SANITATION

■ MEETINGS

The City of New York Department of Sanitation (DSNY) will hold four **ENVIRONMENTAL JUSTICE INFORMATIONAL MEETINGS** (EJ MEETINGS) on the proposed ***Converted Marine Transfer Stations*** (MTSs): the East 91st Street Converted MTS in Manhattan, the Hamilton Avenue and Southwest Brooklyn Converted MTSs in Brooklyn and the North Shore Converted MTS in Queens. The purpose of the EJ MEETINGS is to provide information on the MTSs, the New York State Department of Environmental Conservation (State) permit applications for the MTSs and the State permit review process. The EJ MEETINGS are part of an approved Public Participation Plan and comply with the State "Policy on Environmental Justice and Permitting." To find out more about the EJ MEETINGS, request translation services at the Meetings or translated outreach materials, call our English/Spanish hotline **1-888-NYC-SWMP** (1-888-692-7967).

Dates, Times, Locations: The dates, times and locations for the EJ MEETINGS are:

- Hamilton Avenue Converted MTS: Thursday, **April 12, 2007 at 6:30 PM** through 9:00 PM at **St. Michael's School (Ford Auditorium)**, 371 43rd Street (across the street from the Brooklyn CB 7 offices) Brooklyn, NY;
- Southwest Brooklyn Converted MTS: Monday, **April 16, 2007 at 6:30 PM** through 9:00 PM at **Shore Parkway Jewish Center**, 8885 26th Avenue, Brooklyn, NY;

Format: The format for the EJ MEETINGS will be a short presentation by DSNY representatives about the MTS proposed for the EJ community in which the MEETING is being held, followed by discussion. DSNY will be available to answer questions asked by attendees.

State Permit Process: As set forth in the approved Solid Waste Management Plan (SWMP), DSNY proposes to construct and operate four proposed Converted MTSs that would be located as follows:

One at the site of the existing East 91st Street MTS in Manhattan;
One at the site of the existing Hamilton Avenue MTS, in Brooklyn;
One adjacent to the site of the existing Southwest Brooklyn MTS in Brooklyn; and
One at the site of the existing North Shore MTS in Queens.

The MTSs would accept waste from collection trucks and transfer it into sealed shipping containers for further transport by barge. Each MTS requires the issuance of State permits (solid waste management facility, air, marine resources) on the basis of DSNY permit applications supported by the SWMP Final Environmental Impact Statement (FEIS), dated April 2005.

Comments: DSNY seeks your questions and comments on the proposed MTSs at the EJ MEETINGS. Your written comments will be accepted until 5:00 pm on Monday, April 30, 2007. Comments may be mailed or faxed to Harry Szarpanski, Assistant Commissioner, DSNY, 44 Beaver Street, 12th Floor, NY, NY 10004. Fax: (212) 269-0788.

■ NOTICE

NOTICE OF ADOPTION

Notice of Adoption of Rule to Regarding Records Pertaining to the Operation and Maintenance of Sightseeing Buses.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-376(a) of Chapter 2, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts a rule regarding records pertaining to the operation and maintenance of sightseeing buses.

This was proposed and published on October 11, 2006. The required public hearing was held on November 3, 2006. An additional notice for opportunity to comment was published December 26, 2006 to allow for further written comments by January 15, 2007.

All the material is underlined since the entire rule is new.

RULE

Section 1. Subchapter U of chapter 2 of title 6 of the Rules of the City of New York is amended by adding new section 2-211.1 to read as follows.

§2-211.1 Records Pertaining to the Operation and Maintenance of Sightseeing Buses.

(a) The owner of each vehicle licensed to operate as a sightseeing bus shall maintain the following records pertaining to the operation and maintenance of each such bus:

(1) Records containing the following information about each of the specified components of each sightseeing bus:

(i) The total time in service of each licensed bus, each major component of the drive train, and all pollution control equipment required to be installed on such vehicle;

(ii) The current status of "life-limited" parts of the drive train and pollution control equipment installed in a vehicle. All parts on the vehicle that are not "life-limited" by the original equipment manufacturer shall be deemed "on-condition" replacement;

(iii) The time since the last overhaul of all items installed in the vehicle which are required to be overhauled on a specified time basis; and

(iv) The current inspection status of the vehicle, drive train and pollution control equipment, including the time since the last inspection required by the inspection program under which the vehicle and its components are maintained.

(2) Records of the maintenance, preventative maintenance, and alterations, and records of the scheduled inspections to be performed pursuant to the manufacturer's recommended inspection and maintenance schedule for the vehicle, drive train and pollution control equipment. Such records shall include:

(i) A description of the work performed.

(ii) The date of completion of the work performed.

(iii) The signature and printed name and employee identification number of the person approving the satisfactory completion of the required maintenance and/or inspection.

(3) A copy of the manufacturer's written recommendations prescribing the schedule for the maintenance to be performed, and for conducting periodic inspections and performing periodic maintenance and repair to keep the vehicle, drive train and pollution control equipment operating at normal operating efficiency.

(b) The records for each licensed sightseeing bus shall be kept in a paginated volume, with the vehicle identification number and the license number included on the first page. All entries shall be dated and included in chronological order.

(c) The required records shall be retained for at least three years after earliest entry in the record on each bus. The records shall be kept at the office of business which holds the license to the bus, and shall be made available on demand to personnel of the Department at such office, or shall be produced at the office of the Department within five days after demand therefore is received by such owner.

Statement of Basis and Purpose: Local Law 41 for the Year 2005 was signed into law by Mayor Michael Bloomberg on May 9, 2005. This law expanded the Commissioner's authority to adopt rules relating to sightseeing buses by providing that the Commissioner may adopt rules regarding the inspection of records pertaining to the operation and maintenance of sightseeing buses to determine whether there is compliance with requirements governing the use of mandated best available retrofit technology and whether buses are equipped with engines covered by the appropriate certificate of conformity issued by the administrator of the United States Environmental Protection Agency. These requirements apply to vehicles licensed as sightseeing buses under subchapter 21 of chapter two of Title 20 of the New York City Administrative Code.

The rules pertaining to the records on the operation and maintenance of sightseeing buses to be kept and made available for inspection are authorized by section 1043 of the Charter of the City of New York and section 20-376 (d) of the New York City Administrative Code, as amended by section 3 of Local Law 41 for the Year 2005.

The rules implement the Commissioner's authority by identifying and describing the form of the records to be kept, the components of the buses regarding which the specified records are to be kept, the information to be included is such records to enable the Department to determine compliance with the applicable requirements governing such components, and the location where such records are to be kept and made available for inspection by the Department.

Such application shall include, but not be limited to: actual data with regard to the qualified film's total budget, the total production costs at film production facilities in and outside of New York, and the total number of shooting days in and outside of New York and any other information the Office determines is necessary to properly evaluate the application.

(bb) "Television pilot" means the initial episode produced for a proposed [episodic] television series. [The Office shall provide a copy of such certificate of conditional eligibility to the Department of Finance.] If the initial application is disapproved, the Office shall provide the authorized applicant with a notice of disapproval which shall state the reasons therefor. Such disapproval shall be a rejection of the authorized applicant's initial application. If the initial application is disapproved as premature, an authorized applicant may resubmit the application.

