#Building# walls fronting upon the western boundary of the outdoor plaza shall extend along at least 70 percent of the length of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West and shall rise to a minimum height of 90 feet and a maximum height of 120 feet. Above a height of 120 feet, a setback at least 20 feet in depth is required from such prolongation line. However, such #building# wall may rise without setback at such prolongation line, provided the aggregate width of such #building# wall does not exceed 50 percent of the width of such line and provided all other portions of the #building# that exceed a height of 120 feet are set back at least 20 feet from such prolongation line at a height not lower than 90 feet.

The retail and glazing requirements of paragraph (k) of this Section shall apply to at least 70 percent of the length of all #building# walls facing each side of the outdoor plaza, except that such retail requirements shall not apply to any #building#, or portion of a #building#, located west of the southerly prolongation of the eastern sidewalk widening line of Hudson Boulevard East and within 220 feet of West 30th Street containing #uses# listed under Use Group III or an #ERY Culture, Festival and Exhibit Facility#.

(c) Public plaza

A publicly accessible space, (hereinafter referred to as a “public plaza”), shall be provided at the intersection of Tenth Avenue and West 30th Street. Such public plaza shall have a minimum area of 12,000 square feet with a minimum frontage of 180 feet along Tenth Avenue and a minimum frontage of 60 feet along West 30th Street. Such public plaza shall be open to the sky except that such space may be covered by the #ERY High Line# structure, including any connections to the #ERY High Line# or other design features, as well as a #building# or portion of a #building# as allowed pursuant to Section 93-514, paragraph (a)(4), except that no #building# or portion of a #building# may encroach within the area that is within 60 feet of Tenth Avenue and 180 feet of West 30th Street. In addition, no more than 50 percent of the public plaza shall be covered by the permitted obstructions described in Section 37-726, paragraph (a), as well as any vents or shafts that are placed by the Department of Environmental Protection within the portion of the public plaza that is subject to an access easement.

Such public plaza shall contain the following amenities:

- (1) no less than 120 linear feet of fixed seating;
- (2) no less than 12 moveable tables and 48 moveable chairs; and

- (3) no less than four trees or multi-stemmed equivalents measuring at least four inches in caliper at the time of planting, which trees or multi-stemmed equivalents may be planted in a planting bed. In addition, such public plaza shall contain at least two of the following additional amenities:
 - (i) artwork;
 - (ii) water features; or
 - (iii) food service located in a retail space directly accessible from the public plaza.

The glazing requirements of paragraph (k) of this Section shall apply to at least 70 percent of the length of all #building# walls, other than the #building# walls of any facility operated by the Long Island Rail Road, or its successor, facing each side of the public plaza. In addition, at least 25 percent of the frontage of all #building# walls facing the portion of the public plaza that is within 60 feet of Tenth Avenue and 180 feet of West 30th Street shall be occupied by #uses# listed under Use Group VI or the connection to the public plaza described in paragraph (e) of this Section.

(d) Through block connection

A publicly accessible through block connection shall be provided connecting the outdoor plaza with the Tenth Avenue sidewalk within 50 feet or anywhere north of the center line of West 32nd Street. Public access shall also be provided between such through block connection and the Tenth Avenue bridge at the time such bridge is constructed pursuant to paragraph (g) of this Section, and may connect to other public access areas or sidewalks. Such through block connection may be open to the sky or enclosed, need not be linear and may have necessary grade changes.

Such through block connection shall have a minimum width of 30 feet and any enclosed portion shall have a minimum height of 30 feet. As an alternative, if an enclosed atrium space adjacent to the outdoor plaza is provided as part of the through block connection that meets all the following dimensional requirements: (1) comprises no less than 4,000 square feet with a minimum height of 60 feet and a minimum depth of 50 feet as measured by a line parallel from the #building# wall facing the outdoor plaza; (2) is free of #building# structural obstructions other than vertical circulation and other elements occupying no more than 500 square feet in the aggregate; and (3) contains interior walls facing such area that comply with the ground floor retail #use# requirements paragraph (k) of this Section then such through block connection may: (i) have a minimum width of 24 feet; and (ii) have a minimum height of 34 feet for at least 70 percent of the aggregate enclosed area of the through block connection (including the atrium), provided that no portion of the through block connection shall have a minimum height less than 17 feet.

The retail and glazing requirements of paragraph (k) of this Section shall apply to at least 50 percent of the length of all #building# walls facing each side of the through block

connection (or, if enclosed, the interior walls facing the through block connection). The through block connection may be occupied by the following permitted obstructions: vertical circulation elements including escalators, stairs and elevators, columns and lighting elements, provided that such permitted obstructions shall not occupy more than 20 percent of the through block connection, and a single path of travel no less than 24 feet in width is maintained. Vertical circulation elements traversing the grade changes of the through block connection shall be considered a part of the through block connection and not an obstruction.

(e) Connection to public plaza

A public way, open or enclosed, shall be provided connecting the outdoor plaza or the through block connection with the public plaza. Such connection need not be linear and may have necessary grade changes. The retail and glazing requirements of paragraph (k) of this Section shall apply to at least 50 percent of the length of all #building# walls facing each side of such connection (or, if enclosed, the interior walls facing the connection). The minimum clear width of such public way shall be 20 feet. For any portions that are enclosed, the minimum clear height shall be 34 feet within at least 50 percent of the enclosed area of the connection to the public plaza, provided that no portion of the connection to the public plaza shall have a minimum height less than 17 feet. The connection to the public plaza may be occupied by the following permitted obstructions: vertical circulation elements including escalators, stairs and elevators, columns and lighting elements, provided that such permitted obstructions shall not occupy more than 20 percent of the connection to the public plaza and a single path of travel no less than 20 feet in width is maintained. Vertical circulation elements traversing the grade changes of the connection to the public plaza shall be considered a part of the connection to the public plaza and not an obstruction.

(f) Connection to High Line

A publicly accessible connection between the High Line and the outdoor plaza (hereinafter referred to as the “connection”) shall be provided that has a minimum width, measured parallel to the High Line, of 60 feet and is located east of the Culture Facility Plaza. For a width of 60 feet measured parallel to the High Line, the clear height of the connection shall be at least 60 feet. Above such height, overhangs of the 60 foot width dimension of the connection shall be permitted by the movable portion of the #ERY Culture, Festival and Exhibit Facility#, provided that the angle of such overhang is a maximum of 14 degrees east of the vertical extension of the western edge of such 60 foot width, as measured from the intersection of such vertical extension with the 60 foot clear height of the connection. Additionally, such overhang shall project over no more than 16 feet of the 60 foot width dimension. Any portion of the connection east of the minimum 60 foot width shall, if covered, have a minimum clear height of 60 feet. The movable portion of the #ERY Culture, Festival and Exhibit Facility# shall be permitted to overhang any portion of the connection west of such minimum 60 foot width, provided that the angle of such overhanging portion is a maximum of 14 degrees measured at the western edge of the connection at its ground level. The glazing requirements of paragraph

(k) of this Section shall apply to at least 50 percent of the length of all #building# walls facing the connection.

(g) Tenth Avenue bridge

A publicly accessible pedestrian bridge shall be provided over Tenth Avenue linking the through block connections required pursuant to paragraph (d) of this Section and paragraph (a) of Section 93-72 (Public Access Areas at 450 West 33rd Street). Such bridge need not be constructed until the 450 West 33rd Street through block connection has been completed. Such bridge may be open or enclosed, have a minimum clear width of 30 feet and, if enclosed, have a minimum clear height of 15 feet. Such bridge shall be located within 10 feet of the center line of West 32nd Street and be at the same elevation as the through block connection required pursuant to paragraph (a) of Section 93-72.

(h) #ERY High Line# and #Tenth Avenue Spur#

The #ERY High Line# shall be provided as a publicly accessible open area. The #Tenth Avenue Spur# may, at the option of the owner, also be provided as a publicly accessible open area.

(1) In order to meet the public access area requirements of Section 93-71, paragraph (a), and this paragraph (h), the following shall be provided for the #ERY High Line#, and shall, if the owner has elected to include the #Tenth Avenue Spur# as a public access area, be further provided for the #Tenth Avenue Spur#:

- (i) Payment of the #High Line Rehabilitation Deposit#; or subject to entry into construction-related agreements with the City or its designee, completion of the rehabilitation of the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, not later than March 31, 2013, subject to a determination of force majeure by the City in accordance with the terms thereof. If the owner has elected to perform the rehabilitation work, then all such work shall be completed in accordance with plans and specifications prepared by or on behalf of the City;
- (ii) Payment of the #High Line Landscape Improvement Deposit#;
- (iii) Provision of #High Line Maintenance Funding#;
- (iv) An easement agreement allowing use of the #ERY High Line# for public space in accordance with the requirements of this paragraph (h), as well as for use and access for rehabilitation, improvement, maintenance and repair purposes, acceptable to the City.

Such requirements shall be set forth in agreements or instruments in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. The execution of such agreements

by the owner, and mortgagees and parties in interest of the owner, and, where appropriate, the filing and recordation of such instruments in the Borough Office of the City Register of the City of New York, indexed against the property, shall be a precondition to the Chairperson's certification to the Department of Buildings for a building permit under Section 93-70. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

- (2) No certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section 93-70 shall be permitted unless the #ERY High Line# is included as a public access area for the initial phase in accordance with the provisions of this paragraph (h).
- (3) No crane permit shall be granted for construction of a #development# or #enlargement# in such initial phase until the Chairperson certifies to the Department of Buildings that: (i) either the #High Line Rehabilitation Deposit# has been made or all construction documents and instruments necessary for accomplishment of the rehabilitation of the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, in accordance with paragraph (h)(1)(i) of this Section, have been executed and delivered; and (ii) the #High Line Landscape Improvement Deposit# has been made.
- (4) No temporary or permanent certificate of occupancy for a #development# or #enlargement# in such initial phase shall be granted unless the Chairperson certifies to the Department of Buildings that (i) either the #High Line Rehabilitation Deposit# has been previously furnished or the rehabilitation of the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, have been completed in accordance with the construction documents and instruments; (ii) the initial installment of #High Line Maintenance Funding# has been delivered, provided and to the extent that the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, have been substantially completed and are open for use by the public; and (iii) the easement agreement described in paragraph (h)(1)(iv) of this Section, is in effect for the #ERY High Line#. The requirement for a certification of substantial completion of public access areas before the granting of a temporary certificate of occupancy for the #development# or #enlargement# within such phase pursuant to Section 93-70 shall not apply with respect to the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#.
- (5) Nothing herein shall be construed to affect any obligation of the owner to make the #High Line Rehabilitation Deposit# at an earlier date, in accordance with the terms of agreements or instruments entered into by the parties, or to complete rehabilitation work for the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, by March 31, 2013, subject to a determination of force majeure by the City in accordance with the terms of such agreements.

(6) Use by the City of the #High Line Landscape Improvement Deposit# for improvement of the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, shall be subject to approval by the Chairperson, based upon a determination that the design and location of access points to the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, have been arranged such that public use thereof will not result in any significant adverse impacts with respect to transit or pedestrians.

(i) Certifications for phased development pursuant to Section 93-70 granted before May 31, 2012

If a certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section 93-70 was granted before May 31, 2012, such certification shall expire 45 days following such date and shall thereupon no longer be in force and effect. Within said 45-day period, a new application for certification pursuant to Section 93-70 and Section 93-71, paragraph (h), shall be filed by the owner which shall include the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, as public access areas associated with the initial phase, in addition to any other public access areas previously so certified. The expiration of any certification under Section 93-70 granted before May 31, 2012, shall not affect the validity of any permit issued by the Department of Buildings prior to the expiration of such 45-day period, provided the new application under Section 93-70 and Section 93-71, paragraph (h), is made within such 45-day period.

In the event that a certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section 93-70 was granted before May 31, 2012, and a crane permit for the construction of a #development# or #enlargement# within such initial phase was granted prior to 45 days after May 31, 2012, the preconditions to issuance of a crane permit set forth in Section 93-71, paragraph (h), shall be prerequisites for the grant of any new certification for phased development made under this paragraph (i).

(j) Culture Facility Plaza

A publicly accessible space located east of and #abutting# the non-moveable portion of an #ERY Culture, Festival and Exhibit Facility#, and bounded to the north by the outdoor plaza and to the south by the #ERY High Line# shall be provided. During times when the Culture Facility Plaza is not covered by the moveable portion of an #ERY Culture, Festival and Exhibit Facility#, the Culture Facility Plaza may be used for purposes of outdoor events related to an #ERY Culture, Festival and Exhibit Facility#. Outdoor installations for such events, including seating, shall be restricted to the Culture Facility Plaza. All such events shall be open and accessible to the general public free of admission charge, provided that ticketed events with tickets available on a first come, first served, or timed basis, shall be permitted. During all times when the Culture Facility Plaza is not used for an #ERY Culture, Festival and Exhibit Facility# event or covered by the moveable portion of an #ERY Culture, Festival and Exhibit Facility#, the Culture Facility

Plaza shall be open and accessible to the public between the hours of 6:00 a.m. and 1:00 a.m. Notwithstanding any other provision, the Culture Facility Plaza may be closed to the public not more than 12 days each calendar year for an event related to the #ERY Culture, Festival and Exhibit Facility#, provided that not less than five days prior to any such closing, notice is given to the applicable community board and is posted at conspicuous locations at such plaza. No #building# or portion of a #building# that is not used for an #ERY Culture, Festival and Exhibit Facility# shall have any obligation to comply with the requirements of paragraph (a), or this paragraph (j), of this Section related to the Culture Facility Plaza.

(k) Retail continuity requirements for public access areas

Within the Eastern Rail Yard Subarea A1, the retail continuity and transparency requirements of this paragraph are applicable to specified #building# walls facing certain public access areas. The applicability of retail, transparency or both provisions, are set forth in the individual provisions of this Section.

(1) Retail requirements

#Uses# on the portion of the #ground floor level# frontage along a publicly accessible open space required pursuant to this paragraph, to the minimum depth set forth in Section 37-32 (Access and Circulation), inclusive, shall be limited to permitted #commercial uses#, except for lobbies, entrances and exits to off-street parking facilities and entryways to #mass transit stations#, as provided by Section 37-33 (Maximum Width of Certain Uses). However, within the Eastern Rail Yard Subarea A1, the width of a lobby located on a #building# wall facing the eastern boundary of the outdoor plaza may occupy 120 feet or 25 percent of such #building# wall, whichever is less. At least 50 percent of the frontage not otherwise occupied by excepted #uses# shall be allocated to #uses# listed under Use Groups VI and VIII. All parking shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35.

(2) Glazing requirements

#Ground floor level# #street walls# shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

(4/29/14)

93-72

Public Access Areas at 450 West 33rd Street

For the purposes of this Section 93-72, inclusive, 450 West 33rd Street shall be considered the area bounded by the eastern #street line# of Tenth Avenue, the northern #street line# of West 31st Street, a line 302 feet east of the eastern #street line# of Tenth Avenue and the southern

#street line# of West 33rd Street. Such area shall include the tax lots located at Block 729, Lots 1 and 15, existing on April 29, 2014. Any #development# or #enlargement# in such area shall provide public access areas in accordance with the provisions of this Section. However, if a special permit has been granted for the #development# of an arena pursuant to Section 74-41 in the area bounded by the western #street line# of Ninth Avenue, the northern #street line# of West 31st Street, a line 498 feet west of the western #street line# of Ninth Avenue and the southern #street line# of West 33rd Street, the provisions of this Section may be waived or modified in conjunction with such special permit. All public access areas listed in this Section shall be accessible to the public between the hours of 6:00 a.m. and 1:00 a.m.

(a) Through block connection

A publicly accessible through block connection shall be provided within 10 feet of the prolonged center line of West 32nd Street, at an elevation that connects the Tenth Avenue pedestrian bridge required pursuant to paragraph (g) in Section 93-71 with the Dyer Avenue Platform required pursuant to paragraph (b) of this Section and paragraph (e) of Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard). Public access shall also be provided between such through block connection and the Tenth Avenue sidewalk.

For #developments# or #enlargements# where 75 percent or less of the total #floor area# existing on the #zoning lot# on January 19, 2005, has been demolished, such through block connection shall be open or enclosed and have a minimum clear width of 30 feet. If enclosed, at least 75 percent of such through block connection shall have a minimum clear height of 30 feet, and the remainder shall have a minimum clear height of 20 feet.

For #developments# or #enlargements# where more than 75 percent of the total #floor area# existing on the #zoning lot# on January 19, 2005, is demolished, such through block connection shall have a minimum width of 60 feet and a minimum clear path of 20 feet, and have retail uses fronting upon at least 50 percent of its northern and southern boundaries. At least 60 percent of such through block connection shall be enclosed, with an average clear height of 60 feet and a roof of transparent material that allows for natural daylight to enter. Direct access shall be provided to any #building# adjacent to such through block connection. The maximum height of a #building# wall along the southern boundary of the through block connection shall not exceed the average height of the enclosed portion, or the height at which an arched or angled ceiling of the enclosed through block connection begins, whichever is less. Any portion of a #building# that exceeds such height shall be set back at least 20 feet in depth from the southern boundary of the through block connection. Any portion of such through block connection that is open to the sky shall comply with the provisions for #public plazas# set forth in Sections 37-718, 37-726, 37-728, 37-741, 37-742, 37-743, 37-744, 37-75, 37-76 and 36-77.

An #enlargement# that does not increase the total #floor area# on the #zoning lot# to more than 1,373,700 square feet, shall not be considered an #enlargement# for purposes of this paragraph (a).

(b) Dyer Avenue Platform

A permanent easement shall be provided along the eastern edge of 450 West 33rd Street, as shown on Map 1 (Subdistrict B: 450 West 33rd Street and Ninth Avenue Rail Yard Public Access Area Plan) in Appendix B of this Chapter, for the purposes of constructing the Dyer Avenue Platform required pursuant to paragraph (d) of Section 93-73. Such easement shall have a minimum width of 33 feet. Any amenities required by paragraph (d) of Section 93-73 may be located within such easement.

(c) West 31st Street Passageway

A publicly accessible passageway space, (hereinafter referred to as the "West 31st Street passageway") shall be provided connecting the Tenth Avenue podium required pursuant to paragraph (d) of this Section to the Dyer Avenue Platform required pursuant to paragraph (d) of Section 93-73, as shown on Map 1 in Appendix B. The West 31st Street passageway shall be located at the same elevation as the Dyer Avenue Platform. Such space shall be located within 35 feet of West 31st Street, have a minimum clear path of 10 feet and be visually open to West 31st Street except for structural elements of the #building# at 450 West 33rd Street.

(d) Tenth Avenue podium

(1) Location and minimum dimensions

A publicly accessible area (hereinafter referred to as the "Tenth Avenue podium") shall be provided at the corner of Tenth Avenue and West 31st Street, as shown on Map 1 in Appendix B. The Tenth Avenue podium shall have a minimum area of 1,800 square feet, be located at the same elevation as the Dyer Avenue Platform required pursuant to paragraph (d) of Section 93-73, and shall connect to the West 31st Street passageway required pursuant to paragraph (c) of this Section.

(2) Required amenities

The Tenth Avenue podium shall contain a minimum of four trees and be directly accessible from West 31st Street by a staircase and elevator. The stair and the adjoining area shall be open to West 31st Street except for columns and structural elements of the 450 West 33rd Street #building#.

(8/9/17)

93-721

Design and maintenance requirements for public access areas at 450 West 33rd Street

Public access areas at 450 West 33rd Street provided pursuant to the requirements of Section 93-72 shall comply with the applicable design reference standards set forth in paragraph (a), and the maintenance provisions of paragraph (b) of this Section.

(a) Design reference standards

The public access areas required by paragraphs (c) and (d) of Section 93-72 shall comply with the following applicable design standards:

- (1) at least two litter receptacles in such public access areas shall be provided;
- (2) the public access areas at 450 West 33rd Street shall provide the following public signage system:
 - (i) One entry plaque shall be provided in each of the following locations:
 - (a) the Dyer Avenue access point to the West 31st Street Passageway;
 - (b) the Tenth Avenue Podium access point to the West 31st Street Passageway; and
 - (c) the #street# level entrance to the Tenth Avenue Podium.
 - (ii) Each entry plaque is subject to the signage standards as set forth in paragraphs (a)(1) through (a)(4) of Section 37-751 (Public space signage systems).
 - (iii) Each entry plaque shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. Each entry plaque shall be in a position that clearly identifies the entry into the portion of the public access areas at 450 West 33rd Street that such plaque is provided in connection with, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to that portion of the public access areas at 450 West 33rd Street.
 - (iv) A minimum of two information plaques, constructed from the same permanent materials as the entry plaque, or combined with one or more of the required entry plaques, shall be provided within the public access areas. Information plaques shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum

height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches.

(v) The information plaque is subject to the signage standards as set forth in paragraphs (b)(1) through (b)(6) of Section 37-751, except that paragraph (b)(3) shall be modified to read, “in lettering three-eighths of an inch in height, the words: ‘This public access area contains:’” followed by the total linear feet of seating, the type and quantity of trees and the number of additional required amenities, such as moveable seating, that are provided in the portion of the public access area in which the entry plaque or information plaque is provided.

(3) the minimum level of illumination shall be 1.5 horizontal foot candles (lumens per foot);

(4) no gates, fences or other barriers shall be permitted within such public access areas; and

(5) for the purposes of applying the #sign# regulations to #building# walls facing public access areas, such public access areas shall be considered #streets#.

(b) Maintenance

The owner(s) shall be responsible for the maintenance of all public access areas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation.

(4/29/14)

93-722

Certification for public access areas at 450 West 33rd Street

For #enlargements# that do not increase the total #floor area# on the #zoning lot# to more than 1,373,700 square feet, in accordance with the provisions of Section 93-732 (Certification for public access areas on the Ninth Avenue Rail Yard), no temporary or permanent certificate of occupancy shall be issued by the Department of Buildings for more than 3,204,000 square feet of #floor area developed# or #enlarged# on the Ninth Avenue Rail Yard until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that a phasing plan has been submitted requiring the West 31st Street Passageway and the Tenth Avenue Podium, required pursuant to paragraphs (c) and (d) of Section 93-72 (Public Access Areas at 450 West 33rd Street), respectively, to be substantially complete and open to and useable by the public.

(6/6/24)

93-73

Public Access Areas on the Ninth Avenue Rail Yard

For the purposes of this Section 93-73, inclusive, the Ninth Avenue Rail Yard shall be considered the area bounded by the western #street line# of Ninth Avenue, the northern #street line# of West 31st Street, a line located 498 feet west of the western #street line# of Ninth Avenue and the southern #street line# of West 33rd Street. Such area shall include the tax lots located at Block 729, Lots 50 and 60, existing on April 29, 2014. Any #development# in such area shall provide public access areas in accordance with the provisions of Section 93-73, inclusive.

Public access areas on the Ninth Avenue Rail Yard shall be comprised of the types of public access areas listed in this Section. Public access areas shall also include the area of the sidewalk widenings along Ninth Avenue and West 33rd Street required pursuant to Section 93-61. The entry plaza and the art plaza, as set forth in paragraphs (a) and (c) of this Section, respectively, shall be subject to the hours of access provisions set forth in Section 37-727. All other public access areas listed in this Section shall be accessible to the public between the hours of 6:00 a.m. and 1:00 a.m.

(a) Entry Plaza

(1) Location and minimum dimensions

A publicly accessible space, open to the sky (hereinafter referred to as the “entry plaza”), shall be located within the area bounded by the western #street line# of Ninth Avenue, the southern #street line# of West 33rd Street, a line 168 feet south of and parallel to the southern #street line# of West 33rd Street and a line 60 feet west of and parallel to the western #street line# of Ninth Avenue, as shown on Map 1 (Subdistrict B: 450 West 33rd Street and Ninth Avenue Rail Yard Public Access Area Plan) in Appendix B of this Chapter. The entry plaza shall have a minimum area of 10,080 square feet, shall have a minimum frontage along Ninth Avenue of 168 feet and shall provide a direct connection to the central plaza required pursuant to paragraph (b) of this Section. No more than 50 percent of the entry plaza area shall be covered by the permitted obstructions described in paragraph (a) of Section 37-726.

(2) Required amenities

The entry plaza shall have the following amenities:

- (i) a minimum of eight trees (or other amounts equivalent to a minimum of 32 caliper inches);

- (ii) at least 336 linear feet of seating including a minimum of 48 moveable chairs and 12 moveable tables. At least 50 percent of the seating, including movable seats, shall have backs and no more than 50 percent of the seating with backs shall be movable seating;
- (iii) two or more planting beds which, in the aggregate, occupy an area of at least 800 square feet. No more than 35 percent of the linear feet of the planting beds shall have bounding walls exceeding 18 inches in height above an adjacent walking surface;
- (iv) ground floor transparency, in accordance with the provisions of Section 37-34, shall apply to at least 70 percent of the length of all #building# walls facing the entry plaza; and
- (v) one clear pedestrian circulation path with a minimum width of 12 feet shall be provided adjacent to the #building# facing the entry plaza and shall extend for the full length of the #building# frontage.

(b) Central Plaza

(1) Location and minimum dimensions

A publicly accessible space (hereinafter referred to as the “central plaza”), shall be located within an area bounded by the western #street line# of Ninth Avenue, a line 168 feet south of and parallel to the southern #street line# of West 33rd Street, a line 478 feet west of and parallel to the western #street line# of Ninth Avenue, a line 167 feet north of and parallel to the northern #street line# of West 31st Street beyond 40 feet of the western street line of Ninth Avenue, a line 40 feet west of and parallel to the western #street line# of Ninth Avenue and a line 187 feet north of and parallel to the northern #street line# of West 31st Street within 40 feet of the western street line of Ninth Avenue, as shown on Map 1 in Appendix B of this Chapter. Except as provided in paragraph (b)(3) of this Section, the central plaza shall have a minimum area of 47,800 square feet, and shall have a minimum north-south dimension of 100 feet as measured from the #building# walls of the #buildings# facing onto the central plaza of. The central plaza shall be open to the sky, except:

- (i) for the area occupied by the pavilion permitted by paragraph (b)(2)(vii) of this Section; and
- (ii) within a line 115 feet west of and parallel to the western #street line# of Ninth Avenue, a #building# may cantilever over the central plaza and required circulation paths located therein, provided such cantilever extends no greater than 10 feet over such central plaza.

(2) Required amenities

The central plaza shall contain the following features and amenities:

(i) Landscaped area

A landscaped area shall be provided and shall contain a minimum of 44 trees (or other amounts equivalent to a minimum of 176 caliper inches), and planting beds which, in the aggregate, occupy an area of at least 7,500 square feet.

Within the area bounded by the western #street line# of Ninth Avenue and a line drawn 45 feet west of the western #street line# of Ninth Avenue, a minimum of 1,000 square feet of such total requirement shall be occupied by planting beds.

(ii) Seating

A minimum of 725 linear feet of seating shall be provided, with 120 moveable chairs and 30 moveable tables. At least 50 percent of the required seating shall have backs.

Within the area bounded by the western #street line# of Ninth Avenue and a line drawn 45 feet west of the western #street line# of Ninth Avenue, a minimum of 50 linear feet of seating of such total requirement shall be provided, of which 50 percent shall have backs.

(iii) Event space

The portion of the central plaza located beyond a line drawn 295 feet west of and parallel to the western #street line# of Ninth Avenue may be used for events (hereinafter referred to as the "event space"). Such event space may be used for events not exceeding a maximum area of 4,500 square feet, except as set forth below for summer public events and winter public events. When the event space is not being used for an event (general public events, summer public events, winter public events and private events), it shall contain a minimum of 192 linear feet of seating, with 96 moveable chairs and 24 moveable tables and, between April 1 and November 15, a minimum of two moveable food carts within the event space or on the periphery thereof. Such tables and chairs shall be in addition to the amount required for the landscaped area in paragraph (b)(2)(ii) of this Section. When the event space is being used for an event (general public events, summer public events, winter public events and private events), the additional tables, chairs and moveable food carts may be removed.

(a) General Public Events

At all times of the year, the event space may be used to host general public events which are open and accessible to the general public and free of admission. During such public events, the event space may contain associated temporary structures and seating.

(b) Summer Public Events

For not more than 75 days between April 1 and November 15, the event space may be used for summer public events which are open and accessible to the general public and free of admission charge, where the temporary structures and seating associated with such summer public events may extend beyond 4,500 square feet, provided that the total area used for such summer public events does not exceed an additional 2,000 square feet and is located beyond a line drawn 295 feet west of and parallel to the western #street line# of Ninth Avenue.

(c) Winter Public Events

Between November 15 and April 1, an ice skating rink, together with associated temporary structures, may extend beyond 4,500 square feet, provided that the total area used for the ice skating rink together with associated temporary structures does not exceed an additional 2,000 square feet and is located beyond a line drawn 295 feet west of and parallel to the western #street line# of Ninth Avenue. The ice skating rink shall be open and accessible to the general public, but a fee for use of the ice skating rink may be charged, provided the combined total admission and equipment rental fees do not exceed the highest of such combined fees charged at any one rink operating in a #public park#.

(d) Private Events

The City Planning Commission may allow the closing of the event space for up to 12 private events per year pursuant to a restrictive declaration acceptable to the City and recorded in the Office of the City Register for New York County and indexed against the property.

For all events specified in this Section, temporary structures or seating associated with such an event (general public events, summer public events, winter public events and private events) permitted by this paragraph may be installed in the event space, provided the circulation

paths required in paragraph (b)(2)(iv) of this Section remain unobstructed at all times.

(iv) Circulation paths

Circulation paths in the central plaza shall meet the following minimum requirements:

- (a) pedestrian circulation paths with an aggregate width of not less than 30 feet shall be provided;
- (b) at least two of the required circulation paths with a minimum clear width of 12 feet shall be located within 20 feet of the facade of each #building# facing the central plaza;
- (c) in addition to the circulation paths required by paragraph (b)(2)(iv)(a) of this Section, at least two circulation paths shall be provided through the landscaped area required by paragraph (b)(2)(i) of this Section, which connect with the circulation paths required by paragraph (b)(2)(iv)(b) of this Section;
- (d) all circulation paths shall be unobstructed during events held in the event space permitted by paragraph (b)(2)(iii) of this Section; and
- (e) clear paths, with a total minimum aggregate width of 20 feet, shall be located at the boundary between the entry plaza, required pursuant to paragraph (a) of this Section, and the central plaza, required by paragraph (b) of this Section, and at the boundary between the art plaza, required pursuant to paragraph (c) of this Section, and the central plaza, required by paragraph (a) of this Section, provided that up to eight feet of such required clear path may be located within the entry plaza and within the art plaza, respectively, and that all clear paths counted toward the aggregate minimum width required by this paragraph shall be a minimum of 7 feet, 6 inches in clear width, and be located no further than 12 feet apart from one another.

(v) Transparency

The transparency requirements of Section 37-34 (Minimum Transparency Requirements) shall apply to the ground floor level of at least 70 percent of the length of all #building# walls facing each side of the central plaza.

(vi) Retail continuity

At least 40 percent of the frontage of any #building# fronting on the

central plaza shall comply with the retail continuity requirements of paragraph (a) of Section 37-76 (Mandatory Allocation of Frontages for Permitted Uses) and at least 50 percent of the aggregate frontage of all #buildings# fronting on the central plaza shall comply with the retail continuity requirements of paragraph (a) of Section 37-76. Such retail space shall have a minimum depth of 30 feet measured perpendicular to the wall adjoining the central plaza.

(vii) Pavilion

A #building# (hereinafter referred to as a "pavilion") containing #uses# listed in Use Groups 6A and 6C may be located within the central plaza, provided that such pavilion, and any seating associated with a #use# in the pavilion, shall be located at least ten feet west of the prolongation of the east face of the #building# fronting on the north side of the central plaza. The pavilion shall have a minimum #lot coverage# of 1,000 square feet and a maximum #lot coverage# of 3,000 square feet, with a maximum width of 40 feet parallel to Ninth Avenue. Such pavilion shall be no more than one #story# in height, except such one #story# limitation may be exceeded by portions of the pavilion allocated to mechanical equipment as well as restrooms and a food preparation kitchen occupying, in the aggregate, no more than 200 square feet area. Such pavilion shall not exceed a height limit of 25 feet, except that the permitted obstructions set forth in Section 33-42, as well as restrooms and a food preparation kitchen located above the level of the first #story# may be permitted to exceed such height limit provided that the height of such restroom and food preparation kitchen do not exceed ten feet. Seating may be provided for the #uses# in the pavilion provided that the total area occupied by the pavilion and such associated seating does not exceed a maximum #lot coverage# of 3,600 square feet and that such seating shall not count towards meeting the seating requirements set forth in paragraphs (b)(2)(ii) and (iii) of this Section. Floor space within the pavilion shall not be considered #floor area#. At least 60 percent of the exterior walls of the pavilion shall be transparent except for structural supports, provided that 100 percent of the east facing wall of the pavilion shall be transparent except for structural supports.

(3) Alternative design option

Notwithstanding the provisions of paragraph (b)(1) of this Section, the minimum north-south width of the central plaza may be reduced to no less than 80 feet for at least 50 percent of the aggregate frontage of the #buildings# fronting on the central plaza, provided that such narrowed portion begins no further than 150 feet from the western #street line# of Ninth Avenue, and further provided that the minimum size of the central plaza is not less than 41,382 square feet. The minimum height of a #building# wall fronting upon such narrowed portion shall

be 45 feet, and the maximum height of such #building# wall shall not exceed 85 feet. Above a height of 85 feet, the minimum setback distance shall be 10 feet and the minimum distance between #buildings# fronting on the central plaza shall be 100 feet.

(c) Art Plaza

(1) Location and minimum dimensions

A publicly accessible space open to the sky (hereinafter referred to as the “art plaza”) shall be located in the area bounded by the western #street line# of Ninth Avenue, the northern #street line# of West 31st Street, a line 40 feet west of and parallel to the western #street line# of Ninth Avenue and a line 187 feet north of and parallel to the northern #street line# of West 31st Street, as shown on Map 1 in Appendix B. The art plaza shall have a minimum area of 7,480 square feet, a minimum east-west dimension of 40 feet and shall provide a direct connection to the central plaza required pursuant to paragraph (b) of this Section.

(2) Required amenities

The art plaza shall contain the following features and amenities:

- (i) a minimum of four trees (or other amounts equivalent to a minimum of 16 caliper inches);
- (ii) planting beds which, in the aggregate, occupy an area of at least 410 square feet;
- (iii) a minimum of 45 linear feet of seating;
- (iv) one or more pieces of artwork. Such artwork may not incorporate addresses, text or logos related to the adjacent #building# or tenants of such #building#; and
- (v) the transparency requirements of Section 37-34 shall apply to the ground floor level of at least 70 percent of the length of all #building# walls facing the art plaza.

(d) Dyer Avenue Platform

(1) Location and minimum dimensions

A publicly accessible platform shall be constructed over Dyer Avenue connecting West 33rd Street and West 31st Street (hereinafter referred to as the “Dyer Avenue Platform”), as shown on Map 1 in Appendix B. The Dyer Avenue Platform shall include the easement area described in paragraph (b) of Section 93-

72 and shall directly connect with the central plaza and the West 31st Street connector required by paragraphs (b) and (e) of this Section, respectively. The Dyer Avenue Platform shall have a minimum east-west dimension of 53 feet and a minimum north-south dimension of 455 feet. However, such minimum east-west dimension may be reduced to accommodate an extension of such existing egress stair in order to adjoin the level of the platform, or to accommodate up to 15 inches of additional exterior wall thickness added to the eastern face of the existing #building# at 450 West 33rd Street. Except for any portion of the Dyer Avenue Platform which on April 29, 2014, was covered by the #building# located at 450 West 33rd Street and the existing egress stairs on the eastern face on such #building#, or the permitted additions thereto, respectively, the Dyer Avenue Platform shall be open to the sky.

(2) Required amenities

The Dyer Avenue Platform shall contain the following features and amenities which may be located on the portion of the Dyer Avenue Platform located within the easement provided pursuant to paragraph (b) of Section 93-72 (Public Access Areas at 450 West 33rd Street):

- (i) a minimum of 16 trees (or other amounts equivalent to a minimum of 64 caliper inches), of which a minimum of 12 trees (or other amounts equivalent to a minimum of 48 caliper inches) shall be located south of the center line of the prolongation of West 32nd Street;
- (ii) planting beds, which in the aggregate, occupy an area of at least 1500 square feet, of which a minimum of 450 square feet of planting beds shall be located south of the center line of the prolongation of West 32nd Street and a minimum of 250 square feet of planting beds shall be located within 30 feet of the southern street line of 33rd Street. No more than 25 percent of the linear feet of the planting beds shall have bounding walls exceeding 18 inches in height above an adjacent walking surface;
- (iii) a minimum of 350 linear feet of seating shall be provided, of which 50 percent shall consist of seats with backs and with at least 210 linear feet of seating located south of the center line of the prolongation of West 32nd Street and a minimum of 50 linear feet of seating located within 30 feet of the southern street line of West 33rd Street;
- (iv) the glazing requirements of Section 37-34 shall apply to the ground floor level of at least 70 percent of the length of all #building# walls fronting on the eastern edge of the Dyer Avenue Platform; and
- (v) at least two pedestrian circulation paths with a minimum clear path of eight feet or one circulation path with a minimum clear path of 12 feet shall be provided along the full length of the Dyer Avenue Platform, from

West 31st Street to West 33rd Street.

Vertical circulation elements, including stairs and ramps traversing the grade changes of the Dyer Avenue Platform shall be considered a part of the Dyer Avenue Platform and not an obstruction.

(e) West 31st Street Connector

(1) Location and minimum dimensions

A publicly accessible connection (hereinafter referred to as the “West 31st Street connector”) shall be provided between the Dyer Avenue Platform required pursuant to paragraph (e) of this Section and West 31st Street, as shown on Map 1 in Appendix B. The West 31st Street connector shall be located on West 31st Street adjoining the eastern boundary of the Dyer Avenue Platform and shall have a minimum area of 450 square feet.

(2) Required amenities

The West 31st Street connector shall be directly accessible from West 31st Street by a staircase with a minimum width of eight feet and by an elevator.

(f) Connection to below-grade passage

Where a pedestrian passage extending from the Eighth Avenue Subway beneath West 33rd Street to the west side of Ninth Avenue has been constructed, an entrance within the #development# shall be constructed that connects with such passage.

(8/9/17)

93-731

Design and maintenance requirements for public access areas on the Ninth Avenue Rail Yard

Public access areas on the Ninth Avenue Rail Yard provided pursuant to the requirements of Section 93-73, shall comply with the applicable design reference standards set forth in paragraph (a) and the maintenance provisions of paragraph (b) of this Section.

(a) Design reference standards

(1)seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section 37-741 (Seating), inclusive;

- (2) where planting areas are provided, they shall meet the soil depth, continuous area, permeable surface and irrigation requirements of Section 37-742 (Planting and trees). Where trees are provided, they shall meet the planting standards, soil requirements and irrigation standards set forth in Section 37-742;
- (3) steps shall meet the minimum dimensional standards set forth in Section 37-725 (Steps);
- (4) kiosks or open air cafes shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes) and shall not occupy in the aggregate more than 20 percent of the public access areas required by Section 93-73. Seating provided as part of an open air cafe shall not count towards meeting the seating requirements of a public access area listed in Section 93-73;
- (5) the public access areas on the Ninth Avenue Rail Yard shall provide the following public signage system:
 - (i) One entry plaque in each of the following locations:
 - (a) entry to the Entry Plaza from West 33rd Street;
 - (b) entry to the Central Plaza from Ninth Avenue;
 - (c) entry to the Art Plaza from West 31st Street;
 - (d) sidewalk level entry to the West 31st Street Connector; and
 - (e) entry to the Dyer Avenue Platform from West 33rd Street.
 - (ii) Each entry plaque is subject to the signage standards as set forth in paragraph (a)(1) through (a)(4) of Section 37-751 (Public space signage systems).
 - (iii) Each entry plaque shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. Each entry plaque shall be in a position that clearly identifies the entry into the portion of the public access areas on the Ninth Avenue Rail Yard that such plaque is provided in connection with, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to that portion of the public access areas on the Ninth Avenue Rail Yard.

- (iv) A minimum of one information plaque, constructed from the same permanent materials as the entry plaques, or combined with one or more of the required entry plaques, shall be provided within the Art Plaza, the Entry Plaza, the Central Plaza and Dyer Avenue. The information plaque shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches.
 - (v) Each information plaque is subject to the signage requirements as set forth in paragraphs (b)(1) through (b)(6) of Section 37-751 except that paragraph (b)(3) shall be modified to read, “in lettering three-eighths of an inch in height, the words: ‘This public access area contains:’” followed by the total linear feet of seating, the type and quantity of trees and the number of additional required amenities, such as moveable seating, that are provided in the portion of the public access area in which the entry plaque or information plaque is provided.
 - (6) where #buildings# front on to public access areas, canopies, awnings, marquees and sun control devices shall be permitted pursuant to the standards set forth in paragraph (c) of Section 37-726 (Permitted obstructions);
 - (7) the aggregate number of litter receptacles in such public access areas shall be 21;
 - (8) no gates, fences or other barriers shall be permitted within such public access areas except that protective bollards provided in connection with the development of the Ninth Avenue Rail Yard may be located within the required public access areas; and
 - (9) for the purposes of applying the #sign# regulations to #building# walls facing public access areas, such public access areas shall be considered #streets#.
- (b) Maintenance

The owner or owners shall be responsible for the maintenance of all public access areas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation.

(4/29/14)

93-732

Certification for public access areas on the Ninth Avenue Rail Yard

No certification for the phased development of public access areas on the Ninth Avenue Rail Yard shall be permitted until a plan has been submitted that provides for the completion of public access areas in accordance with the provisions of this Section. Such plan shall provide, at a minimum, that the entry plaza, required pursuant to paragraph (a) of Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard) will be provided in connection with the construction of a #building# located on the northeast corner of the Ninth Avenue Rail Yard, that the art plaza, required pursuant to paragraph (c) of Section 93-73, will be provided in connection with the construction of a #building# located on the southeast corner of the Ninth Avenue Rail Yard and that in connection with the construction of a #building# on the southwest corner of the Ninth Avenue Rail Yard, the West 31st Street connector required by paragraph (e) of Section 93-73, and a 20-foot wide paved area along the eastern edge of Dyer Avenue and extending for the north-south dimension of such #building# will be provided.

An application for certification under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include a site plan indicating the area and dimensions of the public access area, or portions thereof, and a detailed plan or plans demonstrating compliance with the requirements of Section 93-73.

Plans for the public access areas shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Office of the City Register of the City of New York for New York County and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification to the Department of Buildings under this Section. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the plans for public access area, or portions thereof associated with such phase.

No temporary certificate of occupancy from the Department of Buildings may be issued for a #building#, or portion thereof, where the total amount of #floor area# that has been #developed# or #enlarged# on the Ninth Avenue Rail Yard exceeds 3,204,000 square feet until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access areas at 450 West 33rd Street required by paragraphs (c) and (d) of Section 93-72 and that all public access areas on the Ninth Avenue Rail Yard required by Section 93-73 have been substantially completed and are open and usable by the public. Notwithstanding the foregoing, the Chairperson may, with respect to the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section 93-72 at 450 West 33rd Street, certify to

the Commissioner of Buildings that such temporary certificate of occupancy may be issued absent their substantial completion provided that:

- (a) the owner of 450 West 33rd Street has submitted proof that all or portions of the area of the West 31st Street passageway required by paragraph (c) of Section 93-72 was at any time subject to a lease with an expiration date of December 31, 2019, and was not able to obtain control of the areas subject to such lease on or before December 31, 2017;
- (b) a letter of credit has been posted in accordance with City requirements, and such letter of credit:
 - (1) is in an amount equal to 200 percent of the estimated cost to construct the public access area and the elevator at 450 West 33rd Street, required by paragraphs (c) and (d) of Section 93-72, respectively, as set forth in a cost estimate prepared by a professional engineer. Such cost estimate shall be based upon construction documents prepared by a registered architect and submitted with the application for certification pursuant to this Section, and shall be subject to review and acceptance by the City; and
 - (2) authorizes the City to draw upon the letter of credit if such public access area and elevator have not been substantially completed and are not open and usable by the public by December 31, 2022;
- (c) that an easement agreement has been recorded granting the City access to 450 West 33rd Street and the Ninth Avenue Rail Yard, as may be necessary for purposes of constructing the public access area and elevator required by paragraphs (c) and (d) of Section 93-72, respectively, if they are not completed by the owner by December 31, 2022; and
- (d) in addition to the foregoing, such letter of credit shall be maintained from the date of certification for temporary certificates of occupancy, pursuant to this Section, until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section 93-72 have been substantially completed and are open and usable by the public, or until same have been substantially completed by the City. The Chairperson may, no more frequently than annually, require the submission of an updated or new letter of credit in an amount that reflects changes in costs over time, and such updated or new letter of credit shall be subject to the requirements and procedures of paragraph (b) of this Section, until such letter of credit is released based upon substantial completion.

Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section 93-734 (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with a phase of #development#, is substantially complete and in accordance with such temporary public

access area plan, and the public access area, or portions thereof, are open and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, has been fully completed in accordance with the plan therefor, and that such public access area, or portions thereof, are open and useable by the public.

(4/29/14)

93-733

Certification to modify general requirements of public access areas for ventilation demands

The Chairperson of the City Planning Commission may modify the general requirements of the public access areas listed in Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Ninth Avenue Rail Yard. In addition to the site plan required pursuant to Section 93-732 (Certification for public access areas on the Ninth Avenue Rail Yard), a mechanical plan shall be provided demonstrating the need to modify such general requirements.

(4/29/14)

93-734

Certification to temporarily modify public access areas for construction staging

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City Planning Commission that the area designated for public access will be required for construction staging or similar activities in a future phase of #development#, the application for the site plan approval may be accompanied by a request for approval of a temporary public area which may include fewer amenities and other features required pursuant to Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard), as necessary to accommodate such future construction staging or similar activities.

Such temporary public access area plan shall be subject to review and approval in the same manner as site plan approval pursuant to Section 93-732 (Certification for public access areas on the Ninth Avenue Rail Yard) and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site plan shall be implemented.

(6/6/24)

93-74

Public Access Areas in Pennsylvania Station Subarea B4

The provisions of this Section shall apply to any #development# in the Pennsylvania Station Subarea B4 of the Farley Corridor Subdistrict B.

(a) Public space

A publicly accessible enclosed space with a minimum area of 32,500 square feet shall be provided. Such space shall have at least 100 feet of frontage along the Eighth Avenue #street line#, and have a minimum clear height of 60 feet. The length of such space shall not exceed four times its narrowest width. Up to one-half of such space may be below-grade but shall be visually connected to the at-grade space. Furthermore, such below-grade space shall be connected to the at-grade space by escalators on at least two sides. The retail and glazing requirements of Section 37-76 shall apply to least 70 percent of the length of all #building# walls facing each side of such space. Such space shall provide direct access to the through block connection required pursuant to paragraph (b) of this Section, adjacent #building# lobbies and transit facilities.

(b) Through block connection

A through block connection shall be provided linking West 31st Street and West 33rd Street, at least 300 feet from Eighth Avenue and with direct access to the public space required pursuant to paragraph (a) of this Section. Such through block connection shall have a minimum clear width of 20 feet and may be open or enclosed. If enclosed, such through block connection shall have a minimum clear height of 30 feet.

(c) Plaza

A publicly-accessible plaza, open to the sky, may be provided at the intersection of Eighth Avenue and West 31st Street. Such plaza shall have a minimum area of 12,000 square feet with a minimum frontage of 60 feet along West 31st Street, and be provided in accordance with the standards for #public plazas# set forth in Section 37-70, inclusive.

(d) Corner circulation space

Corner circulation spaces shall be provided at the corners of Eighth Avenue and West 31st Street and Eighth Avenue and West 33rd Street. Such spaces shall comply with the requirements for corner circulation spaces of paragraph (d) of Section 37-53. Such spaces shall count towards meeting the pedestrian circulation space requirements of Section 93-63. However, no corner circulation space shall be required at the corner of Eighth Avenue and West 31st Street if a plaza is provided at such corner in accordance with paragraph (c) of this Section.

(4/29/14)

93-75

Publicly Accessible Open Spaces in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible open spaces are listed in this Section, inclusive. Such publicly accessible open spaces shall be comprised of the Western Open Space, the Central Open Space, the Southwest Open Space, the Northeast Plaza, the Midblock Connection, and the #High Line# as described within this Section, inclusive. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B identifies the location of publicly accessible open spaces.

General requirements for each publicly accessible open space are set forth within this Section. Design requirements for each publicly accessible open space are set forth in Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F). The phasing and approval process for each publicly accessible open space is set forth in Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

All publicly accessible open spaces listed in this Section shall be accessible to the public from the hours of 6:00 a.m. to 1:00 a.m. with the exception of the #High Line# and the Northeast Plaza. The Northeast Plaza shall provide hours of access pursuant to Section 37-727.

(4/29/14)

93-751

General requirements for the Western Open Space

A publicly accessible open space, (henceforth referred to as the “Western Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that amenities that are provided in accordance with this Section and Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Western Open Space.

(a) General purpose

The Western Open Space is intended to serve the following purposes:

- (1) to provide a major open space that joins the northern portion of the #High Line# open space network on its west to the open space networks leading to the Hudson Park and Boulevard on its east;

- (2) to provide a large open lawn area overlooking the Hudson River for public use and enjoyment; and
- (3) to provide transition areas that offer shade, supplemental space between the open lawn and surrounding #building# and connections between surrounding publicly accessible open spaces.

(b) Location and minimum dimensions

The Western Open Space shall be located east of the #High Line#, and encompass the area between Sites 1 and 5 as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B. The Western Open Space shall have a minimum easterly boundary of 225 feet, as measured from the easterly #street line# of Twelfth Avenue.

(c) Core elements

The Western Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum area of one acre. Any lawn area located within 40 feet of a #building# wall on Sites 1 or 5 shall not contribute towards this one acre requirement. The required lawn area shall be comprised of the following amenities:

- (i) a continuous lawn area shall be provided over a minimum of 75 percent of the required one acre. Such area shall have a maximum slope of three degrees and unobstructed visual access toward the Hudson River; and
- (ii) a transitional lawn area may be provided for a maximum of 25 percent of the required one acre of lawn area. Such area need not be continuous, and shall have a maximum slope of 15 degrees. Trees and other plantings shall be permitted in such area.

(2) #High Line# connection

Access to the #High Line# shall be provided along a minimum of 75 feet and a maximum of 150 feet of #High Line# frontage length. Such frontage need not be continuous, however, in order to qualify as unobstructed access that contributes to the minimum 75 foot requirement set forth in this paragraph (c)(2), a minimum frontage width of five feet is required. Such access need not be opened to the public until the #High Line# is reconstructed as public open space in accordance with the provisions of Section 93-756 (General requirements for the High Line).

(3) Supplemental area

Any space provided in the Western Open Space which does not meet the criteria for lawn area set forth in paragraph (c)(1) of this Section or the criteria for the #High Line# connection set forth in paragraph (c)(2) shall be designated as supplemental area and shall comply with the requirements set forth in this paragraph (c)(3).

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 2,000 square feet of supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each with a minimum width of 12 feet, shall be provided in the supplemental area. One such pedestrian access shall link the Allee of the West 32nd Street Extension, as defined in paragraph (c)(2) of Section 93-761 and shown on Map 3 in Appendix B, to the #High Line#, and the second such pedestrian access shall link the West 31st Street Extension to the #High Line#.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Permanent structures such as food or information kiosks, pavilions or public restrooms may be placed within the supplemental area, provided the height of such structures does not exceed 20 feet. The maximum #lot coverage# that all such permanent structures may occupy shall be 400 square feet, and such structures shall be exempt from the definition of #floor area#.

(d) Transparency

For portions of #buildings# on Site 1 and Site 5 fronting upon the Western Open Space, a minimum of 50 percent of the surface area of the ground floor #street wall# fronting upon the open space shall be treated with clear, untinted transparent material.

(e) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 32nd Street Extension shall be permitted to encroach upon the supplemental area of the Western Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Western Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93-752

General requirements for the Central Open Space

A publicly accessible open space, (henceforth referred to as the “Central Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that portions of a #building# on Site 3 and amenities that are provided in accordance with Sections 93-75 and 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Central Open Space.

(a) General purpose

The Central Open Space is intended to serve the following purposes:

- (1) to serve as a neighborhood open space;
- (2) to provide amenities for area residents, workers and the general public; and
- (3) to provide areas that offer varied programs, supplemental spaces between amenities and surrounding #buildings# and connections between surrounding publicly accessible open spaces.

(b) Location and dimensions

The Central Open Space shall be located within the area bounded by the West 32nd Street Extension, the West 31st Street Extension, the Connector and Eleventh Avenue, and shall also be comprised of any portion of Sites 3 and 4 that are not covered by #buildings# at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Central Open Space shall have a minimum dimension in the north-south direction as measured from the southerly #street line# of the West 32nd Street Extension to the northerly #street line# of the West 31st Street Extension of 175 feet. In addition, the minimum dimension of the Central Open Space in the north-south direction between the northern boundary of Site 3 and the southerly #street line# of the West 32nd Street Extension shall be 55 feet.

The Central Open Space shall have a minimum dimension in the east-west direction as measured from the easterly #street line# of the Connector to the westerly #street line# of Eleventh Avenue of 545 feet. In addition, the minimum dimension of the open space in the east-west direction between the eastern boundary of Site 3 and the western boundary of Site 4 shall be 265 feet.

Within 350 feet of the Eleventh Avenue #street line#, the maximum height of the finished grade of the Central Open Space shall be 45 feet above the Manhattan Datum, which is

2.75 feet above sea level. Beyond 350 feet of Eleventh Avenue, the maximum height of the finished grade shall be 47 feet above the Manhattan Datum.

(c) Core elements

The Central Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum aggregate area of 10,000 square feet and a maximum slope of three degrees. Such area need not be continuous. Any lawn area located within 12 feet of a #building# wall on Sites 3 or 4 shall not contribute towards such minimum gross area.

(2) Playground

A playground shall be provided with a minimum area of 10,000 square feet.

(3) Supplemental area

Any space in the Central Open Space other than the required lawn area set forth in paragraph (c)(1) of this Section or the required playground space set forth in paragraph (c)(2) of this Section, shall be designated as supplemental area and shall comply with the requirements set forth in this Section.

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 1,500 square feet of the supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each with a minimum width of 12 feet, shall be provided in the supplemental area. Such pedestrian access shall link the West 31st and West 32nd Street Extensions and be no closer than 150 feet to one another at any point.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Within 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 7.5 degrees, or a maximum height of two feet. Beyond 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 15 degrees.

(d) Permanent structures

Permanent structures, such as food or information kiosks, pavilions or public restrooms may be placed within the Central Open Space, provided the height of such structures does not exceed 20 feet. The maximum #lot coverage# that all such permanent structures may occupy shall be 400 square feet and such structures shall be exempt from the definition of #floor area#.

(e) Transparency

For portions of #buildings# in Site 4 fronting upon the Central Open Space, a minimum of 50 percent of the surface area of the ground floor #street wall# fronting upon the open space shall be treated with clear, untinted, transparent material.

(f) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 31st Street Extension shall be permitted to encroach upon the supplemental area of the Central Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Central Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93-753

General requirements for the Southwest Open Space

A publicly accessible open space, (henceforth referred to as the “Southwest Open Space”), shall be provided in Subdistrict F. Such accessible open space shall be open to the sky, except that portions of a #building or other structure# on Site 5, the #High Line# and amenities that are provided in accordance with Sections 93-75 and 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Southwest Open Space.

(a) General purpose

The Southwest Open Space is intended to serve the following purposes:

- (1) to serve as an inviting pedestrian gateway to the Western Rail Yard from open space networks along the Hudson River;
- (2) to provide pedestrian amenities and connections between surrounding public spaces both on and adjacent to the Western Rail Yard; and

(3) to offer a unique open space experience for pedestrians through the negotiation of the area's grade changes.

(b) Location and minimum dimensions

The Southwest Open Space shall be located within the area bounded by Twelfth Avenue, the Western Open Space, the West 31st Street Extension, Site 6 and West 30th Street, and shall also be comprised of any portion of Site 5 which is not covered by a #building or other structure# at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Southwest Open Space shall have a minimum dimension in the east-west direction as measured from the easterly #street line# of Twelfth Avenue to the western boundary of Site 6 of 400 feet. However, if the length of Site 6 is extended to accommodate a public #school# in accordance with the provisions of paragraph (b) of Section 93-568 (Site 6), the minimum dimension of the Southwest Open Space shall be 360 feet.

The Southwest Open Space shall have a minimum dimension in the north-south direction as measured from the northerly #street line# of West 30th Street to the southern boundary of the Western Open Space of 180 feet and a maximum dimension of 200 feet.

(c) Core elements

The Southwest Open Space shall have the following core elements. For the purpose of determining the amount of an amenity to provide in relation to the area of the Southwest Open Space, the area of the Southwest Open Space shall exclude the area occupied by a #building or other structure# on Site 5 and the #High Line#.

A minimum of 50 percent of the area of the Southwest Open Space shall be landscaped with soft ground cover, and the remaining 50 percent of the Southwest Open Space may be paved. At least one tree shall be provided for every 1,500 square feet of Southwest Open Space.

An unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the West 31st Street Extension. If such pedestrian access contains 'switchbacks,' comprised of a series of ascending pedestrian ways, the minimum distance between midpoints of each way, as measured, in plan, from the northerly edge of one way to the southerly edge of the next ascending way shall be 15 feet.

A second unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the #High Line bed# or with an elevator located adjacent to the #High Line# that provides public access to the #High Line bed#. Such access need not be opened to the public until the #High Line# is reconstructed as public open space in accordance with the provisions of Section 93-756.

A minimum of one linear foot of seating shall be provided for every 75 square feet of soft ground cover provided within the Southwest Open Space. At least 50 percent of such required seating shall provide seatbacks.

Permanent structures, such as food or information kiosks, pavilions or public restrooms shall be permitted within the Southwest Open Space, provided the height of such structures does not exceed 20 feet. The maximum area #lot coverage# that all such permanent structures may occupy shall be 1,000 square feet, provided that such structures are located entirely west of the #High Line#. Such permanent structures shall be exempt from the definition of #floor area#.

(d) Permitted encroachments from private streets

The terminus of the West 31st Street Extension shall be permitted to encroach upon the Southwest Open Space, provided that the site and landscape plans for the West 31st Street Extension are approved in conjunction with the Southwest Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93-754

General requirements for the Northeast Plaza

A publicly accessible open space, (henceforth referred to as the “Northeast Plaza”), shall be provided at the intersection of West 33rd Street and Eleventh Avenue, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B. The area of such space shall be at least 2,600 square feet, and shall have a minimum #street# frontage of 40 feet along each #street#. The Northeast Plaza shall be provided in accordance with the standards for #public plazas#, as set forth in Section 37-70 (PUBLIC PLAZAS), exclusive of the area dimensions set forth in Section 37-712.

(4/29/14)

93-755

General requirements for the Midblock Connection

A pedestrian way, (henceforth referred to as the “Midblock Connection”), shall be provided between West 33rd Street and the West 32nd Street Extension, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(a) General purpose

The Midblock Connection is intended to serve the following purposes:

- (1) to provide pedestrian access between West 33rd Street and the Western Rail Yard Subdistrict F; and
- (2) to provide amenities similar to a through block public plaza.

(b) Location and dimensions

The entirety of the Midblock Connection shall be located between 335 feet and 455 feet west of the westerly Eleventh Avenue #street line#.

The minimum width of the Midblock Connection, measured in the east-west direction, shall be 60 feet.

(c) Core elements

The Midblock Connection shall provide the following core elements:

- (1) A minimum of one unimpeded pedestrian access, with a minimum width of 12 feet, shall be provided to connect the West 32nd Street Extension with West 33rd Street;
- (2) A minimum of one linear foot of seating shall be provided for every 75 square feet of the Midblock Connection. A minimum of 50 percent of the required seating shall provide seatbacks; and
- (3) A minimum of 20 percent of the gross area of the Midblock Connection shall be landscaped with soft ground cover, and shall provide a minimum of one tree per every 1,500 square feet.

(2/2/11)

93-756

General requirements for the High Line

For the portion of the #High Line# that is located within the boundary of Subdistrict F, the following provisions shall apply.

(a) General purpose

The #High Line# is intended to serve the following purposes:

- (1) to serve as a continuation of the #High Line# public open space to the east and to the south of West 30th Street;
- (2) to offer a pedestrian and passive open space experience similar to the #High Line# open space south of West 30th Street, through planting, materials and amenities, while taking into account the nature and character of the Western Rail Yard Subdistrict F; and
- (3) to allow for connections to other public areas on the Western Rail Yard Subdistrict F.

(b) Permitted #uses#

Any permitted change of #use# for the #High Line# shall be made pursuant to the provisions of Section 93-10 (USE REGULATIONS).

(c) Core elements

The #High Line# open space shall provide amenities including, but not limited to, planting, seating and lighting designed to complement and be integrated with portions of the #High Line# south of West 30th Street in a manner that provides both visual and pedestrian continuity along the #High Line# open space network. The #High Line# open space shall not be subject to the design criteria for public access areas in Subdistrict F set forth in Section 93-77.

The site and landscape plans for the #High Line# approved pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F) shall make provision for access points to and from the #High Line# open space, including the public access provided in the Southwest Open Space pursuant to Section 93-753 (General requirements for the Southwest Open Space) and, subject to agreement, shall include support facilities necessary for the operation, maintenance and public enjoyment of the #High Line# open space located in Subdistrict F, or at other locations north of West 30th Street.

(d) Certification to modify requirements adjacent to the #High Line#

The Chairperson of the City Planning Commission may modify certain regulations on adjacent development sites 1 through 6, provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary in order to provide access to the #High Line# open space or to accommodate facilities for the #High Line# open space, and that such change is compatible with the character of developed portions of the #High Line# south of West 30th Street.

The following regulations may be modified:

- (1) The ground floor level requirements set forth in Section 93-14 (Ground Floor Level Requirements), where applicable;
- (2) The unobstructed five foot separation between the #High Line# and a #street wall# on Sites 1, 5 and 6 required pursuant to paragraph (a) of Section 93-561 (General rules for Subdistrict F) in order to accommodate a pedestrian access way, open to the sky, between the #High Line# and such development sites. However, the required five foot #street wall# separation from the edge of the #High Line# shall not be modified;
- (3) The #street wall# requirements for Site 6 set forth in Section 93-562 (Street wall regulations for certain streets), only as necessary to accommodate pedestrian access onto the #High Line#;
- (4) The general requirements for the Western Open Space and the Southwest Open Space set forth in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F); and
- (5) The general requirements for the 30th Street Corridor set forth in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F).

Any application for such change shall be included in the application for the site and landscape plans submitted pursuant to the provisions of Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F) for the #High Line# open space.

(4/29/14)

93-76

Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible private streets and pedestrian ways shall be provided in Subdistrict F in addition to the publicly accessible open spaces required in Section 93-75. Such private streets and pedestrian ways shall be comprised of the West 31st and West 32nd Street Extensions, the West 30th Street Corridor and the Connector. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B of this Chapter identifies the location of these publicly accessible private streets and pedestrian ways.

General requirements for each publicly accessible private street and pedestrian way are set forth within this Section. Design requirements for each publicly accessible private street and pedestrian way are set forth in Section 93-77 (Design Criteria for Public Access Areas in

Subdistrict F). The phasing and approval process for each publicly accessible private street and pedestrian way are set forth in Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Publicly accessible private streets and pedestrian ways listed in this Section shall be accessible to the public at all times.

(4/29/14)

93-761

General requirements for the West 32nd Street Extension

A private street, (henceforth referred to as the “West 32nd Street Extension”), shall be provided south of and parallel to West 33rd Street.

(a) General purpose

The West 32nd Street Extension is intended to serve the following purposes:

- (1) to serve as the primary publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;
- (2) to provide an experience substantially similar to active public #streets# in other high-density, mixed use districts;
- (3) to provide a unique urban park-like experience for an active public #street# by connecting the Western Open Space and the Eastern Rail Yard plaza with a pedestrian Allee, as defined in paragraph (c)(2) of this Section and shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B; and
- (4) to provide a private street with core elements that are substantially similar to the surrounding public #streets#.

(b) Location and dimensions

The West 32nd Street Extension shall have its northerly edge located a minimum of 180 feet and a maximum of 200 feet south of the West 33rd Street #street line#, as shown on Map 3 in Appendix B, except that a terminus to the West 32nd Street Extension, located west of the Connector shall be permitted to expand beyond the maximum dimensions, provided that such terminus extends to provide a #building# entrance drive along Site 1, and complies with the provisions set forth in paragraph (e) of Section 93-751 (General requirements for the Western Open Space).

(c) Core elements

The West 32nd Street Extension shall provide the following core elements:

(1) Streets and sidewalk requirements

The West 32nd Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public #streets#.

Such private street shall consist of:

- (i) a road bed, paved with asphalt, with a minimum width pursuant to the requirements set forth by the Fire Department;
- (ii) a 20 foot minimum sidewalk along its entire northern curb; and
- (iii) a 25 foot minimum sidewalk along its entire southern curb.

(2) Planting and seating requirements for the southern sidewalk and the Allee

Two trees shall be planted for every 20 feet of southern curb length of the West 32nd Street Extension between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension.

Along the southern sidewalk, trees shall be planted within five feet of the curb and the southern edge of the sidewalk. One row of trees shall be planted within five feet of the curb and a second row of trees shall be planted within five feet of the southern edge of the sidewalk. This double row of tree planting along the southern sidewalk of the West 32nd Street Extension between Eleventh Avenue and the Connector shall henceforth be referred to as the Allee, as shown on Map 3 in Appendix B. No #building or other structure# shall be permitted within 15 feet of the southern edge of the Allee.

The Allee shall provide a minimum of one linear foot of seating for every 75 square feet of the Allee. A minimum of 50 percent of the required seating shall provide seatbacks.

(3) Planting requirements for the northern sidewalk

One tree shall be planted for every 25 feet of curb length of the West 32nd Street Extension along its northern curb between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension between

Eleventh Avenue and the Connector. Along the northern sidewalk, trees shall be planted within five feet of the curb.

(4) Curb cuts

No curb cuts shall be permitted along the West 32nd Street Extension, except for access to the Connector if required by the Fire Department.

(4/29/14)

93-762

General requirements for the West 31st Street Extension

A private street, (henceforth referred to as the “West 31st Street Extension”), shall be provided north of and parallel to West 30th Street.

(a) General purpose

The West 31st Street Extension is intended to serve the following purposes:

- (1) to serve as a publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;
- (2) to provide an experience substantially similar to active public #streets# in other high-density, mixed use districts; and
- (3) to provide a private street with core elements that are substantially similar to the surrounding public #streets#.

(b) Location and dimensions

The West 31st Street Extension shall have its southerly edge located a minimum of 180 feet and a maximum of 200 feet north of the West 30th Street #street line#, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B, except that a terminus to the West 31st Street Extension, located west of the Connector, shall be permitted to expand beyond the maximum dimensions, provided that such terminus extends to provide a #building# entrance drive along Site 5, and complies with the provisions set forth in paragraph (d) of Section 93-753 (General requirements for the Southwest Open Space), and/or paragraph (f) of Section 93-752 (General requirements for the Central Open Space), as applicable.

(c) Core Elements

The West 31st Street Extension shall provide the following core elements:

(1) Street and sidewalk requirements

The West 31st Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public #streets#.

Such private street shall consist of:

- (i) a road bed, paved with asphalt, with a minimum width pursuant to requirements set forth by the Fire Department;
- (ii) a 15 foot minimum sidewalk along its entire northern curb; and
- (iii) a 20 foot minimum sidewalk along its entire southern curb.

(2) Planting requirements for sidewalks

One tree shall be planted for every 25 feet of curb length of the West 31st Street Extension between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street between Eleventh Avenue and the Connector.

(3) Curb cuts

One curb cut shall be permitted along each side of the West 31st Street Extension. The maximum width of such curb cut shall be 30 feet. A third curb cut accessing the Connector shall be permitted if required by the Fire Department.

(4/29/14)

93-763

General requirements for the West 30th Street Corridor

A pedestrian way (henceforth referred to as the “West 30th Street Corridor”), shall be provided along the northerly sidewalk of West 30th Street adjacent to the area below the #High Line#.

(a) General purpose

The West 30th Street Corridor is intended to serve the following purposes:

- (1) to serve as a transition space between the #High Line# and the West 30th Street sidewalk;

- (2) to allow for active frontages with publicly accessible spaces for establishments below the #High Line#, and
- (3) to provide an overall streetscape design that complements and provides views of the #High Line# along West 30th Street.

(b) Location and dimensions

The West 30th Street Corridor shall be located in the area bounded by the #High Line#, Eleventh Avenue, West 30th Street and the eastern edge of the Southwest Open Space, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

In the north-south direction, the West 30th Street Corridor shall extend from the #street wall# of #buildings# beneath the #High Line# facing West 30th Street (which shall coincide with the northerly edge of the southern row of structural columns of the #High Line#) to the northerly #street line# of West 30th Street.

(c) Core elements

The West 30th Street Corridor shall have the following provisions for its core elements:

- (1) a pedestrian access area at least 10 feet in width shall be provided along the entire length of the West 30th Street Corridor, linking Eleventh Avenue with the sidewalk adjacent to the Southwest Open Space. Such area shall be located a minimum of five feet beyond the northerly curb line of West 30th Street, and shall be free of obstructions;
- (2) portions between the required pedestrian access area and the #High Line# may be paved or landscaped; and
- (3) street trees shall be planted within five feet of the northern curb of West 30th Street. One tree shall be planted for every 25 feet of curb length. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of West 30th Street.

(4/29/14)

93-764

General requirements for the Connector

A publicly accessible connection (henceforth referred to as the “Connector”), shall be provided between the West 32nd Street Extension and the West 31st Street Extension.

(a) General purpose

The Connector is intended to serve the following purposes:

- (1) to serve as a connection between the West 32nd Street Extension and the West 31st Street Extension;
- (2) to provide a space that complements the surrounding publicly accessible open spaces; and
- (3) to provide an emergency egress connector pursuant to Fire Department standards.

(b) Location and dimensions

The western #street line# of the Connector shall be located a minimum of 225 feet east of the easterly #street line# of Twelfth Avenue, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(c) Core elements

The Connector shall provide the following core elements:

- (1) the Connector shall be constructed to minimum Fire Department standards for an emergency egress connection between the West 32nd Street Extension and the West 31st Street Extension, including, but not limited to, the width and materials of paved area, and permitted obstructions within such area; and
- (2) the Connector shall not be located within 15 feet of a #building#.

(6/6/24)

93-77

Design Criteria for Public Access Areas in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

(a) Design criteria

Where private streets, pedestrian ways and publicly accessible open spaces, with the exception of the #High Line#, provide elements listed in this Section, such elements shall comply with the applicable minimum design standards, set forth in paragraph (a) of this Section, as a minimum design standard.

(1) Seating

Seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section 37-741, inclusive.

(2) Planting and trees

Where planting areas are provided, they shall meet the planting bed requirements and irrigation requirements of Section 37-742 (Planting and trees).

Where trees are provided, they shall meet the applicable minimum tree caliper standards, soil requirements and irrigation standards set forth in Section 37-742, except that within the Western Open Space, the Central Open Space and the Southwest Open Space, the soil requirements for tree planting shall not apply. In lieu thereof, all trees in the Central and Western Open Spaces shall be planted in areas with soil depth of at least five feet. In the Southwest Open Space, all trees shall be planted in continuous planted areas that have a minimum depth of five feet and a minimum area of 500 square feet of soil.

(3) Paving

Paving, exclusive of the required asphalt paving of the West 31st and West 32nd Street Extension roadbeds, shall meet the minimum standards set forth in Section 37-718.

(4) Steps

Steps shall meet the minimum dimensional standards set forth in Section 37-725.

(5) Kiosks and open air cafes

Kiosks or open air cafes shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes). Seating provided as part of an open air cafe shall not count towards meeting the seating requirements of a public access area listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F).

(6) Standards of accessibility for persons with disabilities

All publicly accessible open spaces, private streets and pedestrian ways shall be designed pursuant to the standards of accessibility for persons with disabilities set forth in Section 37-728.

(7) Lighting and electrical power

All publicly accessible open spaces, private streets and pedestrian ways shall provide lighting and electrical power pursuant to the standards set forth in Section 37-743.

(8) Litter receptacles

All publicly accessible open spaces, private streets and pedestrian ways shall provide litter receptacles pursuant to the standards set forth in Section 37-744.

(9) Bicycle parking

Bicycle racks sufficient to accommodate at least 25 bicycle parking spaces shall be provided in the Southwest Open Space, bicycle racks sufficient to accommodate at least 30 bicycle parking spaces shall be provided in the Central Open Space and bicycle racks sufficient to accommodate at least 33 bicycle parking spaces shall be provided in the Western Open Space. Such racks shall be located adjacent to a paved circulation path within the open space or in public sidewalks adjacent to the open space.

(10) Playgrounds and additional amenities

Where playgrounds and additional amenities are provided in publicly accessible open spaces, such amenities shall be designed pursuant to the standards set forth in Section 37-748.

(11) Signs

All open spaces within the publicly accessible open spaces shall provide open space signage pursuant to the standards set forth in Section 37-751.

(12) Canopies, awnings, marquees and sun control devices

Where #buildings# front onto publicly accessible open spaces, private streets and pedestrian ways, canopies, awnings, marquees and sun control devices shall be permitted pursuant to the standards set forth in paragraph (c) of Section 37-726 (Permitted obstructions).

(13) Gates and fences

Gates, fences or other barriers shall be permitted at the perimeter of any playgrounds, tot lots or dog runs provided as part of a publicly accessible open space or pedestrian way. Additional gates, fences or other barriers shall be permitted in the Midblock Connection, the Southwest Open Space and the #High Line# only as approved as part of the site and landscape plans submitted pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Such gates, fences or other barriers shall have a maximum height of 48 inches, as measured from the adjoining grade level, and shall be at least 70 percent open. However, where gates, fences or other barriers are mounted on a solid curb, such minimum transparency shall not include the surface area of the curb, provided that the height of such curb does not exceed six inches.

Chain link fencing or barbed or razor wire shall not be permitted.

(14) Public restrooms

At least one public restroom shall be provided to serve either the Central Open Space or the Western Open Space, whichever is developed first pursuant to the provisions of Section 93-78. Such public restroom shall provide separate restroom spaces for each gender, and may be located in either the publicly accessible open space or within the ground floor of any adjacent #building#.

(b) Maintenance

The owner of each of Sites 1 through 6 in Subdistrict F shall be responsible for the maintenance of all publicly accessible open spaces, private streets and pedestrian ways, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation within the portion of the Subdistrict associated with such site in the phased development provided in the site and landscape plans required pursuant to Section 93-78. Notwithstanding the foregoing, maintenance of the #High Line# shall be governed by such agreements as are entered into with respect thereto.

(c) Interim #use#

Open #uses# listed under Use Group I, with the exception of cemeteries and golf courses, shall be permitted as interim #uses# within the designated boundary of any public access area described in Sections 93-75 or 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F) with the exception of the #High Line# open space, or within the designated boundary of any development site described in Section 93-56 (Special Height and Setback Regulations in Subdistrict F). Such interim #uses# may be #developed# prior to the approval of the site and landscape plans for the public access area in which it is located, and may continue until such time as development commences on such public access area pursuant to the approved site and landscape plans. Any such interim #uses# shall be open to and usable by the public, and may include temporary structures, provided that all associated #floor area# is appurtenant to the interim #use#.

(4/29/14)

93-78

Site and Landscape Plans for Public Access Areas in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

All publicly accessible open spaces, or portions thereof, listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways, or portions thereof, listed in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), shall comply with the following provisions:

- (a) No building permit shall be issued for any #development# or #enlargement# within Subdistrict F unless the Chairperson of the City Planning Commission has certified to the Commissioner of Buildings that the site and landscape plans for the Subdistrict F public access area have been approved by the Chairperson pursuant to the provisions of this Section. Notwithstanding the foregoing, the Chairperson shall allow for the phased development of public access areas, or portions thereof, upon certification to the Commissioner of Buildings that site and landscape plans have been submitted that provide for the completion of public access areas in association with the #development# or #enlargement# of a #building# or #buildings# within each phase.
- (b) An application under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include:
 - (1) a site plan indicating the area and dimensions of the public access area, or portions thereof, and the location of all proposed #buildings# in the phase subject to the application;
 - (2) a landscape plan, prepared by a registered landscape architect, for the public access area, or portions thereof, in the phase subject to the application; and
 - (3) a report to the Chairperson demonstrating:
 - (i) that the site and landscape plans have been presented by the applicant to the affected Community Board, City Council Member and Borough President and the Community Board, City Council Member and Borough President have had at least 60 days to review; and
 - (ii) that any comments and recommendations of the affected Community Board, City Council Member and Borough President have been considered by the applicant, as set forth in a written response to such comments or recommendations. Where design modifications have been made in response to such recommendations, the report shall identify how the design has been modified.

- (c) The Chairperson of the City Planning Commission shall approve the site and landscape plans within 45 days following filing, provided that the following provisions are met:
- (1) the site and landscape plans provide for the improvement of the public access area, or portions thereof, which, taking into account relevant considerations relating to platform construction and engineering, are:
 - (i) of sufficient size to provide a valuable public amenity and promote site access for the benefit of residents and workers in the #buildings# in the phase to which they relate, as well as for the general public; and
 - (ii) appropriately sited and located in suitable proximity to the #building# locations in the phase to which they relate.
 - (2) the site and landscape plans are consistent with the general purposes and contain the core elements listed in Sections 93-75 and 93-76, inclusive;
 - (3) all elements in the site and landscape plans comply with the design criteria as set forth in Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F), or, in the case of the #High Line#, that the elements in the landscape plan comply with the criteria set forth in paragraph (c) of Section 93-756 (General requirements for the High Line);
 - (4) the site and landscape plans are consistent and appropriate in relation to any previously approved landscape plan for other phases and in relation to conceptual plans for future phases, as applicable;
 - (5) the level of public amenity provided in the landscape plan is equal to or better than the level of public amenity required in #public plazas# that are provided in accordance with the standards of Section 37-70 or, in the case of the #High Line#, than the level of public amenity provided on developed portions of the #High Line# south of West 30th Street. All public amenities that are provided in the landscape plan shall take into account the nature and character of the Subdistrict F public access areas; and
 - (6) a maintenance plan, including any necessary maintenance facilities for the public access area, or portions thereof, in the phase, has been established that will ensure compliance with the provisions of paragraph (b) of Section 93-77.

Approved site and landscape plans shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification to the Department of Buildings under this Section. The recording information shall be included on the

certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

- (d) No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# or #enlargement# within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with the site and landscape plans, and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the site and landscape plans for the public access area, or portions thereof associated with such phase. Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section 93-782 (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# or #enlargement# within the phase until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with such temporary public access area plan, and the public access area, or portions thereof, are open and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with the phase previously improved pursuant to the temporary public access area plan, has been fully completed in accordance with the site and landscape plans therefor, and that the public access area, or portions thereof, are open to and useable by the public.
- (e) Where a phase of development results in all development sites in Subdistrict F, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, having been #developed# in whole or in part pursuant to the provisions of Section 93-56 (Special Height and Setback Regulations in Subdistrict F), the Department of Buildings shall not issue a certificate of occupancy for the last #building# of such phase unless and until the Chairperson certifies to the Commissioner of Buildings that all public access areas within Subdistrict F are substantially complete, and are open to and useable by the public. However, in the event that the site and landscape plans for the #High Line# open space have not been approved, pursuant to paragraph (c) of this Section, at the time such last #building# is eligible for a certificate of occupancy, the Department of Buildings shall issue such certificate of occupancy upon certification of the Chairperson that all public access areas other than the #High Line# open space are substantially complete.

(12/21/09)

93-781**Certification to modify general requirements of public access areas for ventilation demands**

The Chairperson of the City Planning Commission may modify the general requirements of the publicly accessible open spaces listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways listed in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Western Rail Yard. In addition to the site and landscape plans required pursuant to Section 93-78, a mechanical plan shall be provided demonstrating the need to modify such general requirements.

(2/2/11)

93-782**Certification to temporarily modify public access areas for construction staging**

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City Planning Commission that a public access area will be required for construction staging or similar activities in a future phase of #development# or #enlargement#, the application for the site and landscape plans may be accompanied by a request for approval of a temporary public access area plan for the public access area which may include fewer than all core elements required as part of a phase of #development# or #enlargement# of such public access area pursuant to paragraph (c)(2) of Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F), as necessary to accommodate such future construction staging or similar activities. Such temporary public access area plan shall be subject to review and approval in the same manner as the site and landscape plans, pursuant to Section 93-78 and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site and landscape plans, including all core elements for such public access area, shall be implemented.

(10/21/21)

93-80**OFF-STREET PARKING REGULATIONS**

In Subdistricts A, B, C, D and E, the regulations governing permitted #accessory# off-street parking spaces of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall not apply, except as set forth in this Section. In lieu thereof, the provisions of this Section, inclusive, shall apply.

In Subdistricts F and G, the regulations of Article I, Chapter 3, shall apply.

(12/20/18)

93-81

Definitions

Hudson Yards parking regulations applicability area

The “Hudson Yards parking regulations applicability area” is comprised of Subdistricts A, B, C, D and E of the #Special Hudson Yards District#, the 42nd Street Perimeter Area of the #Special Clinton District# and Subdistrict A-2 of the #Special Garment Center District#

Hudson Yards development parking supply

The “Hudson Yards development parking supply” shall be the aggregate number of off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking lots# and #public parking garages# in the #Hudson Yards parking regulations applicability area#:

- (a) that have been constructed, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before April 14, 2010, to the extent that such spaces satisfy the ratios of Section 93-821;
- (b) that have been constructed, pursuant to a City Planning Commission special permit approved subsequent to January 19, 2005, and before April 14, 2010;
- (c) for which the Chairperson has issued a certification, pursuant to Section 93-821, paragraph (e); and
- (d) that have been approved by Board of Standards and Appeals variance, pursuant to Section 72-21 , to the extent that such spaces satisfy the ratios of Section 93-821.

However, all off-street parking on Site 1, as shown on the map of the Special 42nd Street Perimeter Area in Appendix A of the #Special Clinton District# (Article IX, Chapter 6), shall be counted toward the #Hudson Yards development parking supply#.

For purposes of this definition, “constructed” shall include any off-street parking spaces in #accessory# or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were completed on April 14, 2010, under construction on such date with the right to continue construction pursuant to Section 11-331 or granted a City Planning Commission special permit after January 19, 2005, where such permit had not lapsed as of April 14, 2010.

Public parking

“Public parking” shall be off-street parking that is open to the public during the business day for hourly, daily or other time-defined rental of parking spaces, for which a fee is charged.

Reservoir deficit

The “reservoir deficit” shall be the amount by which the #reservoir surplus# is less than zero.

Reservoir parking supply

The “reservoir parking supply” shall be the sum of:

- (a) all off-street parking spaces lawfully operating as of May 27, 2009, in the #Hudson Yards parking regulations applicability area# as #public parking#; and
- (b) any off-street parking spaces for which a valid building permit had been issued, as of May 27, 2009, and which have been constructed before April 14, 2010.

However, any off-street parking space that satisfies the definition of the #Hudson Yards development parking supply# in this Section shall not be counted as part of the #reservoir parking supply#.

For purposes of this definition, “constructed” shall include any off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were either completed on April 14, 2010, or under construction on such date with the right to continue construction pursuant to Section 11-331.

Reservoir surplus

The initial #reservoir surplus# shall be 3,600 off-street parking spaces. The “reservoir surplus” shall be increased by:

- (a) the aggregate number of off-street parking spaces in the #reservoir parking supply# for which a building permit has been issued, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before April 14, 2010;
- (b) the number of off-street parking spaces in the #Hudson Yards parking regulations applicability area# above the ratios permitted in Section 93-821, either certified by the

Chairperson pursuant to Section 93-822, paragraph (c), or by City Planning Commission special permit, pursuant to Section 93-823; and

- (c) the number of off-street parking spaces lawfully added in the #Hudson Yards parking regulations applicability area#, other than those permitted pursuant to Section 93-80, inclusive, except for any increase by Board of Standards and Appeals variance that is counted as part of the #Hudson Yards development parking supply#;

The #reservoir surplus# shall be decreased by:

- (a) the aggregate number of parking spaces counted at any time in the #reservoir parking supply#, that subsequently are:
 - (1) reduced through modification or discontinuance of the applicable Department of Consumer Affairs license or certificate of occupancy or otherwise cease operation permanently; or
 - (2) not constructed in accordance with the applicable building permit, as reflected in a modification of such building permit or the issuance of a certificate of occupancy for a reduced number of spaces; or
- (b) the issuance of a certificate of occupancy for a #development# or #enlargement# providing a smaller number of spaces than allowed, pursuant to Section 93-821, to the extent of the difference between the number of #accessory# off-street parking spaces allowed, and the number provided. However, this paragraph shall not apply to Sites 2, 3, 4 and 5, as shown on Map 6 of Appendix A, and shall apply to no more than 200 #accessory# off-street parking spaces on Site 6 as shown on Map 6.

Substantial construction

“Substantial construction” shall mean the substantial enclosing and glazing of a new #building# or of the #enlarged# portion of an existing #building#.

(4/14/10)

93-82 Permitted Parking

#Developments# or #enlargements# in the #Hudson Yards parking regulations applicability area# may provide #accessory# parking spaces in accordance with the provisions of this Section. The provisions of Sections 36-52 (Size, Location and Identification of Spaces) and 36-53 (Width of Curb Cuts and Location of Access to the Street) shall apply to all permitted #accessory# off-street parking spaces.

(6/6/24)

93-821

Permitted parking when the reservoir surplus is greater than or equal to zero

When the #reservoir surplus# is greater than or equal to zero, off-street parking spaces may be provided only in accordance with the provisions of this Section.

- (a) For #residences#, #accessory# off-street parking spaces may be provided for not more than 30 percent of the total number of #dwelling units#, except that where such #dwelling units# are comprised of #low income floor area#, #moderate income floor area# or #middle income floor area#, as defined in Section 23-911, #accessory# off-street parking spaces may be provided for not more than eight percent of the total number of such #dwelling units#.
- (b) For #transient hotels# listed under Use Group V, the applicable provisions of Section 13-12 (Permitted Parking for Non-residential Uses) shall apply with respect to the number of permitted #accessory# off-street parking spaces, provided that the number of such spaces does not exceed 0.16 for every 1,000 square feet of #floor area#.
- (c) For Office #uses# listed under Use Group VII, not more than 0.16 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#.
- (d) In the Eastern Rail Yard Subarea A1, paragraphs (a) through (c) of this Section shall not apply, and any #accessory# off-street parking shall comply with the provisions of this paragraph (d):
 - (1) for #residences#, #accessory# off-street parking spaces may be provided for not more than 40 percent of the total number of #dwelling units#;
 - (2) for #commercial# and #community facility uses#, not more than 0.325 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#, provided that in no event shall the number of off-street parking spaces #accessory# to #commercial# or #community facility uses# exceed 350 spaces; and
 - (3) in no event shall the total number of #accessory# off-street parking spaces for all #uses# exceed 1,000.
- (e) The Department of Buildings shall not issue a building permit for any #accessory# off-street parking pursuant to paragraphs (a) through (c) of this Section, unless the Chairperson has certified that:

- (1) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(1)(i), (e)(1)(ii) and (e)(1)(iii), is less than or equal to 5,084 spaces:
 - (i) the #reservoir surplus# or zero;
 - (ii) the #Hudson Yards development parking supply#; and
 - (iii) the number of spaces proposed to be added by the #development# or #enlargement# for which certification is sought; and
- (2) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(2)(i), (e)(2)(ii), (e)(2)(iii) and (e)(2)(iv), is less than or equal to 5,905 spaces:
 - (i) all off-street parking spaces in the #Hudson Yards parking regulations applicability area# that have been categorized, in accordance with the definition in Section 93-81, as part of the #reservoir parking supply#, less any such off-street parking spaces that have been categorized as decreasing the #reservoir surplus# in accordance with paragraph (a) of the second part of the definition of #reservoir surplus# in Section 93-81;
 - (ii) all off-street parking spaces in the #Hudson Yards parking regulations applicability area# that have been categorized as increasing the #reservoir surplus# in accordance with paragraphs (b) and (c) of the first part of the definition of #reservoir surplus# in Section 93-81;
 - (iii) the #Hudson Yards development parking supply#; and
 - (iv) the number of spaces proposed to be added by the #development# or #enlargement# for which certification is sought.
- (3) Notwithstanding paragraphs (e)(1) and (2) of this Section, if the Chairperson determines that final certificates of occupancy have been issued by the Department of Buildings for all #buildings# shown in the site plan for the Eastern Rail Yard Subarea A1 as required by the provisions of Section 93-70, and that upon the completion of all such #buildings#, fewer than 1,000 #accessory# off-street parking spaces have been provided in such subarea, any difference between the number of #accessory# off-street parking spaces provided in the Eastern Rail Yard Subarea A1, and 1,000, may be added to the limits of 5,084 and 5,905 spaces set forth in paragraphs (e)(1) and (e)(2), respectively.
- (4) Any certification granted by the Chairperson, pursuant to this Section, shall lapse after two years if #substantial construction# of the #development# or of the #enlarged# portion of an existing #building#, which includes the subject #accessory# off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this

Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if #substantial construction# of the new #building# that includes the subject #accessory# off-street parking spaces, has not occurred.

(6/6/24)

93-822

Permitted parking when a reservoir deficit exists

When a #reservoir deficit# exists, additional off-street parking spaces may be provided in accordance with the provisions of this Section. However, this Section shall not apply in the Eastern Rail Yard Subarea A1.

- (a) The number of permitted #accessory# off-street parking spaces for Use Group V hotels may exceed 0.16 for every 1,000 square feet of #floor area#, up to the number permitted by the applicable provisions of Section 13-12 (Permitted Parking for Non-residential Uses).
- (b) The number of permitted #accessory# off-street parking spaces for #uses# included under Offices in Use Group VII may be increased by up to 33 percent of the number permitted pursuant to Section 93-821, paragraph (b).
- (c) The Department of Buildings shall not issue a building permit for any additional #accessory# off-street parking spaces permitted pursuant to this Section unless the Chairperson has certified that:
 - (1) a #reservoir deficit# exists;
 - (2) the number of #accessory# off-street parking spaces in excess of the number permitted by Section 93-821, proposed to be added by the #development# or #enlargement# for which certification is sought, does not exceed such #reservoir deficit#; and
 - (3) such additional #accessory# off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section 93-821 does not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section 93-821.
- (d) Any certification granted by the Chairperson pursuant to this Section shall lapse after two years if #substantial construction# of the new #building# or of the #enlarged# portion of an existing #building#, which includes the subject #accessory# off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall

not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if #substantial construction# of the new #building# that includes the subject #accessory# off-street parking spaces, has not occurred.

(6/6/24)

93-823

Parking permitted by special permit

When a #reservoir deficit# exists, the City Planning Commission may allow, by special permit, #uses# included under Offices in Use Group VII to exceed the number of #accessory# off-street parking spaces permitted by Section 93-822, provided that:

- (a) within the vicinity of the site, there are insufficient parking spaces available;
- (b) the facility will not create or contribute to serious traffic congestion nor unduly inhibit vehicular and pedestrian movement;
- (c) the facility is so located as to draw a minimum of vehicular traffic to and through local #residential streets#; and
- (d) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this condition.

In addition, the Commission shall find that the number of #accessory# off-street parking spaces in excess of the number permitted by Section 93-821, proposed to be added by the #development# or #enlargement# that is the subject of the application under review, does not exceed the #reservoir deficit#; and that such additional #accessory# off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section 93-821 do not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section 93-821. In making such finding, the Commission shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.

(4/14/10)

93-824

Publication of data

The Department of City Planning shall make available, in a form easily accessed by the public, regularly updated calculations of the current #Hudson Yards development parking supply#, #reservoir parking supply#, spaces described in paragraphs (e)(2)(i) and (e)(2)(ii) of Section 93-821, and #reservoir surplus# or #reservoir deficit#, as applicable.

(6/6/24)

93-83

Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the #Special Hudson Yards District#.

- (a) All off-street parking spaces #accessory# to #residences# shall be used exclusively by the occupants of such #residences#. Except in the Eastern Rail Yard Subarea A1, all off-street parking spaces #accessory# to Use Group 5 #transient hotels# listed under Use Group V and #uses# included under Offices in Use Group VII may be made available for public use. No #accessory# off-street parking spaces shall be located on a #zoning lot# other than the same #zoning lot# as the #use# to which they are #accessory#.
- (b) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are:
 - (1) entirely below the level of any #street# or publicly accessible open area upon which such facility, or portion thereof, fronts; or
 - (2) located, at every level above-grade, behind #commercial#, #community facility# or #residential floor# #area#, so that no portion of such parking facility is visible from adjoining #streets# or publicly accessible open areas.

(2/2/11)

93-831

Authorization for above-grade parking

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (b) of Section 93-83 (Use and Location of Parking Facilities) and may

authorize floor space used for parking and located above a height of 23 feet to be exempt from the definition of #floor area#, provided that:

- (a) below-grade parking has been provided to the fullest extent feasible, and such above-grade facility is necessary due to subsurface conditions such as the presence of bedrock, railroad rights-of-way or other conditions that impose practical difficulties for the construction of below-grade parking facilities;
- (b) the scale of the parking facility is compatible with the scale of #buildings# in the surrounding area;
- (c) the materials and articulation of the #street wall# of the parking facility are compatible with #buildings# in the surrounding area;
- (d) the ground floor level of such parking facilities that front upon #streets# is occupied by #commercial#, #community facility# or #residential uses# that activate all such adjoining #streets#, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from adjoining #streets# or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;
- (e) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential# #floor area#, to minimize the visibility of the parking facility from adjoining #streets# or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;
- (f) for portions of parking facilities that are visible from #streets#, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such #streets#, public access areas or properties; and
- (g) the location of vehicular entrances and exits will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(4/14/10)

93-84

Curb Cut Restrictions

Along all avenues in the #Special Hudson Yards District#, and along Hudson Boulevard and West 34th Street, and along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, no driveway curb cuts for parking facilities or loading berths shall be permitted, except:

- (a) for entrances or exits to a public parking garage located beneath Hudson Boulevard and the adjacent #public parks#; or
- (b) where the Commissioner of Buildings determines there is no alternative means of access to required off-street parking spaces or required loading berths from other #streets# bounding the #zoning lot#. However, in no event shall curb cuts be permitted on or within 40 feet of Hudson Boulevard.

(4/14/10)

93-841

Curb cut restrictions in the Large-Scale Plan Subdistrict A

In Subarea A2 of the Large-Scale Plan Subdistrict A, curb cuts for parking and loading facilities shall be prohibited on West 34th Street, Tenth Avenue, Hudson Boulevard and Eleventh Avenue except where the City Planning Commission certifies there is no frontage available on West 33rd Street or West 35th Street to access a required parking or loading facility.

(4/14/10)

93-842

Curb cut restrictions in the Farley Corridor Subdistrict B

No curb cuts shall be permitted on Eighth or Ninth Avenues between West 31st and West 33rd Streets. In the Pennsylvania Station Subarea B4, the maximum aggregate width of curb cuts on West 33rd Street shall be 90 feet. On the south side of West 33rd Street between the Lincoln Tunnel Approach and Ninth Avenue, the maximum aggregate width of curb cuts shall be 90 feet.

(4/14/10)

93-85

Authorization for Additional Curb Cuts

Along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, for #zoning lots# greater than 20,000 square feet, the City Planning

Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed for required loading berths, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area. Loading berths shall be arranged so as to permit head-in and head-out truck movements to and from the #zoning lot# and thereby permit a more efficient loading operation.

(12/20/18)

93-90 HARASSMENT

(a) Definitions

(1) Anti-harassment area

“Anti-harassment area” shall mean the #Special Hudson Yards District# and Subdistrict A-2 of the #Special Garment Center District#.

(2) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a #certification of no harassment# for processing.

(3) Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to this Section that there has not been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#.

(4) Cure compliance lot

“Cure compliance lot” shall mean a #zoning lot# on which #low income housing# is provided pursuant to a #restrictive declaration# in accordance with the cure provisions of paragraph (d) of this Section. A #cure compliance lot# may be a #cure requirement lot#.

(5) Cure requirement

Except as otherwise provided in paragraph (e) of this Section with respect to Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D of the #Special Hudson Yards District#, “cure requirement” shall mean #floor area# in an amount not less than the greater of:

- (i) 28 percent of the total #residential# and #hotel# #floor area# of any #multiple dwelling# to be altered or demolished in which #harassment# has occurred; or
 - (ii) 20 percent of the total #floor area# of any new or altered #building# on the #cure requirement lot#.
- (6) Cure requirement lot

“Cure requirement lot” shall mean:

- (i) a #zoning lot# containing a #multiple dwelling# with respect to which the Department of Housing Preservation and Development has denied a #certification of no harassment#; or
 - (ii) a #zoning lot# with respect to which an applicant, in lieu of seeking a #certification of no harassment# which would otherwise be required for the full or partial demolition or #material alteration# of a #multiple dwelling# located in the #anti-harassment area#, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a #restrictive declaration#.
- (7) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

- (8) Exempt hotel

“Exempt hotel” shall mean any #multiple dwelling#:

- (i) which is a #transient hotel# and was a #transient hotel# on the #referral date#;
- (ii) in which no #residential# occupant is, or was on the #referral date#, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and
- (iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(9) Exempt institutional residence

“Exempt institutional residence” shall mean any #multiple dwelling#:

- (i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the #referral date#, and
- (ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(10) Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a #multiple dwelling# that includes:

- (i) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive any rights in relation to such occupancy;
- (ii) the interruption or discontinuance of essential services which
 - (a) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in the use or occupancy of such #dwelling unit# or #rooming unit#, and
 - (b) causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy;
- (iii) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such unit or to waive any rights in relation to such occupancy; or
- (iv) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such #dwelling unit# or #rooming unit# or causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy, including but not limited to removing the possessions of any occupant from the #dwelling unit# or #rooming unit#; removing the door

at the entrance to the #dwelling unit# or #rooming unit#; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

(11) Inquiry period

“Inquiry period” shall mean a period which:

- (i) commences upon the later of the #referral date# or a date which is 15 years prior to the #application date#, and
- (ii) terminates upon the #application date#;

provided, however, that the Department of Housing Preservation and Development may:

- (a) set such commencement date upon any date which is on or after the #referral date# and is more than 15 years prior to the #application date# where it determines that such extension of the duration of the inquiry period would further the purposes of this Section, and
- (b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a #certification of no harassment#.

(12) Low income housing

“Low income housing” shall mean #dwelling units# or #rooming units# occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(13) Material alteration

“Material alteration” shall mean any alteration to a #multiple dwelling# or other #building#, including, but not limited to, an alteration which reduces or increases the #floor area# of the #multiple dwelling# or other #building#, #converts# #floor area# from #residential# to non-#residential use#, changes the number or layout of #dwelling units# or #rooming units#, or adds or removes kitchens or bathrooms; provided, however, that #material alteration# shall not include:

- (i) an #incidental alteration# which does not change the layout of #dwelling units# or #rooming units#, or
- (ii) a repair or replacement of existing elements of such #multiple dwelling# or other #building# without materially modifying such elements.

(14) Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

(15) Referral date

“Referral date” shall mean June 21, 2004.

(16) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

- (i) provides that #low income housing# in an amount not less than the #cure requirement# shall be provided in a new or altered #multiple dwelling# located in the #anti-harassment area#,
- (ii) provides that the #low income housing# must comply with the requirements of Section 23-90 for rental #affordable housing# provided without #public funding#, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development,
- (iii) contains such other terms as the Department of Housing Preservation and Development shall determine,
- (iv) has been approved by the Department of Housing Preservation and Development,
- (v) runs with the land and binds all parties in interest to the #cure requirement lot# and their successors,
- (vi) runs with the land and binds all parties in interest to the #cure compliance lot# and their successors, and
- (vii) is perpetual in duration.

(17) Rooming unit

“Rooming unit” shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

- (1) Unless the Department of Housing Preservation and Development has issued a #certification of no harassment# pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, the Department of Buildings shall not issue a permit for:
 - (i) the full or partial demolition of a #multiple dwelling# located in the #anti-harassment area#; or
 - (ii) the #material alteration# of a #multiple dwelling# located in the #anti-harassment area#.
- (2) Any permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:
 - (i) making the public areas of a #multiple dwelling# accessible to persons with disabilities without altering the configuration of any #dwelling unit# or #rooming unit#; or
 - (ii) making a #dwelling unit# or a #rooming unit# accessible to persons with disabilities.
- (3) The following structures shall be exempt from the provisions of this Section:
 - (i) any city-owned #multiple dwelling#;
 - (ii) any #multiple dwelling# which is the subject of a program approved by Department of Housing Preservation and Development for the provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;
 - (iii) any #multiple dwelling# initially occupied for residential purposes after January 1, 1974, except for #buildings# which are or have been interim #multiple dwellings# pursuant to Article 7C of the Multiple Dwelling Law;
 - (iv) any #exempt hotel#;

- (v) any #multiple dwelling# in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the #referral date#; and
 - (vi) any #exempt institutional residence#.
- (4) Where the Department of Housing Preservation and Development has denied a #certification of no harassment# with respect to a #multiple dwelling#, the Department of Buildings shall not issue any permit with respect to any #multiple dwelling# or other #building# located on, or to be located on, the #cure requirement lot# except in accordance with paragraph (d) of this Section.
- (c) Certification of No Harassment
- (1) The Department of Housing Preservation and Development shall determine and certify whether there has been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#.
 - (2) There shall be a rebuttable presumption that any of the acts or omissions described in paragraph (a)(10) of this Section occurring within the #inquiry period# were committed by or on behalf of the owner of such #multiple dwelling# and that such acts or omissions:
 - (i) were committed with the intent to cause a person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive a right in relation to such occupancy, and
 - (ii) materially advanced the demolition or alteration in furtherance of which the permit and #certification of no harassment# are sought.
 - (3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall not be limited to, provisions which:
 - (i) establish the information to be required in an application for #certification of no harassment#, the form of such application, and the manner of filing of such application,
 - (ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development, including, but not limited to, costs for publication of any notices, and
 - (iii) establish the duration for which a #certification of no harassment# will remain effective, and

- (iv) authorize the rescission of a #certification of no harassment# if the Department of Housing Preservation and Development finds either that #harassment# has occurred after the #inquiry period# or that the application for such #certification of no harassment# contained a material misstatement of fact. Following such rescission, the Department of Buildings may revoke any permit for which such #certification of no harassment# was required.
- (4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a #certification of no harassment# where the Department of Housing Preservation and Development finds that:
- (i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such #multiple dwelling#,
 - (ii) such #multiple dwelling# has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such #multiple dwelling# (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such #multiple dwelling#) and such unlawful alteration remains uncorrected; or
 - (iii) the Department of Housing Preservation and Development has previously denied an application for a #certification of no harassment# pursuant to this Section.
- (5) If the Department of Housing Preservation and Development determines that an application for a #certification of no harassment# contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with respect to such #multiple dwelling# for a period not to exceed three years.
- (6) Before determining whether there is reasonable cause to believe that #harassment# has occurred with respect to any #multiple dwelling#, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been #harassment# of the lawful occupants of such #multiple dwelling# from the #referral date# to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that #harassment# occurred on or after the #referral date# and more than 15 years prior to the #application date#, the Department of Housing Preservation and Development shall, in accordance with paragraph

(a)(11) of this Section, set the commencement of the #inquiry period# on a date prior to the date of such alleged harassment.

- (7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that #harassment# has occurred during the #inquiry period#.
 - (i) If there is no reasonable cause to believe that #harassment# has occurred during the #inquiry period#, the Department of Housing Preservation and Development shall issue a #certification of no harassment#.
 - (ii) If there is reasonable cause to believe that #harassment# has occurred during the #inquiry period#, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a #certification of no harassment#.
- (8) The Department of Housing Preservation and Development may deny a #certification of no harassment# without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been harassment, unlawful eviction or arson at the #multiple dwelling# during the #inquiry period#.

(d) Certification of Cure for Harassment

- (1) The Department of Housing Preservation and Development shall not certify compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the #cure requirement lot# and all parties in interest to the #cure compliance lot# have entered into a #restrictive declaration#.
- (2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a #cure requirement lot# or a #cure compliance lot# shall be subject to the following conditions:
 - (i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a #material alteration#, with respect to any structure located on the #cure requirement lot# unless the #restrictive declaration# has been recorded in the Office of the City Register and indexed against each tax lot within the #cure requirement lot# and each tax lot within the #cure compliance lot#.

- (ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure requirement lot#, other than any #low income housing# located on the #cure requirement lot#, until:
 - (a) the Department of Housing Preservation and Development certifies that the #low income housing# required by the #restrictive declaration# has been completed in compliance with the #restrictive declaration#; and
 - (b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such #low income housing#.

(iii) The Department of Buildings shall include the occupancy restrictions of the #restrictive declaration# in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure compliance lot#. Failure to comply with the terms and conditions set forth in the #restrictive declaration# shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(iv) The Department of Buildings shall include the occupancy restrictions of the #restrictive declaration# in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure requirement lot#, except where:

- (a) the #cure requirement lot# is not the #cure compliance lot#; and
- (b) the management and operation of the #cure compliance lot# is wholly controlled by, and the #restrictive declaration# requires that management and operation of the #cure compliance lot# remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the #cure requirement lot#.

Failure to comply with the terms and conditions set forth in the #restrictive declaration# shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(3) No portion of the #low income housing# required under this Section shall qualify to:

- (i) increase the #floor area ratio# pursuant to the provisions of Section 23-90, as modified by the provisions of the #Special Hudson Yards District# and the #Special Garment Center District#; or
- (ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

(e) Demolition in Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D

Notwithstanding any provision of paragraph (a)(5) of this Section or paragraph (d) of this Section to the contrary, with regard to any #multiple dwelling# to be demolished in Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D of the #Special Hudson Yards District#, #cure requirement# shall mean #floor area# in an amount not less than the greater of:

- (i) 40 percent of the total #residential# or #hotel# #floor area# of any #multiple dwelling# to be demolished in which #harassment# has occurred; or
- (ii) 30 percent of the total #floor area# of any new #building# on the same #zoning lot# as the #multiple dwelling# to be demolished.

(12/20/18)

**93-91
Demolition**

The Department of Buildings shall not issue a permit for the demolition of a #multiple dwelling#, as defined in Section 93-90 (HARASSMENT), paragraph (a)(14), located within Subareas D4 or D5 in the Hell’s Kitchen Subdistrict D or within Subdistrict A-2 of the #Special Garment Center District#, or an alteration permit for the partial demolition of a #multiple dwelling# located within Subareas D4 and D5 or within Subdistrict A-2 of the #Special Garment Center District#, where such partial demolition would decrease the amount of #residential# #floor area# in such #multiple dwelling# by 20 percent or more, unless:

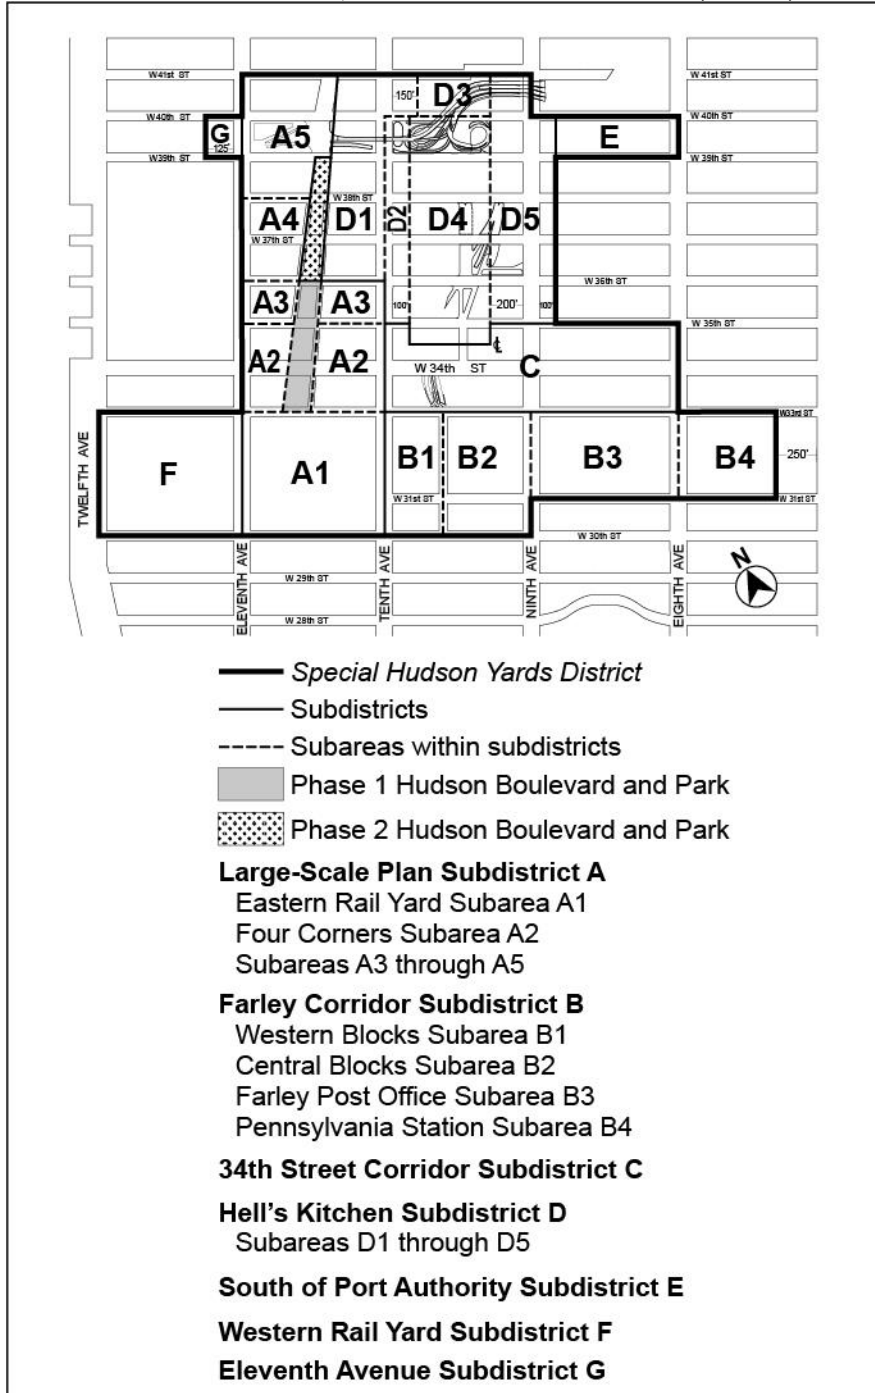

- (a) such #multiple dwelling# is an unsafe #building# or an emergency exists such that demolition is required pursuant to the provisions of Title 28, Chapter 2, Articles 215 or 216 of the New York City Administrative Code; or
- (b) the Commissioner of the Department of Housing Preservation and Development, after providing 60 days notice and opportunity to comment to the local Community Board, has certified:

- (1) if such #multiple dwelling# is to be substantially preserved, that an alteration permit is required to allow the removal and replacement of 20 percent or more of the #floor area#;
 - (2) if such #multiple dwelling# is not to be substantially preserved, that the Department of Housing Preservation and Development has determined that the rehabilitation of such #multiple dwelling# is not feasible under any active governmentally funded program; and
 - (3) that the Department of Housing Preservation and Development has issued a #certification of no harassment# pursuant to Section 93-90, paragraph (c), or has certified compliance with the cure provisions of Section 93-90, paragraph (d).
- (c) the following structures shall be exempt from the provisions of this Section:
- (1) any city-owned #multiple dwellings#;
 - (2) any #multiple dwelling# which is the subject of a program approved by the Department of Housing Preservation and Development for the provision of housing for persons of low- or moderate-income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;
 - (3) any #multiple dwelling# initially occupied for #residential# purposes after January 1, 1974, except for #buildings# which are or have been interim #multiple dwellings#, pursuant to Article 7C of the Multiple Dwelling Law;
 - (4) any #exempt hotel#, as defined in Section 93-90;
 - (5) any #multiple dwelling# in which occupancy is restricted to clubhouse or school dormitory #use# and occupancy was restricted to clubhouse or school dormitory #use# on June 21, 2004; or
 - (6) any #exempt institutional residence#, as defined in Section 93-90.

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special Sheepshead Bay District**

(5/12/21)

**94-00
GENERAL PURPOSES**

The "Special Sheepshead Bay District," established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote and strengthen the unique character of the "Special Sheepshead Bay District" area as a prime location for waterfront-related commercial and recreational development and to help attract a useful cluster of shops, restaurants and related activities, which will complement and enhance the area as presently existing;
- (b) to encourage the provision of housing with appropriate amenities in areas suitable for residential development;
- (c) to improve vehicular and pedestrian circulation patterns by requiring limited curb cuts and uniform sidewalk widening, and encouraging the provision of public open space and other amenities as a related part of new development;
- (d) to provide an incentive for redevelopment of the area in a manner consistent with the foregoing objectives which are integral elements of the Comprehensive Plan of the City of New York;
- (e) to facilitate flood-resilient construction and open space design to reduce the potential for property damage and disruption from regular flood events; and
- (f) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenues.

(2/2/11)

94-01

Definitions

Development

For the purposes of this Chapter, a "development" includes #development#, as defined in Section 12-10, or an #enlargement#.

Development rights

For the purposes of this Chapter, the "development rights" of a #granting lot# shall consist of the unused bonus #floor area# allowed by Section 94-08 (Special Floor Area Bonus Provisions). Any unused bonus #floor area# transferred from a #granting lot# may be used on a #receiving lot# either for #residential# or #commercial# #uses# as set forth in Section 94-094 (Authorization provisions for transfer of development rights to receiving lots).

Granting lot

For the purposes of this Chapter, a "granting lot" is a #zoning lot#, with a minimum area of 20,000 square feet, which is located in Areas A, C, D or E, as indicated in Appendix A (District Map), and is #developed# pursuant to Sections 94-07 (Mandatory Provisions) and 94-08 (Special Floor Area Bonus Provisions).

Person

For the purposes of this Chapter, a "person" is an individual, corporation (whether incorporated for business, public benefit, or non-profit purposes or otherwise), partnership, trust, firm, organization, other association or any combination thereof.

Receiving lot

For the purposes of this Chapter, a "receiving lot" is a #zoning lot#, with a minimum area of 20,000 square feet, which is located in Areas A, C, E or F, as indicated in Appendix A (District Map), and on which #development rights# are transferred from a #granting lot# pursuant to Section 94-094.

(10/9/13)

94-02

General Provisions

In harmony with the general purposes of the #Special Sheepshead Bay District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Sheepshead Bay District# is superimposed are made inapplicable and special regulations are substituted therefor. The City Planning Commission, by special permit, may grant certain #uses# and may authorize #bulk# modifications within the Special District as set forth in this Chapter. Except as modified by the express provisions of this Special District, the regulations of the underlying zoning districts remain in effect.

In the #waterfront area#, the provisions of the #Special Sheepshead Bay District# are modified in accordance with the provisions of Section 62-13 (Applicability of District Regulations).

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(10/4/73)

94-04 Requirements for Applications

An application to the City Planning Commission for the grant of a special permit or authorization respecting any #development# under the provisions of this Chapter shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on both the #granting# and #receiving lots#; the location of all special amenities that are to be provided under the mandatory and bonus provisions; the location of all vehicular entrances and exits and off-street parking and loading spaces; and such other information as may be required by the Commission for its determination as to whether or not a special permit or authorization is warranted.

(10/4/73)

94-05 Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit or authorization application whenever the #development# will interfere with a public improvement project (including housing, highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission or Site Selection Board, as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit or authorization.

(10/4/73)

94-06

Special Use Regulations

In order to preserve the character of the area and to encourage waterfront and related #uses#, special limitations are imposed on the location, size and kinds of #uses# permitted within the Special District as set forth in this Section.

(6/6/24)

94-061

Permitted residential, community facility and commercial uses

A. #Residential# and #community facility# #uses#

#Residential# and #community facility# #uses# shall be allowed anywhere within the Special District, except as set forth in Section 94-065 (Restriction on ground floor use).

B. #Commercial# #uses#

In all Areas, as indicated in Appendix A of this Chapter, the underlying C2 District regulations shall apply to #commercial# #uses#.

(6/6/24)

94-062

Streetscape regulations

The underlying #ground floor level# streetscape provisions of Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that:

- (a) #ground floor level# #street# frontages in Areas A, B, C and D as indicated in Appendix A (Special Sheepshead Bay District Map) of this Chapter along Emmons Avenue shall be considered #Tier C street frontages#;
- (b) #ground floor level# #street# frontages in Areas A, B, C, E and F, as indicated in Appendix A (Special Sheepshead Bay District Map) of this Chapter, along Sheepshead Bay Road, Ocean Avenue, Bedford Avenue, Nostrand Avenue, as well as, in Areas E and

F, frontages along Emmons Avenue, shall be considered #Tier B street frontages#; and

- (c) in Areas A, B, C and D, the size of #ground floor level# #commercial uses# shall be limited to a maximum #floor area# of 3,500 square feet per establishment and to a maximum frontage per establishment at the #ground floor level# of 35 feet when facing any plaza, Emmons Avenue, Sheepshead Bay Road, Ocean Avenue and Bedford Avenue, except that:
- (1) such size limitation shall not apply to eating or drinking establishments listed under Use Group VI; and
 - (2) in Area B, grocery and convenience retailers listed under Use Group VI may exceed such size limitations if the following criteria are met:
 - (i) such establishment shall be on a #zoning lot# existing on May 27, 2015;
 - (ii) only one such establishment shall be permitted on a #zoning lot#; and
 - (iii) the size of such establishment shall be limited to 15,000 square feet of #floor area# utilized for the sale of food and non-food grocery products and, further, such establishment shall be limited to an additional 6,500 square feet of #floor area# for #accessory# office and storage space.

(6/6/24)

94-063

Additional sign regulations

Where #illuminated signs# are permitted by the underlying district regulations, such #signs# shall have only indirect illumination. Where #signs#, other than #advertising signs#, are permitted by the underlying district regulations, such #signs# shall not extend above the roof level of any #building or other structure# in the Special District.

(10/4/73)

94-07

Mandatory Provisions

All #developments# within the Special District shall comply with the mandatory provisions made applicable by this Section and such mandatory improvements, when developed for a #floor area# bonus pursuant to Section 94-08 (Special Floor Area Bonus Provisions), shall require certification by the City Planning Commission, pursuant to Section 94-13.

(5/12/21)

94-071

Sidewalk extension area

All #developments# which are located on a #zoning lot# with frontage along Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue shall contain a sidewalk extension area, which complies with the following requirements:

- (a) has a minimum depth of five feet, measured perpendicular to such #street lines#;
- (b) extends the full length of the #zoning lot# along such #street lines#, except for existing #buildings# within five feet of the #street line#;
- (c) is open and unobstructed from its lowest level to the sky;
- (d) maintains continuity with the established sidewalk, to which it shall be immediately adjacent throughout its entire length;
- (e) is available for public use at all times; and
- (f) has a paved surface which complies with standards as established by the New York City Department of Transportation.

No sidewalk extension area shall be required along any portion of a #street line# where a plaza is provided in accordance with the provisions of Sections 94-072 (Special plaza provisions) or 94-081 (Plaza bonus).

(5/12/21)

94-072

Special plaza provisions

In Areas A, C and E, all #developments# that are located on a #zoning lot# with frontage along Emmons Avenue, except for a #zoning lot# of less than 8,000 square feet that was in existence as of November 1, 1972, shall provide and maintain a plaza for public use which complies with the following requirements:

- (a) The plaza shall #abut# the Emmons Avenue #street line# along the full length of such #lot line# or for a distance of at least 50 feet, whichever is less.
- (b) The plaza shall be directly accessible to the public at all times from Emmons Avenue or a

plaza.

- (c) The size of the plaza shall be at least 4,000 square feet in one location with a minimum dimension of 35 feet, and shall comply with the provisions of Section 94-20 (DESIGN REQUIREMENTS FOR PLAZAS).

(2/2/11)

94-08 Special Floor Area Bonus Provisions

In Areas A, C, D, E and F, any #development# on a #zoning lot# with an area of at least 20,000 square feet within the Special District shall be eligible for a #floor area# bonus as set forth in this Section.

In areas A and E, for any #development#, the #floor area# bonus earned under the provisions of this Section may be used either for #residential use# on the same #zoning lot# or may be transferred to a #receiving lot# within the Special District, pursuant to Section 94-093 (Transfer of development rights from granting lots).

In Area C, for any #development#, the #floor area# bonus earned under the provisions of this Section may be used either for #commercial# #use# on the same #zoning lot# or may be transferred to a #receiving lot# within the Special District, pursuant to Section 94-093.

In Area D, for any #development#, the #floor area# bonus earned under the provisions of this Section may be used only for the purposes of transfer to a #receiving lot# within the Special District, pursuant to Section 94-093.

In Area F, for any #development#, the #floor area# bonus earned under the provisions of this Section may be used only for #residential use# on the same #zoning lot#.

In no event shall the aggregate bonus #floor area#, permitted under the provisions of this Section, exceed the basic #floor area ratio# permitted for #residential use# by Section 94-09 (Special Bulk Regulations) by more than 60 percent in Areas A, C, D or E, or by more than 20 percent in Area F.

Any #floor area# bonus received according to the provisions of this Section shall require certification by the City Planning Commission, pursuant to Section 94-13.

(5/12/21)

94-081

Plaza bonus

In Areas A, C, D, E and F, any #development# on a #zoning lot# which provides and maintains a plaza for public use shall be eligible for a #floor area# bonus, in accordance with the following provisions:

- (a) the #development# shall contain a minimum area of 20,000 square feet;
- (b) the plaza shall comply with the following minimum area requirements:
 - (1) in Areas A, C, D and E, the plaza shall be at least 4,000 square feet in one location, with a minimum dimension of 35 feet;
 - (2) in Area F, the plaza shall be at least 5,000 square feet in one location, with a minimum dimension of 50 feet;
- (c) the plaza shall not be located within 30 feet of the Leif Ericson Drive service road;
- (d) the plaza shall comply with the provisions of Section 94-20 (DESIGN REQUIREMENTS FOR PLAZAS); and
- (e) the #development# shall be eligible for a #floor area# bonus as follows:
 - (1) in Areas A, C, D, and E, the #floor area# bonus shall be at a rate of 3.5 square feet of #floor area# for every square foot of plaza area;
 - (2) in Area F, the #floor area# bonus shall be at a rate of one square foot of #floor area# for every two square feet of plaza area.

(5/12/21)

94-082

Special parking bonus

In Areas C, D or E, any #development# on a #zoning lot# with a minimum area of 20,000 square feet shall be eligible for a #floor area# bonus at the rate of one square foot of #floor area# for every square foot of #accessory# #commercial# parking space above the minimum amount required by the underlying district regulations and made available for daily long-term parking.

To be eligible for a #floor area# bonus under the provisions of this Section, there shall be at least five additional parking spaces provided and the size of each parking space shall be at least 300 square feet. In no event shall the dimension of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

(10/4/73)

94-09
Special Bulk Regulations

(2/2/11)

94-091
Basic floor area ratio

For the purposes of this Chapter, the #floor area ratio# of a #zoning lot# within the Special District shall not exceed the #floor area ratio# permitted by the underlying district regulations, except as set forth in Section 94-092 (Maximum floor area ratio).

(3/22/16)

94-092
Maximum floor area ratio

The permitted basic #floor area ratio# for #residential# or #community facility use# is 1.25 and for #commercial# #use# is 1.00. The permitted basic #floor area ratio# may be increased on any #zoning lot# by the amount set forth in Section 94-08 (Special Floor Area Bonus Provisions) or through transfer provisions pursuant to Section 94-094 (Authorization provisions for transfer of development rights to receiving lots) or by special permit pursuant to Section 94-096 (Special permit for floor area, location within buildings, building height and related parking modifications within Area G).

In Areas A, E and F, the maximum #floor area ratio# for any #residential# or #community facility use# on a #zoning lot# shall in no event be more than 2.00 and for #commercial# #use# be no more than 1.00.

In Area C, the maximum #floor area ratio# for any #residential# or #community facility use# on a #zoning lot# shall in no event be more than 1.25 and for #commercial# #use# be more than 1.50. The maximum #floor area# in a #mixed building# within the Special District shall be the maximum #floor area# permitted for either the #residential# portion, the #community facility# portion or the #commercial# portion of such a #building#, whichever permits the greatest amount of #floor area#.

(10/4/73)

94-093

Transfer of development rights from granting lots

#Development rights# from a #granting lot# may be conveyed, or otherwise disposed of:

- (a) directly to a #receiving lot#; or
- (b) to a #person# for subsequent disposition to a #receiving lot# all in accordance with the provisions of this Special District. Any #person# may convey interest in all or any portion of such #development rights# to another #person#, but such #development rights# may only be used for a #development# on a #receiving lot#.

In transferring #development rights# from #granting lots#, such bonus #floor area# shall not exceed 40 percent of the basic #floor area ratio# in Areas A, C and E, and shall not exceed 60 percent of the basic #floor area ratio# in Area D, as permitted on such #granting lots# by Section 94-09 (Special Bulk Regulations), inclusive.

(2/2/11)

94-094

Authorization provisions for transfer of development rights to receiving lots

The City Planning Commission, on application after public notice and hearing, may authorize the addition of all or any portion of the #development rights# from a #granting lot# to the permitted #floor area# of a #receiving lot#, provided that:

- (a) the maximum #floor area# for any #development# on a #receiving lot# does not exceed the maximum #floor area# permitted by Section 94-092 (Maximum floor area ratio);
- (b) the #development# shall aid in achieving the general purposes and intent of this Chapter as set forth in Section 94-00 (GENERAL PURPOSES);
- (c) the design of the #development# shall not impair the character of the surrounding area or its future development;
- (d) the distribution of the #bulk# on the #receiving lot# permits adequate access of light and air to surrounding #streets# and properties;
- (e) the traffic created by the #development# will not create or contribute to serious traffic congestion and will make adequate provisions for unconstrained pedestrian circulation; and

- (f) the requirements set forth in Sections 94-093 (Transfer of development rights from granting lots), 94-12 (Recordation) and 94-13 (Certification) are satisfied.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/4/73)

94-095

Open space ratio

For the purposes of this Section, the minimum required #open space ratio# for a #building# on a #zoning lot# shall be 40.0. However, if a #zoning lot# is #developed# pursuant to Sections 94-08 (Special Floor Area Bonus Provisions) or 94-094 (Authorization provisions for transfer of development rights to receiving lots), then the minimum #open space ratio# may be modified as set forth in this Section. For every 0.10 increase in permitted #floor area ratio# on a #zoning lot#, the corresponding required #open space ratio# may be decreased by not more than 2.0. In no event shall the required #open space ratio# on a #zoning lot# be less than 25.0.

(3/22/16)

94-096

Special permit for floor area, location within buildings, building height and related parking modifications within Area G

For #enlargements# to #buildings# in Area G, on #zoning lots# with a #lot area# of at least 10,000 square feet and existing on March 22, 2016, the City Planning Commission may:

- (a) modify the provisions of Section 94-092 (Maximum floor area ratio) to increase the permitted #floor area ratio# for #commercial# #use# to 2.0 provided that such #enlargement#:
 - (1) is designed so as not to impair the character of the surrounding area or its future development; and
 - (2) will not cause undue congestion on local #streets# or impair pedestrian circulation;
- (b) modify the height provisions of paragraph (a) of Section 33-431 (In C1 or C2 Districts with bulk governed by surrounding Residence District) relating to the requirements in Section 32-42 for location of #uses# within #buildings#, to allow a #commercial building# or portion thereof to exceed 30 feet in height or two #stories#, provided that

such #building# shall not exceed a maximum height of 35 feet or three #stories#, whichever is less; and provided that the distribution of the #bulk# permits adequate access of light and air to surrounding #streets# and properties, and does not impair the view of the Bay; and

- (c) waive or reduce the number of #accessory# off-street parking spaces required by Section 36-21 (General Provisions) for such #use#, provided that the applicant has demonstrated that the number of #accessory# off-street parking spaces supplied is sufficient to meet the parking needs of such #use#.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(3/22/16)

94-10

SPECIAL REQUIREMENTS FOR BUILDING HEIGHT AND SETBACKS

The height and setback regulations set forth in Sections 23-631 (General provisions), 34-24 (Modification of Height and Setback Regulations) and 35-62 (Commercial Districts With an R1 Through R5 Residential Equivalent), shall not apply to #buildings# in the #Special Sheepshead Bay District#. In lieu thereof, height and setback regulations set forth in this Section shall apply. For #buildings# in #Residence Districts#, #building# height is measured from the #base plane#. For #buildings# in #Commercial Districts#, #building# height is measured from #curb level#.

In Areas A, B, C, D, E and F, the #street wall# or any other portion of a #residential building# or the #residential# portion of a #mixed building#, except for a structure which encloses only #accessory# parking fronting on the Leif Ericson Drive service road #street line#, shall be set back a minimum distance of 10 feet from all #street lines#. Beyond the #initial setback distance#, the #building# shall not exceed the maximum height as set forth in this Section.

In Area A, the maximum height of a #street wall# or other portion of a #building# within 25 feet of the Emmons Avenue or 15 feet of the Sheepshead Bay Road #street lines# shall not exceed two #stories# or 30 feet, whichever is fewer. Beyond the #initial setback distances# in Area A, the #building# shall not exceed seven #stories# or 85 feet, whichever is fewer.

In Area C, the maximum height of a #street wall# or other portion of a #building# within 25 feet of the Emmons Avenue or Ocean Avenue #street lines# shall not exceed two #stories# or 30 feet, whichever is fewer. Beyond the #initial setback distance# of 25 feet in Area C, the #building# shall not exceed four #stories# or 50 feet, whichever is fewer.

In Areas B and D, a #building# shall not exceed four #stories# or 50 feet, whichever is fewer.

In Areas E and F, within 75 feet of the Emmons Avenue #street line#, the maximum height of

any portion of a #building# shall not be more than three #stories# or 35 feet, whichever is fewer. Beyond the #initial setback distance# of 75 feet in Areas E and F, the #building# shall not exceed six #stories# or 75 feet, whichever is fewer.

In Areas G and H, a #building# shall not exceed three #stories# or 35 feet, whichever is fewer. However, the City Planning Commission may, by a special permit, modify such height restrictions, provided that:

- (a) the distribution of the #bulk# permits adequate access of light and air to surrounding #streets# and properties, and does not impair the view of the Bay; and
- (b) the height of such #building# does not exceed five #stories# or 50 feet, whichever is fewer.

The Commission may prescribe appropriate conditions and safeguards to protect the view of the Bay and to minimize the adverse effects on the character of the surrounding areas.

(10/4/73)

94-11 Special Parking Provisions

(2/2/11)

94-111 Curb cuts

No curb cuts shall be permitted on Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue except that where no access is available on a #zoning lot# from another #street#, one curb cut shall be permitted.

(6/6/24)

94-112 Treatment of parking areas

Any parking facilities in the Special District that are not completely enclosed shall be screened by shrubbery at least three feet high at the time of planting and expected to form a year-round dense screen at least five feet high within three years. When roof parking is provided, it shall be screened where it is visible from a #street# or plaza.

(3/22/16)

94-114

Exceptions to application of waiver provisions and applicability of special permits related to parking

In areas A, B, C, D, E and F, the provisions of Section 36-23 (Waiver of Requirements for Spaces Below Minimum Number) do not apply.

The provisions relating to modifications of parking requirements of Article VII, Chapter 3 (Special Permits by the Board of Standards and Appeals) in Sections 73-10 through 73-52, shall not apply in the Special District.

(5/12/21)

94-115

Location of commercial parking spaces

In Area F, #accessory# off-street parking spaces for #commercial# #uses# may be located outside the commercially zoned area but within 600 feet of the #building# to which it is #accessory#, only if an area equal to the #lot area# occupied by the parking in the #residential# area is provided as a plaza in the commercially zoned area to which the parking is #accessory#.

(10/4/73)

94-12

Recordation

At the time of transfer of #development rights# from a #zoning lot#, there shall be recorded in the land records and indexed against such #granting lot# from which #floor area# is removed, an instrument removing such #floor area# and prohibiting construction on such lot from which the #floor area# is taken, of any #building or other structure# which would contain a #floor area# in excess of that still available to the #zoning lot# after deducting the #floor area# removed. Such prohibition shall be non-cancelable for 99 years and, at the time of the addition of #development rights# to a #receiving lot# as provided in Section 94-094 (Authorization provisions for transfer of development rights to receiving lots), there shall be recorded in the land records and indexed against such #zoning lot# to which #floor area# is added, an instrument transferring the #floor area# to the #receiving lot# benefited. A certified copy of such instruments shall be submitted to the City Planning Commission upon recordation thereof.

(10/4/73)

**94-13
Certification**

An application for certification pursuant to Sections 94-07 (Mandatory Provisions) or 94-08 (Special Floor Area Bonus Provisions), by the City Planning Commission shall include:

- (a) written notice of intention to #develop# a #zoning lot# within the Special District;
- (b) plans for lot improvements, which shall be constructed on both #granting# and #receiving lots#; and
- (c) consents, agreements, restrictive declarations or legal documents obligating the owner of the #zoning lot# or its designee to #develop# its property in accordance with the provisions of this Chapter.

The Commission may prescribe appropriate conditions and safeguards in connection with the issuance of such certification.

(5/12/21)

**94-20
DESIGN REQUIREMENTS FOR PLAZAS**

Where a plaza within the #Special Sheepshead Bay District# is provided in accordance with the provisions of this Chapter, such plaza shall comply with the applicable minimum design standards set forth in this Section.

(a) Design criteria

(1) Basic design criteria

Plazas shall comply with the standards set forth in paragraphs (a) and (b) of Sections 37-715 (Requirements for major portions of public plazas), 37-716 (Requirements for minor portions of public plazas), and 37-718 (Paving).

(2) Access and circulation

Plazas shall meet the requirements set forth in Section 37-721 (Sidewalk frontage), and Sections 37-723 (Circulation paths) through 37-726 (Permitted

obstructions), inclusive. Hours of access shall be governed by Section 37-727 (Hours of access). Accessibility for persons with disabilities shall be provided in compliance with Section 37-728 (Standards of accessibility for persons with disabilities).

Plazas shall be located no lower than #curb level#.

(3) Kiosks and open air cafes

Kiosks or open air cafes shall meet the operational and service requirements as set forth in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes), as applicable. In addition, kiosks may be placed on plazas upon certification by the Chairperson of the City Planning Commission as set forth in paragraph (c) of Section 37-73.

(4) Seating

Seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section 37-741 (Seating).

(5) Planting and trees

Plazas shall provide planting areas in compliance with Section 37-742 (Planting and trees). All planted areas shall consist of salt-tolerant species recommended by the Department of Parks and Recreation.

(6) Lighting and electrical power

All plazas shall provide lighting and electrical power pursuant to the standards set forth in Section 37-743 (Lighting and electrical power).

(7) Litter receptacles

All plazas shall provide litter receptacles pursuant to the standards set forth in Section 37-744 (Litter receptacles).

(8) Bicycle parking

All plazas shall provide bicycle parking pursuant to the standards set forth in Section 37-745 (Bicycle parking).

(9) Drinking fountains

A minimum of one drinking fountain shall be provided in all plazas.

(10) Signs

All plazas shall provide entry and information plaques that contain the words “Open to the public” and information regarding the hours of access. Prohibition and accessory signage may be provided pursuant to the standards set forth in Sections 37-752 (Prohibition signs) and 37-753 (Accessory signs).

(b) Maintenance

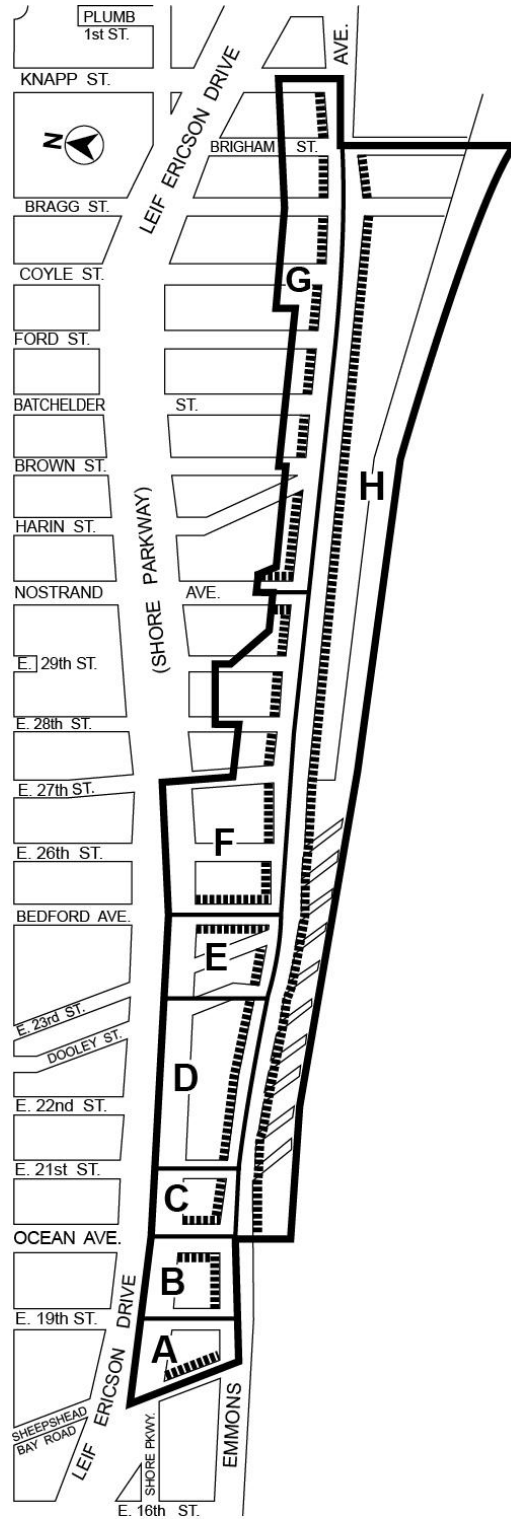

The owner shall be responsible for the maintenance of all plazas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation within the #zoning lot#.

(c) Compliance

Plazas shall be governed by the compliance requirements of Section 94-13 (Certification).

Special Sheepshead Bay District
 Area Boundary

MANDATORY PROVISIONS

Sidewalk Extension Area
 Special Plaza Provisions – Areas A, C and E

(11/7/74)

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 5
Special Transit Land Use District**

(11/7/74)

**95-00
GENERAL PURPOSES**

The “Special Transit Land Use District” established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include the following specific purposes:

- (a) to minimize the conflict between normal pedestrian movements on public sidewalks and access to underground transit systems, by requiring developments within the Special District to provide access to underground transit or other subway amenities;
- (b) to reduce congestion on city streets in the vicinity of transportation nodes, by encouraging the provision of adequate underground pedestrian circulation systems;
- (c) to require adequate access of light and air to the subway mezzanines or station areas of the underground transit system and other related facilities in order to provide greater visibility and safety to below ground spaces;
- (d) to encourage development that reinforces and preserves the character of the existing communities within the area, by promoting needed pedestrian amenities;
- (e) to coordinate the present and future relationship of land uses within the Special District including weather protected public access to the underground transit system; and
- (f) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(2/2/11)

**95-01
Definitions**

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS).

(10/7/21)

95-02

General Provisions

#Special Transit Land Use Districts# are mapped in the vicinity of existing or proposed subway stations. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

Whenever this Special District overlaps another Special District and imposes contradictory regulations, the provisions of the *#Special Transit Land Use District#* shall apply. Nothing contained in this regulation shall be understood to supersede Landmark or Historic District designations of the New York City Landmarks Preservation Commission.

For *#qualifying transit improvement sites#*, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

In *#flood zones#*, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(11/30/17)

95-03

Transit Easement

Any *#development#* or *#enlargement#* involving ground level construction within the *#Special Transit Land Use District#* shall provide an easement on the *#zoning lot#* for subway-related use and public access to the subway mezzanine or station when required pursuant to the provisions of Section 95-04.

The issuance by the Department of Buildings of an excavation permit for any *#zoning lot#* located within the Special District shall be dependent upon prior compliance with the provisions of this Chapter.

The transit easement required on a *#zoning lot#* shall permit the realization of one or more of the following planning objectives:

- (a) the integration and relating of subway station design to surrounding development;
- (b) the introduction of light and air to: stations; mezzanines; and other related facilities constructed pursuant to the provisions of Section 95-032 (Determination of transit easements at other stations);
- (c) the reduction of conflict between pedestrian movements and station facilities on the #street# level;
- (d) the provision of weather protection for subway entrances;
- (e) the relation of subway entrances to #commercial# and other transit facilities;
- (f) the provision of maximum visual exposure of subway entrances from public areas; and
- (g) the elimination or reduction of adverse environmental impact accompanying subway development.

In no event, however, may the easement area be used temporarily or permanently for any other purpose not immediately related to pedestrian amenity, except as hereinafter provided.

(11/30/17)

95-031
Selection of transit easement at certain stations

At the stations specified below, the transit easement required on a #zoning lot# shall constitute a volume whose dimensions above and below #curb level# shall comply with the requirements as set forth in Table A or Table B of this Section, depending on the depth of the proposed subway mezzanine below #curb level#, as established by the Metropolitan Transportation Authority.

Six possible types of transit easements are listed in Table A and in Table B. The applicant for a #development# or an #enlargement# involving ground level construction shall, in consultation with the Metropolitan Transportation Authority and the City Planning Commission, select the easement type that is most appropriate for the location.

TABLE A
 MINIMUM DIMENSIONS FOR TRANSIT EASEMENT VOLUME (in feet)
 Stations: Houston St., Kips Bay, Lenox Hill and E. 96th St.

		Depth			#Zoning Lots# less	#Zoning
--	--	-------	--	--	-----------------------	---------

Easement Type	Height above #Curb Level# (h)	below #Curb Level#* (D)	Length (L)	Width (W)	than 10,000 sf	Lots# 10,000 sf or more

6	15	35	65	20	x	

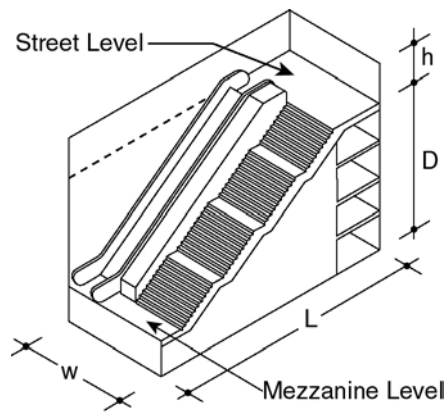

* See Section 95—054

Type 1 is appropriate on #zoning lots# of less than 10,000 square feet with adequate lot frontage and where the Metropolitan Transportation Authority provides final access to the subway mezzanine level under a public right-of-way.

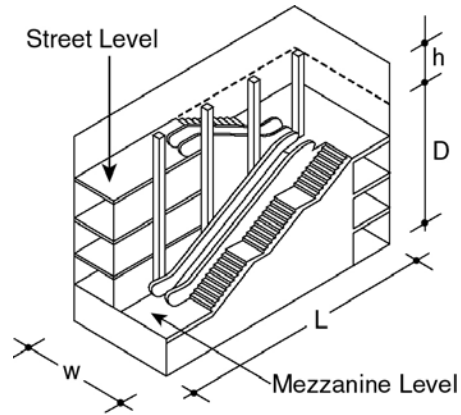

(95-031.1)

Type 2 is appropriate on any size #zoning lot# for providing direct access to the subway mezzanine level by a "straight run" stairway and/or escalator.

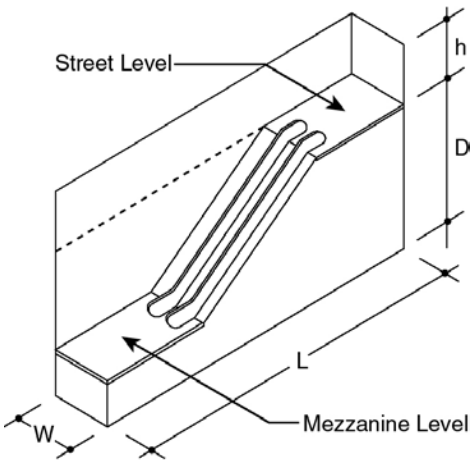

(95-031.2)

Type 3 is applicable to #zoning lots# of 10,000 square feet or more for providing a "turn around" arrangement of stairs.

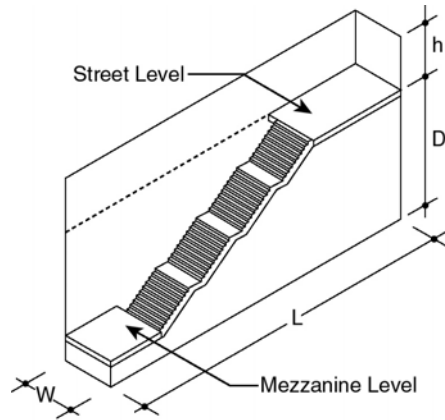

(95-031.3)

Types 4 and 5 are limited to #zoning lots# of less than 10,000 square feet with a narrow lot frontage for a single "straight-run" transit access facility, such as an escalator or stairway.

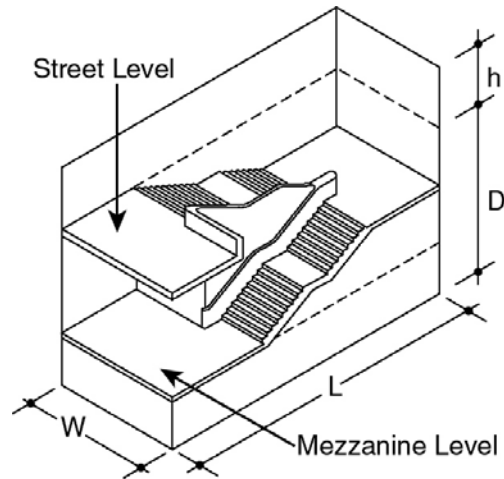

(95-031.4)

(95-031.5)

Type 6 is appropriate on #zoning lots# of less than 10,000 square feet for providing a "turn around" arrangement of stairs.

(95-031.6)

Where appropriate, any of these easement types may be used exclusively for light wells.

The Metropolitan Transportation Authority and the Commission, in consultation with the applicant, may make minor modifications of the dimensions of the easement volume type required on the applicant's site and the spacing of #building# columns permitted within the easement volume to facilitate the design and construction of circulation facilities appropriate for the area.

(11/30/17)

95-032

Determination of transit easement at other stations

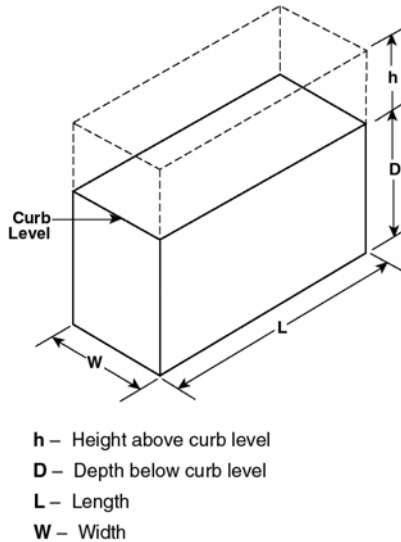

At the 106th Street, 116th Street and 125th Street stations, a transit easement shall be provided to accommodate, whether singly or in any combination, light wells, stairs, ramps, escalators, elevators, passageways, or ancillary facilities required to support the functioning of subway station or rail mass transit facilities, including, but not limited to, emergency egress or ventilation structures, the Metropolitan Transportation Authority shall, in consultation with the owner of the #zoning lot# and the City Planning Commission, determine the appropriate type of transit easement and reasonable dimensions for such transit easement volume.

(11/30/17)

95-033

Location of transit easements

The transit easement volume may be located within a #building#, in open areas, including #public plazas#, or in areas covered by projected overhangs of a #building#. At least one vertical face of the easement volume shall be at a #front lot line#. The easement volume shall be located on the #zoning lot# as close as possible to the #street# containing the transit line.

TRANSIT EASEMENT VOLUME
(95-032)

(12/20/79)

95-04

Certification of Transit Easement Volume

(6/6/24)

95-041

For developments or enlargements

Prior to filing any applications with the Department of Buildings for an excavation permit or building permit for a #development# or #enlargement# within the #Special Transit Land Use

District#, the owner of the #zoning lot# shall file an application with the Metropolitan Transportation Authority and the City Planning Commission requesting a certification as to whether or not a transit easement volume is required on the #zoning lot#.

Upon receipt of the completed application, the Commission shall furnish a copy to the affected Community Board.

Within 60 days after receipt of such application, the Metropolitan Transportation Authority and the Commission shall jointly certify whether or not an easement is required on the #zoning lot#. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such #zoning lot#.

When the Metropolitan Transportation Authority and the Commission indicate that such easement is required, the owner shall submit a site plan indicating the location and type of easement volume that would be most compatible with the proposed #development# or #enlargement# on the #zoning lot# for joint approval and final certification by the Metropolitan Transportation Authority and the Commission. Copies of such certification shall be forwarded by the City Planning Commission to the Department of Buildings.

(2/2/11)

95-042

For substantially vacant existing zoning lots

When a #zoning lot# located within the #Special Transit Land Use District# is substantially vacant and appropriate for a transit easement, the Metropolitan Transportation Authority may request the City Planning Commission to certify that a portion of such #zoning lot# is necessary for a transit easement.

As a condition for securing a transit easement on such #zoning lot#, the Commission shall make the following findings:

- (a) that such transit easement is required by the Metropolitan Transportation Authority to provide public access to a subway mezzanine or to a public passageway leading to a subway mezzanine or platform;
- (b) that such transit easement is located on a vacant portion of a #zoning lot#;
- (c) that the use of the transit easement will not reduce development potential on the #zoning lot# under the applicable district regulations; and
- (d) that the Metropolitan Transportation Authority and the owner agree that the construction within the easement volume will be integrated with the total development.

At such time as an existing vacant #zoning lot# on which a transit easement volume provided pursuant to the provisions of this Section, is #developed#, it shall be subject to all regulations of this Chapter.

(10/7/21)

95-05

Terms and Conditions for Permitted Uses and Construction Within Transit Easement Volume

The transit easement volume shall be used as an entrance/exit for public access to the subway and/or to provide better access of light and air to the subway station mezzanine, and for related uses. Illustrative of such purposes are light wells, stairs, ramps, escalators, elevators or, for #zoning lots# subject to the provisions of Section 95-032 (Determination of transit easements at other stations), ancillary facilities required to support the functioning of subways, including, but not limited to, emergency egress or ventilation structures.

No #floor area# bonus shall be allowed for any transit easement provided on a #zoning lot#, , except in accordance with the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements), where applicable.

When a transit easement volume required on a #zoning lot# is located within a #building#, any floor spaces occupied by such transit easement volume shall not count as #floor area#. Any portion of the #lot area# of a #zoning lot# occupied by a transit easement and weather protected by an overhang or roofed area, shall be considered as a #public plaza# in the districts that allow such #public plaza# bonuses.

The transit easement volume, any construction allowed therein or any weather protection provided thereon by an overhang or roofed area pursuant to Section 95-053, shall be considered permitted obstructions within required #yards#, #open space# or in a #public plaza# area.

(11/30/17)

95-051

Development of transit access facilities

All access facilities, including any light wells or sky lights required within a transit easement volume established pursuant to the provisions of Section 95-031 (Selection of transit easement at certain stations), or access and ancillary facilities required pursuant to the provisions of Section 95-032 (Determination of transit easement at other stations), shall be constructed and maintained by the Metropolitan Transportation Authority except for any #building# columns, footings or any other permitted obstructions allowed therein.

The subway entrance within the transit easement volume and any adjoining #public plaza# shall be at the same elevation as the adjoining sidewalk and shall be directly accessible to the public at all times. When such entrance is not located at the #street line#, it shall be visually prominent and directly accessible from a #street# by a paved pedestrian walk at least 20 feet in width and at the same elevation as the adjoining sidewalk. Such privately owned pedestrian walk shall be maintained by the owner. In order to provide natural light to the subway mezzanine level, at least 10 percent of the transit easement area at #curb level# shall be provided with light wells and skylights.

(11/30/17)

95-052

Special access facilities for persons with disabilities at certain stations

For #zoning lots# subject to the provisions of Section 95-031 (Selection of transit easement at certain stations), special elevators for persons with disabilities may locate within a transit easement volume, provided stair and/or escalator access to the subway mezzanine are located within the same easement and in no event located within the public sidewalk adjacent to the #zoning lot#.

Such special elevators shall be designed by the Metropolitan Transportation Authority in consultation with the owner of the #zoning lot# and shall be integrated architecturally, including color and material, with the #buildings# on the #zoning lot# and with adjoining #public plaza# area. Design concept for such elevators shall be submitted to the City Planning Commission for certification.

(2/2/11)

95-053

Weather protection

The stairs or escalators providing pedestrian access to the subway mezzanine, which are not covered at the entrance level, shall be weather protected by the #building# or portion thereof including an overhang, or by a roofed area provided by the owner of the #zoning lot# in accordance with the Metropolitan Transportation Authority requirements. Such overhang or roofed area shall cover either or both the stairway and the escalator which are uncovered at the ground level. Any overhang or roofed area shall be sufficient to cover the access facilities within the easement volume and may not otherwise obstruct the #public plaza#.

When the subway entrance is within an open #public plaza# area, a roof area shall be provided with either a glazed or translucent material for at least 50 percent of its surface area. The roofed

area shall be no more than 15 feet above #curb level# and shall blend harmoniously with the #buildings# on the #zoning lot# and any adjoining #public plaza# or open area.

(6/6/24)

95-054

Permitted uses and other constructions

Areas within the easement volume not used for circulation purposes may be developed in accordance with the Metropolitan Transportation Authority specifications, provided they do not interfere with pedestrian circulation and are made of removable structures. In no event shall such permitted #uses# be located within 10 feet of a pedestrian entrance to the subway at #curb level#.

In addition, any portion of the transit easement volume at #curb level# not to be covered for weather protection, may contain trees, benches or any obstructions permitted in a #public plaza# area. However, such elements shall not interfere with the pedestrian movement.

The Metropolitan Transportation Authority and the City Planning Commission may permit penetration of the transit easement volume above #curb level# by a #building# lobby, including #building# columns, where such lobby space serves as a part of the pedestrian circulation system and provides from it direct public access to the subway entrance within the easement volume.

Where construction within a transit easement volume is more than five feet in height above #curb level#, such construction proposal shall be submitted to the Commission for a review and certification to ensure that such construction relates harmoniously to the total development. When a transit easement volume is located within a #building#, it shall be open to the general public for the same hours of operation as the subway station.

#Building# columns or footings are permitted inside the transit easement volume, provided that the minimum clear distance between any columns is 12 feet and between the columns and any bounding walls of the transit easement volume is 10 feet. Where the width of an easement is greater than 20 feet, location of columns within the easement volume shall be established in consultation with the Metropolitan Transportation Authority. In all cases, the depth of columns or footings within the easement area or adjoining area shall be established in consultation with the Metropolitan Transportation Authority. Furthermore, vertical space between such columns shall be open and unobstructed from its base except for any construction permitted under the provisions of this Chapter.

(2/2/11)

95-055

Knockout panel

Any underground walls constructed along the #front lot line# of a #zoning lot# in which transit easement volume is required by the Metropolitan Transportation Authority shall contain a knockout panel, not less than 12 feet wide, below #curb level# down to the bottom of the easement. The actual location and size of such knockout panel shall be indicated by the Metropolitan Transportation Authority.

(2/2/11)

95-06

Temporary Use of the Easement Area

Any easement volume required on a #zoning lot# pursuant to the provisions of this Chapter may be temporarily used by the owner of the #zoning lot# for any permitted #uses# until such time as required by the Metropolitan Transportation Authority or by its designee for subway purposes.

Temporary #use# of the transit easement volume above #curb level# in a #public plaza# or #open space# area shall be limited to #use# as a landscaped open area that may contain obstructions permitted in a #public plaza#. Improvements or construction of a temporary nature within the easement volume for such temporary #uses# shall be removed by the owner of the #zoning lot# prior to the time at which public #use# of the easement area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the #zoning lot# in order to vacate the tenants of such temporary #uses#.

(2/2/11)

95-07

Special Provisions for an Increase in Zoning Tower Coverage on Zoning Lots Containing Transit Easements

For any #zoning lot# on which a transit easement volume is required pursuant to Section 95-04, the #lot coverage# of a tower permitted by the underlying district regulations may be increased by an amount equal to 10 percent of the #lot area# of the #zoning lot#.

In no event shall the permitted increase in tower coverage on a #zoning lot# affect the maximum allowable #floor area ratio# under the applicable district regulations.

(6/6/24)

95-08

Special Use Regulations

The underlying #use# regulations shall apply, except that for #zoning lots# with transit easements in #Residence Districts#, the special allowances of Section 66-222 (Special use allowances around easement volumes) may be applied around such easement volume.

(5/8/13)

95-09

Special Regulations for Accessory Off-street Parking and Curb Cuts

Within the portion of the #Special Transit Land Use District# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the #Special Transit Land Use District#, the provisions of this Section shall apply.

On any #zoning lot# on which a transit easement volume is provided, the required #accessory# off-street parking requirements for #residential uses# of the applicable underlying districts shall be reduced to a maximum of 20 percent.

In no case within the Special District shall curb cuts for vehicular access be located on a #street# containing transit lines or on a #street# within 50 feet of its intersection with the #street lines# of such a #street#.

The #accessory# parking requirements shall not apply to any #development# or #enlargement# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

(4/30/08)

95-10

MISCELLANEOUS PROVISIONS

The pavement on a public sidewalk fronting a #development# within the #Special Transit Land Use District# shall be consistent in color and material with all pavements located within the transit easement volume and in any adjoining #public plaza#.

(4/30/08)

95-11
Recordation

The instrument creating a transit easement volume shall be recorded in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the City Planning Commission.

(2/2/11)

95-12
Termination of Transit Easement Volume

In the event that the Metropolitan Transportation Authority and the City Planning Commission jointly notify the Department of Buildings and the owner in writing that a transit easement volume is not required on a #zoning lot# in its final construction plans, the restrictions imposed on such #zoning lot# by the provisions of this Chapter shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Metropolitan Transportation Authority to the extinguishment of the easement volume. On any #zoning lot# which has been #developed# or upon which a #building# is #enlarged# in accordance with the provisions of Section 95-07 and on which termination of transit easement has been certified, pursuant to this Section, any open, enclosed or arcaded area reserved for transit easement at #curb level# shall be provided for public use with lighting, landscaping, trees, substantial artwork and sitting facilities.

(2/2/11)

95-13
Previous Transit Easement Agreements

Whenever, under prior zoning regulations, the owner of a #development# or #enlargement# has agreed to provide a transit easement volume on a #zoning lot#, the existence of such agreement shall be certified by the Chairperson of the City Planning Commission to the Department of Buildings. Such agreement shall be deemed to satisfy the provisions of this Chapter.

(11/21/74)

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 6
Special Clinton District**

(1/19/05)

**96-00
GENERAL PURPOSES**

The "Special Clinton District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. Because of the unique geographical location of the Clinton community, situated between the waterfront on the west and a growing central business district on the east, it is necessary to provide specific programs and regulations which will assure realization of community and citywide goals.

These goals include, among others, the following:

- (a) to preserve and strengthen the residential character of the community;
- (b) to permit rehabilitation and new construction within the area in character with the existing scale of the community and at rental levels which will not substantially alter the mixture of income groups currently residing in the area;
- (c) to preserve the small-scale character and variety of existing stores and activities and to control new commercial uses in conformity with the existing character of the area;
- (d) to recognize the unique character of the eastern edge of the District as an integral part of the Theater Subdistrict within the Special Midtown District as well as the Special Clinton District;
- (e) to provide an appropriate transition from the mixed-use character along Eighth Avenue to the lower-scale residential character of the Clinton community on the narrow streets;
- (f) to relate the unique character of the 42nd Street Perimeter Area to the adjacent Special Hudson Yards District;
- (g) to provide amenities, such as street trees, to improve the physical environment;

- (h) to restrict demolition of buildings that are suitable for rehabilitation and continued residential use; and
- (i) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.

(2/2/11)

96-01 Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10, 32-301 or within this Section.

Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to Section 96-110 that there has not been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#, as defined in Section 96-110.

Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a #multiple dwelling# that includes:

- (a) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive any rights in relation to such occupancy;
- (b) the interruption or discontinuance of essential services which:
 - (1) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in the use or occupancy of such #dwelling unit# or #rooming unit#; and
 - (2) causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy;

- (c) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such unit or to waive any rights in relation to such occupancy; or
- (d) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such #dwelling unit# or #rooming unit# or causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy including, but not limited to, removing the possessions of any occupant from the #dwelling unit# or #rooming unit#; removing the door at the entrance to the #dwelling unit# or #rooming unit#; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

For purposes of this definition, #dwelling unit#, #referral date# and #rooming unit# shall be defined as in Section 96-110.

Material alteration

“Material alteration” shall mean any alteration to a #multiple dwelling# including, but not limited to, an alteration which reduces or increases the #floor area# of the #multiple dwelling#, #converts# #floor area# from #residential# to non-#residential use#, changes the number or layout of #dwelling units# or #rooming units#, or adds or removes kitchens or bathrooms; provided, however, that #material alteration# shall not include:

- (a) an #incidental alteration# which does not change the layout of #dwelling units# or #rooming units#; or
- (b) a repair or replacement of existing elements of such #multiple dwelling# without materially modifying such elements.

For purposes of this definition, #dwelling unit# and #rooming unit# shall be defined as in Section 96-110.

Mixed building

For the purposes of this Chapter, a "mixed building" is a #building# in a #Commercial District# used partly for #residential use# and partly for #community facility# or #commercial# #use#, or a #building# in a #Residence District# used partly for #residential use# and partly for #community facility use#.

Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

(10/7/21)

96-02 General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying districts, or as modified by the #Special Midtown District#, remain in effect.

The #Special Midtown District# and its regulations, where applicable in the #Special Clinton District#, shall also apply and shall supplement or supersede regulations as set forth in this Chapter pursuant to Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area). In the event of any conflict or discrepancy between the regulations, the more restrictive regulations shall apply in accordance with Section 11-22 (Application of Overlapping Regulations). This portion of the Special Purpose District is designated on the #zoning map# by the letters "CL-MiD."

In #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(8/17/90)

96-03 District Map

The District Map for the #Special Clinton District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Clinton District#. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

Area A - PRESERVATION AREA, Section 96-10

Area B - PERIMETER AREA, Section 96-20

Area C - OTHER AREAS, Section 96-30

(2/2/11)

**96-10
PRESERVATION AREA**

The provision of this Section shall apply to all #developments#, #enlargements#, #extensions# or alterations. All existing #buildings# within the Preservation Area shall be considered complying #buildings# for all purposes including, but not limited to, alterations, #enlargements#, #extensions# or #conversions# to #residential uses#. Any existing #building# which is damaged or destroyed by any means may be reconstructed to its #bulk# prior to such damage or destruction. All existing legal #uses# in enclosed #buildings# shall be considered conforming #uses#. Except as otherwise provided in this Chapter, any existing #commercial# or #manufacturing# #uses# may be changed, subject to the applicable underlying district regulations, pursuant to the change of #non-conforming# #use# provisions of Sections 52-31, 52-33, 52-34, 52-35 and 52-36.

(2/2/11)

**96-101
Floor area regulations**

For any #zoning lot# within the Preservation Area, the #floor area ratio# for a #residential#, #commercial# or #community facility building#, or portions of a #mixed building# containing such #uses#, shall not exceed the following:

#Uses#	#Floor Area Ratio#
#Residential buildings# or #community facility buildings# or portions of #mixed buildings# containing #residential# or #community facility# #uses# in the following Districts:	
R8 C1-5 C2-5 C6-2	4.2
#Commercial buildings# or #commercial# portion of #mixed buildings# in the following Districts:	
C1-5 C2-5	2.0
C6-2*	4.2

- * In C6-2 Districts, for #zoning lots#, or portions thereof, comprised of listed theaters designated in Section 81-742 of the #Special Midtown District#, the City Planning Commission shall allow a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). The basic maximum #floor area ratio# for transfer purposes for such #zoning lots#, or portions thereof, shall be 6.02.

The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the #commercial# portion of such #building# or the #community facility# portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

(3/22/16)

96-102

Lot coverage regulations

Within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply in lieu thereof. In C6-2 Districts, for the purposes of determining #lot coverage#, any part of a #building# that is listed as a permitted obstruction in #open space# or in a #rear yard# shall not be included in #lot coverage#. For #zoning lots#, or portions thereof, located within 100 feet of the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots#, or portions thereof, located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for occupants of #dwelling units# in the #development#.

(4/30/08)

96-103

Yard regulations

The #yard# regulations of this Section apply to any #development# or #enlargement#.

For #zoning lots#, or portions thereof, located within 100 feet of the #street line# of a #wide street#, no #rear yard# shall be required.

For all #zoning lots#, or portions thereof, located more than 100 feet from the #street line# of a #wide street#, a #rear yard# having a minimum depth of 30 feet shall be required.

On a #through lot#, or portion thereof, more than 100 feet from the #street line# of a #wide street#, the #rear yard equivalent# provisions of Section 23-532, paragraph (a), shall apply.

(8/11/22)

96-104

Height and setback regulations

The underlying height and setback regulations shall not apply, except as set forth in Sections 23-62 or 33-42 (Permitted Obstructions), as applicable. In lieu thereof, the height and setback provisions of this Section shall apply. All height shall be measured from #curb level#.

(a) #Street wall# location

For #zoning lots# with #wide street# frontage, #street walls# shall be located on the #wide# #street line# and extend along the entire #wide street# frontage of the #zoning lot#. For #corner lots# with #narrow street# frontage, #street walls# shall be located on and extend along the #narrow# #street line# within 50 feet of the #wide street#.

For #zoning lots# with #narrow street# frontage, #street walls# shall be located on the #street line# and extend along the entire #narrow street# frontage of the #zoning lot# beyond 50 feet of a #wide street#. However, where the #street wall# of an adjacent #building# fronting on the same #narrow# #street line# is located within 10 feet of the #street line#, the #street wall# of the #building# may be aligned with the #street wall# of the adjacent #building# for a distance of not less than 20 feet measured horizontally from the side wall of such #building#. The portion of a #zoning lot# that is located between a #street wall# and the #street line#, pursuant to the optional #street wall# location provisions of this paragraph (a), shall be maintained at the same elevation as the adjoining sidewalk. In addition, such portion of a #zoning lot# shall be planted, except at the entrances to and exits from the #building#, or adjacent to #commercial# #uses# fronting on the #street#.

(b) Permitted recesses

Ground floor recesses up to three feet deep shall be permitted for access to #building# entrances. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no such recesses are within 30 feet of the intersection of two #street lines#.

(c) #Building# height

Within 100 feet of a #wide street#, the #street wall# of a #building or other structure# shall rise without setback to a minimum height of 50 feet or the height of the #building#, whichever is less, and a maximum height of 66 feet. A setback shall be provided for all

portions of #buildings# that exceed a height of 66 feet. Such setbacks shall be provided at a height not lower than 50 feet and not higher than 66 feet, and shall have a minimum depth of 10 feet, measured from any #street wall# facing a #wide street#, and a minimum depth of 15 feet, measured from any #street wall# facing a #narrow street#. No #building or other structure# shall exceed a height of 85 feet. Beyond 100 feet of a #wide street#, no #building or other structure# shall exceed a height of seven #stories# or 66 feet, whichever is less.

- (d) The City Planning Commission, by special permit, may modify the special height and setback regulations set forth in this Section. In order to grant such special permit, the Commission shall find that the distribution of #bulk# permits adequate access of light and air to surrounding #streets# and properties and that the maximum height does not exceed 99 feet beyond 100 feet of a #wide street#, and 115 feet within 100 feet of a #wide street#.

In conjunction with such height and setback modifications, the Commission may allow modifications to other applicable #bulk# regulations of this Resolution. except #floor area ratio# regulations, for a #building# #developed# or #enlarged# using #public funding#, as defined in Section 23-911, to support #residences# with rents restricted pursuant to a regulatory agreement with a City, State, or Federal agency, provided that such #building# is located on a #zoning lot# that has an area of at least 40,000 square feet, occupies the frontage of a #wide street#, and contains a mass transit or water supply support facility. In order to grant such special permit, the Commission shall find that:

- (1) there are physical conditions, including the presence of existing #buildings or other structures#, public infrastructure, or topographical features, that create practical difficulties in complying with the #bulk# regulations that would adversely affect the #building# configuration or site plan;
- (2) the proposed modifications will not unduly obstruct access to light and air to adjoining properties or #streets#;
- (3) the proposed scale and placement of the #development# or #enlargement# relates harmoniously with the surrounding area; and
- (4) the requested modification is reasonable in relation to the practical difficulties on the site or the public benefit derived from the #development# or #enlargement#.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

(3/22/16)

Dwelling unit regulations

(a) #Dwelling unit# distribution

For #developments#, #enlargements#, #extensions# or #conversions# of an existing #building# to a #residential use#, the density requirements of the underlying districts shall be inapplicable. In lieu thereof, the required #lot area# per #dwelling unit# of a #development#, #enlargement#, #extension# or #conversion# of an existing #building# to a #residential use# shall not be less than 168 square feet and the number of two-bedroom units on a #zoning lot# shall not be less than 20 percent.

In addition, the minimum density requirement and the 20 percent, two-bedroom unit requirement set forth in this Section shall apply to any alteration that creates additional #dwelling units# or additional zero-bedroom units. Alterations that reduce the percentage of apartments that contain two bedrooms are not permitted unless the resulting #building# meets the 20 percent, two-bedroom requirement.

However, notwithstanding any provision to the contrary contained in this Section, the minimum density requirement and the 20 percent, two-bedroom unit requirement shall not apply to alterations which add a code-complying bathroom, pursuant to Section 27-2063 of the Housing Maintenance Code of the City of New York, to a #dwelling unit# which is publicly assisted (exclusive of any tax abatement or tax exemption program), and which is administered by a not-for-profit agent.

The City Planning Commission, by special permit, may modify the two-bedroom unit distribution requirement and the density requirement of this Section for an #affordable independent residence for seniors# or for a #residence# substantially for elderly persons with disabilities, under jurisdiction of a State or City agency, provided that the following findings are made:

- (1) that such #residences# are sponsored by a voluntary non-profit organization;
- (2) that the location and size of such facility does not create an undue concentration of #dwelling units# of this type and #community facilities# with sleeping accommodations within the immediate area;
- (3) that there are social service, health and related programs for the residents including a maintenance and security plan;
- (4) that on-site recreation areas for the use of the residents are provided; and
- (5) that the proposed #residences# will not overburden existing public services in the neighborhood.

The Commission may prescribe appropriate conditions or safeguards to minimize the adverse effect of any #use# permitted under this Section on the residential character of

the surrounding area.

- (b) Special provisions for owner-occupied #buildings# containing #residences#

For alterations of #buildings# containing #residences#, which #buildings# are owner-occupied and which contain four or fewer #dwelling units#, the #dwelling unit# distribution provisions of this Section shall not apply.

(6/6/24)

96-106

Special regulations for community facility uses

#Developments#, #enlargements# or #extensions# of #community facility# #uses# or #conversions# of an existing #building# to a #community facility# #use#, are permitted on #zoning lots# containing existing #buildings# with #residential uses# only pursuant to the provisions of this Section. The City Planning Commission, by special permit, may permit #developments#, #enlargements# or #extensions# of #community facility# #uses#, provided that the Commission makes the following findings:

- (a) that the existing #building# is not eligible for rehabilitation under any active publicly aided program under which funds are available;
- (b) that, prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the developer shall have notified the Department of Housing Preservation and Development of his or her intention to demolish the #building#, and
- (c) that the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(6/6/24)

96-107

Demolition of buildings

No demolition permit or alteration permit for partial demolition involving a decrease of more than 20 percent in the amount of #residential# #floor area# in a #building# shall be issued by the Department of Buildings for any #building# containing #dwelling units# within the Preservation Area, unless it is an unsafe #building# and demolition is required pursuant to the provisions of

Title 28, Chapter 2, Article 216 of the New York City Administrative Code.

However, the City Planning Commission, by a special permit, may allow demolition of #buildings# containing #dwelling units# or #rooming units# other than unsafe #buildings# within the Preservation Area, provided that the Commission makes the following findings:

- (a) that the existing #building#:
 - (1) is not eligible for rehabilitation under any active publicly-aided program under which funds are available; or
 - (2) is to be substantially preserved and requires an alteration permit to allow the removal and replacement of 20 percent or more of the #floor area#.
- (b) that prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the owner shall have notified the applicable governmental agency of its intention to demolish the #building#.
- (c) that the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110; and
- (d) that an acceptable program for #development# of the #zoning lot# is submitted to the Commission which indicates that to the extent permitted by the provisions of Section 96-10 (PRESERVATION AREA), the number of new #dwelling units# to be constructed is at least equal to the number of #dwelling units# to be demolished and that the #floor area# of the #development# containing #residences# is at least equal to the #floor area# of the #dwelling units# to be demolished and that site development will commence within a period of twelve months from completion of relocation.

The Commission may prescribe appropriate conditions and safeguards to ensure that any interim #use# proposed on the site prior to any construction is in conformance with the purposes of this Special District.

(6/6/24)

96-108

Alterations of buildings

Prior to the issuance of an alteration permit by the Department of Buildings for a #material alteration# of a #multiple dwelling# within the Preservation Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings that:

- (a) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to

alteration, the owner shall have notified the Commissioner of his or her intention to alter the #building#; and

- (b) the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110.

However, a permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:

- (1) making the public areas of a #multiple dwelling# accessible to persons with disabilities without altering the configuration of any #dwelling unit# or #rooming unit#; or
- (2) making a #dwelling unit# or a #rooming unit# accessible to persons with disabilities.

For the purposes of this Section, #dwelling unit# and #rooming unit# shall be defined as in Section 96-110.

(6/6/24)

96-109

Harassment and cure

- (a) Definitions

- (1) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a #certification of no harassment# for processing.

- (2) Cure compliance lot

“Cure compliance lot” shall mean a #zoning lot# on which #low income housing# is provided pursuant to a #restrictive declaration# in accordance with the cure provisions of paragraph (d) of this Section. Each #cure compliance lot# shall be located entirely within the corresponding #cure requirement lot#.

- (3) Cure requirement

“Cure requirement” shall mean #floor area# in an amount not less than the greater of:

- (i) 28 percent of the total #residential# and #hotel# #floor area# of any

#multiple dwelling# to be altered or demolished in which #harassment# has occurred; or

- (ii) 20 percent of the total #floor area# of any new or altered #building# on the #cure requirement lot#.

#Cure requirement# shall also mean any cure for harassment that was approved by the City Planning Commission or the Department of Housing Preservation and Development and was permitted by the provisions of this Section prior to December 21, 2005.

(4) Cure requirement lot

“Cure requirement lot” shall mean:

- (i) a #zoning lot# containing a #multiple dwelling# with respect to which the Department of Housing Preservation and Development has denied a #certification of no harassment#; or
- (ii) a #zoning lot# with respect to which an applicant, in lieu of seeking a #certification of no harassment# which would otherwise be required, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a #restrictive declaration#.

(5) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

(6) Exempt hotel

“Exempt hotel” shall mean any #multiple dwelling#:

- (i) which is a #transient hotel# and was a #transient hotel# on the #referral date#; and
- (ii) in which no #residential# occupant is, or was on the #referral date#, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and
- (iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(7) Exempt institutional residence

“Exempt institutional residence” shall mean any #multiple dwelling#:

- (i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the #referral date#; and
- (ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(8) Inquiry period

“Inquiry period” shall mean a period which:

- (i) commences 15 years prior to the #application date#; and
- (ii) terminates upon the #application date#;

provided, however, that the Department of Housing Preservation and Development may:

- (a) set such commencement date upon any date which is on or after the #referral date#, and is more than 15 years prior to the #application date# where it determines that such extension of the duration of the inquiry period would further the purposes of this Section; and
- (b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a #certification of no harassment#.

(9) Low income housing

“Low income housing” shall mean #dwelling units# or #rooming units# occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(10) Referral date

“Referral date” shall mean September 5, 1973.

(11) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

- (i) provides that #low income housing# in an amount not less than the #cure requirement# shall be provided in a new or altered #multiple dwelling# on the #cure compliance lot#;
- (ii) provides that the #low income housing# must comply with the requirements of Section 23-90 for rental #affordable housing# provided without #public funding#, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development. However, in the Preservation Area, paragraph (c) of Section 23-96 (Requirements for Generating Sites or MIH Sites), shall be inapplicable and in its place and stead, paragraph (a) of Section 96-105 (Dwelling unit regulations) shall be applicable;
- (iii) contains such other terms as the Department of Housing Preservation and Development shall determine;
- (iv) has been approved by the Department of Housing Preservation and Development;
- (v) runs with the land and binds all parties in interest to the #cure requirement lot# and their successors;
- (vi) runs with the land and binds all parties in interest to the #cure compliance lot# and their successors; and
- (vii) is perpetual in duration.

(12) Rooming unit

#Rooming unit# shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

- (1) Unless the Department of Housing Preservation and Development has issued a #certification of no harassment# pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, no permit may be issued by the Department of Buildings pursuant to Sections 96-109 or 96-24, and no special permit may be granted by the City Planning Commission pursuant to Sections 96-107 or 96-108.
- (2) The following structures shall be exempt from the provisions of this Section:
 - (i) any city-owned #multiple dwelling#;

- (ii) any #multiple dwelling# which is the subject of a program approved by the Department of Housing Preservation and Development for the provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;
 - (iii) any #multiple dwelling# initially occupied for residential purposes after January 1, 1974, except for #buildings# which are or have been interim #multiple dwellings# pursuant to Article 7C of the Multiple Dwelling Law;
 - (iv) any #exempt hotel#;
 - (v) any #multiple dwelling# in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the #referral date#; and
 - (vi) any #exempt institutional residence#.
- (3) Where the Department of Housing Preservation and Development has denied a #certification of no harassment# with respect to a #multiple dwelling#, the Department of Buildings shall not issue any permit with respect to any #multiple dwelling# or other #building# located on, or to be located on, the #cure requirement lot# except in accordance with paragraph (d) of this Section.

(c) Certification of No Harassment

- (1) The Department of Housing Preservation and Development shall determine and certify whether there has been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#.
- (2) There shall be a rebuttable presumption that #harassment# occurring within the #inquiry period# was committed by or on behalf of the owner of such #multiple dwelling# and that such #harassment#:
 - (i) was committed with the intent to cause a person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive a right in relation to such occupancy; and
 - (ii) materially advanced the demolition or alteration in furtherance of which the permit and #certification of no harassment# are sought.
- (3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall

not be limited to, provisions which:

- (i) establish the information to be required in an application for #certification of no harassment#, the form of such application, and the manner of filing of such application;
 - (ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development including, but not limited to, costs for publication of any notices;
 - (iii) establish the duration for which a #certification of no harassment# will remain effective; and
 - (iv) authorize the rescission of a #certification of no harassment# if the Department of Housing Preservation and Development finds either that #harassment# has occurred after the #inquiry period# or that the application for such #certification of no harassment# contained a material misstatement of fact. Following such rescission, the Department of Buildings may revoke any permit for which such #certification of no harassment# was required.
- (4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a #certification of no harassment# where the Department of Housing Preservation and Development finds that:
- (i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such #multiple dwelling#;
 - (ii) such #multiple dwelling# has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such #multiple dwelling# (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such #multiple dwelling#) and such unlawful alteration remains uncorrected; or
 - (iii) the Department of Housing Preservation and Development has previously denied an application for a #certification of no harassment# pursuant to this Section.
- (5) If the Department of Housing Preservation and Development determines that an application for a #certification of no harassment# contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with

respect to such #multiple dwelling# for a period not to exceed three years.

- (6) Before determining whether there is reasonable cause to believe that #harassment# has occurred with respect to any #multiple dwelling#, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been #harassment# of the lawful occupants of such #multiple dwelling# from the #referral date# to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that #harassment# occurred on or after the #referral date# and more than 15 years prior to the #application date#, the Department of Housing Preservation and Development shall, in accordance with paragraph (a)(8) of this Section, set the commencement of the #inquiry period# on a date prior to the date of such alleged #harassment#.
 - (7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that #harassment# has occurred during the #inquiry period#.
 - (i) If there is no reasonable cause to believe that #harassment# has occurred during the #inquiry period#, the Department of Housing Preservation and Development shall issue a #certification of no harassment#.
 - (ii) If there is reasonable cause to believe that #harassment# has occurred during the #inquiry period#, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a #certification of no harassment#.
 - (8) The Department of Housing Preservation and Development may deny a #certification of no harassment# without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been #harassment#, unlawful eviction or arson at the #multiple dwelling# during the #inquiry period#.
- (d) Certification of Cure for Harassment
- (1) The Department of Housing Preservation and Development shall not certify compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the #cure requirement lot# and all parties in interest to the #cure compliance lot# have entered into a #restrictive

declaration#.

- (2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a #cure requirement lot# or a #cure compliance lot# shall be subject to the following conditions:
 - (i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a #material alteration#, with respect to any structure located on the #cure requirement lot# unless the #restrictive declaration# has been recorded in the Office of the City Register and indexed against each tax lot within the #cure requirement lot# and each tax lot within the #cure compliance lot#.
 - (ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure requirement lot#, other than any #low income housing# located on the #cure requirement lot#, until:
 - (a) the Department of Housing Preservation and Development certifies that the #low income housing# required by the #restrictive declaration# has been completed in compliance with the #restrictive declaration#; and
 - (b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such #low income housing#.
 - (iii) The Department of Buildings shall include the occupancy restrictions of the #restrictive declaration# in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure compliance lot#. Failure to comply with the terms and conditions set forth in the #restrictive declaration# shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.
 - (iv) The Department of Buildings shall include the occupancy restrictions of the #restrictive declaration# in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure requirement lot#, except where the management and operation of the #cure compliance lot# is wholly controlled by, and the #restrictive declaration# requires that management and operation of the #cure compliance lot# remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the #cure requirement lot#. Failure to comply with the terms and conditions set forth in the #restrictive declaration# shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such

restriction.

- (3) No portion of the #low income housing# required under this Section shall qualify to:
- (i) increase the #floor area ratio# pursuant to Section 96-21 (Special Regulations for 42nd Street Perimeter Area); Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area); any #floor area ratio# increase provision of the #Special Garment Center District#, #Special Hudson Yards District#, #Special West Chelsea District#, or Section 23-90; or
 - (ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

(6/6/24)

96-110

Off-street parking regulations

#Accessory# off-street parking spaces, #public parking lots# or #public parking garages# are not permitted within the Preservation Area except by the applicable special permit in Section 13-45 (Special Permits for Additional Parking Spaces), inclusive.

In addition, the Commission shall find that:

- (a) the property has been or will be vacated pursuant to the provisions of Section 96-108; and
- (b) the applicant has followed the relocation procedures set forth in Section 96-24.

(2/2/11)

96-20

PERIMETER AREA

#Developments# or #enlargements# within the Perimeter Area shall be eligible for increased #floor area# only pursuant to Sections 96-21 (Special Regulations for 42nd Street Perimeter Area) or 96-22 (Special Regulations for Eighth Avenue Perimeter Area). Because of increased pressures for #development#, the relocation and demolition provisions of Section 96-24 (Relocation and Demolition of Buildings in the Perimeter Area) shall apply therein for all demolition, #development#, #enlargement# or #extensions# on lots containing #residential

uses#. All existing legal #uses# in enclosed #buildings# shall be considered conforming #uses#. Except as otherwise provided in this Chapter, any existing #commercial# or #manufacturing# #uses# may be changed to another #non-conforming# #use# only in accordance with the provisions of Sections 52-31 (General Provisions), 52-33 (Manufacturing or Related Uses in Residence Districts), 52-34 (Commercial Uses in Residence Districts), 52-35 (Manufacturing or Related Uses in Commercial Districts) and 52-36 (Non-conforming Commercial Uses in Commercial Districts).

(6/6/24)

96-21 Special Regulations for 42nd Street Perimeter Area

The provisions of this Section shall apply in all #Commercial Districts# within the area bounded by the following:

Starting 150 feet west of Eighth Avenue, south to the southern boundary of West 41st Street, west to the east side of Twelfth Avenue, north along the eastern border of Twelfth Avenue to 43rd Street, east on West 43rd Street to the eastern side of Tenth Avenue, south along Tenth Avenue to the southern boundary of West 42nd Street, east on West 42nd Street to Ninth Avenue, north along the western boundary of Ninth Avenue to the midblock of 42nd/43rd Street, east to a point 150 feet west of Eighth Avenue, south to the southerly boundary of 41st Street.

(a) Special #use# regulations

In the 42nd Street Perimeter Area, as shown in Appendix A of this Chapter, the following special #use# regulations shall apply:

(1) Offices

Any #development# or #enlargement# that includes #uses# listed under Offices in Use Group VII #developed# or #enlarged# after January 19, 2005, shall be permitted only pursuant to Section 93-13 (Special Office Use Regulations).

(2) Automobile showrooms and repairs

In Subarea 1, on the #block# bounded by Twelfth Avenue, West 43rd Street, Eleventh Avenue and West 42nd Street, automobile dealers listed under Use Group VI may be permitted within a #completely enclosed building#, below the level of any floor occupied by #dwelling units#, and such establishments may include repair services or preparation of automobiles for delivery, provided that:

(i) access for automobiles to the portions of the #building# to be used for

vehicle storage, preparation of automobiles for delivery, and automobile repairs shall be located on West 43rd Street;

- (ii) areas within the #building# used for vehicle storage, preparation of automobiles for delivery, or automobile repairs shall not be used for #accessory# parking for other uses on the #zoning lot#; except that such areas may be accessed from a curb cut, vehicular ramp, or vehicle elevator that also serves an #accessory# #group parking facility#; and
- (iii) the portions of the #building# used for the preparation of automobiles for delivery and automobile repairs shall be located entirely in a #cellar# level.

(b) #Floor area# regulations

(1) #Floor area# regulations in Subarea 1

In Subarea 1 of the 42nd Street Perimeter Area as shown in Appendix A, the basic #floor area ratio# on a #zoning lot# shall be 10.0, and may be increased to a maximum of 12.0 only in accordance with the provisions of Section 23-154 (Inclusionary Housing), except that any units for which a #floor area# increase has been earned, pursuant to Section 23-154 shall be within the #Special Clinton District#. In addition, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). Such bonuses may be applied separately or in combination. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(2) #Floor area# regulations in Subarea 2

In Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, the basic #floor area ratio# on a #zoning lot# shall be 10.0. However, the #floor area ratio# on a #zoning lot# containing #residential use# may exceed 10.0 to a maximum of 12.0 only in accordance with the provisions of Section 23-154, except that any units for which a #floor area# increase has been earned pursuant to Section 23-154 shall be within the #Special Clinton District#. For #zoning lots# containing #developments# or #enlargements# that have fully utilized the Inclusionary Housing Program, the maximum permitted #floor area ratio# may be increased from 12.0 to 15.0 for new legitimate theater use in accordance with the provisions of Section 96-25 (Floor Area Bonus for New Theater Use).

Any #development# or #enlargement# on a #zoning lot# that includes the area bounded by a line 129 feet east of and parallel to Tenth Avenue, West 42nd Street, a line 184 feet east of and parallel to Tenth Avenue, and a line 50 feet

south of and parallel to West 42nd Street shall provide an easement or other agreement for public access to the subway mezzanine or station, as illustrated on the District Map in Appendix A of this Chapter.

An instrument establishing such transit easement or other agreement shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, and indexed against the property.

Floor space within the volume governed by such transit easement or other agreement shall be excluded from the definition of #floor area#, and may be temporarily used by the owner of the #zoning lot# for any permitted #uses# until such time as required by the Metropolitan Transportation Authority or by its designee for subway purposes. Improvements or construction of a temporary nature within the volume governed by such transit easement or other agreement for such temporary #uses# shall be removed by the owner of the #zoning lot# prior to the time at which public #use# of the volume area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the #zoning lot# in order to vacate the tenants of such temporary #uses#.

The provisions of paragraph (b) of Section 93-65 (Transit Facilities) shall apply to any subway-related #uses# consisting of ventilation facilities and other facilities or services used or required in connection with the operation of a subway line or station on the tax lot located at Block 1051, Lot 2, existing on October 27, 2010, up to a height of 73 feet, as illustrated on the District Map in Appendix A of this Chapter.

(3) Additional regulations for Subareas 1 and 2

In Subareas 1 and 2, for #zoning lots# containing a #building# that is #developed# or #enlarged# pursuant to the applicable tower regulations of Section 35-64 (Special Tower Regulations for Mixed Buildings), the provisions of paragraph (a)(2) of Section 23-16 (Special Floor Area and Lot Coverage Provisions for Certain Areas) shall apply:

- (i) to only the #residential# portion of a #building# where less than 75 percent of the total #floor area# of such #building# is allocated to #residential use#; and
- (ii) to the entire #building# where 75 percent or more of the total #floor area# of such #building# is allocated to #residential use#.

(c) Retail continuity requirements

The underlying #ground floor level# streetscape provisions set forth in Section 32-30

(STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along West 42nd Street, between Ninth and Twelfth Avenues shall be considered #Tier C street frontages#.

(d) #Street wall# continuity requirements

(1) At least 80 percent of the #aggregate width of street walls# of a #building# fronting on West 42nd Street, up to a height of 45 feet, shall be located within 10 feet of the #street line# of such #street#.

(2) The minimum height of the #street wall# of a #building# above #curb level# shall be no less than 45 feet, or the height of the #building#, whichever is less, and no more than 85 feet. Above this required height, the #street wall# of a #building# shall set back at least five feet. The requirements of this paragraph shall also apply to any #building# on a #wide street# frontage within a distance of 50 feet from its intersection with West 42nd Street.

(e) Pedestrian circulation space

Within Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, pedestrian circulation space shall be provided in accordance with the provisions of Section 37-50. In addition, for #developments# or #enlargements# that provide subway entranceways constructed after December 21, 2005, one and one-half times the area of such entranceway accessible to the public at #street# level may qualify as pedestrian circulation space, up to a maximum amount of 3,000 square feet.

(f) Special curb cut and parking provisions

No curb cuts shall be permitted on 42nd Street. The parking provisions of the #Special Hudson Yards District# shall apply within the 42nd Street Perimeter Area, as set forth in Section 93-80 (OFF-STREET PARKING REGULATIONS), except that such parking provisions shall not apply to any #development# or #enlargement# for which a special permit was granted prior to January 19, 2005.

Any #development# or #enlargement# for which a building permit has been lawfully issued prior to December 31, 2004, shall comply with either the parking regulations in effect at the time the permit was issued, or the provisions of this paragraph (f).

(10/7/21)

96-22

Special Regulations for Eighth Avenue Perimeter Area

For #zoning lots#, or portions thereof, located in an area bounded by a line 150 feet west of

Eighth Avenue, West 56th Street, Eighth Avenue and West 45th Street, excluding such area between West 49th and West 50th Streets, the #floor area# permitted by the underlying district may be increased from 10.0 to 12.0 only pursuant to Section 23-90 (INCLUSIONARY HOUSING), except that any units for which a #floor area# increase has been earned pursuant to Section 23-90 shall be within the #Special Clinton District#. In addition, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). Such bonuses may be applied separately or in combination. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

All #developments# or #enlargements# located in an area bounded by a line 150 feet west of Eighth Avenue, West 45th Street, Eighth Avenue and West 42nd Street shall comply with special regulations set forth in Article VIII, Chapter 1 (Special Midtown District), including Sections 81-21 (Floor Area Ratio Regulations) and 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT). For #developments# or #enlargements# that utilize a #floor area# increase pursuant to the Inclusionary Housing Program of Section 23-90, any units for which a #floor area# increase has been earned shall be within the #Special Clinton District#.

(2/2/11)

96-23

Special Permit for Modification of Height and Setback Regulations

Except within the Eighth Avenue Perimeter Area set forth in Section 96-22, the City Planning Commission, by special permit, may permit modification of height and setback regulations for #developments# or #enlargements# which have generated an increase in the #floor area ratio# of not more than 2.0 under the provisions of Section 96-21 (Special Regulations for 42nd Street Perimeter Area), provided that such modification is necessary to achieve better site planning.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(12/21/05)

96-24

Relocation and Demolition of Buildings in the Perimeter Area

Prior to the issuance by the Department of Buildings of a demolition permit or a permit for any #development#, #enlargement# or #extension# on any #zoning lot# containing #residential uses# within the Perimeter Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings:

- (a) that prior to evicting or otherwise terminating the occupancy of any tenant in connection with vacating any #building#, the developer shall have notified the Department of Housing Preservation and Development of plans for the relocation of tenants which shall:
 - (1) to the extent possible provide for the relocation of tenants within the Clinton District; and
 - (2) provide for the satisfaction of all the requirements for the issuance of a certificate of eviction under applicable rent control and rent stabilization regulations of the State of New York; and
- (b) that the developer has complied with the relocation plan submitted pursuant to paragraph (a) of this Section and that the Department of Housing Preservation and Development has issued a #certification of no harassment#, or that the owner has complied with paragraph (d) of Section 96-110.

(2/2/11)

96-25

Floor Area Bonus for New Theater Use

Within Subarea 2 of the 42nd Street Perimeter Area as shown in Appendix A of this Chapter, for #developments# or #enlargements# located within the area bounded by West 42nd Street, Dyer Avenue, West 41st Street and Eleventh Avenue that have fully utilized a #floor area# increase pursuant to Section 23-90 (INCLUSIONARY HOUSING), the #floor area ratio# may be increased from 12.0 to a maximum of 15.0, provided that for every three square feet of bonused #floor area#, one square foot of such bonused #floor area# shall be used for new “performance space,” which, for the purposes of this Section, shall mean space to be used as a legitimate theater or for non-profit performing arts use. Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, after referral for review and receipt of recommendations from the applicable Community Board, that the following conditions have been met:

- (a) all #floor area# for any performance space for which a bonus is received pursuant to this Section, shall be limited to floor space exclusively associated with legitimate theater or non-profit performing arts #use#, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, rehearsal space, lobbies, ticket offices, restrooms and circulation space. Any other use of the bonused performance space shall not comprise more than 25 percent of the total #floor area# of such performance space;
- (b) such performance space shall be designed, arranged and used for live performances and rehearsals of drama, music or dance and shall have at least 100 and no more than 299 seats. If there is more than one performance space, each shall have at least 100 seats, and

adjacent performance spaces may be designed in a manner that allows for their combination into a single performance space provided such combined space has no more than 299 seats. Performance space for which a bonus is received pursuant to this Section, shall only be used for non-profit performing arts use provided the #development# or #enlargement# contains at least two performance spaces used exclusively for performances of legitimate theater;

- (c) a letter from the Department of Cultural Affairs shall be submitted, certifying that:
 - (1) a signed lease has been provided from the prospective operator of the performance space, or a written commitment from the owner of the performance space if such owner is also the operator, for occupancy of the performance space and its operation as a legitimate theater or non-profit performing arts space for a period of not less than five years, pursuant to an operating plan and program therefor;
 - (2) the proposed operator of the performance space has the fiscal and managerial capacity to successfully operate such space;
 - (3) preliminary design plans have been provided to the Department of Cultural Affairs for the performance space, which include sufficient detail regarding core, shell, structural and mechanical systems, as necessary to ensure that such performance space will operate efficiently for its intended use;
 - (4) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and
 - (5) the proposed operator of the performance space will have a program of regularly scheduled presentations that are open to the public.
- (d) a legal commitment has been provided for inspection and ongoing maintenance of the performance space to ensure its continued availability for #use# as a legitimate theater or non-profit performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report issued to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs and the applicable Community Board. Such report shall describe the condition of the performance space and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the performance space and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work; and
- (e) a legal commitment has been provided for continuance of the #use# of all #floor area# in the bonused performance space as legitimate theater or non-profit performing arts space and providing that in the event of a change of operator, as defined by the Commissioner of the Department of Cultural Affairs, the owner or operator shall obtain a new letter certifying that the provisions of paragraphs (c)(1), (c)(2) and (c)(3) of this Section have

been met as to the proposed operator and, where substantial renovation of the performance space, as defined by the Commissioner of the Department of Cultural Affairs, is being proposed in conjunction with the change of operator, that the provisions of paragraphs (c)(3) and (c)(4) of this Section have been met as to such substantial renovation. Any application or submission with respect to a change in operator made pursuant to the provisions of such legal commitment, shall be referred to the affected Community Board. The Commissioner of the Department of Cultural Affairs shall not issue a letter with respect to such application prior to 45 days after such referral. Such legal commitment shall also prohibit #use# as an #adult establishment# for the life of the related #development# or #enlargement#.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner and any lessee of the performance space and their successors and assigns, a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration, shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement#.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the #development# or #enlargement# identified under the terms of the declaration of restrictions as utilizing the increased #floor area# permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the #development# or #enlargement#, until the Commissioner of the Department of Cultural Affairs has certified that the performance space is substantially complete, which shall, for this purpose, mean that such performance space is usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy for the #development# or #enlargement#, until the performance space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the #building#.

Notwithstanding the foregoing, the Chairperson of the City Planning Commission may accept a declaration of restrictions or in the case of a certification issued by the Chairperson prior to January 28, 2009, a modified declaration of restrictions, which shall allow the owner to apply for and accept, and the Department of Buildings to issue, temporary and permanent certificates of occupancy for the portion of the #development# or #enlargement# which utilizes the increased #floor area# permitted pursuant to this Section prior to substantial or final completion of the performance space, as the case may be, provided that, under the terms of such declaration of restrictions or modified declaration of restrictions, the owner shall not apply for or accept temporary certificates of occupancy for any such portion of the #development# or #enlargement# unless and until the Commissioner of the Department of Cultural Affairs has certified that the core and shell of the performance space has been completed in accordance with a core and shell

agreement accepted by the Commissioner, and that ownership of the performance space has been transferred to the prospective operator.

In the event of a transfer of ownership of the performance space, certification pursuant to paragraph (c)(1) of this Section, shall not require the provision of the signed lease or written commitment described therein, and the operating plan and program for the performance space shall be provided by the prospective owner.

Any application for certification of a #floor area# bonus for theater #use#, pursuant to this Section, shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The Chairperson of the City Planning Commission shall not grant any such certification prior to 45 days after such referral.

(5/14/14)

96-30 OTHER AREAS

In Area C, the regulations of the underlying districts shall apply, except as otherwise set forth in this Section, inclusive. The boundaries of Northern Subarea C1 and Western Subarea C2 are shown on the District Map in Appendix A of this Chapter.

(6/6/24)

96-31 Special Regulations in R8 Districts

- (a) In R8 Districts, other than R8A Districts, in Western Subarea C2, including #Commercial Districts# mapped within such R8 Districts, the following special regulations shall apply:
 - (1) the provisions of Sections 96-101 (Floor area regulations) and 96-104 (Height and setback regulations); and
 - (2) the provisions of Section 96-102 (Lot coverage regulations), except that for all portions of a #zoning lot# located in Other Areas and more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 70 percent of the portion of the #zoning lot# in Other Areas.
- (b) In R8A Districts in Western Subarea C2, including #Commercial Districts# mapped within such R8A Districts, the following special regulations shall apply:
 - (1) Inclusionary Housing Program

- (i) R8A Districts in Other Areas, west of Tenth Avenue, shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such #Inclusionary Housing designated areas#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed a base #floor area ratio# of 5.4, except that such base #floor area ratio# may be increased to a maximum #floor area ratio# of 7.2 through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Sections 23-154 and 23-90. However, any units for which a #floor area# increase has been earned, pursuant to Section 23-154 shall be located within the #Special Clinton District#.

- (ii) Optional provisions for #affordable housing#

For #developments# or #enlargements# located within the #blocks# bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (b)(1)(ii) of this Section, may modify the provisions of Section 23-154.

The #residential# #floor area# of a #development# or #enlargement# may be increased by 0.833 square feet for each one square foot of #moderate income floor area#, or by 0.625 square feet for each one square foot of #middle income floor area#, provided that for each square foot of such #floor area compensation#, there is one square foot of #floor area compensation#, pursuant to Section 23-154. However, the amount of #affordable housing# required to receive such #floor area compensation# need not exceed the amounts specified as follows. If #affordable housing# is provided for both #low income# and #moderate income households#, the amount of #moderate income floor area# need not exceed 15 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#. If #affordable housing# is provided for both #low income# and #middle income households#, the amount of #middle income floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#.

For the purposes of this paragraph (b)(1)(ii), #low income floor area# may be considered #moderate income floor area# or #middle income floor area#, and #moderate income floor area# may be considered #middle income floor area#.

