance pursuant to Article X of this Agreement. Any employee who withholds services as a means of redressing or otherwise protesting alleged violations of this Collective Bargaining Agreement shall be docked pay for any unauthorized non-performance of work and may be subject to any appropriate disciplinary action.

ARTICLE XI - NO STRIKES

In accord with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, or mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE XII - UNION ACTIVITY

Time spent by employee representatives to conduct labor relations with the City on union activities shall be governed by the terms of Mayor's Executive Order No. 75, as amended March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and its Employees and on Union Activity." No employee shall otherwise engage in Union activities during the time he is assigned to his regular duties.

ARTICLE XIII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are modified by and subject to any applicable provisions of law, including the New York State Financial Emergency Act for the City of New York, as amended.

ARTICLE XIV - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XV - SAVINGS CLAUSE

Section 1.

In the event that any provisions of this Agreement are found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions thereof.

Section 2.

This Agreement expresses all agreements and understandings between the parties and no other agreement, understanding or practice shall be of any force or effect.

WHEREFORE, we have hereunto set our hands and seals this 26th day of February 2007.

Re: SOA Agreement for the period May 1, 2003 to November 12, 2007

Dear Mr. Mannion:

This will confirm that the City of New York, as employer of the bargaining unit of Sanitation Officers, (the 'Employer') agrees, in accordance with applicable law, that any conversion of the function(s) of the Department of Sanitation to any public authority established by or at the request of the Mayor, City Council, or other Governmental body, insofar as such functions pertain to that bargaining unit, shall be conditioned upon the public authority's acceptance of (i) its obligation to recognize and bargain with the Sanitation Officers Association, Local 444, S.E.I.U. (the 'Union') and (ii) the terms of the then existing collective bargaining agreement between the Employer and the Union for the remainder of that agreement's effective period.

Re: SOA Agreement for the period May 1, 2003 to November 12, 2007

Dear Mr. Mannion:

This is to confirm our mutual understanding and agreement that effective January 1, 2007, the Sanitation Officers Association shall be permitted five (5) additional full-time positions with full pay and benefits pursuant to Executive Order No. 75.

The Union's 2003-2007 collective bargaining settlement has been charged to fully fund these additional positions.

These five (5) positions are in addition to the one (1) additional full-time position with full pay and benefits effective July 31, 1999, that the Sanitation Officers Association shall be permitted pursuant to Executive Order No. 75 which had been funded in the 2000-2003 collective bargaining settlement.

Dear Mr. Mannion:

This is to confirm our mutual understanding and agreement that effective April 1, 2003, the Sanitation Officers Association has allocated funds from the additional compensation funds in the SOA Agreement for the period October 1, 2000 to April 30, 2003 to provide a maximum of seventy-five (75) days of release time with pay and benefits annually. Any days unused in a given year shall not be carried over.

Subject to the exigencies of the Department, the allocation of these days shall be made in the Union's discretion. The Union shall give the Department sufficient notice in advance of the Union's intent to use such days.

Re: SOA Agreement for the period May 1, 2003 to November 12, 2007

Dear Mr. Mannion:
This is to confirm our mutual understanding and agreement that in the context of an overall settlement in the negotiations for the collective bargaining agreement referenced above, Local 444 agreed that any claims of any nature relating to all issues, outstanding or settled, with respect to the "Gerber" and "Kaufman" arbitration awards have been resolved and disposed of fully.

Accordingly, Local 444 agrees to refrain from seeking to enforce any of the terms of the aforementioned awards, and further agrees to refrain from seeking to enforce the Order and Judgment of the Honorable Robert D. Lippmann, dated and entered on October 16, 2006, and the Order and Judgment of the Honorable Diane A. Lebdeff, dated January 7, 1998.

Local 444 and grievants in the above-named matters hereby jointly and severally release the City of New York and the Department from any and all claims, whether at law, in equity, or in any proceeding, contractual or otherwise, which it may now have or which they may have had theretofore in connection with the "Gerber" and "Kaufman" arbitration awards.

If the above accords with your understanding, please execute the signature line below.

Very truly yours,

OFFICE OF THE MAYOR

■ NOTICE

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007

PROCLAMATION OF ELECTION

As a result of the determination by the New York City Board of Elections on March 8, 2007 that Mathieu Eugene was the winner of the special election, held on February 20, 2007, to elect an interim Council Member for the fortieth Council District, and the letter to the City Clerk, dated March 8, 2007, by Mathieu Eugene stating that he will not take the oath of office to act as such Council Member, a vacancy has been created in the position of Council Member for the fortieth Council district. Accordingly, pursuant to the authority vested in me by Sections 25(b)(1) and 25(b)(6) of the New York City Charter, I hereby proclaim that a special election shall be held in the fortieth Council district on April 24, 2007 to elect an interim Council Member to serve until December 31, 2007. Pursuant to Section 25(b)(7) of the Charter, nomination of candidates in this election shall be by independent nominating petition. Subsequent to such election, pursuant to Section 25(b)(2) of the Charter, the seat for such district shall be filled for the remainder of the unexpired term by the person duly elected at the general election to be held in November 2007.

MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

■ NOTICE

STATEMENT OF MAYORAL FINDINGS PERTAINING TO THE *NYC GREEN SCHOOLS RATING SYSTEM*

Pursuant to Charter §224.1(b)(1) and Executive Order No. 97 of 2006, the Office of Environmental Coordination (OEC) is publishing findings relating to the LEED® equivalency of the New York City School Construction Authority's (SCA) NYC Green Schools Rating System as described in SCA's *NYC Green Schools Guide* (NYC GSG).

The SCA, with the New York City Department of Education (DOE), developed the NYC Green Schools Rating System to guide the sustainable design, construction and operation of new schools, modernization projects and school renovations and to achieve compliance with Local Law 86 of 2005. This rating system is designed to meet the specific sustainability needs of New York City schools in a cost effective manner and is based on the LEED® (Leadership in Energy and Environmental Design) Green Building Rating System™, developed by the U.S. Green Building Council. The NYC Green Schools Rating System also includes best practices for schools adopted from the Collaborative for High Performing Schools, Inc. rating system, as well as SCA best practices. The SCA has requested a determination of whether the NYC Green Schools Rating System is "not less stringent" than the LEED® Green Building Rating System for a LEED® Certified rating.

The Mayor's Office retained the services of the consulting firm Davis Langdon to perform an independent review of the NYC Green Schools Rating System in order to evaluate whether it is not less stringent than the LEED® Green Building Rating System. The consultant analyzed each of the 54 required credits in the *NYC Green Schools Guide* to determine whether the LEED®-based system included a comparable credit and, if so, whether the requirement of the NYC GSG was at least as stringent as the comparable LEED® requirement. A review of the results of the independent consultant shows that 40 of the requirements of the SCA's NYC GSG have an existing LEED® counterpart and that the NYC GSG requirement is at least as stringent as the corresponding LEED® requirement. Of the 40 LEED®-based credits, 38 are credits with points and two are "no point" credits. (The latter are equivalent to LEED® prerequisites, which also carry no points). The two no point credits and 26 of the 38 credits with points are required to be incorporated into all applicable SCA school design projects. The remaining 12 credits are required to be included in all projects if feasible given site or program-specific constraints. The 26 point-bearing credits are sufficient to earn the equivalent of a LEED® Certified rating. In the unlikely event that one of the 26 credits that are required for all projects cannot be achieved for any particular project, the designer may substitute one of the 12 required if feasible credits in order to reach the 26 credits for a rating equivalent to LEED® Certified as required by the SCA.

Further, the NYC GSG contains 14 additional credits that are not addressed by LEED®, but are derived from either the Collaborative for High Performance Schools, Inc. (CHPS) or from SCA existing best practices. Of these, seven are no point credits required for all projects, two are credits with points required for all projects, and five are credits with points required if feasible for a particular project. There are also eleven optional credits, at least seven of which are LEED®-based and as stringent as the respective LEED® credit, which may be used with the approval of the SCA.

The consultant noted that the most significant difference between the *NYC Green Schools Guide* and LEED® is how the two guidelines address energy efficiency. Where LEED® is a performance-based system, the NYC GSG is a prescriptive system. LEED® awards points based on how much more energy-efficiently a building will operate in terms of cost; the NYC GSG prescribes specific Energy Efficiency Measures (EEMs) that are required in NYC School designs to achieve energy cost savings. The consultant concluded that the NYC GSG prescriptive strategy would meet both the LL86 energy cost reduction requirement and the LEED® prerequisite (which bears no points toward certification) for Energy and Atmosphere.

Therefore, the independent review concluded that the NYC GSG will be no less stringent than the current version of LEED® for New Construction, version 2.2, in terms of processes and procedures required to limit the environmental impacts of NYC school construction projects. The consultant further noted that if future regulatory changes or future changes in utility rates render the NYC GSG non-compliant with LL86, the SCA has established procedures to address such changes and to update the NYC GSG accordingly.

Based on careful consideration of the analysis and conclusions of the independent review dated March 12, 2007 of the *NYC Green Schools Guide*, the Director of the Office of Environmental Coordination, on behalf of the Mayor, finds that the SCA's NYC Green Schools Rating System will be no less stringent than LEED® New Construction, version 2.2, for the achievement of a LEED® Certified rating.

Copies of the *NYC Green Schools Guide* can be can be downloaded from the SCA's website at http://schools.nyc.gov/Offices/SCA/DoingBusiness/AE/NYCGreenSchoolsGuide/default.htm starting on March 19, 2007. Copies of the independent review and this Statement can be downloaded from the Office of Environmental Coordination website at www.nyc.gov/oec.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

BRONX CB - 6 **N 070266 HAX**
Application submitted by the Department of Housing Preservation and Development (HPD):

pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 906 East 178th Street (Block 3121/Lot 38) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

to facilitate the development of a six story building, tentatively known as Honeywell II Apartments, with approximately 35 residential units to be developed under the New York City Department of Housing Preservation and Development's Mixed-Income Rental Program and the New York State Division of Housing and Community Renewal's Low Income Housing Tax Credit Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20075264 HAK and 20075265 HAK.

Pursuant to section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following property (collectively, "Disposition Area") in the Borough of Brooklyn:

Address	Block/Lot(s)
653 Hinsdale Street	3867/9
655 Hinsdale Street	3867/8

Under HPD's New Foundations Program, sponsors purchase City-owned land and construct one- to -four family homes or condominium units in order to provide affordable homeownership opportunities. Construction financing may be provided through loans from the City ("City Subsidy"), the New York State Affordable Housing Corporation, and private lenders, and from developer equity. The City provides tax exemption for the homes pursuant to Section 696 of the General Municipal Law. Federal HOME funds may be used to provide downpayment assistance.

This submission amends two projects previously approved by the Mayor for development under HPD's Nehemiah Homes Program ("Original Project 1" and "Original Project 2"). Original Project 1 included one of the properties in the Disposition Area, 653 Hinsdale Street, (Block 3867, Lot 9). The Mayor approved Original Project 1 on October 23, 1996 (Cal. No. 61). Original Project 2, which included the second property in the Disposition Area, 655 Hinsdale Street (Block 3867, Lot 8) was approved by the Mayor on January 11, 1995 (Cal. No. 12). Original Project 1 provided for the sale of 653 Hinsdale Street to Nehemiah Housing Development Fund Company, Inc., and Original Project 2 provided for the sale of 655 Hinsdale Street to East Brooklyn Churches Sponsoring Committee, Inc.

Under the proposed amended project ("Amended Project"), HPD has designated NYC Partnership Housing Development Fund Company, Inc. ("Sponsor") as qualified and eligible to purchase and redevelop the Disposition Area under the New Foundations Program. The Sponsor will purchase the Disposition Area for the negotiated price of $6,000. Upon conveyance, the Sponsor will also deliver a note and mortgage for the difference between the appraised value of the land and the purchase price ("Land Debt"). The Sponsor will then construct up to 2 new three-family homes containing a total of up to 6 dwelling units for sale to eligible purchasers.

The Land Debt and City Subsidy, if any, will be apportioned pro rata to each home and may be unsecured at the time of sale based on the home's post-construction appraised value. Purchasers will repay the Land Debt and City Subsidy, if any, attributable to their homes by delivering a note and mortgage and/or conditional grant agreement to the City. The sum evidenced by the note and secured by the security instruments will decline from years 6 to 15 by one-tenth of the original principal sum for each year of owner occupancy. Initial purchasers and subsequent owners will be required to make payments to the City out of resale or refinancing profits.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5A4, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on April 25, 2007 at Second Floor Conference Room, 22 Reade Street, Manhattan at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity

to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. TDD users should call Verizon relay services.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed an amendment to the terms and conditions of the sale of the following property ("Disposition Area") in the Borough of the Bronx:

Address	Block/Lot(s)
906 E. 178th St.	Block 3121/Lot 38

This submission amends a project previously approved by the Mayor on October 22, 2003 (Cal. No. 39) ("Original Project"). Under the Original Project, one six-story building with 79 units was constructed on the Disposition Area plus several additional properties. Under the proposed amended project ("Amended Project"), the Sponsor, Honeywell II Associates, L.P., will construct an additional one six-story building on the Disposition Area containing a total of approximately 35 rental dwelling units and will develop approximately 3,918 square feet of the Disposition Area as open space. The Amended Project will be developed under HPD's Mixed Income Rental Program or with other comparable or appropriate financing sources. Upon completion of the Amended Project, the Disposition Area will contain a total of two buildings with an aggregate of 104 rental dwelling units.

Under HPD's Mixed Income Rental Program, sponsors purchase City-owned land or vacant buildings and construct or rehabilitate multifamily buildings in order to create affordable rental units. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation and the State of New York. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed or rehabilitated buildings provide rental housing to low-income families. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families.

The proposed Amended Land Disposition Agreement and Supplemental Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on April 25, 2007 at Second Floor Conference Room, 22 Reade Street, Manhattan at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than five (5) business days prior to the public hearing. JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs of the City of New York. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

MONITOR FILL IMPORTATION, METHANE GAS MONITORING AND SETTLEMENT MONITORING –

Negotiated Acquisition – Other (Describe below in Other Legally Mandated Information) - PIN# 84607C000C07 – DUE 03-26-07 AT 4:00 P.M. – In accordance with Section 3-04(b)(2)(i)(D) of the Procurement Policy Board Rules, Department of Parks and Recreation intends to enter into a Negotiated Acquisition with Gannet Fleming Engineers PC. Parks is a co-permitee with Ferry Point Partners ("FPP") on the DEC part 360 permit. This permit requires the vendor to monitor fill importation, methane gas and settlement at the Ferry Point Park site. Reports are to be submitted in accordance with the DEC permit. Before we can terminate the concession license with FPP, DPR needs to have the ability to seamlessly meet the requirements of the DEC permit, which is best achieved by contracting with Gannet Fleming Engineers PC, the vendor currently providing services as a subcontractor under the FPP contract. DPR has determined that competitively soliciting for these services is not practicable because any delay in performing and continuing the required monitoring and testing at the site will place the City at risk for substantial fines from DEC and could also potentially impact the surrounding communities. Also, the above vendor has already been approved by the NYS DEC to perform services under the 360 Permit, which would be a substantial delay if another vendor were brought in to perform services. Any firm which believes it can also provide this category of service and would like to be considered, is invited to contact the NYC Parks and Recreation.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by

$3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

Those Temporary Clerks who meet the following requirement after August 8, 2006 will be eligible for the benefits provided for the title in this Agreement:

(3) worked at least one-half of the regularly scheduled days in each of the two (2) immediately preceding twelve (12) month periods.*

(4) worked all of the regularly scheduled days in the immediately preceding twelve (12) month period.*

* Reasonable allowances will be made for absences for illness or vacation.

ARTICLE II - DUES CHECK OFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each Employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986 entitled "Regulations Governing Procedures for Orderly Payroll Checkoff of Union Dues."

b. Any Employee may consent in writing to the authorization of the deduction of dues from the Employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the Employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended to date, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 35 hours. In accordance with Article IX, Section 24 of the 1995–2001 Citywide Agreement, an Employee who works on a full-time, per-diem basis shall receive their base salary (including salary increment schedules) and/or additions-to-gross payment in the same manner as a full-time, per-annum employee. An Employee who works on a part-time, per-annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such Employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a part-time per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 35 hour week basis -1/1827 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2.

Employees in the following title(s) shall be subject to the following specified salary(ies), salary adjustment(s), and/or salary range(s):

New Hires

The following provisions shall apply to Employees newly hired on or after September 8, 2006:

During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be five percent (5%) less than the applicable "incumbent minimum" for said title that is in effect on the date of such appointment as set forth in the CWA/Local 1183 *Agreement*. The general increases provided for in subsections 3 (a)(i) and (a) (ii) shall be applied to the "appointment rate."

Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent minimum" for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in the CWA, Local 1183 *Agreement*.

Section 3. Wage Increase

a. The general increases, effective as indicated, shall be:

i. Effective September 8, 2006, Employees shall receive a general increase of 2 percent.

ii. Effective March 8, 2007, Employees shall receive a general increase of 5 percent.

iii. Part-time per annum, per session, hourly paid and part-time per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Section 3(a)(i) and (a) (ii) on the basis of computations heretofore utilized by the parties for all such employees.

b. The general increases provided for in this Section 3(a) shall be calculated as follows:

i. The general increase in Section 3(a)(i) shall be based upon the base rates (including salary or incremental salary schedules) of applicable titles in effect on September 7, 2006;

ii. The general increase in Section 3(a)(ii) shall be based upon the base rates (including salary or incremental salary schedules) of applicable titles in effect on March 7, 2007;

c. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels, and the minimum rates and maximum rates (including levels), if any, fixed for the applicable titles.

ii. The general increases provided for in this Section 3 (a) (i) and (a) (ii) shall be applied to the following "additions to gross:" advancement increases.

Section 4.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a

promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, provided to be effective as of such date for the title formerly occupied shall be applied.

Section 5.

In the case of an Employee on leave of absence without pay the salary rate of such Employee shall be changed to reflect the salary adjustments specified in Article III.

Section 6.

A person permanently employed by the Employer who is appointed or promoted on a permanent, provisional, or temporary basis in accordance with the Rules and Regulations of the New York City Personnel Director or, where the Rules and Regulations of the New York City Personnel Director are not applicable to a public employer, such other Rules or Regulations as are applicable to the public employer, without a break in service to any of the following title(s) from another title in the direct line of promotion or from another title in the Career and Salary Plan, the minimum rate of which is exceeded by at least 8 percent by the minimum rate of the title to which appointed or promoted, shall receive upon the date of such appointment or promotion either the minimum basic salary for the title to which such appointment or promotion is made, or the salary received or receivable in the lower title plus the specified advancement increase, whichever is greater:

Section 7. Longevity Increment

a. Employees with 5 years or more of "City" service in pay status shall receive a longevity increment of $466. The rules for eligibility for the longevity increment described in this subsection are set forth in the Appendix to the above agreement.

b. Employees with 10 years or more of "City" service in pay status shall receive a longevity increment of $250 per annum. The rules for eligibility for the longevity increment described in this subsection are set forth in the Appendix to the above Agreement.

c. Employees with 15 years or more of "City" service in pay status who are not in a title already eligible for a longevity differential or service increment established by the Salary Review or Equity Panel shall receive a longevity increment of $550 per annum.

d. The rules for eligibility for the longevity increment described in section (a) are set forth in Appendix A to this Agreement and are incorporated by reference herein.

e. The provisions of Section 3(c)(ii) of this Agreement shall not apply to the longevity increment set forth in this Section 8.

Section 8.

a. Interest on wage increases shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days after execution of the applicable agreement or one hundred-twenty (120) days after the effective date of the increase, whichever is later, to the date of actual payment.

b. Interest on shift differentials, holiday and overtime pay, shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days following its earning or one hundred-twenty (120) days after the execution of this Agreement, whichever is later, to the date of actual payment.

c. Interest accrued under a. or b. above shall be payable only if the amount of interest due to an individual employee exceeds five dollars ($5.00).

Section 9.

An Employee who is laid off due to budgetary reasons and who is returned to service in the Employee's former title shall receive the basic salary rate that would have been received by the Employee had the Employee never been laid off, up to a maximum of two (2) years of general salary increases.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the Citywide Agreement, the Welfare Fund provisions of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement.

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section l(b), of the Citywide Agreement, the provisions of Article XIII, Section l(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section l(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

c. Contributions remitted to the Union pursuant to this Section 1 and Article XIII of the Citywide Agreement are contingent upon a signed separate trusted fund agreement between the Employer and the Union.

d. The Union agrees to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 2.

a. Effective July 4, 2006, the contribution paid on behalf of each full-time per annum Employee shall be increased by $100.00 per annum per Employee covered by this agreement to a mutually agreed upon Welfare Fund administered by the Union.

b. Effective December 8, 2006, there shall be a one-time lump sum payment to the Welfare Fund in the amount of $166.67 on behalf of each full-time active Employee and retiree who is receiving benefits on December 8, 2006.

c. The per annum contribution rates and the one-time lump sum payment paid on behalf of eligible part-time per annum, hourly paid, per session and per diem (including seasonal appointees) whose normal work year is less than a full calendar year shall be adjusted in the same proportion heretofore utilized by the parties for all such Employees as the per annum contribution rates are adjusted in Section 2 (a) for full-time Employees.

Section 3.

Employees who are separated from service subsequent to July 1, 1974, and who are covered by the Welfare Fund provided for in this Article, shall continue to be so covered, subject to the provisions hereof, on the same contributory basis as incumbent employees. Contributions shall be made only for such time as said individuals remain primary beneficiaries of the New York City Health Insurance Program and are entitled to benefits paid for by the Employer through such program.

Section 4.

Where an Employee is suspended without pay for disciplinary reasons and is subsequently restored to full pay status as of the effective date of the suspension, the Employee shall receive full Welfare Fund and City Health Insurance coverage for the period of the suspension.

Section 5.

a. Effective June 30, 2002, the Employer shall contribute to the appropriate Welfare Fund a pro-rata annual sum of $842.86 per Employee for all part-time per annum, hourly, per diem, per session and seasonal Employees subject to a separate agreement between the Employer and the appropriate certified union, provided said Employees are working on a regular basis at least one half the regular hours of full time Employees working on a regular basis in the same title and they do not otherwise receive a Welfare Fund contribution in their behalf.

b. If no full time equivalent titles exist then the minimum number of hours required to be eligible to receive a contribution pursuant to this Section shall be based on the nature of employment as follows:

White Collar Employment 17 1/2 hours per week
Blue Collar Employment 20 hours per week

Section 6.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the City, the Board of Elections and the Union. Such achievement is recognized to be a mutual obligation of all parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness the parties hereby agree to the following terms:

Section 1. Performance Levels

a. The Union recognizes the Board's absolute right pursuant to Election Law Section 3-300 to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels or norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each Employee or group of Employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may at the discretion of the Board be subject to disciplinary measures in accordance with Election Law Section 3-300.

Section 2. Supervisory Responsibility

a. The Union recognizes the City's and the Board's absolute right pursuant to Election Law Section 3-300 to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised Employees for supervisory positions listed in Article I, Section 1 of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may at the discretion of the Board be subject to disciplinary measures in accordance with Election Law Section 3-300.

Section 3. Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE VI - UNION ACTIVITY

Section 1.

Time spent by Union officials and representatives in the conduct of labor relations shall be governed by the provisions of Mayor's Executive Order No. 75, as amended, dated March 22, 1973 or any successor or thereto. No Employee shall otherwise engage in Union activities during the time the Employee is assigned to the Employee's regular duties.

Section 2.

The Employer agrees not to discriminate in any way against any Employee for Union activity, but such activity shall not be carried on during working hours or in working areas except as specifically allowed by the provisions of this Agreement.

Section 3.

Individual Employee grievants shall be granted leave with pay for such time as is necessary to testify at arbitration hearings.

Leave with pay shall be granted to three Employees who are named grievants in a group arbitration proceeding, for such time as is necessary for them to testify at their group arbitration hearings.

Leave with pay for such time as is necessary to testify at their hearings shall be granted to Employees who, after final adjudication of proceedings under Section 210 paragraph 2h of the Civil Service Law are determined not to have been in violation of Section 210.

Section 4.

a. Where orientation kits are supplied to new Employees, unions certified to represent such Employees shall be permitted to have included in the kits union literature, provided such literature is first approved for such purpose by the Office of Labor Relations.

b. The Employer shall distribute to all newly hired Employees information regarding their union administered health and security benefits, including the name and address of the fund that administers said benefits, provided such fund supplies the Employer the requisite information printed in sufficient quantities.

ARTICLE VII - GRIEVANCE PROCEDURE

Section 1. - Definition:

The term **"Grievance"** shall mean:

a. A dispute concerning the application or

interpretation of the terms of this collective bargaining agreement.

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, *written* policy or orders of the Board of Elections issued pursuant to its authority under Section 3-300 of the Election Law in reference to the terms and conditions of employment.

c. A claimed wrongful disciplinary action taken against an Employee.

Section 2.

The grievance procedure except for paragraph (C), shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the Employees may present the grievance at **Step I.**

Step I The Employee and/or Union shall present the grievance verbally or in the form of a memorandum to the person designated for such purpose by the Board not later than 120 days after the date on which the grievance arose. The Employee may also request an appointment to discuss the grievance. The person so designated by the agency head shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the sixth work day following the date of submission.

Step II An appeal from an unsatisfactory decision at **Step I** shall be presented in writing to the person designated by the Board for such purpose. The appeal must be made within six (6) working days of the receipt of the **Step I** decision. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall meet with the Employee and/or the Union for review of the grievance and shall issue a written reply to the Employee and/or the Union by the end of the tenth work day following the day on which the appeal was filed.

Step III An appeal from an unsatisfactory decision at **Step II** shall be presented in writing to the agency head or the agency head's designated representative. The appeal must be made within six (6) working days of the receipt of the **Step II** decision. The agency head or the agency head's designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a decision by the end of the tenth work day following the date on which the appeal was filed.

Step IV An appeal from an unsatisfactory decision at **Step III** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations, in writing, within ten (10) working days of the receipt of the **Step III** decision. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all appeals from **Step III** decisions and shall answer such appeals within ten (10) days.

Step V An appeal from an unsatisfactory decision at **Step IV** may be brought by the Union or the Employer to the Office of Collective Bargaining for impartial arbitration within ten (10) working days of the receipt of the **Step IV** decision. Such arbitration shall be conducted by an arbitrator designated from a panel maintained by the Office of Collective Bargaining in accordance with applicable law, rules and regulations. A copy of the notice requesting impartial arbitration shall be forwarded to the Commissioner of Labor Relations. The costs and fees of such arbitration including the cost of a stenographer, if any, shall be borne equally by the Union and the Board. The decision or award of the arbitrator shall be final and binding, to the extent permitted by and in accordance with applicable law specifically including Section 3-300 of the Election Law, and shall not abridge or diminish any of the rights or obligations of the Board of Elections pursuant to said Section 3-300, and shall be limited solely to the application and interpretation of this Agreement, rule, regulation, existing policy or order of the Board of Elections and shall not add to, subtract from, or modify such Agreement, rule, regulations, written policy or order.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee or Employees and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

Any grievance of a general nature affecting a large group of Employees and which concerns the claimed misinterpretation, inequitable application, violation, or failure to comply with the provisions of this Agreement shall be filed at the option of the Union at **Step IV** of the grievance procedure, without resort to previous steps. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 5.