§ 3. Paragraphs (8) and (9) of subdivision (a) of § 7-06 of Chapter 7 of Title 43 of the Rules of the City of New York are amended to read as follows:

(8) the authorized applicant's projected qualified production costs (excluding post-production costs) [paid or incurred] which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of a qualified film are likely to equal or exceed seventy-five percent of the projected production costs (excluding post-production costs) [paid or incurred] which are attributable to the use of tangible property or the performance of services at any film production facility within and without the City in the production of the qualified film; and

(9) in the event that the projected qualified production costs (excluding post-production costs) [paid or incurred] which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of a qualified film are less than three million dollars, the shooting days spent in the City of New York outside of a film production facility in the production of a qualified film are expected to equal or exceed seventy-five percent of the total shooting days spent within and without the City of New York outside of a film production facility in the production of such qualified film.

§ 4. Paragraphs (6) and (7) of subdivision (b) of § 7-06 of Chapter 7 of Title 43 of the Rules of the City of New York are amended to read as follows:

(6) the approved applicant's actual qualified production costs [paid or incurred] (excluding post-production costs) which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of the qualified film equaled or exceeded seventy-five percent of the production costs (excluding post-production costs) [paid or incurred] that were attributable to the use of tangible property or the performance of services at any film production facility within and without the City in the production of the qualified film; and

(7) in the event that the actual qualified production costs (excluding post-production costs) [paid or incurred] that are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of a qualified film are less than three million dollars, the shooting days spent in the City of New York outside of a film production facility in the production of a qualified film equaled or exceeded seventy five percent of the total shooting days spent within and without the City of New York outside of a film production facility in the production of such qualified film. If the shooting days spent in the City of New York equaled or exceeded the seventy five percent threshold, the Office shall include in their calculation of the New York City Made In New York film production tax credit the portion of qualified production costs attributable to the use of tangible property or the performance of services in the production of a qualified film outside of a qualified film production facility.

§ 5. Section 7-07 of Chapter 7 of Title 43 of the Rules of the City of New York is amended to read as follows:

§7-07 Record retention. Each authorized and approved applicant must maintain records, in paper or electronic form, of any qualified productions costs used to calculate its potential or actual benefit(s) under this program for a minimum of three years from the date of filing of the tax return on which the applicant claims the tax credit. The Office shall have the right to [request] examine such records upon reasonable notice.

STATEMENT OF BASIS AND PURPOSE

These rules are promulgated in accordance with State and local law. State legislation enacted in 2004 provided for State tax credits under the new "Empire State Film Production Tax Credit" program, and authorized New York City to establish such a program. Now known as the "Made in New York Film Production Tax Credit", as to local tax credits this was accomplished by the passage of Local Law No. 2 of 2005. Both of these laws were recently amended by the State Legislature (Chapter 62 of the Laws of 2006) and the City Council (Local Law No. 24 of 2006), resulting in an extension of the program through 2011, pursuant to which funds have been increased to support the State and City tax credits through that year.

In the time since the current rules were promulgated, MOFTB has gained considerable experience administering the program and has determined that changes should be made to better conform to the legislation and to further clarify certain definitions.

Specifically, the rule changes set forth herein clarify that only actual paid costs may be considered eligible for the purpose of determining the tax credit (§ 7-02 (k), (u) and (y)). In addition, the exclusion for variety or skit program is deleted, restoring consistency with the law creating the credit program (§ 7-02(v)).

The definition of a "television series" is slightly modified, reaffirming that eligible series are those scheduled for weekly broadcast, yet recognizing the industry practice of on occasion airing a weekly program more than once a week (§ 7-02 (cc)). The definition of "principal and ongoing photography" is also modified slightly to clarify that broadcast television is included and that certain qualified productions may include live broadcast in addition to filming (§ 7-02(t). The references to "episodic television series" have been deleted to remove the possible implication that certain types of television programs not specifically excluded in the definition of a "television series" are ineligible (§ 7-02 (bb) and (cc)).

The rule changes also eliminate the reference to the Mayor's Office of Film, Theatre and Broadcasting providing a copy of the certificate of conditional eligibility to the Department of Finance. The Department of Finance will continue to receive a copy of the certificate of tax credit, which contains specific information about the recipient and the amount of the credit (§ 7-03 (a)(4)).

The references to "New York" in paragraph (9) of § 7-06(a) and paragraph (7) of § 7-06(b) have been clarified to state that the shooting days take place in the City of New York.

The amendment in § 7-07, "Record retention" is intended to expressly reiterate MOFTB's right to examine applicants' records, upon given reasonable notice, in furtherance of the administration of the tax credit program.

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

ADVISORY REPORT

ISSUE DATE: 03/12/07	DOCKET #: 076099	SRA #: SRA 07-6704
ADDRESS: 643 PARK AVENUE Seventh Regiment Armory INTERIOR LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1701 / 1

To the Mayor, the Council, and the President, Seventh Regiment Armory Conservancy.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for investigative probes at the building's exterior as well as at designated portions of the building's interior; as shown and described in photographs and specifications, dated revised March 1, 2007, prepared by Platt Byard Dovell White Architects, and submitted as components of the application.

The Commission notes that the Seventh Regiment Armory is described in the designation reports as a brick and stone armory designed by Charles W. Clinton and built in 1877-81, with interiors designed by Associated Artists, Herter Brothers, and others.

With regard to this proposal, the Commission finds that no significant architectural features of the building will be lost or damaged as a result of the proposed work; and that the proposed work will aid in preparing a proposal for future restoration and in the long term preservation of the building. Based on these findings, the Commission determined that the work is appropriate to this Individual and Interior Landmark. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ NOTICE

Notice of a Special Real Property Acquisitions And Dispositions Public Hearing to be held on Tuesday, April 24, 2007, at 31 Chambers Street, Room 209, Borough of Manhattan, commencing at 9:30 AM. **(Photo identification must be provided to gain entry into the building.)**

Pursuant to Article 15 of the General Municipal Law ("GML") and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the amendment of leases of certain real property located in the Brooklyn Center Urban Renewal Area ("Area") to Albee Development, LLC ("Tenant"), in accordance with the Fifth Amended Urban Renewal Plan ("Plan") for the redevelopment of the Area.

The property leased is located in the Borough of Brooklyn, City and State of New York, and known as Block 149, Lots 1 and 49; on the Tax Map of the City and by the street address One Dekalb Avenue, Brooklyn, New York ("Disposition Area")

The City proposes to amend the terms of existing leases between the City, as successor in interest to UDC/Albee Square Redevelopment Corporation ("UDC"), as landlord, and Tenant, as successor in interest to The Gallery at Fulton St., LLC, as tenant, pursuant to Section 507(2)(d) of the GML, through the consolidation, amendment, and restatement of the following two leases each dated as of October 1, 2005: that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by Albee Square Mall ("Mall Lease") and that certain "Severed, Amended and Restated Agreement of Lease" pertaining to the portion of the Disposition Area occupied by a garage ("Tower Lease") (collectively, "Severed Leases"). The City proposes to amend and restate the Severed Leases into a consolidated, amended and restated lease, pursuant to which the Severed Leases will be "unsevered", such that the entire Property will again (as it was prior to October 1, 2005) be covered by a single ground lease (the "Restated Lease").

