- (d) the Commission shall find that:
  - (1) a substantial portion of the #open space# which is not accessible exclusively to the occupants of such #residence# will be accessible and usable by them on satisfactory terms part-time;

The Commission shall give due consideration to the landscape design of the #open space# areas. The Commission shall also give due consideration to the relationship of the #development# to the #open space# needs of the surrounding area and may require the provision of a greater amount of total #open space# than the minimum amount required by the applicable district regulation where appropriate for the purpose of achieving the #open space# objectives of the #Residence District# regulations.

In C6-9 Districts within the #Special Downtown Brooklyn District#, for #developments#, #enlargements# or #conversions# that include one or more #schools# on a tract of land owned by the New York City Educational Construction Fund, the City Planning Commission may permit the modifications set forth in paragraph (a) of this Section. For the purposes of this Section, a tract of land owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school.

- (4) #accessory# off-street parking and loading berth requirements.

(b) Findings

To grant a special permit pursuant to this Section, the Commission shall find that:

- (1) such modifications will facilitate the construction of one or more #schools# on the #zoning lot#;
- (2) such ground floor #use# modifications will improve the layout and design of the #school# or #schools# , shall not have an adverse effect on the #uses# located within any portion of the #zoning lot# and will not impair the essential character of the surrounding area;
- (3) such modifications to the affordable housing requirements in a #Mandatory Inclusionary Housing area# will facilitate significant public infrastructure or public facilities, including one or more #schools#, addressing needs that are not created by the proposed #development#, #enlargement# or #conversion#;
- (4) such #bulk# modifications will result in a better site plan for the #school# or #schools# and will have minimal adverse effects on the surrounding area;

(5) such parking and loading modifications will improve the layout and design of the school and will not create serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not impair or adversely affect the development of the surrounding area.