If a decision satisfactory to the Union at any level of the grievance procedure is not implemented within a reasonable time, the Union may institute a grievance at **Step IV** of the grievance procedure.

Section 6.

If the Employer exceeds any time limit prescribed at any step in the grievance procedure, the grievant and/or the Union may invoke the next step of the procedure.

Section 7.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given 48 hours' notice of all grievance hearings.

Section 8.

Each of the steps in the grievance procedure, as well as time limits prescribed at each step of this grievance procedure, may be waived by mutual agreement of the parties.

Section 9. Disciplinary Procedure

The Board of Elections may discuss complaints or disciplinary problems with an Employee when such discussions are deemed necessary.

a. After service upon an Employee of written charges of incompetence or misconduct, a hearing with the Employee shall be held with respect to such charges by two Commissioners, who shall represent the borough in which the Employee works. The Employee shall be served with written charges at least ten (10) days prior to the hearing. The Employee may be represented, at the Employee's option, at such hearing by a representative of the Union. The Employee and/or the Union shall have the right to examine any witness(es) and to present a defense to the charges.

b. Within five (5) work days of the hearing the two Commissioners shall report to the full Board, which will discuss and rule on the matter. A written decision shall be issued by the full Board by the end of the tenth workday following a meeting of the Board. Disciplinary action, if any, shall be imposed consistent with the Board's ruling.

c. The Union may appeal the Board's decision if it is arbitrary or capricious. Such appeal shall be made within ten (10) working days of the receipt of the Board's decision to the Commissioner of Labor Relations, or the Commissioner's designee, with a copy to the Board. The Union shall submit a copy of the charges and the Board's decision to the Commissioner of Labor Relations. The Commissioner of Labor Relations, or the Commissioner's designee, shall review such appeal and shall decide from the submitted papers whether a de novo hearing is necessary. If no such hearing is held, a recommendation to the Board of Elections shall be made within fifteen (15) working days from the date of the appeal is received. If a de novo hearing is held, a recommendation to the Board of Elections shall be made within fifteen (15) working days following the close of the hearing.

d. For Employees in the General Office, the President of the Board will appoint two Commissioners, one from each political party, to represent the Board in the disciplinary proceedings.

e. The period of an Employee's suspension without pay, pending hearing and determination of charges, shall not exceed thirty (30) days.

f. Notwithstanding the above, nothing in this procedure is intended to restrict the Board of Elections' rights under the Election Law.

Section 10.

a. All Employees hired after the execution of this agreement will not have access to the disciplinary process described in Section 9 of this Article for the first twelve (12) months of their employment.

b. All Employees described in subparagraph (a) shall be evaluated after their first three (3) months of employment. After their first six (6) months these Employees will receive a written evaluation. After their first nine (9) months any Employee who received a less than satisfactory evaluation shall be evaluated again at that time.

c. Any extension of an Employee's inability to use the disciplinary process shall be done with the consent of the Union and the Employee.

Section 11. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 11 and notify the parties of propose hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VIII - OVERTIME

Section 1.

Wherever practicable, the normal work week shall consist of five (5) consecutive working days separated by two (2) consecutive days off.

Section 2.

a. "Authorized voluntary overtime" and "authorized voluntary stand-by-time" shall be defined as overtime or stand-by-time for work authorized by the Board of Elections, which the Employee is free to accept or decline.

b. "Ordered involuntary overtime" and "ordered involuntary stand-by-time", shall be defined as overtime or stand-by-time which the Employee is directed in writing to work and which the Employee is therefore required to work. Such overtime or stand-by-time may only be authorized by the Board or a representative of the Board who is delegated such authority in writing. Whenever possible, notice of assignment to ordered involuntary overtime will be given twenty-four (24) hours in advance.

Section 3.

a. For those Employees whose normal work week is less than forty (40) hours, any such ordered involuntary overtime worked between the maximum of that work week and forty (40) hours in any calendar week shall be compensated in cash at straight time (1 time). In computing the hours worked during the week, time during which an Employee is in full pay status, whether or not such time is actually worked, shall be counted. For Employees granted a shortened work day by the Board, compensatory time for work performed between thirty (30) and thirty-five (35) hours a week when such shortened schedule is in effect shall be granted at the rate of straight time, but such work shall not be considered overtime.

b. There shall be no rescheduling of days off and/or tours of duty to avoid the payment of overtime compensation. Any work performed on a scheduled day off shall be covered by this Article.

c. Employees who are paid in cash for overtime may not credit such time for meal allowances.

Section 4.

a. Authorized voluntary overtime which results in any Employee working in excess of the Employee's normal work week in any calendar week shall be compensated in time off at the rate of straight time. In computing the hours worked during the week, time during which an Employee is in full pay status, whether or not such time is actually worked, shall be counted.

b. Effective January 1, 1994 for Employees covered by the provisions of FLSA, voluntary overtime actually worked in excess of forty hours in a calendar week shall be compensated at the rate of time and one half (1 1/2x) in time provided that the total unliquidated compensatory hours credited to an Employee pursuant to this provisions may not exceed 240 hours an employee subsequent overtime earned under this provision must be compensated in cash at time and one-half (1 1/2x).

Section 5.

No credit shall be recorded for unauthorized overtime. Credit for all authorized overtime beyond the normal work week shall accrue in units of one-quarter (1/4) hour to the nearest one-quarter (1/4) hour and, except for an Employee covered by the provisions of FLSA who has actually worked in excess of forty hours in said calendar week, only after one (1) hour.

Section 6.

The hourly rate of pay shall be determined by taking the below indicated fractional part of the affected employee's annual regular salary:

$$\frac{1}{261 \times 7} \quad \text{or} \quad \frac{1}{1827}$$

Payment shall be computed and paid on a basis of quarter hour units actually worked beyond the normal scheduled work week, provided at least one (1) full hour is compensable in a calendar week (unless such Employee is covered by the provisions of the Fair Labor Standards Act (FLSA) and has actually worked in excess of forty hours in said calendar week). "Annual regular salary " shall in addition to all payments included in an Employees basic annual salary include all educational, assignment, and longevity differentials, and, when mandated to be included by FLSA, such other additions to gross that are regularly part of an Employee's salary.

Section 7.

a. These overtime provisions, including recall and stand-by provisions, shall apply to all covered per annum Employees including those working more than half-time, and with permanent, provisional or temporary status, whose annual gross salary including overtime, all differentials and premium pay is not in excess of the amount set forth in subsection 7(d) for eligibility for cash compensated overtime (the "cap").

b. When an Employee's annual gross salary including overtime, all differentials and premium pay is higher than $65,856 effective 8/1/06 and $68,490 effective 2/1/07 compensatory time at the rate of straight time shall be credited for authorized overtime except as may be proscribed by FLSA. The gross salary shall be computed on annual calendar year basis and for the purposes of this Section shall mean basic annual salary plus any monies earned.

c. Employees whose annual gross salary including overtime, all differentials and premium pay is in excess of $65,856 effective 8/1/06 and $68,490 effective 2/1/07 shall be required to submit periodic time reports at intervals of not less than one week, but shall not be required to follow daily time clock or sign-in procedures. Employees covered by the overtime provisions of FLSA shall be required to follow daily time clock or sign-in procedures. The periodic time report shall be in such form as is required by the agency.

Section 8.

Employees recalled from home for authorized ordered involuntary overtime work, shall be guaranteed overtime payment in cash for at least four (4) hours, if eligible for cash payment under Section 7 of this Article. When an employee voluntarily responds to a request to come from home for voluntary authorized overtime work, such overtime shall be compensated in time off on an hour for hour basis but with minimum compensatory time for four (4) hours.

Section 9.

a. Compensatory time off for voluntary overtime work as authorized in this Article shall be scheduled at the discretion of the Board. All compensatory time off must be taken by the affected Employee within the following three (3) months. Any such time not so used by the Employee's choice shall be added to the employee's sick leave balance. If the Board calls upon an Employee not to take the compensatory time off or any part thereof within three (3) months, that portion shall be carried over until such time as it can be liquidated. This subsection shall not apply to compensatory time accrued pursuant to FLSA.

b. For Employees covered by the Fair Labor Standards Act, accrued compensatory time usage shall be charged in the following manner and order:

i. First, pre-FLSA Compensatory Time Bank
ii. Second, FLSA Compensatory Time Bank
iii. Third, non-FLSA Compensatory Time Bank

c. If compensatory time off is charged to an Employee's FLSA Compensatory Time Bank and as a result the Employee will not be able to take his/her accrued non-FLSA compensatory time within the three (3) month period provided in subsection 9 (a) above, the period of time in which the equivalent amount of time in the non-FLSA Compensatory Time Bank which must be taken shall be extended in writing by the agency head an additional four months.

Section 10.

a. Employees who volunteer to standby in their homes, as authorized by competent authority, shall receive compensatory time credit on the basis of one-half (1/2) hour for each hour of stand-by time.

b. Employees who are required, ordered and/or scheduled on an involuntary basis to stand-by in their homes subject to recall, as authorized by the agency head or the agency head's designated representative shall receive overtime payment in cash for such time on the basis of one-half (1/2) hour paid overtime for such hour of standby time.

Section 11.

In an emergency situation, the Employer shall have a right, after negotiation with the Union, to apply a variation of these overtime regulations.

Section 12.

Except in emergency situations, when authorized and ordered by the Board or a designated representative, no Employee shall be required to actually work more than two (2) consecutive normal work shifts in any twenty-four (24) hour period nor shall said Employee be required to work more than two (2) consecutive work shifts for more than two (2) consecutive weeks.

Section 13.

In the event of any inconsistency between this Article and standards imposed by Federal or State Law, the Federal or State Law shall take precedence unless such Federal or State Law authorizes such inconsistency.

ARTICLE IX - LEAVE REGULATIONS

Section 1. Applicability of Regulations

These regulations shall apply to permanent, full time, per annum and part-time Employees of the Board of Elections as applicable.

Section 2. Annual Leave Allowance

a. A combined vacation, personal business and religious holiday leave allowance shall be established which shall be known as "annual leave allowance."

(b)(1) Effective July 1, 1978, all part-time per annum, hourly, per diem, per session and seasonal Employees hired prior to July 1, 1985 who work at least one half the regular hours of full-time Employees in the same title shall accrue leave credits as follows:

Annual leave: One (1) hour of leave for every eleven (11) hours actually worked to a maximum accrual of two hundred and ten (210) hours.

Sick leave: One (1) hour of leave for every twenty (20) hours actually worked with no maximum accrual.

(b)(2) If no full time equivalent title exists then the minimum number of hours required in order to receive leave credits pursuant to this Section shall be based on the nature of employment as follows:

White Collar Employee	17 1/2 hour per week
Blue Collar Employee	20 hours per week

(c) Annual leave allowance shall be granted for Employees hired prior to July 1, 1985 as follows:

Category	Annual Leave Allowance	Monthly Accrual
Employees who have completed 15 years of service.	27 work days (five) weeks and two days)	2 1/4 days

Category	Annual Leave Allowance	Monthly Accrual
Employees who have completed 8 years of service.	25 work days (five weeks)	2 days, plus one additional day at end of the vacation year.
All other employees.	20 work days (four weeks)	1 2/3 days

(d) For the earning of annual leave credits, the time recorded on the payroll at the full rate of pay, and the first six months of absence while receiving Workmen's Compensation payments shall be considered as time "served" by the Employee.

In the calculation of annual leave credits, a full month's credit shall be given to an Employee who has been in full pay status for at least 15 calendar days during that month, provided however, that (a) where an Employee has been absent without pay for an accumulated total of more than 30 calendar days in the vacation year, the Employee shall lose the annual leave credits earnable in one month of each 30 days of such accumulated absence even though in full pay status for at least 15 calendar days in each month during this period: and (b) if an Employee loses annual leave credits under this rule for several months in the vacation year because the Employee has been in full pay status for fewer than 15 days in each month, but accumulates during said month a total of 30 or more calendar days in full pay status, the Employee shall be credited with the annual leave credits earnable in one month for each 30 days of such full pay status.

Section 3. Annual Leave for New Hires

(a)(i) The annual leave allowance for Employees hired on or after July 1, 1985 shall accrue as follows:

Years In Service	Annual Leave Allowance	Monthly Accrual
At the beginning of the employee's 1st year	15 work days	1.25 days per month
At the beginning of the employee's 2nd year	15 work days	1.25 days per month
At the beginning of the employee's 3rd year	15 work days	1.25 days per month
At the beginning of the employee's 4th year	15 work days	1.25 days per month
At the beginning of the employee's 5th year	20 work days	1.2/3 days per month
At the beginning of the employee's 8th year	25 work days	2 days/month plus 1 additional day at end of the leave year
At the beginning of the employee's 15th year	27 work days	21/4 days per month

(1) The annual leave allowance and accrual for Employees who work other than a regularly scheduled standard work week as defined in Article VI of the 1985-87 Citywide Agreement hired on or after July 1, 1985 shall be pro-rated in accordance with the schedule in subsection (a)(1) above.

(b) (1) The annual leave allowance for part-time per annum, hourly, per diem, per session and seasonal Employees hired on or after July 1, 1985 who work at least one half the regular hours of full time employees in the same title shall accrue as follows:

Years In Service	Accrual
At the beginning of the employee's 1st year	1 hour for 15 hours worked
At the beginning of the employee's 2nd year	1 hour for 15 hours worked
At the beginning of the employee's 3rd year	1 hour for 15 hours worked
At the beginning of the employee's 4th year	1 hour for 15 hours worked
At the beginning of the employee's 5th year	1 hour for 11 hours worked

(2) Where no full time equivalent title exists then the minimum number of hours required in order to receive leave credits pursuant to subsection b(i) shall be based on the nature of employment as follows:

White Collar Employees	17 1/2 hour per week
Blue Collar Employees	20 hours per week

The following modifications shall apply to employees hired on or after July 1, 2004:

Work Week	Years of Service	Monthly Accrual	Allowance
	Beginning with 17th Year	15:45 hours	189:00 hours
	Beginning with 14th Year	14:35 hours	175:00 hours
	Beginning with 13th Year	14:00 hours	168:00 hours
	Beginning with 12th Year	13:25 hours	161:00 hours
	Beginning with 11th Year	12:50 hours	154:00 hours
35	Beginning with 10th Year	12:15 hours	147:00 hours
	Beginning with 9th Year	11:40 hours	140:00 hours
	Beginning with 8th Year	11:05 hours	133:00 hours
	Beginning with 7th Year	10:30 hours	126:00 hours
	Beginning with 6th Year	9:55 hours	119:00 hours
	Beginning with 5th Year	9:20 hours	112:00 hours
	First Year	7:00 hours	84:00 hours

i. Accrual rates for annual leave and sick leave shall be adjusted accordingly.

Section 4.

Calculation of annual leave credits for vacation purposes shall be based on a year beginning May 1 hereafter known as a "vacation year". The annual leave allowance of an Employee to an Employee's credit on April 30 and not used in the succeeding vacation year may be carried over from said vacation year to the next succeeding vacation year only, with the approval of the Chairman of the Board of Elections, and any such time not used within the prescribed period shall be added to the Employee's sick leave balance.

a. Any accumulations in excess of 54 days shall be transferred to the sick leave balances of Employees.

b. In the event, however, that the Chairman of the Board of Elections calls upon an Employee to forego the Employee's vacation or any part thereof in any year, that portion thereof shall be carried over as vacation even though the same exceeds the limits as fixed in (a) above.

Section 5.

The normal unit of charge against annual leave allowance for vacation and personal business shall be one-half day. Smaller units of charge are authorized for time lost due to tardiness, religious observance, and for time lost by Employee representatives duly designated by Employee organizations operating under the Mayor's Executive Order No. 75, dated March 22, 1973, engaged in the following types of union activity:

a. Attendance at Union meetings or conventions;

b. Organizing and recruitment;

c. Solicitation of members;

d. Collection of union dues;

e. Distribution of union pamphlets, circulars and other literature.

Employees may not be permitted to use annual leave allowances for other than religious holidays until they have completed six months of continuous service.

Section 6.

The "Annual Leave Allowance" shall accrue on an hourly basis and may be so utilized. The rate of accrual for Employees hired prior to July 1, 1985 shall be based on the number of hours in the work week and the number of years of service of the respective Employee as follows:

Work Week	Years Service	Annual Leave Allowance	Monthly Accrual
35 hrs.	Begin. with 15	189 hours	15 3/4 hours
35 hrs.	Begin. with 8	175 hours	14 1/2 + 1 hour at end of year
35 hrs.	Prior to beginning 8	140 hours	11 2/3 hours

Section 7.

All approved leaves for annual leave shall be measured in units of 1 hour or a multiple thereof.

Section 8.

Penalties for unexcused tardiness may be imposed by the President of the Board of Elections in conformance with established rules of the Board. As a minimum, however, all unexcused tardiness both in the morning and upon return from lunch shall be charged to the annual leave allowance.

Section 9.

a. Effective January 1, 1975, the terminal leave provision for all Employees except as provided in paragraphs (b), (c), below shall be as follows:

Terminal leave with pay shall be granted prior to final separation to Employees who have completed at least ten (10) years of service on the basis of one (1) day terminal leave for each two (2) days of accumulated sick leave up to a maximum of one hundred-twenty (120) days of terminal leave. Such leave shall be computed on the basis of work days rather than calendar days.

For Employees Hired on or After July 1, 2004

Terminal leave with pay shall be granted prior to final separation to employees who have completed at least ten (10) years of service on the basis of one (1) day of terminal leave for each three (3) days of accumulated sick leave up to a maximum of one hundred-twenty (120) days of terminal leave. Such leave shall be computed on the basis of work days rather than calendar days.

a. Any Employee who as of January 1, 1975 has a minimum of fifteen (15) years of service as of said date may elect to receive upon retirement a terminal leave of one (1) calendar month for every ten (10) years of service pro-rated for a fractional part thereof in lieu of any other terminal leave. However, any sick leave taken by such Employees subsequent to July 1, 1974 in excess of an average annual usage of six (6) days per year shall be deducted from the number of days of terminal leave to which the Employee would otherwise be entitled at the time of retirement, if the Employee chooses to receive terminal leave under this paragraph.

b. In a case where an Employee has exhausted all or most of the Employee's accrued sick leave due to a major illness, the Agency head, in the Agency head's discretion, may apply two and one-fifth (2 1/5) work days for each year paid service as the basis for computing terminal leave in lieu of any other terminal leave.

c. Where an Employee has an entitlement to terminal leave and the City's fiscal situation requires that Employees who are terminated, laid off or retired be removed from the payroll on or before a specific date, or where an Employee cannot be considered for an extension of service past the mandatory retirement age of 65 because of budgetary considerations, the Employer shall provide a monetary lump sum payment for terminal leave in accordance with the provisions of Executive Order 31, dated June 24, 1975.

Section 10. (Leave Regulations)

a. Effective July 1, 1978, all shortened workday schedules shall be abolished except for Employees who work in non-air conditioned facilities and employees who have traditionally enjoyed shortened workday schedules or heat days in lieu thereof.

b. No shortened workday schedules shall be granted to any Employee until the Employee has completed one year of service.

c. All shortened workday schedules shall begin on July 1 and shall terminate on Labor Day.

Section 11.

If because of malfunctioning of heat or air conditioning apparatus, indoor temperatures fall below 55 degrees (or the current OSHA standard) in winter or above 90 degrees (or the current OSHA standard) in summer, Employees shall continue to be dismissed whenever feasible. If some or all Employees are needed in the offices or warehouses because of the workload, the decision as to how many and who shall remain shall be at the discretion of the Executive Director and the Commissioners of the Board of Elections.

Section 12.

a. A child care leave of absence without pay shall be granted to an Employee (male or female) who becomes the parent of a child up to four years of age, either by birth or by adoption, for the period of up to forty-eight (48) months. The use of this maximum allowance will be limited to one instance only. All other child care leaves of an Employee shall be limited to a thirty-six (36) month maximum.

b. Prior to the commencement of child care leave an Employee shall be continued in pay status for a period of time equal to all of the Employee's unused accrued annual leave.

c. Employees who initially elect to take less than the forty-eight (48) month maximum period of leave or the thirty-six (36) months, may elect to extend such leave by up to two extensions, each extension to be a minimum of six (6) months. However, in no case may the initial leave period plus the one or two extensions total more than forty-eight (48) months or thirty-six (36) months.

Section 13.

When a death in an Employee's family occurs while the Employee is on annual leave, such time as is excusable for death in the family shall not be charged to annual leave or sick leave.

Section 14.

a. All Employee vacations shall be scheduled at the discretion of the agency and subject to its needs.

b. Employees shall have the right to "pick" authorized vacations on the basis of seniority in title in each work location.

c. For purposes of this Section, seniority shall be defined as length of continuous service after appointment on a fulltime permanent basis.

ARTICLE X - SICK LEAVE REGULATIONS

Section 1.

a. Sick leave allowance of one day per month of service shall be credited to Employees, and shall be used only for personal illness of the Employee.

Effective July 1, 2004, employees may use three (3) days per year from their sick leave balances for the care of ill family members.

Effective July 1, 2004, the use of sick leave for care of ill family members shall be limited to a maximum of one-fourth (1/4) of the amount of sick leave hours accruable by an eligible employee during the current leave year or one-fourth (1/4) of the sick leave hours accruable by a full time employee in the same title during a leave year, whichever is less. Approved usage of sick leave for care of ill family members may be charged in units of one (1) hour.

b. The number of sick leave allowance days permitted to accumulate shall be unlimited.

c. Sick leave may be granted at the discretion of the President or Secretary of the Board. Proof of disability must be provided by the Employee, satisfactory to the President or Secretary of the Board. Presentation of a physician's certificate in the prescribed form may be waived by the President or Secretary for absences up to and including three consecutive work days. In a case of protracted disability, such certificate shall be presented to the President or Secretary of the Board at the end of each month of continued absence.

d. The provisions above notwithstanding, the Employer may waive the requirement for proof of disability unless:

(1) An Employee requests sick leave for more than three (3) consecutive work days; or

(2) An Employee uses undocumented sick leave more than five (5) times in any subsequent six (6) month "sick leave period." Employees hired after July 1, 1976, shall be subject to the terms of this subsection commencing with the next complete "sick leave period;" or

(3) An Employee uses undocumented sick leave more than four (4) times in any subsequent six (6) month "sick leave period" on a day immediately preceding or following a holiday or a scheduled day off. Employees hired after July 1, 1976 shall be subject to the terms of this subsection commencing with the next complete "sick leave period."

e. For the purposes of (d)(2) and (d)(3) above, the calendar year shall be divided into two (2), six (6) month "sick leave periods." They shall be (1) January 1 to June 30 inclusive, and (2) July 1 to December 31, inclusive. An Employee who exceeds the allowable number of undocumented absences in any "sick leave period" pursuant to paragraphs (d)(2) and (d)(3) above shall thereafter, commencing with the next "sick leave period," be required to submit medical documentation, satisfactory to the Board before further sick leave may be approved. The requirement for such documentation shall continue in effect until the employee has worked a complete "sick leave period" without being on sick leave more than two (2) times.

f. For the purpose of this Section "one time" shall mean the consecutive use of one-half (1/2) or more work days for sick leave. Sick leave taken in units of less than one-half (/2) work day shall be counted as "one time" on sick leave when the cumulative total of such sick leave amounts of one-half (1/2) day.

g. The provisions of paragraph d. above notwithstanding, the Board shall have the discretion to waive the medical documentation required pursuant to paragraphs d(2), and d(3), and e. for Employees who have completed their third year of employment and thereafter have a current sick leave balance commensurate with the number of years of employment as follows:

3 years	- 27 days
4 years	- 36 days
5 years	- 45 days
6 years	- 54 days
7 years	- 63 days
8 years	- 72 days
9 years	- 81 days
10 years or more	- 90 days

h. Any Employee who anticipates a series of three (3) or more medical appointments, which will require a repeated use of sick leave in units of one day or less, shall submit medical documentation indicating the nature of the condition and the anticipated schedule of treatment. Sick leave taken pursuant to said schedule of treatment shall be deemed documented.

(i) The medical documentation required by this Section shall be from a health practitioner licensed by the State in which the practitioner practices to diagnose and certify illness or disability.

However, proper verification of hospital confinement by an authorized hospital official either, by telephone or physical means, and approved by the Chief Clerk or the Chief Clerk's designee, shall be acceptable as proof of hospital confinement in lieu of a document from the hospital and therefore the basis for utilization of sick leave.

Section 2.

An Employee's annual leave shall be changed to sick leave during a period of verified hospitalization. In addition, if an Employee is seriously disabled but not hospitalized while on annual leave, the Board may, at its discretion, approve a change of such leave to sick leave. The decision of the Board in such matters shall not be subject to the grievance procedure.

Section 3.

The normal unit for computation of sick leave shall not be less than one-half days. The President or Secretary of the Board may authorize smaller units of charge in exceptional and unusual circumstances. Credits cannot be earned for the period an employee is on leave of absence without pay. For the earning of sick leave credits, the time recorded on the payroll at the full rate of pay, and the first six months of absence while receiving Worker's Compensation payments shall be considered as time "served" by the Employee.

The "Sick Leave Allowance" shall accrue on an hourly basis and may be utilized in hourly units. The number of hours of sick leave granted shall be based on the number of hours in the respective Employee's work week as follows:

Work Week	Monthly Accrual
35 hours	7 hours

In the calculation of sick leave credits, a full month's credit shall be given to an Employee who has been in full pay status for at least 15 calendar days during that month, provided, however, that (a) where an Employee has been absent without pay for an accumulated total of more than 30 calendar days in the vacation year, the employee shall lose the sick leave credits earnable in one month for each 30 days of such accumulated absence even though in full pay status for at least 15 calendar days in each month during this period, and (b) if an Employee loses sick leave credits under this rule for several months in the vacation year because the Employee has been in full pay status for fewer than 15 days in each month, but accumulated during said months a total of 30 or more calendar days in full pay status, the Employee shall be credited with sick leave credits earnable in one month of each 30 days of such full pay status.

i. For any employees ***newly*** hired on or after July 1, 2004, a maximum sick leave accrual of ten (10) days per annum for the first five (5) years of service shall apply. At the beginning of the sixth year of service, the maximum sick leave accrual shall be twelve (12) days per annum.

Section 4.

At the discretion of the President or Secretary of the Board, Employees with at least one (1) year of service who have exhausted all earned sick leave and annual leave balances due to personal illness may be permitted to use unearned sick leave allowance up to the amount earnable in one year of service, chargeable against future earned sick leave.

Section 5.

At the discretion of the President or Secretary of the Board, permanent Employees may also be granted sick leave with pay for three months after ten years of service, after all credits have been used. In special instances, sick leave with pay may be further extended by the President or Secretary of the Board. The President or Secretary of the Board shall be guided in this matter by the nature and extent of illness and the length and character of service.