The Restated Lease (a) will require Tenant to demolish the existing building on the Disposition Area and construct a new building containing at a minimum one hundred twenty-five thousand (125,000) square feet of Zoning Floor Area of office space, approximately three hundred thousand (300,000) square feet of Zoning Floor Area of retail space, and approximately nine hundred fifty thousand (950,000) square feet of Zoning Floor Area of residential space, (b) adjust the rent schedule and incorporate an approximation of the as-of-right real estate tax benefits that would have been available to tenant under the Industrial and Commercial Incentives Program and the so-called 421-a Program if it were a landowner making capital improvements, and (c) accelerate the Tenant's option to purchase the City's interest in the Disposition Area and modify the consideration required to be paid for such purchase.

The proposed Restated Lease setting forth the proposed changes to the Severed Leases is available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York during its regular hours on weekdays from 9:00 A.M. to 5:00 P.M.

The MTSs would accept waste from collection trucks and transfer it into sealed shipping containers for further transport by barge. Each MTS requires the issuance of State permits (solid waste management facility, air, marine resources) on the basis of DSNY permit applications supported by the SWMP Final Environmental Impact Statement (FEIS), dated April 2005.

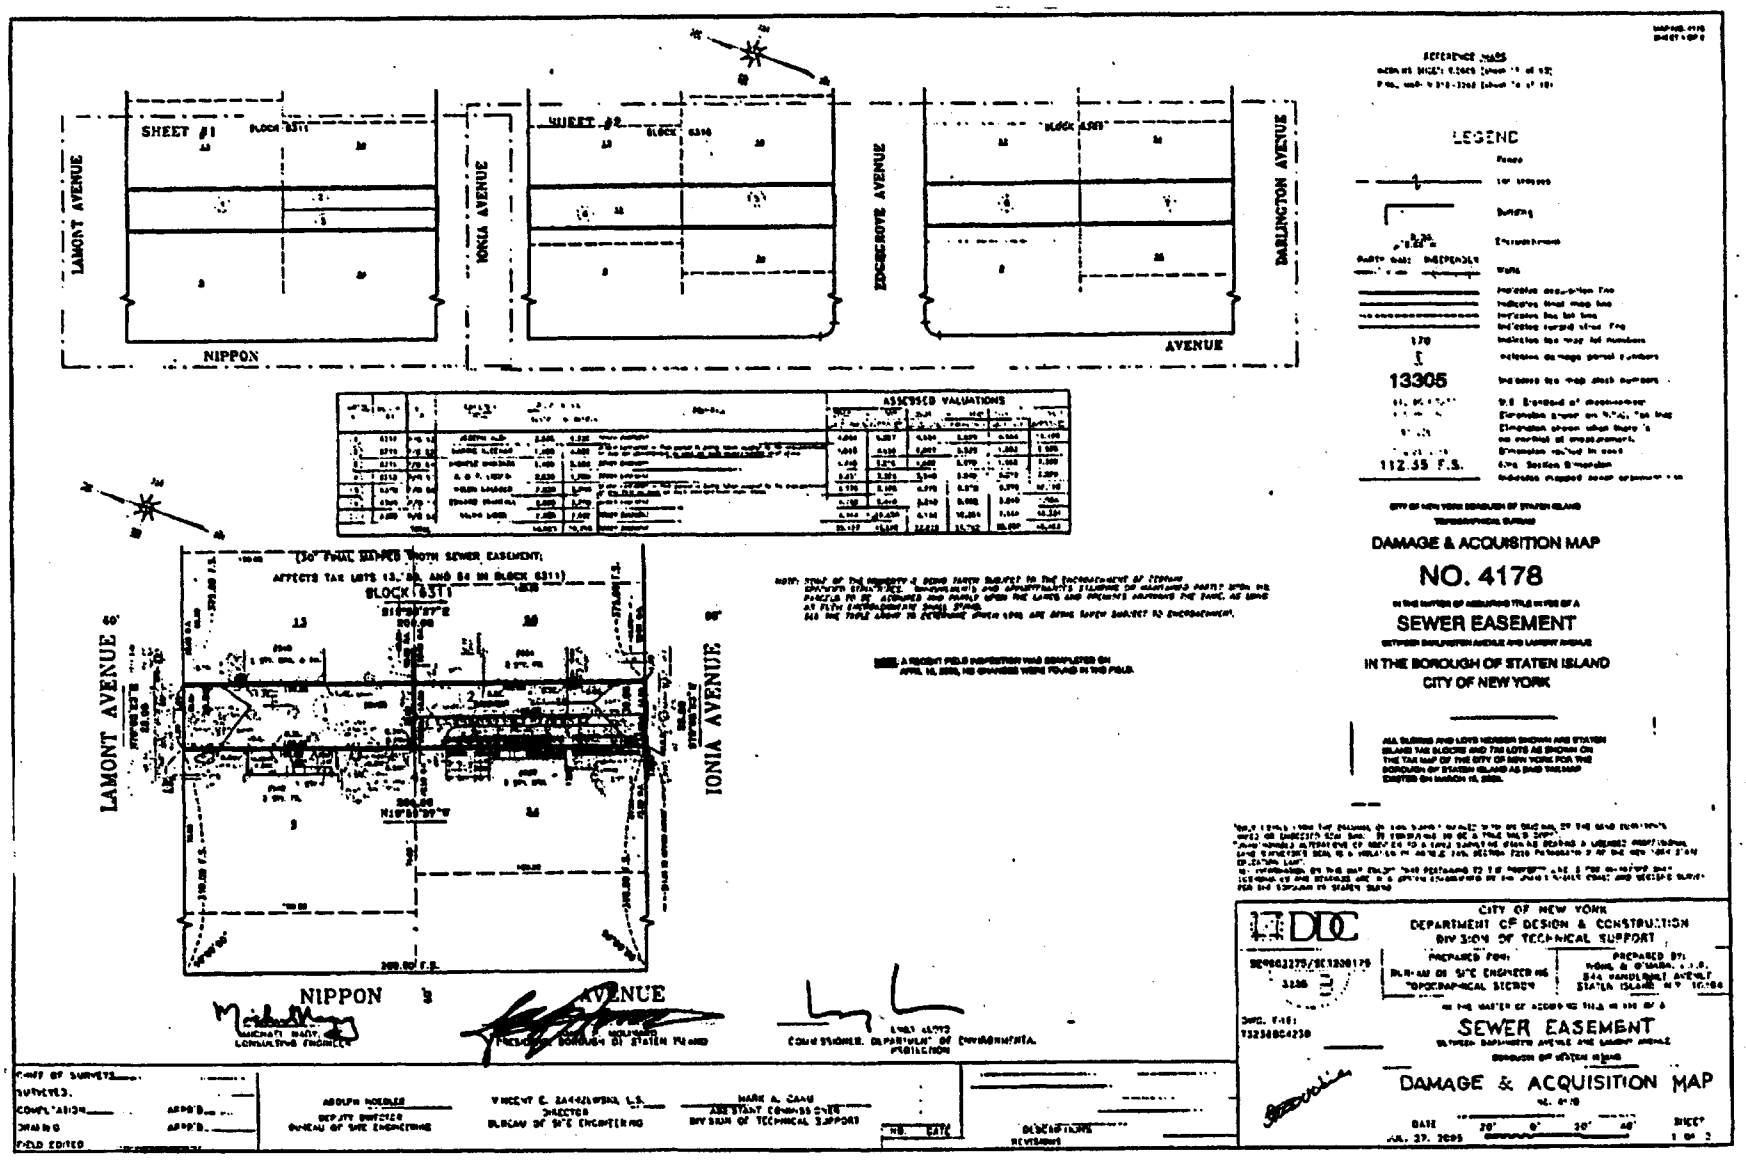
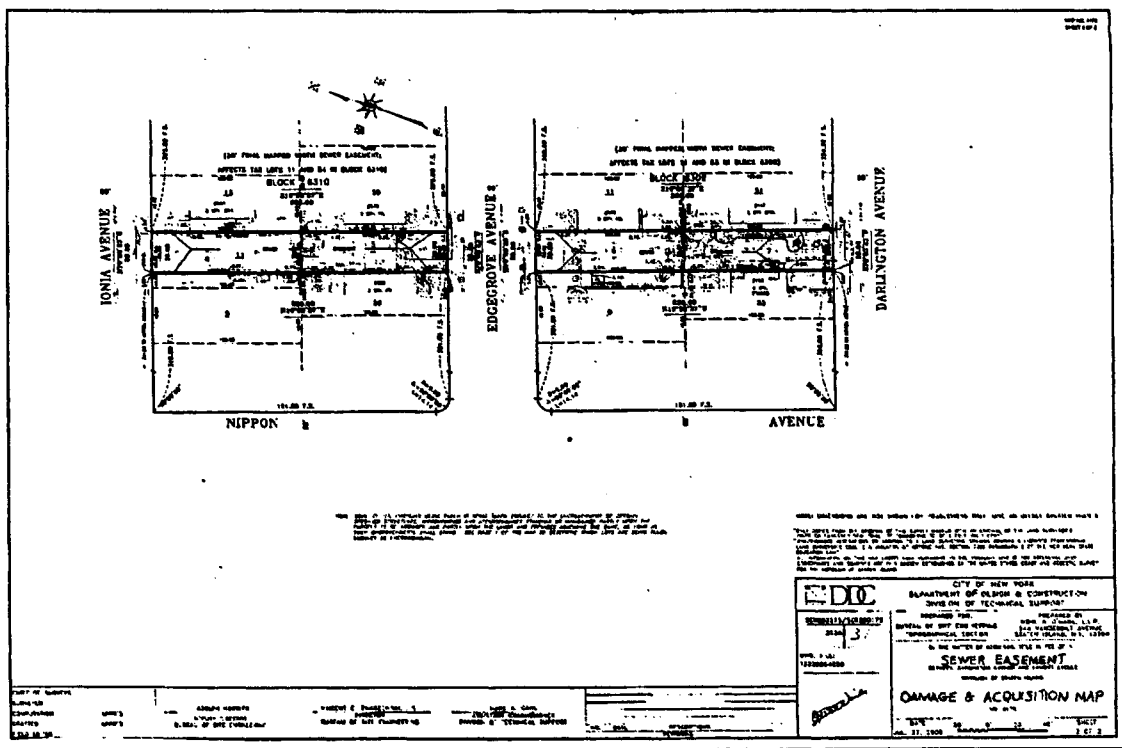
COURT NOTICE MAPS FOR SEWER EASEMENTS BETWEEN DARLINGTON AVENUE & LAMONT AVENUE