(2) Special #use# and #bulk# regulations for existing electrical utility substations

Electrical utility substations, listed under Use Group IV(B), operated for public utility purposes, existing on June 14, 2011, and located wholly or partially within the portion of Western Subarea C2 east of Eleventh Avenue, shall be considered conforming #uses# that are subject to the #bulk# regulations of the underlying district and the #use# regulations of an M1-5 District. Any change of #use# on a #zoning lot# occupied by any such electrical utility substation shall be permitted only pursuant to the regulations of the underlying district. In the event any such electrical utility substation is damaged or destroyed, in whole or in part, by any means, including demolition, the provisions of Section 54-40 (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS) shall not apply and such electrical utility substation may be reconstructed, provided that such reconstruction shall not create a new #non-compliance# nor increase the degree of #non-compliance# with the applicable #bulk# regulations. However, in the event there is a complete cessation of #use# of the #zoning lot# as an electrical utility substation for a continuous period of five years, such electrical utility substation shall no longer be considered a conforming #use# on such #zoning lot#.

(6/6/24)

96-32

Special Regulations in R9 Districts

In R9 Districts in Western Subarea C2, the provisions of Section 23-66 (Height and Setback Requirements for Quality Housing Buildings) for R9A Districts shall apply to all #buildings or other structures#. In #Commercial Districts# mapped within R9 Districts in Western Subarea C2, the provisions of Section 35-65 (Height and Setback Requirements for Quality Housing Buildings) for C2-7A Districts shall apply to all #buildings or other structures#. Notwithstanding the provisions of paragraph (c) of Section 23-011 (Quality Housing Program), in all such R9 Districts and #Commercial Districts# mapped within such R9 Districts, the provisions of paragraph (b) of Section 23-011 shall apply.

(a) Inclusionary Housing Program

- (1) R9 Districts in Other Areas, west of Tenth Avenue, shall be #Inclusionary Housing designated areas# pursuant to Section 12-10 (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such #Inclusionary Housing designated area#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed a base #floor area ratio# of 6.0, except that such base #floor area ratio# may be increased to a maximum #floor area ratio# of 8.0 through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Sections 23-154 (Inclusionary Housing) and 23-90. However, any units for which a #floor area# increase has been earned pursuant to Section 23-154 shall be located within the #Special Clinton District#.

(2) Optional provisions for #large-scale general developments# within Western Subarea C2

For #developments# or #enlargements# located within the #blocks# bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (a)(2) of this Section may modify the provisions of Section 23-154.

The #residential# #floor area# of a #development# or #enlargement# may be increased by 0.833 square feet for each one square foot of #moderate income floor area#, or by 0.625 square feet for each one square foot of #middle income floor area#, provided that for each square foot of such #floor area compensation#, there is one square foot of #floor area compensation#, pursuant to Section 23-154. However, the amount of #affordable housing# required to receive such #floor area compensation# need not exceed the amounts specified as follows. If #affordable housing# is provided for both #low income# and #moderate income households#, the amount of #moderate income floor area# need not exceed 15 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#. If #affordable housing# is provided for both #low income households# and #middle income households#, the amount of #middle income floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area#, on the #zoning lot#.

For the purposes of this paragraph (a)(2), #low income floor area# may be considered #moderate income floor area# or #middle income floor area#, and #moderate income floor area# may be considered #middle income floor area#.

(b) #Uses# in Western Subarea C2 located within a #large-scale general development#

In a C2-5 District mapped within an R9 District within Western Subarea C2, the following #uses#, when located wholly within a #large-scale general development#, shall

be considered permitted #uses# without any size limitations:

From Use Group VI

Automotive repair and maintenance

Building material and supplies dealers

From Use Group VIII

Production or entertainment studios

From Use Group X

Theatrical scenery manufacturing, included in other miscellaneous manufacturing.

The supplemental #use# provisions of Section 32-421 (Limitations on floors occupied by commercial uses) shall not apply to #commercial# #uses# located in a #building# with frontage on West 52nd Street.

(c) Height and setback modification

For any #development# or #enlargement# subject to the provisions of Section 74-61 (Development Within or Over a Railroad or Transit Right-of-Way or Yard), the City Planning Commission may permit the modification of the applicable height and setback regulations, the open area planting requirements of Section 23-892 (In R6 through R10 Districts), and the permitted obstructions in #rear yard# or #rear yard equivalent# regulations of Section 23-44, provided that:

- (1) such modification of height and setback regulations will:
 - (i) result in a #building# that has a maximum #building# height of 155 feet;
 - (ii) result in a better distribution of #bulk# on the #zoning lot#; and
 - (iii) permit adequate access of light and air to surrounding #streets# and adjacent properties;
- (2) such modification of planting requirements will facilitate access to Department of Transportation bridge structures, and the area between the #street wall# and #street line# of the #buildings# shall be improved with moveable planters; and

- (3) any obstruction permitted in a #rear yard# or #rear yard equivalent# pursuant to this Section is necessary to accommodate the ventilation needs of a railroad or transit facility. In addition, such obstruction shall be fully screened by a landscaped strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that is expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

The Commission may prescribe appropriate conditions and safeguards to minimize any adverse effects on the character of the surrounding area.

(6/14/11)

96-33
Special Regulations in M2-4 Districts

(6/14/11)

96-331
Adult establishments

The provisions of Section 52-77 (Termination of Adult Establishments) shall not apply to any #adult establishment# that located within the #Special Clinton District# after October 25, 1995, and prior to May 11, 2011, and which, as of May 11, 2011, and June 14, 2011, was an existing #use# and conformed to all provisions of Section 42-01 (Special Provisions for Adult Establishments) applicable to M2-4 Districts.

(6/14/11)

96-332
Height and setback

In M2-4 Districts in Western Subarea C2, the underlying height and setback regulations shall apply as modified by the following special #bulk# regulations.

For all #buildings or other structures#, the #street wall# of a #building# shall rise without setback to a minimum base height of 50 feet, or the height of the #building#, whichever is less, and a maximum base height of 95 feet. No portion of a #building# shall exceed a height of 135 feet and no #sky exposure plane# shall apply.

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# shall be located on the #street line# and extend along such entire #street# frontage of the #zoning lot# up to at least the minimum base height.

On #narrow streets# beyond 50 feet of their intersection with a #wide street#, the #street wall# shall be located on the #street line# and extend along at least 70 percent of the #narrow street# frontage of the #zoning lot# up to at least the minimum base height.

Where #street walls# are required to be located on the #street line#, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except that, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

(6/6/24)

96-34

Special Regulations in Northern Subarea C1

Within Northern Subarea C1, Special Use Regulations Areas C1-1 and C1-2, as shown on the map in Appendix A of this Chapter, are subject to the special #use# regulations of this Section. In addition, the special Inclusionary Housing regulations set forth in this Section shall apply in Area C1-1.

(a) Inclusionary Housing Program

The boundaries of the #Inclusionary Housing designated area# within the #Special Clinton District# are shown on Map 2 in Manhattan Community District 4, in APPENDIX F of this Resolution. Such area shall be an #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such #Inclusionary Housing designated area# the following special regulations shall apply. The #residential# #floor area# of the #zoning lot# may be increased by 1.25 square feet for each square foot of #low income floor area# provided, or by 0.625 square feet for each one square foot of #middle income floor area# provided, up to the maximum #floor area# set forth in Section 23-154 (Inclusionary Housing). However, the amount of #low income floor area# plus half the amount of #middle income floor area# required to

receive such #floor area compensation# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential# #floor area# on the #compensated zoning lot#, provided that no more than 8,000 square feet of #middle income floor area# may be included within this calculation.

(b) Special #use# regulations

In Special Use Regulations Areas C1-1 and C1-2, the following #uses# shall be permitted below the level of the lowest floor occupied by #dwelling units#:

- (1) automobile dealers listed under Use Group VI with preparation of automobiles for delivery; and
- (2) automobile repair and maintenance listed under Use Group VI.

(3/22/16)

96-40

MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS

For parcels within the #blocks# bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, within a #general large-scale development# that occupies #zoning lots# on more than one #block#, the City Planning Commission may permit the modification of #open space# required pursuant to Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) as part of a special permit, pursuant to Section 74-743 (Special provisions for bulk modification), provided the Commission finds that:

- (a) the amount of #open space# provided is sufficient to meet the needs of the residents of the #general large-scale development#; and
- (b) such modification results in improved site planning.

(2/2/11)

96-50

REGULATIONS APPLICABLE TO ALL AREAS

The provisions of Sections 96-51 (Mandatory Tree Planting Provisions), 96-52 (Bulk Modifications for Public Parking Garages) and 96-53 (Conversions to Residential Use) shall apply to all areas within the Special District.

(6/6/24)

96-51
Mandatory Tree Planting Provisions

In addition to the applicable underlying #street# tree planting requirements, tree planting provisions shall also apply to #extensions# or alterations, other than #incidental alterations#, involving 30 percent or more of the existing #floor area# of a #building#. For #uses# listed under Use Groups IV(B), IX(B), or X, the #street# tree planting requirements of Section 26-41 (Street Tree Planting) shall apply.

(1/19/05)

96-52
Bulk Modifications for Public Parking Garages

Except within the Eighth Avenue Perimeter Area set forth in Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area), in all other C6 Districts, the City Planning Commission, by special permit, may permit, for #public parking garages#, modification of the applicable #lot coverage#, #yard# and height and setback regulations. As a condition of permitting such modifications, the Commission shall make the following findings:

- (a) that, because of site limitations, such modifications are necessary for the proper design and operation of the #public parking garage#; and
- (b) that, such modifications will not unduly obstruct access to light and air in the #street# or on adjacent #zoning lots#.

The Commission shall consider the characteristics of surrounding development and may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of adjacent areas.

(6/6/24)

96-53
Conversions to Residential Use

For #conversions# to #residential use# of a #building#, predominantly occupied by #uses# listed under Use Groups III or V, that exceeds the #residential# #floor area# permitted by the applicable district regulations, the City Planning Commission by special permit, may permit such #building# to be #converted# to #residential use# in its entirety, provided that such #building#

includes social or recreational space primarily for the use of occupants of #dwelling units# or #rooming units# in the #development# and which may also be made available to the community.

There shall be at least 30 square feet of social or recreational space for each #dwelling unit# or a total area of at least 5,000 square feet, whichever is greater. Such space may be located outdoors at grade level or at any floor level including roof areas. The maximum number of #dwelling units# shall be determined in accordance with the provisions of Section 15-111 (Number of permitted dwelling units). The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties.

As a condition of approval, the Commission shall find:

- (a) that because of site and building limitations, such modifications are necessary for the proper design and functioning of the #converted# #building#;
- (b) that such modifications will result in adequate access of light and air to the newly created #dwelling units# and to surrounding development;
- (c) that the social or recreational space contains adequate facilities to serve the needs of the residents and wherever possible the surrounding community;
- (d) that there is suitable separation between #dwelling units# and floor space occupied by non-#residential# or #accessory# #uses#; and
- (e) that such #conversion# will not unduly increase the density of population or intensity of #use# to the detriment of the occupants of #buildings# in the #block# or nearby #blocks#.

The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties and may require a program for operation and maintenance of recreational spaces.

(11/21/74)

96-60 SPECIAL PERMIT PROCEDURE

(6/6/24)

96-601 Requirements for applications

An application to the City Planning Commission for the grant of a special permit under the

provisions of this Chapter, shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

Notwithstanding the foregoing, in the Eighth Avenue Perimeter Area, all applications made pursuant to the #Special Midtown District# shall be subject to the guidelines and provisions of Article VIII, Chapter 1 (Special Midtown District), instead.

All applications relating to Section 96-110 (Off-street parking regulations) shall be referred by the Commission to the Department of Transportation for its report with respect to the anticipated traffic congestion resulting from such special permit #use# in the proposed location.

If such agency shall report thereon within one month from the date of referral, the Commission shall, in its determination, give due consideration to such report and, further, shall have the power to substantiate the appropriate findings solely on the basis of the report by such agency with respect to the issues referred. If such agency does not report within one month, the Commission may make a final determination without reference thereto.

(2/2/11)

96-602

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny a special permit application whenever the #development# or #enlargement# will interfere with a public improvement project, including housing, highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities, which is approved by, or pending before, the Board of Estimate or City Planning Commission, as determined from the Calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

(11/21/74)

96-70

SPECIAL PERMITS PREVIOUSLY AUTHORIZED

Whenever, under the provisions of the Special Clinton Interim District or any prior zoning regulation, the City Planning Commission has authorized any special permit, the status of such special permit shall not be altered by the provisions of this Chapter.

(6/6/24)

96-80
EXCLUDED AREAS

Except as provided in this Section, the regulations set forth in this Chapter shall not apply to the following areas:

- (a) parcels within the blocks bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, provided that in this area the provisions of Sections 96-40 (MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS), 96-51 (Mandatory Tree Planting Provisions) and 96-82 (C6-3X Districts) shall apply.

In addition, for parcels in C6-3X Districts, bounded by West 53rd Street, Tenth Avenue, West 54th Street and Eleventh Avenue, the following shall be permitted #uses# below the level of any floor occupied by #dwelling units#:

- (1) automobile dealers listed under Use Group VI with preparation of automobiles for delivery;
- (2) automotive repair and maintenance listed under Use Group VI; and
- (3) riding academies or stables listed under Use Group VIII.

For a #building# that, at the time of approval by the Department of Buildings, included space designed for stable use for riding academies or stables with a ceiling height in excess of 23 feet, as measured from the #base plane#, then any floor space occupied by #accessory# parking located on the floor immediately above shall be exempted from the definition of #floor area#.

- (b) the block bounded by West 49th Street, Eighth Avenue, West 50th Street and Ninth Avenue which was the site of the former Madison Square Garden;
- (c) property bounded by West 45th Street, the easterly right-of-way of the Amtrak Empire Line, West 44th Street and Eleventh Avenue, provided that in this area the provisions of Section 96-81 (R10 Districts) shall apply;
- (d) the block bounded by West 42nd Street, Ninth Avenue, West 43rd Street and Tenth Avenue; or
- (e) property bounded by West 56th Street, Ninth Avenue, West 57th Street and a line 200 feet west of Eighth Avenue.

(5/14/14)

96-81

R10 Districts

R10 Districts in Excluded Areas shall be #Inclusionary Housing designated areas# pursuant to Section 12-10 (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(6/14/11)

96-82

C6-3X Districts

(a) Inclusionary Housing Program

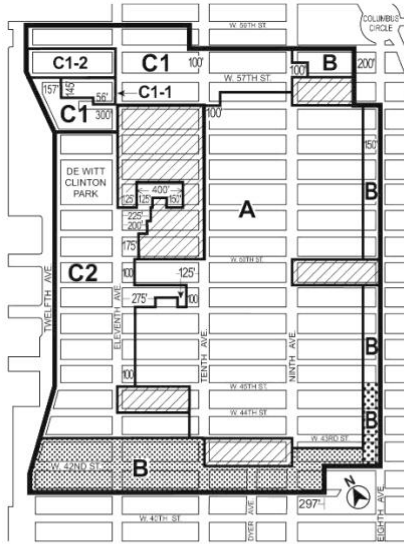

C6-3X Districts in Excluded Areas shall be #Inclusionary Housing designated areas# pursuant to Section 12-10 (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(b) Maximum #floor area ratio#

Within such #Inclusionary Housing designated areas#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# of 6.75, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# of 9.0, through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90.

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 7
Special 125th Street District**

(11/30/17)

**97-00
GENERAL PURPOSES**

The “Special 125th Street District” established in this Resolution is designed to promote and protect the public health, safety, general welfare and amenity. The general goals include, among others, the following specific purposes:

- (a) to preserve, protect and promote the special character of 125th Street as Harlem’s “Main Street” and the role of 125th Street as Upper Manhattan’s premier mixed use corridor;
- (b) to guide development on the 125th Street corridor;
- (c) to expand the retail and commercial character of 125th Street;
- (d) to provide incentives for the creation of visual and performing arts space and enhance the area’s role as a major arts, entertainment and cultural destination in the City;
- (e) to support mixed use development throughout the 125th Street corridor, including residential uses, and to provide incentives for the production of affordable housing;
- (f) to ensure that the form of new buildings is compatible and relates to the built character of the 125th Street corridor;
- (g) to enhance the pedestrian environment through appropriate ground floor uses and regulations;
- (h) to ensure, in the Park Avenue Hub Subdistrict, compatibility with the purposes of the #Special East Harlem Corridors District#; and
- (i) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City’s revenue.

(6/6/24)

97-01

Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10 (DEFINITIONS) or 32-301 (Definitions).

(10/7/21)

97-02

General Provisions

In harmony with the general purposes of the #Special 125th Street District# and in accordance with the provisions of this Chapter, the express requirements of the Special District shall apply within the Special District.

Except as modified by the particular provisions of the Special District, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(12/19/17)

97-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special 125th Street District# Plan. The District Plan, including Map 1 (Special 125th Street District and Subdistricts), is set forth in Appendix A of this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(12/19/17)

97-04

Establishment of Subdistricts

In order to carry out the purposes and provisions of this Chapter, three subdistricts are established within the #Special 125th Street District#: the Core Subdistrict, the Park Avenue Hub Subdistrict and Subdistrict A. Each subdistrict includes specific regulations designed to support an arts and entertainment environment and other relevant planning objectives along 125th Street. The boundaries of the subdistricts are shown on Map 1 in Appendix A of this Chapter.

(4/30/08)

97-05

Establishment of Bonused Space Local Arts Advisory Council

A Bonused Space Local Arts Advisory Council shall be created for the purpose of reviewing and making recommendations concerning the Community Engagement Plans of proposed operators of visual or performing arts #uses# pursuant to paragraph (c)(7) of Section 97-423 (Certification for floor area bonus for visual or performing arts uses). The Bonused Space Local Arts Advisory Council shall consist of 11 members: two (2) members appointed by the Commissioner of the Department of Cultural Affairs, one of whom shall be designated by such Commissioner to serve as Chair, and three (3) members appointed by each of the Council Members for the Councilmanic Districts in which the Special District is located, who will rotate depending upon where the proposed visual or performing arts #use# is located, pursuant to Sections 97-422 and 97-423. Members of the Bonused Space Local Arts Advisory Council shall be members of the Harlem performing or visual arts, non-profit, or business communities and shall serve at the pleasure of the appointing official. The Department of Cultural Affairs shall provide staff assistance to the Bonused Space Local Arts Advisory Council and shall establish guidelines and procedures for the performance of its functions.

In making a recommendation concerning a Community Engagement Plan pursuant to paragraph (c)(7) of Section 97-423, the Bonused Space Local Arts Advisory Council shall consider the prior history and/or proposed scope of outreach and educational activities in Community Boards 9, 10 or 11 by the proposed operator; and the organizational capacity and commitment of the proposed operator to implement local partnerships under the Community Engagement Plan. The Department of Cultural Affairs shall not submit a letter to the Chairperson of the City Planning Commission pursuant to paragraph (c)(7) of Section 97-423 without having first received and considered the written recommendation of the Bonused Space Local Arts Advisory Council, provided that the Bonused Space Local Arts Advisory Council shall have provided the Department of Cultural Affairs with such written recommendation no later than 45 days following receipt of a request for review from the Department of Cultural Affairs.

(12/19/17)

97-06

Applicability of District Regulations

(12/19/17)

97-061

Applicability of Special Transit Land Use District Regulations

Wherever the #Special 125th Street District# includes an area which also lies within the #Special Transit Land Use District#, the requirements of the #Special Transit Land Use District#, as set forth in Article IX, Chapter 5, shall apply, subject to the modifications described in paragraphs (a)(5) and (a)(6) of Section 97-432 (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).

(12/19/17)

97-062

Applicability of the Quality Housing Program

In the #Special 125th Street District#, #buildings# containing #residences# shall be #developed# or #enlarged# in accordance with the Quality Housing Program, and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(12/19/17)

97-063

Applicability of Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section 23-154 (Inclusionary Housing) and in Section 23-90 (INCLUSIONARY HOUSING), inclusive, #Inclusionary Housing designated areas# and #Mandatory Inclusionary Housing areas# within the #Special 125th Street District# are shown on the maps in APPENDIX F of this Resolution.

(4/30/08)

97-10

SPECIAL USE REGULATIONS

(6/6/24)

**97-11
Special Arts and Entertainment Uses**

In order to sustain the arts and entertainment character of the 125th Street corridor, the provisions of this Section shall apply.

(a) The following #uses# shall be designated as entertainment #uses#:

From Use Group VI

Eating or drinking establishments

From Use Group VIII

Auditoriums

Production or entertainment studios.

(b) The following #uses# shall be designated as visual or performing arts #uses#:

From Use Group III

Museums

From Use Group VIII

Art galleries

Art, music, dancing or theatrical studios

Theaters

Historical exhibits.

(6/29/11)

**97-12
Arts and Entertainment Use Requirement**

Within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, or for that portion of a #zoning lot# located within the Core Subdistrict, for #buildings# or portions of #buildings# #developed# or #enlarged# after April 30, 2008, that contain at least 60,000 square feet of #floor area# and are located on #zoning lots# with frontage on 125th Street, an amount of space equivalent to a minimum of five percent of the #floor area# of the #development# or #enlargement# shall be occupied by one or more of the #uses# designated in Section 97-11 (Special Arts and Entertainment Uses).

(6/6/24)

97-20 GROUND FLOOR LEVEL REGULATIONS

(6/6/24)

97-21 Supplemental Use Regulations Along 125th Street

Within the #Special 125th Street District#, for any #zoning lot# that fronts upon 125th Street, the #use# regulations of the underlying districts shall be modified by the requirements of this Section, inclusive. However, on #through lots# or #corner lots# with frontage along 125th Street, such requirements shall apply within the first 100 feet of the 125th Street #street line#.

(6/6/24)

97-211 Location of and Access to Arts and Entertainment Uses

Any arts and entertainment #uses# listed in Section 97-11 that are provided in order to comply with the requirements of Section 97-12 (Arts and Entertainment Use Requirement) or Section 97-422 (Floor area bonus for visual or performing arts uses) shall be subject to the following location and access requirements:

The designated #uses# listed in Section 97-11 may be located anywhere throughout a #building# that fronts on 125th Street, provided that:

- (a) any such designated #uses# within the Core Subdistrict required pursuant to Section 97-12 shall be accessed from 125th Street; and

- (b) in #mixed buildings#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall apply. However, such provisions shall be modified where #commercial# #uses# are located on the same #story# as a #dwelling unit# such that the limitations set forth in paragraphs (a) and (b) of such Section need not apply.

(6/6/24)

97-22

Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along 125th Street and the portion of Park Avenue within the Park Avenue Hub Subdistrict, shall be considered #Tier C street frontages#.

However, the underlying #Tier C street frontage# regulations shall be modified as follows: within the Core Subdistrict, a lobby accessing the #residential# portion of a #building# may be located on 125th Street only where the #building# does not have frontage along another #street#.

(6/6/24)

97-221

Modification of supplemental use location regulations

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial# #uses# are located above any #story# containing #dwelling units#.

(4/30/08)

97-30

SPECIAL SIGN REGULATIONS

#Signs# for all #uses# within the #Special 125th Street District# shall be subject to the applicable #sign# requirements in Section 32-60, inclusive, subject to the modifications of Sections 97-31 through 97-34, inclusive.

#Marquee signs# for an arts #use# may be combined, subject to the requirements of Section 32-641 (Total surface area of signs).

In the event of a conflict between the provisions of this Section, 97-30, inclusive, and other regulations of the Administrative Code, the provisions of this Chapter shall apply.

(12/19/17)

97-31
Definitions

Marquee

A “marquee” is a permanent structure or canopy located above the primary entrance to an arts #use# fronting on 125th Street or Fifth Avenue, that projects over the sidewalk and is attached to, and entirely supported from, the #street wall# of the #building#. The location and dimensions of the #marquee# shall be determined by the requirements of Section 97-32.

All #marquees# shall comply with the construction and maintenance requirements of Title 27, Subchapter 4, Article 9, of the New York City Building Code, or its successor, pertaining to projecting #signs#.

Marquee sign

A “marquee sign” is a #sign#, other than an #advertising sign#, mounted on a #marquee# that identifies the arts #use# and provides informational displays about such #use#.

(6/6/24)

97-32
Location, Height and Width of Marquees and Marquee Signs

For the purposes of this Chapter, #marquees# shall be permitted only above the primary entrance to one of the following #uses# fronting upon 125th Street or Fifth Avenue:

From Use Group III

Museums

From Use Group VIII

Art, music, dancing or theatrical studios

Theaters

#Marquees# shall project over the sidewalk no more than 15 feet from the #lot line# and shall be no nearer to the curb than two feet.

(a) Height of #marquees#

The minimum height of a #marquee# or a #marquee sign# shall be three feet; the maximum height for such structure and #sign# shall be five feet. No part of a #marquee# or a #marquee sign# shall be located at a height higher than three feet below any floor containing a #residential use#.

(b) Width of #marquees#

The width of a #marquee# or a #marquee sign# shall be no greater than 50 percent of the width of the #building# frontage to which it is attached or 40 feet, whichever is less.

(4/30/08)

97-33

Vertical Distance Above Sidewalk of Marquees and Marquee Signs

The minimum vertical distance from the sidewalk for a #marquee# shall be 12 feet; the maximum vertical distance above the sidewalk for such #marquee# shall be 20 feet.

Notwithstanding the provisions of paragraph (b) of Section 32-653 (Additional regulations for projecting signs), additional #signs# may be displayed on a #marquee#, provided such #sign# is no more than two feet above the #marquee#.

No #marquee# or #marquee sign# shall be located at a height higher than three feet below any floor containing a #residential use#.

(6/6/24)

97-34

Accessory Signs for Visual or Performing Arts Uses

Notwithstanding the regulations of paragraph (b) of Section 32-653 (Additional regulations for projecting signs) and the relevant provisions of the Administrative Code, only the following

visual or performing arts #uses# fronting on 125th Street or Fifth Avenue within the #Special 125th Street District# shall be permitted to erect a #marquee sign# on or above a #marquee#:

From Use Group III

Museums

From Use Group VIII

Art, music, dancing or theatrical studios

Theaters

#Flashing signs# shall not be permitted as #accessory# #signs# for arts #uses#.

(12/19/17)

97-40

SPECIAL BULK REGULATIONS

Within the #Special 125th Street District#, for #developments# or #enlargements#, the applicable #bulk# regulations of the underlying districts shall apply, except as modified by the provisions this Section, inclusive.

(11/30/17)

97-41

Special Floor Area Regulations

The maximum #floor area ratio#, #open space ratio# and #lot coverage# requirements of the applicable underlying district shall apply within the #Special 125th Street District#, unless modified by the following regulations.

(12/19/17)

97-411

Maximum floor area ratio within the Core Subdistrict and areas outside of a subdistrict

In C4-4D, C4-7 or C6-3 Districts in the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and in areas outside of a subdistrict, the maximum permitted #floor area ratios# shall be as listed in the following table for #residential#, #commercial# and #community

facility# #uses#, and may only be increased pursuant to Section 97-42 (Additional Floor Area and Lot Coverage Regulations), inclusive.

**MAXIMUM PERMITTED FLOOR AREA RATIO (FAR) FOR RESIDENTIAL,
COMMERCIAL AND COMMUNITY FACILITY USES**

District	Outside the Core Subdistrict			Within the Core Subdistrict		
	#Residential Floor Area Ratio#	#Commercial Floor Area Ratio#	#Community Facility Floor Area Ratio#	#Residential Floor Area Ratio#	#Commercial Floor Area Ratio#	#Community Facility Floor Area Ratio#
C4-4D	5.4	4.0	6.0	5.4	4.0	6.0
C4-7	9.0	10.0	10.0	5.4	7.2	7.2
C6-3	6.0	6.0	6.0	5.4	6.0	6.0

(12/15/21)

97-412

Maximum floor area ratio in the Park Avenue Hub Subdistrict

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the maximum #floor area ratio# for #zoning lots# is set forth in paragraph (a) of this Section, and is modified for certain #zoning lots# in accordance with paragraph (b) of this Section.

(a) Maximum #floor area ratio#

The maximum #floor area ratio# shall be 12.0. Where a #development# or #enlargement# contains #residential# #floor area#, such #zoning lot# shall satisfy the provisions of either:

- (1) a minimum non-#residential# #floor area ratio# of 2.0 shall be provided on such #zoning lot#. Such #floor area# shall not include any #floor area# containing a #transient hotel#; or
- (2) a minimum #floor area ratio# of 0.5, or a minimum amount of floor space equivalent to such 0.5 #floor area ratio#, shall be provided on such #zoning lot#. Such #floor area# or equivalent floor space shall be exclusively used for those visual or performing arts #uses#, designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses), and shall be certified by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the

conditions set forth in Section 97-423 (Certification for floor area bonus for visual or performing arts uses) have been met.

Where the provisions of Article VI, Chapter 3 (Special Regulations Applying to FRESH Food Stores) apply, the total #floor area# permitted for such #zoning lot# may be increased by one square foot of #residential floor area# for each square foot of #floor area# of a #FRESH food store#, as defined by Article VI, Chapter 3, up to 20,000 square feet.

(b) Modified maximum #floor area ratio# for certain #zoning lots#

For #zoning lots# existing on or before November 30, 2017, with a #lot area# of less than 5,000 square feet, or for #zoning lots# subject to the provisions of paragraph (d)(4) of Section 23-154 (Inclusionary Housing), the maximum #floor area ratios# set forth in paragraph (a) of this Section shall be modified, as follows:

- (1) the minimum non-#residential# #floor area# requirements set forth in paragraph (a) of this Section shall be optional for #zoning lots# existing on or before November 30, 2017, with a #lot area# of less than 5,000 square feet. For #zoning lots# utilizing the provisions of this paragraph, the minimum non-#residential# #floor area# or visual or performing arts space requirements set forth in paragraph (a) of this Section shall not apply;
- (2) for #zoning lots#, subject to the provisions of paragraphs (d)(4)(i) or (d)(4)(iii) of Section 23-154, the maximum #residential# #floor area# provision of the underlying district as specified in Section 23-153 (For Quality Housing buildings) shall apply; and
- (3) for #zoning lots# utilizing the provisions of paragraph (b)(1) or (b)(2) of this Section, the maximum overall #floor area ratio# shall be 10.0, except that such maximum #floor area ratio# may be increased pursuant to the provisions of paragraph (b) of Section 97-422 (Floor area bonus for visual or performing arts uses). For #zoning lots# utilizing the provisions of paragraph (b)(2) of this Section, such maximum #floor area ratio# may also be increased pursuant to the provisions of Article VI, Chapter 3.

(12/19/17)

97-413

Maximum floor area ratio in Subdistrict A

In Subdistrict A, the maximum #residential# #floor area ratio# shall be 9.0 and the maximum #floor area ratio# for non-#residential uses# shall be 10.0. Such maximum non-#residential#

#floor area# may only be increased pursuant to paragraph (c) of Section 97-422 (Floor area bonus for visual or performing arts uses).

(10/7/21)

97-42

Additional Floor Area and Lot Coverage Regulations

Within #Inclusionary Housing designated areas#, as specified in APPENDIX F of this Resolution, the maximum #floor area ratio# may be increased pursuant to the #floor area# provisions of Section 97-421 (Inclusionary Housing) or paragraph (a) of Section 97-422 (Floor area bonus for visual or performing arts uses), which may be used concurrently.

Within #Mandatory Inclusionary Housing areas#, as specified in APPENDIX F of this Resolution, the maximum #floor area ratio# may be increased for certain #zoning lots# specified in paragraph (b) or (c), as applicable, of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) by the provisions of Section 97-422.

For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). Bonuses pursuant to Sections 66-51, 97-421 and 97-422 may be applied separately or in combination. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(12/19/17)

97-421

Inclusionary Housing

In #Inclusionary Housing designated areas# within C4-4D, C4-7 and C6-3 Districts in the Core Subdistrict or areas outside of a subdistrict, the #residential# #floor area ratio# may be increased by an Inclusionary Housing bonus, pursuant to the provisions of Section 23-154 (Inclusionary Housing).

(12/19/17)

97-422

Floor area bonus for visual or performing arts uses

- (a) In C4-4D, C4-7 or C6-3 Districts within the Core Subdistrict or areas outside of a subdistrict, for a #development# or #enlargement# with frontage on 125th Street, the maximum #floor area ratio# otherwise permitted for #residential# or #commercial# #uses# listed in Section 97-411 may be increased up to the maximum #floor area ratio# specified in the table in this Section, provided that for every four square feet of bonused #floor area#, an amount of space equivalent to one square foot of such bonused #floor area# shall be used for those visual or performing arts #uses# designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.

MAXIMUM PERMITTED FLOOR AREA RATIO (FAR) FOR RESIDENTIAL AND COMMERCIAL USES WITH FLOOR AREA BONUS FOR VISUAL OR PERFORMING ARTS USES

	Within areas outside a subdistrict				Within the Core Subdistrict			
	#Residential# #Floor Area Ratio#		#Commercial# #Floor Area Ratio#		#Residential# #Floor Area Ratio#		#Commercial# #Floor Area Ratio#	
	Base	Maximum	Base	Maximum	Base	Maximum	Base	Maximum
C4-4D	5.4	7.2	4.0	5.4	5.4	7.2	4.0	5.40
C4-7	9.0	12.0	10.0	12.0	5.4	7.2	7.2	8.65
C6-3	6.0	8.0	6.0	8.0	5.4	7.2	6.0	8.00

- (b) In C6-4 Districts within the Park Avenue Hub Subdistrict, for a #development# or #enlargement#, the maximum #floor area ratio# permitted in paragraph (b) of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) may be increased up to a maximum #floor area ratio# of 12.0, provided that for every four square feet of bonused #floor area#, an amount of space equivalent to one square foot of #floor area# shall be used for those visual or performing arts #uses# designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.
- (c) In C4-7 Districts within Subdistrict A, for a #development# or #enlargement#, the maximum #floor area ratio# permitted in Section 97-413 (Maximum floor area ratio in Subdistrict A) may be increased up to a maximum #floor area ratio# of 12.0, provided that for every four square feet of bonused #floor area#, an amount of space equivalent to one square foot of #floor area# shall be used for those visual or performing arts #uses# designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.

(12/19/17)

97-423

Certification for floor area bonus for visual or performing arts uses

The minimum non-#residential# #floor area# or equivalent floor space provisions of paragraph (a)(2) of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) or the #floor area# bonus provisions of Section 97-422 shall apply only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the following conditions have been met:

- (a) Drawings have been provided that clearly designate all #floor area# permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412, or all #floor area# that will result from the permitted increase in #floor area ratio# pursuant to Section 97-422, including the location of such #floor area#.
- (b) Drawings also have been provided that clearly designate all #floor area# or below grade floor space for any new visual or performing arts #uses# provided for the purposes of satisfying the provisions of paragraph (a)(2) of Section 97-412, or for which a bonus is to be received pursuant to Section 97-422.

Such drawings shall be of sufficient detail to show that such designated space shall be designed, arranged and used for the new visual arts or performing arts #uses#, and shall also show that:

- (1) all such visual or performing arts #uses# are located at or above the ground floor level of the #building#, except that performance space meeting the requirements of paragraph (b)(4) of this Section may be located below grade, and #accessory# #uses# may be located below grade, subject to the requirements of paragraph (b)(5) of this Section;
- (2) all bonused #floor area# or below-grade space occupied by visual or performing arts #uses# is primarily accessed from 125th Street, except where such visual or performing arts #floor area# or floor space is provided pursuant to paragraphs (a)(2) of Section 97-412 or (b)(2) of Section 97-422. However, all bonused #floor area# or below-grade floor space occupied by visual or performing arts #uses# within a #development# may be primarily accessed from Fifth Avenue, provided the following conditions are met:
 - (i) the #zoning lot# must have at least 150 feet of Fifth Avenue frontage where such primary entrance is provided; and

- (ii) signage that identifies the visual or performing arts #uses# shall be provided at both the primary entrance on Fifth Avenue and on 125th Street;
- (3) in the case of primary rehearsal space, where such space does not consist of #accessory# #uses# subject to the requirements of paragraph (b)(4), such space:
 - (i) can be adapted for rehearsals or performances open to the public;
 - (ii) is located on the first #story# of the #building# or on any higher #story# with a ceiling height not greater than 60 feet above grade;
 - (iii) has a #street wall# with at least 50 feet of frontage along 125th Street, except for visual or performing arts #uses# with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section. In addition, where such primary rehearsal space is provided pursuant to paragraphs (a)(2) of Section 97-412 or (b)(2) of Section 97-422 such #street wall# with 50 feet of frontage need not be along 125th Street,
 - (iv) has a minimum area of 2,000 square feet, with a floor-to-ceiling height of not less than 9 feet, 6 inches; and
 - (v) complies with the following glazing requirements, except for visual or performing arts #uses# with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section: at least 70 percent of the total surface area of the #street wall# abutting the primary rehearsal space, measured from finished floor to ceiling shall be glazed. Furthermore, at least 90 percent of such area shall be transparent from within one foot of the finished floor level to at least eight feet above such level. For primary rehearsal spaces located at the corner of 125th Street and an intersecting #street#, the glazing requirements of this Section shall be applied separately for each #street wall#, and up to 100 feet along such intersecting #street#;
- (4) for performance space which is exclusively designed and arranged for the presentation of live drama, music, dance and interactive or multidisciplinary performances open to the public, such space may be below grade provided it has a minimum area of 2,000 square feet of column-free space with a floor-to-ceiling height of not less than 16 feet;
- (5) #Accessory# space
 - (i) For primary rehearsal spaces, no more than 25 percent of such minimum required #floor area# or equivalent below grade floor space, or such bonused #floor area# or below grade floor space shall be occupied by #uses# #accessory# to such primary rehearsal spaces. #Accessory# #uses#

shall include but are not limited to educational and classroom space, administrative offices, circulation space, restrooms and equipment space;

- (ii) For visual or performing arts #uses# other than a primary rehearsal space, no more than 40 percent of such minimum required #floor area# or equivalent below grade floor space, or such bonused #floor area# or below grade floor space shall be occupied by #uses accessory# to such visual or performing arts #uses#, provided no single #accessory# #use# occupies more than 25 percent of such total minimum required #floor area# or equivalent below-grade floor space, or bonused #floor area# or below grade floor space. #Accessory# #uses# shall include but are not limited to educational and classroom space, non-primary rehearsal space, administrative offices, lobbies, circulation space, ticket offices, restrooms, dressing rooms, other backstage areas and equipment space; and

(6) Signage

- (i) Signage that identifies the visual or performing arts facility shall be provided at the 125th Street entrance of the visual or performing arts facility, subject to the requirements of Section 97-30, inclusive, except where such visual or performing arts facility is provided pursuant to paragraphs (a)(2) of Section 97-412 or (b)(2) of Section 97-422; and
- (ii) For below grade performance space subject to the requirements of paragraph (b)(4) of this Section, such #sign#, not including any frame or surrounding element, shall be utilized for the additional purpose of informing the public regarding the program of scheduled performances in such facility, and shall be no less than two feet in width and four feet in height, and shall be installed a minimum of 2 feet, 6 inches above grade;

(c) A letter from the Department of Cultural Affairs has been submitted to the Chairperson of the City Planning Commission, certifying that:

- (1) a signed lease has been provided from the prospective operator of the visual or performing arts space, or a written commitment from the owner of such space in a form acceptable to the City, if such owner is also the operator, for occupancy of such space, and its operation as a visual or performing arts space for a period of not less than 15 years, with two five-year renewal options, pursuant to an operating plan and program therefor;
- (2) the proposed operator of the visual or performing arts space is a non-profit organization;
- (3) the proposed operator of the visual or performing arts space has the fiscal and managerial capacity to successfully operate such space;

- (4) the proposed operator of the visual or performing arts space will have a program of regularly scheduled presentations or performances that are open to the public, provided that, in the case of a visual or performing arts space that is a primary rehearsal space, a program of regularly scheduled rehearsals or performances open to the public shall be required only where the proposed operator is the principal user of the primary rehearsal space. In the event that the proposed operator is not the principal user of the primary rehearsal space and such space is made available to multiple organizations or individuals on an hourly, weekly, monthly or similar basis, the proposed operator shall allow open rehearsals or performances open to the public to be sponsored by such organizations or individuals, upon request;
 - (5) preliminary design plans have been provided to the Department of Cultural Affairs for the visual or performing arts space, which shall include sufficient detail regarding core, shell, structural, mechanical, electrical, plumbing and HVAC systems necessary to ensure that such visual or performing arts space will operate efficiently for its intended use;
 - (6) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and
 - (7) the proposed operator of the visual or performing arts space has a Community Engagement Plan that will effectively encourage public access and use of the visual or performing arts space, provide educational opportunities to the local community, and address new, undeveloped and/or underserved audience or participant groups. The Department of Cultural Affairs shall make its determination concerning the sufficiency of the Community Engagement Plan based upon consideration of the written recommendation of the Bonused Space Local Arts Advisory Council with respect thereto.
- (d) A legal commitment by the owner has been provided:
- (1) for the operator of the visual or performing arts space to submit an annual program report, describing the use of the space during the previous year, to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs, the Manhattan Borough President, the applicable Community Board and the local Council Member; and
 - (2) for inspection and ongoing maintenance of the visual or performing arts space to ensure its continued availability for #use# as a visual or performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report identifying the operator utilizing the space, describing the condition of the space and identifying any maintenance or repair work necessary to ensure the physical and operational soundness of such space, and establishing a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work,

shall be submitted to the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs;

- (e) A legal commitment by the owner has been provided for continued occupancy of all #floor area# or equivalent floor space provided for the purposes of satisfying minimum equivalent non-#residential# floor space provisions of paragraph (a)(2) of Section 97-412, or for which a bonus has been received pursuant to Section 97-422, as a visual or performing arts space only in accordance with the drawings and design plans provided pursuant to paragraphs (b) and (c)(5) of this Section, and providing further that in the event of a change of operator, the owner or operator shall obtain a new certification pursuant to this Section. An #adult establishment# #use# shall be prohibited for the life of the #development# or #enlargement#.
 - (1) notwithstanding the provisions of this paragraph (e), an owner shall not be in violation of such legal commitment during a grace period consisting of:
 - (i) six (6) months from the date the visual or performing arts space is vacated by the operator, provided owner timely notifies the Departments of City Planning and Cultural Affairs of such vacancy in accordance with the requirements of the legal commitment;
 - (ii) the period of review by the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs with respect to a new operator and any associated change of design or #use# requirements pursuant to this Section, provided that application for certification pursuant to this Section is made no later than the expiration of the six month period set forth in paragraph (e)(1)(i) of this Section;
 - (iii) any period set forth in such certification as necessary to allow for the modification of design to accommodate a new operator; and
 - (iv) any event of force majeure;
 - (2) in the event that the Chairperson of the City Planning Commission determines that the requirements for certification pursuant to this Section with respect to a change of operator and associated change of design or #use# requirements are not satisfied, the grace period set forth in paragraph (e)(1) of this Section shall thereupon apply from the date of such determination;
- (f) A legal commitment by the owner has been provided that all visual arts exhibitions or presentations of live drama, music, dance, interactive or multidisciplinary performances shall be open to the public in accordance with the terms of the letter issued by the Commissioner of Cultural Affairs, pursuant to paragraph (c) of this Section;
- (g) A legal commitment by the owner has been provided that, in the event of an adjudicated violation of the provisions of paragraph (e) of this Section, requiring the continued

occupancy of all #floor area# or equivalent floor space provided for the purposes of satisfying minimum equivalent non-#residential# floor space provisions of paragraph (a)(2) of Section 97-412, or for which a bonus has been received, pursuant to Section 97-422, as a visual and performing arts space only, the owner shall not permit the occupancy of any #floor area# in the #development# or #enlargement# which is vacant as of the date of such adjudication or thereafter, or up to the amount of the increased #floor area# permitted under Section 97-422, as applicable, until such time as the Chairperson of the City Planning Commission has determined that the visual or performing arts space is occupied in accordance with the provisions of this Section.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner of the visual or performing arts space and their successors and assigns, a certified copy of which shall be submitted to the Chairperson. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement#.

The owner shall not apply for or accept a temporary certificate of occupancy for such portion of the #development# or #enlargement# identified under the terms of the declaration of restrictions as utilizing the #floor area# permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412 or the increased #floor area# permitted pursuant to Section 97-422, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the #development# or #enlargement#, until the Commissioner of the Department of Cultural Affairs has certified that the visual or performing arts space is substantially complete. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion of the #development# or #enlargement#, until the visual or performing arts space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the #building#. The temporary or final certificate of occupancy for any portion of the #development# or #enlargement# identified under the terms of the declaration of restrictions as utilizing the #floor area# permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412 or the increased #floor area# permitted pursuant to Section 97-422 shall include the provisions of paragraph (e) of this Section, requiring the continued occupancy of all #floor area# for which a bonus has been received as a visual or performing arts space only, as a condition of occupancy of such portion of the #development# or #enlargement#.

In granting the original certification, the Chairperson of the City Planning Commission may specify such changes in design or #use# that would not warrant further certification pursuant to this Section.

(12/19/17)

97-424
Special Lot Coverage Regulations

The maximum #lot coverage# for #residential use# in C6-3 Districts within the #Special 125th Street District# shall be 70 percent for #interior# or #through lots# and 100 percent for #corner lots#.

(12/19/17)

97-43
Special Height and Setback Regulations

Within the #Special 125th Street District#, the underlying height and setback regulations shall be modified in accordance with the provisions of this Section, inclusive.

(12/6/23)

97-431
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(12/19/17)

97-432
Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict

(a) Street wall location

In all #Commercial Districts# within the Core Subdistrict and areas outside of a subdistrict, the #street wall# shall be located on the #street line# of 125th Street and extend along the entire #street# frontage of the #zoning lot# up to at least the applicable minimum base height of the underlying district, or the height of the #building#, whichever is less.

The #street wall# location provisions of such #Commercial Districts# shall be modified, as follows:

- (1) On Park Avenue, within 10 feet of its intersection with any #street#, the #street wall# may be located anywhere within 10 feet of the Park Avenue #street line#. However, to allow articulation of the #street walls# pursuant to the provisions of paragraph (b) of this Section, the #street walls# may be located anywhere within an area bounded by a #street line#, the #street wall# on Park Avenue and a line connecting these two lines 15 feet from their intersection.
- (2) To allow articulation of #street walls# at the intersection of any two #streets# within the Special District, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.
- (3) Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above the height of the second #story# and up to the applicable maximum base height, recesses are permitted for #outer courts# or balconies, provided that the aggregate width of such recesses does not exceed 30 percent of the width of the #street wall# at any level, and the depth of such recesses does not exceed five feet. No recesses shall be permitted within 20 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except in compliance with corner articulation rules.
- (4) The #street wall# location and minimum #street wall# height provisions of this Section shall not apply to any existing #buildings# that are to remain on the #zoning lot#.
- (5) For any #development# or #enlargement# that is partially within the #Special Transit Land Use District# and located directly over the planned Second Avenue subway line tunnel, the #residential# portion of such #development# or #enlargement# may be constructed pursuant to the R8A #street wall# requirements and the #commercial# portion of such #development# or #enlargement# may be constructed pursuant to the C4-4D #street wall# requirements in lieu of the requirements of this Section.
- (6) The requirements of this Section shall apply within the #Special Transit Land Use District# except that, for the area of the #Special Transit Land Use District# that is also within the #Special 125th Street District#, a #street wall# of a #development# or #enlargement# located on the #street line# of a #zoning lot# need not exceed 15 feet if that portion of the #development# or #enlargement# is located directly over the planned Second Avenue subway line tunnel.

(b) Maximum height of building and setback

The following modifications of the underlying district regulations shall apply for C4-7 and C6-3 Districts within the Core Subdistrict and areas outside of a subdistrict:

- (1) The minimum and maximum base height of the #street wall# and the maximum height of a #building or other structure# shall be as set forth in the following table:

MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT AND MAXIMUM BUILDING HEIGHT			
District	#Street Wall# Height (in feet)		Maximum Height of #Building or Other Structure# (in feet)
	Minimum Base Height	Maximum Base Height	
C4-7	60	85	195
C6-3	60	85	160

All portions of #buildings or other structures# that exceed a height of 85 feet in C4-7 and C6-3 Districts shall be set back at least 15 feet from the #street line#, except that such setback depth may include the depth of any permitted recess in the #street wall#, according to the provisions of paragraph (a) of Section 97-432 (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).

(2) Special regulations for certain C4-7 Districts

- (i) For the area located within 50 feet of the 126th Street frontage and between 200 feet east of Adam Clayton Powell Boulevard and 150 feet west of Lenox Avenue/Malcolm X Boulevard, the height of any portion of a #building or other structure# shall be limited to 80 feet.
- (ii) For #zoning lots# bounded by 125th Street, Park Avenue and 124th Street, the maximum height of a #building or other structure# shall be 330 feet.
- (iii) For Lots 1 and 7501 on Block 1910, the requirements of City Environmental Quality Review (CEQR) Environmental Designation Number (E-102) have been modified, as set forth in the Technical Memorandum to the Final Environmental Impact Statement for CEQR Number 07DCP030M, dated July 18, 2008.

- (3) In C6-3 Districts, the maximum length of any #story# located above a height of 85 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a height of 85 feet. No side of such rectangle shall exceed a width of 150 feet.

(6/6/24)

97-433

Height and setback regulations in the Park Avenue Hub Subdistrict

In C6-4 Districts within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the following provisions shall apply.

- (a) #Street wall# location

The applicable provisions of Section 35-651 shall be modified as follows:

- (1) Along 125th Street

The minimum base height shall be 60 feet, or the height of the #building#, whichever is less, except that for #buildings# or portions thereof within 50 feet of Park Avenue, the minimum base height shall be 40 feet, or the height of the #building#, whichever is less. The street wall location provisions of this paragraph shall be modified to allow a sidewalk widening pursuant to the provisions of paragraph (a)(2) of this Section; and

- (2) Along Park Avenue and #narrow streets#

The provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 40 feet, or the height of the #building#, whichever is less.

In addition, for #zoning lots# with frontage along Park Avenue between 124th Street and 125th Street, any #development# or horizontal #enlargement# shall provide a sidewalk widening along the #street line# of Park Avenue. Such sidewalk widening shall have a depth of 10 feet, be improved to Department of Transportation standards for sidewalks, and be at the same level as the adjoining public sidewalk.

- (b) Basic maximum #building# height and setback regulations

The maximum height of #buildings or other structures# shall be as set forth in Sections 35-652 (Maximum height of buildings and setback regulations) or 35-654 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable

independent residences for seniors), as applicable, except that the minimum base height shall be as set forth in paragraph (a) of this Section, and the maximum base height for #buildings or other structures# along the #street line# of 125th Street and within 50 feet of such #street line# shall be 85 feet.

For the purposes of applying the provisions for #qualifying ground floors#, the provisions of Section 97-20 (GROUND FLOOR LEVEL REGULATIONS), inclusive, shall apply in lieu of the applicable provisions of paragraph (b)(2) of Section 35-652.

(c) Optional height and setback regulations

As an alternative to the provisions of paragraph (b) of this Section, the provisions of this paragraph (c) may be applied to #zoning lots# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), or #zoning lots# where 50 percent or more of the #floor area# is allocated to non-#residential uses#.

(1) Setbacks

At a height not lower than the minimum base height specified in paragraph (a) of this Section, nor higher than a maximum base height of 85 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). Above such required setback, any portion of a #building# or #buildings# on the #zoning lot# shall be considered a “tower.”

(2) #Lot coverage# requirements for towers

Each #story# of a tower containing #residential# #floor area# shall not exceed a maximum #lot coverage# of 40 percent, except that, for #zoning lots# less than 20,000 square feet, such #lot coverage# may be increased in accordance with the table in Section 23-65 (Tower Regulations). Each #story# of a tower allocated exclusively to non-#residential floor area# shall not exceed a maximum #lot coverage# of 50 percent. However, where dormers are provided within the required setback, such portions of #buildings# shall not count toward the maximum allowable #lot coverage# set forth in this paragraph.

(3) Maximum #building# height

No height limit shall apply to towers.

(12/19/17)

97-434

Height and setback regulations in Subdistrict A

Within Subdistrict A, as shown on Map 1 in Appendix A of this Chapter, the underlying height and setback regulations for #Quality Housing buildings# shall apply, except that in C4-7 Districts, the minimum and maximum base heights and the overall maximum #building# height provisions of Section 35-65, inclusive, shall be modified in accordance with the following table: Maximum height of #buildings.

MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT AND MAXIMUM BUILDING HEIGHT			
District	#Street Wall# Height (in feet)		Maximum Height of #Building or Other Structure# (in feet)
	Minimum Base Height	Maximum Base Height	
C4-7	60	85	245

Above the maximum base height, a setback shall be provided in accordance with the provisions of paragraph (c) of Section 23-662.

(12/19/17)

97-44

Special Provisions for Zoning Lots Divided by District Boundaries

The regulations of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) shall apply within the #Special 125th Street District#, except that for any #zoning lot# that is completely within the Core Subdistrict, #floor area# may be located anywhere on such #zoning lot# without regard to the requirements of Section 77-22 (Floor Area Ratio), subject to the applicable height and setback regulations.

(4/30/08)

97-50

SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The underlying provisions of Article II, Chapter 5, Article III, Chapter 6 and Article IV, Chapter 4 (Accessory Off-street Parking and Off-street Loading Regulations) shall apply within the #Special 125th Street District#, subject to modification by the regulations of this Section, inclusive.

Enclosed parking spaces, or parking spaces covered by a #building#, including such spaces #accessory# to #residences# shall be permitted to occupy the ground floor provided they are located beyond 30 feet of the #street wall# of the #building#.

The applicable district regulations for the location of #accessory# off-street parking spaces along 125th Street within the Special District may be modified, so that such facilities may be provided off-site, within a #Commercial District#, but at a distance no greater than 1,200 feet from the #zoning lot#.

(11/30/17)

97-51

Accessory Off-street Parking Within the Core Subdistrict and Areas Outside of a Subdistrict

(5/23/24)

97-511

Required accessory off-street residential parking

#Accessory# off-street parking spaces, open or enclosed, shall be provided for all #developments# or #enlargements# within the #Special 125th Street District# that contain #residences#, according to the provisions of the underlying district, as modified by the provisions of Section 97-50 (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive. However, for #developments# or #enlargements# within R6A Districts, the off-street parking regulations of an R7-2 District, as modified by the provisions of Section 97-50, inclusive, shall apply.

(11/30/17)

97-512

Required accessory off-street commercial parking

In #Commercial Districts# within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and areas outside of a subdistrict, #accessory# off-street parking spaces shall be provided if required by Section 36-21, as modified by the provisions of Section 97-50 (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, except that no #accessory# parking spaces shall be required for #commercial# #uses# in C4-4D Districts.

(11/30/17)

97-52

Required Accessory Off-street Parking Within the Park Avenue Hub Subdistrict

In the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, no #accessory# off-street parking shall be required for #residences#. Off-street parking shall be permitted in accordance with the regulations of the underlying district.

(4/30/08)

97-53

Location of Access to the Street

Curb cuts for entrances and exits to #accessory# off-street parking facilities or for loading berths shall not be located on 125th Street or any other #wide street# that intersects with 125th Street, other than under the specific conditions of Sections 97-55 (Certification for Access to Required Uses) and 97-56 (Authorization for Access to Permitted Parking Facilities or Loading Berths).

Such certification or authorization shall not be required if parking and loading requirements can be met through the provisions of 97-54 (Parking Access Through Zoning Lots in Residence Districts).

(2/2/11)

97-54

Parking Access Through Zoning Lots in Residence Districts

For a #zoning lot# within a #Residence District#, which #zoning lot# fronts upon either 124th or 126th Street and the #rear lot line# #abuts# a #zoning lot# that fronts only on 125th Street, and such #zoning lot# has been vacant since April 30, 2008, access for parking and loading purposes may be provided through such #zoning lot#.

(12/19/17)

97-55

Certification for Access to Required Uses

If access to a required #accessory# #residential# parking facility or loading berth is not possible because of the requirements of Section 97-53 (Location of Access to the Street), or, for #developments# in Subarea A, the requirements of Section 36-683 (Restrictions on location of berths near Residence Districts), a curb cut may be allowed if the City Planning Commission certifies to the Commissioner of Buildings that such location is:

- (a) the only possible location for the facility or loading berth;
- (b) not hazardous to traffic safety;
- (c) located not less than 50 feet from the intersection of any two #street lines#; and
- (d) constructed and maintained so as to have a minimal effect on the streetscape.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commissioner may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

(4/30/08)

97-56

Authorization for Access to Permitted Parking Facilities or Loading Berths

The City Planning Commission may authorize curb cuts for the following parking facility or loading berths:

- (a) If access to a permitted #accessory# #residential# or public parking facility is not possible due to the requirements of Section 97-53, the Commission may authorize curb cuts for such #uses#, provided such curb cuts:
 - (1) will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; and
 - (2) will not interfere with the efficient functioning of public transit facilities.
- (b) If access to a permitted loading berth is not possible due to the requirements of Section 97-53, the Commission may authorize curb cuts for such #use#, provided:
 - (1) such loading berths are adjacent to a fully enclosed maneuvering area on the #zoning lot#;
 - (2) such maneuvering area is at least equal in size to the area of the loading berth; and

- (3) there is adequate space to permit head-in and head-out truck movements to and from the #zoning lot#.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commission may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

(6/6/24)

97-57

Public Parking Facilities

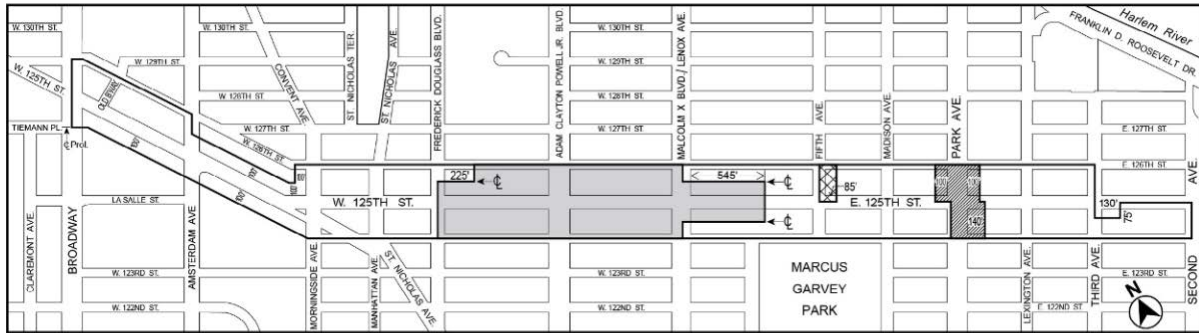

Notwithstanding the special permit regulations of Section 74-194 (Public parking garages or public parking lots in high density central areas), #public parking garages# with 150 spaces or less shall be permitted as-of-right in C4-7 and C6 Districts, subject to the requirements of Section 36-50, inclusive, pertaining to surfacing and screening, and Section 97-53 (Location of Access to the Street). #Public parking garages# with more than 150 spaces shall be subject to the requirements of Sections 74-193 (Public parking garages or public parking lots outside high density central areas) or 74-194, as applicable.

#Public parking lots# are not permitted on zoning lots with 125th Street frontage within the Special District.

(12/19/17)

Appendix A Special 125th Street District Plan

Map 1: Special 125th Street District and Subdistricts (97A.1)

(6/23/05)

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 8
Special West Chelsea District**

(6/23/05)

**98-00
GENERAL PURPOSES**

The “Special West Chelsea District” established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

- (a) to encourage and guide the development of West Chelsea as a dynamic mixed use neighborhood;
- (b) to encourage the development of residential uses along appropriate avenues and streets;
- (c) to encourage and support the growth of arts-related uses in West Chelsea;
- (d) to facilitate the restoration and reuse of the High Line elevated rail line as an accessible, public open space through special height and setback regulations, High Line improvement bonuses and the transfer of development rights from the High Line Transfer Corridor;
- (e) to ensure that the form and use of new buildings relates to and enhances neighborhood character and the High Line open space;
- (f) to create and provide a transition to the lower-scale Chelsea Historic District to the east;
- (g) to create and provide a transition to the Hudson Yards area to the north; and
- (h) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City’s tax revenues, consistent with the foregoing purposes.

(6/6/24)

98-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Sections 12-10 (DEFINITIONS) and 32-301 (Definitions).

High Line

The “High Line” shall, for the purposes of this Chapter, refer to the elevated rail line structure and associated elevated easement located between Gansevoort Street and West 30th Street.

High Line bed

The “High Line bed” is the highest level of the horizontal surface (platform) of the #High Line# elevated rail line structure as of June 23, 2005, as shown in Diagram 7 in Appendix C of this Chapter. For the purposes of this Chapter, the level of the #High Line bed# is the average level of the #High Line bed# on a #zoning lot# over which the #High Line# passes.

High Line frontage

“High Line frontage” is that portion of a #building# that faces and is located within 15 feet of the west side and 25 feet of the east side of the #High Line#.

High Line Transfer Corridor

The “High Line Transfer Corridor” is an area within which the #High Line# is located, as specified in Appendix B of this Chapter, where development rights may be transferred to receiving sites in certain subareas in the #Special West Chelsea District#, pursuant to the provisions of Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive.

(3/22/16)

98-02

General Provisions

The provisions of this Chapter shall apply to any #zoning lot#, or portion thereof, within the #Special West Chelsea District#, except that the provisions of Sections 98-11 (Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line) and 98-16 (Air Space Over a Railroad or Transit Right-of-way or Yard) shall also apply to any #zoning lot# south of the #Special West Chelsea District# over which the #High Line# passes. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the

provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

The provisions regarding the transfer of #floor area# set forth in Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive, and the #High Line Improvement Bonus# in Subareas D, E, F, G and I set forth in Section 98-25 shall be effective upon the issuance of a final and binding Certificate of Interim Trail Use (CITU) by the Federal Surface Transportation Board and the execution of a trail use agreement between the City and CSX Transportation, Inc., or its successor, with respect to the #High Line#, or upon a determination by the Office of the Corporation Counsel that the restoration and reuse of the #High Line# as an accessible, public open space has been obtained pursuant to an alternative mechanism that protects the interests of the city.

Upon transfer of the #High Line# to the City, pursuant to ULURP application C 050163 PCM, and in accordance with such CITU and trail use agreement, the following shall apply:

- (a) the provisions regarding the issuance of building permits set forth in Section 98-11 shall be effective;
- (b) any area within the tax lot located at Section 3, Block 8224, Lot 111, as of June 23, 2005, which is separated from other portions of such tax lot by bounding streets, shall be considered a separate #zoning lot#; and
- (c) underlying #use# and bulk regulations shall not apply to #uses# and #buildings and other structures# constructed on the #High Line# specifically in connection with its use as a public open space.

(11/13/12)

98-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special West Chelsea District# Plan.

The District Plan includes the following maps and illustrative diagrams in Appendices A, B and C and the special regulations in Appendices D, E and F:

Appendix A - Special West Chelsea District and Subareas

Appendix B - High Line Transfer Corridor Location

Appendix C - Illustrative Diagrams of the High Line and Building Envelopes for Sites Adjacent to the High Line

Diagram 1 - Street Wall and High Line Frontage Regulations in Subareas C, F and G

Diagram 2 - Street Wall and High Line Frontage Regulations in Subarea A

Diagram 3 - Subarea H Requirements

Diagram 4 - High Line Improvement Area Boundaries for Zoning Lots Divided by District Boundaries in Subareas D, E and G

Diagram 5 - Subarea I Requirements between West 16th and West 17th Streets

Diagram 6 - High Line Access Easement Volume Parameters

Diagram 7 - High Line Bed and Frontages

Appendix D - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in Subarea H

Appendix E - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I

Appendix F - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J.

The maps and diagrams are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in this Chapter shall apply.

(12/9/21)

**98-04
Subareas and High Line Transfer Corridor**

In order to carry out the provisions of this Chapter, Subareas A through K and a #High Line Transfer Corridor# are established within the #Special West Chelsea District#.

Within each of the Subareas and the #High Line Transfer Corridor#, certain special regulations apply that do not apply within the remainder of the #Special West Chelsea District#. The locations of the Subareas are shown in Appendix A of this Chapter. The location of the #High Line Transfer Corridor# is shown in Appendix B of this Chapter.

The Subareas and the #High Line Transfer Corridor# are subject to all other regulations of the #Special West Chelsea District# and the underlying district regulations, except as otherwise specified in this Chapter.

(6/23/05)

98-05
Applicability of District Regulations

(3/28/12)

98-051
Applicability of Article I, Chapter 1

Within the #Special West Chelsea District#, Section 11-332 (Extension of period to complete construction) shall apply, except that notwithstanding the provisions of paragraph (a) of such Section, in the event that other construction for which a building permit has been lawfully issued and for which construction has been commenced but not completed on June 23, 2005, such other construction may be continued provided that the construction is completed and a temporary or permanent certificate of occupancy is obtained not later than June 23, 2006.

(6/23/05)

98-10
SPECIAL USE AND PARKING REGULATIONS WITHIN THE SPECIAL WEST CHELSEA DISTRICT

(3/22/06)

98-11
Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line

The Commissioner of Buildings shall not issue any building permit for demolition, excavation or foundation work to be performed above or beneath the #High Line# or within 25 feet of support structures of the #High Line#, except by determination by such Commissioner that such work would not adversely affect the structural integrity of the #High Line# and by determination by

the Commissioner of Parks that such work would not adversely affect the City's ability to inspect and maintain as necessary to ensure the structural integrity of the #High Line#.

(12/9/21)

98-12
Modification of Use Regulations in C6 Districts

The #use# regulations of the underlying districts are modified by the provisions of this Section, inclusive.

(6/6/24)

98-121
In Subarea H

In Subarea H, the provisions of Section 32-19 (Use Group IX – Storage), inclusive, are modified to permit, in C6 Districts, warehouse #uses# only in #cellars# located wholly below #curb level#.

(6/6/24)

98-122
In Subarea K

In Subarea K, the provisions of Section 42-10 (USE ALLOWANCES), inclusive, shall be modified as follows:

- (a) The following additional #uses# shall be permitted, provided that the floor space allocated to such #uses# does not exceed 25 percent of the total #floor area# of the #building#:
 - (1) all #uses# listed under Use Groups III and IV not otherwise permitted by the underlying regulations, other than those with sleeping accommodations;
 - (2) all #uses# listed under Food and Beverage Retailers in Use Group VI, larger than 10,000 square feet;
 - (3) all #uses# listed under Use Group VI, not otherwise permitted by the underlying regulations; or

- (4) all #uses# listed under Use Group VI with a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), inclusive, shall be permitted without such limitation, provided that the floor space allocated to such #uses# does not exceed 10 percent of the total #floor area# of the #building#.

(6/23/05)

98-123

Adult establishments

The provisions of Section 52-77 (Termination of Adult Establishments) shall not apply to any #adult establishment# that located within the #Special West Chelsea District# after October 25, 1995 and prior to May 25, 2005, and which, as of May 25, 2005 and June 22, 2005, was an existing #use# and conformed to all provisions of Section 42-01 (Special Provisions for Adult Establishments) applicable to M1-5 Districts.

(6/6/24)

98-124

Location within buildings

In any C6 District in the #Special West Chelsea District#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing #dwelling units#. However, the provisions of Section 32-422 shall not preclude the location of a #commercial# #use# that fronts on the #High Line# and is located within five feet of the level of the #High Line bed#.

(6/6/24)

98-13

Modification of Use Regulations in M1 Districts

In the #Special West Chelsea District#, the provisions of Sections 42-10 (USES ALLOWANCES), inclusive, are modified to permit, as-of-right, without limitation, in M1 Districts, museums listed under Use Group III.

(6/6/24)

98-14

Ground Floor Use and Transparency Requirements on Tenth Avenue

The underlying #ground floor level# streetscape provisions of Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along Tenth Avenue shall be considered #Tier C street frontages#.

(2/2/11)

98-141

Transparency requirements within Subareas H and I

The transparency requirements of this Section shall apply to all portions of #buildings# #developed# or #enlarged# after June 23, 2005, within the #High Line frontage# of Subareas H and I, except for such portions that contain #dwelling units#. At least 70 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the #High Line bed# shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

(11/13/12)

98-142

High Line level wall requirements within Subarea J

Any additions to the windows or other glazing located on the #building# wall separating the #High Line# from any #building# located on a #zoning lot# within Subarea J at the #High Line# level shall be designed to provide for a minimum of 30 dBA noise attenuation, and any general illumination fixtures in the adjoining interior portion of the #building# shall not exceed 50 foot-candles of illumination within four feet of such window or glazing and shall not be pointed directly at the #High Line#.

(3/22/16)

98-15

Signs

The #sign# regulations of the underlying districts in the #Special West Chelsea District# shall not apply to #signs# located within 50 feet of the #High Line#, except for #signs# located entirely below the level of the #High Line bed#. In lieu thereof, the #sign# regulations of a C1

District shall apply, except that #accessory# #signs# located within the #High Line frontage# may have a maximum height of 20 feet above the level of the #High Line bed#.

No #signs# affixed to or resting upon the #High Line# shall be permitted, except as pursuant to a signage plan for the #High Line#, as authorized by the City Planning Commission, provided the Commission finds that such signage plan will:

- (a) enhance the use of the #High Line# by providing signage that is consistent with the use of the #High Line# as a public open space;
- (b) provide, at a minimum, directional, informational and interpretive signage consistent with the use of the #High Line# as a public open space;
- (c) be integrated with the design of the #High Line# open space; and
- (d) not adversely affect development adjacent to the #High Line# and in the surrounding neighborhood.

(12/9/21)

98-151
Modification of sign regulations in Subarea K

Within Subarea K, the #sign# regulations of the underlying district shall apply. However, within 15 feet of the intersection of two #streets#, the provisions of Section 42-562 (Restriction on angle and height above curb level) shall not apply.

(3/22/16)

98-16
Air Space Over a Railroad or Transit Right-of-way or Yard

For the purposes of this Resolution, the #High Line# shall not be considered a railroad or transit right-of-way and the provisions of Sections 32-44 (Air Space Over a Railroad or Transit Right-of-way or Yard) and 42-462 (Use of railroad or transit air space) shall not apply.

(12/9/21)

98-17
Modification of Parking and Loading Regulations

The underlying provisions of Article III, Chapter 6 and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall apply within the #Special West Chelsea District#, subject to modification by the regulations of this Section, inclusive.

(12/9/21)

98-171
Parking regulations in Subarea H

#Accessory# off-street parking spaces for existing or new governmental offices may be located on a #zoning lot# other than the same #zoning lot# as the #use# to which such spaces are #accessory#, provided that:

- (a) such spaces are located within Subarea H and in a facility, or portion thereof, that is entirely below #curb level#;
- (b) the portion of such facility beneath the required public plaza area shown on Diagram 3 in Appendix A of this Chapter is sufficiently below #curb level# so that trees may be planted at #curb level# within such public plaza but is in no case less than four feet below #curb level#; and
- (c) no more than 377 spaces are provided within such facility.

For purposes of this Section, the governmental offices on #Block# 688, Lots 1001-1002, as of June 23, 2005, may have up to 377 #accessory# off-street parking spaces in such facility.

(3/22/16)

98-19
Lighting

All exterior light sources located within the #High Line frontage# shall be shielded from direct view from the #High Line#.

(6/23/05)

98-20
FLOOR AREA AND LOT COVERAGE REGULATIONS

The #floor area# provisions of this Section, inclusive, shall apply. Furthermore, special #floor area# transfer provisions are set forth in Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive.

(11/13/12)

**98-21
Maximum Floor Area Ratio Outside of Subareas**

For all #zoning lots#, or portions thereof, located outside of Subareas A through J, the maximum #floor area ratios# of the applicable underlying district shall apply.

(12/9/21)

**98-22
Maximum Floor Area Ratio and Lot Coverage in Subareas**

For all #zoning lots#, or portions thereof, located in Subareas A through K, the maximum #floor area ratios#, #open space ratios# and #lot coverages# of the applicable underlying district shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# and #residential uses#, separately or in combination, shall be as specified in the table in this Section. For #residential use#, the maximum #lot coverage# shall be 70 percent for #interior# or #through lots# and no maximum #lot coverage# shall apply to any #corner lot#. For the #conversion# to #dwelling units# of non-#residential# #floor area# where the total #residential floor area# on the #zoning lot# will exceed the applicable basic maximum #floor area ratio# specified in the table in this Section, such excess #residential floor area# shall only be permitted pursuant to Section 98-26 (Modifications of Inclusionary Housing Program).

MAXIMUM FLOOR AREA RATIO BY SUBAREA

Sub-area	Basic #floor area ratio# (max)	Increase in FAR from #High Line Transfer Corridor# (98-30)	Increase in FAR with #High Line# Improvement Bonuses (98-25)	Inclusionary Housing		Permitted #floor area ratio# (maximum)
				FAR required to be transferred ¹ (minimum)	Increase in FAR for Inclusionary Housing Program (98-26)	
A	6.5	2.65	— ²	2.65	2.85	12.0

B	5.0	2.5	— ²	1.25	1.25	7.5
C	5.0	2.5	NA	1.25	1.25	7.5
D ⁵	5.0	2.5 ³	2.5 ³	1.25	1.25	7.5
E	5.0	1.0 ³	1.0 ^{2,3}	NA	NA	6.0
F	5.0	NA	NA	NA	NA	5.0
G	5.0	1.0 ³	1.0 ³	NA	NA	6.0
H	7.5	NA	2.5	NA	NA	10.0
I	5.0	2.5	NA	1.25	1.25	7.5
I ⁴	5.0	NA	2.5	NA	NA	7.5
J ⁶	5.0	NA	2.5	NA	NA	7.5
K	5.0	NA	NA	NA	NA	5.0

- ¹ Minimum #floor area ratios# required to be transferred pursuant to Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive, before Inclusionary Housing #floor area# bonus can be utilized
- ² In Subareas A, B, and E, the applicable maximum basic #floor area ratio# of that portion of the #zoning lot# that is within the #High Line Transfer Corridor# may be increased up to a maximum of 1.0, and the applicable maximum permitted #floor area ratio# increased accordingly, by certification of the Chairperson of the City Planning Commission, pursuant to Section 98-35 (High Line Transfer Corridor Bonus)
- ³ For certain zoning lots located in Subareas D, E and G, the provisions of Section 98-25 (High Line Improvement Bonus) may apply in lieu of the provisions of Section 98-30, subject to the provisions of Section 98-241 (In Subareas D, E and G)
- ⁴ For #zoning lots# over which the #High Line# passes
- ⁵ For #zoning lots# between West 22nd Street and West 24th Street, the #floor area ratios# shall be 7.5, and no #floor area# increases shall be permitted
- ⁶ Bonus contribution subject to provisions of Section 98-25 governing first contribution to Affordable Housing Fund

98-221

Additional regulations for Subdistrict A

In Subdistrict A, for #zoning lots# containing a #building# that is #developed# or #enlarged# pursuant to the applicable tower regulations of Section 98-423 (Street wall location, minimum and maximum base heights and maximum building heights), the provisions of paragraph (a)(2) of Section 23-16 (Special Floor Area and Lot Coverage Provisions for Certain Areas) shall apply:

- (a) to only the #residential# portion of a #building# where less than 75 percent of the total #floor area# of such #building# is allocated to #residential use#; and
- (b) to the entire #building# where 75 percent or more of the total #floor area# of such #building# is allocated to #residential use#.

(11/13/12)

98-23

Special Floor Area and Lot Coverage Rules for Zoning Lots Over Which the High Line Passes

That portion of the #zoning lot# that lies directly beneath the #High Line# shall be exempt from #lot coverage# requirements below the level of the #High Line bed#. The remaining portion of the #zoning lot# shall be considered a separate #zoning lot# for the purposes of calculating maximum #lot coverage#. Easement volumes provided in accordance with the provisions of Section 98-60 (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and access structures constructed therein, as well as any structure required pursuant to Appendix D or E in relation to an increase in the basic maximum #floor area ratio# of a #zoning lot# pursuant to Section 98-25 (High Line Improvement Bonus), shall not be considered #floor area# or #lot coverage#.

However, at or above the level of the #High Line bed#, #lot coverage# requirements shall apply to the entire #zoning lot#.

Within Subarea J, any easement volumes and improvements located within such volumes dedicated or granted to the City in accordance with the provisions of Appendix F of this Chapter in connection with an increase in the basic maximum #floor area ratio# of a #zoning lot#, pursuant to Section 98-25, shall not be considered #floor area#.

(4/25/17)

98-24

Special Floor Area Rules for Zoning Lots Divided by District Boundaries

(4/25/17)

98-241

In Subareas D, E and G

For #zoning lots# fronting on West 18th Street and located partially in Subarea D, partially in Subarea E and partially in Subarea G, #floor area# may be transferred across zoning district and subarea boundaries without restriction. Either the provisions of Sections 98-25 (High Line Improvement Bonus) or 98-30 (HIGH LINE TRANSFER CORRIDOR) may apply to such #zoning lot#, as applicable, and the maximum permitted #floor area ratio# specified in the table in Section 98-22 shall apply, as applicable, for each subarea.

(3/16/23)

98-242

Located partially within Subarea C and partially within M1-5 Districts

For #zoning lots# located partially within an M1-5 District and partially within a C6-3 District in Subarea C, the permitted #floor area ratio# for the C6-3 District portion of the #zoning lot# may be increased to the #floor area ratio# existing in the C6-3 District portion on June 23, 2005, up to a maximum #floor area ratio# of 7.5, provided that the Chairperson of the City Planning Commission has certified that a payment has been made to the #High Line# Improvement Fund, established under Section 98-25, to be used at the discretion of the Chairperson to assure that the #High Line# is restored and reused as a public accessible open space. The amount of such contribution shall be determined in the manner prescribed in Section 98-35 (High Line Transfer Corridor Bonus).

No building permit for any #development# or #enlargement# may be issued for any #building or other structure# on the #zoning lot# that will contain #floor area# made available to the #zoning lot# as a result of the application of this Section unless and until such certification has been made.

(4/25/17)

98-243

Located partially within Subarea D and partially within C6-3A Districts

For a #zoning lot# fronting on West 23rd Street and Eleventh Avenue, located partially within Subarea D and partially within a C6-3A District, #floor area# may be transferred from the portion of the #zoning lot# in the C6-3A District to the portion in Subarea D.

(8/24/17)

98-25

High Line Improvement Bonus

For #zoning lots# located between West 15th and West 19th Streets over which the #High Line# passes, the applicable basic maximum #floor area ratio# of the #zoning lot# may be increased up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), provided that:

- (a) Prior to issuing a building permit for any #development# or #enlargement# on such #zoning lot# that would increase the applicable basic maximum #floor area ratio# by up to an amount specified in Section 98-22, or within Subarea J would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that:
 - (1) a contribution has been deposited into an escrow account or similar fund established by the City (the #High Line# Improvement Fund), or such contribution is secured by a letter of credit or other cash equivalent instrument in a form acceptable to the City. For subareas other than Subarea J, such contribution shall be used at the direction of the Chairperson solely for improvements to the #High Line# within the #High Line# improvement area applicable to such #zoning lot#, with such contribution being first used for improvements within that portion of the #High Line# improvement area on such #zoning lot#. For #developments# or #enlargements# within Subarea J, such contribution shall be used for any use with respect to the improvement, maintenance and operation of the #High Line# or the #High Line# Support Easement Volumes provided for under Appendix F of this Chapter, at the Chairperson's direction, provided that, in lieu of a deposit to the #High Line# Improvement Fund, the contribution for the first 80,000 square feet of #floor area# shall be deposited to the Affordable Housing Fund established under Section 98-262 (Floor area increase), paragraph (c), for use in accordance with the provisions of that Section. Such contribution shall be made in accordance with the provisions of Appendix D, E or F of this Chapter, as applicable;
 - (2) a declaration of restrictions executed by all "parties in interest" to the #zoning lot#, as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10 (DEFINITIONS), including and incorporating such other instruments as are necessary to assure that the City's interest in the restoration and reuse of the

#High Line# as an accessible public open space is protected, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, is filed and recorded in the Office of the Register of the City of New York; and

- (3) all additional requirements of Appendix D, E or F, as applicable with respect to issuance of a building permit, have been met. For #zoning lots# located between West 18th and West 19th Streets over which the #High Line# passes, in the event that a certification is initially made by the Chairperson on the basis that the requirements of paragraph (a)(1) of Appendix E with respect to Stairway and Elevator Access Work have been met, and the Commissioner of Parks and Recreation later elects to require #High Line# Service Facility Work in accordance with the provisions of paragraph (b)(4) of Appendix E, such initial certification shall no longer be effective. In lieu thereof, a certification by the Chairperson that the requirements of paragraph (a)(1) of Appendix E with respect to #High Line# Service Facility Work have been met shall be required. Notwithstanding the foregoing, the Department of Buildings may continue to issue a building permit pursuant to the initial certification made for Stairway and Elevator Access Work, all building permits issued pursuant to the initial certification made for Stairway and Elevator Access Work shall remain in effect, and construction may continue pursuant to such permits, provided that the provisions of paragraph (c)(4)(ii) of this Section shall apply with respect to the issuance of any temporary or permanent certificates of occupancy for the #development# or #enlargement# authorized by such permits under the provisions of paragraph (c)(4).
- (b) Prior to issuing a certificate of occupancy for any portion of a #development# or #enlargement# on a #zoning lot# located between West 17th and West 18th Streets over which the #High Line# passes that would increase the applicable basic maximum #floor area ratio# by up to an amount specified in Section 98-22, the Department of Buildings shall be furnished a certification by the Chairperson of the City Planning Commission that:
 - (1) if required pursuant to agreement with the City under Appendix D, #High Line# improvements within the #High Line# improvement area, as shown in Appendix C of this Chapter, for such #zoning lot#, have been performed in accordance with such agreement;
 - (2) if elected by the owner, structural and remediation work has been performed on the #High Line# within the #High Line# improvement area for such #zoning lot#, in accordance with Appendix D;
 - (3) At-Grade Plaza Work has been performed on such #zoning lot# in the area shown in Diagram 3 of Appendix C of this Chapter, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work, in accordance with Appendix D;

- (4) Stairway and Elevator Access Work has been performed on such #zoning lot# in the At-Grade Plaza area shown in Diagram 3 of Appendix C, or that an additional contribution to the #High Line# Improvement Fund to fund performance of such work has been made, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the Stairway and Elevator Access Work in the At-Grade Plaza, in accordance with Appendix D; and
- (5) all other applicable requirements of Appendix D have been met.

For temporary certificates of occupancy, certification with respect to performance of work required of owner shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work required of owner shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (b), no temporary or permanent certificate of occupancy shall be issued for #floor area# above the applicable basic maximum #floor area# for the #zoning lot# specified in Section 98-22, and the City may perform all such work in accordance with the provisions of Appendix D. In the event that the owner has executed agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and for some or all of the Stairway and Elevator Access Work, in accordance with Appendix D, certificates of occupancy shall be issued if owner has substantially or finally completed any aspects of the work required of owner pursuant to such agreements and other instruments, as the case may be, and is otherwise in full compliance with such agreements and instruments, including with respect to payment of all funds required pursuant to the terms thereof and Appendix D.

- (c) Prior to issuing a certificate of occupancy for any portion of a #development# or #enlargement# on a #zoning lot# located between West 16th and 17th Streets or between West 18th and 19th Streets over which the #High Line# passes that incorporates #floor area# that would increase the applicable basic maximum #floor area ratio# by up to an amount specified in Section 98-22, the Department of Buildings shall be furnished a certification by the Chairperson, that:
 - (1) if required pursuant to agreement with the City under Appendix E, #High Line# improvements within the #High Line# improvement area, as shown in Appendix C of this Chapter, for such #zoning lot#, have been performed in accordance with such agreement;
 - (2) if elected by the owner, structural and remediation work has been performed on the #High Line# within the #High Line# improvement area for such #zoning lot#, in accordance with Appendix E;

- (3) for #zoning lots# located between West 16th and 17th Streets over which the #High Line# passes:
 - (i) Stairway and Elevator Access Work; and
 - (ii) #High Line# Service Facility Work applicable to such #zoning lot# has been performed on such #zoning lot#, in accordance with Appendix E;
- (4) for #zoning lots# located between West 18th and 19th Streets over which the #High Line# passes, either:
 - (i) Stairway and Elevator Access Work; or
 - (ii) if elected by the Commissioner of Parks and Recreation, #High Line# Service Facility Work applicable to such #zoning lot#, has been performed on such #zoning lot#, in accordance with Appendix E; and
- (5) all other applicable requirements of Appendix E have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (c), no temporary or permanent certificate of occupancy shall be issued for #floor area# above the applicable basic maximum #floor area# for the #zoning lot# specified in Section 98-22, and the City may perform all such work in accordance with the provisions of Appendix E.

- (d) Prior to issuing a certificate of occupancy for any portion of a #development# or #enlargement# on a #zoning lot# located within Subarea J over which the #High Line# passes that incorporates #floor area# that would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, the Department of Buildings shall be furnished a certification by the Chairperson, that:
 - (1) #High Line# Support Work has been performed on such #zoning lot#, in accordance with and to the extent required by Appendix F; and
 - (2) all other applicable requirements of Appendix F have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work shall be final completion of the work, as determined by the Chairperson.

(7/29/09)

98-26
Modifications of Inclusionary Housing Program

Within the #Special West Chelsea District#, C6-3 and C6-4 Districts within Subareas A through D, and I, shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(7/29/09)

98-261
Definitions

For the purposes of this Chapter, matter in italics is defined in Sections 12-10 or in Section 23-90 (INCLUSIONARY HOUSING), inclusive.

(2/2/11)

98-262
Floor area increase

For #developments# or #enlargements# that have increased their permitted #floor area# through the transfer of development rights from the #High Line Transfer Corridor# by the minimum amount specified in the table in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), and for #conversions# of non-#residential# #floor area# to #dwelling units# where the total #residential# #floor area# on the #zoning lot# will exceed the applicable basic maximum #floor area ratio# specified in the table in Section 98-22, such maximum permitted #floor area# may be increased through the provision of #affordable housing# pursuant to the Inclusionary Housing Program as modified in Section 98-26, inclusive, to the maximum amount specified in the table in Section 98-22, provided that:

- (a) In C6-4 Districts:
 - (1) the amount of #low income floor area# is equal to at least 20 percent of the total #residential# #floor area# on the #zoning lot#;
 - (2) the amount of #low income floor area# is equal to at least 10 percent of the total #residential# #floor area# on the #zoning lot# and the amount of #moderate

income floor area# is equal to at least 15 percent of the total #residential# #floor area# on the #zoning lot#; or

- (3) the amount of #low income floor area# is equal to at least 10 percent of the total #residential# #floor area# on the #zoning lot# and the amount of #middle income floor area# is equal to at least 20 percent of the total #residential# #floor area# on the #zoning lot#.

(b) In C6-3 Districts:

- (1) the amount of #low income floor area# is equal to at least 10 percent of the total #residential# #floor area# on the #zoning lot#;
- (2) the amount of #low income floor area# is equal to at least five percent of the total #residential# #floor area# on the #zoning lot# and the amount of #moderate income floor area# is equal to at least 7.5 percent of the total #residential# #floor area# on the #zoning lot#; or
- (3) the amount of #low income floor area# is equal to at least five percent of the total #residential# #floor area# on the #zoning lot# and the amount of #middle income floor area# is equal to at least 10 percent of the total #residential# #floor area# on the #zoning lot#.

For the purposes of this Section, #low income floor area# may be considered #moderate income floor area# or #middle income floor area#, and #moderate income floor area# may be considered #middle income floor area#.

However, in those subareas, or portions thereof, where the Inclusionary Housing Program is applicable, and where the Chairperson of the Department of City Planning has certified that at least 90 percent of the total development rights within the #High Line Transfer Corridor# have been transferred pursuant to Section 98-30, no transfer of #floor area# pursuant to Section 98-30 shall be required, and the basic maximum #floor area ratio# of a #zoning lot# containing the #development# or #enlargement# may be increased by up to 2.5 in Subareas B, C and D and on any #zoning lot# located in Subarea I over which the #High Line# does not pass, and up to 5.5 in Subarea A, in accordance with the provisions of paragraph (c) of this Section.

(c) #Affordable Housing Fund#

Where the Chairperson of the City Planning Commission determines that more than 90 percent of the #floor area# eligible for transfer through the provisions of Section 98-30 have been transferred in accordance with such provisions, the Chairperson shall allow, by certification, an increase in #floor area# on any receiving site as specified in Section 98-33 (Transfer of Development Rights From the High Line Transfer Corridor), up to the amount that otherwise would have been permitted for such receiving site pursuant to Section 98-30, provided that instruments in a form acceptable to the City are executed ensuring that a contribution be deposited in the West Chelsea Affordable Housing Fund.

Such fund shall be administered by the Department of Housing Preservation and Development and all contributions to such fund shall be used for the development, acquisition or rehabilitation of #low#, #moderate# or #middle income housing# located in Community District 4 in the Borough of Manhattan. The execution of such instruments shall be a precondition to the filing for or issuing of any building permit for any #development# or #enlargement# utilizing such #floor area# increase. Such contribution amount, by square foot of #floor area# increase, shall be determined, at the time of such Chairperson's certification, by the Commission by rule, and may be adjusted by rule not more than once a year.

(6/23/05)

98-30
HIGH LINE TRANSFER CORRIDOR

(6/23/05)

98-31
Purposes

The #High Line Transfer Corridor#, established within the #Special West Chelsea District#, is intended to enable the transfer of development rights from properties over which and immediately to the west of where the #High Line# passes and thereby permit light and air to penetrate to the #High Line# and preserve and create view corridors from the #High Line bed#.

(6/23/05)

98-32
General Provisions

The location of the #High Line Transfer Corridor# is specified in Appendix B of this Chapter.

In the #High Line Transfer Corridor#, special regulations relating to the transfer of #floor area# are set forth in Sections 98-33 through 98-35, inclusive.

(6/10/15)

98-33

Transfer of Development Rights From the High Line Transfer Corridor

In the #Special West Chelsea District#, a “granting site” shall mean a #zoning lot#, or portion thereof, in the #High Line Transfer Corridor#. A “receiving site” shall mean a #zoning lot#, or portion thereof, in any subarea other than Subareas F, H and J. #Floor area# from a granting site may be transferred to a receiving site in accordance with the provisions of this Section.

(a) Notification

Prior to any transfer of #floor area#, the Department of City Planning shall be notified in writing of such intent to transfer #floor area#. Such notification shall be made jointly by the owners of the granting and receiving sites and shall include:

- (1) #floor area# zoning calculations for the granting and receiving site;
- (2) a copy of the distribution instrument legally sufficient in both form and content to effect such a distribution; and
- (3) if applicable, a certified copy of the instrument creating a secondary #High Line# access easement volume, pursuant to the provisions of Section 98-63.

Notices of restrictions in a form acceptable to the Department of City Planning shall be filed by the owners of the granting and receiving sites in the Office of the Register of the City of New York, indexed against the granting and receiving sites, certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a pre-condition to issuance by the Commissioner of Buildings of any building permit for any #development# or #enlargement# on the receiving site.

(b) #Floor area#

The maximum amount of #floor area# transferred from a granting site located outside of a subarea shall not exceed the maximum #floor area ratio# permitted for a #commercial# or #residential use# on such granting site as of June 10, 2015, whichever is greater, less any existing #floor area# to remain on such granting site.

The maximum amount of #floor area# transferred from a granting site located in a subarea shall not exceed the basic maximum #floor area ratio# specified for the applicable subarea in the table in Section 98-22 (Maximum Floor Area Ratio and Lot Area in Subareas), less any existing #floor area# to remain on such granting site.

Each transfer, once completed, shall irrevocably reduce the amount of #floor area# that may be transferred from the granting site by the amount of #floor area# transferred.

The amount of #floor area# transferred to a receiving site from a granting site in the

#High Line Transfer Corridor# shall not exceed the #floor area ratio# permitted on the receiving site through such transfer, pursuant to the table in Section 98-22.

(c) #Use#

#Floor area# transferred from a granting site within the #High Line Transfer Corridor# may be used for any #use# allowed on the receiving site in accordance with the underlying zoning designation and the provisions of this Chapter.

(d) Stairway easement requirement

As a condition for the transfer of #floor area#, an easement volume to facilitate pedestrian access to the #High Line# via stairway shall be provided in accordance with the provisions of Sections 98-60 (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and 98-63 (Recording of High Line Access Easement Volume).

(e) Restrictive declaration

As a condition for the transfer of #floor area#, and in order to assure that the City's interest in the restoration and reuse of the #High Line# as an accessible public open space is protected, a declaration of restrictions, executed by all "parties in interest" of the granting lot as defined in paragraph (f)(4) of the definition of #zoning lot# under Section 12-10 (DEFINITIONS), and including and incorporating such other instruments as are necessary to accomplish such purposes, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, shall be filed and recorded in the Office of the Register of the City of New York. Notice by the Department of City Planning of receipt of certified copies of such recorded declaration shall be a pre-condition to issuance by the Commissioner of Buildings of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site. Such recorded declaration shall be in addition to the Notice of Restrictions required pursuant to paragraph (a) of this Section.

(6/23/05)

98-34

Screening and Landscaping Requirements for Vacant Sites

Any #zoning lot# within the #High Line Transfer Corridor# that has transferred #floor area# pursuant to Section 98-33 (Transfer of Development Rights From the High Line Transfer Corridor), and is 50 percent or more vacant shall be screened from the #street# and/or landscaped in accordance with the provisions of this Section, except that #zoning lots# occupied by #buildings# that extend along at least 85 percent of the #street# frontage of the #zoning lot# and are located within five feet of the #street line# are not required to provide screening or landscaping.

Such open or vacant areas on #zoning lots# shall be screened from the #street# by a fence or gate with a surface that is at least 75 percent open, extending not less than six feet and not higher than eight feet above finished grade; or alternatively, by a planting strip at least four feet wide and densely planted with evergreen shrubs at least four feet high at the time of planting or of a variety expected to reach a height of six feet within three years, or by both. Chain link and fences containing barbed wire or razor wire shall be prohibited. For portions of #zoning lots# located beneath the #High Line#, planting strips shall be prohibited.

(2/2/11)

98-35

High Line Transfer Corridor Bonus

For #zoning lots#, or portions thereof, within the #High Line Transfer Corridor#, the applicable basic maximum #floor area ratio# of that portion of a #zoning lot# that is within the #High Line Transfer Corridor# may be increased up to a maximum of 1.0, for an amount of #floor area# equivalent to the area of that portion of the #zoning lot# located within the #High Line Transfer Corridor#, provided the Chairperson of the City Planning Commission has certified that:

- (a) all the permitted #floor area# on that portion of the #zoning lot# that is within the #High Line Transfer Corridor# has been transferred to an eligible receiving site, in accordance with the provisions of Section 98-33;
- (b) that such granting site is vacant; and
- (c) a contribution has been deposited into the #High Line# Improvement Fund established under Section 98-25, to be used at the direction of the Chairperson to assure that the #High Line# is restored and reused as a publicly accessible open space.

No building permit for any #development# or #enlargement# that anticipates using such increased #floor area# may be issued unless and until such certification has been made.

Such contribution amount shall be \$50.00 per square foot of #floor area# as of June 23, 2005, and shall be adjusted August 1 of each subsequent year, by the City or its designee, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.

Such bonus #floor area# shall only be used for a permitted #commercial# #use#, which shall be located in that portion of the #zoning lot# that is within the #High Line Transfer Corridor#; however, #public parking lots# and #public parking garages# at or above #curb level# shall not be permitted; and the height of any #development# or #enlargement# within the #High Line Transfer Corridor# shall not exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

(6/23/05)

98-40

SPECIAL YARD, HEIGHT AND SETBACK, AND MINIMUM DISTANCE BETWEEN BUILDINGS REGULATIONS

(3/22/16)

98-41

Special Rear Yard Regulations

The #yard# regulations of the underlying district shall apply, except as modified in this Section. In all districts, no #rear yard# regulations shall apply to any #zoning lot# that includes a #through lot# portion that is contiguous on one side to two #corner lot# portions and such #zoning lot# occupies the entire #block# frontage of the #street#. Where a #rear yard equivalent# is required by either Section 23-532 (Required rear yard equivalents) or Section 43-28 (Special Provisions for Through Lots), it shall be provided only as set forth in paragraph (a) of either Section, as applicable. However, in M1-5 Districts, a #building# existing prior to January 22, 2015, may be #enlarged# pursuant to Section 43-28, paragraph (b), provided that such #building# is on a #zoning lot# located entirely within 150 feet of the west side of the #High Line#. Where a #rear yard equivalent# is required by Section 23-533 (Required rear yard equivalents for Quality Housing buildings), the alternatives for #through lots# with a depth of 180 feet or less shall not apply.

(6/23/05)

98-42

Special Height and Setback Regulations

The height and setback regulations of the underlying district shall not apply, except as set forth in this Section, inclusive. Furthermore, for any #zoning lot# located adjacent to the #High Line#, the provisions of Section 98-50, inclusive, shall also apply. All heights shall be measured from the #base plane#, unless otherwise specified.

(11/13/12)

98-421

Obstruction over the High Line

Within the #Special West Chelsea District#, the #High Line# shall remain open and unobstructed from the #High Line bed# to the sky, except for improvements constructed on the #High Line# in connection with the use of the #High Line# as a public open space, and except where the #High Line# passes through and is covered by a #building# existing on November 13, 2012.

(12/6/23)

98-422

Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# within the #Special West Chelsea District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts). However, dormers may not exceed the maximum #building# height in Subareas C, F and G where the maximum base height and maximum #building# height are the same.

All mechanical equipment located within 15 feet of the level of the #High Line bed# that is within 25 feet of the #High Line#, measured horizontally, or within the #High Line frontage#, as applicable, shall be screened and buffered with no intake or exhaust fans or vents facing directly onto the #High Line#.

(3/16/23)

98-423

Street wall location, minimum and maximum base heights and maximum building heights

The provisions set forth in paragraph (a) of this Section shall apply to all #buildings or other structures#. Such provisions are modified for certain subareas as set forth in paragraphs (b) through (h) of this Section.

(a) For all #buildings#

(1) #Street wall# location provisions

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# shall be located on the #street line# and extend along such entire #street# frontage of the #zoning lot# up to at least the minimum base height specified in the table in this Section. On #narrow street#

frontages, beyond 50 feet of their intersection with a #wide street#, the #street wall# shall be located on the #street line# and extend along at least 70 percent of the #narrow street# frontage of the #zoning lot# up to at least the minimum base height specified in the table in this Section.

Where #street walls# are required to be located on the #street line#, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except that, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

For #developments# that occupy the entire #block# frontage of a #street# and provide a continuous sidewalk widening along such #street line#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

The #street wall# location provisions of this Section shall not apply along that portion of any #street# frontage:

- (i) over which the #High Line# passes;
 - (ii) occupied by existing #buildings# to remain, unless such #buildings# are vertically #enlarged#; or
 - (iii) between the #High Line# and a #side lot line#, where such frontage measures less than 20 feet.
- (2) Maximum #building# heights

- (i) For C6-2A and C6-3A Districts

In C6-2A and C6-3A Districts, the maximum base height, maximum #building# height and the maximum number of #stories# shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for the residential equivalent of an R8A and R9A District, respectively. For #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of #stories# may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for such districts' applicable residential equivalent. Separate maximum

#building# heights are set forth within such Sections for #Quality Housing buildings# with #qualifying ground floors# and for those with #non-qualifying ground floors#.

(ii) For all other districts

All portions of #buildings or other structures# that exceed the applicable maximum base height specified in the table in this Section shall provide a setback at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of permitted recesses in the #street wall#.

No #building or other structure# shall exceed the maximum #building# height specified in the table in this Section.

(b) Subareas A and D

(1) #Street wall# location

In Subarea D, on #corner lots# between the north side of West 18th Street and the south side of West 22nd Street, a #street wall# with a minimum height of 15 feet shall be located on the #narrow# #street line# between 50 and 150 feet of its intersection with Eleventh Avenue.

In Subarea D, for #buildings# that do not include towers as set forth in paragraph (b)(3) of this Section, the #street wall# location provisions set forth in paragraph (a) shall not apply to any #zoning lot# that occupies the entire Eleventh Avenue #block# front. In lieu thereof, #street walls# with a minimum base height of 60 feet shall be located within 10 feet of all #street lines# bounding such #zoning lot# and extend along at least 70 percent of each #street# frontage of the #zoning lot#.

(2) Setback provisions

The setback provisions for portions of #buildings# above the maximum base height set forth in paragraph (a) of this Section shall not apply. In lieu thereof, no portion of a #building or other structure# that exceeds the applicable maximum base height shall penetrate a #sky exposure plane# that begins above the #street line# at the maximum base height and rises over the #zoning lot# at a ratio of 2.7 feet of vertical distance to one foot of horizontal distance on a #narrow street#, and 5.6 feet of vertical distance to one foot of horizontal distance on a #wide street#.

(3) Tower provisions

Any #building#, or portion thereof, which in the aggregate occupies not more than 40 percent of the #lot area# of the #zoning lot# and penetrates the #sky exposure planes# set forth in paragraph (b)(2) of this Section, is hereinafter referred to as a “tower.” Such towers are permitted provided they are set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#, and provided no other portion of the #building# exceeds the applicable maximum base height. In addition, the following rules shall apply:

- (i) For #zoning lots# with less than 20,000 square feet of #lot area#, such tower may occupy more than 40 percent of the #lot area# of the #zoning lot# in accordance with the provisions of Section 33-454 (Towers on small lots).
- (ii) Any #story# within the highest 40 feet of such tower (the “penthouse portion”), shall not exceed 85 percent of the gross area of the highest #story# directly below such penthouse portion.
- (iii) In Subarea A, such tower shall occupy at least 30 percent of the #lot area# of the #zoning lot#, except that such minimum #lot coverage# requirement shall be reduced to 25 percent above a height of 220 feet. However, no minimum #lot area# requirement shall apply to the highest four #stories# or 40 feet of such #building#, whichever is less.
- (iv) In Subarea A, the maximum length of any #story# located above a height of 220 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a height of 220 feet. Any side of such rectangle shall not exceed 150 feet.
- (v) In Subarea A, for any #zoning lot# with more than 75 feet of #narrow street# frontage in which a #side lot line# is located within an area bounded by a line 200 feet east of and parallel to Eleventh Avenue and a line 410 feet east of and parallel to Eleventh Avenue, no tower portion of a #building# shall be located closer than 25 feet to such #side lot lines#.
- (vi) In Subarea D, the maximum #building# height shall be 250 feet, and the maximum length of any #story# located above the maximum base height shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# wholly or partially above the maximum base height. Any side of such rectangle shall not exceed 150 feet. However, for #zoning lots# that occupy the entire Eleventh Avenue #block# front, a portion of the #street wall# may rise above the maximum base height without setback from Eleventh

Avenue, provided the #aggregate width of the street wall# for Eleventh Avenue does not exceed 100 feet.

(c) Subareas C, F and G

In Subareas C, F and G, for #zoning lots# with #wide# and #narrow street# frontage, no #street wall# is required beyond 50 feet of a #wide street#. Furthermore, for any #development# or #enlargement# that occupies at least one corner of the Tenth Avenue #block# front and extends along the Tenth Avenue frontage of the #zoning lot# for at least 170 feet, exclusive of existing #buildings# to remain, a lowered #street wall# shall be provided for any #building# that exceeds 45 feet in height. Such lowered #street wall# shall have a maximum height of 45 feet and a minimum height of 35 feet and extend along the Tenth Avenue frontage for a width not less than 25 percent and not more than 30 percent of the #aggregate width of street walls# facing Tenth Avenue. Such lowered #street wall# portion of the Tenth Avenue frontage shall be located at the intersection of Tenth Avenue and a #narrow street#. Such lowered #street wall# shall extend along such #narrow# #street line# for a distance of at least 50 feet from Tenth Avenue. Beyond 50 feet of Tenth Avenue, excluding the #High Line frontage# of a #building#, such portion of the #building# shall not exceed a height of 45 feet.

The provisions of this Section, relating to the location and height of the lowered #street wall# portion of the Tenth Avenue frontage of a #building# are illustrated in Diagram 1 (Street Wall and High Line Frontage Regulations in Subareas C, F and G) in Appendix C of this Chapter.

In Subarea C, for #zoning lots# with Tenth Avenue frontage between West 24th Street and West 28th Street, the maximum #building# height shall be 125 feet.

In Subarea C, for any #enlargement# on a #zoning lot# that is subject to the provisions of Section 98-242 (Located partially within Subarea C and partially within M1-5 Districts) and located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height shall be the height of the existing #street wall# of the #building# to be #enlarged# and no #street wall# shall be required above such minimum base height.

(d) Subarea E

The #street wall# location provisions set forth in paragraph (a) of this Section shall not apply on a #zoning lot# fronting on West 18th Street and located partially in Subareas D, E and G, where #floor area# has been transferred pursuant to Section 98-241. A maximum of 60 percent of the West 18th Street frontage within Subarea E may rise without setback to a maximum #building# height of 250 feet, and a minimum of 20 percent of the West 18th Street frontage within Subarea E shall rise without setback to a minimum height of 60 feet and a maximum height of 85 feet and be located within 10 feet of the #street line#.

(e) Subarea H

No #building or other structure# shall be located east of the #High Line#, unless otherwise specified in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and some or all of the Stairway and Elevator Work, executed in accordance with Appendix D.

No portion of a #building or other structure# shall exceed a height of 85 feet except for two #buildings#, or portions of #buildings#, hereinafter referred to as “Tower East” and “Tower West.” At or above the base height, both such towers shall be set back at least 10 feet from any #street wall# facing a #wide street# and at least 15 feet from any #street wall# facing a #narrow street#. Such setbacks shall be provided at a height not lower than 60 feet, except that such setbacks may be provided at a height not lower than 40 feet, provided at least 65 percent of the #aggregate width of street walls# facing #narrow streets# and at least 60 percent of the #aggregate width of street walls# facing #wide streets# have a minimum base height of 60 feet.

Tower East shall be located in its entirety within 240 feet of the Tenth Avenue #street line#, and Tower West shall be located in its entirety within 200 feet of the Eleventh Avenue #street line#. Tower East shall not exceed a height of 290 feet and Tower West shall not exceed a height of 390 feet. No portion of Tower East shall be located closer than 25 feet to any portion of Tower West.

A maximum of 50 percent of the #street wall# of Tower West may rise without setback from a #narrow# #street line#. Such portion of the #street wall# shall be located a minimum of 15 feet and a maximum of 20 feet from the #narrow# #street line#.

(f) Subarea I

In that portion of Subarea I located within 300 feet of Tenth Avenue between West 16th Street and West 17th Street, the #street wall# location provisions set forth in paragraph (a) of this Section shall not apply along Tenth Avenue, as shown in Diagram 5 of Appendix C of this Chapter, but shall apply along a minimum of 85 percent of the West 16th Street and West 17th Street frontages. No portion of a #building or other structure# located within 300 feet of Tenth Avenue shall exceed a height of 120 feet, except for one #building# which may have a height not to exceed 250 feet provided such #building# is located in its entirety between 10 feet and 90 feet of West 17th Street and has a length that does not exceed 175 feet when measured parallel to the West 17th Street #street line#.

In all other portions of Subarea I, the provisions of paragraph (a) shall apply.

(g) Subarea J

The provisions set forth in paragraph (a) of this Section shall not apply to any

#development# or #enlargement# that utilizes the provisions of Section 98-25. In lieu thereof, the provisions of this paragraph (g) shall apply.

(1) Midblock Zone

The Midblock Zone shall be that portion of Subarea J located more than 150 feet west of the Ninth Avenue #street line# and more than 200 feet east of the Tenth Avenue #street line#. Within the Midblock Zone, a #building# shall have a maximum #street wall# height before setback of 110 feet, and shall have a maximum #building# height of 130 feet.

(2) Ninth Avenue Zone

The Ninth Avenue Zone shall be that portion of Subarea J within 150 feet of the Ninth Avenue #street line#. Within the Ninth Avenue Zone, any portion of a #building# shall have a maximum #street wall# height of 130 feet before setback and a maximum #building# height of 135 feet. Any #building# located above a height of 130 feet shall be set back at least five feet from the Ninth Avenue #street wall# and at least 15 feet from the West 15th Street and West 16th Street #street walls#.

(3) Tenth Avenue Zone

The Tenth Avenue Zone shall be that portion of a #zoning lot# within 200 feet of the Tenth Avenue #street line#. Within the Tenth Avenue Zone, any portion of a #building# shall have a maximum #street wall# height of 185 feet before setback and a maximum #building# height of 230 feet, provided that any portion of a #building# located above a height of 90 feet shall be set back not less than 15 feet from the Tenth Avenue #street line#. Any portion of a #building# located above a height of 185 feet shall be set back at least 10 feet from the West 15th and West 16th Street #street lines#, and at least 25 feet from the Tenth Avenue #street line#. Any portion of a #building# above a height of 200 feet shall be set back at least 25 feet from the West 15th and West 16th Street #street lines#, and at least 35 feet from the Tenth Avenue #street lines#, and any portion of a building located above a height of 215 feet shall be set back at least 75 feet from the Tenth Avenue #street line#. Permitted obstructions allowed pursuant to Section 33-42 shall be permitted.

(h) Subarea K

The provisions set forth in paragraph (a) of this Section shall not apply. In lieu thereof, the provisions of the underlying zoning districts shall apply.

(3/22/06)

98-424
Authorization to modify certain bulk regulations

For #zoning lots# located entirely within 75 feet of the west side of the #High Line#, the City Planning Commission may authorize the modification of height and setback regulations set forth in Sections 98-40 and 98-50, inclusive, the transparency requirements set forth in Sections 98-141 and 98-54, and the underlying #rear yard# and minimum distance between #legally required windows# and walls or #lot lines# regulations. The Commission shall find that such modification will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public areas.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the surrounding area.

(6/23/05)

98-43
Special Distance Between Buildings Regulations

The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(6/23/05)

98-50
SPECIAL HEIGHT AND SETBACK, OPEN AREA AND TRANSPARENCY
REGULATIONS FOR ZONING LOTS ADJACENT TO THE HIGH LINE

(8/24/17)

98-51

Height and Setback Regulations on the East Side of the High Line

(a) Subarea A

At least 60 percent of the aggregate length of the eastern #High Line frontage# of a #building# shall set back at the level of the #High Line bed#. Not more than 40 percent of the aggregate length of such #High Line frontage# may rise above the level of the #High Line bed#. No portion of such #High Line frontage# shall exceed a maximum height of 20 feet above the level of the #High Line bed#, as illustrated in Diagram 2 (Street Wall and High Line Frontage Regulations in Subarea A) in Appendix C of this Chapter.

(b) In C6-3A Districts and in Subareas C, F and G

For #zoning lots# extending less than 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of a #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

For #zoning lots# that extend for at least 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of the #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#, except that a maximum of 40 percent of such #High Line frontage# may rise without setback above a height of 3 feet, 6 inches above the level of the #High Line bed# provided such portion of the #building# is not located directly between the #High Line# and any #street wall# of a #building# that is subject to a maximum height of 45 feet in accordance with paragraph (c) (Subareas C, F and G) of Section 98-423 (Street wall location, minimum and maximum base heights and maximum building heights).

The portions of #buildings# in which #High Line# Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E shall be considered permitted obstructions to the height and setback regulations of this paragraph (b).

However, the provisions of this paragraph (b) shall not apply to any #zoning lot# existing on June 23, 2005 where the greatest distance between the eastern side of the #High Line# and a #lot line# east of the #High Line# is 35 feet when measured parallel to the nearest #narrow# #street line#.

(6/23/05)

98-52

Height and Setback Regulations on West Side of High Line

In C6-2A, C6-3A and M1-5 Districts and in Subareas A, B and E, no portion of the western #High Line frontage# of a #building#, including parapets, shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

For any #zoning lot#, or portion thereof, with more than 60 feet of width measured perpendicular to the west side of the #High Line#, the following rules shall apply to any #building# containing #residences#:

- (a) At least 60 percent of the aggregate length of that portion of the #building# located above a height of 3 feet, 6 inches above the level of the #High Line bed# and facing the #High Line# shall be located between 15 and 20 feet of the west side of the #High Line# and extend up to at least the applicable minimum base height specified in the table in Section 98-423; and
- (b) No #building#, or portion thereof, that exceeds the applicable maximum base height specified in the table in Section 98-423 shall be located within 30 feet of the #High Line#.

Chain link fences and razor wire shall not be permitted within the western #High Line frontage#.

(8/24/17)

98-53

Required Open Areas on the East Side of the High Line

For any #development# or #enlargement# on a #zoning lot#, or portion thereof, within C6-3A Districts or within Subareas A, C, F or G and over which the #High Line# passes or on a #zoning lot# adjacent to a #zoning lot# over which the #High Line# passes, a landscaped open area shall be provided in an amount equal to at least 20 percent of the #lot area# of the portion of the #zoning lot# that is within C6-3A Districts or within Subareas A, C, F or G, pursuant to the requirements of paragraphs (a) and (b) of this Section. Such open area shall be located directly adjacent to the #High Line# with its longest side adjacent to the #High Line# and shall be located at an elevation not to exceed a height of 3 feet, 6 inches above the level of the #High Line bed# adjacent to the #zoning lot#. At no point shall such open area be located within 50 feet of Tenth Avenue.

- (a) Open area requirements

All required open areas shall:

- (1) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;

- (2) be landscaped with shrubs, vines, flowers, ground cover, trees, and/or plants in planters over a minimum of 25 percent of the required open area;
- (3) be maintained by the #building# owner who shall be responsible for the maintenance of the open area including, but not limited to, the repair of all amenities, litter control and the care and replacement of vegetation within the #zoning lot#;
- (4) have all mechanical equipment which is located at the same elevation as the open area, or within 15 feet of the level of the open area, screened and buffered with no intake or exhaust fans facing directly onto the required open area; and
- (5) for open area screening, required open areas may be screened from the public areas of the #High Line# by a wall, fence, or plantings extending not higher than eight feet above the average elevation of the open area. All screening materials must be substantially transparent. For the purposes of this Section, substantially transparent screening is defined as transparent, or non-opaque, in an evenly distributed fashion for at least 75 percent of its area. Chain link fences and razor wire shall not be permitted. Vegetated screening, such as shrubs, vines and other plantings, may be opaque if completely covered by vegetation, provided that any underlying surface is substantially transparent.

In addition, such screening material shall be maintained in good condition at all times, may be interrupted by normal entrances and/or exits, and shall have no signs hung or attached thereto, other than those permitted in Section 98-15.

(b) Permitted obstructions

Only the following shall be permitted to obstruct a required open area:

- (1) any #High Line# access structure providing pedestrian access to the #High Line# by stairway or elevator;
- (2) the portions of #buildings# in which #High Line# Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E;
- (3) those items listed in paragraph (a) of Section 37-726 (Permitted obstructions); and
- (4) open air cafes and kiosks, provided that open air cafes may occupy in the aggregate no more than 75 percent of such required open area.

(2/2/11)

Transparency Requirements on the East Side of the High Line

The transparency requirements of this Section shall apply to the #High Line frontage# portion of #buildings# #developed# or #enlarged# after June 23, 2005, and located in C6-3A Districts and within Subareas A, C, F and G, except for such portions that contain #dwelling units#. At least 50 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the #High Line bed#, shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

(11/13/12)

98-55

Requirements for Non-transparent Surfaces on the East Side of the High Line

Except in Subarea J, any portion of such #High Line frontage# that is 40 feet or more in length and contains no transparent element between the level of the #High Line bed# and an elevation of 12 feet above the level of the #High Line bed#, shall be planted with vines or other plantings or contain artwork. Such elements shall substantially cover the applicable non-transparent portion of the #High Line frontage#.

(10/27/10)

98-60

SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS

(11/13/12)

98-61

High Line Access or Support Easement Volumes Requirement

For all #developments# or #enlargements# within the #Special West Chelsea District#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway and elevator (hereinafter referred to as “primary access”), shall be provided on any #zoning lot# over which the #High Line# passes that, on or after December 20, 2004, has more than 5,000 square feet of #lot area#. For all #developments# or #enlargements# within Subareas H, I and J that are developed pursuant to Section 98-25 (High Line Improvement Bonus), this provision does not apply.

In the #High Line Transfer Corridor#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway (hereinafter referred to as “secondary access”), shall be provided

on any #zoning lot# from which #floor area# has been transferred pursuant to Section 98-33 unless a primary access easement has been provided pursuant to this Section.

However, a primary access easement shall not be required if a primary access easement is already provided on the same #block# and a secondary access easement shall not be required if a primary or secondary access easement has already been provided on the same #block#. Furthermore, primary and/or secondary access easements shall not be required where the Chairperson of the City Planning Commission certifies that:

- (a) the minimum dimensions required for the access easement volume pursuant to paragraph (a) of Section 98-62 cannot be accommodated within 33 feet, 6 inches of a #street line# for primary access easements and 40 feet of a #street line# for secondary access easements; or
- (b) in the case of a primary easement, a secondary easement is already provided on the same #zoning lot# and such easement is sufficient in size, or has been enlarged to be sufficient in size, to accommodate the provisions for primary access easements as specified in Section 98-62; or
- (c) for primary or secondary easements, access has already been constructed, or an access volume has been dedicated, on the same #block# or on the same #street# frontage, and that such access or access volume meets the location and access requirements for primary or secondary access easements, as specified in Section 98-62, paragraphs (a) and (b), and meets all standards, as applicable, for persons with disabilities; or
- (d) for primary or secondary easements, construction documents for the #High Line# open space have been developed by the City that specify the same #street# frontage as an access location; or
- (e) such #development# or #enlargement# is located wholly within an M1-5 District and no portion of such #development# or #enlargement# has more than 10,000 square feet of #floor area# and is located within five feet of the #High Line#; or
- (f) such #development# or #enlargement# is located on a #zoning lot# that fronts on West 23rd Street.

(11/13/12)

98-62 High Line Access Easement Regulations

The provisions of this Section shall apply to any #zoning lot# providing an access easement volume, other than a #zoning lot# developed pursuant to Section 98-25 (High Line Improvement Bonus), as follows:

(a) Location and Minimum Dimensions

(1) Primary access easement volume

A primary access easement volume may be located within a #building# or within open areas on the #zoning lot#, including open areas required pursuant to Section 98-53 (Required Open Areas on the East Side of the High Line), provided such volume is within 15 feet of a #narrow# #street line#. The minimum length of such volume shall be 18 feet, 6 inches, and the minimum width shall be 10 feet; however, the minimum area of such volume shall be 350 square feet. The height of such volume shall extend from a point at least 10 feet below #curb level# to a point at least 15 feet above the level of the #High Line bed#. A primary access easement volume may also replace a previously provided secondary access easement volume, and such secondary access easement volume may be terminated pursuant to Section 98-64. Such minimum dimensions are illustrated in Diagram 6 (High Line Access Easement Volume Parameters) of Appendix C of this Chapter.

(2) Secondary access easement volume

A secondary access easement volume shall be located within 15 feet of a #narrow# #street line# and directly adjacent to the #High Line# for a minimum length of 25 feet. Such volume shall have a minimum width of 10 feet. The height of such volume shall extend from #curb level# to a point at least 10 feet above the level of the #High Line bed#.

(b) Access

All access easement volumes shall be accessible either directly from a public sidewalk or through a publicly traversable way through the #zoning lot# directly connecting with a public sidewalk. Such publicly traversable way shall meet the following requirements:

- (1) The required width of the publicly traversable way shall be a minimum of eight feet.
- (2) No portion of the publicly traversable way shall be interrupted or occupied by an off-street parking or loading area.
- (3) The access easement volume shall be visible from the public sidewalk or the publicly traversable way.
- (4) The publicly traversable way shall be maintained by the property owner in good repair.

- (5) The publicly traversable way shall be fully accessible to persons with disabilities.
- (6) The publicly traversable way shall be open and accessible to the public at all times when a stairway and/or elevator located within the associated access easement volume is open and accessible to the public.

(c) Permitted obstructions

Any access structure within the access easement volume, or any weather protection provided by an overhang or roofed area over such access easement volume, #accessory# to the access structure, shall be considered permitted obstructions within required #yards# or open areas.

(d) Permitted #uses#

An access easement volume required on a #zoning lot# pursuant to the provisions of this Chapter may be temporarily used by the owner of such #zoning lot# for any permitted #use# until such time as required by the City of New York or its designee for access purposes. Such permitted #use# shall be limited to non-residential #uses# where such access easement volume is within a #building#. Where such access easement volume is within an open area, such area shall be landscaped, or may be improved in accordance with the provisions of Sections 37-726 (Permitted obstructions) and 37-73 (Kiosks and Open Air Cafes), except that in the case of open air cafes and kiosks, a certification shall not be required.

Improvements or construction of a temporary nature within the easement volume shall be removed by the owner of such #zoning lot# prior to the time at which public use of the easement areas is required. A minimum notice of six months in writing shall be given by the City of New York or its designee to the owner of the #zoning lot#, in order to vacate the tenants of such temporary #uses#.

(e) #Legally required windows#

The minimum distance between any #legally required window# in a portion of a #building# used for #residential use# and an access easement volume shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening.

(6/23/05)

98-63

Recording of High Line Access Easement Volume

An instrument in a form acceptable to the Department of City Planning creating a #High Line# access easement volume shall be recorded in the Office of the City Register, a certified copy of which shall be submitted to the Department of City Planning.

Notice by the Department of City Planning of its receipt of a certified copy of an instrument establishing any access easements required pursuant to this Chapter shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# of #enlargement# on a site pursuant to Section 98-60 for primary access easements. Receipt of a certified copy of an instrument creating a secondary access easement shall be provided in conjunction with notification, pursuant to Section 98-33, paragraph (a).

(11/13/12)

98-64

Termination of High Line Access Easement Volume

In the event that the City Planning Commission notifies the Department of Buildings and the owner in writing that a #High Line# access easement volume is not required on a #zoning lot# under the final construction plans for the restoration and reuse of the #High Line# as an accessible, public open space, the restrictions imposed on such #zoning lot# by the provisions of Section 98-61 (High Line Access or Support Easement Volumes Requirement) shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Commission to the extinguishment of the easement volume. On termination of the #High Line# access easement volume requirement which has been certified pursuant to this Section, any area reserved for such easement within a #building or other structure# may be used for any #use# permitted pursuant to the provisions of this Chapter and such area shall not be considered #floor area#; and any open area reserved for such easement shall be maintained as an open area and shall be subject to the open area requirements of Section 98-53 (Required Open Areas on the East Side of the High Line).

(10/27/10)

98-65

Transit Facilities

The provisions of paragraph (b) of Section 93-65 (Transit Facilities) shall apply to any subway-related #use# on a #zoning lot# that includes the volume bounded by a line 37 feet east of and parallel to Eleventh Avenue, West 26th Street, a line 100 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 26th Street, up to a height of 60 feet, as illustrated on the District Map in Appendix A of this Chapter.

(3/22/16)

98-70

SUPPLEMENTAL REGULATIONS

- (a) In the #Special West Chelsea District#, the provisions of paragraphs (a) through (d), inclusive, of Section 93-90 (HARASSMENT) shall apply as modified in this Section.
- (b) In the #Special West Chelsea District#, the provisions of Section 93-91 (Demolition) shall apply.

For the purposes of this Section, the following definitions in Section 93-90 shall be modified:

Anti-harassment area

“Anti-harassment area” shall mean the #Special West Chelsea District#.

Referral date

“Referral date” shall mean December 20, 2004.

In addition, Section 93-90, paragraph (d)(3), is modified as follows:

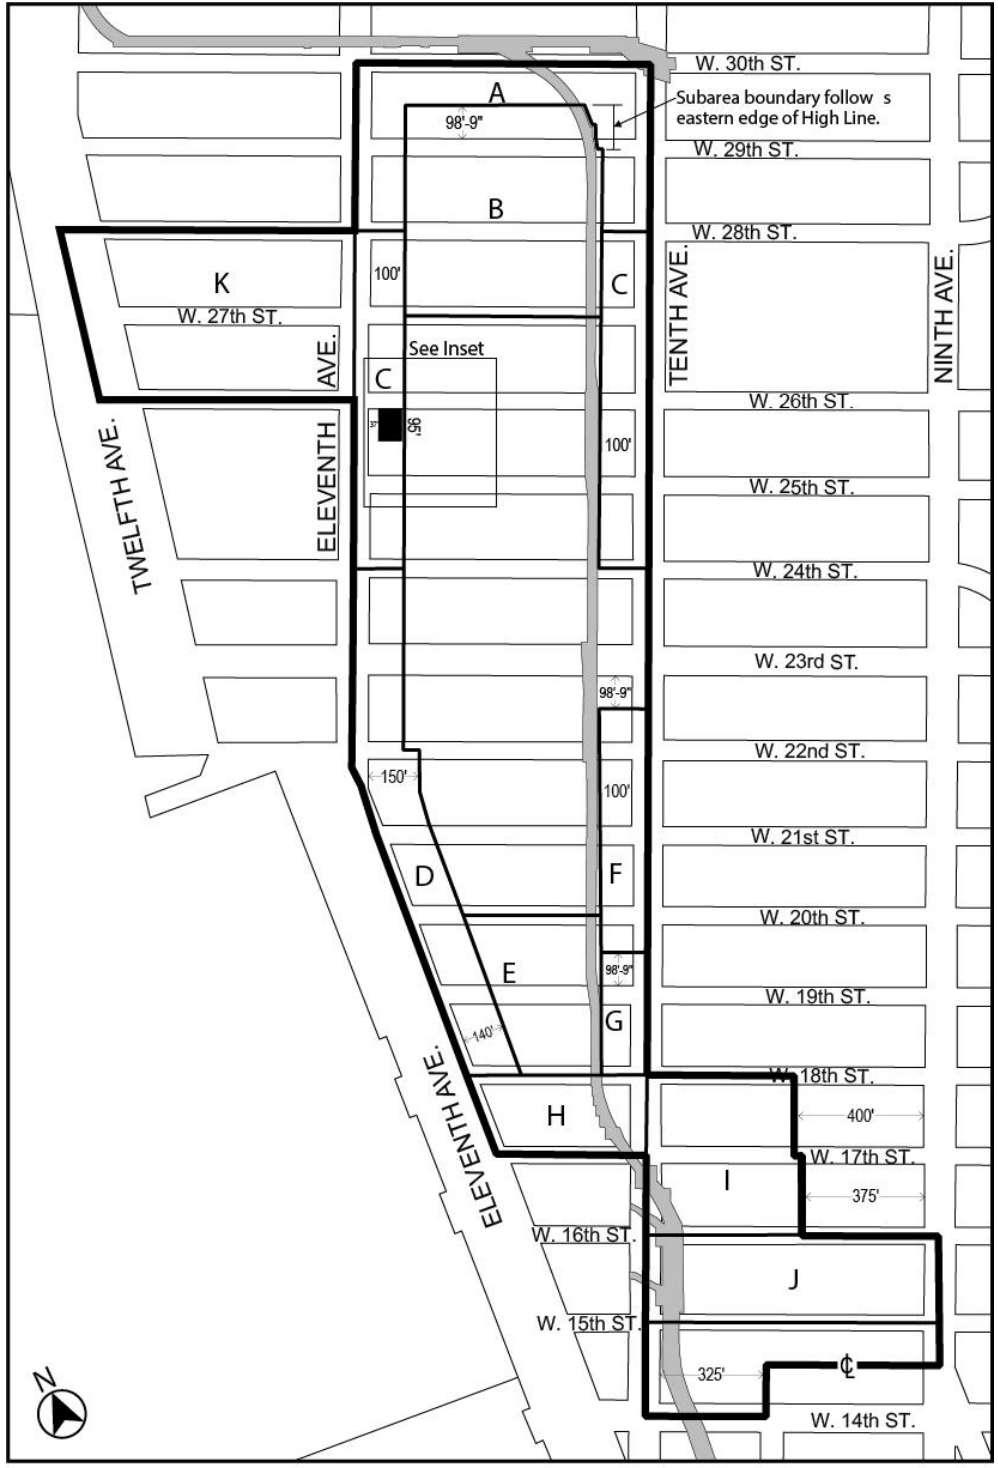

No portion of the #low income housing# required under this Section shall qualify to:

- (a) increase the #floor area ratio# pursuant to the provisions of the #Special West Chelsea District#, #Special Hudson Yards District#, #Special Garment Center District#, #Special Clinton District# or Section 23-154; or
- (b) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

**Appendix D
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in
Subarea H**

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea H between West 17th and 18th Streets over which the #High Line# passes with respect to a #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (b) of Section 98-25, for #floor area# in such #development# or #enlargement# which exceeds the basic maximum #floor area ratio# of the #zoning lot#. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of #zoning lot# under Section 12-10.

- (a) Requirements for issuance of building permit under paragraph (a) of Section 98-25
 - (1) As a condition of issuance of a building permit under paragraph (a) of Section 98-25:
 - (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix D, deposit into the #High Line# Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot#, up to the amount specified in Section 98-22, provided, that in the event the Owner has previously entered into agreements for construction of At-Grade Plaza Work and Stairway and Elevator Access Work by the City, pursuant to paragraph (a)(2) of this Appendix D, and has made a contribution pursuant thereto, the amount of contribution to the #High Line# Improvement Fund under this subparagraph for purposes of Section 98-25, paragraph (a) shall be reduced by such amount at the time it is made;
 - (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and use of the At-Grade Plaza and the stairway and elevator that will provide access to the #High Line#, as shown in Diagram 3 of Appendix C, such easement area for the At-Grade Plaza to include the entire area of the

#zoning lot# east of the #High Line# and such easement area as it relates to such stairway and elevator to be at least 2,500 square feet and in a location and configuration acceptable to the City; access for the potential performance by the City of work under the provisions set forth below; and maintenance and repair of the stairway and elevator. Such declaration shall incorporate by reference the maintenance and operating agreement referred to in paragraph (a)(1)(iii) of this Appendix D, provided that, in the event the Owner enters into agreements for construction of some or all of the At-Grade Plaza Work and Stairway and Elevator Access Work by the City pursuant to paragraph (a)(2) of this Appendix D, the provisions of such restrictive declaration shall be modified as deemed necessary by the City to effectuate such agreements; and

- (iii) the Owner shall execute a maintenance and operating agreement for the At-Grade Plaza.

The easements and agreements described herein shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (b).

- (2) Upon the request of the Owner or the City, the City in its sole discretion, may enter into agreements with the Owner, in a form acceptable to the City, providing for construction by the City of some or all of the At-Grade Plaza Work described in paragraph (b)(2)(ii)(b) of this Appendix D, and some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) by the City, including provisions with regard to the viability of retail space fronting the At-Grade Plaza. Pursuant to such agreements, the Owner shall make a contribution of \$2,300,000 to a sub-account of the #High Line# Improvement Fund to fund such construction, which amount may be reduced in accordance with provisions of such agreements by an amount reflecting expenditures that the owner has reasonably incurred or shall reasonably incur with respect to remediation work for the At-Grade Plaza and any other work which is the responsibility of the Owner pursuant thereto. All parties in interest shall execute a Restrictive Declaration pursuant to paragraph (a)(1)(ii) of this Appendix D, with such modifications as deemed necessary by the City to effectuate such agreements.
- (3) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous to such #zoning lot#. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement by Owner, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the contribution to the #High Line# improvement. Such agreement may require

Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.

- (4) The location of #floor area# which would exceed the basic maximum #floor area ratio# and be subject to the provisions of Section 98-25 shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.
- (b) Requirements for issuance of certificates of occupancy under paragraph (b) of Section 98-25
- (1) Structural Remediation Work under paragraph (b)(2) of Section 98-25:
 - (i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the #High Line# within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous thereto in accordance with the provisions of this paragraph (b). Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v) in this Section (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the #High Line# within the #High Line# improvement area applicable to the #zoning lot# within the next 24 months. In that event, the amount of contribution to the #High Line# Improvement Fund shall be reduced by \$21.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant to Section 98-25, paragraph (b)(2), with respect to the Structural Remediation Work, shall be of substantial completion with respect to issuance of any temporary certificate of occupancy, and of final completion with respect to issuance of any final certificate of occupancy.
 - (ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to public view versus those that will not be so exposed) and shall include, but not be limited to, the following:

- (a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (b) Repair of all damaged portions of the entire steel structure, including but not limited to railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
 - (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
 - (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (e) Removal of any or all portions of the ballast material on the #High Line#, including but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and
 - (f) Any work required to be performed below-grade for the anticipated improvements of the #High Line# for reuse as open space.
- (iii) Subject to the Not-To-Exceed Limit set forth in paragraph (c) of this Appendix D, if Owner exercises the option to perform the Structural Remediation Work, it shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone).

- (iv) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to delays outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
 - (v) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, for any time during which Owner is unable to gain access in order to perform the Structural Remediation Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon December 20, 2004.
 - (vi) In the event that the City does not provide the specifications for the Structural Remediation Work, within the timeframe set forth in paragraph (iv) of this Section, Owner may exercise the option to perform such work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays as described in paragraph (b)(1)(v), but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.
- (2) At-Grade Plaza Work under paragraph (b)(3) of Section 98-25:

The following shall apply, except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix D, that provide for construction of some or all of the At-Grade Plaza Work set forth in paragraphs (b)(2)(ii)(b) and (b)(2)(ii)(c), by the City:

- (i) Owner shall perform At-Grade Plaza Work within the area on the #zoning lot# shown in Diagram 3 of Appendix C. For any temporary certificate of occupancy, certification pursuant to Section 98-25, paragraph (b)(3), shall be of substantial completion of the At-Grade Plaza Work (i.e., the At-Grade Plaza shall be open and accessible to the public). For any permanent certificate of occupancy, certification pursuant to Section 98-25, paragraph (b)(3), shall be of final completion of the At-Grade Plaza Work. Substantial completion of the At-Grade Plaza Work shall also require execution by all parties-in-interest of the declarations, easements and maintenance and operating agreement

described in paragraph (a) of section (1) of this Appendix, if not previously provided in connection with issuance of a building permit.

- (ii) At-Grade Plaza Work shall include, but not be limited to:
 - (a) remediation work; and
 - (b) all paving, plantings, surface treatments, lighting, trees, seating, fountains and other site amenities; and
 - (c) infrastructure work, including conduits, drainage, water line, electrical connections, and other utility work serving the At-Grade Plaza.
- (iii) The At-Grade Plaza Work shall be performed by the Owner pursuant to construction documents provided by the City by January 31, 2008. The At-Grade Plaza Work shall be completed within one year following January 31, 2008, subject to reasonable extension for any delays beyond Owner's reasonable control and to such extension as the City and the Owner may mutually agree, and, in addition, for any time during which Owner is unable to gain access in order to perform the At-Grade Plaza Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon October 17, 2007, or for any time needed to perform any necessary remediation work on the #zoning lot#.
- (iv) In no event shall Owner be required to complete the At-Grade Plaza Work until the #High Line# improvements within the portion of the #High Line# Improvement Area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot# (and, as applicable, over such Improvement Area, as shown on Diagram 3 of Appendix C), are substantially complete (i.e., open to the public but for the work needed to complete the At-Grade Plaza Work). Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (b)(3), until the Chairperson determines that the At-Grade Plaza Work is substantially complete.
- (v) The cost to Owner of the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph, (b)(3) of this Section) shall not exceed \$2,300,000. The amount of contribution to the #High Line# Improvement Fund under subdivision (a) of section (1) of this Appendix made for purposes of Section 98-25, paragraph (a), shall be reduced by such amount at the time it is made. In addition to the costs of the At-Grade Plaza Work, subject to the Not-To-Exceed Limit set forth paragraph (c) of this Appendix D. Owner shall be required to reimburse the City for:

- (a) the reasonable cost of developing the plans and construction documents for the At-Grade Plaza Work; and
 - (b) the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).
 - (vi) In the event that construction documents for the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) are not delivered to Owner within the timeframe set forth in paragraph (3) of this subsection, Owner shall not be required to perform the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) consistent with such documents. Instead, Owner shall perform Alternate At-Grade Plaza Work which shall include all necessary remediation work, all necessary below-grade work (including related infrastructure work necessary to support the #High Line#), and at-grade improvements pursuant to the standards set forth in Sections 37-718, 37-726, 37-728, 37-741, 37-742, 37-743 and 37-76 of the Zoning Resolution, except that open-air cafes and kiosks shall not be permitted. Permitted obstructions, whether as described in the City's specifications for the At-Grade Plaza Work or as specified in Section 37-726, for the Alternate At-Grade Plaza Work, shall not count towards #lot coverage#.
 - (vii) The cost to the Owner of the Alternate At-Grade Plaza Work shall not exceed \$1,400,000. In addition, Owner shall, subject to the Not-To-Exceed Limit of paragraph (c) of this Appendix D, be required to reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Alternate At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).
 - (viii) Upon substantial completion of the At-Grade Plaza and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4), Owner shall provide the City with the declarations, easements and maintenance and operating agreement described in subsection (a) of section (1) of this Appendix, if not already provided in connection with the issuance of a building permit; such At-Grade Plaza shall be open and accessible to the public during at least the same hours during which the #High Line# is open and accessible to the public, subject to the terms of the maintenance and operating agreement; and Owner shall maintain the At-Grade Plaza pursuant to the terms of the maintenance and operating agreement.
- (3) Stairway and Elevator Access Work under paragraph (b)(4) of Section 98-25:

The following shall apply except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix D that provide for the construction of some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) of this Appendix D by the City:

- (i) Except as provided in paragraph (b)(3)(iii) of this Section, Owner shall perform Stairway and Elevator Access Work within the At-Grade Plaza area as shown in Diagram 3 of Appendix C in conjunction with performance of the At-Grade Plaza Work. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (b)(4), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification pursuant to such Section shall be of final completion of the work.
- (ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator, shall be included in the construction drawings for the At-Grade Plaza Work described above, and shall be performed by Owner within the time period for performance of the At-Grade Plaza Work described in paragraph (c) of this Section. The location for the stairway and elevator shall take into account the viability of any retail spaces fronting the At-Grade Plaza.
- (iii) Owner shall not be responsible for performance of the Stairway and Elevator Access Work where it performs the Alternate At-Grade Plaza Work in accordance with paragraph (b) of this Section. In that event, prior to commencing the Alternate At-Grade Plaza Work and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4):
 - (a) Owner shall deposit into the #High Line# Improvement Fund, a contribution of \$900,000.00 (the Access Contribution), to be used at the direction of the Chairperson of the City Planning Commission for construction of stairway and elevator facilities on the #zoning lot#; and
 - (b) Owner shall provide the City with the declarations, easements, and maintenance and operating agreement described in paragraph (a)(1) of this Appendix D, if not previously provided in connection with issuance of a building permit.
- (4) City performance of work in the event of failure to perform:
 - (i) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work

has been executed under paragraph (a) of this Appendix D, Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix), the At-Grade Plaza Work or Alternate Plaza Work, as applicable, and the Stairway and Elevator Access Work (where required to do so under paragraphs (b)(2) and (b)(3) of this Appendix), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 3 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) has passed, subject to the provisions of such sections relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.

- (ii) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (a) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total), unless such date is extended by mutual agreement between the City and Owner, for completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City; and
 - (b) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, any time in which Owner is unable to gain access in order to perform the At-Grade Plaza Work or Alternate Plaza Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon December 20, 2004, or for any time during which remediation work is in progress on the #zoning lot#.
- (iii) In the event Owner does not comply with the requirements of paragraph (b)(4)(ii):
 - (a) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (1) of section (a) of this Appendix;
 - (b) the City shall return to Owner any contribution made to the #High Line# Improvement Fund; and

- (c) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor any temporary or permanent certificate of occupancy may be issued pursuant to Section 98-25, paragraph (b), for #floor area# in a #development# or #enlargement# which exceeds the maximum #floor area# of the #zoning lot#.

(c) Reimbursement Not-To-Exceed Limits

Reimbursement of the City by Owner of costs pursuant to this Appendix shall not exceed a total of \$450,000.00.

(8/24/17)

**Appendix E
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I**

This Appendix sets forth additional requirements governing #zoning lots# located partially within Subareas D, E and G or within Subarea I between West 16th and 17th Streets over which the #High Line# passes, with respect to a #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (c) of Section 98-25, for #floor area# in such #development# or #enlargement# which exceeds the basic maximum #floor area ratio# of the #zoning lot#. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10.

(a) Requirements for issuance of building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

- (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix E, deposit into the #High Line# Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot#, up to the amount specified in Section 98-22; and
- (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and from a stairway and elevator on the #zoning lot# that will provide

access to the #High Line# and for maintenance and repair by the City of such stairway and elevator; and the potential performance by the City of work under the provisions set forth below. In the case of #zoning lots# between West 16th and 17th Streets, Owner shall also provide the City with easements providing for City access to and from and for public use of the #High Line# Service Facilities on the #zoning lot# and for maintenance and repair by the City of such #High Line# Service Facilities. For #zoning lots# between West 18th and 19th Streets, in the event that the Commissioner of Parks and Recreation requires #High Line# Service Facility Work pursuant to paragraph (b)(4) of this Appendix, no easements shall be required relating to the location of and public access to a #zoning lot# nor from a stairway and elevator on the #zoning lot#. In such event, Owner shall instead provide the City with easements providing for City access to and from and for use of the #High Line# Service Facilities on the #zoning lot# and for maintenance and repair by the City of such #High Line# Service Facilities, as specified in paragraph (b)(4)(ii) of this Appendix, and any restrictive declaration previously executed under this paragraph (a)(1)(ii) in connection with an initial certification pursuant to paragraph (a) of Section 98-25 shall be amended to provide for such easements. All easements described herein shall be in a form acceptable to the City and shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (c); and

- (iii) submit plans for Stairway and Elevator Access Facilities and, where applicable, #High Line# Service Facilities that demonstrate compliance with the provisions of this Appendix E, and are consistent with New York City Department of Parks and Recreation standards and best practices governing materials life cycle and maintenance for review and approval by the Chairperson of the City Planning Commission.
- (2) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot # and over #streets# contiguous to such #zoning lot#. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the #High Line# Improvement Fund contribution to reflect the cost of such improvements. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.
 - (3) The location of #floor area# which would exceed the basic maximum #floor area ratio# and be subject to the provisions of Section 98-25 shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of

certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.

- (b) Requirements for issuance of certificates of occupancy pursuant to paragraph (c) of Section 98-25:
 - (1) Structural Remediation Work pursuant to paragraph (c)(2) of Section 98-25
 - (i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the #High Line# within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous thereto in accordance with the provisions of this paragraph. Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v), (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the #High Line# within the #High Line# improvement area applicable to the #zoning lot# within the next 24 months. In that event, the amount of contribution to the #High Line# Improvement Fund shall be reduced by \$21.00 for each square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant to Section 98-25, paragraph (c)(2), with respect to the Structural Remediation Work shall be of substantial completion with respect to issuance of temporary certificates of occupancy, and of final completion with respect to issuance of final certificates of occupancy.
 - (ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life, and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to the public versus those that will not be so exposed) and shall include, but not be limited to, the following:
 - (a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

- (b) Repair of all damaged portions of the entire steel structure, including, but not limited to, railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
 - (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
 - (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (e) Removal of any or all portions of the ballast material on the #High Line#, including, but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and
 - (f) Any work required to be performed below grade for the anticipated improvements of the #High Line# for reuse as open space.
- (iii) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to such delays as are outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
- (iv) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement

between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control.

- (v) In the event that the City does not provide the specifications for the Structural Remediation Work within the timeframe set forth in paragraph (b)(1)(iii) of this Appendix, Owner may exercise the option to perform such work and proceed with the Structural Remediation Work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control, but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.
 - (vi) If Owner exercises the option to perform the Structural Remediation Work, Owner shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone), such reimbursement not to exceed \$115,000.
- (2) Stairway and Elevator Access Work pursuant to paragraph (c)(3) and, except where the provisions of paragraph (b)(4) of this Appendix E apply, paragraph (c)(4) of Section 98-25:
- (i) Owner shall perform Stairway and Elevator Access Work subject to the provisions of this paragraph (b)(2). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(3), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification shall be of final completion of the work.
 - (ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator located directly adjacent to or below the #High Line#. Except as approved by the Chairperson of the City Planning Commission pursuant to paragraph (a)(1)(iii) of this Appendix, #curb level# entrances to such access facilities must be located at the #street line#. Such access facilities shall be harmonious with the design of the #High Line# on the #zoning lot# and shall be visible and identifiable as #High Line# access facilities when viewed from Tenth Avenue. Such access facilities may be unenclosed or enclosed. When such access facilities are enclosed and located at the #street line#, any wall or facade separating the access facility from the #street# shall be substantially glazed and fully transparent from ground level to the full height of the access facility. Any wall or facade separating the access facility from the #High Line# shall be

substantially glazed and fully transparent from the level of the #High Line bed# to the full height of the access facility. Stairways shall have a clear path of not less than six feet in width. Such access facilities shall be identified with signage placed at the #High Line# level and at street level that is consistent with guidelines specified in the signage plan as authorized by the City Planning Commission pursuant to the provisions of Section 98-15.

- (iii) The Stairway and Elevator Access Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the provisions of paragraph (b)(2)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.
- (iv) In no event however shall Owner be required to complete the Stairway and Elevator Access Work until the #High Line# improvements in the portion of the #High Line# improvement area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot#, as shown on Diagram 4 or 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification, pursuant to Section 98-25, paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

(3) #High Line# Service Facility Work pursuant to paragraph (c)(3) of Section 98-25:

- (i) For #zoning lots# located between West 16th and 17th Streets, Owner shall perform #High Line# Service Facility Work subject to the provisions of this Appendix. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(3), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.
- (ii) #High Line# Service Facilities shall consist of satellite maintenance and operations space for the #High Line# open space as well as public restrooms, in accordance with the following standards:

(a) Location

Such facilities shall have a component located at the level of the #High Line bed#, or within five feet of such level (hereinafter referred to as the "upper service facility"). Such facilities shall also have a component located no higher than #curb level# (hereinafter referred to as the "lower service facility"). The upper facility must be located directly above the lower facility to enable placement of

a trash chute connecting the upper and lower facilities. Where the upper facility is not located exactly at the level of the #High Line bed#, a fully accessible ramp must connect such level with the level of the upper facility. Where the lower facility is not located exactly at #curb level#, a means acceptable to the City of connecting the lower service facility to a #street# frontage shall be provided.

(b) Program and dimensions

(1) Lower service facilities

Lower service facilities shall contain a room which is accessible from #street# level and is no less than 50 square feet in area. Such facility shall contain the outlet of a trash chute from the upper service facility and shall also have a minimum of one electrical outlet furnishing a wattage consistent with its intended use within a maintenance and operations facility.

(2) Upper service facilities

Upper service facilities shall be no less than 350 square feet in area and shall contain, at a minimum, one public restroom not less than 250 square feet in area with separate restroom spaces for each gender, one storage room not less than 70 square feet in area, and one waste disposal room not less than 30 square feet in area and containing a trash chute to the lower service facility

Each room within such upper service facilities shall have a minimum of one electrical outlet furnishing wattage consistent with its intended use within a maintenance and operations facility.

(iii) The #High Line# Facility Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(3)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.

(iv) In no event, however, shall Owner be required to complete the #High Line# Facility Work until the #High Line# improvements in the portion of the #High Line# improvement area, as shown in Appendix C of this

Chapter, adjacent to the #zoning lot#, as shown on Diagram 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

- (v) The cost to Owner of the #High Line# Facilities Work shall not exceed \$1,150,000. The amount of contribution to the #High Line# Improvement Fund under paragraph (a)(1) of this Appendix E, made for purposes of Section 98-25, paragraph (a), shall be reduced by such at the time it is made.
- (4) #High Line# Service Facility Work pursuant to paragraph (c)(4) of Section 98-25:
 - (i) For #zoning lots# located between West 18th and 19th Streets, in the event the Commissioner of Parks and Recreation elects to require improvements under this paragraph by providing Owner written notice thereof no later than 30 days following August 24, 2017, Owner shall perform #High Line# Service Facility Work subject to the provisions of this paragraph (b)(4). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(4), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.
 - (ii) #High Line# Service Facilities under this paragraph (b)(4) shall consist of facilities that the Commissioner of Parks and Recreation determines will provide significant support services to the #High Line# in accordance with the following minimum standards:
 - (a) Components, Size and Location

The #High Line# Service Facilities shall consist of a space on one or more levels, with no less than 1,900 square feet of such space at a floor level at, or within three vertical feet of, the level of the #High Line bed#; a walkway connecting such space to the #High Line# of sufficient width and with sufficient load-bearing capacity to accommodate the movement of service equipment to and from the #High Line# and which satisfies the additional obligations of the Americans with Disabilities Act of 1990; and a stairway with a clear path of not less than 44 inches in width providing access from the #street# to the portion of the #High Line# Service Facilities located above.
 - (b) Other Features

The #High Line# Service Facilities shall include plumbing,

electrical and utility infrastructure, including HVAC, as reasonably necessary to perform the service functions identified by the Commissioner of Parks and Recreation. Portions of any wall separating the #High Line# Service Facilities from the #High Line# and extending from the level of the #High Line bed# to the full height of the #High Line# Service Facilities shall comply with the transparency requirements of Section 98-54.

- (iii) The #High Line# Service Facility Work shall be completed within one year following the later of August 24, 2017, or the review and acceptance by the Chairperson of the City Planning Commission of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(4)(ii) of this Appendix, subject to reasonable extensions for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner. Notwithstanding the foregoing, in the event that, prior to an election by the Commissioner of Parks and Recreation under paragraph (b)(4)(i) of this Appendix, the City and Owner have agreed to an extension pursuant to paragraph (b)(2)(iii) of this Appendix, in connection with Stairway and Elevator Access Work, the #High Line# Facility Work shall be completed by such date, unless further extended by mutual agreement pursuant to this paragraph (b)(4)(iii).

(c) City performance in the event of failure to perform

- (1) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work has been executed under paragraph (a)(1) of this Appendix), Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix) and the Stairway and Elevator Access Work (under paragraph (b)(3)), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 4 or 5 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) of this Appendix, as applicable, has passed, subject to the provisions of such paragraphs relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
- (2) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (i) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total) for

completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City, unless such date is extended by mutual agreement between the City and Owner; and

- (ii) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control.
- (3) In the event Owner does not comply with the requirements of paragraph (c)(2) of this Appendix:
- (i) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (a)(1) of this Appendix;
 - (ii) the City shall return to Owner any contribution made to the #High Line# Improvement Fund; and
 - (iii) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which exceeds the maximum #floor area# of the #zoning lot#.

(11/13/12)

**Appendix F
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J**

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea J over which the #High Line# passes for any #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas). The additional requirements are set forth in this Appendix F, in paragraph (a), the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); in paragraph (b), the performance of improvements as a condition of issuance of temporary or permanent certificates of occupancy pursuant to paragraph (d) of Section 98-25; and in paragraph (c), the option of the owner to offer to the City an additional #High Line# Support Easement Volume. The term "parties in interest" as used herein shall mean "parties-in-interest," as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10.

- (a) Requirements for issuance of a building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

(i) For each square foot of #floor area# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, up to the amount specified in Section 98-22, the owner shall:

(a) for the first 80,000 square feet of such #floor area#, deposit such contribution to the Affordable Housing Fund established under Section 98-262, paragraph (c), for use in accordance with the provisions of that Section; and

(b) for all such #floor area# which exceeds 80,000 square feet, subject to a deduction pursuant to other provisions of this Appendix F, deposit such contribution to the #High Line# Improvement Fund, or secure such contribution by letter of credit or other cash equivalent instrument in a form acceptable to the City.

Such contribution, in each case, shall be \$59.07 per square foot of #floor area# as of November 13, 2012, which contribution rate shall be adjusted July 1 of the following year and each year thereafter by the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics;

(ii) All parties-in-interest shall execute that restrictive declaration, dated October 25, 2012, and on file at the Office of the Counsel, Department of City Planning, required in connection with environmental assessment (CEQR No. 11DCP120M) for the purpose of addressing historic resources and containing other provisions regarding the preservation of certain features of existing #buildings# and structures and related matters;

(iii) All parties-in-interest shall execute a restrictive declaration in a form acceptable to the City addressing the terms described in this paragraph (a)(1)(iii):

(a) Hotel #use#

No #development# or #enlargement# that utilizes the provisions of Section 98-25 shall include a #transient hotel#;

(b) Retail concourse

As a condition of any #development# or #enlargement# pursuant to Section 98-25, the owner shall provide a pedestrian passageway within any #building# located on the #zoning lot# connecting the

Ninth Avenue sidewalk with the Tenth Avenue sidewalk, which passageway shall be open to the public during business hours. Not less than 60 percent of the length of the frontages of such passageway shall be occupied primarily by retail uses, and in addition may be occupied by service, wholesale, production and event space identified in Use Groups 6A, 6C, 7B, 7C, 8A, 9A, 9B, 10B, 11A, 12A, 12B, 16A, 17A and such spaces shall have access to the passageway;

(c) Locations and dimensions of the #High Line# Support Easement Volumes

The #High Line# Support Easement Volumes shall be sized and located to accommodate the following amenities, all of which shall be located within the #buildings# located within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(3):

- (1) exclusive easements for public restrooms for each gender with an aggregate area of no less than 560 square feet (and which need not be more than 700 square feet) located adjacent to the #High Line# with direct access to the #High Line# for each of the public restrooms;
- (2) exclusive easements for #High Line# support space with an aggregate area of no less than 2,400 square feet (and which need not be more than 3,000 square feet) of which up to 800 square feet may be located on a mezzanine level, such space to be located adjacent and accessible to the #High Line#;
- (3) exclusive easements for #High Line# support space located in the cellar level in an aggregate area no less than 800 square feet (but need not be more than 1,000 square feet);
- (4) exclusive use of a dedicated freight elevator that shall provide access to the cellar level, to a shared loading facility at #street# level, to the level of the #High Line bed# and to the level of the #High Line# support space described in paragraph (a)(1)(iii)(c)(2) of this Appendix F; and
- (5) non-exclusive easements for:
 - (i) access between the dedicated freight elevator and the shared loading facility at grade level and the #High Line# support space located in the cellar level; and

- (ii) use of the shared loading facility as more particularly set forth in paragraph (a)(1)(iii)(d) of this Appendix F;

(d) Use of the #High Line# Support Easement Volumes

The #High Line# Support Easement Volumes shall not be dedicated for use by the general public but rather for use by the City or its designee for storage, delivery of materials and support of #uses# within the #High Line# (and in connection therewith, the fitting-out, operating, maintaining, repairing, restoring and replacement of the #High Line# Support Easement Volumes), except that:

- (1) the public may use the public restrooms;
- (2) up to 650 square feet of space adjacent to the #High Line# may be used exclusively for educational and related programming that is at no cost to the public; and
- (3) if dedicated to the City in accordance with paragraph (d) of this Appendix F, the optional additional #High Line# Support Easement Volume may be accessible to the public as part of concessions or other uses that relate to the #High Line#.

The City or its designee shall at all times use, operate and maintain the #High Line# Support Easement Volumes so as not to interfere with the use and enjoyment of the #buildings# located within Subarea J.

The #High Line# support spaces described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F, shall be accessible by a dedicated freight elevator that connects to non-exclusive portions of the #building#, including a loading facility at #curb level#, through which the City or its designee shall be provided with a non-exclusive easement to enable reasonable and customary access;

(e) Effective date of the #High Line# Support Easement Volumes

The City's or its designee's rights to utilize the #High Line# Support Easement Volumes shall commence on the date that the #High Line# Support Work has been completed in accordance with paragraph (b)(1) of this Appendix F, or in the event of default of

the owner in accordance with paragraph (c) of this Appendix F, the date that the City has notified the owner that it intends to perform such #High Line# Support Work in accordance with paragraph (c); and

- (f) Notice by the Department of City Planning of its receipt of certified copies of the recorded restrictive declarations required pursuant to paragraph (a) (1) (ii) and (iii) of this Appendix F, shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# or #enlargement# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012;
 - (iv) The owner shall submit plans for the #High Line# Support Work described in paragraph (b)(1) of this Appendix F, that demonstrate compliance with the provisions of this Appendix and are consistent with New York City Department of Parks and Recreation standards and best practices governing material life cycle and maintenance, for review and approval by the Chairperson of the City Planning Commission;
 - (v) Solely in the event the initial certification made pursuant to Section 98-25, paragraph (a), is with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), then the owner shall enter into agreements with the City or its designee, in a form reasonably acceptable to the City, to provide interim access, in accordance with such agreements, to the #High Line# through a non-exclusive loading facility and an existing freight elevator. Such agreements shall provide that any space within the existing #building# may be used by the City or its designee at no cost, except that the City or its designee shall be obligated to pay for the proportionate costs of utilities, maintenance and other building expenses associated with the use of such loading facility and elevator, and for any improvements or modifications to such space that may be requested by the City or its designee. Such interim access shall cease upon the date that the City or its designee commences utilization of the #High Line# Support Easement Volumes in accordance with paragraph (a)(1)(iii)(d) of this Appendix F;
- (2) The location of #floor area# which would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, and be subject to the provisions of Section 98-25, shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), the owner designates on plans submitted to the Chairperson of the City Planning Commission, subject to the concurrence of the Chairperson, an alternate location.

(b) Requirements for issuance of certificates of occupancy pursuant to paragraph (d) of Section 98-25

(1) #High Line# Support Work pursuant to paragraph (d) of Section 98-25

(i) The owner shall perform #High Line# Support Work subject to the provisions of this paragraph (b)(1), inclusive. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (d), shall be the substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) The #High Line# Support Work shall consist of the following:

(a) the construction, fit-out and delivery in an operative condition of public restrooms described in paragraph (a)(1)(iii)(c)(1) of this Appendix F, furnished with restroom fixtures, including six toilet stalls for women, an aggregate of six toilet stalls and/or urinals for men and three sinks in each restroom, and provided with utility connections.

(b) the construction of the core and shell of the #High Line# support space described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F including the provision of and access to separately metered gas, ventilation, water, sewer, electricity and telecommunications utilities systems commonly available in the #building# sufficient to support the anticipated uses of the support space. Within the portion of the #High Line# support space in the vicinity of the level of the #High Line bed#, the owner will install a kitchen exhaust duct from such support space to a suitable point of discharge and will provide access to the #building# sprinkler standpipe and fire alarm system. Such support space shall also include access to a storage mezzanine pursuant to a dedicated lift, and there shall be a clear path at least five feet wide from the lift to the dedicated freight elevator described in paragraph (b)(1)(ii)(c) of this Appendix F. The owner will not be responsible for distributing any utility services within the #High Line# support space or for providing any ancillary equipment for the kitchen exhaust duct; and

(c) the construction of the dedicated freight elevator described in paragraph (a)(1)(iii)(c)(4) of this Appendix F, with a minimum capacity of 3,000 pounds;

- (iii) Following the completion of the #High Line# Support Work described in paragraph (b)(1)(ii) of this Appendix F, all subsequent costs of operating, maintaining, repairing, replacing and additional fit-out of the #High Line# support space shall be exclusively the responsibility of the City and not the owner, provided that the owner shall be responsible for the repair and replacement of any defective #High Line# Support Work for a period of one year after completion thereof;
- (iv) The cost to the owner of the #High Line# Support Work pursuant to the plans approved pursuant to this paragraph, (a)(1)(iv), shall be estimated at the time of such approval by a licensed engineer selected by the owner, such estimate to be in a form reasonably acceptable to the City, at an amount not to exceed \$2,544,000, as adjusted at the time of such approval by changes in the construction cost index published by the Engineering News Record (ENR) for New York City commencing as of December 1, 2012. In the event that the City requests the owner to perform any additional work in conjunction with the #High Line# Support Work and the owner agrees to perform such additional work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;
- (v) Except as set forth in paragraph (b)(1)(v) of this Appendix F no temporary or permanent certificates of occupancy may be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, until the #High Line# Support Work described in paragraph (b)(1) of this Appendix F has been substantially completed or finally completed, as applicable;
- (vi) Notwithstanding anything to the contrary in this paragraph (b)(1), inclusive, if certification is initially made pursuant to Section 98-25, paragraph (a), with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(iii), then the conditions for certification pursuant to Section 98-25, paragraph (d), for a permanent or temporary certificate of occupancy shall not apply to such #building# or portion of a #building# and the following conditions shall apply:

- (a) the owner shall deliver a letter of credit or other security reasonably satisfactory to the City in an amount reasonably determined by the City as sufficient for the City to perform the #High Line# Support Work described in paragraph (b)(1) of this Appendix F which letter of credit or other security may be drawn or exercised by the City in the event of a default by the owner in accordance with paragraph (c)(ii) of this Appendix F; and
 - (b) the owner shall enter into an agreement with the City in a form reasonably acceptable to the City requiring the owner to commence the #High Line# Support Work described in paragraph (b)(1) of this Appendix F, no later than September 1, 2017, subject to force majeure as determined by the Chairperson, and shall thereafter diligently prosecute the same to completion, pursuant to an agreed-upon schedule, subject to force majeure as determined by the Chairperson.
- (c) In the event the owner is in default of its obligations pursuant to the agreements required by paragraph (b)(1)(vi) of this Appendix F:
 - (1) The City shall be entitled to draw the letter of credit or exercise the other security described in paragraph (b)(1)(vi)(a) of this Appendix F and to take possession of the #High Line# Support Easement Volumes following delivery of notice to the owner that the City intends to perform the #High Line# Support Work in accordance with provisions to be set forth in the restrictive declaration described in paragraph (a)(1)(iii) of this Appendix F;
 - (2) The City shall return to the owner any contribution made to the #High Line# Improvement Fund with respect to additional #floor area# to be added to a #building# or portion of a #building# located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(3);
 - (3) No additional building permit may be issued pursuant to Section 98-25, paragraph (a), with respect to a #development# or #enlargement# to be located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in such a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012.
- (d) Option to offer an additional #High Line# Support Easement Volume:
 - (1) The owner, at its sole option, may elect to offer to the City an easement comprising up to 7,500 square feet of #floor area# within the #building# adjacent

to the #High Line# and at the vicinity of the level of the #High Line bed# as an additional #High Line# Support Easement Volume by written notice to the Chairperson of the City Planning Commission, with a copy to the Commissioner of the Department of Parks and Recreation. Such written notice shall be delivered contemporaneously with the owner's first request for certification by the Chairperson, described in paragraph (a) of Section 98-25, that relates to a #building# or portion of a #building# within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(3);

- (2) If the owner elects to exercise such option, the owner shall provide an appraisal from an appraiser reasonably acceptable to the City who is a member of the American Institute of Real Estate Appraisers (or its successor organization) establishing the fair market value of the additional #High Line# Support Easement Volume to be so dedicated. The term "fair market value" shall mean the price at which such additional #High Line# Support Easement Volume would change hands between a willing buyer and a willing seller, both acting rationally, at arm's length, in an open and unrestricted market. The appraisal shall determine such fair market value of the additional #High Line# Support Easement Volume based on its highest and best as-of-right #uses#, valued in an unimproved core and shell physical condition (including any existing structural elements, such as the #building# wall separating the #High Line# from the additional easement volume) and considered unencumbered by any leases, mortgages or other matters that will be released or otherwise subordinate to the grant of such additional #High Line# Support Easement Volume to the City. The appraisal shall not assume that as-of-right #uses# of the additional #High Line# Support Easement Volume may enjoy any access to and from the #High Line#. Any other appraisal assumptions or instructions not set forth herein shall be subject to approval by the City;
- (3) If such option is exercised by the owner, the City shall have up to 60 days from the delivery of the written notice described in paragraph (d)(1) of this Appendix F to irrevocably accept or decline the exercise of the option by written notice to the owner. If the City does not so accept or decline the option within said 60-day period, then the option shall be deemed declined and neither the City nor the owner shall have any further rights or obligations under this paragraph, (d), inclusive;
- (4) If such option is exercised by the owner and accepted by the City, the restrictive declaration described in paragraph (a)(1)(ii) of this Appendix F shall provide or shall be amended to include the additional #High Line# Support Easement Volume within the grant to the City, and the value of the additional #High Line# Support Easement Volume as set forth in the appraisal shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;

- (5) In the event that the City requests the owner to perform any work in conjunction with the dedication of the additional #High Line# Support Easement Volume and the owner agrees to perform such work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F. All costs of fitting-out, operating, maintaining, repairing and replacing the additional #High Line# Support Easement Volume shall be exclusively the responsibility of the City and not the owner.

(12/20/73)

**ARTICLE IX
SPECIAL PURPOSE DISTRICTS**

**Chapter 9
Special Madison Avenue Preservation District**

(12/20/73)

**99-00
GENERAL PURPOSES**

The “Special Madison Avenue Preservation District” as established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

- (a) to preserve and protect the unique character and architectural quality of Madison Avenue and its surrounding area;
- (b) to preserve and enhance street life by promoting specialty shops at street level;
- (c) to introduce amenities relating to the residential character of the area; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City’s tax revenues.

(6/6/24)

**99-01
Definitions**

For purposes of this Chapter, matter in italics is defined in Sections 12-10, 32-301 or within this Section.

Development

For purposes of this Chapter, a “development” includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, and an #enlargement#.

Landmark building

A “landmark building” is any #building# designated as a landmark by the Landmarks Preservation Commission, pursuant to procedures set forth in Section 3020 of the New York City Charter and other applicable laws.

Style building

A “style building” is a #building# possessing an architectural style, as described in the Upper East Side Historic District Designation Report prepared by the New York City Landmarks Preservation Commission in 1981.

(10/7/21)

99-02

General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

For #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(6/6/24)

99-03

Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along Madison Avenue shall be considered #Tier C street frontages# and the provisions set forth in paragraph (d) of Section 32-33 (Regulations for Tier C Street Frontages) shall apply regardless of the underlying zoning district.

(6/6/24)

99-031

Modifications of use regulations for a community facility

The mandatory #use# regulations of Section 99-03 (Special Use Regulations) may be modified for a #community facility# provided the City Planning Commission certifies that the treatment of the facade preserves and enhances street life on Madison Avenue compatible with the character of the surrounding area.

(10/7/21)

99-04

Special Bulk Provisions

For the purposes of this Chapter, the maximum #floor area ratio# on a #zoning lot# shall not exceed 10.0. However, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(5/12/94)

99-05

Special Height and Setback Regulations

The height and setback regulations of Sections 23-63, 23-64, 23-65, 24-52, 24-53, 24-54, 33-43, 33-44 and 33-45 shall not apply. In lieu thereof, the height and setback regulations set forth in Sections 99-051 through 99-054, inclusive, shall apply.

(2/2/11)

99-051

Location, height and setback of street wall

(a) #Street walls# along Madison Avenue

For #developments# or #enlarged# portions of #buildings# with frontage on Madison Avenue or on a side #street# within 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

(1) The #street wall# of the base of such #building# shall be located on the #street line# or, if there is an existing #abutting# #building# fronting on the same #street line# that is set back from such #street line#, the #street wall# of the base may be aligned with the #street wall# of the #abutting# #building# for a distance of not less than 10 feet measured horizontally from the side wall of such #abutting building#. However, such setback distance shall not exceed 15 feet from the #street line#. All #street walls# built pursuant to this paragraph shall extend along the full length of the #street line# and rise vertically without setback for:

(i) not less than 110 feet but not more than 120 feet above #curb level# ; or

(ii) the full height of the #building# ;

whichever is less.

(2) Above the base, a setback is required for all portions of a #building# which exceed a height of 120 feet above #curb level#. Such setback shall be provided at a height not lower than 110 feet above #curb level#, and shall have a minimum depth of 10 feet from a #wide# #street line# and a minimum depth of 15 feet from a #narrow# #street line#.

(3) No portion of a #building# may exceed the height limitations of Section 99-054 (Maximum building height).

(b) #Street walls# along side #streets#

For #developments# or #enlarged# portions of #buildings# with frontage on a side #street# beyond 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

(1) The #street wall# of the base of such #building# shall be located on the #street line# or, if there is an existing #abutting# #building# fronting on the same #street line# that is set back from such #street line#, the #street wall# of the base shall be aligned with the #street wall# of the #abutting# #building# for a distance of not less than 10 feet measured horizontally from the side wall of such #abutting# #building#. However, such setback distance need not exceed 10 feet from the #street line#. All #street walls# built pursuant to this paragraph shall extend along the full length of the #street line# and rise vertically without setback for:

(i) a height of 60 feet above #curb level# ; or

(ii) the height of a #street wall# before setback, if applicable, of that portion of an existing #building# nearest the #development# or #enlargement#, fronting on the same #street line#, and located on the same or an adjoining #zoning lot# ;

whichever is higher.

- (2) Alternatively, the #street wall# location provisions of paragraph (a) of this Section may apply to the base of a #building# along a side #street# beyond 50 feet of its intersection with Madison Avenue, up to a distance of 70 feet from its intersection with Madison Avenue.
- (3) Above the base, a setback is required for all portions of a #building#. Such setback shall have a minimum depth of 10 feet from a #wide# #street line# and a minimum depth of 15 feet from a #narrow# #street line#.
- (4) No portion of a #building# may exceed the height limitations of Section 99-054 (Maximum building height).

(c) #Street walls# in Historic Districts

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section shall be modified as follows:

- (1) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.
- (2) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Section, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(2/2/11)

99-052

Recesses, balconies and dormers

(a) Recesses

Recesses are permitted to provide #outer courts#, balconies or articulation of #street walls# at the intersection of two #street lines#. In addition, recesses may be required or prohibited due to the width of the #zoning lot# or the location of the #street wall# of an adjacent #building#. For the purposes of this Section, the provisions of Section 23-842 (Wide outer courts) shall not apply. In lieu thereof, the width of any such #court# shall be at least one and one-third times its depth. All recesses shall be provided in accordance with the following provisions:

- (1) Above a height of 20 feet above #curb level#, or above the level of the second #story#, whichever is lower, up to 30 percent of the #street wall# of a base may be recessed from the #street line#. However, no recesses shall be permitted within 30 feet of the intersection of two #street lines#, unless such recesses are provided within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.
- (2) Where the #development# or #enlarged# portion of a #building# is adjacent to an existing #building# located on a #zoning lot# having frontage on the same #street line#, no recesses shall be provided in the #street wall# of the #development# or #enlargement# for a distance of 10 feet from the adjacent corner of the existing #building# to a height equal to the height of the existing #building#.
- (3) Except for a #zoning lot# with less than 50 feet of frontage, or a #zoning lot# with less than 100 feet of frontage and located entirely in a Historic District designated by the Landmarks Preservation Commission, recesses are required on the #street walls# of #buildings# facing Madison Avenue, in accordance with the following provisions:
 - (i) above a height of 20 feet above #curb level#, or above the level of the second #story#, whichever is lower, at least 25 percent of the length of the #street wall# of a base at the level of every #story# shall be recessed from the #street line# to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky; and
 - (ii) above the base, the #street wall# shall be articulated with recesses that occupy at least 20 percent of the length of the #street wall# at the level of every #story# to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky.

(b) Balconies

Balconies shall comply with the following provisions:

- (1) No balconies shall be permitted to extend beyond the #street wall# of the base built in accordance with the height and setback regulations of Section 99-051 (Location, height and setback of street wall), paragraph (a).
- (2) Balconies shall be permitted in recesses that are not required to be unobstructed from their lowest level to the sky.

(c) Dormers

For the purposes of this Section, a dormer shall be a vertical extension of the #street wall# of a base allowed as a permitted obstruction within a required setback area. A dormer may be located anywhere on a #wide street#, and on a #narrow street# within 70

feet of its intersection with a #wide street#. However, a dormer shall not be located within 10 feet of a #side lot line# unless it fully abuts an adjoining #building#.

On any #street# frontage, the aggregate width of all dormers at the required setback level shall not exceed 60 percent of the width of the #street wall# of the highest #story# of the base. For each foot of height above the base, the aggregate width of all dormers at that height shall be decreased by one percent of the #street wall# width of the highest #story# of the base.

(2/2/11)

99-053

Special provisions for narrow buildings

If the width of a #street wall#, built pursuant to Section 99-051 or 99-052, is 45 feet or less, then the #building# shall comply with the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements).

(2/2/11)

99-054

Maximum building height

The height of all #buildings or other structures# shall comply with the following provisions:

- (a) Except as otherwise provided in paragraph (b) of this Section, the height of all #buildings or other structures# shall not exceed 170 feet above #curb level#. However, such #buildings or other structures# may exceed 170 feet, to a height of 19 #stories# or 210 feet, whichever is less, provided that the gross area of each #story# located above 170 feet does not exceed 80 percent of the gross area of the #story# directly below it.
- (b) For the purposes of this Section, the Midblock Transition Portion shall be that portion of a #zoning lot# located within the area between 70 feet and 100 feet from the Madison Avenue #street line#, except for a #zoning lot# which has frontage on a #wide street# not located in a historic district. Within the Midblock Transition Portion, a #building or other structure# shall not penetrate an imaginary plane that begins above a line 100 feet from the Madison Avenue #street line# at a height of 20 feet above the height of a #street wall# built pursuant to Section 99-051, paragraph (b), and rises over the Midblock Transition Portion to a height of 120 feet above #curb level# at a distance of 70 feet from the Madison Avenue #street line#.

(5/8/13)

99-06

Off-street Parking Regulations

Within the portion of the #Special Madison Avenue District# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the #Special Madison Avenue District#, the provisions of this Section shall apply.

Where #accessory# off-street parking is provided, in no case shall curb cuts for vehicular access be located on Madison Avenue or on a #street# within 50 feet of its intersection with the #street line# of Madison Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Special District.

(2/2/11)

99-07

Authorization to Waive Midblock Transition Portion Height Limitation

For a #zoning lot# in the Upper East Side Historic District, which #zoning lot# also contains a #landmark building# or #style building# to be preserved or, where a #zoning lot# is not located in the Upper East Side Historic District and the #zoning lot# contains a #building# to be preserved which the Landmarks Preservation Commission has designated as a landmark or certifies in a report by the staff or the Commission to be comparable to a #style building#, the City Planning Commission may authorize the waiver of the requirements of Section 99-054 (Maximum building height), paragraph (b), provided the City Planning Commission finds that:

- (a) the #development# or #enlargement# complies with the goals and purposes of the #Special Madison Avenue Preservation District#, as specified in Section 99-00 (GENERAL PURPOSES);
- (b) the #development# or #enlargement# will not alter either the character of the neighborhood or the character sought to be achieved by the Special District;
- (c) the #development# or #enlargement# will have a harmonious relationship with the #building# to be preserved; and
- (d) the Landmarks Preservation Commission reports that a program for continued maintenance of the #building# to be preserved has been established.

(7/26/01)

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 1
Special Downtown Brooklyn District**

(2/2/11)

**101-00
GENERAL PURPOSES**

The "Special Downtown Brooklyn District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Downtown Brooklyn by improving the working and living environments;
- (b) to foster development in Downtown Brooklyn and provide direction and incentives for further growth where appropriate;
- (c) to create and provide a transition between the Downtown commercial core and the lower-scale residential communities of Fort Greene, Boerum Hill, Cobble Hill and Brooklyn Heights;
- (d) to encourage the design of new buildings that are in character with the area;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the vitality of Downtown Brooklyn;
- (f) to improve the quality of development in Downtown Brooklyn by fostering the provision of specified public amenities in appropriate locations;
- (g) to improve visual amenity by establishing special sign regulations within the Fulton Mall and Atlantic Avenue Subdistricts; and
- (h) to promote the most desirable use of land and building development for Downtown Brooklyn and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

(6/6/24)

101-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), 32-301 (Definitions), Section 101-702 (Definitions Specific to the Atlantic Avenue Subdistrict) or in this Section.

Development or to develop

For purposes of this Chapter, “development” includes a #development#, an #enlargement# or an #extension#.

To “develop” is to create a #development#.

(10/7/21)

101-02
General Provisions

The provisions of this Chapter shall apply within the #Special Downtown Brooklyn District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

Whenever a #zoning lot# is divided by the boundary of the #Special Downtown Brooklyn District#, the requirements set forth in this Chapter shall apply, and shall apply only to that portion of the #zoning lot# within the #Special Downtown Brooklyn District#.

(9/7/17)

101-021
Applicability of Inclusionary Housing Program

In #Mandatory Inclusionary Housing areas#, as specified in APPENDIX F of this Resolution, the provisions of Sections 23-154 (Inclusionary Housing) and 23-90 (INCLUSIONARY HOUSING), shall apply, except as superseded, supplemented or modified by the provisions of this Chapter.

(6/6/24)

**101-03
District Plan and Maps**

The regulations of this Chapter are designed to implement the #Special Downtown Brooklyn District# Plan.

The District Plan includes the following seven maps:

- Map 1 Special Downtown Brooklyn District and Subdistricts
- Map 2 Ground Floor Retail Frontage
- Map 3 Street Wall Continuity and Mandatory Sidewalk Widening
- Map 4 Curb Cut Restrictions
- Map 5 Height Limitation Areas
- Map 6 Subway Station Improvement Areas

The maps are located within Appendix E (Special Downtown Brooklyn District Maps) of this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

(6/28/04)

**101-04
Subdistricts**

In order to carry out the provisions of this Chapter, two subdistricts are established within the #Special Downtown Brooklyn District#. In each of these subdistricts, certain special regulations apply that do not apply within the remainder of the #Special Downtown Brooklyn District#. The subdistricts are outlined on Map 1 (Special Downtown Brooklyn District and Subdistricts) in

Appendix E of this Chapter. Special regulations set forth in Sections 101-60 through 101-632, inclusive, shall apply to the Fulton Mall Subdistrict. Special regulations set forth in Sections 101-70 through 101-75 and Appendices A, B, C and D, inclusive, shall apply to the Atlantic Avenue Subdistrict. The subdistricts are also subject to all other regulations of the #Special Downtown Brooklyn District# and the underlying districts except as otherwise specified in the subdistrict regulations.

(9/26/18)

101-05

Applicability of Special Permits by the Board of Standards and Appeals

Within the #Special Downtown Brooklyn District#, Section 73-68 (Height and Setback and Yard Modifications) shall not be applicable.

(6/28/04)

101-10

SPECIAL USE REGULATIONS

(6/6/24)

101-11

Special Ground Floor Use Regulations

Map 2 (Ground Floor Retail Frontage), in Appendix E of this Chapter, specifies locations where the special ground floor #use# regulations of this Section apply.

However, such underlying streetscape regulations shall be modified in the Fulton Mall Subdistrict, as follows: any establishment that fronts on the #street line# of Fulton Street for a distance greater than 15 feet shall provide an entrance on Fulton Street.

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 2 (Ground Floor Retail Frontage) in Appendix E of this Chapter shall be considered #Tier C street frontages#.

The provisions of paragraph (d) of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that eating or drinking establishments listed under Use Group VI shall be permitted on a #story# above #dwelling units#.

(6/6/24)

101-12
Sign Regulations

In the #Special Downtown Brooklyn District#, except as modified by the provisions of Section 101-131 (Permitted projection), the regulations of Section 32-60, et seq., pertaining to #signs#, shall apply. Further regulations for the Fulton Mall Subdistrict and the Atlantic Avenue Subdistrict are set forth in Section 101-60, inclusive, and Section 101-70, inclusive.

(6/6/24)

101-121
Permitted projection

The provisions of Section 32-652 (Permitted projection in all other Commercial Districts) shall not apply. In lieu thereof, the provisions of this Section shall apply.

No permitted #sign# shall project across a #street line# more than 12 inches, except as otherwise provided in this Section.

Banners for theaters may project across a #street line# for a maximum distance of four feet, provided such banners are separated at least 25 feet apart, and further provided that such banners are located between 12 feet and 40 feet above #curb level#.

For each establishment located on the ground floor, non-#illuminated# double-faced #signs# may project perpendicularly across a #street line# for a maximum distance of 40 inches, provided that no more than two such #signs#, separated at least 25 feet apart, are permitted along each #street# on which such establishment fronts, and further provided that any such #sign# shall not exceed a #surface area# of 24 by 36 inches, and shall not be located above the sill level of the second #story# windows.

(10/7/21)

101-20
SPECIAL BULK REGULATIONS

The bulk regulations of the underlying districts shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

Within #Mandatory Inclusionary Housing areas#, as shown on the map in APPENDIX F of this Resolution, the provisions of Sections 23-154 (Inclusionary Housing) and 23-90 (INCLUSIONARY HOUSING) shall apply.

In addition, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(10/21/21)

101-21 Special Floor Area and Lot Coverage Regulations

R7-1 C6-1 C6-4.5 C6-6 C6-9

(a) In R7-1 Districts

In R7-1 Districts, the #floor area ratio# and #open space ratio# provisions applicable to #residential buildings# and #residential# portions of #mixed buildings# pursuant to Section 23-151 (Basic regulations for R6 through R9 Districts) shall not apply. In lieu thereof, the maximum #floor area ratio# for #residential buildings# or #residential# portions of #mixed buildings# shall be 4.0. The maximum #lot coverage# for #residential buildings# or #residential# portions of #mixed buildings# shall be 65 percent for #interior lots#, except that for #affordable independent residences for seniors# the maximum #lot coverage# for #interior lots# shall be 70 percent. For all #residential buildings# or #residential# portions of #mixed buildings#, the maximum #lot coverage# for #corner lots# shall be 100 percent.

(b) In C6-1 Districts

In C6-1 Districts, the #floor area ratio# and #open space ratio# provisions applicable to #residential buildings# and #residential# portions of #mixed buildings# pursuant to Section 23-151 shall not apply. In lieu thereof, the maximum #floor area ratio# for #residential buildings# or #residential# portions of #mixed buildings# shall be 3.44. The maximum #lot coverage# for #residential buildings# or #residential# portions of #mixed buildings# shall be 65 percent for #interior lots#, except that for #affordable independent residences for seniors# the maximum #lot coverage# for #interior lots# shall be 70 percent. For all #residential buildings# or #residential# portions of #mixed buildings#, the maximum #lot coverage# for #corner lots# shall be 100 percent. For #Quality Housing buildings#, the underlying #floor area ratio# and #lot coverage# regulations shall apply.

(c) In C6-4.5 Districts

In C6-4.5 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 12.0. No #floor area# bonuses for #commercial# or #community facility uses# shall be permitted except in accordance with the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements), where applicable.

(d) In C6-6 Districts

In C6-6 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 15.0, and the maximum #residential# #floor area ratio# shall be 9.0. However, in #Mandatory Inclusionary Housing areas# mapped after October 21, 2021, the maximum #residential floor area ratio# shall be 12.0. No #floor area# bonuses shall be permitted, except in accordance with the provisions of Section 66-51, where applicable.

(e) In C6-9 Districts

In C6-9 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 18.0. In addition, #residential# #floor area ratio# may be increased only pursuant to the applicable provisions of Section 23-154 (Inclusionary Housing).

However, in the C6-9 District bounded by Flatbush Avenue, State Street, 3rd Avenue and Schermerhorn Street, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 12.0, and the maximum #residential# #floor area ratio# shall be 9.0. On a #zoning lot# with a minimum #lot area# of 50,000 square feet improved with public #schools# containing at least 100,000 square feet of floor space #developed# pursuant to an agreement with the New York City Educational Construction Fund, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 15.0, and the maximum #residential floor area# #ratio# shall be 12.0. Up to 46,050 square feet of floor space within such public #schools# shall be exempt from the definition of #floor area# for the purposes of calculating the permitted #floor area ratio# for #community facility uses# and the total maximum #floor area ratio# of the #zoning lot#. In addition, any #building# containing #residences# may be #developed# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. In such instances, the #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

No #floor area# bonuses shall be permitted except as authorized granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements).

(9/26/18)

101-22
Special Height and Setback Regulations

The height of all #buildings or other structures# shall be measured from the #base plane#. The provisions of Section 101-221 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Brooklyn District#.

In R7-1, C5-4, C6-1, C6-4 and C6-9 Districts, except C6-1A Districts, the underlying height and setback regulations shall not apply. In lieu thereof, all #buildings or other structures# shall comply with the provisions of Section 101-222 (Standard height and setback regulations) or, as an option where applicable, Section 101-223 (Tower regulations). #Buildings or other structures# within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas shall comply with the provisions of Section 101-30 (SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS). However, the underlying height and setback regulations shall apply to any #Quality Housing building#, except that Quality Housing height and setback regulations shall not be applicable within any R7-1 District mapped within a C2-4 District.

(12/6/23)

101-221
Permitted Obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Brooklyn District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(9/26/18)

101-222
Standard height and setback regulations

C2-4/R7-1 C6-1 C6-4.5 C6-6 C6-9

In the districts indicated, except C6-1A Districts, a #building or other structure# shall not exceed the applicable maximum #building# height set forth in the table in this Section. Furthermore, any portion of a #building or other structure# that exceeds the applicable maximum base height shall be set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#.

MAXIMUM BASE HEIGHTS AND MAXIMUM BUILDING HEIGHTS IN C2-4/R7-1, C6-1,
C6-4.5, C6-6 AND C6-9 DISTRICTS

District	Maximum Base Height		Maximum #building# Height	
	Beyond 100 feet of a #wide street#	Within 100 feet of a #wide street#	Beyond 100 feet of a #wide street#	Within 100 feet of a #wide street#
C2-4/R7-1	85	85	160	160
C6-1	125	150	185	210
C6-4.5 C6-6 C6-9	125	150	250	250

C5-4 C6-4

In the districts indicated, the maximum height of a #building or other structure# and the maximum number of #stories# shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for an R10 District. For #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of #stories# may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for an R10 District. Separate maximum #building# heights are set forth within such Sections for #Quality Housing buildings# with #qualifying ground floors# and for those with #non-qualifying ground floors#. Furthermore, any portion of a #building or other structure# that exceeds the applicable maximum base height shall be set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#.

(9/26/18)

**101-223
Tower regulations**

C5-4 C6-1 C6-4 C6-6 C6-9

In the districts indicated, except C6-1A Districts, the provisions of this Section shall apply as an alternative to the provisions of Section 101-222 (Standard height and setback regulations).

(a) Setback requirements for residential towers

For buildings that contain residential floor area above a height of 85 feet, a setback is required for all portions of such buildings that exceed a height of 85 feet. Such portions of buildings shall be set back at least 10 feet from a wide street line and at least 15 feet from a narrow street line.

(b) Setback requirements for commercial or community facility towers

For buildings that contain commercial or community facility floor area above a height of 85 feet, a setback is required for all portions of such buildings that exceed a height of 85 feet.

For zoning lots that do not exceed a lot area of 15,000 square feet, such portions of buildings shall be set back at least 10 feet from a wide street line and at least 15 feet from a narrow street line. For zoning lots that exceed an area of 15,000 square feet, such portions shall be set back at least 20 feet from any street line.

However, setbacks shall not be required for any portion of a building fronting upon the south side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, or upon that portion of the Flatbush Avenue Extension between Willoughby Street and DeKalb Avenue within 250 feet of Willoughby Street, or for any building fronting upon the north side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, provided that this exemption shall not be applicable to portions of buildings above 85 feet that contain residential floor area.

(c) Lot coverage requirements for towers

All buildings, or portions thereof, shall have a maximum lot coverage of 65 percent of the lot area of the zoning lot above a height of 150 feet, up to a height of 300 feet. Above a height of 300 feet, all buildings, or portions thereof, shall have a maximum lot coverage of 50 percent of the lot area of the zoning lot. However, any portion of a building containing residential floor area above a height of 150 feet shall have a maximum lot coverage of 40 percent of the lot area of the zoning lot or, for zoning lots less than 20,000 square feet, the percentage set forth in the table in this Section:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of Zoning Lot (in sq. ft.)	Maximum Percentage of Lot Coverage
10,500 or less	50
10,501 to 11,500	49

11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

(d) Maximum #building# height

In C6-1 Districts, the maximum height of a #building or other structure# shall be 495 feet. No height limit shall apply within a C5-4, C6-4, C6-6 or C6-9 District.

(6/6/24)

**101-30
SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS**

The provisions of this Section shall apply within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas, as shown on Map 5 in Appendix E of this Chapter.

(a) Flatbush Avenue Extension Height Limitation Area

Within the Flatbush Avenue Extension Height Limitation Area, no #building or other structure# shall exceed a height of 400 feet.

(b) Schermerhorn Street Height Limitation Area

Within the Schermerhorn Street Height Limitation Area, the provisions of this paragraph, (b), shall apply:

(1) #Public plaza# prohibition

No #public plazas# shall be permitted within Area B of Map 5.

(2) Height and setback regulations

The tower provisions of Section 101-223 shall not apply. The standard height and setback regulations of Section 101-222 shall apply within Area A of Map 5, and are modified to limit maximum #building# height to 140 feet within Area B, and to permit a maximum #building# height of 250 feet within Area C of Map 5. For #Quality Housing buildings#, the underlying height and setback regulations shall apply, except that the maximum height of a #building# shall be as specified on Map 6 or as specified pursuant to the Quality Housing Program, whichever is less.

(3) #Rear yard# modification

The provisions of Sections 23-532 (Required rear yard equivalents) or 23-533 (Required rear yard equivalents for Quality Housing buildings), as applicable, shall not apply to any #through lot#. In lieu thereof, an open area with a minimum depth of 60 feet, midway, or within 10 feet of being midway between the two #street lines# upon which such #through lot# fronts, shall be provided. Such #rear yard# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(6/28/04)

101-40
MANDATORY DISTRICT PLAN ELEMENTS

(6/6/24)

101-41
Special Street Wall Location Regulations

Map 3 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the special #street wall# location regulations of this Section apply. However, such regulations shall not apply along the #street# frontage of that portion of any #zoning lot# occupied by existing #buildings# to remain.

(a) Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, the #street wall# of any #building# shall be located on the #street line# and shall extend along the full length of the #street line# for that portion of the #building# within the Subdistrict, except that on #corner lots#, no #street

wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less. Such required #street walls# shall extend to a minimum height of 60 feet above #curb level# or the height of the #building#, whichever is less, and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Sections 101-222 (Standard height and setback regulations) or 101-223 (Tower regulations) shall apply.

(b) Atlantic Avenue Subdistrict

Within the Atlantic Avenue Subdistrict, the underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height of 16 feet above #curb level# and, in a C2-4 District mapped within an R6A District, a maximum height of 50 feet above #curb level# or, in a C2-4 District mapped within an R7A District, a maximum height of 60 feet above #curb level#.

(c) Willoughby Square

For #buildings# fronting upon Willoughby Square, at least 70 percent of the #street wall# of that portion of the #building# fronting upon Willoughby Square shall be located on the #street line# and extend to a minimum height of 80 feet and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Section 101-223 shall apply.

(d) All other areas

On all other #streets# shown on Map 3, at least 70 percent of the #aggregate width of street walls# of any #building# shall be located within eight feet of the #street line# and extend to at least a height of 40 feet in R7-1 Districts mapped within C2-4 Districts and at least a height of 60 feet in all other districts, or the height of the #building#, whichever is less, except that on #corner lots#, no #street wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less. However, such regulations shall not apply to any #building# fronting upon the north side of Willoughby Street between Gold Street and the Flatbush Avenue Extension.

(6/6/24)

101-42

Mandatory Sidewalk Widening

Map 3 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the sidewalk widening regulations of this Section apply. Such regulations shall apply to all #developments# and to those horizontal #enlargements# where the #enlarged# portion of the #building# contains a #floor area ratio# of 3.0 or more.

All #buildings# that front upon the southerly #street line# of Willoughby Street between Adams Street and the Flatbush Avenue Extension shall provide a five foot deep sidewalk widening along the full frontage of the #zoning lot# along Willoughby Street. Such sidewalk widening shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. For the purposes of applying the height and setback regulations of Section 101-22, inclusive, and the #street wall# location requirements of Section 101-41, the sidewalk widening line shall be considered to be the #street line#.

(6/6/24)

**101-43
Off-street Relocation or Renovation of a Subway Stair**

Where a #development# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. For the purposes of this Section, a #development# shall not include an #extension#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). The subway stations where such improvements are required are listed in the following table and shown on Map 6 (Subway Station Improvement Areas) in Appendix E of this Chapter.

Station	Line
Court Street-Borough Hall	Eastern Parkway/Montague Street Tunnel
DeKalb Avenue	4th Avenue/Brighton
Hoyt Street	Eastern Parkway
Hoyt-Schermerhorn Street	Crosstown/Fulton Street
Jay Street-MetroTech	Culver/Fulton Street
Lawrence Street	Montague Street Tunnel
Nevins Street	Eastern Parkway
Atlantic Avenue-Pacific Street	4th Avenue

(3/22/16)

101-50

OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The provisions of Article II, Chapter 5, and Article III, Chapter 6 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except that the #accessory# parking requirements of Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require #accessory# off-street parking spaces for at least 20 percent of the total number of new #dwelling units#. However, such modification shall not apply in R6B Districts.

(6/6/24)

101-51

Curb Cut Restrictions

Along the #streets# specified on Map 4 (Curb Cut Restrictions) in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a #street# specified on Map 4, for parking facilities and loading berths on a #zoning lot# that does not have access or egress on another #street#, provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will result in a good overall site plan.

(3/22/16)

101-52

Reservoir Spaces

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir space.

(a) Attended parking facilities

Attended #accessory# parking facilities, #public parking garages# or #public parking lots# with more than 25 parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

- (1) for parking facilities with more than 25 parking spaces and up to 50 parking spaces: five percent of the total number of parking spaces;
- (2) for parking facilities with more than 50 parking spaces and up to 100 parking spaces: 10 percent of the total number of parking spaces;
- (3) for parking facilities with more than 100 parking spaces and up to 200 parking spaces: 10 parking spaces; and
- (4) for parking facilities with more than 200 parking spaces: five percent of the total number of parking spaces. However, such number of reservoir spaces need not exceed 50.

(b) #Automated parking facilities#

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such #automated parking facility# warrant such a reduction.

(c) Self-parking facilities

For self-parking #accessory# parking facilities, #public parking garages# and #public parking lots#, where entering vehicles are required to stop at a mechanically operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

(3/22/16)

**101-53
Garages**

(3/22/16)

101-531

Public parking garages

#Public parking garages# with 225 or fewer spaces shall be permitted as-of-right, provided that such garages are, except for entrances and exits, entirely below the level of any #street# or #publicly accessible open area# upon which such facility, or portion thereof, fronts. In addition to a maximum number of 225 public parking spaces, such garages may include required #accessory# parking spaces, which may be provided at any level. Any #accessory# parking spaces that are not required shall be included with all other public parking spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such #public parking garage#.

(3/22/16)

101-532

Off-site accessory parking spaces in public garages

Section 36-57 (Accessory Off-street Parking Spaces in Public Garages) shall be modified to allow #accessory# off-street parking spaces in any #public parking garage# #developed# after December 10, 2012, provided such off-site spaces comply with the provisions of Section 101-55 (Location of Off-site Parking Spaces).

(3/22/16)

101-533

Pedestrian safety

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For all #accessory# parking garages and #public parking garages#, the following safety features shall be provided at all vehicular exit points:

- (a) a 'stop' sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and
- (b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:
 - (1) span the entire width of such exit lane;
 - (2) have a minimum of two inches in height, as measured from the adjoining grade of

the exit lane, and a maximum depth of 12 inches; and

- (3) be located a minimum of four feet beyond the #street line#, as measured perpendicular to the #street line#.

(6/6/24)

101-534 Special permit for public parking garages

Section 74-194 (Public parking garages or public parking lots in high density central areas) shall not apply to #public parking garages#. In lieu thereof, the City Planning Commission may permit:

- (a) a #public parking garage# that does not comply with the provisions of Section 101-531 (Public parking garages), provided that such garage complies with all other applicable regulations set forth in Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS); and
- (b) floor space on one or more #stories#, up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# as set forth in Section 12-10.

In order to grant a special permit for such #use# or #floor area# exemption, the Commission shall find that:

- (1) such #use# will be compatible with the surrounding area, and will not adversely affect the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- (2) the proposed materials and articulation of the #street wall# of the parking facility are compatible with #buildings# in the surrounding area;
- (3) the ground floor level of such parking facilities that front upon #streets# with a width of 60 feet or more, or that front upon public access areas, is occupied by #commercial#, #community facility# or #residential uses# that generate activity on all such adjoining #streets# or public areas, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from such adjoining #streets# or public access areas with a strip at least five feet deep, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen, at least six feet high, within three years. Where such screening is not desirable, a total of at least 50 percent of the exterior #building# wall with adjacent parking spaces shall consist of opaque materials that include graphic or sculptural art, or living plant material;

- (4) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential# #floor area#, so as to minimize the visibility of the parking facility from adjoining #streets# with a width of 60 feet or more, or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;
- (5) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby;
- (6) such #use# and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and through residential #streets# in nearby areas; and
- (7) if any floor space is exempted from the definition of #floor area#, such additional floor space is necessary to prevent excessive on-street parking demand and relieve traffic congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on #signs#, or requirements for shielding of floodlights, or locations of entrances and exits.

(3/22/16)

101-54

Restrictions on Use of Accessory Off-street Parking Spaces

The provisions of Section 36-46 (Restrictions on Use of Accessory Off-street Parking Spaces) shall apply, provided that all #Commercial Districts# within the #Special Downtown Brooklyn District# shall be considered a C6 District for the purposes of such Section, inclusive. However, the provisions of this Section shall not apply within the Atlantic Avenue Subdistrict.

(3/22/16)

101-55

Location of Off-site Parking Spaces

Sections 25-50 and 36-40 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply, except that where the #use# generating the parking requirement and the #zoning lot# providing the parking spaces are both within the #Special Downtown Brooklyn District#, Sections 25-521 and 36-421 (Maximum distance from zoning lot) shall be modified to permit #accessory# parking spaces to be located up to 2,500 feet

from the #zoning lot# occupied by the #residences# to which they are #accessory#.

(6/28/04)

101-60
FULTON MALL SUBDISTRICT

(6/28/04)

101-601
General purposes of the Fulton Mall Subdistrict

The general goals of the Fulton Mall Subdistrict include, among others, the following purposes:

- (a) to foster and promote the orderly expansion of retail development so that Downtown Brooklyn will enhance its position as a major regional shopping center, provide an increasing number of employment opportunities and encourage the development of a desirable shopping and working environment;
- (b) to complement public improvements in the area implemented either directly or indirectly by the City of New York by encouraging private investment in signs, facades and new development that will enhance the visual appearance and character of structures in the vicinity of Fulton Mall;
- (c) to create an attractive shopping environment in the vicinity of the Fulton Mall, the construction of which will implement a plan for improved pedestrian and vehicular circulation; and
- (d) to encourage a desirable urban design relationship between each building and the Fulton Mall.

(6/6/24)

101-602
General provisions for the Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, any change of #use# to another #use# listed in the same or another Use Group shall be subject to the special #use# regulations of Section 101-10 and the special #sign# regulations of Section 101-61, inclusive.

On application, the City Planning Commission may authorize minor modifications of the regulations of Sections 101-61, inclusive, and 101-62, inclusive, governing #signs# and facades within the Fulton Mall Subdistrict, upon the Commission's finding that the proposed modifications are in conformity with the principles of good design and are not inconsistent with the purposes of this Chapter.

(6/28/04)

101-61 Special Sign Regulations for the Fulton Mall Subdistrict

Any erection of a new #sign#, or alteration (including a change in graphic representation on an existing #sign#), reconstruction or replacement of an existing #sign#, shall be subject to the special #sign# regulations of this Section, inclusive.

(6/28/04)

101-611 Area of permitted signs

Except for projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection), all permitted #signs# in the Fulton Mall Subdistrict shall be subject to the applicable provisions of Section 32-64 (Surface Area and Illumination Provisions), Section 101-612 (Sign band) and this Section.

(2/2/11)

101-612 Sign band

- (a) #Sign# located within the #sign# band

A #commercial# establishment located on the ground floor of a #building# may have one #sign# located on each #street# frontage within a #sign# band as defined in this Section.

The #sign# band shall have a lower limit of 10 feet above #curb level# and an upper limit coincident with the bottom of the lowest window sill on the second floor of a #building#, but in no event more than 15 feet above #curb level#. A #sign# located within the #sign# band may be applied directly to the surface of a #building# or to a #sign# board affixed to the surface of a #building#. If a #sign# board is employed, such #sign# board shall be

entirely within the #sign# band, shall be mounted horizontally, shall have a uniform color over its entire surface excluding perimeter frame or trim and shall extend the full length of the #street wall# of the establishment to which it is #accessory#, except that such #sign# board may be interrupted by vertical architectural elements such as columns, pilasters or other integral architectural elements. Any background material shall be considered as a #sign# board, unless it extends the full length of the #street wall# of a #building# (or that portion of a #building# occupied by the establishment) and the full height of the #building# up to the topmost cornice. On #corner lots#, a #sign# or #sign# boards shall be the same vertical dimension and shall be mounted at the same height above the #curb level# on both #street# frontages.

If more than one #commercial# establishment is located on the ground floor of a #building#, the #signs# located within the #sign# band #accessory# to each such establishment shall consist of letters and symbols of approximately the same size for each establishment, either applied directly to the surface of the #building# or to a common #sign# board affixed to the surface of a #building#.

As of March 16, 1978, the owner or lessee of a #building# with more than one ground floor establishment shall be responsible (unless the #sign# is applied directly to the surface of the #building#) for specifying the requirements of a common #sign# board, which shall include, but are not limited to, vertical dimension, mounting height, background color, material, whether illuminated and method of illumination (if applicable) which shall be the same for each establishment and shall be adhered to by each establishment employing a #sign# board.

A #sign# #accessory# to #uses# on the upper floors of a #building# may be located within the #sign# band when it directs attention to a ground floor entrance of an establishment located on the upper floors of a #building#.