ARTICLE XI - HOLIDAY & LEAVE

Section 1. Authorized Absences with Pay

Absence of Employees for the reasons indicated below, shall be excusable in the discretion of the President of the Board without charge to sick leave or annual leave balances, upon submittal of evidence satisfactory to the President of the Board.

a. Absence not to exceed four work-days in the case of death in the immediate family. Immediate family shall be defined for this purpose as spouse; natural, foster or step parent, child, brother or sister; father-in-law or mother-in-law, or any relative residing in the household.

b. For Jury Duty. Leave for jury duty shall be granted to the Employee provided that the Employee remits to the City an amount equal to the amount received for such jury duty less any amount received as reimbursement for travel expenses; provided, however, that in no case may the Employee be required to remit to the City an amount in excess of the amount of the Employee's salary for the period of such leave with pay.

c. For Court Attendance Under Subpoena or Court Order. Leave to attend court shall be granted when neither the Employee or anyone related to the Employee has a personal interest in the case, and where said attendance at court is not related to any other employment of the Employee.

d. Absence required because of Health Department ruling with respect to quarantine.

e. For attendance at New York City Civil Service examination or for official investigation interview or appointment interview in relation to the resulting eligible list.

f. For attendance of delegates and alternates at State or National conventions of veterans' organizations and volunteer firefighter's organizations.

g. Absence by Employee representatives, duly designated by Employee organizations operating under the Mayor's Executive Order No. 75, dated March 22, 1973, acting on matters related to the interests of Employees of the Board, to negotiate with and appear before departmental and other City officials and agencies including the Office of Labor Relations, Office of Collective Bargaining, the Board of Estimate, the City Council and the Department of Personnel.

h. Latenesses caused by a verified major failure of public transportation, such as a widespread or total power failure of significant duration or other catastrophe of similar severity, shall be excused.

Prior notice to an authorization by the President of the Board or the President's designated representative is required for absence under (b), (c), (e), (f) and (g) of Section 1a. The Employees shall give notice to the Board as soon as possible in all other cases.

Section 2.

Employees who are on agency approved work-study paid leave-of-absence shall not have annual leave credits deducted unless they actually request and take such annual leave, provided that annual leave accruals do not exceed the maximum permitted by this Agreement.

Section 3.

Leaves of absence without pay for reasons not covered in the foregoing rules may be granted to permanent full time, per annum Employees by the President of the Board not to exceed one year. Extensions of such leave may be granted by the President of the Board not to exceed an additional period of one year.

Section 4.

The regular holidays with pay shall be:

New Year's Day	Labor Day
Martin L. King Day	Columbus Day
Lincoln's Birthday	Veteran's Day
Washington's Birthday	Thanksgiving Day
Memorial Day	Christmas Day
Independence Day	

* One additional day in lieu of Election Day to be designated by the Board after prior notification to the Union.

** Effective July 1, 2004, Lincoln's Birthday shall no longer be a regular holiday with pay for any Employee.

Section 5.

When a holiday falls on a Saturday, it shall be observed on the preceding Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday. However, when the Executive Director deems it necessary to keep facilities open on both Monday and Friday, Employees may be scheduled to take time off on either the Monday or Friday.

Section 6.

a. If an Employee is required to work on any of the eleven (11) holidays listed in this Section, the Employee shall receive a fifty percent (50%) cash premium for all hours worked on the holiday and shall, in addition, receive compensatory time off at the Employee's regular rate of pay. Compensatory time off earned pursuant to this Section may be scheduled by the agency either prior to or after the day on which the holiday falls.

b. If a holiday designated pursuant to this Agreement falls on a Saturday, the fifty percent (50%) cash premium and compensatory time off at the Employee's regular rate of pay shall apply only to those Employees who are required to work on the Saturday holiday. Employees required to work on the Monday or Friday designated by the Board for holiday observance when a holiday falls on a Saturday or a Sunday shall receive compensatory time only. With respect to an Employee who is scheduled to work on both the Saturday holiday and the day designated for observance: (1) If the Employee is required to work on only one of such days, the Employee shall be deemed to have received compensatory time off (and shall receive the fifty percent (50%) cash premium when required to work on the Saturday holiday) or (2) if the Employee is required to work on both such days, the Employee shall receive the fifty percent (50%) cash premium and compensatory time off at the Employee regular rate of pay for all hours worked on the Saturday holiday.

c. However, if the Employee is required to work on a holiday which falls on the Employee's scheduled day off, the Employee may choose whether such holiday work is to be compensated by the fifty percent (50%) cash premium and compensatory time off provided for above, or, if the Employee is otherwise eligible, by the overtime provisions of Article VIII. An Employee shall not receive for the same hours of work both (1) overtime pay, and (2) the fifty percent (50%) cash premium and compensatory time off.

ARTICLE XII - PERSONNEL PRACTICE

Section 1. Personnel Folder

a. An Employee shall be required to accept a copy of any evaluatory statement of the Employee's work performance or conduct prepared during the term of this Agreement if such statement is to be placed in the Employee's permanent personnel folder whether at the central office of the agency or in another work location. Prior to being given a copy of such evaluatory statement, the Employee must sign a form which shall indicate only that the Employee was given a copy of the evaluatory statement but that the Employee does not necessarily agree with its contents. The Employee shall have the right to answer any such evaluatory statement filed and the answer shall be attached to the file copy. Any evaluatory statement with respect to the Employee's work performance or conduct, a copy of which is not given to the Employee, may not be used in any subsequent disciplinary actions against the Employee.

An Employee shall be permitted to view the Employee's personnel folder once a year and when an adverse personnel action is initiated against the Employee by the Employer. The viewing shall be in the presence of a designee of the Employer and held at such time and place as the Employer may prescribe.

b. All Employees who receive an evaluatory statement shall receive a form which the Employee may fill out listing their duties. Management may use this form in its evaluatory statement. This form will be attached to the evaluation in the personnel file.

Section 2.

If an Employee finds in the Employee's personnel folder any material relating to the Employee's work performance or conduct in addition to evaluatory statements prepared after July 1, 1967, the Employee shall have the right to answer any such material filed and the answer shall be attached to the file copy.

Section 3.

a. At all times it shall be the responsibility of the Board to inform the Employee of the Employee's accumulated time sufficiently in advance to allow the Employee enough time to use accrued time prior to separation from service. It shall be the Employee's responsibility to use such accrued time prior to the date the Employee must be off payroll, whether by mandatory retirement or by the end of the extension period.

b. Extensions shall not be granted in order to exhaust accrued leave.

c. If while in covered employment under the terms of this Agreement an Employee dies, the Board shall notify the beneficiary designated by the Employee in the Employee's personnel folder as to what benefits may be available from the Board and as to where claims may be initiated for such benefits.

d. The Board shall promptly notify the appropriate retirement system and request that it communicate with the beneficiary designated in the system's record.

Section 4.

Daily time records shall be maintained showing the actual hours worked by each Employee.

Section 5.

Upon appointment to a City Agency from a Civil Service eligible list immediately following continuous Board service, all sick leave, annual leave balances and compensatory time balances to a maximum of 200 hours shall be transferred with the Employee.

Section 6.

On a date prior to July 1 of each year, the Board of Elections shall furnish to each Employee an annual statement of all leave balances (sick leave, annual leave, compensatory time) accumulated as of the end of the vacation year.

Section 7.

If an Employee's paycheck is lost by the Employer, the Employer shall secure a handwritten replacement check for the Employee within three (3) working days after receipt of an affidavit by the Employee stating that the Employee has not received the lost check or any proceeds from it.

Section 8.

There shall be a shift differential of ten percent (10%) for all Employees covered by this Agreement for all scheduled hours of work between 6:00 P.M. and 8:00 A.M. with more than one hour of work between 6:00 P.M. and 8:00 A.M.

i. For any employees *newly* hired after July 1, 2004, during their first three (3) years of employment only, this provision shall apply to scheduled hours of work between 8:00 P.M. and 8:00 A.M.

An Employee working overtime shall not receive a shift differential for such work, but shall receive overtime pay or compensatory time as provided for in Article VIII.

Section 9. Absence Due to Injury Incurred in the Performance of Official Duties

An Employee physically disabled in the performance of the Employee's official duties who has accrued sick and/or annual leave or has been advanced credits in accordance with these Leave Regulations may elect one of the following, in addition to the benefits to which the Employee is entitled under the Worker's Compensation Law, such election to be made within the first seven calendar days of absence by the Employee or someone in the Employee's behalf:

a. To receive the difference between the amount of the Employee's weekly salary and the compensation rate, provided that:

(1) The injured Employee or any authorized person acting in the Employee's behalf makes the request in writing, and

(2) The injured Employee or any authorized person acting in the Employee's behalf agrees that a pro-rated charge be made against the Employee's sick leave and/or annual leave balances equal to the number of working days of absence less the number of working days represented by the Worker's Compensation payments, and

(3) The injured Employee has the necessary

accrued sick leave and/or annual leave balance or has been advanced credits in accordance with these against which the supplementary pay can be charged, and

(4) The injured Employee was not guilty of willful gross disobedience of safety rules or willful failure to use a safety device or was not under the influence of alcohol or narcotics at the time of injury or did not willfully intend to bring about injury or death upon themself or another, and

(5) The injured Employee undergoes such medical examinations as are requested by the Worker's Compensation Division of the Law Department and the Board of Elections, when found fit for duty by said physicians, returns to employment.

b. To receive Worker's Compensation benefits in their entirety with no charge against sick leave and/or annual leave:

During the period when an injured Employee is receiving Worker's Compensation and the differential to bring the Employee to full pay, the Employee will be carried on full pay status and this time shall be counted for retirement benefits.

The President of the Board of Elections is empowered to grant a leave of absence with pay for the first week's absence of an Employee covered by Worker's Compensation who is physically disabled in the performance of official duties.

Upon the determination of the President of the Board of Elections that an Employee has been physically disabled because of an assault arising out of and in the course of the Employee's employment, the agency head will grant the injured Employee a leave of absence with pay not to exceed eighteen months. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the President of the Board in writing that the Employee's injury has been accepted by the Division as compensable under the Worker's Compensation law, or, if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law. If an Employee is granted a leave of absence with pay pursuant to this Section, the Employee shall receive the difference between the Employee's weekly salary and the Employee's compensation rate with charge against annual leave or sick leave. The Employee shall, as a condition of receiving benefits under this Section, execute an assignment of the proceeds of any judgment or settlement in any third party action arising from such injury, in the amount of the pay and medical disbursements received pursuant to this Section but NOT to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel.

Section 10.

Within forty-five (45) days of the receipt by the Worker's Compensation Division of the Law Department of a claim for Worker's Compensation the City shall notify the claimant that the Employee's claim has been approved or disapproved.

Failure to notify the Employee within the forty-five (45) day time limit may be grieved at Step III of the grievance procedure without resort to previous steps.

Section 11.

Retirees shall continue to have the option of changing their previous choice of Health Plans. This option shall be:

(a) a one time choice;

(b) exercised only after one year of retirement;

(c) can be exercised at any time without regard to contract periods;

(d) The effective date of change to a new plan shall be the first day of the month in which the application has been received by the New York City Health Insurance Program.

Effective with the re-opener period for Health Insurance subsequent to January 1, 1980 and every two years thereafter, retirees shall have the option of changing their previous choice of health plans. This option shall be exercised in accordance with procedures established by the Employer. The Union will assume the responsibility of informing retirees of this option.

Section 12.

When a permanent Employee is summoned to an interview which may lead to a disciplinary action and which is conducted by someone outside the normal supervisory chain of command, the following procedure shall apply:

(a) Employees who are summoned to the appropriate office of the Board shall be notified, whenever feasible, in writing, at least two (2) work days in advance of the day on which the interview or hearing is to be held, and a statement of the reason for the summons shall be attached, except where an emergency is present or where considerations of confidentiality are involved.

(b) Whenever such an Employee is summoned for an interview or hearing for the record which may lead to disciplinary action, the Employee shall be entitled to be accompanied by a Union representative or a lawyer, and the Employee shall be informed of this right. If a statement is taken, the Employee shall be entitled to a copy.

(c) Wherever possible, such hearings and interviews shall be held in physical surroundings which are conductive to privacy and confidentiality.

ARTICLE XIII - BULLETIN BOARDS: EMPLOYER FACILITIES

Section 1.

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the Employees to read. All notices shall be on Union stationery, and shall be used only to notify Employees of matters pertaining to Union affairs.

The Employer will make available, in each borough office, space in which the Union may place it own bulletin board, which shall be clearly marked as such.

Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during Employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with Employer business.

Section 2.

The Employer will make available a space which will be locked in which personal items may be stored during working hours.

ARTICLE XIV - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and Employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labormanagement committee.

Section 2.

The labor-management committee shall consider and recommend to the Board of Elections changes in the working conditions of the employees within the Board who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

The labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the Board of Elections shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. The committee shall select a chairperson from among its members at each meeting. The chairpersonship of the committee shall alternate between the members designated by the Board and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. The committee shall make its recommendations to the Board in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Board members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

Section 5.

The Board and the Union agree that the matters of productivity and incentives are appropriate subjects for discussion in the labor-management committee.

ARTICLE XV - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any Employee shall induce or engage in any strikes, slowdowns, work stoppages, or mass absenteeism, or induce any mass resignations during the term of this Agreement. If during the term of this Agreement, Employees independently engage in any conduct prohibited by this Article, the Union shall exert its best efforts to cause such Employees to return to work.

ARTICLE XVI - HEALTH & SAFETY

a. A Labor-Management Health and Safety Committee shall be established in the Board. The Committee shall be composed of three labor and three management representatives for a total of six members. The management representatives shall be designated by the agency President. The committee shall meet bi-monthly or at the written request of the three labor or the three management representatives for the purpose of discussing health and safety problems in the agency and making recommendations to the President of the Board. The written request shall indicate the specific condition for which the meeting is being called.

b. Adequate, clean, structurally safe and sanitary working facilities shall be provided for all Employees.

c. Motor vehicles and power equipment which are in compliance with minimum standards of applicable law shall be provided to Employees who are required to use such devices.

d. Where necessary, first aid chests, adequately marked and stocked shall be provided by the Employer in sufficient quantity for the number of Employees likely to need them and such chests shall be reasonable accessible to the Employees.

e. The Employer agrees that the contingency plan for bomb scares which has been designed and transmitted to the operating agencies remains in effect.

f. The sole remedy for alleged violations of this Article shall be a grievance pursuant to Article VII of this Agreement. Any Employee who withholds services as a means of redressing or otherwise protesting alleged violations of this Article shall be docked pay for any unauthorized non-performance of work and may be subject to any appropriate disciplinary action.

g. In construing this Article, an arbitrator shall initially have the power only to decide whether the subject facilities meet the standards of subsection b of this Article but may not affirmatively direct how the Employer should comply with this Article. If the arbitrator determines that the Employer is in violation of this Article, the Employer shall take appropriate steps to remedy the violation. If in the opinion of the Union the Employer does not achieve compliance within a reasonable period of time, the Union may reassert its claim to the arbitrator. Upon such second submission, if the arbitrator finds that the Employer has had a reasonable time to comply with the terms of this Article and has failed to do so, then and only then, the arbitrator may order the Employer to follow a particular course of action which will effectuate compliance with the terms of this Article. However, such remedy shall not exceed appropriations available in the current budget allocation for the involved agency for such purposes.

h. The Employer shall make reasonable efforts to provide for the personal security of Employees working in office buildings operated by the Employer, during such hours as said locations are open to the public.

ARTICLE XVII - BARGAINING BAR DURING TERM OF AGREEMENT

Section 1.

The parties acknowledge that they have raised and negotiated in good faith concerning all mandatory subjects of collective bargaining and that the terms of this Agreement represent their entire agreement after such negotiations. All subjects not provided for herein were disposed of in the course of negotiations; and the parties accordingly acknowledge that there remains no further duty to bargain concerning them unless consented to in writing.

Section 2.

Nothing herein shall authorize or require collective bargaining between the parties during the term of this Agreement, except that the parties may mutually agree to engage in collective bargaining where (a) the matter was not specifically covered by the Agreement or raised as an issue during the negotiations out of which such agreements arose and (b) there shall have arisen a significant change in circumstances with respect to such matter which could not reasonably have been anticipated by both parties at the time of the conclusion of negotiations.

Section 3.

There shall be no resumption of negotiations during the term of an agreement upon the claim that the agreement is not consummated or not executed or that one of the parties promised to resume negotiations on any particular matter unless such claim is substantiated by a written document signed by the party against whom the claim is made.

ARTICLE XVIII - APPLICABLE LAWS AND REGULATIONS

Section 1.

This Agreement and each of its provisions are expressly made subject to New York State Election Law Section 3-300 and in no way are intended to, nor do they in any manner reduce, lessen, diminish nor impair the rights and obligations of the Board of Elections of the City of New York as set forth in said Section 3-300 of the Election Law.

Section 2.

The provisions of the Agreement as qualified in Section 1. are further subject to and are governed by all applicable existing and future laws and regulations and Mayoral Executive Order No. 52 and the amendments thereto which are deemed applicable to this Agreement.

ARTICLE XIX - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this collective bargaining agreement as if fully set forth herein.

ARTICLE XX - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XXI - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

WHEREFORE, we have hereunto set our hands and seals this 26th day of February, 2007.

DATE SUBMITTED TO THE FINANCIAL CONTROL BOARD:
UNIT: BOARD OF ELECTIONS
TERM: August 8, 2006 to June 18, 2008

Appendix A
Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of Employees for the longevity increments provided for in Section 8 of the 2006-2008 CWA Agreement.

1. Only service in pay status shall be used calculate the 5, 10, and 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 5, 10, and 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 5, 10, and 15 years of service. If the normal work year for an Employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length of work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 5, 10, and 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in the paragraph 2 above.

   a. time on a leave approved by the proper authority which is consistent with **the Personnel Rules and Regulations of the City of New York** or the appropriate personnel authority of a covered organization.

   b. time prior to a reinstatement.

   c. time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

   d. time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsection a, b and c above shall not be used to calculate the 5, 10, and 15 years of service.

4. Once an Employee has completed the 5 years of "City" service in pay status and is eligible to receive the $466 longevity increment, the additional $250 or $550 longevity increment, the $466, the additional $250 or $550 shall become part of the Employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $466, additional $250 and $550 longevity increment shall not become pensionable until fifteen months after the Employee becomes eligible to receive such $466, $250 or $550 increment. Fifteen months after the Employee becomes eligible to receive the $466, the $250 or the $550 longevity increment, such $466, $250 or $550 longevity increment shall become pensionable and as part of the Employee's base rate, shall be subject to the general increase provided in Section 4a of the 1992-95 CWA Economic Agreement.

Re: 2006-2008 CWA Local 1183 Agreement

Dear Mr. Diesso & Mr. Zimmitti:

For your information, please note the following:

1) Where practicable the Commissioners of the Board of Elections will attempt to make promotions from within the Board of Elections.

2) The Administrative Code Title B (City Commission on Human Rights) and Executive Order No. 22 of 1970 (Prohibiting Discrimination in Employment by the City Department and Agencies) remains in full force and effect.

3) If the Union so desires and can provide to the City an estimate of the number of Local 1183 members who wish to join the CWA Savings and Retirement Trust, the City will meet with the Union and Representatives of the Comptroller Office, to attempt to devise a mechanism permitting employee deductions and transmittal of monies to the CWA Savings and Retirement Trust.

4) The Board agrees that the names and original appointment dates of all current Board of Elections employees who are represented by Local 1183 will be provided to the employees within 30 days of the final approval of Local 1183's 1984-87 collective bargaining agreement. However, names and appointment dates will be provided only to the extent that such information is readily accessible to the Board.

Re: 2006-2008 CWA Local 1183 Agreement

Dear Mr. Diesso and Mr. Zimmitti:

a. Funding was not provided to permit the application of the general increases to the longevity increments provided in various separate unit agreements. Therefore the provisions of Section 3 (a)(i) of the *2006-2008 CWA Local 1183 Agreement* shall *not* apply to such longevity increments.

b. Notwithstanding the above, once an employee has completed the required years of "City" service in pay status and is eligible to receive the longevity increment, the payment shall become part of the employee's base rate for all purposes except as provided in paragraph c. below.

c. The longevity increment shall not become pensionable until fifteen months after the employee begins to receive such increment. Fifteen months after the employee begins to receive the longevity increment, such longevity increment shall become pensionable and as part of the employee's base rate, the longevity increment shall be subject to the general increases provided in Section 3 (a) of this Agreement.

d. All other provisions of Appendix A shall remain in full force and effect.

If the above accords with your understanding, please execute the signature line provided below.

Re: 2006-2008 CWA Local 1183 Agreement

Dear Mr. Diesso and Mr. Zimmitti:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

Transit Check

The parties agree that the City will expand the current Transit Check program to offer to eligible employees the ability to purchase a Transit Debit Card through payroll deductions in accordance with IRC Section 132. In addition to the current MTA Surface and Subway lines, the Transit Debit Card may be used to purchase tickets for mass transit commutation only (i.e. LIRR, LI MTA Buses, MetroNorth). The administrative fee for this benefit will be borne by the participants and will be deducted on a prorated basis from the participating employee's paycheck. After one year of experience with this benefit, the City will examine the level of participation and the associated costs of providing this benefit to determine whether or not the administrative fee requires adjustment.

The parties further agree to examine the possible expansion of this benefit to include other regional mass transit carriers.

Labor Management Committee on Pension Issues

There shall be a joint Labor Management Committee on Pensions with the appropriate parties. The committee shall analyze the actual costs and additional contribution rate(s) for members of the New York City Employees' Retirement System (NYCERS) and the Board of Education Retirement System (BERS) associated with Chapter 96 of the Laws of 1995. Such analysis shall be based on, among other factors, the actual number of people who elected to participate under the provisions of said Chapter 96 of the Laws of 1995 as of September 26, 1995. The committee shall make recommendations regarding the establishment of revised additional contribution rate(s) and other remedies it deems appropriate so as to reflect the actual cost to members of NYCERS and BERS. Regardless of the comparison of actual costs to additional contributions for members of NYCERS and BERS, there shall be no adjustment to contributions under Chapter 96 without first considering the contributions by the employer to NYCERS and BERS on behalf of all employees, and the comparison of those contributions to actual costs.

The appropriate parties further agree to discuss the following issues:

Chapter 96 Reopener
Chapter 96 Escape
Age and Vesting Requirements
Member Contribution Amounts and Duration
Benefit Formula Changes
Service Credits
Any other areas the parties mutually agree to

Continuation of Certain Health Benefits

The parties acknowledge that collective bargaining regarding health benefits is within the purview of negotiations between the Municipal Labor Committee and the City. Cost-containment initiatives in the City Health Benefits Program shall be discussed with the Municipal Labor Committee.

Salary Review Panel

A Salary Review Panel shall be established to review selected titles and occupational groups to determine whether or not salary adjustments or other compensation modifications appear to be indicated and, based on their findings, to make such recommendations as are appropriate. The Panel Procedures shall be set forth in a letter agreement. The parties further agree that no recommendation for salary modifications and/or other adjustments shall be implemented unless and until the parties have agreed on the source(s) of funding.

Additional Compensation Funds

Effective June 18, 2008, the bargaining unit shall have available funds not to exceed 0.34% to purchase recurring benefits, mutually agreed to by the parties, other than to enhance the general wage increases set forth in Section 4 or the hiring rate for new employees set forth in Section 5. The funds available shall be based on the December 31, 2005 payroll, including spinoffs and pensions.

Performance Compensation Procedures

The Letter Agreement between the City of New York and District Council 37 regarding such criteria and procedures insofar as they relate to the City of New York's "Performance Compensation Procedures" shall apply.

If the above accords with your understanding, please execute the signature line provided below.

Re: 2006-2008 CWA Local 1183 Agreement

Dear Mr. Diesso and Mr. Zimmitti:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement. As set forth in the 2006-2008 Unit Agreement, the parties agree to establish the "Salary Review Panel" (*"Panel"*).

Composition of the Panel

The Salary Review Panel shall consist of a member appointed by the Union, a member appointed by the City, and a neutral selected by the parties or such other arrangement as may be mutually acceptable to the parties.

Goals and Objectives

A Salary Review Panel shall be established to review selected titles and occupational groups to determine whether or not salary adjustments or other compensation modifications appear to be indicated and, based on their findings, to make such recommendations as are appropriate.

Criteria

The criteria to be used to determine the title(s) and/or occupational group(s) to be reviewed for such adjustments or modifications shall be mutually agreed upon by the parties. Only those criteria that are mutually agreed upon by the parties shall be considered by the Panel.

The parties mutually agree that any review undertaken by the Panel shall, where appropriate, include an analysis of the "total compensation" of a title. Total compensation includes wages and other salary-related benefits; time and leave benefits; health insurance; welfare fund benefits; pension benefits; and such other areas that are typically considered by the parties.

Written applications are to be submitted to the Panel within 120 days of the ratification of this Agreement unless the parties mutually agree to an extension. Applications submitted to the Panel must contain detailed information regarding the basis for the claim. Determinations and/or recommendations of the Panel shall not be grievable, arbitrable or otherwise reviewable in any other forum.

The parties further agree that no recommendation for salary modifications and/or other adjustments shall be implemented unless and until the parties have agreed on the source(s) of funding.

If the above accords with your understanding, kindly execute the signature line provided below. Very truly yours,

OFFICE OF THE MAYOR

■ NOTICE

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007

PROCLAMATION OF ELECTION

As a result of the determination by the New York City Board of Elections on March 8, 2007 that Mathieu Eugene was the winner of the special election, held on February 20, 2007, to elect an interim Council Member for the fortieth Council District, and the letter to the City Clerk, dated March 8, 2007, by Mathieu Eugene stating that he will not take the oath of office to act as such Council Member, a vacancy has been created in the position of Council Member for the fortieth Council district. Accordingly, pursuant to the authority vested in me by Sections 25(b)(1) and 25(b)(6) of the New York City Charter, I hereby proclaim that a special election shall be held in the fortieth Council district on April 24, 2007 to elect an interim Council Member to serve until December 31, 2007. Pursuant to Section 25(b)(7) of the Charter, nomination of candidates in this election shall be by independent nominating petition. Subsequent to such election, pursuant to Section 25(b)(2) of the Charter, the seat for such district shall be filled for the remainder of the unexpired term by the person duly elected at the general election to be held in November 2007.

MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

■ NOTICE

STATEMENT OF MAYORAL FINDINGS PERTAINING TO THE *NYC GREEN SCHOOLS RATING SYSTEM*

Pursuant to Charter §224.1(b)(1) and Executive Order No. 97 of 2006, the Office of Environmental Coordination (OEC) is publishing findings relating to the LEED® equivalency of the New York City School Construction Authority's (SCA) NYC Green Schools Rating System as described in SCA's *NYC Green Schools Guide* (NYC GSG).

The SCA, with the New York City Department of Education (DOE), developed the NYC Green Schools Rating System to guide the sustainable design, construction and operation of new schools, modernization projects and school renovations and to achieve compliance with Local Law 86 of 2005. This rating system is designed to meet the specific sustainability needs of New York City schools in a cost effective manner and is based on the LEED® (Leadership in Energy and Environmental Design) Green Building Rating System™, developed by the U.S. Green Building Council. The NYC Green Schools Rating System also includes best practices for schools adopted from the Collaborative for High Performing Schools, Inc. rating system, as well as SCA best practices. The SCA has requested a determination of whether the NYC Green Schools Rating System is "not less stringent" than the LEED® Green Building Rating System for a LEED® Certified rating.

