Summary

Census Tracts from the 2010 US Census for New York City clipped to the shoreline.

Description

Census Tracts from the 2010 US Census for New York City clipped to the shoreline. These boundary files are derived from the US Census Bureau's TIGER project and have been geographically modified to fit the New York City base map. Because some census tracts are under water not all census tracts are contained in this file, only census tracts that are partially or totally located on land have been mapped in this file.

SUPPLEMENTAL INFORMATION
The official boundaries of Census Tracts include areas under water. Users requiring these boundaries should use nyct2010wi instead. Census Tract 1622 in Queens is entirely under water and therefore not represented in this dataset.

* SCALE 0

FIELD DESCRIPTION

Community Development Block Grant Eligibility. The values of "Eligible" and "Ineligible" are assigned to tracts that meet the U.S. Department of Housing and Urban Development (HUD) criteria for whether the addresses and blocks contained therein are eligible to receive Community Development Block Grants (CDBGs) from the federal government. For a tract to be eligible, 51% of the residents must be low/moderate income persons (less than 80% of the area Median Family Income), and 50% of its total floor area must be comprised of residential usage.

Updated income data was provided by HUD using American Community Survey 5-year 2011-2015 Low- and Moderate-Income Summary Data. and residential usage was calculated by the Department of City Planning (DCP) using PLUTO data (18v2.1).