(b) #Signs# located below the #sign# band

#Signs# #accessory# to #commercial# establishments located on the ground floor of a #building# may be located between #curb level# and 10 feet above #curb level#. #Signs# in #show windows#, on doors, or on transoms above doors, shall not occupy more than 20 percent of the total area of such #show windows#, doors or transoms above doors in which they are displayed, and are limited to writing (including letter, word or numeral) not more than eight inches high. Such #sign# shall be applied directly to #show windows#, doors or transoms above doors, without background, or to a transparent panel hung behind the plane of the #show window# surface, door or transom above a door. Non-flashing #illuminated signs# (such as neon, etc.) shall be permitted providing that such #signs# are essentially transparent, i.e., without background or enclosure.

Incidental #signs#, identifying store name, address and hours of operation shall not exceed 10 square feet (including background) for an individual #sign# and shall not exceed, in aggregate (square feet), one-fifth the #street# frontage of the establishment but in no event more than 50 square feet for #interior# or #through lots# or 50 square feet on

each frontage for #corner lots#.

An establishment located above the ground floor of a #building# that has an entrance on the ground floor may have one #sign# directing attention to the entrance.

(c) #Signs# located above the #sign# band

#Signs# #accessory# to #commercial# establishments which occupy space above the ground floor of a #building# may be located between 20 feet and 40 feet above #curb level#. Such establishments may have #signs# in windows provided that such #sign# does not occupy more than 30 percent of the window to which it is applied, that the remainder of the window is transparent, and that all such #signs# for an establishment have similar size and style of writing, pictorial representation, emblem or any other figure of similar character. #Commercial# establishments which occupy space above the ground floor may have one #sign# located above the #sign# band which is applied directly to the surface of a #building# or to a #sign# board affixed to the surface of a #building#. If a #sign# board is employed, such #sign# board shall be mounted horizontally, shall have a uniform color over its entire surface, excluding perimeter frame and trim, and shall not be located between windows. The total #surface area# of all #signs# located above the #sign# band shall not exceed three times the #street# frontage of the #zoning lot# (in feet) but in no event more than 200 square feet on each frontage.

No #sign# or #sign# board shall extend above the parapet wall or shall obscure any cornice or window.

(6/28/04)

101-613
Special sign content regulations

Except as further defined by the regulations of the #Special Downtown Brooklyn District#, permitted #signs# are limited to the following message:

store name;

symbol or logo;

address;

date of establishment; and

description of product or service offered.

(6/28/04)

101-614
Sign illuminations

#Signs# may be illuminated by either:

- (a) internal illumination; or
- (b) an external source that shall be so arranged that it projects no more than 12 inches from the #sign# it illuminates, and so that no direct rays of light are projected into adjoining #buildings# or the #street#. No #flashing signs# are permitted nor are flashing or rotating light sources except #illuminated signs# that indicate the time, temperature, weather or other similar information, pursuant to the definition of #flashing sign# in Section 12-10.

(6/28/04)

101-615
Temporary signs

Temporary #signs# relating to sales or events of limited duration not to exceed 45 days may be displayed in a #show window# of a #building#. Such #signs# must be removed after the last day of the sale or event to which they pertain. Temporary #signs# shall not occupy more than 20 percent of the surface area of the window in which they are displayed.

(6/28/04)

101-616
Removal of existing signs with change of use

When a change of #use# or occupancy occurs within the Fulton Mall Subdistrict, all #signs# pertaining to the previous #use# or occupancy shall be removed within 45 days of the date such change takes place.

(6/28/04)

101-617
"For sale" or "for rent" signs

"For sale" or "for rent" #signs#, with an area not exceeding 12 square feet, are permitted.

(6/28/04)

101-618

Termination of certain non-conforming signs

In the Fulton Mall Subdistrict, Section 52-80 (REGULATIONS APPLYING TO NON-CONFORMING SIGNS) shall not apply. In lieu thereof, certain #non-conforming# #signs# may be continued until June 30, 1980, providing that after that date such #non-conforming# #signs# shall terminate and shall be removed in their entirety, including any supporting structure, frame or device. Such #signs# shall include:

#advertising signs#;

#flashing signs#;

#signs# located more than 40 feet above #curb level#;

roof #signs#;

#signs# extending above a parapet;

#signs# obscuring cornices and windows;

double or multi-faced #signs#; and

#signs# that project across a #street line# more than 12 inches.

Any #sign#, as of January 1, 1978, that forms an integral part of the surface of a #building or other structure# (such as a #sign# carved in stone, cast in metal or molded in terra cotta on a #building# whose facade is of such material) shall not be subject to the provisions of this Section.

(6/28/04)

101-62

Special Bulk Regulations

(6/28/04)

101-621

Special regulations concerning building facades

Any alteration to, or reconstruction of, the facade of an existing #building# shall be subject to the regulations of this Section, inclusive, but only to the extent of such work.

(6/28/04)

101-622

Special provisions for building facades above the ground floor

Any alteration, #incidental alteration# or minor work done to the #street wall# of any #building# or portion of any #building# shall be accomplished in such matter that:

- (a) such #street wall# is treated with consistent materials, color and texture from the top of any ground floor windows or #sign# board to the top or the parapet, or to the bottom of a cornice if a cornice exists (access doors or panels, grilles or similar features shall be as inconspicuous as possible); and
- (b) where such #street wall# treatment covers any window opening, it shall completely cover all window openings in the #street wall#, or
- (c) where window openings remain uncovered, all windows shall be treated in a similar manner or, if sealed, all windows shall be covered by a panel set at least two inches behind the plane of the wall. Except where the material used to seal window openings is the same as the wall of the #building#, the window panel shall have a single color over its entire surface. All such window panels shall have the same color.

(12/10/12)

101-63

Modification of Accessory Off-street Parking and Loading Requirements

The parking regulations of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS) shall apply, except as set forth in this Section, inclusive.

(6/28/04)

101-631

Restricted access and prohibition on curb cuts

In no case shall vehicular access and egress for #accessory# off-street parking, public parking facilities, permitted or required #accessory# off-street loading berths or the service entrance to a #building#, be located within 50 feet of Fulton Street or DeKalb Avenue within the Fulton Mall Subdistrict. No curb cuts are permitted within the Fulton Mall Subdistrict within 50 feet of Fulton Street or DeKalb Avenue.

(6/28/04)

101-632

Waiver of off-street parking and loading requirements

The Commissioner of Buildings may waive any requirement in this Chapter that #accessory# off-street parking or loading berths be provided where the Commissioner finds that the required parking or loading cannot be provided consistent with Section 101-631 (Restricted access and prohibition on curb cuts).

(6/28/04)

101-70

ATLANTIC AVENUE SUBDISTRICT

(6/28/04)

101-701

General purposes

The general goals of the Atlantic Avenue Subdistrict include, among others, the following purposes:

- (a) to protect the existing scale and form of development on Atlantic Avenue, characterized by three- and four-story attached buildings with shops, built in the 19th century;
- (b) to preserve and enhance street life by maintaining a mix of residential and commercial uses, encouraging a variety of retail and service uses while limiting automotive service uses; and
- (c) to protect desirable architectural features of certain buildings by establishing design guidelines for renovation or alteration.

(6/28/04)

101-702

Definitions specific to the Atlantic Avenue Subdistrict

For purposes of Sections 101-70 through 101-75, inclusive, concerning the Atlantic Avenue Subdistrict, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-01 or in this Section.

Specified building type

Any #building# within the Atlantic Avenue Subdistrict erected prior to 1900, that has:

- (a) a front wall for the full width of the #zoning lot# for a height of from two to five #stories#;
- (b) a front wall of brick or stone, erected coincident with, or within five feet of, the #street line#, with windows at each #story# and a cornice at the parapet level; and
- (c) a storefront at the #basement# or ground floor.

A list of the #buildings# within the Atlantic Avenue Subdistrict that conform to the definition of #specified building type# appears in Appendix A of this Chapter.

Specified storefront type

Any storefront which is part of a #building# of the #specified building type# that has:

- (a) #show windows# projecting beyond the front wall of the #building#, occupying a total area of at least 35 square feet and a sill height of not more than three feet and a total height of not less than eight feet, measured from #curb level#; and
- (b) a projecting cornice above the storefront for its full width.

A list of #buildings# within the Atlantic Avenue Subdistrict having storefronts that conform to the definition of #specified storefront type# appears in Appendix B of this Chapter.

(6/28/04)

101-71

Sign Regulations

In order to enhance the visual quality of the Atlantic Avenue Subdistrict, the following additional regulations shall apply to all #signs# within the Subdistrict.

(6/28/04)

101-711

Total surface area of signs

The total #surface area# and number of all permitted #signs#, including non-#illuminated# and #illuminated signs#, shall not exceed the limitations set forth for non-#illuminated signs# in Section 101-712 (Area of non-illuminated signs).

(2/2/11)

101-712

Area of non-illuminated signs

The total #surface area# (in square feet) of non-#illuminated signs# on a #zoning lot# shall not exceed three times the #street# frontage of the #zoning lot# (in feet), and in no event shall exceed 150 square feet for #interior# or #through lots# or 150 square feet on each frontage for #corner lots#. Each #commercial# establishment shall be permitted not more than one #sign#. The vertical dimension of any #sign# shall not exceed three feet. The provisions of this Section shall not apply to projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection).

(6/28/04)

101-713

Area of illuminated signs

The total #surface area# (in square feet) of #illuminated signs# on a #zoning lot# shall not exceed two times the #street# frontage of the #zoning lot# (in feet), and in no event shall exceed 50 square feet for #interior# or #through lots# or 50 square feet on each frontage for #corner lots#. The vertical dimension on any #illuminated sign# shall not exceed 2 feet, 6 inches, nor shall #illuminated signs# project more than 10 inches from the surface to which they are affixed.

(6/28/04)

101-714

Permanent window graphics

Permanent window graphics may not occupy more than 20 percent of the total area of the window in which they are displayed. If such a permanent window graphic has letters more than three inches high, it shall count as a #sign#.

(6/28/04)

101-715

Location of signs

If more than one #commercial# establishment is located on the same floor of a #building#, the #signs# #accessory# to all such establishments, except for projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection), shall be of equal height and mounted or painted on a common #sign# board. All #signs# or common #sign# boards shall be located as follows:

- (a) if #accessory# to #uses# on the ground floor of a #building#, the #sign# or common #sign# board shall be located within a band extending the full length of the #street wall#, which band shall have a lower limit of eight feet above the ground floor and an upper limit coincident with the bottom of the lowest window sill on the second floor, but in no event more than 16 feet above #curb level#;
- (b) if #accessory# to #uses# on the upper floor of a #building#, the #sign# or common #sign# board shall be located between the highest window lintel of the floor on which the #use# is located and the lowest window sill of the floor above, but in no case more than 25 feet above #curb level#;
- (c) no #sign# may be located so as to obscure any cornice, except that a non-#illuminated sign# may be attached to a cornice if such #sign# consists of individual letters, emblems or figures mounted on open metal mesh attached to the cornice and finished to match the cornice, provided that the cornice remains visible; and
- (d) no #sign# or common #sign# board shall extend above the parapet wall or roof of the #building# on which it is displayed.

(6/28/04)

101-716

Sign materials and colors

#Signs# may be fabricated of any opaque material that does not have a glossy or reflective surface, except that glossy translucent material may be used:

- (a) in areas where the intent is to imitate or replace glass, as in transoms; or
- (b) for individual letters in internally lit #illuminated signs#.

Background colors for #signs# or common #sign# boards shall be limited to black, navy blue, dark green, maroon or bronze.

(6/28/04)

101-72
Modification of Bulk Regulations

(2/2/11)

101-721
Height and setback

The underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height above #curb level# of 16 feet and, in a C2-4 District mapped within an R6A District, a maximum height above #curb level# of 50 feet or, in a C2-4 District mapped within an R7A District, a maximum height above #curb level# of 60 feet.

(6/28/04)

101-73
Special Provisions

(2/2/11)

101-731
Special provisions for certain existing buildings

Any alteration, #incidental alteration# or minor work (including any change in, addition to, or removal from, the parts or materials of a #building#, including finishes) done to the front wall of

any #building# of the #specified building type# shall comply with the following standards:

- (a) Alteration or reconstruction of storefronts shall comply with the provisions of Section 101-734.
- (b) Front walls which are replaced shall be erected to the same height and at the same location as the original walls. Replacement or repair of front walls shall be done with the same material as the original walls, except that stone may be replaced by another material finished in such a manner as to match the appearance of the original walls. Finishes and colors of front walls shall be of an approved type, as indicated in Appendix C of this Chapter.
- (c) Front walls which are replaced shall have windows at each floor, the area of which shall comply with the provisions of Section 101-733 (Special provisions for development and enlargement). Such windows shall have stone or precast lintels and sills having a minimum height of six inches and extending at least four inches beyond the window opening on either side. Existing window openings above the ground floor may not be reduced in size but may be completely sealed if the window area provisions of Section 101-733 are met. Such openings shall be completely sealed with masonry recessed at least two inches behind the wall and finished to match the wall. New windows shall be double-hung, fixed or casement sash finished in an approved manner, as indicated in Appendix D of this Chapter.
- (d) No existing cornice shall be removed unless required by the Department of Buildings. A cornice that must be removed shall be replaced by a new cornice having the same height, length and projection beyond the surface of the wall and finished in an approved color, as indicated in Appendix D of this Chapter.

(2/2/11)

101-732

Special provisions for other existing buildings

Any alteration, #incidental alteration# or minor work done to the front wall of any #building# not of the #specified building type#, shall comply with the following standards:

- (a) alteration or replacement of storefronts shall comply with the provisions of Section 101-734; and
- (b) alteration or replacement of front walls shall comply with the provisions of Sections 101-721 (Height and setback) and 101-733 (Special provisions for development and enlargement).

(2/2/11)

101-733

Special provisions for development and enlargement

The front wall of any #development# or #enlargement#, or the front wall of any #building# where the height or width of a #street wall# is proposed to be increased, shall be built to comply with the following standards:

- (a) The front wall shall extend along the full length of the Atlantic Avenue #street line#. It may be interrupted at the ground level by entrances or exits for off-street parking or loading spaces permitted pursuant to Section 101-744 (Special permit for public parking garages or public parking lots).

Front wall recesses are permitted for architectural purposes provided that the aggregate length at the level of any #story# does not exceed 25 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed three feet. No recesses are permitted within 20 feet of the intersections of two #street lines# forming an angle of 100 degrees or less.

- (b) Windows shall occupy at least 35 percent of the wall area at the level of any #story# above the ground floor. (For the purposes of calculation, the wall height at any #story# shall be measured between the floor and ceiling of that #story#.)
- (c) Window and door framing trim shall be finished in an approved color as indicated in Appendix D of this Chapter.

(6/6/24)

101-734

Special provisions for storefronts

No storefront of the #specified storefront type# shall be demolished unless its demolition is required by the Department of Buildings. Reconstruction or repair of storefronts of the #specified storefront type# shall be done in such a manner as to retain or restore the original design and materials, except that plate glass may be replaced by transparent plastic. Such storefronts shall be finished in an approved manner, as indicated in Appendix D of this Chapter.

New storefronts installed in any existing or new #building# shall comply with the #ground floor level# streetscape provisions of Section 101-11 (Special Ground Floor Use Regulations) and the following standards:

- (a) A storefront installed in a #building# of the #specified building type# shall occupy at

least the same area of the front wall as the original storefront. A storefront installed in any other #building# shall occupy the entire frontage of the front wall devoted to #commercial uses#.

- (b) Storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the #show windows#.
- (c) In the case of existing #buildings#, no existing cornice above a storefront shall be demolished unless required by the Department of Buildings. A cornice which is removed shall be replaced by a cornice having the same length, height and projection beyond the surface of the front wall. In any #building# of the #specified building type# where the original cornice above the storefront has been previously removed, any new storefront shall incorporate a cornice or fascia extending the full length of the store front and having a minimum height of two feet.
- (d) All framing elements, trim elements, doors, etc., of the storefront shall be finished in an approved manner, as indicated in Appendix D.
- (e) Any awning or canopy attached to a #building# with a storefront which incorporates a cornice shall be attached in such manner as not to obscure or cover the cornice.

(12/10/12)

101-74

Modification of Accessory Off-street Parking and Loading Requirements

The provisions of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, shall not apply within the Atlantic Avenue Subdistrict.

(2/2/11)

101-741

Accessory off-street parking

No #accessory# off-street parking facilities are required for any #residential# or #commercial# #development#, or portion thereof, within the Atlantic Avenue Subdistrict. In no case shall the number of permitted #accessory# off-street parking spaces for #residential use# exceed 40 percent of the number of #dwelling units#. All #accessory# parking spaces shall be designed and operated exclusively for the long term storage of private passenger motor vehicles used by the occupants of such #residences#.

In no case shall curb cuts for vehicular access be located on Atlantic Avenue or on a #street#

within 50 feet of its intersection with the #street line# of Atlantic Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Atlantic Avenue Subdistrict.

The parking requirements set forth in Sections 25-31 or 36-21 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

(6/28/04)

101-742
Screening

Any permitted #accessory# off-street parking area, regardless of size or location, shall be screened from all adjoining #zoning lots# and #streets# by screening that complies with the provisions of Section 36-56 (Screening) and which, in the case of a wall or barrier or uniformly painted fence, is finished in an approved color as indicated in Appendix D of this Chapter.

(2/2/11)

101-743
Accessory off-street loading

Curb cuts for vehicular access to #accessory# off-street loading berths shall not be located on Atlantic Avenue or on a #street# within 50 feet of its intersection with the #street line# of Atlantic Avenue. However, the City Planning Commission may, by authorization, permit a curb cut on Atlantic Avenue, provided that:

- (a) such curb cut is a relocation of an existing curb cut on the #zoning lot#; and
- (b) such curb cut will not unduly inhibit surface traffic and pedestrian flow along Atlantic Avenue.

The loading berth requirements of Section 25-72 or 36-62 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required loading berths with access to a #street# in conformity with the provisions of this Section.

All #accessory# off-street loading berths shall be enclosed within a #building#.

(2/2/11)

101-744

Special permit for public parking garages or public parking lots

The City Planning Commission may grant a special permit for #public parking garages# or #public parking lots# with a capacity of not more than 100 spaces, provided that the regulations set forth in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening), are met and that no roof parking is permitted. The Commission may permit floor space on one or more #stories#, and up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# set forth in Section 12-10 (DEFINITIONS). As a condition of permitting such #use#, the Commission shall make the following findings:

- (a) such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) such #use# has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 automobiles or 20 percent of the spaces so provided, whichever amount is less; and
- (c) where any floor space is exempted from the definition of #floor area#, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion.

(2/2/11)

101-75

Special Provisions for Demolition of Buildings

Except in the case of #buildings# that are unsafe and the demolition of which is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code, no demolition permit shall be issued by the Department of Buildings for any #development# within the Subdistrict until:

- (a) the owner of the property has obtained a building application approval for the new #development# or #enlargement#; and
- (b) the owner shall have presented evidence of having a commitment from a domestic bank, insurance company or real estate investment company, for construction financing, which shall be in the form of a letter trust.

(6/17/13)

**101-80
SPECIAL PERMITS**

(6/6/24)

**101-81
Special Permit for Use and Bulk Modifications for Cultural Use in Certain C6-2 Districts**

In order to support a concentration of cultural #uses# and public open spaces in the C6-2 District bounded by Flatbush Avenue, Hanson Place, St. Felix Street and Lafayette Avenue, for #buildings# intended to be occupied in whole or in part by cultural #uses#, the City Planning Commission may permit the maximum #community facility# #floor area ratio# to be increased from 6.5 to 7.0, may permit modifications of the special #street wall# location regulations of Section 101-41, and the height and setback regulations of Section 23-641 as applied to the #residential# portion of a #building#, and modifications of applicable #sign# regulations in accordance with this Section.

For the purposes of this Section, “cultural use” shall be defined as the following #uses#:

From Use Group III

Libraries

Museums

From Use Group VIII

Art galleries

Art, music, dancing or theatrical studios

Theaters

Historical exhibits.

Floor space occupied by such cultural #use# shall qualify as #community facility# #floor area#.

In order to grant such special permit, the conditions of paragraph (a) and the findings of paragraph (b) of this Section shall be met. In addition, special regulations pertaining to the certificate of occupancy of such #building# shall apply as set forth in paragraph (c).

(a) Conditions

- (1) A letter from the Office of the Mayor shall be submitted certifying that:
 - (i) a preliminary agreement has been executed providing for a cultural facility consisting of at least 40,000 square feet of interior gross square feet in the #building# to be transferred for cultural #uses# and for the construction of the core and shell of such cultural facility by the applicant; and
 - (ii) floor plans have been provided to the Office of the Mayor which demonstrate that the cultural facility is well-suited for cultural #uses#; and
- (2) A legal commitment in the form of a declaration of restrictions shall be executed and delivered to the City for recording upon the approval of the permit, restricting use of the #floor area# to be occupied by cultural #uses# to cultural #use# for the life of the related #development#, provided that in the event the majority of the #zoning lot# containing such #floor area# is in the ownership of a not-for-profit corporation under contract with the City to provide economic development services at the time of the grant of such permit, execution and recordation of such declaration of restrictions shall be made at the time of the transfer of ownership of the majority of such #zoning lot# for purposes of facilitating the related #development#.

(b) In order to grant such permit, the Commission shall find that:

- (1) the #building#, including such cultural #uses#, is designed and arranged on the #zoning lot# in a manner that results in ample visibility of and access to the cultural #uses# from surrounding #streets#;
- (2) any #street wall# modifications will facilitate access to #open space# on the lot and result in a #development# that activates the pedestrian environment;
- (3) any #bulk# modifications will result in a better distribution of #bulk# on the #zoning lot# by providing for increased light and air to #open space# on the #zoning lot#;
- (4) the appearance of #bulk# is minimized through an enhanced articulation of the base and tower elements of the #building#, an enhanced relationship between the #building# and the #open space# on the #zoning lot#, and an enhanced amount and arrangement of the fenestration of the #building#; and
- (5) any modifications to #sign# regulations will result in greater visibility for the cultural #uses# provided on the #zoning lot#.

The Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #development# and to minimize adverse effects on the

character of the surrounding area.

(c) Certificate of occupancy

The Commissioner of Buildings shall not issue a temporary or permanent certificate of occupancy for more than an amount of #floor area# in the #building# equal to the #floor area# to be occupied by non-cultural #uses# minus 40,000 square feet of #floor area# unless the Department of Buildings has received a letter from the Office of the Mayor certifying that a deed transferring ownership of a majority of the #zoning lot# has been recorded and that such deed or other recorded document provides for:

- (1) the construction by transferee of the core and shell of the cultural facility described in paragraph (a)(1)(i) of this Section;
- (2) the creation of a condominium unit for such cultural facility and the transfer of ownership thereof to the City; and
- (3) a right of the transferor to re-enter and re-acquire the #zoning lot# should the applicant fail to complete the construction of the core and shell of the cultural facility.

Should the certification by the Office of the Mayor not be issued within 30 days of the recording of the deed or other document with the stated provisions, a copy of such deed or document may be provided to the Department of Buildings in satisfaction of such certification.

(6/6/24)

101-82

Modification of Bulk Regulations for Certain Buildings on Irregular Sites

In C6-9 Districts within the #Special Downtown Brooklyn District#, mapped after March 13, 2019, and in C6-4 and C6-6 Districts within the #Special Downtown Brooklyn District#, mapped after October 21, 2021, for #developments# or #enlargements# on irregular sites, the City Planning Commission may modify underlying #bulk# regulations, other than #floor area ratio#, provided that no #uses# listed under Use Group V shall be permitted in any portion of the #building# receiving such modifications, and:

- (a) there are physical conditions, including irregularity, narrowness or shallowness of lot shape or size that create practical difficulties in complying with the #bulk# regulations and would adversely affect the #building# configuration or site plan;
- (b) the practical difficulties of developing on the #zoning lot# have not been created by the owner or by a predecessor in title;

- (c) the proposed modifications are limited to the minimum needed to relieve such difficulties;
- (d) the proposed modifications will not unduly obstruct access of light and air to adjoining properties or #streets#; and
- (e) the proposed scale and placement of the #development# or #enlargement# relates harmoniously with the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area and to improve the quality of the site configuration.

(6/28/04)

Appendix A

Atlantic Avenue Subdistrict: Buildings Conforming to the Specified Building Type

The following is a list of addresses of #buildings# within the Atlantic Avenue Subdistrict of the #Special Downtown Brooklyn District# that conform to the definition of #specified building type# contained in Section 101-702.

Block 176

Atlantic Avenue (NS): 305, 311, 313, 315, 317, 321, 323, 325, 327, 329

Block 177

Atlantic Avenue (NS): 347, 349, 351, 355, 365-7, 369, 371, 373, 375, 377, 377A, 385, 387, 389, 395

Hoyt Street (ES): 75, 77

Block 178

Atlantic Avenue (NS): 405, 407, 409

Block 179

Atlantic Avenue (NS): 455, 457, 477, 479, 481, 483, 485, 487, 491, 495, 497, 499, 501

Third Avenue (ES): 31-31A

Block 180

Atlantic Avenue (NS): 565, 567, 569, 571, 573

Times Plaza: 2, 6, 8, 10, 12

Flatbush Avenue: 112, 114, 116, 118, 122

Block 181

Atlantic Avenue (SS): 214, 220, 228, 232, 234

Block 182

Atlantic Avenue (SS): 294, 296, 298, 300, 302, 304-6, 308, 320, 322, 324, 326, 334, 336, 338, 340

Block 183

Atlantic Avenue (SS): 348, 352, 356, 358, 360, 362, 364-64A, 370, 372, 374, 376, 378, 380, 394, 396, 398, 400, 402

Block 184

Atlantic Avenue (SS): 404, 406, 408, 410, 412, 414, 416, 418, 420, 426, 442, 444, 446, 448, 450

Block 185

Atlantic Avenue (SS): 490, 492, 514

Block 186

Atlantic Avenue (SS): 558, 560

Block 278

Atlantic Avenue (SS): 278, 290
Court Street (ES): 141, 143, 145

(SS) - south side

(NS) - north side

(ES) - east side

(6/28/04)

Appendix B

Atlantic Avenue Subdistrict: Storefronts Conforming to the Specified Storefront Type

The following list of addresses of #buildings# within the Atlantic Avenue Subdistrict of the #Special Downtown Brooklyn District# that contain storefronts conforming to the definition of #specified storefront type# contained in Section 101-702.

Block 177

Atlantic Avenue (NS): 371, 375, 377, 377A
Hoyt Street (ES): 75, 77

Block 178

Atlantic Avenue (NS): 405, 407, 409

Block 179

Atlantic Avenue (NS): 483, 501, (easterly of 2 storefronts)

Block 181
Atlantic Avenue (SS): 232

Block 182
Atlantic Avenue (SS): 302 (westerly of 2 storefronts), 322, 340

Block 183
Atlantic Avenue (SS): 358, 360, 362, 364-364A, 370, 372, 394, 396, 398, 402

Block 189
Atlantic Avenue (SS): 404, 406, 408, 410, 412, 416, 420, 426

Block 185
Atlantic Avenue (SS): 492

Block 278
Atlantic Avenue (SS): 278

(SS) - south side
(NS) - north side
(ES) - east side

(2/2/11)

Appendix C

Atlantic Avenue Subdistrict: Permitted Wall Finishes for Street Walls

Brick: New brick shall be red or dark brown, unglazed, with normal variation in color permitted. Existing brick shall either be cleaned and left unfinished or painted one of the colors listed below.

Stucco: Stucco shall have a smooth troweled finish and shall be painted one of the colors listed below.

Stone: Stone shall be left natural or painted one of the colors listed below.

Paint Colors: Paints shall be limited to the colors listed.

White Limestone

Red Brick

Green

Blue

Light Yellow

Dark Yellow

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 2
Special Scenic View District**

(10/24/74)

**102-00
GENERAL PURPOSES**

The “Special Scenic View District” (hereinafter also referred to as the “Special District”), established in this Resolution, is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and prevent obstruction of outstanding scenic views as seen from a mapped public park or an esplanade or a mapped public place directly accessible to the public; and
- (b) to promote the most desirable use of land and direction of building development, to assure the maintenance and enhancement of the aesthetic aspects of scenic views, to conserve the value of land and buildings and to protect the City’s tax revenues.

(2/2/11)

**102-01
Definitions**

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

Scenic view

A “scenic view” is an outstanding or unique view from a mapped #public park# or an esplanade or a mapped public place which is protected by the regulations of this Chapter. #Scenic views# shall be limited to:

- (a) distant landscapes of scenic grandeur which contain natural features such as hills,

palisades or similar features;

- (b) outstanding views of large bodies of water such as rivers, streams, lakes, harbors, waterfalls or similar aquatic features; or
- (c) panoramic views of the waterfront profile of the skyline formed by built and natural elements.

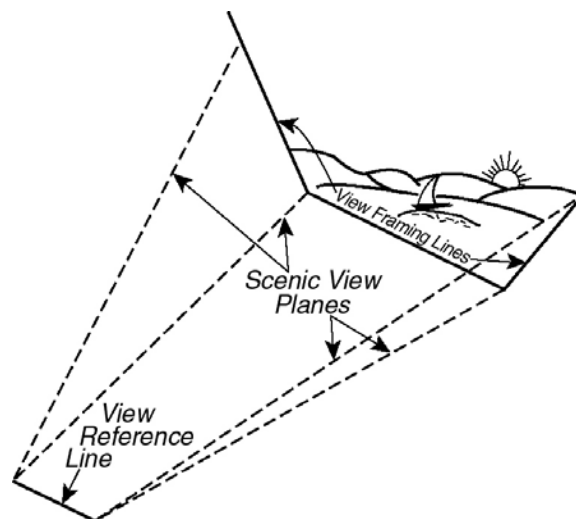

The minimum horizontal distance between the #scenic view# and a #view reference line# shall be at least 1,500 feet and shall not contain distractions which reduce the quality of such view. The specific view to be preserved under the regulation of this #Special Scenic View District# shall be described and made part of this Chapter.

View framing line

The “view framing line” is a line or lines which establish the outer edge of the #scenic view# to be protected. For each #scenic view#, the #view framing line# or #lines# and their elevation are to be located and identified and made part of this Chapter.

View plane

A “view plane” is an imaginary plane above which no obstruction shall be permitted within a #Special Scenic View District# unless authorized by the City Planning Commission. Position of the #view plane# may be conical surfaces. Such #view plane# or #planes# are established by joining the #view reference line# with the #view framing lines# as illustrated below:

#View planes# and their elevation, length and slopes applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

View reference line

The “view reference line” is a line within a mapped #public park# or an esplanade or a mapped public place from which at any point an outstanding #scenic view# may be observed. A #view reference line# and its elevation applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

The mapped #public park# or an esplanade or a mapped public place in which such #view reference line# is located shall be directly accessible from a #street#.

(2/2/11)

102-02 General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Scenic View District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as so modified, all the applicable regulations of the underlying districts shall be in effect.

#Special Scenic View Districts# may be mapped only in areas where the control of the height of a #building or other structure#, including #signs#, is necessary to preserve outstanding #scenic views# from a mapped #public park# or an esplanade or a mapped public place.

(2/2/11)

102-021 Requirement for application

An application to the City Planning Commission for a special permit pursuant to Section 102-30, shall include maps, plans or other documents showing topography, elevations, and site plans showing arrangement and spacing of #buildings or other structures#, and other information necessary to determine the impact of the proposal on the #scenic view# to be protected.

(2/2/11)

102-023

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny a special permit application whenever the proposal will interfere with a public improvement project (including highways, public #buildings# and facilities), redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the Board of Estimate, the City Planning Commission, or the Site Selection Board as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

(2/2/11)

102-10

HEIGHT REGULATIONS FOR BUILDINGS, SIGNS OR STRUCTURES

Notwithstanding any other provisions of this Resolution, no portion of any #building or other structure# hereafter constructed, or of any #sign# hereafter erected, or of any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed, shall penetrate a #view plane# unless authorized by the City Planning Commission, pursuant to Section 102-30 (SPECIAL PERMIT PROVISIONS).

(10/24/74)

102-11

Damage, Destruction or Demolition

If an existing #building or other structure# which penetrates the #view plane# of a #Special Scenic View District# is damaged, destroyed or demolished by any means, such #building or other structure# may be reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance#.

(10/24/74)

102-20

MANDATORY LANDSCAPING PLAN

The requirements of this Section shall apply to #zoning lots#, any portion of whose finished ground elevation is within 30 feet of the elevation of the #view plane# located above the

#zoning lot#. At the time of filing with the Department of Buildings, for any application for an excavation permit or a building permit for a #development# or #enlargement# or site improvement on such #zoning lots# within a #Special Scenic View District#, a landscaping plan shall be submitted to the City Planning Commission indicating that future landscaping on the site will not impair #scenic views# from the #view reference line#. Such plan shall indicate existing topography, trees, shrubs, #buildings or other structures# and proposed landscaping. All future landscaping on the site shall be in accordance with the approved landscaping plan on file with the Commission. The Commission shall submit a copy of the approved landscaping plan to the Department of Buildings or other appropriate city agency having jurisdiction.

(2/2/11)

102-30 SPECIAL PERMIT PROVISIONS

On all #zoning lots# located entirely or partially within a #Special Scenic View District#, the City Planning Commission, by special permit, may allow penetration by a #sign# or #building or other structure# of a #view plane# and grant minor modifications of #open space#, #lot coverage#, #yards# and height and setback regulations of the underlying district. As a condition for such modifications, the Commission shall find:

- (a) that any penetration of a #view plane# shall not significantly obstruct the #scenic view# which is to be protected by the provisions of this Chapter;
- (b) that any penetration of a #view plane# will cause the minimal obstruction consistent with reasonable development and #bulk# distribution on the #zoning lot#; and
- (c) that any #bulk# modifications on a #zoning lot# will not affect adversely any other #zoning lots# outside the development, by restricting access of light and air.

In reaching a determination for such modifications, the Commission shall be guided by the description of the #scenic view# to be made part of this Chapter at the time of the designation of a #Special Scenic View District#.

The Commission may prescribe appropriate conditions and safeguards to protect the #scenic view# and to minimize the adverse effects on the character of the surrounding areas.

(10/24/74)

102-40 SPECIAL DISTRICT DESIGNATION ON PUBLIC PARKS

When a #Special Scenic View District# is designated on a #public park# or portion thereof, any future landscaping, erection of new #signs# or #buildings or other structures#, thereon, shall not penetrate a #view plane# unless authorized by the City Planning Commission. As a condition for such authorization, the Commission shall find that any penetration of a #view plane# shall not significantly obstruct the #scenic view# which is to be protected by the provisions of this Chapter.

(10/24/74)

102-50
SPECIAL PROVISIONS FOR CITY-OWNED LANDS

For any #development# or site improvement on a city-owned #zoning lot# located within a #Special Scenic View District#, the provisions of this Chapter shall apply except that modifications permitted under Section 102-30 (SPECIAL PERMIT PROVISIONS) may be approved by authorization of the City Planning Commission.

(10/24/74)

102-60
SPECIAL SCENIC VIEW DISTRICTS SPECIFIED

(10/24/74)

102-61
SV-1 Brooklyn Heights Scenic View District

The SV-1 “Brooklyn Heights Scenic View District” is hereby established. The regulations of Sections 102-00 to 102-50, inclusive, as well as the regulations of this Section, inclusive, shall be applicable in this Special District.

(10/24/74)

102-611
District boundary description

The boundaries of the SV-1 District as shown on the #zoning maps# shall be interpreted in accordance with the following description.

The SV-1 District is bounded by:

- (a) the #view reference line# located along the westerly face of the Brooklyn Heights Promenade;
- (b) the northwesterly edge of the #view plane# which forms an angle of 160 degrees measured in a horizontal plane with respect to the #view reference line# at point A;
- (c) the southwesterly edge of the #view plane# which forms an angle of 145 degrees, measured in a horizontal plane, with respect to the #view reference line# at point A1; and
- (d) the pierhead line which is located between the intersection of the northwesterly and southwesterly #view framing lines# and the pierhead line.

(10/24/74)

102-612

View reference line

The #view reference line# of the SV-1 Special District is a line at an elevation of 66 feet located along the westerly vertical face of the Brooklyn Heights Promenade and which is approximately four feet above the Promenade. The #view reference line# is formed by joining two end points, A and A1, as shown in Diagram 1.

Point A is located at the intersection of the westerly face of the Promenade and the prolongation of the north side of Orange Street.

Point A1 is located 50 feet north of the intersection of the westerly face of the Promenade and the prolongation of the north side of Remsen Street.

(10/24/74)

102-613

View framing line

The #view framing line# of the SV-1 Special District is a line which establishes the outer edge of the #scenic view# to be protected. The two extreme ends of the #view framing line# are points B1 and B4 (Diagram 1).

The elevation of the #view framing line# at all points between B1 and B4 is 2.5 feet as shown in Diagram 2.

(10/24/74)

102-614

View plane

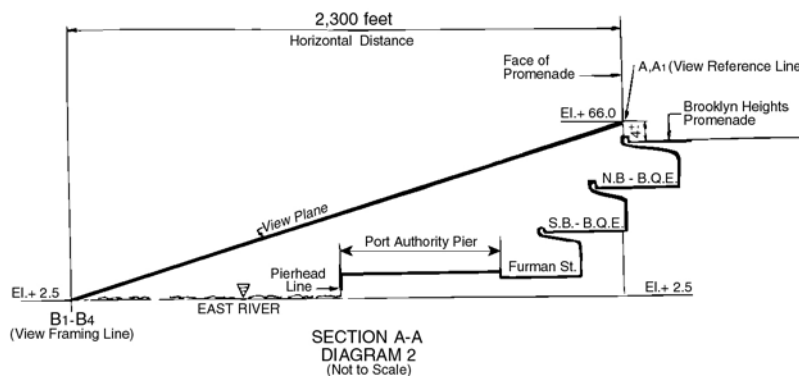

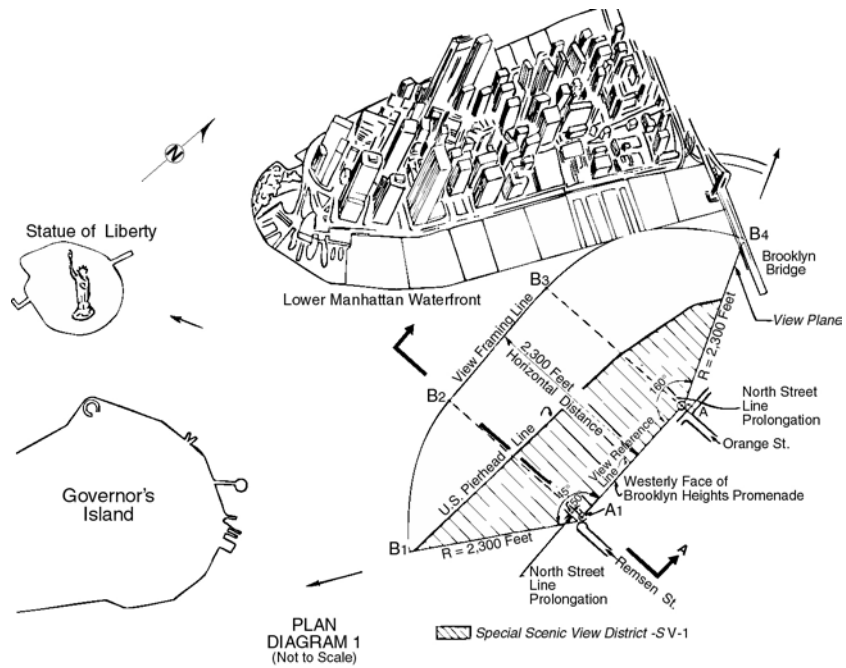

The #view plane# of the SV-1 Special District is an imaginary plane formed by joining the elevation of the #view reference line# with the elevation of the #view framing line# as shown in Diagram 2. The horizontal distance between the #view reference line# and the #view framing line# is 2,300 feet. Those portions of the plane formed by points A, B3, B4 and A1, B1, B2 are conical surfaces.

(10/24/74)

102-615

Description of scenic view

The #scenic view# to be protected pursuant to the provisions of this Section includes: the panoramic view of the lower Manhattan skyline which includes such landmarks as the Brooklyn Bridge archway, the South Street Seaport, the Whitehall Ferry Terminal, and the vistas of the Statue of Liberty and Governors Island.

SV-1 BROOKLYN HEIGHTS SCENIC VIEW DISTRICT

(7/18/74)

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 3
Special Planned Community Preservation District**

(6/10/09)

**103-00
GENERAL PURPOSES**

The “Special Planned Community Preservation District” (hereinafter referred to as the “Special District”), established in this Resolution, is designed to promote and protect the public interest, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and protect the Special Districts as superior examples of town planning or large-scale development;
- (b) to preserve and protect the character and integrity of these unique communities which, by their existing site plan, pedestrian and vehicular circulation system, balance between buildings and open space, harmonious scale of the development, related commercial uses, open space arrangement and landscaping add to the quality of urban life;
- (c) to preserve and protect the variety of neighborhoods and communities that presently exist which contribute greatly to the livability of New York City;
- (d) to maintain and protect the environmental quality that the Special District offers to its residents and the City-at-large; and
- (e) to guide development within each of the Special Districts that is consistent with the existing character, quality and amenity of the Special Planned Community Preservation District.

(2/2/11)

**103-01
Establishment of Special Planned Community Preservation District**

The City Planning Commission has established the #Special Planned Community Preservation

District# in areas that:

- (a) have a land area of at least 1.5 acres;
- (b) contain a minimum of three #buildings#;
- (c) were designed and substantially #developed# as a unit under the regulations of the Zoning Resolution prior to December 15, 1961; and
- (d) include considerable clustered #open space# and related #commercial# #uses# available to all residents of the District.

The Commission has found that existing site plans resulted in superior functional relationships of #buildings#, #open spaces#, pedestrian and vehicular circulation systems, including parking facilities, and other amenities all together creating an outstanding planned residential community.

(6/10/09)

103-02 Special Planned Community Preservation District Areas

The #Special Planned Community Preservation District# areas are as follows, and are each indicated by the letters "PC" on the #zoning maps#:

Fresh Meadows in the Borough of Queens

The Harlem River Houses in the Borough of Manhattan

Parkchester in the Borough of the Bronx

Sunnyside Gardens in the Borough of Queens.

(5/12/21)

103-10 GENERAL PROVISIONS

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Planned Community Preservation District#, no #development#, #enlargement#, or substantial alteration of landscaping or topography, shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, except by special permit of the City

Planning Commission, pursuant to Sections 103-11 (Special Permit for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications).

No demolition of #buildings# shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, unless it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, of the New York City Administrative Code, or its successor, except that such demolition may be permitted pursuant to a development plan for which a special permit has been granted under the provisions of Sections 103-11 and 103-12.

In a C8-4 District, however, a demolition permit may be issued for any #building# that is less than 10,000 square feet and was constructed after December 31, 1955, but prior to July 18, 1974.

Special regulations for the Sunnyside Gardens area are set forth in Section 103-20, inclusive.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(2/2/11)

103-11 Special Permits for Bulk and Parking Modifications

- (a) For any #development# or #enlargement#, either of which may include demolition, within a #Special Planned Community Preservation District#, the City Planning Commission, by special permit, may allow:
- (1) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
 - (2) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
 - (3) minor variations in the #yard# regulations required by the applicable district regulations;
 - (4) minor variations in the height and setback regulations required by the applicable district regulations;
 - (5) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a

Single Lot); or

- (6) permitted or required #accessory# off-street parking spaces, driveways or curb cuts to be located anywhere within the development, without regard to #zoning lot lines# or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to the findings of Section 78-41 (Location of Accessory Parking Spaces).
- (b) In order to grant such special permits, the City Planning Commission shall make the following findings:
- (1) that the #development# or #enlargement# relates to the existing #buildings or other structures# in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the community;
 - (2) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that currently exists, consistent with the scale and design of the existing development, the landscaping surrounding the new landscaping arrangement, and conditions of the community;
 - (3) that the #development# or #enlargement# be sited in such a manner that it will not require at that time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic that will diminish the environmental quality of the community; and
 - (4) that minimal landscaping be removed during construction and such areas will be fully restored upon completion of construction.
- (c) Notwithstanding the provisions of paragraph (a)(6) of this Section, where the requirement for #accessory# off-street parking spaces, driveways or curb cuts can only be accommodated in such a manner that the functioning of the existing planned community is substantially injured, the Commission shall authorize waiver of all or part of the required parking.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations of any special permit in order to minimize adverse effects on the character and quality of the community. The Commission may advise and recommend special conditions or modifications in the plans submitted by applicants in order to conform to the intentions of the #Special Planned Community Preservation District#.

(6/10/09)

103-12

Special Permit for Landscaping and Topography Modifications

No substantial modifications of existing topography or landscaping, including plantings, shall be permitted within the Special District except where such modifications are approved by special permit of the City Planning Commission.

(6/10/09)

103-13

Requirements for Application

An application to the City Planning Commission for the grant of a special permit respecting any #development# or #enlargement# or substantial modification of landscaping or topography to be made within the Special District, shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, building sections and elevation and an appropriate model of the planned community.

(2/2/11)

103-14

Recordation

At the time of any transfer of development rights which has been authorized by special permit under Section 103-11, the owners of #zoning lots# to which and from which development rights are transferred shall submit to the City Planning Commission a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer.

Notice of the restrictions upon further development of the lots to which development rights and from which development rights are transferred shall be filed by the owners of the respective lots in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the Commission.

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# to be transferred, and shall specify, by lot and #block# numbers, the lots from which and the lots to which such transfer is made.

(6/10/09)

103-20

SPECIAL REGULATIONS FOR SUNNYSIDE GARDENS

In order to further protect and enhance the character of the Sunnyside Gardens area within the #Special Planned Community Preservation District#, the regulations of this Section, inclusive, shall supersede the regulations of the #Special Planned Community Preservation District# and the underlying zoning districts, as applicable.

The special permit provisions of Sections 103-11 (Special Permit for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications) shall not apply within the Sunnyside Gardens area of the Special District.

(2/2/11)

103-21

Special Bulk Regulations

Notwithstanding any other provisions of this Resolution, #bulk# regulations applicable to the underlying #Residence# and #Commercial Districts#, or modified within the Special District, are hereby further modified to the extent set forth in this Section, inclusive.

(2/2/11)

103-211

Special floor area regulations

In the Sunnyside Gardens area of the Special District, the #floor area# regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #residential#, #commercial# and #community facility uses#, separately or in combination, shall be 0.75, which may be increased by up to 20 percent to a maximum #floor area ratio# of 0.9, provided that any such increase in #floor area# is located under a sloping roof which rises at least three and one half inches in vertical distance for each foot of horizontal distance, and the structural headroom of such #floor area# is between five and eight feet.

(2/2/11)

103-212**Special density regulations**

In the Sunnyside Gardens area of the Special District, the density regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the density factor for #dwelling units# shall be 900.

(2/2/11)

103-213**Special height regulations**

In the Sunnyside Gardens area of the Special District, the height and setback regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in #Residence# and #Commercial Districts#.

(2/2/11)

103-214**Special yard regulations**

In the Sunnyside Gardens area of the Special District, the #yard# regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in #Residential# and #Commercial Districts#

(6/10/09)

103-22**Special Parking Regulations**

In the Sunnyside Gardens area of the Special District, the off-street parking regulations of Article II, Chapter 5, pertaining to R4 Districts, shall be applicable for all #residential# and #community facility uses#, subject to the provisions of Section 103-23 pertaining to curb cuts.

(6/10/09)

103-23**Curb Cuts**

Curb cuts shall not be permitted within the Sunnyside Gardens area of the Special District, except on the east side of 50th Street, within 100 feet of its intersection with 39th Avenue.

(12/19/07)

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special Manhattanville Mixed Use District**

(12/19/07)

**104-00
GENERAL PURPOSES**

The “Special Manhattanville Mixed Use District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage the development of a mixed use neighborhood that complements a revitalized community-oriented waterfront;
- (b) to support a variety of community facility, commercial and manufacturing uses;
- (c) to provide opportunities for the expansion of large academic, scientific and mixed use facilities in a manner that benefits the surrounding community;
- (d) to strengthen the retail and service character and economic vitality of the neighborhood by encouraging active ground floor uses along Broadway, West 125th Street and 12th Avenue;
- (e) to facilitate the maximum amount of design flexibility while fulfilling the goals of the mixed use district;
- (f) to improve the physical appearance of the streetscape by providing and coordinating harmonious open space, sidewalk amenities and landscaping within a consistent urban design;
- (g) to strengthen the visual corridors along West 125th Street and other east-west corridors that connect the community to the waterfront;
- (h) to expand local employment opportunities;
- (i) to recognize, preserve and promote the existing historic transportation infrastructure of the neighborhood;

- (j) to promote the most desirable use of land in this area and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

(12/19/07)

104-01 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Lower street wall

“Lower street wall” is that portion of the #street wall# of a #building# that extends from grade to the height set forth in Section 104-33, paragraph (a).

Mandatory widened sidewalk

A “mandatory widened sidewalk” is a paved area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. #Mandatory widened sidewalks# are shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter.

Mandatory widened sidewalk line

A “mandatory widened sidewalk line” is the line shown on Map 3 in Appendix A of this Chapter.

Upper street wall

“Upper street wall” is that portion of the #street wall# of a #building# that extends from the #lower street wall# to the maximum #building# height set forth for each Parcel in the Base Plane and Building Height Table in Appendix B of this Chapter, or the height of the #building#, whichever is less.

(10/7/21)

104-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Manhattanville Mixed Use District#, the regulations of this Chapter shall apply within the Special District. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(12/19/07)

104-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Manhattanville Mixed Use District# Plan.

The District Plan includes the following maps and illustrative diagrams in Appendix A of this Chapter:

Map 1 Special Manhattanville Mixed Use District and Subdistricts

Map 2 Subdistrict A Block Plan

Map 3 Widened Sidewalk Lines

Map 4 Street Wall Types and Locations

Map 5 Parcel Designation and Maximum Building Heights

Map 6 Ground Floor Use and Frontage

Map 7 Mandatory Open Areas

The District Plan includes the following table in Appendix B of this Chapter:

Base Plane and Building Height Table

These maps, diagrams and table are hereby incorporated and made part of this Resolution for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(12/19/07)

**104-04
Subdistricts**

In order to carry out the provisions of this Chapter, three subdistricts are established, as follows:

Subdistrict A – Academic Mixed Use Area

Subdistrict B – Waterfront Area

Subdistrict C – Mixed Use Development Area

The location of the subdistricts of the #Special Manhattanville Mixed Use District# is specified on Map 1 in Appendix A of this Chapter.

(12/19/07)

**104-10
SPECIAL USE REGULATIONS**

The #use# regulations of the underlying C6 Districts are modified in Sections 104-11 through 104-18, inclusive.

(6/6/24)

**104-11
Residential Use Modifications**

The #residential use# regulations of the underlying C6-1 District are modified, as follows.

In Subdistrict A, a #residential use# may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-13 (Commercial and Manufacturing Use Modifications), inclusive, only in accordance with the certification provisions of Section 104-14.

(6/6/24)

104-12

Community Facility Use Modifications

The #community facility use# regulations of the underlying C6-1 and M1-2 Districts are modified, as follows:

- (a) in Subdistrict A, #uses# listed under Use Group III(A) may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-13 (Commercial and Manufacturing Use Modifications), inclusive, only in accordance with the certification provisions of Section 104-14.
- (b) in Subdistrict B, #uses# listed under Use Group III permitted in the underlying M1-2 District, pursuant to Sections 42-10 (USE ALLOWANCES), inclusive, and 74-133 (Other community facility uses in M1 Districts), inclusive, shall be limited to 5,000 square feet of #floor area# per establishment

(6/6/24)

104-13

Commercial and Manufacturing Use Modifications

- (a) In Subdistricts A and C, the #use# regulations of a C6 District shall apply except that additional #uses# allowed in M1 Districts within a #Special Mixed Use District#, as set forth in Section 123-21 (Modification to M1 use regulations), inclusive, shall be permitted. All such #uses# shall be subject to the performance standards for an M1 District set forth in Section 42-20.

Such #uses# may locate in the same #building#, or in an #abutting# #building# containing a #residential use# or a #community facility# #use# with sleeping accommodations listed in Section 104-12 (Community Facility Use Modifications), only in accordance with the certification provisions of Section 104-14.

- (b) In Subdistrict B, the #commercial# #use# regulations of the underlying M1 District are modified to permit #uses# listed under Food and Beverage Retailers in Use Group VI without limitation as to #floor area# per establishment.

(6/6/24)

104-14

Certification Requirements

In Subdistrict A, a #use# listed in Section 104-13 (Commercial and Manufacturing Use Modifications) and a #residential use# or a #community facility# #use# with sleeping accommodations listed in Section 104-12 (Community Facility Use Modifications) may locate in the same #building#, or in an #abutting# #building#, only upon certification by a licensed architect or a professional engineer to the Department of Buildings stating that the #commercial# or #manufacturing use#:

- (a) does not have a New York City or New York State environmental rating of “A,” “B” or “C” under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
- (b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(6/6/24)

104-15

Ground Floor Use and Frontage Regulations

The underlying #ground floor level# streetscape provisions shall apply except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 6 (Ground Floor Use and Frontage) in Appendix A of this Chapter shall be considered #Tier C street frontages#. In addition, for #buildings# along such #Tier C street frontages#, the underlying streetscape requirements shall be modified such that:

- (a) within the portion of the #ground floor level# #street# frontage that is required to be allocated to non-#residential uses# to the #minimum qualifying depth#, #uses# may only include colleges or universities listed under Use Group III(B) where the #use# is #accessory# and open to the public;
- (b) #uses# listed under Use Group VI with a size limitation in M1 Districts, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), inclusive, shall be subject to a size limit of 10,000 square feet per establishment; and
- (c) in lieu of the transparency requirements, the provisions of Section 104-41 shall apply.

(6/6/24)

104-16

Modification of Article VII, Chapter 4 (Special Permits by the City Planning Commission)

The provisions of Section 74-171 (Laboratories) shall not apply in the #Special Manhattanville Mixed Use District#.

(2/2/11)

104-20

SPECIAL BULK REGULATIONS

In Subdistricts A, B and C, the #bulk# regulations of the underlying C6 and M1 Districts, as modified in this Chapter, shall apply.

The #floor area ratio#, #open space ratio# and #lot coverage# regulations applicable in the underlying C6 Districts are modified as set forth in Sections 104-21 through 104-25.

The #floor area ratio# regulations applicable in the underlying M1 District are modified as set forth in Section 104-22. No #floor area# bonuses shall be permitted.

Special provisions regulating change of #use# in #non-complying# #buildings# are set forth in Section 104-26.

The height and setback regulations of the underlying C6 Districts are superseded as set forth in Sections 104-30 through 104-34, inclusive.

The special maximum #building# height regulations for the M1-2 District are set forth in Section 104-31.

Notwithstanding the special #bulk# regulations of this Chapter, any #development# containing #dwelling units#, or college or school student dormitories as listed in Use Group 3, on Parcel H, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, shall comply with the height and setback regulations for an R&A District as set forth in Article II of this Resolution.

(3/22/16)

104-21

Maximum Floor Area Ratio, Open Space Ratio and Lot Coverage for Residential Uses

In Subdistricts A and C, the #bulk# regulations for #residential use# are modified in accordance with the provisions of this Section.

For all #zoning lots#, or portions thereof, the maximum #floor area ratio#, #open space ratio# and #lot coverage# regulations shall not apply. In lieu thereof, the provisions of this Section shall apply.

In Subdistrict A, the maximum #floor area ratio# for #residential use# shall be 3.44.

In Subdistrict C, the maximum #floor area ratio# for #residential use# shall be 6.02.

For #interior# or #through lots#, or portions thereof, the maximum #lot coverage# shall not exceed 70 percent. For #corner lots#, the maximum #lot coverage# shall be 100 percent. The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(12/19/07)

104-22

Maximum Floor Area Ratio and Lot Coverage for Community Facility Uses

In Subdistricts A and C, the maximum #floor area ratio# permitted for #community facility uses# shall be 6.0. #Lot coverage# requirements for #community facility uses# shall not apply.

In Subdistrict B, the maximum #floor area ratio# permitted for #community facility uses# shall be 2.0.

(6/6/24)

104-23

Maximum Floor Area Ratio for Certain Uses

In Subdistricts A and C, the maximum #floor area ratio# permitted for #commercial# #uses# shall be 6.0, except that the maximum #floor area ratio# for #uses# listed in Section 104-13 (Commercial and Manufacturing Use Modifications) shall be 2.0.

(6/6/24)

104-24

Maximum Floor Area Ratio for Multiple Uses on a Zoning Lot

When more than one #use# is located on a #zoning lot#, the maximum #floor area ratio# permitted for any #use# on such #zoning lot# shall not exceed the maximum permitted for such #use#, as set forth in Sections 104-21 through 104-24, inclusive, provided that the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

(6/6/24)

104-25

Change of Use

(a) Change to #residential use#

Notwithstanding the provisions set forth in Section 34-222 (Change of use) and in the last paragraph of Section 35-31 (Maximum Floor Area Ratio) regarding the applicability of #floor area ratio# and #open space ratio# regulations to a change from a non-#residential use# to a #residential use# in a #building# in existence on December 15, 1961, such #conversions# of non-#residential buildings# shall be permitted only if such #buildings# comply with all of the #bulk# regulations for #residential# or #mixed buildings#.

(b) Change to non-#residential use#

In Subdistrict A, the provisions of Section 54-31 (General Provisions) shall not apply. In lieu thereof, a #use# listed under Use Groups IV, VI, VII, VIII, IX or X and not permitted as-of-right within C6 Districts, that is located in a #non-complying# #building or other structure# may be changed to:

- (1) a #use# listed in 104-13 (Commercial and Manufacturing Use Modifications), subject to the performance standards for an M1 District set forth in Section 42-20, and subject to Section 104-14 (Certification Requirements), if applicable; or
- (2) a #community facility# #use#, or #uses# listed under Offices in Use Group VII.

The #bulk# regulations of the underlying C6 District as modified by the #Special Manhattanville Mixed Use District# and the regulations set forth in Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS) shall not apply to the changes of #use# set forth in paragraph (b) of this Section.

The provisions of paragraph (b) of this Section shall apply to Blocks A and C, as shown on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, and to Parcel D4, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, through December 31, 2015, and to all other Parcels and Blocks in Subdistrict A through December 31, 2030. Beginning on January 1, 2016, with respect to

Blocks A and C and Parcel D4, and beginning on January 1, 2031, with respect to Parcels D1, D2, and D3, as shown on Map 5, and Blocks E, F, G, and H, as shown on Map 2, the provisions of paragraph (b) of this Section shall lapse, and the #bulk# regulations of the underlying C6 District as modified by the #Special Manhattanville Mixed Use District# and the requirements set forth in Section 104-40, shall apply to the changes of #use# set forth in paragraph (b) of this Section.

(5/12/21)

104-30 SPECIAL HEIGHT AND SETBACK REQUIREMENTS

In the #Special Manhattanville Mixed Use District#, the height and setback regulations of the underlying C6 Districts shall not apply. In lieu thereof, the height and setback provisions of this Section, inclusive, shall apply in C6 Districts. In Subdistrict B, special height regulations for the underlying M1-2 District are set forth in Section 104-31, et seq.

In Subdistrict A, the height of all #buildings or other structures# shall be measured from the #base plane#. However, the provisions for establishing #base planes# set forth in Section 12-10 (DEFINITIONS) shall not apply. In lieu thereof, #base planes# are specified for each Parcel as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter. The level of the #base plane# is designated for each such Parcel in Appendix B of this Chapter.

Wherever a #mandatory widened sidewalk line# is shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter, such line shall be used instead of the #street line# for all purposes of Section 104-30, et seq.

The City Planning Commission may modify, by special permit, the special height and setback requirements of this Section pursuant to Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT).

(2/2/11)

104-31 Maximum Building Height

In Subdistrict A, the maximum #building# height, by Parcel, is shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter and specified in Appendix B of this Chapter. In Subdistricts B, C and the Other Area east of Broadway, the maximum #building# heights are shown on Map 5. No #building# shall exceed the maximum #building# height set forth in such Map or Appendix B of this Chapter.

(12/19/07)

104-32
Rooftop Regulations

The special rooftop regulations of Section 104-32, inclusive, shall apply in Subdistricts A and C.

(12/6/23)

104-321
Rooftop equipment

#Energy infrastructure equipment# and #accessory# mechanical equipment, other than solar or wind energy systems, may be located on the roof of a #building# in accordance with the following provisions:

- (a) #Energy infrastructure equipment# and #accessory# mechanical equipment shall not exceed the maximum height for rooftop equipment specified for each Parcel as set forth in Appendix B of this Chapter and shall be measured from the roof level of the highest #story# of the #building#. Such equipment may penetrate the maximum #building# height specified for each Parcel as set forth in Appendix B.
- (b) Such equipment shall be set back at least 10 feet from the #upper street wall# of the #building#. In addition, such equipment shall not penetrate a #sky exposure plane# that begins at the point of intersection of the roof and the #upper street wall# of the #building#, and rises over the #building# at a slope of 2.7 feet of vertical distance for each foot of horizontal distance, except for permitted obstructions set forth in Section 104-322. Where portions of the #upper street wall# are located at different distances from the #street line# or #mandatory widened sidewalk line#, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such #upper street wall#.
- (c) Such equipment shall not overhang any recess in the #building# wall that is open to the sky.

(12/6/23)

104-322
Permitted obstructions

The obstructions set forth in Section 33-42, other than the rooftop equipment permitted pursuant to Section 104-321, as well as the following obstructions, may penetrate the applicable maximum #building# height and the applicable maximum height for rooftop equipment set forth in Appendix B of this Chapter, and may also penetrate the #sky exposure plane# set forth in Section 104-321 (Rooftop equipment). Within 50 feet of the #upper street wall#, the width of such obstructions shall be limited in total to 10 percent of the #aggregate width of street walls# of a #building#, per #street# frontage, at any level above the maximum level of rooftop equipment as set forth in Section 104-321. Beyond 50 feet from the #upper street wall#, the permitted obstructions may occupy an area not to exceed 30 percent of the #building# coverage at the ground level. Where portions of the #upper street wall# are located at different distances from the #street line# or #mandatory widened sidewalk line#, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such #upper street wall#. However, in no event shall such obstructions be located within 10 feet of the #upper street wall#.

- (a) Antennae and structural support thereto;
- (b) Pipes and supporting structures;
- (c) Railings.

(2/2/11)

104-33 Mandatory Street Walls

Six types of mandatory #street walls# are established in the #Special Manhattanville Mixed Use District#, the regulations for which are set forth in Sections 104-331 through 104-336. Map 4 (Street Wall Types and Locations) and Map 5 (Parcel Designation and Maximum Building Heights), in Appendix A of this Chapter, specify locations where such regulations apply. The mandatory #street wall# requirements shall apply to any #development# and the #enlarged# portion of an existing #building#, except as set forth in paragraph (c) of this Section.

In Subdistrict A, the mandatory #street walls# specified as Street Wall Types 1, 3 and 4 consist of a #lower street wall# and an #upper street wall#, except that for #buildings# fronting on a #wide street# that do not exceed a height of 85 feet, and for #buildings# fronting on a #narrow street# that do not exceed a height of 60 feet, such #street wall# may in its entirety comply with the rules for an #upper street wall#.

- (a) #Lower street wall#
 - (1) For Parcels D1, E1, F1, G1, G2 and H, the #lower street wall# is that portion of the #street wall# that extends from grade to a minimum height of 15 feet above

the highest elevation of the #street# frontage of the #building# on Broadway and a maximum height of 55 feet above such elevation for each #street# frontage. For #buildings# without frontage on Broadway, the #lower street wall# shall be measured from the highest elevation of each such #street# frontage of such #building#;

- (2) For Parcels A, C1, C4, D4, E4 and F4, the #lower street wall# of each #street# frontage of a #building# is that portion of the #street wall# that extends from grade to a minimum height of 20 feet and a maximum height of 55 feet above the highest elevation of such #street# frontage of such #building#;
- (3) For Parcels C2, C3, D2, E2, E3, F2 and F3, the #lower street wall# of each #street# frontage of a #building# is that portion of the #street wall# that extends from grade to a minimum height of 20 feet and a maximum height of 45 feet above the highest elevation of such #street# frontage of such #building#. For the purposes of this Section, Parcel C2 shall be considered to have frontage only on West 130th Street.

(b) #Upper street wall#

For all Parcels, the #upper street wall# is that portion of the #street wall# that extends from the #lower street wall# to the maximum #building# height set forth in Appendix B or the height of the #building#, whichever is less.

- (c) The mandatory #street wall# requirements shall not apply to vertical #enlargements# of one #story# not exceeding 15 feet in height.
- (d) Where a #building# is located on more than one Parcel, the requirements of Sections 104-331 through 104-336, with respect to the locations of the #upper street wall# and the #lower street wall#, may apply to the entire #street frontage# of the Parcels.
- (e) On Parcels C3 and C4, the applicable #lower street wall# provision may be applied to the entire #building#.
- (f) For a #building# within Subdistrict A, located on a portion of a Parcel where no required #street wall# is shown on Map 4, such #building# shall comply with the #street wall# requirements for a #building# on the same Parcel. For a #building# on Parcel C3, the #street wall# requirements shall be those provisions applicable to Parcel D2.

(12/19/07)

104-331

Type 1 street wall location

Type 1 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located anywhere within five feet of the #street line# for at least 70 percent of the #street frontage# of the Parcel and shall rise without setback to a minimum height of 85 feet above #curb level#, or the height of the #building#, whichever is less.
- (b) The #lower street wall# shall be set back at least two feet but no more than 10 feet from the #upper street wall# required pursuant to paragraph (a) of this Section and shall extend along at least 70 percent of the #street# frontage of the Parcel. For Parcels D1, E1, F1, G1, G2 and H, the height of the #lower street wall# shall be not less than twice the depth of the setback of the #lower street wall# from the #upper street wall#, but not less than 15 feet.
- (c) No #street wall# location regulation shall apply to the remaining 30 percent of the #street# frontage of a Parcel.
- (d) At least 20 percent of the area of an #upper street wall# facing Broadway shall be recessed to a minimum depth of 10 feet.
- (e) The #street wall# provisions of this Section may apply along a #narrow street# within 100 feet of its intersection of a #wide street#.

(12/19/07)

104-332

Type 2 street wall location

Type 2 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of either paragraph (a) or (b) of this Section.

- (a) The #street wall# shall be located within two to five feet of the #street line# or the #mandatory widened sidewalk line#, whichever is applicable, and shall rise without setback to a minimum height of 45 feet. A #street wall# fronting on West 125th Street shall extend along at least 70 percent of the length of the #street line# of the Parcel; a #street wall# fronting on West 130th Street shall extend along at least 50 percent of the length of the #mandatory widened sidewalk line#. No #street wall# location regulation shall apply to the remaining 30 percent of the #street# frontage of the Parcel on West 125th Street, or to the remaining 50 percent of the #street# frontage of the Parcel on West 130th Street; or
- (b) Where the #lower street wall# is set back from the #upper street wall#:

- (1) the provisions of Section 104-334 (Type 4 street wall location) shall apply to #street walls# facing West 130th Street;
- (2) the provisions of Section 104-331 (Type 1 street wall location) shall apply to #street walls# facing West 125th Street; and
- (3) for #street walls# facing 12th Avenue, the #upper street wall# shall be located within five feet of the #mandatory widened sidewalk line# and the #lower street wall# shall be set back not more than 30 feet from the #upper street wall#.

(12/19/07)

104-333

Type 3 street wall location

Type 3 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located within two feet of the 12th Avenue #mandatory widened sidewalk line#, and shall extend along no more than 70 percent of the length of the #mandatory widened sidewalk line# of the Parcel. Any #upper street wall# located on the remaining portion of the #street# frontage of the Parcel shall be set back from the 12th Avenue #widened sidewalk line# by a minimum distance of either:
 - (1) 20 feet, if such setback area faces both 12th Avenue and a #narrow street#; or
 - (2) 10 feet, if such setback area faces only 12th Avenue.
- (b) The #lower street wall# shall be located at the same distance from the #mandatory widened sidewalk line#, or set back not more than 10 feet from the #upper street wall# required pursuant to paragraph (a) of this Section, and shall extend along at least 80 percent of the length of such required #upper street wall#. No #street wall# location regulations shall apply to the remaining portion of the #lower street wall# frontage of a Parcel.
- (c) The #street wall# provisions of this Section may apply along a #narrow street# within 100 feet of its intersection of a #wide street#.

(12/19/07)

104-334

Type 4 street wall location

Type 4 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located within five feet of the #street line# or #mandatory widened sidewalk line#, as applicable. Such #street wall# shall extend along at least 50 percent of the length of the #street line# or #mandatory widened sidewalk line# of the Parcel, as applicable, and shall rise without setback to a minimum height of 60 feet above #curb level#, or the height of the #building#, whichever is less.
- (b) The #lower street wall# shall be set back at least two feet but no more than 10 feet from the #upper street wall# required pursuant to paragraph (a) of this Section and shall extend along at least 50 percent of the #street line# or #mandatory widened sidewalk line# of the Parcel, as applicable.
- (c) No #street wall# location regulation shall apply to the remaining 50 percent of the #street# frontage of a Parcel.

(12/19/07)

104-335

Type 5 street wall location

Type 5 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of paragraph (a) or (b) of this Section:

- (a) The #street wall# shall be located within two feet of the #street line# or the #mandatory widened sidewalk line#, as applicable, and shall rise without setback to a minimum height of 45 feet or the height of the #building#, whichever is less. Such required #street walls# shall extend along at least 50 percent of the length of the #street line# or the #mandatory widened sidewalk line# of the Parcel, as applicable; or
- (b) Where the #lower street wall# is set back from the #upper street wall#, the provisions of Section 104-334 (Type 4 street wall location) shall apply.

No #street wall# location regulations shall apply to the remaining 50 percent of the #street# frontage of a Parcel.

(12/19/07)

104-336

Type 6 street wall location

Type 6 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall be located at or within 10 feet of the #street line# and shall extend along at least 70 percent of the length of the #street line# of the Parcel, and may rise to a maximum height of 120 feet. No #street wall# location regulations shall apply to the remaining 30 percent of the #street# frontage of a Parcel.

(12/19/07)

104-34 Street Wall Recesses

Recesses are permitted for architectural, decorative or functional purposes, provided that such recesses comply with the provisions of this Section.

For portions of the #lower street wall# required pursuant to the provisions of Section 104-33, the maximum area of recesses shall not exceed 30 percent of the area of such required #lower street wall# and the maximum depth of such recesses shall not exceed three feet.

For that portion of the #upper street wall# required pursuant to the provisions of Section 104-33, and located below a height of 85 feet on a #wide street# and 60 feet on a #narrow street#, the maximum area of recesses shall not exceed 30 percent of the area of such portion of the #upper street wall# and the maximum depth of such recesses shall not exceed three feet. However, the regulation limiting the maximum depth of such recesses to three feet, set forth in this paragraph, shall not apply to the recesses required in paragraph (d) of Section 104-331.

(12/19/07)

104-40 SPECIAL URBAN DESIGN REGULATIONS

The special urban design regulations of this Chapter include ground floor transparency requirements, and requirements for six different types of open areas that are accessible to the public, as described in Sections 104-42 and 104-43, inclusive, and shown on Maps 3 (Widened Sidewalk Lines) and 7 (Mandatory Open Areas) in Appendix A of this Chapter.

(12/19/07)

104-41 Street Wall Transparency Requirements

Within Subdistrict A, the transparency requirements of paragraph (a) of this Section, subject to the modifications of paragraph (b) of this Section, as applicable, shall apply to #developments#, changes of #use# on the ground floor of a #building or other structure#, and #enlargements# that increase the #floor area# of the ground floor by more than 25 percent, but shall not apply to a change of #use# on the ground floor of a #building# located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter.

- (a) On all #streets#, at least 70 percent of the surface of the #street wall# shall be glazed, and at least 50 percent of the area of each such #street wall# shall be transparent to a minimum height of the ceiling of the ground floor, or not less than 15 feet above the finished level of the adjacent sidewalk, whichever is lower. The glazing material shall be highly transparent, with low reflectivity. Above this height, and to the top of the #lower street wall#, the #street wall# surface shall be at least 50 percent glazed and at least 30 percent transparent. Door or window openings within such walls shall be considered as transparent. Each such opening shall have a minimum width of two feet.
- (b) For #street walls# where the provisions of Section 104-332 (Type 2 street wall location) apply, the required glazing at the ground floor shall apply to the minimum height of the ceiling of the ground floor, or not less than 20 feet above the finished level of the adjacent sidewalk, whichever is lower.

(12/19/07)

104-42 Open Areas

All mandatory open areas as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter and all open areas adjacent thereto up to the #street wall# required pursuant to the provisions of Section 104-33 (Mandatory Street Walls) shall comply with the urban design regulations of Sections 104-42 through 104-43, inclusive, and shall be open and unobstructed except as specified.

(12/19/07)

104-421 Mandatory widened sidewalks and adjacent areas

- (a) Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter specifies the locations of #mandatory widened sidewalks#. The depth of such #mandatory widened sidewalks# shall be as indicated on Map 3 and specified in this Section, and shall be measured perpendicular to the #street line#. #Mandatory widened sidewalks# shall be constructed at the same level as the adjoining public sidewalks and shall be accessible to the public at

all times. The portions of all #mandatory widened sidewalks# used for pedestrian circulation shall be improved as sidewalks to Department of Transportation standards.

- (b) Within #mandatory widened sidewalks#, landscaping and other amenities shall be permitted. #Mandatory widened sidewalks# shall be considered #streets# for the purposes of applying the provisions of the New York City Building Code governing cornices, eaves, sills and other architectural elements that project over #streets#. However, no fences shall be permitted, no planters shall be higher than two feet above the finished level of the adjacent sidewalk, and all trees shall be planted flush to grade.
- (c) Adjacent area at grade between #lower street wall# and sidewalk

Where the #lower street wall#, or the #street wall# if no #lower street wall# is required, is set back from the #mandatory widened sidewalk line# or the #street line#, whichever is applicable, the entire surface area of the ground located between the #street wall# and the public sidewalk shall comply with the standards of paragraphs (a) and (b) of this Section. Such areas may be covered and may include columns and other elements not specifically excluded pursuant to paragraph (b) of this Section.

- (d) Additional regulations shall apply to the following areas and conditions:

- (1) #Narrow streets#

The #mandatory widened sidewalks# located along #narrow streets# shall be five feet wide. A paved walking path not less than 10 feet wide, which may include the public sidewalk, shall be provided. The paving surface shall be of a non-skid material, whether wet or dry.

- (2) 12th Avenue

The #mandatory widened sidewalks# located along 12th Avenue, as shown on Map 7 in Appendix A of this Chapter, shall be 30 feet wide and include a 15 foot wide area adjacent to the #street line# for the provision of an open market and a walking surface with a minimum clear path of 15 feet adjacent to the market area. The walking surface shall be of a non-skid material, whether wet or dry.

- (i) Permanent, fixed elements, such as landscaping and seating, with a minimum coverage of five percent of the market area, shall be required.

- (ii) The following obstructions shall be permitted:

Temporary, moveable elements with a maximum coverage of 30 percent of the market area per #zoning lot#, such as carts, kiosks or pavilions, open or enclosed; market umbrellas; retail structures, open; and seating and other street furniture.

(2/2/11)

104-422

Midblock Open Areas

Midblock Open Areas shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. However, no Midblock Open Area is required on any #block# that is not developed as a single #zoning lot#. The Midblock Open Areas shall have a minimum width of 50 feet clear and open to the sky.

All Midblock Open Areas shall have a minimum clear path of 15 feet and shall be improved as paved surfaces of a non-skid material, whether wet or dry. A minimum of 20 percent and a maximum of 50 percent of each Midblock Open Area shall be improved with landscape treatment, including planting and other amenities. No fences shall be permitted. No walls or planters shall be higher than two feet above the finished level of the nearest adjoining sidewalk.

The full width of each Midblock Open Area shall be improved and open to the public prior to applying for and receiving a temporary certificate of occupancy for any #development# adjacent to such area. However, up to 10 feet of the width of a Midblock Open Area may be temporarily enclosed within a construction fence for the shortest period of time reasonably necessary to permit construction in the adjacent area.

For #buildings# adjacent to the Midblock Open Areas, other than a #building# located on Parcel E2 as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, #building# walls fronting on such Midblock Open Areas shall be transparent for at least 50 percent of the area of each such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

(2/2/11)

104-423

East/West Open Area

An East/West Open Area shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. The East/West Open Area shall have:

- (a) a minimum width of 60 feet and shall be open to the sky;
- (b) a minimum clear path of 15 feet, which shall be improved as a paved surface of a non-skid material, whether wet or dry; and

- (c) a minimum of 20 percent of its area improved with landscape treatment, including planting and other amenities. No walls or planters shall be higher than two feet above the finished level of the adjacent sidewalk.

Air intake grilles, flush to grade, shall be permitted, provided such intake grilles do not exceed 10 percent of the area of the East/West Open Area, and are concealed from public view by planting or other design features.

The full width of the East/West Open Area shall be improved and open to the public, prior to applying for and receiving a temporary certificate of occupancy for any #development# adjacent to such area.

(2/2/11)

104-424 The Square

Area of the Square

If Block D is developed as a single #zoning lot#, an open area known as “the Square,” with a minimum area of 40,000 square feet, shall be provided, connecting West 130th and West 131st Streets, as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. This minimum area shall not include either the Midblock Open Area on Block D, or the area of the #mandatory widened sidewalks# on the West 130th and 131st Street frontages adjacent to the Square.

The Square shall be used for open space accommodating both passive recreation and limited active recreation.

#Building# transparency

The bounding #building# wall on the west side of the Square shall be transparent for 50 percent of the area of such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

Circulation and access

No fences or gates shall be permitted anywhere in the Square.

An unimpeded pedestrian access, with a minimum width of 15 feet, shall be provided across the Square in a generally diagonal direction in the north/south orientation, connecting the two narrow streets, with both ends located a minimum of 100 feet from the Midblock Open Area on Block D.

The Square shall provide unobstructed access from the adjoining sidewalks for at least 50 percent of the length of each street frontage of the Square. No single fixed element, within 15 feet of the #street line# of the Square, shall have a dimension greater than 15 feet or be higher than 30 inches, measured from the finished level of the adjacent sidewalk. The clear path between obstructions shall be at least three feet; however, to qualify as an unobstructed access that contributes to the 50 percent requirement set forth in this paragraph, a minimum width of five feet is required.

Elevation of the Square

The elevation of the Square shall generally follow the adjacent topography. Within 15 feet of the #street line#, the elevation of the Square, for a minimum of 50 percent of the length of each frontage on a #street#, shall have a maximum slope of 1:15. Beyond 15 feet from the #street line#, all open areas in the Square, including rolling or bermed lawn areas, may vary but shall not be more than five feet above or one foot below the level of the nearest sidewalk or natural topography. Paved areas shall not be higher than two feet above the level of the nearest sidewalk.

Permitted obstructions

No walls or planters shall be higher than 2 feet, 6 inches above the finished level of the nearest adjoining sidewalk. No planters or planter walls shall be higher than 18 inches above the level of the adjacent grade.

Permanent structures, such as food or information kiosks, pavilions or public restrooms, may be placed in the Square, provided they do not exceed a height of 20 feet, or occupy more than three percent of the area of the Square.

Temporary or movable amenities, including elements such as trellises, movable tables, game tables, play equipment and performance facilities, are permitted, not to exceed 10 percent of the area of the Square.

Seating

A minimum of one linear foot of seating shall be provided for each 50 square feet of the Square. A minimum of 75 percent of the required seating shall be fixed; up to 25 percent may be movable. Every two and one-half linear feet of fixed seating shall be considered as seating for one person.

The following standards shall apply to all required seating:

- (a) fixed seating may be provided in the form of double-sided benches, which shall be a minimum of 36 inches deep;
- (b) 50 percent of the fixed seats shall have backs; such backs shall be not less than 14 inches high;

- (c) fixed seating shall be between 16 inches and 18 inches in height, with a minimum depth of 18 inches measured from the edge to the back; and
- (d) all seating shall be made of durable material and shall be comfortable to sit on, with rounded edges of at least one inch radius.

However, other types of seating, such as the edges of planters and fountains, may count toward the required amount of seating if such seating has a minimum depth of 22 inches and is between 16 and 18 inches in height.

At least 20 percent of the required seating shall be provided within 15 feet of the #street line# of the Square fronting all #streets# and the adjacent Midblock Open Area, and arranged to encourage a variety of uses. If such Midblock Open Area is provided with seating, that frontage of the Square may be exempt from this requirement.

General requirements for trees and planting

A minimum of 50 percent of the Square shall be landscaped with soft ground cover. Soft ground cover shall include trees, grasses, shrubs and other ornamental planting material. The remaining 50 percent of the Square may be paved as hard surface.

At least 30 percent of the area of the Square shall contain a continuous planting area, with minimum soil depth of five feet. Berming is allowed provided that the height of the berm is not greater than five feet above the level of the adjoining sidewalk.

Trees

A minimum of 38 trees is required. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet. Trees shall be planted in continuous planted areas that have a minimum depth of four feet and a minimum area of 500 square feet of soil. All trees shall be planted flush to grade. The requirements of this paragraph, (a), shall be in addition to the requirements of Section 104-422 (Midblock Open Areas).

Planting

Seasonal planting is encouraged but not required. When planting beds are provided, they can be counted towards meeting the requirement for soft ground cover. Planting beds shall have a minimum soil depth of two feet for grass or other similar ground cover and three feet for shrubs.

Other required amenities

Racks shall be provided for a minimum of 16 bicycles. Such racks shall be located in the Square within 10 feet of the #street line# or, if outside the Square, on any open area facing the Square.

Four drinking fountains, two of which shall be fully accessible for children and people with disabilities, shall be provided in the Square or on the sidewalks, #mandatory widened sidewalks# or Midblock Open Area adjacent to the Square.

Not less than 40 cubic feet of trash receptacles shall be provided. Individual containers shall not be smaller than 25 gallons each. There shall be 10 containers, at least three of which shall be for used for recycling paper, plastic and metal waste. Such recycling containers shall be located in the Square within 10 feet of the #street line# or, if outside the Square, on any open area facing the Square.

Permitted amenities

Permitted amenities include such elements as artwork and water features, which may occupy up to 10 percent of the area of the Square.

Public space signage

At least four entry and two information plaques shall be provided. The content and design of such #signs# shall comply with the standards for public space #signs# set forth in the Zoning Resolution. Information about the Square may be provided on the entry plaques.

Vents facing the square

On any #building# wall adjacent to and facing the Square, exhaust or air intake vents shall be located higher than 15 feet above the level of the Square.

Vents and stairs in the Square

Exhaust or air intake vents and stair bulkheads shall not be permitted in the Square, except as authorized by the City Planning Commission, subject to the following conditions:

- (a) the top of the exhaust or intake vent shall be a minimum of 20 feet above the finished level of the adjacent grade;
- (b) no single element shall be more than 200 square feet; and
- (c) the aggregate area occupied by all vents and stair bulkheads shall not exceed one percent of the area of the Square.

In order to grant such authorization, the Commission shall find that:

- (1) placement of such elements cannot be reasonably accommodated elsewhere on the #zoning lot#; and
- (2) such vents and stair bulkheads are located so as to minimize impact on the visibility, accessibility and public use and enjoyment of the Square.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the Square.

(2/2/11)

104-425
The Small Square

If Block C is developed as a single #zoning lot#, an open area known as the “Small Square,” with a minimum area of 10,000 square feet, shall be provided as a passive open space, connecting West 129th and West 130th Streets. It shall be improved with paved surfaces of a non-skid material, whether wet or dry. No fences or walls shall be permitted in the Small Square.

The bounding #building# walls on all #buildings# #abutting# the Small Square shall be transparent for 50 percent of the area of the portion of each such wall measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

The Small Square shall be landscaped with a minimum of eight trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet. All trees shall be planted flush to grade.

A minimum of 30 moveable seats shall be provided at all times; additional moveable or fixed seating may be provided.

(2/2/11)

104-426
The Grove

If Block A is developed as a single #zoning lot#, an open area known as “the Grove,” with a minimum area of 400 square feet, shall be provided as a passive open space connecting West 125th and West 129th Streets. It shall contain seating at the western portion of the Block and a grove of trees with a minimum of four trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet.

The Grove shall be improved with paved surfaces of a non-skid material, whether wet or dry. It shall be landscaped with trees planted flush to grade and may include additional planting. The Grove may contain fixed or moveable seating.

No fences, walls or planters are permitted in the Grove.

(12/19/07)

104-43
Open Area Standards

(12/19/07)

104-431
Access and hours of public accessibility

All open areas shall be accessible directly from an adjoining public sidewalk, except as otherwise provided in this Chapter. No fences or gates shall be permitted anywhere within the open areas, except as permitted in Section 104-42 (Open Areas).

All open areas except the Square and the East/West Open Area shall be accessible to the public 24 hours per day, seven days a week.

The Square and the East/West Open Area shall be accessible to the public seven days per week, from the hours of 7:00 a.m. to 8:00 p.m., from November 1 through April 14, and from 7:00 a.m. to 11:00 p.m. from April 15 through October 31.

All open areas may be closed not more than one day each year, on a non-holiday weekend day in January, to preserve the private ownership of such areas, except the Square and the East/West Open Area may each be closed by its respective owner for private events and activities for a maximum of 12 days in each calendar year, which days shall not include public holidays. Advance notice of such closing shall be posted at the perimeter of the Square and the East/West Open Area and shall be provided to the Chairperson of the City Planning Commission not less than 24 hours prior to each such closing.

(12/19/07)

104-432
Lighting

All paved areas shall be illuminated with a minimum level of illumination not less than two horizontal foot candles (lumens per foot) throughout. All other areas shall have a minimum level of illumination not less than 0.5 horizontal foot candles (lumens per foot). Such level of illumination shall be maintained from one hour before sunset to one hour after sunrise. Electrical

power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of the open space.

(12/19/07)

104-433

Maintenance and operation

The owner of each open area within Subdistrict A shall be responsible for its maintenance and operation. Maintenance shall include, but not be limited to, necessary repairs, litter control and the care and replacement of vegetation. The owner of an open area may temporarily close the smallest portion reasonably necessary for the shortest period of time reasonably necessary to make repairs or to mitigate hazardous or emergency conditions, or in connection with construction on adjacent Parcels. The owner may establish and enforce rules of conduct for the use of the open areas and standards for permits for events and activities in an open area. Rules and regulations for the open areas will be subject to review and approval by the Chairperson of the City Planning Commission.

No vehicles shall be stored on any of the open areas.

(12/19/07)

104-44

Street Trees on Narrow Streets and Broadway

On #narrow streets# and Broadway, #street# trees with a minimum caliper of four inches shall be provided for the entire length of the #street# frontage of the #zoning lot#, except adjacent to the Midblock Open Areas and the Grove. Such trees shall be planted at maximum intervals of 25 feet on center. The location and/or spacing of trees may be waived by the Commissioner of Parks and Recreation to the extent that these requirements are determined to be infeasible. All trees shall be planted flush to grade and in accordance with the applicable standards of the Department of Parks and Recreation, and shall be located within a soft surface, landscaped strip at least five feet wide adjacent to the curb, which landscaped strips need not be continuous. Other planted landscape treatment and amenities may be permitted within such landscaped strip. Such trees shall be maintained by the owner of the adjacent #development# or #enlargement#.

(2/2/11)

104-50

PERMITTED TRANSFER OF FLOOR AREA

Transfers of #floor area# may be made from granting sites to receiving sites, within Subdistrict A, subject to the requirements of this Section.

For the purposes of this Section, a “granting site” shall mean any #zoning lot# in Subdistrict A that comprises a #block# as identified by letter on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, or the portion of the #block# identified as Block H on Map 2, from which #floor area# is to be transferred pursuant to the provisions of this Section, and a “receiving site” shall mean a #zoning lot# in Subdistrict A that comprises a #block#, as identified by letter on Map 2, or the portion of the #block# identified as Block H on Map 2, to which #floor area# is transferred.

#Floor area# may be transferred as follows:

- (a) by notice, in accordance with the provisions of Section 104-52 (Transfer of Floor Area by Notice);
- (b) by authorization, in accordance with the provisions of Section 104-53 (Transfer of Floor Area by Authorization); or
- (c) by special permit, in accordance with the provisions of Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT), where the proposed #development# or #enlargement# on the receiving site requires modification of the #bulk# regulations of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS).

(12/19/07)

104-51 General Requirements for Transfer

For any transfer of #floor area# by notice or by authorization pursuant to Section 104-50, inclusive, the requirements of this Section shall apply.

- (a) Notification

Prior to any transfer of #floor area#, pursuant to Sections 104-52 (Transfer of Floor Area by Notice) or 104-53 (Transfer of Floor Area by Authorization), the owners of the granting site and the receiving site(s) shall jointly notify or apply to the Department of City Planning, as applicable, in writing, of such intent to transfer #floor area#. Such notification or application shall be signed by the owners of the granting site and the receiving site(s) and shall include site plans.

(b) Notices of restriction

Notices of restrictions shall be filed by the owners of the granting site and the receiving site(s) in the Office of the Register of the City of New York, indexed against the granting site and the receiving site(s), certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a condition to issuance by the Commissioner of Buildings of a building permit for a #building# on the receiving site containing any such transferred #floor area#.

(c) #Floor area#

The amount of #floor area# to be transferred from a granting site shall not exceed the maximum amount of #floor area# permitted on the #block# containing the granting site for #community facility uses#, pursuant to Section 104-12 (Community Facility Use Modifications), less the total floor area of all existing #buildings# on such #block#. The transfer of #floor area#, once completed, shall irrevocably reduce the maximum #floor area# permitted on the granting site for any #use# by the amount of #floor area# transferred.

(d) #Use#

#Floor area# transferred pursuant to the provisions of Section 104-50 through 104-53, inclusive, shall only be used for #community facility uses# and shall be in addition to the #floor area# permitted for #community facility uses# on the receiving site.

(e) Height and setback

Any #building# on a receiving site that uses the #floor area# so transferred shall comply with the special #bulk# regulations of this Chapter.

(12/19/07)

104-52

Transfer of Floor Area by Notice

For any transfer of #floor area# from a granting site which comprises any of Blocks A, C or D to one or more receiving sites on Blocks B, E, F, G or H, the general requirements of Sections 104-50 and 104-51 shall apply as well as the following:

- (a) the site plan submitted for the granting site under the provisions of paragraph (a) of Section 104-51 shall show the conditions and #floor area# calculations for the granting site and the receiving site, before and after the transfer;

- (b) no building permit shall be issued by the Department of Buildings for a #building# on a receiving site containing any such transferred #floor area# until the Chairperson of the City Planning Commission has certified to the Department of Buildings that plans submitted to the Department of City Planning for the Square, the Small Square or the Grove, as applicable, on the granting site, conform with the requirements of Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS); and
- (c) no temporary certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public open area which is required to be provided on the granting site pursuant to the provisions of Sections 104-424 (The Square), 104-425 (The Small Square) or 105-426 (The Grove), as applicable, has been constructed substantially in accordance with the plan certified by the Chairperson pursuant to paragraph (a) of this Section and is substantially complete and may be opened to the public, and no permanent certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson certifies to the Department of Buildings that construction of the public open space which is required to be provided on the granting site is complete.

(12/19/07)

104-53

Transfer of Floor Area by Authorization

Within Subdistrict A, the City Planning Commission may authorize the transfer of #floor area# from a granting site other than Blocks A, C or D to a receiving site, subject to the general requirements of Sections 104-50 and 104-51, provided the Commission finds that such transfer:

- (a) will permit better site planning; and
- (b) will not unduly increase the #bulk# of #buildings# in any #block# to the detriment of the occupants or users of #buildings# on #blocks# outside Subdistrict A.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(12/19/07)

104-60

MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT

The City Planning Commission may, by special permit:

- (a) modify the special height and setback requirements of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS), inclusive, provided the Commission finds that such modifications are necessary to:
 - (1) meet programmatic and mechanical requirements;
 - (2) achieve a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public access areas, #streets#, #buildings# and properties;
 - (3) provide flexibility of architectural design and encourage more attractive #building# forms; and
 - (4) result in a #development# or #enlargement# that is compatible with #development# in the surrounding area.
- (b) permit the transfer of #floor area# from any granting site to a receiving site for a #development# that requires modification of the special height and setback requirements of Section 104-30, inclusive, provided the Commission finds:
 - (1) such transfer complies with the general requirements set forth in paragraphs (a), (b), (c) and (d) of Section 104-51;
 - (2) the distribution of #floor area# on the receiving site does not adversely affect the character of the surrounding area by unduly concentrating #floor area# in any portion of Subdistrict A; and
 - (3) where such transfer is from a granting site on Blocks A, C or D, it shall also comply with the provisions of paragraphs (b) and (c) of Section 104-52 (Transfer of Floor Area by Notice).

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the #development# or #enlargement# on the character of the surrounding area.

(12/19/07)

**104-70
PARKING AND LOADING REGULATIONS AND CURB CUT LOCATIONS**

In the #Special Manhattanville Mixed Use District#, the #accessory# off-street parking and loading regulations of the underlying zoning districts shall apply, except as set forth in this Section, inclusive.

(12/19/07)

104-71

Accessory Off-street Parking

In Subdistrict B, the regulations regarding required #accessory# off-street parking spaces set forth in Section 44-20, shall not apply.

In Subdistrict A, the #accessory# off-street parking and loading regulations in Article III, Chapter 6, pertaining to the underlying C6 District shall be modified, as follows:

- (a) #accessory# parking spaces at or above grade shall be completely enclosed;
- (b) #accessory# parking garages at or above grade shall not be located:
 - (1) within 60 feet of the #lot line# on Broadway of any #zoning lot# or within 90 feet of the #lot line# on 12th Avenue of any #zoning lot#;
 - (2) on Parcels E2 or G2; or
 - (3) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter or within 10 feet of any such Mandatory Open Area, except that access to and egress from #accessory# parking garages shall be permitted in such areas; and
- (c) parking spaces provided below grade shall not be subject to the provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities).

(12/19/07)

104-711

Accessory parking below grade

Required and permitted #accessory# off-street parking spaces may be located below grade, without regard to #zoning# #lot lines#.

- (a) Such #accessory# group parking facilities shall not exceed the following maximum number of spaces:

Blocks C, D and E combined: up to 1,800 spaces in total

Block F: up to 1,000 spaces in total

Blocks G and H combined: up to 600 spaces in total

- (b) Such #accessory# group parking facilities are subject to the following requirements:
- (1) the location of the curb cuts shall be subject to the provisions of Section 104-73;
 - (2) such #accessory# off-street parking spaces shall not be located further than 1,000 feet from the nearest boundary of the #zoning lot# to which they are #accessory#; and
 - (3) such #accessory# off-street parking facilities shall provide adequate reservoir spaces at the vehicular entrances to accommodate either 10 automobiles or five percent of the total parking spaces provided by the #use#, whichever amount is greater, but in no event shall such reservoir spaces be required for more than 50 automobiles at each entrance.

(12/19/07)

104-72 Public Parking Garages

In Subdistrict A, #public parking garages# shall not be located:

- (a) within 60 feet of the #lot line# on Broadway of any #zoning lot# or within 90 feet of the #lot line# on 12th Avenue of any #zoning lot#;
- (b) on Parcels E2 or G2; or
- (c) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter, or within 10 feet of any such Mandatory Open Area.

(12/19/07)

104-73 Permitted Curb Cut Locations

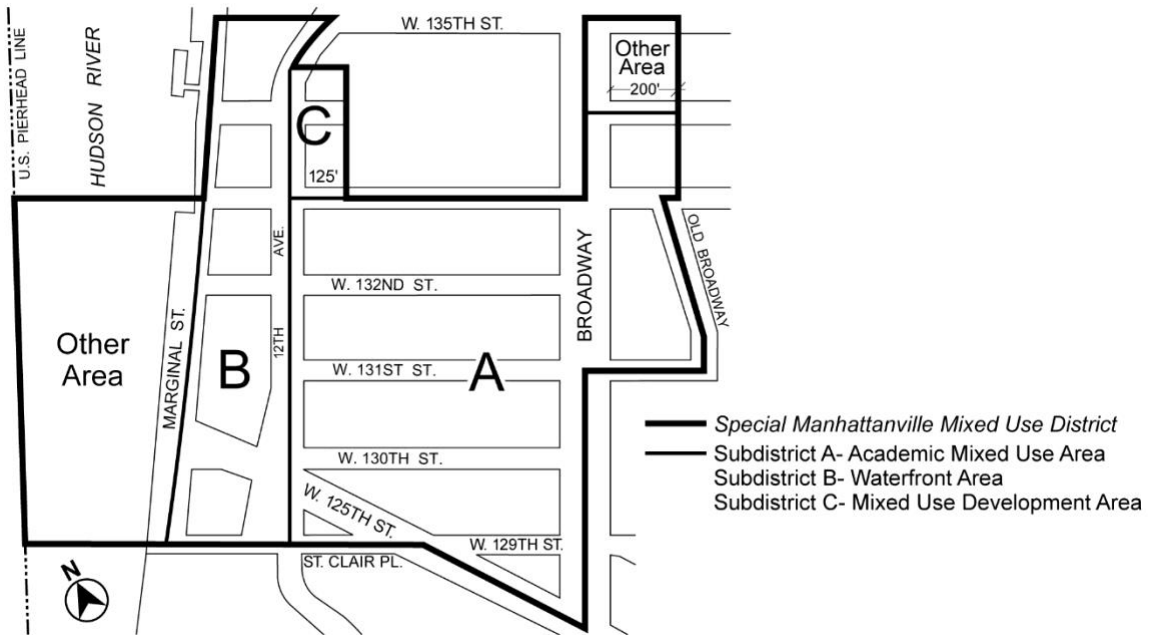

The following curb cut regulations shall apply to any #development# or #enlargement#:

- (a) existing curb cuts on #wide streets# may remain until such time as a #community facility use# is located on that portion of the #zoning lot#;
- (b) no new curb cuts are permitted on #wide streets# or within 50 feet of the intersection of any two #street lines#. Furthermore, no curb cuts are permitted on Block B. However, curb cuts may be permitted in such areas where the Commissioner of Buildings determines there is no alternative means of access to off-street parking spaces or required loading berths from other #streets# bounding the #block# or #zoning lot#;
- (c) new curb cuts shall not be greater than 30 feet in width;
- (d) there shall be no more than two new curb cuts per #street# frontage on a #zoning lot#, except on Block F where three curb cuts per #street# frontage are permitted, and except as provided in paragraph (f) of this Section;
- (e) there shall be a minimum distance of 30 feet between curb cuts on a #street# frontage of a #zoning lot#; and
- (f) in order to access the Square, as described in Section 104-424, one curb cut, not to exceed 15 feet in width, shall be permitted along each #street# frontage of the sidewalk adjacent to the Square. Such curb cuts shall be in addition to the two curb cuts permitted on Block D, pursuant to paragraph (d) of this Section.

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

(12/19/74)

**Chapter 5
Special Natural Area District**

(2/2/05)

**105-00
GENERAL PURPOSES**

The “Special Natural Area District” (hereinafter also referred to as the “Special District”), established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas;
- (b) to preserve land having qualities of exceptional recreational or educational value to the public;
- (c) to protect aquatic, biologic, botanic, geologic and topographic features having ecological and conservation values and functions;
- (d) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;
- (e) to preserve hillsides having unique aesthetic value to the public; and
- (f) to promote the most desirable use of land and the direction of building development in accordance with a well-considered plan, to promote stability of residential development, to promote the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings and thereby protect the City’s tax revenues.

(12/6/23)

**105-01
Definitions**

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces, including any surfaces with permeable paving. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

$$S = \frac{IL}{A} \times 100$$

Where: S - #average percent of slope#

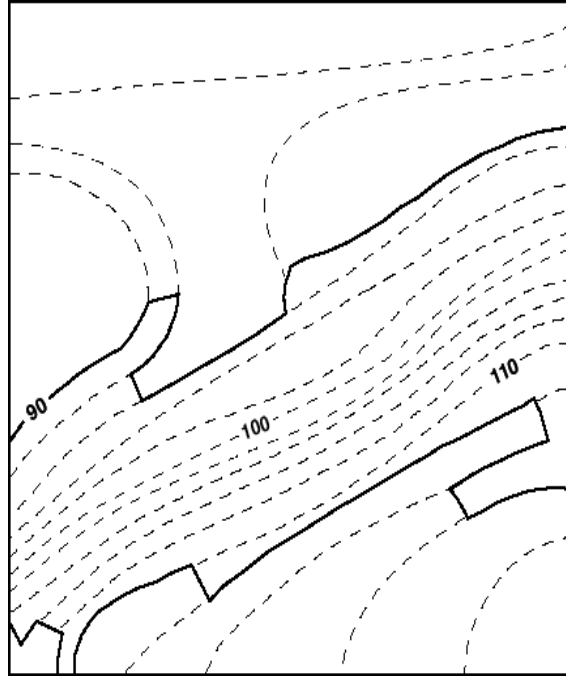

I - contour interval in feet

L - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#

A - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#

100 - factor which yields slope as a percentage

CALCULATING AREAS HAVING A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT (ILLUSTRATIVE EXAMPLE)

Example:

$$X = \frac{\text{Contour interval in feet}}{0.25} = \frac{2}{0.25} = 8.0 \text{ feet}$$

Where: X - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, as shown in the map in this Section. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines that are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch. Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.

Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the #critical root zone# is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

Natural feature

A "natural feature" is a specific natural feature belonging to one of the types listed in Section 105-10 (NATURAL FEATURES) and existing within a #Special Natural Area District#.

Site alteration

A "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures# which includes land contour work, topographic modifications, removal of #topsoil#, vegetation, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way, relocation of erratic boulders or modification of any other #natural features#, whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies.

Staging area

A "staging area" is any area on a #zoning lot# used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# with an incline of 25 percent or greater. However, a portion of a #zoning lot# with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than 10 feet, measured along the horizontal plane, unless such portions in the aggregate equal 10 percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit

A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more that is counted towards a tree preservation requirement or a credit for a newly planted tree of three-inch #caliper# or more that is counted towards a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arboriculturists (ISA) or equivalent professional organization that includes:

- (a) a survey of the current condition and health of such trees of six-inch #caliper# or more;
- (b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;

- (c) a schedule for site monitoring during construction;
- (d) a procedure to communicate protection measures to contractor and workers; and
- (e) post-construction treatment.

(10/7/21)

105-02 General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Natural Area District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter, in order to protect outstanding #natural features# described herein. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

The provisions of this Chapter shall apply to:

- (a) any #development#, #enlargement# or #site alteration#;
- (b) any subdivision of a #zoning lot# existing on the effective date of the Special District designation into two or more #zoning lots#; and
- (c) any public improvement projects located within the #Special Natural Area District#, which shall be subject to the provisions of Sections 105-92 (Special Provisions for City-owned Land) and 105-93 (Inter-agency Coordination), except for any such projects which were approved by the Board of Estimate prior to the effective date of the Special District designation.

Prior to issuance by the Department of Buildings or other City or State agencies, of a permit for any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, or for any #site alteration# for which no permit is required by the Department of Buildings or other City or State agencies, an application shall be submitted to the City Planning Commission for review and approval pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), except those #developments#, #enlargements# and #site alterations# that are not subject to the provisions of Section 105-40, as specified in Section 105-021 (Actions not requiring special review).

Any authorization or special permit granted by the City Planning Commission after July 18, 1995, pursuant to the provisions of this Chapter, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such authorization or special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning

Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

When a #zoning lot# existing on the effective date of the Special District designation is subdivided into two or more #zoning lots#, an application shall be submitted to the Commission for review and approval pursuant to Section 105-90 (FUTURE SUBDIVISION).

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(2/2/05)

105-021

Actions not requiring special review

The special review requirements of Section 105-40 (SPECIAL REVIEW PROVISIONS) of this Chapter shall not apply to the following:

- (a) a #site alteration# on a #zoning lot# containing #buildings or other structures#, or a #development# or #enlargement# on any #zoning lot#, provided that such #zoning lots# shall have:
 - (1) not more than 10,000 square feet of #lot area#;
 - (2) an #average percent of slope# of less than 10 percent;
 - (3) no significant #natural features#, and the resulting #development#, #enlargement# or #site alteration# can satisfy the requirements of Section 105-30 (PRESERVATION OF NATURAL FEATURES), inclusive;
 - (4) the resulting #development#, #enlargement# or #site alteration# not exceed 2,500 square feet of #lot coverage#; and
 - (5) no Notice of Restriction or Restrictive Declaration recorded against the title of such property;
- (b) any #site alteration#, on a #zoning lot# containing a #residential building# in existence on the effective date of the Special District designation, involving a structure that does not

require a permit from the Department of Buildings, including, but not limited to swimming pools, garden sheds and fences, provided that:

- (1) any modification of topography for the footprint, foundation or grading around the footprint of such structure shall not exceed two feet of cut or fill; and
- (2) no tree of six-inch #caliper# or greater shall be removed and the #critical root zone# of such tree shall be an #area of no disturbance# on any #zoning lot#.

(2/2/11)

105-022

Requirements for application

An application to the City Planning Commission for certification, authorization or special permit and to the Department of Buildings respecting any #development#, #enlargement# or #site alteration#, to be made within any #Special Natural Area District#, shall include the following:

- (a) a survey map prepared by a registered surveyor showing topography at two-foot contour intervals and indicating the #average percent of slope#, the existing slope of the land, as it occurs, in categories of 10–14 percent, 15–19 percent, 20–24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#, location of geologic features, aquatic features and botanic environments, as enumerated in Section 105-11 (Description of Natural Features);
- (b) photographs showing the location and condition of such #natural features# for verification with pre-existing aerial survey and/or other photographs for each #Special Natural Area District#;
- (c) a site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#, the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the #critical root zone# and in addition, for #Tier II sites#, the location of any other #area of no disturbance#;
- (d) a drainage plan and soil report prepared by a professional engineer, when necessary to

assess whether or not there will be major impact on #natural features#. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989;

- (e) a grading plan showing all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted;
- (f) a landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings;
- (g) any other information necessary to evaluate the request; and
- (h) for #developments#, #enlargements# and #site alterations# on #Tier II sites#, the application shall also include:
 - (1) an alignment and paving plan for any #private road# with a typical cross-section; and
 - (2) a construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site; and if the #critical root zone# is proposed to be modified, a #tree protection plan# for any tree proposed for preservation.

For a #site alteration#, #enlargement# or #development# within any #Special Natural Area District#, the Commission may modify one or more requirements set forth in paragraphs (a) through (h) of this Section, when such modification is requested by the applicant in writing and when the Commission determines that the requirements are unnecessary for evaluation purposes.

Appendix B of this Chapter should be used as a guide to assist in identifying the #natural features# on the survey required in this Section.

The applicant's submission shall also include a statement admitting authorized Department of

City Planning personnel to the site for the purposes of recording or verifying survey data.

Where a permit is required for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District# from any City or State agency, an application for such permit shall be filed simultaneously with such agency and the Commission.

(2/2/05)

105-023

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application, whenever the #development#, #enlargement# or #site alteration# will interfere with a public improvement project (including highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) that has been approved by the City Council or the City Planning Commission.

(1/19/16)

105-03

District Plan

The regulations of this Chapter are designed to implement the #Special Natural Area District# Plan. The District Plan includes the following:

Appendix A - Special Natural Area District Plan Maps

Appendix B – Glossary

Appendix C - Selection List for Ground Covers and Shrubs

Appendix D - Tree Selection List for On-site Trees

Appendix E - Tree Selection List for Street Trees

These maps and lists are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter shall apply.

(12/19/74)

105-10 NATURAL FEATURES

(2/2/05)

105-11 Description of Natural Features

All #natural features# shall be significant in terms of age, size, composition, function, structure, history, association, location, ecological value or educational interest.

The protection of one #natural feature# may require the protection of another which is closely linked to it. The preservation of #natural features# may also be necessary to avoid such adverse conditions as flooding, erosion or hazards to private property. All vegetation is part of a botanic environment or part of an aquatic feature and shall be considered as a #natural feature# protected by the regulations of this District. For the purposes of this Chapter, vegetation includes all forms of plant material, including, but not limited to, trees, shrubs, vines, ferns, grasses, herbs and other plant life.

All #natural features# defined in this Section and further described in Appendix B of this Chapter shall be protected by the provisions of this Chapter.

(a) Geologic features

(1) Rock outcrop

A rock outcrop is the portion of a rock formation which appears at the surface of the earth.

(2) Geologic deposit

A geologic deposit is a mass of material which has been placed, shaped or created by the actions of wind, water, ice, gravity, vulcanism, pressure or temperature, either alone or in combination. Such deposits are to include erratic boulders, glacial formations, mineral deposits or semi-precious stones.

(b) Topographic features

(1) #Steep slope#

(2) Existing natural topography

Existing natural topography is the ground elevation of land.

(3) #Topsoil#

#Topsoil# is generally the top six inches of soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth.

(c) Aquatic features

Wetlands, including, but not limited to State and Federal, mapped or designated, freshwater or tidal wetlands:

(1) Laminarian zone

A laminarian zone is that land under the surface of salt water from the mean low tide mark to the depth of 15 fathoms. The portion of laminarian zone to be protected by the provisions of this Special District extends to the pierhead line or to the shore line where no pierhead line has been established.

(2) Beach

A beach is a tract of relatively flat, sandy or gravelly land, without visible vegetation, forming the shore of a large body of water.

(3) Tidal wetland and saltwater littoral zone

A tidal wetland or saltwater littoral zone is that land which is regularly covered by tidal waters and its spray.

(4) Swamp

A swamp is a wet woodland, the soil of which is typically waterlogged or often covered with water.

(5) Marsh

A marsh is a wet prairie that has waterlogged soil during the growing season (from last spring frost to first fall frost) and is often covered with shallow water.

(6) Bog

A bog is a tract of waterlogged land without natural drainage.

(7) Meadow

A meadow is a tract of land that is waterlogged to within a few inches of the surface and may have temporary ponds during the non-growing season (between

the first fall frost and first spring frost).

(8) Creek, stream or brook

A creek, stream or brook is a free flowing fresh watercourse on soil, gravel or rock that drains a watershed.

(9) Lake or pond

A lake or pond is a body of fresh or salt water standing year round.

(10) Natural spring

A natural spring is a point source of water exiting from the surface of the earth or rock.

(d) Botanic environments

(1) Primary succession community area

A primary succession community area is a tract of land characterized by species that can tolerate extreme environmental conditions and provide initial protection for less tolerant forms of life. These species are usually annuals and herbaceous.

(2) Secondary succession community area

A secondary succession community area is a tract of land characterized by short-lived trees and shrubs as well as grasses and herbaceous material. These species are less tolerant than primary succession community species but provide a greater diversity and range of protection from the sun, wind and rain.

(3) Climax community area

A climax community area is a stable association of plants and animals that will perpetuate itself indefinitely with minor variation in the group of associated plants. The climax community area in New York City is the glaciated oak-chestnut association, which is part of the eastern hardwood deciduous forest.

(4) Dune or heathland

A dune or heathland is a tract of windblown and wind- or water-shaped sandy land with such characteristic species as beach grass and beach heather.

(5) Wild grassland

A wild grassland is an area whose vegetation is primarily of wild grass species.

The #natural features# defined in this Section are described in Appendix B of this Chapter.

(2/2/05)

105-20 PROTECTION OF NATURAL FEATURES

All #natural features# within a #Special Natural Area District# shall be protected by the regulations of this Chapter in accordance with the provisions set forth in Sections 105-02 (General Provisions), 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES).

Except for any existing #natural feature# that is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no #natural features# described in Section 105-11 (Description of Natural Features) shall be removed, destroyed or altered unless permitted by certification, authorization or special permit of the City Planning Commission, pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), or allowed pursuant to Section 105-021 (Actions not requiring special review).

(2/2/05)

105-30 PRESERVATION OF NATURAL FEATURES

The provisions of this Section are applicable to all #developments#, #enlargements# and #site alterations# within the #Special Natural Area District#, pursuant to Section 105-02 (General Provisions). When pursuant to Sections 105-41 (Certification) or 105-021 (Actions not requiring special review), it is not necessary for an applicant for a #development#, #enlargement# or a #site alteration# to apply for an authorization or special permit, such #development#, #enlargement# or #site alteration# shall nonetheless comply with the #natural feature# preservation requirements of this Section, inclusive.

(2/2/05)

105-31 Botanic Environment and Tree Preservation Requirements

To the maximum extent possible, existing trees and vegetation shall be retained. Trees of six-inch #caliper# or more and vegetation may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

- (a) such trees or vegetation are located in areas to be occupied by #buildings#, #private

roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

- (b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;
- (c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more, designated for preservation and belonging to a species listed in Appendix D (Tree Selection List for On-site Trees) of this Chapter; or
- (d) an authorization pursuant to Section 105-425 (Modification of botanic environment and tree preservation and planting requirements) has been granted by the City Planning Commission approving the removal of such trees or vegetation.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 105-32 (Botanic Environment and Tree Planting Requirements).

(2/2/05)

105-32 Botanic Environment and Tree Planting Requirements

Any vegetation that cannot be saved as a result of #site alteration#, #enlargement# or #development# shall be replaced with alternative vegetation to be approved by the City Planning Commission. All #developments#, #enlargements# and #site alterations# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#.

The replanting of elements of vegetation that are parts of an association or community shall be such as to reestablish, as rapidly as is reasonable, the vigor and character of the association. When necessary to establish ecological balance, the Commission may also require additional vegetation to be planted.

- (a) Tree planting

For the purposes of this Section, the following minimum standard shall apply for tree planting:

- (1) For any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, trees of at least three-inch #caliper#, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof or shall equal a total of 51

percent of all #tree credits# for trees originally on site, whichever is greater.

- (2) For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. Trees newly planted to meet this requirement shall be of a species selected from Appendix D of this Chapter, and acceptable from the standpoint of hardiness, appearance and habit of growth suitable to the site.

The Commission may grant a waiver of the tree planting requirements by certification to the Department of Buildings, where the Commission finds that the ecology of the site is such that the substitution of other plant material would be more appropriate than the tree planting requirements and a detailed plan for planting has been filed with the Commission for its approval.

(b) Botanic Environment Planting

For the purposes of this Section, the following minimum standard shall apply for the planting of vegetation.

Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not permitted to be removed pursuant to the regulations of Sections 105-31 (Botanic Environment and Tree Preservation Requirements) or 105-425 (Modification of botanic environment and tree preservation and planting requirements), shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, plantings shall be provided of the size and number indicated in paragraphs (b)(1), (b)(2), (b)(3) and (b)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix C (Selection List for Ground Covers and Shrubs) of this Chapter. Species of on-site trees shall be selected from Appendix D (Tree Selection List for On-site Trees) of this Chapter.

- (1) Ground cover shall be planted one at one-foot-on-center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and
- (2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or
- (3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or

- (4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.

The planting of species shall not be limited to woody plant materials, but shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses and other associated vegetation. All vegetation to be planted shall be either of the species which characterized the area's biological community prior to #site alteration#, #enlargement# or #development#, or of an alternative biologic community found in the area. Species selection shall give particular attention to the relationship of the species to each other and to the surrounding plant community and to the quality of the soil and the vertebrate and invertebrate populations associated with and dependent upon the proposed plants.

(2/2/05)

105-33

Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422

The maximum permitted percentage of #lot coverage# for #residences# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I
PERMITTED PERCENTAGE OF LOT COVERAGE ON A TIER II ZONING LOT BY ZONING DISTRICT, AVERAGE PERCENT OF SLOPE AND RESIDENCE TYPE

	#Residence District#*						
						R6	
#Average Percent of Slope#	R1	R2	R3	R4	R5	1-2 Family	Other
10-14.9	22.5	22.5	22.5	36.0	45.0	48.6	32.4
15-19.9	20.0	20.0	20.0	32.0	40.0	43.2	28.8
20-24.9	17.5	17.5	17.5	28.0	35.0	37.8	25.2

* or #Residence District# equivalent when #zoning lot# is located within a #Commercial District#

If an authorization is granted for a #development#, #enlargement# or #site alteration# on a #zoning lot# or portion of a #zoning lot# having a #steep slope# or #steep slope buffer# pursuant to Section 105-422, the maximum permitted percentage of #lot coverage# for such #zoning lot# shall not exceed the maximum set forth in Table II of this Section.

TABLE II
 PERMITTED PERCENTAGE OF LOT COVERAGE ON ANY ZONING LOT OR PORTION
 OF ANY ZONING LOT WITH A STEEP SLOPE GRANTED AN AUTHORIZATION
 PURSUANT TO SECTION 105-422

#Residence District#*						
					R6	
R1	R2	R3	R4	R5	1-2 Family	Other
12.5	12.5	12.5	20.0	25.0	27.0	18.0

* or #Residence District# equivalent when #zoning lot# is located within a #Commercial District#

(2/2/11)

**105-34
 Grading Controls for Tier II Sites**

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II sites#.

- (a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.
- (b) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.
- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.
- (d) Fills shall be compacted to at least 95 percent of maximum density, as determined by AASHTO T99 or ASTM D698.

- (e) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.
- (f) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on February 2, 2005, should be rounded in a vertical arc with a radius of not less than five feet.
- (g) Tops and toes of cut and fill slopes and retaining walls shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures for a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet.

(2/2/11)

105-35

Tier II Site Requirements for Driveways and Private Roads

The provisions set forth in this Section and Section 105-34 (Grading Controls for Tier II Sites) shall apply to driveways and to #private roads# that provide access to #buildings# #developed# after February 2, 2005. The provisions for #private roads# set forth in Article II, Chapter 6, shall not apply.

- (a) Driveways
 - (1) The maximum grade of a driveway shall not exceed 10 percent.
 - (2) The paved width of a driveway shall not exceed 18 feet.
 - (3) The maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.
- (b) #Private roads#
 - (1) The maximum grade of a #private road# shall not exceed 10 percent.
 - (2) The width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back.
 - (3) The paved width of a #private road# shall not exceed 34 feet.

- (4) Curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb.
- (5) A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#.
- (6) Curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays.
- (7) A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.
- (8) Along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 105-32 (Botanic Environment and Tree Planting Requirements).
- (9) No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

The City Planning Commission may by authorization pursuant to Section 105-434 (Modification of requirements for private roads and driveways), allow modifications to, or waivers of, the requirements of this Section. The prior approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition for any modification or waiver.

(2/2/05)

105-36 Controls During Construction

The following requirements must be met during construction and identified on the construction plan:

- (a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a #building# foundation except those vehicles engaged in the construction of #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15-foot limit infeasible or impractical.

- (b) Construction fences shall be erected around all vegetation proposed for preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.
- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.
- (d) The #staging area# shall be located in an area that would most minimize destruction of the #natural features# of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.
- (e) #Topsoil# shall be used in the area to be replanted as soon as construction is complete.
- (f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

105-37

Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites

Any #development#, #enlargement# or #site alteration# that is on a #Tier II site# and requires an authorization shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS) that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of this Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer or landscape architect and submitted to the City Planning Commission.

- (a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

105-38

Special Submission Requirements for Authorizations on Tier II Sites

When a #development#, #enlargement# or #site alteration# is on a #Tier II site#, an application to the City Planning Commission for an authorization shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

- (a) A drainage plan and soil report prepared by a professional engineer to protect #natural features#. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description

with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.

- (b) An erosion and sedimentation plan as described in Section 105-37 (Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites).
- (c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.
- (d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

105-40 SPECIAL REVIEW PROVISIONS

The provisions of this Section shall apply to all #developments#, #enlargements# or #site alterations# located within a #Special Natural Area District#.

Prior to the issuance by the Department of Buildings of any permit for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, the City Planning Commission shall certify to the Department of Buildings that the #development#, #enlargement# or #site alteration# is approved pursuant to Sections 105-41, 105-42, 105-43 or 105-44, inclusive.

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Developments), shall apply to a #large-scale residential development#, as modified by the provisions of Section 105-701 (Applicability of large-scale residential development regulations).

(2/2/05)

105-41 Certification

When it is not necessary for the applicant for a #development#, #enlargement# or #site

alteration# to apply for an authorization or special permit, the City Planning Commission shall certify to the Department of Buildings that such #development#, #enlargement# or #site alteration# complies with the regulations of this Chapter, and that no authorization or special permit is required pursuant to this Chapter.

Where #natural features# are to be protected and maintained under Section 105-60 (MAINTENANCE OF NATURAL FEATURES), the Commission shall indicate in the certification specific conditions and safeguards appropriate to the designated area.

(2/2/05)

105-42 Authorizations to Alter Natural Features

For a #development#, #enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

- (a) modification of topographic features including existing natural topography and #topsoil# pursuant to Section 105-421 (Modification of topographic features on Tier I sites) and modification of #steep slopes# pursuant to Section 105-422 (Authorization of a development, enlargement or site alteration on a Tier II site or portion of a zoning lot having a steep slope or steep slope buffer);
- (b) modification of geologic features including the relocation of erratic boulders, and the alteration of rock outcrops pursuant to Sections 105-423 and 105-424;
- (c) modification of botanic environment, pursuant to Section 105-425;
- (d) alteration of aquatic features, pursuant to Section 105-426 in NA-1, NA-2 and NA-3 Districts.

The Commission may prescribe appropriate additional conditions and safeguards to protect the character of the #Special Natural Area District#.

(2/2/05)

105-421 Modification of topographic features on Tier I sites

The topographic features, including natural topography and #topsoil#, existing at the time of designation of a #Special Natural Area District# may be modified by the City Planning Commission, provided that the Commission finds that:

- (a) #development#, #enlargement# and #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification, including any removal of #topsoil#, will not disturb the drainage pattern and soil conditions in the area;
- (c) such modification of topography has minimal impact on the existing topographic features of the surrounding area and blends harmoniously with it;
- (d) such modification is the least modification required to achieve the purpose for which it is granted; and
- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Where permits are required from a City agency, the Commission shall request a report from such agency, and the provisions of Section 105-93 (Inter-agency Coordination) shall apply.

(2/2/11)

105-422

Authorization of a development, enlargement or site alteration on a Tier II site or portion of a zoning lot having a steep slope or steep slope buffer

The City Planning Commission may authorize #developments#, #enlargements# and #site alterations# on a #Tier II site# or on portions of a #zoning lot# having a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the modification will not disturb the drainage patterns and soil conditions of the area; and

- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

The #lot coverage# regulations of Table II of Section 105-33 (Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422) shall apply to any #residential# #development#, #enlargement# or #site alteration# granted an authorization pursuant to this Section.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of this Chapter for which an authorization or special permit has not been obtained.

(2/2/05)

105-423

Relocation of erratic boulders

No erratic boulder with a diameter at any point of six feet or more may be moved from its location at the time of designation of a #Special Natural Area District# to another location within the Special District during #development#, #enlargement# or #site alteration# except in compliance with the provisions of this Section.

Prior to the moving of an erratic boulder from its present location to a location elsewhere within the #Special Natural Area District#, an application shall be filed with the City Planning Commission showing the present location and the proposed location. Moving of an erratic boulder will be permitted only by authorization of the Commission under the following circumstances:

- (a) where such a boulder is located in an area to be occupied by #buildings#, driveways, parking areas or recreation areas and it is not possible to avoid such location by minor adjustments in the arrangement of such #buildings#, driveways, parking areas or recreation areas on the site;
- (b) where the boulder's continued existence in its present location would create hazards or dangers; or
- (c) where authorizations granted by the Commission under the provisions of this Chapter require or clearly contemplate the boulder's relocation from its present position.

In issuing an authorization under this Section, the Commission shall require an appropriate relocation site, visible, if possible, from a public #street#, park, or public place, preferably on the #zoning lot# or elsewhere within the #Special Natural Area District#. The Commission may prescribe appropriate conditions to enhance the setting of the relocated boulder.

(2/2/05)

105-424

Alteration of rock outcrops

The City Planning Commission may authorize the alteration of a rock outcrop, provided that:

- (a) the #development# or #enlargement# is not feasible without such alteration, or that the requested alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or
- (b) such alteration is necessary to protect the health and safety of the site occupants; and
- (c) such #development# or #enlargement#, as authorized, will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

(2/2/05)

105-425

Modification of botanic environment and tree preservation and planting requirements

The City Planning Commission may authorize modifications to the provisions of Sections 105-31 (Botanic Environment and Tree Preservation Requirements), 105-32 (Botanic Environment and Tree Planting Requirements) and paragraph (b)(8) of Section 105-35 (Tier II Requirements for Driveways and Private Roads).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the botanic preservation or planting requirements

being modified; and

- (d) in order to modify requirements relating to tree preservation, planting or removal, the Commission shall also find that:
 - (1) such tree is located in areas which require excessive cut or fill of land deemed inimical to plant survival; or
 - (2) the continued presence of such tree would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning.

Where on-site replanting of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Natural Area District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/05)

105-426

Alteration of aquatic features

No portion of an aquatic feature shall be altered or land operations affecting aquatic features undertaken by or on behalf of present or future applicants for permits except in compliance with the provisions of this Section. The City Planning Commission may permit the alteration of aquatic features, provided that:

- (a) the #development# or #enlargement# is not feasible without such alteration or where such alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or
- (b) such alteration is necessary to protect the health and safety of the site occupants; and
- (c) such #development# or #enlargement#, as authorized, will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district; and
- (d) such modification shall not disturb the drainage patterns in the area.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

Where permits are required from a City agency for any work affecting #natural features#, the Commission shall request a report from such agency and the provisions of Section 105-93 (Inter-agency Coordination) shall apply.

In the event alteration of an aquatic feature is found inappropriate, the Commission may treat an application under this Section as an application for modification of #yard# and height and setback regulations under Section 105-432.

(1/19/16)

105-43

Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations

For a #development#, #enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

- (a) modification of #lot coverage# controls in accordance with the provisions of Section 105-431;
- (b) modification of underlying district regulations relating to #bulk# or #parking# in accordance with the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations);
- (c) modification of grading controls in accordance with the provisions of Section 105-433; and
- (d) modification of requirements for driveways and private roads on #Tier I sites# and #Tier II sites# in accordance with the provisions of Section 105-434.

(2/2/11)

105-431

Modification of lot coverage controls

For any #development# or #enlargement# on a #Tier II site# or within a #steep slope# or a #steep slope buffer# on a #Tier I site#, the City Planning Commission may authorize variations in the #lot coverage# controls set forth in Section 105-33.

In order to grant such authorization, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies

the purpose of this Chapter;

- (b) by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (e) the modification will not disturb the drainage pattern and soil conditions of the area; and
- (f) the modification does not impair the essential character of the surrounding area.

(2/2/11)

105-432

Modification of yard, height and setback regulations, and parking location regulations

For any #development# or #enlargement# that does not qualify under provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, parking lot landscaping or maneuverability requirements, location of parking, driveways or curb cuts and required space between #buildings# on the same #zoning lot#, and may modify height and setback regulations for the purpose of preserving #natural features#, provided the Commission finds that:

- (a) the proposed placement of #buildings# and arrangement of #open space# will not have significant adverse effects upon the light, air and privacy for existing #buildings# in adjacent areas or the opportunities therefore in future #development#; and
- (b) will preserve significant #natural features#.

The Commission may condition such authorizations upon the joint submission of acceptable plans for #development# or #enlargement# of two or more adjacent #zoning lots# by the owners thereof.

(2/2/11)

105-433

Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II site#, the City Planning Commission may authorize variations in the grading controls set forth in Section 105-34.

In order to grant such authorization, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the modification will not disturb the drainage pattern and soil conditions of the area;
- (e) the modification does not impair the essential character of the surrounding area; and
- (f) the benefits to the surrounding area from the modification outweigh any disadvantages that may be incurred thereby in the area.

(1/19/16)

105-434

Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#:

- (a) the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II site# as set forth in Section 105-35 (Tier II Site Requirements for Driveways and Private Roads), as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts) provided that:
 - (1) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
 - (2) such modification is the least modification required to achieve the purpose for which it is granted;

- (3) the modification will not disturb the drainage pattern and soil conditions of the area;
 - (4) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and
 - (5) such modification will enhance the quality of the design of the #development#, #enlargement# or #site alteration#; or
- (b) located on a #zoning lot# containing historic buildings designated by the Landmarks Preservation Commission within the New York City Farm Colony-Seaview Hospital Historic District, as shown on Map 2 in Appendix A of this Chapter, the City Planning Commission may authorize modifications or waivers of the requirements for #private roads# as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR LOTS WITH PRIVATE ROADS) through Section 26-27 (Waiver of Bulk Regulations Within Unimproved Streets), inclusive, and Section 26-30 (SPECIAL REQUIREMENTS FOR LOTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS) through 26-35 (Screening), inclusive, provided that such modification or waiver:
- (1) results in greater environmental conservation or preservation of existing natural features;
 - (2) results in a superior site and landscape plan that will not unduly disturb the drainage pattern and soil conditions of the area;
 - (3) results in greater preservation of historic #buildings# or other architectural elements of the Historic District designated by the Landmarks Preservation Commission;
 - (4) enhances vehicular and pedestrian connections between #buildings# on the site and the surrounding neighborhood;
 - (5) will not impair the essential character of the Historic District and the surrounding area;
 - (6) is the least required to achieve the purpose for which it is granted; and
 - (7) will not reduce the required minimum width of the #private road# to a width less than 34 feet unless the Fire Department has approved such reduction and determined that emergency vehicles can adequately access and move within the site.

(2/2/05)

105-44

Special Permits

For any #development#, #enlargement# or #site alteration# within the #Special Natural Area District#, the City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Sections 105-441 and 105-442.

(2/2/11)

105-441

Modification of use regulations

In addition to any #use# modifications which may be granted under the provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may permit #semi-detached# or #attached# #single-family residences# in R2 Districts and #attached# #single-# or #two-family residences# in R3-1 Districts.

Furthermore, except in the #Special Natural Area District#-1 (NA-1), the Commission may permit #semi-detached# or #attached# #single-family residences# in R1-2 Districts provided that the #development# or #enlargement# is on a tract of land of at least four acres, and provided the Commission finds that:

- (a) the preservation of #natural features# requires the permitted #development# to be concentrated to the extent feasible in the remaining portion of the tract;
- (b) for such concentration of #development#, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #residential building# types;
- (c) the change of housing type constitutes the most effective method of preserving #natural features#;
- (d) the #aggregate width of street walls# of a number of #residential buildings# separated by party walls shall not exceed 100 feet;
- (e) the proposed #street# system for the tract of land to be #developed# is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area; and
- (f) the existing topography, vegetation and proposed planting effectively screen all #attached# #single-family residences# from the #lot lines# along the perimeter of the tract of land to be #developed#.

(2/2/05)

105-442

Natural area dedicated for public use

Where commonly or separately owned areas containing #natural features# of exceptional recreational, cultural or educational value to the public are dedicated to the City, without any cost to the City, pursuant to Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may by special permit allow, where appropriate, such portion of the #zoning lot# to be included in the zoning computation for #floor area#, #open space#, #lot coverage# and density regulations and other #bulk# computations.

(2/2/05)

105-45

Certification of Restoration Plans

On any #zoning lot# to which the provisions of Section 105-02 (General Provisions) apply, no #natural features# as described in Section 105-11 (Description of Natural Features) or any other vegetation shall be removed, altered, relocated or replaced without prior approval by the City Planning Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

In the event that any such features are removed, altered, relocated or replaced from a #zoning lot# without prior approval by the Commission, the Commission may specify the manner of their replacement or restoration. If trees are to be planted, the Commission may require that they be three inches in #caliper#.

A copy of the restoration plan certified by the Commission specifying requirements for the replacement or restoration of the #natural features# shall be issued to the owner of the #zoning lot# containing such violations and to the Department of Buildings.

Upon receipt of the Commission's certified restoration requirements, the Department of Buildings shall require the owner of the #zoning lot# to remove the violations in accordance with the requirements set forth by the Commission. If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to terminate the violations. For compliance with new planting requirements to remove violations, the Department of Buildings may allow an additional 90 days.

No building permit or certificate of occupancy shall be issued by the Department of Buildings for any #development#, #enlargement#, #site alteration# or #use# on such #zoning lot# until the violations are removed from the #zoning lot# in accordance with the restoration plan certified by

the Commission.

(2/2/11)

105-50 REGULATIONS FOR PROTECTION OF NATURAL FEATURES

The provisions of this Section establish regulations for City Planning Commission review of #development#, #enlargement# or #site alteration# plans from the standpoint of the adequacy of protection for #natural features# within a #Special Natural Area District#. Plans that are deficient in this regard may be rejected or required to be modified, even though they comply with all other applicable regulations of this Chapter.

These regulations are to be used by the Commission in reaching a determination whether to approve #development#, #enlargement# or #site alteration# plans filed pursuant to Sections 105-41 (Certification), 105-42 (Authorizations to Alter Natural Features), 105-43 (Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations) or 105-44 (Special Permits).

The Commission, where appropriate, shall be guided by the reports from other city agencies involved in land contour work, storm water drainage systems and similar operations affecting #natural features#.

In determining the necessary alteration of #natural features# or extent of modifications involved in a #development#, #enlargement# or #site alteration#, the Commission shall be guided by the effect of any alteration of a #natural feature# on the total ecological process of the surrounding natural environment including the following: the effect of such alteration on the existing topography, soil conditions, erosion, natural flow of water and drainage, water quality, and animal, plant and marine life.

Further guidelines for the protection of #natural features# are:

- (a) No #natural feature# shall be moved, removed, covered, diminished, broken or disfigured, unless permitted pursuant to the provisions of Sections 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-40 (SPECIAL REVIEW PROVISIONS). Furthermore, #topsoil# shall neither be removed from the surface of any #zoning lot# nor covered with inferior material unless permitted pursuant to Section 105-40. Where existing topography is altered without prior authorization of the Commission, the Commission may require new grading or other topographical modifications or surface improvement to reestablish the viability and function of the soil as a growing medium, and as a drainage surface, in order to permit the site to blend harmoniously with the surrounding area of the Special District.
- (b) Filling, excavating, draining, dredging, grading and contouring shall be staged and controlled so as to minimally impair the function, composition, vitality and existence of

#natural features#. When and where possible, such operations shall be done in a manner so as to maintain or improve the biological system and individual features on the site.

- (c) All filling, excavating, draining, dredging, grading and contouring shall avoid creation of #steep slopes# or conditions causing erosion, loss of fertility of soil, health or safety hazards, and shall be done in conformance with the limits and nature of the soil involved.
- (d) All land operations including filling, excavating, draining, dredging, grading and contouring shall be limited to those operations which maintain or restore natural drainage, cause a minimum disturbance of the #natural features# and their setting while providing for the #development#, #enlargement# or #site alteration# or permitted #uses#.
- (e) No #development#, #enlargement# or #site alteration# shall be such as to impede or change the quality, turbidity, temperature or chemical composition of natural drainage or aquatic features.
- (f) A #development#, #enlargement# or #site alteration# shall be permitted only in areas sufficiently removed from the #natural features# to avoid impairment of their existence, functions or beauty.
- (g) There shall be maximum preservation of all natural vegetation in and adjacent to the #natural features# found on the site. Plant communities which have been substantially reduced in area or composition as a result of a #development#, #enlargement# or #site alteration# shall be restored, extended or replaced by alternative plant materials with an adequate maintenance program. In no case shall the site be allowed to be denuded and without vegetational cover upon completion of the #development#, #enlargement# or #site alteration#.
- (h) Replacement of any #natural feature# and planting of new vegetation on a site in the Special District shall be such as to extend, reinforce, increase the diversity, function and vitality of an association or community in the area. Special attention shall be given to symbiotic relationships between plants and the relationship between vegetation to be planted and animal populations which are dependent upon or related to the proposed vegetation. Where appropriate, planting shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses, and other associated vegetation.
- (i) Adequate provision shall be made for proper management and maintenance of #natural features# and their immediate surroundings to avoid pollution, loss of vigor, reduction in composition or function or other ecological damage.
- (j) Where appropriate, when a portion of a #natural feature# or its function must be altered, such alteration shall not only reinforce the function, vitality and existence of the remaining portion of the #natural feature# but also improve conditions for other #natural features#. This shall apply particularly but not exclusively to the removal and replanting of plant materials.

- (k) Where appropriate, a #development#, #enlargement# or #site alteration# shall be such as to leave #natural features# intact in their natural setting and, where feasible, visible from public #streets# or places.
- (l) For a #steep slope#, these additional requirements apply:
- (1) In all #Residence Districts#, for #residential# #developments# on individual #zoning lots# substantially within a #steep slope# area, the #lot area per dwelling unit# requirement shall not be less than 12,500 square feet. Except in R1 Districts located in #Special Natural Area District#-1 (NA-1), the Commission may, for a tract of land of at least four acres substantially within the #steep slope# area, modify, by authorization, the #lot area per dwelling unit# requirement set forth in this paragraph, (l)(1), for the #steep slope# area, and may allow #development# to be concentrated in clusters to preserve the #steep slope# areas in their natural state, provided that such clusters are located to the extent feasible in areas of comparatively flat topography and will not require unnecessary grading on adjacent slopes or the creation of new #steep slopes#.
 - (2) In no event shall the #lot area per dwelling unit# requirement be less than the amount required by the underlying district regulations.
 - (3) Existing vegetational cover in steep areas shall not be removed, destroyed or damaged except pursuant to development and grading plans approved by the Commission. An objective of such plans shall be to fit #street# layouts and #building# designs to the natural terrain, limit grading to a practical minimum and provide for maximum preservation of the natural terrain and vegetational cover.

(2/2/05)

105-60 MAINTENANCE OF NATURAL FEATURES

For any #development#, #enlargement# or #site alteration# on a tract of land within a #Special Natural Area District#, the City Planning Commission may require a maintenance plan for a #natural feature#. Where a maintenance plan is required, approval of the development plan and the granting of any certification, authorization or special permit shall be conditioned upon the Commission's approval of the maintenance plan.

The maintenance plan shall specify what the maintenance is to consist of and whose responsibility it will be, and shall provide assurance that maintenance will be satisfactorily executed. The Commission, in considering the maintenance needs of a particular #natural feature# and the content of an acceptable maintenance plan shall, where appropriate, refer all relevant plans to the Landmarks Preservation Commission, Department of Parks or other City agency with primary responsibilities in natural areas conservation, for its report thereon. The

Commission shall, in its determination, give due consideration to any such report submitted within one month from the date of referral. If such City agency does not report within one month, the Commission may make a final determination without reference thereto.

For #natural features# for which the Commission determines that specialized maintenance and regulated public #use# are appropriate, the maintenance plan may provide for dedication of the #natural feature# to the City or an approved private conservation organization for responsible maintenance in the public interest.

(2/2/11)

105-70

SPECIAL REGULATIONS FOR RESIDENTIAL DEVELOPMENT

In order to carry out the purposes of this Chapter, all #zoning lots# #developed# predominantly for #residential use# may be subject to the provisions of this Section.

(2/2/11)

105-701

Applicability of large-scale residential development regulations

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments), shall apply except as modified by the provisions of this Section.

Any #zoning lots# #developed#, used predominantly for #residential uses#, may be treated as a #large-scale residential development# and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein or in Section 105-80 (JOINT APPLICATIONS), regardless of whether such #zoning lot# will have the area, number of #buildings# or number of #dwelling units# specified in the definition of #large-scale residential development#, as set forth in Section 12-10 (DEFINITIONS).

However, in R1 Districts located in the #Special Natural Area District#-1 (NA-1), no modification of minimum required #lot area# as set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) shall be allowed for any #development# pursuant to paragraph (c) of Section 78-311 (Authorizations by the City Planning Commission) or Section 78-32 (Bonus for Good Site Plan) but modifications of required #front# or #rear yards# and height and setback regulations on the periphery of such #zoning lot#, pursuant to paragraphs (c) and (d) of Section 78-312 (Special permits by the City Planning Commission), shall apply. Modification of #side yards# of all #zoning lots#, including #zoning lots# in R1 Districts, shall be subject to the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations).

Bonuses which may be granted for #large-scale residential developments#, pursuant to Section 78-32 through Section 78-35 (Special Bonus Provisions), may not be granted for #zoning lots# which have less than 10 acres and less than the number of #buildings# or number of #dwelling units# required by the definitions of a #large-scale residential development#.

Commonly or separately owned areas containing #natural features# may qualify as common #open space# for purposes of satisfying #open space# requirements.

Approval by the Commission of a development plan incorporating #natural features# as common #open space# shall be conditioned upon the findings required in Sections 78-313 (Findings) and 78-52 (Common Open Space) with respect to the qualification of areas as common #open space# and upon additional findings that appropriate safeguards are provided for the protection and preservation of such #natural features#. In the case of #natural features# that are determined to have qualities of exceptional recreational, cultural or educational value to the public and that are directly accessible to the public from a public right-of-way, the applicant may request the City to take title or a less than fee interest in the property occupied by such a #natural feature# without any cost to the City or its designee for #use# and enjoyment by the public subject to the provisions of Section 105-60 (MAINTENANCE OF NATURAL FEATURES).

(2/2/11)

105-702

Applicability of lower density growth management area regulations

The regulations for #developments# or #enlargements# within #lower density growth management areas# are modified as follows:

(a) Parking location regulations

#Accessory# parking spaces shall be permitted within a #front yard#.

(b) Private road regulations

The provisions of paragraph (b) of Section 105-35 (Tier II Requirements for Driveways and Private Roads) shall apply to #Tier II sites# accessed by #private roads#.

(12/19/74)

105-80

JOINT APPLICATIONS

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which is the subject of an application for authorizations or special permits under the provisions of this Chapter may include adjacent property in more than one ownership, provided that the application is filed jointly by the owners of all property included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after #development# shall be subject to the provisions of Section 78-51 (General Provisions).

(2/2/11)

105-90 FUTURE SUBDIVISION

Within a #Special Natural Area District#, any #zoning lot# existing on the effective date of the Special District designation may be subdivided into two or more #zoning lots#, provided that #natural features# are preserved to the greatest extent possible under future development options.

A plan for such subdivision shall be filed with the City Planning Commission and the Commission shall certify that such subdivision complies with this objective. The subdivision plan shall include a survey map indicating existing topography and other #natural features# within this area. When a #zoning lot#, existing on the effective date of the Special District designation, is more than 10 acres and is intended to be subdivided, an area plan of the entire #zoning lot# shall be filed with the Commission. The area plan shall include the proposed #street# system within the area, #block# layouts and any other information required by the Commission.

When any #zoning lot# is subdivided into two or more #zoning lots#, all resulting #zoning lots# that lie substantially within a #steep slope# area existing as of December 19, 1974, shall be subject to the #steep slope# provisions of Section 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES) and all other provisions of this Chapter, as applicable.

In the event that #natural features# on any #zoning lot# subject to the provisions of Section 105-02 (General Provisions) proposed for subdivision have been removed, altered, relocated or replaced from the #zoning lot# without prior approval by the Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS), the Commission shall not approve the subdivision until violations are removed from the #zoning lot# in accordance with the Commission's requirements under Section 105-45 (Certification of Restoration Plans).

(2/2/05)

105-91 Special District Designation on Public Parks

When a #Special Natural Area District# is designated on a #public park# or portion thereof, any #natural features# existing on December 19, 1974, within such area shall not be removed, destroyed or altered unless authorized by the City Planning Commission. As a condition for granting such authorization, the Commission shall find that any alteration of #natural features# is the least alteration required to achieve the purpose intended and such authorization is consistent with the intent of the #Special Natural Area District#.

(2/2/11)

105-92 Special Provisions for City-owned Land

The provisions of Section 105-40 (SPECIAL REVIEW PROVISIONS) shall apply on City-owned land, except that modifications permitted under Section 105-44 (Special Permits) may be approved by the City Planning Commission.

Furthermore, provisions of Section 105-93 (Inter-agency Coordination) shall apply on City-owned land. However, the provisions of this Chapter shall not apply to any public improvement project approved by the Board of Estimate prior to the effective date of the Special District designation.

(2/2/05)

105-93 Inter-agency Coordination

Where an authorization or permit is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Departments of Transportation or Buildings for land contour work, by the Department of Environmental Protection for storm water drainage systems for #buildings# or adjacent areas or where construction of a public improvement project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed #development#, #enlargement# or #site alteration# within a #Special Natural Area District# will best meet the purposes of the Special District. Applications for any required permit or authorizations shall be filed simultaneously with each agency requiring a permit.

(5/21/75)

105-94

Special Natural Area Districts Specified

(6/23/77)

105-941

Special Natural Area District-1:

Emerson Hill, Dongan Hills, Todt Hill, Lighthouse Hill and the Central Wetlands Area of Staten Island

The central, serpentine, hilly spine of Staten Island is composed of Emerson Hill, Dongan Hills, Todt Hill and Lighthouse Hill. These hills are richly endowed with steep slopes, rock outcrops, erratic boulders and ponds, lakes, swamps, creeks and many trees of the glaciated Oak-Chestnut association.

To the south and west of the serpentine hills are tidal wetlands, a habitat for marine life and water fowl. The wetlands include parts of Latourette Park, Fresh Kills Park and New Springville Park. The high and low wetlands of Latourette Park and New Springville Park and most of the low wetlands of Fresh Kills Park remain in their natural state. The purpose of this #Special Natural Area District# is to preserve and protect the aforementioned #natural features# pursuant to the provisions of this Chapter.

(5/21/75)

105-942

Special Natural Area District-2:

Riverdale, Spuyten Duyvil and Fieldston, The Bronx

The Riverdale Ridge of The Bronx is composed of part of Riverdale, Spuyten Duyvil and Fieldston. This ridge contains steep slopes, rock outcrops, ponds, brooks, swampy areas and mature trees.

The western foot of the ridge contains marshes, feeding areas for water fowl. The shore line of the Hudson River estuary contains the aquatic food web necessary to sustain marine life.

The marshes and most of the Hudson River shore line are included in Riverdale Park. Much of the Riverdale Ridge and Riverdale Park are in their natural state. The purpose of this #Special Natural Area District# is to preserve and protect the aforementioned #natural features# pursuant to the provisions of this Chapter.

(12/1/77)

105-943**Special Natural Area District-3:
Shore Acres Area of Staten Island**

The Shore Acres area of Staten Island owes its unique character to Shore Acres Pond, which is fed predominantly by springs percolating from an underground aquifer through Pleistocene strata of sand and gravel.

The Pond is a resting place for migratory and local fowl as well as a watering hole for opossums which are abundant along the wooded cliffs of the Narrows. The Pond has shaped its built environment, including the street layout, landscaping and orientation of neighboring homes. The surrounding area is distinguished by rolling topography with orientation of the northeastern edge toward Lower New York Bay and the Narrows.

The natural drainage area is in need of protection to ensure survival and maintenance of the Pond which in turn is essential to the preservation of this special area.

(6/6/24)

105-944**Special Fort Totten Natural Area District-4**

(a) General purposes

The "Special Fort Totten Natural Area District"-4 (hereinafter referred to as the Special District), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following general purposes:

- (1) to preserve, protect and enhance the combination of historically significant buildings and other structures, public open spaces, outstanding scenic views and pedestrian and vehicular circulation system which by their siting create a unique balance between buildings and open spaces and which, together with the harmonious scale of development and landscaping, add to the quality of life in the area;
- (2) to protect aquatic, biologic, geologic, topographic and other natural features having ecological and conservation values and functions;
- (3) to improve the quality of new development in the area by fostering the provision of specified public amenities and recreational facilities in appropriate locations and by making these facilities directly accessible to the public; and

- (4) to promote the desirable use of land improvements in accordance with the District Plan and in conformance with the character of the Fort Totten area and thus conserve the value of land and buildings and thereby protect the City's tax revenue.

(b) Definitions

- (1) Designated open space

The "designated open space" is an #open space# as shown on the District Plan.

- (2) Street

For the purpose of this Section, a "street" is a way existing within the #Special Fort Totten Natural Area District#-4 as shown on the District Plan (Appendix A) complying with the definition of #street# in Section 12-10, except that the #street# width shall be limited to existing dimensions. No modification of existing dimensions shall be permitted without prior certification of the City Planning Commission.

(c) General requirements

- (1) Requirements for applications

An application to the Commission for any #development# within the Special District shall be subject to the requirements of Section 105-021 (Actions not requiring special review). In addition, an application for #development# within Area B shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, #building# sections and elevation and an appropriate model of the planned community.

The Commission shall require, where relevant, a subdivision plan and, in the case of a site plan providing for common #open space# or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

- (2) Pier #development#

The Commission may permit, by special permit, pier #development#, only upon finding that the proposed #development# shall have no significant adverse impact on the Special District or surrounding environment. The Commission may prescribe appropriate conditions and safeguards to minimize possible adverse

effects on the surrounding area.

(d) Special regulations

(1) Demolition

Except in Area E, no demolition permit or alteration permit for alterations which may affect the character or design of the facade of a #building or other structure# shall be issued by the Department of Buildings, except as permitted by the Commission, unless it is an unsafe #building or other structure# and demolition or alteration is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code. An applicant for any such permit shall notify the Landmarks Preservation Commission of the application.

The Commission, by special permit, may allow:

- (i) the alteration of such #building or other structure#, provided that such alteration treatment of the facade relates harmoniously to the character and materials of the original facade and to the adjoining #buildings or other structures#; or
- (ii) the demolition of such #buildings or other structures#, other than those deemed unsafe as defined by the Department of Buildings, provided that the Commission finds that the existing #building or other structures# are not suitable for rehabilitation.

Where a #building or other structure# has been demolished pursuant to this Section, the Commission may, by special permit, allow the replacement of the demolished structure provided that the design of the new structure in terms of scale, #lot coverage#, #building# height and exterior treatment of the facade shall replicate as nearly as possible the design and site plan of the original #building#.

(2) Special height regulations

In order to preserve the unique character of the Special District and to protect the views of and to the water within the Special District, Section 23-631 (General provisions) shall apply except that the maximum height for any #development# or #enlargement# shall be 32 feet or three #stories#, whichever is less.

(3) Location of zoning district boundaries at the shore line

Zoning district boundary lines shall coincide with the shore line lawfully existing on April 28, 1983, or any natural or lawful alteration thereof.

A zoning district boundary line which intersects the shore line lawfully existing

on April 28, 1983 shall be prolonged, in a straight line, to such naturally or lawfully altered shore line. Lawfully approved piers or other lawfully approved structural extensions of the shore line, as may be so altered, shall not generate development rights.

(4) Designated open space

Any #development# or #site alteration# on a #zoning lot# which contains #designated open space# as shown on the District Plan, shall require certification by the Commission that such #designated open space# shall not be reduced in size or altered in shape and shall be preserved in its natural state by the owner of the #zoning lot#.

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of #designated open space#, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.

#Designated open space# may be used for active recreational facilities provided that the Commission certifies that such #uses# have minimal impact on tree removal, topographic alteration or drainage conditions.

All #designated open spaces# shall be directly accessible to the public from public rights-of-way between dawn and dusk. A prominent plaque or other permanent #sign# shall be displayed on all #designated open spaces# in a prominent location, designated by the Commission, visible from the adjacent public right-of-way. Such plaque or permanent #sign# shall have a #surface area# of not less than three nor more than six square feet, and shall contain the following statement:

"This area is open to the public between sunrise and sunset."

(5) District plan

The District Map for the #Special Fort Totten Natural Area District#-4 identifies specific areas comprising the District Plan in which special zoning regulations carry out the general purposes of the #Special Fort Totten Natural Area District#-4. The District Plan is set forth in Appendix A and is made an integral part hereof. These areas and the specific paragraphs of this Section which contain regulations pertaining thereto are as follows:

Area A - Historic Fort Area, paragraph (d)(6)

Area B - Planned Community Area, paragraph (d)(7)

Area C – Water Related Area, paragraph (d)(8)

Area D - Bay Area, paragraph (d)(9)

Area E - Development Area, paragraph (d)(10)

(6) Historic Fort Area (Area A)

Within Area A (Fort Area) there shall be no #development# nor #enlargement# of existing #buildings or other structures# except that the Commission may authorize necessary renovation to protect existing structures. In all cases the Commission shall refer all applications to the Landmarks Preservation Commission and Department of Parks and Recreation or other City agencies with primary responsibilities in the conservation area, for its report thereon.

(7) Planned Community Area (Area B)

In order to protect the unique scale, character and design relationships between the existing #buildings# and public #open spaces# and parade grounds, no #development#, #enlargement# nor alteration of landscaping or topography shall be permitted, except as set forth herein and as provided by paragraph (d)(1) of this Section.

(i) Special permit

For any #development#, #enlargement# or alteration of landscaping or topography, the Commission may, by special permit, allow:

- (a) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning# #lot lines#;
- (b) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lot# within the development to be distributed without regard for #zoning# #lot lines#;
- (c) minor variations in the #yard# and #court# regulations required by the applicable district regulations;
- (d) minor variations in the height and setback regulations required by the applicable district regulations;
- (e) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot);
- (f) permitted or required #accessory# off-street parking spaces to be located anywhere within the #development# without regard to

#zoning# #lot lines#, or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to findings of Section 78-41 (Location of Accessory Parking Spaces), or where such requirement substantially injures the functioning of the existing area, authorize waiver of all or part of the required parking.

(ii) Findings

As a condition precedent to the granting of a special permit under the provisions of paragraph (d)(7)(i) of this Section, the Commission shall make the following findings:

- (a) that the #development#, #enlargement# or said alteration is related to the existing #buildings or other structures# in the Planned Community Area (Area B) in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the area;
- (b) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that presently exists, consistent with the scale and design of the existing #buildings# and the landscaping surrounding the new landscaping arrangement and conditions of the community;
- (c) that the #development# or #enlargement# is sited such that it will not require at the same time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic which will diminish the environmental quality of the community;
- (d) that minimal landscaping is to be removed during construction and such areas will be fully restored upon completion of construction.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions, and limitations of any special permit hereunder to minimize adverse effects on the character and quality of the community.

(iii) Parade ground

Unless ownership is retained in a governmental agency, the parade ground

#designated open space# shall be commonly owned with a #zoning lot# within Area B or Area E and the maintenance of the parade ground shall be the collective responsibility of said owner or owners. The parade ground shall be used for open recreational #uses# and may contain minor #accessory# structures to said #use#. The parade ground shall be directly accessible from the adjoining #streets# along its entire perimeter. There shall be no fences nor walls around or within the parade ground.

(8) Water Related Area (Area C)

In order to protect the unique aquatic and botanic characteristics of the area, there shall be no #development# in Area C except as provided by paragraph (d)(1) of this Section.

(9) Bay area (Area D)

In order to promote waterfront related activities, the permitted #uses# in a C3 District shall be modified as follows in Area D:

- (i) #residential uses#, which #uses# are permitted only above the ground floor of those #buildings# existing prior to April 28, 1983;
- (ii) all #uses# listed under Use Group VI shall be permitted as applicable in C2 Districts, except #uses# listed in Motor Vehicle and Parts Dealer.

(10) Development area (Area E)

Any #zoning lot# #developed# predominantly for #residential uses# may be considered a #large-scale residential development#, and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 8, except that the #accessory# #uses# of Section 78-22 (Accessory Uses in Large-Scale Residential Developments) shall not apply.

Any #zoning lot# #developed# predominantly for #community facility uses# may be treated as a #large-scale community facility development#, and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 9.

In Area E, the Commission may authorize clustering of #single-family# and #two-family residences# and a modification of housing types in order to maximize the preservation of existing #natural features# in the area, and to provide adequate view protection, and to relate these new structures with the existing structures in the general vicinity. Clustering shall be limited to a maximum #street wall# of 100 feet.

Any and all bonuses permitted in Sections 78-32 through 78-353, inclusive, shall

not apply to #development# in Area E.

Appendix B Glossary

Part I:

Certain botanic terms referred to in the text and Part II of this Appendix are explained below:

A "tree" is any woody plant with one trunk rising out of the earth and root system, from which branches then spring, usually at some distance from the earth. A tree may be deciduous or coniferous.

A "shrub" is a woody plant that has one or more trunks rising from the same root system instead of a single trunk. These trunks or stems may or may not branch at some distance from the earth. A shrub may be deciduous or coniferous.

A "herb" is a non-woody plant with a fleshy stem which dies back to the earth level at the end of the growing season. It may be annual, biennial, or perennial.

A "vine" is a woody plant whose trunk or stem must be supported by the general environment or other plants. It is unable to stand on its own.

A "grass" is a family of herbaceous plants, rarely woody, with hollow round stems.

An "annual" is a plant which completes its life cycle in the space of one growing season, that is, it goes from seed to full plant and flower and sets seed in a single season.

A "biannual" is a plant which requires two years to grow from seed to mature plant capable of producing seed and then dies.

A "perennial" is a plant which lives more than one or two years and usually produces seeds for more than a few years.

A "fern" is a perennial, flowerless plant which reproduces by spores.

An "association" is a grouping of many plant species over a wide area sharing a common habitat and similar geographic conditions.

A "community" is a series of plants, animals, algae, fungi, grasses, trees, shrubs, herbs and other life forms which characteristically grow and live together in harmony, creating a balanced biological environment.

Part II:

Description of Natural Features defined in Section 105-10 (NATURAL FEATURES):

(a) Geologic features

(1) Rock outcrop

A rock outcrop shows the type of rock underlying the area, the results of surface abrasion by glacier, waterborne or windborne matter, or the results of chemical or temperature weathering.

(2) Geologic deposits

Geologic deposits include:

Soils of different origins such as loess and mineral deposits such as artinite, garnets, zircon, topaz, beryl, tourmaline, algite, tremolite, serpentine, muscovite, amethyst, peridot, jadeite, geodes and other elements of the Precambrian, Odovician, Triassic, Cretaceous, Pleistocene and Holocene geology found in New York City.

An erratic boulder is a relatively large mass of rock which has been moved significant distances from its parent rock to be left amidst a geologic area which has a different history and origin than the parent.

(b) Topographic features

(1) #Steep slope#

A #steep slope# includes ground formation with sharp inclines such as hills and palisades.

(2) Existing natural topography

Existing natural topography includes terrain other than #steep slope# areas.

(3) #Topsoil#

#Topsoil# includes all of the A horizon, specifically, from top to bottom: the A1 litter layer where organic material, such as leaves and animal matter accumulate; the A2 fermentation layer where organic material is decomposed by fermentation, fungi, bacteria and soil organisms; the A3 humic layer where humus, resulting from the decomposition process, lies; and the B1 mixing layer where the humic substances become mixed with mineral matter.

(c) Aquatic features

(1) Laminarian zone

(i) Rock bottom

Characteristic plants:

Green algae:

Chaetomorpha melagonium

Cladophora gracilis

Codium fragile

Brown algae:

Asophyllum nodosum

Sargassum filipendula

Agarum cribrosum

Red algae:

Rhodomenia palmata (Dulse)

Ceramium robrum

Ahnfeltia plicata

Polysiphonia lanosa

Seirospora griffithsiana

Callithamnion corymbosum

Characteristic animals:

Diadumene leucolena - Pallid sea anemone
Ceriantheopsis americanus - Worm sea anemone
Astrangia danae - Star coral
Crisia denticulata - Fringed moss animal
Bugula turrita - Turreted moss animal
Membranipora monostachys - Sea mat
Lepas fasticularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt marsh periwinkle
Crepidula fornicata - Common boatshell
Polinices duplicatus - Shark eye
Urosalpinx cinera - Oyster drill
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Crassostrea virginica - Virginia oyster
Petricola pholadiformis - False angelwing

(ii) Mud or sand bottom

Characteristic plants:

Green algae:

Chaetomorpha melagonium

Cladophora gracillis

Brown algae:

Sargassum filipendula

Laminaria agardhi

Agarum cribosum

Red algae:

Rhodomenia palmata (Dulse)

Cystoclonium purpureum

Ahnefeltia plicata

Polysiphonia lanosa

Seirospora griffithsiana

Callithamnion corymbosum

Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle

Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt march periwinkle
Crepidula fornicata - Common boatshell
Polinices duplicatus - Shark eye
Lunatia heros - Common moonshell
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Nucula proxima - Atlantic nut clam
Aequipecten irradians - Bay scallop
Mercenaria mercenaria - Northern quahog
Macoma baltica - Baltic macoma
Tagelus plebius - Stout razor
Mya arenaria - Soft shell clam
Corbulua contracta - Common basket clam

(2) Beach

Characteristic saltwater beach animals:

Beach flea:

Orchestia agilis

Talitrus longicornis

Sandworms or Bristleworms:

Nereis virens

Nereis limbata

Nephtys picata

Arabella opalina

Lumbriconereis tenuis

Glycera americana

Nerine agilis

Cirratulus grandis

Cistenides gouldii

Clymenella torquata

Maldane elongate

Ghost shrimp:

Penaeus brasiliensis

Laldemonetes vulgaris

Crangon vulgaris

Ghost crab, Horseshoe crab, Green crab:

Ocypoda arenaria

Limulus polyphemus

Carcindes moenas

Blue crab:

Callinectes sapidus

Callinectes hastatus

Lady crab, Sand crab, Rock crab:

Ovalipes ocellatus
Platyonichus ocellatus
Cancer irroratus
Fiddler crabs:
UCA minax
Gelasimus minax
UCA pubnax
Gelasimus pugnax
UCA pugilator
Gelasimus pugilator
Pinnotheres maculatum - Oyster crab
Venus mercenaria - Hardshell clam
Mya arenaria - Softshell clam
Ensis directus - Razor clam
Tagelus gibbus - Clam
Psilaster florae - Starfish
Amphiura squamata - Brittlestars
Echinarachneus parma - Sand dollar
Snails:
Haminae solitaria
Scala lineata
Scala multistriata
Polynices heros
Polynices triseriata
Polynices duplicata
Crepidula fornicata
Crepidula plana
Littorina littorea (Periwinkle)
Urosalpinx linera (Oyster drill)
Eupleura caudata
Columbella avara
Columbella similis
Columbella anachis
Columbella astyris
Columbella lunata
Nassa trivittata
Nassa obsoleta

(3) Tidal wetland or saltwater littoral zone

(i) Rock bottom

Characteristic plants:

Blue-green algae:
Callothrix spp.

Rivularia atra
Green algae:
Ulothrix flacca
Enteromorpha intestinalis
Ulva lactuca (Sea lettuce)
Monostroma oxyspermum
Codium fragile
Brown algae:
Fucus vesiculosus
Fucus vesiculosus var spiralis
Fucus spiralis
Ascophyllum nodosum
Red algae:
Hildenbrandia prototypus
Agardhiella tenera
Chondrus crispus (Irish moss)
Bangia fuscopurpurea
Porphyra umbilicalis
Ceratium rubrum
Ahnfeltia plicata
Polysiphonia lanosa
Scirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Lepas fascicularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina saxatilis - Rough periwinkle
Littorina irrorata - Salt marsh periwinkle
Crepidula fornicata - Common boatshell

(ii) Mud or sand bottom

Characteristic plants:

Blue-green algae:
Cylindrocapsa spp.
Lyngbya majuscula
Rivularia atra (Mermaids hair)
Rhizosolenium fragile
Green algae:
Enteromorpha linza
Ulva lactuca (Sea lettuce)

Monostroma oxyspermum
Codium fragile
Red Algae:
Chondrus crispus (Irish moss)
Bangia fuscopurpurea
Porphyra umbilicalis
Ceramium rubrum
Ahnfeltia plicata
Polysiphonia lanosa
Scirospora griffithsiana
Callithamnion corymbosum
Baccharis halimifolia - Groundsel tree
Distichlis spicata - Alkali grass
Hybiscus palustris - Marsh mallow
Iva frutescens - Marsh elder
Juncus gerardi - Black grass
Limonium carolinianum - Sea lavender
Phragmites communis - Reed
Ruppia maritima - Wigdeon grass
Salicornia spp. - Perennial saltwort
Spartina alternifolia - Smooth cordgrass
Spartina cynosuroides - Salt reedgrass
Spartina patens - Salt hay
Spartina pectinata - Freshwater cordgrass
Zostera pectinata - Eelgrass

Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle
Littorina saxatilis - Rough periwinkle
Littorina littorea - Salt marsh periwinkle

(4) Swamp

Characteristic plants:

Acer rubrum - Red maple
Acer - Silver maple
Alnus spp. - Alder
Arisaema triphyllum - Jack in the pulpit
Cephalanthus occidentalis - Buttonbush
Cornus florida - Dogwood
Epilobium hirsutum - Willowherb
Hibiscus moscheutos - Rosemallow
Salix spp. - Willow

Smilax glauca - Catbrier
Smilax rotundifolia - Bulbrier
Quercus palustris - Pin oak

(5) Marsh

Characteristic plants:

Acnida - Waterhemp
Acorus calamus - Sweetflag
Cyperus spp. - Chufa
Echinochola - Wild millets
Eleocharis - Spikerushes
Impatiens pallida - Jewelweed
Leersia orysoidea - Rise cutgrass
Phragmites communis - Reeds
Pontederia cordata - Pickerelweed
Polygonum - Smartweed
Sagittaria - Arrowhead
Scirpus cyperinus - Sedge bullrush
Typha latifolia - Cattails
Zizania aquatica - Wild rice

(6) Bog

Characteristic plants:

Andromeda foliolosa - Bog rosemary
Arethusa bulbosa - Swamp pink
Caldopogon pulchellus - Grass pink
Chamaedaphne calyculata - Leatherleaf,
marsh cinquefoil
Drosera rotundifolia - Sundew plant
Eriophorum virginicum - Cottongrass
Iris versicolor - Blue flag, wild iris
Ledum groenlandicum - Labrador tea
Menyanthes trifoliata - Bogbean
Myrica gale - Sweetgale
Peltandra virginica - Snakes-mouth orchid
Rhododendron viscosum - Swamp azalea
Sarracenia purpurea - Pitcher plant
Solidago uliginosa - Bog goldenrod
Sphagnum - Sphagnum moss
Utricularia conata - Horned bladderwort
Vaccinium macrocarpon - American cranberry
Vaccinium oxycoccos - Dwarf cranberry

(7) Meadow

Characteristic plants:

Amelanchier canadensis - Shadbush
Apios americana - Groundnut
Lilium supurbum - Turks cap lily
Impatiens pallida - Jewelreed
Lysmachia terrestris - Swamp-candles
Lythrum calicaria - Spiked loosetrife
Sambucus canadensis - Elderberry
Spirea tomentosa - Steeplebush

(8) Creek, stream or brook

Creeks, streams and brooks are often classified by the rate at which the water flows, a fast stream being a water flow of about two feet per second. Creeks, streams and brooks are valuable for their drainage function, the fish they contain both as a source of sport and for the other forms of life which relate to the animal and plant life dependent upon the stream.

(i) Fast creek, stream or brook

Characteristic plants:

Fontalis - Water moss
Ulothrix - Algae
Diatoma - Diatoms
Gomphonema

Characteristic animals:

Caddisflies:
Trichoptera
Phyganea
Rhyacophila
Philopotamidae
Hydropsychidae
Hydropsyche
Pharyganeidae
Limnephilidae
Leptocerus
Leptocella
Anthrpsodes
Oecetis

Brachycentridae
Helicopsychidae
Simulium - Blackfly
Plecoptera - Stonefly
Tipulidae - Crane fly
Neuroptera - Dobsonfly
Ephemeroptera - Mayfly
Osonychia
Percina caprodes - Log perch
Salvelinus fortinalis - Brook trout
Salmo gairdneri - Steelhead trout
Salmo trutta - Brown trout
Salmo salar - Atlantic salmon

(ii) Slow creek, stream or brook

Characteristic plants are the same as those in a lake or pond.

Characteristic animals:

Dragon Fly:

Anisoptera

Iodonata

Water striders:

Gerridae

Hemiptera

Odonata

Zygoptera - Damselflies

Orixidae - Waterboatmen

Hexagenia - Mayfly

Sphaerium - Fingernail clam

Semotilus atromaculatus - Creek chub

Ictalurus punctatus - Channel catfish

Ictalurus catus - White catfish

Ictalurus melas - Black catfish

Cyprinus carpio - Carp

Esox lucius - Northern pike

Esox americanus - Little pickerel

Esox niger - Chain pickerel

Roccus americana - White perch

Roccus saxatilis - Striped bass

(9) Lake or pond

Characteristic plants:

Ceratophyllum demersum - Coontail

Duckweeds:

Lemna

Spirodella

Wolffia

Wolffella

Myriophyllum - Watermillfois

Najas - Naiads

Nuphar - Cowlilies

Nymphaea - Waterlilies

Potamogeton - Pondweeds

Vallisneria spiralis - Wild celery

(10) Spring

Characteristic plants and animals are the same as those found in a swamp, marsh, bog, meadow, creek, stream, brook, lake or pond.

(d) Botanic environment

(1) Primary succession community area

Characteristic plants:

Achillea millefolium - Yarrow

Anagallis arensis - Scarlet pimpernel

Anaphalis margaritacea - Pearly everlasting

Antennaria plantaginifolia - Pussy's toes

Artemisia caudata - Tall wormwood

Asclepias syriaca - Common milkweed

Asclepias tuberosa - Orange milkweed

Asparagus officinalis - Garden asparagus

Aster ericoides - Heath aster

Aster linariifolius - Stiff-leaved aster

Brassica nigra - Black mustard

Chrysanthemum leucanthemum - Ox-eye daisy

Cichorium intybus - Chicory

Cirsium arvense - Canada thistle

Cirsium discolor - Field thistle

Convolvulus sepium - Wild morning glory

Coreopsis lanceolata - Coreopsis

Cytisus scoparius - Scotch broom

Datura stramonium - Jimsonweed

Daucus carota - Queen Anne's lace

Dianthus armeria - Deptford jink

Dianthus plumarius - Garden pink
Epilobium angustifolium - Fireweed
Erodium cicutarium - Stork's bill
Eupatorium hyssopifolium - Hyssop-leaved boneset
Euphorbia cyparissia - Cypress spurge
Fragaria virginiana - Wild strawberries
Gnaphalium obtusifolium - Sweet everlasting
Holcus lanatus - Velvetgrass
Hypericum gentianoides - Pineweed
Hypericum perforatum - Common St. Johnswort
Hypochoeris radicata - Cat's ear
Linaria canadensis - Old-field-toadflax
Linaria vulgaris - Butter-and-eggs
Lonicera japonica - Japanese honeysuckle
Lychnis alba - White campion
Maticaria matricariodes - Pineappleweed
Oenothera biennis - Evening primrose
Opuntia humifusa - Prickly pear cactus
Oxalis stricta - Yellow wordsorrel
Phytolacca americana - Pokeweed
Plantago lanceolata - English plantain
Polygonum persicaria - Lady's thumb
Polygonum pennsylvanicum - Pinkweed
Potentilla canadensis - Old-field cinquefoil
Potentilla recta - Sulphur cinquefoil
Rana unculus repens - Creeping buttercup
Rosa virginiana - Virginia rose
Rudebeckia hirta - Black-eyed-susan
Saponaria officinalis - Bouncing-bet
Sedum acre - Stone crop
Solanum americanum - Black nightshade
Solanum dulcamara - Bitter nightshade
Solidago nemoralis - Grey goldenrod
Solidago puberula - Purple-stemmed goldenrod
Solidago tenuifolia - Grass-leaved goldenrod
Spergularia rubra - Pink sand-spurry
Tanacetum vulgare - Tansy
Taraxicum officinale - Dandelion
Trichostemma dichotomum - Blue curls
Trifolium arvense - Rabbitfood clover
Verbascum thapsus - Mullein
Yucca filamentosa - Yucca

(2) Secondary succession community area

Characteristic plants of a secondary succession community area include the

species found in a primary succession community area, a swamp, a meadow and the following species:

Acer rubrum - Red maple
Amelanchier canadensis - Shadbush
Amelanchier obovalis - Serviceberry
Betula lenta - Black birch
Betula lutea - Yellow birch
Betula populifolia - Gray birch
Cornus florida - Flowering dogwood
Larix laricina - American larch
Lindera benzoin - Spice bush
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Rhus copallina - Dwarf sumac
Rhus glabra - Smooth sumac
Rhus typhina - Staghorn sumac
Rubus spp. - Blackberries
Salix spp. - Willow
Sambucus canadensis - Elderberry
Smilax rotundifolia - Bull brier
Tilia americana - American basswood
Vaccinium - Blueberry

(3) Climax community area

Characteristic plants:

Acer rubrum - Red maple
Acer saccharum - Sugar maple
Amelanchier obovalis - Serviceberry
Azalea spp. - Azalea
Betula lenta - Sweet birch
Betula lutea - Yellow birch
Betula populifolia - Grey birch
Carpinus caroliniana - Ironwood
Carya laciniata - Shagbark hickory
Carya glabra - Pignut hickory
Carya ovata - Shagbark hickory
Carya tomentosa - Mockernut hickory
Castanea dentata - American chestnut
Celtis occidentalis - American hackberry
Chamaecyparis thyoides - Atlantic white cedar

Cornus florida - Flowering dogwood
Diospyros virginiana - Persimmon
Fagus grandifolia - American beech
Fraxinus americana - White ash
Gaylussacia - Huckleberry
Hamamelis virginiana - Witch hazel
Ilex opaca - Holly
Juglans cinera - Butternut
Juglans nigra - Black walnut
Juniperus virginiana - Red cedar
Kalmia latifolia - Laurel
Larix laricina - Larch
Liquidambar styraciflua - Sweet gum
Liriodendron tulipifera - Tulip-tree, Yellow poplar
Nyssa sylvatica - Sour gum
Ostrya virginiana - Hop hornbean
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Quercus prinus - Chestnut oak
Quercus alba - White oak
Quercus bicolor - Swamp oak
Quercus coccinea - Scarlet oak
Quercus pallustris - Pin oak
Quercus rubra - Red oak
Quercus velutina - Black oak
Sambucus canadensis - Elderberry
Sassafras variifolium - Sassafras
Tilia americana - American basswood, linden
Tsuga canadensis - Hemlock
Ulmus americana - American elm
Vaccinium spp. - Blueberry

(4) Dune and heathland

Characteristic plants:

Aster undulatus - Skydrop aster
Ammophila Breviligulata - Beachgrass
Baptisia tinctoria - Wild indigo, rattle box
Corema couradii - Broom crowberry
Comptonia peregrina - Sweetfern
Deschampaia flexuosa - Wavyhair grass
Gaylussacia baccata - Black huckleberry

Helianthus canadense - Frostweed
Hieracium venosum - Rattlesnake weed
Hudsonia ericoides - Golden beachheather
Hudsonia tomentosa - Woolly beachheather
Hyrica pennsylvanica - Bayberry
Potentilla tridentata - Three toothed cinquefoil
Rubus spp. - Blackberries, raspberries
Vaccinium angustifolium - Low sweet blueberries

(5) Wild grassland

A wild grassland exists usually on poor soils and is composed of a mixture of native grasses, such as the following:

Dantonia spicata - Poverty oat grass
Andropogon virginicus - Broomsedge
Bromus spp. - Bromegrass

(2/2/05)

Appendix C
Selection List for Ground Covers and Shrubs

Ground Covers

BOTANICAL NAME	COMMON NAME
<i>Adiantum pedatum</i>	Maidenhair fern
<i>Agrostis perennans</i> (<i>A. altissima</i>)	Autumn bent-grass
<i>Anaphalis margaritacea</i>	Pearly everlasting
<i>Andropogon gerardii</i>	Big bluestem
<i>Andropogon glomeratus</i>	Bushy bluestem
<i>Andropogon virginicus</i>	Broom sedge
<i>Anemone canadensis</i>	Canada anemone
<i>Antennaria plantaginifolia</i>	Plantain-leaved pussytoes
<i>Arctostaphylos uva-ursi</i>	Bearberry
<i>Asarum canadense</i>	Wild ginger

<i>Aster cordifolius</i>	Heart-leaved aster
<i>Aster divericatus</i>	White wood aster
<i>Aster ericoides</i>	Heath aster
<i>Aster lanceolatus</i> (A. simplex)	Lined aster
<i>Aster macrophyllus</i>	Large-leaved aster
<i>Aster novae-angliae</i>	New England aster
<i>Athyrium felix-femina</i> (A. asplenoides)	Lady fern
<i>Athyrium thelypteroides</i>	Silvery glade fern
<i>Carex appalachica</i> (C. radiata)	Sedge
<i>Carex pensylvanica</i>	Pennsylvania sedge
<i>Chimaphila maculata</i>	Spotted or stripped wintergreen/Pipsisswas
<i>Chimaphila umbellata</i>	Pipsisswas, Prince's pine, Bitter wintergreen
<i>Chrysopsis mariana</i>	Maryland golden aster
<i>Danthonia compressa</i>	Flattened oat grass
<i>Danthonia spicata</i>	Oatgrass, Poverty grass
<i>Dennstaedtia punctilobula</i>	Hay-scented fern
<i>Deschampsia caespitosa</i>	Tufted hair grass
<i>Deschampsia flexuosa</i>	Common hair grass, Crinkled hair grass
<i>Dryopteris intermedia</i>	Common wood fern
<i>Dryopteris marginalis</i>	Marginal wood fern, Leatherleaf wood fern
<i>Erigeron philadelphicus</i>	Daisy fleabane
<i>Eupatorium maculatum</i>	Spotted Joe-Pye Weed
<i>Eupatorium rugosum</i>	White snakeroot
<i>Eupatorium sessilifolium</i>	Upland boneset
<i>Fragaria virginiana</i>	Wild strawberry, Virginia strawberry
<i>Gaultheria hispidula</i>	Creeping snowberry, Creeping pearl berry
<i>Gaultheria procumbens</i>	Wintergreen, Teaberry, Checkerberry

<i>Geranium maculatum</i>	Wild geranium, Spotted cranesbill
<i>Geum canadense</i>	White avens, Winter rosette
<i>Heuchera americana</i>	Hairy alum root, Rock geranium
<i>Hypericum ellipticum</i>	Pale St. John's Wort
<i>Muhlenbergia schreberi</i>	Nimblewill
<i>Oenothera fruticosa</i>	Sundrops, Wild beet, Suncups, Scabish
<i>Onoclea sensibilis</i>	Sensitive fern, Bead fern
<i>Osmunda claytoniana</i>	Interrupted fern
<i>Panicum clandestinum</i>	Deer tongue grass
<i>Panicum virgatum</i>	Switch grass, Wild red top, Thatch grass
<i>Parthenocissus quinquefolia</i>	Virginia creeper, Woodbine, American ivy
<i>Phlox subulata</i>	Mountain phlox, Moss pink, Moss phlox
<i>Polygonatum biflorum</i>	Smooth Solomon=s seal, True King Solomon=s seal
<i>Polygonatum virginianum</i> (Tovaria v.)	Jumpseed
<i>Polypodium virginianum</i>	P. vulgare, Rocky polypody, Am. wall fern
<i>Polystichum acrostichoides</i>	Christmas fern, Dagger fern, Canker break
<i>Rudbeckia hirta</i> var. <i>hirta</i>	Black-eyed Susan
<i>Rudbeckia triloba</i>	Thin-leaved cone flower
<i>Thelypteris noveboracensis</i>	New York fern
<i>Tiarella cordifolia</i>	Allegheny foamflower, False mitrewort
<i>Tradescantia virginiana</i>	Virginia Spiderwort, Common S., Widow's tears
<i>Verbena hastata</i>	Blue vervain
<i>Vernonia noveboracensis</i>	New York ironweed
<i>Verbesina alternifolia</i> (Actinomeria a.)	Wingstem
<i>Viola sororia</i>	Wooly blue violet sister violet, Dooryard violet

Shrubs

<i>Amelanchier canadensis</i>	Shadblow
<i>Amelanchier laevis</i> (A. arborea)	Serviceberry, Allegheny
<i>Aronia arbutifolia</i>	Red chokeberry
<i>Aronia melanocarpa</i>	Black chokeberry
<i>Clethra alnifolia</i>	Sweet pepperbush, Summersweet
<i>Comptonia peregrina</i>	Sweet fern, Meadow fern, Spleenwort bush
<i>Cornus amomum</i>	Silky dogwood
<i>Cornus racemosa</i>	Gray dogwood, Red-panicked dogwood
<i>Cornus sericea</i> (C. stolonifera)	Red osier dogwood
<i>Corylus americana</i>	American hazelnut
<i>Corylus cornuta</i>	Beaked hazelnut
<i>Diervilla lonicera</i>	Bush honeysuckle, Blue herb, Gravel weed
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex glabra</i>	Inkberry, Gallberry
<i>Ilex verticillata</i>	Winterberry
<i>Juniperus communis</i>	Common juniper
<i>Juniperus horizontalis</i>	Creeping juniper, Creeping cedar/Savin
<i>Kalmia angustifolia</i>	Sheep laurel
<i>Kalmia latifolia</i>	Mountain laurel
<i>Lindera benzoin</i>	Spice bush
<i>Myrica pensylvanica</i>	Northern bayberry
<i>Physocarpus opulifolius</i>	Common ninebark
<i>Potentilla fruticosa</i>	Cinquefoil, Bush cinquefoil
<i>Rhododendron maximum</i>	Great laurel
<i>Rhododendron periclymenoides</i>	Pinkster azalea

Rhododendron viscosum	Swamp azalea
Rhus aromatica	Fragrant sumac, Sweet scented sumac/Lemon sumac
Rhus copallina	Winged sumac
Rhus glabra	Smooth sumac
Rhus typhina	Staghorn sumac
Rosa blanda	Smooth rose, Meadow rose
Rubus alleghaniensis	Common blackberry, Allegheny blackberry
Salix humilis	Prairie willow
Salix lucida	Shining willow
Sambucus canadensis	American elderberry
Spirea tomentosa	Hardhack spirea
Vaccinium angustifolium	Lowbush blueberry
Vaccinium corymbosum	Highbush blueberry
Viburnum acerifolium	Maple leaf viburnum
Viburnum alnifolium (V. Lantanoides)	Hobble bush
Viburnum dentatum	Arrowwood viburnum
Viburnum lentago	Nanny-berry
Viburnum prunifolium	Black-haw

(2/2/05)

Appendix D
Selection List for On-site Trees

Small Trees

BOTANICAL NAME	COMMON NAME
Amelanchier laevis	Serviceberry
Betula nigra	River birch

<i>Betula populifolia</i>	Grey birch
<i>Carpinus caroliniana</i>	Hornbeam
<i>Cercis canadensis</i>	Eastern redbud
<i>Cornus florida</i>	Flowering dogwood
<i>Crataegus crus-galli inermis</i>	Thornless cockspur hawthorn
<i>Crataegus phaenopyrum</i>	Washington hawthorn
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex opaca</i>	American holly
<i>Juniperus virginiana</i>	Eastern red cedar
<i>Populus tremuloides</i>	Quaking aspen

LARGE TREES

BOTANICAL NAME	COMMON NAME

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 6
Special Coney Island Mixed Use District**

(2/2/11)

**106-00
GENERAL PURPOSES**

The "Special Coney Island Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to stabilize the residential future of this mixed residential and industrial area by permitting expansion and development of residential and light manufacturing uses where adequate environmental standards are assured;
- (b) to promote the opportunity for people to work in the vicinity of their residences;
- (c) to provide a safe circulation system in this area of mixed residential and manufacturing use;
- (d) to retain adequate wage, job-intensive, seasonally stable industries within New York City;
- (e) to provide an opportunity for the improvement of Coney Island in a manner consistent with the objectives of the Comprehensive Plan of the City of New York; and
- (f) to promote the most desirable use of land and thus to conserve the value of land and buildings and thereby protect the City tax revenues.

(6/6/24)

**106-01
General Provisions**

In harmony with the general purpose and intent of this Resolution and the general purpose of the

#Special Coney Island Mixed Use District# and in accordance with the provisions of this Chapter, regulations of the #Special Coney Island Mixed Use District# shall replace and supersede the existing district regulations. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

All #residences# and #community facilities# shall be subject to all the provisions applicable in R5 Districts, except as otherwise specifically provided in this Chapter. The special regulations relating to #predominantly built-up areas#, as defined in Section 12-10 (DEFINITIONS), shall apply to all #buildings# containing #residences#, except that #front yards# shall not be required.

All #commercial# and #manufacturing uses# shall be subject to all the provisions applicable in M1-2 Districts, except as otherwise specifically provided in this Chapter.

The #use# of any #building# may be changed to another #use# listed within the same Use Group or as provided in Sections 106-12 (Special Permit Provisions for Residential Uses), 106-32 (Special Permit Provisions for Manufacturing and Commercial Uses) or 106-33 (Changes of Manufacturing or Commercial Use).

In the case of a #zoning lot# occupied partly by #residential uses# and partly by other #uses#, the maximum #floor area ratio# on the #zoning lot# shall not exceed 2.0. In no event shall the total #floor area# of #residential uses# on a #zoning lot# exceed 1.65.

In any #building# above the level of the first #story# ceiling, #residential uses# shall not be located on the same #story# as or below #manufacturing# or #commercial# #uses#, and #manufacturing uses# shall not be located on the same #story# as or above #residential uses#.

#Zoning lots# adjacent to the #Special Coney Island Mixed Use District# shall not be subject to the provisions of Sections 42-214 (Special provisions applying along district boundaries), 42-412 (In M2 or M3 Districts), 42-42 (Enclosure or Screening of Storage), 42-44 (Limitations on Business Entrances, Show Windows or Signs), 42-56 (Special Provisions Applying Along District Boundaries), 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) or 44-583 (Restrictions on location of berths near Residence Districts).

Special regulations for #residential uses# are listed in Sections 106-11 and 106-12 of this Chapter.

Special regulations for #community facility uses# are listed in Section 106-21 of this Chapter.

Special regulations for #manufacturing# and #commercial# #uses# are listed in Sections 106-31, 106-32 and 106-33 of this Chapter.

Special regulations for #buildings# containing both #residential# and #commercial# #uses# are listed in Sections 106-41 and 106-42 of this Chapter.

(1/9/75)

106-10
SPECIAL REGULATIONS FOR RESIDENTIAL USES

(6/6/24)

106-11
Special Provisions for As-of-Right Residences

#Developments# or #enlargements# containing #residences# are allowed as-of-right, provided that:

- (a) the #zoning lot# shares a common #side lot line# on at least one side with a #residential# or #community facility use#;
- (b) the frontage along the #street line# of the #zoning lot# shall not exceed 60 feet, but in no event shall the total area of such #zoning lot# exceed 7,800 square feet;
- (c) the #zoning lot# is not located within a continuous frontage of vacant #zoning lots# or #land with minor improvements# whose aggregate length exceeds 60 feet;
- (d) the #zoning lot# is not located on Cropsey Avenue or on the east side of Stillwell Avenue; and
- (e) on the same #zoning lot#, there are no #manufacturing uses# or #commercial uses# that would not be permitted as-of-right within C7 Districts.

(2/2/11)

106-12
Special Permit Provisions for Residential Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) change of #commercial# or #manufacturing use# to #residential use#; and
- (b) modification in #yard# and off-street parking regulations for #residential uses# in #developments# or #enlargements#;

provided that the following findings are made:

- (1) that a change of #use# from #manufacturing# or #commercial# to #residential use# shall not displace any #building# or #use#, or preempt any #zoning lot# which is essential to the normal functioning and growth of existing #manufacturing# or #commercial# #uses# within the district; and
- (2) that such #residential uses# shall not be exposed to inordinate noise, smoke, dust, noxious odor or other adverse influences from #manufacturing uses# and traffic.

The Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(1/9/75)

106-20
SPECIAL REGULATIONS FOR COMMUNITY FACILITY USES

(2/2/11)

106-21
Special Permit Provisions for Community Facility Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) #development# of #community facility buildings#; and
- (b) change of #use# of a #residential#, #manufacturing# or #commercial building# to a #community facility use#;

provided that the following finding are made:

- (1) that such #community facility# is necessary to the growth and functioning of #residential# or #manufacturing uses# in the #Special Coney Island Mixed Use District#; and
- (2) that a more suitable location for such #use# cannot be found outside the #Special Coney Island Mixed Use District#.

(1/9/75)

106-30

SPECIAL REGULATIONS FOR MANUFACTURING OR COMMERCIAL USES

(6/6/24)

106-31

Special Provisions for As-of-Right New Buildings With Manufacturing and Commercial Uses

New #buildings# containing #manufacturing uses# or #commercial# #uses# shall be allowed as-of-right, provided that:

- (a) the #zoning lot# shares a common #side lot line# with a #manufacturing# or #commercial# #use#;
- (b) the frontage along the #street line# of the #zoning lot# shall not exceed 60 feet, but in no event shall the total area of such #zoning lot# exceed 7,800 square feet;
- (c) the #zoning lot# is not located within a continuous frontage of vacant #zoning lots# whose aggregate length exceeds 60 feet;
- (d) #manufacturing# #uses# shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-20 (SPECIAL USE REGULATIONS), inclusive;
- (e) #commercial# #uses# shall be limited to those permitted in a C2 District, except those listed under Use Group V, and shall be located on Neptune, Stillwell or Cropsey Avenues; and
- (f) no #residential uses# occupy the #zoning lot#.

(6/6/24)

106-32

Special Permit Provisions for Manufacturing and Commercial Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) #uses# not permitted by the provisions of Section 106-31 (Special Provisions for As-of-

Right New Buildings With Manufacturing and Commercial Uses);

- (b) change of #use# from a #residential use# to a #manufacturing# #use# permitted by Section 106-31 or #commercial# #use#; and
- (c) modifications in #yard# regulations for #manufacturing# #uses# permitted by Section 106-31 or #commercial# #uses# in #developments# or #enlargements#;

provided that the following findings are made:

- (1) that such #use# will comply with the regulations on performance standards of M1 Districts;
- (2) that additional truck traffic generated by such #use# or the modification of #yard# regulations will not create harmful, congested or dangerous conditions; and
- (3) that a change of #use# from #residential# to a #manufacturing# #use# permitted by Section 106-31 or #commercial# #use# shall not displace or preempt any #building# which is essential to the functioning and growth of existing residences within the district.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effect on the character of the surrounding area.

(6/6/24)

106-33 Special Yard Regulations

Where a #side lot line# of a #zoning lot# containing #manufacturing# or #commercial# #uses# coincides with the #side# or #rear lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 15 feet wide.

Where the #rear lot line# of a #zoning lot# containing #manufacturing# or #commercial# #uses# coincides with a #side lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 20 feet in depth.

Where a #zoning lot# containing #manufacturing# or #commercial# #uses# shares a common #rear lot line# with a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 30 feet in depth. Such open areas shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

(1/9/75)

**106-40
SPECIAL REGULATIONS FOR BUILDINGS CONTAINING BOTH RESIDENTIAL
AND COMMERCIAL USE**

(6/6/24)

**106-41
Use Regulations**

#Developments# containing both #residential# and #commercial# #uses# are allowed in the #Special Coney Island Mixed Use District#, provided that the regulations of this Chapter are met. No #buildings#, however, shall contain both #residential uses# and #commercial# #uses# that would not be permitted as-of-right within C7 Districts.

(1/9/75)

**106-42
Modification of Yard Regulations**

No #front# or #side yards# are required for #buildings# containing both #residential# and #commercial# #uses#. For the #residential# portion of such #buildings#, the #rear yard# may be provided at any level not higher than the floor level of the lowest #story# used for #residential use#.

(1/9/75)

**106-50
ADMINISTRATION**

(2/2/11)

**106-52
Requirements for Applications**

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site, the location of all vehicular entrances and exits, and such other information as may be required by the Commission.

Special permit applications for #development# pursuant to Section 106-32 (Special Permit Provisions for Manufacturing and Commercial Uses) shall be referred to the Department of Transportation for its report, pursuant to Section 74-31, paragraph (d).

(1/9/75)

106-53
Relationship to Public Improvement

In all cases, the City Planning Commission shall deny any application whenever the #development# will interfere with a public improvement which has been approved by the Board of Estimate, the City Planning Commission, or the Site Selection Board.

(9/11/75)

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 7
Special South Richmond Development District**

(9/11/75)

**107-00
GENERAL PURPOSES**

The “Special South Richmond Development District” established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- (a) to guide future development in accordance with the Land Use Plan for South Richmond and the Capital Improvement Plan for the Special District area;
- (b) to promote balanced land use and development of future land uses and housing in the Special District area, including private and public improvements such as schools, transportation, water, sewers, drainage, utilities, open space and recreational facilities, on a schedule consistent with the City's Capital Improvement Plan and thereby provide public services and facilities in the most efficient and economic manner, and to ensure the availability of essential public services and facilities for new development within the area;
- (c) to avoid destruction of irreplaceable natural and recreational resources such as lakes, ponds, watercourses, beaches and natural vegetation and to maintain the natural ecological balance of the area with minimum disruption of natural topography, trees, lakes and other natural features; and
- (d) to promote the most desirable use of land in the South Richmond area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

(11/2/23)

**107-01
Definitions**

Definitions specifically applicable in this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An “area of no disturbance” is an area designated on a site plan or #area plan# to be protected from #site alteration#, except for new native planting. An #area of no disturbance# shall contain natural features including trees of six-inch caliper or more, #designated open space#, and aquatic features.

#Plan review sites# may include safeguards such as an #area of no disturbance# to define areas where #site alterations# shall not be proposed.

Area of no land alteration

An “area of no land alteration” is an area adjacent to a wetland or other body of water regulated by the New York State Department of Environmental Conservation (NYSDEC) where a permit indicates #development# restrictions may occur such as those pursuant to permits or deed restrictions issued by NYSDEC.

Area plan

An “area plan” is a proposed layout for a #zoning lot# subdivision with traffic circulation, including curb cuts on #arterials#; access easements; #areas of no disturbance#; #areas of no land alteration#; areas of #designated open space#; #building# envelopes; required #building# setbacks within proposed #zoning lots# in #Residence Districts#; and any other information prescribed by the City Planning Commission.

Arterial

An “arterial” is a #street# listed in Section 107-24 (Special Regulations for Arterials or Railroad Rights of Way) whose function is primarily the accommodation of through vehicular traffic and to which special provisions of this Chapter apply.

Caliper (of a tree)

“Caliper” of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below this height, the trunk is measured at its narrowest point beneath the split. For trees with a diameter of less than three inches measured 4 feet, 6 inches from the ground, the #caliper# shall be measured 12 inches from the ground.

Designated open space

“Designated open space” is a portion of the #open space network# located on a #zoning lot# as shown on the District Plan (Map 3 in Appendix A), and is to be preserved in its natural state in accordance with the provisions of the #Special South Richmond Development District#.

Detached

For the purposes of this Chapter a “detached” #building# is a #building# surrounded by #yards# or other open area on the same #zoning lot# or is a #building# #abutting# a #street line# which is surrounded by #yards# or open area on the same #zoning lot# except where the #building# #abuts# the #street line#.

Open space network

The “open space network” is a planned system of #open spaces# as shown on the District Plan (Map 3 in Appendix A), which includes #public parks#, #designated open space# and the #waterfront esplanade#.

Plan review site

A “plan review site” is any #zoning lot# that contains one or more acres, where there is a proposed #development#, #enlargement#, #site alteration#, or subdivision of such #zoning lot# into two or more #zoning lots#.

Site alteration

A “site alteration” is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#, which includes permanent topographic modifications, removal of topsoil, removal of trees of six-inch caliper or more, excavating, filling, dumping, changes in existing drainage systems, whether or not a permit is required from the Department of Buildings-or other public agencies.

Tree credit

A “tree credit” is a credit for preserving an existing tree or for planting a new tree which is counted towards tree requirements.

Waterfront esplanade

The “waterfront esplanade” is a pedestrian way to be provided for public #use# within the #open space network# along the Raritan Bay waterfront, as shown on the District Plan (Map 3 in Appendix A).

(11/2/23)

107-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purpose of the #Special South Richmond Development District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect. In #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

Property within the jurisdiction and control of the Department of Environmental Protection shall be exempt from the provisions of this Chapter where such property is an existing or planned portion of the Staten Island Bluebelt intended to support best management practices of stormwater.

(11/2/23)

107-03

Requirements for Certification, Authorization or Special Permit Application

An application to the City Planning Commission for a certification, authorization or special permit respecting a #development#, #enlargement#, or #site alteration# shall include a survey map, prepared by a licensed land surveyor and dated no more than two years prior to the date of filing an application, showing:

- (a) existing topography at two foot contour intervals;
- (b) the location of all existing #buildings or other structures# and the location of all proposed #buildings or other structures#;
- (c) the location of individual existing trees of six inch caliper or more;
- (d) the location of any elements of the #open space network# on or adjacent to the #zoning lot#; and

- (e) the location of any #areas of no land alteration#, streams, and natural watercourses;

and such other information as may be required by the Commission for its determination as to whether or not the certification, authorization or special permit is warranted.

(11/2/23)

107-04

Applications to the City Planning Commission Prior to November 2, 2023

- (a) Applications for authorization or special permit which were adopted prior to November 2, 2023, may be continued pursuant to the terms of such authorization or special permit or as such terms may be subsequently modified.

Continuance of such application shall be subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

- (b) Applications for certification granted by the Commission prior to November 2, 2023, may be continued, in accordance with the terms thereof or as such terms may be subsequently modified, pursuant to the regulations in effect on the date that such certification was granted.

(11/2/23)

107-06

District Plan (Appendix A)

The District Plan for the #Special South Richmond Development District# shows the #open space network#, #designated open space#, #waterfront esplanade#, and #building# setback lines. The elements of the District Plan are set forth in Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.

(11/2/23)

107-08

Future Subdivision of Certain Plan Review Sites

Any subdivision of a #plan review site# that is proposed to take place within the Special District shall be filed with the Department of City Planning, and the Chairperson of the City Planning Commission shall certify that subdivision of such #plan review site#:

- (a) does not contain, or have frontage along, any District Plan Element listed in Section 107-20 (DISTRICT PLAN ELEMENTS), inclusive;
- (b) does not contain an #area of no land alteration#;
- (c) does not exceed the rate of two #tree credits# per 1,000 square feet of lot area; and
- (d) does not have a violation for tree removal without prior permission or approval and no trees have been removed since November 2, 2023, unless permitted pursuant to Section 107-312 (Regulations within plan review sites).

In the case of a subdivision which does not comply with the above conditions, subdivision of such #plan review site# shall not be permitted unless authorized by the Commission pursuant to Section 107-64 (Future Subdivision of Certain Plan Review Sites).

The subdivision plan for the #plan review site# shall include a survey map in accordance with the requirements set forth in Section 107-03 (Requirements for Certification, Authorization or Special Permit Application).

For the purpose of applying the provisions of this Section, a subdivision includes the reconfiguration of a #zoning lot# in a manner that would reduce the area of such #zoning lot#.

(5/12/21)

**107-09
Applicability of Article VI**

(5/12/21)

**107-091
Applicability of Article VI, Chapter 2**

The Chairperson of the City Planning Commission may, by certification, modify or waive a required #visual corridor#, as defined in Section 62-11, with respect to #developments#, including minor modifications thereto, that contain #designated open space# and a portion of the #waterfront esplanade#, where such #development# is conditioned upon a restrictive declaration that includes a site plan for such #development#, including provisions for public access to such #designated open space# and #waterfront esplanade#, provided that at least one required #visual corridor# continues to be provided pursuant to the restrictive declaration.

(5/12/21)

**107-092
Applicability of Article VI, Chapter 4**

For #zoning lots# in #flood zones# with #single-# or #two-family# #detached# #residences# utilizing the provisions for #cottage envelope buildings#, as defined in Section 64-11 (Definitions), the provisions of this Chapter pertaining to minimum #lot area#, #lot width#, and minimum sizes of #front yards# and #side yards# shall not apply, and in lieu thereof, the underlying district regulations shall apply for the purposes of determining the applicability of the definition of #cottage envelope buildings#, and the particular amount of relief permitted pursuant to Section 64-33 (Cottage Envelope Buildings), inclusive.

(11/2/23)

**107-10
SPECIAL REQUIREMENTS**

(11/2/23)

**107-11
Special Requirements for Application**

For a #site alteration#, ~~or a~~ #development#, or #enlargement#, no certificate of occupancy or sign-off of a permit, as applicable, shall be issued by the Department of Buildings until the planting requirements of the following provisions, as applicable, have been satisfied, and reflected on an as-built survey, tree schedule, or any such information as may be required:

Section 107-32 (Tree Requirements)

Section 107-48 (Special Landscaping and Buffering Provisions).

(11/2/23)

107-20

DISTRICT PLAN ELEMENTS

All land in the #open space network# as shown on the District Plan (Map 3 in Appendix A), except #public parks#, and all #zoning lots# along an #arterial# as shown on the District Plan (Map 2 in Appendix A), are subject to the provisions of this Section, inclusive.

(8/18/83)

107-21

Modification of Designated Open Space

The City Planning Commission may adjust the boundaries of a #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that:

- (a) such adjustment shall:
 - (1) result in a substantial improvement in the quality and usefulness of the #designated open space#; and
 - (2) permit #development# which better satisfies the purpose of this Chapter and include new features in the #designated open space# which will be at least equal in quality to those which are displaced from it; and
 - (3) provide an equivalent area replacement for the area removed from the #designated open space#; or
- (b) such adjustment shall:
 - (1) be permitted to exclude:
 - (i) a #zoning lot# which is contiguous to exempted #zoning lots# along at least two #lot lines#; or
 - (ii) a #zoning lot# which would otherwise be contiguous to exempted #zoning lots# along at least two #lot lines# but for the separation by a #street#; or
 - (iii) #streets# #abutting# exempted #zoning lots#; and
 - (2) not substantially alter the utility and quality of the #designated open space#; or
- (c) such adjustment shall:
 - (1) be in conjunction with a public improvement project approved by the City prior to September 11, 1975, for funding to exclude in whole or in part the bed of a

mapped #street# and/or adjacent #zoning lots# or portions thereof; and

(2) not substantially alter the utility and quality of the #open space network#; or

(d) such adjustment shall:

(1) exclude, in whole or in part, private property contiguous with a #public park# which has been mapped since September 11, 1975; and

(2) not preclude the continuity to the #designated open space# or the public pedestrian way or the #waterfront esplanade#; and

(3) not substantially alter the utility and quality of the #designated open space#.