The Mayor's Office retained the services of the consulting firm Davis Langdon to perform an independent review of the NYC Green Schools Rating System in order to evaluate whether it is not less stringent than the LEED® Green Building Rating System. The consultant analyzed each of the 54 required credits in the *NYC Green Schools Guide* to determine whether the LEED®-based system included a comparable credit and, if so, whether the requirement of the NYC GSG was at least as stringent as the comparable LEED® requirement. A review of the results of the independent consultant shows that 40 of the requirements of the SCA's NYC GSG have an existing LEED® counterpart and that the NYC GSG requirement is at least as stringent as the corresponding LEED® requirement. Of the 40 LEED®-based credits, 38 are credits with points and two are "no point" credits. (The latter are equivalent to LEED® prerequisites, which also carry no points). The two no point credits and 26 of the 38 credits with points are required to be incorporated into all applicable SCA school design projects. The remaining 12 credits are required to be included in all projects if feasible given site or program-specific constraints. The 26 point-bearing credits are sufficient to earn the equivalent of a LEED® Certified rating. In the unlikely event that one of the 26 credits that are required for all projects cannot be achieved for any particular project, the designer may substitute one of the 12 required if feasible credits in order to reach the 26 credits for a rating equivalent to LEED® Certified as required by the SCA.

Further, the NYC GSG contains 14 additional credits that are not addressed by LEED®, but are derived from either the Collaborative for High Performance Schools, Inc. (CHPS) or from SCA existing best practices. Of these, seven are no point credits required for all projects, two are credits with points required for all projects, and five are credits with points required if feasible for a particular project. There are also eleven optional credits, at least seven of which are LEED®-based and as stringent as the respective LEED® credit, which may be used with the approval of the SCA.

The consultant noted that the most significant difference between the *NYC Green Schools Guide* and LEED® is how the two guidelines address energy efficiency. Where LEED® is a performance-based system, the NYC GSG is a prescriptive system. LEED® awards points based on how much more energy-efficiently a building will operate in terms of cost; the NYC GSG prescribes specific Energy Efficiency Measures (EEMs) that are required in NYC School designs to achieve energy cost savings. The consultant concluded that the NYC GSG prescriptive strategy would meet both the LL86 energy cost reduction requirement and the LEED® prerequisite (which bears no points toward certification) for Energy and Atmosphere.

Therefore, the independent review concluded that the NYC GSG will be no less stringent than the current version of LEED® for New Construction, version 2.2, in terms of processes and procedures required to limit the environmental impacts of NYC school construction projects. The consultant further noted that if future regulatory changes or future changes in utility rates render the NYC GSG non-compliant with LL86, the SCA has established procedures to address such changes and to update the NYC GSG accordingly.

Based on careful consideration of the analysis and conclusions of the independent review dated March 12, 2007 of the *NYC Green Schools Guide*, the Director of the Office of Environmental Coordination, on behalf of the Mayor, finds that the SCA's NYC Green Schools Rating System will be no less stringent than LEED® New Construction, version 2.2, for the achievement of a LEED® Certified rating.

Copies of the *NYC Green Schools Guide* can be can be downloaded from the SCA's website at http://schools.nyc.gov/Offices/SCA/DoingBusiness/AE/NYCGreenSchoolsGuide/default.htm starting on March 19, 2007. Copies of the independent review and this Statement can be downloaded from the Office of Environmental Coordination website at www.nyc.gov/oec.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

BRONX CB - 6 **N 070266 HAX**
Application submitted by the Department of Housing Preservation and Development (HPD):

pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 906 East 178th Street (Block 3121/Lot 38) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

to facilitate the development of a six story building, tentatively known as Honeywell II Apartments, with approximately 35 residential units to be developed under the New York City Department of Housing Preservation and Development's Mixed-Income Rental Program and the New York State Division of Housing and Community Renewal's Low Income Housing Tax Credit Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20075264 HAK and 20075265 HAK.

COUNTY OF BRONX
NOTICE OF FORECLOSURE
In Rem Tax Foreclosure Action No. 50
Borough of The Bronx
Sections 9, 10, 11, 12, 16, 17, and 18
Tax Classes 1 and 2
INDEX NO. 40000/2007

PLEASE TAKE NOTICE THAT on the 16th day of February, 2007, the Commissioner of Finance of the City of New York, pursuant to law, filed with the Clerk of Bronx County, a list of parcels affected by unpaid tax liens held and owned by said City of New York, which on the 16th day of February, 2007, had been unpaid for a period of at least one year, or in the case of Tax Class One and Tax Class Two properties that are residential condominium units or residential cooperative buildings and multiple dwellings owned by companies organized under Article XI of the New York State Private Housing Finance Law, with the consent and approval of the Department of Housing Preservation and Development, three years after the date when tax, assessment, or other legal charge became a lien. Said list contains as to each such parcel (a) a brief description of the property affected by such tax liens, (b) the name of the owner of such property as the same appeared on the annual record of assessed valuation at the time of filing or a statement that the owner is unknown if such be the case, (c) a listing of such tax liens upon such parcels, including those which caused the property to be subject to the foreclosure proceeding and those which accrued thereafter, together with the date or dates from which, and the rate or rates at which interest and penalties thereon shall be computed.

The filing of this list of delinquent taxes constitutes the commencement by the City of New York of an action in the Supreme Court, Bronx County, to foreclose the tax liens therein described by a foreclosure proceeding in rem and this list constitutes a notice of pendency of action and a complaint by the City of New York against each piece or parcel of land therein described to enforce the payment of such tax liens.

Such action is brought against the real property only and is to foreclose the tax liens described in such list. No personal judgment shall be entered herein for such taxes, assessments or other legal charges or any part thereof.

A certified copy of such list of delinquent taxes has been filed in the Bronx Business Center, 1932 Arthur Avenue, 1st Floor, Bronx, NY 10457, and will remain open for public inspection up to and including the 18th day of May, 2007, which date is hereby fixed as the last date for redemption.

Any party or entity having or claiming to have an interest in any such parcel and the legal right thereto may on or before said date redeem the same by paying the Commissioner of Finance, at 1932 Arthur Avenue, 1st Floor, Bronx, NY 10457, or any Borough Business Center, the amount of all such unpaid tax liens thereon and in addition thereto all interest and penalties which are a lien against such real property computed to and including the date of redemption.

And take further notice that during the same period such party or entity may request the Commissioner of Finance to enter into an agreement for installment payments as provided under Sections 11-405 and 11-409 of the Administrative Code.

Every person or entity having any right, title or interest in or lien upon any parcel described on such list of delinquent taxes may serve a duly verified answer upon the Corporation Counsel setting forth in detail the nature and amount of his interest or lien, any defense or objection to the foreclosure and the full name of the answering party. Such answer must be filed in the office of the Clerk of Bronx County and served upon the Corporation Counsel at any time after the first date of publication but not later than twenty days after the date above mentioned as the last day for redemption, which shall be June 7th, 2007. In the event of failure to redeem or answer, such person shall be, except as provided in Sections 11-407(c), 11-412.1 and 11-424 of the Administrative Code, forever barred and foreclosed of all his right, title and interest and equity of redemption in and to the parcel described in such list of delinquent taxes and a judgment of foreclosure may be taken in default.

NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY,

Petitioner,

To acquire by exercise of its powers of Eminent Domain Title in Fee Simple absolute to certain real property known as Tax Block 4894, Lot 1, located in the Borough of the Bronx, City of New York, in connection with the construction of Early Childhood Center - Bronx

PLEASE TAKE NOTICE that, upon the annexed petition of the New York City School Construction Authority (the "Authority"), duly verified on the 21st day of February, 2007, by Sharon L. Greenberger, President and Chief Executive Officer of the Authority, Petitioner shall move this Court on the 26th day of March, 2007 at 2:00 P.M., or as soon thereafter as counsel may be heard, at I.A. Part 6, of this Court, to be held at the Courthouse thereof, located at 851 Grand Concourse, Room 705, Bronx, New York, for an order:

a) granting the Petition in all respects;
b) authorizing the Authority to file the Acquisition Map in the Office of the County Clerk or the Office of the City Register of Bronx County;
c) directing that, upon the filing of the Order of this Court and the Acquisition Map, title and possession to the property shown on said Map shall vest in the Authority, said property consisting of all that certain plot, piece or parcel of land, comprising Tax Block 4894 Lot 1, with any buildings and improvements thereon, erected, situated, lying and being in the Borough Of the Bronx, County of Bronx, State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly side of Boston Road with the westerly side of Baychester Avenue;

Running thence northerly along the westerly side of Baychester Avenue, 107.88 feet to a point;

Running thence westerly at right angles to the westerly side of Baychester Avenue, 200.00 feet to the easterly side of Edson Avenue;

Running thence southerly along the easterly side of Edson Avenue, 118.90 feet to the northerly side of Boston Road;

Running thence easterly along the northerly side of Boston Road, 200.30 feet to the corner the point or place of beginning; containing 22,678 square feet or 0.5206 acres.

The parcel described above consists of Tax Lot 1 in Tax Block 4894 as shown on the Tax Map of The City of New York for the Borough of the Bronx, as said Tax Map existed on October 30, 2006.

(The above-described property is hereafter referred to as the "Property").

d) determine all claims for just compensation arising from the acquisition of said Property and that such claims shall be heard without a jury and without referral to a referee or commissioner;
e) directing that, within thirty (30) days after the entry of the Order of this Court, the Authority shall cause a Notice of Acquisition to be served upon each condemnee or such condemnee's attorney of record;
f) directing that all claimants have a period of one hundred eighty (180) days from the date of service of the Notice of Acquisition within which to file a written claim or notice of appearance; and
g) granting such other and further relief as this Court deems just and proper.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs of the City of New York. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

MONITOR FILL IMPORTATION, METHANE GAS MONITORING AND SETTLEMENT MONITORING – Negotiated Acquisition – Other (Describe below in Other Legally Mandated Information) - PIN# 84607C000C07 – DUE 03-26-07 AT 4:00 P.M. – In accordance with Section 3-04 (b)(2)(i)(D) of the Procurement Policy Board Rules, Department of Parks and Recreation intends to enter into a Negotiated Acquisition with Gannet Fleming Engineers PC. Parks is a co-permitee with Ferry Point Partners ("FPP") on the DEC part 360 permit. This permit requires the vendor to monitor fill importation, methane gas and settlement at the Ferry Point Park site. Reports are to be submitted in accordance with the DEC permit. Before we can terminate the concession license with FPP, DPR needs to have the ability to seamlessly meet the requirements of the DEC permit, which is best achieved by contracting with Gannet Fleming Engineers PC, the vendor currently providing services as a subcontractor under the FPP contract. DPR has determined that competitively soliciting for these services is not practicable because any delay in performing and continuing the required monitoring and testing at the site will place the City at risk for substantial fines from DEC and could also potentially impact the surrounding communities. Also, the above vendor has already been approved by the NYS DEC to perform services under the 360 Permit, which would be a substantial delay if another vendor were brought in to perform services. Any firm which believes it can also provide this category of service and would like to be considered, is invited to contact the NYC Parks and Recreation.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. Section 3-02 Vehicle Retirement.

(a) The following requirements shall apply to all vehicles hacked-up on or after March 1, 1996:

(1) A vehicle which is double-shifted and not driven by at least one long-term driver, as defined in [Rule] section 1-01 of this title, for any period of time on or after March 1, 1997, and is not in service solely as an authorized stand-by vehicle from the time the vehicle is hacked-up, must be retired from taxicab service and replaced no later than the first scheduled inspection of the vehicle occurring 36 months after the vehicle was hacked-up.

(2) All other vehicles must be retired from taxicab service and replaced no later than the first scheduled inspection of the vehicle occurring 60 months after the vehicle was hacked-up.

(3) Notwithstanding the foregoing provisions of this subdivision 3-02(a), any vehicle hacked-up on or after March 1, 1996 and before April 17, 2007 which, no later than six months after hack-up, is dedicated to operate on compressed natural gas (with a maximum reserve gas tank of five gallons) and which remains so dedicated thereafter, throughout its operation, has an extension of its retirement date by twenty-four additional months of taxicab service.

(4) Notwithstanding the foregoing provisions of this subdivision [§]3-02(a), the retirement date of any vehicle hacked-up on or after March 1, 1996 and before April 17, 2007, which is a minivan approved for use as a taxicab by the Commission, is extended by: (i) twelve additional months of taxicab service if double-shifted and not driven by at least one long-term driver, as defined in Rule 1-01; or (ii) eighteen additional months of taxicab service if not subject to [Rule] subparagraph [3-02(a)(4)(i)] (i) of this paragraph. A taxicab whose retirement date has been extended in accordance with the provisions of this paragraph is not eligible for any additional extensions otherwise applicable to vehicles that are accessible taxicabs or clean air taxicabs.

(5) Notwithstanding the foregoing provisions of this subdivision 3-02(a), the retirement date of any vehicle that is a level one or level two clean air taxicab as defined in section 3-03.3 of this chapter or an accessible taxicab as defined in section 3-03.2 of this chapter, and that is otherwise required under paragraph (1) of this subdivision) to be retired from taxicab service and replaced no later than the first scheduled inspection of the vehicle occurring thirty-six months after the vehicle was hacked-up, is extended by twelve months provided that the vehicle satisfies the provisions of subdivision (b) of this section.

(6) Notwithstanding the foregoing provisions of this subdivision 3-02(a), the retirement date of any vehicle that is a level one clean air taxicab as defined in section 3-03.3 of this chapter or an accessible taxicab as defined in section 3-03.2 of this chapter, and that is otherwise required under paragraph (2) of this subdivision to be retired from taxicab service and replaced no later than the first scheduled inspection of the vehicle occurring sixty months after the vehicle was hacked-up, is extended by twenty-four months provided that the vehicle satisfies the provisions of subdivision (b) of this section.

(7) Notwithstanding the foregoing provisions of this subdivision 3-02(a), the retirement date of any vehicle that is a level two clean air taxicab as defined in section 3-03.3 of this chapter and that is otherwise required under paragraph (2) of this subdivision to be retired from taxicab service and replaced no later than the first scheduled inspection of the vehicle occurring sixty months after the vehicle was hacked-up, is extended by twelve months provided that the vehicle satisfies the provisions of subdivision (b) of this section.

[(b) The following requirements apply to a vehicle which is in taxicab service prior to March 1, 1996. Such a vehicle must be retired from service and replaced with another vehicle no later than as follows:

(1) Vehicles of model year 1989 or prior model years must be replaced no later than the scheduled inspection occurring on April 1, 1997, or next occurring after that date.

(2) Vehicles of model year 1990 or 1991 must be replaced no later than the scheduled inspection occurring on August 1, 1997, or next occurring after that date.

(3) Vehicles of model year 1992 must be replaced no later than the scheduled inspection occurring on April 1, 1998, or next occurring after that date.

(4) Vehicles of model year 1993 must be replaced no later than the scheduled inspection occurring on April 1, 1999, or next occurring after that date.

(5) Vehicles of model year 1994 must be replaced no later than the scheduled inspection occurring on April 1, 2000, or next occurring after that date.

(6) Vehicles of model year 1995 must be replaced no later than the scheduled inspection occurring on April 1, 2001, or next occurring after that date.

(7) Vehicles of model year 1996 must be replaced no later than the scheduled inspection occurring on December 1, 2001, or next occurring after that date.]

[(c) Notwithstanding the foregoing provisions of subdivision 3-02(b), if any such vehicle of model years 1995 or 1996 is dedicated to operate on compressed natural gas (with a maximum reserve gas tank of five gallons) no later than April 1, 1997 and remains so dedicated throughout its operation, the vehicle must be retired from service and replaced with another vehicle no later than the scheduled inspection occurring on December 1, 2003, or next occurring after that date.]

[(d) The Chairperson may in his or her discretion extend the retirement date for vintage cars that have been in service as taxicabs for more than 20 years, or for other models that have exceptional aesthetic, historical, or other interest as the Chairperson may determine, provided that such vehicles are in service as taxicabs as of March 1, 1996.

(e)]

(b) In order for a vehicle hacked-up as a taxicab to be eligible for an extension of its retirement date as provided for in paragraphs (5) through (7) of subdivision (a) of this section, the vehicle must pass at least two of the inspections, not including reinspections, conducted at the Commission's inspection facility pursuant to section 19-504 of the New York City Administrative Code during the twelve-month period immediately preceding the time at which such vehicle would otherwise be required to be retired pursuant to subdivision (a) of this section, and such vehicle must pass all inspections conducted at the Commission's inspection facility pursuant to section 19-504 of such Code after the time at which such vehicle would otherwise be required to be retired pursuant to subdivision (a) of this section. A vehicle which is granted an extension and later fails an inspection conducted at the Commission's inspection facility must be retired and replaced no later than the next scheduled inspection.

(c) A vehicle which cannot pass inspection must be replaced, regardless of whether its retirement date has been reached. A vehicle which has reached its retirement date, including any extensions provided for in this section, must be retired, regardless of whether it may still pass inspection.

Section 2. Subdivision 3-03.1(d) of chapter 3 of Title 35 of the Rules of the City of New York, relating to the retirement date for hybrid electric vehicles hacked up as taxicabs, is REPEALED.

Section 3. Subdivision 3-03.2(e) of chapter 3 of Title 35 of the Rules of the City of New York, relating to the retirement date for accessible vehicles hacked up as taxicabs, is REPEALED.

Section 4. Chapter 3 of Title 35 of the Rules of the City of New York is amended by adding a new section, 3-03.3, entitled Clean Air Taxicab Specifications, to read as follows:

New material is underscored.

Section 3-03.3 Clean Air Taxicab Specifications.

As used in this chapter, the term "clean air taxicab" shall mean any vehicle that is either a level one or a level two clean air taxicab, as follows:

(a) "Level one clean air taxicab" shall mean any vehicle approved for use by the Commission as a taxicab that receives an air pollution score of 9.5 or higher from the Unites States Environmental Protection Agency ("EPA") or its successor agency and is estimated to emit 5.0 tons or less of equivalent carbon dioxide per year by the United States Department of Energy ("DOE") or its successor agency; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards.

(b) "Level two clean air taxicab" shall mean any vehicle approved for use by the Commission as a taxicab that receives an air pollution score of 9.0 or higher from the EPA or its successor agency and is estimated to emit 6.4 tons or less of equivalent carbon dioxide per year by the DOE or its successor agency and that does not meet the definition of a level one clean air taxicab; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards.

Statement of Basis and Purpose of Proposed Rules

The rulemaking amends existing taxicab specification rules to comply with Local Law 52 of 2006, by providing vehicle retirement extensions for eligible clean air and accessible taxicabs. The rule would apply to taxicabs hacked up on or after April 17, 2007, as well as clean air and accessible taxicabs in service as of that date.

As mandated by Local Law 52 of 2006, the new rules create incentives for taxicab owners to use accessible and clean air taxicabs. In addition, in order to increase the value and maximize the impact of these incentives on the taxicab industry, the new rules repeal retirement extensions for other types of vehicles.

The rules eliminate the extensions for CNG-powered vehicles and minivans hacked up on or after April 17, 2007. The CNG extension had been established ten years ago to encourage the use of clean air vehicles as taxicabs. The new rules are much more effective by targeting incentives based upon actual vehicle cleanliness, rather than simply fuel type. CNG vehicles currently in use as taxicabs would not qualify as Level 1 or Level 2 clean air taxicabs as defined by Local Law 52 and these new rules. The minivan extension had been established to encourage the use of a new type of vehicle as a taxicab. Minivans now make up more than ten percent of the taxicab fleet and therefore these incentives are no longer required.

Finally, sections regarding taxicabs that are no longer in service would be deleted as obsolete.

STATEMENT OF MAYORAL FINDINGS PERTAINING TO THE *NYC GREEN SCHOOLS RATING SYSTEM*

Pursuant to Charter §224.1(b)(1) and Executive Order No. 97 of 2006, the Office of Environmental Coordination (OEC) is publishing findings relating to the LEED® equivalency of the New York City School Construction Authority's (SCA) NYC Green Schools Rating System as described in SCA's *NYC Green Schools Guide* (NYC GSG).

The SCA, with the New York City Department of Education (DOE), developed the NYC Green Schools Rating System to guide the sustainable design, construction and operation of new schools, modernization projects and school renovations and to achieve compliance with Local Law 86 of 2005. This rating system is designed to meet the specific sustainability needs of New York City schools in a cost effective manner and is based on the LEED® (Leadership in Energy and Environmental Design) Green Building Rating System™, developed by the U.S. Green Building Council. The NYC Green Schools Rating System also includes best practices for schools adopted from the Collaborative for High Performing Schools, Inc. rating system, as well as SCA best practices. The SCA has requested a determination of whether the NYC Green Schools Rating System is "not less stringent" than the LEED® Green Building Rating System for a LEED® Certified rating.

The Mayor's Office retained the services of the consulting firm Davis Langdon to perform an independent review of the NYC Green Schools Rating System in order to evaluate whether it is not less stringent than the LEED® Green Building Rating System. The consultant analyzed each of the 54 required credits in the *NYC Green Schools Guide* to determine whether the LEED®-based system included a comparable credit and, if so, whether the requirement of the NYC GSG was at least as stringent as the comparable LEED® requirement. A review of the results of the independent consultant shows that 40 of the requirements of the SCA's NYC GSG have an existing LEED® counterpart and that the NYC GSG requirement is at least as stringent as the corresponding LEED® requirement. Of the 40 LEED®-based credits, 38 are credits with points and two are "no point" credits. (The latter are equivalent to LEED® prerequisites, which also carry no points). The two no point credits and 26 of the 38 credits with points are required to be incorporated into all applicable SCA school design projects. The remaining 12 credits are required to be included in all projects if feasible given site or program-specific constraints. The 26 point-bearing credits are sufficient to earn the equivalent of a LEED® Certified rating. In the unlikely event that one of the 26 credits that are required for all projects cannot be achieved for any particular project, the designer may substitute one of the 12 required if feasible credits in order to reach the 26 credits for a rating equivalent to LEED® Certified as required by the SCA.

Further, the NYC GSG contains 14 additional credits that are not addressed by LEED®, but are derived from either the Collaborative for High Performance Schools, Inc. (CHPS) or from SCA existing best practices. Of these, seven are no point credits required for all projects, two are credits with points required for all projects, and five are credits with points required if feasible for a particular project. There are also eleven optional credits, at least seven of which are LEED®-based and as stringent as the respective LEED® credit, which may be used with the approval of the SCA.

The consultant noted that the most significant difference between the *NYC Green Schools Guide* and LEED® is how the two guidelines address energy efficiency. Where LEED® is a performance-based system, the NYC GSG is a prescriptive system. LEED® awards points based on how much more energy-efficiently a building will operate in terms of cost; the NYC GSG prescribes specific Energy Efficiency Measures (EEMs) that are required in NYC School designs to achieve energy cost savings. The consultant concluded that the NYC GSG prescriptive strategy would meet both the LL86 energy cost reduction requirement and the LEED® prerequisite (which bears no points toward certification) for Energy and Atmosphere.

Therefore, the independent review concluded that the NYC GSG will be no less stringent than the current version of LEED® for New Construction, version 2.2, in terms of processes and procedures required to limit the environmental impacts of NYC school construction projects. The consultant further noted that if future regulatory changes or future changes in utility rates render the NYC GSG non-compliant with LL86, the SCA has established procedures to address such changes and to update the NYC GSG accordingly.

Based on careful consideration of the analysis and conclusions of the independent review dated March 12, 2007 of the *NYC Green Schools Guide*, the Director of the Office of Environmental Coordination, on behalf of the Mayor, finds that the SCA's NYC Green Schools Rating System will be no less stringent than LEED® New Construction, version 2.2, for the achievement of a LEED® Certified rating.

Copies of the *NYC Green Schools Guide* can be can be downloaded from the SCA's website at http://schools.nyc.gov/Offices/SCA/DoingBusiness/AE/NYCGreenSchoolsGuide/default.htm starting on March 19, 2007. Copies of the independent review and this Statement can be downloaded from the Office of Environmental Coordination website at www.nyc.gov/oec.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Application submitted by the Department of Housing Preservation and Development (HPD):

pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 906 East 178th Street (Block 3121/Lot 38) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

to facilitate the development of a six story building, tentatively known as Honeywell II Apartments, with approximately 35 residential units to be developed under the New York City Department of Housing Preservation and Development's Mixed-Income Rental Program and the New York State Division of Housing and Community Renewal's Low Income Housing Tax Credit Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20075264 HAK and 20075265 HAK.

Silver, J.S.C.), duly entered in the office of the Clerk of the County of Bronx on February 20, 2007, the application of the New York City School Construction Authority (the "Authority") to acquire certain real property for the construction of public/middle school P.S./I.S. 338X-Bronx was granted and the Authority was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the property acquired by the Authority, was filed with the City Register on February 23, 2007. Title to the real property vested in the Authority on February 23, 2007.

PLEASE TAKE FURTHER NOTICE, that the Authority has acquired the following parcel(s) of real property:

Damage Parcel	Block	Lot
1	2866	100

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before 180 days from the date of service of this notice, to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL §504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL §503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

Dated: March 6, 2007, New York, New York.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care,

food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs of the City of New York. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:
1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

■ NOTICE

STATEMENT OF MAYORAL FINDINGS PERTAINING TO THE
NYC GREEN SCHOOLS RATING SYSTEM

Pursuant to Charter §224.1(b)(1) and Executive Order No. 97 of 2006, the Office of Environmental Coordination (OEC) is publishing findings relating to the LEED® equivalency of the New York City School Construction Authority's (SCA) NYC Green Schools Rating System as described in SCA's *NYC Green Schools Guide* (NYC GSG).

The SCA, with the New York City Department of Education (DOE), developed the NYC Green Schools Rating System to guide the sustainable design, construction and operation of new schools, modernization projects and school renovations and to achieve compliance with Local Law 86 of 2005. This rating system is designed to meet the specific sustainability needs of New York City schools in a cost effective manner and is based on the LEED® (Leadership in Energy and Environmental Design)™ Green Building Rating System, developed by the U.S. Green Building Council. The NYC Green Schools Rating System also includes best practices for schools adopted from the Collaborative for High Performing Schools, Inc. rating system, as well as SCA best practices. The SCA has requested a determination of whether the NYC Green Schools Rating System is "not less stringent" than the LEED® Green Building Rating System for a LEED® Certified rating.

The Mayor's Office retained the services of the consulting firm Davis Langdon to perform an independent review of the NYC Green Schools Rating System in order to evaluate whether it is not less stringent than the LEED® Green Building Rating System. The consultant analyzed each of the 54 required credits in the *NYC Green Schools Guide* to determine whether the LEED®-based system included a comparable credit and, if so, whether the requirement of the NYC GSG was at least as stringent as the comparable LEED® requirement. A review of the results of the independent consultant shows that 40 of the requirements of the SCA's NYC GSG have an existing LEED® counterpart and that the NYC GSG requirement is at least as stringent as the corresponding LEED® requirement. Of the 40 LEED®-based credits, 38 are credits with points and two are "no point" credits. (The latter are equivalent to LEED® prerequisites, which also carry no points). The two no point credits and 26 of the 38 credits with points are required to be incorporated into all applicable SCA school design projects. The remaining 12 credits are required to be included in all projects if feasible given site or program-specific constraints. The 26 point-bearing credits are sufficient to earn the equivalent of a LEED® Certified rating. In the unlikely event that one of the 26 credits that are required for all projects cannot be achieved for any particular project, the designer may substitute one of the 12 required if feasible credits in order to reach the 26 credits for a rating equivalent to LEED® Certified as required by the SCA.