COURT NOTICE MAPS FOR SEWER EASEMENTS BETWEEN DARLINGTON AVENUE & LAMONT AVENUE



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

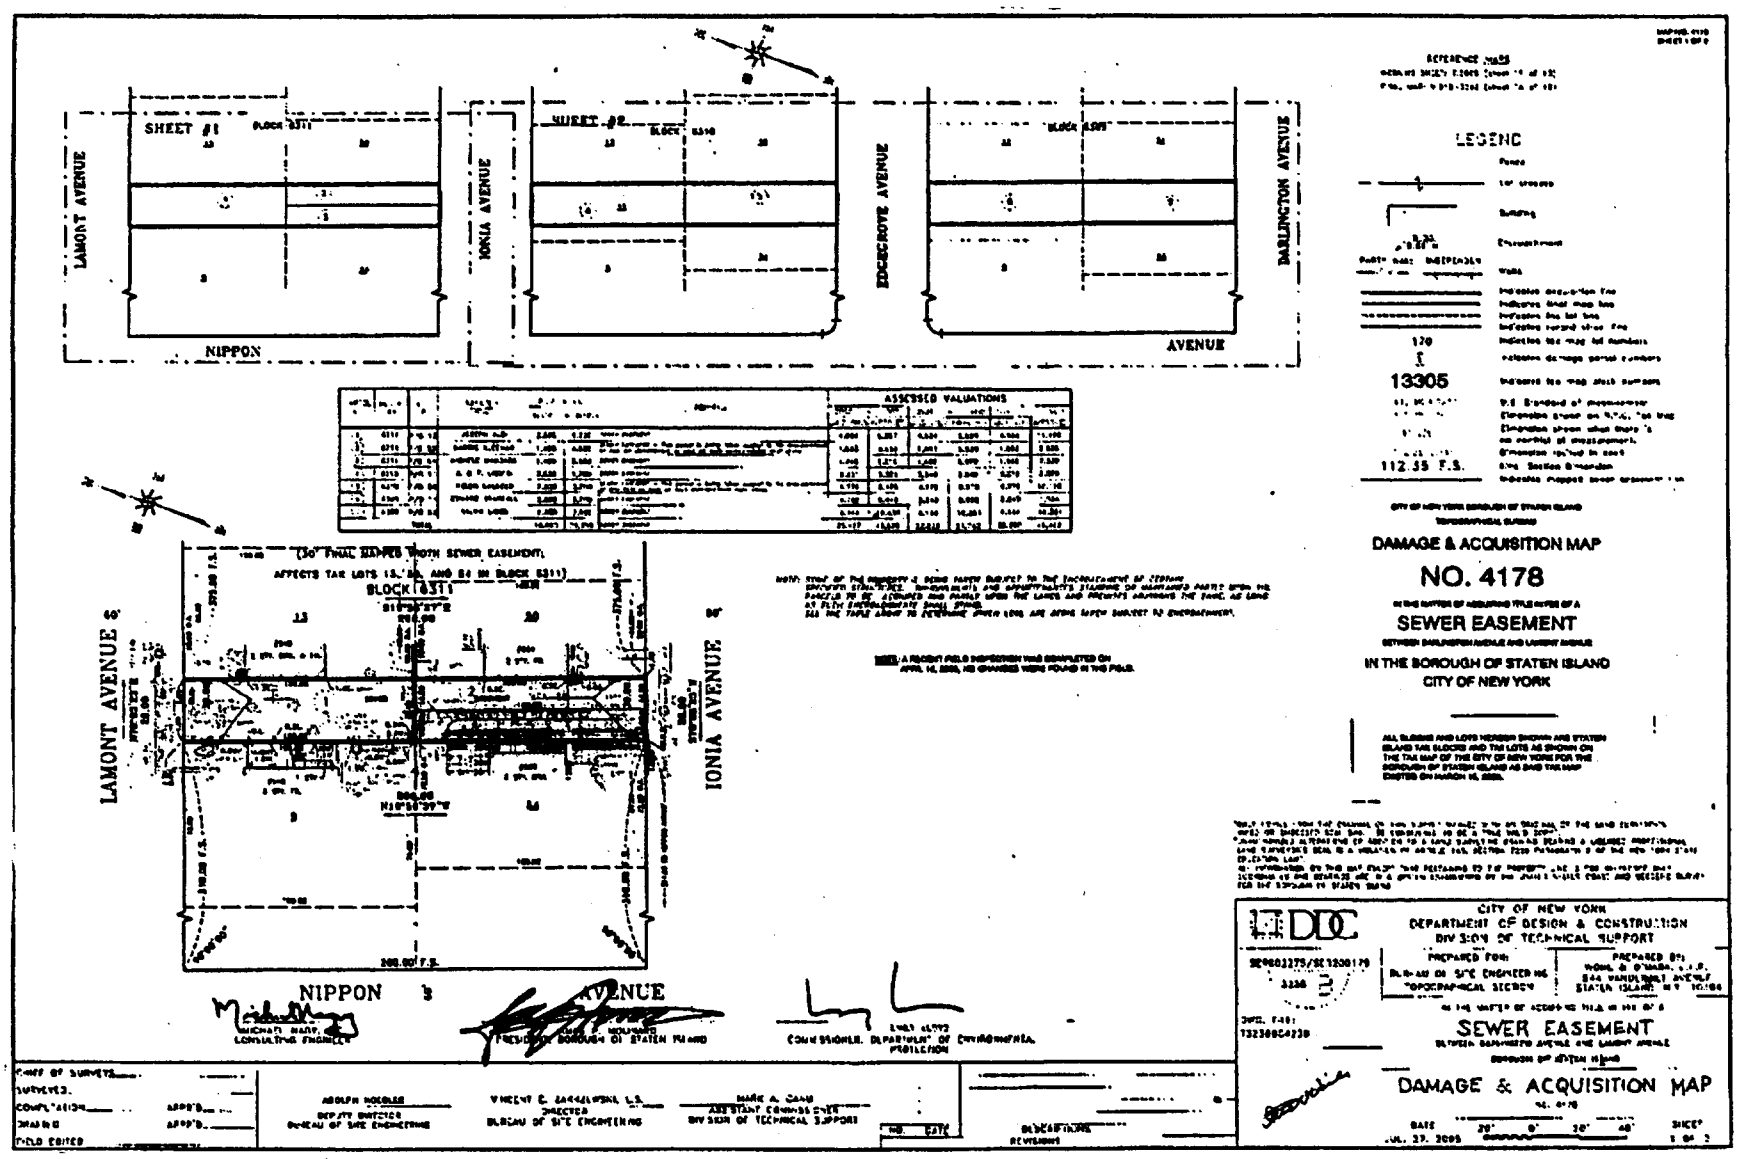
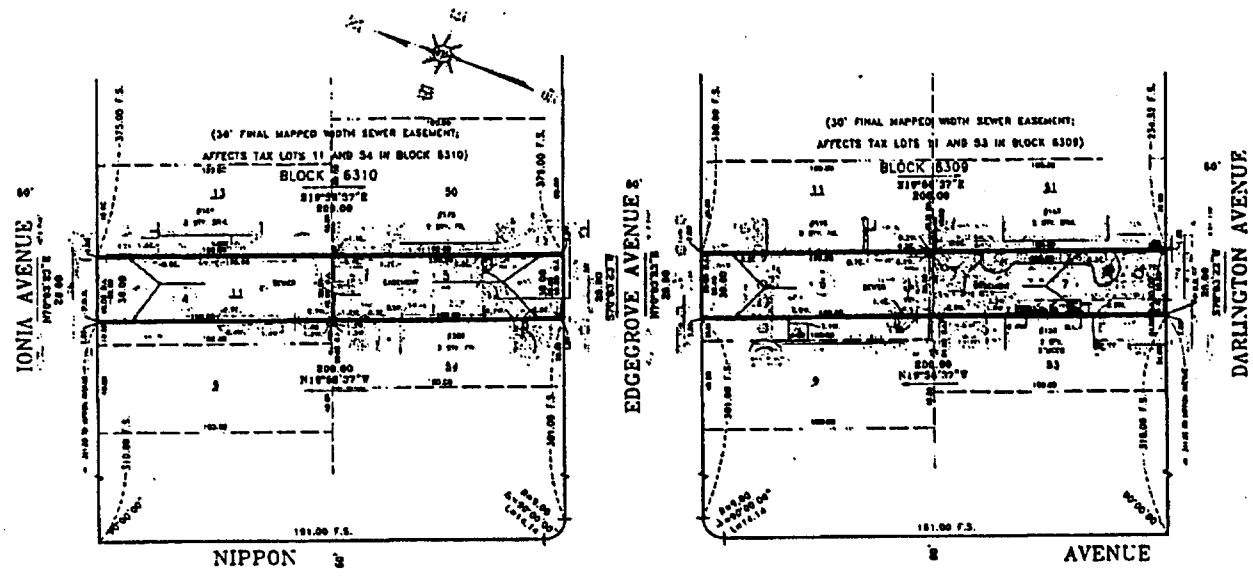
COURT NOTICE MAPS FOR SEWER EASEMENTS BETWEEN DARLINGTON AVENUE & LAMONT AVENUE





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The New York City Department of Environmental Protection (NYCDEP), acting as lead agency, issued a Notice of

Completion on December 19, 2006 for a Draft Environmental Impact Statement (DEIS) for the proposed Phase III Upgrade and carbon and polymer addition facilities for the Hunts Point Water Pollution Control Plant (WPCP). The DEIS was prepared and the Notice of Completion was issued pursuant to New York City's Executive Order 91 and its amendments, City Environmental Quality Review (CEQR), the State Environmental Quality Review Act (SEQRA) and its implementing regulations (6 NYCRR Part 617), and the State Environmental Review Process (SERP) established for obtaining State Revolving Loan Funds.

A public hearing to obtain oral testimony on the DEIS will be held on:
Date: Thursday, April 12, 2007
Time: 7:00 P.M.
Location: The Point Community Development Corporation, 940 Garrison Avenue, Hunts Point, Corner Garrison and Manida (enter on Manida)

The period for submitting written comments on the DEIS will remain open until April 23, 2007. Written comments should be submitted to Julie Stein, NYCDEP, at the contact address listed below. After the end of the comment period, a Final Environmental Impact Statement will be prepared to address comments received during the public review.
NYCDEP is proposing to make improvements to the Hunts Point WPCP located in the Hunts Point section of the Bronx. The proposed upgrade, Phase III in a three-phase program, involves construction and upgrading to improve solids handling facilities. The Phase III Upgrade is needed to replace facilities that are at or nearing the end of their useful life and would consist of, among a number of other elements, the construction of egg-shaped digesters on an additional 4.3-acre vacant parcel of City-owned land located to the northwest of the existing plant boundary (the additional parcel) and adjacent to Barretto Point Park. In addition to the Phase III Upgrade, carbon and polymer addition facilities would be constructed to enhance nitrogen removal.
The DEIS identifies potential significant impacts related to visual character and construction-period traffic. The construction-period traffic impact would occur at one study area intersection; mitigation measures consisting of signal timing adjustments would eliminate this impact. The introduction of the new egg-shaped digesters would result in a potential significant adverse impact on visual character for Barretto Point Park users facing east toward the additional parcel. No views of or access to the waterfront would be affected. Due to the height of the digesters, the potential significant adverse impact on visual character cannot be mitigated. This impact is also identified as an impact on a minority and low-income community in the DEIS's environmental justice analysis.

