

B27011: HEALTH INSURANCE COVERAGE STATUS AND TYPE BY EMPLOYMENT STATUS

Universe: Civilian noninstitutionalized population 19 to 64 years

2018 American Community Survey 1-Year Estimates

New York City and Boroughs

	New York City		Bronx		Brooklyn		Manhattan		Queens		Staten Island	
	Estimate	Margin of Error	Estimate	Margin of Error	Estimate	Margin of Error	Estimate	Margin of Error	Estimate	Margin of Error	Estimate	Margin of Error
Total:	5,298,864	+/-5,221	865,873	+/-2,473	1,603,861	+/-2,648	1,106,878	+/-3,136	1,435,224	+/-2,178	287,028	+/-1,234
In labor force:	4,086,389	+/-16,958	636,626	+/-7,661	1,230,096	+/-7,230	879,886	+/-9,340	1,132,073	+/-8,770	207,708	+/-4,696
Employed:	3,856,716	+/-17,885	572,407	+/-8,312	1,170,901	+/-8,486	837,916	+/-8,995	1,075,959	+/-8,940	199,533	+/-4,878
With health insurance	3,483,863	+/-21,180	503,024	+/-8,611	1,062,528	+/-10,271	790,973	+/-10,151	938,220	+/-10,839	189,118	+/-5,271
With private health	2,848,635	+/-22,794	349,732	+/-10,029	862,833	+/-11,291	711,585	+/-10,479	753,783	+/-11,557	170,702	+/-5,463
With public coverage	738,507	+/-16,482	180,955	+/-8,195	233,668	+/-8,049	93,111	+/-7,646	208,637	+/-7,721	22,136	+/-2,944
No health insurance	372,853	+/-13,933	69,383	+/-5,798	108,373	+/-7,316	46,943	+/-7,136	137,739	+/-7,683	10,415	+/-2,219
Unemployed:	229,673	+/-8,627	64,219	+/-4,987	59,195	+/-4,156	41,970	+/-3,925	56,114	+/-4,103	8,175	+/-1,989
With health insurance	195,069	+/-7,941	55,057	+/-4,434	49,661	+/-3,707	35,334	+/-3,368	47,457	+/-3,740	7,560	+/-1,900
With private health	84,697	+/-5,201	16,579	+/-2,693	21,431	+/-2,497	19,869	+/-2,776	23,053	+/-2,379	3,765	+/-916
With public coverage	121,530	+/-6,377	44,185	+/-4,161	30,789	+/-3,083	16,447	+/-2,807	26,234	+/-2,958	3,875	+/-1,478
No health insurance	34,604	+/-3,678	9,162	+/-2,059	9,534	+/-1,840	6,636	+/-1,909	8,657	+/-1,625	615	+/-303
Not in labor force:	1,212,475	+/-16,591	229,247	+/-7,090	373,765	+/-6,808	226,992	+/-9,069	303,151	+/-8,535	79,320	+/-4,659
With health insurance	1,084,550	+/-16,302	203,414	+/-7,232	335,913	+/-7,919	204,050	+/-8,133	268,742	+/-7,871	72,431	+/-4,259
With private health	492,790	+/-13,221	59,875	+/-3,597	136,374	+/-6,166	112,963	+/-6,948	138,386	+/-5,239	45,192	+/-3,597
With public coverage	675,102	+/-13,869	160,319	+/-7,340	224,518	+/-7,493	108,946	+/-7,158	149,540	+/-5,892	31,779	+/-3,910
No health insurance coverage	127,925	+/-7,810	25,833	+/-3,198	37,852	+/-3,607	22,942	+/-3,951	34,409	+/-3,555	6,889	+/-1,836

REFERENCE NOTES:

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities, and towns and estimates of housing units for states and counties.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see ACS Technical Documentation). The effect of nonsampling error is not represented in these tables.

Logical coverage edits applying a rules-based assignment of Medicaid, Medicare and military health coverage were added as of 2009 -- please see https://www.census.gov/library/working-papers/2010/demo/coverage_edits_final.html for more details. The 2008 data table in American FactFinder does not incorporate these edits. Therefore, the estimates that appear in these tables are not comparable to the estimates in the 2009 and later tables. Select geographies of 2008 data comparable to the 2009 and later tables are available at <https://www.census.gov/data/tables/time-series/acs/1-year-re-run-health-insurance.html> . The health insurance coverage category names were modified in 2010. See https://www.census.gov/topics/health/health-insurance/about/glossary.html#par_textimage_18 for a list of the insurance type definitions.

Beginning in 2017, selected variable categories were updated, including age-categories, income-to-poverty ratio (IPR) categories, and the age universe for certain employment and education variables. See user note entitled "Health Insurance Table Updates" for further details.

While the 2018 American Community Survey (ACS) data generally reflect the July 2015 Office of Management and Budget (OMB) delineations of metropolitan and micropolitan statistical areas, in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB delineations due to differences in the effective dates of the geographic entities.

Estimates of urban and rural populations, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Technical Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.