Further, the NYC GSG contains 14 additional credits that are not addressed by LEED®, but are derived from either the Collaborative for High Performance Schools, Inc. (CHPS) or from SCA existing best practices. Of these, seven are no point credits required for all projects, two are credits with points required for all projects, and five are credits with points required if feasible for a particular project. There are also eleven optional credits, at least seven of which are LEED®-based and as stringent as the respective LEED® credit, which may be used with the approval of the SCA.

The consultant noted that the most significant difference between the *NYC Green Schools Guide* and LEED® is how the two guidelines address energy efficiency. Where LEED® is a performance-based system, the NYC GSG is a prescriptive system. LEED® awards points based on how much more energy-efficiently a building will operate in terms of cost; the NYC GSG prescribes specific Energy Efficiency Measures (EEMs) that are required in NYC School designs to achieve energy cost savings. The consultant concluded that the NYC GSG prescriptive strategy would meet both the LL86 energy cost reduction requirement and the LEED® prerequisite (which bears no points toward certification) for Energy and Atmosphere.

Therefore, the independent review concluded that the NYC GSG will be no less stringent than the current version of LEED® for New Construction, version 2.2, in terms of processes and procedures required to limit the environmental impacts of NYC school construction projects. The consultant further noted that if future regulatory changes or future changes in utility rates render the NYC GSG non-compliant with LL86, the SCA has established procedures to address such changes and to update the NYC GSG accordingly.

Based on careful consideration of the analysis and conclusions of the independent review dated March 12, 2007 of the *NYC Green Schools Guide*, the Director of the Office of Environmental Coordination, on behalf of the Mayor, finds that the SCA's NYC Green Schools Rating System will be no less stringent than LEED® New Construction, version 2.2, for the achievement of a LEED® Certified rating.

Copies of the *NYC Green Schools Guide* can be can be downloaded from the SCA's website at http://schools.nyc.gov/Offices/SCA/DoingBusiness/AE/NYCGreenSchoolsGuide/default.htm starting on March 19, 2007. Copies of the independent review and this Statement can be downloaded from the Office of Environmental Coordination website at www.nyc.gov/oec.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs of the City of New York. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE 19-04 RELATING TO THE MASTER PLUMBER AND MASTER FIRE SUPPRESSION PIPING CONTRACTOR LICENSE BOARD

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter (the "Charter"), and pursuant to Section 1043 of the Charter, that the Department of Buildings proposes to amend Chapter 19 of Title 1 of the Rules of the City of New York by creating Section 19-04. Matter underlined is new; matter [in brackets] is deleted.

A public hearing on the proposed rule amendment will be held at the Executive Offices of the Department of Buildings, 280 Broadway, 3rd Floor Conference Room New York, New York on April 19, 2007 at 1:00 P.M. Written comments regarding the proposed rule may be submitted to Chantal Senatus, Assistant General Counsel, New York City Department of Buildings, General Counsel's Office, 280 Broadway, 7th Floor, New York, New York 10007, on or before April 26, 2007.

Written comments and an audio tape of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the Commissioner, Executive Offices, Department of Buildings.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Angela Orridge at the foregoing address by April 6, 2007.

This proposed rule was not included in the agency's regulatory agenda.

Section 1. Chapter 19 of Title 1 of the Rules of the City of New York is amended by creating Section 19-04, to read as follows:

§19-04 Master Plumber and Master Fire Suppression Piping Contractor License Board – Qualification Recommendations

(a) In accordance with section 26-134 and 26-144 of the Administrative Code, the commissioner authorizes the Master Plumber and Master Fire Suppression Piping Contractor License Board ("Board"), as part of its investigation of unlicensed practitioners, to examine the qualifications of applicants for Master Plumber and Master Fire Suppression Piping Contractor Licenses.

(b) The Board may investigate the nature and quality of the supervision Master Plumber and Master Fire Suppression Piping Contractors provided to license applicants and report to the commissioner regarding whether licensees and the people they supervised were performing lawful work in accordance with Sections 26-142 and 26-146 of the Administrative Code:

(1) in the design and installation of plumbing systems in the United States, under the direct and continuing supervision of a licensed Master Plumber as defined by Section 26-141(c) of the Administrative Code; and

(2) in the design and installation of fire suppression piping systems in the United States, under the direct and continuing supervision of a licensed Master Fire Suppression Piping Contractor as defined by Section 26-141(c) of the Administrative Code.

(c) The Board is authorized to require the applicant to provide the Board with any information pertaining to the plumbing and fire suppression trades in furtherance of the Board's investigation into improper or illegal practices.

(d) The Board is authorized to require an applicant to provide the Board with documentation in support of his or her application including, but not limited to, the following:

(1). payroll records, time cards, sign-in sheets, work orders, and assignment or route logs;

(2) notarized letters or sworn statements from supervising licensees stating the time period during which he or she supervised the applicant, the number of hours per week he or she supervised the applicant, the work the applicant performed for the licensee, and jobs where such work was performed; and

(3) such other documentation the Board deems appropriate.

(e) Based on the review of the documentation, and any testimony before the Board, the Board shall make its recommendation to the commissioner as to whether:

(1) license applicants designed and installed plumbing work under the supervision of a licensed Master Plumber or Master Fire Suppression Piping Contractor;

(2) the licensees who supervised each applicant did so in a lawful manner; and

(3) license applicants obtained sufficient experience as set forth in section 26-146 of the Administrative Code to qualify for a Master Plumber or Master Fire Suppression Piping Contractor license.

(f) Based on the documentation, and any testimony before the Board, the Board may refer improper or illegal activities to the Department's investigative units for further investigation and/or disciplinary action.

STATEMENT OF BASIS AND PURPOSE

Section 26-144 authorizes the Master Plumber and Master Fire Suppression Piping Contractor License Board ("Board"), upon appointment by the Commissioner, to investigate unlicensed activities. The purpose of the proposed rule is to allow the Commissioner to more effectively exercise his or her power under Section 26-134, to grant and deny applications for Master Plumber and Master Fire Suppression Piping Contractor licenses by enabling the Board, a body of industry professionals with specific knowledge of these trades, to assist the commissioner in his or her investigation of the qualifications of license applicants as part of the application review process, as well as further the Board's investigations of illegal practices.

CITY PLANNING

■ NOTICE

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULES

PLEASE TAKE NOTICE that in accordance with Sections 192 and 1043 of the New York City Charter the New York City Department of City Planning ("City Planning") proposes to amend rules and add a new rule to Chapter 3 of Title 62 of the Rules of the City of New York.

This rule was not anticipated and therefore was not included in the regulatory agenda.

The time and place of the hearing have been scheduled as follows:

DATE: April 25, 2007 **TIME:** 10:00 A.M.
LOCATION: Spector Hall, 22 Reade Street, New York, NY 10007

Any person in attendance at this hearing shall be given a reasonable opportunity to present oral or written statements

and to submit other documents concerning the proposed changes. Each speaker shall be allotted a maximum of three (3) minutes. Persons who require that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Hannah Marcus at the address set forth below by April 13, 2007. In addition, written statements may be submitted to the Deputy Counsel of the Department of City Planning at the address stated below, provided the comments are received by 5:00 P.M. on April 25:

New York City Department of City Planning
Office of the Counsel
22 Reade Street, New York, NY 10007

Written comments received and a tape recording of oral comments received at the hearing will be available for public inspection within a reasonable time after receipt between the hours of 9:00 a.m. and 5:00 P.M. at the Freedom of Information Law Desk, 22 Reade Street, 2W, telephone number (212) 720-3208.

The purpose of the hearing is to provide the public with an opportunity to comment on the proposed rule set forth herein. Underlining indicates new material.

Section 1. Section 3-01 of Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended as follows:

§ 3-01 Fee for CEQR Applications.

Except as specifically provided in this section, every application made pursuant to Executive Order 91 and Chapter 5 of these rules on or after November 7, 2002 shall include a non-refundable fee which shall be submitted to the lead agency for the action or to an agency that could be the lead agency pursuant to § 5-03 of the rules of the Commission, and shall be in the form of a check or money order made out to the "City of New York". The fee for an application shall be as prescribed in the following Schedule of Charges, § 3-02 of these rules. The fee for modification for an action, which modification is not subject to § 197-c of the New York City Charter shall be twenty percent of the amount prescribed in the Schedule of Charges for an initial application. The fee for any modification for an action, which is subject to § 197-c of the New York City Charter shall be the amount set forth in the Schedule of Charges (§3-02) as if the modification were an initial application for the action. Where the fee for an application is set pursuant to § 3-02(a), and the square footage of the proposed modification is different from the square footage of the original action, the fee for an application for the modification shall be based upon the square footage of the modified action or as set forth in § 3-02(b), as determined by the lead agency.

Agencies of the federal, state or city governments shall not be required to pay fees, nor shall a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis be required to pay fees, if the proposed action for purposes of CEQR review consists of a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside [nor shall any fees be charged if the owner of the building or property affected is a corporation or association organized and operated exclusively for religious, charitable, or educational purposes, or for one or more such purposes, no part of the earnings of which inures to the benefit of any private shareholder or individual, and provided that the property affected is to be used exclusively by such corporation or association for one or more of such purposes. In addition, for applications made on or after July 1, 1987, no fees shall be charged for the project, or such portion thereof, if the Director of the Mayor's Office of Housing Coordination, or any individual succeeding such director's jurisdiction, certifies that the property affected, or such portion thereof, is to be used for the construction of housing affordable to low, moderate or middle income households. A fee abatement for a portion of such project shall be calculated upon the percentage of the square footage allocated to the affordable housing and shall proportionately reduce the standard fee attributable to the square footage of the entire project, including such affordable housing portion. In no event shall the portion allocated to the affordable housing part of the project be used to decrease the total project square footage so as to place the project into a lower fee category]. Fees shall be paid when the application is filed, and these fees may not be combined in one check or money order with fees required pursuant to other land use applications submitted to the Department of City Planning or the City Planning Commission. No application shall be processed by the lead agency until the fee has been paid and twenty-five copies of the application have been filed with the lead agency.

Section 3. Section 3-06 of Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended and as follows:

§ 3-06 Fee for Applications Pursuant to City Charter

§ 197-c and Other Applications.

Except as specifically provided in this section, every type of application [for a map change, landfill permit, special permit, zoning authorization or certification, revocable consent for sidewalk café, or cable television franchise or for a modification or renewal thereof] listed in Section 3.07, Schedule of Charges, made on or after [November 7, 2002] March 31, 2007, shall include a non-returnable fee which shall be paid by check or money order made out to the Department of City Planning.

The fee for an initial application, or for a modification, renewal or follow-up action [thereof], shall be as prescribed in the following Schedule of Charges, provided that if an applicant simultaneously submits applications for several actions relating to the same project, the maximum fee imposed shall be two hundred percent of the single highest fee. However, an additional fee shall be charged for any applications later filed in relation to the same project, while such project is pending review and determination.

[The fee for a modification which is subject to § 197-c of the New York City Charter shall be the same as the fee for an initial application, as provided in § 3-07, subd. (a) of these rules. The fee for renewal shall be one-half of the amount prescribed in the schedule for an initial application. No fee shall be charged for an application to eliminate a paper street from the property of an owner-occupied, one- or two-family residence.]

Agencies of the federal, state or city governments shall not be required to pay fees nor shall any fees be charged if [the] a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis applies for a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside [owner of the building or property affected is a corporation or association organized and operated exclusively for religious, charitable, or educational purposes, or for one or more such purposes, no part of the earnings which inures to the benefit of any private shareholder or individual, and provided that the property affected is to be used exclusively by such corporation or association for one or more of such purposes. In addition, for applications made on or after July 1, 1987, no fees shall be charged for the project, or such portions thereof, if the Director of the Mayor's Office of Housing Coordination, or any individual succeeding to such Director's jurisdiction, certifies that the property affected, or such portions, thereof, is to be used for the construction of housing affordable to low, moderate or middle income households. A fee abatement for a portion of such project shall be calculated upon the percentage of the square footage allocated to the affordable housing and shall proportionally reduce the standard fee attributable to the square footage of the entire project, including such affordable housing portion. In no event shall the portion allocated to the affordable housing part of a project be used to decrease the total project square footage so as to place the project into a lower fee. Fees shall be paid when the application is filed, and no application shall be processed by the Department until the fee has been paid].

Section 4. Section 3-07 of Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended as follows:

§ 3-07 Schedule of Charges

(a) Applications for [City Map changes,] Special Permits and Zoning Map Amendments [or Special Permits,] pursuant to Section 197-c of the City Charter:

(1) Applications [relating to new development or enlargement or conversion of existing development] for special permits:

For special permits, the total amount of floor area, or in the case of open uses, area of the zoning lot:

Less than 10,000 square feet	[$1,350] $1,890
10,000 to 19,999 square feet	[$2,050] $2,870
20,000 to 39,999 square feet	[$2,700] $3,780
40,000 to 69,999 square feet	[$3,450] $4,830
70,000 to 99,999 square feet	[$4,050] $5,670
100,000 to 239,999 square feet	[$4,500] $6,300
240,000 to 500,000 square feet	[$11,750] $16,450
over 500,00 square feet	[$19,500] $27,300

For this purpose, the amount of floor area shall be calculated based upon the floor area for the entire development or enlargement.

(2) Applications for zoning map amendments, the area of all zoning lots in the area to be rezoned:

Less than 10,000 square feet	[$1,450] $2,030
10,000 to 19,999 square feet	[$2,150] $3,010
20,000 to 39,999 square feet	[$2,850] $3,990
40,000 to 69,999 square feet	[$3,600] $5,040
70,000 to 99,999 square feet	[$4,250] $5,950
100,000 to 239,999 square feet	[$4,700] $6,580
240,000 to 500,000 square feet	[$12,200] $17,080
over 500,00 square feet	[$20,250] $28,350

(b) Applications for changes to the City Map, Landfills:

[(2) Other applications not measurable by floor area or lot area (e.g. street map change to remove cloud on title)] Except for applications to eliminate a mapped but unimproved street from the property of an owner-occupied, one- or two-family residence, for which no fee shall be charged, fees are as follows:

Elimination of a [paper] mapped but unimproved street	[$1,150] $1,610
Establishment of a Landfill	[$2,250] $3,150
Any other change in The City [Street] Map	[$3,600] $5,040

[(3) Extension of previously approved special permits granted for a specific term: 1/2 of the fee schedule set forth in subdivision (a) (1).]

[(b)] (c) Applications for franchises and revocable consents:

(1) Applications pursuant to §197-c of the City Charter – [$2,250] $3,150

(2) Enclosed [S]sidewalk cafes pursuant to New York City Administrative Code section 20-225: $50 per seat/minimum of $1,260

[Unenclosed]	[$15 per seat/minimum of $375]
[Enclosed]	[$36 per seat/minimum of $900]

[(3) Renewals of Sidewalk cafes — 1/2 of the fee schedule set forth in subdivision (b) (2).]

[(c) Modifications which are subject to §197-c of the City Charter: Fee schedule set forth in subdivision (a)(1).]

[(d) Modifications which are not subject to §197-c of the City Charter or follow-up actions required of the Chairperson, Commission or Department as a condition of a previous action: 1/4 of the fee schedule set forth in subdivisions (a) (b) and (f).]

[(e)] (d) Applications for amendments to the text of the Zoning Resolution pursuant to [Sections 200 and] Section 201 of the City Charter –[$3,600] $5,040

[(f)] (e) Applications for Zoning [Authorizations or] Certifications and Zoning [Certifications] Authorizations:

(1) For certification for public school space pursuant to Section 107-123 of Article X, Chapter 7 (Special South Richmond Development District) of the Zoning Resolution, the fee shall be $150.

(2) Pursuant to Article VI, Chapter 2 (Special Regulations Applying in The Waterfront Area), Article X, Chapter 5 (Natural Area District), Article X, Chapter 7 (Special South Richmond Development District) and Article XI, Chapter 9 (Special Hillsides Preservation District) of the Zoning Resolution.

Certifications - [$250] For an application for one zoning lot with no more than two existing or proposed dwelling units....$350

For all other applications the fee for each zoning lot shall be $400. [Additional tax or zoning lots, whichever is the greater number. Addresses or structures will be charged $160 each.]

Authorizations - [$700 Additional tax or zoning lots, whichever is the greater number. Addresses or structures will be charged $550 each.] For an application for one zoning lot with no more than two existing or proposed dwelling units....$700

For all other applications the fee shall be based upon the number of dwelling units being proposed, in the amount of $770 per dwelling unit, however, or in the cases of open uses, area of the zoning lot, as follows:

Less than 10,000 square feet	$ 980
10,000 to 19,999 square feet	$1,470
20,000 to 39,999 square feet	$1,890
40,000 to 69,999 square feet	$2,450
70,000 to 99,999 square feet	$2,870
100,000 square feet and over	$3,150

[(2)] (3) Pursuant to §95-04 (Transit Easements) of the Zoning Resolution - $250

[(3)] (4) Pursuant to all other sections of the Zoning Resolution: Total amount of floor area, or in the case of open uses, area of the zoning lot:

Less than 10,000 square feet	[$700] $ 980
10,000 to 19,999 square feet	[$1,050] $1,470
20,000 to 39,999 square feet	[$1,350] $1,890
40,000 to 69,999 square feet	[$1,750] $2,450
70,000 to 99,999 square feet	[$2,050] $2,870
100,000 square feet and over	[$2,250] $3,150

In the case of area transfer of development rights or floor area bonus, the fee shall be based upon the amount of floor area associated with such transfer or bonus.

[(g) Renewals of previously approved applications - 1/2 of the fee schedule set forth in subdivisions (a) and (f).]

(f) Modifications, follow-up actions and renewals

(1) The fee for an application which requests a modification of a previously approved application, where the new application is subject to § 197-c of the New York City Charter, shall be the same as the current fee for an initial application, as set forth in this Schedule of Charges.

(2) The fee for an application which requests a modification of a previously approved application, where the new application is not subject to § 197-c of the New York City Charter, shall be one-half of the current fee for an initial application, as set forth in this Schedule of Charges.

(3) The fee for a follow up action under the Zoning Resolution, or a restrictive declaration or other legal instrument shall be one-quarter of the amount

prescribed in this Schedule of Charges for an initial application.

(4) The fee for the renewal of a previously approved enclosed sidewalk cafe shall be one-half of the amount prescribed in this Schedule of Charges for an initial application.

(5) The fee for the renewal pursuant to Section 11-43 of the Zoning Resolution of a previously approved special permit or authorization which has not lapsed shall be one-half of the amount prescribed in this Schedule of Charges for an initial application.

Section 5. Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended by adding a new Section 3-08, to read as follows:

§ 3-08 Fee for Zoning Verification

The fee for a request that the Department of City Planning verify in writing the zoning district(s) in which a property is located shall be $100 per request. Each zoning verification request shall be made in writing, and shall include the address, borough, tax block and lot(s) of the property. Each separate property shall be a separate request; however, a property comprised of multiple contiguous tax lots shall be treated as a single request.

STATEMENT OF BASIS AND PURPOSE

The City Planning Commission is proposing to amend its rules pursuant to its authority under Sections 192 and 1043 of the New York City Charter.

Amendments to Chapter 3 of Title 62 of the Rules of the City of New York would increase fees for City Environmental Quality (CEQR) review by 15% to reflect cost of living increases and increased labor costs, except that for Type II applications the current fee of $75 will be increased by 33%. The amendments would also increase fees for the processing and review of most land use applications by 40% in order to reflect agency costs of processing and review. The CEQR fee increase is less than the land use application fee increase current CEQR fees capture more of the current costs. The CEQR fee increase will also increase fees for such review by the Board of Standards and Appeals.

Fees for non-profit organizations would no longer be waived. Exceptions would be made for neighborhood, community or similar associations consisting of local residents or homeowners organized on a non-profit basis filing area-wide rezoning applications.

The fee for an application which requests a modification of a previously approved application, where the new application is not subject to §197-c of the New York City Charter, would be increased to one-half of the current fee for an initial application from one-quarter. Payment of a fee would be required for the Department's issuance of written zoning verifications, a service for which no fee has previously been charged. A fee for certification for public school space pursuant to Section 107-123 of Article X, Chapter 7 (Special South Richmond Development District) of the Zoning Resolution, which was previously erroneously deleted from the Section 3-07, has been reinserted.

In addition to the changes described above, Section 3-07 would be reorganized for clarity and ease of use. Complex language would be simplified, and outdated provisions would be eliminated.

■ NOTICE

NOTICE OF ADOPTION OF RULES FOR CITYWIDE CONSTRUCTION NOISE MITIGATION

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Department of Environmental Protection by section 1043 of the New York City Charter and section 24-219 of the Administrative Code of the City of New York, and after a duly advertised public hearing held on January 18th, 2007, that the Department of Environmental Protection has promulgated rules concerning citywide construction noise mitigation.

STATEMENT OF BASIS AND PURPOSE

On December 29th, 2005, Mayor Michael Bloomberg signed Local Law 113 for the year 2005. The law amended the Administrative Code of the City of New York in relation to the Noise Control Code. Specifically, the law established standards and procedures to reduce noise levels from construction, and established sound level standards for specific noise sources. The law also mandated the adoption of rules in section 24-219 of the Administrative Code. Pursuant to that section, these rules prescribe the methods, procedures and technology that shall be used at construction sites to achieve noise mitigation whenever any one or more of certain construction devices or activities set forth in the rules are employed or performed.

The rules are authorized by section 1043 of the Charter of the City of New York as well as section 24-219 of the Administrative Code of the City of New York.

The text of the rules follow. New matter is underlined.

Title 15 of the Rules of the City of New York is amended by adding a new Chapter 28 to read as follows:

CHAPTER 28

CITYWIDE CONSTRUCTION NOISE MITIGATION

§28-100 General Construction Noise Mitigation Plan.
§28-101 Required Noise Mitigation Measures for General Construction.
§28-102 Construction Devices and Activities.
§28-103 Authorized Work Hours.
§28-104 Alternative Noise Mitigation Plan.
§28-105 Utility Noise Mitigation Plan.
§28-106 Required Noise Mitigation Measures for Utilities.
§28-107 Perimeter Noise Barriers.
§28-108 Temporary or Portable Noise Barriers.
§28-109 Definitions.
Appendix Federal Highway Administration Roadway Construction Noise Model User's Guide, Jan. 2006.

§ 28-100 General Construction Noise Mitigation Plan. In accordance with §24-219 of the New York City Noise Code, every construction site where construction activities take place shall have, conspicuously posted, a complete and accurate Construction Noise Mitigation Plan. So long as the plan complies with this chapter, it need not be filed with the Department of Environmental Protection (DEP); however, such plan must be readily available for inspection at the construction site. The Construction Noise Mitigation Plan Form is available at: http://www.nyc.gov/dep or at DEP's Offices at:

New York City Department of Environmental Protection
Bureau of Environmental Compliance, 9th Floor
59-17 Junction Blvd.
Flushing, NY 11373.

§28-101 Required Noise Mitigation Measures for General Construction.

a. The responsible party shall self-certify in its Construction Noise Mitigation Plan that all construction tools and equipment have been maintained so that they operate at normal manufacturer's operating specifications, including at peak loading. Such self-certification shall be indicated on the Construction Noise Mitigation Plan form required by §28-100 of this chapter. Upon a DEP inspection of the work site, DEP shall use the noise level guidelines in the Federal Highway Administration Roadway Construction Noise Model User's Guide, Jan. 2006, page 3, located in the Appendix to this chapter, as a means of identifying equipment that may be the cause of a noise complaint. If an individual piece of equipment is identified by DEP as exceeding the level specified in such Guide located in the Appendix to this chapter, upon notification by DEP, the responsible party shall have the option of: (i) performing maintenance to demonstrate a good faith effort, notwithstanding the model year of the equipment, to mitigate the noise by a measurable level acceptable to the Department, (ii) replacing the equipment with equipment that complies with said level, or (iii) filing an Alternative Noise Mitigation Plan pursuant to §28-104 of this chapter, within five business days of said inspection. If the responsible party elects to perform maintenance pursuant to option (i), but cannot demonstrate within five business days a reduction in noise by a measurable level acceptable to the Department, such party shall pursue one of the other two options to the satisfaction of the Department. The failure to exercise and complete one of such three options within five business days of said inspection shall be a violation of this rule.

b. All construction equipment being operated on site must be equipped with the appropriate manufacturer's noise reduction device(s), including, but not limited to, a manufacturer's muffler (or equivalently rated material) that is free of rust, holes and exhaust leaks.

c. The responsible party shall mitigate noise from construction devices with internal combustion engines by ensuring that the engine's housing doors are kept closed, and by using noise-insulating material mounted on the engine housing that does not interfere with the manufacturer's guidelines for engine operation or exhaust. The responsible party shall further reduce noise by operating the device at lower engine speeds during the work to the maximum extent possible.

d. Portable compressors, generators, pumps and other such devices shall be covered with noise-insulating fabric to the maximum extent possible that does not interfere with the manufacturer's guidelines for engine operation or exhaust, and shall further reduce noise by operating the device at lower engine speeds during the work to the maximum extent possible.

e. Vehicle engine idling on site shall be prevented in accordance with New York City Administrative Code §24-163.

f. Quieter back-up alarms shall be used in pre-2008 model year vehicles when practicable for the job site. 2008 model year or newer vehicles shall be equipped with a quieter back-up warning device in accordance with OSHA standards, as set forth in paragraph 4 of subdivision d of §28-102 of this chapter.

g. When DOB regulations require a perimeter barrier, or "construction fence," and the site is within 200 feet of a receptor or a receiving property as defined in §28-109 of this chapter, perimeter noise barriers shall be fabricated in accordance with the standards set forth in subdivision e of §28-107 of this chapter and lined with material set forth in subdivisions c and e of §28-107 of this chapter. Further, the responsible party shall fill in any gaps and holes in adjacent panels of noise barriers with noise attenuation material, so as to maximize the effectiveness of such barriers. Such noise attenuation material shall include noise curtain material, additional plywood, or similar material. When viewing ports are required in the curtain material, they shall be filled in with clear plastic attached to the curtain.

h. The contractor shall create and utilize a noise mitigation training program, which shall be implemented for all field-worker supervisory personnel including sub-contractor supervisors. Supervisory personnel shall field-train all field workers to minimize construction noise. Such training program shall be developed in consultation with DEP.

i. When work is planned near sensitive receptors, including but not limited to facilities such as schools, hospitals, places of worship, and homes for the aging, the responsible party shall cooperate with the facility owner or operator to coordinate the work schedule so as to minimize the noise impact on the facility.

j. A DEP inspector may visit a construction site to examine the Noise Mitigation Plan upon receiving a complaint, or as a matter of routine inspection, to ensure that the responsible party is complying with such Plan. A responsible party found not to be complying with such Plan shall be provided a cure period of three business days to correct the condition or to file an Alternative Noise Mitigation Plan under §28-104 of this chapter. If the condition is not corrected nor an Alternative Noise Mitigation Plan filed with DEP within three business days, then a Notice of Violation shall be issued against the responsible party. Said violations may be issued on-site or by mail. Notwithstanding the preceding sentences in this subdivision, there shall be no cure period afforded with respect to compliance with §§28-100, 28-101(a), (b), (e), (f), (h); §28-104; §28-105; and §§28-106(a), (b), (d) (g) & (i) of this chapter.

k. Construction activities may take place during the hours of 7:00 a.m. to 6:00 p.m. on weekdays. At all other times, the permitee shall obtain after-hours authorization, pursuant to §28-103 of this chapter.

l. Where construction projects are of shorter duration of less than 15 days and within the property line and do not require Department of Buildings (DOB) perimeter barriers ("construction fences"), and where the work site is within 75 feet of a residential receptor, a temporary or portable (i.e. unanchored) noise barrier shall be fabricated in accordance with the specifications in §28-108 of this chapter. For long-term street work, defined as 15 days or longer, that is outside the property line and within 75 feet of a residential receptor and where there is a dedicated lane available, a temporary barrier in accordance with the specifications in §28-108 of this chapter shall be required.

m. Whenever a responsible party is engaged in sandblasting operations that require a perimeter or other barrier during sandblasting, said barrier shall be lined with noise barrier material as set forth in subdivision e of §28-107 of this chapter.

n. Responsible parties conducting construction and roadway work that will commence and be completed within a continuous period of no longer than 24 hours, that occurs between the hours of 7:00 a.m. and 6:00 p.m. on weekdays, need not post or file with DEP a Construction Noise Mitigation Plan. However, the responsible party for such construction work shall not create unreasonable noise. In addition, if the work occurs near or adjacent to a sensitive receptor as defined in §28-101(i) of this chapter, then the responsible party shall make modifications including scheduling changes or employing additional noise mitigation methods listed in §§28-102, 28-107, and 28-108. This subdivision shall not apply to construction work that occurs after hours.

o. Technical terms in these rules are defined in the Noise Code or in §28-109 of this chapter.