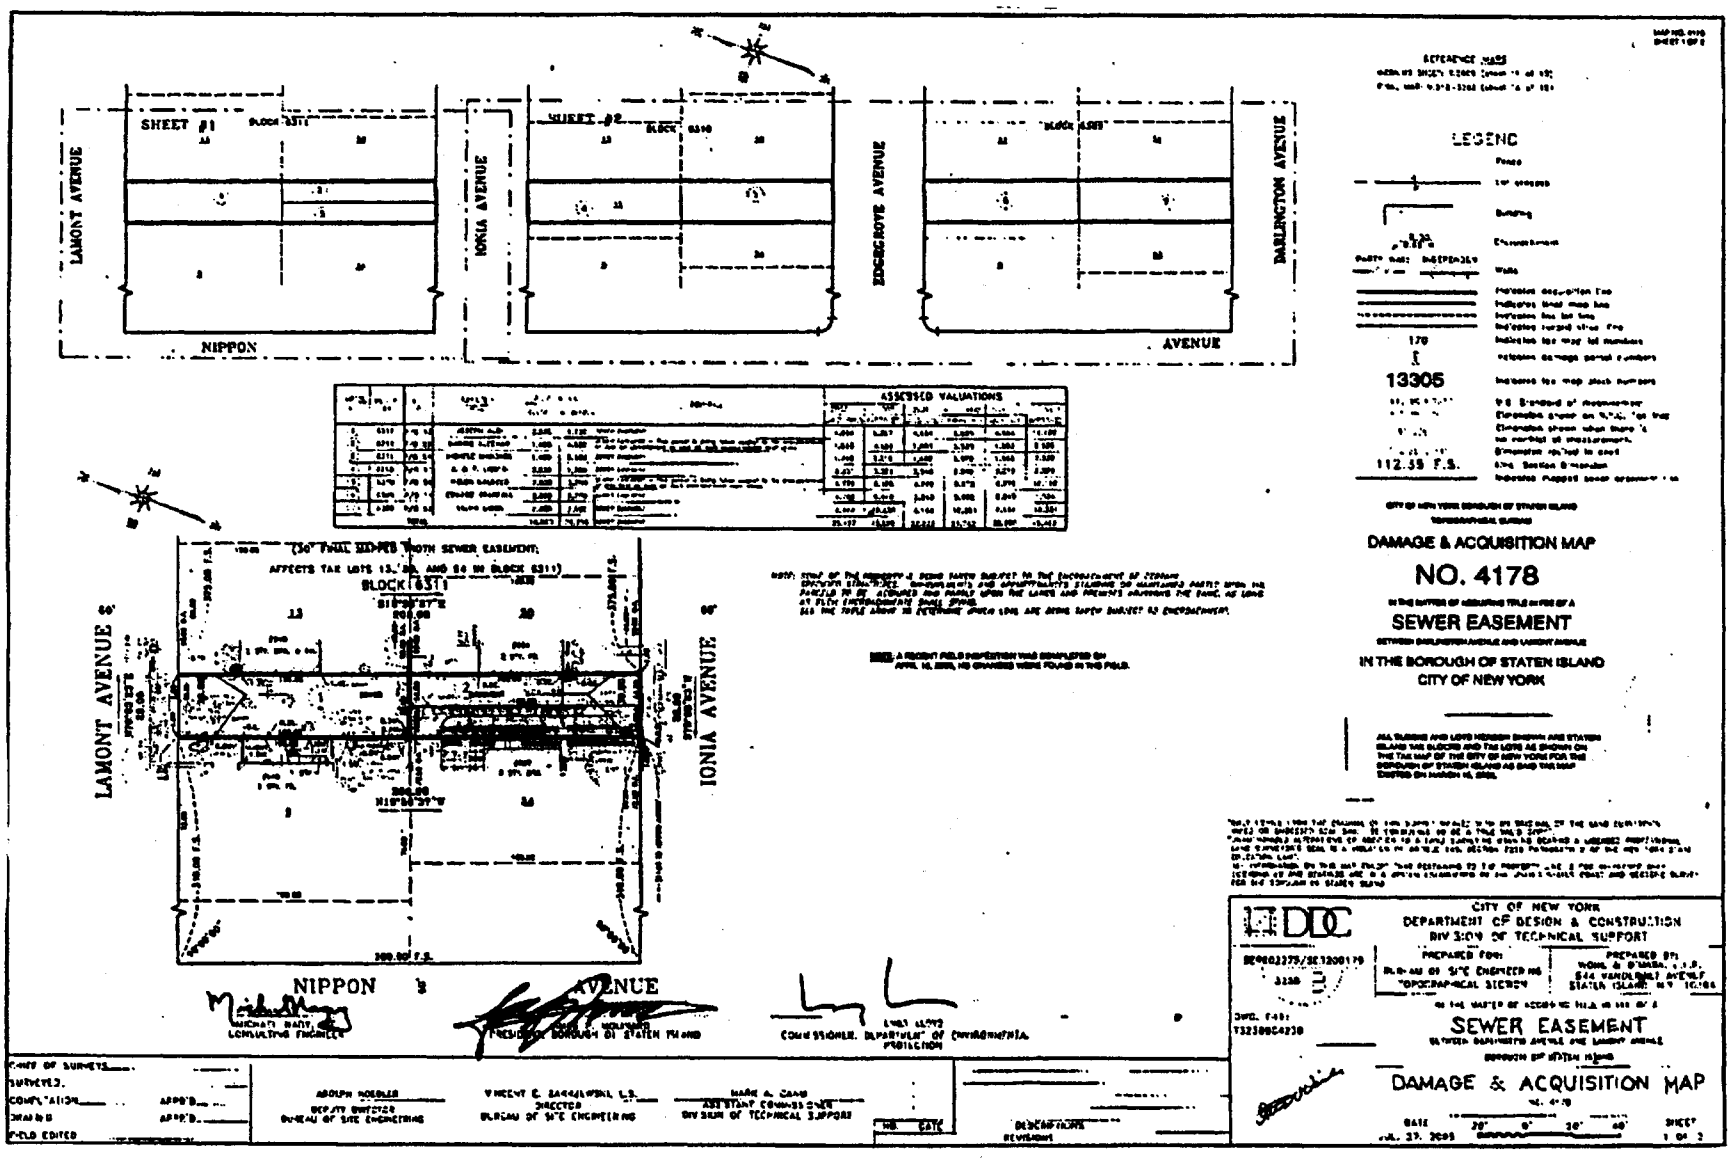
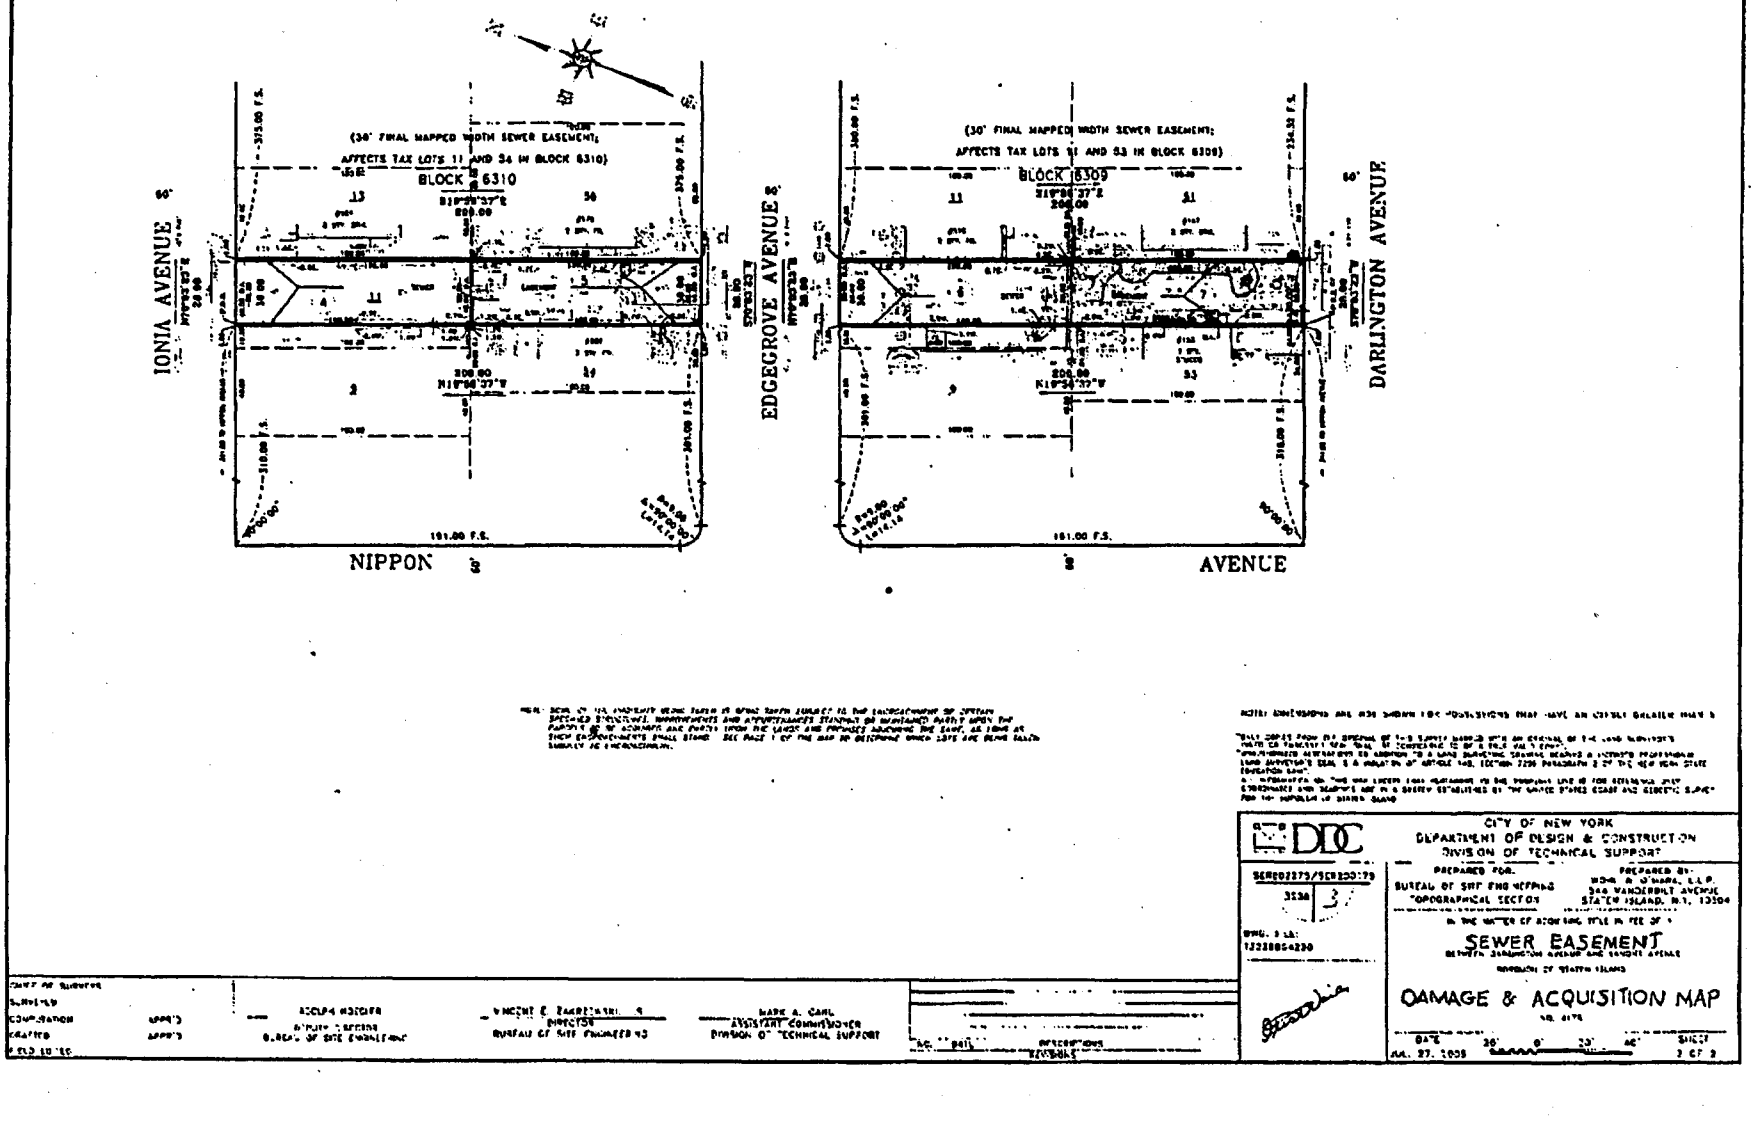
COURT NOTICE MAPS FOR SEWER EASEMENTS BETWEEN DARLINGTON AVENUE & LAMONT AVENUE





