The Landmarks Preservation Commission received an application on March 6, 2018 requesting the issuance of a Certificate of Appropriateness and approval of associated filing drawings for the construction of additions and excavation work at the subject premises in accordance with an approval granted by the Commission at a Public Hearing and Public Meeting, as described in Status Update Letter 19-7864 (LPC 18-1487), issued January 25, 2017. The application has remained incomplete for over 90 days. Because the materials requested by staff that are necessary for the Commission to make a determination have not been submitted, your application is being withdrawn. If you wish to pursue this or a related proposal, it will be necessary to file a new application, along with supporting documentation.