§28-102 Construction Devices and Activities. The devices listed in this section require additional noise mitigation. A responsible party using any of these devices shall mitigate the noise by following the rules set forth in this section for the specific device. There are five categories of devices:

a. Impact Equipment: Pile Drivers, Jackhammers, Hoe Rams, Blasting.

b. Earth Moving Devices: Vacuum Excavators.

c. Construction Trucks: Dump Trucks.

d. Stationary Devices: Cranes, Auger Drills, Street Plates, Backup Alarms.

e. Manual Devices: Concrete Saws.

If the responsible party cannot in good faith comply with the noise mitigation rules for each device, the responsible party shall file with DEP an Alternative Noise Mitigation Plan in accordance with §28-104 of this chapter.

a. Impact Equipment.

1. Pile Drivers. This rule provides noise mitigation strategies that responsible parties shall utilize in order to reduce the noise emissions from pile driving and related equipment. Pile drivers for sheet piles and/or column piles are a common necessity on a construction project. Piles can be used to stabilize trench walls during excavation, create coffer dams to hold back water, or to provide an anchored platform upon which structures can be built. There are two basic types of pile drivers - impact hammers and vibratory drivers. Noise emission levels from pile drivers can vary widely based on the type of driver, the type of pile (steel, concrete, wood), and the underlying ground conditions.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS & MUFFLERS

i. The quietest pile driving method shall be selected that allows the work to be performed based on structural, geotechnical, and pile friction requirements and ground conditions. The following list or their equivalent are acceptable pile-driving methods to the Department: a hydraulic pile pushing system, a vibratory pile driver; a hydraulic impact pile driver; a drop hammer, a diesel impact pile driver.

ii. Hydraulic pushing method pile drivers, including the Ken-Jet Still Worker, the Giken Silent Piler, or the SERF Pilemaster, or equivalent, shall be utilized rather than louder impact or vibratory pile drivers when ground conditions permit such use. Further, such quieter pile drivers shall be utilized whenever a responsible party is working within 100 feet of a receptor.

iii. In accordance with the noise mitigation criteria outlined in §28-101(b) of this chapter, an impact pile driver shall be equipped with a well maintained exhaust muffler in order to mitigate the amount of noise escaping out with the diesel exhaust.

iv. The responsible party shall select the type of pile being driven based on structural and/or geotechnical performance requirements. In order of loudness , wooden piles shall be preferred first, followed by concrete piles, and then steel piles.

v. The responsible party shall pre-auger or pre-trench the pile holes to soften the underlying ground, reduce ground resistance, and thus reduce pile driving noise based upon geotechnical conditions at the location. Auger drill rigs may be mounted to the same crane as the pile driver or alternatively, an excavator with a long bucket arm may pre-trench as deep as 25 feet below grade.

vi. A properly secured impact cushion shall be installed on top of piles that are being driven by an impact hammer. Commercially available pile cushions or those fabricated on the job site, out of scrap wood, leather or rubber, may be utilized.

vii. Quieter alternative methods to pile driving, including the use of drilled caissons filled with concrete, or slurry walls dug out initially with a milling machine, shall be used whenever possible, depending on structural and geotechnical performance requirements.

viii. Noise bellows systems such as the IHC Hydrohammer, or an equivalent bellows device, may be used to provide further noise attenuation. Bellows enclosures accompany the pile down to the ground and collapse accordion style as the pile reaches the ground.

ix. When the responsible party uses a vibratory pile driver or a hydraulic impact pile driver as set forth in clause (ii) of this subparagraph and/or noise bellows as set forth in clause (viii) of this subparagraph, between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, the responsible party need not utilize additional pathway controls listed in subparagraph C of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

x. No violation shall be issued to the responsible party if the bellows in clause (viii) of this subparagraph B or the barriers listed in subparagraph C of this paragraph are adjusted such that the operator can view the end of the hammer for safety purposes.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & ENCLOSURES. The responsible party shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater. It shall be positioned as close as possible to the pile driver. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels shall be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material when practicable. A properly balanced canted panel, not susceptible to windy conditions, may be placed on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the pile driver and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier should be placed as close to the actual pile driving work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Where applicable, portable noise shields made of steel frames wrapped with noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be hoisted up into position on the crane's second cable to form a noise barrier in the direction of sensitive receptors. The shield shall be large enough to completely block the line of sight between the receptors and the pile driver, and shall be lowered to the ground as the pile is being driven in order to maintain the shielding effect. Such portable noise shield shall be utilized when the pile driver is higher than any barrier at the site required under §28-101(g) of this chapter.

iv. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form an effective semi-permanent noise barrier. Sufficient space at the site is necessary, as these containers are generally 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in with heavy vinyl noise curtains or similar materials. It should be noted that gaps and spaces are one of the primary contributors to degrading a noise barrier's performance.

2. Jackhammers/Pavement Breakers. This rule shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from jackhammers and pavement breakers. These devices are defined as manually-operated, powered (pneumatic or other) devices, consisting of chisel-hammers or bits used to cut or break through pavement, concrete, or street surfaces. Jackhammers can be very loud as the steel chisel or bit hits the target object.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS & MUFFLERS

i. Quieter makes and models of jackhammers such as the Copco model TEX P90S or equivalent model with an elongated effective muffler casing or bellows measuring a total of greater than 15 inches in length, shall be used whenever practicable.

ii. The quietest jackhammer suitable to perform the given work shall be selected for use. The quieter jackhammers, including the jackhammer specified in clause (i) of this subparagraph or the Chicago Pneumatic CP1240, with a model F-814004 muffler, or equivalent, shall be used when suitable and whenever a responsible party is working in close proximity to receptors, whenever a responsible party is using multiple jackhammers, and whenever jackhammer operations are occurring during after hours as set forth in §24-223 of the Administrative Code.

iii. In all cases, jackhammers shall be equipped with an effective muffler, provided either from the manufacturer or from an aftermarket vendor, which effectively reduces noise from the exhaust air by about 4 dBA or more. In accordance with §28-101(b) of this chapter, an effective muffler shall be properly fitted to the jackhammer to insure against air or noise leakage.

iv. If appropriate to the size of the job, smaller jackhammers shall be used, as they tend to be quieter.

v. When the responsible party uses a device described in clause (i) of this subparagraph between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, the responsible party need not utilize additional pathway controls listed in subparagraph C of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & ENCLOSURES. The responsible party shall utilize one of the following pathway controls for jackhammers or pavement breaker operations within a property line or for long-term work when outside of the property line as specified in §28-106(p) or §28-101(l) of this chapter. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP. The pathway controls are set forth as follows: jersey barriers, tents, or other portable noise barriers.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater and that shall be positioned as close as possible to the jack hammer. The noise barrier shall be long and tall enough to completely block the line of sight between the jackhammer and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier shall be placed as close to the actual jackhammering work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source. A balanced canted panel, not susceptible to high winds shall be placed, when feasible, on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. Jersey barriers. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels can be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels should be filled-in with noise curtain material, additional plywood, or similar material. All jersey barriers shall comply with the requirements in clause (i) of this subparagraph, including a Sound Transmission Class rating of STC 30 or greater.

iii. Portable noise enclosures.

(a) Portable noise enclosures (so-called "noise tents") made of steel frames wrapped with noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, may be built to surround the jackhammer (on the top and 3 sides) and the operator. A properly constructed enclosure, using curtain material with a Sound Transmission Class rating of STC 30 or greater, generally provides a 5 dBA insertion loss. Such barrier shall meet OSHA standards for worker exposure to particulate matter.

(b) The responsible party shall utilize multiple tents for multiple jackhammers. For example, when two jackhammers are being utilized and they cannot fit under the same noise tent, the responsible party shall provide an additional noise tent.

(c) The noise tent shall be moved as the jackhammer work progresses in order to maintain the tent's ability to block the line of sight between the jackhammer and the receptors.

(d) In accordance with §24-223 of the Administrative Code, when emergency jackhammering occurs after normal working hours within 500 feet of any residential receptor, the responsible party shall use noise tents with double thick noise curtain material or a noise tent augmented with a portable noise barrier to form a double layer of mitigation. See section §28-108 of this chapter. Quieter jackhammers and compressor vehicles shall also be utilized during after hours work whenever feasible.

(e) Where there are receptors surrounding the jackhammer work site on all sides, two tents shall be used on either side of the jackhammer to form a complete enclosure as close to the jackhammer as practicable.

3. Hoe Rams. This rule shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from hoe rams. Hoe rams, and hoe ram-like devices, are used to cut through roadway pavement or concrete walls and for demolition of large concrete or steel structures. They are typically large hydraulic chisel-hammers attached on the end of a backhoe or excavator arm that can be very loud as the steel chisel hits the target object.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS & MUFFLERS

i. Quieter makes and models of hoe rams, such as the Bosma Hammer-Head or equivalent quieter devices, shall be used whenever feasible, especially near receptors.

ii. The smallest hoe ram necessary shall be selected to perform the task, as smaller devices tend to produce less noise.

iii. A noise shroud enclosure shall be wrapped around the head (i.e. chisel) of the hoe ram whenever working within 200 feet of a receptor. Shrouds may be selected from various manufacturers such as Krupp Industries, Allied Hi-Ram, Montabert, or Rammer Inc. with steel shrouds to attach to the hoe ram head. Alternatively, a shroud may be fabricated on-site by wrapping the chisel head with a heavy vinyl noise curtain material, such as SoundSeal BBC-13-2, or equivalently rated material, and securing it with tie wire.

iv. A skilled hoe ram operator can significantly affect the amount of noise produced during the work. In accordance with §28-101(h) of this chapter, responsible party and sub-contractor personnel shall be trained on the proper angle or position when the hoe ram chisel is placed against the work. The operator shall position and operate the device in such a manner as to minimize its noise output. A violation shall only be issued for failure to train the operator as set forth in subdivision (h) of section 28-101 of this chapter.

v. Alternative methods to hoe ramming concrete, including hydraulic jacks or chemical splitting (use of expansive demolition agents), shall be utilized whenever feasible. For steel demolition, alternative quieter methods may include the use of hydraulic shears and grapples, or the use of torches to cut the steel into more manageable pieces, which can then be trucked off-site for further demolition.

vi. When the responsible party uses specific makes and models as set forth in clause (i) of this subparagraph or a noise shroud as set forth in clause (iii) of this subparagraph, between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, then the responsible party need not utilize additional pathway controls listed in subparagraph C. of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

vii. No violation shall be issued to the responsible party if any of the shrouds in clause (iii) of this subparagraph are adjusted such that the operator can view the end of the bit for safety purposes.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & ENCLOSURES. The responsible party shall utilize one of the following pathway controls below. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater and shall be positioned as close as possible to the hoe ram. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to a overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels can be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels should be filled-in with noise curtain material, additional plywood, or similar material. A balanced canted panel, not susceptible to high winds shall be placed, when feasible, on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the hoe ram and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier should be placed as close to the actual hoe ram work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. Sufficient space must be available since containers are generally 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes should be filled-in with heavy vinyl noise curtains or similar material.

iv. Where there are receptors surrounding the hoe ram work site on all sides, several noise barriers shall be used to form a complete enclosure around the hoe ram.

4. Blasting. This rule shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from blasting. The controlled use of explosives is occasionally necessary on a construction site, primarily to loosen hard rock ledges or to demolish large concrete structures. This rule does not apply to tunneling activities subject to the regulations set forth in §24-246 of the Administrative Code.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

ii. The necessary and FDNY-regulated use of blasting shall be done in close coordination with the affected public in order to minimize potential disturbance.

B. SOURCE CONTROLS:

i. The smallest appropriate blasting charge possible shall be used in order to minimize blasting noise at its source. The quietest explosive material possible shall also be selected. Relatively slow-burning explosives produce quieter noise emissions as compared to faster-burning explosives.

C. NOISE PATHWAY CONTROLS: BLAST MATS AND BARRIERS

i. Blast mats made of heavy rubber shall be laid over the blast site.

ii. When blasting occurs close to receptors, the responsible party shall construct a portable noise barrier that shall be free from gaps and holes, constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater, and positioned as close as possible to the blast site.

iii. The noise barrier shall be long and tall enough to completely block the line of sight between the blasting and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to a maximum height of 15 feet.

b. Earth Moving Equipment.

1. Vacuum Excavators. This rule shall provide noise mitigation strategies the responsible party shall utilize when working with a vacuum excavator, or vac-truck. A vac-truck is a vehicle equipped with a low pressure suction hose leading to an on-board storage tank. Vac-trucks are generally used when removing dirt to avoid disrupting underground utility services such as telecommunications cables, water and sewer pipes, gas lines, or electrical cables.

A GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS & SILENCERS

i. Smaller capacity (lower suction) vac-trucks tend to be quieter and shall be used whenever practicable. Listed from the quietest to the loudest order, examples include GapVac, BSI Dewitz, BoVac and Guzzler.

ii. Vac-trucks shall be run in their lower power setting whenever practicable. While suction capacity is reduced with lower engine speeds, there remains adequate suction to perform almost any job.

iii. Several manufacturers do provide silencers on the air intake and exhaust sides of the blower. Heavier duty silencers including Universal, Industrial Acoustics, McGill and Burgess-Manning, or equivalent, shall be used whenever practicable.

iv. The vac-truck's suction creating component (i.e. blower) shall be covered with a noise-reducing housing or enclosure.

v. When the responsible party uses a specific vac-truck as set forth in clause (i) of this subparagraph and/or silencers specifically set forth in clause (iii) of this subparagraph between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, then the responsible party need not utilize additional pathway controls listed in subparagraph C of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & CURTAINS The responsible party shall utilize one of the following pathway controls below. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free of gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30, or greater, and shall be positioned as close as possible to the vac-truck. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels shall be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels should be filled-in with noise curtain material, additional plywood, or similar material. A properly balanced canted panel, not susceptible to windy conditions, may be placed on top of the barrier in order to provide better shielding for multi-story receptors. However, such barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the vac-truck and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier should be placed as close to the actual vac-truck work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Portable noise shields made of steel frames wrapped with noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be used to form a noise barrier in the direction of sensitive receptors and completely block the line of sight between the receptors and vac-truck. Noise curtains are typically made out of a ¼-inch thick heavy vinyl material, often with a noise absorptive quilt attached to one side. These noise curtains generally weigh 1.5 lbs/sq. ft., have an STC rating of about 32, and come in 4-foot wide sheets complete with grommets and Velcro edges to aid in hanging the curtains and sealing the sheets side-by-side.

iv. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers can be positioned along the edge of the work site to form a semi-permanent noise barrier. Sufficient space at the site is necessary as these containers are typically 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes should be filled-in with heavy vinyl noise curtains or similar materials.

v. Whenever possible, vac-truck exhaust shall be positioned and directed away from receptors.

c. Construction Trucks and Vehicles.

1. Dump Trucks. This paragraph shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from dump trucks. Dump trucks are commonly used on construction sites in order to deliver construction materials, remove and excavate debris, or transfer materials around the job site. However they can produce loud noises when their tailgates are slammed when dumping a load, when their engines are revved with inadequate exhaust mufflers, when the first shovel-full is dropped into the bed, or due to use of their backup alarms.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

B. SOURCE CONTROLS

i. The smallest sized and quietest dump truck that is adequate for a particular job shall be selected.

ii. A bed liner made of thick rubber, spray-on liner, plywood, sand or gravel shall be installed to mitigate the noise of the first load being dropped into the dump truck.

iii. Though not required for use in the United States (US), most US dump truck manufacturers produce quieter models for use in Europe. European Environmental Label (i.e. Blue Angel) low noise emission construction equipment, which is required for import and use in European Union (EU) nations in accordance with Quality Assurance Publication RAL UZ 53 and the Treaty on European Union 992-02-07 Journal C224, shall be used whenever feasible if it meets the US Environmental Protection Agency's emission requirements and/or regulations. These models are generally 10 dBA quieter than similar equipment used in the US.

iv. The positioning of the dump truck shall be carefully selected in order to minimize operation near receptors. Responsible parties shall attempt to reduce the necessity of backing-up by selecting a straight drive-through truck route. If a backup alarm is used, a quieter warning device shall be installed in accordance with §28-101(f) of this chapter.

v. The truck shall be equipped with an effective muffler in accordance with §28-101(b) of this chapter, which shall be well-maintained to ensure maximum noise reduction.

vi. Slamming a tail gate shall be avoided to the extent possible to prevent unreasonable noise. Alternately, a pad made of heavy rubber, leather or wood, when practicable, shall be used under the tail gate to prevent metal contact.

vii. The engine housing doors shall be kept closed while the engine is in operation.

viii. When the responsible party uses quieter dump truck models as set forth in clause (iii) of this subparagraph, between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, the responsible party need not utilize additional pathway controls listed in subparagraph C of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & CURTAINS The responsible party shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30, and shall be positioned as close as possible to the vehicle, in order to provide the greatest insertion loss. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels may be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material. A canted panel may be placed on top of the barrier in order to provide better shielding for multi-story receptors; however care must be taken to avoid having the barrier tip over from unbalanced loading. Further, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the dump truck and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier shall be placed as close to the actual dump truck work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be used to form a noise barrier in the direction of sensitive receptors and completely block the line of sight between the receptors and dump truck. It shall also be draped over the dump truck to augment the engine housing and exhaust stack. Noise curtains are typically made out of a ¼-inch thick heavy vinyl material, often with a noise absorptive quilt attached to one side. These noise curtains generally weigh 1.5 lbs/sq. ft., have an STC rating of about 32, and come in 4-foot wide sheets complete with grommets and Velcro edges to aid in hanging the curtains and sealing the sheets side-by-side.

iv. Conveyor belts shall be used whenever practicable, as they may allow the dump trucks to operate much farther away from receptors.

v. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. Sufficient space at the site is necessary as these containers are generally 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in with heavy vinyl noise curtains or similar material.

d. Stationary Equipment.

1. Cranes. This rule shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from cranes. Cranes are an essential piece of equipment on most large construction sites in order to load and unload delivery trucks, lift building materials to required heights, lift excavated materials out of tunnels and for other sub-surface excavations, and move other equipment and personnel around the job site. Cranes come in many varieties and sizes, including tracked or wheeled mobile cranes, fixed or floating derricks, and tower cranes.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS

i. There are various makes and models that are inherently quieter than others. Smaller, quieter cranes, including rubber-tired mobile cranes, shall be used whenever possible based on load lifting requirements.

ii. New modern hydraulic cranes shall be used whenever possible to avoid the squeal produced by cable drum brakes on mechanical cranes.

iii. Though not required for use in the United States, most US crane manufacturers produce quieter models for use in Europe. European Environmental Label (i.e. Blue Angel) low noise emission construction equipment, which is required for import and use in European Union (EU) nations in accordance with Quality Assurance Publication RAL UZ 53 and the Treaty on European Union 992-02-07 Journal C224, shall be used whenever feasible and if it meets the US Environmental Protection Agency's emission requirements and/or regulations. These cranes are about 10 dBA quieter than similar models sold in the US.

iv. The positioning of the crane shall be carefully selected in order to minimize the need to relocate it around the job site. Whenever possible, tower cranes shall be used, as they essentially produce no noise at ground level.

v. The crane shall be equipped with an effective muffler in accordance with §28-101(b) of this chapter, which shall be well maintained to ensure maximum noise reduction.

vi. When the responsible party uses new modern hydraulic cranes as set forth in clause (ii) of this subparagraph and/or additional source controls set forth in clause (iii) of this subparagraph, between the hours of 7:00 a.m. to 6:00 p.m. on weekdays, the responsible party need not utilize additional pathway controls listed in subparagraph C of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & CURTAINS The responsible party shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater, and shall be positioned as close as possible to the crane. A portable (i.e. unanchored) noise barrier can be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels shall be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material. A properly balanced canted panel, not susceptible to windy conditions, may be placed on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the crane and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier shall be placed as close to the actual crane work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Portable noise shields made of steel frames wrapped with noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be used to form a noise barrier in the direction of sensitive receptors and completely block the line of sight between the receptors and crane. Noise curtains are typically made out of a ¼-inch thick heavy vinyl material, often with a noise absorptive quilt attached to one side.

These noise curtains generally weigh 1.5 lbs/sq. ft., have an STC rating of about 32, and come in 4-foot wide sheets complete with grommets and Velcro edges to aid in hanging the curtains and sealing the sheets side-by-side.

iv. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. Sufficient space at the site is necessary as these containers are generally 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in with heavy vinyl noise curtains or similar material.

2. Auger Drill Rigs. This rule shall provide mitigation strategies the responsible party shall utilize when using auger drill rigs. Auger drill rigs are typically mounted to cranes or they can be built as dedicated machines as well. Auger drill rigs are used to drill shafts into the ground, which are then filled with cement form concrete piles, to loosen underlying soil and allow solid piles to be driven more easily, or used in multiple configuration to "mix" grout into the soil and change the soil's properties (i.e. strengthen it and reduce its water content).

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS & SILENCERS

i. The auger drill rig or crane shall be equipped with an effective muffler in accordance with §28-101(b) of this chapter, which shall be well maintained to ensure maximum noise reduction.

ii. All moving parts shall be well lubricated for proper drilling performance and to avoid unnecessary noise from squeaking parts.

iii. Debris on the drill bit shall be removed without quick twisting, jerking or hammering the bit, unless geotechnical conditions at the location so require. Alternative quieter methods include use of a high pressure water hose where debris is not contaminated or a laborer using a hand shovel.

C. PATHWAY CONTROLS: NOISE BARRIERS & CURTAINS The responsible party shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30, or greater, and shall be positioned as close as possible to the auger drill rig. A portable (i.e. unanchored) noise barrier may be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels shall be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material. A properly balanced canted panel, not susceptible to windy conditions, may be placed on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the auger drill rig and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier should be placed as close to the actual auger drill rig work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be used to form a noise barrier in the direction of sensitive receptors and completely block the line of sight between the receptors and auger drill rig. Noise curtains are typically made out of a ¼-inch thick heavy vinyl material, often with a noise absorptive quilt attached to one side. These noise curtains generally weigh 1.5 lbs/sq. ft., have an STC rating of about 32, and come in 4-foot wide sheets complete with grommets and Velcro edges to aid in hanging the curtains and sealing the sheets side-by-side.

iv. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. Sufficient space at the site is necessary as these containers are generally 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in with heavy vinyl noise curtains or similar material.

3. Street Plates. In addition to the Department of Transportation rules set forth in 34 RCNY §2-11(10), the responsible party shall follow one or more of the following methods to reduce noise emissions from loose or rattling street plates.

A. SOURCE CONTROLS:

i. The street plates shall be installed in the street surface in accordance with 34 RCNY §2-11(10) in order to have a level and smooth transition from pavement to plate surface and to keep the plates firmly in place.

ii. Asphalt cold-patch shall be applied when feasible around the edges of the street plate to minimize vehicular tire impact on the plate and to help keep the plate in place.

B. NOISE PATHWAY CONTROLS:

i. Whenever feasible, traffic shall be routed around the street plates by placing traffic cones, barrels, and/or warning tape around the plated area.

4. Backup Alarms. In accordance with §28-101(f) of this chapter, all existing vehicles that enter a work site shall be equipped with OSHA-approved, and OEM manufacturer-approved (if necessary), quieter backup alarms by January 1, 2008. All new vehicles that enter the work site shall be equipped with OSHA-approved quieter backup alarms by January 1, 2008. All on-road vehicles that do not enter the work site, but are in operation after hours pursuant to §28-103 of this chapter, shall also be equipped with OSHA-approved, and OEM manufacturer-approved (if necessary), quieter backup alarms by January 1, 2008. The work site referenced in this paragraph shall mean construction sites within the property line. Subparagraph A of this paragraph contains a list of quieter OSHA-approved backup alarms pursuant to OSHA Regulations, 29 CFR Part 1926, Subpart "O", 1926.601.b.4 and 1926.602.a.9. If the responsible party cannot reasonably comply with the requirements of this paragraph, such person shall file an Alternative Noise Mitigation Plan in accordance with §28-104 of this chapter.

A. SOURCE CONTROLS: QUIETER MAKES & MODELS

i. Quieter alarms or similar backup devices that meet OSHA requirements may be selected from the list below or from equivalent quieter alarms.

(a) Examples of manually-adjustable backup alarms include:

Preco Model 45AA
Ecco Model 820

(b) Examples of automatically-adjustable backup alarms include:

Preco Model 1048
Ecco Model SA907
Grote Model 73100

(c) Examples of community sensitive backup alarms include:
BBS-TEK Brigade Model BBS-92

ii. When the responsible party uses quieter backup alarms as described in clause (i) of this subparagraph, the responsible party need not utilize additional pathway controls listed in subparagraph B of this paragraph, unless the responsible party is performing work within 35 feet of an indoor receptor and with the exception of any required perimeter barriers as specified in §28-101(g) of this chapter.

B. NOISE PATHWAY CONTROLS. If it is not feasible to select one of the OSHA-approved alarms in subparagraph A of this paragraph, responsible parties shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. Responsible parties shall attempt to reduce the necessity of backing-up by selecting a straight drive-through truck route.

ii. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater. It shall be positioned as close as possible to the vehicle, in order to provide the greatest insertion loss. A portable (i.e. unanchored) noise barrier may be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels may be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material. A canted panel may also be built on top of the barrier in order to provide better shielding for multi-story receptors; however care must be taken to avoid having the barrier tip over from unbalanced loading. Further, said barrier's height shall not exceed 15 feet including the balanced canted portion.

iii. The noise barrier shall be long and tall enough to completely block the line of sight between the backup alarm and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier should be placed as close to the actual backup alarm as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iv. Alternative barriers may be utilized in accordance with site specification. Conex containers are likely already available to the responsible party. For example, where sufficient work site space exists, container (Conex) boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. These containers are typically 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in with heavy vinyl noise curtains or similar material.

e. Manually Operated Equipment.

1. Concrete Saws. This rule shall provide noise mitigation strategies that the responsible party shall utilize in order to reduce the noise emissions from concrete saws. Concrete saws are used on construction projects primarily for demolition purposes, but can also be used for opening access holes, cutting stress relief channels, and finishing off new construction.