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The District shall be managed by the Court-Livingston-Schermerhorn District Management Association, Inc.

To defray the cost of Services and Improvements provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the Services and Improvements. Each property shall be assessed at a rate, determined annually by the Court-Livingston-Schermerhorn District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is $765,000.

Those properties within the District which are devoted in whole or in part to commercial uses including vacant land shall constitute Class A properties and shall be assessed in accordance with the following formula:

Rate 1 = 50 % of the BUDGET / TOTAL CLASS A LINEAR FRONT FEET

Rate 2 = 50 % of the BUDGET / TOTAL CLASS A ASSESSED VALUATION

INDIVIDUAL ASSESSMENT = Rate 1 x INDIVIDUAL PROPERTY FF + Rate 2 x INDIVIDUAL PROPERTY AV

(When a property has multiple frontages within the District, front footage shall be calculated as 100% of the longest frontage plus 50% of the sum of all other frontages. No individual Class A property shall pay less than $2,400 or more than $35,000 in the first year of the BID operation.)

Class A property shall be assessed at a rate not more than $23 per linear front foot plus not more than $0.0024 per dollar of assessed valuation for the first Contract Year.

Those properties within the District which are devoted in whole to residential uses shall constitute Class B properties and shall be assessed at one dollar ($1.00) per year. Condominiums and cooperative properties devoted in whole to residential uses shall be assessed at one dollar ($1.00) per year. Those portions of cooperative and/or condominium properties devoted to commercial and/or for-profit uses shall constitute Class A property and the portion of the property devoted to commercial and/or for-profit uses shall be assessed in the same manner as Class A properties.

All government and not-for-profit properties devoted to public or not-for-profit use shall constitute class C property and be exempt from district assessment. Government or not-for-profit owned property devoted in whole or in part to commercial or for-profit uses shall constitute class A property and the portion of the property devoted to commercial/for-profit uses shall be assessed in the same manner as those properties listed in class A.

All mixed-use properties devoted in part to commercial use and in part to residential or nonprofit use shall constitute Class D properties. The portion of the property devoted residential uses shall be assessed at one dollar ($1.00) per year; the portion of the property devoted to nonprofit uses shall not be assessed. The portion of the property devoted to commercial use shall be assessed in the same manner as Class A properties.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the District Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk.

Any owner of real property, deemed benefited and therefore within the District, objecting to the District Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

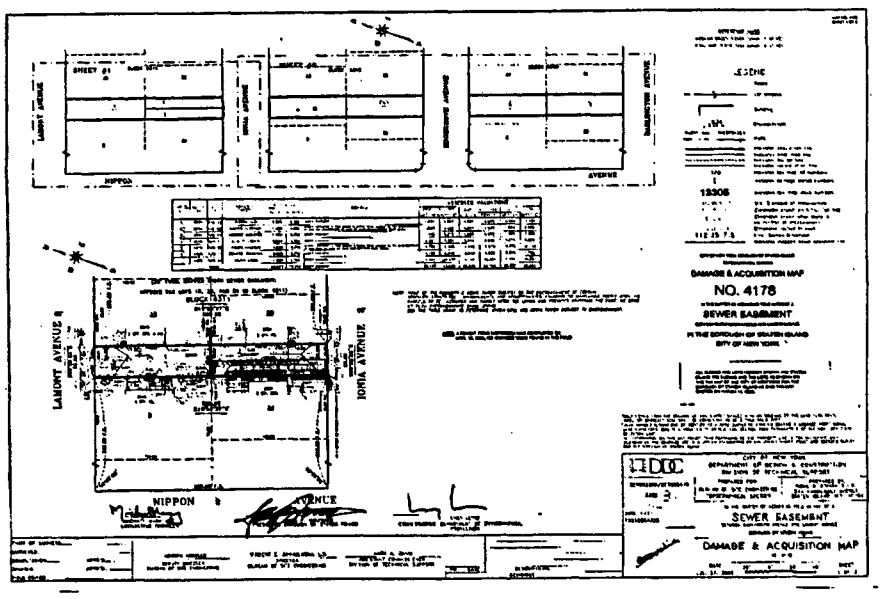
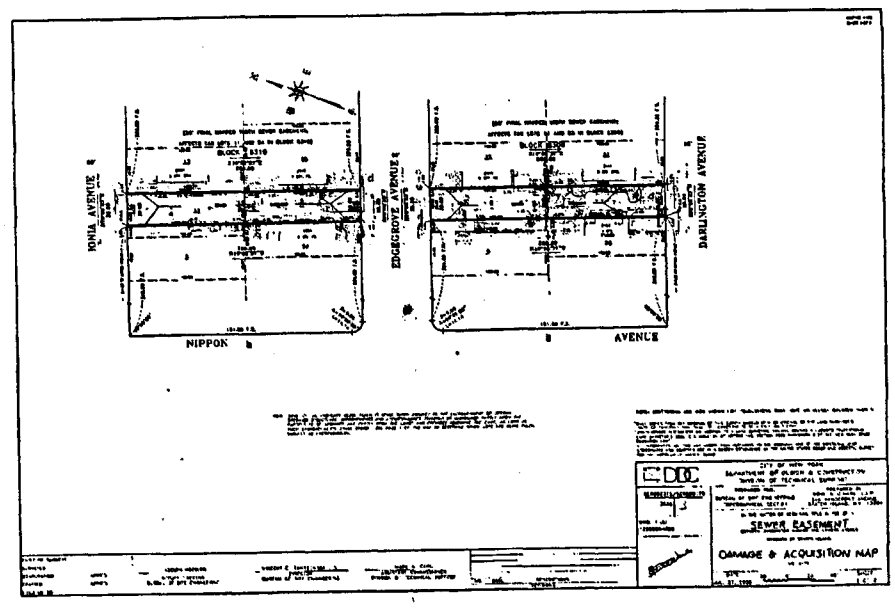
COURT NOTICE MAPS FOR SEWER EASEMENTS BETWEEN DARLINGTON AVENUE & LAMONT AVENUE





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. 6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. NOTICE OF PUBLIC SCOPING

The Office of the Deputy Mayor for Economic Development and Rebuilding

NOTICE IS HEREBY GIVEN THAT, a public scoping meeting will be held on Tuesday, May 1, 2007, at **The Flushing Branch of the Queens Public Library, 41-17 Main Street, Flushing, New York, at 3:00 - 5:00 P.M. & 5:30 - 7:30 P.M.** The purpose of the scoping meeting is to provide the public with the opportunity to comment on the draft scope of analysis proposed to be used to develop an Environmental Impact Statement (EIS) for the proposed Willets Point Development Plan mixed-use project. Written comments on the draft scope can also be submitted to the address given below until Monday, May 14, 2007. The draft scope, Environmental Assessment Statement, and Positive Declaration were filed by the New York City Economic Development Corporation (EDC), on behalf of the Office of the Deputy Mayor for Economic Development and Rebuilding, and are available for review from the contact person listed below and on the websites of EDC and the Mayor's Office of Environmental Coordination: www.nycedc.com and www.nyc.gov/oec.

The site is an approximately 61-acre area on the Willets Point peninsula, generally bounded to the east by the Van Wyck Expressway and an undeveloped lot owned by the Metropolitan Transportation Authority, to the south by Roosevelt Avenue, to the west by 126th Street, and to the north by Northern Boulevard. The Office of the Deputy Mayor for Economic Development and Rebuilding, as lead agency, in coordination with the Department of Housing Preservation and Development and the Department of City Planning, is proposing an initiative by the City of New York to rezone from an M3-1 to a C4-4 district, create an urban renewal area, and implement a comprehensive development plan in a portion of Willets Point, Queens. The goals of the proposed actions are to develop a land use plan consistent with public policy, improve environmental conditions in Willets Point, provide new affordable and market-rate housing, promote economic growth and job creation, create a regional destination, and improve the quality of life for area residents. The proposed program is expected to include a mix of uses, including residential, retail, hotel, convention center, entertainment, commercial office, cultural, community facility, open space, and parking.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