(11/2/23)

107-22

Designated Open Space

Any #development# or #site alteration# on a #zoning lot# which contains #designated open space# as shown on the District Plan (Map 3 in Appendix A), shall require certification by the City Planning Commission that:

(a) such #designated open space# shall be preserved in its natural state by the owner of the #zoning lot#; and

(b) where required by the Commission, the applicant has complied with the provisions of Section 107-222 (Public pedestrian ways); and

(c) where required by the Commission, as indicated on the District Plan, that the applicant has complied with Section 107-23 (Waterfront Esplanade).

Within any #designated open space#, removal of trees, alteration of topography, #development# or #enlargement# of active recreational facilities, or the establishment of utility easements may be undertaken only in accordance with the provisions of this Section and Section 107-30 (NATURAL FEATURE REGULATIONS).

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of #designated open space#, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.

(11/2/23)

107-221

Active recreational facilities

#Designated open space# may be used for active recreational facilities provided that the City Planning Commission certifies that such #uses# are compatible with the purposes of the #open space network# and have minimal impact on tree removal, topographic alterations or drainage conditions.

Active recreational facilities may include swimming pools, tennis courts or facilities and equipment normally found in playgrounds, and shall comply with the #use# regulations of the underlying district.

In the development of active recreational facilities, no individual trees of six-inch #caliper# or more shall be removed except by special authorization of the Commission in accordance with the

provisions of Section 107-65 (Modification of Natural Feature Regulations). Active recreational facilities shall not be allowed within 60 feet of any watercourse in #designated open space# unless the Commission certifies that a location closer to such watercourse will not adversely affect the natural character of the watercourse or its drainage function. The Commission, where appropriate, shall be guided by the reports from other City agencies involved in land contour work, storm water drainage systems or similar operations.

If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(11/2/23)

107-222

Public pedestrian ways

For any #site alteration#, #development#, or #enlargement# on a #zoning lot# which contains #designated open space#, the City Planning Commission shall certify whether or not the applicant shall be required to provide a public pedestrian way through a portion of the #designated open space#.

When a public pedestrian way is required, it shall be built and maintained by the owner of the #zoning lot# and shall be accessible to the public at all times. The public pedestrian way shall be improved at the time the #site alteration#, #enlargement#, or #development# takes place.

The location and dimension of such pedestrian way shall be determined by the Commission. The owner of the #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(12/6/23)

107-223

Permitted obstruction in designated open space

The following shall not be considered as obstructions when located in #designated open space#:

- (a) Awnings and other sun control devices, pursuant to Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalent);
- (b) Balconies, unenclosed, subject to the provisions of Section 23-13;
- (c) Eaves, gutters or downspouts projecting into such #designated open space# not more than 16 inches;
- (d) Fences or walls, conditioned upon certification by the City Planning Commission that:
 - (1) such fences or walls will not obstruct or preclude public access or circulation of pedestrians, cyclists or horseback riders through the public easement within #designated open space#; and

- (2) the location, size, design and materials of such fences or walls are appropriate to the character of the #designated open space#;
- (e) #Qualifying exterior wall thickness#, pursuant to Section 23-44;
- (f) Solar energy systems on walls, pursuant to Section 23-44.

No #accessory# off-street parking facilities shall be permitted in #designated open space#. No #building or other structure# shall be erected in #designated open space# except as permitted by the provisions of Section 107-221 (Active recreational facilities). Any existing #building or other structure# located within the #designated open space# on November 2, 2023, and not complying with the provisions of this Section or the other Sections specified in the preceding paragraph, shall not be #enlarged# but may be continued as a #non-conforming# #use# or #non-complying# #building# subject to the applicable provisions of Article V (Non-conforming Uses and Non-complying Buildings) in accordance with the underlying district regulations.

(2/2/11)

107-224

Qualification of designated open space as lot area for bulk computations

#Designated open space# on a #zoning lot# may count as #lot area# for the purposes of the applicable regulations on #yards#, #floor area ratio#, #open space ratio#, #open space#, #lot coverage#, #lot area# or density, provided that the area of the #designated open space# claimed as #lot area# does not exceed the area of the #zoning lot# located outside the designated space. For a #single-family residence#, any portion of a #zoning lot# occupied by #designated open space# shall count as #lot area# for the purposes of satisfying minimum density requirements only pursuant to this Section.

Where the area of the #designated open space# claimed as #lot area# exceeds the above permitted amount, the provisions of Section 107-72 (Qualification of Designated Open Space as Lot Area) shall apply.

Any #designated open space#, or portion thereof, claimed as required #open space# or used to satisfy the #lot coverage# restrictions for a #development# containing #residences# shall be accessible to and usable by all residents of the #zoning lot#.

In the case of a #large-scale residential development#, any #designated open space#, or portion thereof, that qualifies as #lot area# may be used as common space.

(2/2/11)

107-225

Special bulk regulations for developments containing designated open space

This section shall apply to any tract of land containing #designated open space# that is #developed# as a unit in single ownership and where the area of the #designated open space# claimed as #lot area# for zoning computation does not exceed the area of that portion of the tract of land not located within #designated open space#. Such a tract of land may contain a single #zoning lot# or two or more #zoning lots# which are contiguous or would be contiguous except for their separation by a #street#.

In all #Residence Districts#, except R1-1 Districts, for all permitted #residential uses# on such tract of land, the total #floor area# or #dwelling units# generated by that portion of the #designated open space# claimed as #lot area# by the applicable district regulations may be distributed without regard for #zoning# #lot lines#, for all #zoning lots# wholly within such tract of land. The total #open space# required or #lot coverage# permitted for such tract of land may

be located anywhere within the tract of land without regard for #zoning lot# #lines#.

No transfer of #floor area# or #dwelling units# shall be permitted from a #zoning lot# not containing any #designated open space#.

The site plan and #bulk# distribution for the entire tract of land shall be recorded in the land records and indexed against all #zoning lots# in such tract of land.

Furthermore, the minimum #lot area# and #lot width# regulations, #yards# and spacing between #buildings# regulations shall not apply along portions of #streets# or #lot lines# wholly within such tract of land, provided that:

- (a) the maximum #lot coverage# on any #zoning lot# shall not exceed 50 percent of the #lot area#;
- (b) the minimum distance between #buildings# on the same or adjacent #zoning lots# across a common #side lot line# is not less than 10 feet; and
- (c) the minimum distance between #buildings# on adjacent #zoning lots# across a common #rear lot line# shall not be less than 40 feet.

(6/30/89)

107-23

Waterfront Esplanade

When a #zoning lot# containing a portion of the #waterfront esplanade#, as shown on the District Plan (Map 3 in Appendix A) is #developed#, the location and design of the #waterfront esplanade# shall be certified by the City Planning Commission and such #waterfront esplanade# shall conform to the guidelines and standards established by the Department of City Planning in consultation with the Department of Transportation and the Department of Parks and Recreation.

The #waterfront esplanade# shall be built and maintained by the owner of a #zoning lot# on which the esplanade is shown on the District Plan, except where such #zoning lot# has been #developed# prior to September 11, 1975. Where such #waterfront esplanade# is not accessible to the public, the Commission may require the owner of the #zoning lot# to provide public access to such a #waterfront esplanade# from a public right-of-way through the #zoning lot#.

The #waterfront esplanade# shall be either built at the same time that the #zoning lot# is #developed# or the Commission may allow the owner to comply with Section 107-24 (Performance Bond).

The owner of a #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(11/2/23)

107-24

Special Regulations for Arterials or Railroad Rights of Way

Along the following #streets# designated as #arterials# or along a designated railroad, special regulations relating to restriction of access and setback of #buildings# apply as set forth in this

Section.

Arterials

Hylan Boulevard
Woodrow Road
Amboy Road
Frontage roads for Richmond Parkway
Huguenot Avenue
Page Avenue
Arthur Kill Road
Service roads for West Shore Expressway
Richmond Avenue

Railroads

The Staten Island Rapid Transit right-of-way.

In accordance with the primary function of an #arterial# to accommodate vehicular through traffic, access is restricted to #arterials# pursuant to paragraph (a) of Section 107-241 (Special provisions for arterials).

In addition, along portions of #arterials# as indicated on Maps 2.1 through 2.4 (Arterial Setback Plan) in Appendix A of this Chapter, the #building# setback provisions of paragraph (b) of Section 107-241 apply.

(11/2/23)

107-241 Special provisions for arterials

Along those #streets# designated as #arterials#, the following regulations shall apply:

(a) Access restrictions

Curb cuts are not permitted along an #arterial# #street# on #zoning lots# with frontage on an improved non-#arterial# #street#. For #zoning lots# with frontage only on an improved #arterial# #street#, one curb cut is permitted along such #arterial# #street#. For purposes of this Section, adjoining #zoning lots# in the same ownership or control on November 2, 2023, shall be treated as a single #zoning lot#. For any #zoning lot# which includes an #area plan# approved by the City Planning Commission, no curb cut shall be allowed except where a curb cut is designated on such #area plan#. Such access restrictions with regard to curb cuts shall not apply to #schools#, hospitals and related facilities, police stations, or fire stations.

For a #zoning lot# with no less than 100 feet of frontage on an #arterial# #street#, the Commissioner of Buildings may approve curb cuts that exceed the access restrictions listed above where the Commissioner of Transportation submits a letter certifying that such additional curb cuts are necessary to avoid adverse effects on the traffic operations and safety of the #arterial#, or that such curb cuts will not adversely affect traffic operations and safety on the #arterial# including, but not limited to, all curb cut locations on an #arterial# #street# by either implementing a traffic pattern serving right-turn only movements or the implementation of traffic signalization, or other reasons acceptable to the Commissioner of Transportation.

(b) #Building# setback

Along portions of the #arterials#, as indicated on the District Plan (Maps 2.1 through 2.4 in Appendix A of this Chapter), a 20 foot #building# setback shall be provided for the

full length of the #front lot line# #abutting# such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch #caliper# or more, pre-existing or newly planted, for each 400 square feet of such front open area, unless waived pursuant to the provisions of paragraph (c) of Section 107-483 (Planting and screening for parking areas). The trees shall be selected in accordance with the provisions of Section 107-32 (Tree Requirements).

(11/2/23)

107-242 Building setbacks along railroad rights-of-way

For all #developments# on #zoning lots# immediately adjacent to the Staten Island Rapid Transit right-of-way, a #building# setback of at least 20 feet in depth, unobstructed from its lowest level to the sky, except as permitted herein, shall be provided along the #lot line# immediately adjacent to the right-of-way of such railroad. Such #building# setback shall be measured perpendicular to such #lot line#, as indicated on the District Map.

Within such #building# setback area, unless the area is within a #street# or is waived according to the planting waiver provisions of paragraph (c) of Section 107-483 (Planting and screening for parking areas), there shall be provided one tree of three-inch #caliper# or more, pre-existing or newly planted, for each 400 square feet of such open area. Tree species shall be selected in accordance with Section 107-32 (Tree Requirements).

(11/2/23)

107-30 NATURAL FEATURE REGULATIONS

Any #development#, #enlargement# resulting in changes to #lot coverage#, or #site alteration# shall comply with the provisions of this Section, inclusive.

All #zoning lots# shall comply with the provisions of Sections 107-31 (General Regulations for Natural Features), inclusive, and 107-32 (Tree Requirements).

In addition, regulations within areas of #designated open space# are set forth in Section 107-311 (Areas within designated open space).

Any #plan review site# shall also comply with the provisions of Section 107-312 (Regulations within plan review sites).

Any application to the Department of Buildings for a #site alteration#, #development#, or #enlargement# shall include a survey map in accordance with the requirements set forth in Section 107-03 (Requirements for Certification, Authorization or Special Permit Application).

A site plan for such application shall also include the location of any #area of no disturbance#, proposed paving, and shall identify those trees proposed to be removed and proposed to be preserved.

(11/2/23)

**107-31
General Regulations for Natural Features**

Except for any existing natural feature which is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no #site alteration# may take place except as provided in this Section, inclusive.

No modification of topography shall take place within eight feet of a tree that is counted toward minimum #tree credits# pursuant to the provisions of Section 107-32 (Tree Requirements).

Within any #zoning lot# which is not a #plan review site#, tree removal shall be permitted in areas that do not contain #designated open space#, provided that such #zoning lot# complies with the provisions of Section 107-32.

(11/2/23)

**107-311
Areas within designated open space**

Within #designated open space# on a #zoning lot#, any #site alteration# shall be permitted only by authorization of the City Planning Commission pursuant to Section 107-65 (Authorization for Modifications of Natural Features).

(11/2/23)

**107-312
Regulations within plan review sites**

On any portion of a #plan review site# not within #designated open space#, #development#, #enlargement#, or #site alteration# shall be permitted only in accordance with the provisions of this Section or by authorization of the City Planning Commission pursuant to the provisions of Section 107-65 (Authorization for Modifications of Natural Features) or by certification of the Chairperson of the City Planning Commission pursuant to the provisions of Section 107-51 (Certification of Certain Plan Review Sites).

The ground elevation of land existing on November 2, 2023, may be modified by up to two feet of cut or fill, provided that such modification shall not result in the destruction of trees of six-inch #caliper# or more, unless authorized pursuant to other provisions of this Chapter. Modification of topography to a greater extent and removal of trees of six-inch #caliper# or more shall only be permitted:

- (a) within 20 feet of an existing #building's# foundations or in an area designated for utilities for a proposed #building or other structure#;
- (b) in order to meet the legal mapped grades of a #street#, the existing topography of that portion of the #zoning lot# abutting such #street# may be modified to create a slope on the #zoning lot# of not less than one foot vertical to each two feet horizontal, provided the slope is landscaped to prevent erosion;
- (c) within an existing #group parking facility#, or within existing landscaping required pursuant to Section 107-483 (Planting and screening for parking areas), which does not result in the removal of parking spaces or travel lanes;
- (d) where such modification of topography takes place more than 20 feet from the boundary of an area of #designated open space#, a #side lot line#, or a #rear lot line#; or

- (e) where such tree interferes with another tree of six-inch #caliper# or more, and such tree to be preserved belongs to a species pursuant to the provisions of Section 107-32 (Tree Requirements).

If an existing tree of six-inch #caliper# or more is removed without prior approval from the Department of Buildings or the City Planning Commission and does not meet the provisions of this Section, any permit issued by the Department of Buildings for a #site alteration#, #enlargement#, #development#, or any #use# on the #zoning lot# shall not be granted a letter of completion, certificate of occupancy, or similar sign-off until such tree is replanted, or proposed to be replaced, as applicable, in accordance with Section 107-32. A violation for tree removal without prior permission or approval shall be recorded against such site.

(11/2/23)

107-32 Tree Requirements

For all #zoning lots#, newly planted trees shall be planted no closer than eight feet from any other tree and be of a species selected from the New York City Native Species Planting Guide (as issued and revised by the Department of Parks and Recreation), or its successor.

- (a) Planting in #Residence Districts# or in a #zoning lot# with fewer than 10 parking spaces.

In connection with any #development#, #site alteration#, or #enlargement# in a #Residence District#, or in any #group parking facility# with fewer than 10 parking spaces, that are not fully enclosed, newly planted trees of at least one-inch #caliper# and less than six-inch #caliper#, or pre-existing ~~or newly planted~~, trees of at least six-inch #caliper#, shall be provided on the #zoning lot# at the rate of one #tree credit# for each 1,000 square feet of #lot area# or portion thereof.

A newly planted tree of between one and two-inch #caliper# shall have 0.5 #tree credits#, and a newly planted tree greater than two-inch #caliper# but less than six-inch #caliper# shall have one #tree credit#. Newly planted trees appearing on a site plan in an approved application may be counted toward #tree credits# on site plans for future applications if they have not yet grown to a six-inch or greater #caliper#, provided that they remain in good health and continue to comply with the standards set forth in this Section.

Any existing tree of at least six-inch #caliper# which is preserved and has no new paving, #development#, #enlargement#, or modification of topography within eight feet of such tree, shall have one #tree credit# for the first six inches of #caliper# and an additional #tree credit# for each additional three inches of #caliper#.

- (b) Planting for parking areas

Any #development# or #enlargement# on a #zoning lot# that contains a #group parking facility# with 10 or more parking spaces that are not fully enclosed shall be subject to the tree planting and screening requirements of Section 107-483.

(11/2/23)

107-33 Substitution of Other Plant Materials

For any #development#, #site alteration# or #enlargement# which is required to provide trees in accordance with the provisions of paragraph (a) of Section 107-32, the City Planning Commission may allow the substitution of other plant material for such required trees, provided a detailed landscaping plan is filed with the Commission for approval and certification. A copy

of such approved landscaping plan shall be filed with the Department of Buildings by the Commission.

(11/2/23)

**107-34
Preservation of Natural Features**

For any #development# or #enlargement#, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six-inch caliper or more.

(9/11/75)

**107-40
SPECIAL USE, BULK AND PARKING REGULATIONS**

(12/5/90)

**107-41
Type of Residence**

#Semi-detached# or #attached# #single-family residences# in R2 Districts and #attached# #single-# or #two-family residences# in R3-1 Districts may be permitted by special permit of the City Planning Commission in accordance with the provisions of Section 107-74 (Modification of Permitted Use Regulations). Such #residences# shall comply with the minimum #lot area# and #lot width# requirements as set forth in the table in Section 107-42.

#Zero lot line buildings# are not permitted in the #Special South Richmond Development District#.

(3/22/16)

**107-411
Affordable independent residences for seniors in Area SH**

In Area SH, as shown on the District Plan (Map 4 in Appendix A), any #development# or #enlargement# comprised of #affordable independent residences for seniors# shall be permitted upon certification of the Chairperson of the City Planning Commission that:

- (a) such #development# or #enlargement# will contain not more than 250 #dwelling units# of #affordable independent residences for seniors#, individually or in combination with other #developments# or #enlargements# within Area SH that have received prior certification pursuant to this Section;
- (b) a site plan has been submitted showing a detailed plan demonstrating compliance with the provisions of this Chapter; and
- (c) such #residences# comply with the #use# and #bulk# regulations of R3-2 Districts, except that the maximum #floor area ratio#, maximum #lot coverage# and minimum required #open space# shall be as set forth for R3-2 Districts in Section 23-142 (Open space and floor area regulations in R1 and R2 Districts with a letter suffix and R3 through

R5 Districts), as modified by this Chapter. The provisions of Section 23-144 (Affordable independent residences for seniors) shall not apply.

Any #development# or #enlargement# that results in a total of more than 250 #dwelling units# of #affordable independent residences for seniors# in Area SH shall be permitted only upon authorization of the City Planning Commission, pursuant to Section 107-672 (In Area SH).

(6/6/24)

107-412

Special bulk regulations for certain community facility uses in lower density growth management areas

The #bulk# regulations of this Chapter applicable to #residential buildings# shall apply to all #zoning lots# in #lower density growth management areas# containing #buildings# used for:

- (a) ambulatory diagnostic or treatment health care facilities, listed under Use Group III(B), except where such #zoning lot# contains #buildings# used for hospitals, as defined in the New York State Hospital Code, or #long-term care facilities#; or
- (b) child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.

(11/2/23)

107-42

Minimum Lot Area and Lot Width for Residences

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in the table in this Section shall apply, which shall vary by #building# height. Where two or more #buildings# that are #single-# or #two-family# #detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10 (DEFINITIONS), provided that the applicable #lot width#, in feet, set forth in the table shall be met along at least one #street line# of the #zoning lot# or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table.

However, one #single-family# #detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

- (a) has less than the minimum #lot area# or #lot width# required pursuant to this Section; and
- (b) was owned separately and individually from all other adjoining tracts of land, both on December 8, 2005, and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2

Districts.

District	Type of #Residence#	Height (in stories)	Minimum #Lot Area# (in sq. ft.)	Minimum #Lot Width# (in feet)
R1-1	#detached#	1-4	9,500	100
R1-2	#detached#	1-2 3 4	5,700 5,700 5,700	40 50 60
R2	#detached#	1-4	3,800	40
R3-1	#detached#	1-2 3-4	3,800 3,800	40 45
R3-1 R3-2	#semi-detached#	1-2 3-4	2,375 ³ 3,800	24 ³ 40
R3-2	#detached# #attached#	1-2 3-4 1-2 1-2 3-4 3-4	3,800 4,275 1,700 2,375 ¹ 2,280 3,800 ¹	40 45 18 24 ¹ 24 40 ¹
R3A	#detached#	1-3	3,325	35
R3X ²	#detached#	1-2 3 4	3,800 4,750 5,700	40 50 60
R4A	#detached#	1-3	3,325	35
R4-1	#semi-detached# #detached#	1-3 1-3	2,375 ³ 3,325	24 ³ 35

- 1 For #attached buildings# that #abut# an #attached building# on a separate #zoning lot# on one side and on the other side are bounded by #yards# or open area.
- 2 In Area LL as shown on the District Plan (Map 4 in Appendix A) of this Chapter, all #residences# shall have a minimum #lot area# of 5,700 square feet and a minimum #lot width# of 50 feet.
- 3 For #two-family# #semi-detached# #residences# with a height of one or two #stories# in R3-1 and R3-2 Districts and for all #two-family# #semi-detached# #residences# in R4-1 Districts, the minimum #lot area# shall be 3,135 square feet and the minimum #lot width# shall be 33 feet.

BY SPECIAL PERMIT (PURSUANT TO SECTION 107-74)

District	Type of #Residence#	Height (in stories)	Minimum #Lot Area# (in sq. ft.)	Minimum #Lot Width# (in feet)
R2	#semi-detached#	1-4	3,800	30
	#attached#	1-4	3,800	22
R3-1	#attached#	1-2	1,700	20
		2-3	2,280	24

(3/22/16)

107-421

Minimum lot area and lot width for zoning lots containing certain community facility uses

In R1, R2, R3-1, R3A, R3X, R4-1 and R4A Districts, the provisions of this Section shall apply to #zoning lots# containing #buildings# used for:

- (a) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals, as defined in the New York State Hospital Code, or #long-term care facilities#; and
- (b) child care service as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where:
 - (1) such #zoning lot# contains #buildings# used for houses of worship; or
 - (2) for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.

The minimum #lot area# for such #zoning lots# containing ambulatory diagnostic or treatment health care facilities shall be 5,700 square feet, and the minimum #lot area# for such #zoning lots# containing child care services shall be 10,000 square feet. Where such #uses# are located on the same #zoning lot#, the applicable #lot area# requirement shall be allocated separately to each such #use#. In addition, each such #zoning lot# shall have a minimum #lot width# of 60 feet. Such #lot width# shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that such #lot width# shall also be met along at least one #street line# of the #zoning lot#. No #building#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point than 60 feet.

For such #zoning lots# containing multiple #buildings# used in any combination for ambulatory diagnostic or treatment health care facilities, child care services or #residences#, the applicable minimum #lot area# and #lot width# requirements shall be allocated separately to each such #building#.

(11/2/23)

107-43

Maximum Height for Buildings or Structures

Subject to the requirements for maximum height of walls and required setbacks in Sections 23-63, 24-52 or 33-43, no #building or other structure# shall exceed a height of 50 feet unless modified by a special permit of the City Planning Commission, pursuant to Section 107-73 (Exceptions to Height Regulations).

(10/17/07)

107-44

Maximum Floor Area Ratio for Community Facility Uses

The provisions of Sections 24-13 (Floor Area Bonus for Deep Front and Wide Side Yards) and 33-15 (Floor Area Bonus for Front Yards) shall not apply to any #community facility uses#

located in the Special District.

(2/2/11)

**107-45
Required Open Space for Residences**

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space).

For #buildings# containing #residences# on #zoning lots# that include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth for the following districts:

- (a) in R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required #open space# not within the #designated open space#; or
- (b) in R3A, R3X, R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #buildings# containing #residences# and not within the #designated open space#.

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of permitted obstructions).

(9/11/75)

**107-46
Yard and Court Regulations**

(2/2/11)

**107-461
Front yards**

In all #Residence Districts#, the #front yard# requirements of the underlying districts shall apply, except that in R2 Districts without a letter suffix, R3-1, R3-2, R4 Districts without a letter suffix and R5 Districts without a letter suffix, #front yards# shall be at least 18 feet in depth. On #corner lots#, one #front yard# may have a lesser depth as permitted by the underlying district regulations.

(11/15/06)

**107-462
Side yards**

In all districts, except R1 Districts, for all #single-# or #two-family# #detached# and #semi-detached# #residences#, the #side yards# shall relate to the height of the #building# as set forth in the following table, except that in R1, R2, R3, R4A and R4-1 Districts, on a #corner lot#, one #side yard# shall be at least 20 feet in width:

REQUIRED SIDE YARDS

--	--	--	--	--	--

District	Type of —#Residence#	Height (in #stories#)	Number of #Side Yards# Required	Required Total Width	Required Minimum Width of any #Side Yard#
R2 R3-1 R3-2	#detached#	1-2	2	15	5
	#detached#	3-4	2	20	5
	#semi-detached#	1-2	1	9	9
	#semi-detached#	3-4	1	15	15
R3A R4A	#detached#	1-4	2	15	5
R3X*	#detached#	1-2	2	15	5
	#detached#	3	2	20	8
	#detached#	4	2	25	10
R4-1	#detached#	1-4	2	15	5
	#semi-detached#	1-4	1	9	9

* In Area LL, as shown on the District Plan (Map 4 in Appendix A) of this Chapter, two #side yards# with a total width of at least 16 feet shall be required for all #residences#, and each #side yard# shall have a minimum width of eight feet. However, the minimum #side yard# widths set forth in this table shall apply to any #development# on a #zoning lot# having an area of at least 1.5 acres for which applications for certifications pursuant to Sections 107-08 (Future Subdivision) and 107-121 (Public schools) have been filed prior to March 1, 2003

In R1 Districts, the #side yard# regulations of Section 23-46 shall apply.

(2/2/11)

**107-463
Side yard regulations for other residential buildings**

For all #residential buildings# other than #single-# or #two-family# #detached# or #semi-detached# #residences#, the provisions of Section 23-462 (Side yards for all other residential buildings) shall apply, except that no #side yard# shall have a width less than 10 feet.

Furthermore, for #attached# #residences# that #abut# an #attached# #building# on a separate #zoning lot# on one side and are bounded by open area on the other side, one #side yard# with a minimum width of nine feet shall be required for such one or two #story# #residences#, and one #side yard# with a minimum width of 15 feet shall be required for such three or four #story# #residences#.

(2/2/11)

**107-464
Side yards for permitted non-residential use**

For #community facility buildings# or other #buildings# used for permitted non-#residential uses# in #Residence Districts#, the provisions of Section 24-35 (Minimum Required Side Yards) shall apply to such #community facility buildings# or the provisions of Section 23-464 (Side yards for buildings used for permitted non-residential uses) shall apply to such other non-#residential buildings#, except that no #side yard# shall have a width less than 10 feet and, in the case of #buildings# more than three #stories# in height, the required total width of both #side yards# shall not be less than 25 feet.

Where greater widths of #side yards# are required by the provisions of Sections 23-464 or 24-35 than by the provisions of this Section, such requirement of greater width shall apply.

(2/2/11)

107-465

Modifications of special yard regulations for certain zoning lots

On application, the City Planning Commission may, by certification, modify the underlying #rear yard# regulations and thereby allow #single-# or #two-family residences# to be built on the #side# or #rear lot line#, provided the following conditions are satisfied:

- (a) When a #building# is located on the #side lot line#, the entire required #side yard# equivalent shall be provided along the other #side lot line# of the same #zoning lot#. On the adjacent #zoning lot# there shall be a #side yard# of at least 10 feet, #abutting# the #building# wall which is located on the #side lot line#.
- (b) When a #single-# or #two-family residence# is located on the #rear lot line#, the #zoning lots# #abutting# the entire #rear lot line# shall provide a #rear yard# of at least 40 feet. If the #building# on either #zoning lot# has a height greater than two #stories#, then such #building# shall have a 10-foot rear setback above the height of the second #story#.
- (c) When #single-# or #two-family residences# share a party wall along the #rear lot line#, if at any level either #building# is set back from the #rear lot line#, each #building# shall have a setback at the same height and such rear setback shall be at least 20 feet in depth.

The Commission shall also find that:

- (1) such modifications of #side# or #rear yards# or equivalents blend harmoniously with the entire development;
- (2) there is no adverse effect with regard to adequate light and air to the #residences#;
- (3) such modification results in the maximum preservation of trees;
- (4) there is an agreement which provides access for maintenance of the #building# wall located on the #lot line#; and
- (5) a condition to the grant of any certification shall be that the requirements of Section 107-92 (Recordation) have been satisfied.

(2/2/11)

107-466

Court regulations

For any #building# containing #residences# not more than one #story# in height, the area of an #inner court# shall not be less than 225 square feet and the minimum dimension of such #inner court# shall not be less than 15 feet.

For any #building# containing #residences# more than one #story# in height, the area of an #inner court# shall not be less than 400 square feet and the minimum dimension of such #inner court# shall not be less than 20 feet.

No court regulations shall apply to #single-# and #two-family# #detached# #residences#.

(2/2/11)

107-467**Modifications of yard and court regulations**

The #yard# and #court# regulations as set forth in Section 107-46 may be modified by authorization of the City Planning Commission in accordance with the provisions of Section 107-62 (Yard, Court and Parking Regulations).

(9/11/75)

107-47**Special Parking Regulations**

(11/2/23)

107-471

For the purposes of this Chapter, the waiver provision set forth in Section 36-231 (In districts with high, medium or low parking requirements) shall not apply to any #development# in the Special District.

(11/2/23)

107-472**Group parking facilities within plan review sites**

For the purposes of this Chapter, no #accessory# #group parking facility# for non-#residential uses# shall be permitted anywhere on a #plan review site#, or any #zoning lot# that contained one or more acres on November 2, 2023, except as set forth in Sections 107-51 (Certification of Certain Plan Review Sites) or 107-68 (Modification of Group Parking Regulations).

(11/2/23)

107-473**Location of required parking**

For a #residential# #building# on a #zoning lot# containing an #area of no land alteration# or #designated open space#, the provisions of Section 25-622 (Location of parking spaces in lower density growth management areas) that do not permit open off-street parking between the #street line# and the #street wall# or prolongation thereof of a #building# shall not apply.

(9/11/75)

107-48**Special Landscaping and Buffering Provisions**

(2/2/11)

107-481**Planting provisions along Residence District boundaries**

For any #commercial# or #manufacturing# #development# on a #zoning lot# adjoining a #Residence District# boundary, there shall be in the open area required by the provisions of Sections 33-29 and 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) along the #lot line# adjoining the #Residence District#, a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and complying with the provisions applicable to screening for parking areas as set forth in Section 107-483 (Planting and screening for open parking areas).

(2/2/11)

107-482

Landscaped buffer for manufacturing development adjacent to residences

Where an existing #residential use# is located adjacent to a proposed #manufacturing# or #commercial# #development#, the developer shall plant along that part of the #side# or #rear lot line# adjacent to a #residential use#, a row of evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years, or trees selected from Appendix B and spaced at 10 feet on center. Such screening shall be maintained in good condition at all times.

(12/6/23)

107-483

Planting and screening for parking areas

#Zoning lots# that contain a #group parking facility# with 10 or more parking spaces that are not fully enclosed, shall be subject to paragraphs (a) and (b) of this Section and may be subject to paragraph (c) of this Section.

(a) Tree planting requirements for open parking

The provisions of Section 37-921 (Perimeter landscaping) shall apply to all facilities. In addition, one tree, of three-inch #caliper# or more, pre-existing or newly planted, shall be provided for each four open parking spaces and may be located in the perimeter landscaped area of the parking area or in planting islands within the parking area.

However, where 30 or more open parking spaces are provided, at least 50 percent of the required trees shall be located within planting islands within the parking area. Such planting islands shall have a minimum area of 150 square feet of pervious surface and comply with the requirements of paragraphs (a), (b) and (c) of Section 37-922 (Interior landscaping).

For open parking areas with at least 36 parking spaces, the total number of trees required pursuant to Section 37-922 shall be superseded by the number of trees required pursuant to this Section.

Notwithstanding the above, For open parking areas where solar canopies will cover more than 75 percent of the parking spaces in an #accessory# off-street parking facility or #public parking lot#, or any portion thereof with more than 10 parking spaces, the provisions of Section 37-923 (Alternative compliance for solar canopies), including associated applicability and modifications to the provisions of Sections 37-921 and 37-922, may be applied in lieu of the provisions of this Section.

(b) Screening requirements

For open parking areas or parking garages located on the ground floor and not fully enclosed, such non-enclosed portion shall be screened from all adjoining #zoning lots# by a landscaped area at least four feet in width, densely planted with shrubs maintained at

a maximum height of three feet. Open parking areas shall also be screened from all adjoining #streets# by a perimeter landscaped area at least seven feet in width in accordance with Section 37-921 (Perimeter landscaping). Such perimeter landscaped area may be interrupted only by vehicular entrances and exits. Sidewalks that provide a direct connection between the public sidewalk and a pedestrian circulation route within the parking area may also interrupt a perimeter landscaped area.

In addition, such screening shall be maintained in good condition at all times and may be interrupted by normal entrances and exits.

(c) Planting waiver

Tree planting and screening requirements may be waived if the Commissioner of Buildings certifies that planting is unfeasible due to:

- (1) unique geological conditions, such as excessive subsurface rock conditions or high water table;
- (2) underground municipal infrastructure; or
- (3) a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

For #developments# in #Residence Districts#, trees provided in accordance with the provisions of this Section may be counted for the purposes of meeting the requirements of paragraph (a) of Section 107-32. Furthermore, for #developments# in #Commercial# or #Manufacturing Districts#, which provide trees in accordance with the provisions of this Section, the requirements of paragraph (a) of Section 107-32 shall not apply.

(8/17/95)

107-49
Special Regulations for Area M

In Area M, as shown on the District Plan (Map 4 in Appendix A) the regulations of the underlying districts and the Special District are supplemented or modified in accordance with the provisions of this Section. Except as modified by the express provisions of this Section, the regulations of the underlying districts and the Special District remain in effect.

(8/17/95)

107-491
Special use regulations for residential uses

- (a) #Residential uses# existing prior to August 17, 1995 shall be considered conforming and when an existing #building# containing such #uses# is damaged or destroyed by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to R3X District #bulk# requirements, whichever is greater.
- (b) #Residential# #extensions# shall be subject to all of the R3X District regulations and the applicable Special District regulations except that an existing #detached# #building# may contain non-#residential uses# in addition to not more than two #dwelling units#.
- (c) Non-#residential uses# shall be located below the lowest #story# occupied in whole or in part by #residential uses#.

- (d) #Floor area# in a #building# originally designed as one or more #dwelling units# that has been continuously vacant for two or more years prior to the date of filing an alteration application, may be re-occupied for #residential use#.
- (e) #Residential# #enlargements# not to exceed 500 square feet shall be permitted subject to all of the R3X District regulations and the applicable Special District regulations, provided that there is no increase in the number of #dwelling units# and that there is no disturbance of the soil.
- (f) #Residential# #developments#, and #residential# #enlargements# where there is a disturbance of the soil, shall be subject to the provisions of Section 107-69 (Residential Uses in Area M).

(8/17/95)

107-492
Special bulk regulations

The maximum #floor area ratio# for two or more #uses# on a #zoning lot# shall be determined by the #use# that is permitted the greatest #floor area ratio# in Area M (Map 4 in Appendix A), provided that the #floor area# occupied by each #use# does not exceed the amount permitted by the #floor area ratio# for that #use# in Area M.

(11/2/23)

107-50
CERTIFICATIONS

Administrative certifications from the City Planning Commission are required, as set forth in various sections of this Chapter, in any one of the following circumstances:

- (a) when certain #plan review sites# are subdivided, as set forth in Section 107-08 (Future Subdivision of Certain Plan Review Sites);
- (b) when certain #plan review sites# meet the requirements set forth in Section 107-51 (Certification of Certain Plan Review Sites) and do not require an authorization pursuant to Section 107-60, inclusive;
- (c) when a #zoning lot# contains #designated open space#, as set forth in Section 107-22 (Designated Open Space);
- (d) where required #yards# or equivalents are to be modified as set forth in Section 107-465 (Modifications of special yard regulations for certain zoning lots);
- (e) where plant material is substituted for required trees as set forth in Section 107-33 (Substitution of Other Plant Materials); or
- (f) when a #zoning lot# contains a portion of the proposed #waterfront esplanade#, as set forth in Section 107-23 (Waterfront Esplanade).

(11/2/23)

107-51
Certification of Certain Plan Review Sites

On a #plan review site#, for any #enlargement# or #site alteration# which does not comply with the provisions of Section 107-31 (General Regulations for Natural Features), the Chairperson of the City Planning Commission shall certify that:

- (a) such #plan review site# does not:
 - (1) contain any of the district plan elements as set forth in Section 107-20 (DISTRICT PLAN ELEMENTS), inclusive;
 - (2) contain an #area of no land alteration#;
 - (3) exceed the rate of two #tree credits# per 1,000 square feet of lot area; and
 - (4) does not have a violation for tree removal without prior permission or approval and no trees have been removed since November 2, 2023, unless permitted pursuant to Section 107-312 (Regulations within plan review sites);
- (b) new or existing tree planting shall satisfy tree requirements pursuant to Section 107-32 (Tree Regulations); and
- (c) the resulting #enlargement# or #site alteration# does not require more than 10 additional accessory off-street parking spaces for a #commercial#, #community facility#, or #manufacturing use#.

Any #enlargement or #site alteration# on a #plan review site# which does not comply with these conditions, or any #development# on a #plan review site#, shall require an authorization pursuant to Section 107-60 (AUTHORIZATIONS).

(9/11/75)

107-60 AUTHORIZATIONS

(11/15/06)

107-61 General Provisions

On application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-62 to 107-69, inclusive, relating to authorizations.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorizations.

(11/2/23)

107-62 Yard, Court and Parking Regulations

For any #plan review site# or for any #zoning lot# containing #designated open space# or an #area of no land alteration#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46, inclusive, or in the location of parking, driveway or curb cut regulations as set forth in Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), 25-621 (Location of parking spaces in certain districts), 25-622 (Location of parking spaces in lower density growth management areas) and

25-632 (Driveway and curb cut regulations in lower density growth management areas) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of natural features.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots# and will preserve natural features in #areas of no disturbance#.

(2/2/11)

107-63 Minimum Distance Between Buildings

For any #development# containing #residences#, the City Planning Commission may authorize the location of #buildings#, on a single #zoning lot# without regard for spacing between #buildings# regulations, provided that the resultant spacing will not be reduced beyond an amount considered appropriate by the Commission and in no case by more than 15 percent of that required by Section 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot).

(9/11/75)

107-64 Future Subdivision of Certain Plan Review Sites

For any #plan review site# that does not comply with Section 107-08 (Future Subdivision of Certain Plan Review Sites), the City Planning Commission may authorize a future subdivision into two or more #zoning lots#, provided that the Commission finds that:

- (a) to the greatest extent possible, all individual trees of six-inch #caliper# or more, the existing topography, and all land located within a #designated open space#, are preserved under future #development# options;
- (b) such subdivision complies with the goals described in paragraph (c) of Section 107-00 (GENERAL PURPOSES); and
- (c) where vehicular access and egress are located on an #arterial#, the location of such vehicular access and egress permits better site planning.

Any subdivision that is proposed to take place within the Special District after November 2, 2023, shall be filed with the City Planning Commission. A site plan and #area plan# shall indicate the distribution of #bulk# for the individual #zoning lots# submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#.

For the purpose of applying the provisions of this Section, a subdivision includes reconfiguration of a #zoning lot# in a manner that would change its area or any dimension of such #zoning lot#.

(11/2/23)

107-65 Authorization for Modifications of Natural Features

For any #development#, #enlargement#, or #site alteration# on #plan review sites# or within #designated open space#, the City Planning Commission may authorize modifications of the natural topography existing on November 2, 2023 beyond the amount specified in Section 107-

31 (General Regulations for Natural Features), inclusive, or modification of tree regulations pursuant to Section 107-312 (Regulations within plan review sites).

The Commission may authorize modifications to natural features, provided that the Commission finds that:

- (a) the modifications are the minimum necessary to facilitate the project;
- (b) such modification of topography is necessary to accommodate any public amenities, as applicable, such as public pedestrian ways, the #waterfront esplanade# or active recreational facilities within a #designated open space# as required under the provisions of this Chapter;
- (c) such modification will not cause unnecessary disturbance of the drainage pattern in the area;
- (d) such modification will have minimal impact on the existing natural features of the surrounding area and will blend harmoniously with such area; and
- (e) areas that contain natural features are preserved within a proposed #area of no disturbance#, especially those areas which are contiguous to #designated open space#, #areas of no land alteration#, or other area containing mostly natural features.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(9/11/75)

107-66 Developments Partly Within Designated Open Space

(2/2/11)

107-661 Modification of permitted obstructions

For #developments# containing #residences# on #zoning lots# partly within #designated open space#, the City Planning Commission, on application, may modify the requirements of Section 107-45 (Required Open Space for Residences) to permit more than 50 percent of the required #open space#, not within the #designated open space#, to be occupied by driveways, private streets, open #accessory# off-street parking spaces or open #accessory# off-street loading berths, if the Commission finds that such facilities are so arranged and landscaped as to afford an acceptable standard of amenity for the #development# and its surroundings.

(11/2/23)

107-662 Modification of required yards of building setbacks

On application, the City Planning Commission may grant an authorization modifying the #building# setback requirements of Section 107-241 (Special provisions for arterials), provided that the Commission finds that:

- (a) the area of that portion of the #zoning lot# which is designated as #designated open space# on the District Plan in Appendix A of this Chapter, is at least equal to the area of the required #building# setback #front yard# or #yards#, or portion thereof, which is

waived;

- (b) along any #front lot line# abutting an #arterial#, a front setback shall be provided having a depth to be determined by the Commission and which shall be improved in accordance with a landscape plan approved by the Commission; and
- (c) #building# placement leaves adequate spaces for the provision of #street# trees.

(11/15/06)

107-67

Uses and Bulk Permitted in Certain Areas

(11/2/23)

107-671

In Area SH

The City Planning Commission may authorize #developments# that will result in more than 250 #dwelling units# of #affordable independent residences for seniors# in Area SH, as shown on the District Plan (Map 4 in Appendix A), provided such #developments# comply with the #use# and #bulk# regulations of R3-2 Districts, except that the maximum #floor area ratio#, maximum #lot coverage# and minimum required #open space# shall be as set forth for R3-2 Districts in Section 23-142 (Open space and floor area regulations in R1 and R2 Districts with a letter suffix and R3 through R5 Districts), as modified by this Chapter. The provisions of Section 23-144 (Affordable independent residences for seniors) shall not apply.

In order to grant such authorization, the Commission shall find that:

- (a) such #developments# are part of a superior site plan;
- (b) such #residences# are compatible with the character of the surrounding area; and
- (c) the #streets# providing access to such #residences# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

(11/2/23)

107-68

Modification of Group Parking Facility and Access Regulations

For a permitted #commercial#, #community facility# or #manufacturing# #use# on a #plan review site# or portion of a #plan review site# existing on November 2, 2023, the City Planning Commission may authorize #accessory# off-street parking spaces in a #plan review site# or portion of a #plan review site# existing on November 2, 2023. In order to grant such authorization, the Commission, upon a review of the site plan, shall find that:

- (a) vehicular access and egress are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) where vehicular access and egress are located on an #arterial#, such location affords the best means for controlling the flow of traffic generated by such #use# to and from such #arterial#, and does not unduly interfere with pedestrian traffic; and
- (c) the design of the parking facility avoids undue conflict between pedestrian and vehicular movements in a manner that results in a better site plan.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area and may, in appropriate cases, condition its authorization upon compliance with an approved site and landscaping plan. The Commission may also permit modifications to parking lot landscaping and maneuverability requirements only if such modifications preserve natural features.

(6/6/24)

107-69

Residential Uses in Area M

- (a) The City Planning Commission may authorize #developments#, or #enlargements# of #residential uses# in excess of 500 square feet, or in any case where there would be a disturbance of the soil, for the following:
 - (1) #zoning lots# with #residential# or #community facility uses# existing on August 17, 1995; or
 - (2) #zoning lots# that have been vacant or #land with minor improvements# for at least two years immediately prior to the date of application for the authorization.
- (b) No #building# shall be constructed for occupancy by both #residential# and #manufacturing uses#. All #residential uses# shall comply with the R3X District regulations and all #commercial# #uses# shall comply with the M1-1 District regulations. All #developments# or #enlargements# shall comply with the applicable Special District regulations:
- (c) In authorizing new #residential uses# and #residential# #enlargements#, the Commission shall find that:
 - (1) the #residential use# will not be exposed to excessive noise, smoke, dust, noxious odor, toxic metals, safety hazards, or other adverse impacts from #commercial# or #manufacturing uses#;
 - (2) there are no open #uses# included under Sewage, Storm Water and Waste Infrastructure Use Group IV(B) or other open #uses# listed under Use Group IX(B) or Use Group X within 400 feet of the #zoning lot#;
 - (3) the #residential use# shall not adversely affect #commercial# or #manufacturing uses# in the Special District; and
 - (4) the authorization shall not alter the essential character of the neighborhood or district in which the #use# is located, nor impair the future #use# or #development# of #commercial# and #manufacturing uses# on nearby #zoning lots#.

In granting such authorization, the Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(9/11/75)

107-70

SPECIAL PERMITS

(11/2/23)

107-71
General Provisions

On application, the City Planning Commission, may grant special permits for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-72 to 107-78, inclusive, relating to special permits.

(2/2/11)

107-72
Qualification of Designated Open Space as Lot Area

For any #development# containing #designated open space#, the City Planning Commission may allow the amount of #designated open space# to be counted as #lot area# for #bulk# computations to exceed the amount permitted under Section 107-224.

As a condition for granting a permit for such modifications, the Commission shall find that:

- (a) that for the occupants of the site itself, the ill effects of concentration of #buildings# or #accessory# off-street parking are avoided or overcome by the manner in which the #buildings# are sited and #yards# and other open areas arranged; and
- (b) that the concentration of #buildings# or activities will not adversely affect any other #zoning lot# outside the development by restricting access of light and air, impairing privacy or creating traffic congestion.

(6/30/89)

107-73
Exceptions to Height Regulations

For any #development#, the City Planning Commission may grant a special permit to modify the height regulations as set forth in Section 23-631, paragraphs (b), (c) and (d) and Section 107-43, provided that the Commission finds that:

- (a) such #development# is so located as not to impair the essential character of the surrounding area;
- (b) by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography, #designated open space# or the protection of an outstanding view from a public space, will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land; and
- (c) that the #development's# design proposals take full advantage of all special characteristics of the site.

(2/2/11)

107-74
Modification of Permitted Use Regulations

For any #development#, the City Planning Commission may grant special permits to allow #semi-detached# or #attached# #single-family residences# in R2 Districts and #attached# #single-# or #two-family residences# in R3-1 Districts. As a condition for granting such special

permits, the Commission shall find that:

- (a) only by modifying the #residential building# type, the preservation of trees over six-inch caliper and of existing topography can be assured;
- (b) by inclusion of the proposed #residential building# types, better standards of privacy and usable #open space# can be achieved; and
- (c) if the #zoning lot# is located in the #designated open space#, the prohibition of #development# on the #designated open space# requires the permitted #development# to be concentrated in the remaining portion of the tract.

(9/11/75)

107-76

Boundary Adjustments in Designated Open Space

The City Planning Commission may grant special permits to allow adjustments in the boundaries of the #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that such adjustment will:

- (a) result in a substantial improvement in the quality and usefulness of the #designated open space#; or
- (b) permit #development# which better satisfies the purposes of this Chapter and that the new features which will be added to the #designated open space# will be at least equal in quality to those which are displaced from it; and
- (c) provide an equivalent area replacement for the area removed from the #designated open space#.

(6/6/24)

107-77

Community Facility Buildings or Treatment Plants Permitted in Designated Open Space

The City Planning Commission may grant special permits for the construction of sewage disposal plants or pumping stations or #community facility uses# listed in Section 78-352 (Bonus for community facility space) in #designated open space# where such #uses# are permitted by the underlying district regulations provided the Commission finds that:

- (a) an amount of open area outside the boundary of the #designated open space#, at least equal to the coverage of any #building or other structure# permitted under this Section, shall be added to the #designated open space#, and action shall be taken to change the boundary of the #designated open space# pursuant to Section 107-76 (Boundary Adjustments in Designated Open Space);
- (b) such added open area forms a continuous part of the #open space network#, and does not interrupt or foreclose the continuity of a public pedestrian way;
- (c) such added open area shall contain natural (aquatic, botanic, geologic or topographic) features that are equal or better in quality to those displaced by the #development#; and
- (d) such sewage disposal plants and sewage pumping stations meet the requirements of Section 74-143, inclusive.

The City Planning Commission may prescribe appropriate conditions and safeguards to enhance

the character of the #designated open space#.

(9/11/75)

107-78

Other Buildings Permitted in Designated Open Space

On any #zoning lot# located partially within the #designated open space#, the City Planning Commission may grant a special permit to allow a #building# to encroach on the #designated open space# where #development# is not feasible without encroachment on the #designated open space#. As a condition for permitting such construction, the Commission shall find that the #development#, as authorized, will result in the minimum interference with the #designated open space# that must be permitted in order to allow reasonable #development# and #bulk# distribution under the regulations of the underlying district or as such regulations are modified by the provisions of this Chapter.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the #designated open space#.

(11/2/23)

107-90

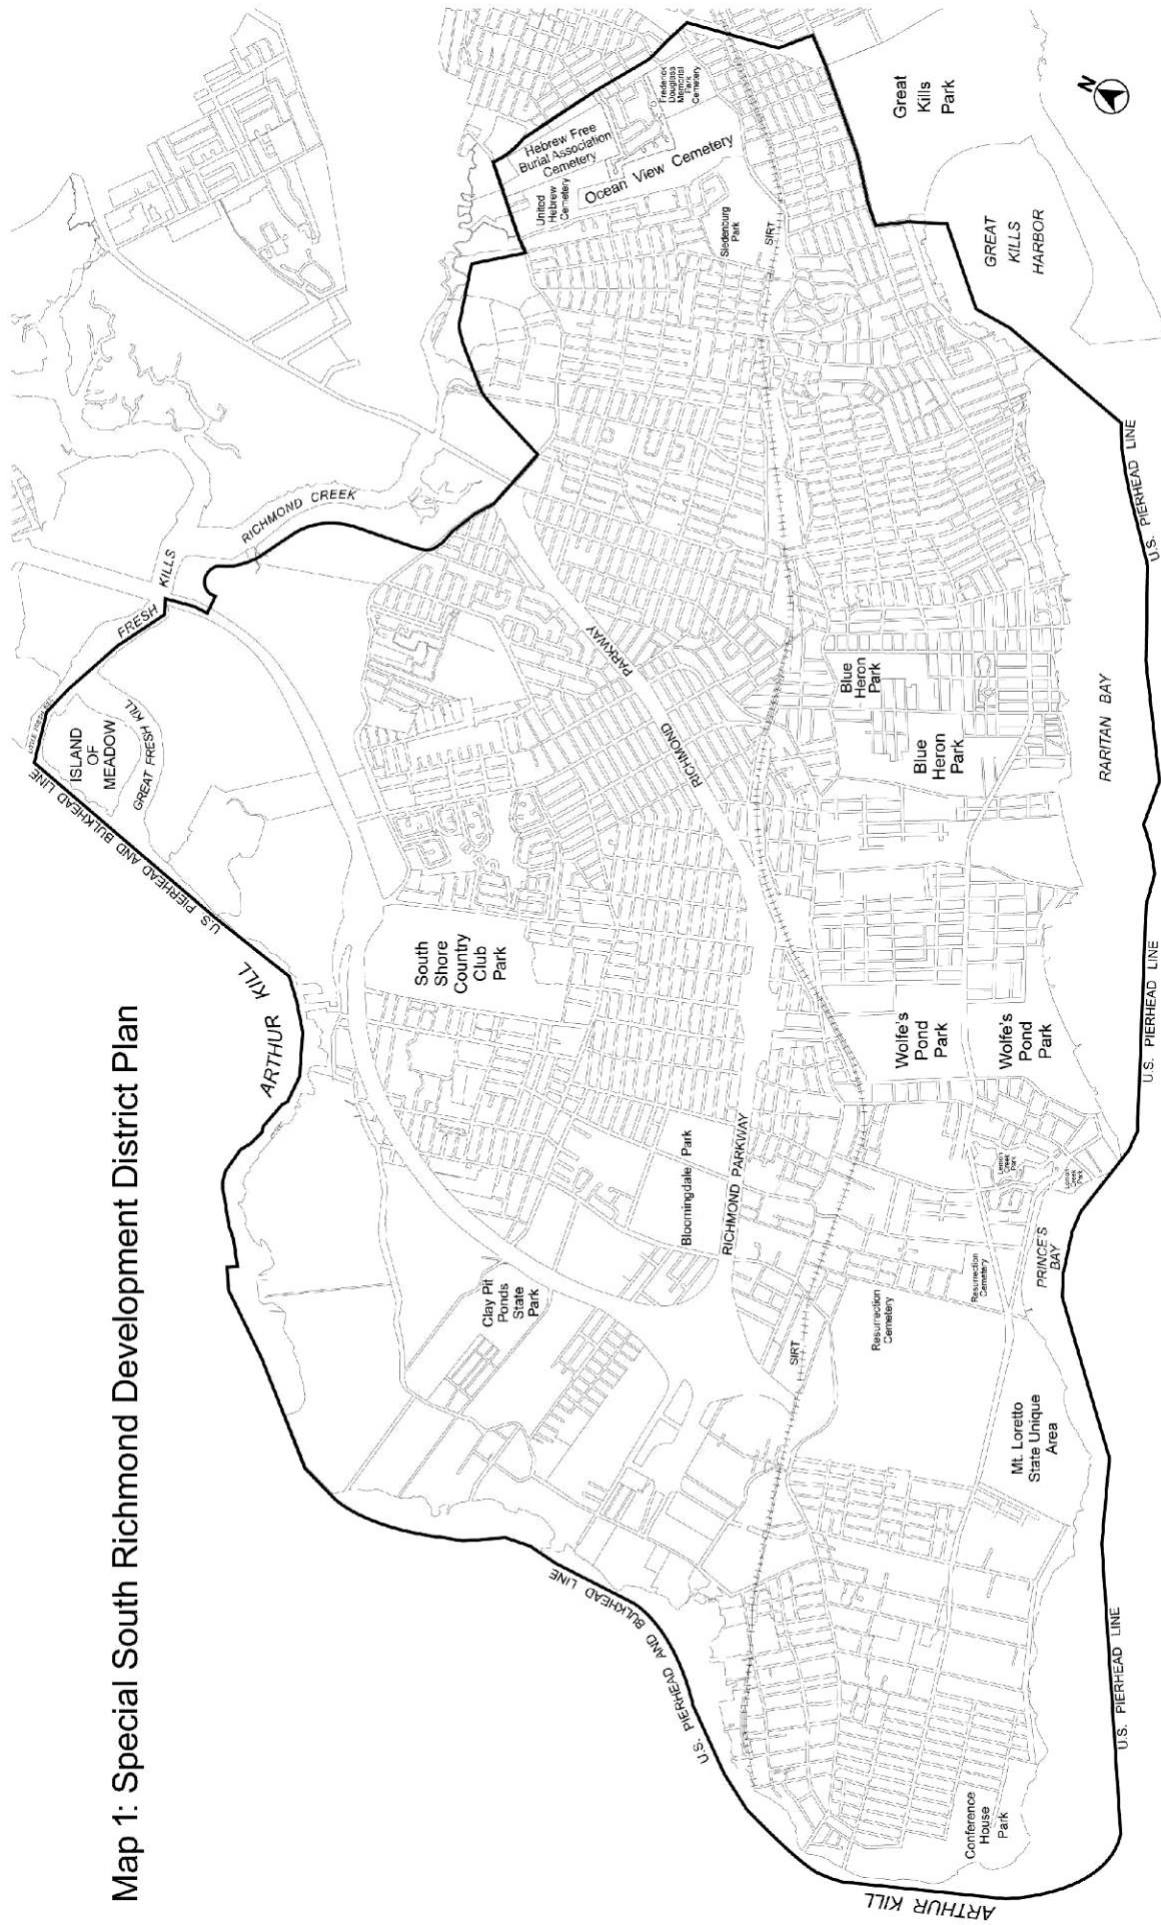

SPECIAL ADMINISTRATIVE PROVISIONS FOR RECORDATION

When any #yard# requirement of the applicable district regulations is modified by the City Planning Commission pursuant to Section 107-46 (Yard and Court Regulations), prior to the filing of an application for any permit with the Department of Buildings, there shall be recorded in the Office of the County Clerk, County of Richmond, and indexed against such #zoning lots# to be #developed# as a unit, an instrument describing all conditions and restrictions required by the Commission for the #development# and #use# of such #zoning lots#. Recordation of instruments may be required in connection with any other zoning application hereunder. A certified copy of such instrument shall be submitted to the City Planning Commission upon recordation thereof.

The #Special South Richmond Development District# Plan is incorporated as Appendix A of this Chapter.

(7/23/08)

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 8
Special Hunts Point District**

(7/23/08)

**108-00
GENERAL PURPOSES**

The “Special Hunts Point District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Hunts Point community. These goals include, among others, the following specific purposes:

- (a) to provide a buffer of high-performance industrial and other commercial establishments around the residential area;
- (b) to encourage the development of food-related businesses and other compatible businesses;
- (c) to create a transition between the Hunts Point Food Market and related businesses and the adjacent neighborhood;
- (d) to retain jobs in New York City;
- (e) to promote the development of retail businesses in the neighborhood;
- (f) to provide an opportunity for the physical improvement of Hunts Point; and
- (g) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

(12/15/21)

**108-01
General Provisions**

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Hunts Point District#, the provisions of this Chapter shall apply to all #developments# and #enlargements# within the #Special Hunts Point District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

The provisions of Article VI, Chapter 3 (Special Regulations Applying to FRESH Food Stores) shall apply in the Residential Buffer Subdistrict, and shall not apply in the Food Industry Subdistrict. For any food store subject to the provisions of Article VI, Chapter 3, the parking regulations of Section 63-24 (Required Accessory Off-street Parking Spaces in Certain Districts) shall supersede the provisions of Section 108-20 (MODIFICATION OF PARKING REQUIREMENTS IN THE RESIDENTIAL BUFFER SUBDISTRICT).

(7/23/08)

108-02 District Plan and Maps

The District Plan for the #Special Hunts Point District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Hunts Point District#.

These areas shall include the Residential Buffer and the Food Industry Subdistricts.

The District Plan includes the #Special Hunts Point District# Map located in Appendix A to this Chapter.

The map is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(7/23/08)

108-10 USE REGULATIONS

(6/6/24)

108-11

Use Modifications in the Special Hunts Point District

In the #Special Hunts Point District#, #transient hotels# or #motels# listed under Use Group V shall not be permitted within the areas designated on the #Special Hunts Point District# Map in Appendix A. Within such areas, Section 74-153 (In M1 Districts) shall not be applicable.

(6/6/24)

108-12

Use Modifications in the Residential Buffer Subdistrict

- (a) In the #Special Hunts Point District#, the #use# regulations of the underlying M1-2 District within the Residential Buffer Subdistrict shall be modified to permit the following #uses#:

From Use Group III

Community centers

Libraries

Museums

Non-commercial recreational centers

From Use Group VI

All #uses# listed under Food and beverage Retailers, with no limitation as to #floor area# per establishment

Other #uses# listed under Use Group VI with a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI - Retail and Services), inclusive, up to a size limit of 40,000 square feet of #floor area# per establishment within 500 feet of the center line of Garrison Avenue.

- (b) In the #Special Hunts Point District#, within the Residential Buffer Subdistrict, #uses# listed under Use Groups IV(B), IX or X shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-20 (SPECIAL USE REGULATIONS), inclusive.

(6/6/24)

108-13

Use Modifications in the Food Industry Subdistrict

In the #Special Hunts Point District#, in the underlying M1-2 District within the Food Industry Subdistrict, #uses# listed under Use Groups IV(B) and IX shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-20 (SPECIAL USE REGULATIONS), inclusive, except that refrigerating plants listed under Use Group IX, shall be permitted.

(6/6/24)

108-14

Enclosure Regulations

In the #Special Hunts Point District#, all #uses# listed under Use Groups IV, VI, VII, VIII, IX or X and are not permitted as-of-right within C7 Districts, shall be located within completely enclosed #buildings#, except that building materials or contractors' yards listed under Use Group IX(A) may be open or enclosed.

(6/6/24)

108-15

Applicability of Article V, Chapter 2 (Non-conforming Uses)

In the #Special Hunts Point District#, a #non-conforming# #use# may be changed only to a #conforming# #use#.

The following sections pertaining to #non-conforming# #uses# in the #Special Hunts Point District# shall not apply:

- Section 52-32 (Land With Minor Improvements)
- Section 52-33 (Manufacturing or Related Uses in Residence Districts), inclusive
- Section 52-34 (Commercial Uses in Residence Districts)
- Section 52-35 (Manufacturing or Related Uses in Commercial Districts)
- Section 52-36 (Non-conforming Commercial Uses in Commercial Districts)

Section 52-37	(Non-conforming Commercial Uses in Manufacturing Districts)
Section 52-43	(Residence Districts Except R1 and R2 Districts)
Section 52-44	(Non-conforming Residential Uses in M1 Districts)
Section 52-45	(Conforming and Non-conforming Residential Uses in M1-1D Through M1-5D Districts)
Section 52-54	(Buildings Designed for Residential Use in Residence Districts)
Section 52-56	(Multiple Dwellings in M1-1D Through M1-5D Districts)
Section 52-62	(Buildings Containing Residences in M1-1D Through M1-5D Districts)
Section 52-72	(Land with Minor Improvements)
Section 52-731	(Advertising signs)
Section 52-732	(Signs on awnings or canopies)
Section 52-74	(Uses Objectionable in Residence Districts)
Section 52-75	(Certain Types of Uses Involving Open Storage or Salvage).

(6/6/24)

108-20

MODIFICATION OF PARKING REQUIREMENTS IN THE RESIDENTIAL BUFFER SUBDISTRICT

In the Residential Buffer Subdistrict, parking shall be provided at the rate of one space per 300 square feet of #floor area# for grocery and convenience retailers and specialty food retailers listed under Use Group VI. #Cellar# space used for retailing shall be included for the purpose of calculating requirements for #accessory# off-street parking spaces and #accessory# off-street loading berths.

(6/6/24)

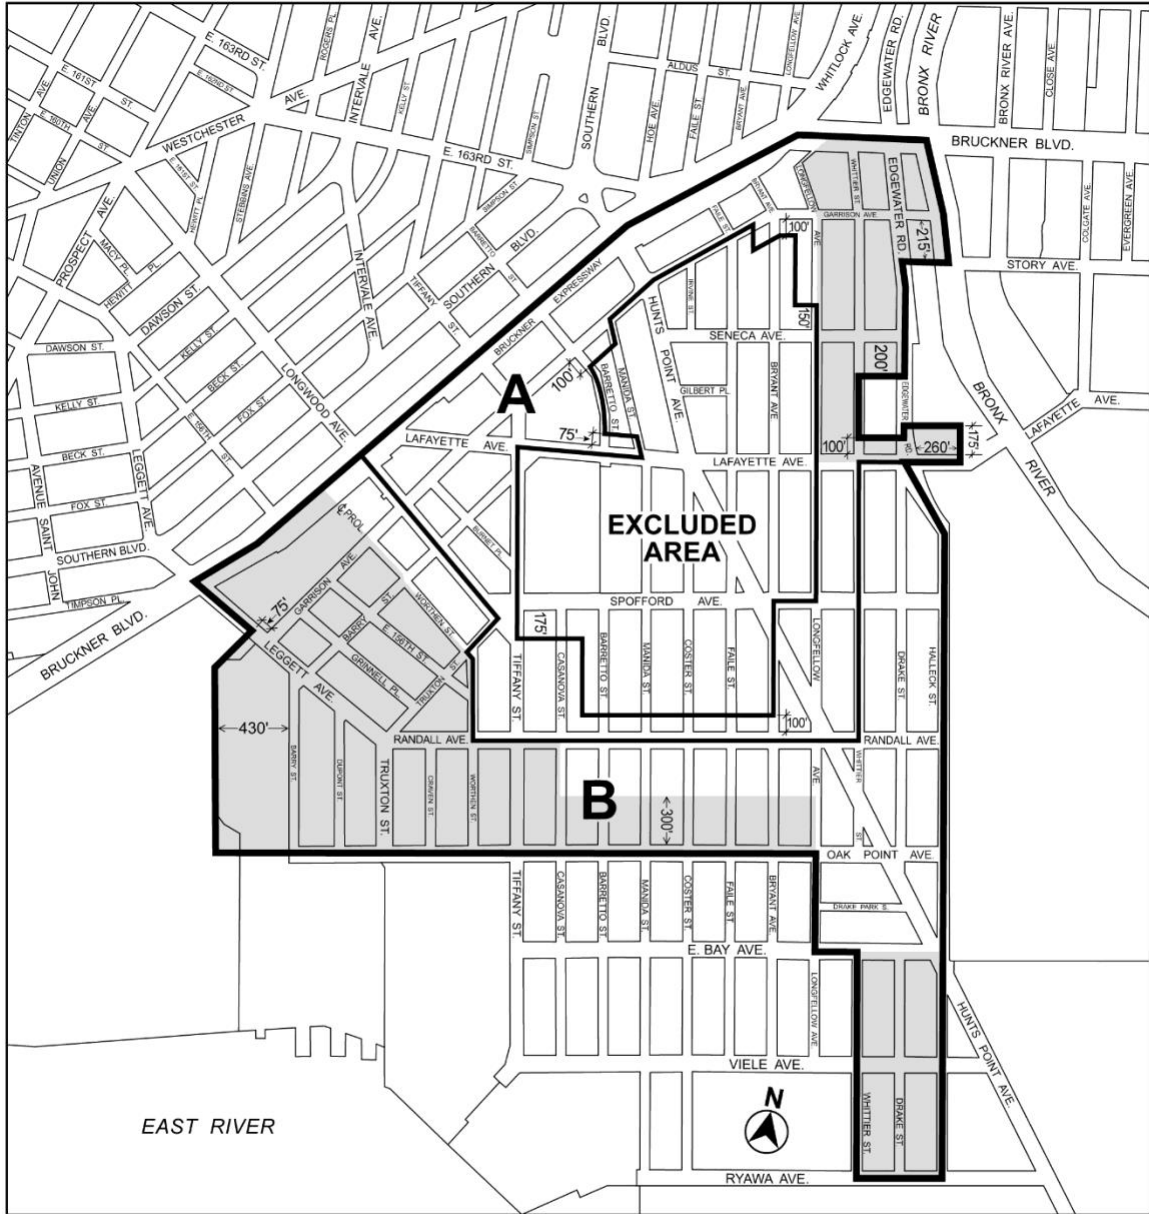

108-30

MODIFICATION OF STREET TREE REQUIREMENTS

Notwithstanding the provisions of Section 43-02 (Street Tree Planting in Manufacturing Districts), all #developments# or #enlargements# within the #Special Hunts Point District# that include #uses# listed under Use Groups IV(B), IX(B) or X shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting). The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed under Use Groups IV(B), IX(B) or X.

**ARTICLE X
SPECIAL PURPOSE DISTRICTS**

**Chapter 9
Special Little Italy District**

(2/3/77)

**109-00
GENERAL PURPOSES**

The “Special Little Italy District” established in this Resolution is designed to promote and protect public health, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and strengthen the historical and cultural character of the community;
- (b) to protect the scale of storefronts and character of the existing retail uses along Mulberry Street and other major shopping streets so that Little Italy will remain a unique regional shopping area, and thereby strengthen the economic base of the City;
- (c) to preserve the vitality of street life by reducing conflict between pedestrian and vehicular traffic;
- (d) to permit rehabilitation and new development consistent with the residential character and scale of the existing buildings in the area;
- (e) to provide amenities, such as public open space, and street trees, to improve the physical environment;
- (f) to discourage the demolition of noteworthy buildings which are significant to the character of the area; and
- (g) to promote the more desirable use of land in the area and thus to preserve the value of land and buildings, and thereby protect and strengthen the City’s tax revenues, consistent with the foregoing purposes.

(6/6/24)

109-01

Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 32-301 (Definitions), or Section 109-01 (Definitions).

Open recreation space

“Open recreation space” is that part of a #zoning lot#, including #courts#, #yards# and roof areas, which is unobstructed from its lowest level to the sky except for landscaping and planting requirements pursuant to Sections 109-14, 109-34 and 109-42.

(10/7/21)

109-02

General Provisions

In harmony with the general purposes and intent of this Resolution and the general purposes of the #Special Little Italy District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Little Italy District# are superimposed are made inapplicable, and special regulations are substituted therefore in this Chapter.

Except as modified by the express provisions of this Special District, the regulations of the underlying zoning district remain in effect. For the purposes of this Chapter, the provisions of Sections 23-15, 23-20 and 33-13 are made inapplicable.

For #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

The use of the public #streets# and sidewalks for the maintenance of #sidewalk cafes#, outdoor cafes or any other structures shall require the separate approval of the Board of Estimate, which may be granted upon such terms and conditions as the Board of Estimate may deem appropriate.

Within the Special District, in accordance with a comprehensive survey of its structures, #buildings# of special significance to the community and City as a whole, have been identified and are listed in Appendix B. Such #buildings# are unique either because they are socially or traditionally significant or because they are important physical influences in the life and image of the community. Such #buildings# shall not be demolished or have their external architectural features altered except as set forth in Section 109-52 (Special Permit Provisions). No demolition permit or alteration permit for alterations which may affect the exterior of such #buildings# shall be issued by the Department of Buildings for any such #building# except as permitted by the

City Planning Commission pursuant to Section 109-52 (Special Permit Provisions) unless it is an unsafe #building# and demolition is required pursuant to the provisions of Title 28, Chapter 2, Article 216 of the New York City Administrative Code.

(2/3/77)

**109-03
District Map**

The District Map for the #Special Little Italy District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Little Italy District#. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

- Area A PRESERVATION AREA (Section 109-10)
- Area A1 MULBERRY STREET REGIONAL SPINE (Section 109-20)
- Area B HOUSTON STREET CORRIDOR (Section 109-30)
- Area C BOWERY, CANAL, KENMARE STREET CORRIDOR (Section 109-40)

The District Map in Appendix A of this Chapter is hereby incorporated as an integral part of the #Special Little Italy District#.

(2/3/77)

**109-04
Zoning Lots Located in More Than One Area**

Whenever a #zoning lot# is divided by the boundaries of an area as created by Section 109-03 (District Map) and as indicated on the District Map in Appendix A, the #zoning lot# shall be subject to the regulations of the area in which the greater portion of its frontage lies except that, in the case of any #zoning lot# having 15 feet or more frontage within Area A1 (Mulberry Street Regional Spine), the regulations of Area A1 shall apply to such #zoning lot#.

(2/2/11)

109-10

PRESERVATION AREA (Area A)

The provisions of this Section 109-10, inclusive, shall apply within Area A (Preservation Area) as shown on the District Map in Appendix A.

(2/3/77)

109-11 Special Use Regulations

(2/2/11)

109-111 Special regulations for existing commercial or manufacturing uses

The continuation, #extension# or change of #use# of existing #commercial# or #manufacturing uses# within Area A shall be governed by the underlying district #use# regulations.

(6/6/24)

109-112 Special use regulations for developments

For any #building# or portion of a #building# #developed# or #enlarged# within Area A, #uses# listed in the underlying district regulations are permitted except for the following #uses#:

From Use Group IV

All #uses# listed under Use Group IV(B)

From Use Group VI

#Uses# under Use Group VI that are subject to a size limitation of 10,000 square feet of #floor area# per establishment in C2 Districts, as set forth in Section 32-16 (Use Group VI – Retail and Services), inclusive, shall not be permitted a size beyond such threshold

From Use Group IX

All #uses# listed under Use Group IX(C).

(6/6/24)

109-113
Streetscape provisions

The underlying #ground floor level# streetscape provisions shall apply. However, along #Tier B street frontages# where the alternate #ground floor level# provisions are able to be applied, in accordance with Section 32-322, the following transparency requirements shall be applied in addition to the provisions of such Section:

#Ground floor level# #street walls# shall be glazed with transparent materials, which may include #show windows#, transom windows, or glazed portions of doors. Such transparent materials shall occupy at least 25 percent of the surface area of such #ground floor level# #street wall#, up to a height of 12 feet above #curb level#, or the height of the ground floor ceiling, whichever is higher. Transparent areas may include storefronts subject to Section 109-50 (SPECIAL REVIEW PROVISIONS), inclusive. Door or window openings within such surface areas shall be considered transparent. Such opening shall have a minimum width of two feet.

(2/3/77)

109-12
Bulk Regulations

(2/2/11)

109-121
Floor area regulations

Within Area A, the maximum #floor area ratio# for a #zoning lot# shall not exceed the following:

Lot Type	Maximum Permitted #Floor Area Ratio#
#Corner lots#	4.8
#Interior# or #through lots#	4.1

(3/22/16)

109-122

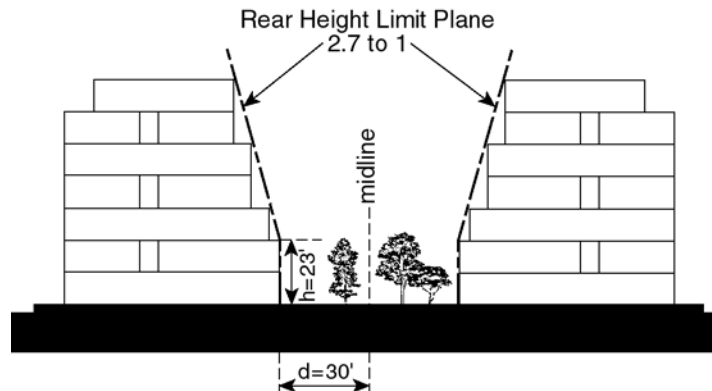

Lot coverage, through lot and rear yard regulations

Within Area A, the maximum #lot coverage# for a #zoning lot# shall not exceed the following percentages:

Lot Type	Maximum #Lot Coverage# (in percent)
#Corner lot#	100
#Interior lot#	60
#Through lot#, except as provided below	60

However, when a #through lot# is #developed# with more than one #building#, the maximum #lot coverage# on such #through lot# may be increased from 60 percent to 70 percent, provided that no portion of any #building# on such #zoning lot# penetrates the "Rear Height Limit Plane," as set forth in this Section. The Rear Height Limit Plane shall begin at a point 23 feet above #curb level# and shall be located 30 feet away from, and on both sides of, the line equidistant from the two #street lines#. The slope of the Rear Height Limit Plane shall be 2.7 feet vertical to 1 foot horizontal.

All #buildings# #developed# after February 3, 1977, shall have a #rear yard# with a depth of not less than 30 feet.

REAR HEIGHT LIMIT PLANE

(7/26/01)

109-123

Floor area per room regulations

For the purposes of this Chapter, the density requirements of Sections 23-22, 23-24 or 35-40 shall not apply to any #development# or #enlargement#. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #residential floor area#.

(12/6/23)

109-124

Height and setback regulations

The maximum height of any #building or other structure# shall not exceed 75 feet or seven #stories# above the #curb level#, whichever is less, unless allowed by the City Planning Commission pursuant to Section 109-514.

However, #energy infrastructure equipment# and #accessory# mechanical equipment shall be permitted obstructions above such height limits, subject to the provisions of Section 33-42.

(6/6/24)

109-13

Special Front Wall Regulations

The front #building# wall of any #building# shall extend along the full length of its #front lot line# not occupied by existing #buildings# to remain and shall rise without setback up to a height of six #stories# or 65 feet, or the height of the #building#, whichever is less. Above that height, the front #building# wall shall set back at least 10 feet. Front wall recesses are permitted provided that the aggregate length of such recesses, excluding window fenestration, at the level of any #story# does not exceed 25 percent of the length of the front wall where such recesses are permitted. In the event that a #development# occupies an entire #block# frontage, additional recesses are permitted provided that there are no front wall recesses within 10 feet of the intersection of two #street lines#. The exterior #building# materials of the front wall shall be predominantly of masonry.

(2/3/77)

109-14
Open Recreation Space and Landscaping Regulations

(2/2/11)

109-141
Open recreation space regulations

For any #building# or portion of a #building# #developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable landscaped #open recreation space# accessible to the occupants of such #development# or #enlargement#. Such #open recreation space# may be accessible to the public.

Such #open recreation space# shall be located at the ground level and/or the roof level. However, if such #open recreation space# is located both at the ground level and at the roof level, not less than 40 percent may be located at either location. Such #open recreation space# shall be landscaped and properly maintained in accordance with the provisions of Section 109-142.

(2/2/11)

109-142
Landscaping regulations

The required #open recreation space#, as provided in Section 109-141, on a #zoning lot# containing a #development# or #enlargement# shall be landscaped and maintained in the following manner.

Ground level #open recreation space# shall:

- (a) have a minimum dimension of 20 feet for a #development# and 10 feet for an #enlargement#, measured perpendicular to its perimeter;
- (b) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;
- (c) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to the following standards:
 - (1) seating shall have a minimum depth of 16 inches; seating with backs at least 12

inches high shall have a minimum depth of 14 inches; seating 30 inches or more in depth shall count double provided there is access to both sides;

- (2) seating higher than 36 inches and lower than 12 inches above the level of the adjacent walking surface shall not count toward meeting the seating requirements;
 - (3) the tops of walls including but not limited to those which bound planting beds, fountains and pools may be counted as seating when they conform to the dimensional standards in paragraphs (c)(1) and (c)(2) of this Section;
 - (4) movable seating or chairs may be credited as 30 inches of linear seating per chair; and
 - (5) steps do not count toward the seating requirements;
- (d) have paved areas paved with unit pavers, such as bricks or quarry tiles, or poured-in-place materials. If poured-in-place materials are selected, they shall be of decorative color and/or textures, through the use of dyes and/or exposed aggregates. All paving shall have a non-skid surface;
 - (e) be landscaped with shrubs, vines, ground cover or plants in planters over a minimum of 25 percent of the #open recreation space# area;
 - (f) be planted with one tree of not less than three and one-half inch caliper for every 1,000 square feet or portion thereof of required #open recreation space#. Such trees shall be planted in at least 100 cubic feet of soil of at least 3 feet, 6 inches in depth;
 - (g) have all mechanical equipment which is located at the same elevation as the #open recreation space#, or on a wall of the #building# frontage upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly into the #open recreation space#; and
 - (h) be maintained by the #building# owner who shall be responsible for the maintenance of the #open recreation space# including, but not limited to, the repair and confinement of all amenities, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjacent to the #zoning lot#, pursuant to Section 109-14 (Open Recreation Space and Landscaping Regulations).

#Open recreation space# at roof level shall:

- (1) have all mechanical equipment which is located at the same elevation as the #open recreation space#, or on a wall of the #building# fronting upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly onto the #open recreation space#;

- (2) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to seating standards set forth for ground level #open recreation space#; and
- (3) be landscaped with shrubs, vines, flowers, ground cover and/or plants in planters over a minimum of 25 percent of the #open recreation space# area.

(2/2/11)

109-15

Regulations for Rehabilitation or Conversion of Existing Buildings

When #residential buildings# or #residential# portions of #mixed buildings# are rehabilitated, the density regulations of the underlying districts shall not apply. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #floor area# within the rehabilitated #residential building# or #residential# portion of a #mixed building#.

Furthermore, when a non-#residential building#, or portion thereof, is #converted# for #residential use#, the density regulations of the underlying districts shall not apply to that portion of the #building# containing #dwelling units#. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #floor area# provided within the #converted# #building# or portion thereof.

(5/8/13)

109-16

Parking Regulations

No #accessory# off-street parking is permitted for any #development# or #enlargement# in Area A, except as set forth herein.

The City Planning Commission may allow #accessory# off-street parking facilities for any #development# or #enlargement# on a #zoning lot# pursuant to the applicable authorization or special permit in Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core).

(4/30/08)

109-17

Mandatory Street Trees

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# within the same or to other Use Groups involving at least 50 percent of the #floor area# of an existing #building#, or alterations above 30 percent of the #building# value of an existing #building# pursuant to the applicable articles of the Building Code of the City of New York, within Area A, shall provide trees in accordance with Section 26-41 (Street Tree Planting).

(2/3/77)

109-20 MULBERRY STREET REGIONAL SPINE (AREA A1)

The provisions set forth in Sections 109-10 through 109-16 (Preservation Area--Area A) are applicable within Area A1 (Mulberry Street Regional Spine) as shown on the District Plan (Appendix A), except as modified herein.

(6/6/24)

109-21 Use Regulations

The provisions of Section 109-11 (Special Use Regulations) shall apply, except that all #uses# under Use Group VI that are subject to a size limitation of 10,000 square feet of #floor area# per establishment, shall be further limited to a maximum size of 5,000 square feet of #floor area# per establishment.

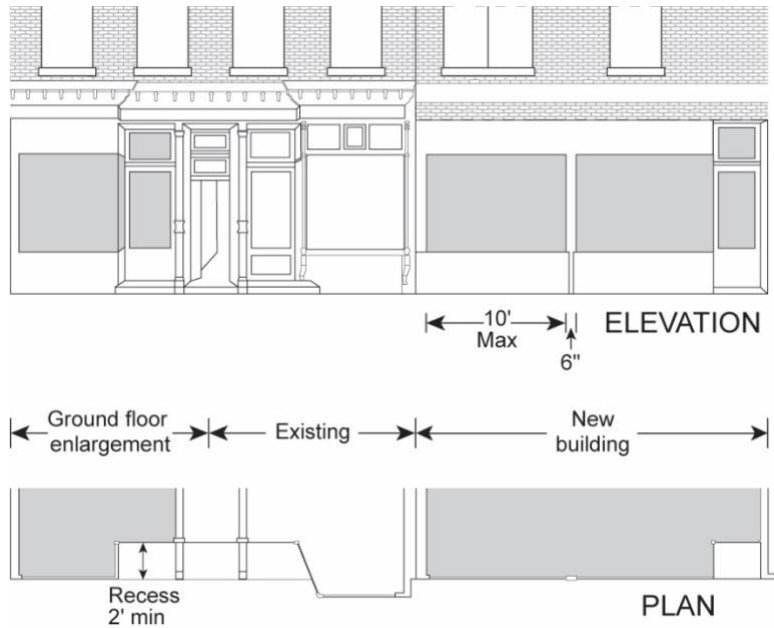

(6/6/24)

109-211 Streetscape regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated in Area A1 (Mulberry Street Regional Spine) as shown on the District Map in Appendix A of this Chapter shall be considered #Tier C street frontages#.

In addition to the glazing requirements for #Tier C street frontages#, the following shall apply:

- (a) the maximum horizontal width of a transparent area shall not exceed 10 feet in width, and shall be separated by a mullion of no less than six inches in width; and
- (b) storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the #show windows#.

STOREFRONT ILLUSTRATION

(6/6/24)

**109-212
Sign regulations**

In addition to the underlying district #sign# regulations, the following regulations shall apply to all #signs#:

- (a) #signs# may not occupy more than 25 percent of the total area of the storefront measured from #curb level# to 10 feet above #curb level#;
- (b) all permitted #signs# which project from the front #building# wall shall be located not less than 10 feet above #curb level#; and
- (c) #signs# may not cover columns, cornices or sills.

(2/3/77)

109-22
Bulk Regulations

(2/2/11)

109-221
Floor area regulations

Within Area A1, the maximum #floor area ratio# on a #zoning lot# shall not exceed the following:

	#Floor Area Ratio#	
#Use#	#Corner Lot#	#Through Lot# or #Interior Lot#
#Commercial#	5.1	4.5
#Community facility# or #residential#	4.1	3.5

The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the #commercial# portion of such #building#, or the #community facility# portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

(2/3/77)

109-222
Lot coverage regulations

The requirements set forth in Section 109-122 shall not apply to the ground floor portion of a #building#, provided that such portion contains only #commercial# #uses#, and provided that such portion is no more than 23 feet above #curb level#.

(2/3/77)

109-30
HOUSTON STREET CORRIDOR (Area B)

The provisions of this Section are applicable within Area B, as shown on the District Plan (Appendix A).

(2/3/77)

109-31
Special Use Regulations

(2/3/77)

109-311
Special regulations for existing commercial or manufacturing uses

The continuation, #enlargement#, #extension# or change of #use# of existing #commercial# or #manufacturing uses# within Area B, shall be governed by the underlying district regulations.

(6/6/24)

109-312
Special use regulations for new development

For any #building# or portion of a #building# #developed# or #enlarged# within Area B, #uses# listed in the underlying district regulations are permitted, except for the following #uses#:

From Use Group IV(B)

All #uses#

From Use Group IX

Vehicle storage #uses#.

(6/6/24)

109-313

Streetscape provisions

The underlying #ground floor level# streetscape provisions shall apply. However, along #Tier B street frontages# where the alternate #ground floor level# provisions are able to be applied, in accordance with Section 32-322, the following transparency requirements shall be applied in addition to the provisions of such Section:

#Ground floor level# #street walls# shall be glazed with transparent materials, which may include #show windows#, transom windows, or glazed portions of doors. Such transparent materials shall occupy at least 25 percent of the surface area of such #ground floor level# #street wall#, up to a height of 12 feet above #curb level#, or the height of the ground floor ceiling, whichever is higher. Transparent areas may include storefronts subject to Section 109-50. Door or window openings within such surface areas shall be considered transparent. Such opening shall have a minimum width of two feet.

(2/2/11)

109-32

Bulk Regulations

The #bulk# regulations of the underlying district shall apply to the Houston Street Corridor (Area B), except as set forth in this Section.

(10/7/21)

109-321

Floor area regulation

The maximum #floor area ratio# permitted on a #zoning lot# is 7.52 for #residential use#, 6.0 for #commercial use# and 7.5 for #community facility use#. In no event shall the total #floor area ratio# for all #uses# exceed 7.52. However, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(3/22/16)

109-322**Lot coverage regulations**

For any #zoning lot# within Area B, the maximum #lot coverage# shall not exceed the following percentages:

Lot Type	Maximum #Lot Coverage# (in percent)
#Corner lot#	100
#Interior# or #through lot#	70

(12/6/23)

109-323**Height and setback regulations**

The #street wall# of any #building# for the first two #stories# or 23 feet, whichever is greater, shall be located on the #street line# and extend the entire length of the #street line# of the #zoning lot# not occupied by existing #buildings# to remain. However, at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and lines parallel to, and 10 feet from each #street line#. No #street wall# shall be required along a #street line# bounding any portion of a #zoning lot# which is less than 25 feet in depth measured from the #street line# of a #wide street#.

For #street walls# above the level of the second #story# or 23 feet, whichever is greater, at least 50 percent of the aggregate length of the #street walls# shall be located on the #street line#. The remainder of the aggregate length of the mandatory #street walls# at each #story# may be recessed from the #street line# to a depth not exceeding 10 feet provided that the length of any such recess does not exceed 25 percent of the aggregate length of the #street walls# at each #story#.

The mandatory minimum height above #curb level# of a required #street wall# without setback shall be 60 feet on a #wide street# and 23 feet on a #narrow street#, or the height of the #building#, whichever is less. No setback shall be permitted on a #narrow street# below a height of 55 feet.

The maximum permitted height of a #street wall# at the #street line# without setback shall not exceed 100 feet above #curb level# and, above this height, no portion of a #building or other structure# shall penetrate a #sky exposure plane# commencing at 100 feet and rising over the

#zoning lot# at a ratio of 1.5 to 1.0.

In addition, no portion of a #building or other structure# shall penetrate a #rear sky exposure plane# commencing at a height of 100 feet above #curb level# and at a distance of 100 feet from and parallel to the #street line#, and rising over the #zoning lot# at a ratio of 1.5 to 1.0 along #wide streets# and at a ratio of 1.0 to 1.0 along #narrow streets#.

However, #energy infrastructure equipment# and #accessory# mechanical equipment shall be permitted obstructions above such height limits, subject to the provisions of Section 33-42.

(6/6/24)

109-33 Special Front Wall Regulations

For all #buildings# within Area B, the exterior materials of the front wall shall be predominantly of masonry.

(2/2/11)

109-34 Open Recreation Space and Landscaping Requirements

For any #building developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable, landscaped #open recreation space#, accessible to the occupants of such #development# or #enlargement# or to the public. Such #open recreation space# shall be located either at the ground level and/or roof level, and shall be landscaped and properly maintained in accordance with the provisions of Section 109-142 (Landscaping regulations).

(5/8/13)

109-35 Curb Cuts

(5/8/13)

109-351

Curb cut regulations

There shall be not more than one curb cut on each #street line# frontage of a #zoning lot#.

(4/30/08)

109-36

Mandatory Street Trees

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# within the same or to other Use Groups of at least 50 percent of the #floor area# of an existing #building#, or alterations above 30 percent of the #building# value of an existing #building#, pursuant to the applicable articles of the Building Code of the City of New York, within Area B, shall provide #street# trees as set forth in Section 26-41 (Street Tree Planting), except that for a #zoning lot# frontage on Houston Street such mandatory trees may alternatively be located on the median traffic island of Houston Street.

(3/22/16)

109-37

Noise Attenuation

For any #residential# or #commercial# #use# in a #development# within Area B:

- (a) window wall attenuation of 35 dB(A) for #residential uses# or 30 dB(A) for #commercial# #uses#, shall be provided. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected #building#, consistent with its authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or temporary or final certificate of occupancy; and
- (b) alternative means of ventilation shall be provided, such as, but not limited to, central air conditioning or the provision of air conditioning sleeves, with such alternative means to conform to the provisions of Sections 27-752 to 27-756 of the Building Code of the City of New York.

(2/2/11)

109-40

BOWERY, CANAL, KENMARE STREET CORRIDOR (AREA C)

The provisions of this Section are applicable within Area C, as shown on the District Plan in Appendix A of this Chapter.

(2/3/77)

109-41

Bulk Regulations

(2/2/11)

109-411

Height and setback regulations

The maximum height of any #building or other structure# shall not exceed 85 feet or eight #stories# above #curb level#, whichever is less, unless authorized by the City Planning Commission pursuant to Section 109-514. The front #building# wall shall extend along the full length of the #front lot line# not occupied by existing #buildings# to remain and shall rise without setback.

(2/2/11)

109-412

Lot coverage regulations

Within Area C, the maximum #lot coverage# for any #zoning lot# shall be:

	Above Ground Floor (in percent)	At Ground Floor Only (in percent)
#Residential Use#	60	60
#Commercial# #Use#	70	100

(2/2/11)

109-42
Open Recreation Space and Landscaping Requirements

All #buildings# #developed# after February 3, 1977, that contain #residences# shall provide a minimum of 20 percent of the #lot area# of the #zoning lot# as usable landscaped #open recreation space# in conformance with the requirements of Section 109-142 (Landscaping regulations).

(6/6/24)

109-43
Additional Requirements

Any #zoning lots# partially located within 100 feet of the #street line# of Mulberry Street (Area A1) shall comply with the requirements set forth in Section 109-21 (Use Regulations), inclusive.

(2/3/77)

109-50
SPECIAL REVIEW PROVISIONS

The City Planning Commission may allow certain modifications of the provisions of this Chapter as set forth below.

(11/16/89)

109-51
Modification of the Provisions of the Special Little Italy District

(2/2/11)

109-514
Modifications by authorization

Modifications of the provisions of this Chapter may be authorized by the City Planning

Commission based upon receipt of an application, except that there shall be no modifications of any provision of Section 109-12, 109-22, 109-32 or 109-41 unless specifically allowed therein, provided that the Commission, after notification to the affected Community Board, certifies to the Commissioner of Buildings that there exists a compelling need for such modification and that such modifications are consonant with the objectives of the #Special Little Italy District#. The Commission may prescribe other appropriate conditions and safeguards to minimize adverse effects on the surrounding area.

Notwithstanding any other provisions of the Resolution, the Commission may, after notification to the affected Community Board, authorize a #non-complying# #inner court# within an existing #building# to be eliminated, and may modify the applicable provisions of this Chapter relating to an #enlargement#, provided that:

- (a) the #building# is an existing old law or new law tenement, not higher than seven #stories#;
- (b) any additional #floor area# created through such elimination of a #non-complying# #inner court# is not more than 10 percent of the existing #floor area# of the #building#, and the width of such #inner court# is not more than 20 feet;
- (c) the renovation of such #building# will result in improved arrangements for adequate access of light and air, and for privacy between #dwelling units#, to the newly created #dwelling units# and to the surrounding developments;
- (d) such #enlargement# will not increase the density of population or intensity of #use# to the detriment of the occupants of the #buildings# in the #block# or nearby #blocks#;
- (e) the #enlargement# as proposed shall comply with the applicable provisions of Sections 109-14, 109-17, 109-25, 109-34 or 109-42, except as otherwise modified by the Commission; and
- (f) the Commission is in receipt of a report from the Department of Buildings and the Fire Department concerning said #building#.

The City Planning Commission may prescribe other additional conditions and safeguards to enhance the character of the surrounding area.

(2/3/77)

109-52
Special Permit Provisions

(2/3/77)

109-521

Modification of accessory off-street parking facilities

The City Planning Commission may, by special permit, modify #accessory# off-street parking facilities for the #residential# portion of any #development# on a #zoning lot# as set forth in Section 109-16 or Section 109-351.

(2/2/11)

109-522

Special provisions for the preservation of certain existing buildings

#Buildings# listed in Appendix B of this Chapter, shall not be demolished or have their external architectural features altered, except as set forth in this Section.

The City Planning Commission, by special permit, may allow:

- (a) in such #buildings#, for a change of a conforming #use# to another conforming #use#, the applicable underlying district, or #Special Little Italy District#, #bulk# regulations shall not apply to such change of #use#; or
- (b) the alteration of such #buildings#, provided that such alteration and treatment of the facade relates harmoniously to the character and materials of the original facade and of adjoining #buildings#; and
- (c) the demolition of such #buildings#, other than unsafe #buildings#, provided that the Commission finds that the existing #building# is not suitable for rehabilitation.

For the purposes of this Section, a change of #use# is a change to another #use# listed in the same or any other conforming Use Group; however, a change in ownership or occupancy shall not, by itself, constitute a change of #use#. #Enlargements# of such #buildings# shall be subject to all applicable district regulations. The Commission may prescribe appropriate conditions and safeguards to ensure that any interim #uses# proposed on the site prior to any construction are in conformance with the purposes of the Special District.

(2/2/11)

109-523

Applications for special permit

An application to the City Planning Commission for the grant of a special permit respecting provisions of Sections 109-16 and 109-351 of this Chapter, shall include: a site plan showing the location and proposed #use# of all #buildings or other structures# on the site; the location of all vehicular entrances and exits and off-street parking and loading spaces; the amount and nature of traffic to be generated by such #development# or #enlargement# and an indication of the routes that will provide vehicular access to a #manufacturing#, #commercial# or #community facility# establishment; and such other information as may be required by the Commission.

An application to the Commission for the grant of a special permit respecting provisions of Section 109-522, shall include floor plans of all major floors; all major elevations; a site plan depicting all structures on the site, and all structures and major features within 100 feet of the site; and such other information as may be required by the Commission.

(2/3/77)

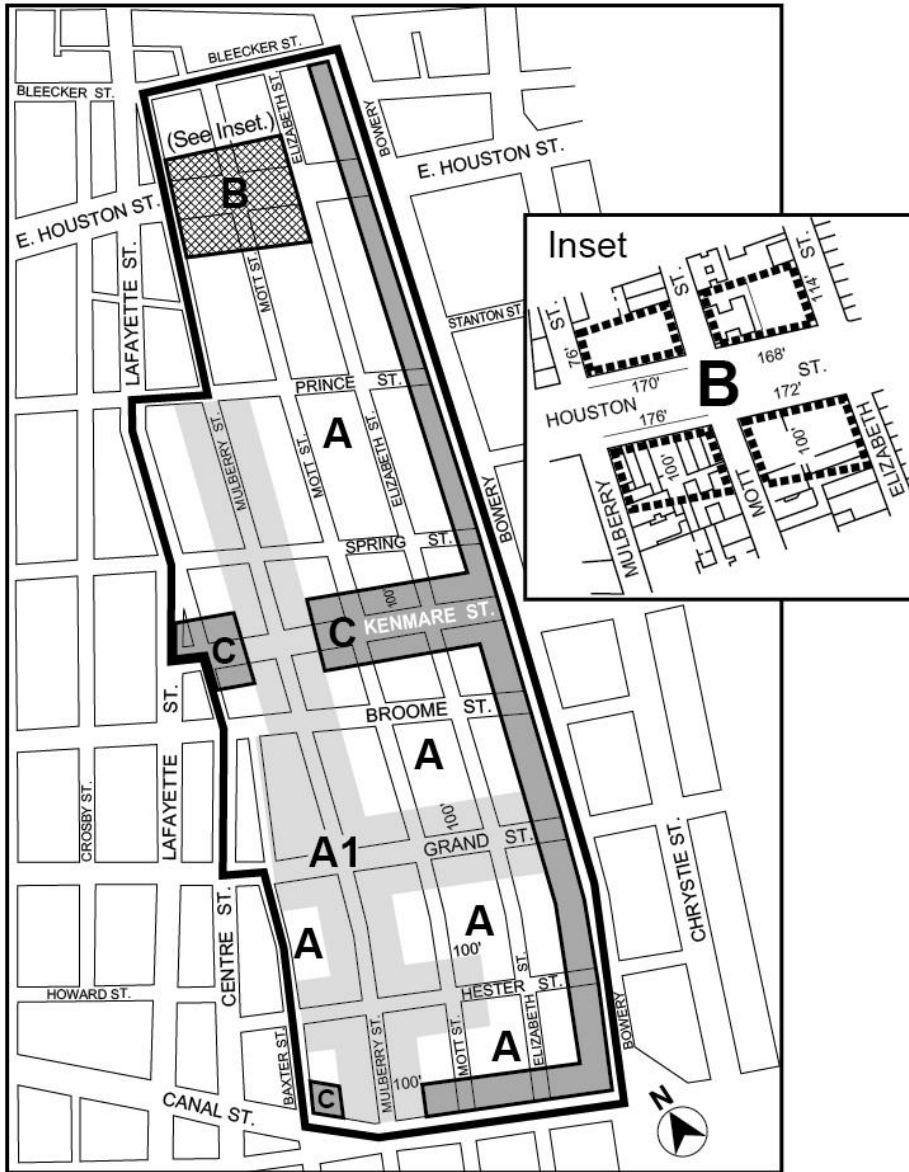

109-525

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application for a special permit whenever the #development# or #enlargement# will interfere with a public improvement project (including housing, highways, public #buildings# or facilities) which is approved by the Board of Estimate or City Planning Commission, or Site Selection Board, as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 1
Special Tribeca Mixed Use District**

(10/13/10)

**111-00
GENERAL PURPOSES**

The "Special Tribeca Mixed Use District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to retain adequate wage, job-producing, stable industries within the Tribeca neighborhood;
- (b) to protect light manufacturing and to encourage stability and growth in the Tribeca neighborhood by permitting light manufacturing and controlled residential uses to coexist where such uses are deemed compatible;
- (c) to provide housing opportunity of a type and at a density appropriate to this mixed use zone;
- (d) to ensure the provision of safe and sanitary housing units in converted buildings; and
- (e) to promote the most desirable use of land and building development in accordance with the Plan for Lower Manhattan as adopted by the City Planning Commission.

(8/27/98)

**111-01
Definitions**

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) and in this Section.

Special Tribeca Mixed Use District
(repeated from Section 12-10)

The "Special Tribeca Mixed Use District" is a Special Purpose District designated by the letters "TMU" in which special regulations set forth in Article XI, Chapter 1, apply. The #Special Tribeca Mixed Use District# and its regulations supplement or supersede those of the districts on which it is superimposed.

(10/7/21)

111-02
General Provisions

The provisions of this Chapter shall apply to all #developments#, #enlargements#, #extensions#, alterations, #accessory# #uses#, open and enclosed and changes in #uses# within the Special District.

Except as modified by the express provisions of the District, the regulations of the underlying districts remain in effect. In #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(10/13/10)

111-03
District Map

The District Map for the #Special Tribeca Mixed Use District#, in Appendix A, identifies special areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Tribeca Mixed Use District#. These areas are as follows:

Area A1 - General Mixed Use Area

Area A2 - Limited Mixed Use Area

Area A3 - General Mixed Use Area

Area A4 - General Mixed Use Area

Area A5 - General Mixed Use Area

Area A6 - General Mixed Use Area

Area A7 - General Mixed Use Area

(4/9/81)

**111-10
SPECIAL USE REGULATIONS**

(6/6/24)

**111-11
Residential Use Modification**

(a) Loft dwellings

#Loft dwellings# created prior to October 13, 2010, shall be governed by the provisions for #loft dwellings# in Section 111-40 (REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010). Such #loft dwellings# may be #extended#, #enlarged#, or subdivided into two or more #loft dwellings# only in accordance with such provisions. No #loft dwellings# may be created after October 13, 2010, except as the result of a subdivision of a #loft dwelling# existing prior to October 13, 2010.

(b) Home occupations

A #home occupation# may occupy a #loft dwelling#, or a #dwelling unit# converted pursuant to Article I, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings), as an #accessory# #use# pursuant to Section 15-13 (Special Home Occupation Provision), except that:

- (1) businesses operated as #home occupations# may have up to three persons not residing in the #dwelling unit# or #rooming unit# may be employed; and
- (2) a #home occupation# may include any permitted #commercial# or #manufacturing# #use#.

(6/6/24)

**111-12
Use Regulations**

(a) Areas A1 and A3

- (1) #Uses# permitted in a C6 District are applicable in Areas A1 and A3, except that #uses# listed under Use Group IX(A) shall be permitted to the applicability of a C8 District.
- (2) In #buildings# fronting on Chambers Street, Church Street, Greenwich Street, Hudson Street or West Broadway, #uses# listed under Use Group VI or #uses# listed under Use Group VIII shall be limited to 20,000 square feet of #floor area# on a #zoning lot#, including retail #cellar# space allotted to such #uses#, except as otherwise provided in Section 111-32 (Special Permit for Certain Large Commercial Establishments).
- (3) In addition, in #buildings# not fronting on the #streets#, listed in paragraph (a)(2) of this Section, #uses# listed under Use Groups VI or VIII shall be limited to 10,000 square feet of #floor area# on a #zoning lot#, including retail #cellar# space allocated to such #uses#, except as otherwise provided in Section 111-32.

(b) Areas A4, A5, A6 and A7

- (1) #Uses# permitted in a C6 District are applicable in Areas A4, A5, A6 and A7, except that:
 - (i) automotive repair and maintenance and dry cleaning and laundry services listed under Use Group VI shall be permitted to the applicability of a C8 District; and
 - (ii) #uses# listed under Use Groups IX(A) and IX(C) shall be permitted to the applicability of a C8 District.
- (2) For establishments with frontage on #wide streets#, #uses# listed under Use Group VI shall be limited to 10,000 square feet of #floor area#. For establishments that front only upon a #narrow street#, such #uses# shall be limited to 5,000 square feet of #floor area#. For the purposes of this Section, #floor area# shall include retail #cellar# space allocated to such #uses#.

The #floor area# requirements of this paragraph, (b)(2), may be modified only pursuant to Section 111-32.

- (c) Eating or drinking establishments, where such establishment provides entertainment with a cover charge or specified showtime, or includes a dance floor, and a capacity of more than 200 persons, as listed under Use Group VI, in any location within a #building#, shall be permitted only by special permit of the Board of Standards and Appeals as provided in Section 73-162 (Eating or drinking establishments) or the City Planning Commission as

provided in Section 74-161 (Retail and service uses), as applicable.

(d) Environmental conditions for Area A2

All new #dwelling units# shall be provided with a minimum 35dB(A) of window wall attenuation in order to maintain an interior noise level of 45dB(A), or less, with windows closed. Therefore, an alternate means of ventilation is required. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected #building#, consistent with OER's authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or temporary or final certificate of occupancy.

(12/6/23)

111-20

SPECIAL BULK PROVISIONS FOR AREAS A1 THROUGH A7

(a) Area A1

The regulations applicable to a C6-2A District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Maximum #floor area ratio#

The maximum #floor area ratio# permitted on a #zoning lot# shall be 5.0.

(2) Special regulations for narrow #buildings#

A #building# or portion of a #building# may be constructed above the maximum height of a #street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided the portion of a #building# exceeding such height limitation does not exceed a height of one #story# or 15 feet, whichever is less, and provided such portion is set back at least 10 feet from the #street wall# of the #building# facing a #wide street#, and 15 feet from the #street wall# of the #building# facing a #narrow street#.

(b) Area A2

The underlying regulations applicable to a C6-3 District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Maximum #floor area ratio#

The maximum #floor area ratio# permitted shall be 7.52. In no case shall the #floor area ratio# of the #commercial# or #community facility# portion of the #building# be more than 6.0.

For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions). No other #floor area# bonuses shall be permitted in Area A2.

(2) #Open space# and #lot coverage# regulations

The #open space# and #lot coverage# regulations of Article II, Chapters 3 and 4, and Article III, Chapter 5, for a #residential building#, or the #residential# portion of a #mixed building#, are not applicable. In lieu thereof, the maximum permitted #lot coverage# on #interior lots# and #through lots# shall not exceed 80 percent of the #lot area#. The maximum permitted #lot coverage# on #corner lots# shall be 100 percent of the #lot area#. However, any permitted obstruction on a #zoning lot# pursuant to Sections 23-44, 24-12 or 33-23 shall not count as #lot coverage#.

(3) #Yard#, #court# and minimum distance between #buildings# regulations

The #yard# and #court# regulations of a C6-3 District shall apply, except that on a #through lot# the provisions of paragraphs (b) and (c) of Sections 23-532 and 24-382 (Required rear yard equivalents) and 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot) shall not apply. On any single #zoning lot# within Area A2, if a #development# or #enlargement# results in two or more #buildings# or portions of #buildings# detached from one another at any level, such #buildings# or portions of #buildings# shall at no point be less than eight feet apart.

(4) #Height factor#, front height and setback regulations

The #height factor#, front height and setback, alternate front setback and tower regulations of a C6-3 District shall not apply. In lieu thereof, for the first two #stories# of any #development# or #enlargement#, the #street wall# shall be located on the #street line# and shall extend the entire width of the #zoning lot#, not occupied by existing #buildings# to remain, except that at the intersection of two #street lines# the #street wall# may be located within five feet of the #street line#. Above the ceiling of the second #story# for any #development# or #enlargement#, there shall be mandatory #street walls# extending the entire width

of the #zoning lot# not occupied by existing #buildings# to remain, as set forth in this paragraph (b)(4). Along #wide streets# and along #narrow streets#, within 75 feet of the intersection with #wide streets#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not exceed a height of 100 feet above #curb level#. Along a #narrow street#, beyond a distance of 75 feet from the intersection of a #wide street# and a #narrow street#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not exceed a height of 85 feet above #curb level#. Notwithstanding the above requirements, for the 25 feet of a #zoning lot# furthest from the intersection of a #wide street# and a #narrow street#, the height of the #street wall# shall be 60 feet or the height of the adjacent #building# fronting on the same #street line#, whichever is greater. Above the ceiling of the second #story#, 75 percent of the aggregate area of the mandatory #street walls# at each #story# shall be within five feet of the #street line#; the mandatory #street wall# shall abut the #street line# at least once every 25 feet; and at the intersection of two #street lines# the mandatory #street wall# shall be located within five feet of the #street line#, measured perpendicular to the #street line#. For #residential# and #community facility# #developments# or #enlargements#, recesses shall comply with the applicable #outer court# provisions of Sections 23-84 and 24-63.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Chapter and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(5) Curb cuts

Curb cuts shall not be permitted on Greenwich Street, Murray Street and Chambers Street.

(c) Area A3

The regulations applicable to a C6-3A District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Height and setback regulations

The height and setback regulations of Section 35-65 (Height and Setback Requirements for Quality Housing Buildings) shall not apply. In lieu thereof, the

following height and setback regulations shall apply:

(i) Permitted obstructions

Permitted obstructions for all #buildings or other structures# shall be as set forth in Section 33-42.

(ii) Measurement of height

Heights of all #buildings or other structures# shall be measured from the #base plane#.

(iii) #Street wall# location

The #street wall# of any #development# or #enlargement# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings#, and shall rise to at least a height of 60 feet or the height of the #building#, whichever is less. However, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. At any level above the ground floor, but at least 12 feet above the level of the #base plane#, recesses shall be permitted in the #street wall# for #outer courts# or articulation of #street walls# at the intersection of two #street lines# as set forth in this Section. The aggregate width of such recesses shall not exceed 30 percent of the width of the #street wall# at any level.

(iv) Maximum height of #street walls# and required setbacks

The maximum height of a #street wall# before setback shall be 85 feet or the height of an adjoining #building# fronting on the same #street line# with a height of at least 60 feet, whichever is less. Setbacks are required for all portions of #buildings# that exceed these maximum #street wall# heights. At a height not lower than 60 feet nor higher than 85 feet, or the height of an adjoining #building# fronting on the same #street line# which is less than 85 feet, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except that such dimensions may include the depth of any permitted recesses in the #street wall#.

(v) Maximum #building# height

No #building or other structure# shall exceed a height of 135 feet.

(vi) Vertical #enlargements# of low #buildings#

Existing #buildings# with #street walls# less than 60 feet in height may be vertically #enlarged# by up to one #story# or 15 feet, whichever is less, without regard to the #street wall# location provisions of paragraph (c)(1)(iii) of this Section.

(2) Special regulations for narrow #buildings#

A #building# or portion of a #building# may be constructed above the maximum height of #street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided such portion of a #building# exceeding such height limitation does not exceed a height of one #story# or 15 feet, whichever is less, and provided such portion of a #building# is set back at least 10 feet from the #street wall# of the #building# facing a #wide street#, and 15 feet from the #street wall# of a #building# facing a #narrow street#.

(d) Areas A4, A5, A6 and A7

Except as set forth in this Section, the #bulk# regulations of the underlying district shall apply.

(1) The applicable height and setback regulations, as set forth in Section 35-65 (Height and Setback Requirements for Quality Housing Buildings), inclusive, shall be modified, as follows:

Area	Minimum Base Height (in ft.)	Maximum Base Height (in ft.)	Maximum #Building# Height (in ft.)
A4	60	70	140
A5	60	70	110
A6	60	85	120
A7	60	85	120

For any #building# or portion thereof within Area A4, a penthouse portion of a #building#, not exceeding 10 feet in height, may be constructed within Area A4 above the maximum #building# height, provided that such penthouse portion is set back at least 25 feet from any #narrow street#.

However, for any #building# or portion thereof located within Area 4 and within an Historic District designated by the Landmarks Preservation Commission, the underlying height and setback regulations of Section 35-24 shall apply, except that the maximum height of such #buildings#, or portions thereof, shall be 160 feet and the 10 foot penthouse allowance set forth in this paragraph (d)(1) shall

not apply.

- (2) The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).
- (3) The maximum #floor area ratio# permitted on a #zoning lot# shall be as follows:

Area	Maximum #Floor Area Ratio#
A4	6.5
A5	5.5
A6	5.4
A7	5.0

- (4) Applicability of Inclusionary Housing Program

R8A Districts within Area A6 shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District. The base #floor area ratio# for any #zoning lot# containing #residences# shall be 5.4. Such base #floor area ratio# may be increased to a maximum of 7.2 through the provision of #affordable housing# pursuant to the provisions for #Inclusionary Housing designated areas# in Section 23-90, except that the height and setback regulations of Sections 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

- (5) #Buildings# that have received a certification from the Chairperson of the City Planning Commission pursuant to paragraph (c) of the former Section 111-20 (MINOR MODIFICATIONS), prior to October 13, 2010, to modify the rooftop open space requirements of the former Section 111-112 (Open space equivalent), shall be exempt from the rooftop open space requirements of Section 15-24 (Open Space Equivalent).
- (6) Notwithstanding any of the provisions of Section 11-33 (Building Permits for Minor or Major Development or Other Construction Issued Before Effective Date of Amendment), the #development# of a #building# pursuant to a variance granted by the Board of Standards and Appeals under Calendar No. 231-09-BZ to modify #bulk# regulations, may be continued provided that a building permit has been issued, in accordance with the terms of said variance, within six years of the original granting of said variance.

(10/13/10)

**111-30
SPECIAL PERMITS**

(6/6/24)

**111-31
Special Permit for Certain Large Commercial Establishments**

The City Planning Commission may permit the total #floor area# of large #commercial# establishments to exceed the underlying #floor area# requirements set forth in Section 111-13, paragraphs (a)(3) and (b)(4), including the #floor area# requirements for #cellar# space, provided the Commission finds that:

- (a) such #development#, #enlargement#, #extension# or change of #use# is so located as not to impair the essential character or the future use of, or development of, the surrounding area; and
- (b) the #streets# providing access to the facility will be adequate to handle the vehicular and pedestrian traffic generated by such #use#.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(3/22/16)

**111-40
REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER
13, 2010**

The following is applicable to all existing #loft dwellings#, created prior to October 13, 2010, within the #Special Tribeca Mixed Use District#.

- (a) All #loft dwellings# shall have one or more windows which open into a #street# or a #yard# with a minimum depth of 30 feet.
- (b)
 - (1) The minimum #floor area# contained within a #loft dwelling# shall be not less than 2,000 square feet, except that:

- (i) where a #loft dwelling# occupies the entire usable area of a floor, there shall be no minimum #floor area#;
 - (ii) where a #loft dwelling# has a minimum clear width of 14 feet throughout and has windows opening onto both a #street# and a #yard# which has a depth of 10 percent of the depth of the #loft dwelling#, there shall be no minimum #floor area#;
 - (iii) where the ratio in a #loft dwelling# of the window area opening onto a #street# or a #yard# of 30 feet minimum depth to the #floor area# contained within the #loft dwelling# exceeds five percent, the minimum #floor area# contained within the #loft dwelling# may be reduced by 200 square feet for each additional percent, to a ratio of 10 percent; or
 - (iv) where the ratio in a #loft dwelling# of the window area opening onto a #street# or a #yard# of 30 feet minimum depth to the #floor area# contained within the #loft dwelling# equals or exceeds 10 percent, there shall be no minimum #floor area#.
- (2) The minimum #loft dwelling# size and #yard# requirement may be replaced by the requirements of Section 15-024 (Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings) for #loft dwellings#:
- (i) for which a determination of #residential# occupancy on September 1, 1980 has been made;
 - (ii) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
 - (iii) that the Loft Board determines were occupied for #residential use# on September 1, 1980.

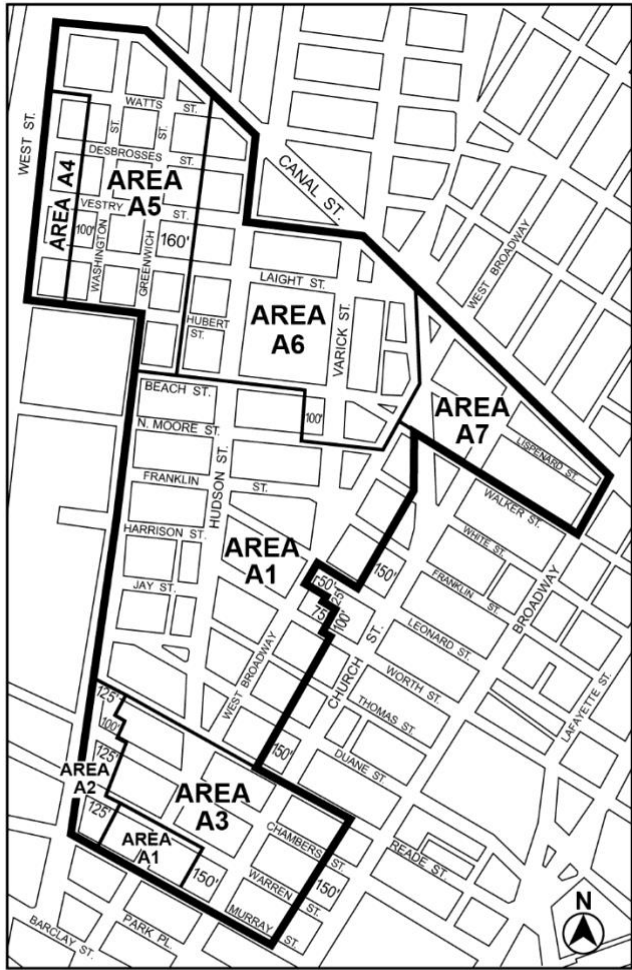

#Loft dwellings# existing on September 1, 1980, may not be subsequently divided into multiple #loft dwellings# that do not meet the requirements of paragraphs (a), (b)(1) and (c) of this Section, unless required by the Loft Board for the legalization of Interim Multiple Dwelling units in the implementation of Article 7C of the New York State Multiple Dwelling Law.

No #building# that meets the density requirements of paragraph (c) of this Section may subsequently add additional units or quarters except in accordance thereof. No #building# to which the regulations of Section 15-024 have been applied may subsequently add additional units or quarters except in accordance with the requirements of paragraph (c).

- (c) The number of #loft dwellings# shall not exceed one per 1,000 square feet of #floor area# devoted to #loft dwellings#, except as a result of the application of paragraph (b)(2) of this Section.
- (d) Mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #loft dwellings#, provided that the gross #floor area# of each mezzanine does not exceed 33 and one-third percent of the #floor area# contained within such #loft dwelling#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for the purpose of calculating the minimum required size of a #loft dwelling# or for calculating #floor area# devoted to #loft dwellings#.
- (e) At least 30 percent of the gross roof area of a #building# containing 15 or more #loft dwellings# shall be provided for recreational #use#. For each additional #loft dwelling#, 100 square feet of additional roof area shall be #developed# for recreational #use# up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said #loft dwellings# and their guests for whom no fees are charged.
- (f) Existing #loft dwellings# may be #extended#, #enlarged#, or subdivided into two or more #loft dwellings# only in accordance with the provisions of this Section. In addition, #floor area# added to an existing #loft dwelling# shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(1/20/77)

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 2
Special City Island District**

(2/2/11)

**112-00
GENERAL PURPOSES**

The “Special City Island District” established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote and strengthen the unique character of the Special City Island District for nautical and waterfront activities by limiting permitted uses to those which complement and enhance the existing character of the Special District;
- (b) to maintain the existing low-rise residential and commercial character of the district by regulating the height of buildings;
- (c) to maintain and protect the environmental quality and “village” character of City Island Avenue by imposing special controls on building setbacks and signs; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City’s tax revenue.

(6/6/24)

**112-01
Definitions**

For the purposes of this Chapter, matter in italics is defined in Sections 12-10, 32-301, or within this Section.

Development

For purposes of this Chapter, a "development" includes both #development# and #enlargement#,

as defined in Section 12-10 (DEFINITIONS).

(5/12/21)

112-02 General Provisions

In harmony with the general purposes of the #Special City Island District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special City Island District# is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special District, the regulations of the underlying zoning districts remain in force. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(1/20/77)

112-04 Requirements for Application

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and #use# of all #buildings# on the #zoning lot# and such other information as may be required by the Commission.

(1/20/77)

112-05 Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit application whenever the #development# will interfere with a public improvement project (including housing, highways, public #building# or facilities redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which has been approved by the Board of Estimate, City Planning Commission or Site Selection Board as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit.

(2/2/11)

**112-06
District Plan**

The District Plan for the #Special City Island District# identifies those areas within the Special District in which there are special height restrictions. The District Plan is set forth in Appendix A and is made an integral part hereof.

(2/2/11)

**112-07
Special Use Regulations**

Within the Special District, and notwithstanding the provisions of Article V, Chapter 2, where #commercial# or #manufacturing uses# are permitted by the underlying district regulations, such #commercial# or #manufacturing uses# shall be limited to those #uses# set forth in this Section. This Section shall apply to a new #use# in a #development# and to a change of #use# in an existing #building# to another #use# listed in the same or another Use Group.

(6/6/24)

**112-071
Uses permitted in C1 and C2 Districts**

Within C1 and C2 Districts, the underlying #use# provisions shall apply, except that:

- (a) #uses# listed under Use Group IV(B) shall not be permitted; and
- (b) #uses# listed under Use Group X with a size limitation, as denoted with an “S” in the Use Group table set forth in Section 32-20 (Use Group X – Production Uses), inclusive, shall not exceed 10,000 square feet of #floor area# per establishment.

(6/6/24)

**112-072
Uses permitted in M1 Districts**

Within M1 Districts, #uses# listed under Use Groups IV(B), IX and X shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-20

(SPECIAL USE REGULATIONS), inclusive.

(6/6/24)

112-073

Streetscape regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that:

- (a) #ground floor level# #street# frontages along City Island Avenue, between Bay Street and Carroll Street shall be considered #Tier C street frontages#, and
- (b) remaining #ground floor level# #street# frontages along City Island Avenue shall be considered #Tier B street frontages#. However, in lieu of the parking wrap and enclosure provisions of Section 32-32, inclusive, the provisions for #Tier A street frontages# set forth in Section 32-312 (Ground floor level parking restrictions) may be applied.

(6/6/24)

112-074

Sign regulations

In addition to meeting the #sign# regulations of the applicable underlying zoning district, all #signs# within the Special District shall be subject to the following:

- (a) #signs# attached to the #street wall# of a #building# shall have a vertical dimension of not more than three feet and shall have a horizontal dimension of not more than 75 percent of the #street# frontage; and
- (b) outdoor #signs# may be illuminated by indirect means only.

(9/30/03)

112-10

SPECIAL BULK REGULATIONS

(9/28/04)

112-101

Special open space and lot coverage regulations

In C3 Districts, for a #residential use#, the maximum #lot coverage# shall be 65 percent and the minimum required #open space# shall be 35 percent.

(6/6/24)

112-102

Special floor area regulations for mixed buildings

In C1, C2 and C3 Districts, for #buildings# containing #residences# with frontage on City Island Avenue, up to one #story# of #commercial# #use# may be excluded from the definition of #floor area#.

(2/2/11)

112-103

Special height and setback regulations

The underlying height and setback regulations shall apply, except that no #building or other structure# shall exceed a height limit of 35 feet, and the height shall be measured from the #base plane#. Such height and setback regulations may be modified only by authorization or special permit of the City Planning Commission, as applicable, pursuant to Sections 112-106 or 112-107.

(6/6/24)

112-104

Authorization for modification of height and setback regulations

The City Planning Commission may authorize, within Area B, as shown on the District Plan Map in Appendix A, modifications of the underlying height and setback regulations, provided the Commission finds that:

- (a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;

- (b) the modification of the height of the #building# permits better site planning and distribution of #open space#; and
- (c) the height of the #building# does not exceed 35 feet.

The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

(6/6/24)

112-105
Special permit for modification of height and setback regulations

The City Planning Commission may permit, within Area A, as shown on the District Plan Map in Appendix A, modifications of the underlying height and setback regulations, provided the Commission finds that:

- (a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;
- (b) the modification of the height of the #building# permits better site planning and distribution of #open space#; and
- (c) the height of the #building# does not exceed 50 feet.

The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

(4/30/08)

112-11
Special Parking Regulations

(2/2/11)

112-111

Accessory parking for commercial uses

For any #commercial# or mixed use #development# except for eating or drinking establishments, one off-street #accessory# parking space shall be provided for every 300 square feet of #commercial# #floor area#. The provisions of Section 73-45 (Modification of Off-site Parking Provisions) are hereby made inapplicable.

(6/6/24)

112-112

Accessory parking and floor area requirements for eating or drinking establishments

After July 10, 1985, for any #development#, #extension# or change of #use# involving an eating or drinking establishment listed under Use Group VI that, in the aggregate, results in an increase of more than 150 square feet of #floor area#, one off-street #accessory# parking space shall be provided for each 150 square feet of the total of the existing and new #floor area#.

After July 10, 1985, any reduction in the number of existing off-street #accessory# parking spaces, either on-site or off-site that lowers the ratio of off-street #accessory# parking space per #floor area# to less than one space per 150 square feet of #floor area# is prohibited.

New off-site #accessory# parking for eating or drinking establishments in C1 or C2 Districts may be located only in C1 or C2 Districts.

For the purposes of this Section, #floor area# shall also include #cellar# space, except for a room or rooms in the #cellar# used exclusively for storage, and outdoor table service areas used for eating or drinking establishments. The outdoor table service area shall be delineated and shown on the plans filed with the application for a building or work permit and used to determine the minimum requirement for #accessory# off-street parking. Such outdoor table service area shall be separated from the #accessory# off-street parking by a fence, wall, railing or planted screening.

For eating or drinking establishments, the provisions of Sections 36-23 or 44-232 (Waiver of Requirements for Spaces Below Minimum Number) or Sections 52-41 (General Provisions), with respect only to #enlargements# or #extensions# to provide off-street parking spaces, 73-43 (Reduction of Parking Spaces) and 73-45 (Modification of Off-site Parking Provisions) are hereby made inapplicable. For eating or drinking establishments with frontage on City Island Avenue, if less than 15 #accessory# off-street parking spaces are required, all such parking spaces shall be waived.

(6/6/24)

112-113

Reservoir space requirements for eating or drinking establishments

All #developments#, #extensions# or changes of #use# involving an eating or drinking establishment listed under Use Group VI with attendant-operated parking services shall provide adequate on-site reservoir space at the vehicular entrances to accommodate automobiles equivalent in number to 10 percent of the total number of spaces, but in no event shall such reservoir space be required for more than 10 automobiles. Reservoir space shall be delineated by painted stripes or lines pursuant to the standards of the Department of Buildings.

Within one year of March 6, 1986, all existing eating or drinking establishments with attendant-operated parking services shall provide adequate reservoir space pursuant to this Section and shall file a site plan and documented evidence of compliance with the appropriate enforcement agency, either the Department of Buildings or Department of Ports and Terminals.

(6/6/24)

112-114

Screening and tree planting requirements for all parking lots with 10 or more spaces

All new or #enlarged# parking lots with 10 or more spaces shall comply with the screening requirement provisions of this Section.

#Accessory# parking spaces that adjoin #zoning lots# with #residential uses# shall be screened by an opaque wall or fence extending not less than six feet but not higher than eight feet above finished grade, or alternatively, by a planting strip at least five feet wide and densely planted with evergreen shrubs at least four feet high at time of planting, and of a variety expected to reach a height of six feet within three years, or by both. No chain link fences shall be permitted.

#Accessory# parking spaces that adjoin #zoning lots# with non-#residential uses# shall be screened by an opaque wall or fence extending at least four feet high but not higher than six feet above finished grade, or alternatively by a planting strip at least five feet wide and densely planted with evergreen shrubs at least two and one-half feet high at time of planting. Open chain link fences shall be permitted only within such planting strip, and such fences shall extend at least four feet but not more than six feet above finished grade.

#Accessory# parking spaces that front upon a #street# shall be screened in accordance with the provisions of paragraphs (a), (b) and (c) of Section 37-921 (Perimeter landscaping).

In addition, such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits and shall have no #signs# hung or attached thereto other than those permitted in Sections 32-62 (Permitted Signs), 32-63 (Permitted Advertising Signs) or 42-62 (Permitted Signs).

(6/6/24)

112-115

Location of parking spaces along City Island Avenue

In districts not otherwise governed by the streetscape regulations of Section 112-073, no parking shall be permitted between the #street line# of City Island Avenue and the #street wall# of any #building# or its prolongation facing City Island Avenue. However, this provision shall not apply to #waterfront zoning lots#.

(2/2/11)

112-13

Zoning Applicability at the Shoreline

(2/2/11)

112-131

Location of zoning district boundary lines

Zoning district boundary lines shall coincide with the #shoreline# lawfully existing on November 13, 1981, or any natural or lawful alteration thereof.

(2/2/11)

112-132

Naturally or lawfully altered shorelines and development rights on piers

A zoning district boundary line which intersects the #shoreline# lawfully existing on November 13, 1981, shall be prolonged, in a straight line, to such naturally or lawfully altered #shoreline#. Lawfully approved piers or other lawfully approved structural extensions of the #shoreline#, as may be so altered, shall not generate development rights; however, #uses# #accessory# to the principal upland permitted #use#, except for off-street parking, shall be permitted.

(2/2/11)

112-14

Special Requirements for Waterfront Access

Except in R1 and R2 Districts, for #developments# containing #residences# on #waterfront zoning lots# of 65,000 square feet or more, a publicly accessible waterfront sitting area shall be provided. Such sitting area shall abut the #shoreline#, have a minimum area of 2,500 square feet, a minimum depth of 50 feet measured from the #shoreline# and contain at least one linear foot of seating for every 100 square feet of public access area. Entrances of #buildings# may not front upon such sitting area.

Such sitting area shall be accessible by means of either a direct connection to a public sidewalk or a public way through the #zoning lot# directly connecting the sitting area with a public sidewalk. Such public way shall be comprised of a planting strip of at least four feet in width containing one tree of at least three-inch caliper for every 25 linear feet of length of such way, and a paved sidewalk of at least six feet in width or, for #developments# with #private roads#, sidewalks provided in accordance with the requirements for #private roads#, as set forth in Article II, Chapter 6.

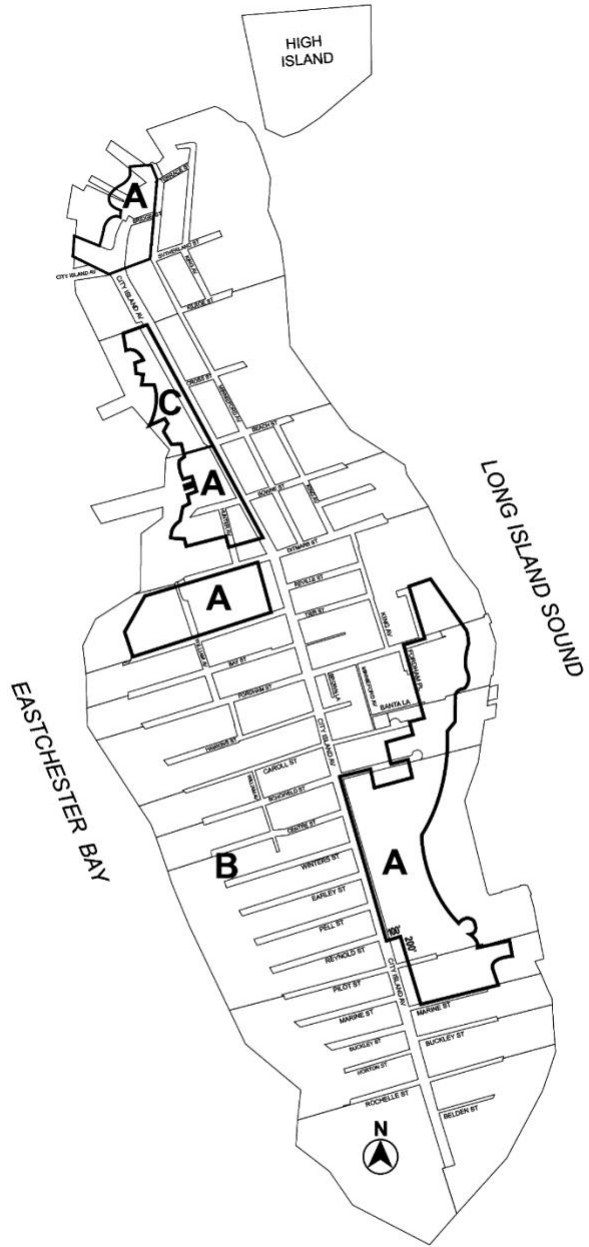

Such public access areas shall comply with the provisions of Sections 62-74 (Requirements for Recordation), 62-70 (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), 62-651 (Guardrails, gates and other protective barriers), 62-652 (Seating) and 62-654 (Signage).

The Chairperson of the City Planning Commission shall certify to the Department of Buildings or Department of Business Services, as applicable, that a site plan has been submitted showing compliance with the provisions of this Section.

(1/20/77)

ARTICLE XI SPECIAL PURPOSE DISTRICTS

Chapter 3 Special Ocean Parkway District

(1/20/77)

113-00 GENERAL PURPOSES

The "Special Ocean Parkway District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others the following specific purposes:

- (a) to promote and strengthen the scenic landmark designation of Ocean Parkway by requiring landscaping along Ocean Parkway;
- (b) to maintain the existing scale and character of the community by limiting the bulk of permitted community facilities;
- (c) to protect the environmental quality of and improve circulation within the District by requiring enclosed parking for all uses along Ocean Parkway and by requiring off-street loading for certain community facilities throughout the District; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenue.

(10/7/21)

113-01 General Provisions

In harmony with the general purposes of the #Special Ocean Parkway District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Ocean Parkway District# is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special District, the regulations of the underlying districts remain in force. In #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict

between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

For the purpose of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Ocean Parkway District# are shown on the maps in APPENDIX F of this Resolution.

The Subdistrict of the #Special Ocean Parkway District# is identified in Appendix A of this Chapter. In addition to the requirements of Sections 113-10 through 113-40, inclusive, the special regulations set forth in Sections 113-50 through 113-57, inclusive, shall apply to the Subdistrict.

(9/26/18)

113-10 SPECIAL BULK REGULATIONS

The bulk regulations of the underlying districts shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

(2/2/11)

113-11 Special Bulk Regulations for Community Facilities

In #Residence Districts# and #Commercial Districts# with residential equivalents, all #community facility buildings#, and portions of #buildings# containing #community facility uses#, shall be subject to the applicable underlying district #bulk# regulations of Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts), except as provided below:

- (a) in R2X Districts, the #residential# #bulk# regulations of an R3-1 District shall apply to #community facility buildings#;
- (b) in R6 or R7 Districts with a letter suffix, the applicable #bulk# regulations set forth in Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts) shall apply;
- (c) in the Subdistrict, the #bulk# regulations of Article II, Chapter 3 shall apply, except as set forth in Section 113-503 (Special bulk regulations); and
- (d) in R6 or R7 Districts without a letter suffix, the #community facility# #bulk# regulations

of Article II, Chapter 4, may be made applicable by certification of the City Planning Commission, pursuant to Section 113-41 (Certification for Community Facility Uses on Certain Corner Lots).

(2/2/11)

**113-12
Special Front Yard Regulations**

For all #zoning lots# with frontage along Ocean Parkway, there shall be a 30 foot #front yard#. No obstructions including porches either open or enclosed, canopies or stairs are permitted within the #front yard#. Any driveway within such #front yard# shall be perpendicular to the #street line# or, in the case where the #street wall# is not parallel with the #street line#, the driveway shall be perpendicular to the #street wall#.

Balconies pursuant to Section 23-13 may, by a depth of not more than six feet, penetrate #front yards#, except along Ocean Parkway.

(1/20/77)

**113-20
SPECIAL PARKING AND OFF-STREET LOADING REGULATIONS**

(2/2/11)

**113-21
Special Parking Regulations**

For all #developments# having frontage on Ocean Parkway, all required or permitted #accessory# off-street parking spaces shall be #completely enclosed#.

(2/2/11)

**113-22
Special Off-street Loading Regulations**

- (a) For any #building# containing a #school# for children below grade 7, off-street loading facilities shall be provided in accordance with the requirements of this Section. Such off-

street loading facilities shall be so situated and arranged to provide head-in and head-out movement of vehicles on two separate #streets#, and shall have a minimum dimension of 12 feet. All such off-street loading facilities shall be screened from adjacent #zoning lots# by a four foot buffer of shrubbery that is at least four feet high at the time of planting.

- (b) For other #schools# with no children below grade 7, an off-street loading facility shall be provided with a minimum dimension of 12 by 18 feet.

(1/20/77)

113-30 SPECIAL LANDSCAPING REGULATIONS

Within the 30 foot #front yard# required along Ocean Parkway, landscaping in the form of grass, ground cover, trees or shrubs shall be provided at #curb level# or the natural grade level. Paving within the #front yard# shall be limited to the amount necessary for driveways or walkways. Fences are permitted along the #front# or #side lot line# provided that such fence is no higher than four feet above #curb level#.

(4/30/08)

113-31 Tree Planting Requirements

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# on #zoning lots# having frontage on Ocean Parkway, shall provide #street# trees in accordance with the provisions of Section 26-41 (Street Tree Planting).

(12/19/96)

113-40 CERTIFICATIONS AND AUTHORIZATIONS FOR COMMUNITY FACILITIES

(2/2/11)

113-41 Certification for Community Facility Uses on Certain Corner Lots

Within the #Special Ocean Parkway District#, the City Planning Commission may allow, by

certification, #community facility developments# or #enlargements# or changes of #use# containing #community facility uses#, to exceed the #bulk# regulations of Section 113-11 (Special Bulk Regulations for Community Facilities) when located on #corner lots#, one #lot line# of which is the #street line# of a #wide street#, provided that:

- (a) the #community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts); and
- (b) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding #development#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(2/2/11)

113-42

Authorization for Enlargements of Community Facility Buildings

Within the #Special Ocean Parkway District#, the City Planning Commission may authorize #enlargements# that exceed the #bulk# limitations of Section 113-11 (Special Bulk Regulations for Community Facilities), provided:

- (a) the existing #building# is a #community facility building# #developed# prior to December 19, 1996;
- (b) the existing #community facility building# is located partially or wholly on a #corner lot#, one #lot line# of which is the #street line# of a #wide street#;
- (c) the #enlarged# #community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts); and
- (d) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(8/3/93)

113-50

THE SUBDISTRICT

(8/3/93)

113-501

General purposes

In order to preserve and enhance the character of the neighborhood, the Subdistrict within the Special Ocean Parkway District is established which encourages large single- or two-family detached and semi-detached residences.

(6/6/24)

113-502

Special use regulations

Within the Subdistrict, #single-# and #two-family detached# and #semi-detached residences# and #community facility# #uses# are the only permitted #uses#. #Non-conforming# #single-# or #two-family residences# may be #enlarged# or #extended# pursuant to the provisions of the Subdistrict provided that a 30 foot #rear yard# is maintained. All other #non-conforming uses# shall be subject to the provisions of Article V, Chapter 2 (Non-conforming Uses).

(3/22/16)

113-503

Special bulk regulations

For #single-# and #two-family# #detached# and #semi-detached residences#, and for #zoning lots# containing both #community facility# and #residential uses#, certain underlying district #bulk# regulations are set forth in Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts), except as superseded by those set forth in Sections 113-51 through 113-55, inclusive. The regulations applicable to a #predominantly built-up area# shall not apply in the Subdistrict.

For #community facility buildings#, the #bulk# regulations of Article II, Chapter 3, are superseded by those set forth in Sections 113-51 (Maximum Permitted Floor Area Ratio), 113-542 (Minimum required front yards), 113-543 (Minimum required side yards), 113-544 (Minimum required rear yards) and 113-55 (Height and Setback Regulations). The provisions of Sections 24-01 (Applicability of this Chapter), 24-012 (Exceptions to the bulk regulations of this Chapter), paragraph (a), and 24-04 (Modification of Bulk Regulations in Certain Districts),

pertaining to R4-1 Districts, shall not apply in the Subdistrict.

(8/3/93)

**113-51
Maximum Permitted Floor Area Ratio**

The maximum permitted #floor area ratio# shall be 1.50.

(3/22/16)

**113-52
Density Regulations**

The regulations set forth in Section 23-22 (Maximum Number of Dwelling Units) pertaining to R4-1 Districts shall apply.

(2/2/11)

**113-53
Lot Area, Lot Width and Density Regulations**

The regulations set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) pertaining to R4-1 Districts shall apply to #residential uses#. The regulations set forth in Section 24-20 (APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES), pertaining to R4 Districts, shall apply to #buildings# used partly for #residence# and partly for #community facility use#.

(8/3/93)

**113-54
Yard Regulations**

(2/2/11)

113-541

Permitted obstructions in required yards or rear yard equivalents

For permitted #residential uses#, the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall apply with the following modifications:

- (a) open #accessory# off-street parking spaces shall not be located within a #front yard# unless such spaces are located in a permitted #side lot ribbon#;
- (b) three-foot overhangs in a required 18-foot #front yard# in R4 or R5 Districts shall not be permitted; and
- (c) balconies shall not be a permitted obstruction in #rear yards# or #rear yard equivalents#.

(8/3/93)

113-542

Minimum required front yards

The regulations set forth in Section 23-45 (Minimum Required Front Yards) pertaining to R4-1 Districts shall apply.

(2/2/11)

113-543

Minimum required side yards

The regulations set forth in Section 23-461 (Side yards for single- or two- family residences) pertaining to R4A Districts shall apply to #detached buildings#. The regulations in that Section pertaining to R4-1 Districts shall apply to #semi-detached residences#.

For an existing #single-# or #two-family residence# with a #non-complying# #side yard#, an #enlargement# involving a straight line extension of the existing #building# walls facing such #non-complying# #side yard# is permitted, provided that:

- (a) the portion of the #building# which is #enlarged# complies with the height and setback regulations set forth in Section 113-55;
- (b) the minimum distance between such #building# wall and the nearest #building# wall, or prolongation thereof, on an adjoining #zoning lot# across the common #side lot line# is eight feet;
- (c) the #enlarged# #building# does not contain more than two #dwelling units#;

- (d) there is no encroachment on the existing #non-complying# #side yard#, except as set forth in this Section; and
- (e) the #enlargement# does not otherwise result in the creation of a new #non-compliance# with the applicable #bulk# regulations.

(3/22/16)

113-544
Minimum required rear yards

One #rear yard# with a depth of not less than 20 feet shall be provided on any #zoning lot# except a #corner lot#. The provisions of Section 23-52 (Special Provisions for Shallow Interior Lots) shall be inapplicable. The provisions of Section 23-53 (Special Provisions for Through Lots) pertaining to R4 Districts shall apply except that the provisions in Section 23-532 (Required rear yard equivalents) shall be modified to require 40 feet instead of 60 feet in paragraph (a), or 20 feet instead of 30 feet in paragraphs (b) and (c).

(2/2/11)

113-545
Special provisions for side lot line walls

The regulations set forth in Section 23-49 (Special Provisions for Side Lot Line Walls) pertaining to R4-1 Districts shall apply.

(3/22/16)

113-55
Height and Setback Regulations

The height and setback regulations of a #building or other structure# in the Subdistrict shall be those applicable to R4A Districts in Section 23-631 (General provisions), except that paragraph (b)(2) shall be modified as follows:

Each perimeter wall of the #building or other structure# may have one or more apex points directly above it on the 35 foot high plane. (See Section 23-631, Figure B).

(8/3/93)

113-56
Parking Regulations

(8/3/93)

113-561
General provisions

Except as set forth in this Section, the regulations set forth in Article II, Chapter 5 (Accessory Off-street Parking and Loading Regulations), pertaining to R2X Districts, shall apply.

(2/2/11)

113-562
Parking requirements

One #accessory# off-street parking space shall be provided for each #dwelling unit# created after August 3, 1993. This requirement may be waived for a #single-family residence# on an #interior zoning lot# that has a width of less than 25 feet along a #street#.

(8/3/93)

113-57
Administration

ARTICLE XI SPECIAL PURPOSE DISTRICTS

Chapter 4 Special Bay Ridge District

(3/23/05)

114-00 GENERAL PURPOSES

The “Special Bay Ridge District” established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;
- (b) to encourage design of residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and
- (c) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City’s tax revenues.

(10/7/21)

114-01 General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #buildings#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special

Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(3/23/05)

114-10 SPECIAL BULK REGULATIONS

In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

(2/2/11)

114-11 Special Floor Area Regulations

In C8-2 Districts, for any #zoning lot#, the maximum #floor area ratio# for any #community facility use# shall not exceed 3.0.

In R4A, R4-1, R4B or R5B Districts, the #bulk# regulations of Article II, Chapter 4, shall apply only to a #building# that is used entirely for #community facility use#, except that the maximum #floor area ratio# shall not exceed 1.65. For a #building# that is used partly for #community facility use# and partly for #residential use#, the #bulk# regulations of Article II, Chapter 3, shall apply to all portions of such #building#, except that where:

- (a) such #community facility use# has received tax-exempt status from the New York City Department of Finance, or its successor, pursuant to Section 420 of the New York State Real Property Tax Law; or
- (b) such #building# has received an authorization pursuant to Section 24-04 (Modification of Bulk Regulations in Certain Districts);

the #bulk# regulations of Article II, Chapter 4, shall apply to the #community facility# portion of such #building#, provided that the maximum #floor area ratio# for the #community facility use# shall not exceed 1.65.

(3/23/05)

114-12
Special Height and Setback Regulations

(12/6/23)

114-121
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(12/6/23)

114-122
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#.

(b) For #community facilities# in #Residence Districts#

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

However, #energy infrastructure equipment# and #accessory# mechanical equipment shall be permitted obstructions above such height limits, subject to the provisions of Sections 24-51 or 33-42, as applicable.

(9/10/07)

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 5
Special Downtown Jamaica District**

(2/2/11)

**115-00
GENERAL PURPOSES**

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purpose:

- (a) to strengthen the business core of Downtown Jamaica by improving the working and living environments;
- (b) to foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;
- (c) to encourage the development of affordable housing;
- (d) to expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;
- (e) to provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;
- (f) to improve the quality of development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;
- (g) to encourage the design of new buildings that are in character with the area;
- (h) to enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and
- (i) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

(10/7/21)

**115-01
General Provisions**

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of this Chapter shall apply within the #Special Downtown Jamaica District#. The regulations of all other chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

Any special permit granted by the City Planning Commission before September 10, 2007, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

(9/10/07)

**115-02
District Plan and Maps**

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

- Map 1 Special Downtown Jamaica District
- Map 2 Ground Floor Use and Transparency and Curb Cut Restrictions
- Map 3 Street Wall Location
- Map 4 Street Wall Height
- Map 5 Maximum Building Height
- Map 6 Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(6/6/24)

115-10 SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11. The #use# regulations of the underlying C6-4 District relating to Use Group 11B IX are modified in Section 115-12. Special streetscape regulations shall apply pursuant to Section 115-14. The #use# regulations of the underlying M1-4 District are modified as specified in Section 115-13.

In addition, the provisions of paragraph (d) of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that eating or drinking establishments listed under Use Group VI shall be permitted on a #story# above #dwelling units#.

(6/6/24)

115-11 Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-194 (Parking garages or public parking lots in high density central areas).

(6/6/24)

115-12

Use Group IX in C6-4 Districts

In C6-4 Districts, the size limitations applicable to wholesale establishments listed under Use Group IX(A), as set forth in paragraph (e)(2) of Section 32-193 (Use Group IX – uses subject to size limitations) shall not apply.

(6/6/24)

115-13

Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as follows:

- (a) all #uses# listed under Use Group III(B) shall be permitted;
- (b) #uses# listed under Use Group VI with a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), shall be permitted without size limitation;
- (c) #uses# listed under Use Groups IV(B), IX and X shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-20 (SPECIAL USE REGULATIONS), inclusive; and
- (d) such permitted #uses# listed under Use Groups IV(B), IX and X, along with #uses# in Use Group VI that are listed in paragraph (c) of Section 42-163 (Use Group VI – uses subject to additional conditions) shall be located within a #completely enclosed building#.

(6/6/24)

115-14

Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter shall be considered #Tier C street frontages#. In addition to the underlying provisions, #ground floor level# frontages on #Tier C street frontages# shall provide a major #building# entrance onto such #street#, except that where #zoning lot# has frontage on more than one #Tier C street frontage#, a major #building# entrance need only be located on one #street# frontage.

Defined terms in this Section include those in Sections 12-10 and 32-301.

(9/10/07)

**115-20
SPECIAL BULK REGULATIONS**

(11/23/21)

**115-21
Floor Area Ratio, Open Space and Lot Coverage**

- (a) Maximum #floor area ratio# for #zoning lots# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts.

In C6-4 Districts, the underlying #floor area ratio# provisions shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). No other #floor area# bonuses shall apply. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

- (b) Maximum #floor area ratio# for #zoning lots# containing #residential uses#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special regulations for Inclusionary Housing designated areas) or Section 115-212 (Special regulations for Mandatory Inclusionary Housing areas), as applicable, for the district. In addition, for #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51. Such bonuses may be

applied separately or in combination. For the purposes of this paragraph, defined terms additionally include those in Section 66-11.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 100 percent on a #corner lot# and 70 percent on an #interior# or #through lot#.

(11/23/21)

115-211

Special regulations for Inclusionary Housing designated areas

(a) Applicability

Locations in R7A, R7X, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts designated in APPENDIX F of this Resolution within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (INCLUSIONARY HOUSING), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# set forth in the table in this Section, except that such base #floor area ratio# may be increased to the maximum #floor area ratio#, set forth in Section 23-154 (Inclusionary Housing), through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90, inclusive.

District	Base #Floor Area Ratio#
R7A C4-4A	3.45
R7X C4-5X	3.75
R8 C6-2	5.4
R9 C6-3	6.0
R10 C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-96 (Requirements for Generating Sites or MIH Sites) shall be modified as follows: a #generating site# may be located in any

#Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of Sections 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall be modified by the special height and setback regulations of Section 115-23, inclusive.

(11/23/21)

115-212

Special regulations for Mandatory Inclusionary Housing areas

(a) Applicability

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Downtown Jamaica District# are shown on the maps in APPENDIX F of this Resolution.

(b) Height and setback

The height and setback regulations of Sections 23-952 (Height and setback for Mandatory Inclusionary Housing areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall be modified by the special height and setback regulations of Section 115-23, inclusive.

(10/29/07)

115-22

Modification of Rear Yard Regulations

#Rear yard# requirements shall not apply to non-#residential uses# along such portion of a #lot line# that coincides with a boundary of a railroad right-of-way, or in any portion of a C6-4 District.

(10/29/07)

115-23
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-231 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-231 through 115-235, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

(4/30/12)

115-231
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(2/2/11)

115-232
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

- (a) For all locations, except as specified on Map 3 (Street Wall Location) in Appendix A of this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the

#street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-233 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

- (b) Map 3 (Street Wall Location) in Appendix A of this Chapter, specifies the #street# frontages where the regulations set forth in this paragraph (b) apply.
- (1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-233, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.
 - (2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.
 - (3) Where corner articulation is specified on Map 3, the following regulations shall apply:
 - (i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.
 - (ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), in Appendix A of this Chapter, the #building# shall cover, at every level above the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by:
 - (a) the #street line# of the #street# where no setback is required;
 - (b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

- (c) lines parallel to and 20 feet from such lines.
- (4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues provided pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.
- (5) For #building# walls facing Archer Avenue on Blocks 9988 and 9994, the #street walls# required pursuant to this paragraph (b) shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. However, if the Public Place is not mapped on Block 9994, then the #street wall# shall be located on a line perpendicular to 147th Place and passing through a point 51.77 feet distant (as measured along the southwesterly #street line# of 147th Place) from the corner of the northeasterly #street line# of Archer Avenue and the southwesterly #street line# of 147th Place. To accommodate the #development# of a one #story# #building# which may be located within each Public Place, such #street walls# shall have no #building# entrances or windows up to a height of 30 feet within 100 feet of 147th Place on Block 9994 and within 100 feet of 146th Street on Block 9988.
- (c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

(3/22/16)

115-233 Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in Appendix A of this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location), shall be as set forth in the following table:

District	Minimum #Street Wall# Height	Maximum #Street Wall# Height
C4-4A	40 feet	65 feet
C4-5X	40 feet	85 feet
C6	40 feet	60 feet

However, in C4-4A and C4-5X Districts, the maximum #street wall# height may be modified for #Quality Housing buildings# with #qualifying ground floors# in accordance with Section 23-662 (Maximum height of buildings and setback regulations) for the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts). In addition, for #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum #street wall# heights may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for the applicable residential equivalent of such districts.

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#.

However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-232 shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of such #street wall#.

(3/22/16)

115-234

Maximum building height

C4 C6

In C4-4A and C4-5X Districts, the maximum height of a #building or other structure# and the maximum number of #stories# shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts). For #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or

affordable independent residences for seniors), such maximum heights and number of #stories# may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for the applicable residential equivalent of such districts. Separate maximum #building# heights are set forth within such Sections for #Quality Housing buildings# with #qualifying ground floors# and for those with #non-qualifying ground floors#.

In C6-2 and C6-3 Districts, no #building or other structure# shall exceed a height of 250 feet. In C6-4 Districts, no #building or other structure# shall exceed a height of 290 feet. However, no maximum #building# height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in Appendix A of this Chapter, if such #block# is #developed# or if a #building# on such #block# is #enlarged#, pursuant to the Jamaica Gateway Urban Renewal Plan.

(10/29/07)

115-235
Transition area

R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District# #bulk# regulations are applicable, that portion of a #building# located within 25 feet of an adjacent #zoning lot# in an R1, R2, R3, R4 or R5 District shall not exceed a maximum height of 35 feet. In addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

(9/10/07)

115-30
MANDATORY IMPROVEMENTS

(4/9/13)

115-31
Sidewalk Widening

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widening) in Appendix A of this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of two feet or five feet, as set forth on Map 6. Such depth shall be

measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of Section 37-743, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

(3/22/16)

115-32
Refuse Storage, Recreation Space and Planting Areas

All #buildings# containing #residences# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Sections 28-12 (Refuse Storage and Disposal) and 28-20 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #Quality Housing buildings#.

(2/2/11)

115-40
RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the #conversion# to #dwelling units# of #non-residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(9/10/07)

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

(6/6/24)

115-51

Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the underlying off-street parking and loading regulations shall be modified, as follows:

(a) #Commercial# and #manufacturing uses#.

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section.

- (1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.
- (2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory# #group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.
- (3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to #accessory# off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in listed under Use Groups VII and IX, with parking requirement category A3, shall be required to provide one parking space per 2,000 square feet of #floor area#.
- (4) Modification of Waiver of Parking Requirements
 - (i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on September 10, 2007 and on the date of application for a building permit.
 - (ii) In C4, C6 and M1 Districts, for any #commercial# #use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231 (In districts with high, medium or low parking requirements).

- (iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) #Residential uses#

- (1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory# #group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.
- (2) The required #accessory# off-street parking space regulations of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES), inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b)(3) and (b)(4) of this Section.
- (3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:
 - (i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on September 10, 2007, and on the date of application for a building permit.
 - (ii) For all #developments# or #enlargements# containing #residences#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (4) The provisions of Section 25-52 (Off-site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.
- (5) The provisions of Section 36-42 (Off-site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on

a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(c) #MIH sites#

For #residential uses# on #MIH sites#, the provisions of paragraphs (a)(4), (b)(2) and (b)(3) of this Section shall not apply. In lieu thereof, the underlying off-street parking provisions shall apply.

(6/6/24)

115-52

Location of Access to the Street

Curb cuts shall be prohibited at locations specified as #Tier C street frontages# on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), shall not apply to the special location of access requirements of this Section.

(12/15/21)

115-53

Authorization for Curb Cut

Between 160th Street and a point 205 feet east of 160th Street along Archer Avenue, The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts that are prohibited by Section 115-52 (Location of Access to the Street), provided the Commission finds that a curb cut at such location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# and public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(2/2/11)

115-60

SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

- (a) #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;
- (c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;
- (d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

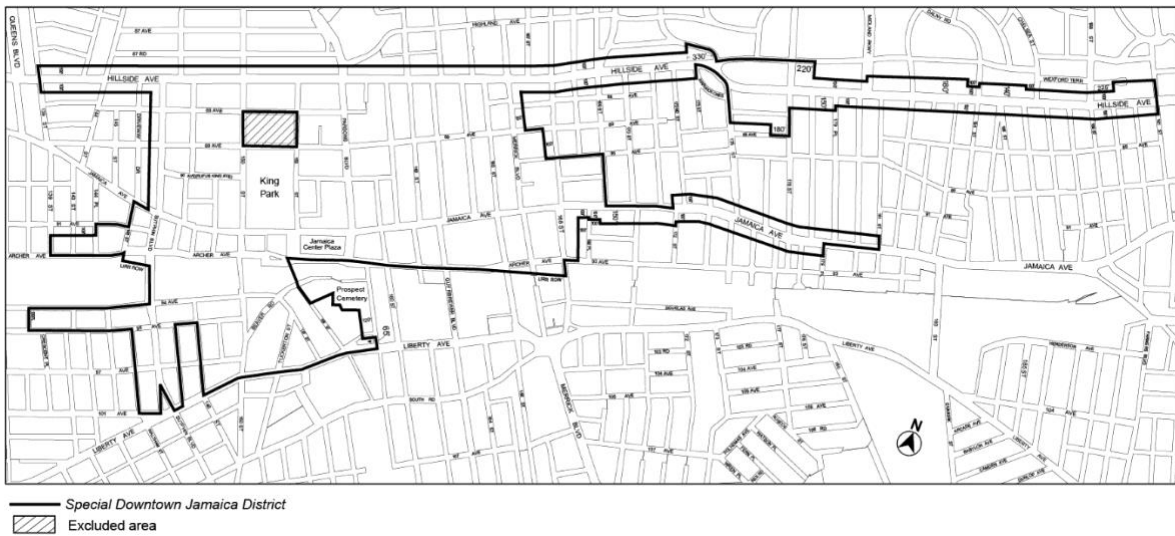

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 6
Special Stapleton Waterfront District**

(2/2/11)

**116-00
GENERAL PURPOSES**

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

- (a) encourage design of development that is in character with the neighborhood and surrounding community;
- (b) maintain and reestablish physical and visual public access to and along the waterfront;
- (c) strengthen the traditional town center of Stapleton by allowing the development of residential and commercial uses;
- (d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;
- (e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and
- (f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

(6/6/24)

**116-01
Definitions**

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), 32-301 (Definitions), or in this Section.

Esplanade

The “Esplanade” is a park extending along portions of the waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in Appendix A of this Chapter.

Mandatory front building wall

A “mandatory front building wall” is the front wall of a #building# that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street wall location).

Mandatory front building wall line

“Mandatory front building wall lines” are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in Appendix A of this Chapter, and with which #building# walls must generally coincide, as provided in Section 116-232.

Pier Place, the Cove

“Pier Place” and the “Cove” are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District# as shown in the District Plan, Map 1, in Appendix A of this Chapter.

Shore public walkway

A “shore public walkway” is a linear public access area along the shore or water edges of a #platform# on a #waterfront zoning lot#.

Upland connection

An “upland connection” is a pedestrian way which provides a public access route from the #Esplanade# or a #shore public walkway# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors), in Appendix A of this Chapter.

Visual corridor

A “visual corridor” is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 and Map 6 (Location of Visual Corridor in Subarea E) in Appendix A of this Chapter.

(10/7/21)

116-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying R6, C2-2, C4-2A and M2-1 Districts shall apply, as modified in this Chapter.

(7/20/17)

116-03

District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#.

These areas shall include Subareas A, B1, B2, B3, B4, B5, C, D and E, the #Esplanade# and two designated public open spaces: #Pier Place# and the #Cove#. In addition, Subareas B and E shall include #upland connections# and Subarea E shall include a #shore public walkway#.

The District Plan includes the following maps in Appendix A of this Chapter.

Map 1 Special Stapleton Waterfront District, Subareas and Public Spaces

Map 2 Ground Floor Use and Frontage Requirements

Map 3 Mandatory Front Building Wall Lines

Map 4 Restricted Curb Cut and Off-Street Loading Locations

Map 5 Upland Connections and Visual Corridors

Map 6 Location of Visual Corridor in Subarea E

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(7/20/17)

116-04 Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subareas C, D and E, the #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

(5/12/21)

116-05 Applicability

In Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#, the provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply. In lieu thereof, the special #use#, #bulk#, #accessory# off-street parking, public access and urban design regulations of Sections 116-10 through 116-50 shall apply.

In Subarea D, the provisions of Article VI, Chapter 2 shall apply pursuant to the underlying M2-1 District regulations.

In Subarea E, the underlying provisions of Article VI, Chapter 2 shall apply, except as modified in Section 116-60 (SPECIAL REGULATIONS IN SUBAREA E), inclusive. In addition, the

provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), shall not apply. In lieu thereof, the provisions of Section 116-623 (Height and setback regulations), shall apply.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

(6/6/24)

**116-10
SPECIAL USE REGULATIONS FOR SUBAREAS A, B AND C, THE ESPLANADE,
PIER PLACE AND THE COVE**

In Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#, the underlying #use# regulations shall be modified by the provisions of this Section, inclusive.

(6/6/24)

**116-11
Streetscape Regulations**

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply except that:

- (a) #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 2 (Ground Floor Use and Frontage Requirements) in Appendix A of this Chapter shall be considered #Tier C street frontages#; and
- (b) remaining #ground floor level# #street# frontages shall be considered #Tier B street frontages#. However, in lieu of the parking wrap and enclosure provisions of Section 32-32, inclusive, the provisions for #Tier A street frontages# set forth in Section 32-312 (Ground floor level parking restrictions) may be applied. Notwithstanding the above, in Subarea B5, parking may be located between the #street wall# of the #building# and the Front Street #street line#.

(6/6/24)

**116-12
Location of Uses**

In addition, the provisions of paragraph (d) of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that eating or drinking establishments listed under Use Group VI shall be permitted on a #story# above #dwelling units#.

(6/6/24)

**116-13
Special Sign Regulations**

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#.

(7/20/17)

**116-20
SPECIAL BULK REGULATIONS FOR SUBAREAS A, B AND C, THE ESPLANADE,
PIER PLACE AND THE COVE**

The special #bulk# regulations of Section 116-20, inclusive, shall apply to Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#.

(10/25/06)

**116-21
Residential Bulk Regulations in C4-2A Districts**

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B Districts.

(6/26/19)

**116-22
Maximum Floor Area Ratio**

The maximum #floor area ratio# for all #uses# shall be 2.0.

However, for #zoning lots# in Subareas A and B1, up to a total of 100,000 square feet of floor space, within a public #school#, constructed in whole or in part pursuant to an agreement with the New York City School Construction Authority and subject to the jurisdiction of the Department of Education, shall be exempt from the definition of #floor area#. #Zoning lots# within Subarea A and B1 that are contiguous or would be contiguous but for their separation by a #street#, may be considered one #zoning lot# for the purpose of applying these special #floor area# regulations.

(12/15/21)

116-221 Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the calculation of permitted #floor area# in the #building#. However, the area occupied by non-#residential uses# on the ground floor shall be included as #floor area# for other purposes including calculating:

- (a) requirements for #accessory# off-street parking spaces;
- (b) #accessory# off-street loading berths;
- (c) limitations on #floor area# occupied by certain #uses#; and
- (d) satisfying requirements for #FRESH food stores# as defined in Article VI, Chapter 3, and the special #floor area# regulations of that Chapter.

(10/25/06)

116-23 Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

(12/6/23)

116-231

Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in Subareas A, B and C, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(6/26/19)

116-232

Street wall location

Within the #Special Stapleton Waterfront District#, the #street wall# location regulations shall be modified as follows:

(a) Subareas A and B1

In Subareas A and B1, the underlying #street wall# location regulations shall apply, except that the provisions of paragraph (a)(1) of Section 35-651 (Street wall location) shall be modified to require that at least 70 percent of the #aggregate width of street wall# be located within 15 feet of the #street line# and extend to the minimum base heights specified in Section 116-233 (Height and setback), or the height of the #building#, whichever is less.

(b) Subareas B2 through B5 and C

In Subareas B2 through B5 and C, the underlying #street wall# location regulations of a C4-2A District or an R6B District, as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in Appendix A of this Chapter, specifies locations in Subareas B2 through B5 and C where #mandatory front building wall# requirements apply as follows:

- (1) Type 1: Front #building# walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except, to allow articulation at the intersection of two such lines, the front #building# wall may be located anywhere within 15 feet of their point of intersection.
- (2) Type 2: Front #building# walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one #building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front #building# walls.

- (3) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is #developed# in Subareas B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent #buildings# shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to the minimum base height specified in Section 116-233, or the height of the #building#, whichever is less. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front #building# wall may be recessed.

(12/6/23)

116-233 Height and setback

Within the #Special Stapleton Waterfront District#, the underlying height and setback regulations shall be modified as follows:

- (a) Subareas A and B1

- (1) Base heights and maximum #building# heights

The table below sets forth the minimum and maximum base height, the maximum transition height, the maximum height of a #building or other structure#, and the maximum number of #stories# for #buildings# in Subareas A and B1. The maximum #building# height set forth in the table shall only be permitted in locations where the maximum #street wall# width of a #building# above the transition height, or, where applicable, the maximum base height, does not exceed 100 feet. At least 60 feet of separation shall exist between any portions of #buildings# located above such maximum transition height, or maximum base height, as applicable.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the Subarea, and shall be provided in accordance with paragraph (a)(2) of this Section.

Maximum Base Heights and Maximum #Building# Heights for Subareas A and B1

Minimum Base Height (in feet)	Maximum Base Height (in feet)	Maximum Transition Height (in feet)	Maximum Height of #Buildings or Other Structures# in Certain Locations (in feet)	Maximum Number of #Stories#
40	65	85	125	12

(2) Required setbacks

At a height not lower than the minimum base height, or higher than the maximum base height specified for the Subarea in the table in paragraph (a)(1) of this Section, a setback with a depth of at least 10 feet shall be provided from the front #building# wall.

In addition, the underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(3) Dormer provisions

The underlying dormer provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts) shall apply, except that no dormer shall be permitted above a height of 85 feet, or above the maximum height of the #building or other structure# permitted in paragraph (a) of this Section, whichever is lower.

(b) Subarea B2

Within Subarea B2, the maximum height of a #building or other structure# shall not exceed 60 feet.

(c) Subareas B3 through B5 and Subarea C

In Subareas B3 through B5 and Subarea C the minimum base height shall be 35 feet and the maximum base height shall be 40 feet. At a height not lower than the minimum base height or higher than the maximum base height, a setback with a depth of at least 10 feet shall be provided, as measured from the front #building# wall.

The maximum height of a #building or other structure# shall not exceed 50 feet. However, where the ground floor level of a #building# provides a #qualifying ground floor# in accordance with the supplemental provisions set forth in paragraph (b)(2) of

Section 35-652 (Maximum height of buildings and setback regulations), the maximum height of a #building or other structure# may be increased to 55 feet.

(7/20/17)

**116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS
FOR SUBAREAS A, B AND C**

In Subareas A, B and C, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

(6/6/24)

**116-31
Modification of Waiver of Requirements**

The provisions of Section 36-362 (In other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on October 25, 2006, and on the date of application for a building permit.

(6/6/24)

**116-32
Location and Width of Curb Cuts**

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations) in Appendix A of this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

In Subareas A, B and C, the maximum width of curb cuts shall not exceed 25 feet, including splays.

(6/6/24)

116-33

Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more, except where the provisions of Section 37-90 (PARKING LOTS), inclusive, apply.

(a) Screening

Such off-street parking facilities shall be screened, in accordance with the provisions of this Section, from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the #street#.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no #signs# hung or attached thereto other than those permitted in Sections 32-60, inclusive, or 62-654.

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

(7/20/17)

116-40

UPLAND CONNECTIONS AND VISUAL CORRIDORS FOR SUBAREAS A, B AND C

(7/20/17)

116-41

Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in Appendix A of this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# in Subareas A, B and C shall consist of a single circulation path bordered continuously along both sides by buffer zones.

(a) Required dimensions

The minimum width of the #upland connection# shall be 30 feet. When an #upland connection#, or a portion thereof, abuts a private driveway, no buffer zone is required.

(b) Buffer zone

The buffer zone is a landscaped area running along the edge of the #upland connection# that bounds the boundary of the non-public portions of the #zoning lot#; each buffer zone shall have a minimum width of seven feet. The buffer zone shall be improved entirely as planting area, except at locations:

(1) occupied by permitted obstructions; or

(2) where there is ground floor #commercial use# frontage on the #upland connection#, in which case that portion of the buffer zone may be paved.

(c) Permitted obstructions

The provisions of Section 62-611 (Permitted obstructions) shall apply to #upland connections# within Subarea B, the #Esplanade#, #Pier Place# and the #Cove#. The permitted obstructions listed in paragraph (b)(2) of Section 62-611 are further subject to the tree and planting requirements of Section 62-655. Water-Dependent (WD) #uses# referenced in paragraph (a)(6) of Section 62-611 shall be as listed in Section 62-211.

(7/20/17)

116-42
Visual Corridors

#Visual corridors# shall be provided in the locations shown on Map 5 in Appendix A of this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-512 (Design requirements for visual corridors).

(7/20/17)

116-50
SPECIAL URBAN DESIGN REQUIREMENTS FOR SUBAREAS A, B AND C, THE ESPLANADE, PIER PLACE AND THE COVE

The special urban design requirements of Section 116-50, inclusive, shall apply to all #developments# and #enlargements# within Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#.

(4/30/08)

116-51
Design Requirements for Upland Connections and Visual Corridors

(4/22/09)

116-511
Design requirements for upland connections

- (a) Circulation and access
 - (1) Where an #upland connection# abuts a private driveway, a circulation path with a minimum clear width of six feet shall be provided along both sides of the driveway. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.
 - (2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width of 16 feet.
- (b) Seating

A minimum of 12 linear feet of seating shall be provided for every 100 linear feet of #upland connection#.

(c) Planting

Where an #upland connection# abuts a private driveway, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-655 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

(7/20/17)

116-512

Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors# within Subarea B, the #Esplanade#, #Pier Place# and the #Cove#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-511 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

- (a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a) of Section 62-25 (Uses on Floating Structures);
- (b) any moving or parked vehicles or street furniture, including, but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;
- (c) guardrails and fences, provided they comply with the design standards of Section 62-651 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;
- (d) sculpture;
- (e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

- (f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

(7/20/17)

116-52
Waterfront Public Access Signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# within Subarea B, #Pier Place# and the #Cove#, and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-654.

(7/20/17)

116-53
Refuse Storage Areas

Refuse shall be stored within a #completely enclosed building#.

(7/20/17)

116-60
SPECIAL REGULATIONS IN SUBAREA E

The special #use#, #bulk#, #visual corridor# and #waterfront public access area# requirements of Section 116-60, inclusive, shall apply to Subarea E.

(6/6/24)

116-61
Special Use Regulations

The #use# regulations of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply, except that the provisions of Section 62-29 (Special Use Regulations for R6, R7, R8, R9 and R10 Districts) shall be modified to allow #uses# listed in Section 62-212

(Waterfront-Enhancing (WE) uses) to be located anywhere within a #building# existing prior to July 20, 2017, provided that no #commercial# #floor area# is located above a #dwelling unit#.

(7/20/17)

116-62 **Special Bulk Regulations**

The #bulk# regulations of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply, except as modified in Section 116-62, inclusive.

(7/20/17)

116-621 **Floor area**

Subarea E of the #Special Stapleton Waterfront District# shall be a #Mandatory Inclusionary Housing area# for the purpose of applying the Inclusionary Housing Program provisions of Section 23-90 (INCLUSIONARY HOUSING), inclusive.

The #floor area# regulations of Article VI, Chapter 2, shall not apply. In lieu thereof, the #floor area# regulations of Section 23-154 (Inclusionary Housing), as applicable to #Mandatory Inclusionary Housing areas#, shall apply, except in R6 Districts:

- (a) for #zoning lots#, or portions thereof, within 100 feet of a #wide street#, the maximum #floor area ratio# shall be 3.6; and
- (b) for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#, the maximum #floor area ratio# shall be 2.42.

(7/20/17)

116-622 **Required yards**

The special #yard# provisions of 62-332 (Rear yards and waterfront yards) shall apply, except the 40 foot minimum depth requirement for a #waterfront yard# may be reduced by up to five feet, to a minimum depth of 35 feet, along those portions of the landward edge of the stabilized shore, bulkhead or natural #shoreline# where the depth of the landward portions of the #zoning lot# is less than 150 feet, as measured perpendicular and landward from such edge.

(7/20/17)

116-623

Height and setback regulations

The provisions of Section 62-341 (Developments on land and platforms) shall apply, except as modified in this Section.

(a) #Initial setback distance#

The provisions of paragraph (a)(2) of Section 62-341 shall be modified for #buildings# located on portions of a #zoning lot# where the distance between the edge of the stabilized shore and a landward #zoning# #lot line# is less than 150 feet. The depth of such #initial setback distance# from the boundary of a #shore public walkway# may be reduced to five feet, provided that at least 40 percent of the width of each #story# required to be set back above the minimum base height is set back no less than 10 feet from the boundary of the #shore public walkway#.

(b) Measurement of height

The provisions of paragraph (a)(3) of Section 62-341 shall apply, except for the purpose of this Section, #base plane# shall refer to an elevation of 16.8 feet above Richmond Datum.

(c) Permitted obstructions

The provisions of paragraphs (a)(4)(i) and (ii) of Section 62-341 shall not apply. Dormers and penthouse portions of a #building# shall not be considered permitted obstructions above a maximum base height.

(d) Maximum base height

The maximum base height provisions of paragraph (c)(1) of Section 62-341 shall apply, except a #building or other structure#, or a portion thereof, located within an #initial setback distance#, shall rise to a height of at least 25 feet or two #stories#, whichever is less, and may not exceed a maximum base height of 55 feet or five #stories#, whichever is less.

(e) Maximum #building# height and tower size

The maximum #residential# tower size provisions of paragraph (c)(4) of Section 62-341 shall not apply. For the purposes of this paragraph (e), any portion of a #building# that exceeds a height of 55 feet or five #stories#, whichever is less, shall be considered a tower. #Buildings# with tower portions fronting on Edgewater Street shall not exceed a height of 120 feet above the #base plane# or 12 #stories#, whichever is less. The height

of any other #building# with tower portions shall not exceed a height of 110 feet above the #base plane#, or 11 #stories#, whichever is less. Each #story# within a tower portion of a #building# shall not exceed a gross area of 10,000 square feet up to a height of 90 feet or nine #stories#, whichever is less, and each #story# above a height of 90 feet or nine #stories#, whichever is less, shall not exceed a gross area of 8,100 square feet. All #stories# within the tower portions of #buildings# shall be bounded on all sides by open areas on the #zoning lot#. For #zoning lots# with three or more #buildings#, no more than two #buildings# shall contain towers.

(f) #Floor area# distribution

The provisions of paragraph (c)(3) of Section 62-341 shall not apply.

(g) #Street wall# articulation facing #shore public walkways#

The provisions of paragraph (c)(5) of Section 62-341 shall apply. In addition, for portions of #buildings# fronting on a #shore public walkway# with an #aggregate width of street wall# greater than 200 feet, such #street walls# shall provide a recess at least five feet deep and 55 feet wide, unobstructed from the lowest level of the #building# to the sky. In no event shall a #street wall# extend along a #shore public walkway# for a distance greater than 130 feet without providing such a recess. Furthermore, above the height of the second #story#, such #street walls# shall provide at least one additional recess with a minimum depth of five feet and a minimum width or, where applicable, an aggregate width, of at least 40 feet.

(h) Streetscape provisions

The streetscape provisions of paragraph (c)(6) of Section 62-341 shall not apply. In lieu thereof, the following provisions shall apply:

(1) Lobbies

A #residential# lobby, extending along at least 30 percent of the #aggregate width of street walls# shall be provided, but need not be wider than 35 feet. Transparent glazing materials shall occupy at least 40 percent of the surface area of the #street wall# of the lobby, measured between a height of two and 10 feet above the level of the adjoining grade.

A lobby to a #commercial# or #community facility use# shall have a minimum width of 20 feet. Transparent glazing materials shall occupy at least 50 percent of the surface area of the #street wall# of the lobby, measured between a height of two feet above the level of the adjoining grade and a height 12 feet above the level of the first finished floor.

In the event of a conflict between the provisions of this paragraph (h)(1) and the

construction standards of the Federal government or Appendix G of the New York City Building Code, the requirements of this paragraph shall not apply.

(2) Parking garage wall treatment

For any level within a #building# where #accessory# off-street parking is provided, such parking shall be screened from the #street line# or #waterfront public access area# with a #street wall# that is at least 50 percent opaque. Each one-foot square portion of such #street wall# shall comply individually with this requirement. Such required wall treatment may be interrupted by vehicular or pedestrian entrances. In addition to the wall treatment, the screening requirements of Section 62-655 (Planting and trees) shall apply.

For #buildings# with #street walls# that are more than 50 feet in width and located within 50 feet of a #waterfront public access area# or #street#, at least 70 percent of the width of such #street walls# shall contain #floor area# at the first #story# located completely above the #base plane#.

(7/20/17)

116-63

Requirements for Visual Corridors and Waterfront Public Access Areas

(7/20/17)

116-631

Visual corridors

The provisions of Section 62-51 (Applicability of Visual Corridor Requirements) shall apply, except as modified in this Section. The minimum width of the required #visual corridor# shall be 60 feet. The location of such #visual corridor# shall be as shown on Maps 5 and 6 in Appendix A of this Chapter. Such #visual corridor# shall be located such that the northern boundary of the #visual corridor# shall intersect with the easterly #street line# of Edgewater Street at a point 22 feet south of the following intersection: the easterly prolongation of the northerly #street line# of Lynhurst Avenue and the easterly #street line# of Edgewater Street. Such #visual corridor# shall extend to the pierhead line at an angle of 89.35 degrees, as measured between the northern boundary of such #visual corridor# and the portion of the easterly #street line# of Edgewater Street north of such #visual corridor#.

(7/20/17)

116-632

Waterfront Public Access Area

The provisions of Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall apply, except that no #supplemental public access area#, as set forth in Section 62-57 (Requirements for Supplemental Public Access Areas), shall be required. However, a #shore public walkway# and an #upland connection# must be provided as modified in this Section and shown on Maps 1, 5 and 6 in Appendix A of this Chapter.

(a) #Shore public walkway#

The provisions of paragraph (a)(3) of Section 62-53 (Requirements for Shore Public Walkways) shall apply, except that the minimum width of a #shore public walkway# on shallow portions of a #zoning lot# set forth on such Section shall be modified to be no less than 35 feet.

If there is an existing #building or other structure# to remain on the #zoning lot#, the entire area between such existing #building# and the shoreline shall be entirely occupied by the #shore public walkway#, with a required circulation path of at least eight feet.

(b) #Upland connections#

The requirement for a “transition area” within a Type 2 #upland connection# in paragraph (b)(2) of Section 62-561 (Types of upland connections) shall not apply. In addition, the minimum width requirement of 10 feet for the #upland connection# abutting such turnaround shall be modified to five feet, provided that the entire area of the vehicular turnaround is paved with the same paving material as the #upland connection#.

(7/20/17)

116-633

Phased development of Waterfront Public Access Area

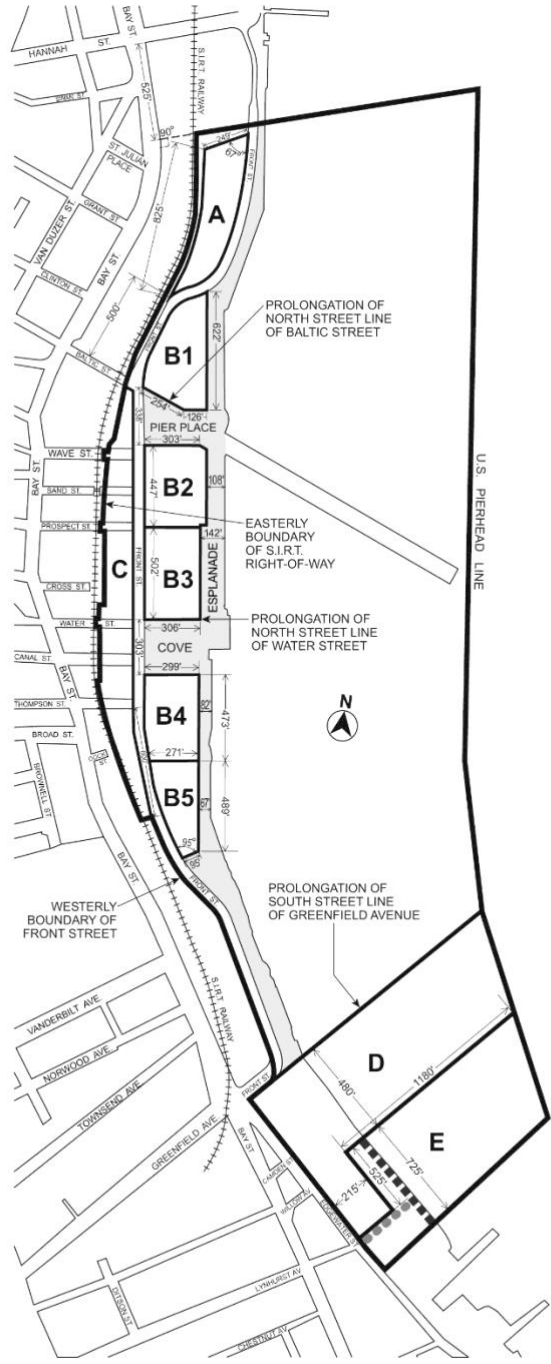

For the purposes of applying for an authorization for phased #development# of a #waterfront public access area# in paragraph (c)(1) of Section 62-822 (Modification of waterfront public access area and visual corridor requirements), the #lot area# shall be the portion of the #zoning lot# above water.

(7/26/01)

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 7
Special Long Island City Mixed Use District**

(2/2/11)

**117-00
GENERAL PURPOSES**

The “Special Long Island City Mixed Use District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Long Island City community. These general goals include, among others, the following specific purposes:

- (a) to support the continuing growth of a mixed residential, commercial and industrial neighborhoods by permitting expansion and development of residential, commercial, community facility and light manufacturing uses where adequate environmental standards are assured;
- (b) to encourage the development of moderate to high density commercial uses within a compact transit-oriented area;
- (c) to strengthen traditional retail streets in Hunters Point by allowing the development of new residential and retail uses;
- (d) to encourage the development of affordable housing;
- (e) to promote the opportunity for people to work in the vicinity of their residences;
- (f) to retain jobs within New York City;
- (g) to provide an opportunity for the improvement of Long Island City; and
- (h) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

(10/7/08)

117-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. Other defined terms are set forth in Section 12-10 (DEFINITIONS).

Mixed use building or development

For the purposes of this Chapter, a “mixed use building” or a “mixed use development” shall be any #building# or #development# used partly for #residential use# and partly for #community facility#, #commercial# or #manufacturing# #use#.

(6/6/24)

117-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Long Island City Mixed Use District#, the regulations of this Chapter shall apply within the #Special Long Island City Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

- (a) Notwithstanding the provisions of Section 54-40 (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS), when a #building# that existed on October 25, 1995, within the Hunters Point or Court Square Subdistricts, is damaged or demolished by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to the #bulk# permitted by this Chapter, whichever is greater.
- (b) For #mixed use buildings#, #dwelling units# shall be located on a #story# or #stories# above the highest #story# occupied, in whole or in part, by a #commercial# or #manufacturing# #use#. #Commercial# or #manufacturing# #uses# may, however, be located on the same #story#, or on a #story# higher than that occupied by #dwelling units#, provided that:
 - (1) no access exists between such #uses# at any level containing #dwelling units#; and

- (2) the environmental requirements set forth in Section 32-423 shall be met where #commercial# or #manufacturing# #uses# are located above any #story# containing #dwelling units#.
- (c) Regulations relating to #accessory# parking facilities, #public parking lots# and #public parking garages# within the Hunters Point Subdistrict, the Court Square Subdistrict and the Queens Plaza Subdistrict are set forth in Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area), and such provisions are further modified by Section 117-54 (Off-street Parking and Loading Regulations).
- (d) In the granting of special permits or authorizations within the #Special Long Island City Mixed Use District#, the City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding uses.
- (e) Where references are made to #block# numbers within this Chapter, such numbers are to be found on the maps appended to this Chapter.
- (f) In areas within the #Special Long Island City Mixed Use District# that are not within a Subdistrict, the regulations of the underlying zoning district shall apply.

(8/13/15)

**117-03
District Plan and Maps**

The regulations of this Chapter implement the #Special Long Island City Mixed Use District# Plan.

The District Plan includes the following maps in Appendices A, B and C:

Appendix A	Special Long Island City Mixed Use District and Subdistricts Plan Map
Appendix B	Court Square Subdistrict Plan Map and Description of Improvements
Appendix C	Queens Plaza Subdistrict Plan Maps: Map 1 - Designated Districts within the Queens Plaza Subdistrict Map 2 - Ground Floor Use and Frontage

Map 3 - Sidewalk Widening and Street Wall Location.

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(10/7/08)

117-04 Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established within the #Special Long Island City Mixed Use District#. In each of these subdistricts, special regulations apply that do not apply elsewhere within the #Special Long Island City Mixed Use District# and supplement or supersede the provisions of Sections 117-00 through 117-03, inclusive.

Sections 117-10 through 117-30, inclusive, shall apply to the Hunters Point Subdistrict.

Sections 117-40 through 117-45, inclusive, shall apply to the Court Square Subdistrict.

Sections 117-50 through 117-57, inclusive, shall apply to the Queens Plaza Subdistrict.

Sections 117-60 through 117-64, inclusive, shall apply to the Dutch Kills Subdistrict.

(10/12/22)

117-06 Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Inclusionary Housing designated areas# and #Mandatory Inclusionary Housing areas# within the #Special Long Island City Mixed Use District# are shown on the maps in APPENDIX F of this Resolution.

(8/12/04)

117-10 HUNTERS POINT SUBDISTRICT

In the #Special Long Island City Mixed Use District#, the special regulations of Sections 117-10 through 117-30, inclusive, shall apply within the Hunters Point Subdistrict and, where noted in Sections 117-40 through 117-45, inclusive, shall also apply within the Court Square Subdistrict.

(8/12/04)

**117-11
General Provisions**

In special areas of the Hunters Point Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#. For the purposes of this Chapter, such #Residence# and M1 Districts are referred to as the “designated districts”. The designated districts within the Hunters Point Subdistrict are indicated on the #zoning map# and are as follows:

- M1-4/R6A
- M1-4/R6B
- M1-4/R7A
- M1-5/R7X
- M1-5/R8A

(8/12/04)

**117-20
SPECIAL PROVISIONS IN THE DESIGNATED DISTRICTS**

(8/12/04)

**117-21
Special Provisions for Use, Bulk and Parking**

M1-4/R6A M1-4/R6B M1-4/R7A M1-5/R7X M1-5/R8A

The special #use#, #bulk# and parking provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Hunters Point Subdistrict, except where modified by the provisions of this Section, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(6/6/24)

117-22

Modification of Use Group VI

M1-4/R6A M1-4/R6B M1-4/R7A M1-5/R7X M1-5/R8A

In the districts indicated, #uses# listed under Food and Beverage Retailers in Use Group VI shall be permitted without a size limitation.

(2/2/11)

117-23

Street Wall Location in Certain Designated Districts

R6B M1-4/R6A M1-4/R7A M1-5/R8A M1-4/R6B M1-5/R7X

In the districts indicated, the #street wall# of any #building# containing #residences# shall be located no closer to, nor further from, the #street line# than the #street wall# of an adjacent existing #building#. However, the #street wall# of a #building# need not be located further from a #street line# than 15 feet. On #corner lots#, the #street wall# along one #street line# need not be located further from the #street line# than five feet. Recesses, not to exceed three feet in depth from the #street line#, or eight feet in depth where ramps for the physically disabled are required, shall be permitted on the ground floor where required to provide access to the #building#.

Existing #buildings# may be vertically enlarged by up to one #story# or 15 feet without regard to the #street wall# location provisions of this Section.

(10/25/95)

117-30

SPECIAL PROVISIONS FOR C1 AND C2 DISTRICTS

(6/6/24)

117-31

Special Bulk Regulations

All #street walls# shall be built coincident with the #street line#.

(10/25/95)

117-40
COURT SQUARE SUBDISTRICT

(2/2/11)

117-401
General provisions

The regulations governing the Court Square Subdistrict of the #Special Long Island City Mixed Use District# are contained within Sections 117-40 through 117-45, inclusive. These regulations supplement the provisions of Sections 117-01 through 117-03, inclusive, of the #Special Long Island City Mixed Use District# and supersede the underlying districts.

Mandatory subway improvements are elements of the Subdistrict Plan, which shall be built by the developer of the #zoning lot# to which they apply.

(6/30/09)

117-41
Court Square Subdistrict Plan

The Subdistrict Plan for the Court Square Subdistrict specifies the location of Blocks 1, 2 and 3 and identifies the improvements to be provided in the District under the provisions of this Chapter. The elements of the Subdistrict Plan are set forth in Appendix B of this Chapter, which consists of the Subdistrict Plan Map and Description of Improvements, and is incorporated into the provisions of this Chapter.

(2/2/11)

117-42
Special Bulk and Use Regulations in the Court Square Subdistrict

#Zoning lots# of at least 10,000 square feet with #buildings# containing at least 70,000 square feet of #floor area# are subject to the provisions of the underlying C5-3 District, as modified by Sections 117-40 through 117-45, inclusive.

All other #zoning lots# are subject to the #use# provisions of the underlying C5-3 District and the #bulk# provisions of an M1-4/R6B designated district, pursuant to the regulations of Article XII, Chapter 3 (Special Mixed Use District), as modified by Sections 117-00 through 117-22, inclusive.

(6/26/19)

117-421

Special bulk regulations

- (a) #Developments# or #enlargements# on #zoning lots# that meet the standards of Section 117-44 and provide mandatory subway improvements as required by Section 117-44, may be #developed# or #enlarged# to a #floor area ratio# of 15.0. #Developments# or #enlargements# on #zoning lots# that do not meet the minimum standards of Section 117-44 shall not exceed the maximum #floor area ratio# of the M1-4/R6B designated district for the applicable #use#.

- (b) The following provisions shall not apply within the Court Square Subdistrict:
 - Section 33-13 (Floor Area Bonus for a Public Plaza)
 - Section 33-14 (Floor Area Bonus for Arcades)
 - Section 33-26 (Minimum Required Rear Yards)
 - Section 34-223 (Floor area bonus for a public plaza)
 - Section 34-224 (Floor area bonus for an arcade)
 - Section 34-23 (Modification of Yard Regulations).

- (c) The height and setback regulations of the underlying C5-3 District shall apply, except that:
 - (1) no #building or other structure# shall exceed a height of 85 feet above the #base plane# within the area bounded by 23rd Street, 44th Road, a line 60 feet east of and parallel to 23rd Street, and 45th Avenue; and
 - (2) on Blocks 1 and 3, the #street wall# of a #building or other structure# shall be located on the #street line# or sidewalk widening line, where applicable, and extend along the entire #street# frontage of the #zoning lot# up to at least a height of 60 feet and a maximum height of 85 feet before setback, except any portion of a #building# on Block 3 fronting upon 23rd Street may rise to a maximum height of 125 feet before setback. Recesses, not to exceed three feet in depth from the

#street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line#, provided no such recesses are within 15 feet of an adjacent #building#.

Above the highest applicable maximum #street wall# height, the underlying height and setback regulations shall apply. However, the underlying tower regulations shall be modified:

- (i) to permit portions of #buildings# that exceed a height of 85 feet to be set back at least five feet from a #wide street line#, provided no portion of such #building# that exceeds a height of 85 feet is located within 15 feet of a #side lot line#; and
- (ii) so that the provisions of Section 33-451 (In certain specified Commercial Districts) regulating the aggregate area of a tower within 50 feet of a #narrow street# shall not apply to any #building# or portion of such #building# on Block 3 fronting upon 45th Avenue.

The provisions of this paragraph (c)(2) shall not apply to #enlargements# on #zoning lots# existing on June 30, 2009, where such #zoning lot# includes an existing #building# to remain with at least 300,000 square feet of #floor area#.

(5/28/03)

117-422 Sign regulations

All requirements of Section 32-60 (SIGN REGULATIONS) shall apply, except for Sections 32-642 (Non-illuminated signs), 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) and 32-655 (Height of signs in all other Commercial Districts).

Non-#illuminated#, #illuminated# or #flashing signs# are permitted with a total #surface area# (in square feet) not exceeding five times the #street# frontage of the #zoning lot#, in feet, but in no event shall the total #surface area# exceed 500 square feet for #interior# or #through lots# or 500 square feet on each frontage for #corner lots#.

No permitted #sign# shall extend above #curb level# at a height greater than 60 feet.

A #non-conforming# #sign# may be replaced pursuant to Section 52-82 (Non-conforming Signs Other Than Advertising Signs), except that the height, location or position of the replacement #sign# may be changed by up to 10 feet, measured from the perimeter of the original #non-conforming# #sign#.

(2/2/11)

117-423
Sidewalk widening

For any #development# or #enlargement# on Block 3 with a #building# wall facing 45th Road, a sidewalk widening of five feet shall be provided on 45th Road between 23rd Street and Jackson Avenue. Such sidewalk widening shall be a continuous, paved open area along the #front lot line# of the #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. Such sidewalk widening shall be unobstructed from its lowest level to the sky except for temporary elements of weather protection, such as awnings or canopies, provided that the total area (measured on the plan) of such elements does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above #curb level#, and that any post or other support for such element, or any attachment to the support, has a maximum horizontal dimension of six inches. No #street# trees, vehicle storage, parking or trash storage is permitted on such sidewalk widening.

(2/2/11)

117-44
Mandatory Subway Improvements

For the purposes of mandatory subway improvements, any tract of land consisting of two or more contiguous lots of record under single ownership or control as of March 1, 1986, shall be considered a single #zoning lot#.

Subway improvements are required for qualifying #developments# or #enlargements#, as follows:

- (a) #Zoning lots# with at least 5,000 square feet of #lot area#

#Developments# or #enlargements# on #zoning lots# with 5,000 square feet or more of #lot area# located on Block 1 and fronting on a sidewalk containing a sidewalk entrance to the Queens Boulevard Line, Court Sq-23 St Station, shall relocate the stairway or entrance(s) to such subway onto the #zoning lot#, in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR), with the exception that, in addition to the waivers provided by Section 37-44, the additional standards for location, design and hours of public accessibility contained in Section 37-41 may be waived upon a finding by the Metropolitan Transportation Authority that such standards are undesirable or unnecessary to ensure a good overall design.

- (b) #Zoning lots# with at least 10,000 square feet of #lot area#

For the purposes of this paragraph (b), the #floor area# of the #development# or #enlargement# shall be the total amount of #floor area# constructed after August 14, 1986.

#Developments# or #enlargements# on Blocks 1, 2 or 3, identified in Appendix B (Court Square Subdistrict Plan Map and Description of Improvements) of this Chapter, containing at least 70,000 square feet of #floor area# on #zoning lots# of at least 10,000 square feet of #lot area# shall provide mandatory subway improvements as described, in Appendix B, in paragraph (a) for Block 1, paragraph (b) for Block 2 and paragraph (c)(1) for Block 3.

In addition, on Block 3, any #development# or #enlargement# containing at least 300,000 square feet of #floor area# or any #development# or #enlargement# on a #zoning lot# of at least 30,000 square feet of #lot area# shall provide all the mandatory subway improvements for the Block, as described in paragraphs (c)(1) and (c)(2) for Block 3.

(6/30/09)

117-441

Standards and procedures for mandatory subway improvements

- (a) Compliance with Transit Authority design standards

The subway station improvements shall comply with all applicable design standards of the current station planning guidelines of the Transit Authority.

- (b) Procedure

- (1) Pre-application

The applicant shall submit schematic or concept plans for the proposed improvements to the Metropolitan Transportation Authority, the Transit Authority and the Chairperson of the City Planning Commission.

- (2) Application pre-certification

After review and agreement on the concept by the Metropolitan Transportation Authority, Transit Authority and Chairperson of the City Planning Commission, the applicant shall submit documentation deemed necessary by the reviewing agencies.

- (3) Prior to the granting of certification by the Chairperson of the City Planning

Commission pursuant to Section 117-45 (Developer's Notice), the Transit Authority shall have submitted a letter to the Chairperson stating the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate.

- (4) The owner shall sign a legally enforceable instrument running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, and to establish a construction schedule.

Any such instrument shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for Queens County and a certified copy of the instrument shall be submitted to the Chairperson of the City Planning Commission and the Transit Authority.

The owner shall not apply for or accept a temporary certificate of occupancy for the #development# or #enlargement#, and the Department of Buildings shall not issue a temporary certificate of occupancy, until the Transit Authority has determined that the subway improvement is substantially complete, which shall, for this purpose, mean usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy until the subway improvement has been completed in accordance with the approved plans and completion has been certified by the Transit Authority.

- (5) Where the mandatory subway improvement includes the preparation of drawings for off-site subway improvements, such drawings including, but not limited to, plans, sections, elevations, three-dimensional projections and other drawings deemed necessary or relevant by the Transit Authority or the Chairperson of the City Planning Commission, shall be in conformance with the current guidelines for submission of outside projects of the Transit Authority. Prior to approval by the Chairperson, the Transit Authority shall provide a letter to the Chairperson containing conceptual approval of the improvements as indicated in the drawings.

(2/2/11)

**117-45
Developer's Notice**

As a condition to the issuance by the Department of Buildings of an excavation or building permit for a #development# or #enlargement# on a #zoning lot# requiring a mandatory subway improvement:

- (a) the developer shall have submitted to the Chairperson of the City Planning Commission:
 - (1) written notice of its intention to #develop# or #enlarge# on a #zoning lot# in the Court Square Subdistrict, the #floor area# of such #development# or #enlargement#, and the mandatory subway improvements which the developer shall construct;
 - (2) drawings, including, but not limited to, plans, sections, elevations, three-dimensional projections or other drawings deemed necessary or relevant by the Chairperson, for the mandatory subway improvements within the designated #zoning lot#; and
 - (3) waivers, consents, agreements or other legal instruments obligating the developer, its heirs and devisees, successors and assigns, to develop its property in accordance with the Subdistrict Plan and the provisions of this Chapter; and
- (b) within 90 days of such submission by the developer, the Chairperson of the City Planning Commission shall certify to the Department of Buildings and the developer receipt of the aforesaid documents and the developer's compliance, or non-compliance, with the requirements of the Subdistrict Plan.

(7/26/01)

117-50
QUEENS PLAZA SUBDISTRICT

(5/11/23)

117-501
General provisions

In Areas A-1, A-2, B, C and D of the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#, as indicated on Map 1 in Appendix C of this Chapter. For the purposes of this Chapter, such #Residence# and M1 Districts are referred to as the "designated districts."

For the purposes of this Chapter, in the Queens Plaza Subdistrict, the area referred to as the

"Sunnyside Yard" shall include: Yard A, the Arch Street Yard and the Sunnyside Yard, which are located generally between Crane Street, Jackson Avenue, 21st Street, 49th Avenue, Skillman Avenue, 43rd Street and the North Railroad property line.

(5/11/23)

**117-502
Queens Plaza Subdistrict Plan**

The Queens Plaza Subdistrict Plan partly consists of the following three maps located within Appendix C of this Chapter:

Map 1 (Designated Districts within the Queens Plaza Subdistrict) of the Queens Plaza Subdistrict Plan identifies special areas comprising the Queens Plaza Subdistrict in which an M1 District is paired with a #Residence District# as indicated on the Subdistrict Map. These areas are as follows:

Area	Designated Districts
A-1 A-2	M1-6/R10
B	M1-5/R9
C	M1-5/R7-3
D	M1-6/R9

Map 2 (Ground Floor Use and Frontage) of the Queens Plaza Subdistrict Plan specifies locations where the special ground floor #use# and frontage regulations, as set forth in Section 117-512, apply.

Map 3 (Sidewalk Widening and Street Wall Location) of the Queens Plaza Subdistrict Plan specifies the locations where special #street wall# and mandatory sidewalk widening regulations, as set forth in Section 117-531, apply.

(6/6/24)

**117-503
Definitions**

Definitions specifically applicable to the Queens Plaza Subdistrict of the #Special Long Island

City Mixed Use District# are set forth in this Section. Other defined terms are set forth in Section 117-01 (Definitions) of the #Special Long Island City Mixed Use District#, Section 12-10 (DEFINITIONS), and Section 32-301 (Definitions).

Accessory use

In addition to those #accessory uses# listed in Section 12-10, for the purposes of this Section, an #accessory use# shall also include a #dwelling unit# in connection with any #commercial#, #manufacturing# or #community facility# establishment permitted in the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, pursuant to Section 117-51 (Queens Plaza Subdistrict Special Use Regulations), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

Within the Queens Plaza Subdistrict, the #home occupation# provisions of Section 12-10 shall apply, except that a #home occupation# may occupy more than 1,000 square feet of #floor area# and up to three persons not residing in the #dwelling unit# or #rooming unit# may be employed.

(7/26/01)

117-51 Queens Plaza Subdistrict Special Use Regulations

The special #use# provisions of Sections 123-20 through 123-50, inclusive, of the #Special Mixed Use District# shall apply in the Queens Plaza Subdistrict except where modified by the provisions of this Section and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(6/6/24)

117-511 Large retail establishments

The underlying M1 District #use# regulations shall be modified such that #uses# listed under Use Group VI with a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), shall be permitted without a size limitation.

