- (v) The total amount of new *residential floor area* to be provided pursuant to this section shall in no event be less than the amount required under Section 96-108(d).
- (vi) No demolition permit shall be issued by the Department of Buildings pursuant to Section 96-108 until there has been a funding closing with a city, state or federal housing or development agency to finance the construction of the lower income housing units to be constructed as required in paragraph (i) above.