A. GENERAL RULES OF OPERATION

i. The hours of operation shall be in accordance with the rules as set forth in §28-103 of this chapter.

B. SOURCE CONTROLS: QUIETER MODELS

i. Smaller saws shall be used, based on the power and cutting depth necessary to perform the job, as they tend to be quieter.

ii. A quieter-type saw blade, including a grinding saw blade or one made of ceramic or special-tipped cutting teeth, shall be chosen whenever practicable.

C. NOISE PATHWAY CONTROLS: NOISE BARRIERS & ENCLOSURES. The responsible party shall utilize one of the following pathway controls. However, if the Department receives noise complaints concerning the site, the responsible party shall utilize additional pathway controls listed in this subparagraph as required by DEP.

i. The responsible party shall construct a portable noise barrier that shall be free from gaps and holes and constructed of a sufficiently massive material to achieve a Sound Transmission Class rating of STC 30 or greater, and is positioned as close as possible to the saw. A portable (i.e. unanchored) noise barrier

may be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels shall be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent panels shall be filled-in with noise curtain material, additional plywood, or similar material. A properly balanced canted panel, not susceptible to windy conditions, may be placed on top of the barrier in order to provide better shielding for multi-story receptors. However, said barrier's height shall not exceed 15 feet including the balanced canted portion.

ii. The noise barrier shall be long and tall enough to completely block the line of sight between the saw and any indoor receptor within 200 feet and that is a maximum of 20 feet above grade level, when work occurs. The barrier shall be placed as close to the actual saw work as feasible. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

iii. Portable noise enclosures made of steel frames wrapped with noise curtain material, such as SoundSeal model BBC-13-2, or equivalently rated material, shall be built to surround (top and 3 sides) the concrete saw and the operator. A well made enclosure, using curtain material with a Sound Transmission Class rating of STC 30 or greater, can generally provide a 5 dBA insertion loss providing there are no gaps in the enclosure. Noise tents may be reused at other sites with proper care and maintenance.

iv. There shall be multiple tents for multiple concrete saws. For example, when two saws are being utilized and they cannot fit under the same noise tent, the responsible party shall provide an additional noise tent.

v. The noise tent shall be moved as the concrete saw work progresses in order to maintain the tent's ability to block the line-of-sight between the saw and the receptors.

vi. Emergency concrete sawing that occurs on any public right-of-way after normal working hours as set forth in §28-103 of this chapter, within 500 feet of any residential receptor, shall require noise tents with double-thick noise curtain material, or a noise tent augmented with a portable noise barrier to form a double layer of mitigation.

vii. Where there are receptors surrounding the concrete saw work site on all sides, two tents shall be used whenever practicable, on either side of the saw, to form a complete enclosure.

§28-103 Authorized Work Hours.

a. Equipment shall be used only during the hours of 7:00 A.M. and 6:00 P.M. on weekdays, unless the responsible party obtains an after hours work authorization, in which case the equipment shall be used in accordance with the hours specified in the permit and in the after hours work authorization, as set forth in §24-223 of the Administrative Code.

b. When work occurs after hours in accordance with §24-223 of the Administrative Code, or falls within one of the exceptions to limits on after hours and weekend construction work set forth in §24-222 of such Code, additional noise mitigation measures and/or techniques shall be implemented when required by DEP.

§28-104 Alternative Noise Mitigation Plan.

When required by §24-221 of the Administrative Code or this chapter, a complete and accurate Alternative Noise Mitigation Plan shall be filed with DEP in accordance with §24-221 of such Code. If and when approved by DEP, such plan shall be conspicuously posted at the job site. When an Alternative Noise Mitigation Plan is required, no construction activities shall take place until said plan is filed with and approved by DEP. The Alternative Noise Mitigation Plan Form is available at: http://www.nyc.gov/dep or at DEP's Offices at:

New York City Department of Environmental Protection
Bureau of Environmental Compliance, 9th Floor
59-17 Junction Blvd.
Flushing, NY 11373

§28-105 Utility Noise Mitigation Plan.

Pursuant to §24-219 of the Administrative Code, every authorized publicly franchised New York City utility company that provides gas, electric, steam and telecommunication services shall have conspicuously posted a complete and accurate Utility Noise Mitigation Plan at all sites where construction activities take place. Although the plan need not be filed with DEP, it shall be readily available for inspection should a complaint be filed or during a routine inspection. The Utility Noise Mitigation Plan Form is available at: http://www.nyc.gov/dep or at DEP's Offices at:

New York City Department of Environmental Protection
Bureau of Environmental Compliance, 9th Floor
59-17 Junction Blvd.
Flushing, NY 11373

§28-106 Required Noise Mitigation Measures for Utilities.

a. A utility company conducting construction activity shall self-certify in its Construction Noise Mitigation Plan that all construction tools and equipment have been maintained so that they operate at normal manufacturer's operating specifications, including at peak loading. Such self-certification shall be indicated on the Construction Noise Mitigation Plan form required by §28-100 of this chapter. Upon a DEP inspection of the work site, DEP shall use the noise level guidelines in the Federal Highway Administration Roadway Construction Noise Model User's Guide, Jan. 2006, page 3, located in the Appendix to this chapter, as a means of identifying equipment that may be the cause of a noise complaint. If an individual piece of equipment is identified by DEP as exceeding the level specified in such Guide located in the Appendix to this chapter, upon notification by DEP, the responsible party shall have the option of: (i) performing maintenance to demonstrate a good faith effort, notwithstanding the model year of the equipment, to mitigate the noise by a measurable level acceptable to the Department, (ii) replacing the equipment with equipment that complies with said level, or (iii) filing an Alternative Noise Mitigation Plan pursuant to §28-104 of this chapter, within five business days of said inspection. If the responsible party elects to perform maintenance pursuant to option (i), but cannot demonstrate within five business days a reduction in noise by a measurable level acceptable to the Department, such party shall pursue one of the other two options to the satisfaction of the Department. The failure to exercise and complete one of such three options within five business days of said inspection shall be a violation of this rule.

b. All tools and equipment being operated on site must be equipped with the appropriate manufacturer's noise reduction device. These devices, including but not limited to portable compressors and other such pneumatic tools, such as jackhammers/pavement breakers, shall be equipped with a standard muffler and jacket, free from air or exhaust leaks.

c. Specialized vehicles, including but not limited to compressor trucks, vacuum excavators, pavement-coring, power-roding, flush trucks, and other vehicles with internal combustion motors, shall require additional noise mitigation measures as specified by DEP, such as the use of noise-insulating material that does not interfere with the engine operation and/or other techniques to reduce noise.

d. Portable compressors, generators, pumps and other such devices shall be covered with noise-insulating fabric, which is not to interfere with engine operations, and/or shall employ other techniques to reduce noise.

e. The time of day that work is in progress shall also determine the technology that provides the appropriate noise mitigation. All work that occurs after the hours of 7:00 A.M. to 6:00 P.M. on weekdays shall require an after hours work authorization in accordance with §24-223 of the Administrative Code. From the hours of 6:00 P.M. to 10:00 P.M. on weekdays, the utility shall use daytime noise mitigation controls. However, work between the hours of 10:00 P.M. and 7:00 A.M. on weekdays and between 7:00 P.M. and 7:00 A.M. on weekends may be required by DEP to employ additional techniques, including noise blankets and barriers to reduce the level of noise for receptors within 200 feet.

f. Quieter jackhammers, compressors, and other such construction devices shall be used when available and/or may be required by DEP. A program shall be initiated between DEP and the utilities to perform additional noise-testing of construction devices and to make recommendations to DEP for future rules and use of devices.

g. All unnecessary vehicle engine-idling on site shall be prevented in accordance with §24-163 of the Administrative Code.

h. All steel traffic plates are to be properly installed and secured to the roadway surface in compliance with 34 RCNY §2-11(10)(e). Within 24 hours after a call to the utility from DEP, plates shall be re-set and secured properly.

i. Notification shall be given to residents within 200 feet of the construction when work is scheduled for longer than 3 days. Such notification shall include information on construction work schedules and locations.

j. The permit-holder shall respond to all noise complaints and/or official notice from DEP the same day as received or the next day if received after regular utility work hours or as may be required by DEP.

k. All new vehicles will be phased in with the installation of quieter backup warning devices in accordance with paragraph 4 of subdivision d of §28-102 of this chapter.

l. A formal noise mitigation training program shall be established and implemented for all field-worker supervisory personnel including sub-contractor supervisors. Supervisory personnel shall field-train all field workers in an effort to minimize construction noise.

m. When work is planned near sensitive receptors, including but not limited to schools, hospitals, places of worship, homes for the aging, etc., the permit-holder shall cooperate with the facility owner/operator to coordinate the work whenever possible so as to minimize the impact on the facility and the utility shall use quieter devices and other noise mitigation methods, such as blankets and barriers.

n. A DEP Inspector may visit the site to examine the Utility Noise Mitigation Plan upon receiving a complaint and may require further action to reduce the level of noise. The responsible party will be provided a 24-hour cure period to correct the condition or to file an Alternative Noise Mitigation Plan under §28-104 of this chapter. If the condition is not corrected after 24 hours or if an Alternative Noise Mitigation Plan is not filed with DEP, a Notice of Violation shall be issued. However, there shall be no 24-hour cure period with respect to compliance with §§28-100, 28-101(a), (b), (f), or (h); §28-104; §28-105; and §§28-106(a), (b), (d), (g) , or (i) of this chapter.

o. Perimeter noise barriers shall be used as set forth in §28-101(g) of this chapter. All gaps and spaces in the semi-permanent or temporary barriers shall be filled with noise attenuation material, and such barriers shall be placed as close as possible to the noise source to promote greater noise attenuation.

p. Utilities that engage in non-emergency, long-term projects, defined as continuous work that cannot be completed within 15 calendar days when there is a dedicated lane, shall be required to comply with §§28-100 to 28-104 of this chapter. Work shall be considered continuous even though there may be a cessation of activities for 24 hours or less during the project.

§28-107 Perimeter Noise Barriers.

a. Perimeter Noise Barriers – Noise barriers, positioned between construction equipment and receptors, shall be used whenever practicable for all construction projects. Such barriers may be semi-permanent given the time and space requirements of the job site. They may be made of wood, plastic, Plexiglas, precast concrete or steel panels, or where work site space permits, natural materials, such as dirt piles or earthen berms.

b. Noise barriers shall be used to reduce noise affecting pedestrians. Being relatively tall and solid, noise barriers form an excellent perimeter and/or security fence around a job site in addition to reducing noise at street level. Greater noise attenuation occurs when barriers are placed as close as possible to the noise source.

c. When the work site is within 200 feet of a residential receptor, the responsible party that is required to use a work site perimeter noise barrier (or "construction fence") under DOB rules and regulations shall ensure that noise-resistant material fully lines the interior face (facing the work site) of the perimeter barrier, and shall ensure that:

1. the barrier breaks the line-of-sight between the noise source and indoor receptors within 200 feet and a maximum of 20 feet above grade level where practicable; however, said barrier's height shall not exceed 15 feet, including the balanced canted portion;

2. the barrier is made of a material sufficiently resistant to noise in accordance with subdivision e of this section; and

3. there are no leaks or gaps that will allow noise to pass through the barrier.

d. Noise Barrier Design Options.

1. Semi-permanent noise barriers are barriers that, due to their height, will require some form of anchoring system. Typically, semi-permanent barriers are intended for long term continuous use. Thus they are built out of materials suitable to withstand weather conditions for several years. Materials such as tongue and groove wooden timbers, vertical I-beam posts and lagging, or precast concrete panels, serve very well as semi-permanent noise barriers. Being anchored, semi-permanent barriers can easily extend to heights of 15 feet and must be in accordance with DOB and FDNY rules and regulations.

2. Where practicable, the responsible party shall build a pitched panel on top of the barrier in order to provide better shielding for multi-story receptor buildings, however care must be taken to avoid having the barrier tip over from unbalanced loading.

3. Alternative barriers may be utilized in accordance with site-specific conditions. For example, shipping container (Conex) boxes are likely already available to the responsible party. For example, where work site space permits, these container boxes or truck trailers may be positioned along the edge of the work site to form a semi-permanent noise barrier. These containers are typically 8 feet wide by 8 feet tall and can be double-stacked to form a noise barrier 16 feet in height. The gaps between and/or under container boxes shall be filled-in to avoid having noise flank around or under the container boxes.

4. There are also several product vendors

that design and manufacture noise barrier materials and barrier systems. These special purpose products are available in various colors and materials including wood, plastic, Plexiglas, precast concrete or steel panels. They are available with or without anchoring systems, as needed.

e. Noise Barrier Specifications. Noise barriers shall be made of noise-resistant material sufficient to achieve a Sound Transmission Class (STC) rating of STC 30 or greater, based on sound transmission loss data taken according to ASTM Test Method E90. Such a barrier can provide as much as a 10 dBA insertion loss providing it is positioned as close as possible to the noise source or to the receptors. To be at all effective, the barrier must be long and tall enough to completely block the line-of-sight between the noise source and the receptors. The gaps between adjacent panels must be filled-in to avoid having noise penetrate directly through the barrier.

§28-108 Temporary or Portable Noise Barriers.

a. Where there is a dedicated lane for such barrier, temporary or portable (i.e. unanchored) noise barriers shall be used for street work lasting longer than 15 days as set forth in this section. All such barriers shall be placed as close as possible to the noise source in order to maximize noise attenuation.

b. Where construction projects are of shorter duration than 15 days and within the property line and do not require perimeter barriers and are within 75 feet of a residential receptor, a temporary or portable (i.e. unanchored) noise barrier shall be made in accordance with this section.

c. Construction of temporary barrier. Noise barriers shall be made of noise-resistant material sufficient to achieve a Sound Transmission Class (STC) rating of STC 30 or greater, based on sound transmission loss data taken according to ASTM Test Method E90. Such a barrier may provide as much as a 10 dBA insertion loss, provided it is positioned as close as possible to the noise source or to the receptors. To be at all effective, the barrier must be long and tall enough to completely block the line-of-sight between the noise source and the receptors. The gaps between adjacent panels must be filled-in to avoid having noise penetrate directly through the barrier.

i. Temporary or portable noise barriers, where required, may be made, for example, of concrete jersey bases with ¾-inch plywood panels attached to fence posts extending upwards to an overall height of 15 feet and must be in accordance with DOB and FDNY rules and regulations. This shall be the maximum height for a free-standing barrier in order to avoid it tipping over from wind load. Multiple jersey bases and plywood panels may be positioned adjacent to one another to form a barrier of any desired length. The gaps between adjacent sections shall be filled-in to form a continuous solid barrier surface.

ii. Wherever practicable, a pitched panel shall be built on top of the barrier in order to provide better shielding for multi-story receptor buildings; however care must be taken to avoid having the barrier tip over from unbalanced loading. Further, the barrier shall not exceed 15 feet in height including the pitched panel.

d. Noise curtains. Noise curtain material may be mounted or hung over perimeter chain link fences, or draped over small noise sources, to form a flexible noise barrier. The chain link fences can also be attached to the top of jersey bases.

i. Noise curtains shall be made of a ¼-inch thick heavy vinyl material, with a noise absorptive quilt attached to one side (the side facing the noise source).

ii. Noise control curtains shall have a Sound Transmission Class (STC) rating of STC 30 or greater, based on sound transmission loss data according to ASTM Test Method E90. The noise absorptive face of the curtains shall have a Noise Reduction Coefficient (NRC) rating of 0.85 or greater, based on sound absorption coefficient data taken according to ASTM Test Method C423.

iii. Noise curtains of this sort, such as SoundSeal model BBC-13-2, or equivalently rated material, generally weigh about 1.5 lbs/sq. ft. They come in 4-foot wide sheets complete with grommets and Velcro edges to aid in hanging the curtains and sealing the sheets side-by-side.

e. Noise Tents. A noise tent may be used within the property line.

i. Noise curtain material may be attached to a metal frame to form a portable enclosure (known as a "noise tent"). The noise tent shall have noise curtain material attached on three sides and on top of the frame, with the remaining side of the frame left open for work access and ventilation.

ii. A frame size of 8 feet tall by 6 feet wide by 6 feet deep shall allow the tent to be positioned over small noise sources, such as pumps, generators or compressors. The tent may also be used to cover a laborer using hand-held power tools, such as jackhammers, saws or grinders. Caster wheels may be placed under the frame for mobility, or the tent may be picked up and moved with the arm of a backhoe, for example.

§28-109 Definitions.
For the purpose of this chapter, the meaning of terms shall be as follows (unless the context specifically indicates otherwise):

Canted Panel. "Canted Panel" shall mean a tilted panel of noise mitigation material that extends a noise barrier to protect upper floor receptors from noise sources.

Insertion Loss. "Insertion Loss" shall mean the reduction in noise level at the receptor's location attributable to the introduction of a noise barrier, muffler, or other mitigation measure.

Jersey Bases. "Jersey Bases," also known as concrete traffic dividers or jersey barriers, shall mean movable concrete bases used in construction that can accommodate fencing poles to which noise curtain material can be attached.

Noise absorptive quilt. "Noise absorptive quilt" shall mean padded light-weight porous material sewn together into a quilt-like pattern and then attached to one side of a vinyl sheet.

Noise Barrier. "Noise Barrier" shall mean a structure used for the purpose of placing near a noise source to reduce the noise level measurable at a receptor location. This can consist of noise resistant materials such as plywood, timbers, trailer containers, or noise curtains.

Noise curtain. "Noise curtain" shall mean noise control product comprised of (typically) ¼-inch thick vinyl sheet, to act as a noise resistant material, with some noise absorptive quilt material attached on one side of the vinyl as well.

Noise Pathway Controls. "Noise Pathway Controls" shall mean noise mitigation techniques placed between the source of noise and the receptor.

Noise-resistant material. "Noise-resistant material" shall mean material that has sufficient mass and stiffness to resist noise from transmitting through the material.

Receptor. "Receptor," also known as receiving property, shall mean real property, including but not limited to buildings, grounds, offices and dwelling units, from which sound levels from sound sources outside such property may be measured.

Responsible party. "Responsible party" shall mean, with respect to any activity regulated or covered by these rules, the owner of the premises on or where such activity occurs, and any agent of the owner engaged in such activity or any participant in such activity, including contractors and subcontractors. Any agency of the City of New York may also be a responsible party.

Sound Transmission Class (STC). The "Sound Transmission Class", or "STC rating", shall mean a single index number used to describe a solid panel or material's ability to prevent noise from transferring directly through it. Determination of a material's STC is done in accordance with ASTM Test Method E90.

DEPARTMENT OF ENVIRONMENTAL PROTECTION
59-17 JUNCTION BOULEVARD
FLUSHING, NEW YORK 11373

Emily Lloyd
Commissioner

Statement of Substantial Need for Earlier Implementation

I hereby find, pursuant to §1043(e)(1)(c) of the New York City Charter, that there is a substantial need for the implementation, immediately upon its final publication in the City Record, of the rule governing citywide construction noise mitigation.

Local Law 113 for the Year 2005 amended the Administrative Code of the City of New York, in relation to the noise control code. Such local law becomes effective July 1, 2007. However, it required the promulgation of noise mitigation rules in accordance with §24-219 of the Administrative Code prior to that date.

The earlier implementation of such rule is necessary in order to afford ample opportunity to those agencies, contractors, and other responsible parties to review the new standards and mitigation procedures prior to the date the local law takes effect. Immediate implementation of the rule will ensure that these individuals are placed on notice and enable the Department to take all the administrative measures necessary for the timely implementation of this local law, including devising boiler-plate contract language. Immediate implementation will also decrease confusion among the responsible parties as to their responsibilities when engaged in City construction.

Emily Lloyd, Commissioner
New York City Department of Environmental Protection

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Opportunity to Comment On Proposed

Rules Governing

Tax Exemption under §421-a of the Real Property Tax Law

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Housing Preservation and Development by §1802 (6)(c) and in accordance with the requirements of §1043 of the New York City Charter that the Department of Housing Preservation and Development intends to modify the rules governing tax exemption under §421-a of the Real Property Tax Law of the State of New York. Additions to the rules are underlined and proposed deletions are [bracketed].

Written comments regarding these rules may be sent to the Department of Housing Preservation and Development, Attention: Lisa S.J. Yee, TIP Director, 100 Gold Street, Room 3-Z4, New York, New York 10038, on or before April 26, 2007. A public hearing will be held from 10:00 A.M. to 1:00 P.M. on April 26, 2007, at 100 Gold Street, 3rd floor, Room 3Y-8, New York, New York. Persons seeking to testify are requested to notify the TIP Director at the foregoing address. Written comments and a summary of oral comments received at the hearing will be available for public inspection within a reasonable time after receipt between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the TIP Director.

The proposed rule amendments were included in HPD's 2006-07 Regulatory Agenda.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the TIP Director by April 12, 2007.

Section one. Paragraph (1) of subdivision (d) of section 6-05 of title 28 of the Rules of the City of New York is amended by adding a new subparagraph (viii) to read as follows:

(viii) (A) For applications received on or after December 19, 2006, an affidavit from the owner certifying that whenever any household appliance in any dwelling unit, or any household appliance that provides heat or hot water for any dwelling unit in the multiple dwelling, is installed or replaced with a new household appliance on or after December 19, 2006, such new appliance shall be certified as Energy Star. If applicable, such affidavit may instead certify (a) that an appropriately-sized Energy Star certified household appliance is not manufactured, such that movement of walls or fixtures would be necessary to create sufficient space for such appliance, and/or (b) that an Energy Star certified boiler or furnace of sufficient capacity is not manufactured.

(B) For purposes of this subparagraph (viii), (a) "household appliance" shall mean any refrigerator, room air conditioner, dishwasher or clothes washer, within a dwelling unit in the multiple dwelling that is provided by the owner, and any boiler or furnace that provides heat or hot water for any dwelling unit in the multiple dwelling, and (b) "Energy Star" shall mean a designation from the United States Environmental Protection Agency or Department of Energy indicating that a product meets the energy efficiency standards set forth by the agency for compliance with the Energy Star program.

Statement of Basis and Purpose. These proposed rule amendments implement Local Law 107 of 2005, which requires recipients of 421-a tax exemption benefits to purchase certain Energy Star certified household appliances.

MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

■ NOTICE

STATEMENT OF MAYORAL FINDINGS PERTAINING TO THE *NYC GREEN SCHOOLS RATING SYSTEM*

Pursuant to Charter §224.1(b)(1) and Executive Order No. 97 of 2006, the Office of Environmental Coordination (OEC) is publishing findings relating to the LEED® equivalency of the New York City School Construction Authority's (SCA) NYC Green Schools Rating System as described in SCA's *NYC Green Schools Guide* (NYC GSG).
The SCA, with the New York City Department of Education (DOE), developed the NYC Green Schools Rating System to guide the sustainable design, construction and operation of new schools, modernization projects and school renovations and to achieve compliance with Local Law 86 of 2005. This rating system is designed to meet the specific sustainability needs of New York City schools in a cost effective manner and is based on the LEED® (Leadership in Energy and Environmental Design) Green Building Rating System™, developed by the U.S. Green Building Council. The NYC Green Schools Rating System also includes best practices for schools adopted from the Collaborative for High Performing Schools, Inc. rating system, as well as SCA best practices. The SCA has requested a determination of whether the NYC Green Schools Rating System is "not less stringent" than the LEED® Green Building Rating System for a LEED® Certified rating.

The Mayor's Office retained the services of the consulting firm Davis Langdon to perform an independent review of the NYC Green Schools Rating System in order to evaluate whether it is not less stringent than the LEED® Green Building Rating System. The consultant analyzed each of the 54 required credits in the *NYC Green Schools Guide* to determine whether the LEED®-based system included a comparable credit and, if so, whether the requirement of the NYC GSG was at least as stringent as the comparable LEED® requirement. A review of the results of the independent consultant shows that 40 of the requirements of the SCA's NYC GSG have an existing LEED® counterpart and that the NYC GSG requirement is at least as stringent as the corresponding LEED® requirement. Of the 40 LEED®-based credits, 38 are credits with points and two are "no point" credits. (The latter are equivalent to LEED® prerequisites, which also carry no points). The two no point credits and 26 of the 38 credits with points are required to be incorporated into all applicable SCA school design projects. The remaining 12 credits are required to be included in all projects if feasible given site or program-specific constraints. The 26 point-bearing credits are sufficient to earn the equivalent of a LEED® Certified rating. In the unlikely event that one of the 26 credits that are required for all projects cannot be achieved for any particular project, the designer may substitute one of the 12 required if feasible credits in order to reach the 26 credits for a rating equivalent to LEED® Certified as required by the SCA.

Further, the NYC GSG contains 14 additional credits that are not addressed by LEED®, but are derived from either the Collaborative for High Performance Schools, Inc. (CHPS) or from SCA existing best practices. Of these, seven are no point credits required for all projects, two are credits with points required for all projects, and five are credits with points required if feasible for a particular project. There are also eleven optional credits, at least seven of which are LEED®-based and as stringent as the respective LEED® credit, which may be used with the approval of the SCA.

The consultant noted that the most significant difference between the *NYC Green Schools Guide* and LEED® is how the two guidelines address energy efficiency. Where LEED® is a performance-based system, the NYC GSG is a prescriptive system. LEED® awards points based on how much more energy-efficiently a building will operate in terms of cost; the NYC GSG prescribes specific Energy Efficiency Measures (EEMs) that are required in NYC School designs to achieve energy cost savings. The consultant concluded that the NYC GSG prescriptive strategy would meet both the LL86 energy cost reduction requirement and the LEED® prerequisite (which bears no points toward certification) for Energy and Atmosphere.

Therefore, the independent review concluded that the NYC GSG will be no less stringent than the current version of LEED® for New Construction, version 2.2, in terms of processes and procedures required to limit the environmental impacts of NYC school construction projects. The consultant further noted that if future regulatory changes or future changes in utility rates render the NYC GSG non-compliant with LL86, the SCA has established procedures to address such changes and to update the NYC GSG accordingly.

Based on careful consideration of the analysis and conclusions of the independent review dated March 12, 2007 of the *NYC Green Schools Guide*, the Director of the Office of Environmental Coordination, on behalf of the Mayor, finds that the SCA's NYC Green Schools Rating System will be no less stringent than LEED® New Construction, version 2.2, for the achievement of a LEED® Certified rating.

Copies of the *NYC Green Schools Guide* can be can be downloaded from the SCA's website at http://schools.nyc.gov/Offices/SCA/DoingBusiness/AE/NYCGreenSchoolsGuide/default.htm starting on March 19, 2007. Copies of the independent review and this Statement can be downloaded from the Office of Environmental Coordination website at www.nyc.gov/oec.

SANITATION

■ MEETINGS

The City of New York Department of Sanitation (DSNY) will hold four **ENVIRONMENTAL JUSTICE INFORMATIONAL MEETINGS** (EJ MEETINGS) on the proposed ***Converted Marine Transfer Stations*** (MTSs): the East 91st Street Converted MTS in Manhattan, the Hamilton Avenue and Southwest Brooklyn Converted MTSs in Brooklyn and the North Shore Converted MTS in Queens. The purpose of the EJ MEETINGS is to provide information on the MTSs, the New York State Department of Environmental Conservation (State) permit applications for the MTSs and the State permit review process. The EJ MEETINGS are part of an approved Public Participation Plan and comply with the State "Policy on Environmental Justice and Permitting." To find out more about the EJ MEETINGS, request translation services at the Meetings or translated outreach materials, call our English/Spanish hotline **1-888-NYC-SWMP** (1-888-692-7967).