(6/6/24)

117-512

Streetscape regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 2 in Appendix C of this Chapter shall be considered #Tier C street frontages#.

(6/6/24)

117-513

Special sign regulations

Within the Queens Plaza Subdistrict, the #sign# regulations of Section 123-40 shall apply, except that such #sign# regulations may be modified to permit a non-#flashing sign# on the rooftop of a #non-residential building#, provided that such #sign# directs attention to a business conducted within such #building#, where such business occupies at least 20 percent of the #floor area# within such #building#, or a minimum of 50,000 square feet of #floor area# within such #building#, whichever is less. In addition, the following rules shall apply:

- (a) such #sign# shall be located on the rooftop of a #building# with frontage on Queens Plaza South, Queens Boulevard, Queens Plaza East or Queens Plaza North, and the height of the rooftop on which the #sign# is affixed shall be at least 70 feet but not more than 150 feet above #curb level#;
- (b) there shall be no more than one such #sign# on a #zoning lot#, and no more than one such #sign# per establishment on any #sign# structure;
- (c) such #signs# shall be affixed to an open frame structure with maximum dimensions that shall not exceed 45 feet in height, as measured from the surface of the roof to its uppermost point, and 150 feet in width, as measured along its widest dimension;
- (d) all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign# shall be separate elements, individually cut and separately affixed to the open frame structure. No perimeter or background surfaces shall be applied or affixed to the open frame structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for an open frame structure. The area of such separate elements of a rooftop #sign# shall not count towards the maximum #surface area# of a sign# permitted in Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts); and

- (e) any illumination from a rooftop #sign# located within 100 feet of any #building# containing #residences#, where such #residences# legally existed at the time of the application for a permit for such #sign#, shall not project into or reflect onto any #residential# portion of such #building#.

(7/26/01)

117-52 Queens Plaza Subdistrict Special Bulk Regulations

(5/11/23)

117-521 General provisions

All #buildings and other structures# within the Queens Plaza Subdistrict shall comply with the #bulk# regulations of this Section. The regulations of the designated #Residence# and M1 Districts shall apply as set forth below.

In Areas A-1, A-2, B, C and D of the Queens Plaza Subdistrict, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential uses# in a #building or other structure# in accordance with the regulations of the designated #Residence District#, and the #bulk# regulations set forth in Article IV, Chapter 3, shall apply to all #manufacturing#, #commercial# and #community facility uses# in a #building or other structure# in accordance with the regulations of the designated M1 District, except as modified in the special #bulk# regulations of Sections 117-522 through 117-533, inclusive.

When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed use building#, the regulations set forth in this Section shall apply as if such #buildings# were a single #mixed use building#.

(5/11/23)

117-522 Floor area regulations

The maximum #floor area ratio# permitted for #commercial#, #community facility#, #manufacturing# and #residential uses# in accordance with the applicable designated district shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#,

#community facility#, #manufacturing# or #residential uses#, separately or in combination, is specified in the following table:

**MAXIMUM FLOOR AREA RATIO FOR ALL USES IN THE QUEENS PLAZA
SUBDISTRICT**

Area	Maximum #Floor Area Ratio#
A-1 A-2	12.0 C, M, CF or R
B	8.0 C, M, CF or R
C	5.0 C, M, CF or R
D	15.0 C or M 10.0 CF 8.0 R

C = Commercial
M = Manufacturing
CF = Community Facility
R = Residential

For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(3/22/16)

117-523

Lot coverage and open space ratio requirements

(a) #Lot coverage# requirements for #residential buildings#

In the Queens Plaza Subdistrict, where the designated #Residence District# is an R7 or R9 District, the provisions of Section 23-151 (Basic regulations for R6 through R9 Districts), regulating minimum required #open space ratios#, and maximum #floor area ratios#, shall not apply. In lieu thereof, all #residential buildings#, regardless of whether they are required to be #Quality Housing buildings#, shall comply with the #lot coverage# requirements set forth for the designated district in Section 23-153 (For Quality Housing buildings).

Where the designated district is an R7-3 District, the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 100 percent on a #corner lot#.

- (b) #Lot coverage# and #open space ratio# requirements for #mixed use buildings#

#Lot coverage# and #open space ratio# requirements shall not apply to any portion of a #mixed use building# in the Queens Plaza Subdistrict.

(10/17/07)

117-524

Floor area bonus for a public plaza or arcade

Any #floor area# bonus for a #public plaza# or #arcade# permitted under the regulations of the designated #Residence# or M1 District shall not apply in the Queens Plaza Subdistrict.

(2/2/11)

117-525

Special yard regulations

The #yard# regulations of the underlying districts shall apply, except as specified in this Section.

- (a) #Mixed use buildings#

For a #residential# portion of a #mixed use building#, the required #rear yard# shall be provided at the floor level of the lowest #story# containing #dwelling units# or #rooming units#, where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#.

- (b) #Manufacturing# or #commercial buildings#

The #rear yard# provisions of the designated M1 District shall apply, except that such #rear yard# provisions shall not apply to #manufacturing# or #commercial buildings# on #through lots#.

- (c) #Zoning lots# adjacent to the Sunnyside Yard

On a #zoning lot# sharing a #lot line# with the Sunnyside Yard, no #yards# are required for any #building# within a distance of 100 feet from the shared #lot line#.

(d) For #zoning lots# occupying an entire #block#

No #rear yard# or #rear yard equivalent# shall be required for a #zoning lot# occupying an entire #block#.

(7/26/01)

117-53

Height and Setback and Street Wall Location Regulations

The height and setback regulations of the designated #Residence# and M1 Districts shall not apply, except for permitted obstructions pursuant to Sections 23-62 or 43-42, as applicable. In lieu thereof, all #buildings or other structures# shall comply with the regulations set forth in Sections 117-531 (Street wall location) and 117-532 (Setback regulations for buildings that exceed the maximum base height). Such regulations, however, shall not apply along the #street frontage# of that portion of a #zoning lot# occupied by existing #buildings#, unless the #street walls# of such existing #buildings# are vertically extended by more than 15 feet. The height of all #buildings or other structures# shall be measured from the #base plane#.

(5/11/23)

117-531

Street wall location

- (a) On a #wide street#, and on a #narrow street# within 50 feet of its intersection with a #wide street#, the #street wall# of a #building# shall be located on the #street line# and extend along the entire width of the #street frontage# of the #zoning lot# and rise without setbacks up to at least the applicable minimum base height specified in the table in Section 117-532 (Setback regulations for buildings that exceed the maximum base height), or the height of the #building#, whichever is less. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.
- (b) On a #narrow street# between 50 and 100 feet of its intersection with a #wide street#, the #street wall# of a #building# shall extend along the entire width of the #narrow street# frontage of the #zoning lot# and rise without setbacks up to at least the applicable minimum base height specified in the table, or the height of the #building#, whichever is less.

Beyond 100 feet of the intersection of a #wide street#, #street walls# shall extend along at least 70 percent of the width of the #narrow street# frontage of the #zoning lot# and rise without setbacks up to at least the applicable minimum base height specified in the table,

or the height of the #building#, whichever is less.

Beyond 50 feet of the intersection of a #wide street#, all #street walls# required pursuant to this paragraph (b) shall be located within eight feet of the #street line#.

- (c) On a #wide street# above the ground floor level, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line#, in compliance with #outer court# regulations.
- (d) On a #narrow street#, recesses are permitted at any level in the #street wall# of a base for #outer courts# or balconies. The aggregate length of such recesses shall not exceed 50 percent of the length of the entire #street wall# at any level. However, not more than 30 percent of the aggregate length of such recesses shall exceed a depth of eight feet.
- (e) In the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) in Appendix C of this Chapter, a #building# shall comply with the provisions of paragraphs (a) through (d) of this Section, as applicable, except that #street walls# shall be located as specified on Map 3. The #street wall# of a #building# may be set back only in the areas indicated on Map 3 as "Permitted #Street Wall# Setback Locations," provided that the additional sidewalk widening resulting from such setback is accessible to the public, in accordance with the provisions of Section 117-554, and located adjacent to a public sidewalk or mandatory sidewalk widening.
- (f) For any #building# fronting on Queens Plaza South in Area A-1, Area B or Area D, as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) of Appendix C, any #street wall# along Queens Plaza South shall be set back five feet from the #street line#, except as otherwise specified on Map 3.
- (g) For any #building# on a #zoning lot# located on Jackson Avenue between 42nd Road and Queens Plaza South, the #street wall# fronting on Jackson Avenue may be set back five feet from the #street line# only upon certification of the Chairperson of the City Planning Commission to the Department of Buildings that the Jackson Avenue sidewalk adjacent to the #zoning lot# will be landscaped in accordance with a plan acceptable to the Department of Transportation and the Chairperson. Such plan shall include five planting beds that shall contain a mixture of deciduous and evergreen shrubs, ground covers and flowers. Such planting beds shall be installed and maintained by the owner of the #building#. The #street wall# of any subsequent #development# or #enlargement# shall be located no closer to nor further from the #street line# than the #street wall# of an adjacent existing #building#.

(5/11/23)

117-532

Setback regulations for buildings that exceed the maximum base height

All portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section shall comply with the following provisions:

- (a) At a height not lower than the minimum base height or higher than the maximum base height specified in the table for the applicable area, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street# and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.

Area	Minimum Base Height	Maximum Base Height
A-1	60	---
A-2	60	150
B and D	100	150
C*	60	100

* for #buildings or other structures# on Davis Street located 75 feet or more from Jackson Avenue, the minimum base height shall be 40 feet

- (b) In Area A-1, no setbacks are required above the applicable minimum base height specified in the table in paragraph (a) of this Section. However, if a setback is provided, it shall comply with the provisions of paragraph (a).
- (c) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.

(2/2/11)

**117-533
Special permit to modify use or bulk regulations**

For any #zoning lot# within the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# requirements, provided the Commission shall find that:

- (a) such #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;

- (b) such #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for the programmatic requirements of the development;
- (c) such #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;
- (d) such #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) such #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(6/6/24)

117-54

Off-street Parking and Loading Regulations

- (a) The off-street parking provisions of Article I, Chapter 6, shall apply, except that:
 - (1) the prohibition of curb cuts accessing entrances and exits to #accessory# off-street parking facilities on certain #streets#, as set forth in paragraphs (b) and (c) of Section 16-23 (Curb Cut Restrictions), shall also apply to Northern Boulevard, Crescent Street and 23rd Street; and
 - (2) the provisions of paragraph (c) of Section 16-12 (Permitted Parking for Non-residential Uses) shall be modified as follows: the maximum number of #accessory# off-street parking spaces permitted for a #development# or #enlargement# shall not exceed one space per 2,000 square feet of #floor area# or 250 spaces, whichever is less.
- (b) Curb cuts shall not be permitted within 40 feet of a #zoning lot line# that abuts the Sunnyside Yard.
- (c) #Public parking garages# shall be permitted on #Blocks# 86/72 and 403 pursuant to Section 117-56 (Special Permit for Bulk Modifications on Blocks 86/72 and 403).

(7/26/01)

117-55**Mandatory Plan Elements for the Queens Plaza Subdistrict**

(6/6/24)

117-551**General provisions**

Within the Queens Plaza Subdistrict, the provisions of Section 117-552 (Central refuse storage area) shall apply to any #development#, #enlargement#, alteration or change of #use#, except where more than 50 percent of the #floor area# of such #development#, #enlargement#, alteration or change of #use# is occupied by a #use# listed under Use Groups IV(B), IX or X.

The provisions of Sections 117-553 (Mandatory sidewalk widening) and 117-554 (Mandatory sidewalk widening design requirements) apply to those locations identified on Map 3 in Appendix C of this Chapter.

(3/22/16)

117-552**Central refuse storage area**

The provisions of Section 28-12 (Refuse Storage and Disposal) shall apply.

(8/13/15)

117-553**Mandatory sidewalk widening**

The sidewalk widening provisions of this Section shall apply to all #developments# or #enlargements# with ground floor #street walls# with a ratio of #floor area# to #lot area# of 3.0 or more.

Sidewalk widening accessible to the public must be provided in the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) in Appendix C of this Chapter. Such mandatory sidewalk widening is subject to the design requirements of Section 117-554.

(2/2/11)

117-554

Mandatory sidewalk widening design requirements

(a) Access

All mandatory sidewalk widenings shall be accessible directly from an adjoining public sidewalk and unobstructed along at least 50 percent of the total #street# frontage. Driveways and vehicular accessways included as part of the total #street# frontage may not be counted as providing access. All mandatory sidewalk widenings shall be accessible to the public at all times.

There shall be at least one unobstructed pedestrian path of travel providing access to each of the following:

- (1) at least 70 percent of the mandatory sidewalk widening's total area;
- (2) any #building# lobby accessible to the mandatory sidewalk widening; and
- (3) any #use# that may be present on, or adjacent to and having an entrance on, the mandatory sidewalk widening.

(b) Access for persons with disabilities

The mandatory sidewalk widening shall be accessible to persons with disabilities in accordance with the Americans with Disabilities Act and the American National Standards Institute (ANSI) design standards.

(c) Elevation

All mandatory sidewalk widenings shall be located at an elevation not more than three feet above or below the #curb level# of the nearest adjoining sidewalk.

A mandatory sidewalk widening shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access, pursuant to paragraph (a) of this Section, for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a mandatory sidewalk widening is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area, however, may not be located within a depth of 10 feet from the sidewalk measured perpendicular to the #street line#.

Where an existing subway station entry is located on the sidewalk area adjacent to a mandatory sidewalk widening, the mandatory sidewalk widening shall be provided at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry except as required for drainage. No obstruction shall be permitted within

such portion of the mandatory sidewalk widening.

(d) Permitted obstructions

The provisions of Sections 37-726 and 37-73 shall apply, except that in the case of kiosks, the provisions of Section 37-73 shall be modified as follows: the aggregate area occupied by such kiosks shall not exceed 60 square feet or 1.5 percent of the area occupied by the sidewalk widening.

(e) Driveways, parking spaces, loading berths, exhaust vents and #building# trash storage facilities

The provisions of Section 37-726, paragraph (d), shall apply.

(f) Trees

One tree per 500 square feet of sidewalk widening is required. Each tree shall measure at least 2.5 inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of at least 3 feet, 6 inches.

(g) Paving

The provisions of Section 37-718 shall apply.

(h) Seating

One linear foot of seating for every 150 square feet of mandatory sidewalk widening shall be provided. In addition, the provisions of Section 62-672 shall apply.

(i) Bicycle parking facilities

The provisions of Section 37-745 shall apply.

(j) Drinking fountains

The provisions of Section 37-746 shall apply.

(k) Aesthetic amenities

One of the following amenities shall be provided:

- (1) prominent lighting that enhances the architectural features of the upper #stories# of the #building#;
- (2) an ornamental water feature within the mandatory sidewalk widening; or

(3) artwork, such as sculpture, within the mandatory sidewalk widening.

(l) Lighting

The provisions of Section 37-743 shall apply, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

(m) Sidewalk widening signs

The provisions of Section 37-751, paragraph (b) shall apply.

(n) Maintenance

The provisions of Sections 37-744 and 37-77 shall apply.

(5/22/13)

117-56

Special Permit for Bulk Modifications on Blocks 86/72 and 403

For any #development# or #enlargement# on a #zoning lot# that has at least 50,000 square feet of #lot area# located on #Block# 86/72 or #Block# 403 in Area C as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) in Appendix C of this Chapter, the City Planning Commission may increase the #floor area ratio# up to a maximum of 8.0 and may modify the #street wall# regulations of paragraphs (a) and (b) of Section 117-531 (Street wall location) and paragraph (a) of Section 117-532 (Setback regulations for buildings that exceed the maximum base height), provided that:

- (a) a public open area of not less than 20,000 square feet and a #public parking garage# containing no fewer than 250 spaces shall be included on the #zoning lot#, and further provided the Commission finds that:
- (1) the public open area is designed so that it provides recreational opportunities for the community;
 - (2) the portion of the #development# or #enlargement# adjacent to the public open area shall be either a retail #use#, other #use# or treatment that complements the open area;
 - (3) such modification of the #street wall# requirements is necessary to accommodate the public open area or the #public parking garage# and will result in a better site plan;

- (4) the #public parking garage# is located and designed in such a way so that it shall not adversely affect the quality of the design, access to, or use of the public open area; and
- (5) where the Commission permits parking on the roof of such #public parking garage#, such roof parking shall be so located as not to impair the essential character or future use or development of adjacent areas.

Design elements of the open area including lighting, paving, seating, #signs# and planting areas shall be specified in the application. The provisions of Section 37-751 (Public space signage systems) and 37-77 (Maintenance) shall apply.

(b) The #public parking garage# shall be subject to the following conditions:

- (1) the floor space on one or more #stories# of the #public parking garage#, up to a height of 23 feet above #curb level# shall be exempt from the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS);
- (2) the entrances and exits shall be located so that they will not be hazardous to traffic safety nor likely to unduly inhibit pedestrian movement; and
- (3) at the vehicular entrances, a minimum of 12 reservoir spaces shall be provided and the total number of reservoir spaces shall be equivalent to five percent of any spaces in excess of 250, up to a maximum of 50 reservoir spaces.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including requirements for sanitation and security, which may include conditions for lighting and landscaping or limitations on the manner and/or hours of operation.

Any building on Block 86/72 for which an application for a special permit for #bulk# modifications has been filed with the Department of City Planning, pursuant to this Section, prior to May 22, 2013, may be started or continued pursuant to the regulations in effect at the time of such application and, if such application is granted by the City Planning Commission and the City Council, may be #developed# or #enlarged# pursuant to the terms of such permit, including minor modifications thereto and, to the extent not modified under the terms of such permit, in accordance with the regulations in effect at the time of such application.

(2/2/11)

117-57
Modification of Article V, Chapter 4

In Article V, Chapter 4 (Non-complying Buildings), Section 54-311 (Buildings containing

rooming units) shall not apply.

(10/7/08)

117-60
DUTCH KILLS SUBDISTRICT

In the #Special Long Island City Mixed Use District#, the special regulations of Sections 117-60 through 117-64, inclusive, shall apply within the Dutch Kills Subdistrict.

(10/7/08)

117-61
General Provisions

In specified areas of the Dutch Kills Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#. For the purposes of Section 117-60, inclusive, regulating the Dutch Kills Subdistrict, such #Residence# and M1 #Districts# are referred to as the “designated districts.” The designated districts within the Dutch Kills Subdistrict are indicated on the #zoning map# and are as follows:

M1-2/R5B

M1-2/R5D

M1-2/R6A

M1-3/R7X.

The special provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Dutch Kills Subdistrict except where modified by the provisions of the Subdistrict, and shall supplement or supersede the provisions of the underlying designated #Residence# or M1 #District#, as applicable.

(6/6/24)

117-62
Special Use Regulations

In the Dutch Kills Subdistrict, #uses# listed under Food and Beverage Retailers in Use Group VI

shall be permitted without a size limitation.

(10/7/08)

117-63
Special Bulk Regulations in the Designated Districts

Maximum #floor area ratio#, #lot coverage# and #street wall# provisions in the designated districts are modified as set forth in Sections 117-631 through 117-633, inclusive.

(6/6/24)

117-631
Floor area ratio and lot coverage modifications

- (a) In the Dutch Kills Subdistrict, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#, in any #building#, except where such floor space used for #accessory# parking is contained within a #public parking garage#.
- (b) Maximum #floor area ratio# and #lot coverage# for #residential uses#

- (1) M1-2/R5B designated district

The maximum #floor area ratio# for #residential use# shall be 1.65.

The maximum #lot coverage# for the #residential# portion of a #building# shall be 60 percent on an #interior lot# or #through lot# and 80 percent on a #corner lot#.

- (2) M1-3/R7X designated district

- (i) Inclusionary Housing Program

Where the designated district is M1-3/R7X within the Dutch Kills Subdistrict, such district shall be an #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

- (ii) Maximum #floor area ratio#

Within such #Inclusionary Housing designated area#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# of 3.75, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# of 5.0, as set forth in Section 23-154 (Inclusionary Housing), through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90.

(c) Maximum #floor area ratio# for certain #commercial# and #manufacturing uses#

In M1-2 designated districts, the maximum #floor area ratio# shall be increased to 3.0 when paired with an R5B or R5D District and 4.0 when paired with an R6A District, provided that such additional #floor area# is limited to #referenced commercial and manufacturing uses#.

(2/2/11)

117-632

Street wall location

In the Dutch Kills Subdistrict, the #street wall# of any #residential# or #mixed use building# shall be located no closer to, nor further from, the #street line# than the #street wall# of an adjacent existing #building#. For all #zoning lots#, the #street wall# of a #building# need not be located further from the #street line# than 15 feet.

(10/7/08)

117-633

Maximum street wall height

In M1-2/R5B designated districts, for #residential buildings#, the maximum height of a #street wall# above the #base plane# shall be 33 feet or three #stories#, whichever is less.

(3/22/16)

117-634

Maximum building height for mixed use buildings in designated R5 Districts

The provisions regarding the maximum height of #mixed use buildings# within 25 feet of a #street line#, as set forth in Section 123-661 (Mixed use buildings in Special Mixed Use

Districts with R3, R4 or R5 District designations), shall be modified in the Dutch Kills Subdistrict, where the designated Residence District is an R5 District, as follows:

- (a) in designated R5B Districts, no #building or other structure# shall exceed a height of 33 feet within 25 feet of a #street line#;
- (b) in designated R5D Districts, no #building or other structure# shall exceed a height of 45 feet within 25 feet of a #street line#.

(6/6/24)

117-64 Special Parking Regulations

The provisions of Section 123-70 (PARKING AND LOADING) and the underlying #accessory# off-street parking and loading regulations for the designated district are modified, as follows:

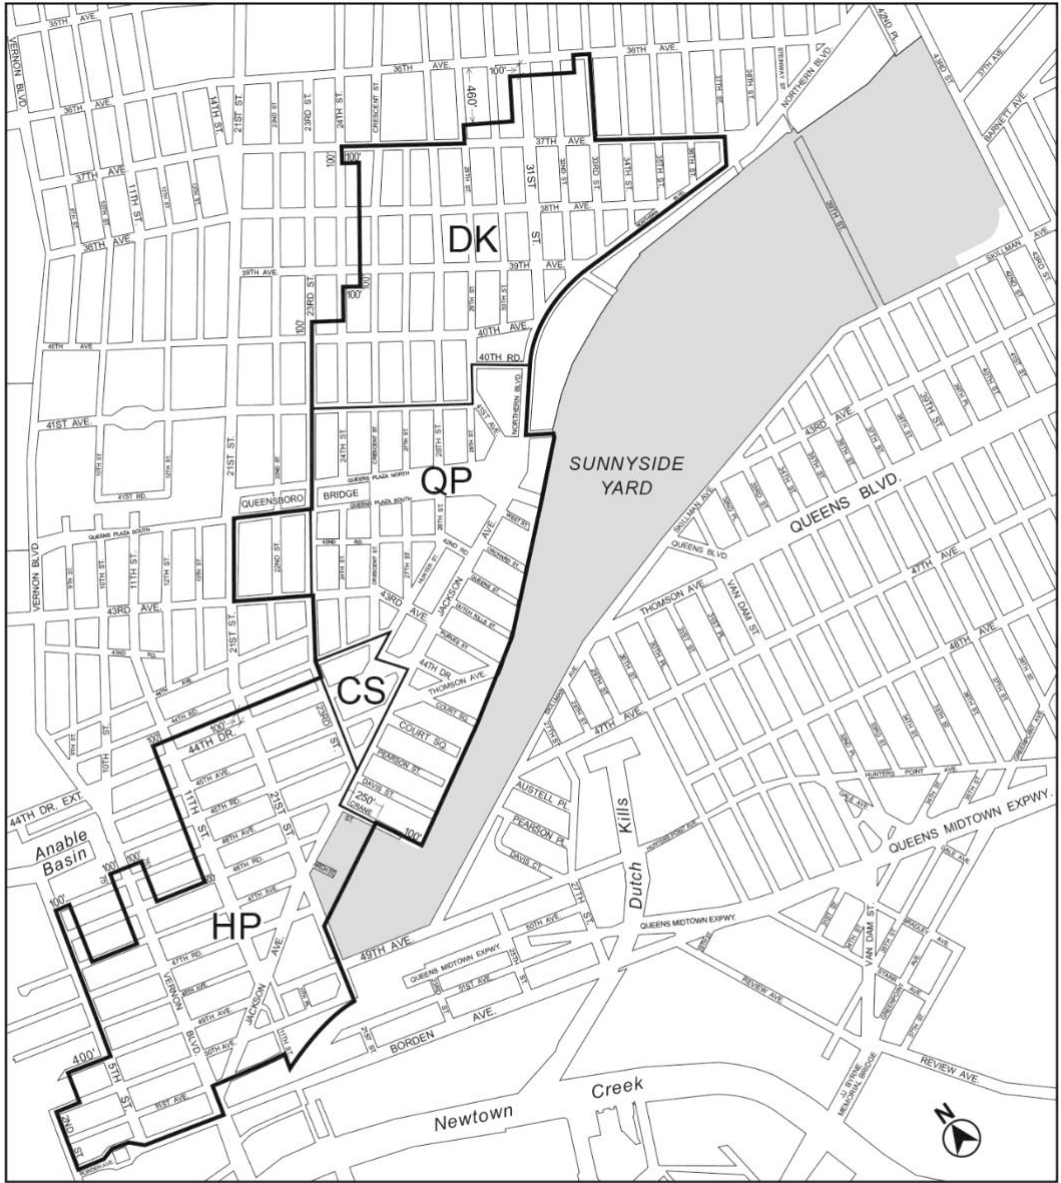

- (a) #Commercial# and #community facility uses#
 - (1) The #accessory# off-street parking and loading requirements of a C8-2 District, as set forth in Article III, Chapter 6, shall apply to all #commercial# and #community facility uses#, except that this modification shall not apply to #uses# listed in Use Group V. The #accessory# off-street parking and loading requirements applicable to the designated M1 District, set forth in Article IV, Chapter 4, and Section 123-70, shall apply to Use Group V.
 - (2) For Use Group V #uses#, the provisions of Section 44-232 (Waiver of Requirements for Spaces Below Minimum Number) shall be modified as follows: the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (b) #Residential uses#
 - (1) The provisions of Section 25-241 (Reduced requirements) shall not apply in the designated M1-3/R7X District.
 - (2) In the applicable designated #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:
 - (i) in the designated M1-2/R6A and M1-3/R7X Districts, the provisions of Section 25-26 shall only apply to #zoning lots# existing both on October 7, 2008, and on the date of application for a building permit.

- (ii) for all #developments# or #enlargements# in the designated M1-3/R7X District, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (3) Where the designated district is a M1-2/R5B District, the provisions of paragraph (c) of Section 25-631 (Location and width of curb cuts in certain districts) shall not apply.

(7/24/14)

Appendix B
Court Square Subdistrict Plan Map and Description of Improvements

Description of Improvements

This Appendix describes the mandatory lot improvements that are designated on the District Plan Map in Appendix B for the Court Square Subdistrict. Descriptions refer to the text for requirements and standards for the following improvements.

(a) Block 1

A subway improvement, to consist of a connection between the Crosstown and Flushing

Lines and maintenance of glass partitions in the control area of the Queens Boulevard Line, Court Sq-23 St Station mezzanine and near the control area of the Crosstown Line, Court Sq Station mezzanine which are to be installed by the developer of Block 2. The developer shall notify the Chairperson of the City Planning Commission upon both application for, and issuance of, a first building permit for the #development# on this #Block#.

(b) Block 2

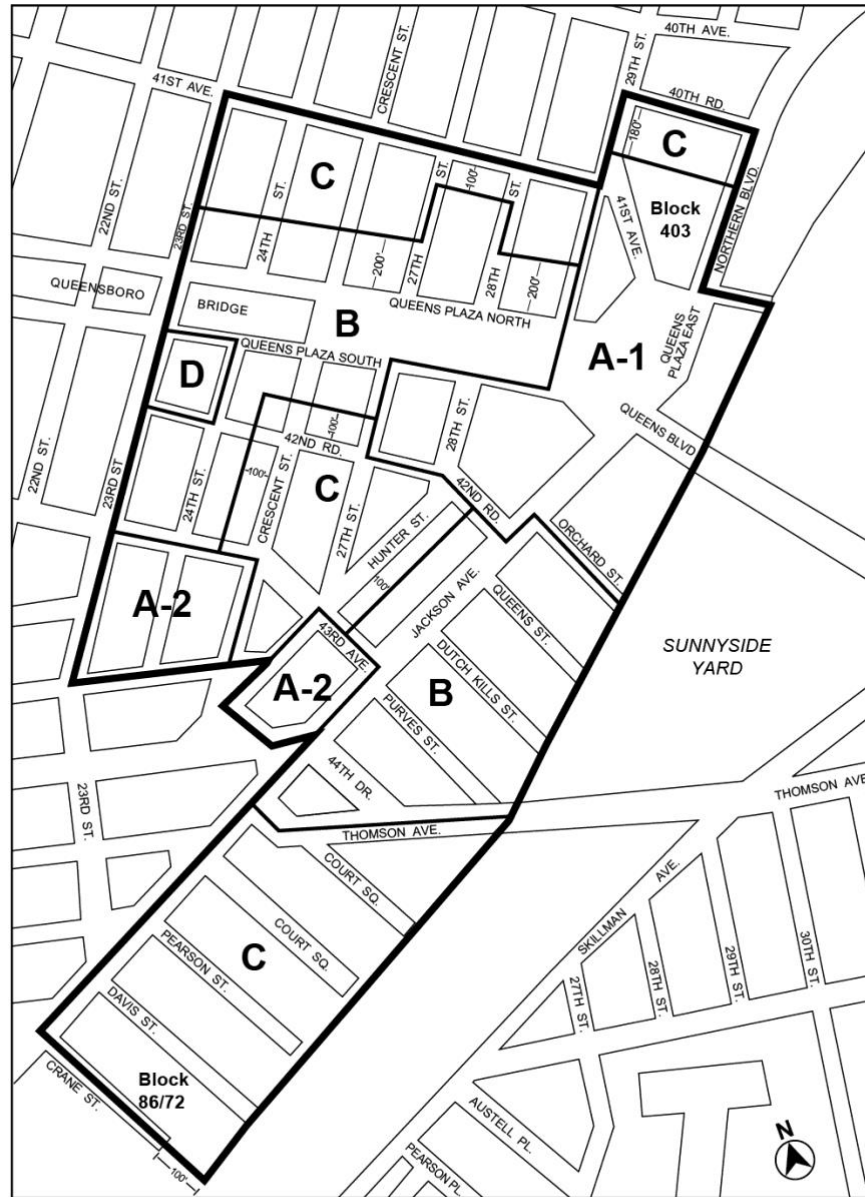

A subway improvement, to consist of a connection between the Queens Boulevard and Crosstown Lines, preparation of preliminary plans for a Crosstown Line, Court Sq Station and Flushing Line, Court Sq Station connection and installation of glass partitions in the control area of the Court Sq-23 St Station mezzanine and near the control area of the Court Sq Station mezzanine, upon receipt of a written request by the Chairperson of the City Planning Commission, which shall occur only after the issuance of a first building permit for the #development# on Block 1.

(c) Block 3

- (1) The first #development# or #enlargement# to meet the criteria for a subway improvement shall construct new entrances at the intersection of 44th Drive and 23rd Street for the Flushing Line, Court Sq Station, in consultation with the Metropolitan Transportation Authority and the Department of City Planning.
- (2) For subsequent #developments# or #enlargements#, a subway improvement to the north end of the Flushing Line, Court Sq Station, shall be required. Such improvement shall be determined in consultation with the Metropolitan Transportation Authority and the Department of City Planning.

(1/10/85)

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 8
Special Union Square District**

(1/10/85)

**118-00
GENERAL PURPOSES**

The “Special Union Square District” established in this Resolution is designated to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote a revitalized mixed-use area around Union Square by encouraging controlled development on vacant and under-utilized sites within the District;
- (b) to stimulate such growth while providing guidelines which will ensure urban design compatibility between new development, existing buildings and Union Square and which will preserve and enhance the special character of the Square;
- (c) to stabilize the area through residential development and thereby encourage active utilization of Union Square Park;
- (d) to enhance the retail and service nature and economic vitality of 14th Street by mandating appropriate retail and service activities;
- (e) to improve the physical appearance and amenity of the streets within the District by establishing streetscape and signage controls which are compatible to Union Square Park;
- (f) to improve access, visibility, security and pedestrian circulation in and around the 14th Street/Union Square Station; and
- (g) to promote the most desirable use of land in this area and thus conserve the value of land and buildings and thereby protect the City’s tax revenues.

(10/7/21)

118-01
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Union Square District# and in accordance with the provisions of this Chapter, certain specified #use#, #bulk# and #sign# regulations of the underlying district are made inapplicable and are superseded by the #use#, #bulk# and #sign# regulations of the #Special Union Square District# as set forth in this Chapter. In addition, special #street wall# transparency and location of entrance requirements are set forth in this Chapter. Except as modified by the express provisions of this Chapter, the underlying district regulations remain in effect.

For #transit-adjacent sites# or #qualifying transit improvement sites#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(2/2/11)

118-02
Incorporation of Appendix A

The District Plan of the #Special Union Square District# is set forth in Appendix A and is incorporated as an integral part of the provisions of this Chapter.

(1/10/85)

118-10
USE REGULATIONS

(6/6/24)

118-11
Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along 14th Street, Union Square East, Union Square Wests or 17th Street, shall be considered #Tier C street frontages#.

In addition to the underlying provisions for such #Tier C street frontages#, the following shall apply:

- (a) #ground floor level# #uses# with frontage on 14th Street shall be entered directly from 14th Street; and
- (b) for #buildings# fronting on Union Square East, Union Square West, or 17th Street between Broadway and Park Avenue South, where a #use# comprises at least 40 percent of the #floor area# of a #building#, the principal entrance to such #use# shall be located on such frontages. Where multiple #uses# comprise more than 40 percent, an entrance to only one such #use# need be located on such frontages.

Defined terms in this Section include those in Sections 12-10 and 32-301.

(6/6/24)

118-12 Sign Regulations

On #street walls# fronting on 14th Street, no #sign# may be located more than 25 feet above #curb level#.

#Signs# on #street walls# fronting on all other #streets# within the Special District shall be subject to the provisions of Section 32-672 (Special provisions for high density areas).

#Flashing signs# are not permitted within the Special District.

(1/10/85)

118-20 BULK REGULATIONS

(10/7/21)

118-21 Floor Area Regulations

The maximum #floor area ratio# permitted on property bounded by:

- (a) Broadway, a line midway between East 14th Street and East 13th Street, a line 100 feet

west of University Place, Union Square West and Broadway, a line midway between East 17th Street and East 18th Street, a line 100 feet east of Park Avenue South and Union Square East, East 15th Street, Union Square East, East 17th Street, Union Square West and East 14th Street is 8.0; and

- (b) Broadway, a line midway between East 13th Street and East 14th Street, south prolongation of the center line of Irving Place and Irving Place, East 15th Street, Union Square East, Fourth Avenue, and East 14th Street is 10.0.

The commercial #floor area ratio# shall not exceed 6.0 except in accordance with the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements).

(3/22/16)

118-22 Residential Density Regulations

The density regulations of Section 23-20 shall not apply. Instead, for every 750 square feet of #residential# #floor area# permitted on a #zoning lot#, there shall be no more than one #dwelling unit#.

However, the conversion of non-#residential buildings# to #residential use# shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings).

(12/6/23)

118-30 STREET WALL, HEIGHT AND SETBACK REGULATIONS

The location and height above #curb level# of the #street wall# of any #development# or #enlargement# shall be as shown in the District Plan (Appendix A). However, if a #development# or #enlargement# is adjacent to one or more existing #buildings# fronting on the same #street line#, the #street wall# of such #development# or #enlargement# shall be located neither closer to nor further from the #street line# than the front wall of the adjacent #building# which is closest to the same #street line#.

#Street wall# recesses are permitted below the level of the second #story# ceiling for subway stair entrances required under Section 118-50 (OFF STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT). Such recesses shall be no longer than 15 feet and no deeper than eight feet or the width or length of the relocated subway stair, whichever is greater.

#Street wall# recesses are also permitted below the level of the second #story# ceiling for #building# or store entrances only.

A #sky exposure plane# of 2.5 to 1 shall begin at a height above #curb level# of 125 feet on all #streets# within the Special District, except that on a #narrow street# beyond 100 feet from any #street line# opposite a #public park# or from the intersection of such #narrow street# with a #wide street#, the #sky exposure plane# shall begin at a height above #curb level# of 85 feet.

No #development# or #enlargement# shall penetrate such #sky exposure plane# except pursuant to Section 33-45 (Tower Regulations). However, Section 33-45 shall not be applicable to any portion of a #building# located within 100 feet of a #street line# opposite a #public park#.

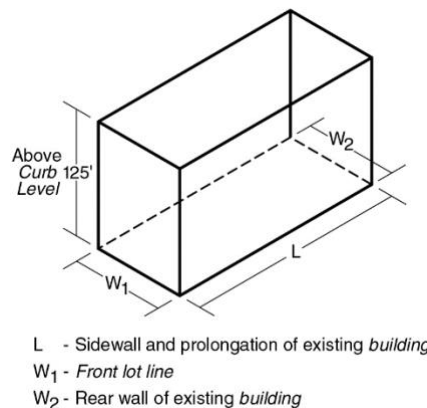

However, #energy infrastructure equipment# and #accessory# mechanical equipment shall be permitted obstructions above such height limits, subject to the provisions of Section 33-42.

(2/2/11)

118-31 Modification of Street Wall Requirements

- (a) On a #zoning lot# where there is an existing #building# to remain, the requirements governing height and location of #street walls# shall not apply within a volume defined by the rear wall of the existing #building# (W_2), the #front lot line# (W_1), the prolongations of the side walls (L) and a height of 125 feet above #curb level#

If, after January 10, 1985, any demolition or destruction occurs within the volume defined, the requirements governing #street wall# height shall apply.

EXISTING BUILDING VOLUME FOR MODIFICATION OF STREET WALL REQUIREMENTS

- (b) The City Planning Commission may authorize modifications in the required #street wall# location if the Commission finds that the existing #buildings#, or existing open areas serving existing #buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# of the #development#, #enlargement# or alteration in a manner prescribed in paragraph (a) of this Section.

(6/6/24)

118-40

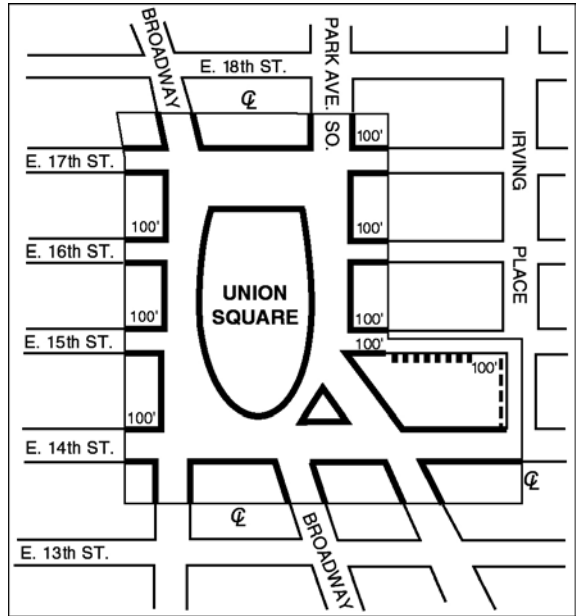

OFF-STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT

Where a #development# or #enlargement# is constructed on a #zoning lot# of at least 5,000 square feet which fronts on a portion of sidewalk containing a stairway entrance or entrances into the 14th Street/Union Square Station, the #development# or #enlargement# shall be subject to the regulations of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR).

(1/10/85)

Appendix A
UNION SQUARE DISTRICT PLAN

#Street walls# shall be coincident with #street lines#.

- Mandatory Street Walls
85'-125' Above Curb Level
- - - Permitted Street Walls
125' Above Curb Level
- Permitted Street Walls
85' Above Curb Level
- Special Union Square District

(6/30/87)

**ARTICLE XI
SPECIAL PURPOSE DISTRICTS**

**Chapter 9
Special Hillside Preservation District**

(6/30/87)

**119-00
GENERAL PURPOSES**

The "Special Hillside Preservation District" (hereinafter also referred to as the "Special District") established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following special purposes:

- (a) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;
- (b) to preserve hillsides having unique aesthetic value to the public;
- (c) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas; and
- (d) to promote the most desirable use of land and to guide future development in accordance with a comprehensive development plan, and to protect the neighborhood character of the district.

(12/6/23)

**119-01
Definitions**

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types

of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces, including any surfaces with permeable paving. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

$$S = \frac{IL}{A} \times 100$$

Where:

S - average percent of slope

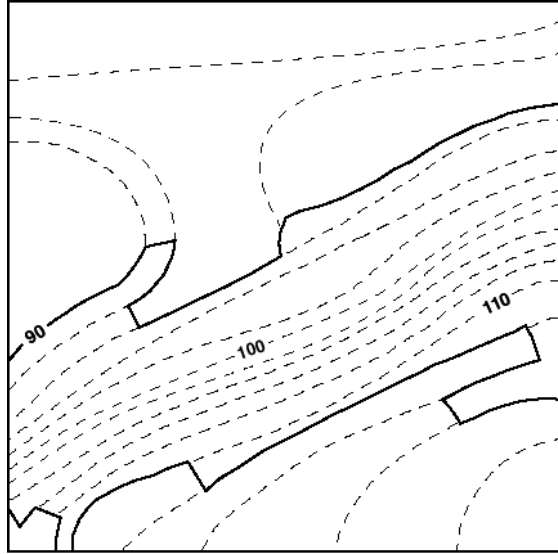

I - contour interval in feet

L - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#

A - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#.

100 - factor which yields slope as a percentage

CALCULATING AREAS HAVING A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT (illustrative example)

Example:

$$X = \frac{\text{contour interval in feet}}{0.25} = \frac{2}{0.25} = 8.0 \text{ feet}$$

Where:

X - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, such as the map pictured above. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines which are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch.

Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.

Buildable area

A "buildable area" is a portion of a #zoning lot# excluding #steep slopes#.

Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its

most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the #critical root zone# is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is defined as ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

Site alteration

For the purposes of this Chapter, a "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#. #Site alterations# shall include the following:

- (a) removal of #topsoil#;
- (b) excavating, filling, land contour work and other topographic modifications where the ground elevation of the land existing on June 30, 1987, is modified by two feet or more;
- (c) dumping, changes in existing drainage systems and changes in grade, alignment or width of public rights-of-way; or
- (d) removal of vegetation beyond 15 feet of the foundation of an existing #building#, except when the plant materials' continued presence would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning or routine maintenance.

Staging area

A "staging area" is any area on a #zoning lot# or other tract of land used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater. However, a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than 10 feet, measured along the horizontal plane, unless such portions in the aggregate equal 10 percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit

A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more which is counted toward a tree preservation requirement, or a credit for a newly planted tree of three-inch #caliper# or more which is counted toward a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arboriculturists (ISA) or equivalent professional organization that includes:

- (a) a survey of the current condition and health of such trees of six-inch #caliper# or more;
- (b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;
- (c) a schedule for site monitoring during construction;
- (d) a procedure to communicate protection measures to contractor and workers; and
- (e) post-construction treatment.

(5/12/21)

119-02 General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Hillside Preservation District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.

Any #development#, #enlargement# or #site alteration# on the #buildable area# of a #zoning lot# where the #average percent of slope# is less than 10 percent shall be regulated by the provisions set forth in Section 119-10 (PROVISIONS REGULATING TIER I SITES). Any #development#, #enlargement# or #site alteration# on the #buildable area# of a #zoning lot# having an #average percent of slope# equal to or greater than 10 percent shall be governed by the provisions set forth in Section 119-20 (PROVISIONS REGULATING TIER II SITES).

No #development#, #enlargement# or #site alteration# is permitted within any #area of no disturbance# on a #zoning lot# or other tract of land. #Areas of no disturbance# shall remain in their natural state, except:

- (a) for #steep slopes# or #steep slope buffers#, an authorization may be granted by the City Planning Commission, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS);
- (b) vegetation and #topsoil# may be removed from a #steep slope buffer# during construction on a #Tier I site#, provided that the #development#, #enlargement# or #site alteration# complies with the requirements of Sections 119-215 (Landscaping controls to preserve trees, shrubs and ground cover), 119-217 (Tier II controls during construction) and 119-22 (Tier II Submission Requirements); or

(c) in accordance with a tree protection plan.

Those portions of a zoning lot having areas of no disturbance, however, may count as lot area for the purposes of the applicable regulations on yards, floor area ratio, open space ratio or maximum number of dwelling units or rooming units.

The following uses, including enlargements to such uses, shall not be permitted within the Special Hillside Preservation District unless an authorization is granted by the Commission pursuant to Section 119-30: community facility uses, group parking facilities of 30 cars or more, whether or not they are necessary to satisfy parking requirements.

When the Special Hillside Preservation District is designated on a public park, or portion thereof, site alterations, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadiums, and improvements to existing park-related facilities, shall not be subject to the provisions of Sections 119-10 or 119-20 but shall require an authorization from the Commission, pursuant to Section 119-31 (Authorizations).

In flood zones, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(6/30/87)

119-03

Applicability of Large-scale Residential Development Regulations

Any development on a zoning lot having an average percent of slope of 10 percent or greater, which is used predominantly for residential use, may be treated as a large-scale residential development and special authorizations or special permits for such developments may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, regardless of whether such development will have the area, number of buildings or number of dwelling units specified in the definition of large-scale residential developments as set forth in Section 12-10 (DEFINITIONS). However, bonuses that may be granted for large-scale residential developments under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions) may not be granted for developments that have less than the minimum area, number of buildings or number of dwelling units required by the definition of a large-scale residential development.

Notwithstanding the provisions of Section 78-06 (Ownership), a zoning lot having an average percent of slope of 10 percent or greater that is the subject of an application under this Section may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract before, during or after development shall be subject to the provisions of Section 78-51

(General Provisions).

(2/2/11)

**119-04
Future Subdivision**

Within the #Special Hillside Preservation District#, no #zoning lot# existing on June 30, 1987, may be subdivided without certification by the City Planning Commission that the proposed subdivision complies with the regulations of the #Special Hillside Preservation District# and that all #hillside# are preserved to the greatest extent possible under future #development# options.

A plan for such subdivision shall be filed with the Commission and shall include a survey map indicating existing topography at two-foot contour intervals and all individual trees of six-inch #caliper# or more.

When a #zoning lot# existing on June 30, 1987, is intended to be subdivided and is more than five acres, a site plan of the entire subdivision shall be filed with the Commission. The site plan shall include the proposed vehicular circulation system within the area, #block# and #zoning lot# layouts and any other information required by the Commission.

In the event that any #zoning lot# proposed for subdivision contains a #development#, #enlargement# or #site alteration# that has been undertaken contrary to the provisions of this Chapter, the Commission shall not approve the subdivision until violations are removed from the #zoning lot#, in accordance with the Commission's requirements under Section 119-40 (COMPLIANCE).

(2/2/11)

**119-05
Applicability of Parking Location Regulations**

The parking regulations applicable to #lower density growth management areas# are modified to allow required #accessory# parking spaces to be located in a #front yard#.

(2/2/11)

**119-10
PROVISIONS REGULATING TIER I SITES**

#Tier I sites# shall be regulated by the provisions set forth in this Section, inclusive.

(2/2/11)

119-11
Tier I Requirements

(2/2/11)

119-111
Tier I tree preservation requirements

To the maximum extent possible, existing trees shall be retained. Trees of six-inch #caliper# or more may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

- (a) such trees are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;
- (b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;
- (c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendix B (Selection List for On-site Trees); or
- (d) an authorization pursuant to Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements) has been granted by the City Planning Commission approving the removal of such trees.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 119-112 (Tier I tree planting requirements).

(2/2/11)

119-112

Tier I tree planting requirements

All #developments#, #enlargements# and #site alterations# on #Tier I sites# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to any #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

On-site trees, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area#, or portion thereof, or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(12/7/99)

119-113

Tier I controls during construction

The following requirements must be met during construction:

- (a) Construction fences shall be erected around all #areas of no disturbance#. A #tree protection plan# is required to modify the #area of no disturbance# around trees proposed for preservation.
- (b) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.
- (c) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.
- (d) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

119-12

Tier I Submission Requirements

For all #developments#, #enlargements# or #site alterations# on #Tier I sites#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillside Preservation District# have been met.

- (a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land, as it occurs, in categories of 10–14 percent, 15–19 percent, 20–24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.
- (b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the #critical root zone#.
- (c) A tree-planting plan, prepared by a registered landscape architect, indicating the location and species of all new plantings, and indicating the location of and the #critical root zone# around all trees proposed for preservation.

(2/2/11)

119-13

Administration of Tier I Requirements

No permanent certificate of occupancy shall be issued by the Department of Buildings unless an inspection report, verifying that the requirements of Section 119-10 (PROVISIONS REGULATING TIER I SITES) have been met, is filed with the Department of Buildings by a

registered landscape architect, licensed surveyor, registered architect or professional engineer.

(2/2/11)

**119-20
PROVISIONS REGULATING TIER II SITES**

All #Tier II sites# shall be regulated by the provisions set forth in this Section. However, any #enlargement# on #Tier II sites# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#, shall be exempted from the provisions of Sections 119-211 (Lot coverage, floor area and density regulations), 119-213 (Grading controls) to 119-217 (Tier II controls during construction), inclusive, 119-22 (Tier II Submission Requirements), and 119-23 (Administration of Tier II Requirements).

(2/2/11)

**119-21
Tier II Requirements**

(3/22/16)

**119-211
Lot coverage, floor area and density regulations**

The area of a #private road# shall be excluded from the area of the #zoning lot# for the purposes of applying the applicable requirements of Sections 23-14 (Open Space and Floor Area Regulations in R1 Through R5 Districts) or 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) as modified by this Section, and Sections 23-21 (Required Floor Area per Dwelling Unit) and 33-10 (FLOOR AREA REGULATIONS). For the purposes of this Section, the area of the #private road# shall include the area of the paved roadbed plus a seven-foot wide area adjacent to and along the entire length of the required curbs.

The maximum permitted percentage of #lot coverage# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I

PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT BY ZONING DISTRICT, AVERAGE PERCENT OF SLOPE AND RESIDENCE TYPE

	#Residence District#						
#Average Percent of Slope#	R1	R2	R3	R4	R5	R6: 1-2 Family	R6: Other
10—14.9	22.5	22.5	22.5	36.0	45.0	48.6	32.4
15—19.9	20.0	20.0	20.0	32.0	40.0	43.2	28.8
20—24.9	17.5	17.5	17.5	28.0	35.0	37.8	25.2

If an authorization is granted for a #development#, #enlargement# or #site alteration# on a #zoning lot# or portion of a #zoning lot# having a #steep slope# or #steep slope buffer# pursuant to Section 119-311, the maximum permitted percentage of #lot coverage# for said #zoning lot# shall not exceed the maximum set forth in Table II of this Section.

TABLE II
PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT OR PORTION OF A ZONING LOT WITH A STEEP SLOPE, BY ZONING DISTRICT AND RESIDENCE TYPE

	#Residence District#						
	R1	R2	R3	R4	R5	R6: 1-2 Family	R6: Other
	12.5	12.5	12.5	20.0	25.0	27.0	18.0

However, the maximum permitted percentage of #lot coverage# on a #zoning lot#, as determined by Table I or Table II, shall not apply to any #development#, #enlargement# or #site alteration# that receives an authorization pursuant to Section 119-312 (Authorization of certain uses within the Special Hillside Preservation District) and is located in a #Commercial District#.

(3/22/16)

119-212
Height and setback regulations

The height and setback regulations set forth in Sections 23-63 (Height and Setback Requirements in R1 Through R5 Districts), 23-64 (Basic Height and Setback Requirements), 34-24 (Modification of Height and Setback Regulations), 35-62 (Commercial Districts With an R1 Through R5 Residential Equivalent) and 35-63 (Basic Height and Setback Modifications) shall not apply to #buildings or other structures# on #Tier II sites# within the #Special Hillside Preservation District#. In lieu thereof, the height and setback regulations set forth in this Section shall apply.

No portion of a #building or other structure# shall penetrate a plane drawn parallel to the #base plane# at a height that is shown in Table III of this Section. For #buildings# with pitched roofs, height shall be measured to the midpoint of such pitched roof. For the purposes of this Section, the #base plane#, which is a plane from which the height of a #building or other structure# is measured in R2X, R3, R4 and R5 Districts, shall also be established in accordance with the provisions of Section 12-10 (DEFINITIONS) for #buildings or other structures# in R1, R2 and R6 Districts.

TABLE III
 MAXIMUM HEIGHT OF A BUILDING OR OTHER STRUCTURE

#Residence District# *	Maximum Height above #Base Plane#
R1 R2 R3 R4**	36 feet
R5**	60 feet
R6	70 feet

* or #Residence District# equivalent when the #zoning lot# is located within a #Commercial District#

** #buildings# that utilize the regulations of Section 23-143, applying to a #predominantly built-up area#, shall not exceed a maximum height of 32 feet above the #base plane#.

(2/2/11)

119-213
Grading controls

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The

following grading requirements shall apply to all #Tier II sites#.

- (a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.
- (b) Where two cut slopes intersect, the corners shall be rounded with a minimum radius of 25 feet.
- (c) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.
- (d) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillside Preservation District#.
- (e) Fills shall be compacted to at least 95 percent of maximum density, as determined by AASHTO T99 or ASTM D698.
- (f) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.
- (g) The edge of any cut or fill slope meeting the grade existing on June 30, 1987, should be blended into such grade in a vertical or horizontal arc with a radius of not less than 25 feet.
- (h) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on June 30, 1987, should be rounded in a vertical arc with a radius of not less than five feet.
- (i) Tops and toes of cut and fill slopes shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet.

(2/2/11)

119-214

Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings# #developed# after December

11, 1999. The provisions for #private roads# set forth in Section 26-20, inclusive, shall not apply. However, the provisions of Sections 26-31 through 26-34 shall apply for #private roads# in #lower density growth management areas#.

(a) Driveways

- (1) the maximum grade of a driveway shall not exceed 10 percent;
- (2) the paved width of a driveway shall not exceed 18 feet; and
- (3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

- (1) the maximum grade of a #private road# shall not exceed 10 percent;
- (2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;
- (3) the paved width of a #private road# shall not exceed 30 feet;
- (4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;
- (5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;
- (6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;
- (7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;
- (8) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section; and
- (9) for the purposes of applying the #yard# regulations of Section 26-31, the curb of

the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety shall be a condition precedent for any modification or waiver.

(2/2/11)

119-215

Landscaping controls to preserve trees, shrubs and ground cover

- (a) In any #area of no disturbance#, existing vegetation and #topsoil# shall not be removed, except in accordance with a #tree protection plan# or as authorized by the City Planning Commission, pursuant to the provisions of Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements).
- (b) To the maximum extent possible, existing trees, shrubs and ground cover shall be retained. Vegetation may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:
 - (1) it is located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking or within a distance of 15 feet of a #building# foundation and, provided that it is not practical to avoid such removal by adjustments in the arrangement of such #buildings#, #private roads#, driveways or required parking areas;
 - (2) the continued presence of the vegetation would interfere with the growth or health of trees of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendices A, B or C;
 - (3) the continued presence of the vegetation would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning or routine maintenance; or
 - (4) an authorization has been granted by the City Planning Commission under the provisions of Section 119-313 approving the removal of such vegetation.
- (c) Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not permitted to be removed under paragraph (b) of this Section shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, there shall be provided the following plantings of the size and number indicated in paragraphs (c)(1) through (c)(4) of this

Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix A (Selection List for Ground Covers and Shrubs). Species of on-site trees shall be selected from Appendix B (Selection List for On-site Trees).

- (1) Ground cover shall be planted one at one foot on center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and
- (2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or
- (3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or
- (4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.

(2/2/11)

119-216

Tier II tree planting requirements

All #developments#, #enlargements# and #site alterations# on #Tier II sites# shall comply with the following tree planting requirements, whether or not existing vegetation is removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to an #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

On-site trees, pre-existing or newly-planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area#, or portion thereof, or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of caliper, credit for an additional tree shall be given.

Single-trunk trees newly planted to meet this requirement shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(12/7/99)

119-217

Tier II controls during construction

The following requirements must be met during construction:

- (a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a #building# foundation except those vehicles engaged in the construction of #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15 foot limit infeasible or impractical.
- (b) Construction fences shall be erected around all vegetation proposed for preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.
- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillside Preservation District#.
- (d) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.
- (e) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.
- (f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

119-22

Tier II Submission Requirements

For all #developments#, #enlargements# or #site alterations# on #Tier II sites#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillside Preservation District# have been met.

- (a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land as it occurs in categories of 10–14 percent, 15–19 percent, 20–24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.
- (b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of all understory, including shrubs and ground cover; and the location, #caliper# and species of individual trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating for the latter the #critical root zone#, the location of any other #area of no disturbance# and the location of the #staging area#.
- (c) A grading plan that will show all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted.
- (d) An alignment and paving plan for any #private road# with a typical cross-section.
- (e) A landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings.
- (f) A construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site. A #tree protection plan# for any tree proposed for preservation where the #area of no disturbance# is proposed to be modified.
- (g) An affidavit prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer stipulating the following:
 - (1) prior to construction, no grading, filling, clearing or excavation of any kind shall be initiated until approval of a final grading plan by the Department of Buildings;
 - (2) no construction equipment of any kind shall pass over areas to be preserved, according to the approved plans;

- (3) construction fences meeting the requirements of Section 119-217, paragraph (b), shall be erected around all vegetation proposed for retention; and
 - (4) construction controls (erosion protection, drainage measures, etc.) shall be implemented according to the approved plan.
- (h) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.

(2/2/11)

**119-23
Administration of Tier II Requirements**

All #developments#, #enlargements# or #site alterations# that are subject to the requirements of Section 119-22 (Tier II Submission Requirements) shall file directly with the Department of Buildings.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Section 119-20 have been met, is filed with the Department of Buildings by a registered landscape architect, registered architect, licensed surveyor or professional engineer.

(6/30/87)

**119-30
SPECIAL REVIEW PROVISIONS**

(2/2/11)

119-31

Authorizations

Upon application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter and for the underlying district regulations in accordance with the provisions of Sections 119-311 (Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer) through 119-319 (Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks), inclusive.

In addition, all #developments#, #enlargements# and #site alterations# that require an authorization pursuant to Sections 119-311 through 119-318, inclusive, shall be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations, of any authorizations hereunder, to minimize adverse effects on the #hillsides# and the character and quality of the community.

(2/2/11)

119-311

Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer

The City Planning Commission may authorize #developments#, #enlargements# and #site alterations# on a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the requested modification will not disturb the drainage patterns and soil conditions of the area; and

- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of Section 119-20 (PROVISIONS REGULATING TIER II SITES) for which an authorization or special permit has not been obtained.

(2/2/11)

119-312

Authorization of certain uses within the Special Hillside Preservation District

Any #group parking facility# with 30 cars or more and, in #Residence Districts#, any #community facility use# or #enlargement# thereof, shall be allowed only by authorization of the City Planning Commission. In order to grant such authorizations, the Commission, upon review of a site plan, shall find that:

- (a) the proposed #development#, #enlargement# or #site alteration# will not adversely affect the drainage pattern and soil conditions of the area;
- (b) the proposed #development#, #enlargement# or #site alteration# has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (c) such #development#, #enlargement# or #site alteration# is so located as not to impair the essential character of the surrounding area;
- (d) the design of such #development#, #enlargement# or #site alteration# takes full advantage of all special characteristics of the site;
- (e) vehicular access and egress for such #development#, #enlargement# or #site alteration# is located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas; and
- (f) where vehicular access and egress is located on an arterial, such location affords the best means for controlling the flow of traffic generated by such development to and from such arterial.

The Commission may permit modifications to parking lot landscaping and maneuverability requirements for applications for such authorizations of #group parking facilities# for over 30 cars or for #enlargements# to #group parking facilities#, if such modifications preserve vegetation and natural topography.

(12/7/99)

119-313

Modification of landscaping, tree preservation and tree planting requirements

The City Planning Commission may authorize modifications to Sections 119-111 (Tier I tree preservation requirements), 119-112 (Tier I tree planting requirements), paragraph (b)(8) of Section 119-214 (Tier II requirements for driveways and private roads), 119-215 (Landscaping controls to preserve trees, shrubs and ground cover) and 119-216 (Tier II tree planting requirements).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted; and
- (c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the tree preservation or planting requirements being modified.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillside Preservation District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/11)

119-314

Modification of lot coverage controls

For any #development# or #enlargement# subject to Section 119-211 (Lot coverage, floor area and density regulations), the City Planning Commission may authorize variations in the #lot coverage# controls.

In order to grant such authorization, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies

the purpose of this Chapter;

- (b) by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (e) the requested modification will not disturb the drainage pattern and soil conditions of the area; and
- (f) the proposed modification does not impair the essential character of the surrounding area.

(2/2/11)

119-315 Modification of height and setback regulations

For any #Tier II site#, the City Planning Commission may authorize variations in the height and setback regulations set forth in Section 119-212 (Height and setback regulations).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies the purpose of this Chapter;
- (b) by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography and vegetation and the preservation of #hillsides# having aesthetic value to the public will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the requested modification will not disturb the soil conditions of the area;
- (e) the proposed modification does not impair the essential character of the surrounding area;

and

- (f) the proposed modification will not have adverse effects upon light, air and privacy of adjacent properties.

(2/2/11)

119-316
Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II site#, the City Planning Commission may authorize variations in the grading controls set forth in Section 119-213.

In order to grant such authorization, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the requested modification will not disturb the drainage pattern and soil conditions of the area;
- (e) the proposed modification does not impair the essential character of the surrounding area; and
- (f) the benefits to the surrounding area from the proposed modification outweigh any disadvantages that may be incurred thereby in the area.

(2/2/11)

119-317
Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#, the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II site# as set forth in Section 119-214 (Tier II requirements for driveways and private roads) as well as

the requirements of Sections 25-621 (Location of parking spaces in certain districts), 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the requested modification will not disturb the drainage pattern and soil conditions of the area;
- (d) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and
- (e) such modification will enhance the quality of the design of the development, #enlargement# or #site alteration#.

(2/2/11)

119-318

Modifications of certain bulk regulations

For any #development# or #enlargement# subject to Section 119-20 (PROVISIONS REGULATING TIER II SITES), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, variations in required space between #buildings# on the same #zoning lot# and modifications in the underlying district height and setback regulations.

In order to grant such authorizations, the Commission shall find that:

- (a) #development# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted; and
- (c) the proposed #bulk# and placement of #buildings# and the proposed arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing development in adjacent areas or the opportunities therefor in future

development.

(12/7/99)

119-319

Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks

Upon application, the City Planning Commission may authorize #site alterations#, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadiums, and improvements to existing park-related facilities.

In order to grant such authorizations, the Commission shall find that the proposed action:

- (a) will have a minimal impact on the existing natural topography of the surrounding area and will blend harmoniously with it;
- (b) will have minimal impact on the drainage pattern and soil conditions in the area;
- (c) will preserve to the greatest extent possible the trees and vegetation within the park; and
- (d) is compatible with the neighborhood character of the area.

An application to the Commission for an authorization pursuant to this Section shall include the following:

- (1) a survey map prepared by a licensed surveyor showing existing topography at the two-foot contour intervals;
- (2) a site plan prepared by a registered architect, registered landscape architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of all understory including shrubs and ground cover, and the #caliper# and species of all individual trees of six-inch #caliper# or more; and
- (3) any other information necessary to evaluate the request.

In issuing authorizations under this Section, the Commission may impose conditions or safeguards, such as special landscape requirements, to minimize adverse effects on the character of the #Special Hillside Preservation District#.

(12/7/99)

119-32 Special Permits

The City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Section 119-321 (Modification of use regulations).

(2/2/11)

119-321 Modification of use regulations

For any #Tier II site#, the City Planning Commission may grant special permits to allow #single-family# #semi-detached residences# in R1 and R2 Districts, #single-family# #attached residences# in R1, R2 and R3-1 Districts or #two-family# #attached residences# in R3-1 Districts.

As a condition for granting such special permits, the minimum required #lot area# of the underlying district shall not be reduced, and the #aggregate width of street walls# of a #building#, or a number of #buildings# separated by party walls, shall not exceed 100 feet.

In order to grant such special permits, the Commission shall find that:

- (a) #development# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;
- (b) the change of housing type requested constitutes the most effective method of preserving the existing topography and vegetation;
- (c) the preservation of existing topography and vegetation requires the permitted development to be concentrated, to the extent feasible, in the remaining portion of the tract;
- (d) for such concentration of development, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #building# type;
- (e) such modification is the least modification required to achieve the purpose for which it is granted;
- (f) the proposed #street# or #private road# system for the development is so located as to

draw a minimum of vehicular traffic to and through #streets# in the adjacent area;

- (g) the siting of the #building# or #buildings# will not adversely affect adjacent properties by impairing privacy or access of light and air; and
- (h) the existing topography and vegetation and the proposed planting effectively screen all #attached# one-family #residences# from the #lot lines# along the development perimeter.

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

All #developments#, #enlargements# or #site alterations# that require a special permit pursuant to this Section shall also be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

(2/2/11)

119-33 Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits

Any #development#, #enlargement# or #site alteration# that requires an authorization or special permit and that is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II SITES), shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of the Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer and submitted to the City Planning Commission.

- (a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or to reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

- (b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the

slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

119-34

Special Submission Requirements for Certain Authorizations and Special Permits

When a #development#, #enlargement# or #site alteration# is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II SITES), an application to the City Planning Commission for an authorization or special permit shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 119-22 (Tier II Submission Requirements).

- (a) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of

1989.

- (b) An erosion and sedimentation plan as described in Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits).
- (c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.
- (d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

119-35 Administration of Special Review Provisions

Where a permit other than a building permit is required for a #development#, #enlargement# or #site alteration# within the #Special Hillside Preservation District# from any City agency, an application for such permit shall be filed simultaneously with such agency and the City Planning Commission.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Sections 119-20 (PROVISIONS REGULATING TIER II SITES) and 119-30 (SPECIAL REVIEW PROVISIONS) have been met, is filed with the Department of Buildings by a registered landscape architect, licensed surveyor or professional engineer.

(6/30/87)

119-40 COMPLIANCE

In the event that a #development#, #enlargement# or #site alteration# is undertaken, or has been undertaken, contrary to the provisions of this Chapter, any permit issued by the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on the affected #zoning lot# shall be revoked.

No building permit or permanent certificate of occupancy shall be issued by the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on such #zoning

lot# until the violations are removed from the #zoning lot#, pursuant to a restoration plan certified by the City Planning Commission.

If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to prosecute the violations. For compliance with restoration requirements to remove violations, the Department of Buildings may allow an additional 90 days.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillside Preservation District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(12/7/99)

**Appendix A
Selection List for Ground Covers and Shrubs**

Ground Covers

BOTANICAL NAME	COMMON NAME
<i>Adiantum pedatum</i>	Maidenhair fern
<i>Agrostis perennans</i> (<i>A. altissima</i>)	Autumn bent-grass
<i>Anaphalis margaritacea</i>	Pearly everlasting
<i>Andropogon gerardii</i>	Big bluestem
<i>Andropogon glomeratus</i>	Bushy bluestem
<i>Andropogon virginicus</i>	Broom Sedge
<i>Anemone canadensis</i>	Canada anemone
<i>Antennaria plantaginifolia</i>	Plantain-leaved pussytoes
<i>Arctostaphylos uva-ursi</i>	Bearberry
<i>Asarum canadense</i>	Wild ginger

<i>Aster cordifolius</i>	Heart-leaved aster
<i>Aster divericatus</i>	White wood aster
<i>Aster ericoides</i>	Heath aster
<i>Aster lanceolatus</i> (<i>A. simplex</i>)	Lined aster
<i>Aster macrophyllus</i>	Large-leaved aster
<i>Aster novae angliae</i>	New England aster
<i>Athyrium filix femina</i> (<i>A. asplenoides</i>)	Lady fern
<i>Athyrium thelypteroides</i>	Silvery glade fern
<i>Carex appalachica</i> (<i>C. radiata</i>)	Sedge
<i>Carex pensylvanica</i>	Pennsylvania sedge
<i>Chimaphila maculata</i>	Spotted or stripped wintergreen/Pipsissewa
<i>Chimaphila umbellata</i>	Pipsissewa, Prince's pine, Bitter wintergreen
<i>Chrysopsis mariana</i>	Maryland golden aster
<i>Danthonia compressa</i>	Flattened oat grass
<i>Danthonia spicata</i>	Oatgrass, Poverty grass
<i>Dennstaedtia punctilobula</i>	Hay-scented fern
<i>Deschampsia cespitosa</i>	Tufted hair grass
<i>Deschampsia flexuosa</i>	Common hair grass, Crinkled hair grass
<i>Dryopteris intermedia</i>	Common wood fern
<i>Dryopteris marginalis</i>	Marginal wood fern, Leatherleaf wood fern
<i>Erigeron philadelphicus</i>	Daisy fleabane

<i>Eupatorium maculatum</i>	Spotted Joe-Pye weed
<i>Eupatorium rugosum</i>	White snakeroot
<i>Eupatorium sessilifolium</i>	Upland boneset
<i>Fragaria virginiana</i>	Wild strawberry, Virginia strawberry
<i>Gaultheria hispidula</i>	Creeping snowberry, Creeping pearl berry
<i>Gaultheria procumbens</i>	Wintergreen, Teaberry, Checkerberry
<i>Geranium maculatum</i>	Wild geranium, Spotted cranesbill
<i>Geum canadense</i>	White avens, Winter rosette
<i>Heuchera americana</i>	Hairy alum root, Rock geranium
<i>Hypericum ellipticum</i>	Pale St. John's Wort
<i>Muhlenbergia schreberi</i>	Nimblewill
<i>Oenothera fruticosa</i>	Sundrops, Wild beet, Suncups, Scabish
<i>Onoclea sensibilis</i>	Sensitive fern, Bead fern
<i>Osmunda claytoniana</i>	Interrupted fern
<i>Panicum clandestinum</i>	Deer tongue grass
<i>Panicum virgatum</i>	Switch grass, Wild red top, Thatch grass
<i>Parthenocissus quinquefolia</i>	Virginia creeper, Woodbine, American ivy
<i>Phlox subulata</i>	Mountain phlox, Moss pink, Moss phlox
<i>Polygonatum biflorum</i>	Smooth Solomon's seal, True King Solomon's seal

<i>Polygonatum virginianum</i> (Tovaria v.)	Jumpseed
<i>Polypodium virginianum</i>	<i>P. vulgare</i> , Rocky polypody, Am. wall fern
<i>Polystichum acrostichoides</i>	Christmas fern, Dagger fern, Canker break
<i>Rudbeckia hirta</i> var. <i>hirta</i>	Black-eyed Susan
<i>Rudbeckia triloba</i>	Thin-leaved cone flower
<i>Thelypteris noveboracensis</i>	New York fern
<i>Tiarella cordifolia</i>	Allegheny foamflower, False mitrewort
<i>Tradescantia virginiana</i>	Virginia Spiderwort, Common S., Widow's tears
<i>Verbena hastata</i>	Blue vervain
<i>Vernonia noveboracensis</i>	New York ironweed
<i>Verbesina alternifolia</i> (<i>Actinomeria</i> a.)	Wingstem
<i>Viola sororia</i>	Woolly blue violet sister violet, Dooryard violet

Shrubs

<i>Amelanchier canadensis</i>	Shadblow
<i>Amelanchier laevis</i> (<i>A. arborea</i>)	Serviceberry, Allegheny
<i>Aronia arbutifolia</i>	Red chokeberry
<i>Aronia melanocarpa</i>	Black chokeberry
<i>Clethra alnifolia</i>	Sweet pepperbush, Summersweet
<i>Comptonia peregrina</i>	Sweet fern, Meadow fern, Spleenwort bush

<i>Cornus amomum</i>	Silky dogwood
<i>Cornus racemosa</i>	Gray dogwood, Red-panicked dogwood
<i>Cornus sericea</i> (<i>C. stolonifera</i>)	Red osier dogwood
<i>Corylus americana</i>	American hazelnut
<i>Corylus cornuta</i>	Beaked hazelnut
<i>Diervilla lonicera</i>	Bush honeysuckle, Blue herb, Gravel weed
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex glabra</i>	Inkberry, Gallberry
<i>Ilex verticillata</i>	Winterberry
<i>Juniperus communis</i>	Common juniper
<i>Juniperus horizontalis</i>	Creeping juniper, Creeping cedar/Savin
<i>Kalmia angustifolia</i>	Sheep laurel
<i>Kalmia latifolia</i>	Mountain laurel
<i>Lindera benzoin</i>	Spice bush
<i>Myrica pensylvanica</i>	Northern bayberry
<i>Physocarpus opulifolius</i>	Common ninebark
<i>Potentilla fruticosa</i>	Cinquefoil, Bush cinquefoil
<i>Rhododendron maximum</i>	Great laurel
<i>Rhododendron periclymenoides</i>	Pinkster azalea
<i>Rhododendron viscosum</i>	Swamp azalea
<i>Rhus aromatica</i>	Fragrant sumac, Sweet scented sumac/Lemon sumac

Rhus copallina	Winged sumac
Rhus glabra	Smooth sumac
Rhus typhina	Staghorn sumac
Rosa blanda	Smooth rose, Meadow rose
Rubus allegheniensis	Common blackberry, Allegheny blackberry
Salix humilis	Prairie willow
Salix lucida	Shining willow
Sambucus canadensis	American elderberry
Spirea tomentosa	Hardhack spirea
Vaccinium angustifolium	Lowbush blueberry
Vaccinium corymbosum	Highbush blueberry
Viburnum acerifolium	Maple leaf viburnum
Viburnum alnifolium (V. Lantanoides)	Hobble bush
Viburnum dentatum	Arrowwood viburnum
Viburnum lentago	Nanny-berry
Viburnum prunifolium	Black-haw

(12/7/99)

Appendix B
Selection List for On-site Trees

Small Trees

BOTANICAL NAME	COMMON NAME

<i>Amelanchier laevis</i>	Serviceberry
<i>Betula nigra</i>	River birch
<i>Betula populifolia</i>	Grey birch
<i>Carpinus caroliniana</i>	Hornbeam
<i>Cercis canadensis</i>	Eastern redbud
<i>Cornus florida</i>	Flowering dogwood
<i>Crataegus crus-galli inermis</i>	Thornless cockspur hawthorn
<i>Crataegus phaenopyrum</i>	Washington hawthorn
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex opaca</i>	American holly
<i>Juniperus virginiana</i>	Eastern red cedar
<i>Populus tremuloides</i>	Quaking aspen
LARGE TREES	
BOTANICAL NAME	COMMON NAME
<i>Acer rubrum</i>	Red maple
<i>Acer saccharum</i>	Sugar maple
<i>Betula lenta</i>	Black/Sweet birch
<i>Betula papyrifera</i>	Paper birch
<i>Celtis occidentalis</i>	Common hackberry
<i>Chamaecyparis thyoides</i>	Cedar, Atlantic white
<i>Fagus grandifolia</i>	American beech tree
<i>Fraxinus americana</i>	Ash, white
<i>Fraxinus pennsylvanica</i>	Ash, green

<i>Larix laricina</i>	Tamarack/American larch
<i>Liquidambar styraciflua</i>	Sweet gum
<i>Liriodendron tulipifera</i>	Tulip tree
<i>Nyssa sylvatica</i>	Black tupelo
<i>Picea rubens</i>	Spruce, red
<i>Pinus resinosa</i>	Pine, red
<i>Pinus rigida</i>	Pine, pitch
<i>Pinus strobus</i>	Pine, eastern white
<i>Platanus occidentalis</i>	American sycamore
<i>Populus deltoides</i>	Eastern cottonwood
<i>Populus grandidentata</i>	Aspen, big toothed
<i>Quercus alba</i>	White oak
<i>Quercus borealis</i>	Northern red oak
<i>Quercus palustris</i>	Pin oak
<i>Quercus phellos</i>	Willow oak
<i>Quercus prinus</i>	Chestnut oak
<i>Quercus rubra</i>	Red oak
<i>Tilia americana</i>	Basswood

(3/26/87)

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 1
Special Garment Center District**

(12/20/18)

**121-00
GENERAL PURPOSES**

The “Special Garment Center District” established in this Resolution is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to retain adequate wage and job-producing industries within the Garment Center;
- (b) to provide an opportunity for apparel production and showroom space in designated areas of the Garment Center;
- (c) to preserve a variety of types of space for a diversity of businesses that service the Garment Center and the city;
- (d) to recognize the unique character of the western edge of the Special District as integral to the adjacent Special Hudson Yards District;
- (e) to establish an appropriate urban scale and visual character within the Garment Center;
and
- (f) to promote the most desirable use of land within the district, to conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(10/7/21)

**121-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Garment Center District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded,

supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(12/20/18)

**121-02
District Plan**

The regulations of this Chapter are designed to implement the #Special Garment Center District# Plan. The District Plan includes the following map:

Special Garment Center District and Subdistricts

The map is located in Appendix A of this Chapter and is hereby incorporated and made an integral part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

(12/20/18)

**121-03
Subdistricts**

In order to carry out the purposes and provisions of this Chapter, two Subdistricts, A1 and A2 are established within the #Special Garment Center District#. The location of the Subdistricts is shown on the map (Special Garment Center District and Subdistricts) in Appendix A of this Chapter.

(12/20/18)

**121-10
SPECIAL USE REGULATIONS**

The #use# regulations of the applicable underlying district shall apply except as set forth in this Section.

(6/6/24)

121-11

Transient Hotels and Offices

For a #building# subject to the provisions of Section 121-60 (ANTI-HARASSMENT AND DEMOLITION REGULATIONS IN SUBDISTRICT A-2) and for which #HPD# issued a #certification of no harassment# that was in effect on June 11, 2018, a special permit pursuant to Section 74-152 (In Commercial Districts) shall not be required where such #building# is #enlarged# and a portion of which is subsequently converted to #residences# pursuant to Article I, Chapter 5 (Residential Conversions Within Existing Buildings), provided all new #transient hotel# rooms shall be located in the #enlarged# portion of such #building#, and except for #transient hotel# lobbies and #accessory# #uses# located below the floor level of the second #story#, the non-#enlarged# portion of such #building# shall contain only permanently affordable #residences# pursuant to a #regulatory agreement# enforceable by #HPD#.

In Subdistrict A-2, any #development# or #enlargement# that includes #uses# listed under Offices in Use Group VII, #developed# or #enlarged# after January 19, 2005, shall be permitted only pursuant to Section 93-13 (Special Office Use Regulations).

(6/6/24)

121-12

C6-4M Districts in Subdistrict A-2

In the C6-4M District located within Subdistrict A-2, for #buildings# existing on January 19, 2005, the #use# regulations of the underlying district shall be modified as follows:

- (a) For #buildings# with less than 70,000 square feet of #floor area#, the provisions of Section 15-20 (REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN C6-2M, C6-4M, M1-5M AND M1-6M DISTRICTS), inclusive, shall not apply to the #conversion# of non-#residential# #floor area# to #residences#. In lieu thereof, Section 15-10 (REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN RESIDENCE AND COMMERCIAL DISTRICTS, EXCEPT C6-2M AND C6-4M DISTRICTS), inclusive, shall apply; and
- (b) for #buildings# with 70,000 square feet or more of #floor area#, the #conversion# of non-#residential# #floor area# to #residences#, or to college or school student dormitories and fraternity or sorority student houses shall not be permitted.
- (c) The following #uses# shall be allowed:

From Use Group IX

All #uses# listed under Use Group IX(A) that are permitted in a C8 District

From Use Group X

All #uses# listed under Use Group X that are permitted in a C8 District.

(6/6/24)

121-13

M1-6 District in Subdistrict A-1

In the M1-6 District located within Subdistrict A-1, #uses# listed under Use Groups IV(B), IX and X shall be limited to those permitted within M1 Districts in #Special Mixed Use Districts#, as set forth in Section 123-21 (Modifications to M1 Use Regulations), inclusive.

(12/20/18)

121-20

SIGN REGULATIONS

In the #Special Garment Center District#, all #signs# shall be subject to the regulations applicable in C6-4 Districts, as set forth in Section 32-60 (SIGN REGULATIONS). However, in Subdistrict A-2, #flashing signs# shall not be permitted.

(12/20/18)

121-30

SPECIAL BULK REGULATIONS WITHIN SUBDISTRICT A-1

The following special #bulk# regulations shall apply within Subdistrict A-1, as shown in Appendix A of this Chapter.

(12/20/18)

121-31

Maximum Permitted Floor Area Within Subdistrict A-1

The basic maximum #floor area ratio# of a #zoning lot# shall be as specified for the underlying district in Section 43-12 (Maximum Floor Area Ratio) and may be increased only pursuant to Section 43-13 (Floor Area Bonus for Public Plazas). No #public plaza#, or any part thereof, shall be permitted on or within 100 feet of a #wide street#. The provisions of Section 43-14 (Floor Area Bonus for Arcades) shall not apply.

(12/20/18)

121-32

Height of Street Walls and Maximum Building Height Area Within Subdistrict A-1

In Subdistrict A-1, the underlying height and setback regulations set forth in Sections 43-43 (Maximum Height of Front Wall and Required Front Setbacks) and 43-44 (Alternate Front Setbacks) shall not apply. In lieu thereof, the following provisions shall apply:

(a) #Street wall# location

The #street wall# of any #building# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to at least the maximum base height specified in paragraph (b) of this Section. On the ground floor, recesses shall be permitted where required to provide access to the #building#, provided such recesses do not exceed three feet in depth as measured from the #street line#. In addition, the #street wall# location provision of this paragraph shall not apply along such #street line# occupied by a #public plaza# as set forth in Section 37-70 (PUBLIC PLAZAS).

(b) Base height

(1) Along #wide streets#

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 125 feet and may rise to a maximum base height of 155 feet.

However, where the height of an existing adjacent #street wall# fronting on the same #street line# rises to a height exceeding 155 feet before setback, the maximum base height may be increased to the height of such existing adjacent #street wall# but shall not exceed a base height of 205 feet. In addition, where existing adjacent #street walls# on both sides of the #building# rise to a height exceeding 155 feet before setback, the maximum base height of such #building# may be increased to the higher of the two existing adjacent #street walls#, except in no instance shall the base height of such #building# exceed 205 feet.

(2) Along #narrow streets#

On #narrow streets#, beyond 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 85 feet and may rise to a maximum base height of 135 feet.

As an alternative, the minimum and maximum base heights applicable to a #wide street# may be applied along a #narrow street# beyond 50 feet of a #wide street#, up to a maximum of 100 feet from such #wide street#.

(c) Required setbacks

(1) Along #wide streets#

For #buildings#, or portions thereof, located on #wide streets# and on #narrow streets# within 100 feet of a #wide street#, the portion of such #building# above the applicable maximum base height set forth in paragraph (b)(1) of this Section, shall be set back from the #street wall# of the #building# at least 10 feet along a #wide street# and at least 15 feet along a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#. Above such required setback, any portion of a #building# on the #zoning lot# shall be considered a “tower.”

(2) Along #narrow streets#

For #buildings#, or portions thereof, located on #narrow streets# beyond 100 feet of a #wide street#, the portion of such #building# above the applicable maximum base height set forth in paragraph (b)(2) of this Section shall be set back from the #street wall# of the #building# at least 15 feet along a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#. Above such required setback, any portion of a #building# on the #zoning lot# shall be considered a “tower.”

(d) Tower Regulations

Each #story# of a tower above the required setback shall not exceed a maximum #lot coverage# of 40 percent of the #lot area# of a #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percent set forth in Section 43-451 (Towers on small lots).

(e) Maximum #building# height

No height limit shall apply to towers.

(12/20/18)

121-40

SPECIAL BULK REGULATIONS WITHIN SUBDISTRICT A-2

The following special #bulk# regulations shall apply within Subdistrict A-2, as shown on the map in Appendix A of this Chapter.

(10/7/21)

121-41

Maximum Permitted Floor Area Within Subdistrict A-2

The basic maximum #floor area ratio# of a #zoning lot# containing non-#residential buildings# shall be 10.0 and may be increased to a maximum #floor area ratio# of 12.0 pursuant to Section 93-31 (District Improvement Fund Bonus). Such #zoning lot# may also contain #residences# within #buildings# existing on January 19, 2005, provided that such #buildings# are not #enlarged# after such date. For #zoning lots# containing #residences# within a #building# that is #developed# or #enlarged# on or after January 19, 2005, the basic maximum #floor area ratio# shall be 6.5. The #floor area ratio# of any such #zoning lot# may be increased from 6.5, pursuant to Section 93-31, and pursuant to Section 23-90 (INCLUSIONARY HOUSING), as modified by Section 93-23 (Modifications of Inclusionary Housing Program), provided that for every five square feet of #floor area# increase pursuant to Section 93-31, there is a #floor area# increase of six square feet pursuant to Section 23-90, as modified by Section 93-23, inclusive. The maximum #residential# #floor area ratio# shall be 12.0.

For the #conversion# to #dwelling units# of non-#residential buildings#, or portions thereof, where the total #floor area# on the #zoning lot# to be #converted# to #residential use# exceeds a #floor area ratio# of 12.0, such excess #floor area# shall be permitted only pursuant to Section 93-31.

For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). As a pre-condition to applying for such #floor area# bonus, the applicant shall demonstrate that a #floor area ratio# of no less than 0.1 of the maximum #floor area ratio# pursuant to Section 93-31 or Section 93-23, has been achieved prior to, or in conjunction with, the application. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(12/6/23)

121-42

Height of Street Walls and Maximum Building Height Within Subdistrict A-2

(a) Height of #street walls#

The #street wall# of any #building# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain. Such #street wall# shall rise without setback to a minimum base height of 80 feet and a maximum base height of 90 feet before setback. However, if the height of an adjacent #street wall# fronting on the same #street line# is higher than 90 feet before setback, the #street wall# of the new or #enlarged# #building# may rise without setback to the height of such adjacent #street wall#, up to a maximum height of 120 feet.

For #zoning lots#, or portions thereof, with #street# frontage of 25 feet or less and existing on June 29, 2010, a minimum base height lower than 80 feet shall be permitted along such #street# frontage in accordance with the following provisions:

- (1) where the height of an adjacent #street wall# fronting on the same #street line# is at least 60 feet and less than 80 feet, the #street wall# of the new or #enlarged# #building# may rise without setback to the height of such adjacent #street wall#; or
- (2) where the height of an adjacent #street wall# fronting on the same #street line# is less than 60 feet, the #street wall# of the new or #enlarged# #building# may rise without setback to a minimum #street wall# height of 60 feet.

The #street wall# of any #building# may rise to a height less than the minimum base height required pursuant to this paragraph (a), provided that no #building# on the #zoning lot# exceeds such height, except where such #building# is located on a #zoning lot# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding the minimum base height required pursuant to this paragraph (a).

(b) Maximum #building# height

Above a height of 90 feet or the height of the adjacent #street wall# if higher than 90 feet, no portion of a #building or other structure# shall penetrate a #sky exposure plane# that begins at a height of 90 feet above the #street line#, or the height of the adjacent #street wall# if higher than 90 feet, and rises over the #zoning lot# at a slope of four feet of vertical distance for each foot of horizontal distance to a maximum height limit of 250 feet, except as provided below:

- (1) any portion of the #building or other structure# #developed# or #enlarged# pursuant to the tower regulations of Sections 33-45 (Tower Regulations) or 35-64 (Special Tower Regulations for Mixed Buildings), as applicable, may penetrate the #sky exposure plane#, provided no portion of such #building or other structure# exceeds the height limit of 250 feet; and

- (2) permitted obstructions, as listed in Section 33-42, may penetrate the #sky exposure plane# and the height limit of 250 feet. In addition, a dormer, as listed in paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts), may penetrate the #sky exposure plane#.

On a #zoning lot# with frontage of at least 200 feet along at least one #street#, up to 20 percent of the #aggregate width of the street wall# facing such #street#, for a maximum width of 50 feet, may be recessed to a maximum depth of 15 feet from the #street line#, provided the recessed area is located a minimum of 20 feet from an adjacent #building# and that a minimum of 60 percent of such area is planted with any combination of grass, ground cover, shrubs, trees or other living plant material in the ground or in planters permanently affixed to the ground.

(12/20/18)

**121-50
PARKING PROVISIONS FOR SUBDISTRICT A-2**

Within Subdistrict A-2, as shown on the map in Appendix A of this Chapter, the underlying parking provisions shall not apply. In lieu thereof, the parking regulations of the #Special Hudson Yards District#, as set forth in Section 93-80 (OFF-STREET PARKING REGULATIONS) shall apply.

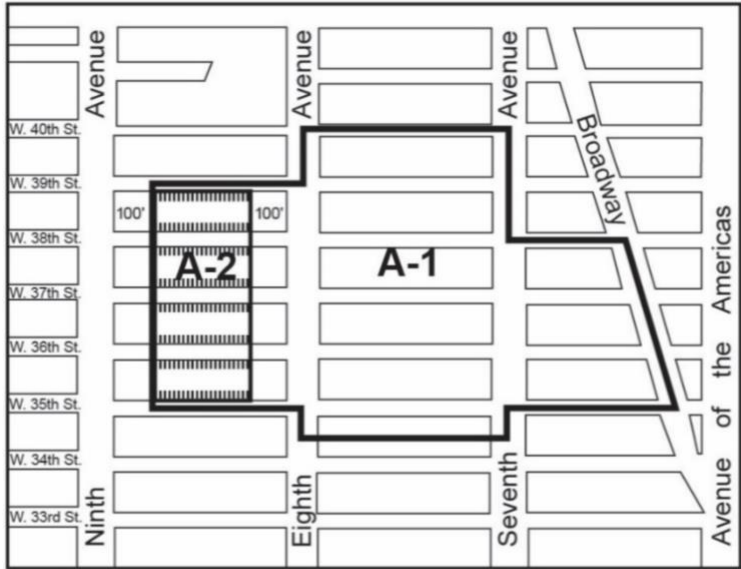

(12/20/18)

**121-60
ANTI-HARASSMENT AND DEMOLITION REGULATIONS IN SUBDISTRICT A-2**

In Subdistrict A-2, the provisions of Section 93-90 (HARASSMENT) and Section 93-91 (Demolition), inclusive, shall apply.

(12/20/18)

**Appendix A
Special Garment Center District and Subdistricts**

(9/28/89)

ARTICLE XII SPECIAL PURPOSE DISTRICTS

Chapter 2 Special Grand Concourse Preservation District

(9/28/89)

122-00 GENERAL PURPOSES

The "Special Grand Concourse Preservation District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- (a) to protect the existing scale and form of development and the traditional residential character of the Grand Concourse including desirable design features of certain buildings through the establishment of design guidelines for renovation or alteration;
- (b) to encourage new development which is in keeping with the scale and character of the area by providing for street wall continuity and bulk regulations consistent with existing development along the Grand Concourse;
- (c) to preserve and enhance the residential character of the Grand Concourse by limiting ground floor retail and commercial uses to certain specified locations;
- (d) to regulate the location of retail and commercial signage; and
- (e) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

(2/2/11)

122-01 Definitions

Display window

A "display window" is a window or opening in the exterior wall of any portion of a #building#

which is glazed with tinted or transparent material and which is used to display merchandise, services or business.

Sign band

A "sign band" is a horizontal band which extends the full length of the #street wall# of a #building#, and is located between 8 feet and 14 feet above #curb level#.

(10/7/21)

122-02 General Provisions

Except as modified by the express provisions of the #Special Grand Concourse Preservation District#, the regulations of the underlying zoning districts shall remain in effect.

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(3/26/92)

122-03 District Plan

- (a) In the District Plan as shown in Appendix A, the following areas have been designated as the Residential Preservation Area:
 - (1) all areas in R8 Districts including areas mapped C1 within these R8 Districts which are:
 - (i) within 100 feet of the westerly #street line# of the Grand Concourse between East 153rd Street and Mosholu Parkway; and
 - (ii) within 100 feet of the easterly #street line# of the Grand Concourse between East 153rd Street and a point parallel to and 150 feet north of East 166th Street, and between McClellan Street and Mosholu Parkway;
 - (2) an area partly in R8 and C1 Districts with a depth of 100 feet from the west side of the #street line# of Walton Avenue between East 161st and East 164th Streets;

and

- (3) an area in R8 Districts with a depth of 100 feet from the east side of the #street line# of Anthony Avenue between East 181st Street and East 182nd Street.

Within the Residential Preservation Area in R8 Districts, the following three commercial sub-areas have special #use# and #bulk# regulations:

- (i) Limited Commercial Areas
- (ii) Commercial Extension Areas
- (iii) Commercial Infill Sites

- (b) The location of these sub-areas is described below:

- (1) Limited Commercial Areas

The following areas with a depth of 50 feet from the #street line# of the Grand Concourse are designated on the District Plan (Appendix A) as Limited Commercial Areas:

- (i) on the west side of the Grand Concourse from the south side of East 176th Street to a point 25 feet north of Henwood Place;
- (ii) on the west side of the Grand Concourse from a point 40 feet north of Bush Street to the south side of Burnside Avenue;
- (iii) on the west side of the Grand Concourse from 100 feet north of East 180th Street to a point 180 feet south of East 183rd Street; and
- (iv) on the east side of the Grand Concourse from the north side of East 182nd Street to a point 180 feet south of East 183rd Street.

- (2) Commercial Extension Areas

Along certain cross-streets within the Residential Preservation Area, extensions of existing #Commercial Districts# up to the Grand Concourse to a depth of 100 feet measured perpendicularly from the #street line# of such cross-streets, are designated as Commercial Extension Areas on the District Plan (Appendix A). These extension areas are located along the following #streets#:

- (i) the north and south sides of East 165th Street, west of the Grand Concourse;
- (ii) the north and south sides of East 167th Street, east of the Grand

Concourse;

- (iii) the north and south sides of East 170th Street, east and west of the Grand Concourse; and
- (iv) the north and south sides of Mount Eden Avenue, west of the Grand Concourse.

(3) Commercial Infill Sites

All tax lots listed in Table A in Section 122-10 which contain #buildings# designed for non-#residential uses# in Use Groups 6 or 7 or where such #buildings# existed as of July 1, 1981 are designated as Commercial Infill Sites on the District Plan (Appendix A).

(6/6/24)

**122-10
SPECIAL USE REGULATIONS**

In order to preserve the residential character of the Special District, the applicable #use# regulations of the underlying districts are modified, as follows:

- (a) Within the Limited Commercial Areas, #uses# listed under Use Group VI that would be permitted in a C2 District, or #uses# included under Offices in Use Group VII, shall be permitted, provided they are located only on the ground floor of an existing or new #building# containing #residential# or #community facility uses#. All existing or new #commercial# #uses# shall be directly accessible only from the #street#. Any existing #commercial# #use# which fails to provide direct access from a #street# shall be terminated one year after September 28, 1989.
- (b) On a cross-street within the Commercial Extension Areas, #uses# listed under Use Group VI that would be permitted in a C2 District, or #uses# included under Offices in Use Group VII shall be permitted to occupy the ground floor of an existing or new #building# containing #residential# or #community facility uses#. Such ground floor #commercial# #uses# may be permitted to #extend# up to the Grand Concourse on the #basement# level of a #building#, provided that such #commercial# #uses# are accessible only from a cross-street which intersects the Grand Concourse. No direct or indirect access to such #commercial# #uses# is permitted from the Grand Concourse.
- (c) Any #commercial# #use# which lawfully existed on or before July 1, 1981, on any Commercial Infill Site listed in Table A, shall be considered conforming and may be changed to a #use# listed under Use Group VI that would be permitted in a C2 District, or #uses# included under Offices in Use Group VII, or to a #use# which previously

occupied the space lawfully on or before July 1, 1981, except that expansion or re-occupancy of #floor area# to a retail #use# listed under Use Group VI shall be restricted to the ground floor of the #building#.

However, if a #building# on a Commercial Infill Site contains an entrance from the Grand Concourse as well as from the cross-street running underneath the Concourse, such entrance floors at both #street# levels may be occupied by retail #uses# listed under Use Group VI if they were in existence prior to July 1, 1981, as a lawful #use#. In those cases, the #use# of the remaining #stories# of such #building# shall be limited to #uses# included under Offices in Use Group VII.

TABLE A
COMMERCIAL INFILL SITES

Tax Block Number	Tax Lot Number	Address	Type of #Building#
2468	1	851 Grand Concourse	Courthouse
2821	11	1526 Grand Concourse	1 #story# #commercial#
2821	13	1540 Grand Concourse	Vacant lot
2822	27	1775 Grand Concourse	Telephone Co. #building#
2795	14	1780 Grand Concourse	Office #building#/garage
2805	23	1845 Grand Concourse	1 #story# #commercial#
2801	7	1850 Grand Concourse	2 #story# #commercial#
2808	44	1963 Grand Concourse	Funeral home
2808	82	2029-2043 Grand Concourse	1 #story# #commercial#
3161	25	2101 Grand Concourse	1 #story# #commercial#
3157	32	2202-2206 Grand Concourse	1 #story# #commercial#
3163	40	2231-2233 Grand Concourse	1 #story# #commercial#
3158	16	2262-2268 Grand Concourse	1 #story# #commercial#

3163	38	2235-2239 Grand Concourse	1 #story# #commercial#
3307	68	3000 Grand Concourse	Funeral home
3315	51	2833-2843 Grand Concourse	1 #story# #commercial#
2808	82	148 E. Burnside Avenue	1 #story# #commercial#

- (d) For the purposes of this Chapter, any non-#residential uses# permitted pursuant to paragraphs (a) through (c) of this Section shall be located only on a #story# below the lowest #story# occupied by a #residential use#, except that this limitation shall not preclude the location of any such non-#residential use# below the level of the first #story# ceiling.

(9/14/16)

**122-20
SPECIAL SIGN REGULATIONS**

In order to enhance the visual quality of the Special District, the applicable #sign# regulations of the underlying districts are modified, as follows:

- (a) Within the Limited Commercial Areas, only one #sign#, other than an #advertising sign#, with a surface area not exceeding 12 square feet, shall be permitted per #commercial# #use#. Such #signs# shall be located in a #sign band#, on the flap of a canopy, or as allowed under paragraph (d) of this Section. The height of such #signs# shall be not more than 24 inches and the letter sizes shall be restricted to a height of 12 inches. Except as provided in paragraph (d), all such #signs# may not project from the vertical surface of a #building# more than 18 inches.
- (b) Within the Commercial Extension Areas, no #signs# and no #display windows# shall be permitted on a #building or other structure# within 50 feet of the Grand Concourse. #Commercial# #uses# which are located on a cross-street beyond a distance of 50 feet from the Grand Concourse #street line#, shall comply with the #sign# regulations applicable to the underlying #Commercial District#.
- (c) On Commercial Infill Sites, the maximum surface area to be occupied by a #sign#, other than an #advertising sign#, shall be three square feet for every five feet of store frontage or 12 square feet, whichever is greater. Such #signs# shall be located in a #sign band# or on the flap of a canopy, or as allowed under paragraph (d). On portions of Commercial Infill Sites more than 50 feet from the Grand Concourse, the signage regulations of a C1 District shall apply.

- (d) Except in C1 Districts, no #sign# may be located so as to obscure any decorative lintel, cornice or other architectural detail. In the event that compliance with this requirement does not provide adequate surface area for the allowable #sign#, as defined in paragraph (a) of this Section, a projecting #sign# may be permitted by the Commissioner of Buildings provided that no such #sign# shall project from the vertical surface of a #building# more than 18 inches.
- (e) Except in C1 Districts, no banners, pennants, #flashing# or #illuminated signs# shall be permitted anywhere within the Special District. In addition, within Commercial Infill Sites north of the Cross Bronx Expressway, as shown on the map in Appendix A of this Chapter, #signs with indirect illumination# shall be permitted on the Grand Concourse #street# frontage of a #building#.
- (f) Within the Limited Commercial Areas, Commercial Infill Sites, and Commercial Extension Areas within 50 feet of the Grand Concourse, window graphics shall occupy not more than 20 percent of a window. Display lettering more than three inches high shall be considered as a #sign#.
- (g) All lawfully existing #non-conforming# #signs# located within the Special District shall be terminated one year after September 28, 1989.

(2/2/11)

122-30 SPECIAL BULK REGULATIONS

In order to preserve the scale and character of the Grand Concourse, the #bulk# regulations of the underlying R8 District and the C1 or C2 Districts mapped within such R8 District shall be inapplicable to any #residential# or #community facility# #developments# or #enlargements# located within the Special District.

In lieu thereof, such #developments# or #enlargements# shall comply with the regulations of an R8X District, including Article II, Chapter 8.

If a #commercial# #development# is constructed on a vacant Commercial Infill Site previously occupied by a #commercial building# on or before July 1, 1981, or an existing #commercial building# located on a Commercial Infill Site is replaced by a #commercial# #development#, the height, #lot coverage# and #floor area# of the #commercial# #development# shall not exceed the height, #lot coverage# and #floor area# of the #building# it replaced. However, if a #residential# or #community facility building# is constructed on any Commercial Infill Site or when such sites become a part of the adjoining #zoning lot#, it shall be subject to the R8X District regulations. No #mixed buildings# or #enlargement# of existing #buildings# shall be permitted on any Commercial Infill Sites.

(9/28/89)

122-40

SPECIAL REGULATIONS FOR LOCATION OF NEW DOORS AND WINDOWS

If any new doors or windows are installed on the exterior walls of a #building#, they shall be uniform in width and shall be aligned with existing doors and windows.

(2/2/11)

122-50

SPECIAL PROVISIONS FOR PLANTING STRIPS

For #developments# or #enlargements#, there shall be a strip of continuous planting at grade of not less than three feet in width along the entire front wall of such #development# or such #building# that is #enlarged#. In the event a #building# is constructed within three feet of the #street line#, the owner of the #building# shall apply to the Bureau of Highway Operations for permission to locate a portion of such planting strips on a public sidewalk within the #street line#. A copy of such application shall be submitted with the new building application when filed at the Department of Buildings. Such sidewalk planting requirement may be waived by the Department of Buildings only upon receipt of written disapproval by the Department of Transportation.

(2/2/11)

122-60

SPECIAL ACCESSORY OFF-STREET PARKING REGULATIONS

In the Residential Preservation Area, the parking requirements of the underlying districts shall be inapplicable. In lieu thereof, the #accessory# off-street parking regulations of R8X Districts shall apply to #developments# or #enlargements#.

If a #commercial# #development# is constructed on a vacant Commercial Infill Site previously occupied by a #commercial building# on or before July 1, 1981, or an existing #commercial building# located on a Commercial Infill Site is replaced by a #commercial# #development#, the number of #accessory# off-street parking spaces provided by the #commercial# #development# shall be equal to or greater than the number of #accessory# off-street parking spaces provided by the #building# it replaced.

(9/28/89)

122-70

SPECIAL PROVISIONS FOR ZONING LOTS DIVIDED BY DISTRICT BOUNDARIES

Notwithstanding any other provisions of this Resolution, whenever a #zoning lot# existing on September 28, 1989, is divided by a boundary between a district to which R8X District regulations apply and one to which R8 District regulations apply, the provisions of an R8X District shall apply to the entire #zoning lot#.

(9/28/89)

122-80

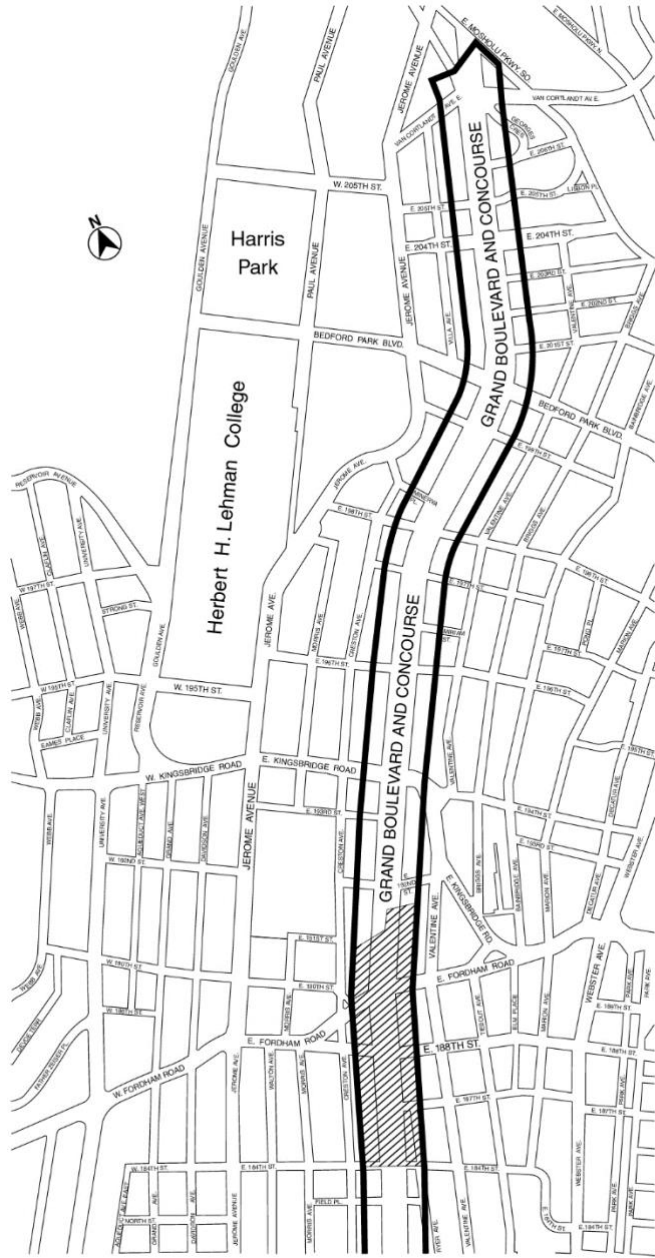

EXCLUDED AREAS

The regulations set forth in this Chapter shall not apply to C4 Districts and C8 Districts located within the #Special Grand Concourse Preservation District#.

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 3
Special Mixed Use District**

(12/10/97)

**123-00
GENERAL PURPOSES**

The “Special Mixed Use District” regulations established in this Chapter of the Resolution are designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage investment in mixed residential and industrial neighborhoods by permitting expansion and new development of a wide variety of uses in a manner ensuring the health and safety of people using the area;
- (b) to promote the opportunity for workers to live in the vicinity of their work;
- (c) to create new opportunities for mixed use neighborhoods;
- (d) to recognize and enhance the vitality and character of existing and potential mixed use neighborhoods; and
- (e) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings and thereby protect City tax revenues.

(10/7/21)

**123-10
GENERAL PROVISIONS**

The provisions of this Chapter shall apply within the #Special Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites# or #qualifying

transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

In #Special Mixed Use Districts#, an M1 District is paired with a #Residence District#, as indicated on the #zoning maps#.

The designated #Residence Districts# in #Special Mixed Use Districts# shall not include either an R1 or an R2 District.

(6/6/24)

123-11 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Accessory use

In addition to those “accessory uses” listed in Section 12-10 (DEFINITIONS), for the purposes of this Chapter, an #accessory use# shall also include a #dwelling unit# in connection with any #commercial#, #manufacturing# or #community facility# establishment permitted in #Special Mixed Use Districts#, pursuant to Section 123-20 (SPECIAL USE REGULATIONS), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

For the purposes of this Chapter, the #home occupation# provisions of Section 12-10 shall apply, except that a #home occupation# may occupy more than 1,000 square feet of #floor area# and up to three persons not residing in the #dwelling unit# or #rooming unit# may be employed.

Mixed use building

For the purposes of this Chapter, a “mixed use building” is a #building# in the #Special Mixed Use District# used partly for #manufacturing#, #commercial# or #community facility# #use# and partly for #residential use#.

(6/6/24)

123-12

Special Provisions for Applying Certain Underlying Regulations to MX Districts

For the purposes of determining the applicability of underlying adjacency regulations to #zoning lots# adjoining or within close proximity to district boundaries, M1 Districts paired with #residence districts# shall be considered C6 Districts.

(6/6/24)

123-20

SPECIAL USE REGULATIONS

In #Special Mixed Use Districts#, all #uses# permitted in the designated #residence district# and all #uses# permitted in the designated M1 District, as set forth in any other provision of this Resolution other than Special Purpose Districts, shall be permitted, except as superseded, modified or supplemented by this Section, inclusive, and Section 123-40 (SIGN REGULATIONS).

(6/6/24)

123-21

Modifications to M1 Use Regulations

In #Special Mixed Use Districts#, the regulations for M1 Districts are modified as follows:

(a) Use Group IV

The provisions of M1 Districts set forth in Section 42-14 (Use Group IV – Public Service Facilities and Infrastructure), inclusive, shall apply, except that for #uses# listed under Use Group IV(B), the provisions of C7 Districts set forth in Section 32-14 (Use Group IV – Public Service Facilities and Infrastructure), inclusive, shall apply.

(b) Use Group VI

The provisions of M1 Districts set forth in Section 42-16 (Use Group VI – Retail and Services), inclusive, shall apply, except that for #uses# listed in paragraph (c) of Section 42-163 (Use Group VI – uses subject to additional conditions), the provisions of Section 123-22 (Additional Conditions for Certain Uses) shall apply.

(c) Use Group IX

The provisions of M1 Districts set forth in Section 42-19 (Use Group IX – Storage), inclusive, shall apply, except that all #uses# listed under Use Group IX(B) shall not be permitted. In addition, the storage of substances in quantities required to file a Risk Management Plan for Extremely Hazardous Substances shall be subject to the provisions of Section 123-22 (Additional Conditions for Certain Uses).

(d) Use Group X

The provisions of C7 Districts set forth in Section 32-20 (Use Group X – Production Uses), inclusive, shall apply, except that:

- (1) the size limitations on the ground floor, as set forth in paragraph (b) of Section 32-202 (Use Group X – uses subject to size limitations) shall not apply; and
- (2) the additional conditions of Section 32-203 (Use Group X – additional conditions) shall be superseded by the provisions of Section 123-22 (Additional Conditions for Certain Uses).

(6/6/24)

123-22

Additional Conditions for Certain Uses

The following shall apply to #commercial# and #manufacturing# #uses# subject to the provisions of this Section pursuant to Section 123-21:

(a) Performance standards

All applicable #commercial# and #manufacturing# #uses# shall conform to the performance standards for M1 Districts as set forth in Section 42-40 (PERFORMANCE STANDARDS) through 42-48 (Performance Standards Regulating Humidity, Heat or Glare), inclusive.

(b) Additional standards for #buildings# containing #residences# or certain community facility #uses#

All applicable #commercial# and #manufacturing# #uses# may only locate in the same #building# as, or share a common wall with a #building# containing a #residence# or a #community facility use# with sleeping accommodations:

- (1) where such #commercial# or #manufacturing# #use#:

- (i) does not have a New York City or New York State environmental rating of “A”, “B” or “C” under Section 24–153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
 - (ii) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances; or
- (2) In MX-19, upon the submission to the Department of Buildings of a copy of a restrictive declaration, in a form acceptable to the Department of Environmental Protection, that has been executed and recorded in the Office of the City Register against all tax lots with such #use#, binding the owners, successors, and assigns to provide any building design requirements consistent with the underlying zoning as may be approved by the Department of Environmental Protection to protect residents of such #building# from air contaminants, odors, vibrations, or noise.

(6/6/24)

123-23

Ground Floor Streetscape Regulations

In #Special-Mixed Use Districts# the #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply.

(6/6/24)

123-24

Modification of Special Permit Requirements

In the event that provisions of this Resolution permit a #use# by special permit, authorization or certification in both designated M1 and #Residence Districts#, no more than one special permit, authorization or certification is required to permit any such #use# in the #Special Mixed Use District#.

In the event that a provision of this Resolution permits a #use# by special permit, authorization or certification in either a designated M1 or #Residence District# and another provision permits such #use# without a special permit, authorization or certification in the other designated district, no special permit, certification or authorization shall be required in the #Special Mixed Use District#. In such case, the #bulk# regulations of the district allowing the #use# as-of-right shall

control.

(12/10/97)

**123-30
SUPPLEMENTARY USE REGULATIONS**

(6/6/24)

**123-31
Provisions Regulating Location of Uses in Mixed Use Buildings**

In #Special Mixed Use Districts#, in any #building# or portion of a #building# occupied by #residential uses#, #commercial# or #manufacturing# #uses# may be located only on a #story# below the lowest #story# occupied by #dwelling units#, except that this limitation shall not preclude the:

- (a) extension of a permitted business #sign#, #accessory# to such non-#residential use#, to a maximum height of two feet above the level of a finished floor of the second #story#, but in no event higher than six inches below the lowest window sill on the second #story#;
- (b) location of #commercial# or #manufacturing# #uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units#, in #buildings# in existence on or prior to December 10, 1997, that are partially #converted# to #residential use# pursuant to paragraph (a) of Section 123-67 (Residential Conversion), or were previously so #converted# pursuant to Article I, Chapter 5 (Residential Conversion Within Existing Buildings); or
- (c) location of #commercial# or #manufacturing# #uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units#, provided that:
 - (1) no access exists between such #uses# at any level containing #dwelling units#; and
 - (2) the environmental requirements set forth in Section 32-423 shall be met where #commercial# or #manufacturing# #uses# are located above any #story# containing #dwelling units#.

(3/22/16)

123-32

Environmental Conditions

In #Special Mixed Use Districts#, all new #dwelling units# shall be provided with a minimum 35dB(A) of window wall attenuation to maintain an interior noise level of 45dB(A) or less, with windows closed, and shall provide an alternate means of ventilation. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected #building#, consistent with its authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or temporary or final certificate of occupancy.

(6/6/24)

123-33

Health and Fitness Establishments

In M1 Districts paired with a #Residence District#, high-intensity #uses#, as listed in the definition of #health and fitness establishments#, shall be subject to the enclosure and environmental conditions for C7 Districts set forth in Section 32-16 (Use Group VI – Retail and Services), inclusive.

(8/16/06)

123-40

SIGN REGULATIONS

In #Special Mixed Use Districts#, the provisions regulating #signs# in C6-1 Districts, as set forth in Section 32-60 (SIGN REGULATIONS), shall apply for any #sign#. For the purposes of applying such regulations in #Special Mixed Use Districts#, all references to #mixed buildings# shall include #mixed use buildings#.

In MX-9 Districts, the provisions of this Section shall apply, except that the City Planning Commission may permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions) and 32-65 (Permitted Projection or Height of Signs), provided the Commission finds that such #signs# are consistent with the character of the surrounding area. However, no modification shall be made to the applicable provisions of Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) relating to #flashing signs#.

(6/6/24)

123-50

MODIFICATION OF ARTICLE V, CHAPTER 2 (NON-CONFORMING USES)

In #Special Mixed Use Districts#, a #non-conforming use# may be changed only to a conforming #use#.

The following Sections of Article V, Chapter 2 (Non-conforming Uses), shall not apply: Sections 52-32 through 52-37, inclusive; Sections 52-43 through 52-45, inclusive; Sections 52-54, 52-56, 52-62, 52-72, 52-731, 52-732, 52-74, and 52-75.

(12/10/97)

123-60

SPECIAL BULK REGULATIONS

(3/22/16)

123-61

General Provisions

All #buildings or other structures# on #zoning lots# within the #Special Mixed Use District# shall comply with the #bulk# regulations of this Chapter.

In #Special Mixed Use Districts#, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential uses# in a #building or other structure#, and the #bulk# regulations set forth in paragraph (a) of Section 24-013 (Special provisions for certain community facility uses) shall apply to #buildings#, or portions thereof, containing #long-term care facilities#. The #bulk# regulations set forth in Article IV, Chapter 3, shall apply to all #manufacturing#, #commercial# and other #community facility uses# in a #building or other structure#. Exceptions to the applicability of such underlying #bulk# regulations are set forth in Sections 123-60 through 123-66, inclusive. Where, pursuant to paragraph (a) of Section 24-013, #buildings# containing #long-term care facilities# are required to utilize the #bulk# provisions applicable to #affordable independent residences for seniors#, the exceptions to the underlying #bulk# regulations set forth in this Chapter applicable to #affordable independent residences for seniors# shall also apply to #long-term care facilities#.

When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed use building#, the regulations set forth in this Section shall apply as if such #buildings# were a single #mixed use building#.

(3/22/16)

123-62

Maximum Floor Area Ratio for Community Facilities

The maximum #floor area ratio# permitted for a #community facility# #use# pursuant to Article IV, Chapter 3, shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for a #community facility use# shall be the maximum #floor area ratio# allowed for a #community facility use# pursuant to the designated #Residence District# regulations set forth in Section 24-10 (FLOOR AREA AND LOT COVERAGE REGULATIONS), inclusive. #Lot coverage# requirements shall not apply.

When the designated district is an R7-3 District, the maximum #floor area ratio# for a #community facility use# shall be 5.0.

When the designated district is an R9-1 District, the maximum #floor area ratio# for a #community facility use# shall be 9.0.

The provisions of this Section shall not apply on #waterfront blocks#, as defined in Section 62-11. In lieu thereof, the applicable maximum #floor area ratio# set forth for #community facility uses# in Section 62-30 (SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

(11/22/22)

123-63

Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Only Residential Buildings in R6, R7, R8 and R9 Districts

Where the designated #Residence District# is an R6, R7, R8 or R9 District, the minimum required #open space ratio# and maximum #floor area ratio# provisions of Section 23-151 (Basic regulations for R6 through R9 Districts) shall not apply. In lieu thereof, all #residential buildings#, regardless of whether they are required to be #developed# or #enlarged# pursuant to the Quality Housing Program, shall comply with the maximum #floor area ratio# and #lot coverage# requirements set forth for the designated district in Sections 23-153 (For Quality Housing buildings) or 23-155 (Affordable independent residences for seniors), as applicable.

Where the designated district is an R7-3 District, the maximum #floor area ratio# shall be 5.0 and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 100 percent on a #corner lot#.

Where the designated district is an R9-1 District, the maximum #floor area ratio# shall be 9.0, and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 100 percent on a #corner lot#.

The provisions of this Section shall not apply on #waterfront blocks#, as defined in Section 62-11. In lieu thereof, the applicable maximum #floor area ratio# and #lot coverage# requirements set forth for #residential uses# in Sections 62-30 (SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

However, in #Inclusionary Housing designated areas# and #Mandatory Inclusionary Housing areas#, as listed in the table in this Section, the maximum permitted #floor area ratio# shall be as set forth in Section 23-154 (Inclusionary Housing). The locations of such districts are specified in APPENDIX F of this Resolution.

#Special Mixed Use District#	Designated #Residence District#
MX-1 – Community District 1, The Bronx	R6A R7D
MX 2 – Community District 2, Brooklyn	R7A R8A R8X
MX 4 – Community District 3, Brooklyn	R6A
MX 8 – Community District 1, Brooklyn	R6 R6A R6B R7A R7D
MX 11 – Community District 6, Brooklyn	R7-2
MX 13 – Community District 1, The Bronx	R6A R7A R7X R8A
MX 14 – Community District 6, The Bronx	R7A R7X
MX 16 – Community Districts 5 and 16, Brooklyn	R6A R7A R7D R8A
MX 18 – Community District 1, The Bronx	R7X
MX 19 – Community District 16, Brooklyn	R6A R7A
MX 20 – Community District 8, Brooklyn	R7A
MX 22 – Community District 4, Brooklyn	R7D
MX 23 – Community District 1, Queens	R6A R7A
MX 24 – Community District 1, Queens	R6A R7-3 R7X R9 R9-1
MX 25 – Community District 6, Brooklyn	R6B

(4/20/16)

123-64

Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Mixed Use Buildings

For #zoning lots# containing #mixed use buildings#, the following provisions shall apply.

- (a) Maximum #floor area ratio#
 - (1) #Manufacturing# or #commercial# #uses#

The maximum #floor area ratio# permitted for #manufacturing# or #commercial# #uses# shall be the applicable maximum #floor area ratio# permitted for #manufacturing# or #commercial# #uses# under the provisions of Section 43-12, in accordance with the designated M1 District.

(2) #Community facility uses#

The maximum #floor area ratio# permitted for #community facility uses# shall be the applicable maximum #floor area ratio# permitted for #community facility uses# in #Residence Districts# under the provisions of Section 24-10 (FLOOR AREA AND LOT COVERAGE REGULATIONS), inclusive, in accordance with the designated #Residence District#.

(3) #Residential uses#

Where the #Residence District# designation is an R3, R4 or R5 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Section 23-14, inclusive, in accordance with the designated #Residence District#.

Where the #Residence District# designation is an R6, R7, R8, R9 or R10 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Section 123-63, in accordance with the designated #Residence District#.

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential use#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

However, in #Inclusionary Housing designated areas#, except within Waterfront Access Plan BK-1, the maximum #floor area ratio# permitted for #zoning lots# containing #residential# and #commercial#, #community facility# or #manufacturing uses# shall be the base #floor area ratio# set forth in Section 23-154 (Inclusionary Housing) for the applicable district. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in such Section only through the provision of #affordable housing#, pursuant to Section 23-90, inclusive.

(b) #Lot coverage# requirements

#Lot coverage# requirements shall not apply.

(2/2/11)

123-641

Floor area bonus for a public plaza or arcade in connection with mixed use buildings

Any #floor area# bonus for a #public plaza# or #arcade#, permitted under the applicable district regulations, shall apply to a #zoning lot# containing a #mixed use building#, provided that any given #public plaza# or #arcade# shall be counted only once in determining a bonus.

However, on #waterfront blocks#, as defined in Section 62-11, #floor area# bonuses for a #public plaza# or #arcade# shall not apply.

(7/26/01)

123-65

Special Yard Regulations

(7/26/01)

123-651

Special yard regulations for residential buildings

No #front yards# or #side yards# are required in #Special Mixed Use Districts#. However, for #residential buildings# other than #single-# or #two-family residences#, if any open area extending along a #side lot line# is provided at any level, such open area shall have a minimum width of eight feet.

(3/22/16)

123-652

Special yard regulations for mixed use buildings

No #front yards# or #side yards# are required in #Special Mixed Use Districts#. However, if any open area extending along a #side lot line# is provided at any level, such open area shall have a minimum width of eight feet; except, if the #mixed use building# contains no more than two #dwelling units#, the open area extending along a #side lot line# may be less than eight feet in

width at the level of the #dwelling unit#. For a #residential# portion of a #mixed use building#, the required #rear yard# shall be provided at the floor level of the lowest #story# containing #dwelling units# where any window of such #dwelling unit# faces onto such #rear yard#.

(4/22/09)

123-653
Special yard regulations applying on waterfront blocks

On #waterfront blocks#, as defined in Section 62-11, the #rear yard# regulations of Section 62-33 (Special Yard Regulations on Waterfront Blocks) shall apply. However, for #mixed use buildings#, the special #yard# regulations of Section 123-652 shall apply.

(4/22/09)

123-654
Special provisions applying along district boundaries

Along such portion of the #Special Mixed Use District# boundary that coincides with a #side lot line# of a #zoning lot# within an R1, R2, R3, R4 or R5 District, an open area not higher than #curb level# and with a width of at least eight feet shall be required within the #Special Mixed Use District#.

(3/22/16)

123-655
Special permitted obstructions in required yards or rear yard equivalents for affordable independent residences for seniors

A portion of a #building# used for #residential uses# other than #dwelling units# in #Quality Housing buildings# containing #affordable independent residents for seniors# on #zoning lots# meeting the criteria set forth in paragraph (a)(4) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall be a permitted obstruction within a #rear yard# or #rear yard equivalent# on #zoning lots# in #Special Mixed Use Districts# with R6 through R10 District designations, provided that the height of such #building# portion does not exceed one #story#, or 15 feet above the adjoining grade, whichever is less, and provided that such space shall be accessible to all residents of the #building#.

(6/6/24)

123-66

Height and Setback Regulations

The height of all #buildings or other structures# in #Special Mixed Use Districts# shall be measured from the #base plane#.

In #Special Mixed Use Districts# where the designated #Residence District# is an R3, R4 or R5 District, the provisions of Section 123-661 (Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations) shall apply. On #waterfront blocks#, as defined in Section 62-11, where the designated #Residence District# is R3, R4 or R5, the height and setback regulations of Section 62-34, inclusive, shall apply to #buildings and other structures#, except that for #mixed use buildings#, the height and setback regulations set forth in Section 123-661 shall apply.

In #Special Mixed Use Districts# where the designated #Residence District# is an R6 through R10 District, the provisions of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations) shall apply. However, in certain zoning districts in certain #Special Mixed Use Districts#, such provisions are modified by the special rules of Section 123-663 (Special rules for certain districts in certain Special Mixed Use Districts).

However, for M1 Districts with an A suffix paired with a #Residence District#, the applicable height and setback regulations shall be whichever regulations permit the tallest overall heights between the applicable #Manufacturing District# regulations set forth in Section 43-46, or the applicable #Residence District# regulations set forth in this Section, inclusive, depending on the particular M1 District and #Residence District# pairing.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

(7/26/01)

123-661

Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations

In #Special Mixed Use Districts# where the designated #Residence District# is an R3, R4 or R5 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply to #mixed use buildings#. In lieu thereof, no #building or other structure# shall exceed a height of 35 feet within 25 feet of a #street line#. Beyond 25 feet of a #street line#, no #building or other structure# shall exceed a height of 60 feet. Notwithstanding the foregoing, the provisions of

Sections 23-62, 24-51 and 43-42 (Permitted Obstructions) shall apply to any #mixed use building#.

(7/14/22)

123-662

All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations

In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply. In lieu thereof, all #buildings or other structures# shall comply with the height and setback regulations of this Section.

(a) Medium and high density non-contextual districts

In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District without a letter suffix, the height of a #building or other structure#, or portion thereof, located within 10 feet of a #wide street# or 15 feet of a #narrow street#, may not exceed the maximum base height specified in Table A of this Section, except for dormers permitted in accordance with paragraph (c) of this Section. Beyond 10 feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed the maximum #building# height specified in Table A. However, a #building or other structure# may exceed such maximum #building# height by four #stories# or 40 feet, whichever is less, provided that the gross area of each #story# located above the maximum #building# height does not exceed 80 percent of the gross area of that #story# directly below it.

TABLE A
HEIGHT AND SETBACK FOR ALL BUILDINGS IN MEDIUM AND HIGH DENSITY NON-CONTEXTUAL DISTRICTS

District	Maximum Base Height (in feet)	Maximum #Building# Height (in feet)
R6	60	110
R7-1 R7-2	60	135
R7-3	85	185
R8	85	210
R9	85	225
R9-1	90	280
R10	110	350

(b) Medium and high density contextual districts

In #Special Mixed Use Districts# where the #Residence District# designation is an R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9X, R10A or R10X District, the height and setback provisions of Section 23-662 shall apply. However, where the #Residence District# designation is an R6A, R6B, R7A, R7D, R8A or R8X District located outside the #Manhattan Core#, for #buildings# with #qualifying ground floors# utilizing the additional heights set forth in paragraph (b) of Section 23-662, the supplemental ground floor provisions set forth in paragraph (b)(2) of such Section shall be modified so that any permitted non-#residential use# in the #Manufacturing District# that is paired with such #Residence District# may be utilized to satisfy the ground floor #use# and depth requirements of Section 26-52 (Ground Floor Use and Depth Requirements). Where the #Residence District# designation is an R10X District, a tower may be provided in accordance with the provisions of Section 23-663. In addition, in all applicable districts, for #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), the height and setback provisions of paragraph (b) of Section 23-664 shall apply. Separate maximum #building# heights are set forth within Sections 23-662 and 23-664 for #Quality Housing buildings# with #qualifying ground floors# as well as for those with #non-qualifying ground floors#.

(c) Permitted obstructions and dormer provisions

Obstructions shall be permitted pursuant to Sections 23-62, 24-51 or 43-42. In addition, in all Districts, within a required setback area, a dormer may be provided in accordance with the provisions of paragraph (c)(1) of Section 23-621.

However, all #buildings or other structures# on #waterfront blocks#, as defined in Section 62-11, shall comply with the height and setback regulations set forth for the designated #Residence District# as set forth in Section 62-34 (Height and Setback Regulations on Waterfront Blocks), inclusive.

(7/14/22)

123-663

Special rules for certain districts in certain Special Mixed Use Districts

For zoning districts in certain #Special Mixed Use Districts# specified by this Section, the height and setback regulations of paragraphs (a) and (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations) shall be modified as follows:

(a) In R8X Districts within #Special Mixed Use District# 2:

- (1) the maximum #building# height for any #development# or #enlargement# that is not predominantly #commercial#, #manufacturing#, or a combination of #commercial# and #manufacturing#, shall be governed by the underlying maximum #building# height and setback regulations applicable to an R8A District. For the purposes of this provision, “predominantly” shall mean at least 75 percent of the #floor area# of a #building#; and
 - (2) in Historic Districts designated by the Landmarks Preservation Commission, the maximum base height of a #street wall# may vary between the maximum base height of this Section, and the height of the #street wall# of an adjacent #building# before setback, if such height is higher than such maximum base height. For the purposes of this paragraph, a #building# situated directly across a #street# from a #development# shall be considered an adjacent #building#.
- (b) In R7-2 Districts within #Special Mixed Use District# 15:
- (1) a #building or other structure#, or portion thereof, located within 10 feet of a #wide street# or 15 feet of a #narrow street#, shall rise to a minimum height of 60 feet, and may rise to a maximum height of 85 feet;
 - (2) at least 70 percent of the #aggregate width of street walls# shall be located on the #street line# and shall extend to the minimum base height of 60 feet or the height of the #building#, whichever is less. The remaining 30 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line#; and
 - (3) existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet without regard to the #street wall# location provisions of this paragraph. Beyond 10 feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed a maximum #building# height of 135 feet. However, a #building or other structure# may exceed a height of 135 feet by four #stories# or 40 feet, whichever is less, provided that the gross area of each #story# located above 135 feet does not exceed 80 percent of the gross area of that #story# directly below it.
- (c) In R6A Districts within #Special Mixed Use District# 23, where such R6A District is paired with an M1-5 District, the underlying height and setback regulations applicable to an R7A District shall apply.

(2/2/11)

123-67
Residential Conversion

- (a) The provisions of Article I, Chapter 5 (Residential Conversion Within Existing

Buildings) shall not apply in #Special Mixed Use Districts#, except as expressly set forth herein.

In #Special Mixed Use Districts#, in any community district in the City, the #conversion# to #residences# of non-#residential# portions of #buildings#, in existence on or prior to December 10, 1997, shall be permitted subject to Sections 15-11, 15-12 and 15-30, paragraph (b).

#Uses# in #buildings# in existence on or prior to December 10, 1997, containing both #residential# and non-#residential uses#, shall not be subject to the provisions of Section 123-31 (Provisions Regulating Location of Uses in Mixed Use Buildings).

For the purposes of applying paragraph (a) of Section 15-111 to #Special Mixed Use Districts# where the designated #Residence District# is an R3 District, the minimum #floor area# per #dwelling unit# applicable to R4 Districts shall apply.

- (b) The #conversion# to #residences# of non-#residential# portions of #buildings# constructed after December 10, 1997, shall comply with the special #bulk# regulations of this Chapter for new #residential# #development#.

(5/8/13)

123-70 PARKING AND LOADING

For #Special Mixed Use Districts# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply, and for #Special Mixed Use Districts# located within the #Long Island City area#, as defined in Section 16-02 (Definitions), the provisions of Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area), inclusive, shall apply. For all other #Special Mixed Use Districts#, the provisions of this Section, inclusive, shall apply.

(12/10/97)

123-71 Manufacturing and Commercial Uses

For #manufacturing# and #commercial# #uses#, the #accessory# off-street parking and loading regulations of the designated M1 District, as set forth in Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations), shall apply.

(4/14/10)

123-72

Residential and Community Facility Uses

For #residences# and #community facility uses#, the #accessory# off-street parking and loading regulations of the designated #Residence District#, as set forth in Article II, Chapter 5, shall apply, except that:

- (a) the provisions of Section 25-50 (RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES) shall not apply. In lieu thereof, the provisions of Section 44-30 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply to such #uses#; and
- (b) for #buildings# containing #residences# in #Special Mixed Use Districts#, in addition to the applicable #accessory# off-street parking and loading regulations set forth in Article II, Chapter 5, the provisions of Sections 44-46 (Accessory Off-street Parking Spaces in Public Parking Garages), 44-47 (Parking Lot Maneuverability and Curb Cut Regulations) and 44-48 (Parking Lot Landscaping) shall apply.

(2/2/11)

123-73

On Waterfront Blocks

For #uses# on #waterfront blocks#, as defined in Section 62-11, the special #accessory# off-street parking and loading regulations set forth in Section 62-40, inclusive, shall apply. When any #use# is permitted in both the designated #Residence District# and the designated M1 District, the #accessory# off-street parking and loading requirements applicable to the designated M1 District shall apply to such #use#.

(3/22/16)

123-80

MODIFICATION OF ARTICLE V, CHAPTER 4 (NON-COMPLYING BUILDINGS)

In Article V, Chapter 4 (Non-complying Buildings), Section 54-311 (Buildings containing rooming units), shall not apply.

(4/30/08)

123-81
Modification of Planting Strips

In #Special Mixed Use Districts#, the provisions of Section 26-42 (Planting Strips) shall not apply.

(11/22/22)

123-90
SPECIAL MIXED USE DISTRICTS SPECIFIED

The #Special Mixed Use District# is mapped in the following areas:

#Special Mixed Use District# - 1: (12/10/97)
Port Morris, The Bronx

The #Special Mixed Use District# - 1 is established in Port Morris in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 2: (7/29/09)
DUMBO, Brooklyn

The #Special Mixed Use District# - 2 is established in DUMBO in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 4: (5/9/01)
Flushing/Bedford, Brooklyn

The #Special Mixed Use District# - 4 is established in Flushing/Bedford in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 5: (1/30/02)
Red Hook, Brooklyn

The #Special Mixed Use District# - 5 is established in Red Hook in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 6: (7/23/08)
Hudson Square, Manhattan

The #Special Mixed Use District# - 6 is established in Hudson Square in Manhattan as

indicated on the #zoning maps#.

#Special Mixed Use District# - 7: (8/19/03)
Morrisania, The Bronx

The #Special Mixed Use District# - 7 is established in Morrisania in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 8: (5/11/05)
Greenpoint-Williamsburg, Brooklyn

The #Special Mixed Use District# - 8 is established in Greenpoint-Williamsburg in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 9: (8/16/06)
Northern Hunters Point Waterfront, Queens

The #Special Mixed Use District# - 9 is established in the Northern Hunters Point Waterfront in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 10: (10/29/07)
Atlantic and Howard Avenues, Brooklyn

The #Special Mixed Use District# - 10 is established on Atlantic and Howard Avenues in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 11: (3/11/09)
Gowanus, Brooklyn

The #Special Mixed Use District# - 11 is established in Gowanus in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 12: (10/27/10)
Borough Park, Brooklyn

The #Special Mixed Use District# - 12 is established in Borough Park in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 13: (6/30/09)
Lower Concourse, The Bronx

The #Special Mixed Use District# - 13 is established in the Lower Concourse in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 14: (10/13/10)
Third Avenue/Tremont Avenue, The Bronx

The #Special Mixed Use District# - 14 is established along Third Avenue in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 15: (11/13/12)
West Harlem, Manhattan

The #Special Mixed Use District# - 15 is established in West Harlem in Manhattan as indicated on the #zoning maps#.

#Special Mixed Use District# - 16: (4/20/16)
Ocean Hill/East New York, Brooklyn

The #Special Mixed Use District# - 16 is established in Ocean Hill and East New York in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 17: (3/22/18)
Hunts Point, The Bronx

The #Special Mixed Use District# - 17 is established in Hunts Point in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 18: (10/17/19)
Mott Haven, The Bronx

The #Special Mixed Use District# - 18 is established in Mott Haven in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 19: (12/10/20)
Brownsville, Brooklyn

The #Special Mixed Use District# - 19 is established in Brownsville in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 20: (5/8/19)
Crown Heights West, Brooklyn

The #Special Mixed Use District# - 20 is established in Crown Heights West in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 21: (3/25/21)
Arverne, Queens

The #Special Mixed Use District# - 21 is established in Arverne in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 22: (5/27/21)
Bushwick, Brooklyn

The #Special Mixed Use District# - 22 is established in Bushwick in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 23: (10/21/21)
Ravenswood, Queens

The #Special Mixed Use District# - 23 is established in Ravenswood in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 24: (11/22/22)
Astoria, Queens

The #Special Mixed Use District# - 24 is established in Astoria in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 25 (10/27/22)
Gowanus, Brooklyn

The #Special Mixed Use District# - 25 is established in Gowanus in Brooklyn as indicated on the #zoning maps#.

(11/13/08)

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special Willets Point District**

(11/13/08)

**124-00
GENERAL PURPOSES**

The “Special Willets Point District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to transform Willets Point into a diverse and sustainable community that enhances connections to its surroundings through a unique combination of uses;
- (b) to create a retail and entertainment destination that catalyzes future growth and strengthens Flushing’s role as a nexus of economic, social and cultural activity;
- (c) to encourage a mix of uses that complement sporting venues within Flushing Meadows-Corona Park;
- (d) to maximize utilization of mass transit, reducing the automobile dependency of the redevelopment;
- (e) to create a livable community combining housing, retail and other uses throughout the district;
- (f) to create a walkable, urban streetscape environment with publicly accessible open spaces;
- (g) to encourage the pedestrian orientation of ground floor uses;
- (h) to build upon the diversity of the Borough of Queens as well as the proximity of regional transportation facilities, including the Van Wyck and Whitestone Expressways, LaGuardia and JFK Airports and the Long Island Railroad;
- (i) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and

- (j) to promote the most desirable use of land and building development in accordance with the District Plan and Urban Renewal Plan for Willets Point and thus improve the value of land and buildings and thereby improve the City's tax revenues.

(5/12/21)

124-01 General Provisions

The provisions of this Chapter shall apply within the #Special Willets Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(6/6/24)

124-02 Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10, 32-301, or within this Section.

For the purposes of establishing #blocks# and applying the #use#, #signage#, #street# tree, height and setback, #court#, publicly accessible open space and curb cut regulations of this Chapter, #connector streets#, the #eastern perimeter street#, the #primary retail street#, #residential streets#, #retail streets# and #service streets# shall be considered #streets#, and their boundaries shall be treated as #street lines#.

Connector street

A “connector street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31 (Standards for Streets and Blocks), inclusive.

Eastern perimeter street

The “eastern perimeter street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Primary retail street

The “primary retail street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Residential street

A “residential street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Retail street

A “retail street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Service street

A “service street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

(11/13/08)

124-03

District Plan and Maps

District Plan Maps are located within the Appendix to this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

The District Plan includes the following five maps:

Map 1 – Special Willets Point District Plan

Map 2 - Location Requirements for Convention Center, Cinema and Office Tower

Map 3 - Height Limits

Map 4 - Locations of Tower Walls without Setbacks

Map 5 - Mandatory Intersections

(11/13/08)

124-04
Applicability of District Regulations

(3/28/12)

124-041
Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special Willets Point District#.

(6/6/24)

124-042
Applicability of Article VII, Chapter 3

The following special permit by the Board of Standards and Appeals shall not be applicable:

Section 73-143 (Electric or gas utility substation) shall not apply to electrical utility substations. In lieu thereof, such #use# shall be allowed within the #Special Willets Point District# upon authorization of the City Planning Commission, pursuant to Section 124-16.

(6/6/24)

124-043
Applicability of Article VII, Chapter 4

The following special permit by the City Planning Commission shall not be applicable:

Section 74-142 (Electric utility substation). In lieu thereof, such #use# shall be allowed within the #Special Willets Point District#

(4/11/24)

124-05
Certification for Large Developments

The requirements of this Section shall apply to #zoning lots# of at least 200,000 square feet of #lot area#, containing #developments# or #enlargements# resulting in at least 100,000 square feet of #floor area# on such #zoning lots#, or multiple #zoning lots# of at least 200,000 square feet of #lot area#, in aggregate, that are subject to the provisions of Section 124-60 (SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS).

No building permit shall be issued until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such #developments# or #enlargements# comply with the provisions of this Section.

A set of drawings of sufficient scope and detail shall be submitted, showing that:

- (a) all #streets# and private streets within or abutting the proposed #development# or #enlargement# comply with the provisions of Section 124-31 (Standards for Streets and Blocks), inclusive;
- (b) all #streets# and private streets within or abutting the proposed #development# or #enlargement# are constructed to grades acceptable to the Commissioner of Buildings and the Commissioner of Transportation;
- (c) all publicly accessible open spaces within or abutting the proposed #development# or #enlargement# comply with the provisions of Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS), inclusive; and
- (d) for any portion of the #Special Willets Point District# not within the area proposed for #development# or #enlargement# and for which a certification pursuant to this Section has not been obtained, plans shall be submitted showing that the #development# or #enlargement# that is the subject of this certification shall not preclude such portions of the #Special Willets Point District# from complying with the provisions of Sections 124-31 and 124-40 under future certifications pursuant to this Section, except where such compliance is directly prevented by modifications granted by the Commission pursuant to Section 124-60.

The Chairperson may allow for phased development upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any private streets and publicly accessible open spaces that are integral to the #development# or #enlargement# of a #building# or #buildings# within each phase.

The Chairperson shall modify the provisions of Section 124-31, inclusive, to the minimum extent necessary, in the event that the Fire Department determines in writing that such modifications are required under law or regulation governing adequate fire access.

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance and operation agreement, indexed against the property,

binding the owners, successors and assigns to provide such private streets and publicly accessible open spaces and public access thereto in accordance with the plans certified by the Chairperson of the City Planning Commission. Such declaration or maintenance and operation agreement shall require that a bond be posted that would ensure that the private streets and public access areas are maintained in accordance with the declaration or maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

In addition, the private streets and publicly accessible open spaces integral to the #development# or #enlargement# of a #building# or #buildings# shall be recorded on the certificate of occupancy for such #building# or #buildings# by the Department of Buildings and shall be a condition of issuance of such certificate of occupancy.

(11/13/08)

124-10 SPECIAL USE REGULATIONS

The #use# regulations of the underlying district are modified as set forth in this Section, inclusive.

(11/13/08)

124-11 Regulation of Residential Uses

(6/6/24)

124-111 Location of residential use within buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing #dwelling units#.

(11/13/08)

124-112

Residential entrances on residential streets

Each ground floor #dwelling unit# on a #residential street# shall be directly accessible from such #residential street#. No more than one entrance to a #residential street# shall be required for any one ground floor #dwelling unit#.

(12/9/21)

124-12

Regulation of Commercial Uses in Area B

- (a) Within Area B, as shown on Map 1 in the Appendix to this Chapter, #commercial# and special permit #uses# shall be limited to those #uses# permitted in a C1-4 District, provided that #commercial# #uses# shall be located no more than 100 feet from a #connector street#, the present or former 34th Avenue or Willets Point Boulevard, or Area A, as shown on Map 1 in the Appendix to this Chapter.
- (b) Within Area B, #uses# permitted in the underlying district shall be permitted within an area east and south of the present or former Willets Point Boulevard and contiguous with Area A, provided that such area shall be limited to 115,000 square feet in land area.

(6/6/24)

124-13

Uses Permitted As-of-Right

The following special permits shall not apply. In lieu thereof, such #uses# shall be permitted as-of-right:

Section 74-182 (Arenas, Auditoriums, Stadiums or Trade Expositions) shall not apply for trade expositions with a capacity in excess of 2,500 persons, provided that the facility has a #floor area# of no more than 400,000 square feet;

Section 73-472 (In Commercial or Manufacturing Districts) shall not apply for group parking facilities exceeding 225 spaces, provided such facilities comply with the regulations set forth in Section 124-50 (OFF-STREET PARKING REGULATIONS), inclusive.

In #buildings# with frontage on 126th Street, the following special permits shall not apply. In lieu thereof, such uses shall be permitted as-of-right:

Section 73-162 (Eating or drinking establishments) and 74-161 (Retail and service uses) shall not apply for eating and drinking establishments with a capacity of more than 200 persons, which shall be permitted as-of-right within 100 feet of a #Residence District# boundary

(6/6/24)

124-14 Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, on #primary retail streets#, #retail streets# and #connector streets# in Area A, as shown on Map 1 in the Appendix to this Chapter shall be considered #Tier C street frontages#. All remaining #street# frontages shall be considered #Tier B street frontages#.

In addition to the underlying provisions for #Tier C street frontages#, the following shall apply:

- (a) the length of #ground floor level# #street# frontage occupied by any establishment shall not exceed 110 feet along 126th Street and 65 feet along the #primary retail street#. However, such limitations shall not apply within 300 feet of Northern Boulevard; and
- (b) access to each #ground floor level# establishment shall be provided directly from a #street#.

(5/12/21)

124-15 Modification of Sign Regulations

The underlying #sign# regulations shall apply, except as set forth in this Section.

- (a) Within Area A, as shown on Map 1 in the Appendix to this Chapter, the #sign# regulations of a C4 District shall apply, except for #street walls# facing Roosevelt Avenue, Northern Boulevard and 126th Street.
- (b) Within Area B, as shown on Map 1, the #sign# regulations of a C1 District shall apply, except that within the area described in paragraph (b) of Section 124-12, the sign regulations of a C4 District shall apply.
- (c) Within Area A, for #street walls# facing Roosevelt Avenue or Northern Boulevard, the #sign# regulations of a C4 District shall apply, except that #signs# shall be limited to 85

feet in height.

- (d) For #street walls# facing 126th Street to a height of 35 feet, the #sign# regulations of a C4 District shall apply, provided that the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, and the transparency requirements of paragraph (d) of Section 124-14 are met.
- (e) For #street walls# facing 126th Street above 35 feet in height, the #sign# regulations of a C4 District shall apply except that all permitted #signs#, including #illuminated signs# and #flashing signs#, shall be permitted without limitation on #surface area#, provided that:
 - (1) no such #signs# are higher than 85 feet;
 - (2) the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, except that projections not exceeding six feet are permitted, provided that such projections beyond four feet shall comprise not more than 20 percent of the #surface area# of all such #signs# on the establishment; and
 - (3) no #sign# attached to a #building or other structure# shall extend above any parapet wall or roof of such #building or other structure#.
- (f) Within 150 feet of the neighborhood park required pursuant to Section 124-42 (Types and Standards of Publicly Accessible Open Space), paragraph (a), #flashing signs# whose message is visible from such park shall not be permitted.
- (g) The provisions of Section 32-67 (Special Provisions Applying Along District Boundaries) shall not apply in the #Special Willets Point District#.

(11/13/08)

124-16

Authorization for Electrical Utility Substations

The City Planning Commission may authorize electrical utility substations in the #Special Willets Point District# in order to serve the needs of the Special District, and the regulations thereof shall be modified as necessary to accommodate the operational needs of the substation, upon authorization of the City Planning Commission, provided the Commission finds that:

- (a) the architectural and landscaping treatment of such #use# shall blend harmoniously with the abutting area to the extent reasonably permitted by the operational needs of the substation; and
- (b) if the site proposed for such #use# is within Area A, as shown on Map 1 in the Appendix

to this Chapter, that there are difficulties in locating such #use# within Area B, as shown on Map 1.

The Commission may, consistent with cost-effective operations and capital planning, and the operational needs of the substation, prescribe appropriate conditions and safeguards on matters necessary to effectuate the provisions of paragraph (a) of this Section that are not regulated by other applicable codes, laws, rules or regulations. The applicant shall provide the Department of City Planning with a general description of such codes, laws, rules or regulations and a certification that the proposed substation shall comply therewith.

(2/2/11)

124-17 Special Permit for Cogeneration Power Plant

The Board of Standards and Appeals may permit a combined heat and power cogeneration plant not to exceed 100,000 square feet in #floor area#, provided that:

- (a) the power plant is designed to maximize both electric and thermal cogeneration system efficiency to the greatest extent feasible;
- (b) a detailed energy analysis is submitted to the Board demonstrating that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system; and
- (c) the power plant is designed primarily to serve the #Special Willets Point District#.

In addition, the Board shall refer such application to the Department of Environmental Protection for a report to ensure that the power plant is designed to maximize cogeneration efficiency to the greatest extent feasible and that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including safety devices, emissions limits and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(2/2/11)

124-18 Special Permit for Wastewater Treatment Plant

The Board of Standards and Appeals may permit an enclosed membrane bio-reactor wastewater

treatment plant not to exceed 100,000 square feet in #floor area# on a site not to exceed 40,000 square feet in area, provided that the following findings are made:

- (a) that in all cases the proposed plant promotes and protects the public health, safety and general welfare;
- (b) the proposed plant shall be adequate for anticipated #development# in the area to be served;
- (c) the proposed plant is designed primarily to serve the #Special Willets Point District#;
- (d) the site for such #use# is so located as to minimize the adverse effects on the integrity of existing and future development, and to minimize the interruption of the continuity of retail frontage;
- (e) the architectural and landscaping treatment of such #use# shall blend harmoniously with the rest of the area; and
- (f) that such #use# shall conform to the performance standards applicable to M1 Districts.

In addition, the Board shall refer such application to the Department of Health and the Department of Environmental Protection for a report to ensure that the site-specific design of the enclosed membrane bio-reactor waste water treatment plant meets all City and State health and effluent standards.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including requirements for soundproofing, safety devices, and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(11/13/08)

124-19
Location and Other Requirements for Specific Uses

(6/6/24)

124-191
Convention center

A trade exposition listed under Use Group VIII, hereinafter referred to as a convention center, is permitted in the #Special Willets Point District# only in accordance with this Section and shall

be located on a #connector street#. A convention center may only be located in the area as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter, being entirely within 650 feet of Northern Boulevard.

Furthermore, a convention center may not be located within 200 feet of 126th Street, and any portion of a convention center located between 200 feet and 450 feet of 126th Street shall be limited to no more than 50,000 square feet of #floor area#.

The main entrance of such convention center shall be on a #connector street#.

(11/13/08)

124-192
Location of theaters

Theaters comprising over 10,000 square feet in #floor area# shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.

(6/6/24)

124-193
Location of office uses in towers

#Uses# listed under Offices in Use Group VII located on any #story# entirely above 120 feet in height shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.

(11/13/08)

124-20
BULK REGULATIONS

In the #Special Willets Point District#, bulk regulations shall be as set forth in this Section, inclusive.

(2/2/11)

**124-21
Floor Area Regulations**

#Zoning lots# containing less than 200,000 square feet of #lot area# shall not exceed a #floor area ratio# of 2.0.

#Zoning lots# containing at least 200,000 square feet of #lot area# shall have a maximum #floor area ratio# as follows:

- (a) Within Area A, as shown on Map 1 in the Appendix of this Chapter:
 - (1) #Zoning lots# of at least 28 acres of #lot area# shall have a maximum #commercial# #floor area ratio# of 2.0 and a maximum total #floor area ratio# of 4.6.
 - (2) For #zoning lots# less than 28 acres:
 - (i) north of the centerline of the present or former 34th Avenue, the maximum #commercial# #floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.4.
 - (ii) south of the centerline of the present or former 34th Avenue, the maximum #commercial# #floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 5.0.
- (b) Within Area B, as shown on Map 1:
 - (1) #Zoning lots# of at least 33 acres of #lot area# shall have a maximum #commercial# #floor area ratio# of 2.0 and a maximum total #floor area ratio# of 2.25.
 - (2) For #zoning lots# less than 33 acres:
 - (i) north of the centerline of the present or former 34th Avenue, the #floor area ratio# shall not exceed 2.0.
 - (ii) south of the centerline of the present or former 34th Avenue, and north and west of the centerline of the present or former Willets Point Boulevard, the maximum #commercial# #floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.0.
 - (iii) south and east of the centerline of the present or former Willets Point Boulevard, the maximum #commercial# #floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 4.0.

(12/6/23)

124-22

Height and Setback Regulations

The height and setback regulations of this Section shall apply throughout the #Special Willets Point District#, except that #developments# or #enlargements# that result in less than 100,000 square feet of #floor area# on #zoning lots# of less than 200,000 square feet shall be limited to the height and setback regulations of an R6B District. The height of all #buildings or other structures# shall be measured from the level of the adjoining sidewalk or other publicly accessible open space. For the purposes of this Section, the present or former 34th Avenue and Willets Point Boulevard shall be considered to be #connector streets#, 127th Street shall be considered to be a #residential street#, and public access areas provided pursuant to paragraph (d) of Section 124-42 (Types and Standards of Publicly Accessible Open Space) shall be considered a #connector street#.

(a) Street wall location and base heights

- (1) Except along 126th Street, Northern Boulevard and #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access area and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, the minimum base height of a convention center shall be 40 feet or the height of the #building#, whichever is less.
- (2) Along 126th Street, at least 80 percent of the #aggregate width of street walls# shall be located within 60 feet of the #street line# of 126th Street and shall extend to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, for #buildings# directly opposite Citi Field Stadium, a setback lower than 60 feet shall be permitted, provided that:
 - (i) for #buildings# greater than 85 feet in height, an additional setback is provided between a height of 60 and 85 feet; and
 - (ii) eating and drinking establishments with outdoor seating on terraces overlooking 126th Street are provided on the second #story#. Such terraces shall be located on the roof level above the ground floor level of the #building#, at a height not lower than 20 feet or higher than 30 feet above the level of the sidewalk fronting the 126th Street #street wall# of the #building#, and shall have a minimum depth of 15 feet.

- (3) Along #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access area and shall extend without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. Where #street walls# facing #residential streets# contain ground floor #dwelling units#, such #street walls# shall be set back at least four feet from the #street line#. The #building# may project into the required setback area, provided that:
 - (i) any such projection does not exceed 20 feet in width;
 - (ii) any such projection does not exceed 25 feet in height;
 - (iii) the aggregate width of all such projections at the level of any #story# shall not exceed 50 percent of the width of the #street wall# of the #building#; and
 - (iv) all such projections are at least 10 feet apart.
- (4) Along Northern Boulevard, no portion of a #street wall# shall be located closer to Northern Boulevard than eight feet. At least 70 percent of the #aggregate width of street walls# shall be located between eight and 15 feet of the Northern Boulevard #street line# and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet.
- (5) Wherever an open area is provided between the #street wall# of a #building# and the #street line#, such area shall be planted, except at entrances to and exits from the #building#, and except where non-#residential uses# are provided at the ground floor level of the #building#.

(b) Required setbacks and maximum #building# height

Except as provided in paragraph (c)(6) of this Section, setbacks are required for all portions of #buildings or other structures# that exceed a height of 85 feet. Such setbacks shall be provided at a height not lower than 60 feet. The depth of the required setback shall be at least 10 feet measured from any required #street wall# fronting on a #wide street#, and at least 15 feet from any required #street wall# fronting on a #narrow street#. Where portions of #buildings or other structures# that exceed a height of 85 feet are not located above a required #street wall#, such portions shall be set back at least 10 feet from a #wide# #street line# and at least 15 feet from a #narrow# #street line#. However, dormers may penetrate a height of 85 feet in accordance with the provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts). Within the area limited to 232 feet above mean sea level, as shown on Map 3 in the Appendix to this Chapter, no portion of a #building or other structure# shall exceed a height of 120 feet except in accordance with the tower provisions of paragraph (c) of this Section.

(c) Towers

Within the area limited to 232 feet above mean sea level, as shown on Map 3, any #story# of a #building# located above a height of 120 feet shall comply with the provisions of this paragraph (c). Such portions of a #building# are hereinafter referred to as “towers.”

(1) Maximum tower size

Each #residential# #story# of a tower located entirely above a height of 120 feet shall not exceed a gross area of 11,000 square feet.

(2) Maximum tower length

The maximum length of any #residential# #story# located entirely above a height of 120 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each #story# entirely above a height of 120 feet. No side of such rectangle shall exceed a length of 170 feet.

(3) Orientation

The length of any #residential# #story# located entirely above a height of 120 feet shall be at least 1.5 times its width and oriented so that the long side of such tower faces within 25 degrees of geographical south. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each #story# entirely above a height of 120 feet. The orientation provisions of this paragraph,(c)(3) need not apply if at least 75 percent of all towers in the #Special Willets Point District# for which building permits have been issued comply with such provisions.

(4) Tower top articulation

For towers containing #residences#, the highest three #stories#, or as many #stories# as are located entirely above a height of 120 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (c)(4), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the

outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(5) Distance between towers

The minimum distance between all towers shall be 60 feet.

(6) Tower walls without setbacks

To permit a #building# to rise from grade to a tower portion without setback, the setback provisions of paragraph (b) of this Section shall not apply to any portion of a #building# located within the tower wall location areas shown on Map 4 in the Appendix to this Chapter, provided that this exception from paragraph (b) of this Section shall not apply to more than one tower for each #block#.

(d) Maximum total height

Notwithstanding any other provisions of this Chapter, no #building or other structure# shall exceed the height limits depicted on Map 3. The height limits established in Map 3 include reference points for two airport approach surface areas that are continuous planes, and one area with a maximum height limitation of 232 feet above mean sea level (AMSL). The coordinates of the points are:

Point 1	73°50'42.9"W	40°45'38.1"N
Point 2	73°50'36.8"W	40°45'45.6"N
Point 3	73°50'26.6"W	40°45'39.3"N
Point 4	73°50'33.6"W	40°45'30.7"N

The height limits hereby established supersede the height limits described in Article VI, Chapter 1 (SPECIAL REGULATIONS APPLYING AROUND MAJOR AIRPORTS). Application may be made to the Board of Standards and Appeals pursuant to Section 73-66 (Height Regulations Around Airports) for a permit to construct a #building or other structure# in excess of what is permitted pursuant to this paragraph (d), provided that such application is also referred to the Port Authority of New York and New Jersey.

(11/13/08)

(4/11/24)

124-31
Standards for Streets and Blocks

#Developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on individual #zoning lots# of at least 200,000 square feet or groups of #zoning lots# subject to the provisions of Section 124-60 (SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS) that are, in aggregate, at least 200,000 square feet, shall front upon #streets# that comply with the requirements of this Section, inclusive, unless modified by special permit pursuant to Section 124-60.

(11/13/08)

124-311
Maximum length of blocks

The maximum length of a #block# shall be 450 feet, except that:

- (a) where a #block# includes a convention center, such length shall be unlimited;
- (b) where a #block# bounds the intersection of 126th Street and Northern Boulevard, such length shall be limited to 675 feet;
- (c) where a #block# bounds the intersection of 126th Street and Roosevelt Avenue, such length shall be limited to 575 feet; and
- (d) #blocks# or portions of #blocks# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street shall have a maximum distance between intersections on a #connector street# of 218 feet, except where a #block# includes a convention center or the minimum two-acre park required pursuant to Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS). Where public pedestrian access between a #connector street# and another #street# on the same #block# is located no less than 218 feet from both intersections on a #connector street# through provision of open space pursuant to Section 124-40, inclusive, such #block# or a portion of a #block# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street may have a maximum distance between intersections on a #connector street# that does not exceed 400 feet, provided that there is only one such #block# in the Special District.

(5/12/21)

124-312
New streets

The provisions of this Section shall apply to all private streets constructed after November 13, 2008.

(a) #Primary retail street#

One #primary retail street# shall be provided parallel to, or generally parallel to, 126th Street and comply with the following requirements:

- (1) The western boundary of such #street# shall be not less than 220 feet and not more than 320 feet from 126th Street.
- (2) Such #street# shall intersect two #retail streets# and two #connector streets#.
- (3) The width of such #street# shall be a minimum of 70 feet and a maximum of 80 feet, comprised of:
 - (i) two 15 foot wide sidewalks, one adjacent to each curb;
 - (ii) two nine foot wide strips, one adjacent to each sidewalk which can be used as either parking lanes or pedestrian amenity areas that may include landscaping, seating and walkways;
 - (iii) two travel lanes in the center of the #street# totaling 22 feet in width; and
 - (iv) one optional eight to 10 foot wide landscaped median located on the centerline of the #street# between the two travel lanes provided that the #street# width shall not exceed 72 feet without such median.

(b) #Connector streets#

Two #connector streets# shall be provided, as follows:

- (1) One #connector street# shall intersect 126th Street as shown on Map 5 in the Appendix to this Chapter.
- (2) One #connector street# shall intersect 126th Street opposite the south side of Citi Field Stadium within the 125 foot area shown on Map 5.
- (3) Both #connector streets# shall intersect with the #primary retail street# and with each other at a point east of the #primary retail street#.
- (4) The width of each #connector street# shall be at least 75 feet and no more than 86

feet, comprised of:

- (i) two 15 foot wide sidewalks, one adjacent to each curb;
 - (ii) two nine foot wide strips, one adjacent to each sidewalk that can be used as either parking lanes or pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) at least two travel lanes and not more than three travel lanes totaling at least 22 feet and not more than 33 feet in width, and one bike lane at least five feet wide.
- (5) Where a convention center fronts upon a #connector street#, the requirements set forth in this paragraph (b) shall be modified to eliminate the nine foot wide strip and, in lieu thereof, require a 12 foot wide drop off lane that, in the aggregate, shall not exceed 300 feet.
- (c) #Retail streets#

A minimum of two and maximum of three #retail streets# shall be provided, as follows:

- (1) One #retail street# shall intersect 126th Street opposite the entrance to Citi Field stadium, within the area shown on Map 5;
 - (2) One #retail street# shall intersect 126th Street opposite the north side of Citi Field Stadium within the area shown on Map 5;
 - (3) Two #retail streets# shall intersect with the #primary retail street#;
 - (4) The width of each #retail street# shall be no more than 68 feet wide, comprised of:
 - (i) two 13 foot wide sidewalks, one adjacent to each curb;
 - (ii) two 10 foot wide strips, one adjacent to each sidewalk that can be used as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) two travel lanes totaling at least 22 feet in width.
- (d) #Eastern perimeter street#

One #eastern perimeter street# shall be provided as follows:

- (1) The eastern boundary of such #street# shall be within 20 feet of the eastern boundary of the #Special Willets Point District#, extending between Roosevelt

Avenue and a #connector street#.

- (2) The width of such #street# shall be at least 62 feet and no more than 75 feet, comprised of:
 - (i) a 13 foot wide sidewalk along its western boundary and a sidewalk at least five feet wide along its eastern boundary;
 - (ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) at least two and no more than three travel lanes totaling at least 20 feet and not more than 33 feet in width.

(e) #Residential streets#

All #streets#, other than those listed in paragraphs (a) through (d) of this Section, that have one or more ground floor #dwelling units# fronting on the #street# shall be considered #residential streets#, except where such #street# is designated a #service street# pursuant to paragraph (f) of this Section. #Residential streets# shall be provided, as follows:

- (1) A #residential street# shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:
 - (i) two 13 foot wide sidewalks, one adjacent to each curb;
 - (ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) two travel lanes totaling between 20 and 22 feet in width.

(f) #Service streets#

All newly constructed #streets#, other than those listed in paragraphs (a) through (e) of this Section, shall be improved as a #service street#. A minimum of 50 percent of the #uses# within #stories# on the ground floor or with a floor level within five feet of the #base plane# fronting a #service street# shall contain non-#residential uses#. #Service streets# shall be provided, as follows:

- (1) A #service street# may only be located as one of the #streets# bounding:
 - (i) a #block# that bounds the intersection of 126th Street and Northern Boulevard; and

- (ii) a #block# that bounds the intersection of 126th Street and Roosevelt Avenue.
- (2) A #service street# shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:
 - (i) two 13 foot wide sidewalks, one adjacent to each curb;
 - (ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) two travel lanes totaling between 20 and 22 feet in width.

(2/2/11)

124-32 Street Tree Planting

All #developments# or #enlargements# shall provide and maintain trees of not less than three-inch caliper at the time of planting in the sidewalk adjacent to the #building# on the side of the sidewalk closest to the travel lane. All such trees shall be provided for the entire length of the frontage of the #building#, for every 25 feet of such frontage, except where curb cuts or utilities make such planting infeasible. Species shall be selected, installed and maintained in accordance with specifications established by the Department of Parks and Recreation. However, #street# trees need not be provided where such trees may interfere with truck movements in the loading area for a convention center.

(11/13/08)

124-33 Mandatory Sidewalk Widening

In the event that 34th Avenue remains a mapped street, all #developments# or #enlargements# on 34th Avenue shall provide a sidewalk widening of no less than 13 feet in width. No obstructions shall be permitted from the lowest level to the sky except for those permitted pursuant to Section 37-53 (Design Standards for Pedestrian Circulation Spaces), paragraph (f)(3). When one end of the sidewalk widening abuts an existing #building#, the special design treatment specified in Section 37-53, paragraph (f)(5), shall be required.

(11/13/08)

124-34

Roof Design Requirements

Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is fully enclosed, except that openings in such enclosure shall be permitted only to the extent necessary for ventilation and exhaust, and that it is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area.

(11/13/08)

124-40

PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS

Publicly accessible open spaces shall be provided as specified in Section 124-40, inclusive. In the event of a conflict between the provisions of this Section, inclusive, and any underlying regulation, the provisions of this Section shall govern.

(4/11/24)

124-41

Amount of Publicly Accessible Open Space

Publicly accessible open space within the #Special Willets Point District# shall total not less than eight acres. Such required amounts shall be open to the sky and shall not include any sidewalks required pursuant to this Section or sidewalk widenings pursuant to Section 124-33.

For #developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on individual #zoning lots# of at least 200,000 square feet or groups of #zoning lots# subject to the provisions of Section 124-60 (SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS) that are, in aggregate, at least 200,000 square feet, the following amount of publicly accessible open space shall be provided for each 1,000 square feet of #floor area#:

Within Area A: 30 square feet

Within Area B: 50 square feet.

Such publicly accessible open space may be transferred from the #zoning lot# containing the #development# or #enlargement# to any other #zoning lot# in the #Special Willets Point District#, provided that such publicly accessible open space meets the requirements of Section 124-42, inclusive.

(6/6/24)

124-42

Types and Standards of Publicly Accessible Open Space

The following types and standards of publicly accessible open space shall apply:

(a) Park

At least one park not less than two acres in area shall be provided. Such park shall be bounded on all sides by #streets# or a #school#, and at least one of the #streets# bounding the park shall be a #connector street#. No portion of such park shall be closer than 200 feet from the boundaries of the #Special Willets Point District#. Up to five percent of the area of such outdoor park may be covered by a #building or other structure#. A minimum of 50 percent of such park shall be planted, except that the planted area may be reduced to 40 percent if a playground acceptable to the Department of Parks and Recreation is provided within such park.

(b) 126th Street

The provisions of this paragraph (b) shall apply along the western boundary of #blocks# bounding 126th Street:

- (1) a sidewalk with a minimum width of 15 feet shall be located adjacent to the curb, and have an elevation not higher than one foot above the level of the road bed;
- (2) a pedestrian amenity area at least 20 feet wide and no more than 35 feet wide shall be located between such sidewalk and the #street wall# of any #building# fronting upon 126th Street. Pedestrian circulation space at least five feet wide shall be provided within such area within 1.5 feet of the ground floor elevation of such #street walls# to allow pedestrian movement in a direction parallel with the #street# and connecting with sidewalks of #streets# intersecting 126th Street;
- (3) on each such #block# there shall be a minimum of two ramps connecting the sidewalk along 126th Street and the pedestrian circulation space. In addition, stairways shall be provided linking the sidewalk and pedestrian circulation space

so that each establishment on the #block# with entrances facing 126th Street is readily accessible by such stairs or ramps; and

- (4) all publicly accessible open spaces shall comply with the provisions of Sections 37-725 (Steps), 37-726 (Permitted obstructions), 37-728 (Standards of accessibility for persons with disabilities), 37-73 (Kiosks and Open Air Cafes) and 37-74 (Amenities), except for the following modifications:
- (i) Section 37-73, paragraph (b), shall be modified to permit open air cafes to be at a different elevation from adjoining public access areas and from adjoining sidewalks;
 - (ii) Section 37-73, paragraphs (c)(4) and (d), shall not apply to the certification of open air cafes in the Special District, and the filing of plans for open air cafes in the Borough Office of the City Register shall not be required;
 - (iii) for publicly accessible open space on the western boundary of #blocks# facing Citi Field Stadium, Section 37-73, paragraph (b), shall be modified to limit the aggregate area of open air cafes to no more than 50 percent of the public access area, and to allow open air cafes to occupy up to 75 percent of #street# frontage;
 - (iv) in Section 37-741, the requirement for a minimum of one linear foot of required seating for every two linear feet of #street# frontage within 15 feet of the #street line# shall not apply;
 - (v) for public access areas on the western boundary of #blocks# facing Citi Field Stadium, Section 37-741 shall be modified so that seating for open air cafes may count toward the seating requirement, in the category of moveable seating, provided that 25 percent of the linear seating capacity is provided through other seating types;
 - (vi) for publicly accessible open space not on the western boundary of #blocks# facing Citi Field Stadium, Section 37-742 shall be modified to require planters, planting beds and accessible lawns at a rate of 200 square feet for every 1,000 square feet of publicly accessible open space; and
 - (vii) Section 37-747 (Public space signage) shall not apply; in lieu thereof, paragraph (i) (Hours of access) of this Section shall apply.
- (c) Roosevelt Avenue

Along the south side of #blocks# bounding Roosevelt Avenue, the following provisions shall apply:

- (1) a bike lane with a minimum width of five feet shall be located no more than 16 feet from the curb line; and
 - (2) a pedestrian amenity area at least 20 feet in width and not more than 45 feet in width shall be provided between the bike lane and the #street wall# of a #building#:
 - (i) within the pedestrian amenity area, there shall be a sidewalk with a minimum width of 13 feet, generally parallel to Roosevelt Avenue, linking the sidewalk along 126th Street to either a sidewalk along the #eastern perimeter street#, if built, or the sidewalk leading to the Roosevelt Avenue Bridge; and
 - (ii) a minimum of 50 percent of the pedestrian amenity area shall be planted.
- (d) #Block# at Roosevelt Avenue and 126th Street

In the event that a utility easement is retained on the #block# bounded by Roosevelt Avenue and 126th Street, the following improvements shall be provided:

- (1) an entry plaza of at least 7,000 square feet shall be provided adjacent to the intersection of 126th Street and Roosevelt Avenue, as follows:
 - (i) the plaza shall include no less than 60 feet and no more than 80 feet of frontage along 126th Street;
 - (ii) each #use# or establishment with frontage on the plaza shall include at least one entrance to such plaza;
 - (iii) at least two amenities shall be provided from among those listed in Section 37-748, except that a kiosk that provides information instead of food service shall also be permitted; and
 - (iv) the area of such plaza shall not overlap with the requirements of paragraph (c) of this Section for Roosevelt Avenue;
- (2) a central plaza of at least 20,000 square feet shall be provided, as follows:
 - (i) the plaza shall have at least 100 feet of frontage on a #connector street#;
 - (ii) the prolongation of the centerline of the #primary retail street# shall intersect with such plaza;
 - (iii) such plaza shall meet the pedestrian amenity standards of paragraph (b)(4) of this Section for 126th Street; and

- (iv) a minimum of 15 percent of such plaza shall be planted; and
- (3) a pedestrian corridor area shall be provided linking the entry plaza required pursuant to paragraph (d)(1) of this Section and the central plaza required pursuant to paragraph (d)(2) of this Section, as follows:
 - (i) such corridor shall be at least 60 feet in width and include, within such width, a 40 foot utility easement;
 - (ii) such corridor shall be at least 150 feet in length;
 - (iii) each #use# or establishment with frontage on such corridor shall include at least one entrance to such corridor; and
 - (iv) each side of such corridor area shall be planted with #street# trees of not less than three-inch caliper at the time of planting for the entire length of such corridor, at a rate of one tree for every 25 feet of the length of each side of such corridor; and
- (4) #uses# on the portion of the #ground floor level# frontage along a publicly accessible open space required pursuant to this paragraph, to the minimum depth set forth in Section 37-32, shall be limited to those #commercial uses# permitted by the underlying districts, except for lobbies, entrances and exits to off-street parking facilities and entryways to #mass transit stations#, as provided by Section 37-33. #Ground floor level# #street walls# shall be glazed in accordance with the provisions of Section 37-34.
- (e) Northern Boulevard

Along the north side of #blocks# bounding Northern Boulevard, the following provisions shall apply:

 - (1) a sidewalk with a minimum width of 13 feet shall be located adjacent to the curb and have an elevation not higher than one foot above the road bed of Northern Boulevard;
 - (2) an open area at least eight feet wide and no more than 15 feet wide shall be located between the sidewalk and the #street wall# of a #building#, except that such area need not be provided where such areas may interfere with truck movements in the loading area for a convention center located on any such #block#; and
 - (3) a minimum of 70 percent of such open area shall be planted.
- (f) #Eastern perimeter street#

Along the #eastern perimeter street# between the required sidewalk and the eastern boundary of the #Special Willets Point District#, an open area with a minimum depth of eight feet and a maximum depth of 15 feet shall be provided. At least 70 percent of such open area shall be planted.

(g) Convention center

If a convention center is provided, a pedestrian amenity area shall be required between the #street line# and the #street wall# of the convention center. The pedestrian amenity area shall have a depth of at least 10 feet and not more than 22 feet and shall meet the standards of paragraph (b)(4) of this Section for 126th Street.

(h) Standards for additional areas

If the amount of public access areas required pursuant to paragraphs (a) through (g) of this Section does not total eight acres, the difference shall be provided in the form of one or more public access areas located not closer than 100 feet to the boundary of the #Special Willets Point District#.

(i) Hours of access

All publicly accessible open space shall be accessible to the public from sunrise to one hour after sunset. Entry plaques for public access areas over one-half acre in size shall be provided as described in paragraph (a) of Section 37-751, except that the number of such plaques shall be provided so that one such plaque is located at each point of entry to such publicly accessible open space, and lettering at least one inch in height shall be provided stating the words, "Open to the public:" followed by hours permitted pursuant to this paragraph (i).

(j) Active recreation

A minimum of one-half acre of public access area shall be designed for active recreational use. This area may be located anywhere within the eight acres of publicly accessible open space required within the #Special Willets Point District#. Such area may include rooftop areas, provided that adequate public access is provided to the general public and that, regardless of the size of such rooftop area, entry plaques are provided for each point of entry pursuant to paragraph (i) of this Section. Access to such areas shall comply with the Americans with Disabilities Act of 1990.

(11/13/08)

Off-street parking shall be provided for all required parking spaces and loading berths as specified by the underlying district, except as modified by the special regulations of this Section, inclusive.

(6/6/24)

124-51

Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the #Special Willets Point District#.

Floor space used for parking shall be exempt from the definition of #floor area#.

Parking facilities with over 225 parking spaces shall provide adequate reservoir space at the vehicular entrances to accommodate either 10 automobiles or five percent of the total parking spaces provided in such facility, whichever amount is greater, but in no event shall such reservoir space be required for more than 50 automobiles.

- (a) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are located:
 - (1) entirely below the level of any #street# or publicly accessible open space upon which such facility, or portion thereof, fronts;
 - (2) in a #cellar# no more than four feet above grade within Area B, as shown on Map 1 in the Appendix to this Chapter, provided that the #street wall# is set back at least four feet from the #street line# except for projections permitted pursuant to Section 124-22, paragraph (a)(3), and planted areas are provided pursuant to Section 124-22, paragraph (a)(5), and further provided that 50 percent of such #street wall# with adjacent parking spaces consists of opaque materials;
 - (3) above grade, and either wrapped by #floor area# or screened, as follows:
 - (i) parking spaces fronting along publicly accessible open spaces shall be wrapped by #floor area# accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements);
 - (ii) parking spaces fronting locations where parking wrap or screening is not otherwise required pursuant to Section 124-14 (Streetscape Regulations) or this Section, parking spaces shall either be wrapped or screened in accordance with the provisions of Section 37-35.

- (b) All parking facilities shall not be open to the sky, and all parking facilities shall have a roof that meets the design requirements of Section 124-34.
- (c) All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request therefore is made to the landlord. Furthermore, if #accessory# and public parking spaces are provided on the same #block#, all such spaces shall be located within the same parking facility.
- (d) All #accessory# off-street parking spaces may be provided within parking facilities in #buildings# other than the same #building# as the #uses# to which they are #accessory#, provided that:
 - (1) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #building#; and
 - (2) such parking facilities are located within the #Special Willets Point District#; or
 - (3) such parking facilities are located within distances specified by Sections 36-421 (Maximum distance from zoning lot) and 36-43 (Off-site Spaces for Commercial or Community Facility Uses), as applicable.

(11/13/08)

124-52 Loading Restrictions

Loading areas shall not be permitted within 75 feet of 126th Street or within 50 feet of the #primary retail street#. Loading areas for a convention center #use# shall not be permitted within 100 feet of a #connector street#.

(11/13/08)

124-53 Curb Cut Restrictions

No driveway curb cuts for parking facilities or loading berths shall be permitted along 126th Street, the #primary retail street#, the #connector streets#, across from public open space of two or more acres, and within 50 feet of the intersection of any #streets#, except for a convention center or a #transient hotel# with a minimum of 50,000 square feet of #floor area#, and except that the City Planning Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area.

Where permitted, the maximum aggregate width of curb cuts on any frontage shall be limited to 24 feet for #residential streets# and 60 feet for all other #streets#, except that the maximum width shall be 100 feet for #blocks# that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue and for #blocks# that contain a #transient hotel# with a minimum of 50,000 square feet of #floor area#. For a convention center, the maximum aggregate width of curb cuts on any frontage shall be limited to 100 feet, except that curb cuts shall be unlimited when located directly adjacent to the loading area of the convention center. All curb cuts shall be achieved with minimal reduction to the grade of the sidewalk over which they pass.

(4/11/24)

124-60

SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #zoning lot# within the #Special Willets Point District#, the City Planning Commission may permit modification of the #use# regulations, #bulk# regulations, except #floor area ratio# provisions, or parking and loading regulations of this Resolution, the mandatory improvement or other urban design regulations of this Chapter, or the distribution of #floor area# or #dwelling units# without regard for #zoning lot lines#, provided the Commission shall find that such:

- (a) #use# or #bulk# modification shall aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification shall encourage a lively pedestrian environment along the street, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;
- (c) #bulk# modifications shall enhance the distribution of #bulk# within the Special District;
- (d) #bulk# modifications shall permit adequate access of light and air to surrounding streets;
- (e) parking and loading modifications will not have undue adverse effects on residents and businesses in the surrounding area, will not create serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow;
- (f) modifications to mandatory improvements or other urban design regulations will not unduly impact the streetscape;
- (g) modifications to the distribution of #floor area# or #dwelling units# and the location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access to light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;

and

(h) modifications, in total, shall relate harmoniously to the character of the surrounding area.

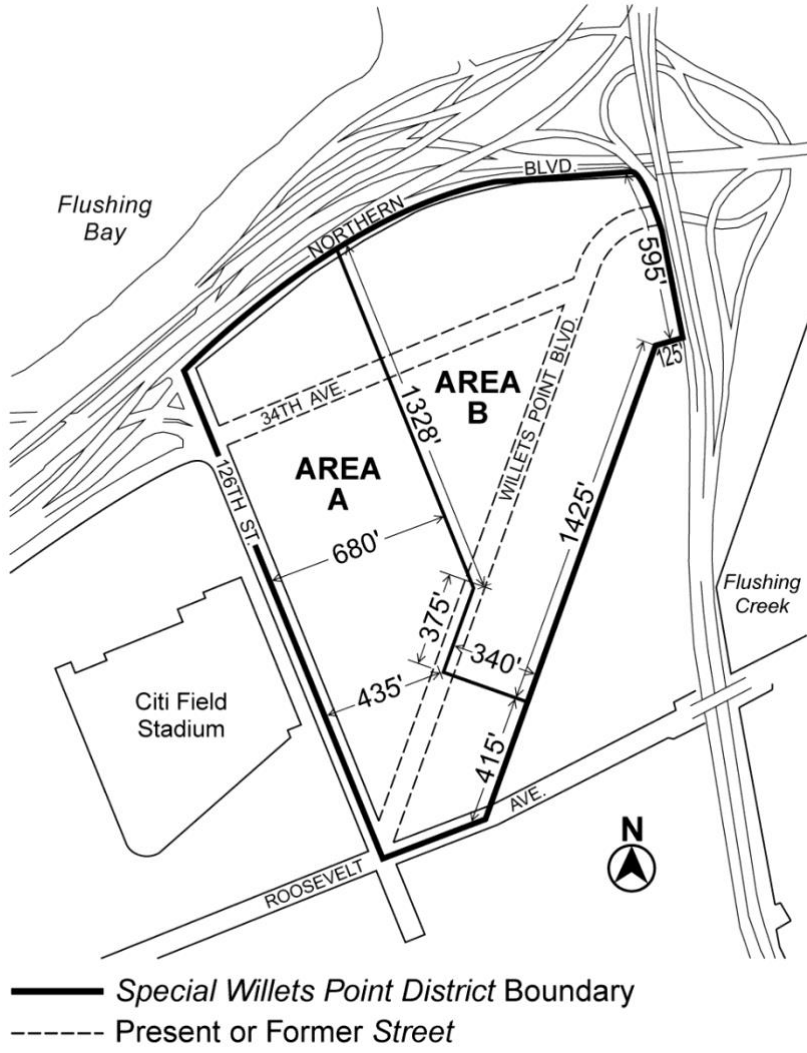

Notwithstanding the foregoing, a #use# modification may include a #use# proposed as part of a phased development within the Special District, where the Commission finds that such #use# is reasonably necessary for transitional purposes to assist in achievement of the goals of the Special District, provided the findings of paragraphs (a), (b) and (h) of this Section are met to the maximum extent possible, taking into account the nature of such #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 5
Special Southern Hunters Point District**

(2/2/11)

**125-00
GENERAL PURPOSES**

The "Special Southern Hunters Point District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage well-designed buildings that complement the built character of the Hunters Point neighborhood;
- (b) to maintain and reestablish physical and visual public access to and along the waterfront;
- (c) to broaden the regional choice of residences by introducing new affordable housing;
- (d) to achieve a harmonious visual and functional relationship with the adjacent neighborhood;
- (e) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (f) to take maximum advantage of the beauty of the East River waterfront and provide an open space network comprised of public parks, public open space and public access areas;
- (g) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and
- (h) to promote the most desirable use of land in accordance with the district plan for Southern Hunters Point, thus conserving the value of land and buildings, thereby protecting the City's tax revenues.

(5/12/21)

125-01

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Southern Hunters Point District#, the regulations of this Chapter shall apply within the #Special Southern Hunters Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(11/13/08)

125-02

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Hunters Point District# Plan.

The District Plan, in Appendix A of this Chapter, includes the following maps:

Map 1. Special Southern Hunters Point District, Subdistricts and Parcels

Map 2. Special Ground Floor Use Regulations

Map 3. Street Wall Location

Map 4. Minimum Base Heights of 40 Feet

Map 5. Maximum Base Heights Other Than 70 Feet

Map 6. Tower Areas

Map 7. Mandatory Sidewalk Widening and Publicly Accessible Open Area

Map 8. Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict

Map 9. Newtown Creek Waterfront Access Plan (Q-3)

Map 10. Permitted Curb Cut Locations

(11/13/08)

**125-03
Subdistricts**

In order to carry out the purposes and provisions of this Chapter, the #Special Southern Hunters Point District# is divided into two subdistricts: the East River Subdistrict and the Newtown Creek Subdistrict. The East River Subdistrict is further subdivided into parcels A through G. The location and boundaries of the subdistricts and parcels are shown on Map 1 (Special Southern Hunters Point District, Subdistricts and Parcels), in Appendix A of this Chapter.

(11/13/08)

**125-04
Applicability of District Regulations**

(11/13/08)

**125-041
Modification of use and bulk regulations for zoning lots bounding parks**

Where the #lot line# of a #zoning lot# coincides with the boundary of a #public park#, such #lot line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

(4/22/09)

**125-042
Applicability of Article II, Chapter 5**

The provisions of Section 25-86 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special Southern Hunters Point District#.

(4/22/09)

125-043

Modification of Article VI, Chapter 2

The provisions of Sections 62-52 (Applicability of Waterfront Public Access Area Requirements) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) are modified as set forth in Section 125-46 (Newtown Creek Waterfront Access Plan).

(11/13/08)

125-10

USE REGULATIONS

(6/6/24)

125-11

Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 2 (Special Ground Floor Use Regulations) in Appendix A of this Chapter shall be considered #Tier C street frontages#. In addition, for the purposes of applying the underlying streetscape regulations, any #street# that #abuts# the park space designated on Map 1 shall be considered a #wide street#.

Defined terms in this Section shall include those in Sections 12-10 and 32-301.

(6/6/24)

125-12

Location of Uses in Mixed Buildings

In C2 Districts, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall apply in lieu of Section 32-421 (Limitation on floors occupied by commercial uses). In addition, the provisions of Section 32-422 shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing

#dwelling units#.

(11/13/08)

**125-20
FLOOR AREA REGULATIONS**

(10/7/21)

**125-21
East River Subdistrict**

In the East River Subdistrict, the maximum #residential floor area ratio# shall be as set forth in the following table, and no #floor area# bonuses shall apply. For #developments# or #enlargements# on #qualifying transit improvement sites#, a #floor area# bonus for #mass transit station# improvements may be granted by the City Planning Commission pursuant to the provisions of Section 66-51 (Additional Floor Area for Mass Transit Station Improvements). No other #floor area# bonuses shall apply. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

Parcel	Maximum #Floor Area#
A	12.0
B	10.0
C	10.5
D	12.0
E	12.0
F	10.0
G	12.0

(3/22/16)

**125-22
Newtown Creek Subdistrict**

In the Newtown Creek Subdistrict, the maximum #floor area ratio# shall be 2.75, and may be increased only as set forth in this Section.

- (a) #Floor area# bonus for public amenities

For #developments# located within the Newtown Creek Subdistrict that provide a publicly accessible private street and open area, the #floor area ratio# may be increased from 2.75 to a maximum permitted #floor area ratio# of 3.75, provided that the Chairperson of the City Planning Commission has certified that such publicly accessible private street and open area comply with the design standards of Sections 125-44 (Private Street Requirements in Newtown Creek Subdistrict) and 125-45 (Publicly Accessible Open Area in Newtown Creek Subdistrict).

(b) #Floor area# increase for Inclusionary Housing

(1) Within the #Special Southern Hunters Point District#, the Newtown Creek Subdistrict shall be an #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, and this Section, applicable within the Special District.

(2) In the Newtown Creek Subdistrict, for #developments# that provide a publicly accessible private street and open area that comply with the provisions of paragraph (a) of this Section, the #floor area ratio# for any #zoning lot# with #buildings# containing #residences# may be increased from 3.75 to a maximum #floor area ratio# of 5.0 through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING), except that:

- (i) the height and setback regulations of Section 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) or Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the special height and setback regulations of Section 125-30, inclusive, of this Chapter shall apply; and
- (ii) the provisions of Section 23-96 (Requirements for Generating Sites or MIH Sites) shall be modified to require that in the event the #affordable housing# is not located within the same Community District as the #compensated zoning lot#, it shall be located within a one-half mile radius of the #compensated zoning lot# in an adjacent Community District in the Borough of Queens.

(11/13/08)

**125-30
HEIGHT AND SETBACK REGULATIONS**

The underlying height and setback regulations shall not apply, except as set forth in this Section.

In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply. All heights shall be measured from the #base plane#.

(12/6/23)

**125-31
Rooftop Regulations**

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Southern Hunters Point District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-623 (Permitted obstructions in certain districts).

(11/13/08)

**125-32
Balconies**

Balconies shall not be permitted below a height of 70 feet. Above a height of 70 feet, balconies are permitted provided that at least 50 percent of the perimeter of the balcony is bounded by #building# walls, exclusive of parapet walls.

(2/2/11)

**125-33
Required Street Walls**

(a) #Street wall# location

All #street walls# of #buildings# shall be located on #street lines# of #zoning lots# as shown on Map 3 (Street Wall Location) in Appendix A of this Chapter. For the purposes of applying the height and setback regulations of this Section, wherever a #building# fronts upon any #public park#, or any sidewalk widening, #publicly accessible open area# or private street provided in accordance with the design requirements of Sections 125-41 through 125-46, inclusive, the boundary of such #public park#, sidewalk widening, #publicly accessible open area# or private street shall be considered to be a #wide street line#.

(b) Minimum base heights

All #street walls# shall extend up to at least a minimum base height of 50 feet or the height of the #building#, whichever is less, except that a minimum base height of 40 feet shall be permitted in the locations specified on Map 4 (Minimum Base Heights of 40 Feet) in Appendix A of this Chapter.

(c) Maximum base heights

The maximum height of a #street wall# before setback shall be 70 feet, except in the locations specified on Map 5 (Maximum Base Heights Other Than 70 Feet) in Appendix A of this Chapter.

(d) Recesses

Recesses, not to exceed three feet in depth, shall be permitted on the ground floor where required to provide access to the #building#, and recesses, not to exceed five feet in depth, shall be permitted on the ground floor where required to provide access to utilities. Above the height of the second #story# or 30 feet above adjoining grade, whichever is greater, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#.

(e) Required setbacks and maximum #building# heights

Setbacks are required for all portions of #buildings# that exceed the applicable maximum base height, except #schools#. All required setbacks shall be provided at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except that the depth of such setbacks may include the depth of any permitted recesses in the #street wall#. For the purposes of this paragraph (c), the following shall be considered #wide streets#:

- (1) Second Street between 54th Avenue and Borden Avenue
- (2) 55th Avenue between Center Boulevard and Second Street
- (3) Center Boulevard between 50th Avenue and 57th Avenue.

Above the applicable maximum base height, the maximum height of a #building or other structure# shall be 125 feet, except where towers are permitted, pursuant to Section 125-34.

125-34 Towers

Any portion of a #building# that exceeds a height of 125 feet shall comply with the following provisions:

(a) Tower location and maximum tower height

All towers shall be located entirely within a Tower Area as designated on Map 6 (Tower Areas), in Appendix A of this Chapter. The maximum height of such towers shall be as indicated for the specified location on Map 6. For #buildings# higher than 165 feet, the #stories# entirely within 40 feet of the highest roof level of the #building# shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Orientation and maximum tower size

The outermost walls of each #story# located entirely above a height of 125 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street or Center Boulevard, whichever is closest, shall be 95 feet. The maximum length of any other side of such rectangle shall be 170 feet. Each #story# of a tower located entirely above a height of 125 feet shall not exceed a gross area of 11,000 square feet.

However, on Parcel G in the East River Subdistrict, the maximum length of the side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street shall not exceed 170 feet.

(c) Tower and base integration

Notwithstanding the setback provisions of paragraph (c) of Section 125-33, up to 50 percent of the #street wall# width of a tower may rise sheer from grade without setback.

125-35

Authorization for Height and Setback Modifications

Within the #Special Southern Hunters Point District#, for any #development# or #enlargement#, the City Planning Commission may modify the regulations set forth in Section 125-30, inclusive, provided the Commission finds that such modifications:

- (a) will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public access areas, #streets# and properties;
- (b) are consistent with the goals of the Special District to provide flexibility of architectural design and encourage more attractive #building# forms; and
- (c) will result in a #development# or #enlargement# that enhances the streetscape and is compatible with development in the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the #development# or #enlargement# on the character of the surrounding area.

(11/13/08)

125-40

DISTRICT PLAN ELEMENTS

(11/13/08)

125-41

Sidewalk Widening

Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Area), in Appendix A of this Chapter, shows locations of mandatory sidewalk widening in the East River Subdistrict. The depth of such sidewalk widening shall be as indicated on Map 7 and shall be measured perpendicular to the #street line# unless otherwise indicated. All sidewalk widening shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalk, and shall be accessible to the public at all times.

(11/13/08)

125-42

Publicly Accessible Open Area Requirements on

Parcels B, D, E and F

Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Area), in Appendix A of this Chapter, shows locations where open areas are permitted or required on Parcels B, D, E and F in the East River Subdistrict. Where any such area is provided, it shall be publicly accessible and comply with the standards of Sections 37-741 (Seating), 37-743 (Lighting and electrical power), 37-744 (Litter receptacles), 37-745 (Bicycle parking), 37-746 (Drinking fountains), 37-747 (Public space signage), 37-76 (Mandatory Allocation of Frontages for Permitted Uses) and 37-77 (Maintenance).

In addition, the provisions of Section 37-742 (Planting and trees) shall apply to such open areas, and shall be modified to require that:

- (a) at least 30 percent of each open area be comprised of planting beds;
- (b) at least two four-inch caliper trees or three ornamental trees be provided within such open areas on Parcels D and F; and
- (c) no trees shall be required within the open areas on Parcels B and E.

(11/13/08)

125-43

Publicly Accessible Open Area Requirements on Parcel G

A publicly accessible private open area shall be provided within the area of Parcel G in the East River Subdistrict as shown on Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Area) in Appendix A of this Chapter. No excavation or building permit shall be issued for any #development# on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is consistent with the Department of Parks and Recreation design standards used for the development of the adjacent #public park#. A certification under this paragraph shall be granted on condition that an acceptable restrictive declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation.

In the event that Parcel G is not owned by the City, then, prior to design and development of the #publicly accessible open area#, the owner of Parcel G may make a request directed to the Office of the Mayor to transfer to the City its fee simple absolute interest, free and clear of any encumbrances in the open area. The City may accept the transfer request, provided that development of the open area is made in accordance with guidelines established by the Chairperson of the City Planning Commission and the Commissioner of the Department of Parks and Recreation, and transfer is made pursuant to such instruments as are necessary for

implementation. In the event of a transfer, the #bulk# and parking computations for the #zoning lot# shall include the transferred property and such transfer shall not be deemed a #non-compliance#.

(11/13/08)

125-44

Private Street Requirements in Newtown Creek Subdistrict

In the Newtown Creek Subdistrict, where a private street is provided pursuant to paragraph (a) of Section 125-22, such private street shall be constructed to minimum Department of Transportation standards for public #streets#, including lighting, curbs and curb drops. Such private street shall consist of a paved road bed with a minimum width of 34 feet from curb to curb with 13 foot wide sidewalks on each side along its entire length. Such private street shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. One tree shall be planted for every 25 feet of curb length of the private street. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.

(2/2/11)

125-45

Publicly Accessible Open Area in Newtown Creek Subdistrict

Where a publicly accessible private open area is provided pursuant to paragraph (a) of Section 125-22, such open area shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. No excavation or building permit shall be issued for any #development# or #enlargement# on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is either:

- (a) consistent with the Department of Parks and Recreation design standards for the #public park# located on 55th Avenue between Center Boulevard and Second Street; or
- (b) in the event that design standards have not been developed for the #public park# located on 55th Avenue between Center Boulevard and Second Street, acceptable to the Chairperson of the City Planning Commission and the Department of Parks and Recreation.

A certification under this Section shall be granted on condition that an acceptable restrictive

declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation. Such approved plan shall allow for pedestrian access from 55th Avenue to the #residential# entrance of a #building# bounding the publicly accessible private open area. The paved width of such access shall not exceed 13 feet, and its location shall be within the area shown on Map 8.

(6/6/24)

125-46 Newtown Creek Waterfront Access Plan

Map 9, in Appendix A of this Chapter, shows the boundaries of the area comprising the Newtown Creek Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area consists of Block 11, Lot 1, as established on November 13, 2008.

(a) Modification of #use# requirements

Docks for water taxis and docks or mooring facilities for non-commercial pleasure boats listed under Use Group IV(B) shall be permitted #uses# within the Newtown Creek Waterfront Access Plan.

(b) Area-wide modifications

The requirements for #waterfront public access area#, as defined in Section 62-11, pursuant to Sections 62-53 through 62-57, inclusive, are modified at the following designated locations:

(1) #Upland connection#

An #upland connection#, as defined in Section 62-11, shall be provided through Block 11, Lot 1, abutting the prolongation of 5th Street and extending from the #shore public walkway#, as defined in Section 62-11, northerly to 54th Avenue.

(2) #Supplemental public access area#

#Supplemental public access areas#, as defined in Section 62-11, shall be provided as indicated on Map 9.

(2/2/11)

125-47

Phased Implementation of Publicly Accessible Areas

In the Newtown Creek Subdistrict, the Chairperson of the City Planning Commission shall allow for the phased implementation of all required publicly accessible areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for an amount of public access area proportionate to the amount of #floor area# being #developed# or #enlarged# in each phase. For any #development# or #enlargement# located within 100 feet of a #shoreline#, the initial phase shall provide, at a minimum, the required #shore public walkway# and any adjacent #supplemental public access areas# located between such #development# or #enlargement# and such #shore public walkway#, as defined in Section 62-11. For any #development# or #enlargement# that fronts upon 54th Avenue, the initial phase shall provide, at a minimum, the required publicly accessible private street.

(5/8/13)

125-50

PARKING REGULATIONS

The regulations governing permitted and required #accessory# off-street parking spaces of Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area) and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall apply, except as set forth in this Section.

(11/13/08)

125-51

General Regulations

For the purposes of Section 125-50 (PARKING REGULATIONS), inclusive, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#.

No #public parking garages# or #public parking lots# shall be permitted.

(6/6/24)

125-52

Location of Off-street Parking Spaces

Any roof area of a parking garage not otherwise covered by a #building# and larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational #use# of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area. #Schools# shall be exempt from the provisions of this paragraph (b).

(5/8/13)

125-53

Maximum Size of Permitted Accessory Group Parking Facilities

In the East River Subdistrict, Section 16-13 (Permitted Parking for Zoning Lots With Multiple Uses) shall apply, except that the maximum number of spaces shall be 780. Section 16-21 (Off-site Parking) shall not apply.

In the Newtown Creek Subdistrict, Section 16-13 shall apply except that the maximum number of spaces shall not exceed 40 percent of the number of #dwelling units# within the #development# or #enlargement#.

(11/13/08)

125-54

Off-site Facilities in the East River Subdistrict

In the East River Subdistrict, all #accessory# off-street parking spaces may be provided within parking facilities on #zoning lots# other than the same #zoning lot# as the #uses# to which they are #accessory#, provided such parking facilities are located within the #Special Southern Hunters Point District#, and the number of parking spaces within such facility shall not exceed the combined maximum number of spaces permitted on each off-site #zoning lot# using such facility, less the number of any spaces provided on such #zoning lots#.

(2/2/11)

125-55

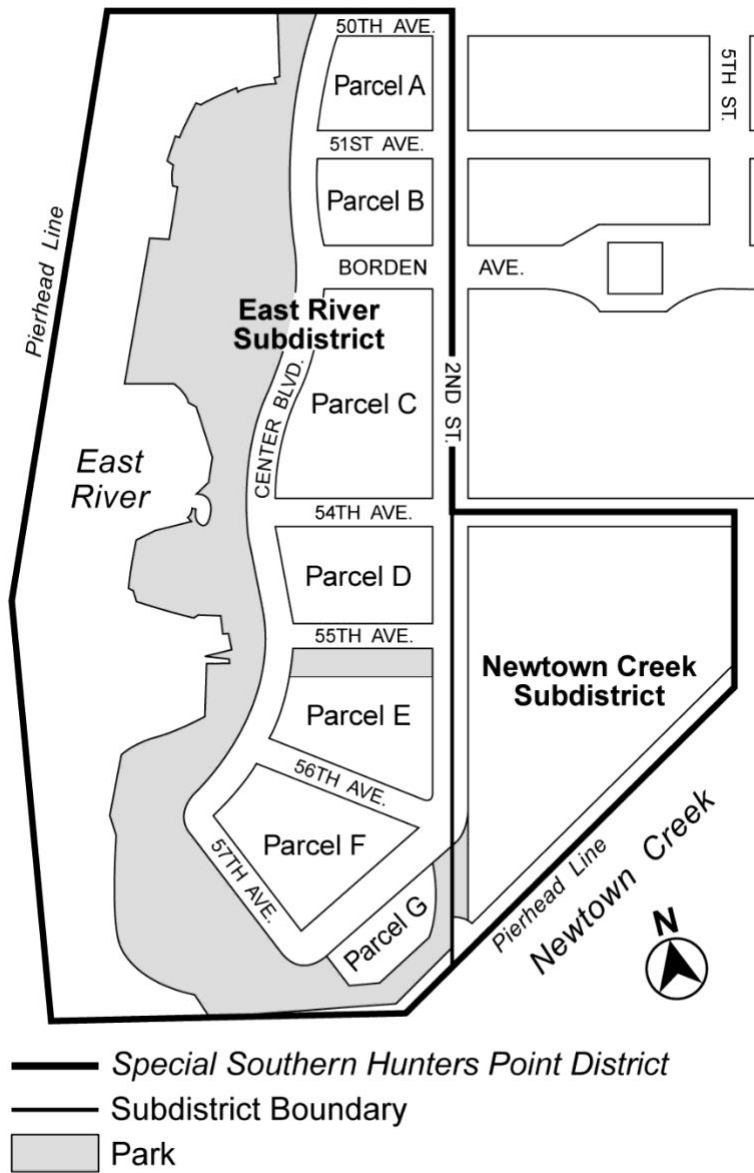

Location of Curb Cuts

Curb cuts are permitted only in the locations indicated on Map 10 (Permitted Curb Cut Locations) in Appendix A of this Chapter. The aggregate width of all curb cuts provided for any #building# shall not exceed 50 feet.

