150 percent of poverty level	2,463,698	+/-38,098	(X)	(X)	(X)	(X)
185 percent of poverty level	3,020,992	+/-39,313	(X)	(X)	(X)	(X)
200 percent of poverty level	3,227,082	+/-37,767	(X)	(X)	(X)	(X)
Unrelated individuals for whom poverty status is determined	1,782,253	+/-21,515	459,814	+/-12,452	25.8%	+/-0.6
Male	856,822	+/-15,718	194,032	+/-8,206	22.6%	+/-0.8
Female	925,431	+/-12,873	265,782	+/-8,683	28.7%	+/-0.9
Mean income deficit for unrelated individuals (dollars)	6,321	+/-110	(X)	(X)	(X)	(X)
Worked full-time, year-round in the past 12 months	816,645	+/-16,263	18,756	+/-2,768	2.3%	+/-0.3
Worked less than full-time, year-round in the past 12 months	372,256	+/-10,912	109,712	+/-7,070	29.5%	+/-1.6
Did not work	593,352	+/-11,743	331,346	+/-10,366	55.8%	+/-1.1
PERCENT IMPUTED						
Poverty status for individuals	30.9%	(X)	(X)	(X)	(X)	(X)

Explanation of Symbols:
   1. An '*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
   2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
   3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
   4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
   5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
   6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
   7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
   8. An '(X)' means that the estimate is not applicable or not available.

Explanation of Symbols:
   1. An '*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
   2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
   3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
   4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
   5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
   6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
   7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
   8. An '(X)' means that the estimate is not applicable or not available.

Explanation of Symbols:
    1. An '*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
    2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
    3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
    4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
    5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
    6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
    7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
    8. An '(X)' means that the estimate is not applicable or not available.