Dates, Times, Locations: The dates, times and locations for the EJ MEETINGS are:

- Hamilton Avenue Converted MTS: Thursday, **April 12, 2007 at 6:30 PM** through 9:00 PM at **St. Michael's School (Ford Auditorium)**, 371 43rd Street (across the street from the Brooklyn CB 7 offices) Brooklyn, NY;
- Southwest Brooklyn Converted MTS: Monday, **April 16, 2007 at 6:30 PM** through 9:00 PM at **Shore Parkway Jewish Center**, 8885 26th Avenue, Brooklyn, NY;
- North Shore Converted MTS: Tuesday, **April 17, 2007 at 6:30 PM** through 9:00 PM at **Union Plaza Health Care Facility**, located at 33-23 Union St., Flushing, Queens; and
- East 91st Street Converted MTS: Thursday, **April 19, 2007 at 6:30 PM** through 9:00 PM at the **New York Blood Center** (Auditorium), 310 E. 67th St, NY, NY;

Format: The format for the EJ MEETINGS will be a short presentation by DSNY representatives about the MTS proposed for the EJ community in which the MEETING is being held, followed by discussion. DSNY will be available to answer questions asked by attendees.

State Permit Process: As set forth in the approved Solid Waste Management Plan (SWMP), DSNY proposes to construct and operate four proposed Converted MTSs that would be located as follows:

One at the site of the existing East 91st Street MTS in Manhattan;
One at the site of the existing Hamilton Avenue MTS, in Brooklyn;
One adjacent to the site of the existing Southwest Brooklyn MTS in Brooklyn; and
One at the site of the existing North Shore MTS in Queens.

The MTSs would accept waste from collection trucks and transfer it into sealed shipping containers for further transport by barge. Each MTS requires the issuance of State permits (solid waste management facility, air, marine resources) on the basis of DSNY permit applications supported by the SWMP Final Environmental Impact Statement (FEIS), dated April 2005.

Comments: DSNY seeks your questions and comments on the proposed MTSs at the EJ MEETINGS. Your written comments will be accepted until 5:00 pm on Monday, April 30, 2007. Comments may be mailed or faxed to Harry Szarpanski, Assistant Commissioner, DSNY, 44 Beaver Street, 12th Floor, NY, NY 10004. Fax: (212) 269-0788.

Public Document Repositories: The Public Participation Plan, SWMP, FEIS and State permit applications for the proposed MTSs are available for inspection in the public document repositories in the EJ communities listed below:

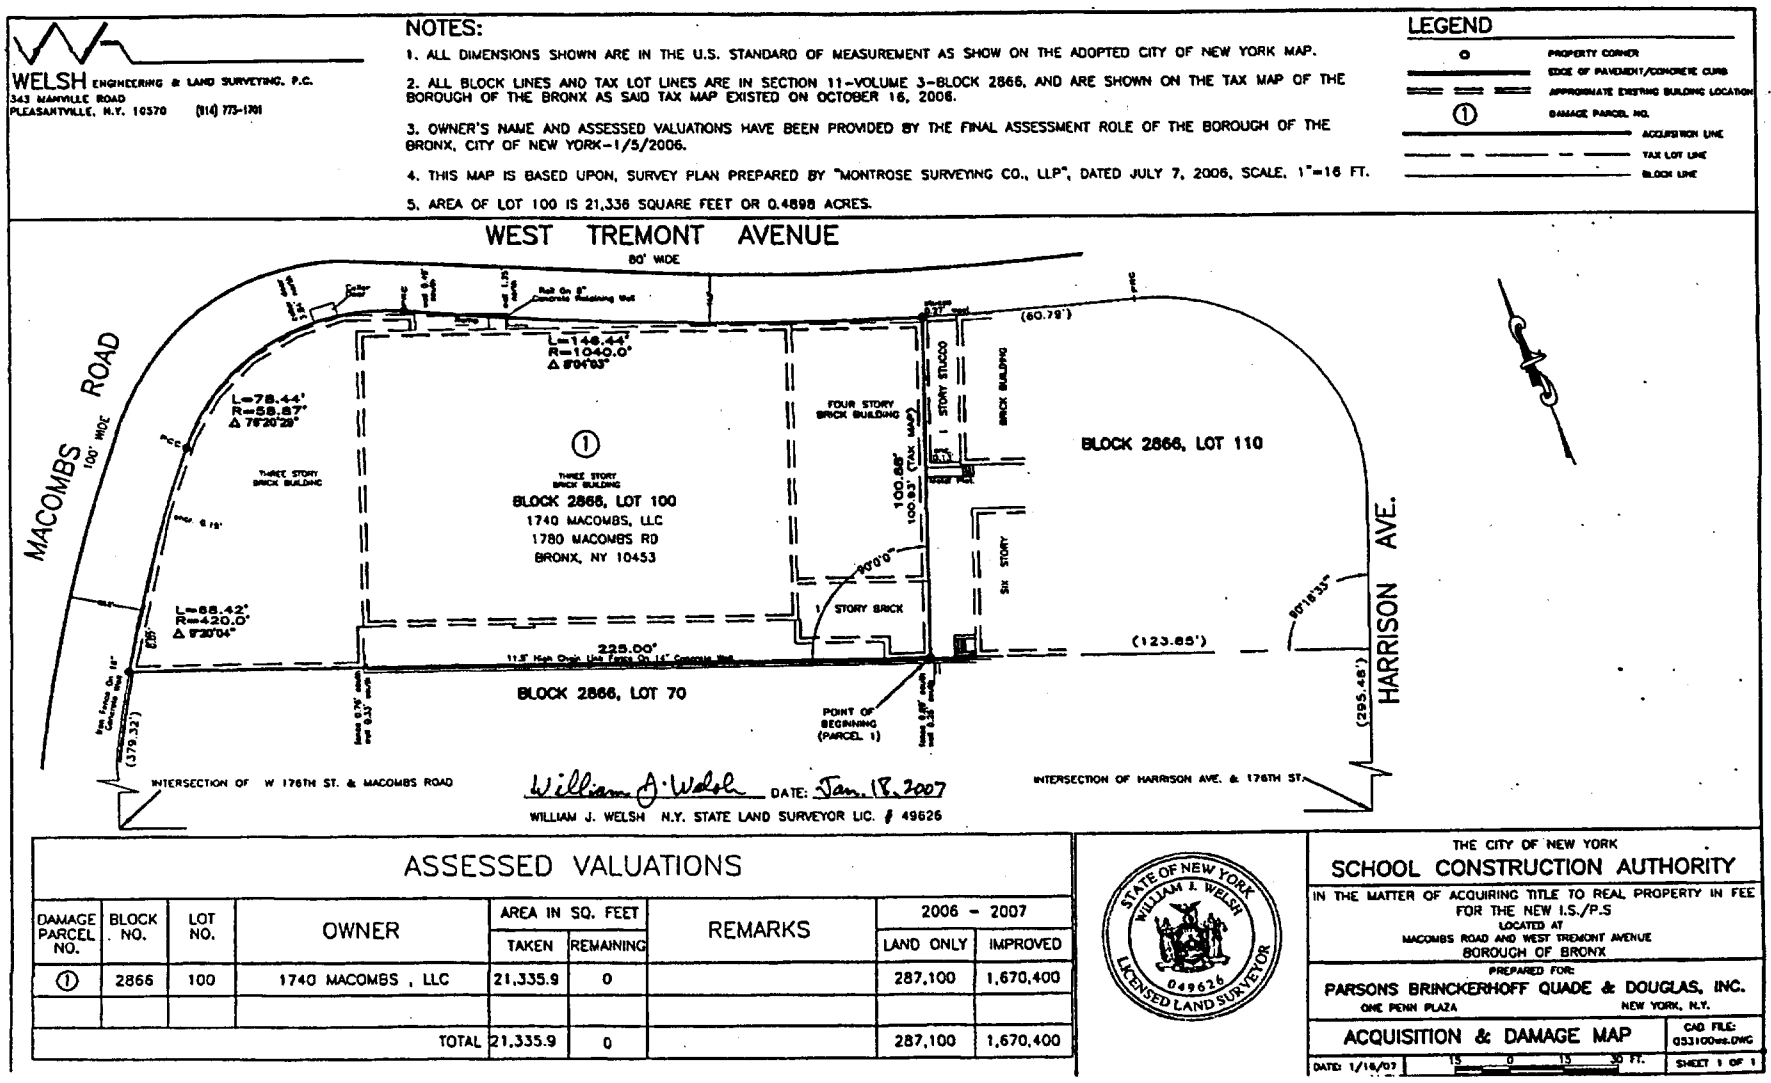
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY FOR P.S./I.S 338X- BRONX



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SANITATION

■ MEETINGS

The City of New York Department of Sanitation (DSNY) will hold four **ENVIRONMENTAL JUSTICE INFORMATIONAL MEETINGS** (EJ MEETINGS) on the proposed ***Converted Marine Transfer Stations*** (MTSs): the East 91st Street Converted MTS in Manhattan, the Hamilton Avenue and Southwest Brooklyn Converted MTSs in Brooklyn and the North Shore Converted MTS in Queens. The purpose of the EJ MEETINGS is to provide information on the MTSs, the New York State Department of Environmental Conservation (State) permit applications for the MTSs and the State permit review process. The EJ MEETINGS are part of an approved Public Participation Plan and comply with the State "Policy on Environmental Justice and Permitting." To find out more about the EJ MEETINGS, request translation services at the Meetings or translated outreach materials, call our English/Spanish hotline **1-888-NYC-SWMP** (1-888-692-7967).

Dates, Times, Locations: The dates, times and locations for the EJ MEETINGS are:

- Hamilton Avenue Converted MTS: Thursday, **April 12, 2007 at 6:30 PM** through 9:00 PM at **St. Michael's School (Ford Auditorium)**, 371 43rd Street (across the street from the Brooklyn CB 7 offices) Brooklyn, NY;
- Southwest Brooklyn Converted MTS: Monday, **April 16, 2007 at 6:30 PM** through 9:00 PM at **Shore Parkway Jewish Center**, 8885 26th Avenue, Brooklyn, NY;
- North Shore Converted MTS: Tuesday, **April 17, 2007 at 6:30 PM** through 9:00 PM at **Union Plaza Health Care Facility**, 33-23 Union St., Flushing, Queens; and
- East 91st Street Converted MTS: Thursday, **April 19, 2007 at 6:30 PM** through 9:00 PM at the **New York Blood Center** (Auditorium), 310 E. 67th St, NY, NY;

Format: The format for the EJ MEETINGS will be a short presentation by DSNY representatives about the MTS proposed for the EJ community in which the MEETING is being held, followed by discussion. DSNY will be available to answer questions asked by attendees.

State Permit Process: As set forth in the approved Solid Waste Management Plan (SWMP), DSNY proposes to construct and operate four proposed Converted MTSs that would be located as follows:

One at the site of the existing East 91st Street MTS in Manhattan;
One at the site of the existing Hamilton Avenue MTS, in Brooklyn;
One adjacent to the site of the existing Southwest Brooklyn MTS in Brooklyn; and
One at the site of the existing North Shore MTS in Queens.

The MTSs would accept waste from collection trucks and transfer it into sealed shipping containers for further transport by barge. Each MTS requires the issuance of State permits (solid waste management facility, air, marine resources) on the basis of DSNY permit applications supported by the SWMP Final Environmental Impact Statement (FEIS), dated April 2005.

Comments: DSNY seeks your questions and comments on the proposed MTSs at the EJ MEETINGS. Your written comments will be accepted until 5 pm on Monday, April 30, 2007. Comments may be mailed or faxed to Harry Szarpanski, Assistant Commissioner, DSNY, 44 Beaver Street, 12th Floor, NY, NY 10004. Fax: (212) 269-0788.

Public Document Repositories: The Public Participation Plan, SWMP, FEIS and State permit applications for the proposed MTSs are available for inspection in the public document repositories in the EJ communities listed below:

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

SEQRA Classification: Unlisted

Lead Agency
City Planning Commission
22 Reade Street, New York, NY 10007
Contact: Robert Dobruskin, (212) 720-3423

Name, Description and Location of Proposal

Commerce Bank / 1301 65th Street
The applicant, Commerce Bank, is proposing a zoning map amendment to rezone the property located at 1301 65th Street (Block 5747, Lot 1) from an R5 zoning district to an R5/C2-3 zoning district. The rezoning area is located on the northeast corner of the intersection at 23rd Avenue and 65th Street in the Borough Park neighborhood of Brooklyn Community District 10.

The site had been developed with a gasoline service station that was subsequently demolished. Currently it is undeveloped and used as an open parking lot for 15 cars. The proposed action would facilitate the construction of a one-story, 3,669 square-foot bank with 16 accessory parking spaces on the site. The applicant expects that construction would be completed in 2007.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated March 6, 2007, prepared in connection with the ULURP Application (No. 0602782 ZMK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant agrees via a restrictive declaration to prepare a Remedial Action Plan, including a sampling protocol and a health and safety plan for the Department of Environmental Protection (DEP) for approval. Remediation measures would be undertaken pursuant to the remediation plan.

The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA), prepared in October, 2005 and a Phase II ESA, available in the proposal's CEQR file, was prepared in September, 2005 for the project site. The Phase I ESA and Phase II ESA were reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended by DEP, due to the potential presence of hazardous materials on the site as a result of past and present on-site land uses. The declaration requires the preparation of a Remedial Action Plan, including a sampling protocol and a health and safety plan for DEP's review and approval. The restrictive declaration is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

This is to appeal the decision of the Brooklyn Borough Superintendent of the NYC Department of Buildings dated January 11, 2007, for the proposed conversion and extension of an existing Synagogue. The subject site is located at 203 Avenue F. It consists of a lot 50' by 100' developed with an existing four story building. The proposal submitted is to add an extension to the synagogue at the side into the existing courtyard.

BSA #286-06-BZ
1847 60th Street
This application seeks to permit the modifications to the already partially constructed three story residential development at the Premises so as to permit the proposed two-story addition to the rear of the three-story structure which is currently under construction and to allow for the inclusion of a (Use Group 4) Synagogue at the Premises which exceeds the underlying bulk requirements of the R5 zoning district within which the Premises is located.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARING

Notice of a Special Real Property Acquisitions And Dispositions Public Hearing to be held on Tuesday, April 24, 2007, at 31 Chambers Street, Room 209, Borough of Manhattan, commencing at 9:30 AM. **(Photo identification must be provided to gain entry into the building.)**

Pursuant to Article 15 of the General Municipal Law ("GML") and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the amendment of leases of certain real property located in the Brooklyn Center Urban Renewal Area ("Area") to Albee Development, LLC ("Tenant"), in accordance with the Fifth Amended Urban Renewal Plan ("Plan") for the redevelopment of the Area.

The property leased is located in the Borough of Brooklyn, City and State of New York, and known as Block 149, Lots 1 and 49; on the Tax Map of the City and by the street address One Dekalb Avenue, Brooklyn, New York ("Disposition Area")

The City proposes to amend the terms of existing leases between the City, as successor in interest to UDC/Albee Square Redevelopment Corporation ("UDC"), as landlord, and Tenant, as successor in interest to The Gallery at Fulton St., LLC, as tenant, pursuant to Section 507(2)(d) of the GML, through the consolidation, amendment, and restatement of the following two leases each dated as of October 1, 2005: that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by Albee Square Mall ("Mall Lease") and that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by a garage ("Tower Lease") (collectively, "Severed Leases"). The City proposes to amend and restate the Severed Leases into a consolidated, amended and restated lease, pursuant to which the Severed Leases will be "unsevered", such that the entire Property will again (as it was prior to October 1, 2005) be covered by a single ground lease (the "Restated Lease").

The Restated Lease (a) will require Tenant to demolish the existing building on the Disposition Area and construct a new building containing at a minimum one hundred twenty-five thousand (125,000) square feet of Zoning Floor Area of office space, approximately three hundred thousand (300,000)

square feet of Zoning Floor Area of retail space, and approximately nine hundred fifty thousand (950,000) square feet of Zoning Floor Area of residential space, (b) adjust the rent schedule and incorporate an approximation of the as-of-right real estate tax benefits that would have been available to tenant under the Industrial and Commercial Incentives Program and the so-called 421-a Program if it were a landowner making capital improvements, and (c) accelerate the Tenant's option to purchase the City's interest in the Disposition Area and modify the consideration required to be paid for such purchase.

The proposed Restated Lease setting forth the proposed changes to the Severed Leases is available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York during its regular hours on weekdays from 9:00 A.M. to 5:00 P.M.

PLEASE TAKE NOTICE that a **Special Public Hearing will be held on Tuesday, April 24, 2007 at 31 Chambers Street, Room 209, Borough of Manhattan, at 9:30 a.m.,** or as soon thereafter as the matter may be reached on the Calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed Amendments and Plan pursuant to Section 507(2)(d) of the GML.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. TDD users should call Verizon relay services.

SANITATION

■ MEETINGS

The City of New York Department of Sanitation (DSNY) will hold four **ENVIRONMENTAL JUSTICE INFORMATIONAL MEETINGS** (EJ MEETINGS) on the proposed ***Converted Marine Transfer Stations*** (MTSs): the East 91st Street Converted MTS in Manhattan, the Hamilton Avenue and Southwest Brooklyn Converted MTSs in Brooklyn and the North Shore Converted MTS in Queens. The purpose of the EJ MEETINGS is to provide information on the MTSs, the New York State Department of Environmental Conservation (State) permit applications for the MTSs and the State permit review process. The EJ MEETINGS are part of an approved Public Participation Plan and comply with the State "Policy on Environmental Justice and Permitting." To find out more about the EJ MEETINGS, request translation services at the Meetings or translated outreach materials, call our English/Spanish hotline **1-888-NYC-SWMP** (1-888-692-7967).

Dates, Times, Locations: The dates, times and locations for the EJ MEETINGS are:

- Hamilton Avenue Converted MTS: Thursday, **April 12, 2007 at 6:30 PM** through 9:00 PM at **St. Michael's School (Ford Auditorium)**, 371 43rd Street (across the street from the Brooklyn CB 7 offices) Brooklyn, NY;
- Southwest Brooklyn Converted MTS: Monday, **April 16, 2007 at 6:30 PM** through 9:00 PM at **Shore Parkway Jewish Center**, 8885 26th Avenue, Brooklyn, NY;
- North Shore Converted MTS: Tuesday, **April 17, 2007 at 6:30 PM** through 9:00 PM at **Union Plaza Health Care Facility**, 33-23 Union St., Flushing, Queens; and
- East 91st Street Converted MTS: Thursday, **April 19, 2007 at 6:30 PM** through 9:00 PM at the **New York Blood Center** (Auditorium), 310 E. 67th St, NY, NY;

Format: The format for the EJ MEETINGS will be a short presentation by DSNY representatives about the MTS proposed for the EJ community in which the MEETING is being held, followed by discussion. DSNY will be available to answer questions asked by attendees.

State Permit Process: As set forth in the approved Solid Waste Management Plan (SWMP), DSNY proposes to construct and operate four proposed Converted MTSs that would be located as follows:

One at the site of the existing East 91st Street MTS in Manhattan;
One at the site of the existing Hamilton Avenue MTS, in Brooklyn;
One adjacent to the site of the existing Southwest Brooklyn MTS in Brooklyn; and
One at the site of the existing North Shore MTS in Queens.

The MTSs would accept waste from collection trucks and transfer it into sealed shipping containers for further transport by barge. Each MTS requires the issuance of State permits (solid waste management facility, air, marine resources) on the basis of DSNY permit applications supported by the SWMP Final Environmental Impact Statement (FEIS), dated April 2005.

Comments: DSNY seeks your questions and comments on the proposed MTSs at the EJ MEETINGS. Your written comments will be accepted until 5 pm on Monday, April 30, 2007. Comments may be mailed or faxed to Harry Szarpanski, Assistant Commissioner, DSNY, 44 Beaver Street, 12th Floor, NY, NY 10004. Fax: (212) 269-0788.

Public Document Repositories: The Public Participation Plan, SWMP, FEIS and State permit applications for the proposed MTSs are available for inspection in the public document repositories in the EJ communities listed below:

COURT NOTICE

SUPREME COURT

■ NOTICE

BRONX COUNTY
IA PART 6
NOTICE OF ACQUISITION
INDEX NUMBER 635/07

In the Matter of the Application of the

NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY,

Petitioner,

To Acquire By Exercise of its Powers of Eminent Domain Title in Fee Simple Absolute to Certain Real Property Known as Tax Block 2866, Lot 100, Located in the Borough of the Bronx, City of New York, in Connection With the Construction of P.S./ I.S. 338X- Bronx

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Bronx, IA Part 6 (Hon. Howard R. Silver, J.S.C.), duly entered in the office of the Clerk of the County of Bronx on February 20, 2007, the application of the New York City School Construction Authority (the "Authority") to acquire certain real property for the construction of public/middle school P.S./I.S. 338X-Bronx was granted and the Authority was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the property acquired by the Authority, was filed with the City Register on February 23, 2007. Title to the real property vested in the Authority on February 23, 2007.

PLEASE TAKE FURTHER NOTICE, that the Authority has acquired the following parcel(s) of real property:

Damage Parcel	Block	Lot
1	2866	100

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before 180 days from the date of service of this notice, to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL §504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL §503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

Dated: March 6, 2007, New York, New York.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC005 – DUE 03-28-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance your employees. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employees to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.3 million to 26 growing companies to train 1,477 New Yorkers, matched by $3.2 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. All applications are due by March 28, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills). This improvement will increase your ability to find and keep qualified workers.

Two Pre-Submission Information Sessions: attend one of two sessions that with take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on March 7, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

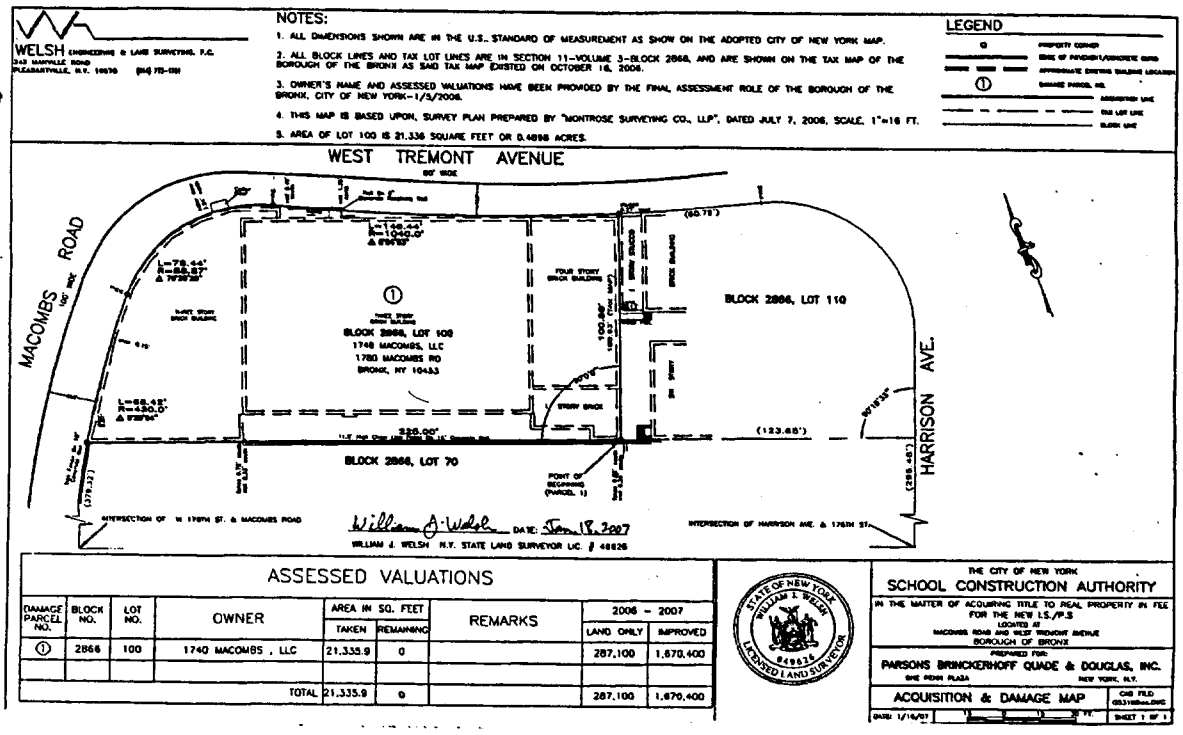
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY FOR P.S./I.S 338X- BRONX



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARING

Notice of a Special Real Property Acquisitions And Dispositions Public Hearing to be held on Tuesday, April 24, 2007, at 31 Chambers Street, Room 209, Borough of Manhattan, commencing at 9:30 AM. **(Photo identification must be provided to gain entry into the building.)**

Pursuant to Article 15 of the General Municipal Law ("GML") and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the amendment of leases of certain real property located in the Brooklyn Center Urban Renewal Area ("Area") to Albee Development, LLC ("Tenant"), in accordance with the Fifth Amended Urban Renewal Plan ("Plan") for the redevelopment of the Area.

The property leased is located in the Borough of Brooklyn, City and State of New York, and known as Block 149, Lots 1 and 49; on the Tax Map of the City and by the street address One Dekalb Avenue, Brooklyn, New York ("Disposition Area")

The City proposes to amend the terms of existing leases between the City, as successor in interest to UDC/Albee Square Redevelopment Corporation ("UDC"), as landlord, and Tenant, as successor in interest to The Gallery at Fulton St., LLC, as tenant, pursuant to Section 507(2)(d) of the GML, through the consolidation, amendment, and restatement of the following two leases each dated as of October 1, 2005: that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by Albee Square Mall ("Mall Lease") and that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by a garage ("Tower Lease") (collectively, "Severed Leases"). The City proposes to amend and restate the Severed Leases into a consolidated, amended and restated lease, pursuant to which the Severed Leases will be "unsevered", such that the entire Property will again (as it was prior to October 1, 2005) be covered by a single ground lease (the "Restated Lease").

The Restated Lease (a) will require Tenant to demolish the existing building on the Disposition Area and construct a new building containing at a minimum one hundred twenty-five thousand (125,000) square feet of Zoning Floor Area of office space, approximately three hundred thousand (300,000) square feet of Zoning Floor Area of retail space, and approximately nine hundred fifty thousand (950,000) square feet of Zoning Floor Area of residential space, (b) adjust the rent schedule and incorporate an approximation of the as-of-right real estate tax benefits that would have been available to tenant under the Industrial and Commercial Incentives Program and the so-called 421-a Program if it were a landowner making capital improvements, and (c) accelerate the Tenant's option to purchase the City's interest in the Disposition Area and modify the consideration required to be paid for such purchase.

The proposed Restated Lease setting forth the proposed changes to the Severed Leases is available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York during its regular hours on weekdays from 9:00 A.M. to 5:00 P.M.

PLEASE TAKE NOTICE that a **Special Public Hearing will be held on Tuesday, April 24, 2007 at 31 Chambers Street, Room 209, Borough of Manhattan, at 9:30 a.m.,** or as soon thereafter as the matter may be reached on the Calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed Amendments and Plan pursuant to Section 507(2)(d) of the GML.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. TDD users should call Verizon relay services.