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 6
Special College Point District**

(7/29/09)

**126-00
GENERAL PURPOSES**

The “Special College Point District” established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage and retain high performance manufacturing establishments in New York City;
- (b) to maintain the high quality business campus environment with landscaped yards within the area known as the College Point Corporate Park; and
- (c) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City’s tax revenues.

(5/12/21)

**126-01
General Provisions**

The provisions of this Chapter shall apply within the #Special College Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

(7/29/09)

126-02
District Plan and Map

The District Map is located within the Appendix to this Chapter and is hereby incorporated and made part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(7/29/09)

126-10
SPECIAL USE REGULATIONS

The #use# regulations of the underlying district are modified as set forth in this Section, inclusive.

(6/6/24)

126-11
Recreational Uses

The regulations of Section 42-10 (USE ALLOWANCES), shall be modified to allow the following #uses# as-of-right within the #Special College Point District#:

From Use Group I

Golf courses

Outdoor racket courts

Outdoor skating rinks

#Public parks#, playgrounds or private parks

From Use Group III

Non-commercial recreation centers.

(6/6/24)

126-12

Performance Standards

Section 42-40 (PERFORMANCE STANDARDS) shall be modified so that the performance standards of an M1 District apply throughout the #Special College Point District#.

(6/6/24)

126-13

Enclosure Regulations

The following provisions supersede Sections 42-51 (Enclosure of Commercial or Manufacturing Activities) and 42-52 (Enclosure or Screening of Storage).

All #commercial# or #manufacturing uses# established by a #development#, #enlargement#, #extension#, or change of #use#, including storage of materials or products, shall be subject to the provisions of this Section, inclusive. With respect to the #enlargement# or #extension# of an existing #use# or storage of materials or products, such provisions shall apply to the #enlarged# or #extended# portion of such #use# or storage. In addition, new #accessory# open storage or any increase in the portion of a #zoning lot# used for #accessory# open storage shall conform to the provisions of this Section.

However, these provisions shall not apply to open parking and loading areas as specifically provided in Sections 44-11 (General Provisions) and 44-51 (Permitted Accessory Off-street Loading Berths).

(6/6/24)

126-131

Special enclosure regulations for specific uses previously prohibited under the former College Point Urban Renewal Plan

The following #uses#, including all storage of materials or products, shall be located within a #completely enclosed building#:

From Use Group IV

Electric power or steam generating plants

Incineration or reduction of garbage, offal or dead animals

Radioactive waste disposal services involving the handling or storage of radioactive waste

Sewage disposal plants

Dumps, marine transfer stations for garbage or slag piles

From Use Group IX

Explosives storage, when not prohibited by other ordinances

Junk or salvage establishments, including auto wrecking or similar establishments

Wholesale establishments that include produce or meat markets

Scrap metal, junk, paper or rags storage, sorting, or baling

From Use Group X

Animal slaughtering and processing.

All #commercial# or #manufacturing# #uses# specified in this Section shall be permitted, provided the City Planning Commission certifies that such #uses# comply with the provisions of this Chapter. A site plan indicating the distribution of #bulk#, #uses#, planting areas and planting types shall be submitted to the Commission. Such submission shall be referred to the applicable Community Board and Borough President for review and comment for a period of no less than 45 days prior to such certification.

(7/29/09)

126-132

Enclosure regulations in M1-1 Districts

All #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#; however, #commercial# #uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-133

Enclosure regulations in M2-1 Districts near Residence Districts

Within 300 feet of a #Residence District# boundary, all #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#. However, #commercial# #uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-134

Enclosure of storage in M1-1 Districts near Residence Districts

All storage of materials or products within 200 feet of a #Residence District# boundary shall be located within #completely enclosed buildings#.

(7/29/09)

126-135

Screening of storage in M2-1 Districts near Residence Districts

Within 200 feet of a #Residence District# boundary, open storage of materials or products shall be permitted only if effectively screened by a solid wall or fence (including solid entrance and exit gates) at least eight feet in height.

In addition, such solid wall or fence:

- (a) shall not be located within a #front yard# ;
- (b) shall be maintained in good condition at all times; and
- (c) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-52 (Permitted Signs), and 126-14 (Sign Regulations), inclusive.

(6/6/24)

126-136

Screening of storage

- (a) At a distance greater than 200 feet from a #Residence District# boundary, the open storage of materials or products, where permitted, shall be screened from all adjoining #zoning lots#, including #zoning lots# situated across a #street#, by either:
- (1) a strip at least four feet wide, densely planted with shrubs or trees which are at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
 - (2) a wall or barrier or uniformly painted fence of fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.
- (b) In addition, such screening provided pursuant to paragraphs (a)(1) or (a)(2) of this Section:
- (1) shall not be located within a #front yard# ;
 - (2) shall be maintained in good condition at all times;
 - (3) may be interrupted by normal entrances or exits; and
 - (4) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-62 (Permitted Signs) and 126-14 (Sign Regulations).

(6/6/24)

126-14 Sign Regulations

Within the #Special College Point District#, no #advertising signs# shall be permitted. #Signs# may be #illuminated# but not #flashing#. The provisions of Section 32-671 (Special provisions applying along district boundaries) shall not apply for #zoning lots# with frontage on the Whitestone Expressway.

No #sign# displayed from the wall of a #building or other structure# shall extend above the parapet wall or roof of such #building or other structure#, and no #signs# shall be permitted on the roof of any #building#.

(7/29/09)

126-141

Special sign regulations in M2-1 Districts

In M2-1 Districts, only non-illuminated signs and signs with indirect illumination are permitted. The surface area of all signs on a zoning lot shall be limited to:

- (a) one sign displayed from the wall of a building limited to 1.5 square feet of surface area for each linear foot of street wall or 150 square feet, whichever is less, and further provided that such signs shall not exceed a height of eight feet, and shall not extend to a height greater than 20 feet above curb level ; and
- (b) one sign not affixed to a building limited to one square foot of surface area for each 200 square feet of street wall or 30 square feet, whichever is less, and further provided that such signs shall not exceed a height of five feet above curb level.

(7/29/09)

126-20

SPECIAL BULK REGULATIONS

The bulk regulations of the underlying district are modified as set forth in this Section, inclusive.

(2/2/11)

126-21

Street Tree Planting

Within the Special College Point District, all developments, or enlargements of 20 percent or more in floor area, shall provide street trees in accordance with Section 26-41 (Street Tree Planting). In addition, any building where 20 percent or more of the floor area is converted shall provide street trees in accordance with Section 26-41. The street frontage used to calculate the number of required trees may exclude the street frontage occupied by curb cuts serving uses listed in Use Groups 16B, 16C, 16D, 17 and 18.

(7/29/09)

126-22

Floor Area Ratio

Within the #Special College Point District#, the #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 1.0.

However, within the M2-1 District south of 30th Avenue and its prolongation, the maximum #floor area ratio# for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be as permitted in the underlying district, for:

- (a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or
- (b) #zoning lots# with frontage on the Whitestone Expressway.

(7/29/09)

126-23
Modification of Yard Regulations

(7/29/09)

126-231
Minimum required front yards

#Front yards# shall be provided with a depth of 15 feet, except for:

- (a) #zoning lots# with frontage along the Whitestone Expressway, where #front yards# shall be provided with a depth of 20 feet; and
- (b) #corner lots#, where one #front yard# may have a depth of 10 feet.

(7/29/09)

126-232
Minimum required side yards

#Side yards# shall be provided with a width of 10 feet.

(4/14/10)

126-233

Special provisions along district boundaries

The following regulations shall modify the provisions of Section 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES).

- (a) Sections 43-301 (Required yards along district boundary coincident with side lot line of zoning lot in an R1, R2, R3, R4 or R5 District) and 43-303 (Required yards along district boundary coincident with side lot line of zoning lot in a Manufacturing District) shall be modified so that an open area not higher than #curb level# and at least 20 feet wide shall be provided within the #Manufacturing District# on any #zoning lot# which is within 25 feet of a #Residence District#.
- (b) Within the areas depicted on the #Special College Point District# Map as 60-foot buffer areas, an open area not higher than #curb level# shall be provided within the #Manufacturing District#, as follows:
 - (1) where such buffer area is adjacent to a #street#, a #front yard# at least 60 feet in depth shall be provided; or
 - (2) where such buffer area is not adjacent to a #street#, an open area at least 60 feet wide shall be provided along the boundary of the #Manufacturing District#. Such open area may be reduced to a width of not less than 25 feet where there is an open area in an adjacent #Residence District# so that, in combination with the open area within the #Manufacturing District#, there is an open area totaling at least 60 feet in width. The open area in the #Residence District# shall be subject to a restrictive declaration requiring that such area be maintained pursuant to the standards of this Section, in a form approved by the New York City Department of Buildings, and subsequently recorded in the Office of the City Register of the City of New York against all tax lots comprising such restricted open area. Proof of recordation of the restrictive declaration in a form acceptable to the New York City Department of Buildings shall be submitted.

All such open areas shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.
- (c) All open areas required pursuant to this Section and Section 43-30 shall be planted, except at entrances to and exits from the #building# and except for access driveways to #accessory# parking and loading areas. In addition, except within #front yards#, there shall be a planting strip at least four feet wide, along the portion of the #lot line# adjoining the #Residence District#, complying with the provisions applicable to Section 126-136 (Screening of storage), provided that the option described in paragraph (a)(2) of Section 126-136 shall not be a permitted form of screening.

(7/29/09)

126-234

Planting requirement in front yards

#Front yards# shall be planted, except at entrances to and exits from the #building# and except for access driveways to #accessory# parking and loading areas. #Front yards# shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

(7/29/09)

126-235

Storage of materials within yards

Within #side# and #rear yards#, the maximum height of the open storage of materials, where permitted, shall be 12 feet.

(7/29/09)

126-24

Height and Setback Regulations

Within the #Special College Point District#, the height and setback regulations of an M1-1 District shall apply.

However, within the M2-1 District south of 30th Avenue and its prolongation, the height and setback regulations shall be as permitted in the underlying district, for:

- (a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or
- (b) #zoning lots# with frontage on the Whitestone Expressway.

(7/29/09)

126-30

SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS

The off-street parking and loading regulations of the underlying district are modified as set forth in this Section, inclusive.

(6/6/24)

126-31 Parking Regulations

- (a) #Accessory# off-street parking shall not be permitted within a required #front yard#.
- (b) The provisions of Section 44-21 (General Provisions) pertaining to #accessory# off-street parking spaces for #commercial# #uses# shall be modified as follows:
 - #Transient hotels#, for the #floor area# used for sleeping accommodations, shall be required to provide one parking space per two guest rooms or suites and, for the #floor area# used for meeting halls, auditoriums, eating or drinking places, wedding chapels or banquet halls, or radio or television studios, shall be required to provide one parking space per four persons-rated capacity
 - For #uses# with parking requirement category B1, or when permitted by special permit, shall be required to provide one parking space per four persons-rated capacity
- (c) For #commercial# #uses# within the commercial areas identified on the #Special College Point District# Map, the parking requirements of a C4-1 District shall apply.
- (d) Section 37-90 (PARKING LOTS), inclusive, shall apply to all open parking areas #accessory# to #uses# listed under Use Group X. Perimeter landscaping, required pursuant to Section 37-921, may overlap with required #yards#, pursuant to Section 126-231.
- (e) The provisions of Section 44-232 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on July 29, 2009, and on the date of application for a building permit.

(6/6/24)

126-32 Loading Regulations

- (a) Off-street loading berths shall not be permitted between a #street wall# and a #street line#. However, the City Planning Commission may authorize off-street loading berths

located between a #street wall# and a #street line#, provided that the Commission finds that such loading berths can not be located elsewhere on the #zoning lot# and that such loading berths shall be enclosed or screened to the greatest extent practicable.

- (b) All open off-street loading berths shall be screened from all adjoining #zoning lots# pursuant to the standards of Section 44-564 (Screening).

(7/29/09)

126-33 Curb Cut Restrictions on 15th Avenue

Within the #Special College Point District#, curb cuts shall be prohibited on 15th Avenue.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access to the #street# only through such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one-sixteenth inch to a foot, showing the size and location of the proposed curb cut.

(7/29/09)

126-40 SPECIAL APPROVALS

(7/29/09)

126-41 Modification of Planting Requirements

The requirements of Section 126-234 (Planting requirement in front yards) and paragraph (c) of Section 126-233 (Special provisions along district boundaries) may be waived in whole or in part if the Commissioner of Buildings certifies that such requirements are infeasible due to unique geological conditions such as excessive subsurface rock conditions, underground municipal infrastructure, or a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

(7/29/09)

126-42
Authorization for Reduction of Required Parking

Within the commercial areas identified on the #Special College Point District# Map, the City Planning Commission may authorize a reduction of the parking requirement of Section 44-21 (General Provisions) and paragraphs (b) and (c) of Section 126-31 (Parking Regulations) by an amount not to exceed 50 percent, provided that the Commission finds that the proposed parking is sufficient for the #use# proposed.

(2/2/11)

126-43
Special Permit to Modify Use or Bulk Regulations

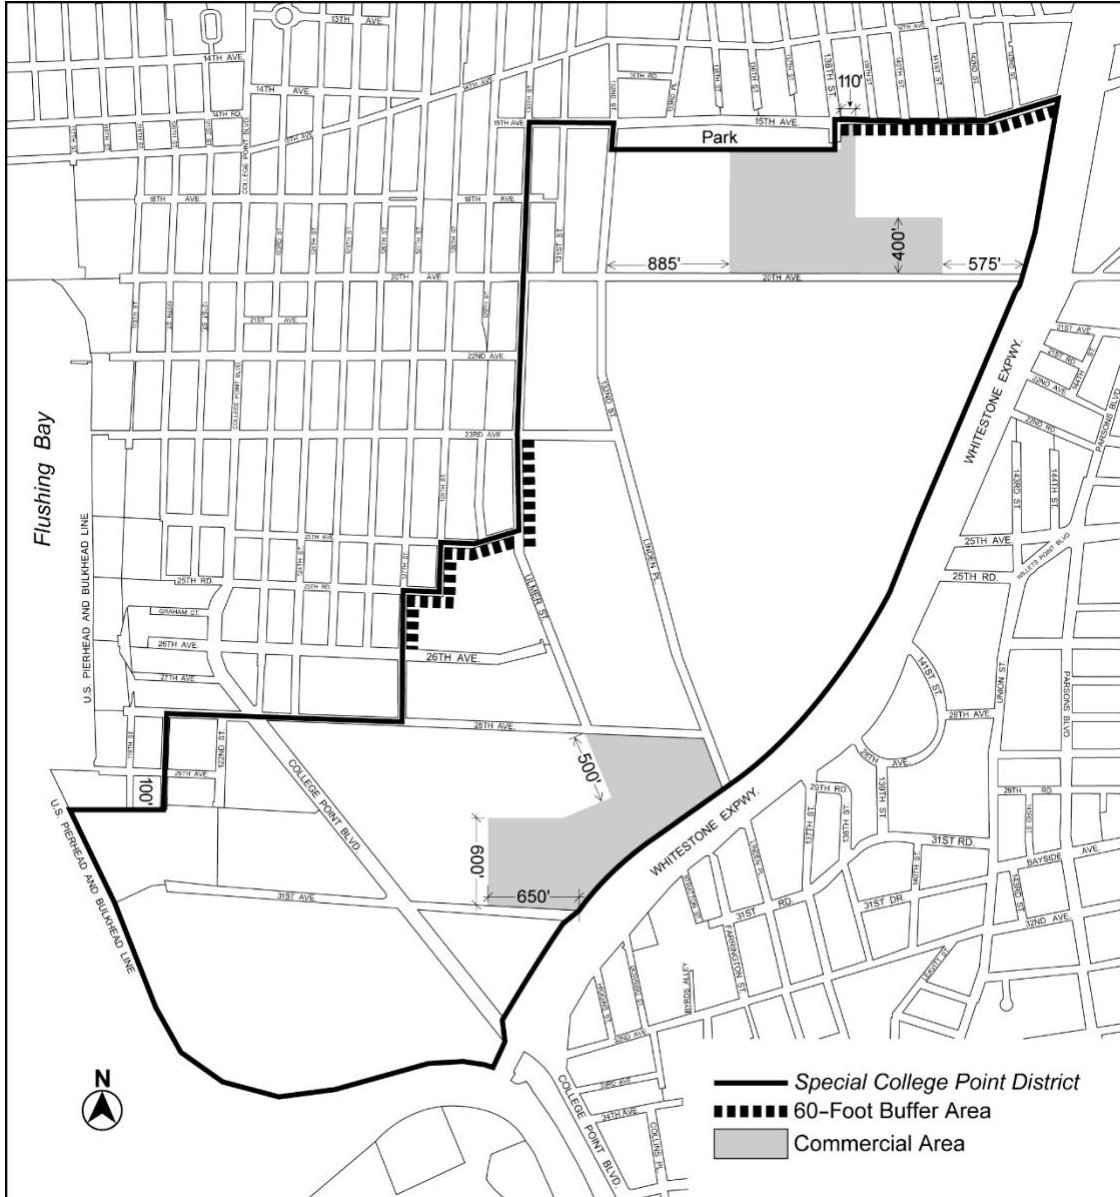

For any #zoning lot# within the #Special College Point District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission finds that such:

- (a) #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;
- (c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot# ;
- (d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(7/29/09)

Appendix Special College Point District Map

(12/10/20)

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 7
Special Flushing Waterfront District**

(12/10/20)

**127-00
GENERAL PURPOSES**

The “Special Flushing Waterfront District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to enhance neighborhood economic diversity by broadening the range of housing choices for residents of varied incomes;
- (b) to create a lively and attractive built environment that will provide amenities and services for the use and enjoyment of area residents, workers and visitors;
- (c) to encourage well-designed development that complements the pedestrian experience and enhances the built character of the neighborhood;
- (d) to establish and maintain physical and visual public access to and along Flushing Creek;
- (f) to make use of the waterfront by providing public access via private street network, direct connections to the water and to promote coordinated redevelopment of the area in a manner consistent with waterfront access and internal circulation within the Special District; and
- (g) to promote the most desirable use of land and building development in accordance with the District Plan for Downtown Flushing and thus conserve the value of land and buildings and thereby improve the City’s tax revenues.

(12/10/20)

**127-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Flushing Waterfront District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control unless expressly stated otherwise.

(12/10/20)

127-02

District Plan and Maps

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

Map 1: Special Flushing Waterfront District and Subdistricts

Map 2: Publicly Accessible Private Street Network

Map 8: Waterfront Access Plan: Phase II Waterfront Public Access Improvements

(12/10/20)

127-03

Subdistricts

In order to carry out the provisions of this Chapter, three subdistricts, Subdistrict A, Subdistrict B and Subdistrict C, are established.

The location and boundaries of these subdistricts are shown on Map 1 (Special Flushing

Waterfront District and Subdistricts) in the Appendix to this Chapter.

(6/6/24)

127-04 Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 32-301 (Definitions) and within this Section, except where explicitly stated otherwise in individual provisions in this Chapter.

Conceptual plan

A “conceptual plan” is a plan that sets forth the proposed final design, in compliance with the requirements of Section 127-421 (Requirements for publicly accessible private streets), for the remaining portions of the #publicly accessible private street# or #upland connection# certified pursuant to paragraph (b)(1)(i) of Section 127-422 (Certification for publicly accessible private streets), or paragraph (a)(1)(i) of Section 127-542 (Supplemental provisions), respectively. The plan shall include the proposed location, dimensions and grading for such remaining portions on adjoining #zoning lots# and shall be considered by the Chairperson of the City Planning Commission in reviewing the proposed #final site plan# for such remaining portions, if and when they become the subject of a certification pursuant to paragraph (b)(2) of Section 127-422 or paragraph (a)(2) of Section 127-542.

Final site plan

A “final site plan” is a plan that specifies the final design for the location, dimensions, and grading of all or portions of the #publicly accessible private streets# or #upland connection# that are the subject of a certification pursuant to paragraphs (a) or (b) of Section 127-422 or paragraphs (a)(1) or (a)(2) of Section 127-542. Where applicable, the design of such plan shall be consistent with any #conceptual plan# for the same portion of the #publicly accessible private street# or #upland connection# and, once certified and implemented in accordance with paragraph (b) of Section 127-422 or paragraph (a) of Section 127-542, such plan shall supersede any #interim plan# for the same portion of a #publicly accessible private street# or #upland connection#.

Interim site plan

An “interim site plan” is a plan that specifies, for an interim period, the design for the location, dimensions, and grading of portions of the #publicly accessible private street# or #upland connection# that are the subject of a certification pursuant to paragraph (b)(1) of Section 127-422

or paragraph (a)(1) of Section 127-542 and located on the applicant's #zoning lot#. A design for an interim period is necessary where it is not feasible to implement the final design for such portions until build-out of the remaining portions of the #publicly accessible private street# or #upland connection# occurs. Such #interim site plan#, once certified, shall remain in effect until implementation of the #final site plan# in accordance with paragraph (b) of Section 127-422 or paragraph (a) of Section 127-542, at which time the certified #final site plan# shall supersede the #interim site plan#.

Publicly accessible private street

A “publicly accessible private street” is a way specified on Map 2 in the Appendix to this Chapter that functions as a #street# for the purposes of general public use, including vehicular and pedestrian traffic, and is open and unobstructed from its ground level to the sky, except by streetscape elements required or permitted by the provisions of this Chapter.

(12/10/20)

127-05 Applicability of District Regulations

(12/10/20)

127-051 Applicability of the Quality Housing Program

Within Subdistrict A and Subdistrict B, any #building# containing #residences#, or any #building# containing #long-term care facilities# or philanthropic or non-profit institutions with sleeping accommodations, shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 (Quality Housing) shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(12/10/20)

127-052 Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, #Mandatory Inclusionary Housing areas# within the #Special Flushing

Waterfront District# are shown in APPENDIX F (Inclusionary Housing Designated Areas and Mandatory Inclusionary Housing Areas) of this Resolution.

(12/10/20)

127-053

Applicability of Article VI, Chapter 1

The provisions of Article VI, Chapter I (Special Regulations Applying Around Major Airports) shall apply, except as modified in accordance with the provisions of this Chapter.

(12/10/20)

127-054

Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply in all #waterfront areas#, except as modified in accordance with the provisions of this Chapter.

(5/12/21)

127-055

Applicability of Article VI, Chapter 4

The provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones) shall apply. In the event of a conflict between the provisions of this Chapter and Article VI, Chapter 4, the provisions of Article VI, Chapter 4 shall control.

(12/10/20)

127-056

Applicability of Article XII, Chapter 3

In M1 Districts paired with a #Residence District#, the special #use#, #bulk# and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except as modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence District# or M1 District, as applicable.

(12/10/20)

**127-10
SPECIAL USE REGULATIONS**

Within the #Special Flushing Waterfront District#, the #use# regulations of the underlying zoning districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), and Article XII, Chapter 3 (Special Mixed Use District), shall apply, except as modified by the provisions of this Section, inclusive.

(6/6/24)

**127-11
Location of Residential Use Within Buildings**

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial# #uses# are located above any #story# containing #dwelling units#.

(12/9/21)

**127-12
Sign Regulations**

For M1 Districts paired with a #Residence District#, the provisions regulating #signs# in C4 Districts, as set forth in Section 32-60 (SIGN REGULATIONS), inclusive, shall apply for any #signs#.

(12/10/20)

**127-20
SPECIAL BULK REGULATIONS**

For the purpose of applying the #bulk# regulations of this Section, inclusive, Subdistricts A, B and C, as shown on Map 1 in the Appendix to this Chapter, shall be considered #waterfront blocks#.

Within Subdistricts A and B, the applicable #bulk# regulations of the underlying districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), and Article XII, Chapter 3 (Special Mixed Use District), shall apply, except as modified by the provisions of this Section, inclusive.

Within Subdistrict C, the applicable #bulk# regulations of the underlying districts and of Article VI, Chapter 2 shall apply.

All #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets#, shall be considered #streets# and their boundaries shall be considered #street lines# for the purposes of applying all #bulk# regulations, except that such #streets# shall not subdivide a #zoning lot#. Furthermore, such #streets# shall be considered part of the #zoning lot# for the purpose of applying the #floor area# regulations of this Section, inclusive.

(12/10/20)

127-21 Special Floor Area Regulations

The #floor area# provisions of Section 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks) and applicable regulations shall apply except as modified in this Section, inclusive.

(a) Floor space for accessory off-street parking

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

(b) Special floor area regulations for mixed use districts

For M1 Districts paired with a #Residence District#, located inside a #Mandatory Inclusionary Housing area#, the applicable maximum #floor area ratio# provisions of paragraph (d) of Section 23-154 (Inclusionary Housing) or Section 23-155 (Affordable independent residences for seniors) shall apply to all #residential uses#. In addition, the maximum #floor area ratio# shall be 4.8 for #community facility uses#, 3.0 for #commercial# #uses# and 3.0 for #manufacturing uses#.

(6/6/24)

127-22

Special Yard Regulations

On #waterfront zoning lots#, the #waterfront yard# provisions of Section 62-33 (Special Yard Regulations on Waterfront Blocks) and grading requirements of paragraph (a) of Section 64-82 (Modification of Waterfront Regulations Relating to Level of Yards, Visual Corridors and the Ground Floor) shall apply, except as modified as follows:

- (a) for all #waterfront zoning lots#, as defined in Section 62-11 (Definitions), whose #developments# are comprised #predominantly#, as defined in Section 62-11, of #uses# in listed under Use Groups IV(B), IX or X, a #waterfront yard#, as also defined in Section 62-11, shall be provided in accordance with the provisions of Section 62-332 (Rear yards and waterfront yards); and
- (b) the grading requirements of paragraph (a) of Section 64-82 may be modified pursuant to a certification by the Chairperson of the City Planning Commission as set forth in Section 127-61 (Certification for Interim Grading Conditions).

On #zoning lots# that are not #waterfront zoning lots#, no #yard# regulations shall apply.

(12/10/20)

127-23

Special Height and Setback Regulations

The height and setback provisions of paragraphs (a)(4) of Section 62-341 (Developments on land and platforms) shall apply except as modified in Section 127-231 (Permitted obstructions). The remaining provisions of Section 62-341 shall be superseded by the provisions of this Section, inclusive.

The height of all #buildings or other structures# shall be measured from the #base plane#, except where modified by specific provisions of this Section, inclusive, or by the provisions of Article VI, Chapter 4.

Sidewalk widenings shall be provided along specified #street# frontages and at specified depths as set forth on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter. Such sidewalk widening shall be improved to Department of Transportation standards for sidewalks, and be at the same level as the adjoining sidewalk.

(12/10/20)

127-231

Permitted obstructions

The permitted obstruction provisions of paragraph (a)(4) of Section 62-341 (Developments on land and platforms) shall be modified as follows:

- (a) the dormer provisions of paragraph (a)(4)(i) of Section 62-341 shall be modified pursuant to the provisions of paragraph (c)(1) of Section 127-233 (Base heights and setback regulations);
- (b) the penthouse regulations of paragraph (a)(4)(ii) of Section 62-341 shall not apply; and
- (c) the maximum height of any permitted obstructions shall be determined in accordance with the provisions of Article VI, Chapter 1 (Special Regulations Applying Around Major Airports), except where modified by certification of the Chairperson of the City Planning Commission pursuant to Section 127-236 (Certification to modify maximum height of building or other structure).

(12/10/20)

127-232

Street wall location regulations

Along #street# frontages where a sidewalk widening is required pursuant to Map 3 in the Appendix to this Chapter, the #street wall# location requirements of this Section shall apply from the interior boundary of such sidewalk widening.

- (a) Along primary #street# frontages

Along primary #street# frontages, as shown on Map 3, at least 60 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and rise to at least the minimum base height as specified in Section 127-233 (Base heights and setback regulations), or the height of the building, whichever is lower. The remaining #aggregate width of street walls# may be located either within eight feet of the #street line# or beyond eight feet of the #street line#. The requirements of this paragraph shall not apply to the portion of a #building# adjacent to the major portion of a publicly accessible area, as specified in Section 127-43 (Publicly Accessible Area).

- (b) Along secondary #street# frontages

Along secondary #street# frontages, as shown on Map 3, #street walls# may be located at any distance from the #street line#.

- (c) Along all #street# frontages

Along both primary and secondary #street# frontages, recesses shall be permitted at the ground floor level as follows:

- (1) recesses up to three feet in depth from the #street wall# shall be permitted at any distance from the #street line# to provide access to the #building#; and
- (2) recesses that exceed a depth of three feet from the #street wall# shall be permitted, provided that such recesses are not deeper than 10 feet and have a height of at least 15 feet, as measured from the adjacent sidewalk level to the ceiling of such ground floor recess.

(12/10/20)

127-233

Base heights and setback regulations

- (a) Along primary #street# frontages

Along primary #street# frontages, as shown on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter, the following shall apply:

- (1) The minimum base height shall be 25 feet, or two #stories#, whichever is lower, and the maximum base height shall be 105 feet along College Point Boulevard and 75 feet along all other primary #street# frontages.
- (2) Along Type 1 primary #street# frontages, at a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet, as measured from the #street wall#, shall be provided, except that:
 - (i) the depth of such required setback may be reduced in accordance with the provisions of paragraph (c)(2) of Section 23-662 (Maximum height of buildings and setback regulations). However, where a sidewalk widening is required pursuant to this Section, as indicated on Map 4 (Waterfront Access Plan: Parcel Designation), the minimum depth of the required setback above the maximum base height may be reduced to five feet, as measured from the #street wall# ; and
 - (ii) the depth of such setbacks may include the depth of recesses or #outer courts# in the #street wall# of the #building# base, provided that the aggregate width of any such recessed portion of a #street wall# with a setback of less than seven feet, as applicable, does not exceed 40 percent of the #aggregate width of street wall# at any level.

(3) Along Type 2 primary #street# frontages, a #building# may rise without any setback above the maximum base height.

(b) Along secondary #street# frontages

Along secondary #street# frontages, as shown on Map 3, the following shall apply:

(1) Along the #shore public walkway#, the maximum base height shall be 75 feet, and any portion of a #building# that exceeds the maximum base height shall be set back at least 10 feet from the #street line#. Wherever a #supplemental public access area# is provided as a widened #shore public walkway#, such widened area shall be included in such setback distance.

(2) Along other secondary #street# frontages, the minimum base height shall be 25 feet, or two #stories#, whichever is lower, and the maximum base height shall be 75 feet. However, along secondary #street# frontages facing an #upland connection# with a width of less than 30 feet pursuant to the applicable provisions of paragraph (a) of Section 127-532 (Upland connections), the minimum base height shall be 15 feet. At a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet, as measured from the #street wall#, shall be provided, except that:

- (i) the depth of such required setback may be reduced in accordance with the provisions of paragraph (c)(2) of Section 23-662. However, where a sidewalk widening is required pursuant to this Section, as specified on Map 3, the portion of a #building# located above the maximum base height need not set back more than 10 feet from the #street line#, provided such #building# portion meets the requirements of paragraph (d) of Section 127-234 (Tower regulations), as applicable; and
- (ii) the depth of such required setback may include the depth of recesses or #outer courts# in the #street wall# of the #building# base, provided that the aggregate width of any such recessed portion of a #street wall# with a setback of less than 10 feet, or the reduced setback distance pursuant to the provisions of paragraph (b)(2)(i) of this Section, as applicable, does not exceed 40 percent of the #aggregate width of street wall# at any level; and

(c) Additional allowances along all #street# frontages

(1) Within a required setback area, dormers and projections shall be considered permitted obstructions, and shall be permitted as follows:

- (i) The aggregate #street wall# width of all dormers and projections combined shall not exceed 50 percent of the #aggregate width of street wall# of the #story# below the required setback. Any projection deeper than five feet shall be considered a dormer.

- (ii) The aggregate #street wall# width of dormers shall not exceed 30 percent of the #aggregate width of street wall# of the #story# below the required setback. The height of such dormers shall not exceed 135 feet in Subdistrict A and 175 feet in Subdistrict B, as measured above the #base plane#. No dormers shall be permitted along #street walls# fronting on the #shore public walkway#.
- (2) Notwithstanding the applicable setback regulations in paragraphs (a) and (b) of this Section, portions of #buildings or other structures# located:
- (i) within 150 feet of a publicly accessible area, and either
 - (ii) adjacent to such publicly accessible area, or
 - (iii) along a #street# across from such publicly accessible area located on the same #zoning lot#,

may rise without a setback, provided that such publicly accessible area is in compliance with the provisions of Section 127-43 (Publicly Accessible Area). In addition, all #street walls# facing such publicly accessible area shall be subject to the articulation requirements of Section 127-235 (Supplemental articulation regulations).

(12/10/20)

127-234 Tower regulations

For the purposes of applying the provisions of this Section, a “tower” shall be any portion of a #building or other structure# that is located above the maximum base height. Such portion of a #building or other structure# shall be subject to the following requirements:

- (a) Maximum tower widths

Along the #shore public walkway#, the maximum width of a tower, or portion thereof, that is located within 110 feet of the pierhead line and facing the #shore public walkway#, shall not exceed 100 feet. Such width shall be determined by drawing perpendicular lines in plan view from the pierhead line to the outermost extents of the #street wall# of such tower, or portion thereof, within 110 feet of the pierhead line, exclusive of any permitted projections and dormers. However, in Subdistrict A, where the depth of a #zoning lot#, or portion thereof, is less than 220 feet, the maximum width of a tower within such shallow lot portion, shall not exceed 130 feet, provided that such depth was in existence both on December 10, 2020, and on the date of application for a building

permit.

Along all other #streets#, the #aggregate width of street wall# in a tower shall not exceed 250 feet.

(b) Tower top regulations

For all #zoning lots# in Subdistrict A, and for each portion of a #zoning lot# in Subdistrict B, bounded entirely by #streets#, as such term is defined in Section 127-20, the following requirements shall apply:

- (1) Where two or more towers are provided and any portion of such towers exceeds 175 feet, the following shall apply:
 - (i) the gross area of the highest two #stories# of at least one tower shall not exceed 80 percent of the gross area of the #story# immediately below such #stories#; or
 - (ii) a height difference of at least 20 feet, or two #stories#, whichever is less, shall be provided between such towers.
- (2) Where only one tower is provided and the aggregate portions of such tower above 175 feet exceeds a gross area of 15,000 square feet, the gross area of the highest two #stories# shall not exceed 80 percent of the gross area of the #story# immediately below such #stories#.

(c) Maximum tower height

The maximum height of a #building or other structure# shall be determined in accordance with the provisions of Article VI, Chapter 1 (Special Regulations Applying Around Major Airports), except where modified by certification of the Chairperson of the City Planning Commission pursuant to Section 127-236 (Certification to modify maximum height of building or other structure).

(d) Additional requirements within Subdistrict B

Along Janet Place, where a sidewalk widening is required pursuant to Map 3, the width of each individual tower portion located within 50 feet of the #street line# of Janet Place shall not exceed 70 feet, exclusive of any permitted projections and dormers. Such width shall be determined by drawing perpendicular lines in plan view from the #street line# to the outermost extents of the #street wall# of such tower, or portion thereof, within 50 feet of the #street line#, exclusive of any permitted projections and dormers. Such tower portion and any other such tower portion within the same or an #abutting# #building# shall be separated by at least 40 feet.

(12/10/20)

127-235

Supplemental articulation requirements

In addition to all other provisions of Section 127-23 (Special Height and Setback Regulations), inclusive, for #street wall# widths exceeding 150 feet, as measured parallel to the #street line#, articulation shall be provided in accordance with the provisions of this Section.

The depth of required recesses or projections of a #building# shall be measured from the #street wall#. For the purpose of applying the provisions of this Section, the base height of such #building# shall be either the maximum base height or the height of such #building# where a required setback pursuant to the provisions of Section 127-233 (Base heights and setback regulations) is provided, whichever is lower. However, if such #building# provides multiple setbacks, the highest of such multiple setbacks shall be considered the base height of such #building#.

The portion of a tower #street wall# subject to the tower top regulations of paragraph (b) of Section 127-234 (Tower regulations) shall not be included for the purposes of determining or satisfying the articulation requirements of this Section. In addition, setbacks provided in accordance with the provisions of Section 127-233 shall not constitute recesses.

(a) Along all #streets# other than #shore public walkways#

For #street walls# fronting #streets# other than the #shore public walkway#, a minimum of 15 percent of the entire surface area of each #street wall# shall either recess or project a minimum of two feet from the #street wall# with no individual recess or projection exceeding 50 percent of such surface area of the #street wall#.

Along each #street wall# frontage, at least one-third of such overall 15 percent requirement shall be provided in the form of articulation below the base height of such #building#, and at least one-third shall be provided above the base height, respectively. The remaining one-third of such 15 percent requirement may be located anywhere on the #street wall#. Where a #street wall# frontage does not exceed the maximum base height, the overall 15 percent requirement shall be provided in the #building# base.

Within the articulation provided in the #building# base, the aggregate width of articulation at each level where provided shall achieve a #street wall# width that is equivalent to at least 10 percent of the #aggregate width of street wall# at that level, and no individual recess or projection shall have a #street wall# width of less than 10 feet.

In no event shall the total amount of projections above the base height exceed the thresholds permitted pursuant paragraph (c)(1) of Section 127-233.

(b) Along the #shore public walkway#

For #street walls# fronting the #shore public walkway#, at least five percent of the entire surface area of the #street wall# below the base height shall either recess or project a minimum of two feet from the #street wall# with no individual recess or projection exceeding 50 percent of such surface area of the #street wall#.

Within the articulation provided in the #building# base, the aggregate width of articulation at each level where provided shall achieve a #street wall# width that is equivalent to at least 10 percent of the #aggregate width of street wall# at that level, and no individual recess or projection shall have a #street wall# width of less than 10 feet.

(12/10/20)

127-236

Certification to modify maximum height of building or other structure

The special permit provisions of Section 73-66 (Height Regulations Around Airports) shall not apply. In lieu thereof, the height restrictions of Sections 61-21 (Restriction on Highest Projection of Building or Structure) or 61-22 (Permitted Projection within any Flight Obstruction Area), may be modified where the Chairperson of the City Planning Commission has certified to the Department of Buildings that the provisions of this Section have been met. An application for such certification shall include:

- (a) a site plan and elevations, showing the proposed #building or other structure# in relation to the underlying maximum height limits;
- (b) separate verification letters from the Federal Aviation Administration and the Port Authority of New York and New Jersey that such #building or other structure#, including the location of temporary structures such as construction cranes, will not constitute a danger to the safety of air passengers or disrupt established airways or runway operations, respectively; and
- (c) materials sufficient to demonstrate that the modified height of a #building or other structure# does not exceed 200 feet above mean sea level within Subdistrict A, and 245 feet above mean sea level within Subdistrict B.

(12/10/20)

127-30

SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Flushing Waterfront District#, the applicable parking and loading

regulations set forth in Article III, Chapter 6, Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations), Article VI, Chapter 4 (Special Regulations Applicable to Certain Areas), and Article XII, Chapter 3 (Special Mixed Use District) shall apply, inclusive, except as modified in this Section. For the purpose of applying the provisions of this Section, all #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets#, as specified in Section 127-42 (Publicly Accessible Private Streets), shall be considered #streets# and their boundaries shall be considered a #street line#.

(6/6/24)

127-31 Accessory Off-street Parking Regulations

The underlying parking regulations shall be modified as follows:

(a) In M1 Districts paired with a #Residence District# in Subdistrict A, the following shall apply:

- (1) #Commercial# and #manufacturing# #uses# shall provide either one parking space for every 1,000 square feet of #floor area#, or shall provide parking spaces at the rate required for M1-2 Districts pursuant to Section 44-21 (General Provisions), whichever requires a smaller number of spaces.

In addition, the provisions of Sections 44-232 (Waiver of Requirements for Spaces Below Minimum Number) and 44-231 (Exceptions to application of waiver provisions) shall not apply to #manufacturing uses#. In lieu thereof, #accessory# off-street parking spaces may be waived for #manufacturing# and #commercial# #uses# if the number of spaces for all applicable uses is at or below 40 spaces.

- (2) #Residential# and #community facility uses# shall be subject to the parking requirements of R7-1 Districts, as set forth in Article II, Chapter 5 (Accessory Off-Street Parking and Loading Regulations).

(b) In C4-2 Districts within Subdistricts B and C, the parking requirements applicable to C4-4 Districts, as set forth in Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations), shall apply.

(6/6/24)

127-32 Loading Regulations

The provisions of the underlying loading regulations shall be modified so that in C4-2 Districts, the loading requirements applicable to C4-4 Districts, as set forth in Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations), shall apply.

(6/6/24)

127-40
DISTRICT PLAN ELEMENTS

Within Subdistrict A and Subdistrict B, the district plan element provisions of this Section shall apply.

(6/6/24)

127-41
Special Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply except that #ground floor level# #street frontages# within the 50 feet of the intersection of two primary #street# frontages, as shown on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter shall be considered #Tier C street frontages#.

For the purpose of applying such streetscape regulations, #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets# shall be considered #streets# and #shore public walkways# shall be considered #wide streets.

(12/10/20)

127-42
Publicly Accessible Private Streets

The provisions of this Section, inclusive, shall apply to any #development#, as defined in Section 62-11 (Definitions), on a #zoning lot# that contains any portion of a required #publicly accessible private street#.

(12/10/20)

127-421

Requirements for publicly accessible private streets

#Publicly accessible private streets# shall be:

- (a) accessible to the public at all times, except when required to be closed for repairs, and for no more than one day each year in order to preserve the private ownership of such area. Where an #upland connection# is designated on a #publicly accessible private street# as specified on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter, the provisions of this paragraph shall supersede the hours of access provisions applicable to an #upland connection#;
- (b) constructed to the dimensions specified on Map 2 (Publicly Accessibly Private Street Network) in the Appendix to this Chapter and be constructed to Department of Transportation standards for public #streets# including, but not limited to, sidewalks, curb design, lighting, traffic signage, pavement materials, drainage and crosswalks. In addition, where an #upland connection# is designated on a #publicly accessible private street# as specified on Maps 7 and 8 (Phase I and Phase II Waterfront Public Access Improvements, respectively) in the Appendix to this Chapter, the #upland connection# design requirements of Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply; and
- (c) constructed with sidewalks that have a minimum clear path of eight feet along their #street lines#, except where an #upland connection# is designated on a #publicly accessible private street#. Such sidewalks shall be provided with street trees in accordance with the provisions of Section 26-41 (Street Tree Planting), except that such street trees shall be planted within a street tree pit or a raised planting bed, with at least 180 cubic feet of soil for each tree, and with a minimum horizontal width of four feet and vertical depth of 3 feet 6 inches, and such planting pit or raised planting bed shall be located adjacent to, and extend along the curb.

(12/10/20)

127-422

Certification for publicly accessible private streets

Where a #publicly accessible private street# is designated entirely within a #zoning lot#, the provisions of paragraph (a) of this Section shall apply. Where a #publicly accessible private street# is designated on two or more #zoning lots# and the design and construction of adjoining portions of the #publicly accessible private street# may not be finalized, the provisions of paragraph (b) of this Section shall apply. The provisions of paragraph (b) provide for certification of such portions of a #publicly accessible private street# in accordance with an #interim site plan# that satisfies the requirements of the New York City Fire Code; a #conceptual

plan# for portions of the #publicly accessible private street# on other #zoning lots# that will be certified and constructed at a later time; and a #final site plan#, which will either supersede an #interim site plan# or be guided by a #conceptual plan#. The provisions of paragraph (c) shall apply to #development# on a #zoning lot# that contains any portion of a required #publicly accessible private street#.

No building permit shall be issued for a #development# on a #zoning lot#, containing any portion of a #publicly accessible private street#, until the Chairperson of the City Planning Commission certifies, in conjunction with a certification pursuant to Section 127-54 (Special Review Provisions) to the Department of Buildings that:

- (a) where the #publicly accessible private street# is designated on one #zoning lot#, or where the #publicly accessible private street# is designated on two or more #zoning lots# and such #publicly accessible private street# will be constructed in its entirety concurrently with the applicant's #development#, a #final site plan# has been submitted;
- (b) where the #publicly accessible private street# is designated on two or more #zoning lots# and the portion of such #publicly accessible private street# located outside of the applicant's property will not be or has not been constructed concurrently with the applicant's #development#:
 - (1) if no prior certification pursuant to this Section was issued for a portion of the #publicly accessible private street# on another #zoning lot#, the Chairperson shall certify that:
 - (i) a #conceptual plan# has been submitted for the #publicly accessible private street#. In addition, certified mailing of notification that the applicant is seeking to commence construction of such #publicly accessible private street# shall be given to all other owners whose property contains any remaining portion of such #publicly accessible private street#, along with a copy of such #conceptual plan#;
 - (ii) a #final site plan# for the applicant's #zoning lot# has been submitted showing compliance with the design standards of Section 127-421 (Requirements for publicly accessible private streets). In addition, where compliance with the fire apparatus access road requirements, set forth in the New York City Fire Code, require modifications to the design standards of Section 127-421, an #interim site plan# has been submitted that deviates from such design standards to the minimum extent necessary; and
 - (iii) the grading proposed in the #final site plan#, #conceptual plan# and #interim site plan# have been certified pursuant to Section 127-61.

Property owners of #zoning lots# containing any remaining portion of the #publicly accessible private street# shall have up to 30 days from the date of the

applicant's certified mailing of the notification required in paragraph (b)(1)(i) of this Section to respond to the applicant and to confirm for the Chairperson that the construction of the entire #publicly accessible private street# is not feasible concurrently with the applicant's #development#. In the event that such notified property owners do not respond to the applicant and the Chairperson within the 30-day period, the applicant may proceed with completing this certification. Where a notified property owner responds that it is feasible to complete the portion of the #publicly accessible private street# on such owner's #zoning lot# concurrently with the applicant's portion, such property owner shall commence certification pursuant to the applicable provisions of this Section within 45 days from the date of submitting such response. In the event such notified property owners do not commence such certification within the 45-day period, the applicant may proceed with completing this certification.

In addition, where construction of #publicly accessible private streets# will not occur concurrently on the adjoining #zoning lot#, property owners of #zoning lots# containing any remaining portion of the #publicly accessible private street# shall have up to 45 days from the date of submitting their response to comment on any anticipated practical difficulties associated with the proposed location, dimensions and grading specified in the #conceptual plan# that would preclude the reasonable development of such owner's property. Any submission of comments to the applicant and Chairperson shall include documentation from a licensed architect, landscape architect, or engineer, as applicable, that demonstrates the reason for such anticipated practical difficulties.

Copies of the approved #conceptual plan#, as well as the certified #interim site plan# and #final site plan# shall be forwarded to all property owners of a #zoning lot# containing any remaining portion of the #publicly accessible private street#.

Any portion of the #publicly accessible private street# constructed in compliance with a certified #interim site plan# shall be converted to the final design in compliance with the certified #final site plan# for such portion upon receiving notice from an adjoining property owner as set forth in paragraph (b)(2) of this Section that the remaining portion of the #publicly accessible private street# has been substantially completed and opened to the public.

- (2) If a prior certification pursuant to paragraph (b)(1) of this Section was issued for a portion of a #publicly accessible private street# on another #zoning lot#, the Chairperson shall certify that:
 - (i) a #final site plan# for the applicant's #zoning lot# has been submitted that is consistent with the #conceptual plan# from the prior certification; and
 - (ii) the proposed amenities and design elements within the #final site plan# in the applicant's portion of a #publicly accessible private street# shall match or complement those that were previously constructed.

Upon substantial completion by applicant of its portion of the #publicly accessible private street# that has been constructed pursuant to a certified #interim site plan# and the opening of such portion to the public, notice shall be provided to any property owner of a #zoning lot# containing a portion of such #publicly accessible private street#. Such notice shall be provided to enable such other owner sufficient time, as shall be specified in the restrictive declaration required pursuant to paragraph (c) of this Section, to convert any constructed interim condition and complete the #publicly accessible private street# in compliance with the previously approved #final site plan#; and

- (c) a restrictive declaration has been executed and recorded against the applicant's #zoning lot# in accordance with the provisions of Section 127-423 (Restrictive declaration). Required site plans, the #conceptual plan# and a maintenance and capital repair plan for the #publicly accessible private street# shall be included as exhibits to the restrictive declaration.

No temporary or final certificate of occupancy shall be issued until the Chairperson of the City Planning Commission notifies the Department of Buildings that the proposed #publicly accessible private street#, or portion thereof, has been substantially completed in compliance with the certified #interim site plan# or #final site plan#, and is open to the public. In addition, where a property owner seeks certification pursuant to paragraph (b)(2) of this Section, no temporary or final certificate of occupancy shall be issued until interim portions of the #publicly accessible private street# are completed in compliance with the previously approved #final site plan# for such portions.

(12/10/20)

127-423 Restrictive declaration

For any #publicly accessible private street# proposed for certification pursuant to Section 127-422 (Certification for a publicly accessible private street), a restrictive declaration shall be provided to ensure the proper construction, improvement, operation, maintenance and repair of the roadbed and any sidewalk adjacent to the roadbed. Adequate security shall be specified in such declaration to ensure that the #publicly accessible private street# is maintained in accordance with the declaration. The restrictive declaration shall further specify that the #publicly accessible private street# shall not be used for any other purposes than #street#-related purposes, including, but not limited to, pedestrian and vehicular circulation, and shall be publicly accessible at all times. To ensure proper #street# use and provide enforcement, in accordance with the parking provisions set forth in the restrictive declaration, executed contracts with a security monitoring and a towing company shall be required prior to the issuance of a temporary certificate of occupancy. In addition, a reserve account with sufficient funds for the maintenance and capital repair of the constructed #publicly accessible private street# shall be maintained at all

times. Such reserves, contracts, and the required maintenance and repair shall be the responsibility of a Property Owner's Association that will oversee the management and maintenance of the #publicly accessible private streets#, upon the development on two or more #zoning lots#, and include as members all property owners of #zoning lots# bordering or containing the completed #publicly accessible private streets#. Filing and recording of the restrictive declaration shall be a precondition to the Chairperson's certification under Section 127-422.

Such restrictive declaration shall be prepared in a form acceptable to the Department of City Planning, filed and duly recorded in the Borough Office of the Register of the City of New York, and indexed against the property. The restrictive declaration and any maintenance and operation agreement shall run with the land and be binding on the owners, successors and assigns.

In addition, the portions of the #publicly accessible private streets# on a #developed# #zoning lot# shall be recorded on the certificate of occupancy for such #building# by the Department of Buildings. The recording information of the restrictive declaration shall be included on the certificate of occupancy for any #building#, or portion thereof, issued after the recording date.

(12/10/20)

127-424

Certification for zoning lot subdivision

In conjunction with a certification pursuant to Section 62-812 (Zoning lot subdivision), a #zoning lot# that existed before December 10, 2020, containing any portion of #publicly accessible private street# may be subdivided into two or more #zoning lots# or reconfigured in a manner that would reduce its area or dimension, provided that the Chairperson of the City Planning Commission certifies that the provisions of paragraph (a), (b) or (c) of such Section are satisfied as to #waterfront public access area#, #visual corridors# and #publicly accessible private streets#, respectively. For the purposes of applying such provisions, the regulations pertaining to #waterfront public access areas# and #visual corridors# shall also be applied to #publicly accessible private streets#.

(6/6/24)

127-43

Publicly Accessible Area

Where a tower rises sheer in accordance with the provisions of paragraph (c)(2) of Section 127-233 (Base heights and setback regulations), no #building# permit shall be issued by the Department of Buildings until the Chairperson of the City Planning Commission certifies a site plan demonstrating that a publicly accessible area, in compliance with the following

requirements, will be provided.

(a) Minimum size and location

A publicly accessible area shall contain a minimum area of at least 2,000 square feet. Such publicly accessible area shall be located at the intersection of two #streets#, and shall have a minimum width of 20 feet along each #street line#. A publicly accessible area shall in no event include area within a #publicly accessible private street#.

In addition, the major portion of a publicly accessible area shall occupy no less than 75 percent of the total publicly accessible area. The major portion is the largest area of the publicly accessible area and is the area of primary use. Major portions shall be generally regular in shape, easily and directly accessible from adjoining #buildings# and public spaces, and continuously visible from all portions of the publicly accessible area and from adjoining public spaces.

(b) Design requirements

All publicly accessible areas shall comply with the following provisions:

- (1) a minimum of 20 percent of the open area shall be planted with any combination of perennials, annuals, decorative grasses, shrubs or trees in planting beds, raised planting beds or planter boxes. Such planting bed shall extend to a depth of at least two feet, inclusive of any structure containing the planted material, and any individual planted area shall have a width of at least five feet;
- (2) one linear foot of seating shall be provided for each 60 square feet of publicly accessible area. For the purposes of such calculation, moveable seating or chairs may be credited as 24 inches of linear seating per chair;
- (3) permitted obstructions within such area shall be subject to the provisions of Section 37-726 (Permitted obstructions), and any kiosk or open air cafe provided shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes);
- (4) the provisions of Section 37-722 (Level of plaza) and 37-728 (Standards of accessibility for persons with disabilities) shall apply to such area, and any steps provided shall be subject to the provisions of Section 37-725 (Steps);
- (5) entry plaques and information plaques shall be provided in accordance with the provisions of paragraphs (a) and (b) of Section 37-751 (Public space signage systems); and
- (6) all ground floor level #building# walls located within a distance of 150 feet from and facing a publicly accessible area provided on the same #zoning lot# shall either be glazed with transparency in accordance with the provisions of Section

37-34 (Minimum Transparency Requirements) or provide visual mitigation elements in accordance with the provisions for Type 2 blank walls set forth in Section 37-361 (Blank wall thresholds).

(c) Design changes

Any modification to a publicly accessible area certified pursuant to the provisions that, in the aggregate, results in design changes impacting more than 20 percent of the area of such publicly accessible area as compared to the certified plans, shall require a new certification pursuant to the provisions of this Section. Where a design change does not exceed 20 percent, the modifications made to the publicly accessible area shall not reduce the amount of amenities provided or otherwise creates a non-compliance with the provisions of this Section.

(d) Hours of public access

Such publicly accessible area shall be accessible to the public between the hours of 6:00 a.m. and 10:00 p.m. seven days of the week.

No certificate of occupancy shall be issued until the Chairperson of the City Planning Commission determines that the publicly accessible area is substantially completed in compliance with the certified plan and that such space has been made available for use by the public in compliance with the requirements of this Section.

(12/10/20)

**127-50
FLUSHING WATERFRONT ACCESS PLAN**

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive. Map 4 (Waterfront Access Plan: Parcel Designation), Map 5 (Waterfront Access Plan: Visual Corridors), and Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter show the boundaries of the area comprising the Flushing Waterfront Access Plan, boundaries of parcels within the Plan and the location of certain features mandated or permitted by the Plan.

The Plan has been divided into parcels consisting of tax blocks and lots and other lands as established on December 10, 2020, as follows:

Subdistrict A

- Parcel 1: Block 4963, Lots 212 and 249
- Parcel 2: Block 4963, Lot 210

Parcel 3: Block 4963, Lot 200

Subdistrict B

Parcel 4: Block 4963, Lot 85

Parcel 5: Block 4963, Lot 65

Parcel 6: Block 4963, Lot 75

Parcel 7: Block 4963, Lots 7, 8 and 9

Parcel 8: Block 4963, Lot 1

Subdistrict C

Parcel 9: Block 5066, Lots 7503 and 7507

Any #development# on a #zoning lot# within the parcels listed above shall be subject to the requirements of Section 127-51 (Modified Applicability for Visual Corridors and Waterfront Public Access Areas), Section 127-52 (Special Requirements for Visual Corridors), Section 127-53 (Special Requirements for Waterfront Public Access Areas) and Section 127-54 (Special Review Provisions).

For the purposes of this Section, inclusive, defined terms shall include those listed in Sections 12-10 and 62-11, but #development# shall be as defined in Section 62-11.

(6/6/24)

127-51

Modified Applicability for Visual Corridors and Waterfront Public Access Areas

The applicability provisions for #visual corridors# pursuant to Section 62-51 (Applicability of Visual Corridor Requirements) and #waterfront public access areas# pursuant to Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall apply, except as modified as follows:

- (a) #developments# comprised predominantly of #uses# listed under Use Groups IV(B), IX or X, except for docks, are subject to the special requirements for #visual corridors# set forth in Section 127-52; and
- (b) #developments# comprised predominantly of #uses# listed under Use Groups IV(B), IX or X shall provide a minimum amount of #waterfront public access area# in accordance with the provisions of Section 62-58 (Requirements for Water-Dependent Uses and Other Developments). Within such #waterfront public access area#, a circulation path shall be provided with a minimum clear width of at least 10 feet and shall connect with either an adjoining #shore public walkway# or additional circulation paths on adjoining #zoning lots#.

(12/10/20)

127-52

Special Requirements for Visual Corridors

For #developments# within Parcels 3, 5 and 7, #visual corridors# shall be provided in the locations designated on Map 5 in the Appendix to this Chapter and pursuant to the requirements of Sections 62-51 (Applicability of Visual Corridor Requirements) and 62-65 (Public Access Design Reference Standards).

(12/10/20)

127-53

Special Requirements for Waterfront Public Access Areas

#Waterfront public access areas# shall be provided pursuant to Sections 62-52 (Applicability of Waterfront Public Access Area Requirements), 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), and 62-70 (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, except as modified in this Section, inclusive.

For all such #waterfront public access areas#, as designated on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter, the minimum seat depth requirement of paragraph (b) of Section 62-652 (Seating) shall be modified to 16 inches.

(12/10/20)

127-531

Shore public walkways

For #zoning lots# #developed# within Parcels 1, 3, 4, 5, 7 and 8, a #shore public walkway# shall be provided in the location designated on Map 6 in the Appendix to this Chapter. The applicable provisions of Section 62-53 (Requirements for Shore Public Walkways) and Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply except as modified in this Section:

- (a) the circulation and access provisions of paragraph (a) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be modified as follows:

- (1) the required circulation path within a #shore public walkway# shall be provided at a minimum elevation of 5 feet, 6 inches above the #shoreline#, except that such requirement need not include portions of a circulation path that slope downward to meet the elevation of an existing publicly accessible sidewalk;
 - (2) where secondary circulation paths are provided, such paths may count as a part of the required circulation path for satisfying the locational requirement of being within 10 feet of the #shoreline# for at least 20 percent of the length of such #shoreline#. However, such secondary circulation paths may comply with the paving requirements of paragraph (a)(2) of Section 62-656; and
 - (3) where a #shore public walkway# is on a #zoning lot# that is adjacent to a #waterfront zoning lot# without a #shore public walkway#, the portion of the circulation path that terminates at the common #zoning# #lot line# shall be located within 40 feet of the shoreline;
- (b) the minimum width of the screening buffer pursuant to paragraph (c)(2)(ii) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be four feet. No screening buffer shall be required where there is a pathway connecting a required circulation path towards a publicly accessible sidewalk or entry to a commercial or community facility use; and
 - (c) the grade level of required planting areas pursuant to paragraph (d)(2) of Section 62-61 (General Provisions Applying to Waterfront Public Access Areas) shall be increased to no more than three feet higher or lower than the adjoining level of the pedestrian circulation path.

(6/6/24)

127-532

Upland connections

For #developments# within Parcels 1, 2, 3, 4, 5 and 7, #upland connections# shall be provided as specified on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter. The applicable provisions of Section 62-56 (Requirements for Upland Connections) and Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply except as modified in this Section.

- (a) Flexible location zone

For #developments# on Parcels 1, 2 and 3, a single #upland connection# shall be provided pursuant to the following provisions:

- (1) If Parcel 1 #develops# before Parcels 2 or 3, a Type 1 #upland connection# shall be provided with a minimum width of 20 feet. The requirements of paragraph (a)(2) of Section 62-561 (Types of upland connections) shall not apply and the minimum planting area requirements shall be reduced to 25 percent. Where such #upland connection# is provided without a 20-foot-wide open area, an average maintained level of illumination of not less than one and a half horizontal foot candles (lumens per foot) shall be provided throughout all walkable areas;
- (2) If Parcels 1 and 2 are #developed# jointly before Parcel 3, an #upland connection# shall be provided on Parcels 1 and 2, along their southerly boundary, pursuant to the requirements of Sections 62-561 and 62-64 (Design Requirements for Upland Connections). The 20-foot-wide open area required pursuant to paragraph (a)(2) of Section 62-561 shall be provided on Parcel 3, along its northerly boundary, at the time Parcel 3 #develops#. In any event, the required open area shall abut such required upland connection;
- (3) If Parcel 3 #develops# before Parcels 1 or 2:
 - (i) where a #development# is comprised predominantly of #uses# other than those listed under Use Groups IV(B), IX or X, an #upland connection# shall be provided on Parcel 3 pursuant to the requirements of Section 62-561 and Section 62-64. If such #upland connection# is provided along the northerly boundary of such Parcel, the required 20-foot-wide open area pursuant to paragraph (a)(2) of Section 62-561 shall be satisfied on Parcels 1 and 2, along the southerly boundary, at the time these parcels #develop#. However, in any event, the required open area shall abut such required upland connection;
 - (ii) where a #development# is comprised predominantly of #uses# listed under Use Groups IV(B), IX or X, a Type 1 #upland connection# shall be provided with a minimum width of 20 feet. The requirements of paragraph (a)(2) of Section 62-561 shall not apply and the minimum planting area requirements shall be reduced to 25 percent; or
- (4) If Parcels 2 and 3 are #developed# jointly before Parcel 1, an #upland connection# shall be provided pursuant to the requirements of Sections 62-561 and 62-64.

For any other sequencing or combination of #developments#, a single #upland connection# shall be provided pursuant to the provisions of Sections 62-561 and 62-64 within the flexible location zone on Map 6.

- (b) Minimum standards for interim condition

Where an #upland connection# is designated on two or more parcels and only a portion of such #upland connection# can be constructed pursuant to a specific certification, such

portion of the #upland connection# may be provided independently to satisfy the requirements of Section 62-56. Where the New York City Fire Department determines that such requirements conflict with the provision of unobstructed width for fire apparatus access roads pursuant to the New York City Fire Code, the design requirements of Section 62-60 shall be modified to the minimum extent necessary to accommodate such fire apparatus access roads requirements. However, all interim conditions shall meet the following requirements:

- (1) provide public access from the first upland #street# to the #shore public walkway#; and
- (2) for every tree pit required pursuant to the provisions of paragraph (c)(1) of Section 62-64 (Planting) that is not provided, a moveable planter shall be provided.

Such interim condition shall be certified pursuant to paragraph (a)(1) of Section 127-542 (Supplemental provisions) and Section 127-61 (Certification for Interim Grading Conditions).

(12/10/20)

127-533

Phased development of waterfront public access areas

When a parcel is undergoing partial #development# or the #zoning lot# corresponding to a parcel is subdivided or reconfigured pursuant to Section 62-812 (Zoning lot subdivision), the City Planning Commission may authorize a phasing plan to implement #waterfront public access area# improvements pursuant to paragraph (c) of Section 62-822 (Modification of waterfront public access area and visual corridor requirements).

However, in Subdistrict B, when partial #development# occurs on the upland portion of Parcels 4, 5 and 7 that is bounded by #publicly accessible private streets# or #streets#, a phasing plan to implement #waterfront public access areas# may be certified pursuant to Section 127-54 (Special Review Provisions), provided that the following requirements are met:

- (a) the #waterfront public access area# shall be provided according to the phasing specified in Map 7 (Waterfront Access Plan: Phase I Waterfront Public Access Area Improvements) and Map 8 (Waterfront Access Plan: Phase II Waterfront Public Access Area Improvements). The requirements of Phase I shall apply when #development# occurs on the upland portion of the parcel bounded by #publicly accessible private streets# and other #streets# as shown on Map 6 (Waterfront Access Plan: Public Access Areas). The requirements of Phase II shall apply when #development# occurs on the seaward portion of the parcel bounded by both the #shoreline# and #publicly accessible private streets#; and

- (b) any #upland connection# provided pursuant to Phase I shall meet the design requirements of paragraph (b) of Section 127-532 (Upland connections). For portions of the #shore public walkway# that are provided in Phase I, the requirements of Sections 62-53 (Requirements for Shore Public Walkways) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) may be modified to the minimum extent necessary to accommodate a temporary waterfront viewing area.

Such phasing plan shall also be certified pursuant to Section 127-61 (Certification for Interim Grading Conditions).

(12/10/20)

**127-54
Special Review Provisions**

The applicable provisions of Section 62-80 (SPECIAL REVIEW PROVISIONS), inclusive, shall apply, except as specifically modified or supplemented by the provisions of this Section, inclusive.

(6/6/24)

**127-541
Applicability**

The provisions of Section 62-81, inclusive, shall apply to #zoning lots# containing predominantly #uses# listed under Use Groups IV(B), IX or X, subject to the modified #waterfront public access area# provisions of Section 127-50 (FLUSHING WATERFRONT ACCESS PLAN), inclusive.

(12/10/20)

**127-542
Supplemental provisions**

In conjunction with a certification pursuant to Section 62-811 (Waterfront public access and visual corridors), the Chairperson of the City Planning Commission shall further certify that:

- (a) where an #upland connection# is designated on two or more parcels and the portion of such #upland connection# located outside of the applicant's parcel will not be constructed

concurrently with the applicant's #development#:

- (1) if no prior certification pursuant to this Section was issued for a portion of an #upland connection# on another parcel, the Chairperson shall certify that:
 - (i) a #conceptual plan# has been submitted for the #publicly accessible private street#. In addition, notification that the applicant is seeking to commence construction of such #publicly accessible private street# shall be given to any other owner whose property contains any remaining portion of the #publicly accessible private street#, along with a copy of such #conceptual plan#;
 - (ii) a site plan has been submitted, specifying the location, dimensions and grading of the portion of the #upland connection# to be constructed on the applicant's #zoning lot#. Such site plan shall demonstrate compliance with the requirements of paragraph (b) of Section 127-532 (Upland connections); and
 - (iii) the grading proposed in the #conceptual plan# has been certified pursuant to Section 127-61.

Property owners of the parcel containing a remaining portion of the #upland connection# shall have up to 30 days from the applicant's certified mailing of the notification required in paragraph (a)(1)(i) of this Section to respond to the applicant and to confirm for the Chairperson that the construction of the entire #upland connection# is not feasible concurrently with the applicant's #development#. In the event such notified property owners do not respond to the applicant and the Chairperson within the 30-day period, the applicant may proceed with completing this certification. Where a notified property owner responds that it is feasible to complete the portion of the #upland connection# on their parcels concurrently with the applicant's #development#, such property owner shall commence certification pursuant to the applicable provisions of this Section within 45 days from the date of submitting such response. In the event such notified property owners do not commence such certification within the 45-day period, the applicant may proceed with completing this certification.

In addition, where construction of the #upland connection# will not occur concurrently, property owners of parcels containing a remaining portion of the #upland connection# shall have up to 45 days from the date of submitting their response to comment on any anticipated practical difficulties associated with the proposed location, dimensions and grading specified in the #conceptual plan# that would preclude the reasonable #development# of such owner's parcel. Any submission of comments to the applicant and Chairperson shall include documentation from a licensed architect, landscape architect, or engineer, as applicable, that demonstrates the reason for such anticipated practical difficulties.

Copies of the approved #conceptual plan#, as well as the certified #interim site plan# and #final site plan# shall be forwarded to any property owner of a parcel containing the remaining portion of the #upland connection#.

Any portion of the #upland connection# constructed in compliance with a certified #interim site plan# shall be converted to the final design in compliance with the certified #final site plan# for such portion upon receiving notice from an adjoining property owner as set forth in paragraph (a)(2) of this Section that the remaining portion of the #upland connection# has been substantially completed and is accessible to the public.

- (2) If a prior certification pursuant to paragraph (a)(1) of this Section was issued for a portion of the #upland connection# on another parcel, the Chairperson shall certify that:
 - (i) a #final site plan# for the applicant's parcel has been submitted that is consistent with the #conceptual plan# from the prior certification; and
 - (ii) the proposed amenities and design elements within the #final site plan# for the applicant's portion of the #upland connection# shall match or complement those that were previously constructed.

Notice shall be provided to any property owner of a parcel containing a portion of the #upland connection# that has been constructed pursuant to a certified #interim site plan# upon the applicant substantially completing its portion of the #upland connection# and making such portion accessible to the public. Such notice shall be provided to enable such other owner sufficient time, as shall be specified in the restrictive declaration required pursuant to this paragraph (a), to convert any constructed interim condition and complete the #upland connection# in compliance with the previously approved #final site plan#.

A restrictive declaration shall be executed and recorded against the corresponding #zoning lot# of the applicant's parcel, in accordance with the provisions of Section 62-74 (Requirements for Recordation). Required site plans, the #conceptual plan# and a maintenance and capital repair plan for the #upland connection# shall be included as exhibits to the restrictive declaration.

No temporary or final certificate of occupancy shall be issued until the Chairperson of the City Planning Commission notifies the Department of Buildings that the proposed #upland connection#, or portion thereof, has been substantially completed in compliance with the certified #interim site plan# or #final site plan#, and is open to the public. In addition, where a property owner sought certification pursuant to paragraph (a)(2) of this Section, no temporary or final certificate of occupancy shall be issued until interim portions of the #upland connection# are completed in compliance with the previously approved the #final site plan# for such portions.

- (b) For phased implementation of waterfront public access areas pursuant to Section 127-533 (Phased development of waterfront public access areas), a plan has been submitted that complies with the required amount of waterfront public access area at each development phase pursuant to Section 127-533.

To ensure the provision of waterfront public access areas for phased developments occurring in Phase I, as specified on Map 7 (Waterfront Access Plan: Phase I Waterfront Public Access Improvements) in the Appendix to this Chapter, no temporary certificate of occupancy shall be issued for any development on the upland portion of each parcel that is bounded by publicly accessible private streets or streets until all required sections of waterfront public access areas designated on Map 7 have been substantially completed pursuant to the design requirements of Section 127-533.

For Phase II subsequent development occurring on the seaward portion of Parcels 4, 5 or 7, bounded by both the shoreline and publicly accessible private streets, all remaining waterfront public access areas, as specified on Map 8 (Waterfront Access Plan: Phase II Waterfront Public Access Improvements), shall be substantially completed pursuant to the design requirements of Section 127-533, prior to the issuance of a temporary or final certificate of occupancy. However, 50 percent of the floor area of any subsequent development on Parcels 4 and 5 may receive a temporary certificate of occupancy upon the completion of the required shore public walkway as designated on such parcel. A temporary or final certificate of occupancy for the remaining 50 percent of the floor area on Parcels 4 and 5 shall not be issued until all required waterfront public access areas pursuant to Map 8 are substantially complete.

An alternate location for the required section of an upland connection on Parcel 4 may be provided in Phase I, as specified in Map 7, in the event that Parcel 5 has substantially completed all of the required waterfront public access areas prior to partial development on the upland portion of Parcel 4. Where such alternate location is provided in Phase I, any subsequent development on Parcel 4 may only receive a temporary or final certificate of occupancy upon substantial completion of all required waterfront public access areas designated on Map 8.

A certification will be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-74 (Requirements for Recordation).

(12/10/20)

127-60
ADDITIONAL REVIEW REQUIREMENTS

(12/10/20)

127-61

Certification for Interim Grading Conditions

For any #development# or #enlargement# seeking:

- (a) modification to the level of #waterfront yard# provisions of Section 127-22 (Special Yard Regulations);
- (b) a certification pursuant to paragraph (b)(1) of Section 127-422 (Certification for a publicly accessible private street); or
- (c) a certification pursuant to Section 127-542 (Supplemental provisions),

the Chairperson of the City Planning Commission shall certify that a site survey has been conducted and sufficient documentation has been submitted, demonstrating that the proposed grades of a #waterfront yard#, interim plan for a #publicly accessible private street# or #upland connection# would not preclude #developments# or #enlargements# on adjacent parcels from complying with the provisions of this Chapter as part of an integrated public realm.

**ARTICLE XII
SPECIAL PURPOSE DISTRICTS**

**Chapter 8
Special St. George District**

(11/10/21)

**128-00
GENERAL PURPOSES**

The “Special St. George District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

- (a) to build upon St. George’s existing strengths as a civic center, neighborhood and transit hub by providing rules that will bolster a thriving, pedestrian-friendly business and residence district;
- (b) to establish zoning regulations that facilitate continuous ground floor retail and the critical mass needed to attract and sustain a broader mix of uses;
- (c) to require a tall, slender building form that capitalizes on St. George’s hillside topography and maintains waterfront vistas;
- (d) to encourage the reuse and reinvestment of vacant office buildings;
- (e) to accommodate an appropriate level of off-street parking while reducing its visual impact;
- (f) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes; and
- (g) to promote the most desirable use of land and building development in accordance with the District Plan for St. George and thus conserve the value of land and buildings and thereby protect the City’s tax revenues.

(6/6/24)

128-01
Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10 (DEFINITIONS) or 32-301 (Definitions).

(10/7/21)

128-02
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special St. George District#, the regulations of this Chapter shall apply within the #Special St. George District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

However, the regulations of this Chapter shall not apply to any property that is the subject of a site selection for a court house and #public parking garage# pursuant to application C080379 PSR. Such property shall be governed by the underlying regulations of this Resolution.

Furthermore, any property that is the subject of a site selection and acquisition for the use of a lot for open parking pursuant to application C080378 PCR may be governed by the regulations of this Chapter or the underlying regulations of this Resolution for a period of two years after October 23, 2008. After October 23, 2010, such property shall be subject to the regulations of this Chapter.

In the North Waterfront Subdistrict, “publicly accessible waterfront open space” shall include on-site and off-site areas, as applicable, as set forth in the approved Proposed Plans, pursuant to Section 128-61 (Special Permit for North Waterfront Sites).

(10/30/13)

128-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special St. George District# Plan.

The District Plan includes the following five maps:

Map 1. Special St. George District and Subdistricts

Map 2. Commercial Streets

Map 3. Minimum and Maximum Base Heights

Map 4. Tower Restriction Areas

Map 5. Visual Corridors and Parcels

The maps are located in the Appendix to this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(10/30/13)

**128-04
Subdistricts**

In order to carry out the purposes and provisions of this Chapter, the #Special St. George District# shall include three subdistricts: the Upland Subdistrict, the North Waterfront District and the South Waterfront Subdistrict, as shown on Map 1 (Special St. George District and Subdistricts) in the Appendix to this Chapter.

(10/23/08)

**128-05
Applicability of District Regulations**

(3/28/12)

**128-051
Applicability of Article I, Chapter 2**

The definition of “lower density growth management area” in Section 12-10 (DEFINITIONS) shall be modified to exclude all districts within the #Special St. George District#.

(3/28/12)

128-052

Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings), shall apply in the #Special St. George District#, as modified in this Section. The change of non-#residential# #floor area# to #residences# in #buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). #Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(3/28/12)

128-053

Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special St. George District#.

(10/30/13)

128-054

Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply in the North Waterfront Subdistrict of the #Special St. George District#, as modified in this Chapter. In such Subdistrict, such provisions shall not apply to improvements to the publicly accessible waterfront open space, or to #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites). However, the regulations of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall apply to such #developments#, #enlargements#, alterations and changes of #use#, as modified pursuant to such special permit. In addition, the special requirements for #visual corridors# set forth in Section 128-43 (Visual Corridors in the North Waterfront Subdistrict) shall apply.

(6/6/24)

128-055

Applicability of Article VII, Chapter 4

Within the North Waterfront Subdistrict of the #Special St. George District#, the following special permits shall not apply:

Section 74-512 (In other Districts)

Section 74-68 (Development Within or Over a Right-of-way or Yards)

In addition, the provisions of the following special permits, as applicable, shall be deemed to be modified when an application pursuant to Section 128-61 (Special Permit for North Waterfront Sites) for Parcel 1 or Parcel 2, as shown on the maps in the Appendix to this Chapter, under application numbers C130317ZSR or C130318ZSR, as applicable, has been approved:

C000012ZSR

C000013ZSR

C000014ZSR

C000016(A)ZSR

(11/10/21)

128-056

Applicability of the Quality Housing Program

In C4-2 Districts, the optional Quality Housing #bulk# regulations permitted as an alternative pursuant to Section 23-011 (Quality Housing Program) shall not apply. In lieu thereof, the #bulk# regulations of this Chapter shall apply. However, where any of the Quality Housing Program elements set forth in Article II, Chapter 8 (The Quality Housing Program) are provided, the associated #floor area# exemption shall apply.

In C2-4 Districts mapped within R6 Districts, the optional Quality Housing #bulk# regulations permitted as an alternative pursuant to Section 23-011 shall apply.

In R7-3 Districts, the Quality Housing Program shall apply. For the purposes of applying such regulations, #buildings# constructed pursuant to the #bulk# regulations of this Chapter shall be considered #Quality Housing buildings#, and any #building# containing #residences# shall also comply with the requirements of Article II, Chapter 8.

For the purposes of applying the Quality Housing Program elements set forth in Article II, Chapter 8 to C2-4 Districts mapped within R6 Districts and to R7-3 Districts, the elements set forth in Sections 28-23 (Planting Areas) and 28-40 (Parking for Quality Housing) shall be superseded by the planting and parking location provisions of this Chapter.

(10/23/08)

**128-10
USE REGULATIONS**

(6/6/24)

**128-11
Streetscape Regulations**

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that:

- (a) #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 2 (Commercial Streets) in the Appendix of this Chapter shall be considered #Tier C street frontages#, and
- (b) remaining #ground floor level# #street# frontages shall be considered #Tier B street frontages#. However, in lieu of the parking wrap and enclosure provisions of Section 32-32, inclusive, the provisions for #Tier A street frontages# set forth in Section 32-312 (Ground floor level parking restrictions) may be applied.

(6/6/24)

**128-12
Location of Uses in Mixed Buildings**

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing #dwelling units#. In addition, the provisions of paragraph (d) of Section 32-422 shall be modified such that eating or drinking establishments listed under Use Group VI shall be permitted on a #story# above #dwelling units#.

(10/23/08)

128-20
FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

(6/6/24)

128-21
Maximum Floor Area Ratio

In C4-2 Districts within the Upland Subdistrict, the underlying #floor area ratio# and #open space# regulations shall not apply. In lieu thereof, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 3.4, and no #floor area# bonuses shall apply, except that for #zoning lots# with less than 10,000 square feet of #lot area# without frontage on a #street# designated on Map 2 in the Appendix to this Chapter, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 2.2, and no #floor area# bonuses shall apply.

In R7-3 Districts, the maximum #floor area ratio# for any #use# within a #Mandatory Inclusionary Housing area# shall be 6.0.

(11/10/21)

128-22
Maximum Lot Coverage

In C4-2 Districts within the Upland Subdistrict and in R7-3 Districts, the underlying #open space ratio# provisions shall not apply. In lieu thereof, the maximum permitted #lot coverage# for a #residential# #building#, or portion thereof, shall be 70 percent for an #interior# or #through lot# and 100 percent for a #corner lot#.

(10/23/08)

128-23
Rear Yard Equivalents

In C4-2 Districts within the Upland Subdistrict, the #rear yard equivalent# regulations for #residential uses# on #through lots#, or the #through lot# portion of a #zoning lot#, are modified as set forth in this Section. Such #yards# shall be provided within 45 feet of the centerline of the

#through lot# or #through lot# portion, and the level of such #yards# may be provided at any level not higher than the floor level of the lowest #story# containing #dwelling units# that face such #yards#. Furthermore, no #rear yard equivalent# regulations shall apply to any #through lot# or #through lot# portion of a #zoning lot# on which a tower is #developed# or #enlarged#, pursuant to Section 128-35.

(11/10/21)

128-30 HEIGHT AND SETBACK REGULATIONS

The provisions of this Section, inclusive, shall apply to all #buildings or other structures# within the Upland Subdistrict, except in C2-4 Districts mapped within R6 Districts, where the underlying height and setback regulations shall apply.

In C1-2 Districts mapped within R3-2 Districts, all #buildings or other structures# shall comply with the height and setback regulations of R4 Districts, except that the maximum perimeter wall height shall be 26 feet, and the #street wall# location provisions of Section 128-32 (Street Wall Location) shall apply.

The underlying height and setback regulations of C4-2 Districts within the Upland Subdistrict shall not apply. In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply. In R7-3 Districts, all #buildings or other structures# shall comply with the height and setback regulations of this Section, inclusive.

In the South and North Waterfront Subdistricts, the underlying height and setback regulations of Section 62-34 (Height and Setback Regulations on Waterfront Blocks) shall apply, except that:

- (a) in the South Waterfront Subdistrict, rooftop regulations shall be as modified in Section 128-31 (Rooftop Regulations); and
- (b) in the North Waterfront Subdistrict, #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites) shall instead be subject to the Proposed Plans, as set forth in Section 128-61, as approved pursuant to such special permit.

All heights shall be measured from the #base plane#, except that wherever a minimum or maximum base height is specified for #zoning lots# with multiple #street# frontages, such heights shall be determined separately for each #street# frontage, with each height measured from the final grade of the sidewalk fronting such #street wall#.

(12/6/23)

128-31
Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts).

(6/6/24)

128-32
Street Wall Location

The following #street wall# regulations shall apply in C1-2 Districts mapped within R3-2 Districts and in C4-2 Districts within the Upland Subdistrict. In R7-3 Districts, no #street wall# location provisions shall apply.

(a) #Street walls# along designated #streets#

For #street walls# fronting #streets# designated on Map 2 in the Appendix to this Chapter, the #street wall# shall extend along at least 70 percent of the #street# frontage of the #zoning lot# and be located within eight feet of the #street line# of the #street#, or sidewalk widening line, whichever is applicable.

(b) #Street walls# along other #streets#

For #street walls# fronting other #streets#, the #street wall# shall extend along at least 50 percent of the #street# frontage of the #zoning lot# and be located within eight feet of the #street line# or sidewalk widening line, whichever is applicable.

In C4-2 Districts within the Upland Subdistrict, such #street walls# shall rise without setback to the minimum height specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, or the height of the #building#, whichever is less. When a #building# fronts on two intersecting #streets# for which different minimum base heights apply, the higher base height may wrap around to the #street# with the lower base height, for a distance of up to 100 feet.

(12/6/23)

128-33
Maximum Base Height

In C4-2 Districts within the Upland Subdistrict, the maximum height of a #building or other structure# before setback shall be as specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter. Where a maximum base height of 65 feet applies as shown on Map 3, such maximum base height shall be reduced to 40 feet for #zoning lots developed# or #enlarged# pursuant to the tower provisions of Section 128-35. When a #building# fronts on two intersecting #streets# for which different maximum base heights apply, the higher base height may wrap around to the #street# with the lower base height for a distance of up to 100 feet.

In R7-3 Districts, the maximum base height shall be 75 feet.

In C4-2 Districts within the Upland Subdistrict and in R7-3 Districts, all portions of #buildings or other structures# above such maximum base heights shall provide a setback at least 10 feet in depth measured from any #street wall# facing a #wide street# and 15 feet in depth from any #street wall# facing a #narrow street#.

In C4-2 Districts within the Upland Subdistrict and in R7-3 Districts, dormers may exceed the maximum base height in accordance with the provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts). However, on any #zoning lot# that includes a tower #developed# or #enlarged# pursuant to Section 128-35, dormers shall not be permitted.

(11/10/21)

128-34 Maximum Building Height

In C4-2 Districts within the Upland Subdistrict, for #buildings# that are not #developed# or #enlarged# pursuant to the tower provisions of Section 128-35 (Towers), the maximum height of a #building or other structure# and the maximum number of #stories#, as applicable, shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for a residential equivalent of an R6 District. Separate maximum #building# heights are set forth within such Section for #developments# or #enlargements# with #qualifying ground floors# and for those with #non-qualifying ground floors#. However, on Bay Street where there is a maximum base height of 85 feet, the maximum height of a #building or other structure# also shall be 85 feet.

In C4-2 Districts within the Upland Subdistrict for #buildings# that are #developed# or #enlarged# pursuant to the tower provisions of Section 128-35, the maximum height of the tower portion of a #building# shall be 200 feet, and the height of all other portions of the #building# shall not exceed the applicable maximum base height. Where a maximum base height of 65 feet applies as shown on Map 3 in the Appendix to this Chapter, such maximum base height shall be reduced to 40 feet for #zoning lots# #developed# or #enlarged# pursuant to the tower provisions of Section 128-35.

In R7-3 Districts, the maximum height of a #building or other structure# shall be 185 feet or 18

#stories#, whichever is lower. The tower provisions of Section 128-35 shall not apply.

(3/22/16)

128-35 Towers

The tower provisions of this Section shall apply, as an option, to any #zoning lot# with a #lot area# of at least 10,000 square feet. Any portion of a #building# #developed# or #enlarged# on such #zoning lots# that exceeds the applicable maximum base height shall be constructed as either a point tower or a broad tower, as follows:

(a) Point tower

(1) Tower #lot coverage# and maximum length

Each #story# located entirely above a height of 75 feet shall not exceed a gross area of 6,800 square feet. The outermost walls of each #story# shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 85 feet.

(2) Tower top articulation

The highest three #stories#, or as many #stories# as are located entirely above a height of 75 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (a)(2), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Broad tower

Each #story# located entirely above a height of 75 feet shall not exceed a gross area of 8,800 square feet. The outermost walls of each such #story# shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 135 feet. The upper #stories# shall provide setbacks with a minimum depth of 15 feet measured from the east facing wall of the #story# immediately below. Such setbacks shall be provided at

the level of three different #stories#, or as many #stories# as are located entirely above a height of 75 feet, whichever is less. For towers with at least six #stories# located entirely above a height of 75 feet, the lowest level at which such setbacks may be provided is 100 feet, and the highest #story# shall be located entirely within the western half of the tower.

(c) Orientation of all towers

The maximum length of the outermost walls of any side of each #story# of a #building# facing the #shoreline# that is entirely above a height of 75 feet shall not exceed 80 feet. For the purposes of this Section, the #street line# of St. Marks Place shall be considered to be a line parallel to the #shoreline#, and any side of such rectangle facing St. Marks Place from which lines perpendicular to the #street line# of St. Marks Place may be drawn, regardless of intervening structures, properties or #streets#, shall not exceed 80 feet.

(d) Location of all towers

Any portion of a #building# that exceeds a height of 70 feet shall be no closer to a #side lot line# than eight feet, and any #story# of a #building# that is entirely above a height of 70 feet shall be located within 25 feet of a #street line# or sidewalk widening line, where applicable.

(e) Maximum tower height

The maximum height of any #building# utilizing the tower provisions of this Section shall be 200 feet. The height of the tower portion of the #building# shall be measured from the #base plane#.

(f) Tower and base integration

All portions of a #building# that exceed the applicable maximum base height set forth in Section 128-33 shall be set back at least 10 feet from the #street wall# of a #building# facing a #wide street# and at least 15 feet from the #street wall# of a #building# facing a #narrow street#. However, up to 50 percent of the #street wall# of the portion of the #building# located above a height of 75 feet need not be set back from the #street wall# of the #building#, and may rise without setback from grade, provided such portion of the #building# is set back at least 10 feet from a #wide# #street line# or sidewalk widening line, where applicable, and at least 15 feet from a #narrow# #street line# or sidewalk widening line, where applicable.

(g) Tower exclusion areas

No #building or other structure# may exceed a height of 75 feet within the areas designated on Map 4 (Tower Restriction Areas) in the Appendix to this Chapter.

(10/23/08)

128-40
MANDATORY IMPROVEMENTS

(10/23/08)

128-41
Sidewalks

Sidewalks with a depth of at least 12 feet, measured perpendicular to the curb of a #street#, shall be provided along the entire #street# frontage of a #zoning lot#. In locations where the width of the sidewalk within the #street# is less than 12 feet, a sidewalk widening shall be provided on the #zoning lot# so that the combined width of the sidewalk within the #street# and the sidewalk widening equals 12 feet. However, existing #buildings# to remain on the #zoning lot# need not be removed in order to comply with this requirement. All sidewalk widenings shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.

(2/2/11)

128-42
Planting Areas

The entire area of the #zoning lot# between the #street line# or sidewalk widening line, where applicable, and all #street walls# of the #building# and their prolongations, shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial# #uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(10/30/13)

128-43
Visual Corridors in the North Waterfront Subdistrict

The designated locations for #visual corridors#, as defined in Article VI, Chapter 2, are shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be provided in

accordance with the standards of Sections 62-512 (Dimensions of visual corridors) and 62-513 (Permitted obstructions in visual corridors), except that:

- (a) lighting fixtures in #visual corridors# shall be considered permitted obstructions; and
- (b) within the #visual corridor# provided through Parcel 2 to the Pierhead line within the flexible location zone indicated on Map 5, a portion of a #building# shall be a permitted obstruction, provided that such obstruction is located no more than 14 feet above the reference plane of the #visual corridor#, and that such obstruction occupies no more than 185,000 cubic feet in total above the reference plane of the #visual corridor#.

(10/23/08)

128-50 PARKING REGULATIONS

In the #Special St. George District#, the underlying regulations governing permitted and required #accessory# off-street parking spaces are modified as set forth in this Section.

(6/6/24)

128-51 Required Off-street Parking and Loading

In the #Special St. George District#, the following parking and loading regulations shall apply:

- (a) In C4-2 Districts, the following special regulations shall apply:

- (1) #Residential uses#

One off-street parking space shall be provided for each #dwelling unit# created after October 23, 2008, including any #dwelling units# within #buildings# #converted# pursuant to Article I, Chapter 5 (Residential Conversion Within Existing Buildings), except that the provisions of Section 25-25 (Modification of Requirements for Income-restricted Housing Units, Affordable Independent Residences for Seniors or Other Government-assisted Dwelling Units) shall apply to #income-restricted housing units#. However, where the total number of required spaces is five or fewer or, for #conversions#, where the total number of required spaces is 20 or fewer, no parking shall be required, except that such waiver provision shall not apply to any #zoning lot# subdivided after October 28, 2008. The provisions of Section 73-46 (Waiver of Requirements for Conversions) shall apply to #conversions# where more than 20 parking spaces are required.

(2) #Commercial# #uses#

For #commercial# #uses#, the off-street parking and loading requirements of a C4-3 District shall apply, except that grocery and convenience retailers listed under Use Group VI with 2,500 or more square feet of #floor area# per establishment shall require one parking space per 400 square feet of #floor area# and, for #uses# subject to PRC-B or PRC-F off-street parking requirements, the requirements of a C4-2 District shall apply.

(3) #Community facility# #use#

For ambulatory diagnostic or treatment health care facilities listed under Use Group III, the off-street parking requirements of a C4-3 District shall apply.

- (b) In R7-3 Districts, the parking and loading regulations of an R7-2 District shall apply, except as modified by Sections 128-52 (Special Floor Area Regulations) through 128-56 (Curb Cuts on Commercial Streets).
- (c) In C2-4 Districts mapped within R6 Districts, the underlying regulations shall apply, except as modified by Sections 128-52 through 128-56.

(10/23/08)

128-52
Special Floor Area Regulations

The #floor area# of a #building# shall not include floor space used for off-street parking spaces provided in any #story# that complies with the provisions of Section 128-54 (Location of Accessory Off-street Parking Spaces).

(10/23/08)

128-53
Use of Parking Facilities

All #accessory# off-street parking spaces may be provided within parking facilities, including #public parking garages#, on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided:

- (a) such parking facilities are located within the #Special St. George District# ;

- (b) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot# ; and
- (c) the number of #accessory# parking spaces within such facility shall not exceed the combined number of spaces permitted on each #zoning lot# using such facility, less the number of spaces provided on each #zoning lot# using such facility.

(6/6/24)

128-54 Special Requirements for Roofs of Parking Facilities

The roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. No parking spaces shall be provided on the roof of such facility. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. No less than 75 percent of such roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located; and no more than 25 percent may be accessible solely from an adjacent #dwelling unit#. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(6/6/24)

128-55 Curb Cuts on Commercial Streets

No curb cuts shall be permitted on #streets# designated on Map 2 in the Appendix to this Chapter. However, if access to a required #accessory# parking facility or loading berth is not possible because of such restriction, a curb cut may be allowed if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such location is the only possible location for the facility or loading berth, is not hazardous to traffic safety, is at least 50 feet from the intersection of two #street lines#, and is constructed so as to have minimal effect on the streetscape.

(11/10/21)

128-60 SPECIAL APPROVALS

The special permit for North Waterfront sites set forth in Section 128-61 is established in order

to guide and encourage appropriate #use# and #development# in a unique location within the #Special St. George District# that serves as a gateway between Staten Island and Manhattan for both visitors and daily commuters. Redevelopment of the North Waterfront sites pursuant to this special permit provides an appropriate means to address the special characteristics of these sites, while accommodating their continuing transportation function, as part of their transformation into a regional destination that will contribute to the revitalization of the #Special St. George District# and surrounding area.

The special permit for #buildings# in R7-3 Districts set forth in Section 128-62 is established to allow modification of #bulk# regulations and mandatory improvements, except #floor area ratio# provisions, in order to encourage better site planning, and streetscapes that are consistent with the goals of the Special District.

(6/6/24)

128-61 Special Permit for North Waterfront Sites

In the North Waterfront Subdistrict, for Parcels 1 and 2, and for improvements to the publicly accessible waterfront open space, provided in connection with the #development# of such parcels, as applicable, the City Planning Commission may approve, by special permit, a development plan for each such parcel and an improvement plan for the publicly accessible waterfront open space. For any application for such special permit, the applicant shall provide plans to the Commission, including but not limited to a site plan, interim parking plan, signage plan, lighting plan and an improvement plan for the publicly accessible waterfront open space (the “Proposed Plans”). Such Proposed Plans shall be subject to the conditions set forth in paragraphs (a) through (e) and the findings set forth in paragraph (f) of this Section.

Pursuant to such Proposed Plans, the Commission may:

- (a) permit the following #use# modifications:
 - (1) #commercial# #uses# listed under Use Group VI, with a size limitation, as denoted in the Use Group table with an “S”, may be permitted without size limitation;
 - (2) #outdoor amusement parks# under Use Group VIII may be permitted without size limitation;
 - (3) #public parking garages# with more than 150 spaces may be permitted;
 - (4) temporary #public parking lots# or #public parking garages# with more than 150 spaces, supplied in connection with an interim parking plan, may be permitted, provided that:

- (i) the applicable findings of Section 74-194 (Public parking garages or public parking lots outside high density central areas) are met by each such temporary public parking facility;
 - (ii) such temporary #public parking lots# or #public parking garages# with more than 150 spaces, may be located off-site or beyond the boundaries of the #Special St. George District# only as set forth in the interim parking plan. Any change in the location of such temporary #public parking# facility with more than 150 spaces, or any increase in the number of spaces in a temporary #public parking# facility to more than 150 spaces, or any addition of a #public parking# facility with more than 150 spaces provided in connection with such interim parking plan, shall be subject to further approval by the City Planning Commission and referred to the applicable Community Board(s) for review; and
 - (iii) the permit to operate such #public parking lots# or #public parking garages# shall expire 30 days after the Department of Buildings issues a certificate of occupancy for all permanent public parking facilities on Parcel 2;
- (b) where such #development# is located partially or entirely within a railroad or transit right-of-way or yard or in #railroad or transit air space#:
 - (1) permit that portion of the railroad or transit right-of-way or yard which will be completely covered over by a permanent platform to be included in the calculations of #lot area# for such #development# ; and
 - (2) establish, in lieu of #base plane#, an appropriate level or levels as the reference plane for the entire #zoning lot# for the applicable regulations pertaining to, but not limited to, height and setback, #floor area# and #yards#;
- (c) permit #signs# pursuant to a signage plan, subject to the following conditions:
 - (1) the #sign# regulations of a C4 District, as set forth in Section 32-60, shall apply, except as specifically modified by the conditions set forth in paragraphs (c)(2) through (c)(7), inclusive, of this Section;
 - (2) #flashing signs# shall not be permitted;
 - (3) the height of #signs# shall be measured from the #base plane# ;
 - (4) flags, banners or pennants, other than those that are #advertising signs#, shall be permitted without limitation;
 - (5) on Parcel 1:

- (i) the total #surface area# of a #sign# affixed to a #building# frontage facing the #shoreline# or affixed to the base of a structure facing the #shoreline# shall not exceed 1,120 square feet, provided that for a #sign# with a #surface area# larger than 500 square feet, all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign#, shall be separate elements, individually cut and separately affixed to the structure. No perimeter or background surfaces shall be applied or affixed to the structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for the structure; and
 - (ii) #signs# shall be permitted to be located on the deck of the railroad right-of-way, provided that the #surface area# of such #signs# shall be included in the calculations of total #surface area# of #signs# ;
- (6) on Parcel 2:
 - (i) open pedestrian pathways of at least 20 feet in width shall be considered #streets# for the purposes of #sign# regulations;
 - (ii) #signs# shall not extend to a height greater than 60 feet above the #base plane# ; and
 - (iii) the total #surface area# of #signs# on the #building# frontage facing Richmond Terrace, the prolongation of Wall Street, or on the #building# frontage or other structure facing the access route into the Ferry Terminal for buses, may exceed the limitations for total #surface area# for #signs# permitted in a C4 District, pursuant to an approved signage plan; and
- (7) the total #surface area# of all #signs# on Parcel 2 facing the #shoreline#, or that are within 15 degrees of being parallel to the #shoreline#, shall not exceed:
 - (i) 500 square feet for #signs# located above the level of the first #story# ceiling of #buildings# ; or
 - (ii) 250 square feet for #signs# located below the level of the first #story# ceiling of #buildings# ;
- (d) through approval of the Proposed Plans, establish appropriate requirements in lieu of the following #Special St. George District# regulations:
 - Section 128-11 (Streetscape Regulations);
 - Section 128-42 (Planting Areas);

Section 128-54 (Special Requirements for Roofs of Parking Facilities);
and

- (e) through approval of the Proposed Plans:
- (1) establish appropriate requirements for the height and setback of #buildings or other structures#, permitted obstructions in #yards#, off-street parking and loading; and
 - (2) permit #floor area# to be distributed within the North Waterfront Subdistrict without regard for #zoning# #lot lines#, provided that if distribution is made to a #zoning lot#, subject to a special permit granted under this Section, from a #zoning lot# not subject to such special permit, Notices of Restriction in a form acceptable to the Department of City Planning shall be filed against such #zoning lots# setting forth the increase and decrease in the #floor area# on such #zoning lots#, respectively.
- (f) The Commission shall find that the Proposed Plans:
- (1) include #uses# that are appropriate, considering the unique location of the site in relation to the Staten Island Ferry Terminal, the Staten Island Rail Road, and the land #uses# in and around the #Special St. George District# ;
 - (2) provide a distribution of #floor area#, locations and heights of #buildings or other structures#, primary business entrances and open areas, that will result in a superior site plan, providing a well-designed relationship between #buildings and other structures# and open areas on the #zoning lot#; and shall also provide a well-designed relationship between the site and adjacent #streets#, surrounding #buildings#, adjacent off-site open areas and #shorelines# and will thus benefit the users of the site, the neighborhood and the City as a whole;
 - (3) provide a distribution of #floor area# and locations and heights of #buildings or other structures# that will not unduly increase the #bulk# of #buildings or other structures# in the North Waterfront Subdistrict or unduly obstruct access of light and air to the detriment of the users of the site or nearby #blocks# or of people using the public #streets#, and that will provide waterfront vistas from nearby #streets# and properties on nearby #blocks# ;
 - (4) provide useful and attractive publicly accessible open space, with sufficient public amenities, including but not limited to seating, landscaping and lighting, that results in a superior relationship with surrounding neighborhood destinations, #streets#, #buildings#, open areas, public facilities and the waterfront;
 - (5) improve public access to the waterfront;

- (6) improve, as applicable, the publicly accessible waterfront open space sufficiently to ensure that emergency vehicles will have adequate access to the waterfront and adjacent #developments# ;
- (7) in connection with the improvement of the applicable portions of the publicly accessible waterfront open space, restore planted areas, trees and lighting in a way that is attractive and compatible with the design of the Waterfront Esplanade existing on October 30, 2013;
- (8) provide adequate parking and loading to meet the demand for all users during peak utilization;
- (9) provide adequate parking for commuters at locations convenient and accessible to the Staten Island Ferry Terminal at all times and during all phases of construction;
- (10) provide signage and lighting that are compatible with the scenic and historic character of the harbor and that will not adversely affect the character of the surrounding neighborhood;
- (11) for a #public parking garage# with more than 150 parking spaces, will ensure that:
 - (i) entrances are proposed in locations and with design features that minimize traffic congestion and conflicts with pedestrians;
 - (ii) adequate reservoir space has been provided at the vehicular entrances; and
 - (iii) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and
- (12) for a #development# located partially or entirely within a railroad or transit right-of-way or yard and/or in #railroad or transit air space#, that:
 - (i) the distribution of #floor area# does not adversely affect the character of the surrounding area by being unduly concentrated in any portion of such #development#, including any portion of the #development# located beyond the boundaries of such railroad or transit right-of-way or yard; and
 - (ii) if such railroad or transit right-of-way or yard is deemed appropriate for future transportation #use#, the site plan and structural design of the #development# do not preclude future use of, or improvements to, the right-of-way for such transportation #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. In addition, for a #development# located partially or entirely within a railroad or transit right-of-way or yard, or in #railroad or transit air space#, the Commission may require that the structural design of such #development# makes due

allowance for changes within the layout of tracks or other structures within any #railroad or transit air space# or railroad or transit right-of-way or yard which may be deemed necessary in connection with future development or improvement of the transportation system.

Prior to granting a special permit, the Commission shall request the Metropolitan Transportation Authority to indicate whether said agency has any plan to use that portion of any #railroad or transit air space# or railroad or transit right-of-way or yard where the railroad or transit #use# has been discontinued.

The execution and recordation of a restrictive declaration acceptable to the Commission, binding the owners, successors and assigns to maintain such #developments#, #enlargements#, alterations, changes of #use#, and any temporary parking facilities, in accordance with the approved Proposed Plans, and in a manner consistent with any additional conditions and safeguards prescribed by the Commission, shall be a condition to exercise of the special permit. Such restrictive declaration shall be recorded in the Office of the County Clerk. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a #development#, #enlargement# or change of #use#.

(11/10/21)

128-62 Special Permit for Buildings in R7-3 Districts

For any #zoning lot# in an R7-3 District, the City Planning Commission may permit modification of #bulk# regulations, except #floor area ratio# provisions, and modification of mandatory improvements, provided the Commission shall find that such modifications:

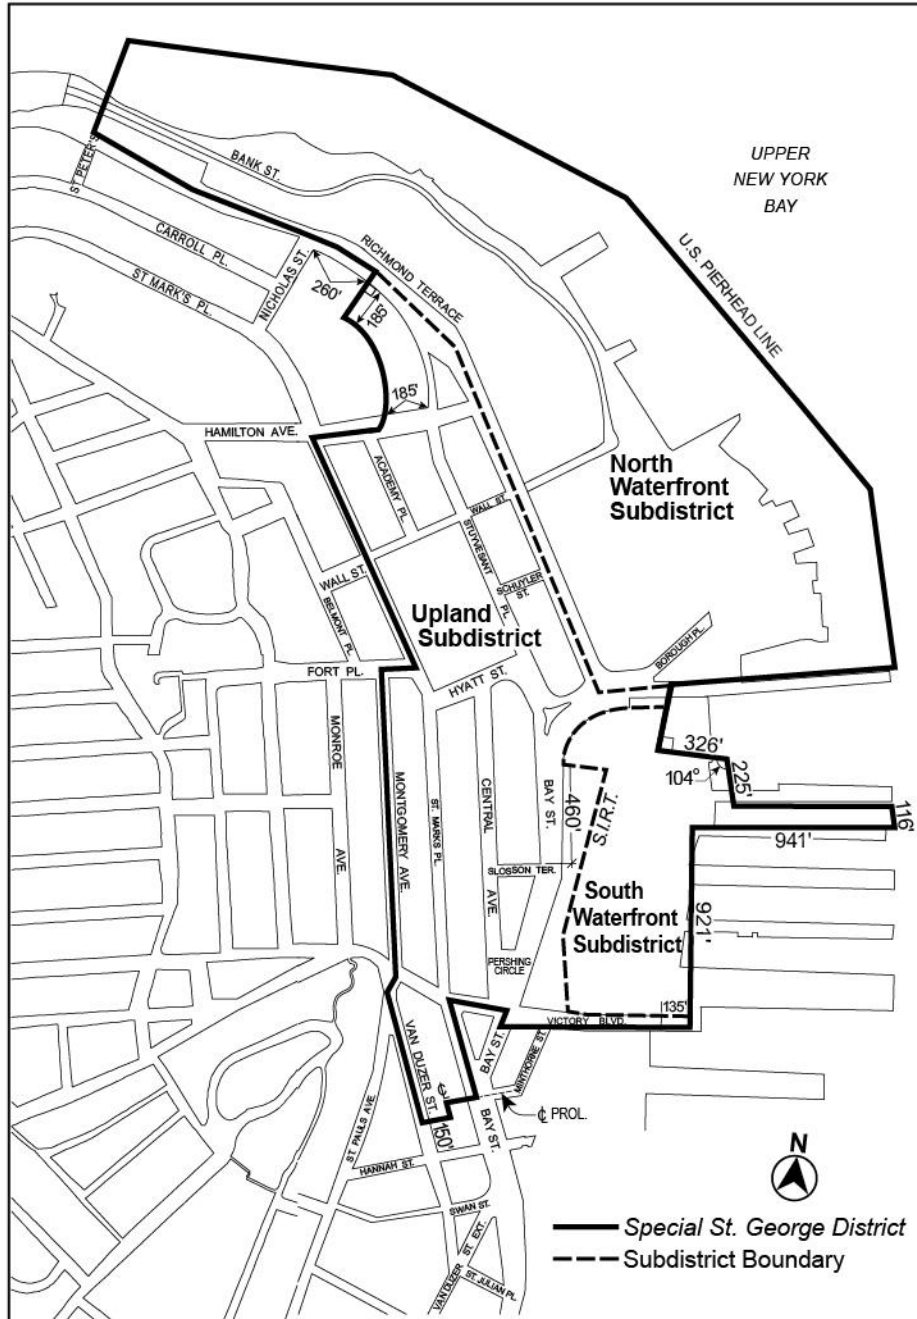

- (a) will aid in achieving the general purposes and intent of the Special District;
- (b) will enhance the distribution of #bulk# on the #zoning lot#;
- (c) will not unduly obstruct access to light and air from surrounding #streets# and properties;
and
- (d) will result in a better site plan and urban design relationship with adjacent #streets#, open areas, and the surrounding neighborhood.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 1
Special Coney Island District**

(7/29/09)

**131-00
GENERAL PURPOSES**

The “Special Coney Island District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and enhance the character of the existing amusement district as the location of the city’s foremost concentration of amusements and an area of diverse uses of a primarily entertainment and entertainment-related nature;
- (b) to facilitate and guide the development of a year-round amusement, entertainment and hotel district;
- (c) to facilitate and guide the development of a residential and retail district;
- (d) to provide a transition to the neighboring areas to the north and west;
- (e) to provide flexibility for architectural design that encourages building forms that enhance and enliven the streetscape;
- (f) to control the impact of development on the access of light and air to streets, the Boardwalk and parks in the district and surrounding neighborhood;
- (g) to promote development in accordance with the area’s District Plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(10/7/21)

**131-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Coney Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

NOTE: Self-certification of sewer connection applications will not be permitted by the Department of Buildings or Department of Environmental Protection in connection with any proposed #development# or #enlargement# in the #Special Coney Island District# for which sewer connection approval is required. Prior to filing a House or Site Connection application, all applicants will be required to submit a site-specific hydraulic analysis to the Department of Environmental Protection for its review and approval, to establish the adequacy of existing sanitary and storm sewers to serve the proposed #development# or #enlargement#.

(7/29/09)

131-02 District Plan and Maps

The District Plan for the #Special Coney Island District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Coney Island District#. The District Plan includes the following maps in the Appendix to this Chapter.

- Map 1. Special Coney Island District and Subdistricts
- Map 2. Mandatory Ground Floor Use Requirements
- Map 3. Coney East Subdistrict Floor Area Ratios
- Map 4. Street Wall Location
- Map 5. Minimum and Maximum Base Heights
- Map 6. Coney West Subdistrict Transition Heights

(7/29/09)

131-03
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established as follows:

Coney East Subdistrict (CE)

Coney North Subdistrict (CN)

Coney West Subdistrict (CW)

Mermaid Avenue Subdistrict (MA)

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Coney Island District#. The subdistricts are specified on Map 1 in the Appendix to this Chapter.

(7/29/09)

131-04
Applicability

(3/28/12)

131-041
Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings), shall apply in the #Special Coney Island District#, as modified in this Section. The change of non-#residential# #floor area# to #residences# in #buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). #Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(3/28/12)

131-042
Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Coney Island District#.

(6/6/24)

131-043

Applicability of Article VII, Chapter 4

The provisions of Section 74-194 (Public parking garages or public parking lots in high density central areas) shall not apply in the #Special Coney Island District#. In lieu thereof, #public parking lots# shall not be permitted, and #public parking garages# of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(12/9/21)

131-044

Modification of use and bulk regulations

- (a) For zoning lots fronting upon Riegelmann Boardwalk, KeySpan Park and Highland View Park

Where the #lot line# of a #zoning lot# coincides or is within 20 feet of the boundary of Riegelmann Boardwalk, KeySpan Park or Highland View Park, such #lot line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

- (b) For multiple buildings on the same zoning lot

For the purposes of applying the special #use# and #bulk# regulations of this Chapter, #abutting# #buildings# on the same #zoning lot# may be considered one #building#.

(6/6/24)

131-05

Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10 (DEFINITIONS), 32-301 (Definitions), or in this Section.

Outdoor amusement parks

For the purposes of this Chapter, the definition of “outdoor amusement park” set forth in Section 12-10 shall be modified to also include recreational attractions, rides, games and other forms of entertainment for visitors of all ages, as found in North American Industry Classification System (NAICS) industry code 71311 (Amusement and Theme Parks) that are enclosed within a #building or other structure#.

(6/6/24)

131-10 SPECIAL USE REGULATIONS

The special #use# regulations set forth in this Section, inclusive, shall modify the underlying #Commercial Districts#, as applicable.

For the purposes of this Chapter, “ground floor level” shall mean the finished floor level within five feet of an adjacent public sidewalk or any other publicly accessible open space.

In C7 Districts, #outdoor amusement parks# listed under Use Group VIII, of any size, shall be permitted.

(6/6/24)

131-11 Use Group V

For the purposes of this Chapter, the definition of #transient hotel# shall be modified to allow only such hotels used exclusively for transient occupancy. Such #transient hotels# used exclusively for transient occupancy shall be permitted only in specified locations as set forth in this Chapter, where permitted pursuant to Section 32-153 (Use Group V – uses subject to additional conditions).

(7/29/09)

131-12 Use Groups A, B and C

Special Use Groups are established as set forth in this Section, to promote and strengthen the commercial and entertainment character of the Special District.

(6/6/24)

131-121

Use Group A: Amusements

Use Group A consists of a group of #uses#, selected from Use Groups VI and VIII, as modified in this Section, and may be open or enclosed:

Use Group A1

From Use Group VIII

#Amusement or recreation facilities#

#Outdoor amusement parks#

Use Group A2

From Use Group VI

#Health and fitness establishments#

From Use Group VIII

Arenas or auditoriums, with capacity limited to 2,000 seats

Theaters, including movie theaters, provided such #use# does not occupy the ground floor level of a #building#, except for lobbies limited to a maximum #street# frontage of 30 feet, except that on #corner lots# one #street# frontage may extend up to 100 feet.

(6/6/24)

131-122

Use Group B: Amusement and entertainment-enhancing uses

Use Group B consists of a group of #uses#, selected from Use Groups VI, VIII and X, as modified in this Section:

From Use Group VI

Eating or drinking establishments, without size limitations

From Use Group VIII

All #uses# listed under Art Galleries and Studios

All #uses# listed under Other Assembly Spaces

From Use Group X

Breweries, included under all other beverage manufacturing.

(6/6/24)

131-123

Use Group C: Retail and service uses

Use Group C consists of a group of retail and service #uses#, selected from Use Group VI, as modified in this Section:

From Use Group VI

All remaining #uses# not otherwise permitted in Use Groups A and B.

(7/29/09)

131-13

Special Use Regulations in Subdistricts

(6/6/24)

131-131

Coney East Subdistrict

The #use# regulations of the underlying C7 District are modified as set forth in this Section. The provisions of Section 32-15 (Transient Accommodations) are modified to apply in a C7 District. The locations of the mandatory ground floor #use# regulations of paragraphs (b), (c), (d) and (f) of this Section are shown on the #streets#, or portions of #streets#, specified on Map 2 in the

Appendix to this Chapter. #Transient hotels# and Use Groups A, B and C, as set forth in Sections 131-11 through 131-123, inclusive, and #public parking garages#, shall be the only #uses# allowed in the Coney East Subdistrict, and shall comply with the following regulations:

(a) Use Group C

Use Group C #uses# shall be limited to 2,500 square feet of #floor area# and 30 feet of #street# frontage, except that on #corner lots# one #street# frontage may extend up to 100 feet.

(b) Bowery and Wonder Wheel Way

At least 50 percent of Bowery and Wonder Wheel Way #street# frontage of any #zoning lot# shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level, and not more than 50 percent of the Bowery and Wonder Wheel Way #street# frontage of any #zoning lot# shall be occupied by Use Group C #uses# at the ground floor level.

(c) Surf Avenue

At least 15 percent of the #street# frontage of each #block# front bounding the south side of Surf Avenue between West 16th Street and West 10th Street shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level.

There shall be separate open establishments or enclosed ground floor establishments fronting upon each #block# front bounding Surf Avenue, as follows:

- (1) on the #block# front bounding the southerly #street line# of Surf Avenue between Stillwell Avenue and West 12th Street there shall be at least six establishments;
- (2) on the #block# front bounding the southerly #street line# of Surf Avenue between West 12th Street and West 10th Street there shall be at least six establishments;
- (3) on all other #block# fronts there shall be at least four establishments;
- (4) the provisions of this paragraph (c) shall not apply along the southerly #street line# of Surf Avenue east of West 10th Street.

There may be fewer establishments fronting upon such #block# fronts than required pursuant to this paragraph (c), where the Chairperson of the Department of City Planning certifies to the Department of Buildings that such modification is necessary to accommodate an amusement #use# listed in Use Group A1.

(d) Stillwell Avenue and West 10th Street

At least 15 percent of the Stillwell Avenue and West 10th Street #street# frontage of any #zoning lot# shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level.

(e) #Transient hotels#

- (1) Where permitted pursuant to Section 32-15, #transient hotels# shall be permitted only on #blocks# with Surf Avenue frontage, except that no #transient hotels# shall be permitted on that portion of the #block# bounded by West 15th and West 16th Streets south of the prolongation of the centerline of Bowery.
- (2) #Transient hotel# #use# shall not be permitted within 50 feet of Bowery on the ground floor level of a #building#, except that where a #zoning lot# has frontage only on Bowery, a #transient hotel# lobby may occupy up to 30 feet of such frontage.
- (3) For #transient hotels# located on #zoning lots# with at least 20,000 square feet of #lot area#, an amount of #floor area# or #lot area# of Use Group A1 #uses# equal to at least 20 percent of the total #floor area# permitted on such #zoning lot# shall be provided either onsite or anywhere within the Coney East Subdistrict.
- (4) The #street wall# of the ground floor level of a #transient hotel# shall be occupied by active #accessory# #uses# including, but not limited to, lobbies, retail establishments, eating and drinking establishments and amusements.
- (5) #Accessory# retail establishments within a #transient hotel# shall be limited to 2,500 square feet of #floor area#.

(f) Depth of ground floor #uses# and transparency

All ground floor #uses# within #buildings# shall have a depth of at least 15 feet measured from the #street wall# of a #building#, located on #streets#, or portions of #streets#, shown on Map 2. However, such minimum depth requirement may be reduced where necessary in order to accommodate vertical circulation cores or structural columns associated with upper #stories# of the #building#.

Each ground floor level #street wall# of a #commercial# or #community facility use# other than a #use# listed in Use Group A, as set forth in Section 131-12, shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

However, in lieu of such transparency requirements, at least 50 percent of the area of the ground floor level #street wall# of a #commercial# #use#, measured to a height of 12 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher, may be designed to be at least 50 percent open during seasonal business hours.

(g) Parcel 2

On Parcel 2, as shown on Map 2, only #uses# listed in Use Group A, and #public parking garages# of any size, shall be permitted, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(h) Parcel 3

On Parcel 3, as shown on Map 2, the provisions of the underlying C7 District shall apply, except as modified in this paragraph, (h). Only open #uses# listed under Amusement and Recreation Facilities in Use Group VIII shall be permitted. Additionally, no size limitations shall apply to #outdoor amusement parks#.

(6/6/24)

131-132

Coney North and Coney West Subdistricts

In the Coney North and Coney West Subdistricts, #uses# allowed by the underlying district regulations shall apply, except as modified in this Section. For the purposes of this Section, the “building line” shown on Parcel F on Map 2 shall be considered a #street line# of Ocean Way or Parachute Way, as applicable.

(a) #Use# modifications

The underlying district #use# regulations shall be modified as follows:

- (1) any #use# listed in Use Groups A, B and C, as set forth in Section 131-12, inclusive, not otherwise allowed by the underlying district regulations, shall be permitted within 70 feet of Riegelmann Boardwalk and within 100 feet of all other designated #streets#, as shown on Map 2; and
- (2) an enclosed ice skating rink, included under #amusement or recreation facilities# in Use Group VIII, shall be a permitted #use# anywhere within Parcel F in the Coney West Subdistrict.

(b) Ground floor level regulations along Riegelmann Boardwalk

Along Riegelmann Boardwalk, only #uses# listed in Use Groups A, B and C and, where permitted pursuant to Section 32-153 (Use Group V – uses subject to additional conditions), #transient hotels# located above the ground floor level are permitted within 70 feet of Riegelmann Boardwalk, except that a #transient hotel# lobby may occupy up to 30 feet of such ground floor frontage along Riegelmann Boardwalk. Use Group C #uses# shall be limited to 2,500 square feet of #floor area# and 30 feet of #street# frontage for

each establishment. All other establishments shall be limited to 60 feet of #street# frontage, except that for any establishment on a corner, one #street# frontage may extend up to 100 feet. All ground floor #uses# within #buildings# shall have a depth of at least 15 feet measured from the #street wall# of the #building#. However, such minimum depth requirement may be reduced where necessary in order to accommodate vertical circulation cores or structural columns associated with upper #stories# of the #building#.

Each ground floor level #street wall# of a #commercial# or #community facility# #use# other than a #use# listed in Use Group A, as set forth in Section 131-121, shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

However, in lieu of such transparency requirements, at least 50 percent of the area of the ground floor level #street wall# of a #commercial# #use#, measured to a height of 12 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher, may be designed to be at least 50 percent open during seasonal business hours.

(c) Ground floor level regulations along all other #streets

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix of this Chapter, shall be considered #Tier C street frontages#.

The underlying #Tier C street frontage# regulations shall be modified as follows: Along the boundary of KeySpan Park in the Coney West Subdistrict, in lieu of the underlying transparency requirements, at least 50 percent of the area of the ground floor level #street wall# of a #commercial# #use#, measured to a height of 12 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher, may be designed to be at least 50 percent open during seasonal business hours.

(6/6/24)

131-14

Location of Uses Within Buildings

The provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraphs (a), (b) and (e) of such Section shall not apply.

In the Coney North and Coney West Subdistricts, a #public parking garage# may occupy any #story# of a #mixed building# provided such garage complies with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(6/6/24)

131-15
Authorization for Use Modifications

Along #streets# specified on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix to this Chapter, other than Riegelmann Boardwalk, the City Planning Commission may authorize establishments containing Use Group A, B or C #uses# within #buildings# with a ground floor depth of less than 50 feet upon a finding that the design and operation of such establishments result in an effective and compelling amusement, entertainment or retail space that furthers the goals of the Special District.

(6/6/24)

131-20
SIGN REGULATIONS

- (a) In the Coney East Subdistrict, in lieu of the underlying C7 #sign# regulations, the #sign# regulations for a C6-7 District shall apply, except that:
- (1) no #advertising signs# shall be permitted above a height of 40 feet; and
 - (2) the provisions of Sections 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), inclusive, and 32-67 (Special Provisions Applying Along District Boundaries) shall not apply.
- (b) In the Coney North and Coney West Subdistricts, the underlying C2-4 District #sign# regulations shall apply, except that the height restrictions of Section 32-655 shall be modified to allow permitted #signs# at the level of any #story# occupied by a #commercial# #use#.

(2/2/11)

131-30
FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

The #floor area ratio# regulations of the underlying districts shall be modified as set forth in this Section, inclusive.

(2/2/11)

131-31

Coney East Subdistrict

- (a) Except on Parcel 3, as shown on Map 3 (Coney East Subdistrict Floor Area Ratios) in the Appendix to this Chapter, the maximum #floor area ratio# of the underlying C7 District shall not apply. In lieu thereof, the maximum #floor area ratio# is specified for each #block#, or portion thereof, as shown on Map 3. On Parcel 2, as shown on Map 3, the maximum #floor area ratio# for a #public parking garage# shall be 4.0.

On Parcel 3, the maximum #floor area ratio# of the underlying C7 District shall apply. Furthermore, #floor area# attributable to Parcel 3 shall be used exclusively within Parcel 3.

- (b) In the Coney East Subdistrict, no #rear yards# shall be required.

(7/29/09)

131-32

Coney West, Coney North and Mermaid Avenue Subdistricts

(3/22/16)

131-321

Special floor area regulations for residential uses

R7A R7D R7X

- (a) Applicability of Inclusionary Housing Program

R7A, R7D and R7X Districts within the #Special Coney Island District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

- (b) Maximum #floor area ratio#

The base #floor area ratio# for any #zoning lot# containing #residences# shall be as set forth in the table in this Section. Such base #floor area ratio# may be increased to the

maximum #floor area ratio# set forth in the table through the provision of #affordable housing#, pursuant to the provisions for #Inclusionary Housing designated areas#, as set forth in Section 23-90 (INCLUSIONARY HOUSING), inclusive. Parcels A through F within R7D Districts are shown on Map 1 (Special Coney Island District and Subdistricts).

FLOOR AREA RATIO FOR BUILDINGS CONTAINING RESIDENCES

Subdistrict/Parcels	Zoning District	Base #floor area ratio#	Maximum #floor area ratio#
Coney West Parcels: A, B, C, D	R7D	4.35	5.8
Coney West Parcels: E, F	R7D	4.12	5.5
Coney North	R7X	3.75	5.0
Mermaid Avenue	R7A	3.45	4.6

(c) Coney West #floor area# distribution

In the Coney West Subdistrict, #floor area# attributable to #zoning lots# within the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, may be distributed anywhere within such sets of parcels:

Parcels A and B

Parcels C and D

Parcels E and F.

In addition, #floor area# attributable to #block# 7071, lot 130, within Parcel B may be distributed anywhere within Parcels C or D.

(d) Height and setback

For all #zoning lots#, or portions thereof, located in the Coney West or Coney North Subdistricts, the height and setback regulations of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

(7/29/09)

In the Coney West and Coney North Subdistricts, the maximum permitted #floor area ratio# for #community facility uses# shall be 2.0.

(7/29/09)

131-323
Special floor area ratio regulations for hotel uses

In the Coney North Subdistrict, for #transient hotels# located within 200 feet of Surf Avenue between Stillwell Avenue and West 16th Street, the maximum permitted #floor area ratio# shall be 3.75.

(3/22/16)

131-324
Lot coverage

In the #Special Coney Island District#, the level of any #building# containing #accessory# parking spaces or non-#residential uses# shall be exempt from #lot coverage# regulations.

(7/29/09)

131-40
HEIGHT AND SETBACK REGULATIONS

The underlying height and setback regulations shall not apply. In lieu thereof, the height and setback regulations of this Section shall apply. The height of all #buildings or other structures# shall be measured from the #base plane#.

(12/6/23)

131-41
Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Coney Island District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-623 (Permitted obstructions in

certain districts) only in the Mermaid Avenue Subdistrict.

(2/2/11)

**131-42
Coney East Subdistrict**

The regulations of this Section, inclusive, shall apply to all #buildings or other structures# in the Coney East Subdistrict. #Street wall# location rules and maximum base height rules shall apply only to #buildings#. Maximum heights shall apply to all #buildings or other structures#.

For the purposes of applying the height and setback regulations of this Section, Jones Walk shall not be considered a #street#. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, illustrate the #street wall# location provisions and minimum and maximum base height provisions of this Section.

A #building or other structure# that exceeds a height limit shall be permitted where the Chairperson of the Department of City Planning certifies to the Department of Buildings that such additional height is necessary to accommodate an amusement #use# listed in Use Group A1.

(5/12/21)

**131-421
Coney East Subdistrict, south side of Surf Avenue**

The following regulations shall apply along the south side of Surf Avenue and along those portions of #streets# intersecting Surf Avenue located north of a line drawn 50 feet north of and parallel to the northern #street line# of Bowery and its westerly prolongation.

(a) #Street wall# location

The #street wall# of a #building# shall be located within five feet of the #street line# and extend along the entire frontage of the #zoning lot#, except that:

- (1) a sidewalk widening shall be required at the intersection of Surf Avenue and West 10th Street, extending from a point on the Surf Avenue #street line# 125 feet west of West 10th Street to a point on the West 10th Street #street line# 20 feet south of Surf Avenue. Such area shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining sidewalks, and be accessible to the public at all times. Such sidewalk widening line shall be considered a #street line# for the purposes of applying the #use# and height and

setback regulations of this Chapter;

- (2) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines# ; and
- (3) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from the #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower, and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

- (1) Surf Avenue, west of West 12th Street

West of West 12th Street, the #street wall# of a #building# shall rise without setback to a minimum base height of 35 feet or the height of the #building#, whichever is less, and a maximum base height of 45 feet. If a tower is provided, in accordance with the requirements of paragraph (d) of this Section, the maximum base height shall be 65 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback shall be required, pursuant to the provisions set forth in paragraph (c) of this Section.

Any portion of a #street wall# which exceeds a height of 60 feet shall be located within 150 feet of the intersection of two #street lines# and shall coincide with the location of a tower. Towers shall comply with the location requirements of paragraph (d) of this Section.

- (2) Surf Avenue, east of West 12th Street

East of West 12th Street, the #street wall# of a #building# shall rise without setback to a minimum base height of 35 feet or the height of the #building#, whichever is less, and a maximum base height of 45 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback is required that shall comply with the provisions set forth in paragraph (d) of this Section.

For the base of any #building# located on the south side of Surf Avenue, above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (a)(3) of this Section.

(c) Transition height

All portions of a #building# that exceed the applicable maximum base height specified in paragraph (b) of this Section shall be set back from the #street line# at least 20 feet except that, where towers are provided, the minimum setback depth from the #street line# shall be 10 feet.

(1) West of West 12th Street

All portions of a #building# that exceed the maximum base height set forth in paragraph (b)(1) of this Section shall comply with the tower provisions of paragraph (d) of this Section.

(2) East of West 12th Street

The maximum transition height shall be 65 feet, and all portions of #buildings# that exceed such height shall comply with the tower provisions of paragraph (d) of this Section, except that within 100 feet of Jones Walk on the easterly side, the maximum #building# height after the required setbacks shall be 85 feet.

(3) Special Regulations for Use Group A

The transition height regulations of paragraphs (c)(1) and (c)(2) of this Section shall not apply to #buildings# that rise to a maximum height of 85 feet to accommodate a Use Group A #use# or to #buildings# where the Chairperson of the Department of City Planning certifies to the Department of Buildings that additional height is necessary to accommodate an amusement #use# listed in Use Group A1.

(d) Towers

All #stories# of a #building# located partially or wholly above a height of 65 feet shall be considered a “tower” and shall comply with the provisions of this paragraph (d).

(1) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(2) Maximum length and height

The outermost walls of all tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.

The maximum height of a #building# located between West 12th Street and Jones Walk shall be 150 feet between West 12th Street and Jones Walk. The maximum height of a #building# located between West 12th Street and West 16th Street on

#zoning lots# with less than 50,000 square feet of #lot area# shall be 220 feet; on #zoning lots# with 50,000 square feet or more of #lot area#, the maximum height of a #building# shall be 270 feet. All towers that exceed a height of 150 feet shall provide articulation in accordance with Section 131-46.

(3) Tower location

All towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting #street#.

(7/29/09)

131-422

Coney East Subdistrict, north side of Surf Avenue

Any #building or other structure# fronting upon the north side of Surf Avenue shall not exceed a height of 85 feet. Furthermore, in order to protect the view from the elevated subway to the Coney East Subdistrict, no portion of such #building or other structure#, including permitted obstructions or #signs#, shall be located between a height of five feet below the upper level of the elevated subway tracks and a level 25 feet above such level, except for a vertical circulation core, supporting structural elements and related appurtenances. In no event shall more than 30 percent of the Surf Avenue frontage of the #zoning lot# be obstructed with such elements.

(5/12/21)

131-423

Along all other streets

The following regulations shall apply along Wonder Wheel Way, Bowery, and all other #streets#, and portions thereof, located south of a line drawn 50 feet north of and parallel to the northern #street# line of Bowery and its westerly prolongation.

(a) #Street wall# location

The #street wall# of the #building#, or portion thereof, shall be located within five feet of the #street line#;

(b) Maximum height

The #street wall# of a #building#, or portion thereof, shall rise to a minimum height of 20 feet and a maximum height of 40 feet before setback. The maximum height of a #building or other structure# shall be 60 feet, provided any portion of a #building# that

exceeds a height of 40 feet shall be set back from the #street wall# of the #building# at least 20 feet.

West of West 12th Street, along the northern #street line# of Bowery, the maximum #building# height shall be 40 feet. If a tower is provided along the Surf Avenue portion of the #block#, 40 percent of the #aggregate width of street walls# may rise above the maximum #street wall# height of 40 feet, provided that such portion is located within 150 feet of the intersection of two #street lines#. However, where the portion of the #block# that fronts on Surf Avenue is #developed# or #enlarged# pursuant to the special regulations for Use Group A in paragraph (c)(3) of Section 131-421 (Coney East Subdistrict, south side of Surf Avenue), the #street wall# may rise after a setback of 20 feet to a maximum height of 60 feet for the entire length of the Bowery #street line#, or may extend beyond the 40 percent of the #aggregate width of street wall# for the length of the #street wall# of such Use Group A #development# or #enlargement# which fronts along Surf Avenue, whichever is less.

(7/29/09)

131-43
Coney West Subdistrict

The regulations of this Section shall apply to all #buildings or other structures# in the Coney West Subdistrict. Map 4 (Street Wall Location), Map 5 (Minimum and Maximum Base Heights) and Map 6 (Coney West Subdistrict Transition Heights), in the Appendix to this Chapter, illustrate the #street wall# location provisions, minimum and maximum base height provisions and transition height provisions of this Section, inclusive. For the purposes of this Section, the “building line” shown on Parcel F shall be considered a #street line# of Ocean Way or Parachute Way, as indicated on such maps.

(5/12/21)

131-431
Coney West District, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The #street wall# location provisions of paragraph (a) of this Section shall also apply along #streets# intersecting Surf Avenue within 50 feet of Surf Avenue, and the #building# base regulations of paragraph (b) of this Section shall also apply along #streets# within 100 feet of Surf Avenue.

(a) #Street wall# location

The #street wall# of a #building# base shall be located on the Surf Avenue #street line#

and extend along the entire Surf Avenue frontage of the #zoning lot#, except that:

- (1) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines# ; and
- (2) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from a #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

A #street wall# fronting on Surf Avenue shall rise without setback to a minimum height of six #stories# or 65 feet, or the height of the #building#, whichever is less, and a maximum height of eight #stories# or 85 feet, whichever is less, before a setback is required. However, on the #block# front bounded by West 21st Street and West 22nd Street, the minimum height of a #street wall# shall be 40 feet and the maximum height of a #street wall# shall be six #stories# or 65 feet, whichever is less, before a setback is required.

Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (a)(2) of this Section.

All portions of a #building or other structure# that exceed the maximum heights set forth in this paragraph, (b), shall be set back from the #street line# at least 10 feet.

(c) Transition height

Above the maximum base height, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that such #street walls# are set back a minimum distance of 10 feet from the Surf Avenue #street line#. All portions of #buildings or other structures# that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-434 (Coney West Subdistrict towers).

(5/12/21)

131-432

Along all other streets, other than Riegelmann Boardwalk

The following regulations shall apply along all other #streets# in the Coney West Subdistrict,

except within 70 feet of Riegelmann Boardwalk.

(a) #Street wall# location

The #street wall# of a #building# base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the #street line# except that, to allow portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from the #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower.

The entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to and exits from the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial# #uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) #Building# base

The #street wall# of a #building# base, or portion thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less, and a maximum height of six #stories# or 65 feet, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed for #outer courts# or balconies, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, and provided the maximum depth of such recesses is 15 feet, as measured from the #street line#. All portions of a #building or other structure# that exceed a height of 65 feet shall be set back from the #street wall# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition heights

Beyond 100 feet of Surf Avenue, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that:

- (1) above the maximum base height, #street walls# are set back a minimum distance of 10 feet from the #street line#, except that for #blocks# north of the Ocean Way #street line#, along a minimum of one #street line# bounding the #block# (except for Surf Avenue), at least 40 percent of the #aggregate width of street walls# shall remain open to the sky for a minimum depth of 100 feet from the #street line# ;
- (2) for #blocks# bounding the southern #street line# of Ocean Way, any portion of a #building or other structure# that exceeds a height of six #stories# or 65 feet, whichever is less, shall be located within 80 or 100 feet of a #street line#, as

indicated on Map 6 in the Appendix to this Chapter;

- (3) for portions of #buildings# higher than six #stories# or 65 feet that are within 100 feet of Riegelmann Boardwalk, each #story# within such portion shall provide a setback with a depth of at least 10 feet, measured from the south-facing wall of the #story# directly below.

A #building or other structure# may exceed such transition heights only in accordance with the tower provisions of Section 131-434.

(2/2/11)

**131-433
Riegelmann Boardwalk and building line of Parcel F**

A #street wall# shall be located on Riegelmann Boardwalk #street line# and extend along the entire Riegelmann Boardwalk frontage of the #zoning lot# to a minimum height of 20 feet, as shown on Map 5 (Minimum and Maximum Base Heights). Any #building or other structure# within 70 feet of Riegelmann Boardwalk shall not exceed a height of 40 feet above the level of Riegelmann Boardwalk.

In addition, on Parcel F, a #street wall# shall be located on the Parachute Way building line and the portion of the Ocean Way building line that is within 100 feet of the Parachute Way building line, as shown on Map 4 (Street Wall Location). Such #street walls# shall extend along such entire frontages of Parcel F to a minimum height of 20 feet.

(3/22/16)

**131-434
Coney West Subdistrict towers**

All #stories# of a #building# or portions of other structures located partially or wholly above an applicable transition height shall be considered a “tower” and shall comply with the provisions of this Section.

- (a) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

- (b) Maximum length and height

On #blocks# bounding Surf Avenue, the maximum height of a #building or other

structure# shall be 220 feet, and on #blocks# bounding the southerly #street line# of Ocean Way, the maximum height of a #building or other structure# shall be 170 feet. Furthermore, the outermost walls of all tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.

Where #affordable housing# is provided pursuant to Section 131-321 (Special floor area regulations for residential uses), the maximum height of a #building# shall be increased to 270 feet, provided either:

- (1) the outermost wall of all tower #stories# are inscribed within a rectangle where no side of such rectangle exceeds a length of 100 feet; or
- (2) the outermost wall of all tower #stories# below a height of 120 feet are inscribed within a rectangle where no side of such rectangle exceeds a length of 130 feet and, above such height, no side of such rectangle shall exceed a length of 100 feet. In addition, above a height of 120 feet, the maximum floor plate shall be 80 percent of the #story# immediately below such height, or 6,800 square feet, whichever is greater. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

All towers shall be located entirely within 100 feet of Parachute Way, West 20th Street, West 21st Street or West 22nd Street and within 25 feet of the intersection of two #street lines#. When a #zoning lot# fronting upon Surf Avenue contains a tower, such tower shall be located within 25 feet of Surf Avenue. No more than one tower shall be permitted on any #zoning lot#, except that where #affordable housing# is provided pursuant to Sections 23-90 and 131-321, no more than two towers shall be permitted on any #zoning lot#, and the second tower shall be located within 25 feet of Ocean Way. However, Parcel E may include two towers and, where #affordable housing# is provided pursuant to Section 131-321, a third tower shall be permitted to be located anywhere on such parcel along Parachute Way.

(2/2/11)

131-44
Coney North Subdistrict

The regulations of this Section shall apply to all #buildings or other structures# in the Coney North Subdistrict. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights), in the Appendix to this Chapter, illustrate the #street wall# location provisions, minimum and maximum base height provisions and maximum #building# height provisions of this Section, inclusive.

(5/12/21)

131-441 Coney North Subdistrict, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The #street wall# location provisions of paragraph (a) of this Section shall also apply along #streets# intersecting Surf Avenue within 50 feet of Surf Avenue, and the #building# base regulations of paragraph (b) of this Section shall also apply along #streets# within 100 feet of Surf Avenue.

(a) #Street wall# location

The #street wall# of a #building# base shall be located on the Surf Avenue #street line# and extend along the entire Surf Avenue frontage of the #zoning lot#, except that:

- (1) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines# ; and
- (2) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from a #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

The #street wall# of a #building# base fronting on Surf Avenue shall rise without setback to a minimum height of six #stories# or 65 feet, or the height of the #building#, whichever is less, and a maximum height of eight #stories# or 85 feet, whichever is less, before a setback is required. However, on the portion of the #block# bounded by Stillwell Avenue and West 15th Street, for #buildings# that exceed a height of 85 feet, all #street walls# of such #building# fronting on Surf Avenue shall rise without setback to a height of 85 feet.

Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner

articulation is provided, as set forth in paragraph (a)(2) of this Section.

All portions of a #building or other structure# that exceed a height of 85 feet shall be set back from the #street line# at least 10 feet, and shall comply with the tower provisions of Section 131-444 (Coney North Towers).

(c) Transition height

Above the maximum base height, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that such #street walls# are set back a minimum distance of 10 feet from the Surf Avenue #street line#. All portions of #buildings or other structures# that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(3/22/16)

131-442

Along all other streets, other than Stillwell Avenue

The following regulations shall apply along all other #streets# in the Coney North Subdistrict, other than Stillwell Avenue.

(a) #Street wall# location

The #street wall# of a #building# base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the #street line# except that, to allow portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be recessed 10 feet from the #street line#, provided the width of such recess area is not greater than 40 percent of the width of the #street wall# of the tower.

The entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial# #uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) #Building# base

The #street wall# of a #building# base, or portion thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet, or the height of the #building#, whichever is less, and a maximum height of six #stories# or 65 feet,

whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed for #outer courts# or balconies, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, and provided the maximum depth of such recesses is 15 feet, as measured from the #street line#.

All portions of a #building or other structure# that exceed a height of 65 feet shall be set back from the #street wall# of the #building# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition height

In all portions of #blocks# located beyond 100 feet of Surf Avenue, a #street wall# may rise above the maximum base height to a maximum transition height of eight #stories# or 85 feet, whichever is less, provided that such #street walls# are set back a minimum distance of 10 feet from the #street line#. All portions of #buildings or other structures# that exceed a transition height of 85 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(5/12/21)

131-443

Mermaid and Stillwell Avenues

Within 100 feet of Mermaid Avenue and within 100 feet of Stillwell Avenue, except within 100 feet of Surf Avenue, all portions of a #building or other structure# shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that the #street wall# of a #building# shall be located on the #street line# and rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less, except that:

- (a) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines# ; and
- (b) above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(3/22/16)

131-444

Coney North Subdistrict towers

All #stories# of a #building# or portions of other structures located partially or wholly above a height of 85 feet within 175 feet of Surf Avenue and above a height of 65 feet beyond 175 feet of Surf Avenue shall be considered a “tower” and shall comply with the provisions of this Section.

(a) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(b) Maximum length and height

On #blocks# bounding Surf Avenue, the maximum height of a #building or other structure# shall be 220 feet and beyond 175 feet of Surf Avenue the maximum height of a #building or other structure# shall be 170 feet. Furthermore, the outermost walls of all tower #stories# shall be inscribed within a rectangle and no side of such rectangle shall exceed a length of 165 feet.

Where #affordable housing# is provided pursuant to Section 131-321 (Special floor area regulations for residential uses), the maximum height of a #building# shall be increased to 270 feet, provided that either:

- (1) the outermost wall of all tower #stories# are inscribed within a rectangle, where no side of such rectangle shall exceed a length of 100 feet; or
- (2) the outermost wall of all tower #stories#, below a height of 120 feet, are inscribed within a rectangle, where no side of such rectangle shall exceed a length of 130 feet, and above such height, no side of such rectangle shall exceed a length of 100 feet. In addition, above a height of 120 feet, the maximum floorplate shall be 80 percent of the #story# immediately below such height or 6,800 square feet, whichever is greater. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

Towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting #street#. No more than one tower shall be permitted on any #zoning lot#, except that where #affordable housing# is provided pursuant to Sections 23-90 and 131-321, a second tower shall be permitted anywhere on the #zoning lot# where such tower is entirely beyond 175 feet of Surf Avenue and 10 feet from any other #street#. All towers

shall be located at least 10 feet from a #side lot line#.

(5/12/21)

131-45

Mermaid Avenue Subdistrict

All portions of a #building or other structure# shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that on Mermaid Avenue, and on intersecting #streets# within 50 feet of Mermaid Avenue, the #street wall# of a #building# shall be located on the #street line# and rise without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less, except that:

- (a) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines# ; and
- (b) above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(7/29/09)

131-46

Tower Top Articulation

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with at least one of following provisions:

- (a) Setbacks on each tower face

The highest three #stories#, or as many #stories# as are located entirely above a height of 170 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (a), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required

setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Three setbacks

Setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 170 feet, whichever is less. Such setbacks shall be located on either the north-facing or south-facing side of the #building#, but not both. Such setbacks shall have a minimum depth of 15 feet measured, as applicable, from the north-facing or south-facing wall of the #story# immediately below. For towers with at least six #stories# located entirely above a height of 170 feet, the lowest level at which such setbacks may be provided is 170 feet, and the highest #story#, therefore, shall be located entirely within the northern or southern half of the tower, as applicable.

(c) Reverse setbacks

A minimum of 15 percent of the area of the plane surface of #street walls# enclosing #floor area# of the tower and a maximum of 50 percent of the area of the plane surface of the #street walls# enclosing #floor area# of the tower shall project at least 18 inches but not more than five feet from the remaining plane surface of the #street walls# enclosing any #floor area# of the tower. No projections, including balconies, shall be permitted from the lowest two #stories# of the tower.

(6/6/24)

131-47

Design Requirements for Ground Level Setbacks

Wherever a #building# base below a tower is set back from the #street line#, and the #building# walls bounding such setback area are occupied by non-#residential uses#, such setback area shall comply with the provisions of this Section. Where two such setback areas adjoin one another at the intersection of two #streets#, the combined area of such spaces shall determine the applicability of such provisions.

(a) Minimum and maximum areas

No such setback area shall be less than 240 square feet nor greater than 1,000 square feet.

(b) Pavement

The setback area shall be paved with materials distinctive from the adjoining public sidewalk.

(c) Wall treatments

All ground floor level #building# walls bounding such setback area not otherwise subject to the transparency requirements of Section 131-15, shall comply with the provisions of either paragraphs (c)(1) or (c)(2) of this Section.

- (1) If such #building# wall is a #street wall# wider than 10 feet, such #street wall# shall comply with the provisions of Section 131-15.
- (2) All other #building# walls shall comply with one of the following provisions:
 - (i) such #building# walls shall be glazed with transparent materials in accordance with the transparency provisions of Section 37-34 (Minimum Transparency Requirements); or
 - (ii) such #building# walls shall be articulated with artwork or landscaping to a height of at least 10 feet.

(d) #Building# entrances

A public entrance to a #building# shall front upon such setback area. No ramps shall be permitted within the setback area.

(e) Landscaping

A minimum of 20 percent of such setback area shall be planted with, at a minimum, evergreen ground cover or shrubs in planting beds, with a minimum of six inches in height and a maximum height of four feet. Such planting beds may not occupy more than 50 percent of the width of the setback area, as measured along the #street line#.

(f) Additional amenities

For setback areas of 500 square feet or more, there shall be the following additional amenities:

- (1) an additional public entrance to the #building# that fronts upon such setback area; and
- (2) a minimum of one linear feet of seating for every 20 square feet of setback area shall be provided. At least 40 percent of such seating shall be fixed, of which at least half shall have backs with a minimum height of 14 inches. All fixed seating shall have a minimum depth of 18 inches and a maximum depth of 24 inches, and a minimum seat height of 16 inches and a maximum seat height of 20 inches. At least 50 percent of required seating shall be moveable chairs.

(7/29/09)

131-48
Street Trees

The provisions of Section 33-03 (Street Tree Planting in Commercial Districts) shall not apply in the Coney East Subdistrict.

(5/12/21)

131-49
Authorization for Exterior Ramps

The City Planning Commission may authorize modifications of the #street wall# location provisions of this Chapter to allow exterior ramps for access from the public sidewalk to the lowest #story# above the #flood-resistant construction elevation#, as defined in Section 64-11 (Definitions), provided the Commission finds that the design of such ramps:

- (a) maximizes visibility of interior ground floor space within the #building# from the public sidewalk;
- (b) incorporates amenities such as seating and planting as the Commission may find appropriate; and
- (c) relates harmoniously with the design and materials of the adjacent #building# and the surrounding streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(7/29/09)

131-50
OFF-STREET PARKING AND LOADING REGULATIONS

The special provisions of this Section shall apply to all off-street parking spaces and loading facilities within the #Special Coney Island District#.

(2/2/11)

131-51

Amount of Required and Permitted Parking

(a) #Residential# and #community facility# parking

The underlying regulations shall apply, except that the number of #accessory# off-street parking spaces required pursuant to Section 36-33 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require off-street parking spaces for at least 60 percent of #dwelling units# or #rooming units developed#, under single ownership or control, where group parking facilities are provided.

(b) #Commercial# parking

The underlying regulations shall apply, except that:

(1) For Use Group A #uses#

One off-street parking space shall be provided for every 2,000 square feet of #floor area# or #lot area# for open #uses#, except that for a water park, two off-street parking spaces per 1,000 square feet of #floor area# shall be provided.

(2) For #transient hotels#

One off-street parking space shall be provided for every six guest rooms or suites.

(c) Public parking facilities

In accordance with the provisions of Section 131-043 (Applicability of Article VII, Chapter 4), #public parking lots# shall not be permitted, and #public parking garages# of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(3/22/16)

131-52

Use and Location of Parking Facilities

The following provisions shall apply to all parking facilities:

- (a) All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupants of a #residence# to which it is #accessory# within 30 days after written request is made to the landlord. Furthermore, if #accessory# parking spaces and spaces within a #public parking garage# are provided on the same #zoning lot#, all such spaces may be provided within the same

parking facility.

- (b) The off-site parking space provisions of Sections 36-42 and 36-43 shall not apply. In lieu thereof, all permitted or required off-street parking spaces may be provided on a #zoning lot# other than the same #zoning lot# to which such spaces are #accessory#, provided that:
- (1) In the Coney East Subdistrict, such spaces are located anywhere within an area bounded on the east by Ocean Parkway, on the south by Riegelmann Boardwalk, on the west by West 27th Street and on the north by Coney Island Creek and the Belt Parkway, in accordance with all applicable underlying parking regulations.
 - (2) In the Coney West Subdistrict, such parking spaces #accessory# to the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, shall be located anywhere on such sets of parcels:

Parcels A and B
Parcels C and D
Parcels E and F.
 - (3) In the Coney North and Mermaid Avenue Subdistricts, such spaces shall be located anywhere on the same #block#.
- (c) All off-street parking facilities shall be located within facilities that, except for entrances and exits, are:
- (1) entirely below the level of any #street# or #publicly accessible open area# upon which such facility, or portion thereof, fronts; or
 - (2) wrapped by #floor area# or screened in accordance with the provisions of Section 37-35 (Parking Wrap and Screening Requirements). For the purpose of applying such provisions, Surf Avenue, Stillwell Avenue, Ocean Way, Parachute Way and Riegelmann Boardwalk shall be considered designated retail streets, and the wrapping provisions of paragraph (a) of Section 37-35 shall apply to such #street# frontages at all levels above grade. All such parking facilities shall be exempt from the definition of #floor area#.
 - (d) Any roof of a facility containing off-street parking spaces not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(2/2/11)

131-53
Curb Cuts

No curb cuts shall be permitted on Surf Avenue, Wonder Wheel Way or Bowery except on a #zoning lot# with no frontage on any other #street#. The curb cut provisions of paragraph (c) of Section 36-58 shall apply.

(12/19/13)

131-60
SPECIAL PERMIT FOR AUDITORIUMS

The special permit set forth in this Section is established to allow outdoor entertainment #uses# on a limited-term basis in a unique beachfront location within the #Special Coney Island District#. The development of such #uses# on a temporary basis pursuant to this special permit provides for the opportunity for a valuable public amenity to exist within an area that, while approved for future #residential development# pursuant to the #Special Coney Island District# plan, is currently underutilized and does not exhibit the characteristics of a well-developed #residential# neighborhood. Any special permit granted under this Section shall be subject to a term of years, in order to ensure that such #uses# are consistent with, and do not impede, the goal of long-term revitalization of the surrounding area, pursuant to the #Special Coney Island District# plan.

In the Coney West Subdistrict, for Parcels B and G, the City Planning Commission may approve, by special permit, open-air auditoriums with greater than 2,000 seats, for a term no greater than 10 years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued, provided that the proposed auditorium meets the conditions of paragraph (a) and the findings of paragraph (b) of this Section, in addition to the #sign# provisions of paragraph (c) and parking provisions of paragraph (d) of this Section.

For any application for such special permit, the applicant shall provide plans to the Commission including, but not limited to, a site plan, signage plan, parking and loading plan, lighting plan and an operations plan (the "Proposed Plans").

- (a) The Commission may permit open-air auditoriums with a maximum of 5,100 seats, provided the Proposed Plans demonstrate that:
 - (1) at all times when Riegelmann Boardwalk is open to the public, all publicly accessible space, as shown on the Proposed Plans, will remain accessible to the

public, except that access may be restricted as necessary during scheduled events, for the setup and takedown for such events, and in connection with maintenance activities. Any barriers erected for the purpose of restricting access or visibility during such events shall be completely removed at all other times;

- (2) the height of all structures, temporary or fixed, does not exceed 70 feet in height, as measured from the level of Riegelmann Boardwalk;
 - (3) any roof or structural canopy above the open-air auditorium seating area will be removed prior to the month of November and shall remain removed during the entire off-season period between November through April, as well as in advance of severe weather events;
 - (4) the signage plan and parking and loading plan comply with the provisions of paragraphs (c) and (d) of this Section, respectively; and
 - (5) the City and applicant will enter into an agreement under which Parcel G will be returned to the City as of the expiration of the term of the special permit in a condition set forth in such agreement appropriate for #use# as a #public park#.
- (b) In granting such permit, the Commission shall find that:
- (1) such open-air auditorium will not unduly impair the essential character or the future #use# or #development# of the surrounding area, pursuant to the goals and objectives of the #Special Coney Island District# plan;
 - (2) the outdoor lighting for such open-air auditorium is located and arranged so as to minimize any negative effects on nearby #residences# and #community facilities#, and that the Proposed Plans include noise attenuation features and measures which serve to reduce the effect of noise from the open-air auditorium on the surrounding area, including nearby #residences# and #community facilities# ;
 - (3) the construction of a stage as part of any #building# on Parcel B, for the purpose of accommodating an open-air auditorium #use#, will:
 - (i) enable the stage area to be closed to the outdoor portion of the open-air auditorium during the off-season when the open-air auditorium is not in use, so as to be operated for indoor entertainment #uses# with an eating and drinking establishment or other #use# permitted on Parcel B; and
 - (ii) allow for such #building# to be operated, subsequent to the expiration of the special permit, for #uses# permitted on Parcel B, such as eating or drinking establishments with entertainment;
 - (4) appropriate visual and pedestrian connections are maintained in the general area

of the former street bed from the termination of West 22nd Street to Riegelmann Boardwalk;

- (5) the portions of the site not dedicated to the stage area or event seating are so designed to serve as a full time park-like resource for the public, and the portions of the site designed for open-air auditorium #use# serve as a high-quality open space resource when not in auditorium use;
 - (6) any roof or structural canopy above the open-air auditorium seating area will be visually unobtrusive, and maximize openness and visibility between the site and Riegelmann Boardwalk;
 - (7) the operations plan, which shall include a protocol for queuing for concertgoers, demonstrates that there would be no interference with the public use and enjoyment of adjacent public facilities; and
 - (8) the site plan, signage plan and lighting plan incorporate good design, effectively integrate the site with surrounding streets and Riegelmann Boardwalk, and are consistent with the purposes of the #Special Coney Island District#.
- (c) The Commission may, through approval of the Proposed Plans, permit #signs# notwithstanding the applicable #sign# regulations, except that #flashing signs# shall not be permitted and only #advertising signs# that are oriented toward the interior of the open-air auditorium and not visible from Riegelmann Boardwalk or other public area shall be permitted.

In order to permit such #signs#, the Commission shall find that proposed signage is appropriate in connection with the permitted open-air auditorium #use#, is not unduly concentrated within one portion of the site, and will not negatively affect the surrounding area.

- (d) The Commission may, through approval of the Proposed Plans, reduce or waive required parking or loading requirements, provided the Commission finds that the open-air auditorium will be adequately served by a combination of surrounding public parking facilities and mass transit. In addition, the Commission shall find that the proposed loading facilities on the site are located so as not to adversely affect the movement of pedestrians or vehicles on the #streets# surrounding the auditorium.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. Such conditions and safeguards may include, but are not limited to, restrictions on signage or requirements for soundproofing of auditoriums, shielding of floodlights or screening of open #uses#.

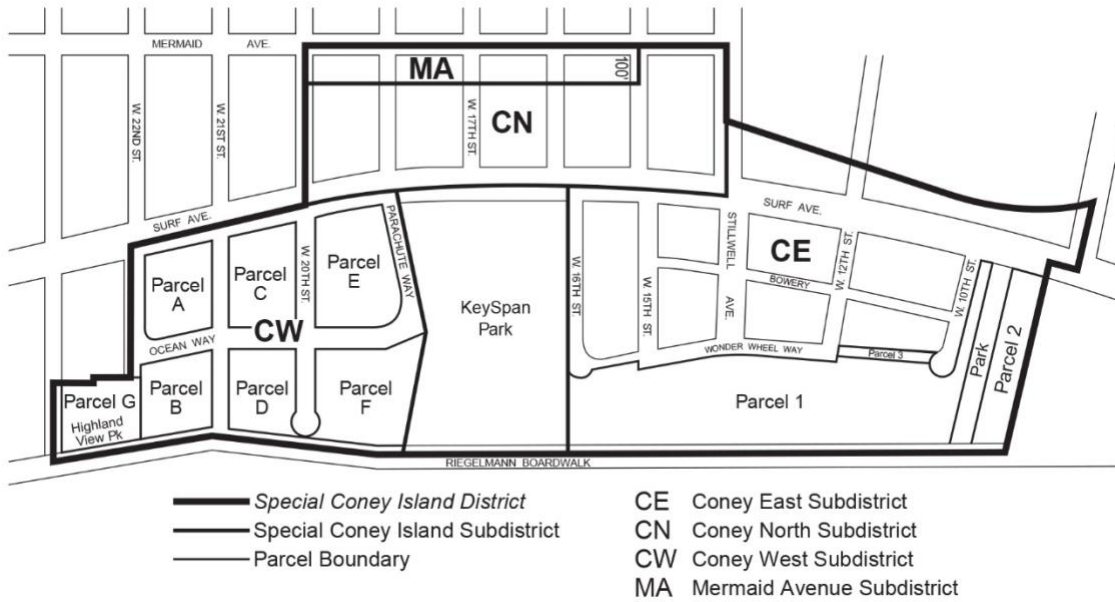

Upon the first issuance of this permit for an open-air auditorium, the effective period of the permit shall be 10 years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued. To establish the term of years for subsequent

applications for this special permit, the Commission shall, in determining whether the finding of paragraph (b)(1) of this Section is met, take into account the existing character of the surrounding area, as well as #residential# and #community facility development# proposed or under construction on surrounding #blocks#, and shall also consider whether continuation of such auditorium #use# within a proposed term of years would be compatible with or may hinder achievement of the goals and objectives of the #Special Coney Island District# plan. Subsequent applications for this special permit shall be filed no later than one year prior to expiration of the term of the permit then in effect.

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 2
Special Enhanced Commercial District**

(4/20/16)

**132-00
GENERAL PURPOSES**

The “Special Enhanced Commercial District,” established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the promotion and maintenance of a lively and engaging pedestrian experience along commercial avenues and the following specific purposes:

- (a) in “Special Enhanced Commercial District” 1, to enhance the vitality of emerging commercial districts ensuring that a majority of the ground floor space within buildings is occupied by commercial establishments that enliven the pedestrian experience along the street;
- (b) in “Special Enhanced Commercial District” 2, to enhance the vitality of well-established commercial districts by ensuring that ground floor frontages continue to reflect the multi-store character that defines such commercial blocks;
- (c) in “Special Enhanced Commercial District” 3, to enhance the vitality of well-established commercial districts by limiting the ground floor presence of inactive street wall frontages;
- (d) in “Special Enhanced Commercial District” 4, to enhance the vitality of commercial districts by limiting the ground floor presence of inactive street wall frontages;
- (e) in “Special Enhanced Commercial District” 5, to enhance the vitality of emerging commercial districts by limiting the ground floor presence of inactive street wall frontages;
- (f) in “Special Enhanced Commercial District” 6, to enhance the vitality of well-established commercial districts by ensuring that ground floor frontages continue to be occupied by active uses that enliven the pedestrian experience along the street; and
- (g) to promote the most desirable use of land in the area and thus preserve, protect and

enhance the value of land and buildings and thereby protect City tax revenues.

(10/7/21)

**132-10
GENERAL PROVISIONS**

The provisions of this Chapter shall apply to all #buildings# with #street# frontage along a #designated commercial street#.

The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(11/23/21)

**132-11
Special Enhanced Commercial Districts Specified**

The #Special Enhanced Commercial District# is mapped in the following areas:

(a) #Special Enhanced Commercial District# 1

The #Special Enhanced Commercial District# 1 (EC-1) is established on November 29, 2011, on the following #designated commercial streets# as indicated on #zoning maps# 16c and 16d:

- (1) Fourth Avenue, in the Borough of Brooklyn, generally between 25th Street and 15th Street, and Pacific Street and Atlantic Avenue.

(b) #Special Enhanced Commercial District# 2

The #Special Enhanced Commercial District# 2 (EC-2) is established on June 28, 2012, on the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

- (1) Amsterdam Avenue, in the Borough of Manhattan, generally between West 73rd

and West 110th Streets; and

- (2) Columbus Avenue, in the Borough of Manhattan, generally between West 72nd and West 87th Streets.

(c) #Special Enhanced Commercial District# 3

The #Special Enhanced Commercial District# 3 (EC-3) is established on June 28, 2012, the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

- (1) Broadway, in the Borough of Manhattan, generally between West 72nd and West 110th Streets.

(d) #Special Enhanced Commercial District# 4

The #Special Enhanced Commercial District# 4 (EC-4) is established on October 11, 2012, the following #designated commercial streets# as indicated on #zoning maps# 13b and 17a:

- (1) Broadway, in the Borough of Brooklyn, on the south side of the street generally between Sumner Place and Monroe Street.

(e) #Special Enhanced Commercial District# 5

The #Special Enhanced Commercial District# 5 (EC-5) is established on April 20, 2016, on the following #designated commercial streets# as indicated on #zoning map# 17c:

- (1) Atlantic Avenue, in the Borough of Brooklyn, generally between Sheffield Avenue and Euclid Avenue;
- (2) Pitkin Avenue, in the Borough of Brooklyn, generally between Sheffield Avenue and Crescent Avenue;
- (3) Fulton Street, in the Borough of Brooklyn, generally between Eastern Parkway and Van Sinderen Avenue; and
- (4) Pennsylvania Avenue, in the Borough of Brooklyn, generally between Fulton Street and Atlantic Avenue.

(f) #Special Enhanced Commercial District# 6

The #Special Enhanced Commercial District# 6 (EC-6) is established on April 20, 2016, on the following #designated commercial streets# as indicated on #zoning map# 17c:

- (1) Fulton Street, in the Borough of Brooklyn, between Sheffield Avenue and Euclid Avenue.

(6/6/24)

132-12

132-13
Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that the #ground floor level# #street# frontages# along those portions of #streets# mapped in the #Special Enhanced Commercial Districts#, as listed in Section 132-11 (Special Enhanced Commercial Districts Specified), shall be considered #Tier C street frontages#. Additional regulations are set forth in Section 132-20, inclusive.

(6/6/24)

132-20
ADDITIONAL REGULATIONS FOR CERTAIN ENHANCED COMMERCIAL DISTRICTS

(6/6/24)

132-21
Special Enhanced Commercial Districts 2 and 3

(a) #Special Enhanced Commercial District# 2

In addition to the streetscape regulations outlined in Section 132-13, the following shall apply in #Special Enhanced Commercial District# 2:

(1) for #zoning lots# with a #lot width# of 50 feet or more, as measured along the

#street line# of the #designated commercial street#, a minimum of two non-#residential# establishments shall be required for every 50 feet of #street# frontage; and

- (2) the maximum #street wall# width of any non-#residential# #ground floor level# establishment shall not exceed 40 feet, as measured along the #street line# of a #designated commercial street#, except that the maximum width of a savings, loan and other financial service establishment, as listed under Use Group VI, shall not exceed 25 feet.

However, the provisions of this Section shall not apply to grocery and convenience retailers listed under Use Group VI.

(b) #Special Enhanced Commercial District# 3

In addition to the streetscape regulations outlined in Section 132-13, the following shall apply in #Special Enhanced Commercial District# 3:

- (1) for the purposes of applying the underlying provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), the streetscape regulations for C4-7 Districts shall apply in lieu of the underlying district regulations; and
- (2) the maximum #street wall# width of a savings, loan and other financial service establishment, as listed under Use Group VI, shall not exceed 25 feet.

(6/6/24)

132-211

Non-conforming uses

In #Special Enhanced Commercial Districts# 2 and 3, the regulations of Article V, Chapter 2, shall be modified so that the discontinuance provisions of Section 52-60 shall not apply to such change of #use# within establishments with #non-conforming# #street wall# widths.

(6/6/24)

132-212

Certification to allow a limited increase in street wall width

In #Special Enhanced Commercial District# 2, a non-#residential# establishment may extend its #street wall# beyond the maximum width set forth in Section 132-21, and the required number of such establishments may be reduced, upon certification by the Chairperson of the City Planning

Commission to the Department of Buildings that:

- (a) the proposed establishment does not exceed a maximum #street wall# width of 60 feet; and
- (b) the applicant has submitted an affidavit attesting to and including information that:
 - (1) at the time of application for #extension#, the #use# has existed within such #building# for a period of one year; and
 - (2) such existing establishment cannot #extend# without increasing the #street wall# width for such establishment because of:
 - (i) physical restrictions created by the #building# design, including, but not limited to, the location of existing structural walls and vertical circulation cores;
 - (ii) the presence of other #uses# with ongoing or expected occupancy within such #building#; or
 - (iii) regulatory limitations; and
- (c) the applicant has demonstrated that, at the time of application, not more than one non-#residential# establishment, either existing or with an approved certification or authorization pursuant to Sections 132-212 and 132-213 that has not lapsed, has a #street wall# width exceeding 40 feet on either the same #block# frontage containing the applicant's establishment, or on the #block# frontage directly across the #street# from the #block# containing such establishment, or on the #blocks# fronting on the #commercial street# immediately adjacent to the north and south of the #block# containing such applicant's establishment.

In order to demonstrate such conditions, the applicant shall:

- (1) submit photographs or dimensioned elevation drawings to verify compliance with the conditions specified in this paragraph (c); and
- (2) provide at the time of application, pursuant to Sections 132-212 and 132-213, evidence of any other approved applications for certifications or authorizations that have not lapsed in the geographic boundaries set forth in this paragraph (c).

A copy of an application for certification pursuant to this Section shall be sent by the Department of City Planning to the affected Community Board, which may review such proposal and submit comments to the Chairperson of the City Planning Commission. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board's comments have been received, or the 30-day comment period has expired, whichever is earlier.

A certification granted pursuant to this Section shall automatically lapse if substantial construction, in accordance with the plans for which such certification was granted, has not been completed within one year from the effective date of such certification

(6/6/24)

132-213

Authorization to modify maximum street wall widths of establishments

In #Special Enhanced Commercial District Districts# 2 and 3, the City Planning Commission may authorize a modification of the maximum #street wall# width of non-#residential# establishments, as set forth in Section 132-21, provided the Commission finds that:

- (a) such additional frontage space is required for the operation of such proposed #use#, and such #use# cannot be reasonably configured within the permitted #street wall# width; or
- (b) a high ground floor vacancy rate exists within a reasonable distance of the proposed #use#, and such high vacancy rate is a consequence of adverse market conditions.

The land use application for an authorization pursuant to this Section shall be sent to the applicable Community Board. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board's comments have been received, or the 30-day comment period has expired, whichever is earlier.

(6/6/24)

132-22

Special Enhanced Commercial District 6

In addition to the streetscape regulations outlined in Section 132-13, the following shall apply in #Special Enhanced Commercial District# 6:

In #Commercial# and #Manufacturing Districts#, other than C4-4L Districts, for #developments# or horizontal #enlargements# at the ground level, resulting in a #street wall# of 40 feet or wider, as measured along the #street line#, a sidewalk widening of five feet shall be provided along such #street wall# and its prolongation. A line parallel to and five feet from the #street line# of such #street#, as measured within the #zoning lot#, shall be considered the #street line# for the purpose of applying any applicable #street wall# provision.

(6/6/24)

132-30
SPECIAL PARKING REGULATIONS

(6/6/24)

132-31
Curb Cut Requirements

Curb cuts accessing off-street parking spaces shall be permitted on a #designated commercial street# only where such curb cut is located on a #zoning lot# that:

- (a) is an #interior lot# fronting along a #designated commercial street#;
- (b) existed on:
 - (1) November 29, 2011, in #Special Enhanced Commercial District# 1;
 - (2) October 11, 2012, in #Special Enhanced Commercial District# 4;
 - (3) April 20, 2016, in #Special Enhanced Commercial District# 5; or
 - (4) April 20, 2016, in #Special Enhanced Commercial District# 6;
- (c) has a width of at least 60 feet, as measured along the #street line# of the #designated commercial street#; and
- (d) has a #lot area# of at least 5,700 square feet.

(5/8/13)

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 3
Special Southern Roosevelt Island District**

(5/8/13)

**133-00
GENERAL PURPOSES**

The “Special Southern Roosevelt Island District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to provide opportunities for the development of an academic and research and development campus in a manner that benefits the surrounding community;
- (b) to allow for a mix of residential, retail and other commercial uses to support the academic and research and development facilities and complement the urban fabric of Roosevelt Island;
- (c) to establish a network of publicly accessible open areas that take advantage of the unique location of Roosevelt Island and that integrate the academic campus into the network of open spaces on Roosevelt Island and provide a community amenity;
- (d) to strengthen visual and physical connections between the eastern and western shores of Roosevelt Island by establishing publicly accessible connections through the Special District and above-grade view corridors;
- (e) to encourage alternative forms of transportation by eliminating required parking and placing a maximum cap on permitted parking;
- (f) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street and surrounding waterfront open areas, and thus to encourage more attractive and innovative building forms; and
- (g) to promote the most desirable use of land in this area and thus conserving the value of land and buildings, and thereby protecting the City’s tax revenues.

(5/8/13)

133-01 **Definitions**

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Base plane

The definition of #base plane# is hereby modified to mean elevation 19.0, which elevation reflects the measurement in feet above Belmont Island Datum, which is 2.265 feet below the mean sea level at Sandy Hook, N.J.

Development parcel

The “development parcel” is all of the property located within the boundaries of the #Loop Road#, as shown in the Appendix to this Chapter. The #development parcel# shall be deemed a single #zoning lot# for the purpose of applying all regulations of this Resolution.

Loop Road - East Loop Road, North Loop Road, South Loop Road, West Loop Road

The “Loop Road” shall be comprised of the “East Loop Road”, the “North Loop Road”, the “South Loop Road”, and the “West Loop Road”, as shown in the Appendix to this Chapter. All such roads shall be deemed separate #streets# for the purpose of applying all regulations of this Chapter and shall not generate #floor area#.

(5/8/13)

133-02 **General Provisions**

The provisions of this Chapter shall apply within the #Special Southern Roosevelt Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(5/8/13)

133-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Roosevelt Island District# Plan.

The District Plan includes the following maps:

Map 1 – Special Southern Roosevelt Island District, Development Parcel and Loop Road

Map 2 – Public Access Areas.

The maps are located in Appendix A of this Chapter and are hereby incorporated and made part of this Resolution. The maps are incorporated for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(5/8/13)

133-04
Applicability of Article III, Chapter 6

The provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, a maximum of 500 #accessory# parking spaces shall be permitted, which may be made available for public use.

However, bicycle parking shall be provided in accordance with the provisions of Section 36-70.

(5/8/13)

133-05
Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, the area between the #shoreline# and the western #street line# of the #West Loop Road# and the area between the #shoreline# and the eastern #street line# of the #East Loop Road# shall be used exclusively for open recreational uses, and shall be accessible to the public at all times.

(6/6/24)

**133-10
SPECIAL USE REGULATIONS**

(6/6/24)

**133-11
Additional Uses**

Within the #development parcel#, the provisions of Section 32-10 (USE ALLOWANCES) are modified to permit listed under Use Group VII, subject to the provisions of an M1 District.

(5/8/13)

**133-12
Location Within Buildings**

Within the #development parcel#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall not apply.

(5/8/13)

**133-20
SPECIAL BULK REGULATIONS**

Within the #development parcel#, the special #bulk# regulations of this Section, inclusive, shall apply.

(6/6/24)

**133-21
Floor Area Ratio**

The #floor area# provisions of Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) shall be modified to permit a maximum #residential# #floor area ratio#

of 3.44 without regard to a #height factor#. In addition, the maximum permitted #floor area ratio# for laboratories listed under Use Group VII shall be 3.40.

(3/22/16)

133-22
Lot Coverage

The #open space ratio# requirements of Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) and the #lot coverage# requirements of Sections 23-15 and 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) shall not apply. In lieu thereof, the aggregate #lot coverage# for all #buildings# shall comply with the following requirements:

- (a) The maximum #lot coverage# from the #base plane# to a height that is 20 feet above the #base plane# shall be 70 percent.
- (b) The maximum #lot coverage# from a height that is more than 20 feet above the #base plane# to a height that is 60 feet above the #base plane# shall be 60 percent.
- (c) The maximum #lot coverage# from a height that is more than 60 feet above the #base plane# to a height that is 180 feet above the #base plane# shall be 45 percent.
- (d) The maximum #lot coverage# above a height of 180 feet above the #base plane# shall be 25 percent.

The City Planning Commission may authorize an increase in the maximum #lot coverage# as set forth in paragraph (c) of this Section to up to 55 percent, upon finding that such increase is necessary to achieve the programmatic requirements of the development, and will not unduly restrict access of light and air to publicly accessible areas and #streets#.

(5/8/13)

133-23
Height and Setback

The height and setback regulations of Sections 23-60, 24-50 and 33-40 shall apply, except as modified by this Section. All heights shall be measured from the #base plane#.

(5/8/13)

133-231

Modification of height and setback controls

#Buildings or other structures# may exceed the underlying height and setback regulations for a percentage of the length of each #street line# of the #Loop Road#, as follows:

- (a) #North Loop Road# - 65 percent
- (b) #East Loop Road# - 35 percent
- (c) #West Loop Road# - 35 percent
- (d) #South Loop Road# - 65 percent.

Furthermore, the #street line# length percentages set forth in paragraphs (a) through (d) of this Section may be exceeded by one percentage point for every two percentage points that the #lot coverage# within 50 feet of a #street line# is less than the following percentage:

- (1) #North Loop Road# - 50 percent
- (2) #East Loop Road# - 30 percent
- (3) #South Loop Road# - 50 percent
- (4) #West Loop Road# - 30 percent.

All portions of #buildings or other structures# that exceed the underlying height and setback regulations in accordance with this Section shall comply with the height regulations of Section 133-232.

(5/8/13)

133-232

Height regulations

For the portion of any #building or other structure# exceeding the height and setback regulations set forth in Section 133-231, the maximum height of such portion located within 500 feet of the #North Loop Road# shall be 320 feet, exclusive of permitted obstructions allowed by the underlying height and setback regulations, and the maximum height for any such portion on the remainder of the #development parcel# shall be 280 feet, exclusive of such permitted obstructions.

(5/8/13)

133-233

Maximum area of stories above a height of 180 feet

The gross area of any #story# located entirely above a height of 180 feet shall not exceed 15,000 square feet. Where a single #building# has two or more portions located above 180 feet that are entirely separate from one another above such height, each such portion shall not exceed a gross area of 15,000 square feet for any #story# located in whole or part above 180 feet.

(12/6/23)

133-234

Permitted obstructions

Sections 23-62, 24-51 and 33-42 (Permitted Obstructions) shall be modified to allow #energy infrastructure equipment# and #accessory# mechanical equipment on the roof of a #building#, or any other structures supporting such systems, as permitted obstructions, without limitations.

(5/8/13)

133-24

Distance Between Buildings

The requirements of Sections 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) and 23-82 (Building Walls Regulated by Minimum Spacing Requirements) shall not apply, provided that if two or more #buildings# or portions of #buildings# are detached from one another at any level, such #buildings#, or such detached portions of #buildings#, shall at no point be less than eight feet apart at or below a height of 180 feet, and shall at no point be less than 60 feet apart above a height of 180 feet.

(5/8/13)

133-25

Modification of Bulk Regulations

Within the #Special Southern Roosevelt Island District#, the City Planning Commission may, by special permit, allow a modification of the #bulk# regulations of this Chapter and the underlying #bulk# regulations, except #floor area# regulations, provided the Commission finds that:

- (a) such modifications are necessary to achieve the programmatic requirements of the academic and research and development campus;
- (b) such distribution of #bulk# will result in better site planning and will thus benefit both the residents, occupants or users of the #Special Southern Roosevelt Island District# and the surrounding neighborhood;
- (c) such distribution of #bulk# will permit adequate access of light and air to surrounding public access areas, #streets# and properties; and
- (d) such distribution of #bulk# will not unduly increase the #bulk# of #buildings# in the #Special Southern Roosevelt Island District# to the detriment of the occupants or users of #buildings# in the Special District or on nearby #blocks#.

(5/8/13)

133-30 PUBLIC ACCESS AREAS

At least 20 percent of the #lot area# of the #development parcel# shall be publicly accessible and shall include, but need not be limited to, a Central Open Area, a North-South Connection, and a Waterfront Connection Corridor, for which the size and location requirements are set forth in Section 133-31. Any supplemental public access areas provided in order to meet the minimum public access #lot area# requirements of this Section shall comply with the requirements of paragraph (d) of Section 133-31. Design and operational standards for such public access areas are set forth in Section 133-32.

(5/8/13)

133-31 Size and Location of Public Access Areas

- (a) Central Open Area

A Central Open Area shall front upon the #West Loop Road# for a minimum linear distance of 150 feet and be located at least 300 feet south of the #North Loop Road#, and at least 300 feet north of the #South Loop Road#. The Central Open Area shall be at least 30,000 square feet in area, with no portion having a dimension less than 20 feet in all directions counting toward such minimum area.

- (b) North-South Connection

A continuous pedestrian connection shall be provided through the #development parcel# from the #North Loop Road#, or from the #West Loop Road# or #East Loop Road# within 200 feet of the #North Loop Road#, to the #South Loop Road#, or to the #West Loop Road# or #East Loop Road# within 200 feet of the #South Loop Road#. Such North-South Connection shall have a minimum width of 50 feet throughout its required length. The North-South Connection shall include at least one segment with a minimum length of 300 feet located more than 100 feet from both the #West Loop Road# and #East Loop Road#.

The North-South Connection shall connect to the Central Open Area either directly, or through a supplemental public access area having a minimum width of 30 feet. In the event that the North-South Connection traverses the Central Open Area, the area within the North-South Connection, as determined by its length and minimum required width, shall not be included in the 30,000 square foot minimum area of the Central Open Area.

There shall be at least one publicly accessible connection from the #East Loop Road# and from the #West Loop Road# to the North-South Connection. Such connections shall have a minimum width of 30 feet, and shall be located a minimum of 300 feet south of the #North Loop Road# and a minimum of 300 feet north of the #South Loop Road#. In addition, such connections may be coterminous with the Waterfront Connection Corridor required by paragraph (c) of this Section.

(c) Waterfront Connection Corridor

A Waterfront Connection Corridor shall be provided through the #development parcel# allowing for pedestrian access between the western boundary of the #East Loop Road# and either the eastern boundary of the #West Loop Road# or the eastern boundary of the Central Open Area. Such corridor shall be located in its entirety in the area located 300 feet south of the #North Loop Road# and 300 feet north of the #South Loop Road#. The Waterfront Connection Corridor shall have a minimum width of 30 feet.

(d) Supplemental Public Access

Supplemental public access areas may be located anywhere within the #development parcel#, provided such areas have a minimum dimension of 20 feet in all directions and connect directly to one or more of the #Loop Roads#, the North-South Connection, the Central Open Space and the Waterfront Connection Corridor.

(5/8/13)

**133-32
Design Requirements for Public Access Areas**

(a) Level of public access areas and limits on coverage

At least 80 percent of publicly accessible areas shall be located at grade level, or within five feet of grade level, as such grade level may change over the #development parcel#, and shall be open to the sky. The remainder of such publicly accessible areas may be enclosed, covered by a structure, or located more than five feet above or below grade level, provided that such publicly accessible areas are directly accessible from public access areas that are at grade level or within five feet of grade level, and in all cases have a minimum clear height of 15 feet.

At least 50 percent of the linear #street# frontage for the Central Open Area required under Section 133-31, paragraph (a), shall be located at the same elevation as the adjoining sidewalk of the #West Loop Road#. At least 80 percent of the area of the Central Open Area shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 30 feet shall be provided in any area of the Central Open Area covered by a #building or other structure#.

The northern and southern access points to the North-South Connection shall be located at the same elevation as the adjoining public sidewalk. The elevation of the North-South Connection may vary over the remainder of its length. At least 70 percent of the area of the North-South Connection shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 15 feet shall be provided in any area of the North-South Connection covered by a #building or other structure#.

Any portion of the Waterfront Connection Corridor that is covered by a #building# or located within a #building# shall have a minimum clear height of 30 feet, provided that overhead walkways, structures and lighting occupying in the aggregate no more than 10 percent of the area of the Waterfront Connection Corridor, as determined by the minimum required width, shall be permitted within the required clear height.

(b) Clear paths

The North-South Connection and the Waterfront Connection Corridor shall each have a clear path of 12 feet throughout their entire required lengths, including those connections required between the North-South Connection and the #East# and #West Loop Roads#. All such clear paths shall be accessible to persons with disabilities.

(c) Permitted obstructions

Permitted obstructions allowed under paragraph (a) of Section 62-611 may be located within any required public access area, provided that no such permitted obstructions shall be located within a required clear path. Furthermore, kiosks may be up to 500 square feet in area, and open air cafes may occupy not more than five percent of any required public access area.

(d) Seating

A minimum of one linear foot of seating shall be provided for each 200 square feet of required public access areas. Required seating types may be moveable seating, fixed individual seats, fixed benches with or without backs, and design-feature seating such as seat walls, planter edges or steps. All required seating shall comply with the following standards:

- (1) Seating shall have a minimum depth of 18 inches. Seating with 36 inches or more in depth may count towards two seats, provided there is access to both sides. When required seating is provided on a planter ledge, such ledge must have a minimum depth of 22 inches.
- (2) Seating shall have a height not less than 16 inches or greater than 20 inches above the level of the adjacent walking surface. However, as described in paragraph (d)(5) of this Section, seating steps may have a height not to exceed 30 inches and seating walls may have a height not to exceed 24 inches.
- (3) At least 50 percent of the linear feet of fixed seating shall have backs at least 14 inches high and a maximum seat depth of 20 inches. Walls located adjacent to a seating surface shall not count as seat backs. All seat backs must either be contoured in form for comfort or shall be reclined from vertical between 10 to 15 degrees.
- (4) Moveable seating shall be credited as 24 inches of linear seating per chair. All moveable seats must have backs and a maximum seat depth of 20 inches. Moveable chairs shall not be chained, fixed, or otherwise secured while the public access area is open to the public.
- (5) Seating steps and seating walls may be used for required seating if such seating does not, in aggregate, represent more than 15 percent of the linear feet of all required seating. Seating steps shall not include any steps intended for circulation and must have a height not less than six inches nor greater than 30 inches and a depth not less than 18 inches. Seating walls shall have a height not greater than 18 inches; such seating walls, however, may have a height not to exceed 24 inches if they are located within 10 feet of an edge of a public access area.

Seating shall be provided in the Central Open Area in an amount equal to a minimum of one linear foot for every 100 square feet of the Central Open Area. Such seating shall include at least one moveable chair for every 500 square feet of the Central Open Area, and at least one other seating type. One table shall be provided for every four moveable chairs. At least 15 percent of the required seating shall be located within 20 feet of any #Loop Road#, and at least 10 percent of such required seating shall be located within 20 feet of the North-South Connection or any supplemental public access area that connects the Central Open Area to the North-South Connection.

Seating shall be provided in the North-South Connection in an amount equal to at least one linear foot for every 150 square feet of the North-South Connection. At least 20

linear feet of such seating shall be located within 20 feet of its northern entrance and an additional 20 linear feet of such seating shall be located within 20 feet of its southern entrance. There shall be at least two types of seating in the North-South Connection.

Seating for open air cafes may be used by members of the public regardless of whether such persons are patrons of a cafe when not being used for service.

(e) Planting

At least 20 percent of the required public access areas on the #development parcel# shall be comprised of planted areas, including planting beds and lawns.

At least 30 percent of the Central Open Area shall be planted with lawns, planting beds or a combination thereof.

(f) Hours

All required public access areas shall be open daily from 6:00 a.m. to 10:00 p.m. Signs stating that the North-South Connection is publicly accessible shall be posted at its northern and southern entrances. Signs indicating that the Central Open Space is publicly accessible shall be posted at its entrance from the #West Loop Road# and the North-South Connection.

(5/8/13)

**133-40
BUILDING PERMITS**

The Department of Buildings shall not approve any application for a building permit for a #development# or #enlargement# unless such application shows the location of the Central Open Area, the North-South Connection and the Waterfront Connection Corridor, and any supplemental public access areas, for the purpose of demonstrating that the required amount of public access area, as set forth in Sections 133-30 and 133-31, is able to be accommodated on the #development parcel#.

(5/8/13)

**133-50
PHASING**

The public access areas required pursuant to Section 133-30, inclusive, may be built out in phases on the #development parcel# in accordance with this Section.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 300,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 25,000 square feet of public access area is substantially complete and open to the public.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 500,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 40,000 square feet of public access area is substantially complete and open to the public. The Central Open Area shall be part of the public access area required to be substantially completed and open to the public under this paragraph.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for each additional 200,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that an additional 12,000 square feet of public access area is substantially completed and open to the public. A portion of the North-South Connection connecting at least one of the #Loop Roads# and the Central Open Area shall be substantially completed and open to the public prior to obtaining a temporary or permanent certificate of occupancy for more than 750,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel#. The Waterfront Connection shall be substantially completed and open to the public prior to obtaining a temporary or permanent certificate of occupancy for more than 900,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel#.

Except as set forth above, the open space provided pursuant to this Section may include interim open space areas, provided that no temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 1,700,000 square feet of #floor area# #developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that all of the Central Open Area, the North-South Connection and the Waterfront Connection are substantially complete and open to the public.

Not more than 20 percent of the #lot area# of the #development parcel# shall be required to be improved as public access areas, and the obligation to provide public access areas, in accordance with paragraphs (a), (b), (c) and (d) of this Section, shall terminate at such time as 20 percent of the #lot area# of the #development parcel# has been improved as public access areas and has been opened to the public.

(5/8/13)

133-60
MODIFICATION OF PUBLIC ACCESS AREAS

Any public access area may be modified, eliminated or reconfigured over time, provided that such modification, elimination or reconfiguration does not reduce the amount of public access area required under Section 133-60 (PHASING) for the amount of #floor area# located on the #development parcel# at the time of such activity. Any modified or reconfigured public access area shall comply with the applicable provisions of Section 133-30, inclusive.

(5/8/13)

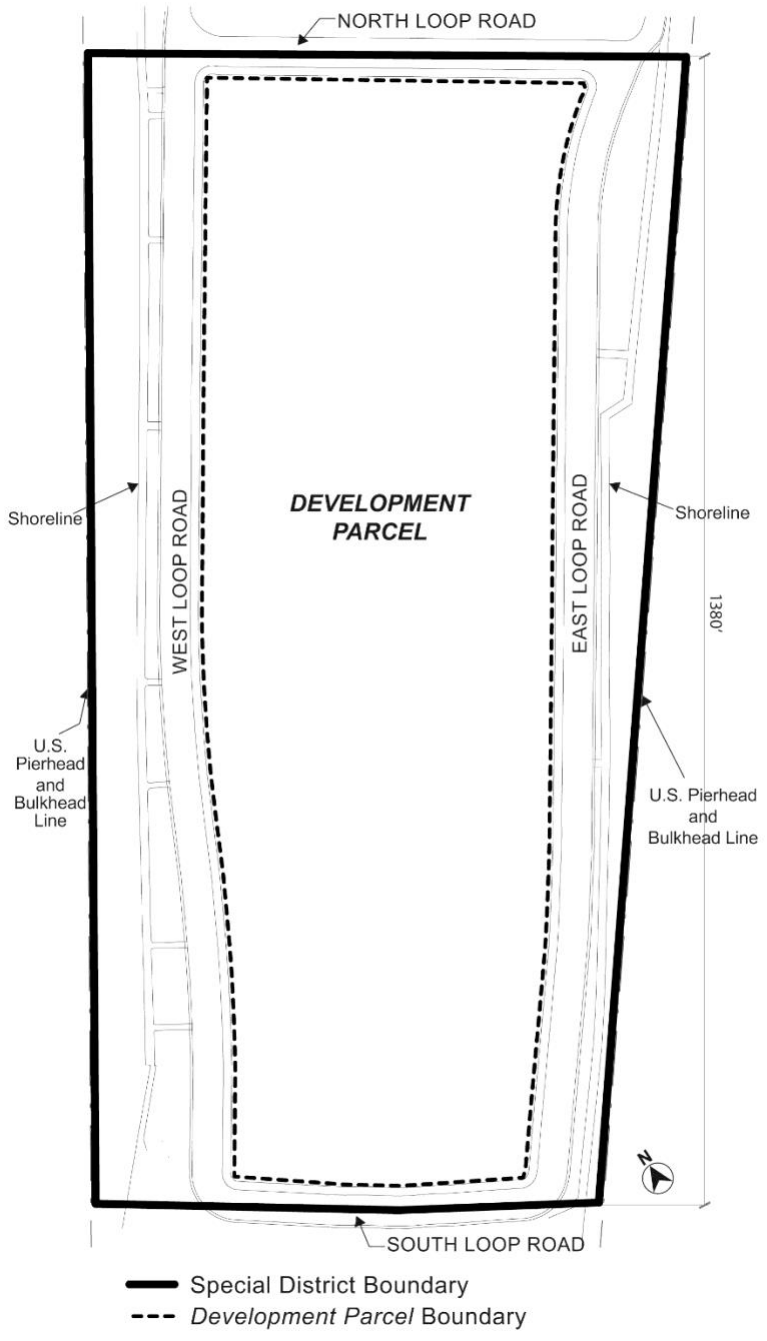

**133-70
NO-BUILD VOLUME**

A volume shall be established on the #development parcel# between a line that is 300 feet south of the #North Loop Road# and a line that is 300 feet north of the #South Loop Road#. Such volume shall extend from the #East Loop Road# to the #West Loop Road# along a line that is within 30 degrees of the line connecting true east and true west. The minimum width of such volume shall be 50 feet, with its lowest level 60 feet above the #base plane#. Such volume shall be open to the sky. No obstructions of any kind shall be permitted within such volume.

APPENDIX A
Special Southern Roosevelt Island District Plan

Map 1 – Special Southern Roosevelt Island District, Development Parcel and Loop Road

Map 2 – Public Access Areas

- Special District Boundary
- - -** *Development Parcel Boundary*

NOTE:
 FOR ILLUSTRATIVE PURPOSES ONLY. ACTUAL LOCATIONS OF PUBLIC ACCESS AREAS MAY VARY PURSUANT TO SECTION 133-30.

(7/24/13)

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special Governors Island District**

(5/27/21)

**134-00
GENERAL PURPOSES**

The “Special Governors Island District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

- (a) to promote public use and enjoyment of the Island as a recreational destination that draws upon its location in New York Harbor with singular views and natural beauty;
- (b) to encourage educational and cultural uses such as the arts, music and dance which bring the public to the Island to enjoy cultural events in a unique setting of historic buildings and green spaces;
- (c) to promote public use of the Island for water-related recreational and educational activities that benefit from the unique Island setting;
- (d) to preserve historic buildings in the historic district and encourage their renovation and redevelopment for appropriate educational, cultural and commercial uses;
- (e) to facilitate commercial uses including, but not limited to, hotels, restaurants, retail, arts and crafts galleries and related uses that are compatible with the educational, cultural and recreational uses of the Island and with the primary use of the Island by the public as a recreational resource;
- (f) to provide additional opportunities for new development in defined areas of the southern part of the Island with connections to and an appropriate relationship with publicly accessible open spaces and the Governors Island Historic District;
- (g) to provide flexibility of architectural design within limits established to preserve views and activate buildings along publicly accessible open spaces;
- (h) to create a network of publicly accessible open spaces that provides pedestrian

connections and view corridors and provides a community amenity that takes advantage of the unique geography of the Island; and

- (i) to promote the most desirable use of land and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

(5/27/21)

134-01 General Provisions

The provisions of this Chapter shall apply within the #Special Governors Island District#. Except as modified by the express provisions of the #Special Governors Island District#, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and the other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(5/27/21)

134-02 District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Governors Island District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1. Special Governors Island District, Subdistricts and Subareas

Map 2. Building Parcels, Primary Connection Locations and Esplanade

Map 3. Secondary Connection Locations

Map 4. Maximum Base Heights and Setbacks

The maps are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

(5/27/21)

134-03

Subdistricts and Subareas

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply, except as set forth in Section 134-22 (Special Height and Setback Regulations).

In order to carry out the provisions of this Chapter, two subdistricts are established, as follows:

Northern Subdistrict

Southern Subdistrict

In each of these Subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Governors Island District#. Within the Southern Subdistrict, three subareas are established, as follows:

Eastern Subarea

Containing #building parcels# E-1 through E-4

Western Subarea

Containing #building parcel# W-1

Open Space Subarea

The location and boundaries of the subdistricts, subareas, and #building parcels# are shown on Maps 1 and 2 in the Appendix to this Chapter.

(5/27/21)

134-04

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definition of other defined terms is set forth in Section 12-10 (Definitions).

Building parcel

A “building parcel” is a portion of the #zoning lot# located within the Eastern Subarea or Western Subarea that is bounded on each side by #primary connections#, subarea boundaries or #Yankee Pier Plaza#. For the purposes of applying the regulations of this Resolution, other than #floor area ratio#, the boundary of any #building parcel# shall be considered a #street line# and a wall or portion of a wall of a #building# facing such #street line# shall be considered a #street wall#.

Esplanade

The “esplanade” is that portion of the Open Space Subarea along the #shoreline# identified on Map 2 in the Appendix to this Chapter, that includes the public way existing as of May 27, 2021.

Primary connection

A “primary connection” is a public way within one of the primary connection locations shown on Map 2 in the Appendix to this Chapter, that complies with the requirements of Section 134-41 (Primary Connections).

Secondary connection

A “secondary connection” is a public way within one of the secondary connection locations shown on Map 3 in the Appendix to this Chapter, that complies with the requirements of Section 134-42 (Secondary Connections).

Yankee Pier Plaza

The “Yankee Pier Plaza” is the portion of the Eastern Subarea designated to contain a publicly accessible open space, as shown on Map 2, that complies with the requirements of Section 134-43 (Yankee Pier Plaza).

(6/6/24)

134-05

Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply within the #Special Governors Island District#, except that WD #uses#, as listed in Section 62-211 shall be permitted #uses# on #piers# in the Open Space Subarea pursuant to Section 134-112.

(5/27/21)

134-06

Applicability of Article VII, Chapter 6

The provisions of Section 76-145 (Boundary Line Coinciding With Parks, Cemeteries or Navigable Waters) shall be modified such that where the zoning district boundaries shown on the applicable zoning map coincide with the #shoreline#, such zoning district boundaries shall be deemed to extend beyond the #shoreline# to also include any piers contained within the #Special Governors Island District#.

(5/27/21)

134-10

SPECIAL USE REGULATIONS

The #use# regulations of the underlying districts are hereby superseded, modified or supplemented as set forth in this Section, inclusive

(5/27/21)

134-11

Permitted Uses

(6/6/24)

134-111

Permitted uses in subdistricts

In the Northern Subdistrict and the Southern Subdistrict, the following #uses# shall be permitted, except as otherwise specified in Section 134-112 (Permitted uses in the Open Space Subarea). In addition, in the Northern Subdistrict, the provisions of Section 134-14 (Certification for Large Commercial Establishments) shall apply to any #commercial# #use# exceeding 7,500 square feet of #floor area#.

In the Northern Subdistrict, #commercial# #uses# applicable in a C2-5 District shall be permitted, except that:

From Use Group IV

Docks for ferries shall be permitted without restriction on passenger load

From Use Group VIII

All #uses# shall be permitted within the applicability of a C8 District.

In the Southern Subdistrict, #commercial# #uses# applicable in a C4 District shall be permitted, except that the following #uses# shall also be permitted as of right:

From Use Group IV

Electric utility substations, enclosed, without size limitations, sewage disposal plants, marine transfer stations for garbage or slag piles and docks for ferries without restrictions on passenger load shall be permitted

From Use Group VII

All #uses# shall be permitted within the applicability of an M1 District

From Use Group VIII

All #uses# shall be permitted within the applicability of a C8 District

From Use Group IX

Warehouses shall be permitted

From Use Group X

Ship and boat building, under transportation equipment manufacturing, shall be permitted, for vessels up to a length of 200 feet; and

Distilleries shall be permitted.

(6/6/24)

**134-112
Permitted uses in the Open Space Subarea**

In the Open Space Subarea of the Southern Subdistrict, the following #uses# shall be permitted.

(a) In locations of the Open Space Subarea other than piers, #uses# shall be limited to:

From Use Group I

#Public parks# or playgrounds or private parks #uses#

Outdoor skating rinks

From Use Group V

Overnight camps

From Use Group VI

Eating or drinking establishments, within the applicability of a C2 District, except that all such establishments shall be subject to 200 persons capacity

From Use Group VIII

Open #amusement or recreation facilities#, without size limitations

Outdoor day camps

Outdoor theaters.

#Uses# otherwise permitted in the Southern Subdistrict pursuant to Section 134-111 (Permitted uses in subdistricts) may be located in #cellars# within the Open Space Subarea.

- (b) On any pier in the Open Space Subarea, #uses# shall be limited to #water dependent uses#, as listed in Section 62-211, and sewage disposal plants listed under Use Group IV, subject to the applicability of a M1 District.

(6/6/24)

134-12 Applicability of Performance Standards

In all districts, any #use# listed under Use Groups IV, VI, VII, VIII, IX or X that is not permitted as-of-right within C4 Districts, pursuant to the underlying regulations, shall conform to the performance standards for M1 Districts, as set forth in Section 42-40 (PERFORMANCE STANDARDS), inclusive, except that the provisions of Section 42-47 (Performance Standards Regulating Fire and Explosive Hazards) shall not apply to the manufacture of alcoholic beverages and breweries.

(5/27/21)

134-14

Certification for Large Commercial Establishments

In the Northern Subdistrict, any #commercial# #use# larger than 7,500 square feet in #floor area# shall be permitted provided that, prior to the establishment of such #use#, the applicant shall submit a written description of such #use# to the local community board, together with information to demonstrate that such #use# will promote the goals of the #Special Governors Island District#, complement existing #uses# within the special district, and be compatible with the nature, scale and character of other #uses# within the special district.

The local community board shall have the opportunity to respond to such submission with written comments within forty-five (45) days of receipt and the applicant shall thereafter provide the local community board with a written response to such comments, including a description of any modifications to the proposal or, if a recommendation of the local community board has not been adopted, the reasons such modification has not been made.

In the Northern Subdistrict, no building permit shall be issued with respect to a #commercial# #use# larger than 7,500 square feet of #floor area# unless the Chairperson of the City Planning Commission shall have certified to the Department of Buildings that the applicant has complied with the provisions of this Section.

The provisions of this Section shall not apply to #commercial# #uses# permitted pursuant to Section 134-15 (Authorization for Certain Commercial Uses).

(5/27/21)

134-15

Authorization for Certain Commercial Uses

The City Planning Commission may authorize any #commercial# #use# not allowed pursuant to Section 134-11, inclusive, to locate within the Northern Subdistrict, Eastern Subarea or the Western Subarea of the #Special Governors Island District#, provided that such #commercial# #use#:

- (a) will promote the goals of the #Special Governors Island District#;
- (b) will complement existing #uses# within the special district; and
- (c) is compatible with the nature, scale and character of other #uses# within its subdistrict.

Any application to authorize a #commercial# #use# in the Eastern Subarea or Western Subarea pursuant to this Section shall be referred to the local community board. The City Planning Commission shall not grant such authorization prior to forty-five (45) days after the referral.

(5/27/21)

134-16 Special Supplemental Use Regulations

In the Southern Subdistrict, special supplemental #use# regulations shall apply to all #buildings# as set forth in this Section, inclusive.

(6/6/24)

134-161 Location of uses

In any #mixed building#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing #dwelling units#.

In any #building# containing #residential uses#, no direct access shall be provided from the exterior of the #building# to an individual #dwelling unit#. However, access to #dwelling units# shall be permitted through shared entrances, lobbies or #courts#.

(5/27/21)

134-17 Special Signage Regulations

In the #Special Governors Island District#, the #sign# regulations shall apply as follows:

- (a) In the Northern Subdistrict, the #sign# regulations of a C1 District mapped within an R3-2 District shall apply.
- (b) In the Southern Subdistrict, the #sign# regulations of a C4 District shall apply, except that no #flashing signs# shall be permitted.
- (c) No #signs# shall be permitted on any pier within the Southern Subdistrict. However,

such restriction shall not apply to informational or wayfinding signs not exceeding 25 square feet each, or to signage identifying “Governors Island” or a pier from the waterway.

(5/27/21)

**134-20
SPECIAL BULK REGULATIONS**

In the Northern Subdistrict, the underlying #bulk# regulations shall apply, as superseded, modified, or supplemented by this Section, inclusive. The #bulk# regulations of a C1 District mapped within an R3-2 District shall apply to all #commercial# #uses#.

In the Southern Subdistrict, the underlying #bulk# regulations shall not apply. In lieu thereof, the provisions of this Section, inclusive, shall apply. All heights within the Southern Subdistrict shall be measured from the #base plane#, except as otherwise provided for by the provisions of Article VI, Chapter 4 (Regulations Applying in Special Flood Hazard Areas).

For the purposes of applying the regulations of this Section, inclusive, to the #esplanade#, the open area required by paragraph (d) of Section 134-44 shall be considered part of the #esplanade#.

(5/27/21)

**134-21
Floor Area Regulations**

(5/27/21)

**134-211
Floor Area Regulations in the Northern Subdistrict**

For the purposes of determining the permitted #floor area ratio# pursuant to this Section, the Northern Subdistrict shall be considered a single #zoning lot#.

Within the Northern Subdistrict, the underlying #floor area ratios# shall apply to all permitted #uses#.

(5/27/21)

134-212

Floor Area Regulations in the Southern Subdistrict

For the purposes of determining the permitted #floor area ratio# pursuant to this Section, the Eastern and Western Subarea of the Southern Subdistrict shall, in combination, be considered a single #zoning lot#. No #floor area# may be generated from the Open Space Subarea.

