The staff of the Landmarks Preservation Commission recently received a request to inspect work completed at the subject premises. Accordingly, staff reviewed the submitted photographs and found that exterior alterations at the roof, including the replacement of flat roofing, and installation of vents, condensing units, and railings, has been completed in compliance with Certificate of No Effect (CNE) 17-5285 (LPC 17-4871), issued on August 11, 2015; and CNE 19-10168 (LPC 19-10168), issued on April 10, 2017. Therefore, the Commission has no objection to the issuance of final Department of Buildings sign-off for this work at the subject premises.

Thank you for your cooperation.