Within the Southern Subdistrict, the maximum #floor area ratios# permitted for #residential# and non-#residential uses# on a #zoning lot#, along with the total #floor area ratio# permitted on a #zoning lot#, shall be as set forth in the following table:

MAXIMUM FLOOR AREA RATIO IN SOUTHERN SUBDISTRICT

Use Group 3 & 4 (exclusive of ambulatory diagnostic or treatment health care facilities)	2.63
All other #uses#	2.0
#residential uses#	0.5
Use Group 5	0.313
total maximum FAR	2.63

In addition, the following provisions shall apply:

- (a) the aggregate #lot area# of the Eastern and Western Subareas, shall be considered to be 1,436,930 square feet. #Floor area# shall be permitted to be located anywhere within such subareas without regard to the #lot area# of a subarea or the separation of the subareas by the Open Space Subarea;
- (b) no #floor area# shall be generated within the Open Space Subarea, but the #floor area# contained in any #buildings or other structures# permitted as obstructions within the Open Space Subarea pursuant to paragraph (b)(5) of Section 134-24 (Height and Setback Regulations) shall be included in the calculation of aggregate #floor area# for the purposes of paragraph (c) of this Section; and
- (c) in no event shall the aggregate #floor area# in the Southern Subdistrict exceed 3,775,000 square feet.

(5/27/21)

**134-22
Lot Coverage**

For the purposes of determining the permitted #lot coverage# pursuant to this Section, each #building parcel# shall be considered a separate #zoning lot#. Within the Eastern and Western Subareas, the maximum #lot coverage# shall be as set forth in the following table:

MAXIMUM LOT COVERAGE

height above #base plane# (in feet)	#lot coverage# (in percent)
Below 60	80
60 to 125	50
above 125	30

In the Open Space Subarea, no #lot coverage# regulations shall apply.

(5/27/21)

**134-23
Yard Regulations**

Within the Southern Subdistrict, no #yard# regulations shall apply.

(12/6/23)

**134-24
Height and Setback Regulations**

(a) Northern Subdistrict

The underlying district height and setback regulations of Article II (Residence District Regulations) are applicable or modified as follows:

- (1) For #buildings# containing #residences#, the underlying height and setback regulations for #buildings# containing #residences# shall apply, except for in #buildings# in which 75 percent or more of the #floor area# is #community

facility# #floor area#.

- (2) For #buildings# in which 75 percent or more of the #floor area# is #community facility# #floor area#, the underlying height and setback regulations shall not apply. In lieu thereof, any portion of a #building# that exceeds a height of 35 feet shall be set back at least 25 feet from a #front yard line# or #street line#, where applicable, and no portion of such #building# shall exceed a height of 60 feet.
- (3) For #buildings# containing #commercial# #uses#, the underlying height and setback regulations for #commercial# #uses# are modified as follows: no #building# containing #commercial# #uses# shall exceed a height of 30 feet, except for #buildings# subject to paragraphs (a)(1) or (a)(2) of this Section.
- (4) All structures other than #buildings# shall be limited to a height of 35 feet.

(b) Southern Subdistrict

Within the Southern Subdistrict, the following height and setback regulations shall apply.

Where heights are measured from the #base plane#, the #base plane# shall be established at 12.348 feet above Manhattan Datum.

(1) #Street wall# location

On #building parcel# E-2, where any portion of a #building# is located within 60 feet of #Yankee Pier Plaza#:

- (i) at least 65 percent of the #street wall# facing #Yankee Pier Plaza# shall be located within 15 feet of the #street line# adjoining #Yankee Pier Plaza#, and shall rise to a minimum base height of 30 feet; and
- (ii) where any portion of such #building# exceeds 125 feet in height, at least 50 percent of the #street wall# facing the #esplanade# shall rise to a minimum base height of 30 feet and be located within 30 feet of the #esplanade#.

On all other #building parcels# and for the #street lines# on #building parcel# E-2 other than the #street lines# facing #Yankee Pier Plaza# and the #esplanade#, no #street wall# location requirements shall apply.

(2) Maximum base height and required setback

Within 15 feet of the #street line#, or as otherwise specified in Map 4 of the Appendix to this Chapter, the height of a #building# shall not exceed the maximum base heights set forth in Map 4 for the applicable frontage of a #building parcel#.

(3) Maximum #building# height

The maximum height of a #building or other structure# shall not exceed the height set forth in the following table for the applicable #building parcel#:

MAXIMUM HEIGHT

#Building parcel#	Height above #base plane# (in feet)
E-1	125
E-2	225
E-3	175
E-4	125
W-1	200

In addition, the following shall apply:

- (i) In the Eastern Subarea, no portion of a #building or other structure# may exceed the maximum base height set forth in paragraph (b)(2) of this Section within 150 feet of the boundary of the Northern Subdistrict.
- (ii) In the Eastern Subarea, no portion of a #building or other structure# may be located in the open area required by paragraph (d) of Section 134-44 (Other Open Areas).
- (iii) In the Western Subarea, no portion of a #building or other structure# may exceed the maximum base height set forth in paragraph (b)(2) of this Section within:
 - (a) 100 feet of the #esplanade#;
 - (b) 150 feet of the boundary of the Northern Subdistrict; or
 - (c) 100 feet of the southern end of #building parcel# W-1.

For the purposes of this Section, the southern end of #building parcel# W-1 shall be measured from a line drawn perpendicular to the #esplanade#

and intersecting #building parcel# W-1.

- (iv) In the Open Space Subarea, no portion of a #building or other structure# shall be permitted above #base plane#, except as provided in paragraph (b)(5) of this Section.

(4) Permitted obstructions in the Eastern Subarea and Western Subarea

In the Eastern Subarea and Western Subarea, the provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, modified as follows:

- (i) the obstructions permitted by paragraph (b) of Section 33-42 may exceed the maximum #building# height by 40 feet with no restriction on area; and
- (ii) no such obstructions shall be permitted within the setback required by paragraph (b)(2) of this Section.

(5) Permitted obstructions in the Open Space Subarea

In the Open Space Subarea, permitted obstructions shall include:

- (i) #buildings or other structures# containing permitted #uses#, up to a height of not more than 25 feet;
- (ii) #buildings or other structures# containing permitted theater #uses#, up to a height of not more than 35 feet; and
- (iii) equipment and appurtenances associated with public parks and playgrounds, including, but not limited to, sculptures, works of art and other amenities referenced in Section 37-726 (Permitted obstructions).

The permitted obstructions set forth in paragraphs (b)(5)(i) and (b)(5)(ii) of this Section shall occupy no more than 20 percent of the Open Space Subarea.

(5/27/21)

134-25

Maximum Floor Plate Size

Within the Southern Subdistrict, the maximum area and length of any #story# shall be as specified in this Section, as applicable.

Within the Eastern Subarea, the maximum length of a #building# at any height shall be 400 feet, as measured parallel to the #street line#. For the purposes of the Section, #abutting# #buildings#

shall be considered a single #building#. However, #buildings# that only #abut# via an enclosed bridge that is located at least 30 feet above the adjoining grade, and that has a width of not more than 30 feet, length of not more than 60 feet and a height not exceeding 15 feet, shall not be considered a single #building#.

For any #story# fully above a height of 125 feet, the following provisions shall apply. Where a #building# has multiple portions above such height, the maximum size requirements shall apply to each portion separately.

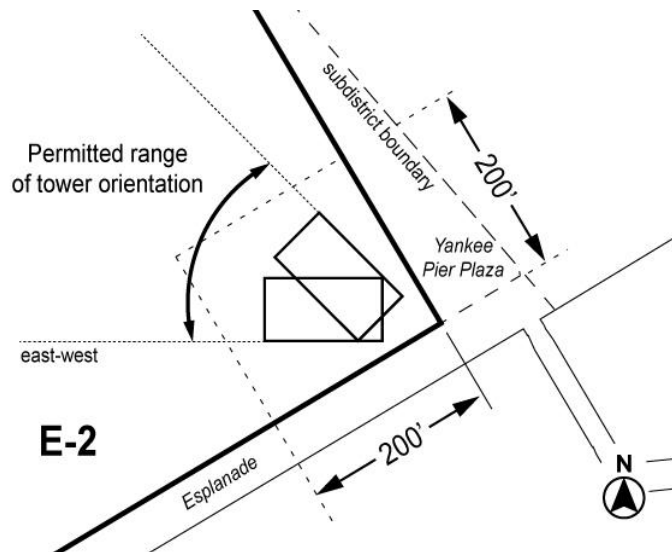

- (a) In the Eastern Subarea, no #story# shall be permitted to have a gross area in excess of 30,000 square feet.
- (b) In the Western Subarea, no #story# shall be permitted to have a gross area in excess of 27,000 square feet.

(5/27/21)

134-26

Orientation and Maximum Widths of Upper Portions of Buildings

On #building parcel# E-2, within 200 feet of #Yankee Pier Plaza# and 200 feet of the #esplanade#, the longest side of any portion of a #building# located within this area, and above a height of 125 feet, shall be oriented parallel to the boundary of the Northern Subdistrict, true East-West, or anywhere between these two directions.

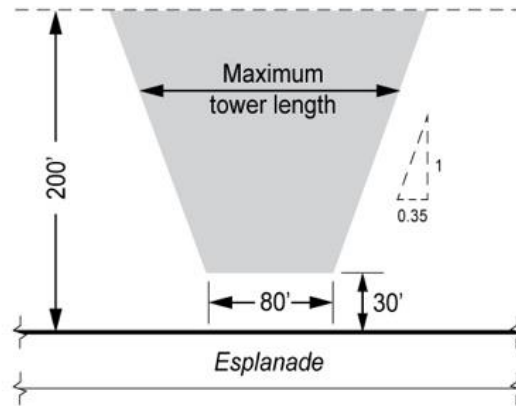

On the portion of #building parcel# E-2 that is beyond 200 feet of #Yankee Pier Plaza#, and on #building parcels# E-3 and E-4, for portions of #buildings# above a height of 125 feet, the provisions of paragraph (a) of this Section shall apply where no #story# within such portion has

a gross area greater than or equal to 20,000 square feet, and the provisions of paragraph (b) shall apply where any #story# within such portion has a gross area greater than 20,000 square feet.

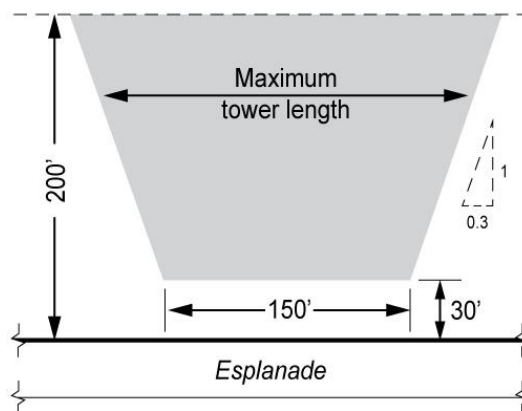

(a) For floor plates less than 20,000 square feet

Within 200 feet of the #esplanade#, the maximum length of any #street walls# facing the #esplanade# shall be 80 feet along a line running 30 feet from and parallel to the #esplanade# and the maximum length shall increase on each side by 0.35 feet for every one foot of additional distance beyond the line running 30 feet from and parallel to the #esplanade#.

(b) For floor plates equal to or greater than 20,000 square feet

Within 200 feet of the #esplanade#, the maximum length of any #street walls# facing the #esplanade# shall be 150 feet along a line running 30 feet from and parallel to the #esplanade# and the maximum length shall increase on each side by 0.3 feet for every one foot of additional distance beyond the line running 30 feet from and parallel to the #esplanade#.

(5/27/21)

134-27

Minimum Distance Between Buildings

Within the Southern Subdistrict, the requirements of this Section shall apply to all #buildings#.

- (a) No separation shall be required between portions of #buildings# that are less than or equal to a height of 75 feet, except as set forth in paragraph (d) of this Section.

However, in the Eastern Subarea, where the total #street wall# width of all #buildings# along a single #street line# exceeds 400 feet along such #street line#, such #buildings# shall be at least 30 feet apart.

- (b) Portions of #buildings# located above a height of 75 feet and below 125 feet shall at no point be located less than 60 feet apart.
- (c) Portions of #buildings# located at or above a height of 125 feet shall at no point be located less than 90 feet apart.
- (d) The regulations of Sections 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) and 23-80 (COURT REGULATIONS, MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS) shall apply to any portion of a #building# containing #residences# or #community facility uses# containing living accommodations with required windows, except where more stringent requirements apply pursuant to paragraphs (a) through (c) of this Section.

(5/27/21)

134-28

Building Articulation

Within the Southern Subdistrict, any portion of a #building# that is located at or below a height of 75 feet, and has a #street wall# width greater than 200 feet, as measured parallel to the #street line#, shall provide recesses in accordance with the following requirements:

- (a) recesses shall be required to extend along at least 25 percent of the #street wall# width that is in excess of 200 feet. No required recess shall have a width of less than 10 feet;
- (b) such recesses shall have an average depth of at least 10 feet;

- (c) such recesses may be of varying dimensions and heights, provided that the requirements of this Section are met at each level of the #building#.

No articulation shall be required where frontage requirements apply pursuant to paragraph (b)(1) of Section 134-24 (Height and Setback Regulations).

(5/27/21)

134-29

Authorization for Bulk Modifications in the Southern Subdistrict

The City Planning Commission may authorize modification of the provisions of Sections 134-25 through 134-28, provided that the Commission finds that such modification:

- (a) will promote the goals of the #Special Governors Island District#; and
- (b) will result in a superior urban design relationship with surrounding ways, #buildings# and public open areas or provide an equivalent or better distribution of #bulk# on the #building parcel#.

Any application pursuant to this Section shall be referred to the local Community Board. The Commission shall not grant such authorization prior to forty-five (45) days following the referral.

(5/27/21)

134-30

SPECIAL GROUND FLOOR AND STREETSCAPE REQUIREMENTS

In the Southern Subdistrict, the ground floor and streetscape requirements of this Section, inclusive, shall apply to all #buildings#.

(6/6/24)

134-31

Transparency Requirements

- (a) Facing #Yankee Pier Plaza#

On #building parcel# E-2, the ground floor level #street wall# facing #Yankee Pier Plaza# shall comply with the requirements of Section 37-34 (Minimum Transparency Requirements). For the purpose of applying these requirements, such ground floor level #street wall# shall be considered a #primary frontage#, as that term is defined in Section 37-311 (Definitions).

(b) Enclosed #secondary connections#

For any entrance to a #secondary connection# that is enclosed at the point of entry, 50 percent of the surface area of the #street wall# of such #secondary connection# between a height of two feet and the height of the #secondary connection# at the point of entry shall be glazed with transparent materials.

(5/27/21)

**134-32
Mechanical Screening Requirements**

Mechanical equipment located on top of #buildings#, and below the maximum base height or maximum #building# height, shall be screened with plantings, solid walls, or fences from the Open Space Subarea, as well as from any connections and open spaces required pursuant to Section 134-40 (REQUIREMENTS FOR CONNECTIONS AND OPEN AREAS), inclusive.

(5/27/21)

**134-40
REQUIREMENTS FOR CONNECTIONS AND OPEN AREAS**

In the Southern Subdistrict, connections and open spaces shall be provided as set forth in this Section, inclusive.

- (a) No building permit shall be issued by the Department of Buildings for a #development# or #enlargement# on a #building parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that a site plan designating the location of any connection or open area required within or adjacent to such #building parcel# by Sections 134-41 through 134-44, has been approved by the Chairperson.

Notwithstanding the foregoing, the Chairperson shall allow for the phased development of such connections or open area within each #building parcel#, or portion thereof, upon certification to the Commissioner of Buildings that a site plan has been submitted that provides for the location of any connection or open space required by Sections 134-41 through 134-44, in association with the #development# or #enlargement# of a #building#

or #buildings# within each phase.

- (b) An application under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include a site plan indicating the area and dimensions of the connections and open area, or portions thereof, in the phase that is subject to the application, which shall demonstrate that:
 - (1) any partial connections and open areas are of sufficient length and width to provide adequate site access for the benefit of residents and workers in the phase to which they relate, as well as for the general public;
 - (2) the site plan is consistent with, and appropriate in relation to, any previously approved plan for other phases; and
 - (3) the site plan is consistent with the requirements set forth in this Section, inclusive.
- (c) No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# or #enlargement# within a phase until the connections and open areas, or portions thereof associated with such phase, are substantially complete in accordance with the site plan, and are useable by the public.
- (d) No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# within a phase until the connections and open areas, or portions thereof associated with such phase, are fully complete in accordance with the site plan.

(5/27/21)

134-41 Primary Connections

The Eastern Subarea shall be subdivided by #primary connections# within the flexible locations identified on Map 2 (Building Parcels, Primary Connection Locations and Esplanade) in the Appendix to this Chapter.

#Primary connections# shall comply with the following requirements:

- (a) a #primary connection# shall have a minimum width of 60 feet;
- (b) a #primary connection# shall be open to the sky for its full length and width, except that awnings or canopies of less than 250 square feet per awning or canopy shall be permitted at #building# entrances. Awnings and canopies, and associated structural supports extending from the #street wall#, shall extend no farther than 15 feet, and shall be located not less than 15 feet above grade and no vertical supports shall be permitted;

- (c) an unobstructed path having a width of at least 24 feet shall be provided for the full length of each #primary connection#. Such clear path shall be designed for pedestrian use, and may additionally be designed for, and crossed by, pathways for bicycles or vehicular access. Trees, planters, bike racks, seating and other pedestrian amenities shall be permitted outside of the clear path; and
- (d) #primary connections# shall be open to the public at all times that the Southern Subdistrict is open to the public.

(5/27/21)

134-42 Secondary Connections

#Secondary connections# shall be provided in the locations identified on Map 3 (Secondary Connection Locations) in the Appendix to this Chapter. #Secondary connections# shall comply with the following requirements:

- (a) one #secondary connection# shall be provided within each of the #building parcels# W-1 and E-2;
- (b) one #secondary connection# shall be provided within #building parcel# E-3, except that where the #primary connections# abutting #building parcel# E-3 are less than 500 feet apart, the #secondary connection# may instead be provided within #building parcel# E-4;
- (c) a #secondary connection# may be open, covered, enclosed, or some combination thereof;
- (d) a #secondary connection# shall have a minimum width of 30 feet;
- (e) any portion of a #secondary connection# that is enclosed or covered shall have a minimum clear height of 30 feet;
- (f) an unobstructed path having a width of at least 12 feet shall be provided for the full length of each #secondary connection#. Such clear path shall permit pedestrian use, and may additionally permit bicycles or vehicular access. Trees, planters, bike racks, seating and other pedestrian amenities shall be permitted outside of the clear path;
- (g) open or covered #secondary connections# shall be open to the public at all times that the Southern Subdistrict is open to the public. Enclosed #secondary connections# shall be open to the public at all times that the Open Space Subarea, other than the #esplanade#, is open to the public; and
- (h) signage shall be located at each point of entry to a #secondary connection# and shall state

that the #secondary connection# is “OPEN TO THE PUBLIC,” list its hours of operation, and include a public space symbol exactly matching the symbol provided in the Required Signage Symbols file on the Department of City Planning website.

(5/27/21)

134-43 Yankee Pier Plaza

The Eastern Subarea shall include a public open area, within the location designated as #Yankee Pier Plaza# on Map 2 (Building Parcels, Primary Connection Locations and Esplanade) in the Appendix to this Chapter.

Such plaza:

- (a) shall have a minimum area of 25,000 square feet;
- (b) shall provide connections between Yankee Pier, the Northern Subdistrict and portions of the Open Space Subarea north of the Eastern Subarea;
- (c) shall be open to the public at all times that the Southern Subdistrict is open to the public;
- (d) may have areas designed and designated for vehicular and pedestrian access; and
- (e) may include stairs, ramps, planted areas, open or enclosed facilities for ferry passengers, kiosks containing no more than 250 square feet of #floor area#, ticket machines, information booths, temporary structures not exceeding one #story#, bicycle parking, #cellars#, and other amenities not containing #floor area#, as permitted obstructions.

(5/27/21)

134-44 Other Open Areas

- (a) Adjacent to #Yankee Pier Plaza#

Open areas between #Yankee Pier Plaza# and any wall of a #building# or open #commercial# #use# that is within 60 feet of #Yankee Pier Plaza# shall be provided as publicly accessible open area and subject to the requirements of paragraphs (c) through (e) of Section 134-43 (Yankee Pier Plaza).

- (b) Adjacent to #primary connections#

Open areas between a #primary connection# and any wall of a #building# or open #commercial# #use# that is within 50 feet of such #primary connection# shall be provided as publicly accessible open areas, and shall be open to the public at all times that such adjoining #primary connection# is open to the public. In addition, open areas beyond 50 feet of a #primary connection# may be provided as publicly accessible open areas. All such open areas may be improved with pathways for access to #building# entrances, trees, planters, seating, bike racks and other public amenities.

(c) Adjacent to portions of the Open Space Subarea

Open areas located between a #building# or open #commercial# #uses# and the Open Space Subarea or an open area required by paragraph (d) of this Section, shall be provided as publicly accessible open areas, and shall be open to the public at all times that the adjoining portion of the Open Space Subarea is open to the public.

Where portions of such open areas are located beyond 50 feet of the Open Space Subarea or an open area required by paragraph (d), such portions may be provided as publicly accessible open areas.

All such open areas may be improved with pathways for access to #building# entrances, trees, planters, seating, bike racks and other public amenities.

(d) Adjacent to the eastern #esplanade#

Within the Eastern Subarea, on all #building parcels#, an open area with a depth of 20 feet shall be provided along the entire portion of the #esplanade# which #abuts# the #building parcel#. This open area shall be provided as a publicly accessible widening of the #esplanade#, and shall be open to the public at all times that the Open Space Subarea is open to the public.

(5/27/21)

**134-45
Fences**

Fences, where provided, shall be considered permitted obstructions within any of the connections or open spaces required by Section 134-40 (REQUIREMENTS FOR CONNECTIONS AND OPEN AREAS), inclusive, provided they comply with the requirements of this Section:

- (a) no fence shall be permitted within any clear circulation path required by Section 134-40, inclusive;
- (b) within any required connection or open space, fences shall only be permitted:

- (1) at the perimeter of recreation spaces, such as any playgrounds, tot lots, or dog runs, provided within such connection of open space; and
 - (2) along the boundary of an adjoining open #commercial# #use# or other private area;
- (c) a fence shall have a maximum height of four feet measured from the adjoining grade level, and must be at least 70 percent open; and
- (d) chain link fencing or barbed or razor wire fencing shall not be permitted.

The City Planning Commission may authorize modification of provisions of paragraphs (a) and (b) of this Section, upon a finding that such modification is necessary to facilitate site safety and operations, and does not adversely impact access to the required connection or open space during operable hours. Fences which are permitted pursuant to this authorization may rise to a maximum height of five feet measured from the adjoining grade.

Any application to authorize modification of the provisions of paragraphs (a) and (b) of this Section shall be referred to the local Community Board. The Commission shall not grant such authorization prior to forty-five (45) days following the referral.

(5/27/21)

134-50

OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The off-street parking and loading regulations of the underlying districts shall not apply, exclusive of bicycle parking, in the #Special Governors Island District#. In lieu thereof, the provisions of this Section 134-50, inclusive, shall apply.

No accessory off-street parking facilities or loading berths shall be required for any #development# or #enlargement# within the #Special Governors Island District#.

#Accessory# off-street parking spaces may be provided for all permitted #uses#. Within the Southern Subdistrict a maximum of 200 such spaces shall be permitted.

#Accessory# off-street loading berths may be provided for all permitted #uses#. All loading berths within the Southern Subdistrict shall either be enclosed or screened from the Open Space Subarea, as well as any connections and open spaces required pursuant to Section 134-40 (REQUIREMENTS FOR CONNECTIONS AND OPEN AREAS), inclusive, with planting, solid walls or fences, except that screening may be interrupted by vehicular and pedestrian entrances.

No more than two entrances to enclosed facilities containing off-street parking spaces, loading berths, or a combination thereof shall be permitted on #street walls# facing the Open Space Subarea, per #building parcel#. Such limitation shall not apply to #street walls# facing a #primary connection# or #secondary connection#.

The underlying bicycle parking regulations of Section 25-80, inclusive and Section 36-70 (BICYCLE PARKING), inclusive, shall apply in the #Special Governors Island District#. For any #use# permitted in the Southern Subdistrict where the number of required bicycle parking spaces is not provided in the tables in Sections 25-811 or 36-711 (Enclosed bicycle parking spaces), the required number of bicycle parking spaces for such #use# shall be one per 10,000 square feet of #floor area#.

(5/27/21)

134-51

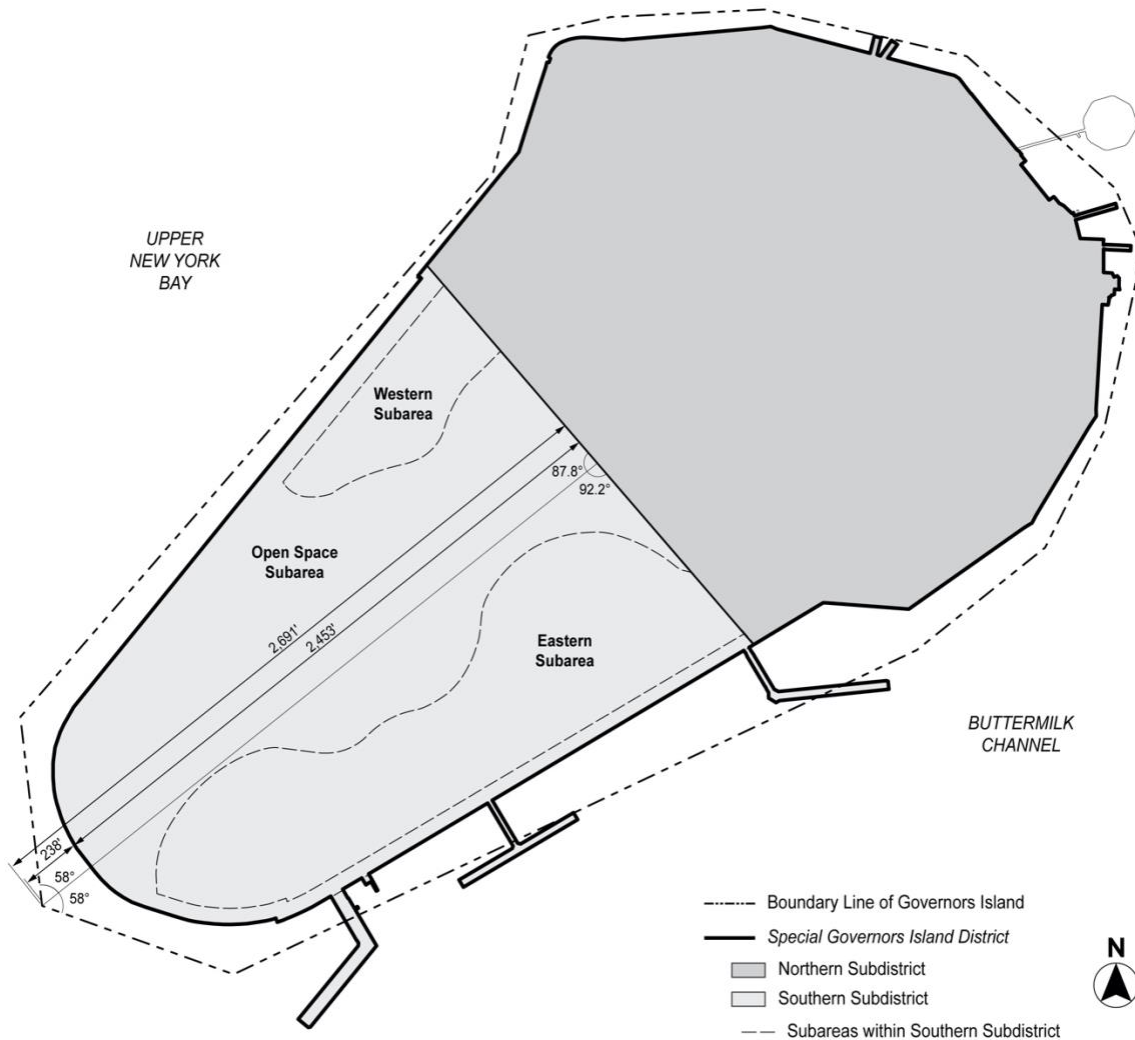

Certification for Additional Access to Accessory Off-Street Parking Spaces and Loading Berths

In the Southern Subdistrict, if access to #accessory# off-street parking spaces or loading berths is necessary beyond the number of entrances to loading berths permitted pursuant to Section 134-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), an additional entrance may be allowed if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that:

- (a) such #accessory# off-street parking spaces or loading berths cannot be practically accessed from existing entrances along the #esplanade#;
- (b) the proposed entrance location will not be hazardous to pedestrian safety;
- (c) the proposed entrance will be located not less than 50 feet from the intersection of a #primary connection# or #Yankee Pier Plaza#;
- (d) the proposed entrance will be screened, constructed and maintained so as to have a minimal effect on the streetscape; and
- (e) the entrance, if allowed, shall be no greater than 20 feet in width.

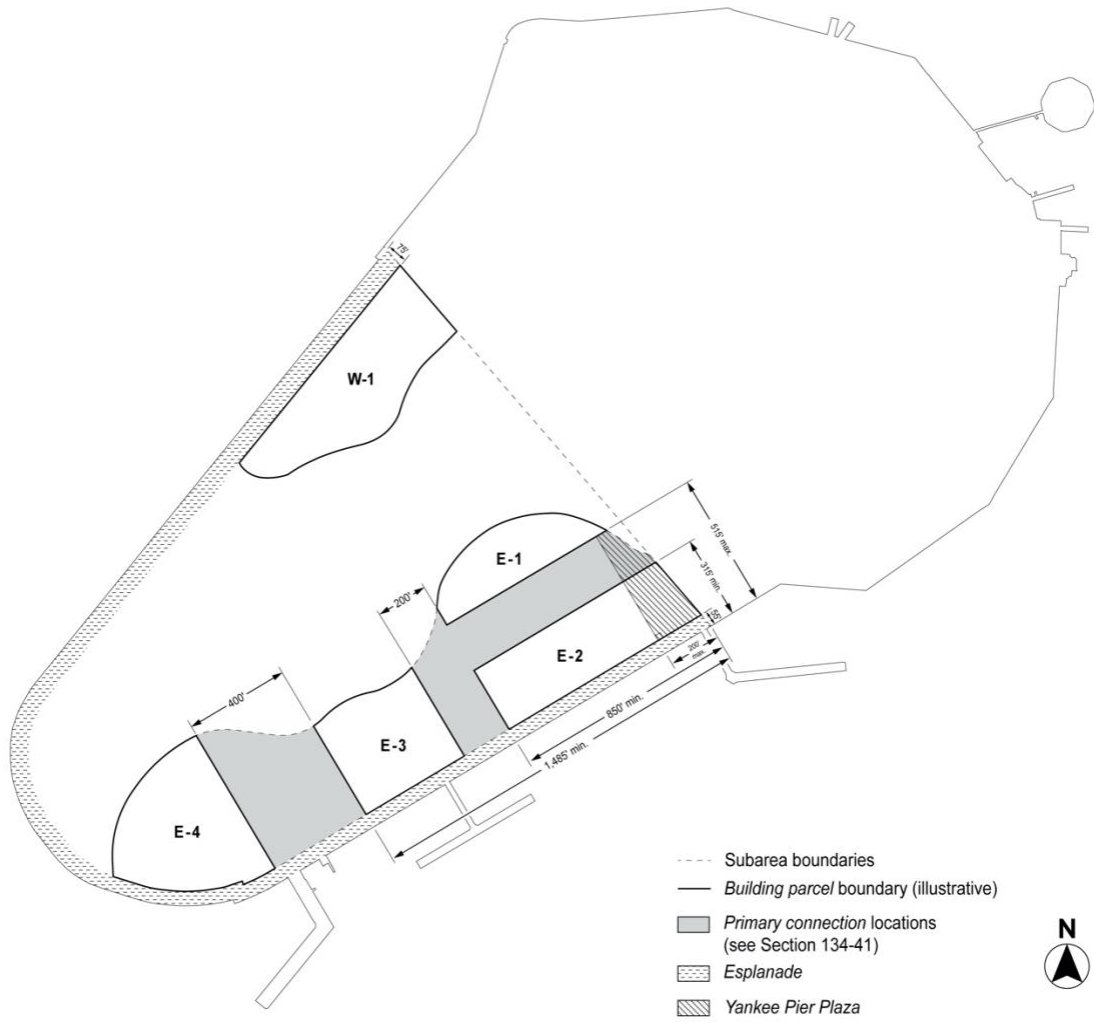

APPENDIX
Special Governors Island District Plan

Map 1 - Special Governors Island District, Subdistricts, and Subareas

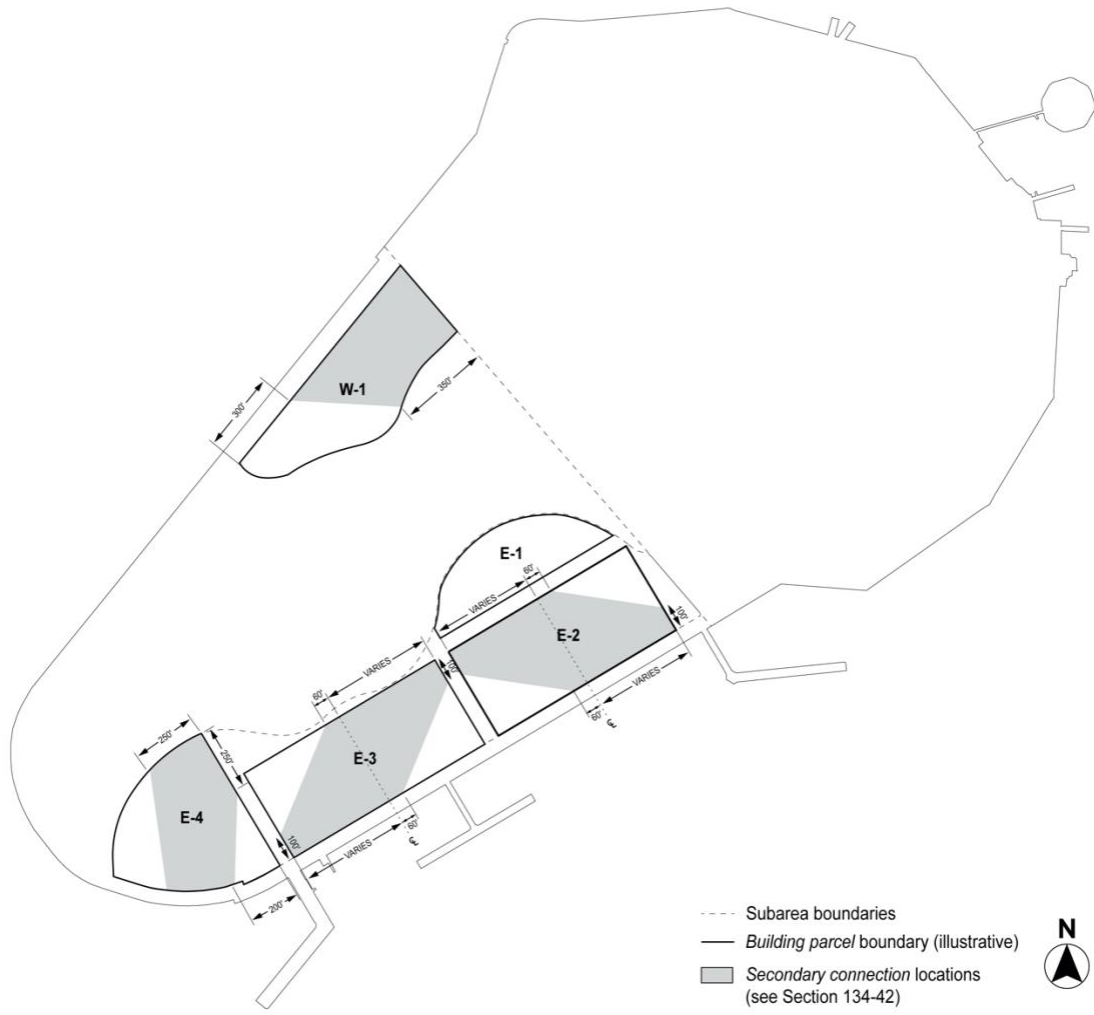

For the purpose of dimensioning the subareas illustrated above, the dimensions shall be as shown on the surveys dated April 17, 2020, available on the Department of City Planning website.

Map 2 - Building Parcels, Primary Connection Locations and Esplanade

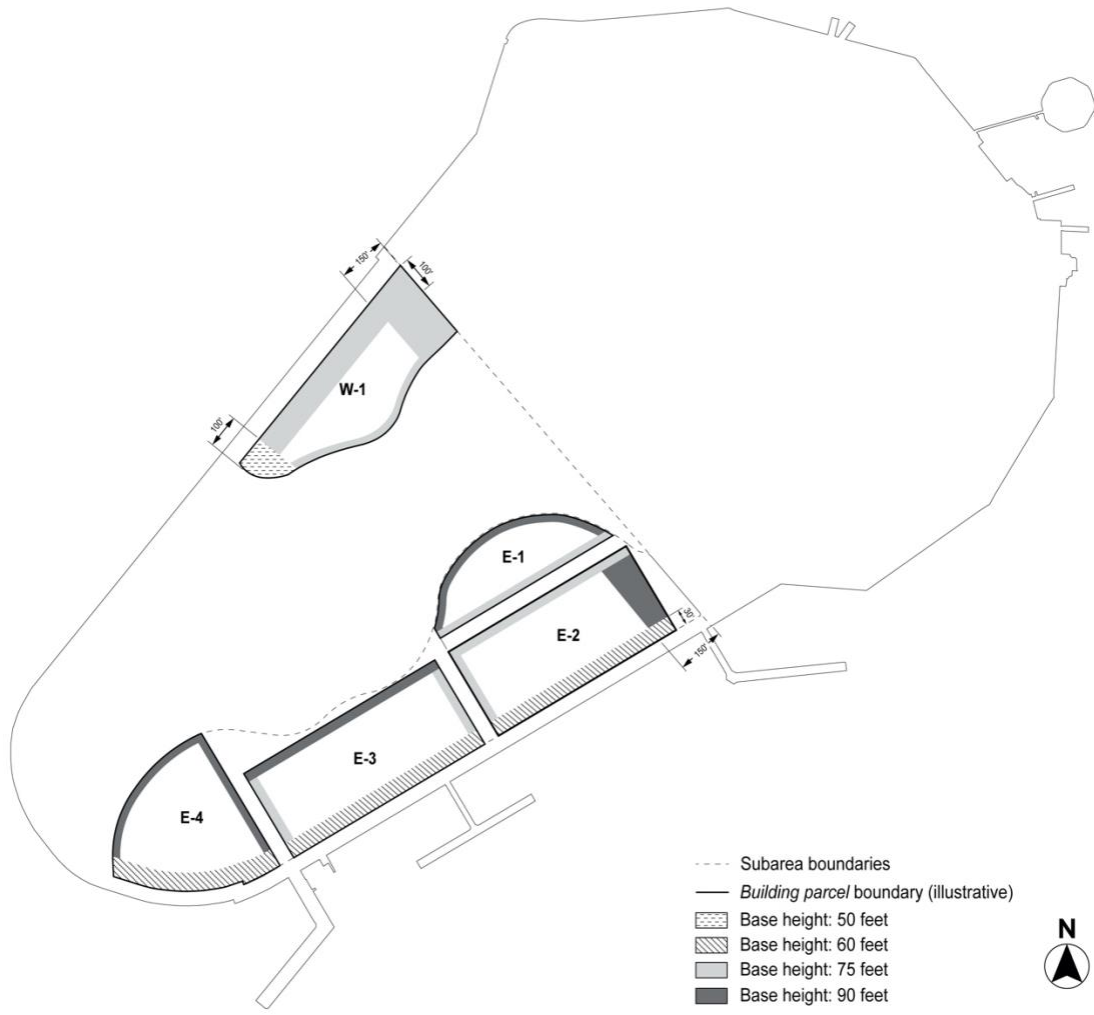

For the purpose of dimensioning the esplanade, the dimensions shall be as shown on the surveys dated April 17, 2020, available on the Department of City Planning website.

(6/26/19)

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 5
Special Bay Street Corridor District**

(6/26/19)

**135-00
GENERAL PURPOSES**

The “Special Bay Street Corridor District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage well-designed buildings that complement the built character of the St. George, Stapleton and Tompkinsville neighborhoods;
- (b) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;
- (c) to maintain and reestablish physical and visual public access to the Stapleton neighborhood and to the waterfront;
- (d) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (e) to provide flexibility to attract new commercial and retail uses and support the existing businesses that define the area;
- (f) to create a livable community combining housing, retail and other uses throughout the district;
- (g) to create a walkable, urban streetscape environment through a mix of ground floor uses that connect the town centers of St. George and Stapleton;
- (h) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (i) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic

building forms; and

- (j) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

(6/26/19)

135-01 General Provisions

The provisions of this Chapter shall apply within the #Special Bay Street Corridor District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(6/26/19)

135-02 District Plan and Maps

District maps are located in Appendix A of this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

Map 1 - Special Bay Street Corridor District, Subdistricts and Subareas

Map 2 - Location of Visual Corridors

(12/21/23)

135-03 Subdistricts

In order to carry out the purposes and provisions of this Chapter, six subdistricts are established as follows:

Subdistrict A
Subdistrict B
Subdistrict C

Subdistrict D
Subdistrict E
Subdistrict F

Within Subdistrict B, subareas are established as follows:

Subarea B1
Subarea B2

Within Subdistrict D, subareas are established as follows:

Subarea D1
Subarea D2

The location and boundaries of these subdistricts are shown on Map 1 (Special Bay Street Corridor District and Subdistricts) in Appendix A of this Chapter.

(6/26/19)

135-04
Applicability

(6/26/19)

135-041
Applicability of Article I, Chapter 2

The definition of “lower density growth management area” in Section 12-10 shall exclude all districts within the #Special Bay Street Corridor District#.

(6/26/19)

135-042
Applicability of the Quality Housing Program

Any #building# containing #residences#, #long-term care facilities# or philanthropic or non-profit institutions with sleeping accommodations that is constructed in accordance with the #bulk# regulations of this Chapter shall be considered a #Quality Housing building#, and shall comply with the provisions of Article II, Chapter 8 (The Quality Housing Program).

(6/26/19)

135-043

Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program set forth in Section 23-90, the #Special Bay Street Corridor District# shall be a #Mandatory Inclusionary Housing area#.

(5/12/21)

135-044

Applicability of Article VI, Chapter 4

Notwithstanding the general provisions of Section 135-01, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(10/7/21)

135-045

Applicability of Article VI, Chapter 6

Notwithstanding the general provisions of Section 135-01, for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(6/6/24)

135-046

Applicability of this Chapter to certain zoning lots in Subdistrict D

In Subdistrict D, for #uses# listed under Miscellaneous Manufacturing in Use Group X that support the operation of a public service or public transportation facility and were existing on June 26, 2019, the provisions applicable to an M1-1 District shall apply.

(6/26/19)

**135-10
SPECIAL USE REGULATIONS**

The underlying #use# regulations are modified by the provisions of this Section, inclusive.

(6/6/24)

**135-11
Streetscape Regulations**

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along Bay Street and Prospect Street shall be considered #Tier C street frontages#, and frontages along remaining #streets# shall be considered #Tier B street frontages#.

Defined terms in this Section shall include those in Sections 12-10 and 32-301.

(6/6/24)

**135-13
Breweries**

Within the #Special Bay Street Corridor District#, breweries, included under all other beverage manufacturing in Use Group X, shall be permitted in Commercial Districts provided that the size of such brewery does not exceed 30,000 square feet.

(6/6/24)

**135-13
Modification of Supplemental Use Provisions**

In Subdistricts A, B and C, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified as follows:

- (a) for #mixed buildings# where #uses# listed under Offices in Use Group VII are located on the same #story# as a #dwelling unit#, the limitations set forth in paragraphs (a) and (b) of such Section shall not apply; and

- (b) for #commercial# #buildings#, the limitation on the number of #stories# allocated to #commercial# #uses# in Use Groups VI through X, as set forth in Section 32-10 (USE ALLOWANCES), inclusive, shall not apply, except to breweries permitted pursuant to Section 135-12.

(6/26/19)

135-20 SPECIAL BULK REGULATIONS

The underlying #floor area#, #yard#, #street wall# location and height and setback regulations are modified by the provisions of this Section.

(6/6/24)

135-21 Special Floor Area Regulations

The underlying #floor area# regulations are modified by the provisions of this Section. For the purpose of this Section, defined terms include those set forth in Sections 12-10 and 23-911.

The table below sets forth the maximum #floor area ratio# of a #zoning lot# for each Subdistrict. Column 1 sets forth the maximum #floor area ratio# for #commercial# #uses# as listed in Use Group VI, and Column 2 sets forth the maximum #floor area ratio# for offices listed in Use Group VII. Column 3 sets forth the maximum #floor area ratio# for #residences#, other than #MIH sites# and #affordable independent residences for seniors#, that are subject to the provisions of paragraph (d)(4)(i) or (d)(4)(iii) of Section 23-154 (Inclusionary Housing). Column 4 sets forth the maximum #residential# #floor area ratio# for #MIH sites# where either #affordable floor area# is provided in accordance with the provisions of paragraphs (d)(3)(i) through (d)(3)(iv) or paragraph (d)(5) of Section 23-154, or where a contribution to the #affordable housing fund# is made in accordance with paragraph (d)(3)(v) of such Section. Column 4 also sets forth the maximum #floor area ratio# for #community facility uses#, other than #long-term care facilities#. Column 5 sets forth the maximum #floor area ratio# for #zoning lots# containing #affordable independent residences for seniors# or #long-term care facilities#.

For #zoning lots# with #buildings# containing multiple #uses# or for #zoning lots# with multiple #buildings# containing different #uses#, the maximum #floor area ratio# for each #use# shall be as set forth in the table, and the maximum #floor area ratio# for the #zoning lot# shall not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

MAXIMUM #FLOOR AREA RATIO#

	Column 1	Column 2	Column 3	Column 4	Column 5
Subdistrict, or Subarea, as applicable	For #commercial# #uses# other than offices	For offices	For #residences# other than #MIH sites# and #affordable independent residences for seniors#	For #MIH sites# and #community facility uses# other than #long-term care facilities#	For #affordable independent residences for seniors# or #long-term care facilities#
A	2.0	4.0	3.6	4.0	4.6
B	2.0	3.6	3.0	3.6	3.9
C	2.0	3.0	2.5	3.0	3.25
D1	2.0	2.0	2.5	3.0	3.25
D2	2.0	2.0	2.25	2.75	3.0
E	2.0	2.0	2.0	2.2	2.2
F	2.0	2.0	3.0	3.6	3.9

(6/26/19)

**135-22
Special Lot Coverage Regulations**

The underlying #lot coverage# regulations are modified by the provisions of this Section.

The maximum #residential# #lot coverage# for #interior lots# or #through lots# shall be 65 percent, and the maximum #residential# #lot coverage# for #corner lots# shall be 100 percent.

(6/26/19)

**135-23
Special Yard Regulations**

The underlying #yard# regulations are modified by the provisions of this Section.

In Subdistrict A, no #rear yard# or #rear yard equivalent# need be provided for #commercial buildings#, #community facility buildings#, or the portion of a #mixed building# containing #commercial# or #community facility uses#.

(6/6/24)

135-24

Special Street Wall Location Regulations

The underlying #street wall# location provisions are modified by the provisions of this Section.

(a) Along Bay Street or Prospect Street

Along Bay Street or Prospect Street, and along #streets# within 50 feet of their intersection with Bay Street, the following #street wall# regulations shall apply:

- (1) At least 70 percent of the #aggregate width of street walls# of a #building# shall be located within eight feet of the #street line#, and shall rise without setback up to at least the minimum base height specified in Section 135-25 (Special Height and Setback Regulations), or the height of the #building#, whichever is lower. Pursuant to Section 135-31 (Special Visual Corridor Requirements), required visual corridors shall be considered #streets#.
- (2) A minimum of 20 percent of the surface area of such #street walls# above the level of the first #story# shall be recessed a minimum of three feet. In addition, up to 30 percent of such #street wall# may be recessed at any level, provided that any recesses deeper than 10 feet are located within an #outer court#. Furthermore, no recesses greater than three feet shall be permitted within 30 feet of the intersection of two #street lines#.

(b) Along Van Duzer Street

Along Van Duzer Street, and along #streets# within 50 feet of their intersection with Van Duzer Street, the underlying #street wall# location regulations shall apply.

(c) Along all other #streets#

Along all #streets# that are not subject to paragraphs (a) or (b) of this Section, at least 50 percent of the #aggregate width of street walls# shall be located within 15 feet of the #street line#. The remaining #aggregate width of street walls# may be recessed beyond 15 feet of the #street line#, provided that any such recesses deeper than 10 feet are located within an #outer court#. Where the #street wall# of a #building#, or an individual segment thereof, exceeds the maximum base height established in Section 135-25, such #street wall# shall rise without setback to at least the minimum base height specified in Section 135-25.

The underlying allowances for #street wall# articulation, set forth in paragraph (d) of Section 23-661 or paragraph (e) of Section 35-651, as applicable, shall be permitted to project or recess beyond the #street wall# locations established in paragraphs (a), (b) or (c) of this Section.

(12/21/23)

**135-25
Special Height and Setback Regulations**

The underlying height and setback provisions are modified by the provisions of this Section.

Pursuant to Section 135-31 (Special Visual Corridor Requirements), required visual corridors shall be considered #streets#. Such visual corridors shall be considered #wide streets# for the purposes of applying the height and setback regulations of this Section.

(a) Base heights and maximum #building# heights

The table below sets forth the minimum and maximum base height, the maximum transition height, where applicable, the maximum height of a #building or other structure# and the maximum number of #stories# for #buildings# in the #Special Bay Street Corridor District#.

In all subdistricts, a setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the subdistrict, and shall be provided in accordance with paragraph (b) of this Section.

In Subdistrict A and Subarea B1, any portion of a #building or other structure# located above the maximum transition height, and in Subarea B2 and Subdistrict C, any portion of a #building or other structure# located above the maximum base height, shall be subject to the maximum #street wall# width restrictions set forth in paragraph (c) of this Section.

MAXIMUM BASE HEIGHTS AND MAXIMUM #BUILDING# HEIGHTS

Subdistrict or Subarea, as applicable	Minimum Base Height (in feet)	Maximum Base Height (in feet)	Maximum Transition Height (in feet)	Maximum Height of #Buildings or Other Structures# in Certain Locations (in feet)	Maximum Number of #Stories#
A	40	65	85	125	12
B1	40	65	85	125	12
B2	40	65	N/A	125	12
C	40	65	N/A	85	8
D1	40	65	N/A	75	7
D2	40	65	N/A	65	6
E	30	45	N/A	55	5

F | 40 | 65 | N/A | 85 | 8

(b) Required setbacks

At a height not lower than the minimum base height or higher than the maximum base height specified for the subdistrict in the table in paragraph (a), a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, and a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#.

In addition, the underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(c) Maximum #street wall# width in Subdistricts A, B and C

In Subdistricts A, B and C, the maximum #building# height set forth in the table in paragraph (a) shall only be permitted within 100 feet of #streets# intersecting Bay Street. In addition, in Subdistrict A and Subarea B2, such maximum #building# height shall be permitted beyond 100 feet of #streets# intersecting Bay Street, provided that the maximum #street wall# width above the maximum base height does not exceed 100 feet.

In all such Subdistricts, at least 60 feet of separation shall exist between any portions of #buildings# located above such maximum transition height, or maximum base height, as applicable.

(d) Dormer provisions

The underlying dormer provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts) shall apply, except that no dormer shall be permitted above a height of 85 feet, or above the maximum height of the #building or other structure# permitted in paragraph (a) of this Section, whichever is less.

(6/26/19)

**135-30
SPECIAL PUBLIC ACCESS AREA REGULATIONS**

(6/26/19)

**135-31
Special Visual Corridor Requirements**

Within the #Special Bay Street Corridor District#, visual corridors shall be provided east of Bay Street, prolonging Swan Street, Clinton Street, and Grant Street, as shown on Map 2 in the Appendix to this Chapter. The location of the visual corridor prolonging Grant Street may be located anywhere within the flexible location designated on Map 2.

(a) General Requirements

The boundaries of visual corridors shall be considered #street lines# for the purposes of applying the #use#, #bulk# and parking provisions of this Resolution, except that such portion of the #zoning lot#:

- (1) shall continue to generate #floor area# ;
- (2) may be included for the purposes of calculating #lot coverage# ; and
- (3) shall be permitted to accommodate open, unscreened, tandem (one behind the other) #accessory# off-street parking spaces, provided that any such parking spaces are provided in accordance with DOT standards for on-street parking.

Such visual corridors shall be a minimum of 60 feet wide and shall be improved in accordance with paragraph (b) of this Section

(b) Required improvements

All required visual corridors shall be improved as follows:

- (1) Where a visual corridor is utilized to provide access to #accessory# off-street parking, such visual corridor shall be improved to the minimum Department of Transportation (DOT) standards for public #streets#, from its intersection with Bay Street to at least the curb cut provided to such #accessory# off-street parking, or as deep as necessary to accommodate any parking located on the visual corridor, as applicable. Any remaining portion of the visual corridor may be improved in accordance with the standards in paragraph (b)(2)(ii) of this Section.
- (2) Where a visual corridor does not provide access to #accessory# off-street parking, such visual corridors, may either:
 - (i) be improved to the minimum DOT standards for public #streets#; or
 - (ii) be improved to provide an open area, as follows:
 - (a) a minimum of 20 percent of the open area shall be planted with any combination of perennials, annuals, decorative grasses, shrubs or trees in planting beds, raised planting beds or planter boxes. Such planting bed shall extend to a depth of at least three feet, inclusive

of any structure containing the planted material, and any individual planted area shall have a width of at least five feet;

- (b) the remainder of the open area, as applicable, may contain any combination of:
 - (1) streetscape amenities including, but not limited to, benches or tables and chairs;
 - (2) entertainment amenities including, but not limited to, water features, playgrounds, dog runs, game tables, courts or skateboard parks;
 - (3) unenclosed eating or drinking establishments; or
 - (4) streetscape-enhancing amenities including, but not limited to, lighting or sculptural artwork.
- (c) In no event shall fencing be permitted in any open area of the visual corridor, except along the portion of a #lot line# adjacent to a railroad right-of-way.

(6/26/19)

**135-40
SPECIAL PARKING AND LOADING REGULATIONS**

The underlying parking provisions are modified by the provisions of this Section.

(6/6/24)

**135-41
Commercial Parking Requirements**

In #mixed buildings#, the underlying parking requirements shall apply, except that for the purposes of determining the parking requirement for #commercial# #uses# other than #uses# listed under Offices in Use Group VII, the equivalent of 0.5 #floor area ratio#, or the amount of non-office #commercial# #floor area# in the #building#, whichever is less, may be deducted from the #floor area# used to determine such #commercial# parking calculation.

(6/26/19)

135-42

Residential Parking Waivers

The underlying #residential# parking waivers shall apply only to #zoning lots# existing both on June 26, 2019, and on the date of application for a building permit.

(6/26/19)

135-43

Location of Parking Spaces

All #accessory# off-street parking spaces may be provided within #public parking garages#. Such spaces may also be provided within parking facilities on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided:

- (a) such parking facilities are located either:
 - (1) within the #Special Bay Street Corridor District#; or
 - (2) outside the #Special Bay Street Corridor District#, subject to the underlying provisions for off-site parking spaces set forth in Sections 25-52 (Off-site Spaces for Residences), 25-53 (Off-site Spaces for Permitted Non-residential Uses), 36-42 (Off-site Spaces for Residences) or 36-43 (Off-site Spaces for Commercial or Community Facility Uses), as applicable;
- (b) each off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot#; and
- (c) in no event shall the number of #accessory# parking spaces within such facility exceed that permitted in accordance with the underlying regulations.

(6/6/24)

135-44

Special Loading Regulations

For the purposes of applying the underlying loading regulations, the requirements for C2 Districts mapped within an R7 District shall apply to all #Commercial Districts# in the #Special Bay Street Corridor District#.

(6/26/19)

135-45

Location of Curb Cuts

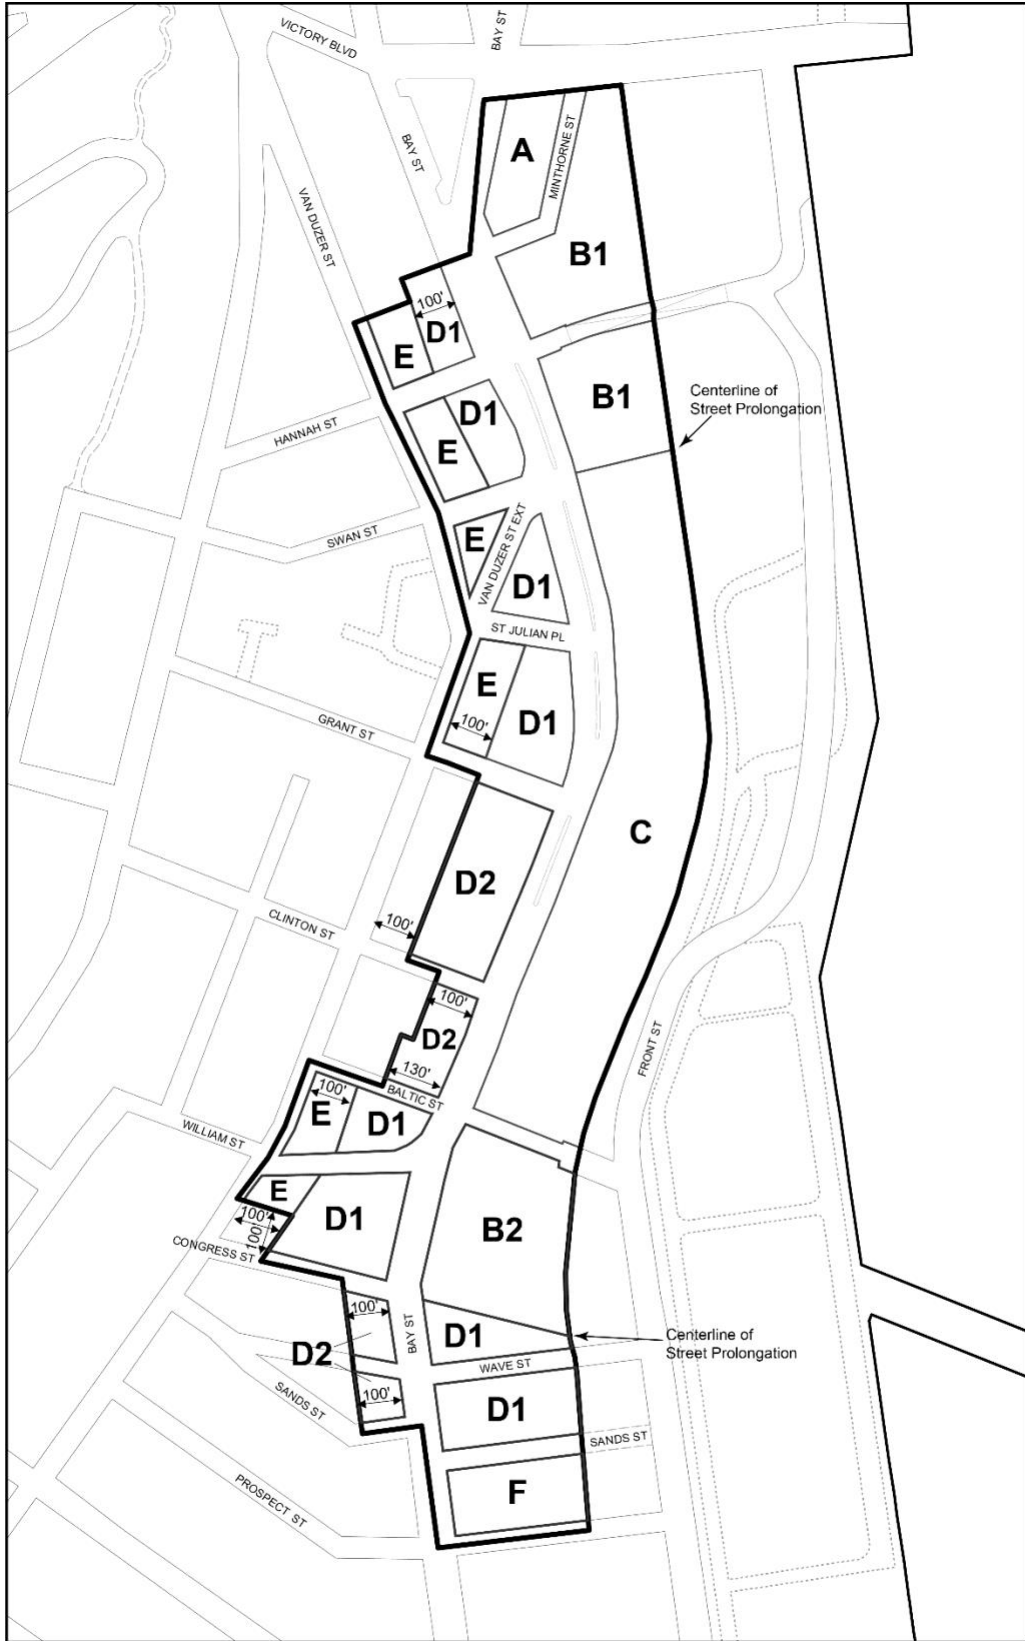

For #zoning lots# existing on June 26, 2019, with frontage along Bay Street and along another #street# frontage, no curb cut accessing off-street parking spaces or loading spaces shall be permitted along Bay Street.

(12/21/23)

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 6
Special Downtown Far Rockaway District**

(9/7/17)

**136-00
GENERAL PURPOSES**

The “Special Downtown Far Rockaway District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Far Rockaway community. These general goals include, among others, the following specific purposes:

- (a) to strengthen the commercial core of Downtown Far Rockaway by improving the working and living environments;
- (b) to support the development of vacant and underutilized parcels in Downtown Far Rockaway with a mix of residential, commercial and community facility uses;
- (c) to encourage the design of new buildings to blend into the existing neighborhood fabric by providing a transition in height between the downtown commercial core and the lower-scale residential communities;
- (d) to establish a center to the downtown with lively new gathering and civic spaces along Mott Avenue that complement and strengthen the existing neighborhood;
- (e) to encourage the development of affordable housing;
- (f) to expand the retail, entertainment and commercial character of areas around transit nodes to enhance the area’s role as a local transportation hub;
- (g) to integrate new roadways into an improved pedestrian and vehicular network with key north-south and east-west connections;
- (h) to ensure the provision of adequate accessory parking that reflects both the automobile ownership patterns of the neighborhood and public transit access;
- (i) to enhance the pedestrian environment by relieving sidewalk congestion and providing

pedestrian amenities; and

- (j) to promote the most desirable use of land and building development and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

(10/7/21)

136-01 General Provisions

The regulations of this Chapter shall apply within the #Special Downtown Far Rockaway District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(6/6/24)

136-02 Definitions

For purposes of this Chapter, matter in italics is defined in Sections 12-10 (DEFINITIONS), 32-301 (Definitions), or in this Section.

Open Space A

“Open Space A” shall be a publicly accessible open space designed and constructed pursuant to the provisions of Section 136-324 (Publicly accessible open space requirements) and located within the area designated as “Flexible Open Space A Location” on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter.

Open Space B

“Open Space B” shall be a publicly accessible open space designed and constructed pursuant to the provisions of Section 136-324 (Publicly accessible open space requirements) and located within the area designated as “Flexible Open Space B Location” on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter.

(9/7/17)

136-03

District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Far Rockaway District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1 - Special Downtown Far Rockaway District and Subdistrict

Map 2 - Commercial Core

Map 3 - Ground Floor Use and Transparency Requirements

Map 4 - Maximum Building Height

Map 5 - Maximum Building Height Within Subdistrict A

Map 6 - Publicly Accessible Private Streets

Map 7 - Mandatory Street Walls and Flexible Public Open Space Locations

Map 8 - Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(9/7/17)

136-04

Subdistricts

In order to carry out the purposes and provisions of this Chapter, Subdistrict A is established. The location of Subdistrict A is shown on Map 1 in the Appendix to this Chapter.

(9/7/17)

136-05
Applicability of District Regulations

(9/7/17)

136-051
Applicability of the Quality Housing Program

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, any #building# containing #residences#, #long-term care facilities# or philanthropic or non-profit institutions with sleeping accommodations that is constructed in accordance with the #bulk# regulations of this Chapter shall be considered a #Quality Housing building# and shall comply with the provisions of Article II, Chapter 8 (The Quality Housing Program) of this Resolution.

(9/7/17)

136-052
Applicability of the Mandatory Inclusionary Housing Program

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the regulations for a #Mandatory Inclusionary Housing area# shall apply. The locations of #Mandatory Inclusionary Housing areas# are shown on the maps in APPENDIX F of this Resolution.

(9/7/17)

136-06
Private Streets and Publicly Accessible Open Spaces

Except as otherwise provided herein, private streets that are in accordance with the provisions of this Chapter within the locations shown on Map 6 (Publicly Accessible Private Streets) in Appendix A of this Chapter, and publicly accessible open spaces that are in accordance with the provisions of this Chapter within the locations shown on Map 7 (Mandatory Street Walls and

Flexible Public Open Space Locations) in Appendix A, shall be considered #streets# for the purposes of establishing the #use#, #bulk# and parking regulations of this Resolution. However, for the purposes of #floor area# regulations, such private streets and publicly accessible open spaces shall be considered part of a #zoning lot#. In addition, for the purpose of determining minimum and maximum base heights and minimum setback depth pursuant to paragraph (a) of Section 136-313 (Minimum and maximum base height), private streets and publicly accessible open spaces shall be distinguished from #streets#.

(9/7/17)

136-10 SPECIAL USE REGULATIONS

The #use# regulations of the underlying district shall apply except as modified in Section 136-10, inclusive.

(9/7/17)

136-11 Location Within Buildings

Within the locations shown on Map 2 (Commercial Core) in the Appendix to this Chapter, the provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall not apply. In lieu thereof, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall apply.

(6/6/24)

136-12 Certain Uses in C2 Districts

Within the locations shown on Map 2 (Commercial Core) in the Appendix to this Chapter, the #use# regulations shall be modified within C2 Districts to permit #uses# listed under Use Groups VI and VIII, pursuant to the regulations for a C4 District.

(6/6/24)

136-13

Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS) shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 3 (Ground Floor Use and Transparency Requirements) in the Appendix to this Chapter, shall be considered #Tier C street frontages#.

(6/6/24)

136-14 Special Use Regulations Within Subdistrict A

The following additional special #use# provisions of Section 136-14, inclusive, shall apply within Subdistrict A, as shown on Map 1 (Special Downtown Far Rockaway District and Subdistrict) in the Appendix to this Chapter.

(6/6/24)

136-141 Modification of supplemental use provisions

For #mixed buildings#, the provisions of Section 32-421 (Limitation on floors occupied by non-residential uses) shall be modified where #uses# listed under Offices in Use Group VII are located on the same #story# as a #dwelling unit# such that the limitations set forth in paragraphs (a) or (b) of such Section need not apply.

(6/6/24)

136-142 Location of entrances

(a) Non-#residential# entrances

Within Subdistrict A, on designated #streets#, as shown on Map 3 (Ground Floor Use and Transparency Requirements) in the Appendix to this Chapter, the requirements of this paragraph (a) shall apply to any #building or other structure# fronting on such #streets#. These provisions shall also apply to the frontage of #buildings# along #Open Space A#. Access to each ground floor #commercial# establishment or #community facility# establishment shall be provided directly from a #street# or from #Open Space A#.

(b) #Residential# entrances

Eighty percent of all ground floor #dwelling units# with frontage only on Redfern Avenue shall have a #primary entrance# directly accessible from Redfern Avenue.

(9/7/17)

**136-20
SPECIAL BULK REGULATIONS**

The #bulk# regulations of the underlying district shall apply except as modified in Section 136-20, inclusive.

(9/7/17)

**136-21
Lot Coverage**

The #residential# portion of a #building# shall comply with the maximum #lot coverage# provisions of the underlying district applicable to #Quality Housing buildings#.

(9/7/17)

**136-22
Height and Setback Regulations**

For #residential buildings#, #mixed buildings# and #commercial buildings#, the height and setback regulations of the underlying district shall be modified by the regulations of Section 136-22, inclusive. The provisions of Sections 23-952 (Height and setback in Mandatory Inclusionary Housing areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply within the #Special Downtown Far Rockaway District#.

All heights shall be measured from the #base plane#.

(9/7/17)

136-221

Street wall location

In C2 Districts, the #street wall# location regulations of the underlying district shall apply except as modified in this Section.

- (a) In C2 Districts mapped within R6 and R7-1 Districts, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least the minimum base height specified in Section 136-222 (Minimum and maximum base height), or the height of the #building#, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall be mandatory on only one #street line#.
- (b) In C2 Districts mapped within R5 Districts, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to a height of 30 feet, or the height of the #building#, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall be mandatory on only one #street line#.
- (c) Below a height of 15 feet or the height of the second #story# floor, whichever is lower, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except recesses that do not exceed a depth of 12 inches.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess beyond the #street wall# locations established in paragraphs (a) and (b) of this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

(9/7/17)

136-222

Minimum and maximum base height

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 136-221 (Street

wall location) shall be as set forth in the following table:

District	Minimum Base Height (feet)	Maximum Base Height (feet)
R6	30	55
R7-1	40	55

At a height not lower than the minimum base height nor higher than the maximum base height specified for the applicable district in this Section, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(9/7/17)

136-223
Maximum building height

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the height of a #building or other structure# shall not exceed the maximum height or the maximum number of #stories#, whichever is less, as shown on Map 4 (Maximum Building Height) in the Appendix to this Chapter.

(9/7/17)

136-30
SPECIAL REGULATIONS WITHIN SUBDISTRICT A

The regulations of Section 136-30, inclusive, shall apply within Subdistrict A, as shown on Map 1 (Special Downtown Far Rockaway District and Subdistrict) in the Appendix to this Chapter. The regulations of the #Special Downtown Far Rockaway District# shall apply, except as modified by the regulations of Section 136-30, inclusive.

(9/7/17)

136-31
Special Height and Setback Regulations Within Subdistrict A

(9/7/17)

136-311

Street wall location

The provisions of Section 136-221 (Street wall location) shall apply within Subdistrict A, except as provided in this Section.

- (a) For portions of #buildings# or #building segments# with frontage on Redfern Avenue located between the prolongation of the northerly #street line# of Dix Avenue and a line 150 feet south of and parallel to Nameoke Street, the #street wall# location rules of Section 136-221 shall not apply. In lieu thereof, paragraph (b) of Section 23-661 (Street wall location) shall apply.
- (b) For Street Wall A and Street Wall B, as shown on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter, the provisions of Section 136-221 shall not apply. In lieu thereof, the provisions of this Section shall apply.

- (1) Street Wall A

#Buildings# on the west side of #Open Space A# shall have a #street wall# located along the required sidewalk widening on Mott Avenue, shown as a line designated A1 on Map 7, except that #street wall# articulation set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted. Beyond 112 feet of Redfern Avenue, the #street wall# shall be located no closer to Central Avenue than the line designated A2 as shown on Map 7.

- (2) Street Wall B

#Street walls# fronting #Open Space A# shall be located no closer to Redfern Avenue than as shown as a line designated B1 on Map 7. The #street walls# of #buildings# on the east side of #Open Space A# with frontage on Mott Avenue shall be located no closer to Mott Avenue than as shown as lines designated B2 and B3 on Map 7. Portions of #street walls# with frontage on Mott Avenue, located so that a line drawn perpendicular to the line designated B3 intersects such #street walls#, shall be located no further than 30 feet from B3. #Street walls# fronting Central Avenue shall be located no closer to Central Avenue than as shown for the line designated B4 on Map 7, and shall be located no further than 30 feet from B4.

- (c) For #blocks# with a dimension of less than 100 feet between #streets# or private streets that are parallel or do not intersect, the provisions of Section 136-221 shall be modified to require a minimum of 40 percent of the #aggregate width of street walls# to be located within eight feet of the #street line# and to extend to at least the minimum base height

specified in Section 136-222 (Minimum and maximum base height), or the height of the #building#, whichever is less.

All #street walls# governed by this Section shall extend to the minimum base height specified in Section 136-313 (Minimum and maximum base height), or the height of the #building#, whichever is less.

(9/7/17)

**136-312
Street wall recesses**

For each #building# within Subdistrict A, where the #aggregate width of street walls# is greater than 90 feet, a minimum of 20 percent of the surface area of #street walls# below the maximum base height and above the level of the first #story# shall be recessed beyond three feet of the #street line#. Portions of #street lines# with no #street walls# may be counted towards the recess requirements of this Section. No portion of such minimum recessed area shall be located within 30 feet of the intersection of two #street lines#. However, such minimum recessed area shall be permitted within 30 feet of Redfern Avenue, except at the intersection of Redfern Avenue and Mott Avenue.

(12/6/23)

**136-313
Minimum and maximum base height**

Within Subdistrict A, the provisions of Section 136-222 (Minimum and maximum base height) shall not apply. In lieu thereof, for #residential buildings#, #mixed buildings# and #commercial buildings#, the provisions of this Section shall apply. The #street wall# height and setback regulations of the underlying district shall apply except as modified in this Section.

- (a) The minimum and maximum heights before setback of a #street wall# required pursuant to Section 136-221 (Street wall location), shall be as set forth in the following table:

Condition	Minimum Base Height (feet)	Maximum Base Height (feet)	Minimum Setback Depth (feet)
Fronting on, or within 100 feet of, a #street#, other than a private street or publicly accessible open space	40 ¹	65	10

Fronting on a private street or a publicly accessible open space and beyond 100 feet of a #street# that is not a private street or publicly accessible open space	40 ¹	85	7
Fronting on Redfern Avenue	30 ¹	45 ²	10

¹ Within 300 feet of Mott Avenue, the minimum base height shall be 20 feet

² The maximum base height for the portion of a #building# subject to the 65 foot or six story maximum height provisions of Section 136-314 shall be 65 feet

(b) Dormers

The provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts) shall be modified to allow dormers as a permitted obstruction within the required front setback distance above a maximum base height, as follows:

- (1) Within 75 feet of intersecting #streets#, dormers shall be permitted without limitation on width.
- (2) Where dormers are provided pursuant to paragraph (b)(1) of this Section, and such dormers exceed the maximum width permitted pursuant to paragraph (c) of Section 23-623, for any portion of a #building# with an #aggregate width of street walls# greater than 75 feet, a setback shall be provided above the maximum base height between such dormer and any other dormer for a width of at least 20 feet, or the remaining width of such #street wall#, as applicable.
- (3) Beyond 75 feet of intersecting #streets#, the provisions of paragraph (c) of Section 23-623 shall apply. The width of any dormers provided pursuant to the provisions of paragraph (b)(1) of this Section shall be included in the aggregate width of all dormers.

However, the provisions of this paragraph (b) shall not apply to portions of #buildings# with frontage on Redfern Avenue, except that these provisions shall apply to portions of #buildings# with frontage on both Redfern Avenue and Mott Avenue.

(9/7/17)

136-314

Maximum building height

The height of a #building or other structure# shall not exceed the maximum #building# height or the maximum number of #stories#, whichever is less, as shown on Map 5 (Maximum Building Height Within Subdistrict A) in the Appendix to this Chapter. However, within 75 feet of the intersection of the southerly cross street with Redfern Avenue, and within 75 feet of the intersection of the northerly cross street with Redfern Avenue, the maximum height for #buildings or other structures# shall be six #stories# or 65 feet, whichever is less. Any such 65 foot or six story maximum #building# height limit falling within 300 feet of Mott Avenue shall only extend to a depth of 25 feet from Redfern Avenue, after which the maximum #building# height and maximum number of #stories# shown on Map 5 shall apply.

(9/7/17)

136-315

Maximum building height and horizontal dimension for tall buildings

Within the Tower Location Area shown on Map 5 (Maximum Building Height Within Subdistrict A) in the Appendix to this Chapter, the height of a #building# may exceed the height limits specified in Section 136-314 (Maximum building height) only as set forth in this Section. Any portion of a #building# above a height of 125 feet shall hereinafter be referred to as a “tower.”

- (a) Towers shall be located within portions of #zoning lots# bounded by intersecting #street lines# and lines parallel to and 200 feet from each intersecting #street line#.
- (b) Towers shall be separated from one another by a minimum distance of 60 feet, measured in all horizontal directions.
- (c) The outermost walls of each #story# of a #building# located entirely above a height of 125 feet shall be measured in plan view and inscribed within a rectangle. The maximum length of such rectangle shall be 170 feet. The maximum length of any other side of such rectangle shall be 100 feet. For the purposes of this Section, #abutting# portions of #buildings# above a height of 125 feet shall be considered a single tower.
- (d) To permit portions of a #building# to rise from grade to a tower portion without setback, the setback provisions of Section 136-313 (Minimum and maximum base height) shall not apply to any portion of a #building# located within 100 feet of intersecting #street lines#.
- (e) The maximum height of a tower shall be 155 feet or 15 #stories#, whichever is lower.
- (f) No more than two towers shall be permitted within Subdistrict A.

(9/7/17)

136-316

Maximum length of buildings

The outermost walls of each #story# of a #building# located entirely above a height of 95 feet shall be measured in plan view and inscribed within a rectangle. The maximum length of any side of such rectangle shall be 170 feet. For the purposes of this Section, #abutting# portions of #buildings# above a height of 95 feet shall be considered a single #building#.

(9/7/17)

136-32

Streets and Public Open Spaces

(9/7/17)

136-321

Certification

The requirements of this Section shall apply to #zoning lots# containing #developments# or #enlargements# within the current or former Downtown Far Rockaway Urban Renewal Area.

No building permit shall be issued for any #development# or #enlargement# until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such #development# or #enlargement# complies with the provisions of this Section.

The Chairperson shall certify that:

- (a) all publicly accessible open spaces adjacent to the proposed #development# or #enlargement# comply with the provisions of Section 136-324 (Publicly accessible open space requirements);
- (b) the location of private streets adjacent to the proposed #development# or #enlargement# complies with the provisions of Section 136-323 (Private streets); and
- (c) for any portion of Subdistrict A outside the area of the proposed #development# or #enlargement# for which a certification pursuant to this Section has not been obtained, the applicant has submitted sufficient documentation showing that the #development# or #enlargement# that is the subject of this certification, and any associated private streets and publicly accessible open spaces required to be constructed in conjunction with such #development# or #enlargement#, shall not preclude such undeveloped portions of Subdistrict A from complying with the provisions of Sections 136-323 and 136-324

under future certifications pursuant to this Section.

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including provisions for the maintenance and operation of such private streets and publicly accessible open spaces, indexed against the property, binding the owners, successors and assigns to provide and maintain such private streets and publicly accessible open spaces in accordance with the plans certified by the Chairperson. Such declaration, or any maintenance and operation agreement with the City or its designee executed in connection with such declaration, shall require that adequate security be provided to ensure that the private streets and public access areas are maintained in accordance with the declaration and any related maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

In addition, the private streets and publicly accessible open spaces integral to the #development# or #enlargement# of a #building#, as indicated in the plans certified by the Chairperson, shall be recorded on the certificate of occupancy for such #building# by the Department of Buildings. The recording information of the declaration of restrictions shall be included on the certificate of occupancy for any #building#, or portion thereof, issued after the recording date.

The property owner shall be responsible for the construction and maintenance of all required private streets and publicly accessible open spaces on the #zoning lot#. No temporary or final certificate of occupancy shall be issued for any #building# adjacent to such private street or publicly accessible open space until all required improvements are completed, except as set forth in a phasing plan that has been incorporated in a signed and duly recorded declaration of restrictions, and that has provided for interim improvements and access where these do not present conflicts with construction, staging or public safety.

(9/7/17)

136-322

Sidewalk widening

For #buildings# #developed# or #enlarged# after September 7, 2017, where the #development# or horizontal #enlargement# fronts upon designated #streets# as shown on Map 8 (Sidewalk Widening) in the Appendix to this Chapter, the provisions of this Section shall apply.

A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot#, located within the #zoning lot#. A sidewalk widening shall be provided along #streets# as shown on Map 8, to the extent necessary, so that a minimum sidewalk width of 13 feet or 18 feet, as applicable, is achieved, including portions within and beyond the #zoning lot#. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public

sidewalk and shall be directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk widening to less than such minimum required depth.

Lighting shall be provided with a minimum level of illumination of not less than two horizontal foot candles throughout the entire mandatory sidewalk widening. Lighting fixtures installed by the Department of Transportation within the #street# adjacent to such sidewalk widening shall be included in the calculation of the required level of illumination.

Where a continuous sidewalk widening is provided on the #zoning lot#, along the entire #block# frontage of a #street#, the boundary of the sidewalk widening within the #zoning lot# shall be considered to be the #street line# for the purposes of Sections 136-22 (Height and Setback Regulations) and 136-31 (Special Height and Setback Regulations Within Subdistrict A).

(9/7/17)

136-323

Private streets

In Subdistrict A, private streets shall be accessible to the public at all times, except when required to be closed for repairs, and for no more than one day each year in order to preserve the private ownership of such area. Private streets shall have a minimum width of 60 feet. Private streets shall be constructed to Department of Transportation standards for public #streets#. Sidewalks shall have a minimum clear path of seven feet on each side of such private streets along their entire length. Such private streets shall be located as shown on Map 6 (Publicly Accessible Private Streets) in the Appendix to this Chapter. One street tree shall be planted for every 25 feet of curb length of each private street. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.

The private street network shall be established as follows:

- (a) a central street shall connect #Open Space A# with Nameoke Avenue, as shown on Map 6. However, if the centerline of the new street is not within five feet of the extended centerline of Brunswick Avenue, then the easterly curb of the new street shall be greater than 50 feet from the extended line of the westerly curb of Brunswick Avenue;
- (b) a southerly cross street shall connect Redfern Avenue with the central street, intersecting Redfern Avenue within the area shown on Map 6. However, if the centerline of the new street is not within five feet of the extended centerline of Dix Avenue, then the northerly curb of the new street shall be greater than 50 feet from the extended line of the southerly curb of Dix Avenue;
- (c) a northerly cross street shall connect Birdsall Avenue with Bayport Place, intersecting

Redfern Avenue so that the centerline of the new street is within five feet of the extended centerline of Birdsall Avenue and within five feet of the centerline of Bayport Place.

(6/6/24)

136-324

Publicly accessible open space requirements

Publicly accessible open spaces shall be provided within Flexible Open Space A Location and Flexible Open Space B Location, as applicable, as shown on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter. #Open Space A# shall contain a minimum of 23,000 square feet, and #Open Space B# shall contain a minimum of 7,000 square feet.

- (a) A portion of the required publicly accessible open space located within #Open Space A# shall have a minimum width of 80 feet within 55 feet of Mott Avenue. #Open Space A# shall extend from Mott Avenue to the nearest private street required pursuant to Section 136-323 (Private streets), and shall maintain a minimum width of 60 feet.
- (b) Publicly accessible open spaces shall comply with the provisions of Sections 37-725 (Steps), 37-726 (Permitted obstructions), 37-727 (Hours of access) 37-728 (Standards of accessibility for persons with disabilities), 37-73 (Kiosks and Open Air Cafes), 37-74 (Amenities) and 37-75 (Signs), except for the following modifications:
 - (1) Section 37-73 (Kiosks and Open Air Cafes) shall be modified as follows:
 - (i) paragraph (a) of Section 37-73 shall be modified to permit a kiosk to occupy an area no greater than 400 square feet within #Open Space A#, provided that such kiosk has a maximum width, measured along the same axis as the minimum width of #Open Space A# pursuant to paragraph (a) of this Section, of 20 feet, and provided that any canopies, awnings or other sun control devices extending from such kiosk shall be limited to a distance of five feet from such kiosk;
 - (ii) paragraph (b) of Section 37-73 shall be modified to limit the aggregate area of open air cafes to no more than 40 percent of the publicly accessible open space, to allow open air cafes to occupy up to 50 percent of #street# frontage along Mott Avenue, and to eliminate the requirement that open air cafes be located along the edge of the publicly accessible open space; and
 - (iii) paragraphs (c) and (d) of Section 37-73 shall not apply to the certification of open air cafes in the Special District, and the filing of plans for open air cafes in the Borough Office of the City Register shall not be required;

- (2) Section 37-741 (Seating) shall be modified as follows:
 - (i) the requirement for a minimum of one linear foot of required seating for every two linear feet of #street# frontage within 15 feet of the #street line# shall not apply;
 - (ii) the requirement of one linear foot of seating for each 30 square feet of #public plaza# area shall be modified to one linear foot of seating for each 60 square feet of publicly accessible open space; and
 - (iii) seating for open air cafes may count toward the seating requirement, in the category of moveable seating, provided that 50 percent of the linear seating capacity is provided through other seating types;
- (3) For #Open Space A#, Section 37-742 (Planting and trees) shall be modified to require that at least 15 percent of the area of the publicly accessible open space shall be comprised of planting beds with a minimum dimension of two feet, exclusive of any bounding walls. For #Open Space B#, Section 37-742 (Planting and trees) shall be modified to eliminate the requirement for such planting beds;
- (4) Section 37-743 (Lighting) shall be modified to provide that for publicly accessible open spaces fronting on Mott Avenue, the lighting fixtures installed by the Department of Transportation within the #street# shall be included in the calculation of the required level of illumination;
- (5) Section 37-744 (Litter receptacles) shall be modified to require a minimum of one litter receptacle per 5,000 square feet of publicly accessible open space;
- (6) Entry plaques for publicly accessible open spaces shall be provided as described in paragraph (a) of Section 37-751 (Public space signage systems), except that one such plaque shall be located at each point of entry from a #street# to such publicly accessible open space; and
- (7) Section 37-753 (Accessory signs) shall be modified as follows:
 - (i) paragraphs (a), (c) and (d) shall not apply;
 - (ii) paragraph (b) shall be modified to permit non-#illuminated# or #illuminated accessory signs#, and the permitted #surface area# of such #signs# shall be as permitted by the underlying district, as if the publicly accessible open space were a #street#; and
 - (iii) paragraph (e) shall be modified to permit any number of #accessory signs# within the publicly accessible open space, subject to the remaining provisions of such paragraph (e).

- (c) For #ground floor level# frontages along #Open Space A#:
 - (1) within 175 feet of Mott Avenue, #uses# on #ground floor level#, to the minimum depth set forth in Section 37-32, shall be limited to non-#residential# #uses#, except for lobbies, entrances and exits to off-street parking facilities and entryways to #mass transit stations#, as provided by Section 37-33 (Maximum Width of Certain Uses). #Ground floor level# #street walls# shall be glazed in accordance with the provisions of Section 37-34; and
 - (2) parking shall be wrapped in accordance with paragraph (a) of Section 37-35.

(9/7/17)

136-40
SPECIAL OFF-STREET PARKING REGULATIONS

(6/6/24)

136-41
Parking Regulations

The off-street parking regulations shall be modified, as follows:

- (a) The regulations of Section 25-027 (Applicability of regulations in Community District 14, Queens) shall not apply. In lieu thereof, the regulations of the applicable underlying district shall apply, as modified by the provisions of this Section.
- (b) In a C2 District mapped within an R7-1 District, the regulations of Section 25-251 (Income-restricted housing units) shall be modified to require an #accessory# off-street parking requirement of 25 percent per #income-restricted housing unit#.
- (c) For #commercial# #uses# in Parking Requirement Categories PRC-A1, PRC-A2, PRC-A3 and PRC-A4, the provisions of Section 36-21 (General Provisions) shall be modified to require #accessory# off-street parking spaces at a rate of one parking space per 750 square feet of #floor area#.

For ambulatory diagnostic or treatment health care facilities listed under Use Group III(B), the provisions of Sections 25-31 (General Provisions) and 36-21 shall be modified to require #accessory# off-street parking spaces at a rate of one parking space per 750 square feet of #floor area#.

- (d) Within Subdistrict A, parking spaces provided on private streets shall count towards the number of #accessory# off-street parking spaces required by the provisions of Sections 36-20 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR COMMERCIAL OR COMMUNITY FACILITY USES) and 36-30 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES WHEN PERMITTED IN COMMERCIAL DISTRICTS). For such parking spaces located within private streets, the provisions of Section 28-40 (PARKING FOR QUALITY HOUSING) shall not apply.

(9/7/17)

**136-50
AUTHORIZATIONS**

(9/7/17)

**136-51
Authorization to Modify Provisions for Publicly Accessible Open Spaces and Private Streets**

The City Planning Commission may authorize modification of the provisions of Sections 136-323 (Private streets) and 136-324 (Publicly accessible open space requirements), provided that the Commission shall find that:

- (a) the usefulness and attractiveness of the publicly accessible open space will be improved by the proposed design and layout;
- (b) such modification to private street provisions will result in a private street network that will ensure pedestrian and vehicular mobility and safety and will be well integrated with the surrounding #streets#; and
- (c) such modification will result in a superior urban design relationship with surrounding #buildings# and open areas, including #streets# and private streets.

The Commission may prescribe appropriate conditions and controls to enhance the relationship of such publicly accessible open spaces and private streets to surrounding #buildings# and open areas.

(9/7/17)

136-52

Authorization to Modify Bulk Regulations for Income-Restricted Housing Units

For #developments# or #enlargements# containing only #income-restricted housing units#, #affordable independent residences for seniors#, or other government-assisted #dwelling units#, the City Planning Commission may authorize modifications of:

- (a) #yard# regulations;
- (b) regulations governing the minimum required distance between #buildings# on the same #zoning lot#, provided that no waiver shall authorize a minimum distance of less than 40 feet; and
- (c) regulations governing the minimum required distance between #legally required windows# and walls or #lot lines#, provided that no waiver shall authorize a minimum of less than 20 feet between #legally required windows# and walls or #lot lines#.

The Commission shall find that such modifications:

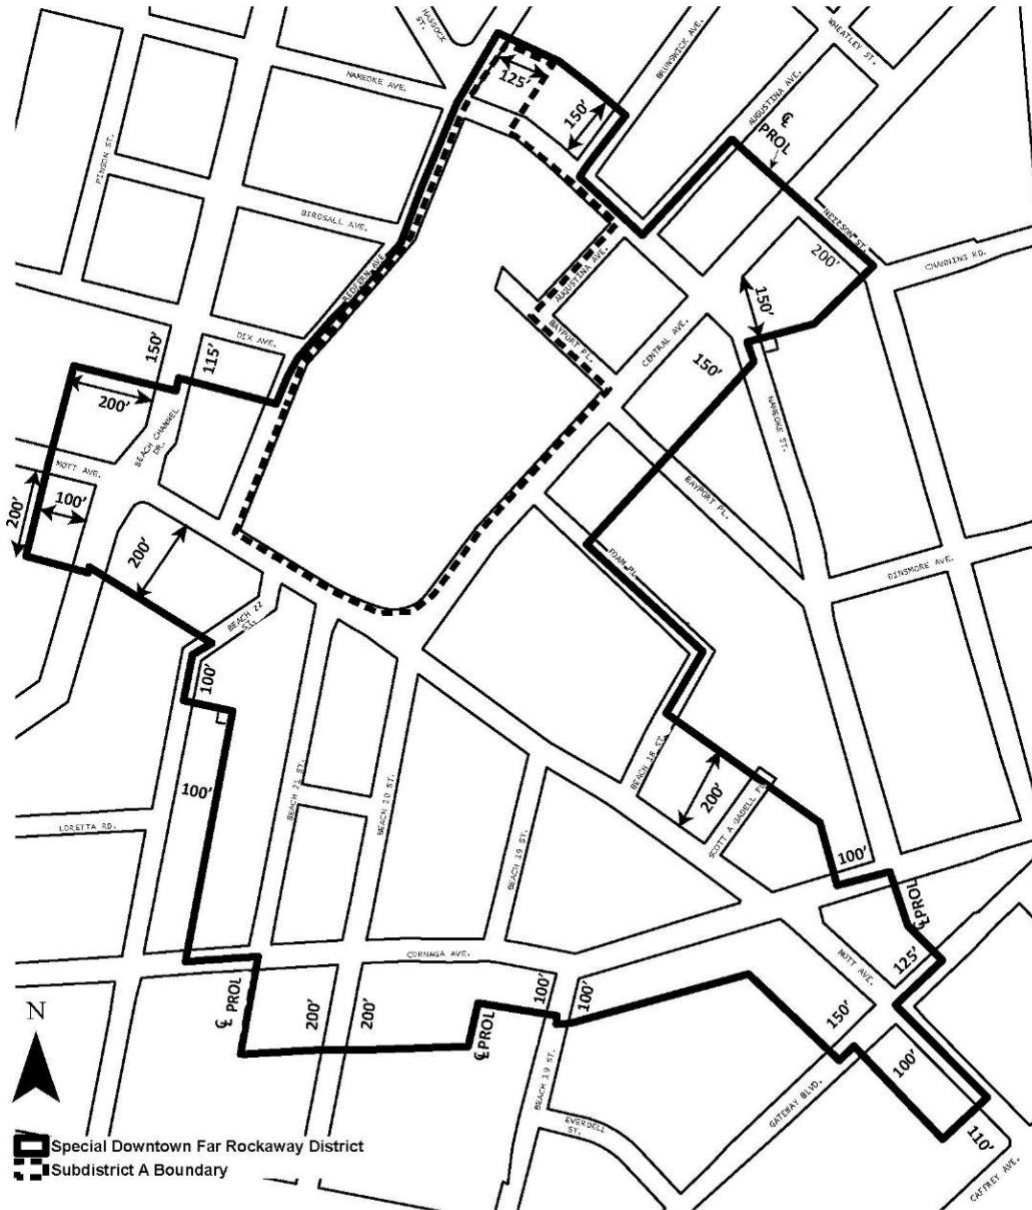

- (1) will aid in achieving the general purposes and intent of this Chapter as set forth in Section 136-00 (GENERAL PURPOSES);
- (2) will provide a better distribution of #bulk# on the #zoning lot#, resulting in a superior site plan, in which the #buildings# subject to this authorization and any associated open areas will relate harmoniously with one another and with adjacent #buildings# and open areas; and
- (3) will not unduly increase the #bulk# of any #building# or unduly obstruct access of adequate light and air to the detriment of the occupants or users of #buildings# on the #block# or nearby #blocks#, or of people using the public #streets# and other public spaces.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 7
Special Coastal Risk District**

(9/7/17)

**137-00
GENERAL PURPOSES**

The “Special Coastal Risk District” established in this Resolution is designed to promote and protect public health, safety and general welfare in coastal areas that are currently at exceptional risk from flooding and may face greater risk in the future. These general goals include, among others, the following specific purposes:

- (a) to limit the population in areas that are vulnerable to frequent flooding, including those areas exceptionally at risk from projected future tidal flooding;
- (b) to reduce the potential for property damage and disruption from regular flood events and support the City’s capacity to provide infrastructure and services;
- (c) to promote consistency with planned improvements, neighborhood plans, and other measures to promote drainage, coastal protection, open space and other public purposes;
- (d) provide sound planning in areas that have historically been occupied by wetlands and, where plans exist, for such areas to be maintained as open space; and
- (e) to promote the most desirable use of land and thus conserve the value of land and buildings, and thereby protect the City’s tax revenue.

(10/7/21)

**137-10
GENERAL PROVISIONS**

The provisions of this Chapter shall apply in the #Special Coastal Risk District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of

this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control, except as specifically modified in this Chapter.

(7/14/22)

137-11 District Plan and Maps

The District Maps are located in the Appendix to this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

- Map 1 #Special Coastal Risk District# 1 (CR-1), in Broad Channel, Community District 14, Borough of Queens
- Map 2 #Special Coastal Risk District# 2 (CR-2), in Hamilton Beach, Community District 10, Borough of Queens
- Map 3 #Special Coastal Risk District# 3 (CR-3), encompassing New York State Enhanced Buyout Areas in Graham Beach and Ocean Breeze, Community District 2, Borough of Staten Island
- Map 4 #Special Coastal Risk District# 3 (CR-3), encompassing New York State Enhanced Buyout Areas in Oakwood Beach, Community District 3, Borough of Staten Island
- Map 5 #Special Coastal Risk District# 4 (CR-4), in Gerritsen Beach, Community District 15, Borough of Brooklyn
- Map 6 #Special Coastal Risk District# 5 (CR-5), in Edgemere, Community District 14, Borough of Queens.

(7/14/22)

137-12

Applicability of Special Regulations

The special #use# and #bulk# regulations of this Chapter shall apply in the #Special Coastal Risk District# as set forth in the following table:

SPECIAL REGULATIONS

#Special Coastal Risk District#	#Residential Use# (137-21)	#Community Facility Use# (137-22)	Modified #Bulk# Requirements (137-31)	Modifications to Article V (137-40)	Special Requirements (137-50)
CR-1 (Broad Channel, Queens)	x	x			
CR-2 (Hamilton Beach, Queens)	x	x	x		
CR-3 (buyout areas, Staten Island)	x	x		x	x
CR-4 (Gerritsen Beach, Brooklyn)	x	x	x		
CR-5 (Edgemere, Queens)	x	x			

(6/21/17)

**137-20
SPECIAL USE REGULATIONS**

The special #use# regulations of this Section 137-20, inclusive, shall apply in the #Special Coastal Risk Districts# as set forth in the table in Section 137-12 (Applicability of Special Regulations).

(7/14/22)

**137-21
Residential Use**

In #Special Coastal Risk Districts#, #residential uses# shall be permitted as follows:

- (a) In #Special Coastal Risk Districts# 1 and 3, #residential uses# shall be limited to #single-

family# #detached residences#.

- (b) In #Special Coastal Risk District# 2, #residential uses# shall be limited to #single-# or #two-family# #detached residences#.
- (c) In #Special Coastal Risk District# 4, #residential uses# shall be permitted as follows:
 - (1) for #zoning lots# with a #lot area# of less than 3,000 square feet, #residential uses# shall be limited to #detached# or #semi-detached# #single-family residences#; and
 - (2) for #zoning lots# with a #lot area# of 3,000 square feet or more, #residential uses# shall be limited to #detached# or #semi-detached# #single-# or #two-family residences#.
- (d) In #Special Coastal Risk District# 5, #residential uses# shall be permitted as follows:
 - (1) in R3A and C3A Districts, #residential uses# shall be limited to #single-family detached residences#; and
 - (2) in R4-1 Districts:
 - (i) for #zoning lots# with a #lot width# of less than 25 feet, #residential uses# shall be limited to #single-family detached residences#; and
 - (ii) for #zoning lots# with a #lot width# of 25 feet or more, #residential uses# shall be limited to #single-# or #two-family detached residences#.

The inclusion of #accessory# #residential uses# shall not be precluded by the provisions of this Section.

(9/7/17)

137-22

Community Facility Use

In #Special Coastal Risk Districts#, #community facilities# with sleeping accommodations shall not be permitted.

In #lower density growth management areas# in #Special Coastal Risk District# 3, the regulations for #community facility uses# of the underlying districts shall be modified as follows:

- (a) ambulatory diagnostic or treatment health care facilities shall be limited on any #zoning

lot# to 1,500 square feet of #floor area#, including #cellar# space; and

- (b) all #community facility uses# shall be subject to the maximum #floor area ratio#, and special #floor area# limitations, applicable to R3-2 Districts set forth in Section 24-162 (Maximum floor area ratios and special floor area limitations for zoning lots containing residential and community facility uses in certain districts).

(6/21/17)

**137-30
SPECIAL BULK REGULATIONS**

The special #bulk# regulations of this Section 137-30, inclusive, shall apply to #buildings# in the #Special Coastal Risk Districts# as set forth in the table in Section 137-12 (Applicability of Special Regulations).

(6/21/17)

**137-31
Minimum Lot Width**

In #Special Coastal Risk District# 2, the regulations of Section 23-32 (Minimum Lot Area or Lot Width for Residences) are modified such that the minimum #lot width# for a #two-family detached residence# in an R3A District shall be 40 feet.

(5/12/21)

**137-32
Height and Setback Regulations**

In #Special Coastal Risk District# 4, all #detached# or #semi-detached# #single-# or #two-family residences# shall be subject to the height and setback provisions set forth in Section 64-333 (Height and setback regulations for cottage envelope buildings).

(5/12/21)

**137-40
SPECIAL APPLICABILITY OF ARTICLE V**

In #Special Coastal Risk District# 3, the provisions of Article V, Chapter 2 (Non-conforming Uses) shall be modified as set forth in this Section. In addition, the provisions of Article VI, Chapter 5 (Special Regulations Applying in Designated Recovery Areas) and Section 64-61 (Special Provisions for Non-conforming Uses) shall not apply.

#Non-conforming# #uses# may not be #enlarged# or #extended#. In addition, should 50 percent or more of the #floor area# of a #building# containing a #non-conforming# #use# be damaged or destroyed after September 7, 2017, the #building# may be repaired, #incidentally altered# or reconstructed only for a #conforming# #use#.

(5/12/21)

137-50

SPECIAL REQUIREMENTS FOR DEVELOPMENTS AND ENLARGEMENTS

In #Special Coastal Risk District# 3, no #development# or horizontal #enlargement# shall occur, except where authorized by the City Planning Commission pursuant to Sections 137-51 (Authorization for Development of Single Buildings and Enlargements) or 137-52 (Authorization for Development of Multiple Buildings), as applicable. In addition, the provisions of Article VI, Chapter 5 (Special Regulations Applying in Designated Recovery Areas) and Section 64-60 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS) shall not apply.

For the purposes of determining which authorization shall be applicable, the #zoning lot# upon which the #development# shall occur shall be considered to be a tract of land that existed under separate ownership from all adjoining tracts of land on April 24, 2017.

For the purposes of such authorizations, the alteration of any existing #building# resulting in the removal of more than 75 percent of the #floor area# and more than 25 percent of the perimeter walls of such existing #building#, and the replacement of any amount of #floor area#, shall be considered a #development#.

The provisions of Section 137-50, inclusive, shall not apply to the reconstruction of a garage #accessory# to a #single-family residence# or #two-family residence#.

The provisions of Section 73-71 (Special Permit for Modification of Certain Zoning Regulations) shall be inapplicable to a #building# that is #developed# pursuant to this Section, inclusive.

(9/7/17)

137-51

Authorization for Development of Single Buildings and Enlargements

The City Planning Commission may authorize a horizontal #enlargement#, or a #development# consisting of no more than one #building# containing a non-#accessory# #use#, on one or more #zoning lots#, and may modify the #bulk# regulations of the underlying district, except #floor area ratio# regulations, provided that:

- (a) the site plan, to the extent practicable, minimizes the need for new paving and impervious surfaces upon the #zoning lot#;
- (b) the site plan provides access to the new or #enlarged building# using #streets# that were improved and open to traffic on the date of application for an authorization, and which serve other occupied #buildings#;
- (c) the site plan, to the extent practicable, minimizes adverse effects on wetlands, planned open space, drainage, or other functions in the surrounding area;
- (d) the resulting #building# and other site improvements would not impair the essential ecological character of the surrounding area for its future use as open space;
- (e) the site plan and resulting #building# incorporate such measures as are reasonable to minimize risks to public safety from natural hazards such as flooding and wildfires; and
- (f) where the Commission is modifying #bulk# regulations, such modifications are the minimum necessary to protect, or provide buffering from, wetlands or wetland-adjacent areas.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(9/7/17)

137-52

Authorization for Development of Multiple Buildings

The City Planning Commission may authorize a #development# consisting of more than one #building# on one or more #zoning lots#, and may modify the #bulk# regulations of the underlying district, except #floor area ratio# regulations, provided that:

- (a) all #zoning lots# comprising such #development# together provide a minimum of 9,500 square feet of #lot area# per #building#, where no portion of such #lot area# shall contain delineated wetland on a wetland survey reviewed by the New York State Department of Environmental Conservation (NYSDEC). Such review by the NYSDEC shall have occurred no more than two years prior to the date of application for this authorization;

- (b) the #development# satisfies the findings of paragraphs (a) through (e) of Section 137-51 (Authorization for Development of Single Buildings and Enlargements);
- (c) where the Commission is modifying #bulk# regulations, such modifications shall:
 - (1) facilitate the configuration of #buildings# in order to protect, or provide buffering from, adjacent wetlands, open space and natural resources;
 - (2) facilitate, to the extent practicable, the configuration of #buildings# in proximity to the location of existing #buildings# within the area;
 - (3) limit the need for new paving and impermeable surfaces; and
 - (4) be consistent with the scale and character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 8
Special East Harlem Corridors District**

(11/30/17)

**138-00
GENERAL PURPOSES**

The “Special East Harlem Corridors District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage and guide the development of East Harlem as a dynamic mixed-use neighborhood by permitting the expansion and development of residential, commercial, community facility and light manufacturing uses in appropriate areas;
- (b) to encourage the development of residential uses along appropriate corridors;
- (c) to encourage the development of permanently affordable housing;
- (d) to facilitate the development of high-density commercial and manufacturing uses in order to locate jobs near transit connections;
- (e) to enhance the vitality of both existing and emerging commercial corridors by ensuring that ground floor frontages are occupied by active uses that enliven the pedestrian experience along the street;
- (f) to ensure that the form and use of new buildings relates to and enhances neighborhood character and responds to unique neighborhood conditions such as the Park Avenue viaduct; and
- (g) to promote the most desirable use of land in the area and thus preserve, protect and enhance the value of land and buildings and thereby protect City tax revenues.

(10/7/21)

138-01

General Provisions

The provisions of this Chapter shall apply within the #Special East Harlem Corridors District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(11/30/17)

138-02

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special East Harlem Corridors District# Plan. The District Plan includes the map, “Special East Harlem Corridors District and Subdistrict,” in the Appendix to this Chapter which is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(11/30/17)

138-03

Subdistrict

In order to carry out the provisions of this Chapter, the Park Avenue Subdistrict is established within the #Special East Harlem Corridors District#. The location of the Subdistrict is shown in the Appendix to this Chapter.

(11/30/17)

138-04

Applicability

(11/30/17)

138-041

Applicability of Article IX, Chapter 5

In the event of a conflict between the provisions of this Chapter and Article IX, Chapter 5 (Special Transit Land Use District), the provisions of Article IX, Chapter 5 shall control.

(11/30/17)

138-042

Applicability of Article XII, Chapter 3

In M1 Districts paired with a #Residence District#, the special #use#, #bulk# and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use Districts) shall apply, except where modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(11/30/17)

138-043

Applicability of the Quality Housing Program

In the #Special East Harlem Corridors District#, #buildings# containing #residences# shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(11/30/17)

138-044

Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program set forth in Section 23-90 (INCLUSIONARY HOUSING), the #Special East Harlem Corridors District# shall be a #Mandatory Inclusionary Housing area#.

(11/30/17)

**138-10
SPECIAL USE REGULATIONS**

The #use# regulations of the underlying districts, or Article XII, Chapter 3 (Special Mixed Use Districts), as applicable, are modified by the provisions of this Section, inclusive.

(6/6/24)

**138-11
Location of Residential Use Within Buildings**

In C4 or C6 Districts, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial# #uses# are located above any #story# containing #dwelling units#.

(6/6/24)

**138-12
Public Parking Garages**

C1-5 C2-5 C4-6 C6-4 M1-6/R9 M1-6/R10

In the districts indicated, for the purpose of applying regulations applicable to #public parking garages# set forth in Article III, Chapter 2 (Use Regulations) and Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), the regulations applicable to C2-4 Districts shall apply to all districts.

(11/30/17)

**138-20
SPECIAL BULK REGULATIONS**

In the #Special East Harlem Corridors District#, all #developments# and #enlargements# shall comply with the #bulk# regulations for #Quality Housing buildings#, as modified by the

provisions of this Section, inclusive.

In all districts, the #floor area# provisions of Section 138-21 (Floor Area Regulations), inclusive, and the #street wall# location provisions of Section 138-22 (Street Wall Regulations), shall apply. In #Commercial Districts#, the height and setback provisions of Section 138-23 (Height and Setback Regulations in Commercial Districts) shall apply. In M1 Districts paired with an R9 or R10 District, the height and setback provisions set forth in Section 138-24 (Height and Setback Regulations in M1 Districts Paired With an R9 or R10 District) shall apply.

(11/30/17)

**138-21
Floor Area Regulations**

Within the #Special East Harlem Corridors District#, the underlying #floor area# regulations shall apply as modified in this Section, inclusive.

(2/8/24)

**138-211
Special floor area regulations**

- (a) In certain #Commercial Districts# and in #Manufacturing Districts# paired with a #Residence District#, as shown on Map 2 of the Appendix to this Chapter, for any #zoning lot# containing #residential# #floor area#, the maximum #residential# #floor area ratio# shall be modified as follows:
 - (1) for #zoning lots# complying with the applicable provisions of paragraph (d)(3) of Section 23-154 (Inclusionary Housing) or, for #affordable independent residences for seniors#, the maximum #residential# #floor area ratio# set forth on Map 2 shall apply;
 - (2) for #zoning lots# utilizing the provisions of paragraphs (d)(4)(i) or (d)(4)(iii) of Section 23-154, the maximum #residential# #floor area ratio# shall apply as modified in the table below:

Maximum #residential# #floor area ratio# shown on Map 2	Modified maximum #residential# #floor area ratio#
8.5	7.52
9.0	7.52
10.0	9.0

- (3) except in C2 Districts subject to the provisions of paragraph (b) of this Section, the maximum #floor area ratio# for any combination of #uses# shall be the maximum #floor area ratio# specified in paragraphs (a)(1) or (a)(2) of this Section, whichever is applicable; and
 - (4) in C4-6 Districts and in C2 Districts mapped within an R9 or R10 District, the #floor area# provisions of Sections 33-13 (Floor Area Bonus for a Public Plaza) or 33-14 (Floor Area Bonus for Arcades) shall not apply.
- (b) In C2 Districts mapped within an R7D District that is also located within 100 feet of Park Avenue, the maximum #community facility# #floor area ratio# shall be 6.5, except that the applicable provisions of paragraph (d) of Section 33-121 (In districts with bulk governed by Residence District bulk regulations) shall apply to #zoning lots# containing philanthropic or non-profit institutions with sleeping accommodations or #long-term care facilities#.
 - (c) In the C4-6 District that is located on the west side of Third Avenue between East 121st Street and East 122nd Street, the maximum #commercial# #floor area ratio# shall be 7.2.
 - (d) For #transit-adjacent sites# or #qualifying transit improvement sites#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control. For the purposes of this paragraph, defined terms additionally include those in Section 66-11 (Definitions).

(10/7/21)

138-212

Additional floor area regulations in the Park Avenue Subdistrict

Within the Park Avenue Subdistrict, as shown on Map 1 of the Appendix to this Chapter, the #floor area ratio# regulations of paragraphs (a) and (b) of Section 138-211 are further modified in this Section.

- (a) Required non-#residential# #floor area ratio#

Where a #development# or #enlargement# of a #building# on a #zoning lot#, or portion thereof, located within the Park Avenue Subdistrict contains #residential# #floor area#, such #zoning lot# shall provide a minimum non-#residential# #floor area ratio# as set forth below:

- (1) in M1-6 Districts paired with an R9 District, a minimum non-#residential# #floor

area ratio# of 1.0 shall be provided;

- (2) in C6-4 Districts, and in M1-6 Districts paired with an R10 District whose maximum #residential# #floor area ratio# is 10.0, a minimum non-#residential# #floor area ratio# of 1.5 shall be provided; and
 - (3) in M1-6 Districts paired with an R10 District whose maximum #residential# #floor area ratio# is 12.0, a minimum non-#residential# #floor area ratio# of 1.5 shall be provided.
- (b) Maximum #floor area ratio# for #zoning lots# within M1-6 Districts paired with an R9 District

In M1-6 Districts paired with an R9 District, the maximum #floor area ratio# for any #use#, or any combination of #uses#, shall not exceed 8.5.

- (c) Modified maximum #floor area ratio# for certain #zoning lots#

The #floor area ratios# set forth in paragraphs (a) and (b) of this Section, and in Section 138-211, shall be modified, as follows:

- (1) the minimum non-#residential# #floor area# requirements set forth in paragraph (a) of this Section shall be optional for #zoning lots# existing on or before November 30, 2017, with a #lot area# of less than 5,000 square feet;
- (2) for #zoning lots# subject to paragraph (c)(1) of this Section, the maximum #floor area ratio# for all #uses# shall be set forth as follows:

Maximum #floor area ratio# shown on Map 2	Modified maximum #floor area ratio#
8.5	7.52
10.0	9.0

(5/12/21)

138-22 Street Wall Regulations

All #developments# and #enlargements# within the #Special East Harlem Corridors District# shall comply with the #street wall# regulations of Section 35-651 (Street wall location), as specified and modified in this Section. Where M1 Districts are paired with R9 or R10 Districts, #developments# and #enlargements# within such districts shall comply with the provisions of paragraph (b) of this Section. The applicable provisions of Section 35-651 are specified and

modified as follows:

(a) Along #wide streets# other than Park Avenue

Along all #wide streets# other than Park Avenue, and along #narrow streets# within 50 feet of an intersection with such #wide street#, the provisions of paragraph (b) of Section 35-651 shall apply, except that the minimum base height shall be 60 feet, or the height of the #building#, whichever is less.

(b) Along Park Avenue

Along Park Avenue and along #narrow streets# located within 100 feet of Park Avenue, the provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 40 feet, or the height of the #building#, whichever is less.

(c) Along all other #streets#

Along all #streets# not subject to the provisions of paragraph (a) or (b) of this Section, the provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 60 feet, or the height of the #building#, whichever is less.

(d) Within #flood zones#

For #buildings# within the #flood zone#, the provisions of paragraphs (a), (b) and (c) of this Section, as applicable, shall be modified as follows:

- (1) for #developments# or horizontal #enlargements#, or portions thereof, where no transparent materials are provided on the #ground floor level street wall# below a height of four feet above the level of the adjoining sidewalk pursuant to the provisions of Section 37-34 (Minimum Transparency Requirements), for a continuous distance of more than 25 feet, such #street wall# shall be located at least three feet beyond the #street line#; and
- (2) the area between such #street wall# and the sidewalk, or portions thereof, that do not contain any planting pursuant to the provisions of paragraph (b)(1) of Section 37-362 (Mitigation elements) for at least 70 percent of the linear footage, shall be improved to Department of Transportation standards for sidewalks, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. In addition, such area shall provide visual mitigation elements in accordance with the provisions of Section 37-362 for at least 70 percent of the linear footage of such area per 50 feet of frontage.

(6/6/24)

138-23

Height and Setback Regulations in Commercial Districts

In #Commercial Districts#, the underlying height and setback provisions are modified as follows:

(a) Basic Height and Setback Regulations

In #Commercial Districts#, the maximum height of #buildings or other structures# shall be as set forth in Sections 35-652 (Maximum height of buildings and setback regulations) or 35-654 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, except that:

- (1) the minimum base heights shall be modified by the provisions of Section 138-22 (Street Wall Regulations);
- (2) in C2 Districts mapped within an R9 District that is also located within 100 feet of Third Avenue, the maximum #building# #height# for #buildings# utilizing the provisions of Section 35-654 shall be modified to 215 feet, and the maximum number of #stories# permitted pursuant to such Section shall be 21;
- (3) in C4-6 Districts whose maximum #residential# #floor area ratio# is 9.0, as set forth on Map 2 of the Appendix to this Chapter, the applicable provisions of Sections 35-652 or 35-654 for R9 Districts shall apply, except that the minimum base height set forth in Section 138-22 shall apply, the maximum #building# height for #buildings# utilizing the provisions of Section 35-654 shall be modified to 215 feet, and the maximum number of #stories# permitted pursuant to Section 35-654 shall be 21;
- (4) in a C2 District mapped within an R7D District that is also located within 100 feet of Park Avenue, the maximum #building# height for #buildings# utilizing the provisions of Section 35-654 shall be modified to 125 feet and the maximum number of stories permitted pursuant to such Section shall be 12; and
- (5) where applicable, in lieu of the provisions of this paragraph, the provisions of paragraph (b) of this Section may be applied.

(b) Alternate Height and Setback Regulations in Certain Districts

In C2 Districts mapped within an R9 or R10 District, or in C4-6 or C6-4 Districts, as an alternative to the provisions of paragraph (a) of this Section, the provisions of this paragraph may be applied to #zoning lots# meeting the applicable criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), or to #zoning lots# where 50 percent or more of the #floor area# is occupied by non-#residential uses#.

(1) Setbacks

At a height not lower than the minimum base height specified in Section 138-22 (Street Wall Regulations), nor higher than a maximum base height of 85 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). Above such required setback, any portion of such #building# shall be considered a “tower.”

(2) #Lot coverage# requirements for towers

Each #story# of a tower containing #residential# #floor area# shall not exceed a maximum #lot coverage# of 40 percent, except that, for #zoning lots# of less than 20,000 square feet, such #lot coverage# may be increased in accordance with the table in Section 23-65 (Tower Regulations). Each #story# of a tower containing exclusively non-#residential# #floor area# shall not exceed a maximum #lot coverage# of 50 percent. However, where dormers are provided within the required setback, such portions of #buildings# shall not count toward the maximum allowable tower #lot coverage# set forth in this paragraph.

(3) Maximum tower height

- (i) The maximum tower height shall be set forth on Map 3 of the Appendix to this Chapter.
- (ii) In C2 Districts mapped within R9 Districts that are also located within the #Special Transit Land Use District#, for #zoning lots# which include a transit easement in accordance with the applicable provisions of Article IX, Chapter 5 (Special Transit Land Use District), the maximum tower height shall be:
 - (a) 325 feet for #zoning lots# which include ancillary facilities with emergency egress and/or ventilation structures as specified in Section 95-032 (Determination of transit easement at other stations); and
 - (b) 215 feet for #zoning lots# which include only transit facilities specified in Section 95-032 other than ancillary facilities with emergency egress and/or ventilation structures.

(11/30/17)

138-24

Height and Setback Regulations in M1 Districts Paired With an R9 or R10 District

In M1 Districts paired with an R9 or R10 District, the applicable #street wall# location and minimum base height provisions of paragraph (b) of Section 138-22 (Street Wall Regulations) shall apply, and the applicable maximum height of #buildings or other structures# and setback provisions set forth in Section 123-66 (Height and Setback Regulations), inclusive, shall apply as modified in this Section.

- (a) In M1 Districts paired with an R9 District, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 105 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). The maximum #building# height shall be 215 feet;
- (b) in M1 Districts paired with an R10 District whose maximum #floor area ratio# is 10.0, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 155 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662. The maximum #building# height shall be 275 feet; and
- (c) in M1 Districts paired with an R10 District whose maximum #floor area ratio# is 12.0, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 155 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662. The maximum #building# height shall be 295 feet.

(6/6/24)

138-30 STREETSCAPE REQUIREMENTS

(6/6/24)

138-31 Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# facing Second Avenue, Third Avenue, Lexington Avenue, Park Avenue and East 116th Street, or portions thereof, shall be considered #Tier C street frontages#.

Defined terms in this Section shall include those in Sections 12-10 and 32-301.

(5/12/21)

138-32

Off-street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# of at least 5,000 square feet that fronts on a portion of sidewalk containing a stairway entrance or entrances into the 116th Street Station of the Lexington Avenue subway line, such #development# or #enlargement# shall be subject to the regulations of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR).

(11/30/17)

138-40

OFF-STREET PARKING AND LOADING REGULATIONS

The applicable parking and loading regulations of Article II, Chapter 5, Article III, Chapter 6, Article IV, Chapter 4 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS) or Section 123-70 (PARKING AND LOADING), inclusive, shall be modified in this Section, inclusive.

(11/30/17)

138-41

Accessory Off-street Parking Spaces for Residences

In the #Special East Harlem Corridors District#, no #accessory# off-street parking shall be required for #residences#. Off-street parking shall be permitted in accordance with the underlying district regulations.

(2/8/24)

138-42

Special Permit for Accessory Off-street Commercial Loading Spaces

Within C4-6 Districts, the City Planning Commission may, by special permit, allow a reduction or waiver in the number of required loading berths, provided that:

- (a) curbside deliveries will not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not interfere with the efficient

functioning of nearby #uses#, and

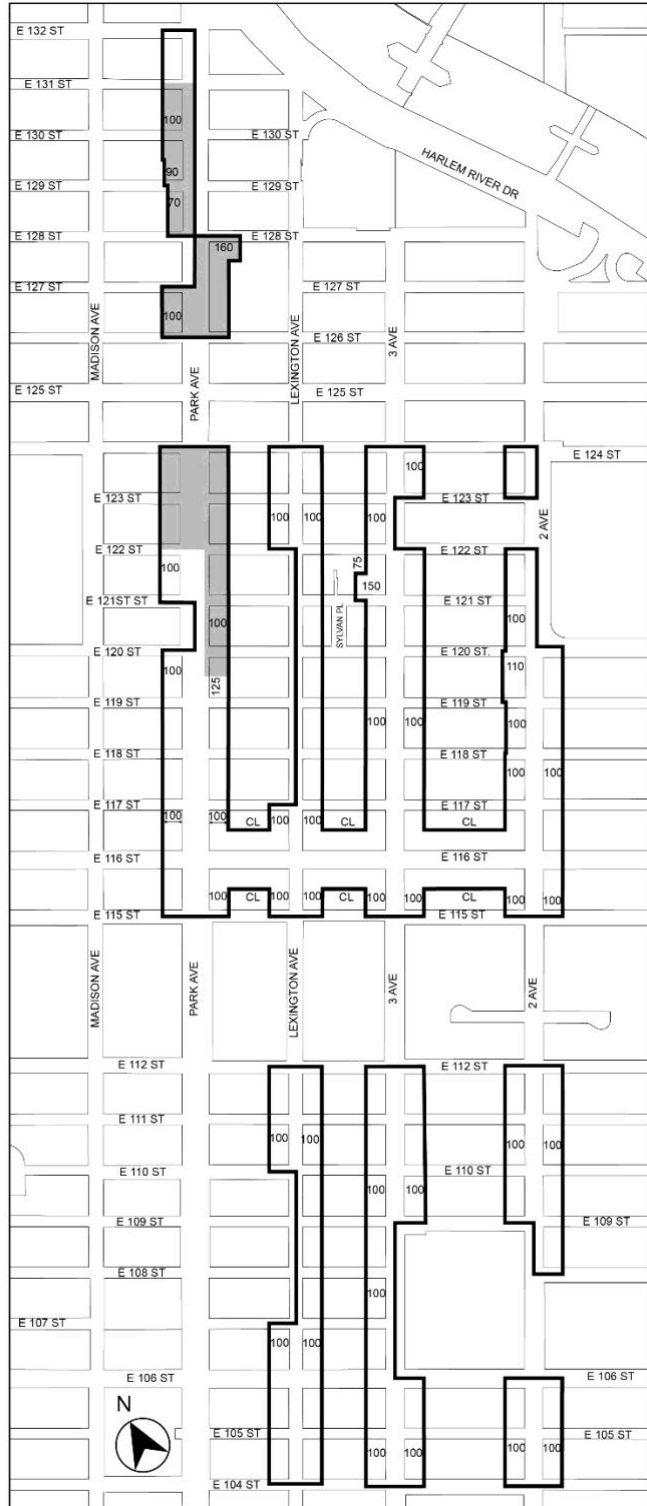

- (b) an efficient goods receiving system will be implemented within the #commercial# establishment to expedite the movement of goods from the curb to areas within the establishment.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**ARTICLE XIII
SPECIAL PURPOSE DISTRICTS**

**Chapter 9
Special Gowanus Mixed Use District**

(11/23/21)

**139-00
GENERAL PURPOSES**

The “Special Gowanus Mixed Use District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Gowanus neighborhood and the greater community. These general goals include, among others, the following specific purposes:

- (a) to recognize and enhance the vitality and character of an existing mixed use neighborhood;
- (b) to encourage stability and growth in the Gowanus neighborhood by permitting compatible light manufacturing and residential uses to coexist;
- (c) to encourage investment in a mixed use neighborhood by permitting the expansion and new development of a wide variety of uses in a manner that ensures the health and safety of residents and employees;
- (d) to improve the physical appearance of the streetscape by providing and coordinating harmonious open space, sidewalk amenities and landscaping within a consistent urban design;
- (e) to promote and enhance visual and physical access to and around the Gowanus Canal;
- (f) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (g) to expand local employment opportunities and to promote the opportunity for workers to live in the vicinity of their work; and
- (h) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect the City’s tax revenues.

(6/6/24)

139-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. Other defined terms are set forth in Sections 12-10, 32-301, 37-311, 62-11 and 66-11. The definition of #development# shall be as set forth in Section 12-10, except where otherwise specified.

Gowanus mix uses

“Gowanus mix uses” are #community facility#, #commercial#, and #manufacturing uses# set forth in Section 139-12 (Gowanus Mix Uses).

Gowanus retail and entertainment uses

“Gowanus retail and entertainment uses” are #community facility# and #commercial uses# set forth in Section 139-13 (Gowanus Retail and Entertainment Uses).

Mixed use district

In the #Special Gowanus Mixed Use District#, a “mixed use district” shall be any M1 District paired with a #Residence District#, as indicated on the #zoning maps#. For the purposes of applying provisions of districts adjacent to a #mixed use district#, a #mixed use district# shall be considered a #Manufacturing District#.

Select community facility uses

For the purposes of this Chapter, the following #community facility uses# shall also be considered “select community facility uses”:

Houses of worship, rectories or parish houses; and

Health facilities requiring approval under Article 28 of the Public Health Law of the State of New York that, prior to July 10, 1974, have received approval of Part I of the required application from the Commissioner of Health.

(11/23/21)

139-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Gowanus Mixed Use District#, the regulations of this Chapter shall apply within the #Special Gowanus Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(11/23/21)

139-021

Applicability of regulations to the Gowanus Canal

In the #Special Gowanus Mixed Use District#, all #blocks# bounding the Gowanus Canal shall be considered #waterfront blocks# within the #waterfront area#, and the provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), as modified by the provisions of this Chapter, shall apply.

All #zoning lots# having a boundary within or coincident with the boundaries of the Gowanus Canal, shall be considered #waterfront zoning lots#. All portions of such a #zoning lot# shall be included as part of the #upland lot# and deemed to be #lot area#, regardless of the location of the #shoreline#.

For the purposes of this Chapter, the boundaries of the Gowanus Canal shall be as shown on the City Map, and shall include the First Street Basin.

(11/23/21)

139-022

Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90 (INCLUSIONARY HOUSING), #Mandatory Inclusionary Housing areas# within the #Special Gowanus Mixed Use District# are shown on the maps in APPENDIX F (Inclusionary Housing Areas and Mandatory Inclusionary Housing Areas) of this Resolution. Such provisions are modified by the provisions of this Chapter.

(11/23/21)

139-023**Applicability of the Quality Housing Program**

In the #Special Gowanus Mixed Use District#, all #buildings# containing #residences# shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 (The Quality Housing Program) shall apply. Such #buildings# shall be considered #Quality Housing buildings#

(11/23/21)

139-024**Applicability of Article VI, Chapter 4**

In the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(11/23/21)

139-025**Applicability of Article VI, Chapter 6**

For #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(11/23/21)

139-026**Applicability of Article XII, Chapter 3**

In #Mixed Use Districts#, the special #use#, #bulk#, and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use Districts) shall apply, except where modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

Notwithstanding the provisions of Section 123-10, in the event of a conflict between the provisions of this Chapter and the provisions of Article XII, Chapter 3, the provisions of this

Chapter shall control.

(11/23/21)

139-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Gowanus Mixed Use District# Plan. The district plan includes the following maps in the Appendices to this Chapter:

Appendix A – #Special Gowanus Mixed Use District# Plan

Map 1	Subdistricts
Map 2	Subareas
Map 3	Ground Floor Use Requirements
Map 4	Sidewalk Widening Lines

Appendix B – Gowanus Canal Waterfront Access Plan

Map 1	Parcel Designation
Map 2	Public Access Elements
Map 3	Designated Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(11/23/21)

139-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, five subdistricts are established within the #Special Gowanus Mixed Use District#. In addition, subareas are established within Subdistricts B and D.

Subdistrict A – Fourth Avenue Subdistrict

Subdistrict B – Upland Blocks Subdistrict
Subarea B1
Subarea B2

Subdistrict C – North Canal Corridor Subdistrict

Subdistrict D – South Canal Corridor Subdistrict

Subarea D1
Subarea D2
Subarea D3
Subarea D4
Subarea D5
Subarea D6

Subdistrict E – First Street Subdistrict

The boundaries of the subdistricts are shown on Map 1 and the boundaries of the subareas are shown on Map 2 in Appendix A of this Chapter.

(11/23/21)

**139-10
SPECIAL USE REGULATIONS**

In Subdistricts A, B, C, and D the underlying #use# regulations shall be modified by the provisions of this Section, inclusive. In Subdistrict E, the underlying district regulations shall apply.

(11/23/21)

**139-11
Permitted Uses**

(6/6/24)

**139-111
Permitted uses in Manufacturing Districts**

In all #Manufacturing Districts#, in addition to the #uses# specified in Article IV, Chapter 2, the following #uses# shall also be permitted:

- (a) #uses# listed under Use Group III(B); and
- (b) #uses# listed under Food and Beverage Retailers in Use Group VI, without limitation as

to #floor area# per establishment.

(6/6/24)

139-112

Permitted uses in Mixed Use Districts

In all #Mixed Use Districts#, in addition to the #uses# specified in Article XII, Chapter 3, the following #uses# shall also be permitted:

- (a) #uses# listed under Food and Beverage Retailers in Use Group VI, without limitation as to #floor area# per establishment;
- (b) #uses# listed under Use Group VI with a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), shall be limited to 25,000 square feet of #lot area# per establishment; and
- (c) distilleries listed under Use Group X shall be permitted, without limitation as to #floor area# per establishment.

(6/6/24)

139-12

Gowanus Mix Uses

For the purposes of applying the special #bulk# regulations of Section 139-212 (Gowanus mix), #Gowanus mix uses# shall include #referenced commercial and manufacturing uses#, as well as libraries, museums, community centers, non-commercial art galleries and philanthropic or non-profit institutions without sleeping accommodations listed under Use Group III. However, automotive repair and maintenance establishments listed under Use Group VI shall not be included.

(6/6/24)

139-13

Gowanus Retail and Entertainment Uses

For the purposes of applying the basic #floor area ratio# regulations of Section 139-21, #Gowanus retail and entertainment uses# shall be #uses# listed under Use Groups VI or VIII, other than those included in #referenced commercial and manufacturing uses#.

(11/23/21)

139-14
Supplementary Use Regulations

(6/6/24)

139-141
Location of commercial uses in mixed buildings

In C4 Districts, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section shall be modified to apply to #buildings# constructed before November 23, 2021, and the requirements in paragraph (b) of such Section shall apply only where #commercial# #uses# are located above any #story# containing #dwelling units#. In addition, the provisions of paragraph (d) of Section 32-422 shall be modified such that eating or drinking establishments listed under Use Group VI shall be permitted on a #story# above #dwelling units#.

(6/6/24)

139-142
Enclosure of uses

In #Manufacturing Districts#, the underlying regulations of Section 42-50 (SUPPLEMENTARY USE REGULATIONS) shall apply, except that all storage of materials or products shall be located within #completely enclosed buildings# regardless of distance from a #Residence District#.

(11/23/21)

139-15
Special Sign Regulations

In the #Special Gowanus Mixed Use District#, the underlying #sign# regulations shall apply, except that:

- (a) in #Manufacturing Districts#, the #sign# regulations of a C6-1 District, as set forth in

Section 32-60, shall apply; and

- (b) any #accessory signs# that are provided adjacent to a #shore public walkway# shall be governed by the provisions of Section 139-55 (Special Signage Regulations).

(11/23/21)

139-20 SPECIAL BULK REGULATIONS

In Subdistricts A, B, C and D, the #bulk# regulations of the applicable underlying districts shall be modified by the provisions of this Section, inclusive. In Subdistrict E, the underlying regulations shall apply.

In Subdistrict A, the provisions of Section 34-112 (Residential bulk regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) and paragraph (b) of Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5, or C6 Districts) shall be modified so that, in C4-4D Districts, the applicable #Residence District# shall be an R9A District, as modified by the provisions of this Chapter.

(6/6/24)

139-21 Floor Area Regulations

Basic #floor area# regulations are established in Section 139-211. Such regulations may be modified by the provisions of this Section, inclusive.

The basic maximum #floor area ratios# may be increased for certain #zoning lots# pursuant to Sections 139-212 (Gowanus mix) and 139-213 (Special floor area provisions for transit improvements).

Special regulations for #community facility floor area# on #zoning lots# containing #schools# are set forth in Section 139-214 (Special floor area provisions for zoning lots containing schools).

Special regulations for certain #zoning lots# are set forth in Section 139-215 (Special floor area provisions for zoning lots containing comfort stations) and 139-216 (Special floor area provisions for street improvements).

For the purposes of applying the provisions of Section 64-322 (Special floor area modifications for flood-resistant buildings), #primary frontages# shall be the locations designated on Map 3 in

the Appendix to this Chapter.

(11/23/21)

**139-211
Basic floor area regulations**

The maximum #floor area# regulations for each district in the #Special Gowanus Mixed Use District# shall be as set forth in the table in this Section.

Row A establishes the maximum #residential# #floor area ratio# for #MIH sites# where either #affordable floor area# is provided in accordance with the provisions of paragraphs (d)(3)(i) through (d)(3)(iv) or paragraph (d)(5) of Section 23-154 (Inclusionary Housing), or where a contribution to the #affordable housing fund# is made in accordance with paragraph (d)(3)(v) of such Section. For #zoning lots# subject to the provisions of paragraph (d)(4) of Section 23-154, the maximum #floor area ratio# shall be as set forth in Section 23-153 (For Quality Housing buildings).

Row B establishes a maximum #floor area ratio# for #community facility uses#, other than #select community facility uses#.

Row C sets forth the maximum #floor area ratio# for #select community facility uses# only. In addition, special regulations for #schools# are set forth in Section 139-214.

Row D establishes a maximum #floor area ratio# for #Gowanus retail and entertainment uses# only.

Row E establishes a maximum #floor area ratio# for all #commercial uses#, inclusive of #Gowanus retail and entertainment uses#.

Row F sets forth the maximum #floor area ratio# for #manufacturing# uses.

MAXIMUM FLOOR AREA RATIO

		C4-4D	M1-4		M1-4 / R6B	M1-4 / R6A	M1-4 / R7A	M1-4 / R7-2	M1-4 / R7X
			Subare a B1	Subare a B2					
A	Maximum #FAR# for #residential uses# for #MIH Sites#	8.5	-	-	2.2	3.6	4.6	4.4	5.4
B	Maximum #FAR# for #community facility uses#	6.5	3.6	2.7	2.0	3.0	4.0	4.0	5.0
C	Maximum #FAR# for #select community facility uses#	6.5	4.8	4.8	2.0	3.0	4.0	4.0	5.0

D	Maximum #FAR# for #Gowanus retail and entertainment uses#	3.4	2.0	2.0	2.0	2.0	2.0	2.0	2.0
E	Maximum #FAR# for #commercial uses#	3.4	3.6 ¹	2.7 ²	2.0	3.0	3.0	3.0	4.0
F	Maximum #FAR# for #manufacturing uses#	-	3.6 ¹	2.7 ²	2.0	3.0	3.0	3.0	4.0

¹ In #Manufacturing Districts# within Subarea B1, #commercial# and #manufacturing uses# which are also #Gowanus mix uses# shall have a maximum #floor area ratio# of 4.0.

² In #Manufacturing Districts# within Subarea B2, #commercial# and #manufacturing uses# which are also #Gowanus mix uses# shall have a maximum #floor area ratio# of 3.0.

(6/6/24)

**139-212
Gowanus mix**

In M1 Districts paired with R7-2 or R7X Districts, the provisions of this Section may be utilized to increase the maximum #floor area ratio# set forth Section 139-211 (Basic floor area regulations).

(a) Inclusion of #Gowanus mix uses#

For #zoning lots# with #buildings# containing both #residential# #uses# and #Gowanus mix uses#, the maximum #floor area ratio# may be increased by the amount of #Gowanus mix uses# provided on the #zoning lot#, up to a #floor area ratio# of 0.3.

(b) Inclusion of both #Gowanus mix uses# and non-#residential# #uses#

For #zoning lots# utilizing the provisions of paragraph (a) of this Section, the maximum #floor area ratio# may be further increased by the amount of non-#residential# #uses# provided on the #zoning lot#, up to a #floor area ratio# of 0.3.

(c) Compliance and recordation

A Notice of Restrictions, the form and content of which shall be satisfactory to the City Planning Commission, for a property subject to inclusion of #Gowanus mix uses# pursuant to this Section, shall be recorded against the subject tax lot in the Office of the City Register.

The filing and recordation of such Notice of Restrictions shall be a precondition to the issuance of any building permit utilizing the provisions set forth in this Section. The

recording information shall be referenced on the first certificate of occupancy to be issued after such notice is recorded, as well as all subsequent certificates of occupancy, for as long as the restrictions remain in effect.

(d) Annual reporting for #Gowanus mix uses#

No later than June 30 of each year, beginning in the first calendar year following the calendar year in which the first temporary or final certificate of occupancy was issued for a #building# utilizing the provisions of paragraph (b) of this Section, the #building# owner shall submit annually to the Chairperson of the City Planning Commission, Speaker of the City Council, and Brooklyn Community Board 6, a report on the existing conditions of #floor area# designated for #Gowanus mix uses# and include the information specified below:

- (1) the date of the most recent update of this information;
- (2) total #floor area# of the #Gowanus mix uses# in the #development#, pursuant to paragraph (b) of this Section;
- (3) the name of each establishment occupying #floor area# reserved for #Gowanus mix uses#. Such establishment name shall include that name by which the establishment does business and is known to the public. For each establishment, the amount of #floor area#, the Use Group, subgroup and specific #use# as listed in this Resolution shall also be included;
- (4) contact information, including the name of the owner of the #building# and the building management entity, if different, the name of the person designated to manage the #building#, and the street address, current telephone number and e-mail address of the management office. Such names shall include the names by which the owner and manager, if different, do business and are known to the public; and
- (5) all prior periodic notification information required pursuant to the provisions of this paragraph.

The report shall be submitted by any method, including e-mail or other electronic means, acceptable to the Chairperson of the City Planning Commission.

#Floor area# provided to satisfy the requirements of Section 139-41 (Streetscape Regulations) may not be utilized to satisfy the requirements of this Section.

(11/23/21)

139-213

Special floor area provisions for transit improvements

In #Commercial Districts#, the #floor area ratios# set forth in Section 139-211 (Basic floor area regulations) may be increased by up to 20 percent, pursuant to the provisions of Section 139-46 (Certification for Transit Improvements). Where the #residential# #floor area ratio# is increased, such additional #floor area# shall be exempt from the requirements of paragraph (d) of Section 23-154.

(11/23/21)

139-214

Special floor area provisions for zoning lots containing schools

(a) As-of-right provisions

The provisions of this paragraph (a) shall apply to #zoning lots# with a #lot area# greater than 30,000 square feet, and which contain #schools# constructed in whole or in part pursuant to an agreement with the New York City School Construction Authority and subject to the jurisdiction of the New York City Department of Education.

On such #zoning lots#, up to 60,000 square feet of floor space within such #school# or, in Subarea D4 up to 100,000 square feet of floor space within such #school#, shall be exempt from the definition of #floor area#.

(b) Special permit provisions

In #Manufacturing Districts# within Subareas B1 or B2, the Board of Standards and Appeals may permit the allowable #community facility# #floor area ratio# for #schools# to be increased to 4.8, provided that the Board finds that the distribution of #bulk# on the #zoning lot# will not unduly obstruct the access to light and air in and to adjoining properties or public #streets#, and will result in satisfactory site planning and satisfactory urban design relationships of #buildings# to adjacent #streets# and the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(11/23/21)

139-215

Special floor area provisions for zoning lots containing comfort stations

For #zoning lots# containing a comfort station provided in accordance with the provisions of paragraph (c)(2) of Section 139-51 (Area-wide Modifications), an area equal to 200 percent of

the floor space within such comfort station may be exempted from the definition of #floor area#.

(11/23/21)

139-216
Special floor area provisions for street improvements

In Subareas D4, D5, and D6, for #zoning lots# containing mapped #streets#, where such mapped #streets# will be improved and opened to the public, the provisions of this Section may apply.

(a) Street area

The #lot area# of a #zoning lot# adjacent to newly improved #street# may be considered to be increased by an amount equal to the area contained within the bed of such #street#, as measured from the centerline of such #street# to the #street line# adjoining the #zoning lot#.

(b) Transfer of #floor area#

#Residential floor area# may be transferred from a granting site to a receiving site located directly across the newly improved #street#, and may exceed the maximum #floor area ratio# permitted on the receiving site, provided that:

- (1) the owners of the granting site and the receiving site shall jointly notify the Department of City Planning, in writing, of their intent to transfer #residential# #floor area#. Such notification shall include a site plan showing the conditions and #floor area# calculations for the granting site and the receiving site, before and after the transfer;
- (2) no building permit shall be issued by the Department of Buildings for a #building# on a receiving site containing any such transferred #residential# #floor area# until the Chairperson of the City Planning Commission has certified to the Department of Buildings that plans submitted to the Department of City Planning comply with the requirements of this Section; and
- (3) no certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #residential# #floor area# until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such #building# has been constructed in accordance with the plan certified by the Chairperson pursuant to paragraph (b)(2) of this Section.

Notices of restrictions shall be filed by the owners of the granting site and the receiving site in the Office of the Register of the City of New York, indexed against the granting site and the receiving site(s), certified copies of which shall be submitted to the

Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a condition to issuance of a building permit for a #building# on the receiving site containing any such transferred #residential# #floor area#.

The transfer of #residential# #floor area#, once completed, shall irrevocably reduce the maximum #residential# #floor area# permitted on the granting site. Any #building# on a receiving site that uses the #residential# #floor area# so transferred shall comply with all other applicable #bulk# regulations of this Chapter.

(11/23/21)

139-22 Special Yard Regulations

The underlying #yard# and #rear yard equivalent# regulations shall apply, as modified by the provisions of this Section, inclusive.

(12/6/23)

139-221 Permitted obstructions in required yards

In all #Commercial#, #Manufacturing#, and #Mixed Use Districts#, the permitted obstruction provisions of paragraph (b)(2) of Section 33-23 and paragraph (b)(1) of Section 43-23 shall be modified such that, in any #rear yard#, any #building# or portion of a #building# used for any permitted non-#residential use# (except any #building# portion containing rooms used for living or sleeping purposes) shall be a permitted obstruction, provided that the height of such #building#, or portion thereof, shall not exceed two #stories#, excluding #basements#, nor in any event 30 feet above #curb level#. Any allowance for other permitted obstructions above a #building# in a #rear yard# or #rear yard equivalent# set forth in Section 33-23 or 44-23, as applicable, shall be permitted above such modified height limitations.

(11/23/21)

139-222 Rear yards and rear yard equivalents

In all #Manufacturing Districts#, the provisions of 43-26 (Minimum Required Rear Yards) and 43-261 (Beyond one hundred feet of a street line) shall not apply. In lieu thereof, a #rear yard#

shall be provided at the minimum depth set forth in the table below for the applicable height above the #base plane#, at every #rear lot line# on any #zoning lot#.

REQUIRED DEPTH OF REAR YARD

Height above #base plane#	Required depth
Below 65 feet	10
Above 65 feet and below 125 feet	15
Above 125 feet	20

In addition, in all #Manufacturing# and #Mixed Use Districts#, the provisions of Section 43-28 (Special Provisions for Through Lots) shall be modified such that no #rear yard equivalent# shall be required on any #through lot# or #through lot# portion of a #zoning lot#.

(11/23/21)

139-223

Required yards along district boundaries

In #Manufacturing# and #Mixed Use Districts#, the provisions of Section 43-304 (Required front yards along district boundary located in a street) shall not apply.

In #Commercial#, #Manufacturing#, and #Mixed Use Districts#, the underlying yard requirements applying along district boundaries of Sections 33-292 (Required yards along district boundary coincident with rear lot lines of two adjoining zoning lots), 33-293 (Required yards along district boundary coincident with side lot line of zoning lot in a Commercial District), 43-302 (Required yards along district boundary coincident with rear lot lines of two adjoining zoning lots) and 43-303 (Required yards along district boundary coincident with side lot line of zoning lot in a Manufacturing District), shall be superseded by the provisions of this Section as follows:

- (a) When #side# or #rear lot lines# coincide with a #side lot line# of a #zoning lot# in an adjoining #Residence District#, an open area not higher than #curb level#, and at least eight feet in depth, shall be provided; and
- (b) Where #side# or #rear lot lines# coincide with the #rear lot line# of a #zoning lot# in an adjoining #Residence District#, an open area not higher than 30 feet above #base plane# and at least 20 feet in depth, shall be provided.

(11/23/21)

139-224

Waterfront yards

The provisions of Section 62-33 (Special Yard Regulations on Waterfront Blocks) shall be modified such that a #waterfront yard# shall be provided in accordance with the provisions of Section 62-332 (Rear yards and waterfront yards) on all #waterfront zoning lots#, as that term is defined in Section 62-11, regardless of #use#.

The depth of the #waterfront yard# shall be measured from the #zoning lot line# adjoining the Gowanus Canal, or where the provisions of paragraph (f) of Section 139-51 (Area-wide Modifications) are utilized, from the bulkhead. The depth of the #waterfront yard# may be reduced as set forth in Section 62-332.

(11/23/21)

139-23

Special Height and Setback Regulations

The height and setback regulations of the applicable underlying districts are modified as follows:

- (a) In #Commercial Districts#, the height and setback regulations of Section 35-60 (MODIFICATION OF HEIGHT AND SETBACK REGULATIONS) shall apply to all #buildings#, as modified by the provisions of this Section, inclusive.
- (b) In #Mixed Use Districts#, the height and setback regulations of Section 123-60 (SPECIAL BULK REGULATIONS) shall apply, as modified by the provisions of this Section, inclusive.
- (c) In #Manufacturing Districts#, the underlying height and setback regulations of Sections 43-43 (Maximum Height of Front Wall and Required Front Setbacks), 43-44 (Alternate Front Setbacks), and 43-45 (Tower Regulations) shall not apply. In lieu thereof, minimum and maximum base heights and maximum heights for #buildings or other structures# shall be as set forth in this Section, inclusive. The other underlying regulations of Article IV, Chapter 3 (Bulk Regulations) shall apply, as modified by the provisions of this Section, inclusive.
- (d) The special #bulk# regulations applicable in the #waterfront area# of Section 62-30 (SPECIAL BULK REGULATIONS) shall not apply. In lieu thereof, the height and setback regulations of this Section, inclusive, shall control.

The height of all #buildings or other structures# shall be measured from the #base plane#.

(11/23/21)

139-231

General provisions

For the purposes of applying the applicable #bulk# regulations, the boundaries of #waterfront public access areas#, as well as #lot lines# abutting #public parks#, shall be considered #narrow# #street lines#.

Where a continuous sidewalk widening is provided along the entire frontage of a #zoning lot#, the interior boundary of such widening shall be considered a #street line# for the purpose of applying the height and setback regulations of this Chapter, except that where a sidewalk widening is provided pursuant to Section 139-43 (Sidewalk Widening Requirements), any setback required by this Section may be reduced by one foot for each foot by which the sidewalk is widened, provided that no setback shall be less than seven feet in depth.

Where a provision of this Chapter allows a modification to the maximum #building# height, and multiple modifications apply to a #building#, such modifications shall be applied cumulatively.

(12/6/23)

139-232

Permitted obstructions

In all districts, the underlying permitted obstruction regulations shall be modified by this Section.

(a) Balconies

Unenclosed balconies complying with the provisions of Section 23-132 (Balconies in R6 through R10 Districts) may encroach into any required open area on the #zoning lot#. However, balconies that encroach into #waterfront public access areas# shall be regulated by the provisions of paragraph (a)(1) Section 139-51 (Area-wide Modifications).

(b) Dormers

Above the maximum base height, dormers shall be permitted to encroach into a required setback area, except setback areas adjoining tower portions of #buildings# and setback areas facing #waterfront public access areas#, provided that:

- (1) the aggregate width of all dormers does not exceed 50 percent of the width of the #street wall# of the highest #story# entirely below the maximum base height;
- (2) the aggregate width of all dormers with a depth exceeding seven feet does not exceed 30 percent of the width of the #street wall# of the highest #story# entirely

below the maximum base height.

Such dormers need not decrease in width as the height above the maximum base height increases.

(11/23/21)

139-233
Special height and setback regulations in Subdistrict A

In Subdistrict A, the underlying district regulations shall be modified by the provisions of this Section.

(a) Street wall location

The #street wall# location requirements of paragraph (b) of Section 35-651 (Street wall location) shall apply to all #buildings#.

(b) Base heights and setback requirements

The maximum height of #buildings or other structures# shall be as set forth in Sections 35-652 (Maximum height of buildings and setback regulations) or 35-654 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable.

In addition, for all non-#residential# #buildings#, the provisions of paragraph (b)(1) of Section 35-652 shall be modified such that the minimum and maximum base height, maximum #building# height, and maximum number of #stories# for #Quality Housing buildings# with #qualifying ground floors# shall be as set forth in paragraph (b) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors).

(11/23/21)

139-234
Special height and setback regulations in Subdistrict B

In Subdistrict B, the underlying district regulations shall be modified by the provisions of this Section.

(a) Street wall location

In #Manufacturing Districts#, 30 percent of the #street wall# shall be located within eight feet of the #street line# and shall extend to at least the minimum base height specified in paragraph (b) of this Section, or the height of the #building#, whichever is lower.

In #Mixed Use Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and extend to at least the minimum base height specified in paragraph (b) of this Section or the height of the #building#, whichever is lower. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

(b) Minimum and maximum base heights

In all districts, #street walls# shall rise without setback to a minimum base height set forth in this paragraph (b) or the height of the #building#, whichever is less, and may rise to a maximum base height as set forth in this paragraph (b). In #Manufacturing Districts#, minimum and maximum base heights and maximum heights of #buildings or other structures# shall be as set forth in Table 1 below. In #Mixed Use Districts#, such regulations shall be as set forth in Table 2.

Table 1
 MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT, AND MAXIMUM BUILDING HEIGHT – FOR M1-4 DISTRICTS
 (in feet)

	Minimum base height	Maximum base height	Maximum #building# height
in Subarea B1	15	95	115
in Subarea B2	15	65	85

Table 2
 MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT, AND MAXIMUM BUILDING HEIGHT – FOR MIXED USE DISTRICTS
 (in feet)

	Minimum base height	Maximum base height	Maximum #building# height
M1-4/R6B	30	45	55
M1-4/R6A	40	65	85
M1-4/R7A	40	75	95
M1-4/R7X	60	105	145

For #zoning lots# with a #lot area# greater than or equal to 20,000 square feet, and located in a #Manufacturing District#, a #building# containing non-#residential uses# may exceed the maximum #building# heights established in Table 1 by 30 feet.

For #zoning lots# adjoining the portion of Degraw Street located between Nevins Street and Third Avenue, the heights listed in Table 2 are modified so that within 100 feet of Degraw Street, the maximum base height is 95 feet, and the maximum #building# height is 125 feet.

(c) Setback requirements

At a height not lower than the minimum base height or higher than the maximum base height, a setback shall be provided which complies with the requirements of paragraph (c) of Section 23-662.

(11/23/21)

139-235

Special height and setback regulations in Subdistrict C

(a) Street wall location

At least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least the minimum base height specified in paragraph (b) of this Section, or the height of the #building#, whichever is lower. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. However, no #street wall# location requirement shall apply to the #street walls# facing a #shore public walkway#.

(b) Minimum and maximum base heights

Except as otherwise specified in this paragraph (b), #street walls# shall rise without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less, and may rise to a maximum base height as set forth in this paragraph (b). However, no minimum base height shall be required for #street walls# facing a #shore public walkway#.

(1) Along Bond Street, the minimum base height shall be 30 feet, and the maximum base height shall be 55 feet. No portion of a #building# located within 65 feet of Bond Street may rise above a height of 65 feet.

(2) Along Union Street, between Nevins Street and the Gowanus Canal, the maximum base height shall be 85 feet.

(3) Along Degraw Street, between Nevins Street and the Gowanus Canal, the

maximum base height shall be 85 feet.

- (4) Along all other #streets#, as well as along the Gowanus Canal, the maximum base height shall be 65 feet.

(c) Setback requirements

At a height not lower than the minimum base height or higher than the maximum base height, a setback with a minimum depth of 15 feet shall be provided. Such setback shall also comply with the requirements of paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations).

(d) Tower regulations

Where #waterfront public access areas# are considered #streets#, such #streets# shall be considered the boundaries of #blocks# for the purposes of this paragraph.

(1) Tower location

Any portion of a #building# located above a height of 85 feet shall be considered a “tower”. No portion of a tower may be located:

- (i) within 30 feet of the #street line# of Nevins Street;
- (ii) within 65 feet of Bond Street;
- (iii) for #buildings# with only one tower portion, south of the centerline of the #block#; or
- (iv) within 30 feet of a #waterfront yard#.

However, for #zoning lots# located south of Carroll Street, any tower may be located south of the centerline of the #block#, and within 30 feet of the #waterfront yard# adjoining the First Street Basin, provided such tower portion is located at least 10 feet from the #waterfront yard# adjoining the First Street Basin.

(2) Tower width

The #street wall# of any tower facing a #shore public walkway# shall not exceed 100 feet in width. Where multiple towers are provided, the combined #street wall# width of all such towers shall not exceed 130 feet.

However, for #zoning lots# located south of Carroll Street, the combined #street wall# width of all towers located west of the required #visual corridor# shall not exceed 150 feet.

(3) Tower coverage

Above a height of 175 feet, any tower shall set back such that it occupies a #lot coverage# no greater than 80 percent of the #story# located immediately below.

(4) Tower height

The maximum height of a tower shall be 225 feet.

(5) Regulations for multiple towers

For #buildings# with two tower portions, there shall be a difference in height between such towers of at least 50 feet. The taller of the two towers shall be located north of the centerline of the #block#, except that:

- (i) for #zoning lots# located south of Carroll Street, the taller of the two towers shall be located west of the required #visual corridor#. The shorter of the two towers shall be located east of the required #visual corridor#, and no less than 65 feet from Carroll Street; and
- (ii) for the #zoning lot# adjoining the intersection of Degraw Street and Nevins Street, for any #building# located north of Sackett Street, the shorter of the two towers shall be located north of the centerline of the #block#, and shall not exceed a height of 125 feet.

(11/23/21)

139-236

Special height and setback regulations in Subdistrict D

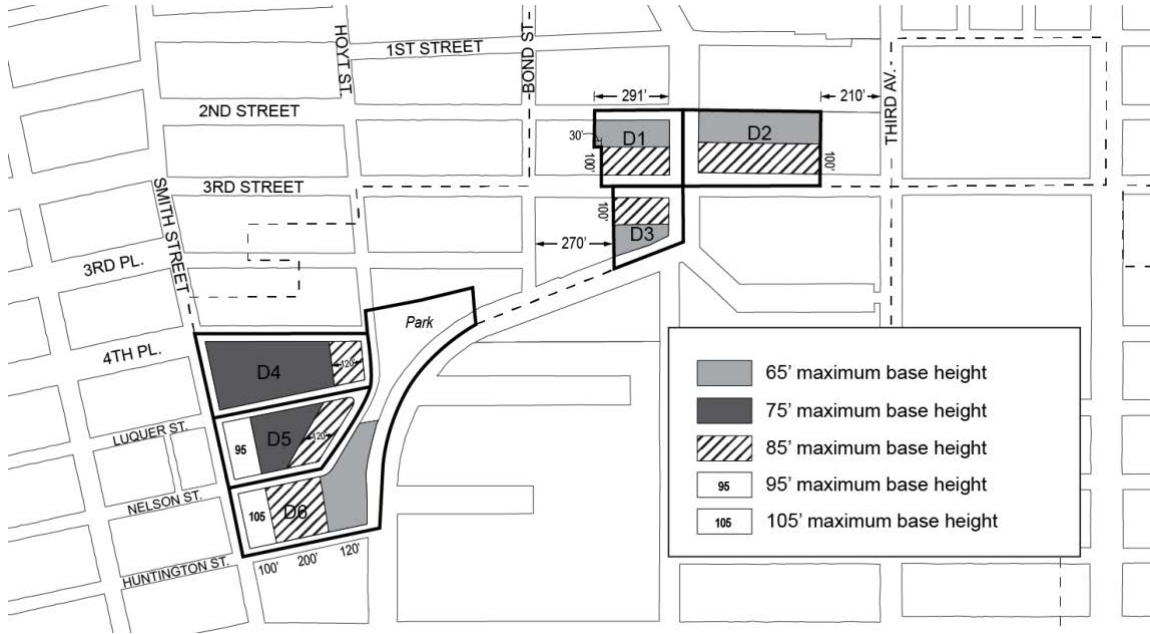

(a) Street wall location

At least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and extend to at least the minimum base height specified in paragraph (b) of this Section, or the height of the #building#, whichever is lower. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. However, no #street wall# location requirement shall apply to the #street walls# facing a #shore public walkway#.

(b) Minimum and maximum base heights

For #zoning lots# in Subareas D1 through D6, #street walls# shall rise without setback to

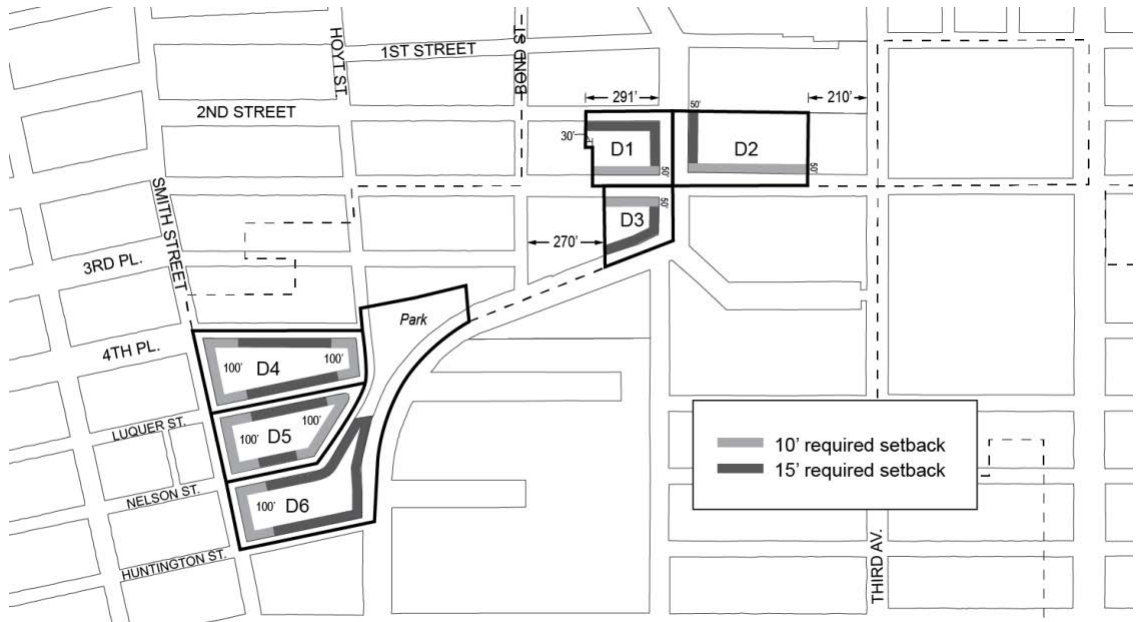

a minimum base height of 40 feet or the height of the #building#, whichever is less, and may rise to a maximum base height as set forth in the map in this paragraph (b). However, this requirement shall not apply to the #aggregate width of street walls# facing a #shore public walkway#.

(c) Setback requirements

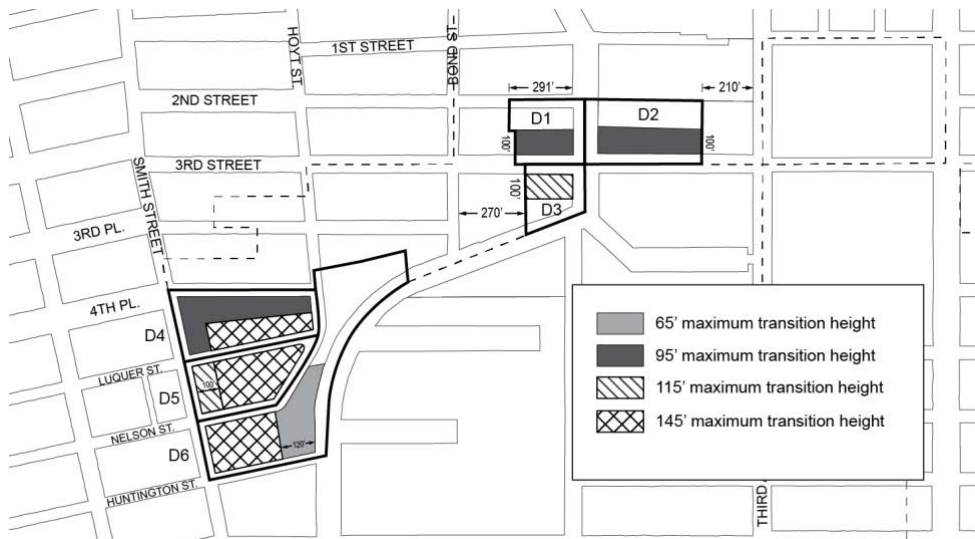

At a height not lower than the minimum base height or higher than the maximum base height, setbacks shall be provided with a minimum depth as set forth in the map in this paragraph (c).

Such setbacks shall also comply with the provisions of paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations).

(d) Transition heights

Any portion of a #building# located above the setback required by paragraph (c) of this Section shall be permitted to rise to a maximum “transition height” as set forth in this paragraph (d). Any portion of a #building# located above the maximum transition height shall be considered a “tower” and shall comply with the provisions of paragraph (e) of this Section. Except as otherwise set forth in the map in this paragraph (d), such maximum transition height shall be 85 feet.

(e) Tower regulations

(1) Tower location

Any portion of a #building# located above the maximum transition height set forth in paragraph (d) shall be considered a “tower”. No portion of a tower may be located:

- (i) in Subarea D4, within 150 feet of Smith Street or within 150 feet of Hoyt Street;
- (ii) in Subarea D5, within 80 feet of Smith Street or within 200 feet of Smith Street north of the mid-#block# line; or
- (iii) within 30 feet of a #waterfront yard#.

(2) Tower width

The #street wall# of any tower facing a #shore public walkway# shall not exceed 100 feet in width. Where multiple towers are provided, the combined #street wall# width of all such towers shall not exceed 130 feet.

However, in Subarea D4, where multiple towers are provided, the combined #street wall# width of all such towers shall not exceed 170 feet.

(3) Tower coverage

In Subareas D1, D2, and D3, above a height of 175 feet, any tower shall set back such that it occupies a #lot coverage# no greater than 80 percent of the #story# located immediately below.

In Subareas D5 and D6, the portion of any tower containing the top four #stories# of such tower shall set back such that it occupies a # lot coverage# no greater than 80 percent of the #story# located immediately below.

(4) Tower height

Except as otherwise specified in this paragraph (e)(4), the maximum height of a tower shall be 225 feet.

- (i) In Subarea D4, towers shall be permitted to rise to a height of 285 feet.
- (ii) In Subarea D5, towers shall be permitted to rise to a height of 245 feet.
- (iii) In Subarea D6, towers shall be permitted to rise to a height of 305 feet.

(5) Regulations for multiple towers

- (i) In Subareas D1 and D2, no more than two towers shall be permitted on a #zoning lot#.
- (ii) In Subareas D4 and D5, no more than two towers shall be permitted in each subarea.
- (iii) In Subareas D3 and D6, no more than one tower shall be permitted in the subarea.
- (iv) Wherever two towers are provided on the same #zoning lot#, there shall be a difference in height between such towers of at least 50 feet.

In addition, in Subarea D1, the taller of the two towers shall be located within 100 feet of Third Street.

(12/6/23)

139-237

Special street wall articulation requirements

In all subdistricts, for #street walls# with widths exceeding 200 feet, a minimum of 20 percent and no more than 50 percent of the surface area of such #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such recess or projection shall be considered a permitted obstruction into a required setback, and the depth of such recess or projection shall not exceed three feet.

In addition, in Subdistrict D, the underlying dormer provisions of paragraph (c) of Section 23-623 shall be modified for portions of #buildings# facing Third Street, so that above the maximum base height, dormers shall be permitted only within 75 feet of the intersection of two #streets#.

(11/23/21)

139-238

Special height regulations for zoning lots containing schools

In Subdistrict C, and in Subareas D1, D2, and D3, for #zoning lots# containing #schools# regulated by Section 139-214 (Special floor area provisions for zoning lots containing schools), the maximum tower height specified by the regulations in this Section, inclusive, may be increased as-of-right by 40 feet. This allowance may be further modified by the provisions of

Section 139-47 (Authorization for sites containing schools).

(11/23/21)

**139-30
SPECIAL PARKING REGULATIONS**

In Subdistricts A, B, C, and D, the underlying parking and loading regulations shall be modified by the provisions of this Section. On #waterfront blocks#, the provisions of Section 62-40 shall not apply. In Subdistrict E, the underlying regulations shall apply.

(11/23/21)

**139-31
Special Accessory Off-street Parking Regulations**

(11/23/21)

**139-311
Reduction of parking requirements for residences**

In all districts, for the purposes of applying the provisions of Sections 36-33 (Requirements Where Group Parking Facilities Are Provided) and 123-72 (Residential and Community Facility Uses), the provisions of Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require that #accessory# off-street parking spaces be provided for at least 20 percent of #residences# on a #zoning lot#.

For the purposes of applying waivers, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) shall be modified so that the maximum number of #accessory# off-street parking spaces for which requirements are waived is 20 spaces.

Notwithstanding the above, in Subarea D4, and in Subarea D5 north of the mid-#block# line, no #accessory# off-street parking spaces for #residences# shall be required.

(11/23/21)

**139-312
Elimination of parking requirements for non-residential uses**

In all districts, no #accessory# off-street parking spaces shall be required for #manufacturing#, #commercial#, or #community facility uses#.

(11/23/21)

139-313
Off-site parking facilities

For #residences# in #Commercial# and #Mixed Use Districts#, the provisions of Sections 25-51 and 36-42 (Off-site Spaces for Residences) shall be modified to allow the #zoning lot# containing required #accessory# off-street parking spaces for #residences# to be located in any zoning district, as well as anywhere within the #Special Gowanus Mixed Use District#.

(11/23/21)

139-314
Joint facilities

For #residences# in #Commercial# and #Mixed Use Districts#, the provisions of Sections 25-541 and 36-441 (Joint facilities) shall not apply. In lieu thereof, the provisions of this Section shall apply.

Required #accessory# off-street parking spaces may be provided in facilities designed to serve jointly two or more #buildings# or #zoning lots#, provided that the number of spaces in such joint facilities shall be not less than that required for the combined number of #dwelling units# in such #buildings# or #zoning lots#, and provided that the design and layout of such joint facilities meets the standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(12/6/23)

139-315
Use of parking facilities for public parking

All #accessory# off-street parking spaces may be made available for public use. However, parking spaces #accessory# to #residences# shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request is made to the landlord.

(6/6/24)

**139-32
Special Loading Regulations**

In all districts, the loading regulations of an M1-5 District shall apply.

(6/6/24)

**139-33
Special Curb Cut Regulations**

In addition to the curb cut restrictions associated with Section 139-41, no curb cut shall be permitted within 40 feet of a #waterfront public access area#.

Curb cuts prohibited by this Section may be authorized by the City Planning Commission provided the Commission finds that a curb cut at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated streets or public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(11/23/21)

**139-40
DISTRICT PLAN ELEMENTS**

In all Subdistricts, the provisions of this Section shall apply to all #zoning lots#, as specified below.

(6/6/24)

**139-41
Streetscape Regulations**

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 3 (Ground Floor Use Requirements) in Appendix A of this Chapter shall be considered #Tier C street frontages#. In addition, along intersections designated on Map 3, the underlying streetscape requirements for #Tier C street frontages# shall be modified such that the portion of the #ground floor level# #street# frontage that is required to be allocated to non-#residential uses# shall be further limited to #Gowanus retail and entertainment uses#.

(11/23/21)

**139-42
Street Tree Requirements**

In all districts, all #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more, shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting).

(11/23/21)

**139-43
Sidewalk Widening Requirements**

For #developments# along the portions of #streets# designated on Map 4 (Sidewalk Widening Lines) in Appendix A of this Chapter, a sidewalk widening shall be required, providing a total sidewalk width of:

- (a) 17 feet along Third Avenue;
- (b) 15 feet along Nevins Street; and
- (c) 13 feet along Fifth Street.

The total sidewalk width shall be measured perpendicular from the #street line#. Such sidewalk

shall be improved to Department of Transportation standards and shall be provided at the same level as the adjoining public sidewalk and be accessible to the public at all times.

Awnings and canopies shall be considered permitted obstructions within a sidewalk widening provided that no structural posts or supports may be located within any portion of the sidewalk or such widening.

(11/23/21)

139-44 Bridge Connection Requirements

For all #zoning lots# abutting bridge structures supporting #streets# which cross the Gowanus Canal at Union Street, Carroll Street, and Third Street, and are subject to #waterfront public access area# requirements, such #waterfront public access area# shall be designed to provide pedestrian connection to the #street# adjacent to the terminus of the bridge structure.

The requirements of this Section may be waived where the Commissioner of the Department of Buildings determines, in consultation with the Department of Transportation, that such a pedestrian connection to the #street# would result in a hazard to pedestrian or traffic safety.

(6/6/24)

139-45 Waterfront Public Access Area Requirements

For all #waterfront zoning lots#, the exemptions from #waterfront public access area# requirements listed in paragraph (a) of Section 62-52 shall not apply.

(a) Reduced requirement for certain manufacturing uses

For #zoning lots# with #developments#, #enlargements#, or #conversions# comprised #predominantly# of #uses# listed under Use Groups IV(B), IX and X that are not permitted in M1 Districts in #Special Mixed Use Districts# pursuant to the provisions of Section 123-21 (Modifications to M1 Use Regulations), the reduced design requirements of Section 62-58 (Requirements for Water-Dependent Uses and Other Developments) shall apply to #waterfront public access areas#.

(b) Authorization for incompatible uses

For #zoning lots# comprised #predominantly# of #uses# listed under Use Groups IV(B), IX and X, the City Planning Commission may authorize the waiver of #waterfront public

access area# requirements, provided the Commission finds that:

- (1) such #uses# produce objectionable effects on its surroundings such that the #uses# are incompatible with a waterfront public access requirement; or
- (2) such #uses# have demonstrable operational requirements which would be incompatible with waterfront public access requirements; and
- (3) such waiver is the least necessary to accommodate the proposed #uses#.

Such waivers shall be in effect for as long as the proposed #use# remains on the #zoning lot#. Upon #development# of the #zoning lot# following cessation of the #use# for a period of more than two years, full compliance with #waterfront public access area# requirements, as may be modified by future approvals, is required.

(11/23/21)

139-46

Certification for Transit Improvements

- (a) In #Commercial Districts# with a residential equivalent of an R9 District, for #developments# on #zoning lots# that are located within 500 feet of the Union Street subway station, the Chairperson of the City Planning Commission may, by certification to the Commissioner of Buildings, allow a #development# to:
 - (1) receive a #floor area# bonus not to exceed 20 percent of the maximum #floor area ratio# permitted by Section 139-211 (Basic floor area regulations); and
 - (2) further modify additional height permitted pursuant to paragraph (c) of Section 66-234 (Special height and setback modifications) provided the total combined modification does not exceed 30 feet;

where a major improvement to the Union Street subway station consisting of one new off-street station entrance with an accessible route for persons with physical disabilities between two levels servicing the southbound platform is provided.

- (b) Prior to issuing such a certification, the following requirements shall be met.
 - (1) To the extent required by the #transit agency#, the applicant shall execute an agreement, setting forth the obligations of the owner, its successors and assigns, to establish a process for design development and a preliminary construction schedule for the proposed improvement; construct the proposed improvement; establish a program for maintenance and capital maintenance; and establish that such improvements shall be accessible to the public during the hours of operation

of the station or as otherwise approved by the #transit agency#. Where the #transit agency# deems necessary, such executed agreement shall set forth obligations of the applicant to provide a performance bond or other security for completion of the improvement in a form acceptable to the #transit agency#.

- (2) Prior to obtaining a foundation permit or building permit from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, containing complete drawings of the improvement and setting forth the obligations of the owner as agreed upon with the #transit agency# pursuant to the requirements of paragraph (b)(1) of this Section, shall be recorded against such property in the Borough Office of the City Register of the City of New York. Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.
- (3) No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# authorized pursuant to the provisions of this Section until the required improvements have been substantially completed, as determined by the Chairperson, acting in consultation with the #transit agency#, where applicable, and such improvements are usable by the public. Such portion of the #building# utilizing bonus #floor area# shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# until all improvements have been completed in accordance with the approved plans, as determined by the Chairperson, acting in consultation with the #transit agency#, where applicable.

(11/23/21)

139-47

Authorization for sites containing schools

For #zoning lots# containing #schools# regulated by the provisions of Section 139-214 (Special floor area provisions for zoning lots containing schools), the City Planning Commission may authorize the modification of any #bulk# regulation, including the amount of floor space exempted from the definition of #floor area# by Section 139-214, in order to better accommodate a #school# upon such #zoning lot#.

(a) Conditions

- (1) No modification to the maximum #building# height shall exceed 30 feet; and

- (2) No modification to the amount of floor space exempted from the definition of #floor area# shall exceed an additional 60,000 square feet of floor space.

(b) Findings

In determining such modifications, the Commission shall find:

- (1) such modification is the least modification required to achieve the purpose for which it is granted;
- (2) the proposed modification does not impair the essential character of the surrounding area; and
- (3) the proposed modification will not have adverse effects upon light, air, and privacy of adjacent properties and of any existing #buildings# on the #zoning lot#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

(11/23/21)

139-48

Authorization for Large Mixed-use Sites

In Subdistrict B, for #developments# on #zoning lots# located in a #Mixed-Use District#, on a #zoning lot# greater than 40,000 square feet in #lot area#, the City Planning Commission may authorize the modifications set forth in paragraph (a) of this Section, provided that the conditions in paragraph (b) and findings in paragraph (c) are met.

(a) Modifications

The Commission may modify the following regulations:

- (1) the #use# regulations of this Chapter, limited to ground floor #use# regulations and supplemental #use# regulations;
- (2) the #bulk# regulations of this Chapter, except #floor area ratio# regulations, provided that any modifications to height and setback regulations do not exceed the heights permitted in an M1-4 District as set forth in Section 43-43; and
- (3) the parking regulations related to the number of required #accessory# off-street

parking spaces and the location and spacing of curb cuts.

(b) Conditions

As conditions for the granting of an authorization pursuant to this Section:

- (1) the #development# shall result in a mix of #uses# on the #zoning lot# where the predominant amount of #floor area# is associated with non-#residential# #uses#;
or
- (2) the #development# shall:
 - (i) result in a mix of #uses# on the #zoning lot# where at least 20 percent of the #floor area# is associated with #Gowanus mix uses#;
 - (ii) not exceed 300 feet in height; and
 - (iii) be located on a #zoning lot# where existing #buildings# will occupy at least 20 percent of the #lot coverage#.

(c) Findings

In order to grant such authorization, the Commission shall find that:

- (1) where modifying #bulk# regulations, such modifications shall result in a superior configuration of non-#residential# #uses# on the #zoning lot# than would be feasible by applying the #Special Gowanus Mixed Use District# regulations;
- (2) where modifying ground floor #use# regulations, the advantages of an off-street loading and access outweigh the disadvantages incurred by the interruption of retail continuity; and
- (3) where modifying supplemental #use# and parking regulations, that such modifications would present a limited interruption and would not create serious vehicular traffic congestion that would adversely affect the surrounding area.

Upon completion of the #development#, the #zoning lot# shall remain in compliance with the conditions set forth in paragraph (b) of this Section. Such requirements shall be reflected in a notice of restrictions recorded against all tax lots comprising such #zoning lot#, and a copy of such notice shall be provided to the Department of Buildings.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(11/23/21)

**139-50
GOWANUS CANAL WATERFRONT ACCESS PLAN**

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

The boundaries of the area comprising the Gowanus Canal Waterfront Access Plan, and the location of certain features mandated or permitted by the Plan, are shown on the maps in Appendix B of this Chapter.

The waterfront access plan has been divided into Parcels as shown on Map 1 of Appendix B of this Chapter, consisting of tax #blocks# and lots existing on September 22, 2021, as follows:

Parcel 1:	Block 417, Lots 1, 10, 14, 21
Parcel 2:	Block 424, Lots 1, 20
Parcel 3:	Block 431, Lots 1, 2, 5, 6, 7, 12, 17, 43
Parcel 4:	Block 425, Lot 1 Block 432, Lots 15, 25, 7501
Parcel 5:	Block 439, Lot 1
Parcel 6a:	Block 438, Lot 7
Parcel 6b:	Block 438, Lots 1, 2, 3 Block 445, Lots 1, 7, 8, 11, 20, 50
Parcel 7:	Block 452, Lots 1, 5, 19 Block 458, Lot 1
Parcel 8a:	Block 453, Lots 1, 21
Parcel 8b:	Block 453, Lot 26
Parcel 8c:	Block 453, Lots 30, 31, 32, 33, 35, 36, 38, 39, 41, 42, 43, 44, 44, 45, 46, 48, 49, 50, 51
Parcel 8d:	Block 453, Lot 54
Parcel 9:	Block 967, Lot 1
Parcel 10:	Block 967, Lot 24
Parcel 11:	Block 972, Lots 1, 43, 58
Parcel 12a:	Block 462, Lots 12, 14
Parcel 12b:	Block 462, Lots 6, 8, 9, 42, 44
Parcel 12c:	Block 462, Lots 1, 3, 4, 5, 50, 51
Parcel 13:	Block 466, Lot 19
Parcel 14a:	Block 466, Lots 17, 60
Parcel 14b:	Block 466: Lot 1
Parcel 14c:	Block 466, Lot 46
Parcel 15a:	Block 471, Lot 125
Parcel 15b:	Block 471, Lot 104, 110, 114, 116
Parcel 16:	Block 471, Lots 1,100
Parcel 17:	Block 471, Lot 200

For the purposes of this Section, inclusive, the definition of #development# shall be as set forth in Section 62-11 (Definitions).

(11/23/21)

139-51 Area-wide Modifications

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall be modified in the area comprising the Gowanus Canal Waterfront Access Plan by the provisions of this Section.

(a) All #waterfront public access areas#

(1) Balconies

Balconies complying with the provisions of Section 23-132 (Balconies in R6 through R10 Districts) shall be permitted obstructions in #waterfront public access areas#, provided the depth of obstruction is limited to four feet, and provided they are located at or above the floor level of the third #story# above grade of the #building#.

(2) Sun control devices

Awnings and other sun control devices shall be permitted obstructions in #waterfront public access areas#. However, when located at a level higher than the first #story#, excluding a #basement#, all such devices:

- (i) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and
- (ii) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project.

(3) Kiosks

Where a #supplemental public access area# exceeds 15,000 square feet, a kiosk shall be a permitted obstruction in such #supplemental public access area# with an area up to 400 square feet, including roofed areas.

(b) #Shore public walkways#

(1) Width of circulation paths

#Shore public walkways# shall provide a required circulation path with a minimum clear width of 10 feet. Secondary paths, where provided, shall have a minimum clear width of at least 4 feet, 6 inches.

(2) Level of circulation paths

At least 80 percent of a required circulation path shall be located at a level no less than six feet above the #shoreline#. However, up to 40 percent of such required circulation path may be provided below such level when providing access to a “get-down” located no more than two feet above the level of the #shoreline#.

(3) Access to circulation paths

The provisions of paragraph (a)(1) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall apply, except that where a #shore public walkway# is on a #zoning lot# that is adjacent to a #zoning lot# which has not been improved with a #shore public walkway#, the portion of the circulation path that terminates at the common #zoning# #lot line# may be located within 40 feet of the shoreline.

In addition, for #zoning lots# adjoining #streets# containing bridge structures, the required connection of circulation paths to such a #street# may be waived by certification by the Department of Transportation, pursuant to Section 139-44 (Bridge Connection Requirements).

(4) Grading

The provisions of paragraph (d)(2) of Section 62-61 (General Provisions Applying to Waterfront Public Access Areas) shall be modified so that within five feet of the edge of any planting area, the grade level of such planting area shall be no more than 36 inches higher or lower than the adjoining level of the pedestrian circulation path.

(c) #Supplemental public access areas#

(1) Required Area

The provisions of Section 62-57 (Requirements for Supplemental Public Access Areas) are modified so that, in #mixed use districts#, a total #waterfront public access area# equivalent to 20 percent of the #lot area# is required.

(2) Lawns

The provisions of paragraph (c)(1) of Section 62-62 shall be modified so that a

lawn shall only be required where a #supplemental public access area# is greater than 15,000 square feet. The Commission may authorize use of artificial turf within a lawn pursuant to Section 62-822 (Modification of waterfront public access areas and visual corridor requirements).

Where required, a lawn may be substituted for an athletic field of equivalent size, which may be unplanted, and shall be suitable for active recreational use.

(3) Comfort stations

Where a publicly accessible comfort station is provided as part of a #development#, the amount of #supplemental public access area# may be reduced by an amount equal to the size of the comfort station, provided that:

- (i) the comfort station has an entrance fronting upon a #waterfront public access area#; and
- (ii) a restrictive declaration, acceptable to the Department of City Planning and Department of Parks and Recreation, shall be executed and recorded, binding the owners, successors and assigns to provide and maintain such comfort station for the life of the #development#.

(d) Screening

Wherever a screening buffer is required to be provided, the minimum width of such buffer shall be four feet.

In addition to the waiver allowances of paragraph (c)(2)(iii) of Section 62-62, no screening buffer shall be required along the upland boundary, or portion thereof, which is adjacent to an unenclosed seating area #accessory# to a #Gowanus retail and entertainment use#. Where a screening buffer is so waived, design features shall be utilized to demarcate the #shore public walkway# or #supplemental public access area# from the non-publicly accessible area, which may include, but shall not be limited to, railings, fences, planting boxes, and distinct paving materials.

(e) #Street# treatment

For #streets#, or portions thereof, located within the Gowanus Canal Waterfront Access Plan, the portion of the #street# that is adjacent to a #shore public walkway# shall be improved as upland access, for a depth equivalent to the adjacent #shore public walkway#. This upland access area shall be designed to include, at a minimum, the following design elements:

- (1) a foot path with a minimum clear width of ten feet, providing a connection to both the sidewalk located in the #street# as well as to the adjacent #zoning lot#;

- (2) eight linear feet of seating complying with Section 62-652 (Seating) for every 30 feet of #shoreline# upon which the #street# fronts; and
- (3) planted areas, containing planting or trees complying with Section 62-655 (Planting and trees) and occupying no less than 25 percent of the continuation area.

The provisions of this paragraph (e) shall not apply to portions of #streets# which will be improved pursuant to a site plan approved prior to November 23, 2021.

(f) Bulkheads

Wherever the United States Environmental Protection Agency requires the installation of a bulkhead in a location seaward of the #zoning lot line#, the area located between the #lot line# and bulkhead may be utilized for the purposes of satisfying the #waterfront public access area# requirements of the #zoning lot#. Where the provisions of this paragraph (f) are utilized, the location of the bulkhead shall be considered the #shoreline# for the purposes of providing the required #waterfront public access areas#.

(g) Issuance of foundation permits

Notwithstanding the provisions of Section 62-811 (Waterfront public access and visual corridors), within 18 months of November 23, 2021, a foundation permit may be issued for any #development# within the Waterfront Access Plan, upon certification by the Chairperson of the City Planning Commission to the Department of Buildings or Department of Business Services, as applicable, that:

- (1) a remedial action plan has been submitted to the Office of Environmental Remediation or the New York State Department of Environmental Conservation, which includes the #zoning lot# containing the #development#, and
- (2) a site plan has been submitted to the Department of City Planning, depicting that the proposed foundation will not conflict with the basic dimensional requirements of any required #waterfront public access area# or #visual corridor#, and, in addition, that the proposed foundation shall not conflict with any of the site-specific provisions below, based on the applicable Parcel number and Type:

(i) Type 1

For #developments# on Parcels 1, 2, 3, and 9, the site plan shall additionally designate all other potential locations where a #supplemental public access area# could be located, including:

- (a) adjoining each #street# abutting the #shore public walkway#, and
- (b) adjoining the #shore public walkway#.

In addition, for all #developments# on #zoning lots# which are not coterminous with the Parcel boundary, the #waterfront public access area# requirement for the depicted #zoning lot# shall be based on the combined #lot area# of the entire Parcel.

(ii) Type 2

For #developments# on Parcels 4, 5, and 12a, the site plan shall additionally designate any area located landward of the #shore public walkway# as necessary to achieve a 50-foot buffer from the #shoreline#.

(iii) Type 3

For #developments# on Parcels 6a, 6b, 8a, 8b, 8d, 11, 13, 14, 15, and 17, where the #developments# are on #zoning lots# which are not coterminous with the Parcel boundary, the #waterfront public access area# requirement for the depicted #zoning lot# shall be based on the combined #lot area# of the entire Parcel.

An application made pursuant to this paragraph (g) shall include a survey of the #zoning lot# and additional documentation set forth Section 62-80 (SPECIAL REVIEW PROVISIONS), inclusive. Except for excavation and foundation permits permitted by this paragraph (g), no other building permits shall be issued except pursuant to Section 62-811.

(11/23/21)

**139-52
Special Public Access Provisions**

The provisions of Sections 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) are modified at the following designated locations which are shown on Map 1 in Appendix B of this Chapter.

(11/23/21)

**139-521
Parcels 4, 5, 13, 14 and 15**

On Parcels 4, 5, 13, 14 and 15, where a #shore public walkway# is required, such #shore public

walkway# shall have a minimum width of 30 feet. The required minimum depth of a #waterfront yard# shall be 30 feet.

(11/23/21)

139-522
Parcel 8

On Parcels 8a, 8b, and 8d, where a #shore public walkway# is required, such #shore public walkway# shall have a minimum width of 30 feet, except that for #shore public walkways# adjoining the First Street Basin, the minimum width shall be 20 feet. The required minimum depth of a #waterfront yard# shall be 30 feet, except that for #waterfront yards# adjoining the First Street Basin, the minimum depth shall be 20 feet. An area equal to at least 25 percent of the area of the #shore public walkway# shall be planted, and one linear foot of seating shall be provided for every 125 feet of frontage along the Gowanus Canal.

(11/23/21)

139-523
Parcel 12

On Parcel 12, where a #supplemental public access area# adjoining an #upland connection# or #street# is provided, such #supplemental public access area# shall be permitted to be provided with a maximum width to depth ratio of 3:1, and the longest side shall be permitted to adjoin the #street#.

(11/23/21)

139-524
Parcel 14

On Parcel 14a, a #supplemental public access area# shall be provided along the entire length of the #lot line# adjoining Parcel 13, connecting the #street# to the #shore public walkway#, and shall comply with the design reference standards applicable to a Type 1 #upland connection# set forth in Section 62-64 (Design Requirements for Upland Connections). Such #supplemental public access area# may coincide with a #visual corridor# required pursuant to Section 139-53 (Special Visual Corridor Provisions).

(11/23/21)

139-525
Parcel 17

On Parcel 17, the total #lot area# utilized in the calculation of required #supplemental public access area# shall include all #zoning lot# portions located within Parcel 17, including portions of a #zoning lot# located within a #street#.

(11/23/21)

139-53
Special Visual Corridor Provisions

The provisions of Section 62-512 (Dimensions of visual corridors) shall be modified by the provisions of this Section.

The lowest level of a #visual corridor# shall be determined by establishing a plane connecting the two points along the #street lines# from which the #visual corridor# emanates at an elevation five feet above #curb level# with the two points where the prolonged #street lines# intersect the #shoreline#, stabilized natural shore, bulkhead, upland edge of a #waterfront yard# raised pursuant to the provisions of paragraph (b) of Section 62-332 (Rear yards and waterfront yards), or the #base plane# of a #pier# or #platform#, whichever intersection occurs first. Such plane shall then continue horizontally seaward from the line of intersection. #Visual corridors# that are not prolongations of mapped #streets# shall be determined by establishing a plane connecting an elevation five feet above #curb level# at the two points along the #lot line# from which the #visual corridor# emanates with the two points of intersection at the #shoreline#, stabilized natural shore, bulkhead, upland edge of a #waterfront yard# raised pursuant to the provisions of paragraph (b) of Section 62-332, or the #base plane# of a #pier# or #platform#, whichever intersection occurs first.

(11/23/21)

139-54
Special Design Standards

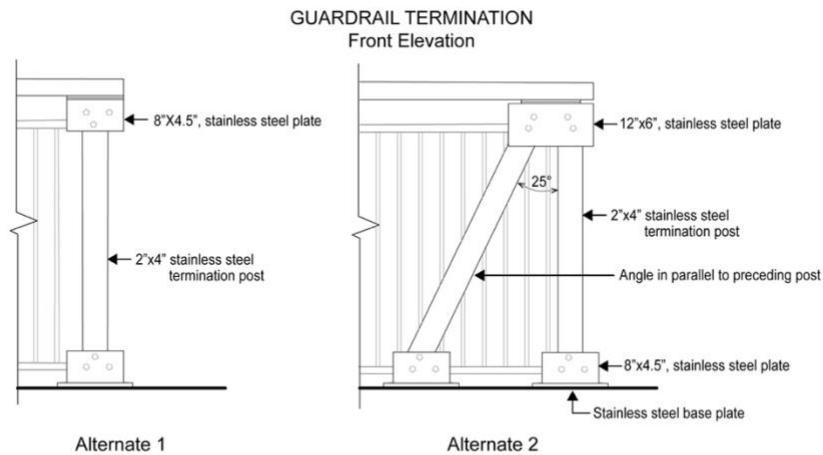

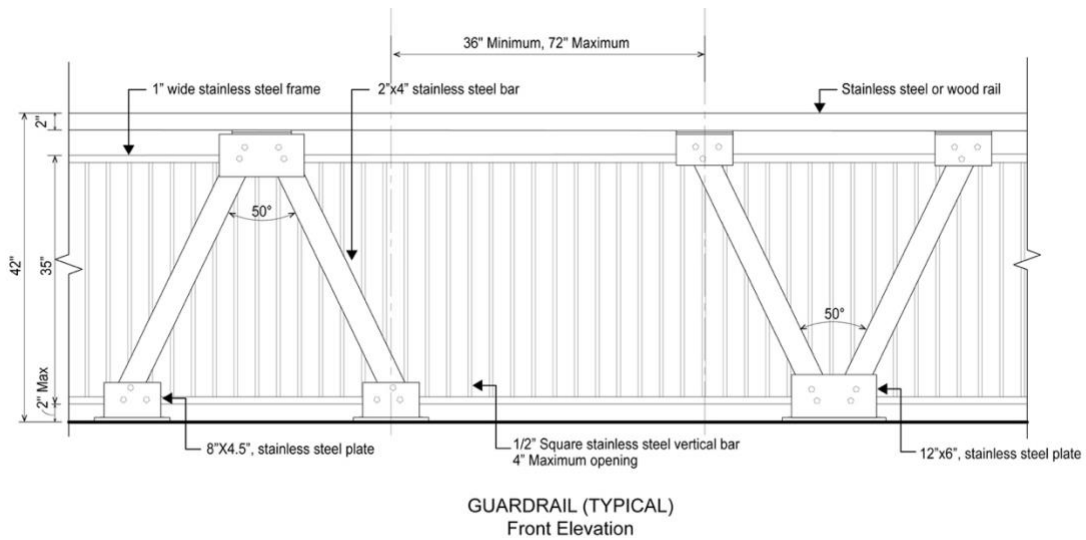

The design requirements of Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) are modified by the provisions of this Section, inclusive.

(11/23/21)

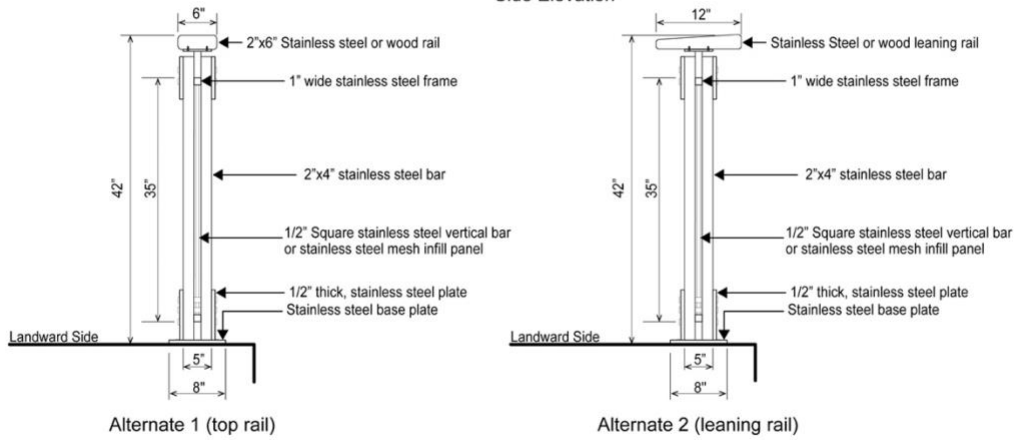

139-541
Special design standards for guardrails

In addition to the provisions of paragraph (a) of Section 62-651 (Guardrails, gates and other protective barriers), guardrails shall comply with the illustrations provided in either paragraph (a) or (b) of this Section, or shall be of a comparable design which is the minimum modification needed. Where modification is sought, it shall be deemed suitable by the Chairperson of the City Planning Commission in consultation with the Department of Parks and Recreation (DPR).

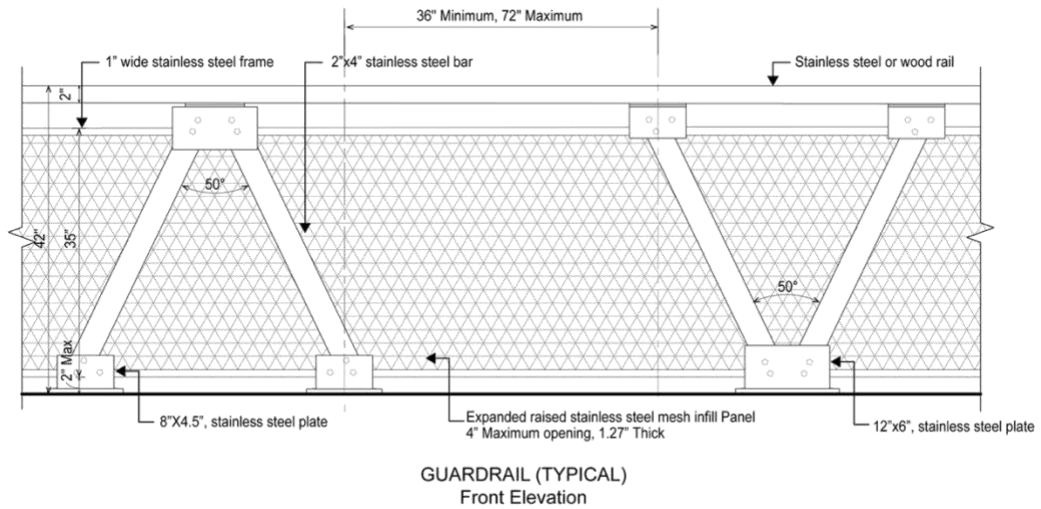

(a) Option 1: vertical bar guardrail

GUARDRAIL (TYPICAL)
Side Elevation

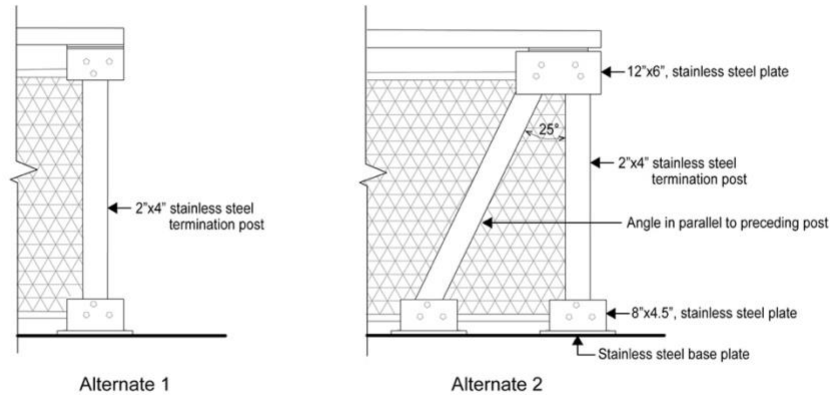

(b) Option 2: mesh guardrail

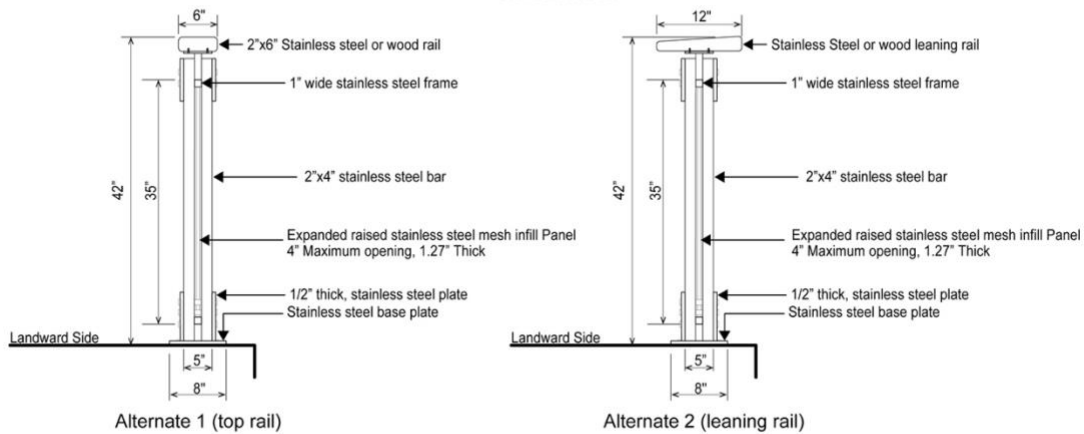

GUARDRAIL (TYPICAL)
Front Elevation

GUARDRAIL TERMINATION
Front Elevation

GUARDRAIL (TYPICAL)
Side Elevation

All guardrail components and hardware shall be in unpainted stainless steel and shall conform to any additional standards set forth by DPR.

(11/23/21)

139-542
Special design standards for seating

The design requirements of paragraph (b) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) and the design reference standards of 62-652 (Seating) shall be modified as follows:

(a) Design feature seating

Planter ledges, seating walls, and seating steps may be provided, and shall be limited to 50 percent of the required seating. Walls and planter ledges shall be flat and smooth with at least one inch radius rounded edges.

(b) Seating depth

For all #waterfront public access areas#, the minimum seat depth requirement of paragraph (b) of Section 62-652 shall be modified to 16 inches.

(11/23/21)

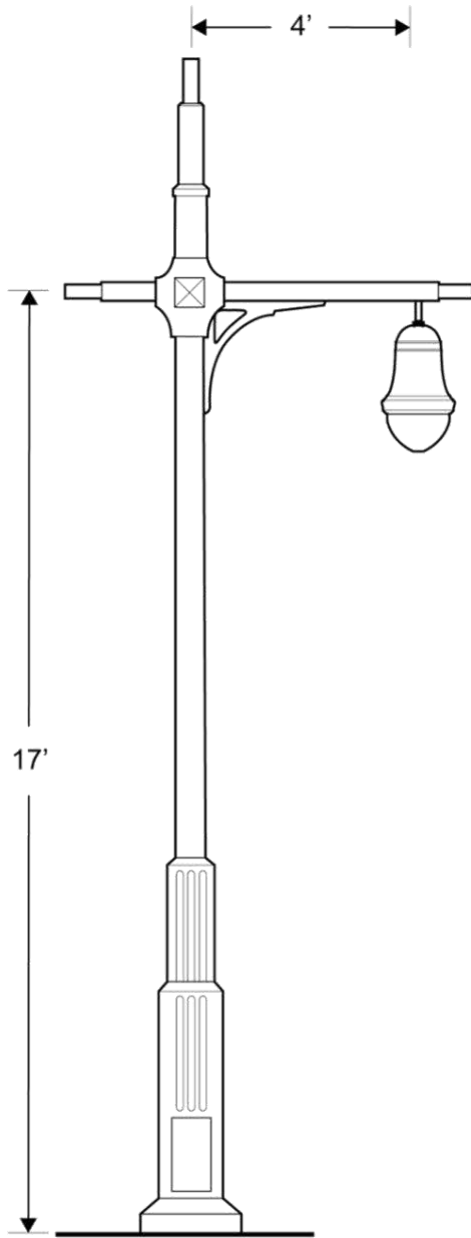

139-543

Special design standards for lighting

The lighting requirements of 62-653 (Lighting) shall be modified such that an average maintained level of illumination not less than 0.5 horizontal foot candle (lumens per foot) shall be provided throughout all walkable areas, and the average illumination to minimum foot candle uniformity ratio shall be no greater than 6:1 within any #waterfront public access area#.

In addition, fixtures providing the required lighting along any public access area shall comply with the lightpost illustration in this Section, or shall be of a comparable design which is the minimum modification needed. Where modification is sought, it shall be deemed suitable by the Chairperson of the City Planning Commission in consultation with the by the New York City Department of Transportation (DOT).

Fixtures providing supplemental lighting beyond the requirements of this Section need not comply with this illustration.

LIGHTPOST
Side Elevation

The lightpost shall conform to the street lighting standard drawings for a 17 foot “TBTA” short pole with “Tear Drop Luminaire” set forth by the DOT.

(11/23/21)

139-544

Special design standards for planting

The design requirements of paragraph (c)(1) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) and the design reference standards of Section 62-655 (Planting and trees) shall be modified as follows:

(a) Reduction in planting requirement

An area equal to at least 35 percent of the area of the #shore public walkway# and #supplemental public access area# shall be planted. Such planting area may be reduced to 30 percent if an amenity is provided in accordance with the following tables:

TABLE 1

Amenity	Reduction per feature (in square feet)
Picnic tables	22 square feet
Historic interpretation elements	20 square feet
Public art pieces	100 square feet
Fountains and water features	150 square feet

TABLE 2

Amenity	Ratio of reduction to size of feature (in square feet)
Active recreation courts	1:1
Tot-lots and playgrounds	1:1
Dog runs	1:1
Boat or kayak launches	1:1.5
Interactive water features	1:1.5

(b) Shade tree substitution

Where shade trees are required, no more than one required shade tree may be substituted by a shading element covering at least 450 square feet, when viewed in plan.

139-545

Special design standards for paving

The design reference standards of Section 62-656 (Paving) shall be modified as follows:

(a) #Upland connections#

Paving for driveways and pedestrian paths located within Type 2 #upland connections# shall be subject to the “shared street” standards of the New York City Department of Transportation for roadbeds and sidewalks.

In addition, where a Type 2 #upland connection# is provided with a vehicular turnaround, the paved area of the vehicular turnaround shall be designed with at least two different paving materials, or a single material with at least two different unit paver or slab sizes.

(b) Dimensional requirements

The maximum sizes for unit pavers or concrete slabs shall not apply.

(11/23/21)

139-55

Special Signage Regulations

Any #accessory sign# that is provided adjacent to any #waterfront public access area# shall be limited to a single non-illuminated #sign#, indicating only the name or address of the #building# or commercial establishment to which it is #accessory#, not exceeding 16 inches in height.

(11/23/21)

139-56

Special Maintenance and Operation Regulations

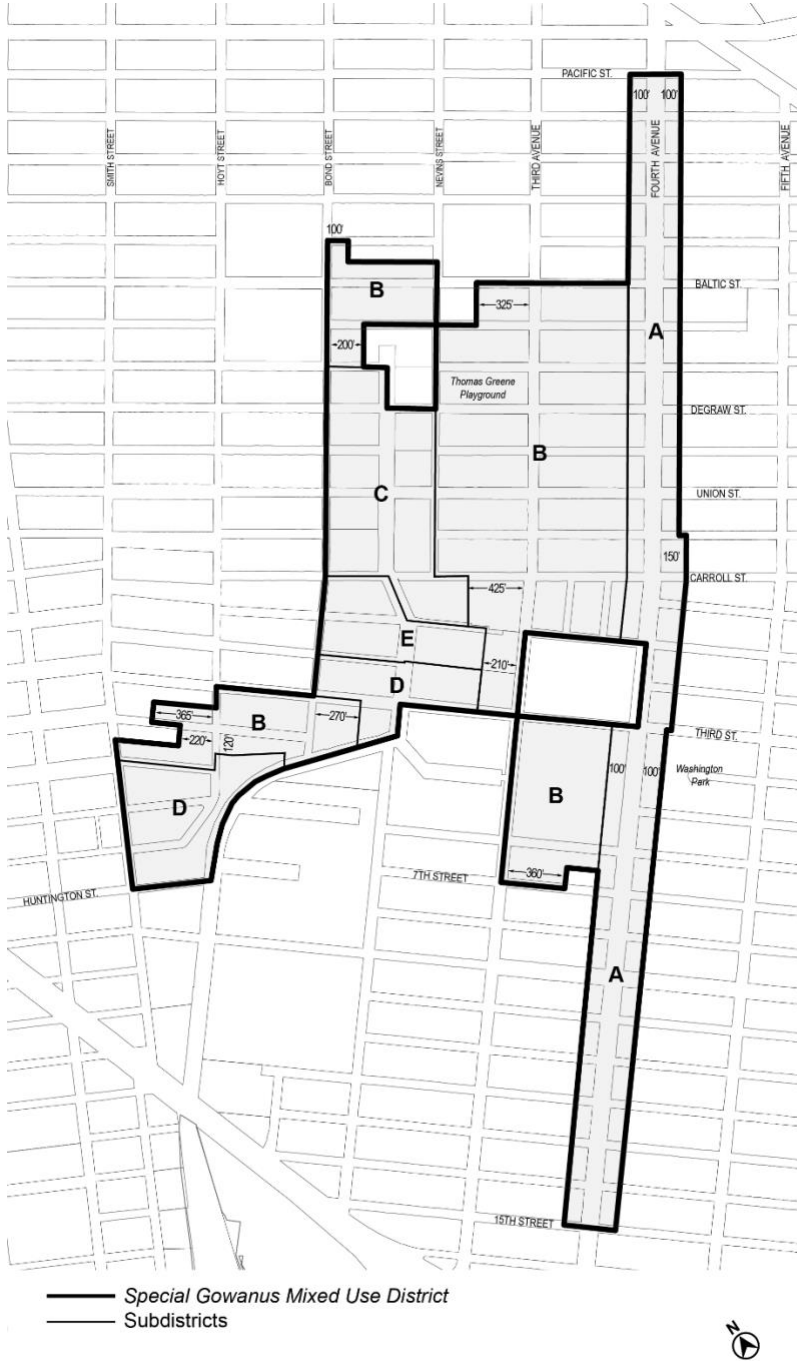

The owners of two or more parcels may, either for purposes of certification pursuant to Section 62-811 or at any time thereafter, submit an alternate plan to the Chairperson of the City Planning Commission for the joint maintenance and operation of #waterfront public access areas# on such parcels, through an association or other entity established for this purpose or by other method. Such plan may include, in addition to provisions for maintenance and operation, alternate provisions with respect to security, liability and any other matters set forth in Section 62-72 (Performance and Maintenance Requirements), as well as special provisions for reporting and monitoring of compliance with obligations for maintenance and operation of the #waterfront public access areas#. Such plan and any instruments as are necessary for its implementation may

be approved by the Chairperson and the Commissioner of Parks and Recreation upon a determination that:

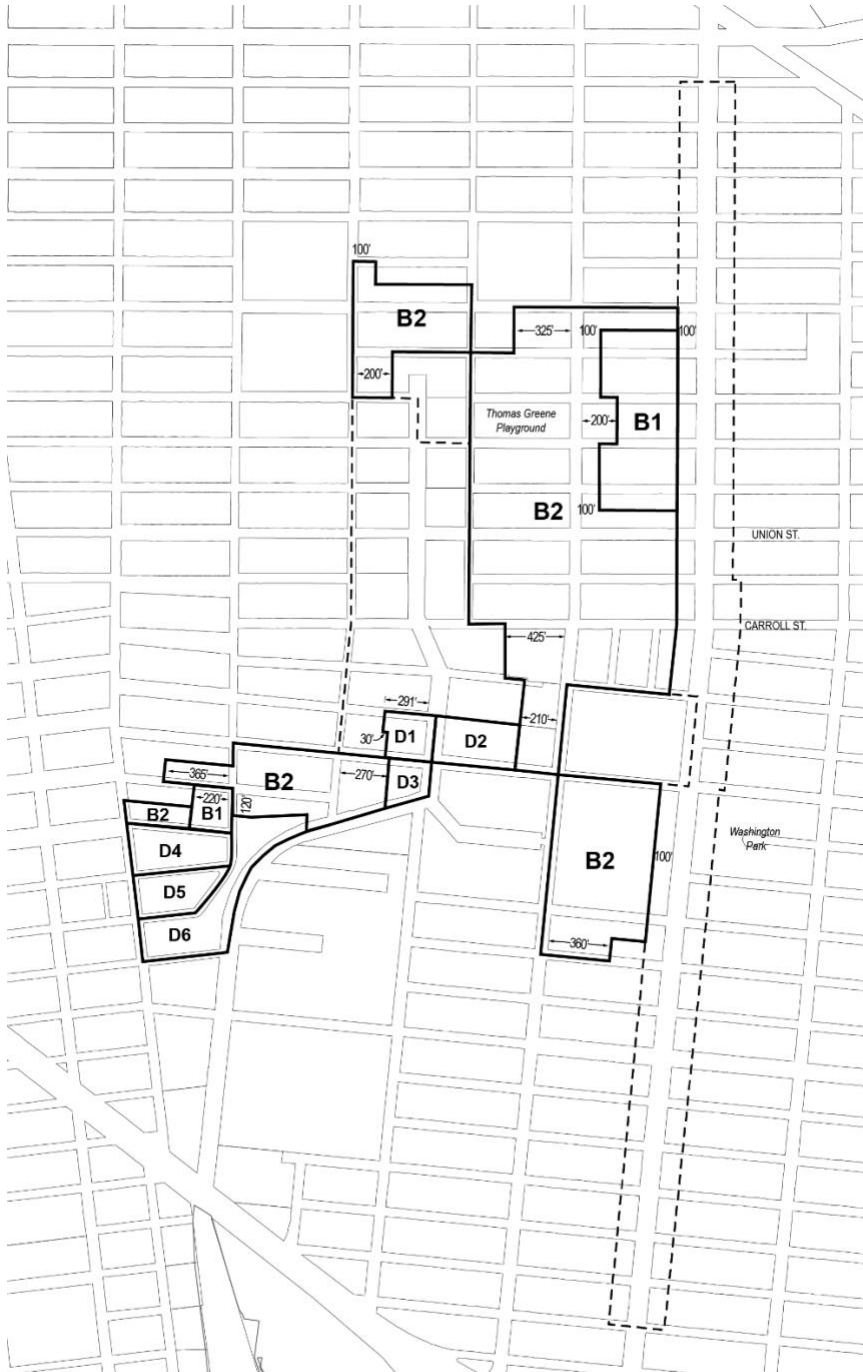

- (1) implementation of the plan would enhance maintenance and operation of the waterfront public access areas# consistent with the purposes of this Chapter; and
- (2) participation in the plan is available to owners of contiguous parcels identified in the Gowanus Canal Waterfront Access Plan on an equal basis.

**ARTICLE XIV
SPECIAL PURPOSE DISTRICTS**

**Chapter 1
Special Jerome Corridor District**

(3/22/18)

**141-00
GENERAL PURPOSES**

The “Special Jerome Corridor District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage well-designed buildings that complement the built character of the Highbridge, Concourse, Mount Eden, Mount Hope, Morris Heights and University Heights neighborhoods;
- (b) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;
- (c) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (d) to create a livable community combining housing, retail and other uses throughout the district;
- (e) to create a walkable, urban streetscape environment through a mix of ground floor uses;
- (f) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (g) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms on zoning lots with irregular shapes and on zoning lots fronting on the elevated rail structure along Jerome and River Avenues; and
- (h) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(10/7/21)

**141-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Jerome Corridor District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI, Chapter 6 shall control.

(3/22/18)

**141-02
District Plan and Maps**

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

- Map 1. Special Jerome Corridor District, Subdistrict and Subareas
- Map 2. Designated locations for street wall continuity and ground floor requirements in Subarea A1
- Map 3. Designated locations for street wall continuity and ground floor requirements in Subarea A2
- Map 4. Designated locations for street wall continuity requirements in Subarea A3
- Map 5. Boundary of Subarea A4

(3/22/18)

**141-03
Subdistricts and Subareas**

To carry out the provisions of this Chapter, Subdistrict A, comprised of Subareas A1, A2, A3 and A4, is established. The location and boundaries of this Subdistrict and Subareas are shown on Map 1 (Special Jerome Corridor District, Subdistrict and Subareas) in the Appendix to this Chapter.

(3/22/18)

141-04
Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Jerome Corridor District# are shown on the maps in APPENDIX F of this Resolution.

(6/6/24)

141-10
SPECIAL USE REGULATIONS

Within the #Special Jerome Corridor District#, the underlying #use# regulations shall apply.

(6/6/24)

141-11
Modification of Supplemental Use Provisions

In C1 or C2 Districts mapped within R7 or R8 Districts and located along the elevated rail structure on Jerome or River Avenues, the provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified for #buildings# containing #residences# as follows. The limitations set forth in paragraph (a) of such Section shall be modified to apply to #buildings# constructed before March 22, 2018.

(3/22/18)

141-20
SPECIAL BULK REGULATIONS

The underlying #bulk# regulations are modified by the provisions of this Section.

(12/6/23)

**141-21
Special Yard Regulations**

In #Commercial Districts#, for #zoning lots# or portions thereof, with #street lines# along the elevated rail structure on Jerome or River Avenues and within 100 feet of such #street lines#, the permitted obstructions set forth in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be modified to permit any #building# or portion of a #building# used for any permitted #use# other than #residences#, to be a permitted obstruction within a required #yard#, #rear yard equivalent# or other #open space# required pursuant to the provisions of Section 33-20 (YARD REGULATIONS), inclusive, or Section 33-30 (OTHER SPECIAL PROVISIONS FOR REAR YARDS), inclusive, provided that the height of such portion of a #building# shall not exceed two #stories#, excluding #basement#, nor in any event 30 feet above #curb level#. Any allowance for other permitted obstructions above a #building# in a #rear yard# or #rear yard equivalent# set forth in Section 33-23, shall be permitted above such modified height limitations.

(3/22/18)

**141-22
Special Floor Area Regulations in R8A Districts**

For #zoning lots# in R8A Districts, or C1 or C2 Districts mapped within R8A Districts, or in #Commercial Districts# with an R8A residential equivalent, within 100 feet of a #wide street# located outside of #Mandatory Inclusionary Housing areas#, the maximum #residential# #floor area ratio# shall be 7.2.

(12/6/23)

**141-23
Special Height and Setback Regulations Along the Elevated Rail Structure Outside Subdistrict A**

For #zoning lots#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, and located outside Subdistrict A, the underlying height and setback provisions are modified by the provisions of this Section.

(a) #Street wall# location

At least 70 percent of the #aggregate width of street walls# shall be located within eight

feet of the #street line# and shall extend to at least a minimum base height of 15 feet, or the height of the #building#, whichever is lower. The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

Any open space between a #street wall# and a #street line# along the elevated rail structure on Jerome or River Avenues shall comply with the special open space provisions of paragraph (a) of Section 141-33.

(b) Base heights, maximum #building# heights and maximum number of #stories#

The table in this Section sets forth, by zoning district, the minimum and maximum base height, the maximum height of a #building or other structure#, and the maximum number of #stories# for #buildings#, or portions thereof. For #zoning lots# in a #Commercial District# the applicable district shall be the #Residence District# within which such #Commercial District# is mapped, or the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts).

Separate maximum base heights are established in the table in this Section for #street walls# of #buildings# facing #streets# intersecting Jerome or River Avenues, and for #street walls# facing the elevated rail structure. The maximum base heights along intersecting #streets# shall also apply to #street walls# facing the elevated rail structure on Jerome or River Avenues within 75 feet of the corner.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

BASE HEIGHTS, MAXIMUM BUILDING HEIGHTS AND MAXIMUM NUMBER OF STORIES

District	Maximum Base Height Along Elevated Rail Structure, beyond 75 feet of the corner (in feet)	Maximum Base Height on Intersecting Streets, and within 75 feet of the corner (in feet)	Maximum Height of #Buildings or Other Structures# (in feet)	Maximum Number of #Stories#

R7A	30	75	115	11
R7D	30	95	135	13
R8A	30	105	165	16
R9A	30	125	195	19

(c) Required and permitted articulation

For #street walls# fronting the elevated rail structure on Jerome or River Avenues with widths exceeding 100 feet, a minimum of 20 percent of the surface area of such #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, and the depth of such projections along the elevated rail structure shall not exceed three feet.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-623 shall be modified for portions of #buildings# facing the elevated rail structure, so that above the maximum base height set forth in paragraph (b) of this Section, dormers shall be permitted only within 75 feet of a corner.

(12/6/23)

**141-24
Special Height and Setback Regulations in Subdistrict A**

In Subdistrict A, as shown on Map 1 in the Appendix to this Chapter, the underlying height and setback provisions are modified by the provisions of this Section.

(a) #Street wall# location

(1) Along the elevated rail structure

For #street walls#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, the provisions of paragraph (a) of Section 141-23 shall apply.

(2) Along designated #streets#

In Subareas A1 through A3, along the #streets# designated on Maps 2 through 4 in the Appendix to this Chapter, the following shall apply:

(i) In #Commercial Districts#

For #street walls#, or portions thereof, located in #Commercial Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a height of 30 feet, or the height of the #building#, whichever is lower. In addition, above a height of 30 feet, at least 50 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 60 feet, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond 15 feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

In the corner locations designated on Maps 2 and 3, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(ii) In #Residence Districts#

For #street walls#, or portions thereof, located in #Residence Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within 15 feet of the #street line# and shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond 15 feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

In the corner locations designated on Map 4, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(3) Along other #streets#

In Subareas A1 through A3, along #streets# that are not designated on Maps 2 through 4, and in Subarea A4, along all #streets#, no #street wall# location provisions shall apply, and no minimum base heights shall apply.

(b) Base heights, maximum #building# heights, and maximum number of #stories#

The table in this Section sets forth, by zoning district, the maximum base height, the maximum transition height, the maximum height of a #building or other structure# and the maximum number of #stories# for #buildings#.

However, for #street walls# facing the elevated rail structure along Jerome or River Avenues beyond 75 feet of the corner, the maximum base height shall be 30 feet.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height, where applicable, or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. However, for portions of #buildings or other structures# along Cromwell Avenue located beyond 200 feet from a corner, a minimum setback with a depth of at least 30 feet shall be provided. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to all such setbacks.

In R9A Districts, or #Commercial Districts# mapped over an R9A District, above the required setback, the height of a #building# shall not exceed the maximum transition height set forth in the table in this Section, except that where the #lot coverage# of all #buildings# on the #zoning lot# above the maximum transition height has been reduced to 50 percent on #zoning lots# with a #lot area# less than or equal to 15,000 square feet, 40 percent on #zoning lots# with a #lot area# greater than 15,000 square feet but less than 30,000 square feet, and 30 percent for all other #zoning lots#, a #building# may rise to the maximum height of the #building or other structure# set forth in the table in this Section. The maximum #street wall# width of any #story# above the maximum transition height shall not exceed 165 feet and, where two or more non-contiguous portions of a #building# exist at the same level above the maximum transition height, such portions shall provide a minimum distance of 60 feet between facing walls at any point.

BASE HEIGHTS, MAXIMUM BUILDING HEIGHTS AND MAXIMUM NUMBER OF STORIES

District	Maximum Base Height (in feet)	Maximum Transition Height (in feet)	Maximum Height of #Buildings or Other Structures# in	Maximum Number of #Stories#
----------	-------------------------------	-------------------------------------	--	-----------------------------

			Certain Locations (in feet)	
R8A	105	N/A	145	14
R9A	125	175	225	22

(c) Required and permitted articulation

In Subareas A1 through A3, along #streets# designated in Maps 2, 3 and 4 in the Appendix to this Chapter, for #street wall# widths exceeding 100 feet, a minimum of 20 percent of the surface area of #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, provided that any projections with a depth greater than five feet shall be considered a dormer.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-623 shall apply, except that in Subareas A1 through A3, for #street walls# intersecting within 100 feet of the corners designated on Maps 2, 3 and 4, and irrespective of the width of the #street wall# below the maximum base height, dormers shall be permitted within 100 feet of such intersecting #street walls#. Such dormers need not decrease in width as the height above the maximum base height increases.

Any dormers or projections provided in accordance with this paragraph need not be included in the maximum #lot coverage# permitted above the maximum transition height, nor be included in the maximum #street wall# width of a #story#.

(3/22/18)

141-25

Special Height and Setback Regulations in R8A Districts

For #zoning lots# in R8A Districts or in C1 or C2 Districts mapped within R8A Districts, or in #Commercial Districts# with an R8A residential equivalent, within 100 feet of a #wide street# located outside of #Mandatory Inclusionary Housing areas#, the height and setback provisions of Sections 23-662 (Maximum height of buildings and setback regulations) or 35-652 (Maximum height of buildings and setback regulations), respectively, shall be modified as follows: the maximum base height shall be 105 feet, the maximum height of a #building or other structure# without a #qualifying ground floor# shall be 140 feet, the maximum height of a #building or other structure# with a #qualifying ground floor# shall be 145 feet, and the maximum number of #stories# shall be 14.

(3/22/18)

141-30
SPECIAL STREETSCAPE REGULATIONS

(6/6/24)

141-31
Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along Jerome Avenue or River Avenue, or portions thereof, as well as designated #street frontages# shown on Maps 2 or 3 in the Appendix to this Chapter, shall be considered #Tier C street frontages#.

Defined terms in this Section shall include those in Sections 12-10 and 32-301.

(6/6/24)

141-32
Special Open Space Provisions

Along the elevated rail structure on Jerome or River Avenues, where open space is provided between the #street line# of the #zoning lot# and the #street wall# of a #building# facing the elevated rail structure, or in Subdistrict A, for Subareas A1 through A3, where open space is provided between the #street wall# and the corner at a location designated on Maps 2, 3 or 4 in the Appendix to this Chapter, the provisions of Section 28-23 (Planting Areas) shall apply to all #buildings#, whether the ground floor is occupied by #residential uses# or non- #residential uses#, subject to the modifications of this Section.

(a) Along the elevated rail structure

Along the elevated rail structure on Jerome or River Avenues, a sidewalk widening, built to Department of Transportation standards, may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to streetscape amenities, including, but not limited to, trees, bicycle racks, benches or wall treatment, that are provided along such sidewalk widening, as set forth below.

Where benches are provided as an alternative to such planting, the length of such benches shall not exceed, in the aggregate, 15 feet per every 50 feet of #street wall# frontage. Where bicycle racks are provided, such racks shall be oriented so that the bicycles are

placed parallel to the #street wall#, and the width of such bicycle racks shall not exceed, in the aggregate, 10 feet per every 50 feet of #street wall# frontage. Such benches or bicycle racks shall be located entirely within the #zoning lot#, and each bench or bicycle rack so provided shall be equivalent to 15 square feet of planted area.

Where trees, and associated tree pits are provided as an alternative, the minimum depth of any open space between the #street wall# and #street line# shall be eight feet. Each tree provided shall be equivalent to 15 square feet of planted area.

Where a wall treatment is provided as an alternative, it shall be in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material along the #street wall#. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and shall have a minimum width of 10 feet, as measured parallel to the #street wall#. Portions of a #street wall# providing such wall treatment may satisfy applicable requirements of Section 141-32, or the planting requirement directly in front of such #street wall#.

Where planting is provided, the minimum depth of open space between the #street line# and the #street wall# shall not be less than three feet.

(b) In Subdistrict A

In Subdistrict A, where open space is provided between the #street wall# and the intersection of two #streets#, pursuant to paragraph (a)(2) of Section 141-23, streetscape amenities may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to trees, benches, or tables and chairs, as set forth below. However, planting shall not be reduced to less than 20 percent of the area of the open space.

Each bench provided shall be equivalent to 10 square feet of planted area, and each set of tables and at least two chairs shall be equivalent to 15 square feet of planted area. Seating shall be publicly accessible, unless tables and chairs are associated with an open eating or drinking establishment on the #zoning lot#. The area under such seating shall be paved with permeable materials and shall either abut the adjoining sidewalk or be connected to such sidewalk by a circulation path at least five feet wide that is also paved with permeable materials.

Each tree and associated tree pits provided shall be equivalent to 15 square feet of planted area, and shall be located at least 10 feet from any #building wall# or the adjoining sidewalk.

Where planting is provided, the minimum depth of a planted bed shall not be less than three feet.

In no event shall chain link fencing or barbed or razor wire be permitted in any open space provided pursuant to this Section.

(3/22/18)

**141-40
SPECIAL PARKING AND LOADING REGULATIONS**

The underlying parking provisions are modified by the provisions of this Section.

(3/22/18)

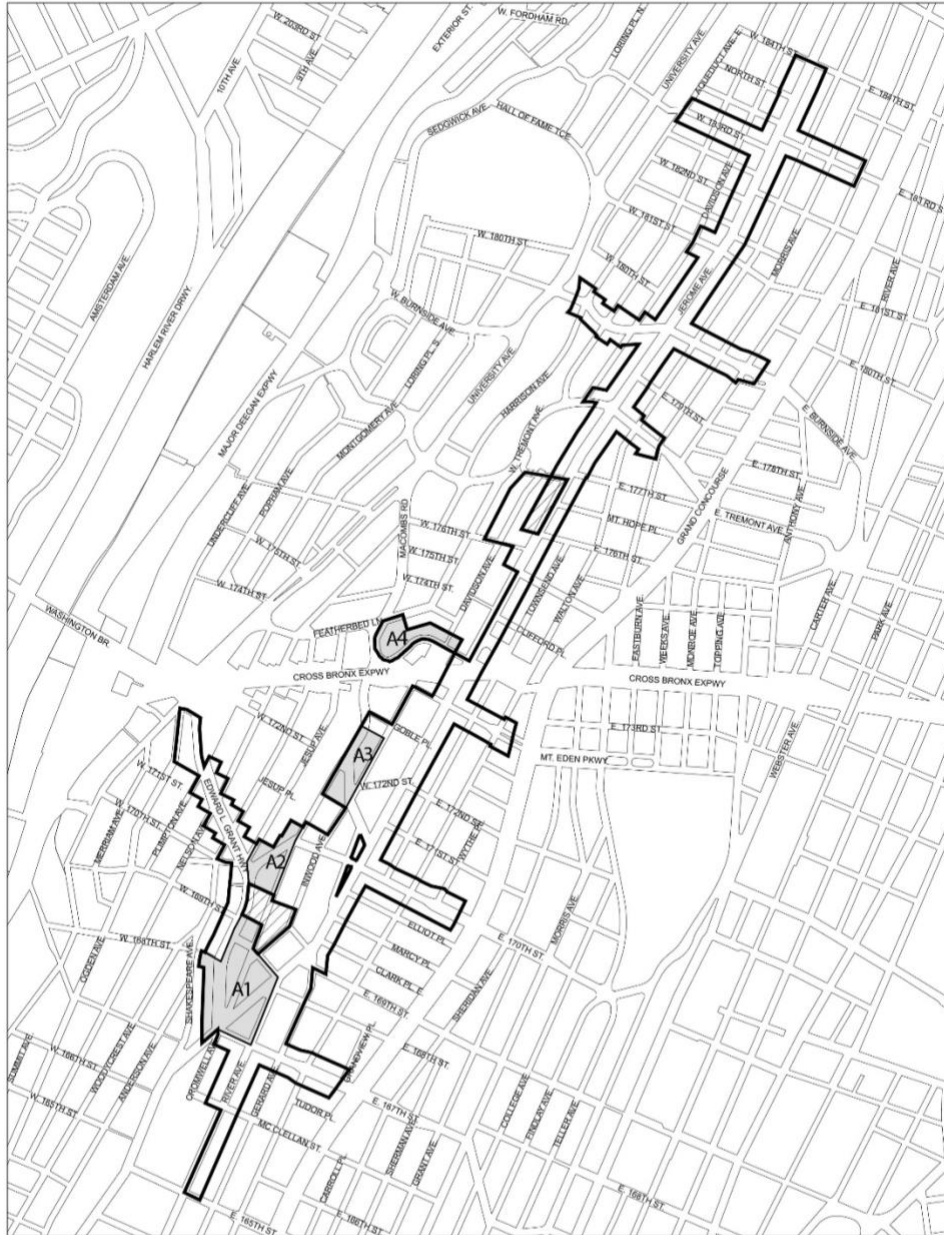

**141-41
Location of Curb Cuts**

In all districts, for #zoning lots# existing on March 22, 2018, with frontage along Edward L. Grant Highway, West 170th Street, or the portions of Jerome or River Avenues with an elevated rail structure, and fronting along other #streets#, no curb cut accessing off-street parking spaces or loading spaces shall be permitted along such #streets#, as applicable.

**ARTICLE XIV
SPECIAL PURPOSE DISTRICTS**

**Chapter 2
Special Inwood District**

(8/8/18)

**142-00
GENERAL PURPOSES**

The “Special Inwood District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to create a lively and attractive built environment that will provide amenities and services for the use and enjoyment of area residents, workers and visitors;
- (b) to encourage well-designed #development# that complements and enhances the built character of the neighborhood;
- (c) to enhance neighborhood economic diversity by broadening the range of housing choices for residents of varied incomes;
- (d) to maintain and establish physical and visual public access to and along the waterfront;
- (e) to promote the pedestrian orientation of ground floor uses in appropriate locations, and thus safeguard a traditional quality of higher density areas of the City;
- (f) to take advantage of the waterfront along the Harlem River, Sherman Creek, and the North Cove and create a public open space network;
- (g) to focus higher-density development in appropriate locations along wide, mixed-use corridors with good access to transit;
- (h) to provide flexibility of architectural design within limits established to assure adequate access of light and air to streets and public access areas, and thus encourage more attractive and economic building forms; and

- (i) to promote the most desirable use of land and development in accordance with the District Plan for the Inwood waterfront, and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

(10/7/21)

**142-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Inwood District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(8/8/18)

**142-02
District Plan and Maps**

The regulations of this Chapter are designed to implement the #Special Inwood District# Plan. The District Plan, including Map 1 (Special Inwood District – Subdistricts and Subareas), Map 2 (Special Inwood District – Ground Floor Use and Curb Cut Regulations), and Map 3 (Special Inwood District – Transit Easement Zones) is set forth in the Appendix to this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply. In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

(8/8/18)

142-03

Subdistricts and Subareas

In order to carry out the provisions of this Chapter, six subdistricts are established, as follows:

Sherman Creek Subdistrict A

Tip of Manhattan Subdistrict B

Library Subdistrict C

Upland Area Subdistrict D

Infrastructure Zone Subdistrict E

Commercial “U” Subdistrict F

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Inwood District#. Within certain subdistricts, subareas are established, as follows:

Within Sherman Creek Subdistrict A:

Subarea A1

Subarea A2

Subarea A3

Within Tip of Manhattan Subdistrict B:

Subarea B1

Subarea B2

Subarea B3

Subarea B4

Within Upland Area Subdistrict D

Subarea D1

Subarea D2
Subarea D3
Subarea D4

The location and boundaries of subdistricts and subareas are outlined on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this Chapter.

(6/6/24)

142-04
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 32-301 (Definitions) and in this Section.

Shoreline adjacent lot

For the purposes of this Chapter, a “shoreline adjacent lot” shall refer to a #waterfront zoning lot# with a #shoreline# length of more than 100 feet, or any #zoning lot# that has entered into a binding agreement to improve and maintain a #waterfront public access area# for an adjoining #waterfront zoning lot#.

(8/8/18)

142-05
Applicability

(8/8/18)

142-051
Applicability of the Quality Housing Program

In the #Special Inwood District#, except within Subdistrict F, any #building# containing #residences#, or any #building# containing #long-term care facilities# or philanthropic or non-profit institutions with sleeping accommodations, shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

Within Subdistrict F, the provisions of Section 23-011 shall apply. Where the optional regulations for #Quality Housing buildings# are utilized, the regulations of Article II, Chapter 8 shall apply, and the #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(8/8/18)

142-052
Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section 23-154 and 23-90, #Mandatory Inclusionary Housing areas# within the #Special Inwood District# are shown in APPENDIX F of this Resolution.

(8/8/18)

142-053
Applicability of Article XII, Chapter 3

In M1 Districts paired with a #Residence District#, the special #use#, #bulk# and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except where modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(8/8/18)

142-06
Modification of Use and Bulk Regulations for Zoning Lots Fronting on Former West 208th Street

Where the #lot line# of a #zoning lot# coincides with the former boundary of West 208th Street, as shown on Map 1 in the Appendix to this Chapter, such #lot line# shall be considered a #street line# for the purpose of applying all #use# and #bulk# regulations of this Resolution.

(8/8/18)

142-07
Development over a Street in Subarea A1

In Subarea A1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, when a volume above a #street#, or portion thereof, has been eliminated, discontinued or closed, such volume may, at the option of an owner of a #zoning lot# adjoining such volume, be considered part of the adjoining #zoning lot#, and a #development# or #enlargement# may be located within such volume that is part of or connected to a #building# on the adjoining #zoning lot# utilizing #floor area# generated by the adjoining #zoning lot#, provided that the #street# below the volume is provided with lighting in accordance with Department of Transportation standards. In no event shall such volume contribute to the amount of #lot area# of any #zoning lot# for the purposes of generating #floor area#.

(8/8/18)

**142-08
Shoreline Boundary**

For the purposes of this Chapter, the #shoreline# shall be as shown on a survey available on the Department of City Planning website.

(10/7/21)

**142-09
Off-street Relocation of Subway Station Entrances**

For all #developments# or #enlargements# involving ground floor level construction on a #zoning lot# that is wholly or partially located within a Transit Easement Zone, as shown on Map 3 (Special Inwood District – Transit Easement Zones) in the Appendix to this Chapter, a transit easement volume may be needed on such #zoning lot# for public access between the #street# and the adjacent above- or below-grade subway station, pursuant to the provisions of Section 66-20 (SPECIAL PROVISIONS FOR PRIMARY TRANSIT-ADJACENT SITES). Such #zoning lots# that are wholly or partially within a Transit Easement Zone shall be considered a #primary transit-adjacent site#, as defined in Section 66-11 (Definitions).

(8/8/18)

**142-10
SPECIAL USE REGULATIONS**

The underlying #use# regulations are modified by the provisions of this Section, inclusive. In M1-4/R7A and M1-4/R9A Districts, the #use# regulations of Article XII, Chapter 3 (Special

Mixed Use District) shall apply, except where modified by the provisions of this Section, inclusive.

(6/6/24)

142-11
Permitted Uses

In Subarea B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps, listed under Use Group IX(C), shall be a permitted #use#, open or enclosed.

In Subareas B2 and B3, as shown on Map 1, #uses# listed under Use Group III, shall be permitted, and #uses# listed under Food and Beverage Retailers in Use Group VI shall not be limited to #floor area# per establishment.

In Subdistrict D, as shown on Map 1, #self-service storage facilities# listed under Use Group IX(A), shall be permitted as-of-right in C6-2A Districts.

(6/6/24)

142-111
Regulations for manufacturing uses in Subareas B2 and B3

In Subareas B2 and B3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the #manufacturing uses# permitted in M1 Districts shall be subject to the modifications set forth in Section 123-20 (SPECIAL USE REGULATIONS), inclusive.

(6/6/24)

142-12
Location of Uses

In C2 Districts mapped within R7 or R8 Districts, provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified or #buildings# containing #residences# as follows. The limitations set forth in paragraph (a) of such Section shall be modified to apply to #buildings# constructed before August 8, 2018.

Within the portion of the C2-4 District mapped within an R8A District and the portion of the C2-4 District mapped within an R9A District, located east of Tenth Avenue, south of West 207th Street, west of Ninth Avenue and north of West 206th Street, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be inapplicable. In lieu thereof, Section 32-422 (Location of floors occupied by commercial uses) shall apply.

In C4 or C6 Districts, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified such that the limitations set forth in paragraph (a) of such Section need not apply, and the requirements in paragraph (b) of such Section shall apply only where #commercial uses# are located above any #story# containing #dwelling units#.

In Subareas A1, B2 and B3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, no #uses# listed under Use Group VI shall be permitted above the ground floor level.

(6/6/24)

142-13 Enclosure Requirements in Subdistrict E

In Subdistrict E, #commercial# and #manufacturing# activities and storage #uses# shall not be subject to the provisions of Section 42-51 (Enclosure of Commercial and Manufacturing Activities) or Section 42-52 (Enclosure or Screening of Storage).

(6/6/24)

142-14 Streetscape Requirements

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 2 (Special Inwood District – Ground Floor Use and Curb Cut Regulations) in Appendix A of this Chapter shall be considered #Tier C street frontages#.

(8/8/18)

142-20 SPECIAL FLOOR AREA REGULATIONS

The underlying #floor area# regulations are modified by the provisions of this Section, inclusive.

(8/8/18)

**142-21
Floor Area Regulations on Waterfront Blocks**

On #waterfront blocks#, the provisions of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall be modified so that #lot area# that is seaward of the #shoreline# shall not be included for the purpose of determining allowable #floor area# or to satisfy any other #bulk# regulation.

(8/8/18)

**142-22
Floor Area Regulations in Subareas A2, A3 and B1**

In Subareas A2, A3 and B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the #floor area# regulations shall be modified as follows:

For #zoning lots# other than #shoreline adjacent lots# the maximum #residential# #floor area ratio# shall be 4.6. For #shoreline adjacent lots#, the maximum #residential# #floor area ratio# shall be as set forth in paragraph (d) of Section 23-154 (Inclusionary Housing) for the particular district.

For #zoning lots# that are divided by zoning district boundary lines, #floor area# may be distributed within a #zoning lot# without regard to zoning district boundary lines.

#Accessory# parking located below a height of 33 feet shall be exempt from the definition of #floor area#.

(8/8/18)

**142-23
Floor Area Regulations in Subareas B2 and B3**

In Subarea B2, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, all permitted #uses# shall have a permitted #floor area ratio# of 2.0. In Subarea B3, as shown on Map 1, the base #floor area ratio# shall be 5.0, and may be increased

only in accordance with the provisions of this Section.

The Chairperson of the City Planning Commission shall allow, by certification, a transfer of #floor area# from a #zoning lot# located in Subarea B2 to a #zoning lot# located in Subarea B3 provided that the provisions of this Section are met. For the purpose of this Section, a “granting lot” shall mean a #zoning lot# within Subarea B2 that transfers #floor area# pursuant to this Section, and a “receiving lot” shall mean a #zoning lot# within Subarea B3 that receives additional #floor area# pursuant to this Section.

Such certification for a transfer of #floor area# shall be subject to the following conditions:

- (a) the maximum amount of #floor area# that may be transferred from a granting lot shall be based on a #floor area ratio# of 2.0, less the total #floor area# of all existing #buildings# on the granting lot and any previously transferred #floor area#;
- (b) each transfer, once completed, shall irrevocably reduce the amount of #floor area# that may be #developed# or #enlarged# on the granting lot by the amount of #floor area# transferred;
- (c) for #developments# or #enlargements#, which in the aggregate for both the granting lot and the receiving lot, involve an increase in the #floor area# of more than 20,000 square feet of the amount existing on August 8, 2018, a waterfront certification pursuant to Section 62-811 (Waterfront public access and visual corridors) has been granted; and
- (d) prior to the issuance of a building permit, as set forth in this Section, the owners of the granting lot and the receiving lot shall submit to the Chairperson a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer. Notice of the restrictions upon further #development# or #enlargement# of the granting lot and the receiving lot shall be filed by the owners of the respective lots in the Office of the Register of the City of New York (County of New York). Proof of recordation shall be submitted to the Chairperson.

Both the transfer instrument and the notices of restrictions shall specify the total amount of #floor area# transferred and shall specify, by #block# and lot numbers, the granting lot and the receiving lot that are a party to such transfer.

An application filed with the Chairperson for certification pursuant to this Section shall be made jointly by the owners of the granting lot and the receiving lot, and shall include site plans and zoning calculations for the granting lot and receiving lot showing the additional #floor area# associated with the transfer, and any such other information as may be required by the Chairperson.

The Chairperson shall certify to the Department of Buildings that a #development# or #enlargement# is in compliance with the provisions of this Section only after the transfer instrument and notice of restrictions required by this Section have been executed and recorded with proof of recordation provided to the Chairperson. Such certification shall be a precondition

to the filing for or issuing of any building permit allowing more than the basic maximum #floor area ratio# for such #development#.

A separate application shall be filed for each transfer of #floor area# to any #zoning lot# pursuant to this Section.

(8/8/18)

142-24 Floor Area Regulations in Subdistrict D

For #zoning lots# that are located partially in a #Commercial District# mapped within an R8A District and partially in a #Commercial District# mapped within an R9A District, #residential# #floor area# may transfer across the zoning district boundary from the #Commercial District# mapped within an R8A District to the #Commercial District# mapped within an R9A District.

(8/8/18)

142-30 SPECIAL YARD REGULATIONS

The underlying #yard# regulations are modified by the provisions of this Section.

In M1-4/R7A and M1-4/R9A Districts, in Subareas A1 and B3 as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, and in the portion of the C2-4 District mapped within an R8A District or the portion of the C2-4 District mapped within an R9A District, located east of Tenth Avenue, south of West 207th Street, west of Ninth Avenue, and north of West 206th Street, no #rear yard equivalents# are required for #through lots# or #through lot# portions of a #zoning lot#.

In Subdistrict D, no #rear yard# is required along any portion of a #rear lot line# that is coincident with a #lot line# of the rail yard for the Metropolitan Transportation Authority located east of Tenth Avenue between West 207th Street and West 215th Street.

A #waterfront yard#, as defined in Section 62-11 (Definitions), shall be provided on any portion of a #zoning lot# located within 40 feet of the #shoreline#. Any other #yard# regulations shall be inapplicable within such portion of a #zoning lot#.

(8/8/18)

142-40

SPECIAL HEIGHT AND SETBACK REGULATIONS

In Subareas A1 and B2, and in Subdistrict E, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the height and setback regulations of the underlying districts shall apply.

In Subareas A2, A3, B1, B3 and B4, the height and setback regulations of the underlying district regulations are modified by Sections 142-41 through 142-47 shall apply, and all heights shall be measured from the #base plane#.

In Subdistricts C, D and F, the height and setback regulations of the underlying district regulations are modified by Sections 142-48 (Special Regulations for Certain Sites in Subdistricts C and F) and 142-49 (Height and Setback for Certain Zoning Lots in Subdistricts C and D), as applicable.

(12/6/23)

142-41

Permitted Obstructions in Subareas A2, A3, B1, B3 and B4

In Subareas A2, A3, B1, B3 and B4, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#. In addition, along all #street# frontages, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-623 (Permitted obstructions in certain districts), and balconies shall be permitted in conjunction with #residential uses# as set forth in Section 23-132 (Balconies in R6 through R10 Districts).

(8/8/18)

142-42

Height and Setback for Non-Shoreline Adjacent Lots in Subareas A2, A3 and B1

In Subareas A2, A3 and B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for #zoning lots# other than #shoreline adjacent lots#, the height and setback regulations for R7A Districts set forth in Sections 23-662 (Maximum height of buildings and setback regulations) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, shall apply.

The #street wall# location requirements of paragraph (b) of Section 35-651 shall apply to

#street# frontages along and within 50 feet of Ninth Avenue, and the #street wall# requirements of paragraphs (a)(1) and (2) of Section 35-651 shall apply along all other #street# frontages of the #zoning lot#. The #street wall# articulation provisions of paragraph (e) of Section 35-651 shall apply along all #street# frontages.

(8/8/18)

142-43

Height and Setback for Shoreline Adjacent Lots in Subarea A2

In Subarea A2, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for #shoreline adjacent lots#, the following height and setback regulations shall apply:

(a) #Street wall# location

The #street wall# location requirements of paragraph (b) of Section 35-651 shall apply to #street# frontages along and within 50 feet of Ninth Avenue, and the #street wall# requirements of paragraphs (a)(1) and (2) of Section 35-651 shall apply along all other #street# frontages of the #zoning lot#. For the purposes of applying such regulations, all #street walls# shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the #building#, whichever is less. The #street wall# articulation provisions of paragraph (e) of Section 35-651 shall apply along all #street# frontages.

(b) Base height and setbacks

The minimum base height shall be 60 feet on all #street# frontages. Within R9A Districts, or C1 or C2 Districts mapped within R9A Districts, the maximum base height shall be 105 feet. Within R8 Districts, or C1 or C2 Districts mapped within R8 Districts, the maximum base height before setback shall be 105 feet if the #building's# maximum overall height does not exceed 155 feet, or 85 feet if a #building# is developed with a tower in accordance with the regulations of paragraph (e) of this Section.

At a height not lower than the minimum base height nor higher than the maximum base height specified for the applicable district, a setback with a minimum depth of 10 feet shall be provided from the #street wall# of the base. The provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(c) Within 70 feet of the #shoreline#

Within 70 feet of the #shoreline#, the height of a #building# along 30 percent of the length of a #zoning lot#, as measured parallel to Ninth Avenue, shall be limited to a

maximum height of 30 feet, and the height along the remaining 70 percent may rise to a maximum height of 85 feet.

(d) Maximum #building# height

The maximum #building# height shall be 155 feet, except where towers are provided in accordance with paragraph (e) of this Section.

(e) Optional tower regulations

For #zoning lots# that have a #lot area# of more than one acre, a “tower” shall be permitted above a height of 125 feet, provided that:

- (1) the gross area of any #story# shall not exceed 9,000 square feet, except that any dormers provided within the setback area shall not be included in such gross area;
- (2) the gross area of any #story# above 205 feet shall not exceed 90 percent of the gross area of the highest #story# that is located entirely below a height of 205 feet;
- (3) no portion of such tower shall be located within 80 feet of the #shoreline#;
- (4) the width of such tower shall not exceed 100 feet, as measured parallel to Ninth Avenue. Such width shall be measured in plan and shall include the total width of the combined #lot coverage# of all #stories# above 125 feet; and
- (5) The maximum height of such tower shall not exceed 245 feet.

#Zoning lots# with a #lot area# in excess of 1.5 acres may contain a second tower, provided that the heights of the two towers differ by at least 50 feet from each other, and provided that the combined width of the towers does not exceed 140 feet, as measured parallel to Ninth Avenue. Such width shall be measured in plan and shall include the total width of the combined #lot coverage# of all #stories# above 125 feet.

(8/8/18)

142-44

Height and Setback for Shoreline Adjacent Lots in Subarea A3

In Subarea A3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for #shoreline adjacent lots#, the height and setback regulations of this Section shall apply:

(a) Base along West 207th Street and Ninth Avenue

Along the West 207th Street and Ninth Avenue frontages, all #buildings# shall have a minimum base height of 60 feet, or the height of the #building#, whichever is less, and a maximum base height of 105 feet. The #street wall# location requirements of paragraph (a)(1) and (2) of Section 35-651 shall apply along both #streets#. The boundary of any easement required for a #street# or sidewalk widening pursuant to Section 142-64 shall be considered the #street line# for the purpose of this Section.

At a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet shall be provided from the #street wall# of the base. The provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(b) Within 70 feet of the #shoreline#

Within 70 feet of the #shoreline#, the maximum #building# height shall be 85 feet.

(c) Within 30 feet of former West 208th Street

Within 30 feet of Former West 208th Street, as shown on Map 1 in the Appendix to this Chapter, the height of a #building# along 30 percent of the length of a #zoning lot#, as measured along the former extent of West 208th Street, shall not exceed 30 feet, and the height of the remaining 70 percent may rise to a maximum height of 85 feet.

(d) Maximum #building# height

Within the portion of the #zoning lot# that is beyond 100 feet of West 207th Street, the maximum #building# height shall be limited to 145 feet. Within the portion of the #zoning lot# that is within 100 feet of West 207th Street, the maximum #building# height shall be 175 feet, except where towers are provided in accordance with paragraph (e) of this Section.

(e) Optional tower regulations

For #zoning lots# that have a #lot area# of more than one acre, a “tower” shall be permitted above a height of 175 feet within the portion of the #zoning lot# that is within 100 feet of West 207th Street, provided that:

- (1) the gross area of any #story# shall not exceed 10,000 square feet, except that any dormers provided within the setback area shall not be included in such gross area;
- (2) the gross area of any #story# above 255 feet shall not exceed 90 percent of the gross area of the highest #story# that is located entirely below a height of 255 feet; and

- (3) The maximum height of such tower shall not exceed 295 feet.

(8/8/18)

142-45

Height and Setback for Shoreline Adjacent Lots in Subarea B1

In Subarea B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for #shoreline adjacent lots#, the height and setback regulations of Section 142-43 (Height and Setback for Sites in Subarea A2 With More Than 100 Feet of Shoreline) shall apply, except that paragraph (e) of such Section shall be modified to allow the gross area of any #story# in a tower to be up to 10,000 square feet and to rise to a height of 265 feet, provided that the gross area of any #story# above 225 feet shall not exceed 90 percent of the gross area of the highest #story# that is located entirely below 225 feet. The #visual corridor# located between a line parallel to and 20 feet south of the prolongation of the centerline of West 218th Street and a line parallel to and 30 feet north of such centerline established by Section 142-60 (INWOOD WATERFRONT ACCESS PLAN) shall be treated as a narrow #street line# for the purposes of applying all height and setback regulations.

(8/8/18)

142-46

Height and Setback in Subarea B3

In Subarea B3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the maximum #building# height shall be 125 feet within 10 feet of a #street line#. Beyond 10 feet of a #street line#, the maximum #building# height shall be 265 feet.

(8/8/18)

142-47

Height and Setback in Subarea B4

In Subarea B4, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the height of a #building# within 10 feet of a #street line# shall not exceed 125 feet. Portions of #buildings# located beyond 10 feet of a #street line# may rise to a maximum height of 210 feet. Any #development# or #enlargement# with frontage on West 218th Street must provide a sidewalk widening with a minimum depth of five feet along such frontage. Any #development# or #enlargement# with frontage on Ninth Avenue must provide a sidewalk widening with a minimum depth of five feet along such frontage.

(8/8/18)

142-48

Special Regulations for Certain Sites in Subdistricts C and F

In Subdistrict C, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, and in Subdistrict F, for #buildings# #developed# pursuant to the #bulk# regulations for #Quality Housing buildings#, the underlying height and setback provisions shall be modified for #zoning lots# that share a #side lot line# with an adjacent #zoning lot# that is #developed# with a #building# constructed prior to December 15, 1961 that contain #residences# with #legally required windows# facing and located within 15 feet of the shared #side lot line#.

The #street wall# location provisions of paragraph (b)(1) of Section 35-651 shall apply except that where an adjoining #zoning lot# contains #residences# with #legally required windows# facing and within 15 feet of a shared #side lot line#, the #street wall# of a #building# need not extend along the entire #street# frontage of such a #zoning lot# if an open area is provided above the level of the first #story# or a height of 15 feet, whichever is lower, along the entire shared #side lot line#. Where such an open area is provided, the #street# frontage of such open area may be excluded for the purpose of applying the #street wall# location provisions of paragraph (b)(2) of Section 35-651.

In addition, where an open area with a depth of at least 15 feet, as measured perpendicular from the shared #side lot line#, and is provided in the form of a recess, #court# or other open area is provided along shared #side lot line#, and such open area is provided adjacent to all portions of a #building# on an adjoining #zoning lot# that contain #legally required windows# facing and located within 15 feet of the shared #side lot line#, the maximum height for the #building# set forth in Section 23-662, 23-664, 35-652 or 35-654, as applicable, may be increased by 10 feet; and the maximum number of #stories#, if applicable, may be increased by one.

#Zoning lots# may apply the regulations of this Section along multiple #side lot lines# where applicable, but in no case shall the permitted #building# height be increased by more than one #story# or 10 feet, whichever is lower.

(8/8/18)

142-49

Height and Setback for Certain Zoning Lots in Subdistricts C and D

In Subdistricts C and D, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, all non-#residential# #buildings# in C4 and C6

Districts shall follow the height and setback regulations of paragraph (b) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) for the applicable residential equivalent.

In Subdistrict D, all #developments# or #enlargements# on #zoning lots# within M1-4/R7A and M1-4/R9A Districts shall follow the height and setback regulations of paragraph (b) of Section 23-664, for the applicable #Residence District#, except portions of #zoning lots# that are located within 30 feet of West 201st Street shall be limited to a maximum #building# height to 85 feet.

In Subdistrict D, for portions of #zoning lots# located within 100 feet of a #street# that contains an elevated rail line, the underlying height and setback regulations shall be modified as follows, and as set forth in Section 142-491:

- (a) the minimum required base height shall be 25 feet;
- (b) the maximum permitted #building# height shall be 165 feet and the maximum number of #stories# shall be 16 in C6-2A, C4-4D, and in C2 Districts mapped within R8A Districts;
- (c) the maximum permitted #building# height shall be 135 feet and the maximum number of stories shall be 13 in C4-5D Districts; and
- (d) along the frontage of a #street# that contains an elevated rail line, the #street wall# location regulations of paragraph (a)(1) of Section 35-651 shall apply.

(8/8/18)

142-491

Special base height regulations for certain zoning lots within Subdistrict D

The underlying height and setback regulations shall be further modified for the following areas within Subdistrict D:

- (a) for portions of #zoning lots# located in Subarea D2, the maximum permitted base height shall be 75 feet;
- (b) for portions of #zoning lots# located in Subarea D3, the maximum permitted base height shall be 65 feet; and
- (c) for portions of #zoning lots# located in Subarea D4, the maximum permitted base height shall be 85 feet, and for portions of a #development# or #enlargement# containing #residences#, the maximum permitted base height shall be 65 feet.

(8/8/18)

142-50

SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS

The underlying off-street parking and loading regulations are modified by the provisions of this Section, inclusive.

(8/8/18)

142-51

Required Accessory Parking Spaces for Residences

Except for within Subdistrict F, as shown on Map 1 (Special Inwood District-Subdistricts and Subareas) in the Appendix to this Chapter, the requirements of Sections 25-23 (Requirements Where Group Parking Facilities Are Provided) are modified to require #accessory# #residential# off-street parking spaces for a minimum of 20 percent of new #residences#. The number of #accessory# off-street parking spaces required may be reduced or waived as set forth in the underlying district regulations, including as set forth in Sections 25-251 through 25-253.

Within Subdistrict F, for #buildings developed# pursuant to the Quality Housing #bulk regulations#, if at least 20 percent of the #residential# #floor area# of the #development# consists of #income-restricted housing units#, the requirements of Sections 25-23 are modified to require #accessory# #residential# off-street parking spaces for a minimum of 20 percent of new #residences#. For purposes of this Section, the definition of #income-restricted housing units# shall be modified such that the #income-restricted housing units# must be affordable to households with incomes at or below 60 percent of the #income index#. The number of #accessory# off-street parking spaces required may be reduced or waived as set forth in the underlying district regulations, including as set forth in Sections 25-251 through 25-253. Prior to issuance of a building permit for such #development#, the Department of Housing Preservation and Development shall certify to the Department of Buildings that such #development# complies with the affordability provisions of this Section.

(8/8/18)

142-52

Required Accessory Parking Spaces for Commercial or Community Facility Uses in Certain Districts

In Subdistricts A, B, C, D, and E, no #accessory# parking is required for new #commercial# or #community facility uses# in #mixed buildings# in C2-4 and C4 Districts.

In Subdistrict F, no #accessory# parking is required for #commercial# or #community facility uses# in #mixed buildings# #developed# after August 8, 2018, pursuant to the Quality Housing #bulk# regulations in C2-4 and C4 Districts.

(8/8/18)

142-53
Public Use of Accessory Parking

All required or permitted #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request for such space is made to the landlord.

(8/8/18)

142-54
Accessory Parking on a Roof in Subarea A1

In Subarea A1, the underlying off-street parking regulations of Section 44-11 (General Provisions) are modified to permit #accessory# parking to be located on the roof of any #story# of a #building#.

(8/8/18)

142-60
INWOOD WATERFRONT ACCESS PLAN

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

Map 4 (Waterfront Access Plan: Parcel Designation), Map 5 (Waterfront Access Plan: Public Access Areas) and Map 6 (Waterfront Access Plan: Visual Corridors) in the Appendix to this Chapter show the boundaries of the area comprising the Inwood Waterfront Access Plan, boundaries of parcels within the Plan and the location of certain features mandated or permitted by the Plan.

The Plan has been divided into parcels consisting of tax blocks and lots and other lands as established on August 8, 2018, as follows:

Parcel 1:	block 2215, lots 877 and 885; and block 2197, lots 67, 71, 74 and 174
Parcel 2/3:	block 2197, lots 47 and 75
Parcel 4:	block 2197, portion of lot 1
Parcel 5:	block 2188, lot 1
Parcel 6:	block 2187, lots 1, 5, 7 and 20
Parcel 7:	block 2185, lots 25, 36 and 51
Parcel 8:	block 2185, lots 1 and 10
Parcel 9:	block 2184, lots 20 and 40

Within the #Special Inwood District#, the parcels of land designated in this Section need not be contiguous for the area to be considered to be a Waterfront Access Plan pursuant to Section 62-911.

For the purposes of this Section, inclusive, defined terms shall include those listed in Section 12-10 (DEFINITIONS) and Section 62-11 (Definitions).

(8/8/18)

142-61

Lot area and waterfront public access area requirements

For the purposes of determining requirements for #waterfront public access areas#, #lot area# shall not include any portion of a #zoning lot# that is seaward of the #shoreline#. For the purposes of determining the applicability of #waterfront public access area# requirements, pursuant to Section 62-52, all #zoning lots# with portions located within 40 feet of the #shoreline# shall be considered #waterfront zoning lots#.

On Parcel 1, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, for the purposes of calculating the total #waterfront public access area# requirements on a “granting lot,” as described in Section 142-23 (Floor Regulations in Subarea B2 and B3), #lot area# shall be the combined #lot area# of all “granting lots” and all “receiving lots.”

(6/6/24)

142-62

Tip of Manhattan, Subdistrict B

In Tip of Manhattan Subdistrict B, for Parcels 1 and 2/3, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, the following regulations shall apply.

(a) Applicability of #waterfront public access area# requirements to Use Group IX(C)

In Subarea B1, as shown on Map 1, #developments# of #buildings# containing exclusively commercial or public utility vehicle storage, including #accessory# fuel pumps, as listed in Use Group IX(C), shall be exempted from #waterfront public access area# requirements.

(b) #Shore public walkways#

On Parcel 1, no #shore public walkway# shall be required.

(c) #Upland connections#

On Parcel 2/3, #upland connections# shall be provided along the shared boundary between Parcels 1 and 2/3, and within the area located between a line parallel to and 20 feet south of the prolongation of the centerline of West 218th Street and a line parallel to and 30 feet north of such centerline.

(d) #Supplemental public access areas#

- (1) on Parcel 1, #supplemental public access area# shall be bounded by Ninth Avenue to the west, the shared boundary of Parcels 1 and 2/3 to the south, and the stabilized shore to the east. Section 62-571 (Location and area requirements for supplemental public access areas) shall not apply to such #supplemental public access area#;
- (2) on Parcel 2/3, #supplemental public access area#, if required, shall be located at the intersection of the #upland connection# and the #shore public walkway#. Section 62-571 shall be modified to allow the longest side of such #supplemental public access area# to adjoin the #upland connection# provided that the maximum depth measured perpendicular to the #upland connection# does not exceed 1.5 times the width measured parallel to the #upland connection#.

(e) #Visual corridors#

#Visual corridors# shall be provided at three locations as shown on Map 6 (Waterfront Access Plan: Visual Corridors) in the Appendix to this Chapter:

- (1) within the prolongation of the #street lines# of West 220th Street;
- (2) within the prolongation of the #street lines# of Ninth Avenue;
- (3) within the area located between a line parallel to and 20 feet south of the prolongation of the centerline of West 218th Street and a line parallel to and 30 feet north of such centerline. In the event that such #visual corridor# #abuts# an open area with a minimum depth of 20 feet along the entire length of such #visual corridor#, and an easement for such open area has been recorded against the

property, the minimum dimension of a #visual corridor# set forth in Section 62-512 (Dimensions of visual corridors) may be reduced to 30 feet.

(8/8/18)

142-63

Sherman Creek Subdistrict A

In the Sherman Creek Subdistrict A, Parcels 5, 6, 7, 8 and 9, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, the following regulations shall apply.

- (a) #Shore public walkways#
 - (1) #Waterfront zoning lots# that have a #shoreline# measuring more than 100 feet shall provide a #shore public walkway# as required by Section 62-53 (Requirements for Shore Public Walkways).
 - (2) #Zoning lots# within or partially within 40 feet of the #shoreline# that do not #abut# the #shoreline#, or that contain a #shoreline# measuring 100 feet or less shall provide either:
 - (i) a #shore public walkway#, located partly on the #zoning lot# and partly on an adjoining #waterfront zoning lot#; or
 - (ii) a #shore public walkway# on any portion of the #zoning lot# within 40 feet of the #shoreline#. Such #shore public walkway# shall have a minimum width of 14 feet, and its pedestrian circulation path shall connect to and provide access from adjoining public #streets#, parks or public places. Such #shore public walkway# shall extend beyond 40 feet of the #shoreline# as necessary to satisfy the minimum dimensional requirements, but the total area of the #shore public walkway# need not exceed an area equivalent to that portion of the #zoning lot# within 40 feet of the #shoreline#. The provisions of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be modified to allow the circulation path to have a minimum width of 10 feet and to be located entirely beyond 10 feet from the #shoreline#. In addition, for Parcels 6, 7 or 8, the planting requirements set forth in paragraph (c)(1) of Section 62-62 need not apply.

Where the #zoning lot# does not include all of the adjacent #shoreline#, the design of the #shore public walkway# shall be compatible with the future improvement of public access areas on the land between the #zoning lot# and the #shoreline#.

- (3) The primary circulation path required pursuant to Section 62-62 shall be provided at a minimum elevation of 7.5 feet above the #shoreline#, except that such

requirement need not include portions of a circulation path that slope downward to meet the elevation of an existing publicly accessible sidewalk.

(b) #Supplemental public access areas#

On Parcel 5, no #supplemental public access area# shall be required.

(8/8/18)

142-64

Special Regulations on Parcel 5

- (a) Section 62-811 (Waterfront public access and visual corridors) shall not apply to Parcel 5, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter. In lieu thereof, the following regulations shall apply:

Required Certification

No excavation or building permit shall be issued for any #development# on Parcel 5 until the Chairperson of the City Planning Commission has certified to the Department of Buildings, that:

- (1) a site plan has been submitted showing compliance with the provisions of Sections 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) as modified by Section 142-60 (INWOOD WATERFRONT ACCESS PLAN);
 - (2) the Chairperson has certified that an easement, the requirements for which shall be determined in consultation with the Department of Transportation, has been provided to enlarge the adjoining mapped #streets#, an instrument creating such easement has been recorded in the Office of the City Register, and a certified copy of such easement has been submitted to the Department of City Planning; and
 - (3) an acceptable restrictive declaration is executed and filed pursuant to Section 62-74 (Requirements for Recordation).
- (b) Buildout of Adjoining #Streets#

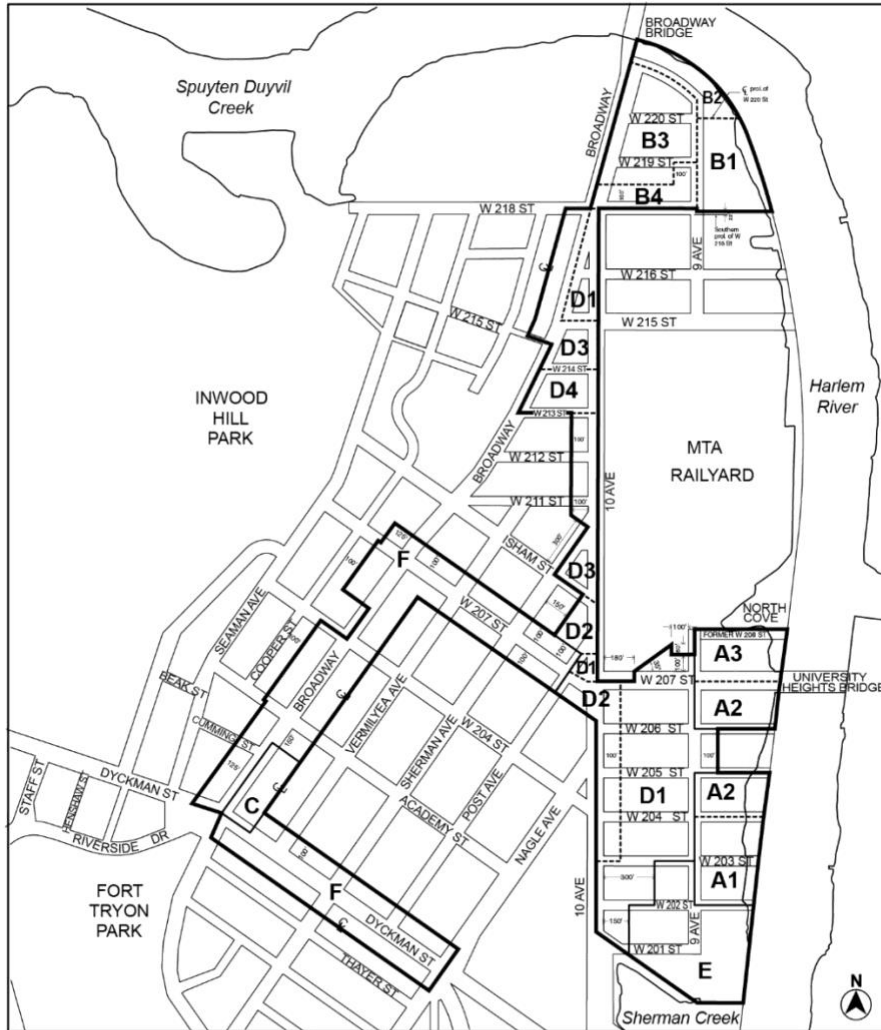

No certificate of occupancy for any #development# on Parcel 5 shall be issued until the Department of Buildings has been furnished with a certification by the Department of Transportation that adjoining mapped #streets# have been built out to Department of Transportation standards.

Within 45 days of receipt of a complete application, the Chairperson shall either certify that the proposed #development# complies with the requirements of this Section or disapprove such application, citing the nature of any failure to comply. Failure to certify or disapprove such application within the 45 day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.

**ARTICLE XIV
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special SoHo-NoHo Mixed Use District**

(12/15/21)

**143-00
GENERAL PURPOSES**

The “Special SoHo-NoHo Mixed Use District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to enhance neighborhood economic diversity by broadening the range of housing choices for residents of varied incomes;
- (b) to reinforce the longstanding mixed-use character of the area by allowing a wider range of residential, commercial and community facility uses while retaining significant concentration of commercial and manufacturing space;
- (c) to ensure the development of buildings is compatible with existing neighborhood character;
- (d) to sustain SoHo/NoHo’s cultural legacy and support New York City’s creative economy with provisions that support arts, cultural and creative uses, organizations and their broader public audience;
- (e) to retain jobs within New York City; and
- (f) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect City tax revenues.

(12/15/21)

**143-01
General Provisions**

The provisions of this Chapter shall apply within the #Special SoHo-NoHo Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(6/6/24)

143-02

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. Other defined terms are set forth in Sections 12-10 (DEFINITIONS) and 32-301 (Definitions).

Qualifying building

For the purposes of this Chapter, a “qualifying building” shall be any #building# where, prior to December 15, 2021:

- (a) such #building# contained at least 60,000 square feet of #floor area#; and
- (b) at least 20 percent of the #floor area# within such #building# was allocated to non-#residential# #floor area#, as such term is utilized in Section 143-13.

SoHo-NoHo Arts Fund

For the purposes of this Chapter, the “SoHo-NoHo Arts Fund” (the “Arts Fund”) shall be a separate interest-bearing account established for the deposit of contributions made when converting #joint living-work quarters for artists# to #residences# in accordance with the provisions of Section 143-12 (Joint Living-Work Quarters for Artists). Funds within the #SoHo-NoHo Arts Fund# shall be allocated by the New York City Department of Cultural Affairs, or a not-for-profit entity designated by the Department of Cultural Affairs, to support arts programming, projects, organizations, and facilities that promote the public presence of the arts within the Special District and surrounding neighborhoods and extend the cultural legacy of SoHo and NoHo generally. Such allocation should prioritize under-resourced organizations and under-served areas within Lower Manhattan neighborhoods south of 14th Street.

No later than June 30 of each year, the Department of Cultural Affairs shall submit a report to the Speaker detailing the amount of money deposited into the #SoHo-NoHo Arts Fund# and any expenditure of funds.

(6/6/24)

143-03

District Plan and Map

In order to carry out the purposes and provisions of this Chapter, a district map is located in the Appendix to this Chapter and is hereby incorporated and made an integral part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply:

Appendix A

Map 1. Ground Floor Use Requirements

Such map is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(6/6/24)

143-04

Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special SoHo-NoHo Mixed Use District# are shown on the maps in APPENDIX F of this Resolution. Such provisions are modified as follows:

- (a) #Conversions# from #joint living-work quarters for artists# to #residences#, as set forth in Section 143-12 (Joint Living-Work Quarters for Artists), shall not be subject to the provisions of paragraph (d)(1) of Section 23-154.
- (b) The provisions of paragraph (d)(4)(i) of Section 23-154 shall apply:
 - (1) in M1 districts paired with R7D districts, to #developments# or #enlargements# on #zoning lots# existing on December 15, 2021, on which the maximum permitted #residential floor area#, less #floor area# equivalent to a #floor area ratio# of 0.6, does not exceed 12,500 square feet; and
 - (2) in all other districts, to #developments# or #enlargements# on #zoning lots# existing on December 15, 2021, on which the maximum permitted #residential floor area#, less the #lot area#, does not exceed 12,500 square feet.
- (c) For #conversions# in #buildings# existing prior to December 15, 2021, that are not otherwise subject to paragraph (d)(3)(v) of Section 23-154, the Board of Standards and

Appeals may permit a contribution to the #affordable housing fund#, pursuant to the provisions of Section 73-625.

(12/15/21)

143-05

Applicability of Article VI, Chapters 4 and 6

In #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

(12/15/21)

143-06

Applicability of Article XII, Chapter 3

In the #Special SoHo-NoHo Mixed Use District#, M1 Districts are paired with a #Residence District#. In paired districts, the special #use#, #bulk#, and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except where modified by the provisions of this Chapter.

Notwithstanding the provisions of Section 123-10 (GENERAL PROVISIONS), in the event of a conflict between the provisions of this Chapter and the provisions of Article XII, Chapter 3, the provisions of this Chapter shall control.

(12/15/21)

143-07

Applicability of Quality Housing Regulations

All #buildings# shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(6/6/24)

143-08

Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 shall apply to the #conversion# of non-#residential floor area# to #residences#, except where such regulations are modified by the provisions of this Chapter. Where the regulations in effect prior to the establishment of this Chapter were utilized to provide #floor area# for #joint living-work quarters for artists# in a manner not otherwise permitted by Article I, Chapter 5, such provisions may continue to apply in order to #convert# such #floor area# to #residences#, provided that light and air provisions of Section 15-23, and #conversion# provisions of Section 143-12 are met.

(12/15/21)

143-10

SPECIAL USE REGULATIONS

Within the #Special SoHo-NoHo Mixed Use District#, the #use# provisions of Article XII, Chapter 3 are modified by the provisions of this Section.

(6/6/24)

143-11

Modifications for Certain Uses

Within the #Special SoHo-NoHo Mixed Use District#, the following #use# modifications shall apply:

- (a) the following #uses# listed under Use Group III shall not be permitted:
 - colleges or universities, including professional schools but excluding business colleges or trade schools
 - college or school student dormitories and fraternity or sorority student houses;
- (b) eating or drinking establishments listed under Use Group VI, shall be limited to 8,500 square feet of #floor area# per establishment; and
- (c) #uses# listed under Use Group VI with a size limitation, as denoted in the Use Group table with an “S”, are subject to the following modifications:
 - (1) for establishments with a #primary entrance# along a #wide street#, 25,000 square feet of #floor area# per establishment; and

(2) for all other establishments, 10,000 square feet of #floor area# per establishment.

However, the City Planning Commission may, by special permit, allow #uses# that exceed the size limitations of this paragraph, pursuant to Section 143-31 (Special Permit for Certain Retail Uses).

(6/6/24)

143-12 Home Occupation

For the purposes of this Chapter, the #home occupation# provisions of Section 12-10 shall apply, except that a #home occupation# may occupy more than 1,000 square feet of #floor area# and up to three persons not residing in the #dwelling unit# or #rooming unit# may be employed. In addition to the #uses# listed in Section 12-10, a #home occupation# may include any permitted #commercial use#.

(6/6/24)

143-13 Joint Living-Work Quarters for Artists

#Conversions# to #joint living-work quarters for artists# shall not be permitted after December 15, 2021, within the #Special SoHo-NoHo Mixed Use District#.

For #developments#, #enlargements# or #conversions#, for the purposes of applying Section 123-22 (Additional Conditions for Certain Uses), #joint living-work quarters for artists# shall not be considered an existing #manufacturing# or #commercial use#.

For #joint living-work quarters for artists# existing on December 15, 2021, any #conversion# to a #residence# shall only be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of the Department of Building that instruments in a form acceptable to the City are executed and recorded and that, thereafter, a contribution has been deposited in the #SoHo-NoHo Arts Fund#. The execution and recording of such instruments and the payment of such non-refundable contribution shall be a precondition to the filing for or issuing of any building permit allowing the #conversion# a #joint living-work quarters for artists# to a #residence#.

The contribution amount shall be \$100.00 per square foot of #floor area# to be #converted# from a #joint living-work quarters for artists# to a #residential use# as of December 15, 2021, and shall be adjusted by the Chairperson annually. Such adjustment shall occur on August 1 of each

calendar year, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics for the 12 months ended on June 30 of that year. The contribution amount shall be determined based upon the rate which is in effect at the time the contribution is received.

(12/15/21)

143-14 Non-residential Retention for Qualifying Buildings

For #developments#, #enlargements#, and #conversions# on #zoning lots# with #qualifying buildings# existing on December 15, 2021, #residential uses# shall only be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of the Department of Buildings that the #zoning lot#, as it existed on December 15, 2021, will contain at least the amount of non-#residential# #floor area# that existed within such #qualifying buildings# on the #zoning lot# on December 15, 2021, or where the #qualifying building# will be #converted# to #residences# that are exclusively #income-restricted housing units#. For the purposes of this Section, non-#residential floor area# shall not include #residences#, including #dwelling units# that are registered Interim Multiple Dwellings or are covered by the New York City Loft Board pursuant to Article 7-C of the New York State Multiple Dwelling Law or that the Loft Board determines were occupied for #residential use# on September 1, 1980, #joint living-work quarters for artists#, #community facility uses# with sleeping accommodations or #transient hotels#, where permitted.

A restrictive declaration acceptable to the Department of City Planning shall be executed and recorded, binding the owners, successors and assigns to provide the amount of non-#residential floor area# that existed within #qualifying buildings# on December 15, 2021, on the #zoning lot#. Such restrictive declaration shall be recorded in the Office of the City Register.

(6/6/24)

143-15 Streetscape Regulations

The underlying #ground floor level# streetscape provisions set forth in Section 32-30 (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages along #streets#, or portions thereof, designated on Map 1 in the Appendix of this Chapter shall be considered #Tier C street frontages#.

(12/15/21)

143-20
SPECIAL BULK REGULATIONS

Within the #Special SoHo-NoHo Mixed Use District#, the #bulk# provisions of Article XII, Chapter 3 are modified by the provisions of this Section.

(12/15/21)

143-21
Special Floor Area Regulations

The applicable #floor area# regulations shall be modified as follows:

- (a) the #floor area ratio# for #community facility uses# shall be 6.5; and
- (b) in M1-6 Districts paired with an R10 District east of Broadway and north of Great Jones Street, the #floor area ratio# for all other non-#residential uses# shall be 7.0.

(12/15/21)

143-22
Density

For all #residential buildings#, or portions thereof, including those existing on December 15, 1961, the factor to determine the maximum number of #dwelling units# shall be 680.

Where a #joint living-work quarters for artists# has utilized the provisions of Section 15-024 (Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings) as alternative density provisions, such provisions shall remain in effect for any subsequent #conversion# to #dwelling units#. However, in applying such provisions, the #dwelling unit# factor provisions of this Section shall apply in lieu of Section 15-111 (Number of permitted dwelling units).

(12/6/23)

143-23
Special Yard Regulations

The applicable #rear yard# and #rear yard equivalent# regulations shall be modified as follows:

(a) Permitted obstructions

In any #rear yard# or #rear yard equivalent#, any #building# or portion of a #building# used for #commercial#, #manufacturing#, or #residential uses#, other than dwelling units, shall be a permitted obstruction, provided that the height of such #building# shall not exceed one #story#, excluding #basement#, nor in any event 23 feet above #curb level#.

In addition, in M1-5 Districts paired with an R9X District north of Howard Street, in any #rear yard#, any #building# or portion of a #building# used for any permitted non-#residential use#, shall be a permitted obstruction, provided that the height of such #building#, or portion thereof, shall not exceed two #stories#, excluding #basements#, nor in any event 30 feet above #curb level#.

Any allowance for other permitted obstructions above a #building# in a #rear yard# or #rear yard equivalent# set forth in Section 43-23 shall be permitted above such modified height limitations.

(b) Required #rear yards#

For all #uses#, a #rear yard# with a depth of not less than 20 feet shall be provided at every #rear lot line# on any #zoning lot#, except as follows:

- (1) no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less;
- (2) whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#; and
- (3) for #interior lots# where the depth of such #zoning lot#, or a portion thereof, is less than 90 feet, and such shallow depth was in existence on December 15, 1961 and on the date of application for a #building# permit, the required #rear yard# for such #interior lot#, or portion thereof, may be reduced by six inches for each foot by which the depth of a #zoning lot#, or portion thereof, is less than 90 feet. However, in no event shall the minimum depth of a #required yard#, or portion thereof, be reduced to less than 10 feet.

(c) Required #rear yard equivalents#

For #buildings#, or portions thereof, containing non-#residential uses#, no #rear yard equivalent# shall be required on any #through lot# or #through lot# portion of a #zoning lot#.

For #buildings#, or portions thereof, containing #residential uses#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, a #rear yard

equivalent# consisting of an open area with a minimum depth of 40 feet midway, or within 10 feet of being midway, between the two #street lines# upon which such #through lot# fronts, shall be provided.

However, for #through lots# where the depth of such #zoning lot#, or a portion thereof, is less than 180 feet, and such shallow depth was in existence on December 15, 1961 and on the date of application for a building permit, the required #rear yard equivalent# for such #through lot#, or portion thereof, may be reduced by one foot for each foot by which the depth of a #zoning lot#, or portion thereof, is less than 180 feet. However, in no event shall the minimum depth of a #required yard#, or portion thereof, be reduced to less than 20 feet.

(d) Along district boundaries

The provisions of 43-30 (Special Provisions Applying Along District Boundaries), shall not apply along the district boundaries of two M1 Districts paired with #Residence Districts#.

(12/6/23)

**143-24
Special Height and Setback Regulations**

For the purposes of this Section, Watts Street, West Broadway, Centre Street, and Great Jones Street shall be considered #wide streets#.

The applicable height and setback regulations are modified as follows:

(a) #Street wall# location

Along all #street# frontages, the #street wall# regulations applicable to #Quality Housing buildings# on a #wide street# in a C6 District, as set forth in Section 35-651 (Street wall location), shall apply. On #through lots#, the additional regulations set forth in paragraph (b) of Section 35-655 shall not apply.

For the purposes of applying such regulations, the minimum base height a #street wall# shall rise to, without setback, shall be those set forth in paragraph (b) of this Section.

(b) Base heights and maximum #building# heights

The table below sets forth the minimum and maximum base height, and maximum #building# height for all #buidings#.

A setback is required for all portions of a #building# that exceed the maximum base

height specified for the applicable district and shall be provided in accordance with paragraph (c) of this Section.

MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT,
AND MAXIMUM BUILDING HEIGHTS

District	Minimum base height (in feet)	Maximum base height (in feet)	Maximum #building# height (in feet)
M1-5/R7D	60	105	115
M1-5/R7X	60	105	145
M1-5/R9A	60	125	175
M1-5/R9X, north of East Houston Street	60	125	195
M1-5/R9X, south of East Houston Street	85	145	205
M1-5/R10 and M1-6/R10	125	155	275

However, for any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum and maximum base heights may be modified as follows:

- (1) the minimum base height of a #street wall# may vary between the minimum height set forth in the table above, and the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height; and
- (2) the maximum base height of a #street wall# may vary between the maximum base height set forth in the table above, and the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height.

(c) Setbacks

At a height not lower than the minimum base height or higher than the maximum base height specified for the applicable district in the table in paragraph (b) of this Section, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(d) Dormers

As an alternative to the dormer provisions of paragraph (c) of Section 23-623, dormers may be a permitted obstruction within a required front setback distance above a maximum base height, provided that the aggregate width of all dormers at the maximum base height does not exceed 40 percent of the width of the #street wall# of the highest #story# entirely below the maximum base height. Such dormers need not decrease in

width as the height above the maximum base height increases.

(12/15/21)

**143-25
Additional Bulk Modifications**

For #buildings# containing #residences#, or portions thereof, the following additional #bulk# modifications shall apply.

(a) #Outer court# modifications

For #outer courts# containing #legally required windows#, if an #outer court# is less than 20 feet wide, the width of such #outer court# shall be at least equal to the depth of such #outer court#. If an #outer court# is 20 feet or more in width, it may extend to any depth.

(b) #Inner court# modifications

For #inner courts# containing #legally required windows#, the area shall not be less than 600 square feet, and the minimum dimension of such #inner court# shall not be less than 20 feet.

The minimum horizontal distance between a #legally required window# opening on an #inner court# and any wall opposite such window on the same #zoning lot# shall not be less than 20 feet.

(c) Distance between #legally required windows# and #lot lines#

The minimum distance between a #legally required window# and:

- (1) any wall;
- (2) a #rear lot line#, or vertical projection thereof; or
- (3) a #side lot line#, or vertical projection thereof;

shall be 20 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening.

(d) Distance between #buildings#

The required minimum distance between the portion of a #building# containing #dwelling units# and any other #building# on the same #zoning lot# shall be 40 feet below a height of 125 feet. Portions of #buildings# above 125 feet that exceed, in

aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(12/15/21)

**143-30
SPECIAL PERMITS**

(6/6/24)

**143-31
Special Permit for Certain Retail Uses**

Within the #Special SoHo-NoHo Mixed Use District#, the City Planning Commission may, by special permit, allow #uses# that exceed the size limitations of paragraph (c) of Section 143-11, provided that the conditions of paragraph (a) and the findings of paragraph (b) are met.

(a) Conditions

For #buildings# that do not contain #accessory# off-street loading berths, the application shall include a delivery plan for the retail #use#. Such loading plans shall be based upon a traffic and curbside management study prepared by a qualified professional, outlining and identifying the operational needs of the tenant as well as adjacent #uses#.

(b) Findings

The Commission shall find that:

- (1) in consultation with the Department of Transportation, where a loading plan is provided, such plan will incorporate sustainable best practices in loading, consolidating, timing of deliveries and other delivery methods and procedures;
- (2) such retail #use# will not create or contribute to serious safety concerns, unduly inhibit pedestrian, cyclist or vehicular movement adjacent to the site; and
- (3) such retail #use# will not impair the character or the future #use# or #development# of the surrounding mixed-use neighborhood.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

APPENDIX A

Special SoHo-NoHo Mixed Use District Plan

Map 1: Ground Floor Use Requirements (6/6/24)

----- Special SoHo-NoHo Mixed Use District (SNX)

(12/15/21)

**ARTICLE XIV
SPECIAL PURPOSE DISTRICTS**

**Chapter 4
Special Brooklyn Navy Yard District**

(12/15/21)

**144-00
GENERAL PURPOSES**

The “Special Brooklyn Navy Yard District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

- (a) to encourage investment in the Brooklyn Navy Yard and facilitate the expansion of the Brooklyn Navy Yard as a modern manufacturing complex;
- (b) to promote job growth;
- (c) to allow for a mix of office, community facility, retail, and other commercial uses to complement the industrial and manufacturing facilities at the Brooklyn Navy Yard;
- (d) to use traffic management planning to meet loading and parking needs including through alternate means of travel;
- (e) to better integrate the Brooklyn Navy Yard with the urban fabric of surrounding residential and mixed-use communities and to introduce publicly accessible open space areas within the perimeter of the Yard; and
- (f) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(12/15/21)

**144-01
Definitions**

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where a term in italics is defined in both Section 12-10 and in this Chapter, the definitions in this Chapter shall govern. The terms #pier#, #platform#, and #floating structure# shall have the meaning set forth in Section 62-11 (Definitions).

Barge Basin

“Barge Basin” shall mean that inlet from the East River identified on Map 2 in the Appendix to this Chapter as the Barge Basin.

Shoreline

The definition of #shoreline# set forth in Section 12-10 is modified for the purposes of this Chapter to mean the shoreline on a survey available on the Department of City Planning website.

(12/15/21)

144-02 General Provisions

The provisions of this Chapter shall apply within the #Special Brooklyn Navy Yard District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented, or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4 shall control.

(12/15/21)

144-03 District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Brooklyn Navy Yard District# Plan. The district plan includes the following maps in the Appendix to this Chapter:

- | | |
|-------|--|
| Map 1 | Special Brooklyn Navy Yard District and Subdistricts |
| Map 2 | Barge Basin Subareas |

- Map 3 Navy Street Central Subarea
- Map 4 Flushing Avenue Subareas and View Corridors
- Map 5 Street Line Locations in the Barge Basin Subdistrict
- Map 6 Primary Street Frontages

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(12/15/21)

144-04
Subdistricts and Subareas

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established within the #Special Brooklyn Navy Yard District# comprised of three perimeter subdistricts and one core subdistrict for the remainder of the Yard. In addition, one subarea is established within the Navy Street Subdistrict, two subareas are established within the Flushing Subdistrict and two subareas are established within the Barge Basin Subdistrict.

Perimeter Subdistricts

Navy Street Subdistrict

Navy Street Central Subarea

Flushing Subdistrict

Flushing West Subarea

Flushing East Subarea

Barge Basin Subdistrict

Barge Basin East Subarea

Barge Basin West Subarea

Core Subdistrict

The boundaries of the Subdistricts are shown in Map 1 and the boundaries of the Subareas are shown on Maps 2 through 4 in the Appendix to this Chapter.

(12/15/21)

144-05

Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Brooklyn Navy Yard District# except as expressly provided in this Chapter.

(12/15/21)

144-06

Single Zoning Lot

For all purposes of this Chapter, the #Special Brooklyn Navy Yard District# shall be deemed to be a single #zoning lot# except where expressly provided otherwise in this Chapter. #Floor area# attributable to the #zoning lot# may be located anywhere on the #zoning lot# without regard to Subdistrict boundary lines, and all #floor area# located within a Subdistrict shall be subject to the #use# and #bulk# requirements of such Subdistrict.

(12/15/21)

144-10

SPECIAL USE REGULATIONS

Within the #Special Brooklyn Navy Yard District#, the #use# provisions of Article IV, Chapter 2 are modified by the provisions of this Section, inclusive.

(6/6/24)

144-11

Additional Uses Permitted in All Districts

In all districts, the underlying #use# regulations are modified as follows:

The provisions of Section 62-21 (Classification of Uses in the Waterfront Area), Section 62-22 (Commercial Docking Facilities), Section 62-24 (Uses on Piers and Platforms), and Section 62-25 (Uses on Floating Structures) shall apply, provided that all #uses# existing on #piers# and #platforms# as of December 15, 2021, shall be deemed conforming #uses#.

(6/6/24)

144-12 Additional Uses Permitted in M2-1 Districts

The provisions of Section 42-10 (USE ALLOWANCES) shall be modified to permit the following uses in M2-1 Districts, subject to the requirements of Section 144-212 (Floor area limitations on additional uses):

- (a) all #uses# listed under Use Group III(B) shall be permitted; and
- (b) all #uses# listed under Use Group VI shall be permitted, and where such #uses# have a size limitation, as denoted with an “S” in the Use Group tables set forth in Section 42-16 (Use Group VI – Retail and Services), such size limitation shall not apply.

(6/6/24)

144-13 Additional Uses in M3-1 Districts

Within M3-1 Districts, the City Planning Commission may allow, by authorization, #schools#, colleges or universities, without sleeping accommodations, listed under Use Group III(B), provided that the Commission finds that:

- (a) such #school#, college or university has an academic program compatible with a tenant or industrial operation in the #Special Brooklyn Navy Yard District#; and
- (b) the location of the #school#, college or university will not interfere with any #manufacturing use# or alter the essential industrial character of the #Special Brooklyn Navy Yard District#.

The Commission may impose appropriate conditions and safeguards to minimize adverse impacts effects on the character of the surrounding area.

(12/15/21)

144-14
Special Sign Regulations

In the #Special Brooklyn Navy Yard District#, the underlying #sign# regulations of Section 42-50 (SIGN REGULATIONS) shall apply, except as modified by the provisions of Section 144-141 (Illuminated non-flashing signage) through Section 144-143 (Special provisions near certain parks).

(12/15/21)

144-141
Illuminated non-flashing signage

The provisions of Section 42-533 (Illuminated or flashing signs) shall be modified to allow one #accessory# non-#flashing# #illuminated sign# to have a #surface area# of 750 square feet in each of the following Subareas: the Navy Street Central Subarea, the Flushing East Subarea, between Clinton Avenue and Washington Avenue, the Barge Basin East Subarea, and the Barge Basin West Subarea. All other #illuminated signs# shall comply with the requirements of Section 42-533 (Illuminated or flashing signs).

(12/15/21)

144-142
Special provisions along district boundaries

The provisions of Section 42-56 (Special Provisions Applying Along District Boundaries) shall be modified as follows:

- (a) within the Flushing East Subarea, the provisions of Section 42-561 (Restrictions along the district boundary located in a street) shall not apply to any #sign# provided in accordance with Section 144-141 (Illuminated non-flashing signage); and
- (b) within the Navy Street Central Subarea, the Flushing East Subarea, and the Barge Basin Subdistrict, the orientation provisions of Section 42-562 (Restriction on angle and height above curb level) shall not apply to #signs# provided in accordance with Section 144-141.

(12/15/21)

144-143**Special provisions near certain parks**

The provisions of Section 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) shall not apply to any #signs# provided in accordance with Section 144-141 (Illuminated non-flashing signage) within the Barge Basin East Subarea.

(12/15/21)

144-20**SPECIAL BULK REGULATIONS**

Within the #Special Brooklyn Navy Yard District#, the #bulk# provisions of Article IV, Chapter 3 are modified by the provisions of this Section, inclusive.

(12/15/21)

144-21**Floor Area Regulations**

The underlying #floor area# regulations of Section 43-10 (FLOOR AREA REGULATIONS), inclusive, are modified by the provisions of Sections 144-211 (Floor area ratio) through 144-213 (Floor area limitations on additional uses).

(12/15/21)

144-211**Floor area ratio**

In all districts, the maximum #floor area ratio# for all #uses# shall be 2.0.

(12/15/21)

144-212**Floor area ratio calculations**

For the purposes of calculating #floor area# on #waterfront zoning lots#, the provisions of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall apply.

(12/15/21)

144-213

Floor area limitations on additional uses

The additional #uses# allowed pursuant to Section 144-11 (Additional Uses Allowed in M2 Districts) shall be limited to 300,000 square feet of #floor area# within each Subdistrict where such additional #uses# are allowed, and the total #floor area# allocated to such additional #commercial uses# shall not exceed 100,000 square feet in each Subdistrict where the additional #uses# are allowed.

(12/15/21)

144-22

Yard and Shoreline Setback

The underlying #yards# regulations of Section 43-20 (YARD REGULATIONS), inclusive, and Section 43-31 (Other Special Provisions for Rear Yards) shall not apply. In lieu thereof, the provisions of this Section shall apply.

In all districts, no #building# shall be located closer to the #shoreline# than 30 feet, except for #buildings# used for water dependent #uses#, as set forth in Section 62-21 (Classification of Uses in the Waterfront Area), or #buildings# containing not more than 5,000 square feet of #floor area#.

The #shoreline# setback requirement shall be reduced in dimension, or eliminated, where the Chair of the City Planning Commission certifies to the Commissioner of the Department of Buildings or the Commissioner of the Department of Small Business Services, as applicable, that either:

- (a) a #building# proposed to be located within such 30-foot setback area incorporates flood protection measures for the immediate area of the #building# that protect the #building# to a level that is 58 inches above the mean high water line existing on December 15, 2021; or
- (b) a district-wide resiliency plan for the #Special Brooklyn Navy Yard District# has been adopted and the measures to be incorporated in connection with the #development# or already in place are in furtherance of the district-wide plan.

Measures shall be deemed protective if they alone or together with other measures in place at the time of construction protect the #building# from flooding to the elevation set forth in paragraph

(a) of this Section or if they would support protection of the entire #Special Brooklyn Navy Yard District# to such elevation without further improvement of the portion of area directly seaward of the proposed #building#.

The Chairperson shall certify the application within 45 days of receipt of a complete application. Failure to certify within the 45-day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.

(12/15/21)

144-23 Height and Setback Regulations

The underlying height and setback regulations of Section 43-40 (HEIGHT AND SETBACK REGULATIONS) are modified by the provisions of this Section, inclusive.

(12/15/21)

144-231 Flushing East Subarea

In the Flushing East Subarea, the following height and setback modifications shall apply:

(a) Wide street designation

For purposes of applying the height and setback controls, Flushing Avenue shall be deemed a #wide street#.

(b) Street wall location

The #street wall# of any #development# or horizontal #enlargement# within the Flushing East Subarea shall be located at least 50 feet from the Flushing Avenue #street line#. The area between such #development# or horizontal #enlargement# and the adjoining #street# shall be improved as publicly accessible space in accordance with Section 144-30 (SPECIAL PUBLIC ACCESS AREA REGULATIONS).

(c) View corridors

View corridors with a minimum width of 50 feet shall be provided:

- (1) within the Vanderbilt Avenue view corridor; and
- (2) within one of the Clinton Avenue or Waverly Avenue view corridors.

The locations of such required view corridors are designated on Map 4 in the Appendix to this Chapter.

No #development# or #enlargement# may be located in the required view corridors, provided that gates and fencing, entry signage, sentry booths, and other entry and security measures may be located within such areas. Any gates or fencing shall be designed to allow for views into the #Special Brooklyn Navy Yard District#.

(12/15/21)

144-232

Barge Basin Subdistrict

In the Barge Basin Subdistrict, as shown on Map 5 in the Appendix to this Chapter, the height and setback regulations set forth in Section 43-40 (HEIGHT AND SETBACK REGULATIONS), inclusive, shall apply, as modified by the provisions of this Section.

For purposes of applying the height and setback provisions of this Section, the #street walls# of #abutting# #buildings# shall be considered a single #building# #street wall#.

(a) Sidewalk widening

A sidewalk widening shall be provided along Kent Avenue to the extent necessary so that a minimum width of 15 feet is achieved, including portions within and beyond the #zoning lot#. Such sidewalk widening shall be:

- (1) improved as a sidewalk to Department of Transportation standards;
- (2) at the same level as the adjoining public sidewalk; and
- (3) accessible to the public at all times.

The interior boundary of the sidewalk widening shall be considered the #street line# for the purposes of this Section.

(b) Establishing #street lines# along #Barge Basin#

For the purposes of applying the height and setback regulations of this Section to portions of #buildings# fronting #Barge Basin# and prolongations thereof, the following shall be considered #street lines# along a #wide street#:

(1) Along the long dimension of the #Barge Basin#

Along the long dimension of the #Barge Basin# a line offset 40 feet northeast from the northeastern boundary of the #Barge Basin# in the Barge Basin East Subarea, and a line offset 50 feet southwest from the southwestern boundary of the #Barge Basin# in the Barge Basin West Subarea, shall be considered #street lines#.

The area between the #Barge Basin# and such #street lines# shall be improved as publicly accessible areas in accordance with the applicable provisions of Section 144-30 (SPECIAL PUBLIC ACCESS AREA REGULATIONS), inclusive.

(2) Along the short dimension of the #Barge Basin#

Along the short dimension of the #Barge Basin#, the southeasterly boundaries of the Barge Basin Subdistrict, including the boundary extending from the centerline prolongation of Taylor Street, and the boundary constructed from an offset of the southeastern terminus of the #Barge Basin#, shall be considered #street lines#.

Within the area between the #Barge Basin# and such #street lines# shall be an area adjacent to the short dimension of the #Barge Basin# that connects the Barge Basin East Subarea pedestrian esplanade and the Barge Basin West Subarea pedestrian esplanade that shall be:

- (i) improved as a sidewalk to Department of Transportation standards;
- (ii) at the same level as the adjoining public sidewalk; and
- (iii) accessible to the public at all times the public access areas are required to be open to the public, pursuant to Section 144-33 (Hours of Operation).

The locations of these #street lines#, are shown on Map 5 in the Appendix to this Chapter.

(c) #Street wall# location, and articulation

At least 70 percent of the #aggregate width of street walls# facing #Barge Basin# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 30 feet, or two #stories#, whichever is lower. The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any recesses deeper than 10 feet are located within an #outer court#.

Any open area between a #street wall# and the #street lines# along #Barge Basin# that is within eight feet of such #street line# shall be improved as publicly accessible areas in accordance with the applicable provisions of Section 144-30, inclusive. Open areas

between the #street line# and #street walls# that are beyond eight feet of such #street line# may be publicly accessible areas, as needed, to achieve the minimum percentage of public access area required by each Subarea pursuant to Section 144-31 (Required Public Access Area).

For those portions of #buildings# facing #Barge Basin# with a #street wall# width exceeding 200 feet, a minimum of 20 percent of the surface area of such #street wall# up to the height of the second #story#, or 30 feet, whichever is lower, and a maximum of 50 percent of such surface area, shall either recess or project from the remaining surface area of the #street wall# by a minimum of three feet. #Building# projections shall be a permitted obstruction within any open area between the #street wall# and #street line#, including publicly accessible areas, provided that the minimum percentage of public access area required by each Subarea pursuant to Section 144-31 remains open to the sky. Additional permitted obstructions are allowed in accordance with paragraph (a) of Section 144-32 (Design Requirements).

(d) Base heights, required setbacks, and dormers

The front setback provisions applicable to an M1-5 District set forth in Section 43-43 (Maximum Height of Front Wall and Required Front Setbacks) shall apply, except as modified by the provisions of this Section. The alternate front setback regulations of Section 43-44 (Alternate Front Setbacks) shall not apply.

(1) #Initial setback distances#

The #initial setback distance# regulations shall be modified as follows:

- (i) along the #Barge Basin#, such #initial setback distance# shall have a depth of at least 30 feet from the #street line#;
- (ii) along all other #wide streets#, such #initial setback distance# shall have a depth of at least 15 feet from the #street line#; and
- (iii) such #initial setback distance# shall be provided at a height not lower than the minimum base height, where applicable, nor higher than a maximum base height of 85 feet, or six #stories#, whichever is lower.

(2) Dormers

Along the #Barge Basin# frontages, dormers shall be a permitted obstruction within an #initial setback distance#, provided that:

- (i) the depth of such dormers does not exceed 10 feet for #buildings# fronting along the northeastern boundary of the #Barge Basin# or 20 feet for #buildings# fronting along the southwestern boundary;

- (ii) the #street wall# width of such dormer does not exceed 30 percent of the #street wall# width of the #building# above the maximum base height; and
- (iii) the #street wall# width of such dormer along a single tower does not exceed 100 feet.

(e) Towers

The allowances for towers to penetrate a #sky exposure plane# applicable to an M1-5 District, as set forth in Section 43-45 (Tower Regulations), shall apply, except as modified by the provisions of this Section.

The tower allowances shall be modified as follows:

- (1) for the purposes of determining the #lot area# a tower may occupy, the Barge Basin East Subarea and the Barge Basin West Subarea shall each be considered an individual #zoning lot#;
- (2) the underlying setback provisions, including the aggregate area permitted within 40 feet of a #wide street#, shall not apply. In lieu thereof, the setbacks and dormer allowances set forth in paragraph (d) of this Section shall apply; and
- (3) the #street wall# width of a tower fronting #Barge Basin# shall not exceed 200 feet within 200 feet of the #street line# fronting #Barge Basin#.

(12/15/21)

**144-24
Special Permit for Modification of Bulk Regulations**

Within the #Special Brooklyn Navy Yard District# the City Planning Commission may, by special permit, allow modifications to the #bulk# regulations of this Chapter and the underlying #bulk# regulations, except #floor area# regulations, provided the Commission finds that:

- (a) such modifications further the needs and objectives of the #Special Brooklyn Navy Yard District#;
- (b) such #bulk# modifications will result in a better site plan and will benefit the occupants and users of the #Special Brooklyn Navy Yard District# and the residents of the surrounding neighborhood;
- (c) such #bulk# modifications will permit adequate access to light and air to surrounding public access areas, #streets# and properties; and

- (d) such distribution of #bulk# will not unduly increase the #bulk# of #buildings# in the #Special Brooklyn Navy Yard District# to the detriment of the occupants or users of #buildings# in the #Special Brooklyn Navy Yard District# or on nearby #blocks#.

The Commission may impose appropriate conditions and safeguards to assure that such modifications will not adversely affect the surrounding area.

(12/15/21)

144-30 SPECIAL PUBLIC ACCESS AREA REGULATIONS

Within the #Special Brooklyn Navy Yard District#, public access areas shall be provided in connection with #developments# or #enlargements# located within the Subareas identified in this Section, inclusive, as applicable. For the purposes of determining the amount of public access area required in the Navy Street Central Subarea, the Barge Basin East Subarea, and the Barge Basin West Subarea, each such Subarea shall be deemed a single #zoning lot#.

(12/15/21)

144-31 Required Public Access Areas

Mandatory public access areas in connection with any #development# or #enlargement# shall be provided in accordance with the provisions of paragraphs (a) through (c) of this Section. The phasing of public access areas shall be permitted in accordance with paragraph (d). #Developments# or #enlargements# that are exempt from public access area requirements are set forth in paragraph (e).

- (a) Navy Street Central Subarea

A public access area in an amount equal to at least 15 percent of the #lot area# of the Navy Street Central Subarea shall be provided within the boundaries of such Subarea. The required public access area shall have a minimum dimension, in all directions, of 50 feet for at least 80 percent of the public access area and shall have no dimension of less than 30 feet for the remainder of the required public access area.

- (b) Flushing East Subarea

A public access area with a minimum depth of 50 feet, as measured perpendicular to the #street line# of Flushing Avenue, shall be provided within the boundaries of such Subarea along the entire length of the #street wall line# adjacent to the #development# or

#enlargement#, and shall extend to the nearest view corridors depicted on Map 4 (Flushing Avenue Subareas and View Corridors) of this Chapter, and for #developments# or #enlargements# located east of the Waverly Avenue view corridor, to the boundary of the prolongation of Washington Avenue.

(c) Barge Basin East and West Subareas

A public access area in an amount of at least 30 percent of the #lot area# of Barge Basin East Subarea, and a public access area in an amount of at least 20 percent of the #lot area# of Barge Basin West Subarea shall be provided within such respective Subareas.

Such public access areas shall consist of:

- (1) in the Barge Basin East Subarea, a pedestrian esplanade with a seaward edge contiguous with the eastern edge of the #Barge Basin# and a minimum width of 40 feet, as measured perpendicular to such edge, and in the Barge Basin West Subarea, a pedestrian esplanade with a seaward edge contiguous with the western edge of the #Barge Basin# and a minimum width of 50 feet, as measured perpendicular to such edge;
- (2) in the Barge Basin East Subarea, a pedestrian connection with a minimum width of 30 feet located along the shared boundary between the Barge Basin East Subarea and the contiguous property to the northeast connecting the Kent Avenue and the eastern portion of the pedestrian esplanade required by this Section;
- (3) in the Barge Basin East Subarea, a pedestrian connection with a minimum width of 60 feet, located within 150 feet of the southern boundary of the Barge Basin East Subarea and connecting Kent Avenue and the pedestrian esplanade required by this Section;
- (4) in the Barge Basin West Subarea, an esplanade entry area at the southern end of the Barge Basin West Subarea, having a minimum width of 60 feet and a minimum length of 30 feet measured parallel to the western edge of the #Barge Basin#; and
- (5) any supplemental publicly accessible space contiguous to one or more of the elements set forth above as may be required to achieve the required percentage of publicly accessible area.

(d) Public Access Area Phasing

Where the Navy Street, Barge Basin East and Barge Basin West Subareas are #developed# with more than one #building# or #enlarged# in phases, or there is an increase in #building# #lot coverage#, the mandatory public access area may be constructed in phases, provided that, at the completion of each phase by certification of the Chairperson of the City Planning Commission, the following criteria are met:

- (1) the square footage of public access area being provided in any phase shall be in proportion to the total public access requirement based on the area of the Subarea being #developed# or #enlarged# as compared to the #lot coverage# of the Subarea. Any public access area provided in an earlier phase in excess of the amount required for such phase may be applied to a later phase;
 - (2) the public access area being proposed in any phase shall not prevent the total amount of public access area required for a Subarea from being achieved;
 - (3) any phased portion of the required public access area shall comply with the minimum widths and other dimensions required for the public access areas;
 - (4) any phased portion of the required public access area shall connect directly to either a #street# or an improved public access area;
 - (5) in the Barge Basin West Subarea:
 - (i) public access to be provided shall include the portion of the required public access area located between the #development# or #enlargement# and the #Barge Basin#; and
 - (ii) where any #development# or #enlargement# included in a phase is located within 100 feet of the southern boundary of the Subarea, the public access area shall also include the required public access area between the southern boundary and the #development# or #enlargement#; and
 - (6) a proportionate amount of planting shall be included within each phase.
- (e) Exceptions to Public Access Area Requirements for Minor Developments

The public access area requirements of paragraphs (a) through (d) of this Section shall not apply to any #development# or #enlargement# where:

- (1) the additional #floor area# created through such #development# or #enlargement# in the respective Subarea, as compared to the #floor area# existing on December 15, 2021, does not exceed:
 - (i) 10,000 square feet in either the Barge Basin East or the Navy Street Central Subareas; or
 - (ii) 20,000 square feet in either the Barge Basin West or Flushing East Subareas;
- (2) such #floor area# is allocated exclusively to #uses# in Use Group 11, 16, 17, or 18; and

- (3) such #floor area# is not located within the boundaries of designated public access areas required pursuant to this Section or, if located in the Navy Street Central Subarea, is not within 50 feet of a #street#.

(12/15/21)

144-32 Design Requirements

The required public access areas in each Subarea shall comply with the following provisions:

- (a) The required public access area shall be open to the sky, provided that #building# awnings, entrance canopies, solar shading devices, and similar structures attached to an adjoining #building# and extending over the public access area shall be permitted;
- (b) The required public access area shall include planted areas in an amount not less than 20 percent of the area of the required open space;
- (c) At least one linear foot of seating shall be provided for each 200 square feet of required public access areas, except that for the pedestrian connection required pursuant to paragraph (c)(2) of Section 144-31, at least 12 linear feet of seating for every 100 feet of pedestrian connection shall be provided; and
- (d) Public access area signage complying with the requirements of Section 37-751 (Public space signage systems) shall be located at all entry points to the public access areas.
- (e) In the Barge Basin Subdistrict:
 - (1) the pedestrian esplanade around the #Barge Basin# and the pedestrian connections from Kent Avenue to the eastern pedestrian esplanade shall include a primary circulation path along the length of such elements with a minimum clear width of 10 feet; and
 - (2) at least three different types of seating shall be provided, which may include moveable seating, fixed individual seats, fixed benches with and without backs, and design-feature seating such as seat walls, planter ledges, or seating steps.

Additional amenities including pathways, seating steps, entrances to adjoining #buildings#, artwork, maritime or industrial elements, tables, seating above the required minimum, lighting fixtures, litter receptacles, kiosks, children play areas, railings, drinking fountains, water features, planting and trees may be included in the public access areas and shall be permitted obstructions.

(12/15/21)

144-33
Hours of Operation

All public access areas shall be open to the public from 6:00 a.m. to 10:00 p.m. from April 15th to October 31st and from 7:00 a.m. to 8:00 p.m. from November 1st to April 14th, except when required to be closed for repairs.

(12/15/21)

144-34
Maintenance

The owner of each applicable portion of a Subarea, or a ground tenant if the applicable portion is subject to a ground lease, shall be responsible for the maintenance and operation of the required public access area. Maintenance shall include, but not be limited to, necessary repairs, litter control and the care and replacement of vegetation. The owner or ground tenant of a public access area may temporarily close the smallest portion reasonably necessary for the shortest period of time reasonably necessary to make repairs or to mitigate hazardous or emergency conditions, or in connection with construction on adjacent areas.

(12/15/21)

144-35
Chairperson Certification of Waterfront Compliance and Phasing

No excavation or building permit shall be issued for any #development# or #enlargement# requiring the provision of a public access area in the Navy Street Central Subarea, the Barge Basin East Subarea, or the Barge Basin West Subarea until the Chairperson of the City Planning Commission certifies to the Department of Buildings or Department of Small Business Services, as applicable, that a complete application has been submitted showing compliance with the applicable provisions of Section 144-30, inclusive.

Within 45 days of submission of such complete application, the Chairperson shall either certify that the proposed public access area complies with the requirements of this Section or disapprove such complete application in writing, citing the nature of any failure to comply. Failure to certify or disapprove such complete application within the 45-day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.

(6/6/24)

144-36

Certificates of Occupancy for Developments or Enlargements in Public Access Areas

No temporary certificate of occupancy shall be issued by the Department of Buildings or Department of Small Business Services for #floor area# in a #development# or #enlargement# resulting in a public access area requirement under Section 144-31 (Required Public Access Areas) without the substantial completion of the public access area required for such #development# or #enlargement#, and no final certificate of occupancy shall be issued prior to the final completion of the required public access area.

Notwithstanding the provisions above, the Department of Buildings or the Department of Small Business Services, as applicable, may issue a temporary certificate of occupancy allowing for #floor area# allocated to #uses# listed under Use Group IV(B), IX or X without the substantial completion of the required public access area, in which case the public access area shall be completed within one year of the issuance of the first such certificate of occupancy. Following such one-year period, no additional #floor area# within the #development# or #enlargement# shall receive a certificate of occupancy until the substantial completion of the required public access area.

(12/15/21)

144-40

MANDATORY DISTRICT PLAN ELEMENTS

Within the #Special Brooklyn Navy Yard District#, mandatory district plan elements shall be provided in connection with #developments# or #enlargements# in the Navy Street Central Subarea, the Flushing East Subarea, and the Barge Basin Subdistrict.

(6/6/24)

144-41

Ground Floor Streetscape Provisions

The provisions of this Section shall apply to #developments# and #ground floor level# #enlargements#.

For the purposes of applying to this Chapter the special #ground floor level# streetscape provisions set forth in Section 37-30 (SPECIAL GROUND FLOOR LEVEL STREETSCAPE PROVISIONS FOR CERTAIN AREAS), inclusive, a #ground floor level# #street# frontage

designated on Map 6 in the Appendix to this Chapter shall be considered a #primary frontage#, and any #ground floor level# frontage within 50 feet of a #primary frontage# shall be considered a #secondary frontage#. #Primary frontages# shall also include Priority Zones, which are also designated on Map 6.

Any #primary# or #secondary frontages# shall be considered #streets# for the purposes of applying the provisions of this Section. For the purposes of this Section, defined terms shall include those in Sections 12-10 and 37-311.

(a) Along #primary frontages#

(1) Minimum frontage width

For portions of #buildings# fronting a #primary frontage#, at least 50 percent of the #street wall# width of the #ground floor level# of such #primary frontage# shall be occupied by #floor area#.

In addition, for portions of #buildings# fronting a Priority Zone of a #primary frontage#, at least 50 percent of the #street wall# width of the #ground floor level# of such Priority Zone shall be occupied by #floor area#. #Floor area# provided within a Priority Zone may be counted towards the #floor area# requirement along the #primary frontage#.

(2) Minimum depth

The #floor area# provided to meet the requirements of paragraph (a)(1) of this Section shall extend to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses) within the Priority Zone, and outside of a Priority Zone shall extend to a minimum depth of 15 feet.

(3) Transparency requirement

The portion of the #ground floor level# #street wall# along a #primary street frontage# allocated to such minimum #floor area# requirements of paragraph (a)(1) of this Section shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements). However, where such minimum #floor area# is attributed to #uses# listed under Use Groups IV(B), IX or X, the minimum percentage to fulfill the minimum transparency requirement shall be reduced to 25 percent and the maximum width of a portion of the #ground floor level# #street wall# without transparency may exceed 10 feet provided that any portion of the #ground floor level# #street wall# without transparency shall be subject to the provisions for Type 1 blank walls.

(b) Blank wall provisions along #primary# and #secondary frontages#

Along both #primary# and #secondary frontages#, any #street wall# width of 50 feet or more with no transparent elements on the #ground floor level# shall provide visual mitigation elements in accordance with the provisions for Type 1 blank walls set forth in Section 37-361 (Blank wall thresholds).

(12/15/21)

144-50
SPECIAL PARKING AND LOADING REGULATIONS

Within the #Special Brooklyn Navy Yard District#, the #accessory# off-street parking and loading regulations of Article IV, Chapter 4 shall not apply, except as specifically set for the in this Section.

(12/15/21)

144-51
Permitted Accessory Parking

In all districts, #accessory# off-street parking spaces shall be permitted in #group parking facilities# without a limitation in the overall number of spaces.

(12/15/21)

144-52
Required Accessory Off-street Parking

In all districts, the requirements of Section 44-21 (General Provisions) shall apply, except that, in the event that a Transportation Management Plan has been prepared in accordance with Section 144-56 (Transportation Management Planning), no parking shall be required.

(12/15/21)

144-53
Loading Berths

In all districts, loading berths are not required, but are permitted. Any loading berths provided shall be deemed required loading berths for purposes of determining the amount of #floor area# in any #building#.

(12/15/21)

144-54

Curb Cuts

Access to any #accessory# off-street loading berth and off-street parking areas for a #development# or #enlargement# within the Navy Street Central Subarea, the Flushing East Subarea, and the Barge Basin East Subarea shall be limited to one curb cut from the adjoining #street#.

An additional curb cut may be added in the Barge Basin East Subarea upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings or the Department of Small Business Services, as applicable, that an additional curb cut has been approved by the Commissioner of the Department of Transportation.

In addition, where the Chairperson of the City Planning Commission certifies such additional curb cut, the Chairperson may certify a reduction in the #ground floor level# streetscape provisions of paragraph (a) of Section 144-41 (Ground Floor Streetscape Provisions), to the minimum extent necessary, where the applicant demonstrates that the reduction is necessary to accommodate the proposed loading configuration on the ground floor. For such portions of the #ground floor level#, the provisions of paragraph (b) of Section 144-41 shall continue to apply.

The Chairperson shall issue the certification within 45 days of receipt of a communication from the Department of Transportation approving an additional curb cut or receipt of application materials demonstrating the proposed loading configuration, as applicable. Failure to certify within the 45-day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.

(12/15/21)

144-55

Bicycle Parking

The requirements of Section 44-60 (BICYCLE PARKING) shall apply, provided that up to half of the required spaces may be provided as unenclosed bicycle parking spaces, and may be located anywhere on the #zoning lot#.

(12/15/21)

144-56

Transportation Management Planning

In lieu of the requirements of Section 44-21 (General Provisions), a Transportation Management Plan may be prepared for the #Special Brooklyn Navy Yard District# that documents:

- (a) existing parking within the Special District;
- (b) parking and bicycle parking utilization rates;
- (c) transportation mode choice;
- (d) plans, if any, for additional parking within the Special District;
- (e) public transportation options in and around the Special District;
- (f) indoor and outdoor bicycle parking facilities, including any covered outdoor bicycle spaces; and
- (g) measures being employed and planned to incentivize alternate means of transportation.

Any Transportation Management Plan shall be filed with the Department of City Planning and made available to the public via a website. The Transportation Management Plan shall be updated not less than every three years with surveys or other data collection undertaken not less than annually to document changes in parking facilities and utilization; the average number of employees and visitors arriving at the #Special Brooklyn Navy Yard District# and their modes of arrival; bike parking availability and utilization of both open and enclosed facilities; transit options, and new technologies and strategies for managing the number of private vehicles accessing the Special District. Such updates shall be submitted to the Department of City Planning and made available to the public via a website and the submission to the Department of City Planning shall be accompanied by an affidavit from the owner or ground tenant stating that the Transportation Management Plan remains in effect or, if it is no longer in effect, the date on which the Transportation Management Plan terminated.

Any #development# or #enlargement# occurring after the date a Transportation Management Plan has terminated will be subject to the requirements of Section 44-21.

(6/6/24)

144-57

Reporting Requirements

No later than April 1 of every other calendar year, beginning April 1, 2023, the Brooklyn Navy Yard Development Corporation shall submit to the Chairperson of the City Planning

Commission and to the Speaker of the City Council a report on the #development# and #enlargement# of #buildings#, and the types of #uses# contained within the #Special Brooklyn Navy Yard District#. Such report shall include, but shall not be limited to:

- (a) the name of each business establishment existing in the #Special Brooklyn Navy Yard District#. For each business establishment, the address or #building# number and floor, type of business, size, and lease duration;
- (b) new leases executed during the reporting period, categorized by tenant name, type of business, size, and lease duration;
- (c) the amount of #floor area# in #developments# and #enlargements# created after December 15, 2021, in each of the following Use Groups, subgroups and specific #use# as listed in this Resolution:
 - (1) # uses# listed under Use Group III;
 - (2) retail #uses# listed under Use Group VI;
 - (3) #uses# listed under Use Group VII;
 - (4) art, music, dancing or theatrical studios listed under Use Group VIII;
 - (5) production or entertainment studios listed under Use Group VIII;
 - (6) #uses# listed under Use Group IX(A);
 - (7) #uses# listed under Use Group X; and
 - (8) any other #uses#; and
- (d) the number of #buildings# #developed# or #enlarged# during the reporting period and the amount of #floor area# and #uses# contained within such #development# or #enlargement#.

**APPENDIX E
DESIGN REQUIREMENTS FOR PLAZAS, RESIDENTIAL PLAZAS AND URBAN
PLAZAS DEVELOPED PRIOR TO OCTOBER 17, 2007**

The following text has been relocated from Article II, Chapter 7, and Section 37-04 (Requirements for Urban Plazas). APPENDIX E is intended for reference purposes only and contains design requirements for #plazas#, #residential plazas# and #urban plazas# developed prior to October 17, 2007.

The provisions of Section 37-60 (PUBLICLY ACCESSIBLE OPEN AREAS EXISTING PRIOR TO OCTOBER 17, 2007) set forth instances where the provisions of this APPENDIX E are superseded.

RESIDENTIAL PLAZA STANDARDS

(4/21/77)

**E 27 - 00
GENERAL PURPOSES**

The purpose of this Chapter is to promote the development of an improved quality of residential plaza for the public.

(8/27/98)

**E 27 - 01
Applicability of this Chapter**

The provisions of this Chapter shall apply to all #developments# constructed after April 21, 1977 containing a #residential plaza# or #arcade# that qualifies for a #floor area# bonus under the following provisions:

Section 24-14 (Floor Area Bonus for a Residential Plaza)

Section 24-15 (Floor Area Bonus for an Arcade)

Section 34-223 (Floor area bonus for a residential plaza)

Section 35-35 (Floor Area Bonus for a Residential Plaza, Urban Plaza or Arcade in Connection with Mixed Buildings)

A #development# that contains a #residential plaza# and that has been granted a special permit by the City Planning Commission prior to February 9, 1994, may be started or continued pursuant to that special permit. However, this Chapter shall not apply within a Special Purpose District except where permitted within such Special Purpose District, nor shall it apply to any #development# pursuant to the Quality Housing Program, except as otherwise set forth therein.

After June 12, 1996, no foundation permit shall be issued by the Department of Buildings for any #development# that includes a #residential plaza# without certification by the Chairperson of the City Planning Commission that a site plan has been submitted indicating compliance with the provisions of this Section. An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#, a site plan indicating the area and dimensions of the proposed #residential plaza# and the location of the proposed #development# or #enlargement# and all existing #buildings# temporarily or permanently occupying the #zoning lot#, computations of proposed #floor area#, including bonus #floor area#, and a detailed plan or plans demonstrating compliance with the provisions of this Section.

All plans for #residential plazas#, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification of the #residential plaza# pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

6/12/96

E 27 - 02

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

Northern plaza

A "northern plaza" is a primary space that has only northern exposure.

Primary space

A "primary space" is the major portion of a #residential plaza# that abuts a #street#, and is accessible to the public for recreational use.

Residual space

A "residual space" is the remaining portion of a #residential plaza# that is not a #primary space#.

Such space may be used either for public recreation or as a landscaped visual amenity.

4/21/77

E 27 - 10
PRIMARY SPACE

A #primary space# shall consist of at least 60 percent of the total area of a #residential plaza# and shall be directly accessible to the public from the public sidewalk.

#Zoning lots# having a maximum #lot area# of 20,000 square feet shall aggregate such #primary space# in one location.

For #zoning lots# having a #lot area# in excess of 20,000 square feet, such #primary space# may be located in more than one location on the #zoning lot# provided that the area of at least one #primary space# is not less than 4,000 square feet.

4/21/77

E 27 - 11
Mandatory Requirements

4/21/77

E 27 - 111
Size and proportions

For #zoning lots# having a #lot area# of 20,000 square feet or more, the minimum dimension of any #primary space# shall be 40 feet measured perpendicular to the perimeter of the #primary space#, except that where a #primary space# has only one #street# frontage, the minimum dimension shall be 50 feet.

For #zoning lots# having a #lot area# less than 20,000 square feet but not less than 12,500 square feet, the minimum dimension of any #primary space# shall be 30 feet, except that where a #primary space# has only one #street# frontage or where the #primary space# links two #streets# which are parallel or within 45 degrees of being parallel to each other, the minimum dimensions shall be 40 feet.

For #zoning lots# having a #lot area# less than 12,500 square feet, the minimum dimension of any #primary space# shall be 30 feet, except that there shall be no minimum dimensional requirements for #primary space# on #corner lots# having a #lot area# less than 12,500 square

feet.

For the purpose of dimensional calculations only, a driveway or a vehicular accessway may be counted towards the minimum dimensional requirements of a #primary space#. However, in no case may such driveway or a vehicular accessway be bonused as part of a #residential plaza#. Such driveway or vehicular accessway may be located only alongside a #side lot line# or adjacent to the wall of the #building# of the #development#, and shall not interrupt the continuous area of the #primary space#.

For #zoning lots# having a #lot area# of 12,500 square feet or more, the depth of any #primary space# having only one #street# frontage shall not be greater than twice the width of the #primary space street# frontage. For #zoning lots# having a #lot area# less than 12,500 square feet, the depth of any #primary space# having only one #street# frontage shall not be greater than two and a half times the width of the #primary space street# frontage.

A #primary space# having only one #narrow street# frontage, and a #primary space# that links two #streets# which are parallel or within 45 degrees of being parallel to each other, shall be permitted only when one of the adjacent #buildings# on the #zoning lot# of the #development# or on a #zoning lot# sharing a common #side lot line# with the #zoning lot# of the #development# abutting the #primary space# is not more than 65 feet in height or five floors, whichever is less, before a 10 foot setback is provided. Such restrictions shall be waived for a #primary space# of more than 80 feet in width measured with or without adjoining #residual space#.

4/21/77

E 27 - 112 Orientation

All #developments# shall provide southern exposure where possible to provide maximum sunlight in #primary space#. Other exposures are permitted only when southern exposure is not possible.

Following are the types of orientation of different #primary spaces# based upon the size and location of the #zoning lot#:

- (a) Southern exposure: A #street line# of the #zoning lot# which has exposure to sunlight in any direction from south to west;
- (b) Eastern exposure: A #street line#, 125 feet or more in length, of the #zoning lot# which has exposure to sunlight in any direction from east to south;
- (c) Western exposure: A #street line#, 125 feet or more in length, of the #zoning lot# which has exposure to sunlight in any direction from west to north;

- (d) Northern exposure: A #street line# of the #zoning lot# which has exposure to sunlight in any direction from north to east or a #street line# less than 125 feet in length, of the #zoning lot# which has exposure to sunlight in any direction from east to south or west to north.

In a #development# to which this Chapter applies:

The #primary space# of any #zoning lot# having a #street line# with southern exposure, as defined in this Section, shall abut that #street line#. The #primary space# of any #zoning lot# having a #street line# with eastern, and no southern, exposure, as defined, shall abut that #street line#.

The #primary space# of any #zoning lot# having a #street line# with western, and no southern or eastern, exposure, as defined in this Section, shall abut that #street line#.

The #primary space# of any #zoning lot# having a #street line# with northern, and no southern, eastern or western exposure, as defined in this Section, shall be #developed# as a #northern plaza# pursuant to Section E27-30 (NORTHERN PLAZA).

The orientation requirements may be waived or modified by the City Planning Commission provided the Commission certifies to the Commissioner of Buildings that due to the surrounding area and the site configuration, including the disposition of surrounding #buildings# which may cast a permanent shadow on the #plaza#, a modification will enhance the usability and design of the #primary space# and of the #building#.

4/21/77

E 27 - 113

Access

All #primary spaces# shall be accessible directly from an adjoining public sidewalk along at least 50 percent of the total #street# frontage. Driveways or vehicular accessways included as part of the minimum dimension calculated, may not be counted as providing access.

All #primary spaces# shall be accessible to the public at all times, except that for a #primary space# having only one #narrow street# frontage, or a #primary space# which links two #streets# that are parallel or are within 45 degrees of being parallel, access may be restricted between the hours of 8:00 p.m. or dark whichever is later and 8:00 a.m. Such access may be restricted by the use of horizontal railings and/or vertical bars of a maximum one and 1/2 inch thickness and lockable gates. The railings when placed along the perimeter of the #primary space# shall occupy not more than 50 percent of the #street# frontage of the #primary space#, and shall not be higher than 8 feet, 0 inches. Gates, when placed along the perimeter of the #primary space#, when open during hours of accessibility, shall allow access along at least 50 percent of the

#street# frontage of the #primary space# or 40 feet, whichever is less, and shall not be higher than eight feet. Such gates shall remain unlocked between the hours of 8:00 a.m. and 8:00 p.m. or dark whichever is later. In order to allow maximum visibility from the public sidewalk, the bars of any horizontal railing and/or vertical bars and gate shall be at least five inches apart. Spikes, pointed railings or other sharp objects shall not be placed anywhere within the #primary space#, except that such railings as permitted above may be pointed. Enclosures designed without horizontal railings and/or vertical bars may be permitted provided the City Planning Commission certifies to the Commissioner of Buildings that such design will enhance the quality and visual access of the #primary space#.

4/21/77

E 27 - 114
Access for the physically disabled

The following standards shall apply to assure access for disabled persons into and within all #primary spaces#.

There shall be at least one path of travel to major portions of #primary space# which in area total at least 60 percent of the unobstructed #primary space# area, and a path to any building lobby accessible from the #primary space#. All paths shall have a minimum width of five feet, except where specific provisions require a greater width, free and clear of all obstructions.

Ramps shall be provided alongside any stairs or steps which provide access to or within #primary spaces#. Ramps shall have a minimum width of 3 feet, 0 inches, a slope of not greater than 1:12, a non-skid surface, and, for open-edged ramps, a two-inch high safety curb. At each end of a ramp there shall be a level area, which may be public sidewalk, at least five feet long.

All stairs or ramps within such paths shall provide handrails. Handrails shall be 2 feet, 8 inches high, have a midrail not lower than 16 inches and not higher than 22 inches, and shall extend at least 18 inches beyond the stair or ramp ends.

Where stairs are used to affect changes of grade for such paths they shall have closed risers, no projecting nosings, a maximum riser height of seven and 1/2 inches, and a minimum tread width of 11 inches.

4/21/77

E 27 - 115
Elevation

All #primary spaces# shall be located at an elevation not more than three feet above or below the

#curb level# of the nearest adjoining sidewalk.

A #primary space# fronting on one #street#, or a #primary space# which links two #streets# which are parallel or within 45 degrees of being parallel to each other, shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access, pursuant to Section E27-113 (Access), for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a #primary space# is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area however may not be located within a depth of 10 feet from the sidewalk, measured perpendicular to the #street line#.

When there is a grade change of at least three feet in 100 along the portion of #street# upon which a #primary space# of 4,000 square feet or more fronts, for a distance of at least 100 feet, the level of such #primary space# may be located at an elevation greater than three feet above or below the #curb level#, provided the City Planning Commission certifies to the Commissioner of Buildings that such elevation will enhance the usability and design while maintaining safety and visibility of the #primary space#.

Where an existing subway station entry is located on the sidewalk area abutting a #primary space#, the #primary space# shall be developed at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry. No obstruction shall be permitted within such portion of the #primary space#.

4/21/77

E 27 - 116

Treatment of adjoining walls

Any exposed blank walls of a #building# which is located at the #lot line# of an adjacent #zoning lot# and which abuts a #primary space# shall be:

- (a) covered with vines or similar planting; or
- (b) contain artwork or be treated so as to enhance the visual quality of the #primary space#.

Plants shall be planted in soil having a depth of not less than two feet, six inches, and a minimum width of 24 inches. If artwork is being used, approval by the New York City Art Commission shall be obtained prior to the Certificate of Occupancy being issued for the #development#.

Whenever an adjoining wall, which is required to be treated in accordance with the provisions of this Section, is in separate ownership the owner of such adjoining wall if it is a party wall shall grant to the party required to treat the wall adjoining the #primary space#, a license to perform

such treatment of the wall, however, the owner may in granting such license reserve the right to perform any work necessary for safety or maintenance of the wall.

4/21/77

E 27 - 117
Lighting

All #primary spaces# shall be illuminated at an overall minimum average level of not less than two horizontal foot candles during the hours of darkness.

To minimize the adverse effect on the surrounding #residential buildings#, such lighting shall be shielded.

4/21/77

E 27 - 118
Paving

The #primary space# shall be paved with unit pavers, such as bricks or quarry tiles, and/or poured-in-place materials. If poured-in-place materials are selected, they shall be of decorative color and/or textures, through the use of dyes and/or exposed aggregates. All paving shall have non-skid surface when wet or dry.

4/21/77

E 27 - 12
Mandatory Amenities

All #primary spaces# shall provide amenities as set forth in this Section, which amenities shall be subject to the restrictions for total area occupied by amenities, as set forth in Section E27-14 (Optional Amenities).

4/21/77

E 27 - 121
Seating

All #primary spaces# shall provide a minimum of one linear foot of seating for each 30 square

feet of the #primary space#. Such seating shall have a minimum depth of one foot, four inches. Seating with backs at least one foot high shall have a minimum depth of one foot, two inches. Seating two feet, six inches or more in depth shall count as double provided there is access on both sides.

For the benefit of handicapped persons, a minimum of ten percent of the required seating shall have backs.

Seating higher than three feet or lower than one foot above the level of the adjacent walking surface shall not count towards meeting the seating requirements. Moveable seating or chairs may be credited as two feet, six inches of linear seating per chair. Movable seating shall not exceed 50 percent of the total required. Steps shall not count towards the seating requirements. The top of walls, including but not limited to those which bound planting beds, fountains or pools, may be counted as seating when they conform to the dimensional standards set forth herein.

12/15/77

E 27 - 122

Tree planting

All #primary spaces# shall provide a minimum of one tree per 1,000 square feet of #primary space# area.

Such trees shall be of four-inch caliper. Each tree shall be planted in at least 3.5 cubic yards of top soil per tree, with a depth of soil not less than three feet, six inches and be planted either with grating flush to grade or in a planting bed with a minimum continuous area of 75 square feet.

Where trees are planted pursuant to this Section prior to April 1, 1978, such planting may be undertaken in accordance with the tree caliper requirements existing prior to December 15, 1977.

4/21/77

E 27 - 123

Bicycle parking facilities

All #primary spaces# shall provide bicycle parking facilities. There shall be facilities for parking two bicycles for every 1,000 square feet of #primary space#.

4/21/77

E 27 - 124**Drinking fountains**

All #primary spaces# shall provide at least one drinking fountain.

4/21/77

E 27 - 13**Additional Amenities**

In addition to the mandatory amenities required above, all #primary spaces# shall provide at least two of the amenities listed in this Section. These amenities are to be provided in addition to, and not in place of, those amenities required by Section E27-12 (Mandatory Amenities), and shall be subject to the restrictions for total area occupied by amenities as set forth in Section E27-14 (Optional Amenities).

A #primary space# shall provide at least two of the following amenities as set forth in Sections E27-131 through E27-137, inclusive.

4/21/77

E 27 - 131**Tree planting**

A minimum of one tree per 2,000 square feet of #primary space# area.

4/21/77

E 27 - 132**Planting**

Planters, including hanging planters, or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy, or other plants occupying a total area not less than 150 square feet for each 1,000 square feet of #primary space#. The area occupied by an individual planter that is permanent in nature, or a planting bed, shall be at least 30 square feet with a depth of soil of at least two feet.

Hanging planters shall be exempt from these minimum size and location provisions.

4/21/77

E 27 - 133

Grass and other ground cover

A total of 150 square feet of grass or other ground cover for each 1,000 square feet of #primary space#. Such grass or other ground cover shall be planted in a soil depth of at least two feet, six inches.

4/21/77

E 27 - 134

Game tables

Game tables and seating to accommodate 16 persons for the #primary space# for each #zoning lot#. The seating shall conform to the dimensional standards for seating as set forth in Section E27-121 (Seating).

4/21/77

E 27 - 135

Artwork

A work of art, such as sculpture, for the #primary space# for each #zoning lot#. Such artwork shall be subject to approval by the New York City Art Commission, which approval shall be obtained before a final certificate of occupancy is issued for the #development#.

4/21/77

E 27 - 136

Fountains and pools

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet for the #primary space# for each #zoning lot#.

4/21/77

E 27 - 137

Play equipment

One play apparatus or facility such as cross bars, climbers, swings, sandbox, paddle pool or similar play facility, for each 1,000 square feet of #primary space# area.

The play equipment or facilities shall not be located within 40 feet of any #wide street lot line#. All play equipment or facilities shall meet safety standards set forth by the Federal Consumer Products Safety Council.

When this amenity is chosen, the mandatory trees may be reduced to half the required amount as set forth for the #primary space# in Section E27-122 (Tree planting), for that #zoning lot#.

4/21/77

E 27 - 14

Optional Amenities

The #primary space# may also include additional numbers of the amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, subway station entrances, and drinking fountains which are operable by wheel chair users.

The total area occupied by all amenities, mandatory, additional and optional, shall not exceed 60 percent of the total #primary space# area of the #residential plaza#.

The area occupied by such amenities shall be measured by outside dimensions. Amenities that are non-permanent or movable, such as movable chairs, game tables, movable planters shall not be measured as individual pieces of furniture but rather be confined within a gross area designated on a site plan. Trees shall not count as amenities occupying an area for the purpose of calculating the total area occupied by amenities. Planters or planting beds and their retaining walls for trees, seasonal flowers, shrubs, ivy or other plants shall count towards the total area occupied by amenities.

4/21/77

E 27 - 20

RESIDUAL SPACE

#Residual space# shall abut a public sidewalk or a #primary space# and shall be developed either as a landscaped visual amenity or as usable space for the general public in accordance with the

provisions of this Section. Not more than 40 percent of the total area of #residential plaza# on a #zoning lot# shall be developed as #residual space#.

All #residual spaces# shall conform to the standards set forth in Sections E27-115 (Elevation), E27-116 (Treatment of adjoining walls), E27-117 (Lighting), and E27-118 (Paving).

4/21/77

E 27 - 21 Visual Residual Space

The total area of the visual #residual space# shall be landscaped, except for the entrance paths to the #building# which paths may not occupy more than 30 percent of such visual #residual space#.

The visual #residual space# shall be landscaped with trees, planters or planting beds with flowers and shrubs, ivy, grass or similar ground cover, ornamental fountains, reflecting pools, artwork or other plants, sculpture or unenclosed pavilions when such unenclosed pavilion is extended from an adjoining #northern plaza#.

The visual #residual space# may be enclosed with railings or fences for safety and maintenance. In order to allow maximum visibility from the public sidewalk the railings or fences shall not be higher than three feet above the visual #residual space# level or #curb level#, whichever is higher, and the bars of such railings and fences shall be at least five inches apart.

4/21/77

E 27 - 22 Usable Residual Space

The #residual space# when developed as usable #residual space# shall be accessible to the public and shall conform to the standards set forth in Section E27-113 (Access).

A usable #residual space# shall be located abutting a #street#. The total area occupied by amenities shall not exceed 50 percent of total usable #residual space# of the #residential plaza#.

All usable #residual space# shall provide seating in accordance with the provisions of Section E27-121 (Seating) or Section E27-321 (Seating) when the #zoning lot# provides a #northern plaza#. In addition, a usable #residual space# shall provide at least one of the amenities listed in Sections E27-221 through E27-225.

4/21/77

E 27 - 221

Tree planting

A minimum of one tree per 1,000 square feet of usable #residual space#. Such trees shall conform to the standards set forth for caliper and soil in Section E27-122 (Tree planting).

4/21/77

E 27 - 222

Planting

Planters or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy or other plants occupying a total area of not less than 150 square feet for 1,000 square feet of usable #residual space#. Such planter shall conform to the standards set forth for size and depth in Section E27-132 (Planting).

4/21/77

E 27 - 223

Grass and other ground cover

A total of 150 square feet of grass or other ground cover for each 1,000 square feet of usable #residual space#. Such grass or other ground cover shall be planted in a soil depth of at least one foot six inches.

4/21/77

E 27 - 224

Artwork

A work of art such as sculpture for the usable #residual space# for each #zoning lot#. Such artwork shall be subject to approval by the New York City Art Commission, which approval shall be obtained before a final Certificate of Occupancy is issued for the #development#.

4/21/77

E 27 - 225

Fountains and pools

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet, for the usable #residual space# for each #zoning lot#.

4/21/77

E 27 - 226

Optional amenities

The usable #residual space# may also include additional amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, drinking fountains which are operable by wheelchair users, and unenclosed pavilions when such unenclosed pavilion is extended from an adjoining #northern plaza#.

4/21/77

E 27 - 30

NORTHERN PLAZA

Any #primary space# which pursuant to Section E27-112 (Orientation) is a #northern plaza# shall comply with the requirements of this Section.

4/21/77

E 27 - 31

Mandatory Requirements

All #northern plazas# shall conform to the mandatory requirements set forth for #primary space# in Section E27-11 (Mandatory Requirements).

4/21/77

E 27 - 32

Mandatory Amenities

All provisions of Section E27-12 (Mandatory Amenities) shall be applicable to #northern plazas#

except as modified by this Section.

4/21/77

E 27 - 321
Seating

All #northern plazas# shall provide a minimum of one linear foot of seating for each 80 square feet of #northern plaza# area and conform to the standards set forth for seating in Section E27-121 (Seating).

4/21/77

E 27 - 322
Planting

All #northern plazas# shall conform to the provisions for planting as set forth in Section E27-132 (Planting). Those species which have the ability to flourish in shade are recommended in #northern plazas#.

4/21/77

E 27 - 33
Additional Amenities

In addition to the mandatory amenities required above, all #northern plazas# shall provide at least two of the amenities listed in this Section.

These amenities are to be provided in addition to, and not in place of, those amenities required by Section E27-32 (Mandatory Amenities), and shall be subject to the restrictions for total area occupied by amenities as set forth in Section E27-34 (Optional Amenities).

A #northern plaza# shall provide at least two of the following amenities.

4/21/77

E 27 - 331
Planting

Planters or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy, or other plants occupying an area not less than 150 square feet per 1,000 square feet of a #northern plaza#.

4/21/77

E 27 - 332
Artwork

A work of art such as sculpture, for each #northern plaza#. Such artwork or sculpture shall be subject to approval by the New York City Art Commission which approval shall be obtained before a final Certificate of Occupancy is issued for the #development#.

4/21/77

E 27 - 333
Fountains and pools

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet for each #northern plaza#.

4/21/77

E 27 - 334
Pavilions

A pavilion is a one #story# structure for the use of the public, constructed predominantly of transparent materials such as glass or plastic.

The clear height of the ceiling of the pavilion shall not be less than ten feet from the #northern plaza# level. However, when the pavilion occupies 60 percent or more of the #northern plaza# the clear height of the ceiling of the pavilion shall not be less than 12 feet from the #northern plaza# level. Not less than 50 percent of a pavilion roof shall be of transparent or translucent materials in conformance with the Building Code.

A pavilion shall be developed as an integral part of the #northern plaza# upon which it is located, in accordance with the standards set forth in Section E27-30 (NORTHERN PLAZA).

All amenities may be located inside or outside such pavilion.

A pavilion shall be either unenclosed along its sides and called "unenclosed pavilion" or be enclosed with walls and called "enclosed pavilion."

An unenclosed pavilion shall be accessible directly at all times from an adjoining public sidewalk or from the remaining portion of the #northern plaza# along at least 75 percent of the total linear frontage of its boundary with the public sidewalk and/or #northern plaza#. The perimeter of such pavilion shall have no walls. The interior of the pavilion shall be totally visible from the adjacent public sidewalk. Such pavilion may occupy the entire #northern plaza# area. For the purpose of calculating the area occupied by an amenity, an unenclosed pavilion shall not be considered as an amenity occupying an area.

The aggregate area occupied by an enclosed pavilion shall not exceed 20 percent of the total area of the #northern plaza# measured by exterior dimensions.

An enclosed pavilion shall be directly accessible to the public from at least 8 a.m. to 8 p.m. or until dark, whichever is later, through doors and openings occupying not less than 25 percent of the linear frontage with its total boundary with the #northern plaza# and/or public sidewalk. The interior of the pavilion shall be visible from the adjoining public sidewalk. Not less than 80 percent of the total surface area of the pavilion walls and doors shall be of non-colored transparent material. For the purpose of measurement an enclosed pavilion shall be considered as an amenity occupying an area. At no time shall the dimensions of the remaining portion of the #northern plaza# be less than the minimum required dimension for a #zoning lot# as set forth in Section E27-111 (Size and proportion).

In all cases the floor space of a pavilion shall be excluded from the definition of #floor area#.

4/21/77

E 27 - 34 Optional Amenities

A #northern plaza# may also include additional numbers of the amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, subway station entrances, and drinking fountains which are operable by wheelchair users.

The total area occupied by all amenities, mandatory, additional and optional, shall not exceed 60 percent of the total #northern plaza# area of the #residential plaza#.

The area occupied by amenities shall be measured by outside dimensions. Amenities that are non-permanent or movable such as movable chairs, game tables or movable planters shall not be measured as individual pieces of furniture but rather be confined within a gross area designated on a site plan. Trees shall not count as amenities occupying an area for the purpose of

calculating the total area occupied by amenities. Planters or planting beds and their retaining walls for trees, seasonal flowers, shrubs, ivy or other plants shall count towards the total area occupied by amenities.

4/21/77

E 27 - 40
MAINTENANCE

To ensure that convenience, safety and enjoyment of the general public, all #residential plazas# shall conform to the following standards of maintenance.

4/21/77

E 27 - 41
Maintenance Requirements

The building owner shall be responsible for the maintenance of the #residential plaza# including, but not limited to, the confinement of permitted amenities, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjoining the #zoning lot#.

Litter receptacles shall be provided with a minimum capacity of two cubic feet for each 1,000 square feet of #primary space# of the #residential plaza#.

4/21/77

E 27 - 42
Plaques

A plaque or other permanent sign shall be displayed on all #residential plazas# in a prominent location, visible from the adjacent public sidewalk.

Such plaque or permanent sign shall have a surface area of not less than three nor more than six square feet, and shall contain the following statement: "This Plaza is open to the Public." It shall also contain the International Symbol of Access, the statement: "This plaza is accessible to the physically disabled," and the following information:

- (a) the type and quantity of mandatory amenities and additional amenities;

- (b) the name of the owner;
- (c) the name and address of whomever the owner has designated to maintain the #residential plaza#; and
- (d) in addition it shall contain the following statement:

"Complaints regarding this plaza may be addressed to the Department of City Planning or the Department of Buildings, the City of New York."

For a #primary space# of a #residential plaza# that is enclosed with railings and is entered through a gate pursuant to Section E27-113 (Access), the plaque shall be displayed at the entrance to such #primary space# and shall contain the hours during which the #primary space# is open.

4/21/77

E 27 - 43
Vehicle, Refuse and Exhaust Prohibitions

No parking spaces, passenger drop off, driveways, or loading berths are permitted as part of a #residential plaza#.

No building trash storage facilities are permitted as part of a #residential plaza#.

No exhaust vents are permitted as part of a #residential plaza#, except within visual #residual spaces#, nor are exhaust vents permitted on a building wall or the #development# fronting on such #residential plaza# unless such intakes and vents are more than ten feet six inches above the level of the #residential plaza# or #curb level#, or above the roof of a pavilion, whichever is higher.

4/21/77

E 27 - 44
Performance Bonds

Prior to obtaining any certificate of occupancy from the Department of Buildings, the building owner shall post to the Comptroller of the City of New York, a performance bond, City securities or fixed income securities, at the Comptroller's discretion, to insure the mandatory tree planting, movable seating, bicycle parking facilities, drinking fountain, plaque, and the litter-free maintenance of the #residential plaza#, including the replacement of such trees, bicycle parking facilities and plaques and movable seating during the life of the #development#.

The value of the bond, City securities or fixed income securities, if rendered prior to January 1, 1980, shall be at a rate of \$400 per required tree, \$100 per movable chair, and \$100 per 1,000 square feet of #residential plaza# for litter removal as set forth in this Section.

In the event that the Department of City Planning receives a complaint, the Chairperson of the City Planning Commission shall investigate and make a determination whether there has been a failure in the required performance of the owner concerning the #residential plaza#, its amenities or maintenance. In the event of a failure in the required performance, the Chairperson shall notify the building owner in writing and shall stipulate the period of time in which the building owner has to correct the failure.

If the failure is not corrected in the stipulated time, the Chairperson may declare the building owner in default of the required performance, and the City may enforce the obligation by whatever means may be appropriate to the situation, including letting contracts for doing any required planting, installation or maintenance and paying all labor, material and other costs connected with such work from the bond, City securities or fixed income securities that the building owner is required to post.

In the event that the City enforces the aforesaid obligation as provided for in this Section, the building owner shall, within 90 days of such enforcement, provide the City with an additional bond, City securities or fixed income securities in an amount not less than that which was expended to cure the default. In the event of a failure in furnishing additional bond or securities to replace the bond used up, the City may enforce the obligation by whatever means may be appropriate to the situation.

At five year intervals, after January 1, 1980, the City Planning Commission, with the approval of the City Council, shall establish new rates for the mandatory tree planting, movable seating and other amenities and litter-free maintenance of the #residential plaza#.

PLAZA STANDARDS

6/12/96

E 27 - 50

PLAZA STANDARDS OF 1961

A "plaza" shall be accessible to the public at all times, except as provided for in Section 37-06 (Nighttime Closing of Existing Public Open Areas), and shall be either:

- (a) along a #front lot line#, a continuous open area not less than 10 feet deep (measured perpendicular to the #front lot line#), with an area of not less than 750 square feet, and extending for its entire depth along the full length of such #front lot line# or for a distance of at least 50 feet thereof, whichever is the lesser distance;

- (b) on a #through lot#, a continuous open area extending from #street# to #street# and not less than 40 feet in width, measured perpendicular to the nearest #side lot line#;
- (c) on a #corner lot#, an open area of not less than 500 square feet, that is bounded on two sides by the two intersecting #street lines# and has a minimum dimension of 10 feet; or
- (d) an open area of not less than 8,000 square feet, with a minimum dimension of 80 feet, that is bounded on one side by a #front lot line# or is connected to the #street# by means of an #arcade# or by an open area not less than 40 feet wide.

Except for an open area as set forth in paragraph (d) of this Section, no portion of such an open area that is bounded on all sides, except for one opening, by either building walls, or building walls and a #side lot line#, shall be considered part of the #plaza#, unless the opening of such portion is at least 50 feet in width.

A #plaza# shall not at any point be more than five feet above, nor more than 12 feet below, the #curb level# of the nearest adjoining #street#, and shall be unobstructed from its lowest level to the sky, except that arbors or trellises, awnings or canopies, railings not less than 50 percent open and not exceeding 3 feet, 8 inches in height, flag poles, open terraces or porches, steps, subway station entrances, ornamental fountains or statuary, or unenclosed balconies subject to the provisions of Section 23-13 or 24-165 (Balconies in R3 through R10 Districts), shall be considered permitted obstructions in #plazas#.

URBAN PLAZA STANDARDS

4/25/01

E 37 - 04

Requirements for Urban Plazas

All #urban plazas# shall comply with the provisions of this Section. These provisions may be modified pursuant to Sections 74-91 (Modification of Urban Plazas) and 81-23 (Floor Area Bonus for Urban Plazas).

- (a) Area dimensions

An #urban plaza# shall contain an area of not less than 1,600 square feet. In no case may spaces between existing #buildings# remaining on the #zoning lot# qualify as #urban plazas#. In addition, in order to preserve the provisions relating to the boundaries, proportions and obstructions of #urban plazas#, on any one #zoning lot#, an open area which does not qualify for bonus #floor area# may not be located between two #urban plazas#, or between an #urban plaza# and a building wall or #arcade# of the #development#.

- (b) Locational restrictions

In other than C5-5 or C6-9 Districts, no #urban plaza#, or portion thereof, is permitted to occupy more than 33 percent of the frontage of the #zoning lot#, or portion thereof, within 175 feet of an existing #plaza#, #urban plaza#, #public park# or urban park that occupies more than 33 percent of its #block# frontage on the same or opposite side of the same #street# and has a depth of at least 12 feet. The distance of 175 feet shall be measured along the #street# on which the existing amenity fronts.

(c) Restrictions on orientation

In other than C5-5 or C6-9 Districts, the following restrictions shall apply to all #urban plazas#:

For purposes of the orientation requirements, a "north-facing," "south-facing," "east-facing" or "west-facing" #street line# means a #street line# facing within 27 degrees of the direction indicated. "To front on a #street#" means to be contiguous to the #street line# or to a sidewalk widening along the #street line#.

- (1) Where the major portion of an #urban plaza# fronts on only one #street line#, such major portion is not permitted to front on a north-facing #street line# of a #zoning lot#.
- (2) No major portion of an #urban plaza# shall only front on a west-facing #street line# or an east-facing #street line# if the #zoning lot# also has frontage that is 40 feet or more in length on a south-facing #street line#.
- (3) An #urban plaza# that is located on an intersection of two #streets# must have its major portion, as defined in paragraph (d)(2) of this Section, front on the south-facing #street line#. In the case of a #zoning lot# having frontage on a south-facing #street line# of less than 40 feet, or having its frontage at the intersection of a north-facing #street line# with either an east- or west-facing #street line#, the major portion must front on the east- or west-facing #street line#.

(d) Requirements for major portions of #urban plazas#

- (1) All contiguous #urban plaza# areas on a #zoning lot# shall be considered as one #urban plaza#.
- (2) The shape and dimensions of an #urban plaza# shall be such that for a major portion of the #urban plaza#, comprising at least the percentage of total area specified herein, all points within such major portion shall be visible from all other points therein. For the purposes of this regulation, points that when viewed in plan may be joined by a straight line shall be considered visible one from the other; visibility between points shall not be affected by permitted obstructions or by changes of grade.

The major portion of an #urban plaza# shall be at least 70 percent of the #urban plaza's# total area, except that in the case of a through #block urban plaza# as defined in paragraph (e) of this Section, the major portion shall be at least 50 percent of such #urban plaza's# total area. The major portion of the #urban plaza# shall be subject to the proportional requirements set forth in paragraphs (d)(4) and (d)(5) of this Section.

- (3) The major portion of an #urban plaza# shall have a minimum dimension of 40 feet. The remaining portion of such #urban plaza# shall have a minimum dimension of 20 feet. Dimensions shall be measured parallel and perpendicular to the #street line# on which the #urban plaza# fronts.
- (4) For major portions of #urban plazas# with frontage on two or more intersecting #streets#, the length of the frontage along any one #street# shall not be greater than three times the average depth of the #urban plaza# measured perpendicular to the #street line# of said #street# from the building wall that faces it.
- (5) For major portions of #urban plazas# with frontage on only one #street#, at no point shall the depth from the building wall or rear #lot line# that faces the #street# to the #street line# be less than one-third nor more than three times the length of the frontage of the major portion along such #street line#.

(e) Regulations for through #block urban plazas#

Where an #urban plaza# or portion of an #urban plaza# extends through the #block# connecting two #streets# that are parallel or within 45 degrees of being parallel to each other, and any building wall or walls adjoin such through #block urban plaza# or through #block# portion of an #urban plaza#, no more than 120 feet aggregate length of such walls within 50 feet of the opposite side of the through #block urban plaza# shall exceed 90 feet in height from the surface of the #urban plaza#. In addition to the 20 feet minimum width requirement described in paragraph (d)(3) of this Section, such a through #block urban plaza# shall maintain a straight path at least 15 feet in width, free of any obstructions from #street line# to #street line#.

(f) Circulation and access

- (1) To facilitate access to an #urban plaza#, within 10 feet of a #street line# or sidewalk widening, along at least 50 percent of each #street# frontage of the major portion and the entire #street# frontage of the remaining portion of an #urban plaza#, the surface of the #urban plaza# shall be at the same elevation as the adjoining public sidewalk. Along at least 50 percent of each #street# frontage of the major portion and at least 50 percent of each #street# frontage of the remaining portion of an #urban plaza#, for a depth of at least 20 feet from the #street line#, there shall be no obstruction to public access to the #urban plaza# from a sidewalk or sidewalk widening. For the remaining 50 percent of the frontage and within 20 feet of the #street line#, no walls or other obstructions

shall be higher than three feet above the #curb level# of the #street line# in front of the #urban plaza#. However, the City Planning Commission may permit, by authorization, certain obstructions such as light stanchions, flag poles, trash receptacles, public space signage or other features to be located in the #urban plaza# within 20 feet of the #street line#, provided that the Commission finds that:

- (i) such obstructions are desirable or necessary features for the public enjoyment of the #urban plaza#; and
- (ii) sufficient public access additional to the minimum required under the provisions of this paragraph (Circulation and access) is provided to offset any adverse impact on public circulation or access caused by the obstructions or features permitted by such authorization.

The Commission shall furnish a copy of the application for such authorization to the affected Community Board and the local Council Member at the earliest possible stage and will give due consideration to their opinions as to the appropriateness of such obstructions. If the Community Board or local Council Member elects to comment on such application, it must be done within 45 days of such application.

- (2) The level of an #urban plaza# shall not at any point be more than three feet above or below the #curb level# of the nearest adjoining #street# in front of the major portion of the #urban plaza#; however, an #urban plaza# with an area of 10,000 square feet or more may additionally have a maximum of 15 percent of its area at an elevation more than three feet above or below, but not more than five feet above or below #curb level# of the nearest adjoining #street# in front of the major portion of the #urban plaza#.
- (3) Where there is a grade change of at least 2.25 feet in 100 feet along a portion of a #street# fronted upon, for a distance of at least 75 feet, by an #urban plaza# with an area of 10,000 square feet or more, the level of such #urban plaza# may be at any elevation that is not more than five feet above or below the #curb level# of the nearest adjoining #street# in front of the #urban plaza#. Along the length of frontage not required for access, no wall higher than three feet above the level of the adjoining sidewalk may be constructed.
- (4) For areas of #urban plazas# not obstructed by permitted obstructions as set forth in paragraph (f)(1) of this Section, a circulation path shall be provided of at least five feet clear width. A major public path at least eight feet in width shall extend to at least 75 percent of the depth of the major portion of the #urban plaza#, measured from the #street line#.
- (5) Where an entry to a subway station exists in the sidewalk area of a #street# on which an #urban plaza# fronts and such entry is not replaced within the #urban plaza# itself, the #urban plaza# shall be #developed# at the same elevation as the

adjacent sidewalk for a distance of at least 15 feet in all directions from the entry superstructure. Such #urban plaza# area around a subway entry shall be free of all obstructions.

- (6) Where an entry to a subway station is provided within the #urban plaza# itself, stairs shall have a minimum width of 10 feet.
- (7) All #urban plazas# shall be accessible to the public at all times, except where the City Planning Commission has authorized a nighttime closing in accordance with Section 37-06 or, within C6-4X Districts, for a #development# or #enlargement# with more than 25 percent of its total #floor area# occupied by #residential use#, where the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that:
 - (i) the enclosure or barrier that limits public access shall not obstruct access to the #urban plaza# or impede pedestrian circulation into, through or along the frontage of the #urban plaza# during hours of public access, and shall allow visibility of the #urban plaza# when the enclosure or barrier is in closed position;
 - (ii) public access to the #urban plaza# will be provided, at a minimum, between the hours of 7:00 a.m. and 8:30 p.m. from May 1 to September 30 and from 7:00 a.m. to 7:00 p.m. from October 1 to April 30, and that the hours of public access to the #urban plaza# shall be prominently displayed on a plaque affixed to the enclosure or barrier at each #street# frontage of the #urban plaza#; and
 - (iii) the #urban plaza# shall be illuminated at night in accordance with paragraph (n) of this Section.

All applications for such certification shall include detailed plans demonstrating compliance with the provisions of this paragraph, (f)(7), inclusive. The plans shall include, but not necessarily be limited to, a site plan and elevation showing location and dimensions of the proposed gates, fences or other enclosure devices, and signage indicating hours of public access to the #urban plaza#. All such plans, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of certification pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the restricted hours of public access of an #urban plaza#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot#, issued after the recording date.

- (g) Permitted obstructions
 - (1) #Urban plazas# shall be unobstructed from their lowest level to the sky except for

the following features, equipment and appurtenances normally found in #public parks# and playgrounds: fountains and reflecting pools; waterfalls; sculptures and other works of art; benches; seats; trees planted at grade or in planting beds; bushes and flowers in planters or in planting beds; arbors or trellises over public seating areas; litter receptacles; bicycle racks; outdoor furniture; lights and lighting stanchions; flag poles; public telephones; public toilets; temporary exhibitions; awnings or canopies over the entrances to retail stores fronting on the #urban plaza#; bollards; subway station entrances, which may include escalators; and drinking fountains. If drinking fountains are provided, at least one fountain shall be accessible to wheelchair users by being 30 inches high, hand-and-foot operated, and display the International Symbol of Access. In addition to the obstructions listed in this paragraph, #urban plazas# having an area of 10,000 square feet or more may include an open air amphitheater or an outdoor ice skating rink. However, an area occupied in aggregate by such permitted obstruction shall not exceed the maximum percentage cited in paragraph (g)(2) of this Section.

- (2) Permitted obstructions may occupy a maximum percentage of the area of a #urban plaza#, as follows:

For #urban plazas# less than 5,000 square feet in area: 38 percent

For #urban plazas# at least 5,000 square feet in area and less than 10,000 square feet in area: 40 percent

For #urban plazas# 10,000 square feet or more in area: 50 percent

The area of permitted obstructions shall be measured by outside dimensions. Obstructions that are non-permanent or movable, such as movable chairs, open air cafes, or temporary exhibitions shall be confined within gross areas designated on the site plan, and not measured as individual pieces of furniture.

Trees do not count as obstructions for the purpose of calculating total area occupied by permitted obstructions. Planting beds and their retaining walls for trees count as obstructions.

- (3) Kiosks and open air cafes may be placed within an #urban plaza# upon certification, pursuant to paragraphs (g)(5) and (g)(6) of this Section. Such features shall be treated as permitted obstructions for the purposes of paragraph (g).

Where a kiosk is provided, it shall be a one-story structure, predominantly of light-colored materials, such as metal, glass, plastic or fabric as approved by the Department of Buildings in conformance with the Building Code, that, including roofed areas, does not occupy an area in excess of 150 square feet, except that

where the #urban plaza# has an area of less than 5,000 square feet, the aggregate area of the kiosks shall not exceed 100 square feet measured by exterior dimensions. The aggregate area occupied by kiosks in an #urban plaza# larger than 5,000 square feet shall not exceed 150 square feet or 1.5 percent of the total area of the #urban plaza#, whichever is greater, provided no one kiosk occupies an area of more than 150 square feet. A kiosk may be freestanding or may be attached on only one side to a wall of the #building# of the #development# or a #building# on the adjacent #zoning lot#. Any area occupied by a kiosk shall be excluded from the definition of #floor area#, and may be occupied by #uses# such as news or magazine stands, candy stands, flower stands or information booths.

Where an open air café is provided, it shall occupy an aggregate area not more than 20 percent of the total area of the #urban plaza#. It shall be a permanently unenclosed restaurant or eating or drinking place, permitted by applicable district regulations, which may have waiter or table service, and shall be open to the sky except that it may have a temporary fabric roof in conformance with the Building Code. An open air café must be accessible from all sides where there is a boundary with the remainder of the #urban plaza#. No kitchen equipment shall be installed within an open air cafe; however, kitchen equipment may be contained in a kiosk adjoining an open air cafe. An open air cafe qualifying as a permitted obstruction shall be excluded from the definition of #floor area#.

Notwithstanding the provisions of Section 32-41 (Enclosure Within Buildings), outdoor eating services or #uses# occupying kiosks may serve customers in an #urban plaza# through open windows. In all cases, only #uses# permitted by the applicable district regulations may occupy #urban plazas# or front on #urban plazas#.

- (4) Open air amphitheatres and open air ice skating rinks that charge admission may be placed within an #urban plaza# upon certification pursuant to paragraphs (g)(5) and (g)(6) of this Section. Such features shall be treated as permitted obstructions for the purposes of this paragraph (Permitted obstructions).
- (5) Kiosks and open air cafes that comply with the provisions of paragraph (g)(3) of this Section, and open air amphitheatres or open air ice skating rinks that charge admission may be placed within the area of an #urban plaza# upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, that:

- (i) such #use# promotes public use and enjoyment of the #urban plaza#;
- (ii) such #use# complements and stabilizes desirable #uses# in the surrounding area;
- (iii) such #use# is provided in accordance with the requirements set forth in this Section; and
- (iv) the owners of such #use# will maintain such #use# in accordance with the provisions of paragraph (q) (Maintenance) of this Section.

All applications for the placement of kiosks, open air cafes, open air amphitheaters or open air ice skating rinks that charge admission within an #urban plaza# filed with the Commission shall include a detailed site plan or plans indicating compliance with the provisions of this Section. All such plans for kiosks, open air cafes, open air amphitheaters or open air ice skating rinks that charge admission, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification for the kiosk, open air café, open air amphitheater or open air ice skating rink that charges admission, pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the placement of the kiosk, open air café, open air amphitheater or open air ice skating rink that charges admission within the #urban plaza#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

- (6) An application for certification shall be filed with the Chairperson of the City Planning Commission, and the Chairperson shall furnish a copy of the application for such certification to the affected Community Board at the earliest possible stage. The Chairperson will give due consideration to the Community Board's opinion as to the appropriateness of such a facility in the area and shall respond to such application for certification within 60 days of the application's receipt.

The Chairperson shall file any such certification with the City Council. The Council, within 20 days of such filing, may resolve by majority vote to review such certification. If the Council so resolves, within 50 days of the filing of the Chairperson's certification, the Council shall hold a public hearing and may approve or disapprove such certification. If, within the time periods provided for in this Section, the Council fails to act on the Chairperson's certification, the Council shall be deemed to have approved such certification.

Such certification shall be effective for a period of three years but, upon application, may be renewed for a similar period by the Chairperson of the City Planning Commission.

- (h) Prohibition of driveways, parking spaces, loading berths, exhaust vents and building trash storage facilities

No driveways, parking spaces, passenger drop offs or loading berths shall be permitted within an #urban plaza#. No building trash storage facilities are permitted within an #urban plaza#, nor shall any building trash storage facility be accessed or serviced through the #urban plaza#. If parking spaces, passenger drop-offs, driveways, loading berths or building trash storage facilities are located near or adjoin an #urban plaza#, they shall be separated from it by a building wall or planted area sufficient to visually conceal these facilities and any vehicles therein from any point in the #urban plaza#.

No exhaust vents are permitted on any #urban plaza# or on the building wall of the #development# fronting upon the #urban plaza#, except where such vents on the building wall are more than 8 feet, 6 inches above the level of the #urban plaza#.

- (i) Seating

There shall be a minimum of one linear foot of seating for each 30 square feet of #urban plaza# area, except that for #urban plazas# fronting upon a #street# having a grade change of at least 2.25 feet in 100 feet or for through #block urban plazas#, there shall be a minimum of one linear foot of seating for each 40 square feet of #urban plaza# area.

Not more than 50 percent of the linear seating capacity may be in movable seats that may be stored between the hours of sunset and sunrise.

The following standards shall be met for all required seating:

- (1) Seating shall have a minimum depth of 16 inches; however, seating with backs shall have a minimum depth of 14 inches and a maximum depth of 22 inches and backs shall be at least 12 inches high. Seating 30 inches or more in depth shall count double, provided there is access to both sides.
- (2) At least 75 percent of the required seating shall have a height not less than 16 inches nor greater than 20 inches above the level of the adjacent walking surface and at least 50 percent of this seating shall have backs at least 12 inches high. Seating higher than 36 inches or lower than 12 inches above the level of the adjacent walking surface shall not count towards meeting the seating requirements.
- (3) The flat tops of walls including but not limited to those that bound planting beds, fountains and pools may be counted as seating when they conform to the dimensional standards in paragraphs (f)(1) and (f)(2) of this Section, provided that they are made of stone, concrete or similar composite material, wood or plastic with a smooth surface and rounded upper edges with a radius of at least one inch to ensure seating comfort.

- (4) Movable seating or chairs, excluding seating for open air cafes, may be credited as 18 inches of linear seating per chair.
- (5) Steps, seats in outdoor amphitheaters and seating of open air cafes do not count towards meeting the seating requirement.
- (6) Seating for any #use# within an #urban plaza# is subject to applicable articles and amendments of the New York City Building Code.
- (7) For the benefit of persons with disabilities, a minimum of five percent of the required seating shall have backs.

(j) Planting and trees

For an #urban plaza# not exceeding 2,000 square feet in area, four trees are required.

For an #urban plaza# greater than 2,000 square feet in area but not exceeding 6,000 square feet in area, one tree is required for every 600 square feet, or part thereof, of #urban plaza# area.

For an #urban plaza# greater than 6,000 square feet in area, one tree is required for every 600 square feet, or part thereof, of #urban plaza# area for the first 6,000 square feet of area and one additional tree is required for every 1,000 square feet, or part thereof, of the remaining #urban plaza# area.

For all #urban plazas#, at least 50 percent of the required plaza trees shall be planted with gratings flush to grade.

Where trees are planted within an #urban plaza#, they shall measure at least four inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of soil of at least 3 feet, 6 inches. Any planting bed containing required plaza trees shall have a continuous area of at least 75 square feet for each tree exclusive of bounding walls and shall have bounding walls not higher than 20 inches above the adjacent walking surface. Trees shall be planted at a maximum spacing of 25 feet within a single planting bed.

When planting beds are provided, they shall have a soil depth of at least two feet for grass or other ground cover, three feet for shrubs and 3 feet, 6 inches for trees.

#Street# trees are required to be planted in the public sidewalk area adjacent to a #zoning lot# that contains bonus #floor area# for #urban plazas#. At least one tree of four-inch caliper or more shall be planted for each 25 feet of the entire #street# frontage of the #zoning lot#, excluding the frontage occupied by driveways. The length of frontage of the #zoning lot# for the purpose of computing required #street# trees may also be reduced by 50 feet for each #street# intersection fronted by the #zoning lot#. The required trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with

a depth of soil of at least 3 feet, 6 inches. Species shall be selected, located and maintained in accordance with the specifications established by the Department of Parks and the Department of Highways. If the Commissioner of Buildings determines that the tree planting requirements of this paragraph cannot be met in part or in whole because of subsurface conditions such as the presence of a subway tunnel, the number of required #street# trees that cannot be planted as required in this paragraph shall be planted in the public sidewalk areas of #streets# on the same #block# as the #zoning lot# to which it has frontage or within the #urban plaza#.

(k) Mandatory allocation of frontages for permitted #uses#

At least 50 percent of the total frontage of building walls of the #development# fronting on an #urban plaza#, or fronting on an #arcade# adjoining an #urban plaza#, exclusive of such frontage occupied by vertical circulation elements, building lobbies and frontage used for subway access, shall be allocated for occupancy by retail or service establishments permitted by the applicable district regulations. In addition, libraries, museums and art galleries shall be permitted. All such #uses# shall be directly accessible from the major portion of the #urban plaza# or adjoining arcade.

The remaining frontage may be occupied by other #uses#, lobby entrances or vertical circulation elements, in accordance with the district regulations.

Frontage on the #urban plaza# that is occupied by a building lobby shall not exceed 75 feet or 40 percent of the total frontage of the #development's# building walls on the major portion of the #urban plaza#, whichever is less.

The building frontage on the major portion of the #urban plaza# shall be treated with clear, untinted transparent material for 50 percent of its surface area below 14 feet above the #urban plaza# level, or the ceiling level of the ground floor of the #building#, whichever is lower.

(l) Paving

The paving of the #urban plaza# shall be of non-skid durable materials that are decorative and compatible in color and pattern. The paving of the #street# sidewalk area adjacent to the #development# may be treated with design patterns and materials sympathetic to that of the paving of the #urban plaza#. Any change of paving materials within the public right-of-way shall require review by the Department of Highways and the Art Commission.

(m) Standards of accessibility for persons with disabilities to #urban plazas#

(1) There shall be at least one path of travel conforming to the standards set forth in paragraph (m)(2) of this Section, providing access to each of the following:

(i) the major portion of an #urban plaza#;

- (ii) any building lobby accessible to the #urban plaza#; and
 - (iii) any #use# that may be present on or adjacent to the #urban plaza#.
- (2) The following standards shall apply to assure access for persons with disabilities:
- (i) Such paths shall have a minimum width of five feet, except where specific provisions require a greater width, free and clear of all obstructions.
 - (ii) Ramps shall be provided alongside any stairs or steps for such paths. Ramps shall have a minimum width of three feet, a slope of not greater than 1:12, a non-skid surface and, for open-edged ramps, a two-inch high safety curb. At each end of a ramp there shall be a level area, which may be a public sidewalk, at least five feet long.
 - (iii) All stairs or ramps within such paths shall provide handrails. Handrails shall be 34 inches high, have a midrail 22 inches high and shall extend at least 18 inches beyond the stair or ramp ends.
 - (iv) Where stairs are used to effect changes of grade for such paths, they shall have closed risers, no projecting nosings, a maximum riser height of seven and one-half inches and a minimum tread width of eleven inches.

(n) Lighting and electrical power

#Urban plazas# shall be illuminated with a minimum level of illumination of not less than two horizontal foot candles (lumens per foot) throughout all walkable and sitting areas and a minimum level of illumination of not less than 0.5 horizontal foot candles (lumens per foot) throughout all other areas. Such level of illumination shall be maintained from sunset to sunrise. A lighting schedule, including fixtures, wattage and their locations and designs together with a diagram of light level distribution shall be part of the required detailed design plans as set forth in this Section. Electrical power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of an #urban plaza#.

(o) Public space signage systems

The following public space signage systems shall be required for all #urban plazas#:

(1) Entry plaque

The entry plaque shall be located at each #street# frontage or point of pedestrian entry to the #urban plaza#. A maximum of two entry plaques may be provided.

The entry plaque shall contain:

- (i) a public space symbol which is at least 14 inches square in dimension; has a white background; has a grid of four (4) straight lines no greater than one-eighth inch wide and green in color; and has a tree-shaped symbol as shown;

- (ii) lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and
- (iii) an International Symbol of Access for persons with disabilities that is at least three inches square.

The entry plaque shall be mounted on a wall or a permanent free-standing post with its center five feet above the elevation of the nearest walkable pavement. It shall be in a position that clearly identifies the entry into the #urban plaza#, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to the #urban plaza#.

(2) Information plaque

An information plaque, with a surface area of not less than two feet square, constructed from the same permanent materials as the entry plaque and located within the most frequently used area of the #urban plaza#, with clear lettering consisting of:

- (i) the type and quantity of trees, movable seating and permanent artwork;
- (ii) the name of the current owner of the building and the name, address and phone number of the person designated to maintain the #urban plaza# between the hours of 9:00 a.m. and 5:00 p.m.;
- (iii) the statement, "Complaints regarding this urban plaza may be addressed to the Department of City Planning or the Department of Buildings of the City of New York"; and
- (iv) the statement, "This urban plaza is accessible to persons with

disabilities."

(p) #Signs#

An #urban plaza# shall be treated as a #street# for the purposes of the applicable #sign# regulations. #Signs#, except for the plaque required by paragraph (o) of this Section, are permitted only as #accessory# to #uses# permitted within the #urban plaza# and #uses# adjoining the #urban plaza#, and are otherwise regulated by the applicable district regulations set forth in Section 32-60 (SIGN REGULATIONS).

(q) Maintenance

- (1) The building owner shall be responsible for the maintenance of the #urban plaza# including, but not limited to, the confinement of permitted obstructions, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjacent to the #zoning lot#.
- (2) Litter receptacles shall be provided with a minimum capacity of one cubic foot for each 2,000 square feet of #urban plaza# area excluding the area of any sidewalk widening. An additional capacity of one cubic foot of litter receptacle shall be provided for each 2,000 square feet of #urban plaza# area in connection with outdoor eating services or other #uses# permitted within #urban plazas# that generate litter.
- (3) Kiosks, open air cafes, open air amphitheatres and open air ice skating rinks permitted in accordance with the provisions of this Section shall be confined within areas designated on building plans as available for occupancy by such #uses#. Encroachment by an #urban plaza use# outside an area so designated shall be a valid ground for complaint and removal.
- (4) Performance bond

Prior to obtaining any certificate of occupancy from the Department of Buildings, the building owner shall post with the Comptroller of the City of New York, a performance bond, City securities or fixed income securities, at the Comptroller's discretion, to ensure the mandatory tree planting, movable seating exclusive of any seating for open air cafes, and the litter-free maintenance of the #urban plaza# including the replacement of such trees and movable furniture during the life of the #development#.

In the event of a failure in the required performance, the Chairperson of the City Planning Commission shall notify the building owner in writing of such failure and shall stipulate the period of time in which the building owner has to correct the failure. If the failure is not corrected in the stipulated time, the Chairperson may declare the building owner in default in the required performance and the City may enforce the obligation by whatever means may be appropriate to the

situation, including letting contracts for doing any required planting, installation or maintenance and paying all labor, material and other costs connected with such work from the bond or City securities that the building owner is required to provide.

In the event that the City enforces the aforementioned obligation as provided for in this paragraph (Performance bond), the building owner shall, within 90 days of such enforcement, provide the City with an additional bond or City securities in an amount not less than that which was expended to cure the default.

The value of the bond or City securities if tendered prior to January 1, 1998, shall be at a rate of \$750 per required tree, \$100 per movable chair and \$200 per 1,000 square feet of #urban plaza# for litter removal as set forth in this Section.

Effective January 1, 1989, and at five-year intervals thereafter, the City Planning Commission shall establish new rates for the mandatory tree planting, movable seating and litter-free maintenance of the #urban plaza#.

(r) Penalties for violations

Failure to comply with the conditions or restrictions of the bonused #urban plaza# shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

No foundation permit shall be issued by the Department of Buildings for any #development# that includes an #urban plaza# without certification by the Chairperson of the City Planning Commission that a site plan has been submitted indicating compliance with the provisions of this Section. An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#; a site plan indicating the area and dimensions of the proposed #urban plaza# and the location of the proposed #development# or #enlargement# and all existing #buildings# temporarily or permanently occupying the #zoning lot#; computations of proposed #floor area#, including bonus #floor area#; and a detailed plan or plans demonstrating compliance with the provisions of this Section.

All plans for #urban plazas#, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification of the #urban plaza# pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

APPENDIX G
Quantities of Radioactive Material

(6/6/24)

EXCERPT FROM SECTION 38-2 OF INDUSTRIAL CODE RULE NO. 38 RELATING TO RADIATION PROTECTION*

(Section 42-462 of the Zoning Resolution limits quantities of unsealed radioactive materials which may be manufactured, utilized or stored in #Manufacturing Districts#)

**MAXIMUM PERMITTED QUANTITIES OF
 UNSEALED RADIOACTIVE MATERIAL**

Material	Unsealed (microcuries)
Antimony 124 (Sb 124)	1.0
Arsenic 76 (As 76)	10.0
Arsenic 77 (As 77)	10.0
Barium 140-Lanthanum 140 (Ba-La 140)	1.0
Beryllium (Be)	50.0
Cadmium 109-Silver 109 (Cd-Ag 109)	10.0
Calcium 45 (Ca 45)	10.0
Carbon 14 (C 14)	50.0
Cerium 144-Praseodymium 144 (Ce-Pr 144)	1.0
Cesium 137-Barium 137 (Cs-Ba 137)	1.0
Chlorine 36 (Cl 36)	1.0
Chromium 51 (Ch 51)	50.0
Cobalt 60 (Co 60)	1.0
Copper 64 (Cu 64)	50.0
Europium 154 (Eu 154)	1.0
Fluorine 18 (F 18)	50.0
Gallium 72 (Ga 72)	10.0

Germanium 71 (Ge 71)	50.0
Gold 198 (Au 198)	10.0
Gold 199 (Au 199)	10.0
Hydrogen 3 (Tritium) (H 3)	250.0
Indium 114 (In 114)	1.0
Iodine 131 (I 131)	10.0
Iridium 192 (Ir 192)	10.0
Iron 55 (Fe 55)	50.0
Iron 59 (Fe 59)	1.0
Lanthanum (La 140)	10.0
Manganese 52 (Mn 52)	1.0
Manganese 56 (Mn 56)	50.0
Molybdenum 99 (Mo 99)	10.0
Nickel 59 (Ni 59)	1.0
Nickel 63 (Ni 63)	1.0
Niobium 95 (Nb 95)	10.0
Palladium 109 (Pd 109)	10.0
Palladium 103-Rhodium 103 (Pd-Rh 103)	50.0
Phosphorus 32 (P 32)	10.0
Polonium 210 (Po 210)	0.1
Potassium 42 (K 42)	10.0
Praseodymium 143 (Pr 143)	10.0
Promethium 147 (Pm 147)	10.0
Radium 226 (Ra 226)	1.0
Rhenium 186 (Re 186)	10.0
Rhodium 105 (Rh 105)	10.0
Rubidium 86 (Rb 86)	10.0
Ruthenium 106-Rhodium 106 (Ru-Rh 106)	1.0

Samarium 153 (Sm 153)	10.0
Scandium 46 (Sc 46)	1.0
Silver 105 (Ag 105)	1.0
Silver 111 (Ag 111)	10.0
Sodium 22 (Na 22)	10.0
Sodium 24 (Na 24)	10.0
Strontium 89 (Sr 89)	1.0
Strontium 90-Yttrium 90 (Sr-Y 90)	0.1
Sulfur 35 (S 35)	50.0
Tantalum 182 (Ta 182)	10
Technetium 96 (Tc 96)	1
Technetium 99 (Tc 99)	1
Tellurium 127 (Te 127)	10
Tellurium 129 (Te 129)	1.0
Thallium 204 (Tl 204)	50.0
Tin 113 (Sn 113)	10.0
Tungsten 181 (W 181)	10.0
Tungsten 185 (W 185)	10.0
Vanadium 48 (V 48)	1.0
Yttrium 90 (Y 90)	1.0
Yttrium 91 (Y 91)	1.0
Zinc 65 (Zn 65)	10.0
Natural Uranium	1,000
Natural Thorium	1,000

Adopted by the Board of Standards and Appeals of the New York State Department of Labor on October 10, 1955, effective December 15, 1955.

APPENDIX H DESIGNATION OF ARTERIAL HIGHWAYS

(6/6/24)

Pursuant to the provisions of Sections 32-66 and 42-65 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) of the Zoning Resolution of the City of New York, the City Planning Commission has designated as arterial highways to which the provisions of Sections 32-66 and 42-65 apply, the following arterial highways which appear on the City Map and which are also indicated as Principal Routes, Parkways and Toll Crossings on the duly adopted Master Plan of Arterial Highways and Major Streets.

PRINCIPAL ROUTES

Adams Street - Sands Street to Fulton Street

Arthur V. Sheridan Expressway - Bruckner Expressway (Boulevard) to Cross Bronx Expressway

Alexander Hamilton Bridge and Approaches

Battery Park Underpass and Approaches - Franklin Delano Roosevelt (FDR) Drive to West Street

Boston Road - Pelham Parkway to New England Thruway

Brooklyn Bridge and Approaches

Brooklyn - Queens Expressway - Hamilton Avenue, Brooklyn to Grand Central Parkway, Queens

Bruckner Expressway (Boulevard) - Robert F Kennedy (Triborough) Bridge Approach to New England Thruway

Clearview Expressway - Throgs Neck Bridge Approach to 73rd Avenue

Cross Bay Boulevard - Rockaway Boulevard to Shore Front Parkway

Cross Bronx Expressway - George Washington Bridge to Throgs Neck Bridge Approach

Ed Koch - Queensboro Bridge and Approaches

Franklin D. Roosevelt (FDR) Drive - East 125th Street to Whitehall Street

George Washington Bridge and Approaches

Gowanus Expressway (Third Avenue) - Prospect Expressway to Verrazano Bridge Approach

Grand Concourse - 151st Street to Mosholu Parkway

Father Capodanno Boulevard - Lily Pond Avenue to Miller Field

Harlem River Drive - East 125th Street to Dyckman Street

Joe DiMaggio Highway (West Side Highway) - West 72nd Street to Brooklyn Battery Tunnel Approach

Lily Pond Avenue - Verrazano Bridge Approach to Father Capodanno Boulevard

Long Island Expressway (Queens Midtown Expressway, Horace Harding Expressway) - Queens Midtown Tunnel Approach to Nassau County Line

Major Deegan Expressway (Boulevard) - Robert F Kennedy (Triborough) Bridge Approach to Westchester County Line

Manhattan Bridge and Approaches

Nassau Expressway - Southern Parkway (Belt Parkway) to Nassau County Line

New England Thruway - Bruckner Expressway to Westchester County Line

Northern Boulevard - Grand Central Parkway to Whitestone Expressway

Park Row - Broadway to Chatham Square

Prospect Expressway - Gowanus Expressway to Fort Hamilton Parkway

Queens Boulevard - Ed Koch-Queensborough Bridge Approach to Hillside Avenue

Robert F Wagner, Sr. Place - Franklin Delano Roosevelt (FDR) Drive to Pearl Street

Seagirt Boulevard - Beach 35th Street to Nassau County Line

Staten Island Expressway - Verrazano Bridge Approach to Goethals Bridge Approach

Sunrise Highway - Southern Parkway (Belt Parkway) to Nassau County Line

Throgs Neck Expressway - Bruckner Expressway to Throgs Neck Bridge Approach

Trans-Manhattan Expressway - George Washington Bridge Approach to Alexander Hamilton Bridge Approach

Van Wyck Expressway - Whitestone Expressway to John F Kennedy (JFK) International Airport

West Shore Expressway - Staten Island Expressway to Outerbridge Crossing Approach

Whitestone Expressway - Northern Boulevard to Whitestone Bridge Approach

Williamsburg Bridge and Approaches

Woodhaven Boulevard - Queens Boulevard to Rockaway Boulevard

PARKWAYS

Belt Parkway (Shore Parkway) - Southern Parkway, Queens to Gowanus Parkway, Brooklyn

Bronx River Parkway - Soundview Park to Westchester County Line

Cross Island Parkway - Whitestone Bridge Approach to Southern Parkway (Belt Parkway)

Dr. Martin Luther King Jr. Expressway (Willowbrook Parkway) - Bayonne Bridge Approach to Victory Boulevard

Eastern Parkway - Grand Army Plaza to Bushwick Avenue

Grand Central Parkway - Robert F Kennedy (Triborough) Bridge Approach to Nassau County Line

Henry Hudson Parkway - West 72nd Street to Westchester County Line

Hutchinson River Parkway - Whitestone Bridge Approach to Westchester County Line

Jackie Robinson (Interborough) Parkway - Bushwick Avenue, Brooklyn, to Grand Central Parkway, Queens

Korean War Veterans Memorial (Richmond) Parkway - Arthur Kill Road to Cliffwood Avenue

Mosholu Parkway - Van Cortlandt Park to Bronx Park

Ocean Parkway - Fort Hamilton Parkway to Surf Avenue

Pelham Parkway - Bronx River Parkway to Bruckner Expressway

Southern Parkway (Belt Parkway) - Cross Island Parkway to Conduit Boulevard

TOLL CROSSINGS

Bayonne Bridge and Approaches

Brooklyn - Battery Tunnel and Approaches

Cross Bay Veterans Memorial Bridge and Approaches

George Washington Bridge and Approaches

Goethals Bridge and Approaches

Henry Hudson Bridge

Holland Tunnel and Approaches

Lincoln Tunnel and Approaches

Marine Parkway - Gil Hodges Memorial Bridge and Approaches

Outerbridge Crossing and Approaches

Queens - Midtown Tunnel and Approaches

Robert F Kennedy (Triborough) Bridge and Approaches

Throgs Neck Bridge and Approaches

Verrazano Bridge and Approaches

Whitestone Bridge and Approaches

(2/13/19)

APPENDIX I TRANSIT ZONE

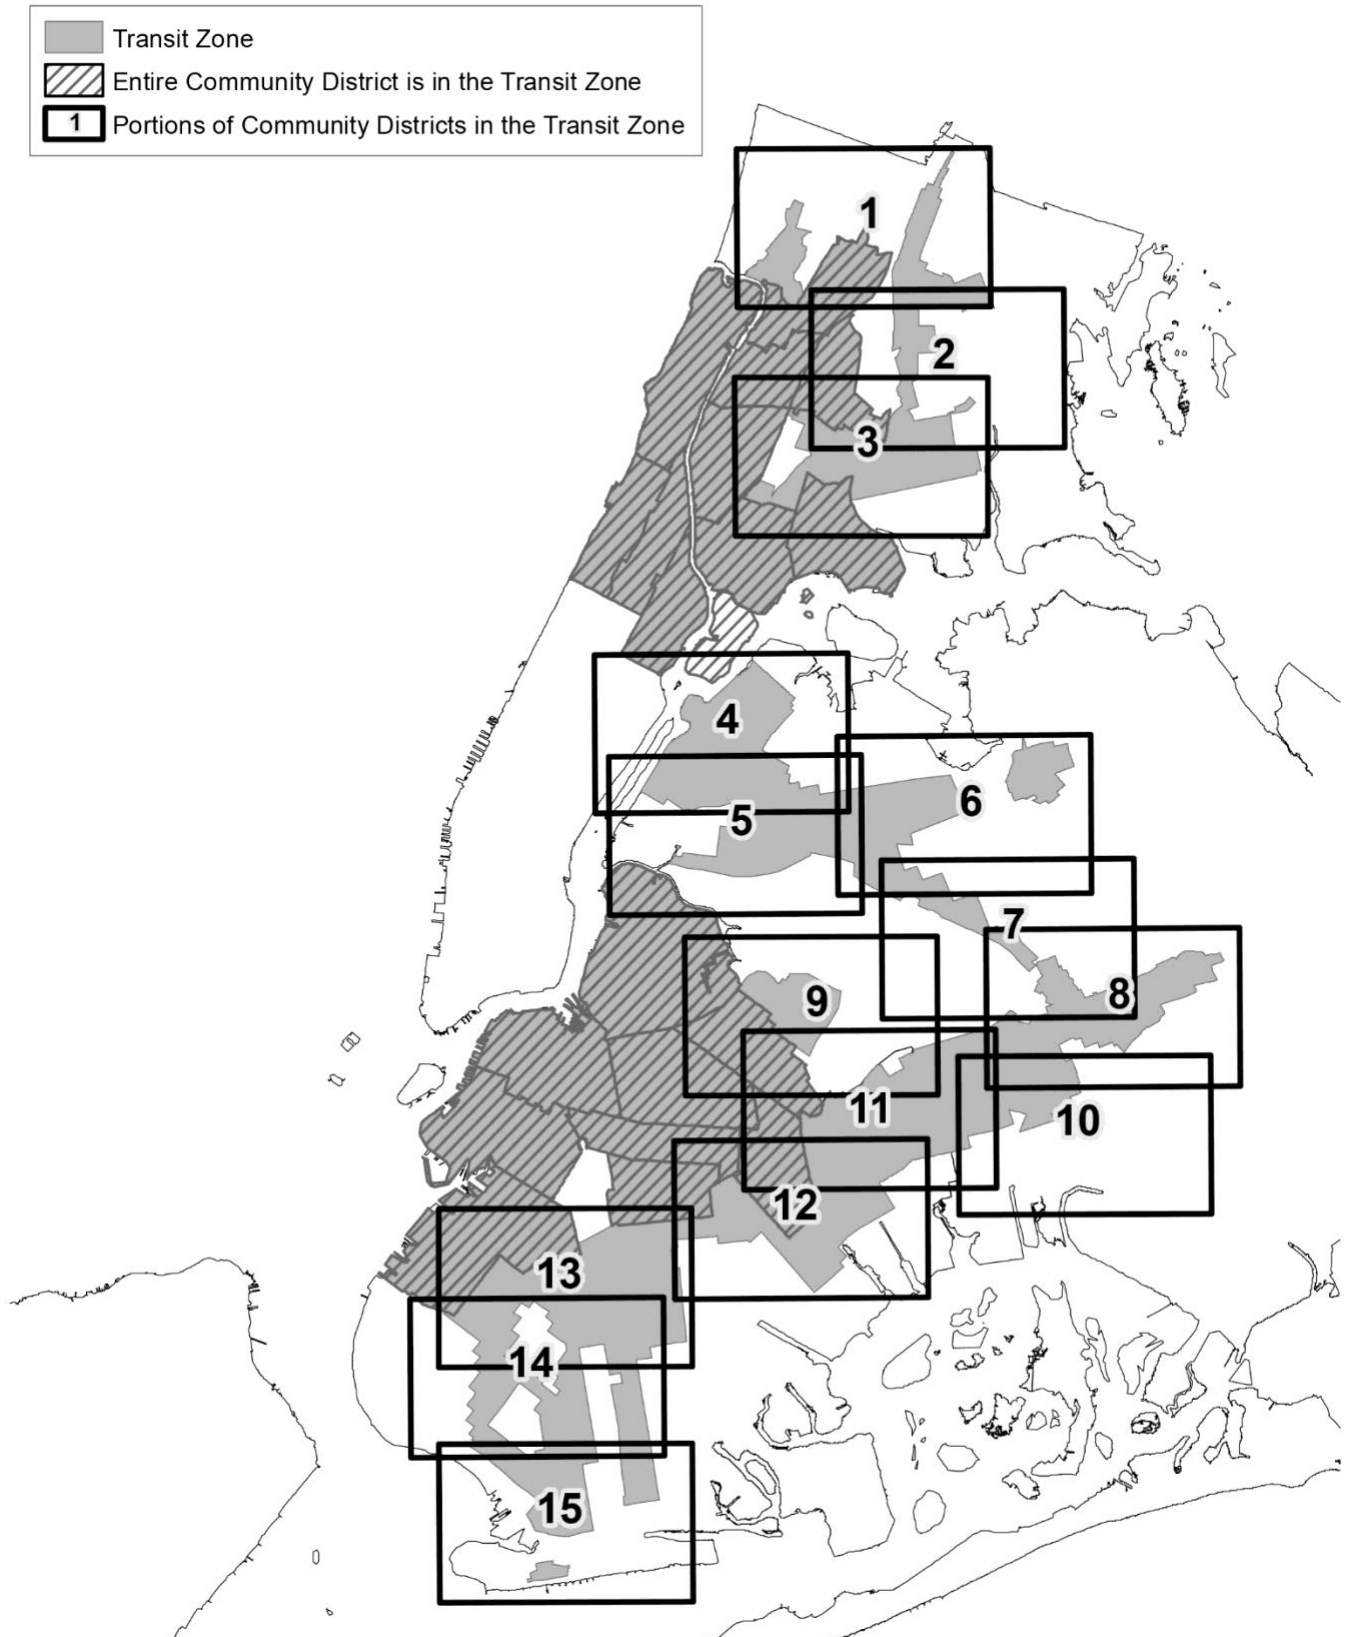

The boundaries of the #Transit Zone# are shown on the maps in this APPENDIX. The #Transit Zone# includes:

all of Manhattan Community Districts 9, 10, 11 and 12;

all of Bronx Community Districts 1, 2, 4, 5, 6 and 7; and

all of Brooklyn Community Districts 1, 2, 3, 4, 6, 7, 8, 9 and 16.

Portions of other Community Districts in the #Transit Zone# are shown on Transit Zone Maps 1 through 15 in this APPENDIX.

APPENDIX J

Designated Areas Within Manufacturing Districts

(6/6/24)

The boundaries of certain designated areas within #Manufacturing Districts# are shown on the maps in this APPENDIX. Designated areas in which #self-service storage facilities# are subject to the as-of-right provisions of Section 42-19 (Use Group X – Storage) are shown on the maps in Subarea 1, and those in which such #uses# are subject to special permit of the City Planning Commission pursuant to Section 74-192 (Self-service storage facility in designated areas within Manufacturing Districts) are shown on the maps in Subarea 2.

APPENDIX K: Areas With Nursing Home Restrictions

The areas shown on the maps in this APPENDIX, in addition to any portion of a #zoning lot# that is located within the #high-risk flood zone# as defined in Section 64-11 (Definitions), are subject to the restrictions set forth in Sections 22-133 and 32-133 (Use Group III – uses subject to additional conditions).

These areas include:

the following islands located within the Bronx Community District 10, and Manhattan Community Districts 1, 8, and 11, respectively:

City Island;

Governors Island;

Roosevelt Island; and

Randall's Island.

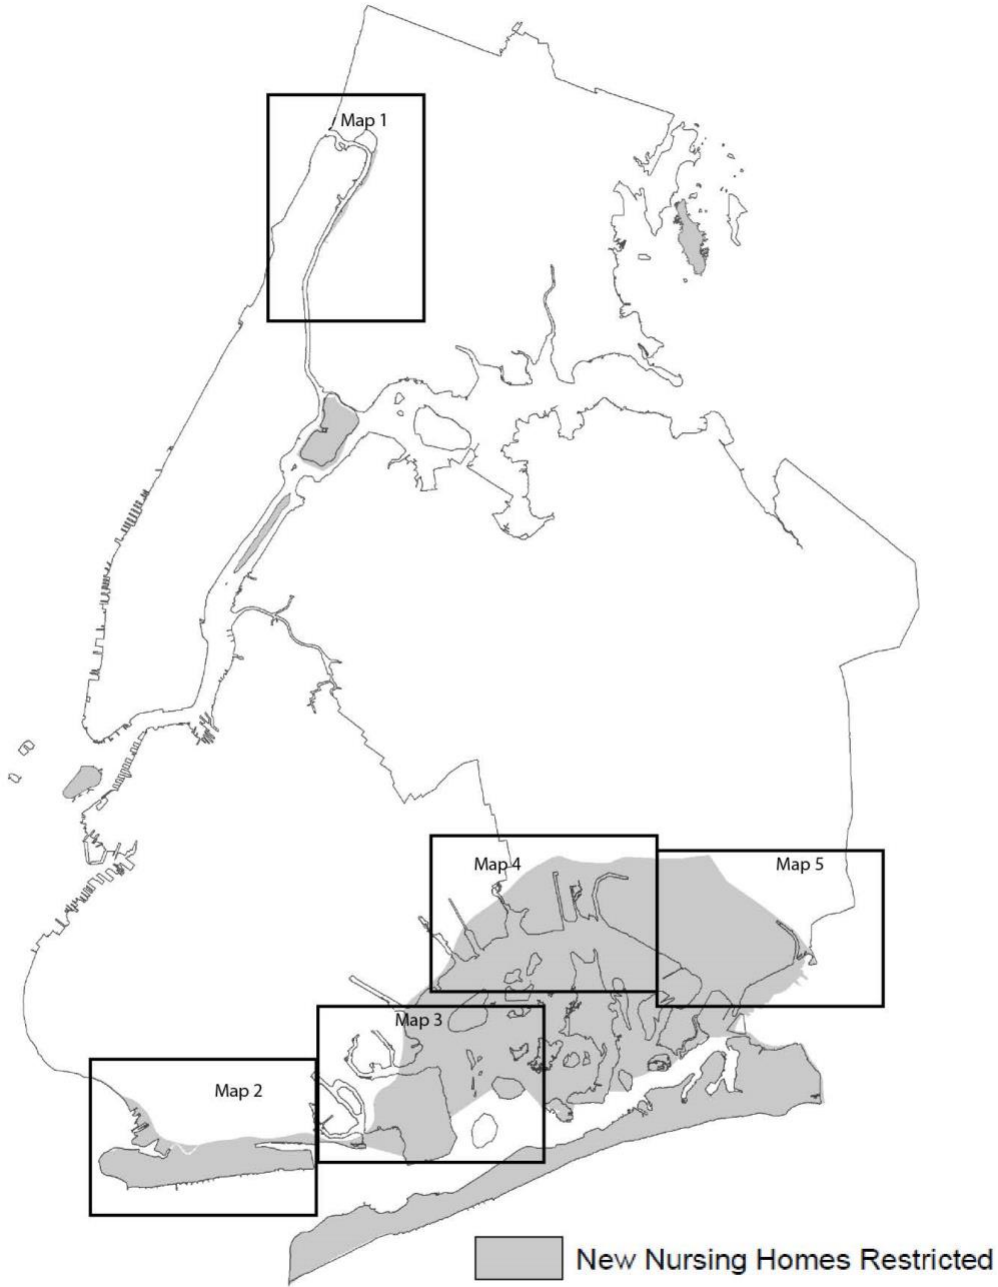

all of Queens Community District 14;

portions of the Bronx Community Districts 1, 4, 5, and 7;

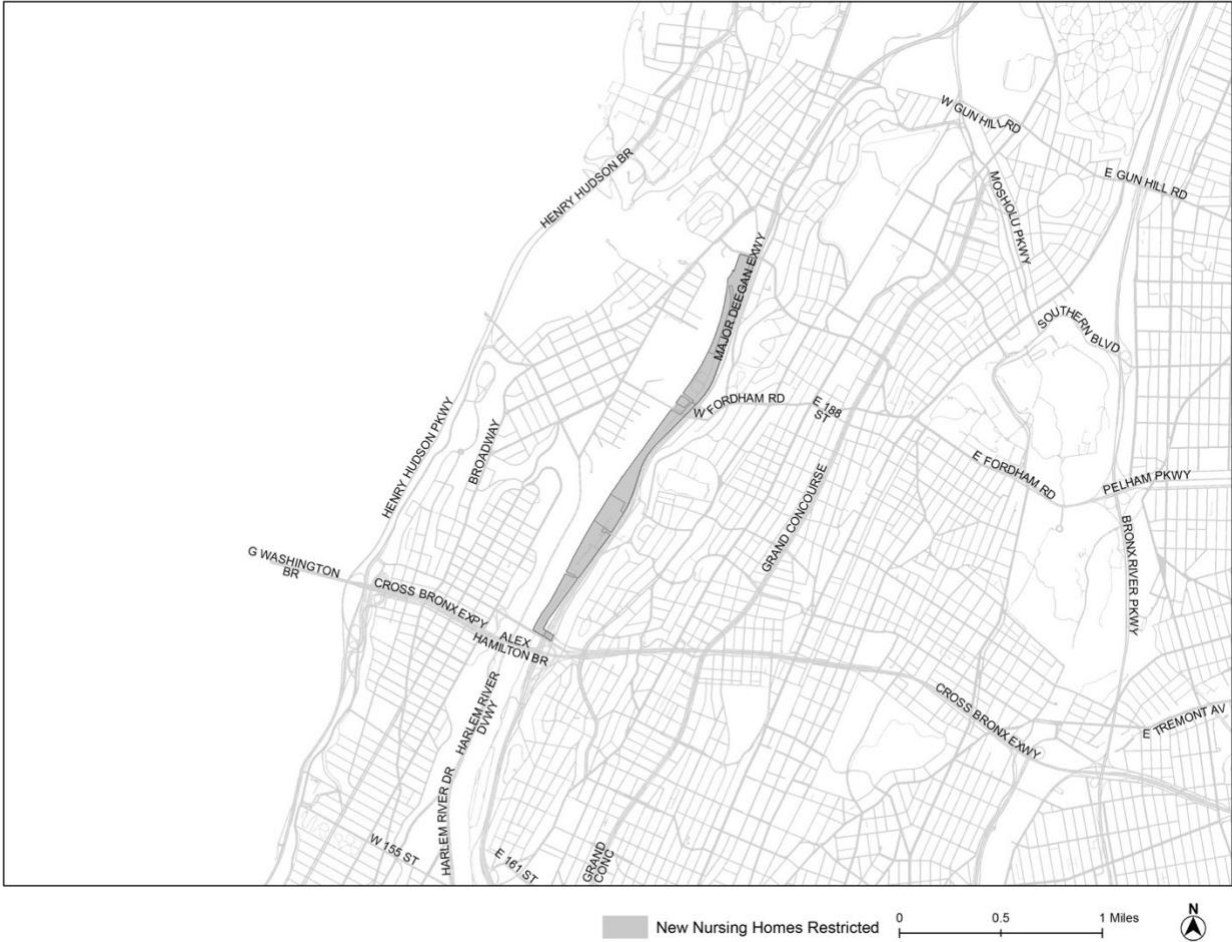

portions of Brooklyn Community Districts 11, 13, 15 and 18;

portions of Queens Community Districts 10 and 13.

Portions of Community Districts located within areas with nursing home restrictions are shown on Maps 1 through 5 in this APPENDIX.
